### Privacy Principles of the Trusts

The Trusts are committed to maintaining the privacy of shareholders and to safeguarding their non-public personal information. The following information is provided to help you understand what personal information the Trusts collect, how we protect that information and why, in certain cases, we may share information with select other parties.

Generally, the Trusts do not receive any non-public personal information relating to their shareholders, although certain non-public personal information of shareholders may become available to the Trusts. The Trusts do not disclose any non-public personal information about their shareholders or former shareholders to anyone, except as permitted by law or as is necessary in order to service shareholder accounts (for example, to a transfer agent or third party administrator).

The Trusts restrict access to non-public personal information about their shareholders to BlackRock employees with a legitimate business need for the information. The Trusts maintain physical, electronic and procedural safeguards designed to protect the non-public personal information of their shareholders.

**LETTER TO SHAREHOLDERS**

June 30, 2005

Dear Shareholder:

We are pleased to report that during the semi-annual period, the Trusts provided monthly income, as well as the opportunity to invest in various portfolios of municipal securities. This report contains the Trusts' unaudited financial statements and a listing of the portfolios' holdings.

The portfolio management team continuously monitors the municipal bond market and adjusts the portfolios in order to gain exposure to various issuers, revenue sources and security types. This strategy enables the Trusts to move among different sectors, credits and coupons to capitalize on changing market conditions.

The following table shows the Trusts' current yields, tax-equivalent yields, closing market prices per share and net asset values ( NAV ) per share as of June 30, 2005.

Trust (Ticker)	Current Yield <sup>1</sup>	Tax-Equivalent Yield <sup>2</sup>	Closing Market Price	NAV

<sup>1</sup> Yields are based on closing market price. These yields may increase/decrease due to an increase/decrease in the monthly distribution per common share.

<sup>2</sup> Tax-equivalent yield assumes the maximum Federal tax rate of 35%.

BlackRock, Inc. ( BlackRock ), a world leader in asset management, has a proven commitment to the municipal bond market. As of June 30, 2005, BlackRock managed over \$26 billion in municipal bonds, including seven open-end and 37 closed-end municipal bond funds. BlackRock is recognized for its emphasis on risk management and proprietary analytics and for its reputation managing money for the world's largest institutional investors. BlackRock Advisors, Inc., and its affiliate, BlackRock Financial Management, Inc., which manage the Trusts, are wholly owned subsidiaries of BlackRock.

- <sup>1</sup> Using the higher of S&P's, Moody's or Fitch's rating.
- <sup>2</sup> Date (month/year) and price of the earliest optional call or redemption. There may be other call provisions at varying prices at later dates.
- <sup>3</sup> Security is collateralized by U.S. Treasury obligations.
- <sup>4</sup> This bond is prefunded. U.S. government securities, held in escrow, are used to pay interest on this security, as well as retire the bond in full at the date indicated, typically at a premium to par.
- <sup>5</sup> For purposes of amortized cost valuation, the maturity date of this instrument is considered to be the earlier of the next date on which the security can be redeemed at par, or the next date on which the rate of interest is adjusted. Rate shown is rate as of June 30, 2005.
- <sup>6</sup> Cost for Federal income tax purposes is \$684,529,336. The net unrealized appreciation on a tax basis is \$26,389,306, consisting of \$26,593,127 gross unrealized appreciation and \$203,821 gross unrealized depreciation.

The value (market value plus accrued interest) of securities that are covered by insurance, which ensures the payment of principal and interest, represent approximately 85.9% of the Trust's managed assets.

- 1 Total investment return is calculated assuming a purchase of a common share at the current market price on the first day and a sale at the current market price on the last day of each period reported. Dividends and distributions, if any, are assumed for purposes of this calculation to be reinvested at prices obtained under the Trust's dividend reinvestment plan. Total investment returns do not reflect brokerage commissions. Total investment returns for less than a full year are not annualized. Past performance is not a guarantee of future results.
  - 2 Ratios are calculated on the basis of income and expenses applicable to both the common and preferred shares relative to the average net assets of common shareholders.
  - 3 Annualized.

