**ELITE PHARMACEUTICALS, INC.
PROXY STATEMENT**

This Proxy Statement, our Annual Report on Form 10-K for the fiscal year ended March 31, 2009, our quarterly report on Form 10-Q for the three months ended June 30, 2009, and the accompanying proxy card are first being distributed to shareholders on or about September 14, 2009.

INFORMATION CONCERNING SOLICITATION AND VOTING

General

This Proxy Statement is furnished in connection with the solicitation of proxies by the Board of Directors of Elite Pharmaceuticals, Inc., a Delaware corporation (*Elite* , the *Company* , *we* , *our* or *us*), for our Annual Meeting of Stockholders to be held on October 23, 2009, and any adjournments thereof. You are receiving this Proxy Statement because you own shares of the Company's Common Stock that entitle you to vote at the Annual Meeting of the Stockholders. By use of proxy, you can vote, whether or not you attend the meeting. This Proxy Statement describes the matters we would like you to vote on and provides information on those matters so you can make an informed decision.

The information included in this Proxy Statement relates to the proposals to be voted on at the Annual Meeting of the Stockholders, the voting process, the Company's Board of Directors and committees, the compensation of directors and certain executive officers and other required information.

Purpose

The purpose of the Annual Meeting is to elect directors and to conduct the business described in the Notice of the Annual Meeting of Stockholders.

Record Date and Voting Rights

The holders of our common stock, par value \$0.01 per share (the *Common Stock*), and our Series E Convertible Preferred Stock, par value \$0.01 per share, are entitled to vote at the Annual

Meeting. Each share of Common Stock entitles the holder of record thereof at the close of business on August 24, 2009 to one vote on each of the matters to be voted upon at the Annual Meeting. Each share of Series E Preferred Stock entitles the holder of record thereof at the close of business on August 24, 2009 to the number of votes equal to the number of shares of Common Stock into which such share of Series E Preferred Stock is convertible as of such date, on each of the matters to be voted upon at the Annual Meeting. As of August 10, 2009, we had outstanding 74,285,579 shares of Common Stock (excluding 100,000 treasury shares), and 1,000 shares of Series E Convertible Preferred Stock convertible into 20,000,000 shares of Common Stock (with conversion share amounts calculated as of August 10, 2009).

Stockholders vote at the Annual Meeting by casting ballots (in person or by proxy) which will be tabulated by a person who is appointed by the Board of Directors before the Annual Meeting to serve as inspector of election at the Annual Meeting and who has executed and verified an oath of office.

Quorum; Broker Non-Votes and Abstentions

In order to conduct any business at the Annual Meeting, a quorum must be present in person or represented by valid proxies. A majority of the shares of Common Stock outstanding on the record date, assuming the conversion of all outstanding shares of Series E Preferred Stock, will constitute a quorum for purposes of the Annual Meeting. Abstentions and broker non-votes are considered present for purposes of determining the presence of a quorum.

Abstentions are counted as a vote against for purposes of determining whether a proposal is approved. Broker non-votes are not counted for purposes of determining whether a proposal has been approved and thus have no effect on the outcome.

Broker non-votes are proxies received from brokers or nominees when the broker or nominee has neither received instructions from the beneficial owner or other persons entitled to vote nor has discretionary power to vote on a particular matter. Brokers only possess discretionary power over matters that are considered routine, such as the election of directors described in Proposal 1 or the approval of auditors described in Proposal 3. Stockholders are advised to forward their voting instructions promptly so as to afford brokers sufficient time to process such instructions.

Vote Required for Approval of the Proposals and Election of Directors

If a quorum is met, in order for the proposals to be approved by the shareholders, the holders of a majority of all of the outstanding shares entitled to vote on the matters presented (holders of Series E Preferred Stock voting alongside holders of common stock) must vote in favor of each of the proposals. Directors shall be elected by a plurality of votes. All of the Company's officers, directors and holders of 10% or more the Company's outstanding common stock as of the initial closing date of the Epic Alliance Agreement, who hold a total of approximately 44,428,122 shares of Common Stock either issued and outstanding or issuable upon the conversion of Series E Preferred Stock, representing 47% of the voting power held by shareholders entitled to vote as of August 21, 2009, have executed a Voting Agreement pursuant to which they have agreed to vote in favor of the Charter Amendment (Proposal 2).

Solicitation

Solicitation of proxies may be made by our directors, officers and regular employees by mail, telephone, facsimile transmission or other electronic media and in person for which they will receive no additional compensation. The expenses of preparing, printing and assembling the materials used in the solicitation of proxies on behalf of the Board of Directors will be borne by us. Upon request, we will reimburse the reasonable fees and expenses of banks, brokers, custodians, nominees and fiduciaries for forwarding proxy materials to, and obtaining authority to execute proxies from, beneficial owners for whose accounts they hold shares of Common Stock.

Voting of Proxies

If the enclosed form of proxy is properly signed and returned, the shares represented thereby will be voted as specified in the proxy. **If you do not specify in the proxy how your shares are to be voted, the shares will be voted as recommended by the Board of Directors: FOR election of the seven nominees for the board of directors and FOR Proposals 2 and 3.**

Revocation

You have the right to revoke your proxy at any time before it is voted by attending the meeting and voting in person or filing with our Secretary either a written instrument revoking the proxy or another executed proxy bearing a later date. Stockholders entitled to vote will not have any dissenters' rights of appraisal in connection with any of the matters to be voted on at the meeting.

Recommendations of the Board of Directors

This proxy solicitation is being made by the Company. The Board of Directors recommends a vote:

FOR the seven nominees listed under "Election of Directors", to serve until their successors are elected and qualified (Proposal 1);

FOR the approval and ratification of the amendment to our Certificate of Incorporation to increase the number of authorized shares of Common Stock from 210,000,000 to 355,516,558, reduce the authorized shares of Preferred Stock from 5,000,000 to 4,483,442 and reduce the par value of the authorized shares of Common Stock from \$0.01 to \$0.001 per share (Proposal 2);

FOR the ratification of the appointment by the Board of Directors of Rosen Seymour Shapss Martin & Company LLP ("*Rosen Seymour* ") as our independent auditors of our financial statements for the fiscal year ending March 31, 2009 (Proposal 3).

