PROXY STATEMENT
2001 ANNUAL MEETING OF SHAREHOLDERS
April 17, 2001

GENERAL

The following information is furnished in connection with the solicitation by and on behalf of the Board of Directors of the enclosed proxy to be used at the 2001 Annual Meeting of the Shareholders (the "Annual Meeting") of C&F Financial Corporation (the "Company") to be held Tuesday, April 17, 2001, at 3:30 p.m. at the Father van den Boogaard Center, 3510 King William Avenue, West Point, Virginia. The approximate mailing date of this Proxy Statement and accompanying proxy is March 19, 2001.

Revocation and Voting of Proxies

Execution of a proxy will not affect a shareholder's right to attend the Annual Meeting and to vote in person. Any shareholder who has executed and returned a proxy may revoke it by attending the Annual Meeting and requesting to vote in person. A shareholder may also revoke his proxy at any time before it is exercised by filing a written notice with the Company or by submitting a proxy bearing a later date. Proxies will extend to, and will be voted at, any properly adjourned session of the Annual Meeting. If a shareholder specifies how the proxy is to be voted with respect to any proposals for which a choice is provided, the proxy will be voted in accordance with such specifications. If a shareholder fails to specify with respect to such proposals, the proxy will be voted FOR proposals 1, and 2, as set forth in the accompanying notice and further described herein.

Voting Rights of Shareholders

Only those shareholders of record at the close of business on February 19, 2001, are entitled to notice of and to vote at the Annual Meeting, or any adjournments thereof. The number of shares of common stock of the Company outstanding and entitled to vote at the Annual Meeting is 3,568,039. The Company has no other class of stock outstanding. A majority of the votes entitled to be cast, represented in person or by proxy, will constitute a quorum for the transaction of business. Each share of Company common stock entitles the record holder thereof to one vote upon each matter to be voted upon at the Annual

Edgar Filing: C & F FINANCIAL CORP - Form DEF 14A

Meeting.

With regard to the election of directors, votes may be cast in favor or withheld. If a quorum is present, the nominees receiving a plurality of the votes cast at the Annual Meeting will be elected directors; therefore, votes withheld will have no effect. The ratification of Yount, Hyde & Barbour, P.C. as the Company's independent public accountants requires an affirmative vote of a majority of the shares cast on the matter. Thus, although abstentions and broker non-votes (shares held by customers which may not be voted on certain matters because the broker has not received specific instructions from the customers) are counted for purposes of determining the presence or absence of a quorum for the transaction of business, they are generally not counted for purposes of determining whether such a proposal has been approved and therefore have no effect.

1

Solicitation of Proxies

The cost of solicitation of proxies will be borne by the Company. Solicitations will be made only by the use of the mail, except that officers and regular employees of the Company and Citizens and Farmers Bank (the "Bank") may make solicitations of proxies by telephone, telegram, special letter, or by special call, acting without compensation other than regular compensation. It is contemplated that brokerage houses and other nominees, custodians, and fiduciaries will be requested to forward the proxy soliciting material to the beneficial owners of the stock held of record by such persons, and the Company will reimburse them for their charges and expenses in this connection.

In its capacity as the nominating committee, the Board of Directors accepts recommendations from shareholders concerning potential director nominees.

In addition to cash compensation, non-employee members of the Board of Directors of the Bank participate in the Non-Employee Directors' Stock Compensation Plan. Under this plan, directors are granted the option to purchase the Company's common stock at a price equal to the fair market value of the stock at the date of grant. Options are exercisable twelve months after the date of grant and expire ten years from the date of grant. On May 1, 2000, all non-employee members of the Board of Directors were granted 1,500 options at a price of \$16.00 per share.

The maximum aggregate amount of such indebtedness during 2000 was \$1,044,784, or 2.69%, of total year-end capital. These loans were made in the ordinary course of the Bank's business, on the same terms, including interest rates and collateral, as those prevailing at the same time for comparable transactions with others, and do not involve more than the normal risks of collectibility or present other unfavorable features. The Bank expects to have in the future

Change in Control Agreements

The Company has entered into "change in control agreements" with Mr.

Edgar Filing: C & F FINANCIAL CORP - Form DEF 14A

Dillon and Mr. Cherry. The agreement for Mr. Dillon provides certain payments and benefits in the event of a termination of his employment

6

by the Company without "cause," or by Mr. Dillon for "good reason," during the period beginning on the occurrence of a "change in control" (as defined) of the Company and ending sixty-one days after the second anniversary of the change in control date. In such event, Mr. Dillon would be entitled (i) to receive in 12 consecutive quarterly installments, or in a lump sum, two and one-half times the sum of his highest aggregate annual base salary during the 24 month period preceding the change in control date and his highest aggregate annual bonus for the three fiscal years preceding the change in control date; (ii) for a period of three years following termination, to receive continuing health insurance, life insurance, split-dollar insurance, and similar benefits under the Company's welfare benefit plans and to have the three year period credited as service towards completion of any service requirement for retiree coverage under the Company's welfare benefit plans; and (iii) if Mr. Dillon requests within one year after his termination to have the Company acquire his residence for its appraised fair market value.

