2002 ANNUAL MEETING OF SHAREHOLDERS
MAY 7, 2002

This Proxy Statement is furnished in connection with the solicitation by the Board of Directors of Danaher Corporation, a Delaware corporation (the "Company"), of proxies for use at the 2002 Annual Meeting of Shareholders ("Annual Meeting") to be held at the Mayflower Hotel, 1127 Connecticut Avenue, N.W., Washington, D.C. 20037 on May 7, 2002 at 3:00 p.m., local time, and at any and all adjournments thereof. The Company's principal address is 2099 Pennsylvania Avenue, N.W., Washington, D.C. 20006. The date of mailing of this Proxy Statement is on or about April 12, 2002. The purpose of the meeting is to elect three directors of the Company; to approve an amendment to the Company's Certificate of Incorporation to increase the total number of authorized shares of Common Stock to five hundred million; and to transact such other business as may properly come before the meeting.

OUTSTANDING STOCK AND VOTING RIGHTS

In accordance with the By-laws of the Company, the Board of Directors has fixed the close of business on March 25, 2002 as the record date for determining the shareholders entitled to notice of, and to vote at, the Annual Meeting. Only shareholders of record on that date will be entitled to vote. A

Edgar Filing: DANAHER CORP /DE/ - Form PRE 14A

shareholder who submits a proxy on the accompanying form has the power to revoke it by notice of revocation directed to the proxy holders of the Company at any time before it is voted. A subsequently dated proxy, when filed with the Secretary of the Company, will also constitute revocation. Proxies will be voted as specified on the proxy card and, in the absence of specific instructions, will be voted for the proposals described in this Proxy Statement and in the discretion of the proxy holders on any other matter which properly comes before the meeting. A shareholder who has given a proxy may nevertheless attend the meeting and revoke the proxy by voting in person. The Board of Directors has selected Steven M. Rales and Mitchell P. Rales to act as proxies with full power of substitution.

Solicitation of proxies may be made by mail, personal interview, telephone and telegraph by officers and other management employees of the Company, who will receive no additional compensation for their services. The total expense of the solicitation will be borne by the Company and may include reimbursement paid to brokerage firms and others for their expenses in forwarding material regarding the Annual Meeting to beneficial owners.

The only outstanding securities of the Company entitled to vote at the Annual Meeting are shares of Common Stock. As of the close of business on March 25, 2002, the record date for determining the shareholders of the Company entitled to vote at the Annual Meeting, 150,909,505 shares of the Common Stock of the Company, \$.01 par value ("Company Common Stock"), were issued and outstanding. Each outstanding share of Company Common Stock entitles the holder to one vote on all matters brought before the Annual Meeting. The quorum necessary to conduct business at the Annual Meeting consists of a majority of the outstanding shares of Company Common Stock as of the record date.

The election of directors nominated will require a plurality of the votes cast in person or by proxy at the Annual Meeting by holders of shares of the Company's Common Stock. In the election of directors, each stockholder is entitled to cast one vote for each director to be elected; cumulative voting is not permitted. Approval of the amendment to the Company's Certificate of Incorporation to increase the number of authorized shares of Common Stock to a total of five hundred million shares, requires the affirmative vote of the holders of a majority of the shares of the Company's Common Stock entitled to vote at the Annual Meeting.

Abstentions and "broker non-votes" are counted as present in determining whether the quorum requirement is satisfied. For purpose of the election of directors, abstentions and broker non-votes are not considered to be votes cast and do not affect the plurality vote required for elections of directors. Abstentions and broker non-votes on Proposal 2 have the effect of a vote against this proposal.

COMPENSATION OF DIRECTORS

Directors who are not officers of the Company receive meeting attendance fees of \$1,000 per meeting (\$500 for telephonic meetings), together with quarterly fees of \$6,250. A grant of an option to acquire 2,000 shares of Company Common Stock at \$45.85 (fair market value at date of grant) per share was made to each of these directors in September, 2001.

