Report of Independent Public Accountants

To the BB&T Corporation Retirement Plans Committee:

We have audited the accompanying statements of net assets available for plan benefits of the BB&T Corporation 401(K) Savings Plan (the Plan) as of December 31, 2000 and 1999, and the related statements of changes in net assets available for plan benefits for the years ended December 31, 2000 and 1999. These financial statements and the schedule referred to below are the responsibility of the Plan's management. Our responsibility is to express an opinion on these financial statements and schedule based on our audits.

We conducted our audits in accordance with auditing standards generally accepted in the United States. Those standards require that we plan and perform the audits to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis

Edgar Filing: BB&T CORP - Form 11-K

for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for plan benefits of the Plan as of December 31, 2000 and 1999, and the changes in net assets available for plan benefits for the years ended December 31, 2000 and 1999, in conformity with accounting principles generally accepted in the United States.

Our audits were performed for the purpose of forming an opinion on the basic financial statements taken as a whole. The supplemental schedule of assets held for investment purposes is presented for purposes of additional analysis and is not a required part of the basic financial statements but is supplementary information required by the Department of Labor Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. The supplemental schedule has been subjected to the auditing procedures applied in the audits of the basic financial statements and, in our opinion, is fairly stated in all material respects in relation to the basic financial statements taken as a whole.

BB&T CORPORATION 401(k) Savings Plan

Notes to Financial Statements
December 31, 2000 and 1999

1. DESCRIPTION OF PLAN:

The following description of the BB&T Corporation 401(k) Savings Plan (the Plan) provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan sponsored by BB&T Corporation (the Bank or Plan Sponsor). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974.

The Plan covers all employees who meet age and service requirements. Under the terms of the Plan, employees are eligible to participate in the Plan at age 21 with one year of continuous employment in which they have worked at least 1,000 hours. Participation in the Plan is based on voluntary election by each employee.

The Plan offers nine investment options for employee contributions: the BB&T U.S. Treasury Money Market Fund, the BB&T Intermediate U.S. Government Bond Fund, the BB&T International Equity Fund, the BB&T Large Company Value Fund, the BB&T Balanced Fund, the BB&T Small Company Growth Fund, the BB&T Large Company Growth Fund, BB&T One-Year Bank Investment Contracts (which invests in one-year guaranteed income contracts of the Bank) and the BB&T Common Stock Fund. Each participant may elect to direct employee and employer contributions to any combination of the funds. Participants may change their investment elections daily.

Edgar Filing: BB&T CORP - Form 11-K

Contributions

Contributions to the Plan are made monthly by employees in amounts equal to whole percentages, from 1% to 16%, of their monthly compensation. The Bank makes matching contributions of 100% of up to 6% of each participant's compensation contributed to the Plan. Participants are fully vested in their accounts at all times.

Participant Loans

The Plan permits a participant to borrow up to 50% of their account balance, not to exceed \$50,000, or \$50,000 minus the participant's highest outstanding loan amount of the prior 12 months. The minimum loan amount is \$1,000. Only one loan can be made during the plan year and a participant may have only one loan outstanding at any time. The interest rate to be paid on the amounts borrowed is equal to the Bank's prime lending rate plus 1% at the time of the loan.

Payment of Benefits

Under terms of the Plan, a participant is allowed to withdraw certain funds from his account twice a year. Upon retirement, a participant may elect to have distributions paid from this account in installments, a lump sum or any combination of the two. Retired participants may elect installment payments to occur over a period not to exceed 15 years, the participant's life expectancy, or the life expectancy of the participant and beneficiary.

2. SIGNIFICANT ACCOUNTING POLICIES:

Basis of Accounting

The accompanying financial statements have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States.

Use of Estimates

The preparation of the financial statements in conformity with accounting principles generally accepted in the United States requires management to make certain estimates and assumptions that affect the reported amounts of net assets available for plan benefits and changes therein and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Reclassification

Certain prior year amounts have been reclassified to conform with the current year presentation.