Should any nominee named in Proposal 1 be unable to serve or for good cause will not serve as director, the persons named in the enclosed form of proxy will vote for such other person as the Board of Directors may recommend.

Other Business

As of the date of this Proxy Statement, we have no knowledge of any business other than that described in the Notice of Annual Meeting that will be presented for consideration at the Annual Meeting. If any other business should properly come before the Annual Meeting, the persons appointed by the enclosed form of proxy shall have discretionary authority to vote all such proxies as they shall decide.

BOARD INDEPENDENCE AND COMMITTEES

Board Independence

Our stock is quoted on the OTC Bulletin Board which does not require a majority of directors who are independent. Our Board of Directors has three members who are independent as defined by Section 121A of the American Stock Exchange Listing Standards, as amended effective December 1, 2003. The Board of Directors considers all relevant facts and circumstances in its determination of the independence of all members of the Board of Directors (including any relationships set forth in this Proxy Statement under the heading "*Certain Related Person Transactions*"). Our Board of Directors has

affirmatively determined that none of the following Directors has a material relationship with us that would interfere with the exercise of his independent judgment (either directly or as a partner, shareholder or officer of an organization that has a relationship with us): Dr. Barry Dash, Jeffrey Whitnell, and Jerry Treppel are therefore deemed independent.

Stockholder Communications with the Board of Directors

Stockholders and other interested parties may contact the Board of Directors or the non-management directors as a group at the following address:

Board of Directors or Outside Directors
Elite Pharmaceuticals, Inc.
165 Ludlow Avenue
Northvale, NJ 07647

All communications received at the above address will be relayed to the Board of Directors or the non-management directors, respectively. Communications regarding accounting, internal accounting controls or auditing matters may also be reported to the Board of Directors using the above address.

Board Meetings

During the fiscal year ended March 31, 2009, our Board of Directors held 28 meetings and acted via written consent on 4 occasions. No incumbent director attended fewer than 75% of the meetings of the Board of Directors, or committees on which these directors served, during that year except for Jerry Treppel, who was not elected as a director until the third quarter of such fiscal year, on October 28, 2008 and Ashok Nigalaye, Jarine Narine and Ram Potti who were not elected until June 24, 2009 (after the end of the fiscal year March 31, 2009). Mr. Treppel attended all meetings of the Board of Directors that were held from the date of his election as a member of the Board through the end of the fiscal year.

Director Attendance at Annual Meeting of Stockholders

We do not have any policy requiring directors to be present at our Annual Meeting of Stockholders, however historically more than a majority of the incumbent directors have attended the annual meeting of stockholders, and we anticipate a majority of our directors will be present at the Annual Meeting to be held on October 23, 2009.

Committees of the Board

The Board of Directors has an Audit Committee, a Compensation Committee and a Nominating Committee.

Audit Committee. The current members of the Audit Committee are Robert J. Levenson (Chairman of the Audit Committee), Barry Dash and Melvin Van Woert. The Audit Committee held 11 meetings during the fiscal year ended March 31, 2009. A copy of its written charter (adopted by the Board of Directors) was included as an appendix to our proxy statement sent to stockholders in connection with the annual meeting of stockholders held October 11, 2001. The Audit Committee reviews with management and our auditors our financial statements, the accounting principles applied in their preparation, the scope of the audit, any comments made by the auditors on our financial statements and our accounting controls and procedures, the independence of our auditors, our internal controls, the other matters set forth in its charter, as adopted by the Board of Directors, and such other matters as the Audit Committee deems appropriate. The Audit Committee is directly responsible for the appointment, compensation, retention and oversight of the work of our independent auditors for the purpose of

preparing or issuing an audit report or performing other audit, review or attest services for us. We deem the members of our Audit Committee to be independent and Mr. Levenson to be qualified as an audit committee financial expert.

Nominating Committee. The current members of the Nominating Committee are Melvin Van Woert (Chairman of the Nominating Committee), Robert J. Levenson and Barry Dash. The Nominating Committee held 2 meetings during the fiscal year ended March 31, 2009. This committee does not have a charter. The Nominating Committee assists the Board of Directors in identifying and recommending qualified Board candidates. The Nominating Committee identifies Board candidates through numerous sources, including recommendations from Directors, executive officers and our stockholders. The Nominating Committee seeks to have available to it qualified candidates from a broad pool of individuals with a range of talents, experience, backgrounds and perspectives. The Nominating Committee seeks to identify those individuals most qualified to serve as Board members and considers many factors with regard to each candidate, including judgment, integrity, diversity, prior experience, the interplay of the candidate's experience with the experience of other Board members, the extent to which the candidate would be desirable as a member of any committees of the Board of Directors, and the candidate's willingness to devote substantial time and effort to Board responsibilities. The Nominating Committee makes recommendations to the Board of Directors with respect to Director nominees, and the full Board of Directors determines the slate of nominees for each annual meeting.

Compensation Committee. The current members of the Compensation Committee are Barry Dash (Chairman of the Compensation Committee), Robert J. Levenson and Melvin Van Woert. The Compensation Committee held no meetings during the fiscal year ended March 31, 2009. The Compensation Committee was formed June 26, 2007 and adopted a charter which is included as [Appendix A](#) to this proxy statement. The Compensation Committee reviews our compensation practices and policies, reviews and approves corporate goals and objectives relevant to the chief executive officer and other executive officer compensation, evaluates chief executive officer and executive officer performance in light of those goals and objectives and, either as a committee or together with other independent directors (as directed by the Board of Directors), determines and approves chief executive officer and executive officer compensation based on this evaluation, reviews and approves the terms of the offer letters, employment agreements, severance agreements, change-in-control agreements, indemnification agreements and other material agreements between the Company and its Chief Executive Officer and executive officers, annually reviews and approves perquisites for the chief executive officer and executive officers, considers and approves the report of the Compensation Committee for inclusion in the Company's proxy statement, makes recommendations to the Board of Directors with respect to the Company's employee benefit plans, administers incentive, deferred compensation and equity based plans, and has the other responsibilities as set forth in its charter, as adopted by the Board of Directors, and such other matters as the Compensation Committee deems appropriate. For more information on the compensation of directors and officers of the Company, see the Compensation Discussion and Analysis and Compensation sections below.