EMPLOYMENT CONTRACTS AND TERMINATION OF EMPLOYMENT

In July 2000, the Company appointed H. Lawrence Culp, Jr. Chief Operating Officer, and in October 2000, the Company and Mr. Culp executed an employment agreement. The major provisions of the agreement are: (i) the term of the employment agreement continues until July 18, 2003, unless sooner terminated or extended. The agreement provides for automatic, annual extensions unless a notice of termination is provided by the Company or Mr. Culp; (ii) annual base salary for the first year of the agreement is \$600,000, plus a target bonus of 100% of base salary; (iii) an interest-free loan in the amount of \$500,000 that is forgiven ratably through July 18, 2003; (iv) reimbursement for taxes incurred as a result of the terms of the \$500,000 loan; (v) a non-competition provision that extends for three years after Mr. Culp's termination of employment; and (vi) continuation of salary and bonus payments for 24 months upon a termination of employment without cause or in the event of a change in control of the Company. Mr. Culp was appointed President and Chief Executive Officer in May 2001.

COMPENSATION AND ORGANIZATION COMMITTEE

Messrs. Steven M. Rales, Mitchell P. Rales and H. Lawrence Culp, Jr. receive a salary set by the Compensation and Organization Committee of the Board of Directors and also serve as directors. However, they do not participate in deliberations regarding their own compensation. The members of the Compensation and Organization Committee are A. Emmet Stephenson, Jr., Mortimer M. Caplin, Alan G. Spoon and Donald J. Ehrlich.

REPORT OF THE COMPENSATION AND ORGANIZATION COMMITTEE OF THE BOARD OF DIRECTORS ON EXECUTIVE COMPENSATION

The report is not deemed to be "soliciting material" or to be "filed" with the Securities and Exchange Commission (the "SEC") or subject to the SEC's proxy rules or to the liabilities of Section 18 of the Securities Exchange Act of 1934 (the "1934 Act"), and the report shall not be deemed to be incorporated by reference into any prior or subsequent filing by the Corporation under the Securities Act of 1933 or the Securities Exchange Act of 1934.

Total executive officer compensation is comprised of three principal components: annual salary, annual incentive compensation, and grants of options to purchase

Edgar Filing: DANAHER CORP /DE/ - Form PRE 14A

Company Common Stock. The Committee endeavors to establish total compensation packages for each executive officer equal to the value of that executive's services determined by both what other companies have or might pay the executive for his services and his relationship to other executive positions within the Company, as negotiated at the date of hire. This base is then adjusted annually based on the Committee's assessment of individual performance.

A fundamental element of the Company's compensation policy is that a substantial portion of each executive's compensation be directly related to the success of the Company. This is accomplished in two ways. First, the annual incentive compensation program requires that the Company, or the Company's businesses for which the executive is directly responsible, achieve certain minimum targets in earnings level (earnings per share which has a majority weighting), working capital management (working capital turnover) and economic value added. If performance for the year is below minimum targeted levels (generally approximately three-quarters of the earnings target must be achieved and working capital management must exceed target levels), there would be no payment. If the minimum targets are met or exceeded, each executive receives a formula-based payout taking into account the Company's performance and his or her personal contribution thereto.

Second, executives and other key employees who, in the opinion of the Committee, contribute to the growth, development and financial success of the Company are eligible to be awarded options to purchase Company Common Stock. These grants are made at the fair market value on the date of grant normally with vesting over a five year period. In addition to the factors discussed above, the amount of options granted is impacted both by the level of the employee within the Company's management and the amount of options previously granted to the employee. Thus, the compensation value of this element is directly related to the performance of the Company as measured by its returns to shareholders over at least a five year period.

The Committee evaluated each executive's annual incentive compensation awards for 2001. The Committee assessed their performance in light of the targets referenced above and awarded to executives (other than the operating level Group Executives) total incentive compensation payments of \$1,895,000 for 2001. For the years 1998-2002, the Committee has established a maximum bonus payment of up to \$2,500,000 per executive. The Company's shareholders approved the performance goals for these periods, which are applicable to all of the Company's executive officers (other than the operating level Group Executives) at the 1998 Annual Meeting.

