NOTE 1 -- GENERAL

NATURE OF BUSINESS

On October 15, 2001, our Company, formerly known as Bactrol Technologies, Inc., and Military Resale Group, Inc., a Maryland corporation that was formed on October 6, 1997 ("MRG-Maryland"), executed a Stock Purchase Agreement pursuant

Edgar Filing: MILITARY RESALE GROUP INC - Form 10QSB

to which 98.2% of MRG's stock was effectively exchanged for a controlling interest in a publicly held "shell" corporation (the "Reverse Acquisition") that concurrently changed its name to Military Resale Group, Inc. This transaction is commonly referred to as a "reverse acquisition." For financial accounting purposes, this transaction has been treated as the issuance of stock for our net monetary assets, accompanied by a recapitalization of MRG-Maryland with no goodwill or other intangible assets recorded. For financial reporting purposes, MRG-Maryland was considered the acquirer, and therefore, the historical operating results of Bactrol Technologies, Inc. are not presented.

NOTE 2 -- BASIS OF PRESENTATION

In the opinion of our management, the accompanying unaudited condensed financial statements include all normal adjustments considered necessary to present fairly our financial position as of March 31, 2002, and results of operations and cash flows for the three months ended March 31, 2002 and 2001. Interim results are not necessarily indicative of results for a full year.

The condensed financial statements and notes are presented as permitted by Form 10-QSB, and do not contain certain information included in our audited financial statements and notes for the fiscal year ended December 31, 2001.

ITEM 2. MANAGEMENT'S DISCUSSION AND ANALYSIS OR PLAN OF OPERATION

CERTAIN STATEMENTS IN THIS REPORT CONSTITUTE "FORWARD-LOOKING STATEMENTS" WITHIN THE MEANING OF THE PRIVATE SECURITIES LITIGATION REFORM ACT OF 1995. SUCH FORWARD-LOOKING STATEMENTS INVOLVE KNOWN AND UNKNOWN RISKS, UNCERTAINTIES AND OTHER FACTORS WHICH MAY CAUSE OUR ACTUAL RESULTS, PERFORMANCE OR ACHIEVEMENTS TO BE MATERIALLY DIFFERENT FROM ANY FUTURE RESULTS, PERFORMANCE OR ACHIEVEMENTS EXPRESSED OR IMPLIED BY SUCH FORWARD-LOOKING STATEMENTS. THE WORDS "BELIEVE", "EXPECT", "ANTICIPATE", "INTEND" AND "PLAN" AND SIMILAR EXPRESSIONS IDENTIFY FORWARD-LOOKING STATEMENTS. READERS ARE CAUTIONED NOT TO PLACE UNDUE RELIANCE ON THESE FORWARD-LOOKING STATEMENTS, WHICH SPEAK ONLY AS OF THE DATE THE STATEMENT WAS MADE.

The following discussion should be read in conjunction with the financial statements and related notes appearing elsewhere in this Report.

OVERVIEW

Prior to November 15, 2001, we did not generate any significant revenue, and accumulated no significant assets, as we explored various business opportunities. On November 15, 2001, the date of the Reverse Acquisition, we acquired 98.2% of the issued and outstanding capital stock of MRG-Maryland, in exchange for a controlling interest in our publicly-held "shell" corporation.

Edgar Filing: MILITARY RESALE GROUP INC - Form 10QSB

For financial reporting purposes, MRG-Maryland was considered the acquirer in such transaction. As a result, our historical financial statements for any period prior to November 15, 2001 are those of MRG-Maryland.