Investments in Securities

Investments in securities are stated at fair value. The fair value of marketable securities is based on published quotations obtained from national securities exchanges. Investments in mutual funds are valued at fair value based on quoted market prices of the underlying fund securities. Bank investment contracts are stated at fair value, which do not materially differ from contract value.

Edgar Filing: BB&T CORP - Form 11-K

The Plan provides for investments in various investment securities, which are exposed to various risks such as interest rate, credit and overall market volatility risks. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the statements of net assets available for benefits.

The net gain/(loss) from investment activity includes realized and unrealized gains and losses from investment activity as well as earnings on investments. Unrealized gains/(losses) are calculated as the difference between the current value of securities as of the end of the plan year and either the current value at the end of the preceding year or the actual cost if such investments were purchased during the current year. Realized gains or losses on sales of investments are calculated as the difference between sales proceeds and the current value of investments at the beginning of the year or the actual cost if such investments were purchased during the year. Earnings on investments include interest and dividends received on bank investment contracts and mutual fund shares.

Securities transactions are recorded on the trade date. Dividend income is recorded on the ex-dividend date.

Investments in Participant Loans

Investments in participant loans are stated at cost. Adjustments necessary to reflect the fair value of the loans would not be material to the financial statements.

3

Administrative Expenses

The Plan Sponsor may elect, but is not required to pay recordkeeping and other administrative expenses incurred by the Plan. The Plan Sponsor has elected to pay certain administrative fees related to professional services provided to the Plan. Trustee fees consist primarily of administrative services rendered by the Bank's Trust Division (see Note 7).

3. MERGED PLANS:

During 2000, the Mason-Dixon Bancshares Employee Savings and Investment Plan, the Phillips Factors Corporation 401(k) Retirement Savings Plan, the First Liberty Financial Corp. Employee Savings and Stock Ownership Plan, and the Kay & Company, Inc. Profit Sharing Plan were merged into the Plan. Plan assets approximating \$32.2 million were transferred into the Plan as a result of these mergers. During 1999, the Virginia First Savings Bank 401(k) Plan, the C.M. Harris Holding Company & Affiliates 401(k) Plan, and the Franklin National Bank 401(k) Retirement Plan were merged into the Plan. Plan assets approximating \$9.7 million were transferred into the Plan as a result of these mergers.

4. INVESTMENTS:

At December 31, 2000 and 1999, the fair market value of individual investments that represent 5% or more of the Plan's total net assets are as follows:

	2000	1999
BB&T Corporation common stock	\$735,977,113	\$512,429,926

Edgar Filing: BB&T CORP - Form 11-K

BB&T Large Company Value Fund	54,147,421	41,288,537
	=====	=====

Included in the BB&T Corporation common stock listed above, at December 31, 2000 and 1999, respectively, are approximately 392,482 and 421,477 shares of the Employee Stock Ownership Plan's BB&T Corporation common stock which have been allocated to the participants' accounts. The fair market value of these shares is \$14,644,478 and \$11,493,587 at December 31, 2000 and 1999, respectively.

5. TAX STATUS:

The Internal Revenue Service (IRS) issued a determination letter on September 6, 1996, which stated that the Plan and its underlying trust qualify, in form, under the applicable provisions of the Internal Revenue Code (IRC) and therefore are exempt from federal income taxes. In the opinion of the plan administrator, the Plan and its underlying trust are currently being operated in compliance with the applicable requirements of the IRC.

6. PLAN TERMINATION:

Although it has not expressed an intent to do so, the Bank has the right to discontinue its contributions at any time or to terminate the Plan. In the event of plan termination, the assets would be distributed in accordance with the plan agreement.

4

7. PARTY-IN-INTEREST TRANSACTIONS:

The Plan received cash dividends of \$16,829,994 and \$13,896,068 on its investment in BB&T Corporation common stock during 2000 and 1999, respectively.

Included in plan assets are mutual funds sponsored by the Bank and guaranteed income contracts issued by the Bank. Transactions in such securities qualify as party-in-interest transactions as defined by ERISA.

The cost of administrative services rendered by the Bank's Trust Division for the years ended December 31, 2000 and 1999, was \$1,362,247 and \$1,117,264, respectively (see Note 2).