The agreement for Mr. Cherry provides certain payments and benefits in the event of a termination of his employment by the Company without "cause," or by Mr. Cherry for "good reason," during the period beginning on the occurrence of a "change in control" (as defined) of the Company and ending sixty-one days after the first anniversary of the change in control date. In such event, Mr. Cherry would be entitled (i) to receive in 4 consecutive quarterly installments, or in a lump sum, the sum of his highest aggregate annual base salary during the 24 month period preceding the change in control date and his highest aggregate annual bonus for the three fiscal years preceding the change in control date; and (ii) for a period of one year following termination, to receive continuing health insurance, life insurance, and similar benefits under the Company's welfare benefits plans and to have the one year period credited as service towards completion of any service requirement for retiree coverage under the Company's welfare benefit plans.

During the term of the agreements following a change in control, Mr. Dillon or Mr. Cherry may voluntarily terminate his employment and become entitled to these payments and benefits under certain circumstances. These circumstances include, but are not limited to, a material adverse change in his position, authority, or responsibilities, or a reduction in his rate of annual base salary, benefits (including incentives, bonuses, stock compensation, and retirement and welfare plan coverage), or other perquisites as in effect immediately prior to the change in control date.

Payments and benefits provided under the agreements will be reduced, if and to the extent necessary, so that Mr. Dillon and Mr. Cherry will not be subject to a federal excise tax on, and the Company will not be denied an income tax deduction on account of having made, excess parachute payments.

Employee Benefit Plans

The Bank has a Non-Contributory Defined Benefit Retirement Plan (the "Retirement Plan") covering substantially all employees who have reached the age of 21 and have been fully employed for at least one year. The Retirement Plan provides participants with retirement benefits related to salary and years of credited service. Employees become vested after five plan years of service, and the normal retirement date is the plan anniversary date nearest the employee's 65th birthday. The Retirement Plan does not cover directors who are not active officers. The amount expensed for the Retirement Plan during the year ended

Edgar Filing: C & F FINANCIAL CORP - Form DEF 14A

December 31, 2000, was \$153,684.

7

The following table shows the estimated annual retirement benefits payable to employees in the average annual salary and years of service classifications set forth below assuming retirement at the normal retirement age of 65.

170,000	47,018	62,690	78,363	89,785	101,208

Benefits under the Retirement Plan are based on a straight life annuity assuming full benefit at age 65, no offsets, and covered compensation of \$35,400 for a person age 65 in 2000. Compensation is currently limited to \$170,000 by the Internal Revenue Code. The estimated annual benefit payable under the Retirement Plan upon retirement is \$91,061, \$56,634, and \$23,683 for Messrs. Dillon, Cherry, and Sullivan, respectively, credited with 40 years of service for Messrs. Dillon and Cherry and 15 years of service for Mr. Sullivan. Benefits are estimated on the basis that they will continue to receive, until age 65, covered salary in the same amount paid in 2000.

Compensation Committee Report on Executive Compensation

The Compensation Committee (the "Committee"), which is composed of non-employee Directors of the Company and the Bank listed below, recommends to the Board of Directors of the Bank (the "Bank Board") the annual salary levels and any bonuses to be paid to the Bank's executive officers. The Committee also makes recommendations to the Bank Board regarding the issuance of stock options and other compensation related matters.

Currently, the individuals serving as Chief Executive Officer and executive officers of the Company also serve in the same capacities, respectively, for the Bank. These officers are presently compensated for services rendered by them to the Bank, but not for services rendered by them to the Company.

The primary objective of the Bank's executive compensation program is to attract and retain highly skilled and motivated executive officers who will manage the Bank in a manner to promote its growth and profitability and advance the interest of the Company's shareholders. As such, the compensation program is designed to provide levels of compensation which are reflective of both the individual's and the organization's performance in achieving the organization's goals and objectives, both financial and non-financial, and in helping to build value for the Company's shareholders. Based on its evaluation of these factors, the Committee believes that the executive officers are dedicated to achieving significant improvements in long-term financial performance and that the compensation plans the Committee has implemented and administered have contributed to achieving this management focus.

Edgar Filing: C & F FINANCIAL CORP - Form DEF 14A

The principal elements of the Bank's compensation program include base annual salary, split-dollar insurance participation, short-term incentive compensation under the Bank's Management Incentive Bonus Plan (detailed below), long-term incentives through the grants of stock options under the Incentive Plan (detailed below), and, starting in 2000, employer contributions under the amended Executive's Deferred Compensation Plan (detailed below).