The Committee has considered the impact of provisions of the federal income tax laws that in certain circumstances disallow compensation deductions in excess of \$1 million for any year with respect to the executive officers named in proxy statements of publicly traded companies. The Securities and Exchange Commission requires compensation committees of public companies to state their compensation policies relative to this \$1 million deduction limit.

In addition, the Committee has designed the program for awarding 1998-2002 incentive compensation to executive officers (other than the operating level Group Executives) so that such bonuses will comply with an exception to the \$1 million deduction limit for performance-based compensation. Accordingly, the full amount of any such bonus payments for 1998-2002 should be deductible. One of the requirements of this exception is that shareholders approve certain material terms under which the bonus is to be paid. In this regard, the Company's shareholders approved the material terms used for calculating the 1998-2002 bonus awards for the Company's executive officers, other than Group Executives, at the 1998 Annual Meeting.

REPORT OF THE AUDIT COMMITTEE OF THE BOARD OF DIRECTORS

The report is not deemed to be "soliciting material" or to be "filed" with the Securities and Exchange Commission (the "SEC") or subject to the SEC's proxy rules or to the liabilities of Section 18 of the Securities Exchange Act of the 1934 (the "1934 Act"), and the report shall not be deemed to be incorporated by reference into any prior or subsequent filing by the Corporation under the Securities Act of 1933 or the Securities Exchange Act of 1934.

The Audit Committee (the "Committee") comprises three independent directors and operates under a written charter. The Committee recommends to the Board of Directors the selection of the Company's independent auditors. Arthur Andersen LLP ("Arthur Andersen") was engaged as the Company's independent auditors for the fiscal year ended December 31, 2001, and has been the Company's independent auditors for more than the past five years.

Although in the past the Company has typically submitted the appointment of independent auditors for Shareholder approval, in view of the highly publicized events involving Arthur Andersen, the Board does not believe it is appropriate to seek Shareholder approval at this time. The Audit Committee and the Board will, however, continue to monitor the Company's engagement of Arthur Andersen and other developments relating to that firm and will consider the possibility that a change of independent auditors may be appropriate.

In fulfilling its responsibilities, the Committee has reviewed and discussed the audited consolidated financial statements of the Company for the fiscal year ended December 31, 2001 with the Company's management and Arthur Andersen.

The Committee has discussed with Arthur Andersen the matters required to be discussed by Statement on Auditing Standards No. 61, "Communication with Audit Committees." In addition, the Committee has received the written disclosures and the letter from Arthur Andersen required by Independence Standards Board Standard No. 1, "Independence Discussions with Audit Committees" and has discussed with Arthur Andersen its independence from the Company and its management.

In reliance on the reviews and discussions referred to above, the Committee recommended to the Board of Directors that the audited consolidated financial statements for the Company for the fiscal year ended December 31, 2001 be included in the Annual Report on Form 10-K for the year ended December 31, 2001 for filing with the Securities and Exchange Commission.

STOCK PERFORMANCE CHART

Edgar Filing: DANAHER CORP /DE/ - Form PRE 14A

As part of proxy statement disclosure requirements mandated by the Securities and Exchange Commission, the Company is required to provide a five-year comparison of the cumulative total shareholder return on its Common Stock with that of a broad equity market index and either a published industry index or a Company constructed peer group index. This graph is not deemed to be "soliciting material" or to be "filed" with the SEC or subject to the SEC's proxy rules or to the liabilities of Section 18 of the 1934 Act, and the graph shall not be deemed to be incorporated by reference into any prior or subsequent filing by the Corporation under the Securities Act of 1933 or the 1934 Act.