Compensation Committee Interlocks and Insider Participation

No members of the Compensation Committee were officers or employees of the Company or any of its subsidiaries during the year ended March 31, 2009, or had any relationship otherwise requiring disclosure.

PROPOSAL 2

APPROVAL AND RATIFICATION OF AMENDMENT TO THE CERTIFICATE OF INCORPORATION TO INCREASE AUTHORIZED COMMON STOCK, REDUCE AUTHORIZED PREFERRED, AND REDUCE THE PAR VALUE OF COMMON STOCK

THE BOARD OF DIRECTORS RECOMMENDS A VOTE FOR PROPOSAL 2

The Company is currently authorized to issue 210,000,000 shares of Common Stock and 5,000,000 shares of Preferred Stock. The Company's Board of Directors, subject to stockholder approval, has adopted an amendment to the Certificate of Incorporation (the *Charter Amendment*) that would increase the number of authorized shares of Common Stock from 210,000,000 to 355,516,558, reduce the authorized shares of Preferred Stock from 5,000,000 to 4,483,442 and reduce the par value of the authorized shares of Common Stock from \$0.01 to \$0.001 per share. If the Charter Amendment is approved by Company's stockholders, ARTICLE FOURTH of the Certificate of Incorporation will read as follows:

FOURTH: The total number of shares of all classes of stock which the Corporation shall have authority to issue is Three Hundred Sixty Million (360,000,000) shares, consisting of Four Million Four Hundred Eighty-Three Thousand Four Hundred Forty-Two (4,483,442) shares of Preferred Stock, par value \$0.01 per share, and Three Hundred Fifty-Five Million Five Hundred Sixteen Thousand Five Hundred Fifty-Eight (355,516,558) shares of Common Stock, par value of \$0.001 per share.

Subject to the provisions of Section 151 of the General Corporation Law, the Board of Directors or any authorized committee thereof of the Corporation is authorized to issue the shares of Preferred Stock in one or more series and determine the number of shares constituting each such series, the voting powers of shares of each such series and the designations, preferences and relative, participating, optional or other special rights, and qualifications, limitations or restrictions as set forth in a resolution or resolutions of the Board of Directors.

On August 10, 2009, the Company had 74,285,579 outstanding shares of Common Stock, exclusive of 100,000 treasury shares, 574,076 shares of Common Stock reserved for issuance upon conversion of outstanding Series B 8% Convertible Preferred Stock, par value \$0.01 per share (the *Series B Preferred Stock*), 3,365,217 shares of Common Stock reserved for issuance upon conversion of outstanding Series C 8% Convertible Preferred Stock, par value \$0.01 per share (the *Series C Preferred Stock*), 45,222,205 shares of Common Stock reserved for issuance upon conversion of outstanding Series D Convertible Preferred Stock, par value \$0.01 per share, 20,000,000 shares of Common Stock reserved for issuance upon conversion of outstanding Series E Convertible Preferred Stock (*Series E Preferred Stock*), 2,879,900 shares of Common Stock reserved for issuance upon exercise of outstanding options and 85,469,740 shares of Common Stock reserved for issuance upon exercise of outstanding warrants which in total exceeds our authorized shares of Common Stock available by approximately 22.2 million. In addition, we do not have reserve common stock to cover the exercise of a warrant held by Epic, and common stock issuable upon conversion of Series E Preferred Stock that is anticipated to be issued by us in the future.

The Company has not increased its authorized shares of Common Stock since December 19, 2008, at which time its authorized shares of Common Stock were increased from 150,000,000 shares to 210,000,000 shares.

Purpose of Proposal 2 Strategic Alliance Agreement with Epic Pharma, LLC and Epic Investments, LLC

Sale and Issuance of Series E Preferred Stock and Warrants to Epic Investments, LLC

The purpose of the proposed increase in the number of authorized shares of Common Stock and the decrease in the authorized shares of Preferred Stock is to satisfy the Company's obligation pursuant to the Strategic Alliance Agreement, dated as of March 18, 2009, by and among the Company, on the one hand, and Epic Pharma, LLC (*Epic*) and Epic Investments, LLC (*Epic Investments*), on the other hand, as amended on April 30, 2009, June 1, 2009 and July 28, 2009 (as amended, the *Epic Alliance Agreement*), which requires that the Charter Amendment be approved by our shareholders on or before October 30, 2009. Pursuant to the Epic Alliance Agreement, we sold to Epic Investments at an initial closing on June 3, 2009 1,000 shares of Series E Preferred Stock, which are convertible into 20,000,000 shares of Common Stock, and a seven-year warrant to purchase 20,000,000 shares of Common Stock at an exercise price of \$0.0625 per share, for an aggregate purchase price of \$1,000,000, as reported in our Current Report on Form 8-K filed with the SEC on June 5, 2009. At a second closing, scheduled to occur on the fifth trading day following approval of the Charter Amendment by our shareholders, we will sell to Epic Investments an additional 1,000 shares of Series E Preferred Stock, which will be convertible into 20,000,000 shares of Common Stock, and a seven-year warrant to purchase 40,000,000 shares of Common Stock at an exercise price of \$0.0625 per share, for an aggregate purchase price of \$1,000,000. At a third closing scheduled to occur on June 4, 2010, we will sell to Epic Investments an additional 1,000 shares of Series E Preferred Stock, convertible into 20,000,000 shares of Common Stock, and a seven-year warrant to purchase 40,000,000 shares of Common Stock at an exercise price of \$0.0625 per share, for an aggregate purchase price of \$1,000,000. The warrants issued at these three closings may only be exercised by payment of the applicable cash exercise price, and the exercise price is subject to downward adjustment based on a weighted average formula in the event the Company sells shares of Common Stock or equivalents, or grants rights to acquire Common Stock or equivalents, at a price less than the exercise price of such warrants, except with respect to certain exempt issuances, if such adjustment would result in a reduction of at least 1%. Pursuant to the Epic Alliance Agreement, we will use the net proceeds from the sale of our Series E Preferred Stock and warrants primarily for the development and clinical support of our Elite Pain Products (ELI -154 and ELI -216) and general corporate purposes and not for the satisfaction of any portion of the Company's debt (other than payment of trade payables in the ordinary course of the Company's business and consistent with prior practices), to redeem securities of the Company or to settle any outstanding litigation.