The Bank adopted a Management Incentive Bonus Plan (the "Bonus Plan") effective January 1, 1987. The Bonus Plan is offered to selected members of management. The bonus is derived from a pool of funds determined by the Bank's total performance relative to (1) prescribed growth rates of assets and deposits, (2)

8

return on average assets, and (3) absolute level of net income. Attainment, in whole or in part, of these goals dictates the amount set aside in the pool of funds. Evaluation of attainment and approval of the pool amount is done by the Bank Board. Payment of the bonus is based on individual performance and paid in cash as a percentage of the respective individual's base salary. Expense is accrued in the year of the specified performance.

The Company adopted the 1994 Incentive Stock Option Plan (the "Incentive Plan") effective May 1, 1994. The Incentive Plan was amended by the Company on February 15, 2000. The Incentive Plan makes available up to 500,000 shares of common stock for awards to key employees of the Company and its subsidiaries in the form of stock options, stock appreciation rights, and restricted stock (collectively, "Awards"). The purpose of the Incentive Plan is to promote the success of the Company and its subsidiaries by providing incentives to key employees that will promote the identification of their personal interests with the long term financial success of the Company and with growth in shareholder value. The Incentive Plan is designed to provide flexibility to the Company in its ability to motivate, attract, and retain the services of key employees upon whose judgment, interest, and special effort the successful conduct of its operation is largely dependent.

In considering compensation for the Chief Executive Officer and the other executive officers, the Committee relied on compensation surveys and an evaluation of the officers' level of responsibility and performance. In 1999, the Committee used the following compensation surveys to assist in developing its recommendation on compensation for 2000: the SNL Executive Compensation Review; the Sheshunoff Bank Executive and Director Compensation Survey; and the Virginia Bankers Association's Salary Survey of Virginia Banks. The Committee believes that these are relevant and appropriate indicators of compensation paid by the Bank's competitors. The Committee received an evaluation by the Chief Executive Officer of the performance of the executive officers (other than the Chief Executive Officer) during 1999. The Committee evaluated the performance of the Chief Executive Officer based on the financial performance of the Company and the Bank, achievements in implementing the Bank's long-term strategy, and the personal observations of the Chief Executive Officer's performance by the members of the Committee. No particular weight was given to any aspect of the performance of the Chief Executive Officer, but his performance in 1999 was evaluated as outstanding, with the Company and the Bank achieving earnings in excess of its peer group and significant progress being made on the Bank's long-term strategy.

Based on the salary surveys and the performance evaluations, the Committee generally set base annual salaries for the Chief Executive Officer and the other executive officers in the median range of salaries contained in the various surveys for comparable positions.

Edgar Filing: C & F FINANCIAL CORP - Form DEF 14A

The Committee also reviewed each executive officer's performance and responsibility to assess the payment of short-term incentive compensation. The Committee uses the compensation surveys and considers the performance of the Bank relative to its peer group, taking into consideration profit growth, asset growth, return on equity, and return on assets. No particular weight is given to each of these elements. The cash bonuses were given based upon the role of such officers in the growth and profitability of the Bank in 2000.

Each year, the Committee also considers the desirability of granting long-term incentive awards under the Company's Incentive Plan. The Committee believes that grants of options focus the Bank's senior management on building profitability and shareholder value. The Committee notes in particular its view that stock option grants afford a desirable long-term compensation method because they closely ally the interest of management with shareholder value. In fixing the grants of stock options with the senior management group, other than the Chief Executive Officer, the Committee reviewed with the Chief Executive Officer recommended individual awards, taking into account the respective scope of responsibility and contributions of each member of the senior management group. The award to the Chief Executive Officer was fixed separately and was based, among other things, on the review of competitive compensation data from selected peer companies and information on his total compensation, as well as, the Committee's perception of his past and expected future contributions to the Company's achievement of its long-term goals.

For 2000 and ensuing years, the Committee determined that additional retirement funding for select executives is appropriate and should be provided by amending its non-qualified defined contribution plan known as the Executive's Deferred Compensation Plan (which previously only provided for elective salary and bonus

deferrals). These employer contributions are in the form of additional retirement contributions to make up for arbitrary limitations on covered compensation imposed by the Internal Revenue Code with respect to the Bank's Profit Sharing / 401(k) Plans and to enhance retirement benefits by providing supplemental contributions from time to time on such basis as the Committee and the Board determine.

Compensation Committee Interlocks and Insider Participation

During 2000 and up to the present time, there were transactions between the Company's banking subsidiary and certain members of the Compensation Committee, or their associates, all consisting of extensions of credit by the Bank in the ordinary course of business. Each transaction was made on substantially the same terms, including interest rates, collateral and repayment terms, as those prevailing at the time for comparable transactions with the general public. In the opinion of management, none of the transactions involved more than the normal risk of collectibility or present other unfavorable features.

None of the members of the Compensation Committee has served as an officer

or employee of the Company or any of its affiliates. No director may serve as a member of the Committee if he is eligible to participate in the Incentive Plan or was at any time within one year prior to his appointment to the Committee eligible to participate in the Incentive Plan.