The information in the above Financial Highlights represents the operating performance for a common share outstanding, total investment returns, ratios to average net assets and other supplemental data for each period indicated. 1 Total investment return is calculated assuming a purchase of a common share at the current market price on the first day and a sale at the current market price on the last day of each period reported. Dividends and distributions, if any, are assumed for purposes of this calculation to be reinvested at prices obtained under the Trust's dividend reinvestment plan. Total investment returns do not reflect brokerage commissions. Total investment returns for less than a full year are not annualized. Past performance is not a guarantee of future results.

2 Ratios are calculated on the basis of income and expenses applicable to both the common and preferred shares relative to the average net assets of common shareholders.

3 Annualized.

Municipal Strategic and Pennsylvania Strategic are herein referred to as the Strategic Trusts.

The following is a summary of significant accounting policies followed by the Trusts.

**Investments Valuation:** Municipal investments (including commitments to purchase such investments on a when-issued basis) are valued on the basis of prices provided by dealers or pricing services selected under the supervision of each Trust's Board of Trustees or Board of Directors, as the case may be (each, a Board ). In determining the value of a particular investment, pricing services may use certain information with respect to transactions in such investments, quotations from bond dealers, market transactions in comparable investments and various relationships between investments. A futures contract is valued at the last sale price as of the close of the commodities exchange on which it trades. Short-term securities may be valued at amortized cost. Investments in open-end investment companies are valued at net asset value. Any investments or other assets for which such current market quotations are not readily available are valued at fair value ( Fair Value Assets ) as determined in good faith under procedures established by, and under the general supervision and responsibility of, each Trust's Board. The investment advisor and/or sub-advisor will submit its recommendations regarding the valuation and/or valuation methodologies for Fair Value Assets to a valuation committee. The valuation committee may accept, modify or reject any recommendations. The pricing of all Fair Value Assets shall be subsequently reported to and ratified by the relevant Board.

When determining the price for a Fair Value Asset, the investment advisor and/or sub-advisor shall seek to determine the price that the Trust might reasonably expect to receive from the current sale of that asset in an arm's-length transaction. Fair value determinations shall be based upon all available factors that the investment advisor and/or sub-advisor deems relevant.

**Investment Transactions and Investment Income:** Investment transactions are recorded on trade date. Realized and unrealized gains and losses are calculated on the identified cost basis. Each Trust also records interest income on an accrual basis and amortizes premium and/or accretes discount on securities purchased using the interest method.

**Financial Futures Contracts:** A futures contract is an agreement between two parties to buy and sell a financial instrument for a set price on a future date. Initial margin deposits are made upon entering into futures contracts and can be either cash or securities. During the period the futures contract is open, changes in the value of the contract are recognized as unrealized gains or losses by marking-to-market on a daily basis to reflect the market value of the contract at the end of each day's trading. Variation margin payments are made or received, depending upon whether unrealized gains or losses are incurred. When the contract is closed, the Trust records a realized gain or loss equal to the difference between the proceeds from (or cost of) the closing transaction and the Trust's basis in the contract.

Financial futures contracts, when used by the Trusts, help in maintaining a targeted duration. Futures contracts can be sold to effectively shorten an otherwise longer duration portfolio. In the same sense, futures contracts can be purchased to lengthen a portfolio that is shorter than its duration target. Thus, by buying or selling futures contracts, the Trusts may attempt to manage the duration of positions so that changes in interest rates do not change the duration of the portfolio unexpectedly.

**Segregation:** In cases in which the Investment Company Act of 1940, as amended, and the interpretive positions of the Securities and Exchange Commission (the Commission ) require that each Trust segregate assets in connection with certain investments (e.g., when-issued securities, reverse repurchase agreements or futures contracts), each Trust will, consistent with certain interpretive letters issued by the Commission, designate on its books and records cash or other liquid securities having a market value at least equal to the amount that would otherwise be

required to be physically segregated.