Terms of the Series E Preferred Stock

The terms of the Series E Preferred Stock are set forth in a Certificate of Designation of Preferences, Rights and Limitations of Series E Preferred Stock filed with the Secretary of State of Delaware (the *Series E Certificate*), which is attached as an exhibit to our Current Report on Form 8-K filed with the SEC on June 5, 2009. Pursuant to the Series E Certificate, each share of Series E Preferred Stock has a stated value equal to \$1,000 (the *Stated Value*). So long as any Series E Preferred Stock remain outstanding, the Company will not declare, pay or set aside any dividends on shares of any other class or series of capital stock of the Company (other than dividends payable under the current terms of its Series D Preferred Stock) unless Epic Investments first receives, or simultaneously receives, a dividend on each outstanding share of Series E Preferred Stock in an amount equal to the dividend Epic Investments would have been entitled to receive upon conversion, in full, on one share of Series E Preferred Stock immediately prior to the record date for determination of holders entitled to receive such dividend.

On any matter presented to the stockholders of the Company for their action or consideration at any meeting of stockholders of the Company (or by written consent of stockholders in lieu of meeting),

Edgar Filing: ELITE PHARMACEUTICALS INC /DE/ - Form DEF 14A

Epic Investments will be entitled to cast the number of votes equal to the number of shares of Common Stock into which the shares of Series E Preferred Stock held by Epic Investments are convertible as of the record date for determining the stockholders entitled to vote on such matter, voting together with the Common Stock holders has a single class, except as otherwise provided by applicable law or the Series E Certificate.

Upon any liquidation, dissolution or winding-up of the Company, whether voluntary or involuntary (a *Liquidation*), Epic Investments will be entitled to receive out of the assets, whether capital or surplus, of the Company an amount equal to the Stated Value for each share of Series E Preferred Stock held by Epic Investments before any distribution or payment will be made to the holders of Common Stock, the Series B Preferred Stock, the Series C Preferred Stock and all other securities convertible into or exercisable for Common Stock, other than (i) the Series D Preferred Stock and (ii) any securities which are explicitly senior or *pari passu* to the Series E Preferred Stock in dividend rights or liquidation preference (such securities, *Junior Securities*). Upon a Liquidation, the Series E Preferred Stock will rank (a) *pari passu* with the Series D Preferred Stock and (b) senior to any Junior Securities, including, without limitation, the Series B Preferred Stock and the Series C Preferred Stock. If the assets of the Company will be insufficient to pay in full such amounts, then the entire assets to be distributed to Epic Investments and the holders of all outstanding shares of Series D Preferred Stock will be ratably distributed among Epic Investments and such holders of Series D Preferred Stock in accordance with the respective amounts that would be payable on the shares of Series E Preferred Stock owned by Epic Investments and such shares of Series D Preferred Stock if all amounts payable thereon were paid in full.

Each share of Series E Preferred Stock is initially convertible at a conversion price of \$0.05 per share (the *Conversion Price*) into 20,000 shares of Common Stock. The Conversion Price is subject to adjustment for certain events, including, without limitation, dividends, stock splits, combinations and the like. The Conversion Price is also subject to adjustment for (a) the sale of Common Stock or securities convertible into or exercisable for Common Stock at a price less than the then applicable conversion price, for which Epic Investments' consent was not required under the Series E Certificate, (b) the issuance of Common Stock in lieu of cash in satisfaction of the Company's dividend obligations on shares of outstanding shares of Series B Preferred Stock, Series C Preferred Stock and/or Series D Preferred Stock, and (c) the issuance of Common Stock as a result of any holder of Series D Preferred Stock exercising its right to require the Company to redeem all of such holder's shares of Series D Preferred Stock pursuant to the terms thereof. The effect of the adjustments described under clauses (b) and (c) above are to cause the Series E Preferred Stock to remain convertible into an equivalent percentage of the Common Stock of the Company as it was immediately prior to the issuance described in those clauses.

At any time following the date upon which there are no outstanding Series B, C or D Preferred Stock outstanding the Company may automatically convert all of the then outstanding shares of Series E Preferred Stock into Common Stock at the then effective Conversion Price (such automatic conversion, the *Forced Conversion*), if, after giving effect to the Forced Conversion, the shares of Common Stock issuable to Epic Investments upon such Forced Conversion *plus* the number of shares of Common Stock owned by Epic Investments immediately prior to such Forced Conversion will equal a number of shares of Common Stock that is greater than fifty percent (50%) of the then outstanding Common Stock.

Milestone Issuances of Common Stock and Warrants to Epic Investments, LLC

Pursuant to the Epic Alliance Agreement, Epic will occupy a portion of the Company's facility and use the Company's equipment for the purpose of developing (i) at least four control release products (the *Identified CR Products*) and (ii) at least four immediate release products (the *Identified IR Products*).

Edgar Filing: ELITE PHARMACEUTICALS INC /DE/ - Form DEF 14A

Epic will also use a portion of the Company's facility and use the Company's equipment for the purpose of developing (x) additional control release products of Epic (the *Additional CR Products*), and/or (y) additional immediate release products of Epic (the *Additional IR Products*).