The following chart compares the yearly percentage change in the cumulative total shareholder return in the Company's Common Stock during the five years ended December 31, 2001 with the cumulative total return on the S & P 500 Index (the equity index) and the S&P Manufacturing Index (the peer index). The comparison assumes \$100 was invested on December 31, 1996 in the Company's Common Stock and in each of the above indices with reinvestment of dividends.

	Danaher Corporation	S&P 500 Index	S&P Manufacturing Index

CERTAIN RELATIONSHIPS AND RELATED TRANSACTIONS

On July 3, 2000, the Company purchased the motion control businesses of Warner Electric Company. These businesses were purchased from an entity that was controlled by Steven M. Rales and Mitchell P. Rales, the Company's Chairman of the Board and Chairman of the Executive Committee, respectively. The transaction was unanimously recommended by an independent committee of the Company's Board of Directors, who received an opinion from an independent financial advisor as to the fairness of the transaction. Total consideration was approximately \$147 million.

The Company, from time to time, has been involved in transactions with Equity Group Holdings LLP and its affiliates. The Company has received legal services from the firm of Caplin & Drysdale, of which Mr. Caplin, a Director, is a principal, and from the firm of Hogan & Hartson, of which Mr. Lohr, a Director, is a partner, and from the firm of Polaris Venture Partners, of which Mr. Spoon, a Director, is a general partner. The amount of such fees for 2001 was less than five-percent of each firm's gross revenues. These transactions, which are conducted on an arms length basis, are not material, either individually or in the aggregate. The Company has provided H. Lawrence Culp, Jr. with a \$500,000 loan, as discussed in the "Employment Contracts and Termination of Employment" section of this proxy statement.

PROPOSAL 2.

AMEND THE COMPANY'S CERTIFICATE OF INCORPORATION TO INCREASE THE AUTHORIZED COMMON STOCK

At the Company's Annual Meeting of Stockholders held on May 1, 2001, the Company's Stockholders approved an amendment to the Company's Certificate of Incorporation (the "2001 Charter Amendment"). The 2001 Charter Amendment provided for (1) an increase in the authorized number of shares of the Company's

Edgar Filing: DANAHER CORP /DE/ - Form PRE 14A

common stock, par value \$.01 per share (the "Common Stock") from three hundred million (300,000,000) shares to five hundred million (500,000,000) shares, and (2) an increase in the authorized number of shares of the Company's preferred stock, without par value (the "Preferred Stock") from fifteen million (15,000,000) shares to one hundred million (100,000,000) shares. These actions were to become effective upon the filing of the 2001 Charter Amendment. The Board of Directors subsequently determined that, because of the amount of the filing fee that would be required to be paid under Delaware law with respect to the increase in the Preferred Stock and other factors, the filing of the Amendment in the form approved by the Company's Stockholders would not have been in the best interests of the Stockholders at that time. As a result, prior to the filing of the 2001 Charter Amendment, the Board of Directors decided to abandon the filing of the 2001 Charter Amendment pursuant to Section 242(c) of the Delaware General Corporation Law and determined to submit to the Stockholders at the 2002 Annual Meeting a revised, proposed amendment to the Company's Certificate of Incorporation, as described below. The revised amendment eliminates the previously proposed increase in authorized Preferred Stock.

The Board of Directors has adopted, subject to Stockholder approval, a resolution proposing that an amendment to Paragraph I of Article FOURTH of the Company's Certificate of Incorporation be presented to the Stockholders at the 2002 Annual Meeting for their approval. Such amendment would increase the number of authorized shares of capital stock of the Company to a total of five hundred and fifteen million (515,000,000) shares, consisting of five hundred million (500,000,000) shares of Common Stock and fifteen million (15,000,000) shares of Preferred Stock (the "2002 Charter Amendment"). The capital stock of the Company, prior to the approval of the amendment, consists of three hundred and fifteen million (315,000,000) shares, consisting of three hundred million (300,000,000) shares of Common Stock, \$.01 par value per share, and fifteen million (15,000,000) shares of Preferred Stock, without par value. As of the close of business on March 25, 2002, there were 164,923,000 shares of validly issued Common Stock, including 150,910,000 shares of Common Stock outstanding and 14,013,000 shares of Common Stock held by the Company in treasury. As of the close of business on March 25, 2002, none of the shares of Preferred Stock have been issued.