**Federal Income Taxes:** It is each Trust's intention to continue to be treated as a regulated investment company under the Internal Revenue Code and to distribute sufficient net income to shareholders. For this reason and because substantially all of the gross income of each Trust consists of tax-exempt interest, no Federal income tax provisions are required.

**Dividends and Distributions:** Each Trust declares and pays dividends and distributions to common shareholders monthly from net investment income, net realized short-term capital gains and other sources, if necessary. Net long-term capital gains, if any, in excess of loss carryforwards may be distributed in accordance with the 1940 Act. Dividends and distributions are recorded on the ex-dividend date. Income distributions and capital gain distributions are determined in accordance with income tax regulations which may differ from accounting principles generally accepted in the United States of America. Dividends and distributions to preferred shareholders are accrued and determined as described in Note 4.

**Estimates:** The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from these estimates.

**Deferred Compensation and BlackRock Closed-End Share Equivalent Investment Plan:** Under the deferred compensation plan approved by each Trust's Board, non-interested Trustees/Directors ( Trustees ) are required to defer a portion of their annual complex-wide compensation. Deferred amounts earn an approximate return as though equivalent dollar amounts had been invested in common shares of other BlackRock closed-end trusts selected by the Trustees. This has the same economic effect for the Trustees as if the Trustees had invested the deferred amounts in such Trusts.

The deferred compensation plan is not funded and obligations thereunder represent general unsecured claims against the general assets of the Trust. Each Trust may, however, elect to invest in common shares of those Trusts selected by the Trustees in order to match its deferred compensation obligations.

## Note 2. Agreements

Each Trust has an Investment Management Agreement with BlackRock Advisors, Inc. (the Advisor ), a wholly owned subsidiary of BlackRock, Inc. BlackRock Financial Management, Inc., a wholly owned subsidiary of BlackRock, Inc., serves as sub-advisor to the 2018 Trusts and 2020 Trusts. BlackRock, Inc. is an indirect majority owned subsidiary of The PNC Financial Services Group, Inc. The Investment Management Agreements for the 2018 Trusts, 2020 Trusts and Strategic Trusts cover both investment advisory and administration services. Each 2008 Trust, Insured Municipal Trust and Municipal Target Trust has an Administration Agreement with the Advisor.

Each Trust's investment advisory fee paid to the Advisor is computed weekly and payable monthly based on an annual rate, 0.35% for the 2008 Trusts, Insured Municipal Trust and Municipal Target Trust, 0.40% for the 2018 Trusts, 0.50% for the 2020 Trusts and 0.60% for the Strategic Trusts, of the Trust's average weekly managed assets. Managed assets means the total assets of a Trust (including any assets attributable to any preferred shares that may be outstanding) minus the sum of accrued liabilities (other than debt representing financial leverage). The Advisor has voluntarily agreed to waive a portion of the investment advisory fee or other expenses on the Strategic Trusts as a percentage of managed assets as follows: 0.25% for the first five years of each of the Trust's operations, 0.20% in year six, 0.15% in year seven, 0.10% in year eight and 0.05% in year nine.

The administration fee paid to the Advisor by the 2008 Trusts, Insured Municipal Trust and Municipal Target Trust is computed weekly and payable monthly based on an annual rate of 0.10% for each 2008 Trust and Insured Municipal Trust and 0.07% for Municipal Target Trust, of the Trusts' average weekly managed assets.

