VOTING MATTERS

The representation in person or by proxy of a majority of the outstanding shares of common stock of the Company, par value \$.01 per share (the "Common Stock"), entitled to a vote at the meeting is necessary to provide a quorum for the transaction of business at the meeting. Shares can only be voted if the stockholder is present in person or is represented by a properly signed proxy. Each stockholder's vote is very important. Whether or not you plan to attend the meeting in person, please sign and promptly return the enclosed proxy card, which requires no postage if mailed in the United States. All signed and returned proxies will be counted towards establishing a quorum for the meeting, regardless of how the shares are voted.

Shares represented by proxy will be voted in accordance with your instructions. You may specify your choice by marking the appropriate box on the proxy card. If your proxy card is signed and returned without specifying choices, your shares will be voted for the Board of Director's proposals, and as the individuals named as proxy holders on the proxy deem advisable on all other matters as may properly come before the meeting.

For all matters to be voted upon at the meeting other than the election of directors, the affirmative vote of a majority of shares present in person or represented by proxy, and entitled to vote on the matter, is necessary for approval. The directors are elected by a plurality of the votes of the shares present in person or represented by proxy and entitled to vote in the election of directors. Withholding authority to vote, or an instruction to abstain from voting on a proposal, will be treated as shares present and entitled to vote and, for purposes of determining the outcome of the vote, will have the same effect as a vote against the proposal. A broker "non-vote" occurs when a nominee holding shares for a beneficial holder does not have discretionary voting power and does not receive voting instructions from the beneficial owner. Broker "non-votes" will not be treated as shares present and entitled to vote on a voting matter and will have no effect on the outcome of the vote.

Any stockholder giving the enclosed Proxy has the power to revoke such Proxy prior to its exercise either by voting by ballot at the meeting, by executing a later-dated proxy or by delivering a signed written notice of the

1

revocation to the Secretary of the Company before the meeting begins. The Proxy will be voted at the meeting if the signer of the Proxy was a stockholder of record on October 22, 2002 (the "Record Date").

On the Record Date, there were outstanding and entitled to vote at the meeting 44,695,948 shares of Common Stock. Each outstanding share of Common Stock is entitled to one vote. A list of the stockholders entitled to vote at the meeting will be available for inspection at the meeting for purposes relating to the meeting.

Employment Agreements

Fred Kuznik, Normand Bourque and Ian Mack have employment agreements with the Company. Pursuant to an employment agreement between Mr. Kuznik and the Company, effective as of December 10, 2001, and Mr. Mack and the Company effective August 1, 2000, Messrs. Kuznik and Mack are entitled to participate in certain bonus plans, and are entitled to termination payments if terminated without cause. Termination pay is based upon prior compensation and would be paid for a period of 12 months. The Company also entered into Senior Management Agreements with each of Messrs. Olson and Harden in 1988, pursuant to which each purchased shares of common stock. Messrs. Kuznik's and Mack's employment agreements and the Senior Management Agreements also impose certain additional restrictions upon the executives, including confidentiality obligations, assignment of the benefit of inventions and patents to the Company and a requirement that such executives devote substantially all of their business time to the Company.

Following Mr. Olson's retirement as CEO, Mr. Olson was appointed as Vice Chairman of the Board of Directors and continued as a director. Mr. Olson retired as a director effective March 20, 2002. Mr. Olson and the

Company entered into a consulting agreement whereby Mr. Olson would be available for 3 years as a consultant to the Company (as directed by the Board or the Company's CEO). Mr. Olson will receive \$300,000 annually and retain all of his stock options (with any requirement that he remain as an employee waived). Certain other benefits are also payable, including health benefits, reimbursement of club dues (provided the Company has access to such club) and car allowance. Such agreement also contains a non-compete agreement for the term of the consulting period.

Mr. Bourque's employment terminated on October 4, 2002. Mr. Bourque is being paid severance (salary and benefits) for a period of 18 months following such termination in accordance with his employment agreement.

Messrs. Kuznik, Graeber and Mack are also parties to agreements whereby in the event their employment is terminated other than for cause after a change of control or they resign for good reason following a change of control (i) they would receive an amount equal to 2 times the sum of (a) their highest annual compensation (excluding bonuses) over the prior 3 calendar years and (b) their average annual bonus over the prior 3 calendar years and (ii) be provided health benefits for 2 years following such change of control. In addition, certain unvested options and other long-term incentives would vest.