As additional consideration for Epic's use and occupancy of a portion of the Company's facility and use of the Company's property and the issuance and delivery by the Company to Epic Investments of the Milestone Shares (as defined below) and Milestone Warrants (as defined below), for the period beginning on the first commercial sale of each product described above and continuing for a period of ten years thereafter (measured independently for each product), Epic will pay the Company a cash fee equal to fifteen percent of the profit, if any, on each of the products.

With respect to each Identified CR Product and Additional CR Product developed by Epic at the Company's facility: (i) the Company will issue and deliver to Epic Investments a seven year warrant to purchase up to 10,000,000 shares of Common Stock, at an exercise price of \$0.0625, following the receipt by the Company from Epic of each written notice of Epic's receipt of an acknowledgement from the U.S. Food and Drug Administration (*FDA*) that the FDA accepted for filing an Abbreviated New Drug Application (*ANDA*) for such Identified CR Products and/or Additional CR Products, up to a maximum of four such warrants for the right to purchase up to an aggregate of 40,000,000 shares of Common Stock (such warrants, the *CR Related Warrants*), and (ii) the Company will issue and deliver to Epic Investments 7,000,000 shares of Common Stock following the receipt by the Company from Epic of each written notice of Epic's receipt from the FDA of approval for such Identified CR Products and/or Additional CR Products, up to a maximum of an aggregate of 28,000,000 shares of Common Stock (such shares, the *CR Related Shares*).

With respect to each Identified IR Product and Additional IR Product developed by Epic at the Facility, (i) the Company will issue and deliver to Epic Investments a seven year warrant to purchase up to 4,000,000 shares of Common Stock, at an exercise price of \$0.0625, following the receipt by the Company from Epic of each written notice of Epic's receipt of an acknowledgement from the FDA that the FDA accepted for filing an ANDA for such Identified IR Products and/or Additional IR Products, up to a maximum of four such warrants for the right to purchase up to an aggregate of 16,000,000 shares of Common Stock (such warrants, together with the CR Related Warrants, the *Milestone Warrants*), and (ii) the Company will issue and deliver to Epic Investments 3,000,000 shares of Common Stock following the receipt by the Registrant from Epic of each written notice of Epic's receipt from the FDA of approval for such Identified IR Products and/or Additional IR Products, up to a maximum of an aggregate of 12,000,000 shares of Common Stock (such shares, together with the CR Related Shares, the *Milestone Shares*). The Milestone Warrants may only be exercised by payment of the applicable cash exercise price, and the exercise price is subject to downward adjustment based on a weighted average formula in the event the Company sells shares of Common Stock or equivalents, or grants rights to acquire Common Stock or equivalents, at a price less than the exercise price of such warrants, except with respect to certain exempt issuances, if such adjustment would result in a reduction of at least 1%.

Other Purposes and Consequences of Proposal 2

In addition to increasing the authorized Common Stock to a number sufficient to meet our obligations under the Epic Alliance Agreement, the increase in our authorized Common Stock will provide more shares for general corporate purposes, including raising additional capital, stock issuances under employee stock option plans, possible future acquisitions and stock dividends and splits. The Board of Directors believes that an increase in the total number of shares of authorized Common Stock will help the Company to meet its future needs and give it greater flexibility in responding quickly to advantageous business opportunities. In the event that the Board of Directors deems it to be in the best interest of the

Company to issue additional shares of Common Stock or securities convertible, exercisable or exchangeable for shares of Common Stock and the price per share of Common Stock in such issuance is below certain dollar amounts set forth in the Company's Certificate of Designations of Preferences, Rights and Limitations of the Company's Series B Preferred Stock and Series C Preferred Stock and Series E Preferred Stock or set forth in the terms of any outstanding warrants or options which contain anti-dilution protection provisions, the number of shares of Common Stock as to which such securities may be converted or exercised shall increase.

In the absence of a substantial increase in the number of authorized shares of Common Stock, the Company will be greatly disadvantaged in its ability to undertake any future fundraising through the sale of Common Stock or securities convertible, exchangeable or exercisable for shares of Common Stock, including in connection with the second and third closings under the Epic Alliance Agreement, which cannot proceed without adoption of the Charter Amendment. Other than in connection with the Epic Alliance Agreement, the Company currently does not have any definitive terms with respect to any plan, commitment, arrangement, understanding or agreement, either oral or written, regarding the issuance of Common Stock or securities convertible, exchangeable or exercisable for shares of Common Stock, subsequent to the increase in the number of available authorized shares of Common Stock.

The Company's issuance of shares of Common Stock or Preferred Stock, including the additional shares of Common Stock that will be authorized if the proposed Charter Amendment is adopted, may dilute the equity ownership position of current holders of Common Stock and may be made without stockholder approval, unless otherwise required by applicable laws or stock exchange regulations.

The additional authorized but unissued shares of the Company's Common Stock or the issuance of additional shares of Preferred Stock could be used to make a change in control of the Company more difficult and expensive. Under certain circumstances, such shares could be used to create impediments to or frustrate persons seeking to cause a takeover or to gain control of the Company. Such shares could be sold to purchasers who might side with the Board of Directors in opposing a takeover bid that the Board of Directors determines not to be in the best interests of its stockholders. The Charter Amendment might also have the effect of discouraging an attempt by another person or entity, through the acquisition of a substantial number of shares of the Common Stock, to acquire control of the Company with a view to consummating a merger, sale of all or part of the Company's assets, or a similar transaction, since the issuance of new shares could be used to dilute the stock ownership of such person or entity.