Pursuant to the agreements, the Advisor provides continuous supervision of the investment portfolio and pays the compensation of officers of each Trust who are affiliated persons of the Advisor, occupancy and certain clerical and accounting costs of each Trust. Each Trust bears all other costs and expenses, which may include reimbursements to the Advisor for costs of employees that provide pricing, secondary market support and compliance services to each Trust. For the six months ended June 30, 2005, the Trusts reimbursed the Advisor the following amounts:

<u>Trust</u>	<u>Amount</u>	<u>Trust</u>	<u>Amount</u>
Municipal Insured 2008	\$ 14,842	California 2018	\$ 3,470

For Federal income tax purposes, the following Trusts had capital loss carryforwards as of their last respective tax year-end (other than the 2020 Trusts and Strategic Trusts, each of which has a tax year-end of June 30th). These amounts may be used to offset future realized capital gains, if any:

<u>Trust</u>	<u>Capital Loss Carryforward Amount</u>	<u>Expires</u>	<u>Trust</u>	<u>Capital Loss Carryforward Amount</u>	<u>Expires</u>

Dividends on 7-day preferred shares are cumulative at a rate which is reset every seven days based on the results of an auction. Dividends on 28-day preferred shares are cumulative at a rate which is reset every 28 days based on the results of an auction. The dividend ranges on the preferred shares for each of the Trusts for the six months ended June 30, 2005, were as follows:

<u>Trust</u>	<u>Low</u>	<u>High</u>	<u>Trust</u>	<u>Low</u>	<u>High</u>
Municipal Insured 2008	0.70%	2.75%	California 2018	1.06%	2.05%

A Trust may not declare dividends or make other distributions on common shares or purchase any such shares if, at the time of the declaration, distribution or purchase, asset coverage with respect to the outstanding preferred shares would be less than 200%.

The preferred shares are redeemable at the option of each Trust, in whole or in part, on any dividend payment date at \$25,000 per share plus any accumulated or unpaid dividends whether or not declared. The preferred shares are also subject to mandatory redemption at \$25,000 per share plus any accumulated or unpaid dividends, whether or not declared, if certain requirements relating to the composition of the assets and liabilities of a Trust, as set forth in each Trust's Declaration of Trust/Articles Supplementary, are not satisfied.

The holders of preferred shares have voting rights equal to the holders of common shares (one vote per share) and will vote together with holders of common shares as a single class. However, holders of preferred shares, voting as a separate class, are also entitled to elect two Directors/Trustees for each Trust. In addition, the Investment Company Act of 1940, as amended, requires that along with approval by shareholders that might otherwise be required, the approval of the holders of a majority of any outstanding preferred shares, voting separately as a class, would be required to (a) adopt any plan of reorganization that would adversely affect the preferred shares, (b) change a Trust's sub-classification as a closed-end investment company or change its fundamental investment restrictions or (c) change its business so as to cease to be an investment company.

On February 7, 2005, Municipal Target Trust's Board approved the redemption of all of the 3,000 W28 preferred shares outstanding in preparation for its termination on or about December 31, 2006. The shares were redeemed at a price of \$25,000 per share (an aggregate price of \$75,000,000) plus any accrued and unpaid dividends through the redemption date on March 10, 2005. Management believes that the redemption of the W28 preferred shares will not affect the Municipal Target Trust's ability to satisfy the terms of the remaining preferred shares outstanding.

**Note 6. Dividends**

Subsequent to June 30, 2005, the Board of each Trust declared dividends from undistributed earnings per common share payable August 1, 2005, to shareholders of record on July 4, 2005. The per share common dividends declared were:

## DIVIDEND REINVESTMENT PLANS

---

Pursuant to each Trust's Dividend Reinvestment Plan (the Plan), common shareholders of the 2008 Trusts, Insured Municipal and Municipal Target may elect, while the common shareholders of the 2018 Trusts, 2020 Trusts and Strategic Trusts are automatically enrolled, to have all distributions of dividends and capital gains reinvested by EquiServe Trust Company, N.A. (the Plan Agent) in the respective Trust's shares pursuant to the Plan. Shareholders who do not participate in the Plan will receive all distributions in cash paid by check and mailed directly to the shareholders of record (or if the shares are held in street or other nominee name, then to the nominee) by the Plan Agent, which serves as agent for the shareholders in administering the Plan.