Certain Transactions

Until August 2000, the Company purchased converted copper from an entity controlled by family members of David Harden, an officer of the Company, and purchases, from time to time, production equipment from a Company controlled by Mr. Harden. Purchases are made on an "as needed" basis, and there is no contract relating to such purchases. There were no purchases by the Company from such entities in fiscal 2002.

Lance Balk, a director, is a partner of the law firm of Kirkland & Ellis. Kirkland & Ellis performed legal services for the Company prior to and during fiscal 2002.

Compensation Committee Report

Compensation Policies Applicable to Executive Officers

During fiscal 2002, the Compensation Committee continued to follow established compensation policies. The compensation program for salaried employees has been designed and is administered to ensure that employee compensation motivates superior job performance and the achievement of business objectives. The main policy objective of executive officer compensation is the maximization of stockholder value over the long term. The Compensation Committee believes that this can best be accomplished by an executive compensation program which reflects the following three principles:

First, base salaries should be sufficient to attract and retain qualified management talent.

Second, annual bonus and incentive programs should provide opportunity for significant increases in compensation, based on meeting or exceeding pre-determined performance targets.

Third, a substantial portion of total long-term compensation should reflect performance on behalf of the Company's stockholders, as measured by increases in the Company's stock price.

Edgar Filing: CABLE DESIGN TECHNOLOGIES CORP - Form DEF 14A

The Compensation Committee made no fundamental changes in the basic executive compensation program during fiscal 2002.

Base Salary

The Compensation Committee meets in the fall of each year. Annual base salaries of the executive officers for fiscal 2002 were reviewed by the Compensation Committee at its October 2001 meeting. Salary increases were not made due to then current economic and industry conditions.

7

Bonus Plan

Each of the named executive officers and certain other key personnel of the Company participate in an executive/management bonus plan (the "Bonus Plan"). The Bonus Plan provides for annual bonus awards based upon financial results compared to a projected budget prepared at the beginning of each fiscal year. Employees at each of the Company's operating units receive bonuses determined by the financial results of their respective division and/or by the overall financial results of the Company. Other participants, including the Chief Executive Officer (the "CEO"), receive bonuses based on the overall financial results of the Company. The individual's Target Bonus ranges from 15% to 60% of base salary, as determined by the Compensation Committee, and based primarily on the employee's position and place of employment within the Company. An individual participant's actual bonus is determined as a percentage ranging from 0% to 200% of the Target Bonus based upon (i) the relevant performance target(s) achieved, and (ii) the weight given to the relevant operating unit and overall Company performance targets. Bonus amounts are prorated for new participants who are added during the course of a given year. One half of the Bonus Plan bonuses earned are paid quarterly, with the balance paid after final fiscal year results are available. Bonus payments under the Bonus Plan are subject to modification at the discretion of the Compensation Committee. All senior executive/management bonus plans are approved by the Board of Directors.

Stock Options

Options for 500,000 shares were granted under the certain of the Company's long-term performance incentive plans to Mr. Kuznik upon commencement of his employment with the Company. No other stock options were issued to senior management during fiscal 2002. Shares of common stock that remain reserved for grant under the Company's stock option plans as of October 22, 2002 are: for the Long-Term Performance Incentive Plan, 3,983 shares; for the Supplemental Long-Term Performance Incentive Plan, 278,950 shares; for the 1999 Long-Term Performance Incentive Plan, 74,230 shares and for the 2001 Long-Term Performance Incentive Plan, 801,292 shares.

In order to create and provide an option incentive structure similar to that for its employees, the Company adopted the Director Plan in 1995. Under this plan, the Company's outside Directors are eligible to receive shares of common stock in an amount and at a price set by a pre-arranged formula. Under the Director Plan 132,341 shares of common stock remain reserved for grant to the Company's outside Directors.

Compensation of Chief Executive Officer

The compensation policies described above apply as well to the compensation of the CEO. The Compensation Committee is directly responsible for determining the CEO's salary level and for all awards and grants to the CEO under the incentive components of the compensation program. The overall compensation

Edgar Filing: CABLE DESIGN TECHNOLOGIES CORP - Form DEF 14A

package of the CEO is designed to recognize that the CEO bears primary responsibility for increasing the value of stockholders' investments. Accordingly, a substantial portion of the CEO's compensation is incentive-based, providing greater compensation as direct and indirect financial measures of stockholder value increase. The CEO's compensation is thus structured and administered to motivate and reward the successful exercise of these responsibilities.