PROPOSAL 3**RATIFICATION OF SELECTION OF INDEPENDENT AUDITORS***THE BOARD OF DIRECTORS RECOMMENDS A VOTE FOR PROPOSAL 3*

The Board of Directors, subject to stockholder approval, appointed Rosen Seymour Shapss Martin & Company LLP (*Rosen Seymour*) as our independent auditors for our financial statements for the fiscal year ending March 31, 2010. *The affirmative vote of a majority of votes properly cast on this proposal at the Annual Meeting is required to ratify such selection.*

Stockholder ratification of the appointment is not required by our Certificate of Incorporation or bylaws or otherwise. If our stockholders fail to ratify the appointment, the Board of Directors will reconsider whether to retain that firm. Even if the appointment is ratified, the Board of Directors in its discretion may direct the appointment of a different independent accounting firm if the Board of Directors determines that such a change would be in our best interests and the best interests of our stockholders.

Effective January 1, 2009, the independent auditing firm Miller, Ellin & Company, LLP (*Miller Ellin*) consummated a merger of its practice into the practice of Rosen Seymour, with Rosen Seymour succeeding to the business and operations of Miller Ellin, subject to certain conditions and exceptions, as agreed upon by the parties under the terms of the merger. Upon consummation of the merger of accounting firms on January 1, 2009, Miller Ellin effectively resigned as Elite's independent accountant, and Rosen Seymour, pursuant to the terms of its agreement with Miller Ellin, became Elite's new independent accountant and principal accountant to audit its financial statements, as the successor in interest of Miller Ellin.

Miller Ellin (now Rosen Seymour) has audited our consolidated financial statements since 1997. A representative of that firm is expected to be present at the Annual Meeting, and will have an opportunity to make a statement to the stockholders and will be available to respond to appropriate questions.

The following table presents fees for professional audit services rendered by Rosen Seymour for the audits of our annual financial statements for the years ended March 31, 2009 and 2008.

(1) Audit Fees relate to the audit of our financial statements and reviews of financial statements included in our quarterly reports on Form 10-Q.

Our audit committee pre-approves all audit and non-audit services provided by our independent auditor, as described in the audit committee's charter. The audit committee considers whether the provision of other non-audit services is compatible with the auditor's independence. All of the above fees were billed to us by our independent auditor for the services categorized above, and all such services were pre-approved by our audit committee. Audit fees included fees associated with the audit of our year-end financial statements (including internal control evaluation and reporting) and the review of documents filed with the Securities and Exchange Commission, including our quarterly reports on Form 10-Q and annual report on Form 10-K. We incurred no audit-related fees, tax fees, or other fees.

AUDIT COMMITTEE REPORT

The audit committee's primary responsibilities are to monitor the integrity of our financial statements and reporting process and systems of internal controls regarding finance and accounting and to monitor our compliance with legal and regulatory requirements, including disclosures and procedures. The committee also has the responsibility to evaluate our independent auditor's qualifications, independence and performance as well as to evaluate the performance of the internal audit function.

Management has the primary responsibility for the financial statements and the reporting process, including our systems of internal controls. The independent auditors are responsible for auditing the annual financial statements prepared by management and expressing an opinion as to whether those financial statements conform with accounting principles generally accepted in the United States of America. The audit committee reviewed and discussed the audited financial statements with management and our independent auditors. The audit committee has discussed with the independent auditors the matters required to be discussed by the statement on Auditing Standards No. 61, as amended. In addition, the audit committee has received the written disclosures and the letter from the independent accountants required by Independence Standards Board Standard No. 1, and has discussed with the independent accountant the independent accountant's independence.

Based upon the review and discussions described in this report, a majority of the audit committee recommended to the Board of Directors that the audited financial statements be included in our Annual Report on Form 10-K for the fiscal year ended March 31, 2009 that has been filed with the Securities and Exchange Commission.

Further, the 1,000 shares of Series E Preferred Stock held by Epic as of June 23, 2009 are entitled to vote, on an as-converted basis, with the Common Stock on any matter presented to the holders of our Common Stock for their action or consideration at any meeting of our stockholders (or by written consent of stockholders in lieu of meeting).

In addition, in connection with subsequent closings of the transactions contemplated by the Epic Strategic Alliance Agreement, Epic could acquire an additional 2,000 shares of Series E Preferred Stock and warrants to purchase up to 80,000,000 shares of Common Stock. Further, with respect to the products developed by Epic at the Facility under the Epic Strategic Alliance Agreement, the Company would also be obligated to issue to Epic (a) warrants to purchase up to an aggregate of 56,000,000 shares of its Common Stock upon the receipt by Elite from Epic of written notices of Epic's receipt of an acknowledgment from the FDA that the FDA accepted for filing an ANDA for certain controlled-release and immediate-release products developed by Epic at the Facility and (b) up to an aggregate of 40,000,000 additional shares of its Common Stock following the receipt by Elite from Epic of written notices of Epic's receipt from the FDA of approval for certain controlled-release and immediate-release products developed by Epic at the Facility.

Further, under the Epic Strategic Alliance Agreement, at such time as Epic owns more than 50% of the issued and outstanding Common Stock or other voting securities of Elite, the number of Epic Directors that the Purchaser will be entitled to designate under the Epic Strategic Alliance Agreement will be equal to a majority of the Board of Directors.

COMPENSATION DISCUSSION AND ANALYSIS

SUMMARY

Our approach to executive compensation, one of the most important and complex aspects of corporate governance, is influenced by our belief in rewarding people for consistently strong execution and performance. We believe that the ability to attract and retain qualified executive officers and other key employees is essential to our long-term success.

Compensation Linked to Attainment of Performance Goals

Our plan to obtain and retain highly skilled employees is to provide significant incentive compensation opportunities and market competitive salaries. The plan was intended to link individual employee objectives with overall company strategies and results, and to reward executive officers and significant employees for their individual contributions to those strategies and results. We use compensation and performance data from comparable companies in the pharmaceutical industry to establish market competitive compensation and performance standards for our employees. Furthermore,

we believe that equity awards serve to align the interests of our executives with those of our stockholders. As such, equity is a key component of our compensation program.