After a 2008 Trust, Insured Municipal, 2018 Trust, 2020 Trust and/or Municipal Target declares a dividend or determines to make a capital gain distribution, the Plan Agent will acquire shares for the participants' account, by the purchase of outstanding shares on the open market, on the Trust's primary exchange or elsewhere (open market purchases). These Trusts will not issue any new shares under the Plan.

After a Strategic Trust declares a dividend or determines to make a capital gain distribution, the Plan Agent will acquire shares for the participants' account, depending upon the circumstances described below, either (i) through receipt of unissued but authorized shares from the Trust (newly issued shares) or (ii) by open market purchases. If, on the dividend payment date, the NAV is equal to or less than the market price per share plus estimated brokerage commissions (such condition being referred to herein as market premium), the Plan Agent will invest the dividend amount in newly issued shares on behalf of the participants. The number of newly issued shares to be credited to each participant's account will be determined by dividing the dollar amount of the dividend by the NAV on the date the shares are issued. However, if the NAV is less than 95% of the market price on the payment date, the dollar amount of the dividend will be divided by 95% of the market price on the payment date. If, on the dividend payment date, the NAV is greater than the market value per share plus estimated brokerage commissions (such condition being referred to herein as market discount), the Plan Agent will invest the dividend amount in shares acquired on behalf of the participants in open market purchases.

Participation in the Plan is completely voluntary and may be terminated or resumed at any time without penalty by notice if received and processed by the Plan Administrator prior to the dividend record date; otherwise such termination or resumption will be effective with respect to any subsequently declared dividend or other distribution.

The Plan Agent's fees for the handling of the reinvestment of dividends and distributions will be paid by each Trust. However, each participant will pay a pro rata share of brokerage commissions incurred with respect to the Plan Agent's open market purchases in connection with the reinvestment of dividends and distributions. The automatic reinvestment of dividends and distributions will not relieve participants of any Federal income tax that may be payable on such dividends or distributions.

Each Trust reserves the right to amend or terminate the Plan. There is no direct service charge to participants in the Plan; however, each Trust reserves the right to amend the Plan to include a service charge payable by the participants. Participants that request a sale of shares through the Plan Agent are subject to a \$2.50 sales fee and a \$0.15 per share sold brokerage commission. All correspondence concerning the Plan should be directed to the Plan Agent at 250 Royall Street, Canton, MA 02021, or by calling (800) 699-1BFM.

## BOARD REVIEW OF INVESTMENT MANAGEMENT AGREEMENTS

---

At a meeting held on May 26, 2005, the board of trustees (the Board or the Trustees) of each trust (each a Trust), including the independent trustees (the Independent Trustees), unanimously approved the continuance of an Investment Management Agreement between each Trust and BlackRock Advisors, Inc. (the Advisor). For each Investment Management Agreement, the Boards also approved a related Sub-Investment Advisory Agreement, when applicable, among each respective Trust, the Advisor and BlackRock Financial Management, Inc. (the Sub-Advisor). The Investment Management Agreements and the Sub-Investment Advisory Agreements sometimes are referred to herein collectively as the Agreements. The Advisor and the Sub-Advisor sometimes are referred to herein collectively as BlackRock.

### Information Received by the Boards

To assist each Board in its evaluation of the Agreements, the Independent Trustees received information from BlackRock on or about April 27, 2005 which detailed, among other things: the organization, business lines and capabilities of BlackRock, including the responsibilities of various departments and key personnel and biographical information relating to key personnel; financial statements for BlackRock, Inc., the PNC Financial Services Group, Inc. and each Trust; the advisory and/or administrative fees paid by each Trust to BlackRock, including comparisons, compiled by an independent third party, with the management fees of funds with similar investment objectives (Peers); the profitability of BlackRock and certain industry profitability analyses for advisors to registered investment companies; the expenses of BlackRock in providing the various services; non-investment advisory reimbursements and fallout benefits to BlackRock; the expenses of each Trust, including comparisons of the respective Trust's expense ratios (both before and after any fee waivers) with the expense ratios of its Peers;

and each Trust's performance for the past one-, three-, five- and ten-year periods, when applicable, as well as each Trust's performance compared to its Peers. This information supplemented the information received by each Board throughout the year regarding each Trust's performance, expense ratios, portfolio composition, trade execution and compliance.

