The accounting policies applied to the information in the earnings release follow International Financial Reporting Standards (IFRS) in effect as of the date of this release and are consistent with those applied in the 2006 Annual Report. Refer to the 2006 Annual Report, available at www.amvescap.com, for a more detailed discussion of these policies. IFRS comprise standards and interpretations approved by the International Accounting Standards Board and its predecessors. As of March 31, 2007, all issued IFRS were also adopted by the European Commission, with the exception of IFRS 8, "Operating Segments," which is effective for periods commencing January 1, 2009, but which is not expected to result in changes to the company's single-segment approach, and the amendment to IAS 23, "Borrowing Costs," which is also effective for periods commencing January 1, 2009, and which is not expected to have a material impact on the company's consolidated financial statements. IFRS 7, "Financial Instruments: Disclosures," and the related amendment to IAS 1, "Presentation of Financial Statements, Capital Disclosures," are effective for periods commencing January 1, 2007. The disclosure requirements of these standards will be reflected in the company's 2007 Annual Report. IFRIC 11, "Group and Treasury Share Transactions," is effective for annual periods commencing March 1, 2007, and has provided additional guidance for accounting for share-based payment transactions upon award vesting between the parent and its subsidiaries. The application of IFRIC 11 will not have

a material impact on the company's consolidated financial statements.

Certain prior year balance sheet amounts have been reclassified to conform to the current year presentation of those amounts.