Role of the Compensation Committee and its Advisors

The Company formed the Compensation Committee in June 2007. Since the formation of the Compensation Committee all elements of the executives' compensation are determined by the Compensation Committee, which is comprised solely of independent non-employee directors. However, the Compensation Committee's decisions concerning the compensation of the Company's Chief Executive Officer are subject to ratification by the independent directors of the Board of Directors. As of March 31, 2009, the members of the Compensation Committee were Barry Dash, Robert J. Levenson and Melvin Van Woert. The Committee operates pursuant to a charter which was included as an appendix to the proxy statement sent to stockholders in connection with the annual meeting of the stockholders held on June 26, 2008. Under the Compensation Committee charter, the Compensation Committee has authority to retain compensation consultants, outside counsel, and other advisors that the committee deems appropriate, in its sole discretion, to assist it in discharging its duties, and to approve the terms of retention and fees to be paid to such consultants. In September, 2007, the Compensation Committee directly retained an independent compensation consultant, Pearl Meyer & Partners (*PM&P*), to assist the Committee in selecting a comparator group of companies for compensation purposes as well as benchmarking the Chief Executive Officer's compensation.

The compensation consultant reported directly and exclusively to the Compensation Committee and received no other fees from the Company outside its role as advisor to the Compensation Committee. *PM&P* periodically interacted with the Company's Compensation Committee, predominately with its Chairman, Dr. Barry Dash, to gather and review information related to the executive compensation program, but such work is done only at the direction of the Compensation Committee. *PM&P* does not perform any services unrelated to executive and director compensation for the Company. Accordingly, the Compensation Committee considers *PM&P* to be independent from our management.

Compensation Committee Interlocks and Insider Participation

No members of the Compensation Committee were officers or employees of the Company or any of its subsidiaries during the year ended March 31, 2009, or had any relationship otherwise requiring disclosure.

OUR EXECUTIVE COMPENSATION PROGRAM

Overview

The primary elements of our executive compensation program are base salary, incentive cash and stock bonus opportunities and equity incentives typically in the form of stock option grants. Although we provide other types of compensation, these three elements are the principal means by which we provide the Named Executive Officers with compensation opportunities.

The emphasis on the annual bonus opportunity and equity compensation components of the executive compensation program reflect our belief that a large portion of an executive's compensation should be performance-based. This compensation is performance-based because payment is tied to the achievement of corporate performance goals. To the extent that performance goals are not achieved, executives will receive a lesser amount of total compensation. We have entered into employment

agreements with four of our Named Executive Officers. Such employment agreements set forth base salaries, bonuses and stock option grants. Such stock option grants are predicated on our achievement of corporate performance goals as set forth in such agreements.

ELEMENTS OF OUR EXECUTIVE COMPENSATION PROGRAM

Base Salary

We pay a base salary to certain of the Named Executive Officers. In general, base salaries for the Named Executive Officers are determined by evaluating the responsibilities of the executive's position, the executive's experience and the competitive marketplace. Base salary adjustments are considered and take into account changes in the executive's responsibilities, the executive's performance and changes in the competitive marketplace. We believe that the base salaries of the Named Executive Officers are appropriate within the context of the compensation elements provided to the executives and because they are at a level which remains competitive in the marketplace.

Bonuses

The Board of Directors may authorize us to give discretionary bonuses, payable in cash or shares of Common Stock, to the Named Executive Officers and other key employees. Such bonuses are designed to motivate the Named Executive Officers and other employees to achieve specified corporate, business unit and/or individual, strategic, operational and other performance objectives. Currently, executive bonuses are recommended by the Chairman and acted upon by the full Board of Directors. No discretionary cash bonuses were granted during the fiscal year ended March 31, 2009.

Stock Options

Stock options constitute performance-based compensation because they have value to the recipient only if the price of our Common Stock increases. Stock options for each of the Named Executive Officers generally vest over time, obtainment of a corporate goal or a combination.

The grant of stock options at Elite is the centerpiece of our compensation program and is designed to motivate our Named Executive Officers to achieve our short-term and long-term corporate goals.

As the pharmaceutical industry is characterized by a long product development cycle, including a lengthy research and product-testing period and a rigorous approval phase involving human testing and governmental regulatory approval, many of the traditional benchmarking metrics for vesting, such as product sales, revenues and profits are inappropriate for an early-stage pharmaceutical company such as Elite. We consider when determining vesting benchmarks the following which are aligned with our short-term and long-term corporate goals:

- clinical trial progress;
- achievement of regulatory milestones; and
- establishment of key strategic relationships.

Retirement and Deferred Compensation Benefits

We do not presently provide the Named Executive Officers with a defined benefit pension plan or any supplemental executive retirement plans, nor do we provide the Named Executive Officers with retiree health benefits. We have adopted a deferred compensation plan under Section 401(k) of the Code. The plan provides for employees to defer compensation on a pretax basis subject to certain limits, however, Elite does not provide a matching contribution to its participants.

The retirement and deferred compensation benefits provided to the Named Executive Officers are not material factors considered in making other compensation determinations with respect to Named Executive Officers.

Perquisites

As described in more detail below, the perquisites provided to certain of the Named Executive Officers consist of car and parking allowances and life insurance premiums. These perquisites represent a small fraction of the total compensation of each such Named Executive Officer. The value of the perquisites we provide are taxable to the Named Executive Officers and the incremental cost to us of providing these perquisites is reflected in the Summary Compensation Table. The Board of Directors believes that the perquisites provided are reasonable and appropriate. For more information on perquisites provided to the Named Executive Officers, please see the All Other Compensation column of the Summary Compensation Table on page 25 of this proxy statement and Agreements with Named Executive Officers below.

Post-Termination/ Change of Control Compensation

In addition to retirement and deferred compensation benefits described above, we have arrangements with certain of the Named Executive Officers that may provide them with compensation following termination of employment. These arrangements are discussed below under Agreements with Named Executive Officers .

Tax Implications of Executive Compensation

Our aggregate deductions for each Named Executive Officer compensation are potentially limited by Section 162(m) of the Code to the extent the aggregate amount paid to an executive officer exceeds \$1.0 million, unless it is paid under a predetermined objective performance plan meeting certain requirements, or satisfies one of various other exceptions specified in the Code. At our 2006 Named Executive Officer compensation levels, we did not believe that Section 162(m) of the Code would be applicable, and accordingly, we did not consider its impact in determining compensation levels for our Named Executive Officers in 2007.