In addition to the foregoing materials, independent legal counsel to the Independent Trustees provided a legal memorandum outlining, among other things, the duties of the Boards under the 1940 Act as well as the general principles of relevant law in reviewing and approving advisory contracts, the requirements of the 1940 Act in such matters, an advisor's fiduciary duty with respect to advisory agreements and compensation, and the standards used by courts in determining whether investment company boards of directors have fulfilled their duties and factors to be considered by the boards in voting on advisory agreements.

Prior to the Board meeting, the Independent Trustees reviewed a preliminary binder of information, and, in consultation with independent counsel, submitted a memorandum on May 12, 2005, to BlackRock setting forth certain questions and requests for additional information. BlackRock responded to these questions in writing on May 24, 2005 and May 25, 2005. The Independent Trustees reviewed these responses with independent counsel on May 25, 2005.

At the Board meeting on May 26, 2005, BlackRock made a presentation to and responded to additional questions from the Boards. After the presentations and after reviewing the written materials, the Independent Trustees met in executive session with their legal counsel to review the Boards' duties in reviewing the Agreements and to consider the renewal of the Agreements. With this background, the Boards considered each Agreement and, in consultation with independent counsel, reviewed the factors set out in judicial decisions and Securities and Exchange Commission statements relating to the renewal of the Agreements.

#### **Matters Considered by the Boards**

In connection with their deliberations, the Boards considered all factors they believed relevant with respect to each Trust, including the following: the nature, extent and quality of the services to be provided by BlackRock; the investment performance of each Trust; the costs of the services to be provided and profits to be realized by BlackRock and its affiliates from their relationship with the Trusts; the extent to which economies of scale would be realized as the BlackRock closed-end complex grows; and whether BlackRock realizes other benefits from its relationship with the Trusts.

*Nature and Quality of Investment Advisory and Sub-Advisory Services.* In evaluating the nature, extent and quality of BlackRock's services, the Boards reviewed information concerning the types of services that BlackRock provides and is expected to provide to each Trust, narrative and statistical information concerning each Trust's performance record and how such performance compares to each Trust's Peers, information describing BlackRock's organization and its various departments, the experience and responsibilities of key personnel and available resources. The Boards further noted the willingness of the personnel of BlackRock to engage in open, candid discussions with the Boards. The Boards further considered the quality of BlackRock's investment process in making portfolio management decisions. Given the Boards' experience with BlackRock, the Boards noted that they were familiar with and continue to have a good understanding of the organization, operations and personnel of BlackRock.

In addition to advisory services, the Independent Trustees considered the quality of the administrative or non-investment advisory services provided to the Trusts. In this regard, BlackRock provides each Trust with such administrative and other services (exclusive of, and in addition to, any such services provided by others for the Trusts) and officers and other personnel as are necessary for the operations of the respective Trust. In addition to investment management services, BlackRock and its affiliates provide each Trust with a wide range of services, including: preparing shareholder reports and communications, including annual and semi-annual financial statements and Trust web sites; communications with analysts to support secondary market trading; assisting with daily accounting and pricing; preparing periodic filings with regulators and stock exchanges; overseeing and coordinating the activities of other service providers; administering and organizing Board meetings and preparing the Board materials for such meetings; providing legal and compliance support (such as helping to prepare proxy statements and responding to regulatory inquiries); and performing other Trust administrative tasks necessary for the operation of the respective Trust (such as tax reporting and fulfilling regulatory filing requirements). In addition, in evaluating the administrative services, the Boards considered, in particular, BlackRock's policies and procedures for assuring compliance with applicable laws and regulations in light of the new Securities and Exchange Commission regulations governing compliance. The Boards noted BlackRock's focus on compliance and its compliance systems. The Independent Trustees noted that BlackRock's commitment to supporting the secondary market for the common shares of its closed-end funds is particularly noteworthy.