RESULTS OF OPERATIONS -- THREE MONTHS ENDED MARCH 31, 2002 COMPARED TO THREE MONTHS ENDED MARCH 31, 2001

SALES. Sales for the three months ended March 31, 2002 of \$1,417,258 reflected an increase of \$326,851, or approximately 30%, compared to sales of \$1,090,407 for the three months ended March 31, 2001. This increase was attributable primarily to the addition of the new products we began offering during the 4th quarter of fiscal 2001, including Slimfast, L'eggs, Bush Beans and Rayovac Batteries. Approximately 60% of our sales for the one year period ended March 31, 2002 were derived from the sale of products we purchased from manufacturers and suppliers for resale to commissaries. In such instances, revenue was recognized as the gross sales amount of such products. Approximately 40% of our sales for the one year period ended March 31, 2002 were derived from the sale of products on a consignment basis, in which case, we acted as an agent for the manufacturer or supplier of the products we sold, and earned a commission based on the amount of the sale. In these instances, revenue was recognized as the net sales amount of such products after deducting the manufacturer's or supplier's cost. We intend to continue to seek to add new products that we can offer to commissaries or exchanges

6

from our existing manufactures and suppliers and from others with which we do not currently a working relationship.

In January 2002, we entered into an agreement with Pfizer, Inc. to distribute approximately 114 SKUs supplied by Pfizer, including Listerine, Benadryl, Rolaid's and Zantac. In March 2002, we entered into an agreement with Playtex Products, Inc. to distribute approximately 70 SKUs manufactured or supplied by Playtex, including a line of feminine hygiene products and a line of infant feeding products. Based upon the amount of Pfizer sales made in 2001 to the commissaries we currently service, we estimate that the inclusion of Pfizer's products should add approximately \$1 million to our annual sales. If that is the case, on a pro forma basis, assuming we had carried Pfizer's products throughout the year, Pfizer products would have accounted for approximately 17% of our 2001 sales. With the addition of the products supplied by Playtex and Pfizer, we anticipate that our 2002 sales will reach approximately \$7 million. However, there can be no assurance that our sales will reach such projected amount, and the amount of our actual sales may differ materially from such projections as a result of one or more of the factors described above, among others. Our basis for such projections includes historical sales data provided by the manufacturers of such additional products and by the Defense Commissary Agency. In addition, we have assumed that our sales for the 2nd, 3rd and 4th quarters of 2002 will continue to be 30% greater than our sales for the same periods in 2001.

Management believes our long-term success will be dependent in large part on our ability to add additional product offerings to enable us to increase our sales and revenues. However, we believe our ability to add additional product offerings is dependent on our ability to obtain increased capital to fund new business development and increased sales and marketing efforts. We are currently in discussions with a number of other manufacturers and suppliers in an effort to reach a distribution agreement for their products to the military market. While there can be no assurance that we will do so, we believe we will be successful in negotiating agreements with a number of such suppliers and manufacturers, and that by the end of fiscal year 2002, aggregate monthly sales

Edgar Filing: MILITARY RESALE GROUP INC - Form 10QSB

levels will reach at least \$1 million on an annualized basis. However, there can be no assurance that our sales will reach such projected amount, and the amount of our actual sales may differ materially from such projections as a result of one or more of the factors described above, among others.

To date, all of our sales revenue has been generated from customers located in the United States.

COST OF GOODS SOLD. In instances where we purchase products from manufacturers and suppliers for resale to commissaries, cost of goods sold consists of our cost to acquire such products. In instances where we sell products on a consignment basis, there is no cost of goods sold because we act as an agent for the manufacturer or supplier and earn only a commission on such sales. During the three months ended March 31, 2001, cost of goods sold increased by approximately \$267,000, or approximately 27.5%, to \$1.23 million from \$970,000 for the three months ended March 31, 2001. This increase was attributable primarily to an increase in the

7

ratio of sales of products we purchase from manufacturers and suppliers for resale to commissaries versus sales of products on a consignment basis.

GROSS PROFIT. Gross profit for the three months ended March 31, 2002 increased by approximately \$59,000, or approximately 50%, compared to the three months ended March 31, 2001, from \$119,000 for the three months ended March 31, 2001 to \$178,000 for the year ended March 31, 2002. This increase was attributable primarily to an increase in the sale of products supplied by vendors from whom we purchase goods for resale.