Mr. Kuznik accepted the position of Chief Executive Officer of the Company effective December 10, 2001. The terms of Mr. Kuznik's employment were based on the compensation package for the Company's retiring CEO with such changes that the Compensation Committee determined were necessary to make the package competitive. Mr. Kuznik's base salary is \$600,000. He was entitled to a guaranteed bonus of \$150,000 for the period of December 10, 2001 to July 31, 2002. Mr. Kuznik was granted options and a change of control agreement, each described above.

Internal Revenue Code Section 162(m)

The Compensation Committee has determined that it is unlikely that the Company would pay any material amounts in fiscal 2002 that would result in the loss of a federal income tax deduction under Section 162(m) of the Internal Revenue Code of 1986, as amended, and accordingly, has not recommended that any special actions be taken or that any plans or programs be revised at this time in light of such tax law provision.

Conclusion

Through the programs described above and the stock ownership of management through options, the Compensation Committee believes that a significant portion of the Company's executive compensation is linked directly to corporate performance.

Respectfully submitted,

COMPENSATION COMMITTEE MEMBERS

Bryan C. Cressey Richard C. Tuttle

AUDIT COMMITTEE REPORT

The Audit Committee of the Board of Directors is comprised of the three directors named below. Each member of the Audit Committee is an independent director as defined by New York Stock Exchange rules. The Audit Committee has adopted a written charter which has been approved by the Board of Directors. The Audit Committee has reviewed and discussed the Company's audited financial statements with management, which has primary responsibility for the financial statements. Deloitte & Touche LLP, the Company's independent auditor for fiscal 2002, is responsible for expressing an opinion on the conformity of the Company's audited financial statements with generally accepted accounting principles. The Audit Committee has discussed with Deloitte & Touche LLP the matters that are required to be discussed by Statement on Auditing Standards No. 61 (Communication With Audit Committees). Deloitte & Touche LLP has provided to the Audit Committee the written disclosures and the letter required by Independence Standards Board Standard No. 1 (Independence Discussions with Audit Committees), and the Audit Committee discussed with Deloitte & Touche LLP that firm's independence.

Effective April 8, 2002, the Board of Directors, upon recommendation of the Audit Committee, approved the engagement of Deloitte & Touche LLP as the Company's independent accountants for the fiscal year ending July 31, 2002 and dismissed the firm of Arthur Andersen LLP ("Andersen"). In connection with the audits for the two most recent fiscal years and through April 8, 2002, there have been no disagreements with Andersen on any matter of accounting principles or practices, financial statement disclosure or auditing scope or procedure which, if not resolved to Andersen's satisfactions, would have caused Andersen to make reference thereto in its report on the consolidated financial statements of the Company for such time period. Also, there were no reportable events as described in Item 304(a)(1)(v) of Regulation S-K. Andersen's reports on the financial statements of the Company for the last two fiscal years neither contained an adverse opinion or disclaimer of opinion, nor were they qualified or modified as to uncertainty, audit scope, or accounting principles. During the Company's two most recent fiscal years ended July 31, 2001 and the subsequent interim period through April 8, 2002, the Company did not consult with Deloitte & Touche LLP regarding any of the matters or events set forth in

Edgar Filing: CABLE DESIGN TECHNOLOGIES CORP - Form DEF 14A

Item 304(a)(2)(i) and (ii) of Regulation S-K.

During fiscal 2002, the Company engaged its principal accounting firm, Deloitte & Touche LLP, the member firms of Deloitte Touche Tohmatsu, and their respective affiliates to provide services in the following categories and amounts:

Audit Fees:

Audit of the consolidated financial statements of the Company.	\$587,073
Financial Information Systems Design/Implementation.....	\$ 0

Other Fees:

Audit-related fees(1).....	\$243,397
Tax related fees.....	\$278,000

Total Other Fees(2).....	\$521,397

(1) This amount includes fees for foreign statutory audits, employee benefit plan audits, and internal audit evaluation services.

(2) The Company's Audit Committee considered whether the provision of non-audit services rendered by Deloitte & Touche LLP to the Company was compatible with maintaining Deloitte & Touche LLP's independence and concluded that Deloitte & Touche LLP's independence was not impaired.

Based on the considerations referred to above, the Audit Committee recommended to the Board of Directors that the audited financial statements be included in the Company's Annual Report on Form 10-K for fiscal 2002 and that Deloitte & Touche LLP be appointed independent auditors for the Company for fiscal 2003. The foregoing report is provided by the following independent directors, who constitute the Audit Committee:

Michael F.O. Harris (Chairman)
Richard C. Tuttle
Glenn Kalnasy