*The Investment Performance of the Trusts.* As previously noted, the Boards received myriad performance information regarding each Trust and its Peers. Among other things, the Boards received materials reflecting each Trust's historic performance and each Trust's performance compared to its Peers. More specifically, each Trust's one-, three-, five- and ten-year total returns (when applicable) were evaluated relative to its respective Peers (including the performance of individual peers as well as the Peers' average performance).

The Boards also reviewed a narrative analysis of the Peer rankings that was prepared by an independent third party and summarized by BlackRock at the Boards' request. The summary placed the Peer rankings into context by analyzing various factors that affect these comparisons. In evaluating the performance information, in certain limited instances, the Boards noted that the Peers most similar to a given Trust still would not adequately reflect such Trust's investment objectives and strategies, thereby limiting the usefulness of the comparisons of such Trust's performance with that of its Peers. The Boards noted the quality of information provided by BlackRock throughout the year with respect to the performance of the Trusts. The Boards considered this information in connection with its deliberations as to whether the level of management services provided to each Trust, in light of all the other facts and circumstances relating to that Trust, supports a conclusion that the Trust's Agreement should be renewed.

*Fees and Expenses.* In evaluating the management fees and expenses that a Trust is expected to bear, the Boards considered each Trust's current management fee structure and the Trust's expected expense ratios in absolute terms as well as relative to the fees and expense ratios of applicable Peers. In reviewing fees, the Boards, among other things, reviewed comparisons of each Trust's gross management fees before and

after any applicable reimbursements and fee waivers and total expense ratios before and after any applicable waivers with those of the applicable Peers. The Boards also reviewed a narrative analysis of the Peer rankings that was prepared by an independent third party and summarized by BlackRock at the request of the Boards. This summary placed the rankings into context by analyzing various factors that affect these comparisons.

The Boards also compared the management fees charged to the Trusts by BlackRock to the management fees BlackRock charges other types of clients (such as open-end investment companies and institutional separately managed accounts). With respect to open-end investment com-

panies, the management fees charged to the Trusts generally were higher than those charged to the open-end investment companies. The Boards also noted that BlackRock provides the Trusts with certain services not provided to open-end funds, such as leverage management in connection with the issuance of preferred shares, stock exchange listing compliance requirements, rating agency compliance with respect to the leverage employed by the Trusts and secondary market support and other services not provided to the Trusts, such as monitoring of subscriptions and redemptions. With respect to separately managed institutional accounts, the management fees for such accounts were generally lower than those charged to the comparable Trusts. The Boards noted, however, the various services that are provided and the costs incurred by BlackRock in managing and operating the Trusts. For instance, BlackRock and its affiliates provide numerous services to the Trusts that are not provided to institutional accounts including, but not limited to: preparing shareholder reports and communications, including annual and semi-annual financial statements; preparing periodic filings with regulators and stock exchanges; overseeing and coordinating the activities of other service providers; administering and organizing Board meetings and preparing the Board materials for such meetings; income monitoring; expense budgeting; preparing proxy statements; and performing other Trust administrative tasks necessary for the operation of the respective Trust (such as tax reporting and fulfilling regulatory filing requirements). Further, the Boards noted the increased compliance requirements for the Trusts in light of new Securities and Exchange Commission regulations and other legislation. These services are generally not required to the same extent, if at all, for separate accounts.

The Boards considered this information in connection with its deliberations as to whether the fees paid by each Trust under its Agreements, in light of all the other facts and circumstances relating to that Trust, supports a conclusion that the Trust's Agreements should be renewed.