OPERATING EXPENSES. Total operating expenses aggregated approximately \$268,000 for the three months ended March 31, 2002 as compared to approximately \$215,000 for the three months ended March 31, 2001, representing an increase of approximately \$53,000, or approximately 25%. The increase in total operating expenses for the three month period ended March 31, 2002 was attributable primarily to increased professional fees of approximately \$16,500, or 7%, resulting primarily from the costs of the preparation of a registration statement under the Securities Act of 1933 relating to a proposed offering of equity securities; increased occupancy expense of approximately \$55,000, or 21%, resulting from our move to larger office and warehouse facilities in September 2001; increased salary and wages of approximately \$90,000, or 34%, due primarily to the addition of office and warehouse personnel and, to a lesser extent, increased wages; and increased trucking expense of approximately \$24,000, or 10%, due primarily to the addition of one truck and the renewal of two truck leases at higher rates.

NET LOSS. Primarily as a result of the increased revenues discussed above, we incurred a net loss of \$95,940 for the three months ended March 31, 2002 as compared to a net loss of \$97,182 for the three months ended March 31, 2001.

LIQUIDITY AND CAPITAL RESOURCES

At March 31, 2002, we had a cash balance approximately \$54,600. Our principal source of liquidity has been borrowings. In 2001, we funded our operations from borrowings of approximately \$195,000. In the first quarter of 2002, we issued convertible promissory notes having an aggregate principal amount of \$225,000. Such notes become due on June 30, 2002 and bear interest at the rate of 8% per annum. The notes are convertible into a maximum of 2,439,667 shares of our common stock at the option of the note holders. In April 2002, the

Edgar Filing: MILITARY RESALE GROUP INC - Form 10QSB

holders of \$150,000 aggregate principal amount of such notes converted their notes into an aggregate of 1,758,234 shares of our common stock. The failure to have such registration statement declared effective by April 15, 2002 is an event of default under the notes. The promissory notes are subject to certain anti-dilution adjustments.

Our current level of cash flows from operating activities is not sufficient to enable us to execute our business strategy. As a result, we intend to seek additional capital through the sale of up to 5,000,000 shares of our common stock. In December 2001, we filed with the Securities and Exchange Commission a registration statement relating to such shares. Such registration statement has not yet been declared effective, and there can be no assurance that the Securities

8

and Exchange Commission will declare such registration statement effective in the near future, if at all. In the interim, we intend to fund our operations based on our cash position and the near term cash flow generated from operations, as well as additional borrowings. In the event we sell only a nominal number of shares (i.e. 1,000,000 shares) in our proposed offering, we believe that the net proceeds of such sale, together with anticipated revenues from sales of our products, will satisfy our capital requirements for at least the next 12 months. However, we would require additional capital to realize our strategic plan to expand distribution capabilities and product offerings. These conditions raise substantial doubt about our ability to continue as a going concern. Our actual financial results may differ materially from the stated plan of operations.

Assuming that we receive a nominal amount of proceeds from our proposed offering of common stock, we expect capital expenditures to be approximately \$200,000 during the next twelve months, primarily for the acquisition of an inventory control system. It is expected that our principal uses of cash will be to provide working capital, to finance capital expenditures, to repay indebtedness and for other general corporate purposes, including sales and marketing and new business development. The amount of spending for any particular purpose is dependent upon the total cash available to us and the success of our offering of common stock.

At March 31, 2002, we had liquid assets of \$438,000, consisting of cash and accounts receivable derived from operations, and other current assets of \$397,000, consisting primarily of inventory of products for sale and/or distribution. Long term assets of \$177,000 consisted primarily of warehouse equipment used in operations.

Current liabilities of \$1.2 million at March 31, 2002 consisted of approximately \$1 million of accounts payable and \$387,500 for the current portion of notes payable, of which approximately \$120,000 was payable to our officers or our other affiliates.

Our working capital deficit was \$630,000 as of March 31, 2002 for the reasons described above.

We used cash of \$62,000 in operating activities during the three months ended March 31, 2002, primarily as a result of the net loss incurred during the period.

We used net cash of \$2,000 in investing activities during the three months ended March 31, 2002, all of which was used for capital expenditures.

Edgar Filing: MILITARY RESALE GROUP INC - Form 10QSB

Financing activities consisting primarily of short-term borrowings provided net cash of \$118,000 during the three months ended March 31, 2002.