The additional shares of Common Stock to be authorized will, when issued, have the same rights as the outstanding shares of Common Stock. Holders of Common Stock have no preemptive rights.

The Board of Directors believes that it is in the Company's best interest to have additional shares of Common Stock authorized to meet the Company's future business needs as they arise. In particular, a portion of the shares of Common Stock that would become available for issuance if the proposal were adopted could be used by the Company in connection with the following possible future events: (1) a split of the outstanding Common Stock; (2) stock option exercises; (3) share-for-share acquisitions; or (4) conversion of outstanding and future debt securities into Common Stock. If the 2002 Charter Amendment is approved and filed, the additional shares of Common Stock may be issued at the discretion of the Board of Directors at such times, in such amounts and upon such terms as the Board of Directors may determine, without further approval of the Stockholders of the Company unless, in any instance, such approval is expressly required by regulatory agencies or otherwise. The Company's management and the Board of Directors have no present arrangement, agreements, understandings or plans for the additional shares proposed to be authorized.

The increase in the authorized number of shares of Common Stock and the subsequent issuance of such shares could have the effect of delaying or preventing a change in control of the Company. Shares of authorized and unissued

Edgar Filing: DANAHER CORP /DE/ - Form PRE 14A

Common Stock could (within the limits imposed by applicable law) be issued in one or more transactions which would make a change in control of the Company more difficult, and thus less likely. The Board of Directors is not aware of any attempt to effect a takeover of the Company and has not presented this proposal with the intention that the increase in the authorized shares of Common Stock be used as a type of anti-takeover device.

The text of the proposed amendment is set forth in Exhibit A hereto. If the proposal is adopted, it will become effective upon filing of a Certificate of Amendment to the Company's Certificate of Incorporation. In accordance with Section 242 (c) of the Delaware General Corporation Law, notwithstanding Stockholder approval of the 2002 Charter Amendment, at any time prior to the effectiveness of the filing of the 2002 Charter Amendment with the Delaware Secretary of State, the Board of Directors may abandon the 2002 Charter Amendment without further action by the Stockholders.

The affirmative vote of a majority of the outstanding shares entitled to vote at the 2002 Annual Meeting is required for approval of the 2002 Charter Amendment. Abstentions and broker non-votes on Proposal 2 have the effect of a vote against this proposal.

THE BOARD OF DIRECTORS RECOMMENDS A VOTE FOR THE FOREGOING PROPOSAL, AND SIGNED PROXIES WHICH ARE RETURNED WILL BE SO VOTED UNLESS A CONTRARY VOTE IS DESIGNATED ON THE PROXY CARD.

OTHER MATTERS

The management of the Company is not aware of any other business that may come before the meeting. However, if additional matters properly come before the meeting, proxies will be voted at the discretion of the proxy holders.

FEES PAID TO INDEPENDENT AUDITORS

Audit Fees: The aggregate fees billed for professional services rendered by Arthur Andersen LLP, the Company's independent auditors, in connection with the audit and review of the 2001 financial statements, including quarterly reviews, was \$482,500.

Financial Information Systems Design and Implementation Fees: The aggregate fees billed for professional services rendered in connection with financial information systems design and implementation by Arthur Andersen LLP in 2001 was \$367,000.

All Other Fees: The aggregate of all other fees billed for professional services during 2001 by Arthur Andersen LLP was \$1,583,000. This includes \$771,000 of audit-related fees, which are primarily fees for statutory audits of foreign subsidiaries, benefit plan audits and assurance services related to SEC registration statements.

The Audit Committee has considered whether the services rendered by the independent auditors with respect to the foregoing fees are compatible with maintaining their independence and has concluded that such services do not impair their independence.