*Profitability.* The Trustees also considered BlackRock's profitability in conjunction with their review of fees. The Trustees reviewed BlackRock's revenues, expenses and profitability margins on an after-tax basis. In reviewing profitability, the Trustees recognized that one of the most difficult issues in determining profitability is establishing a method of allocating expenses. The Trustees also reviewed BlackRock's assumptions and methodology of allocating expenses. In this regard, the methods of allocation used appeared reasonable but the Boards noted the inherent limitations in allocating costs among various advisory products. The Boards also recognized that individual fund or product line profitability of other advisors is generally not publicly available.

The Boards recognized that profitability may be affected by numerous factors including, among other things, the types of funds managed, expense allocations and business mix, and therefore comparability of profitability is somewhat limited. Nevertheless, to the extent available, the Boards considered BlackRock's pre-tax profit margin compared to the pre-tax profitability of various publicly-traded investment management companies and/or investment management companies that publicly disclose some or all of their financial results.

In evaluating the reasonableness of BlackRock's compensation, the Boards also considered any other revenues paid to BlackRock, including partial reimbursements paid to BlackRock for certain non-investment advisory services. The Boards noted that these payments were less than BlackRock's costs for providing these services. The Boards also considered indirect benefits (such as soft dollar arrangements) that BlackRock and its affiliates are expected to receive that are attributable to their management of the Trusts.

In reviewing each Trust's fees and expenses, the Boards examined the potential benefits of economies of scale, and whether any economies of scale should be reflected in the Trust's fee structures, for example through the use of breakpoints. In this connection, the Boards reviewed information provided by BlackRock, noting that most closed-end fund complexes do not have fund-level breakpoints, as closed-end funds generally do not experience substantial growth after their initial public offering and each fund is managed independently consistent with its own investment objectives. The information also revealed that only one closed-end fund complex used a complex-level breakpoint structure, and that this complex generally is homogeneous with regard to the types of funds managed and is about four times as large as the Trust's complex. The Boards concluded that breakpoints were not warranted at this time.

*Other Benefits.* In evaluating fees, the Boards also considered indirect benefits or profits BlackRock or its affiliates may receive as a result of their relationships with the Trusts. The Trustees, including the Independent Trustees, considered the intangible benefits that accrue to BlackRock and its affiliates by virtue of their relationships with the Trusts, including potential benefits accruing to BlackRock and its affiliates as a result of potentially stronger relationships with members of the broker-dealer community, increased name recognition of BlackRock and its affiliates, enhanced sales of other investment funds and products sponsored by BlackRock and its affiliates and increased assets under management which may increase the benefits realized by BlackRock from soft dollar arrangements with broker-dealers. The Boards also considered the unquantifiable nature of these potential benefits.

*Miscellaneous.* During the Boards' deliberations in connection with the Agreements, the Boards were aware that the Advisor pays compensation, out of its own assets, to the lead underwriter and to certain qualifying underwriters of many of its closed-end funds, and to employees of BlackRock and its affiliates that participated in the offering of such funds. The Boards considered whether the management fee met applicable standards in light of the services provided by BlackRock, without regard to whether BlackRock ultimately pays any portion of the anticipated compensation to the underwriters.

## **Conclusion**

The Trustees did not identify any single factor discussed above as all-important or controlling. The Trustees, including a majority of Independent Trustees, determined that each of the factors described above, in light of all the other factors and all of the facts and circumstances applicable to each respective Trust, was acceptable for each Trust and supported the Trustees' conclusion that the terms of each Agreement were fair and reasonable, that the respective Trust's fees are reasonable in light of the services provided to the respective Trust, and that the renewal of each Agreement should be approved.

### ADDITIONAL INFORMATION

We are required by the Internal Revenue Code to advise you within 60 days of a Trust's tax year-end as to the Federal tax status of dividends paid by the Trusts during such tax year. Accordingly, during the tax year-end June 30, 2005, all dividends paid by the Strategic Trusts (the only Trusts with June 30th tax year-ends) were federally tax-exempt interest dividends.