Agreements with Named Executive Officers and Key Employees

Chris C. Dick

On November 13, 2006, we entered into an employment agreement and, on November 10, 2008, an amendment to the employment agreement, with Mr. Dick, as our Executive Vice President of Corporate Development and Chief Operating Officer (as amended, the *Dick Agreement*). The Dick Agreement is for an initial term ending November 13, 2009, subject to automatic one-year renewals unless terminated by Mr. Dick or us upon at least 60 days notice prior to the end of the then scheduled expiration date. We have the right to terminate Mr. Dick's employment due to disability as defined in a

long-term disability insurance policy reasonably satisfactory to him or, in the absence of such policy, due to Mr. Dick's inability for 120 days in any 12 month period to substantially perform his duties as a result of a physical or mental illness.

The Dick Agreement provides for an initial base annual salary of \$250,000, a guaranteed bonus of \$25,000 payable within 30 calendar days of the end of each fiscal year during the term and a \$700 per month automobile allowance. The Dick Agreement provides for payment of a discretionary bonus following the end of each fiscal year of up to 50% of Mr. Dick's then annual base salary. The amount, if any, of the discretionary bonus will be determined by the Board of Directors or the Compensation Committee. The discretionary bonus, if paid to Mr. Dick will be based on the achievement of goals discussed with the executive in good faith and within a reasonable time following the commencement of each fiscal year and may be paid in cash or shares of our Common Stock valued at the average of the closing price per share during the five trading days immediately preceding the date of issuance of the shares. For the year ended March 31, 2009 Mr. Dick is to receive a \$25,000 bonus.

The Dick Agreement provides for the grant under the Stock Option Plan of fully-vested options to purchase 250,000 shares of Common Stock at an exercise price of \$2.25 per share. The Dick Agreement also provides for the grant of options to purchase up to 300,000 shares of Common Stock, at an exercise price of \$2.25 per share, which vest in two 150,000 share tranches upon the closing of an exclusive product license for the United States national market, the entire European Union Market or the Japan market or a product sale transaction of all our ownership rights in the United States (only once for each product) for our first drug developed by us for which FDA approval will be sought under a NDA (including a 505(b)(2) application) for a Non-Generic Opioid Product as to the first tranche and as to our second Non-Generic Opioid Product for the second tranche.

The Dick Agreement also provides for the grant of options to purchase up to 200,000 shares of Common Stock at an exercise price of \$2.25 per share (the *Dick Milestone Options*) with the Dick Milestone Options to vest (A) as to not more than 125,000 shares and 75,000 shares, respectively, upon the commencement of the first Phase III clinical trial relating to the first and then the second Non-Generic Opioid Product developed by us; (B) 50,000 shares upon the closing of each product license or product sale transaction (on a product by product basis and only once for each product) other than Non-Generic Opioid Products for which options were granted above; (C) 10,000 shares upon the filing by us (in our name) with the FDA of either an ANDA or an NDA, for a product not covered by a previous FDA application; (D) 40,000 shares upon the approval by the FDA of any ANDA or NDA (filed in our name) for a product not previously approved by the FDA; (E) 25,000 shares upon the filing of an application for a U.S. patent by us (in our name); and (F) 25,000 shares upon the granting by the PTO of a patent to us filed in our name or an approval of an ANDA or NDA; provided, however, that the foregoing options terminate upon the executive's termination of employment except that options under (D) and (F) nevertheless vest if the filing was made during the initial term but prior to termination of Mr. Dick's employment by us without cause and the approval was made within 540 days of the filing of the ANDA, NDA or patent application.

We also agreed that if all 200,000 Dick Milestone Options have fully vested during the initial term of the Dick Agreement, we will grant under the Stock Option Plan to Mr. Dick at the end of the first current fiscal year in which the following event occurs fully vested additional options to purchase the following shares at the fair market value on the date of grant (the *Additional Dick Milestone Options*): (a) to the extent not previously vested with respect to his comparable Dick Milestone Options: (i) up to 125,000 shares upon the commencement of the first Phase III clinical trial relating to the first Non-Generic Opioid Product developed by us; and (ii) up to an additional 125,000 shares as to such trial relating to the second Non-Generic Opioid Product developed by us, (b) 50,000 shares upon the closing of each product license for the United States national market or product sale transaction of all ownership

rights (on a product by product basis and only once for each product); (c) 10,000 shares upon the filing by us (in our name) with the FDA of either an ANDA or NDA for a product not covered by a previous FDA application for each drug product of us, other than the Non-Generic Opioid Products for which any Opioid Option was granted under the Dick Agreement; (d) 40,000 shares upon the approval by the FDA of any ANDA, NDA or 505(b)(2) application filed in our name for a product not previously approved by the FDA; (e) 25,000 shares in the event of the filing of an application of an additional U.S. patent by us (filed in our name); and (f) 25,000 shares in the event of the granting by the PTO of the foregoing additional patent applications to us (filed in our name).

The Dick Agreement allows us at our discretion to grant to Mr. Dick additional options under the Stock Option Plan and provides Mr. Dick the right to register at our expense for reoffering shares issued upon exercise of the options under the Securities Act in certain registration statements filed by us with respect to offerings of securities by us.

The Dick Agreement provides that in the event we terminate Mr. Dick's employment for Cause (as defined in the Dick Agreement) or Mr. Dick terminates employment without Good Reason (as defined in the Dick Agreement), he is to receive salary through date of termination, reimbursement for expenses incurred prior to termination, all unvested options will terminate as of the date of termination and vested options will be governed by the terms of the Stock Option Plan and the related option agreement. In the event of a termination due to death, disability or by us without cause or by Mr. Dick for Good Reason, we are to pay him or his estate subject to his compliance with certain covenants, including non-competition, non-solicitation, confidentiality and assignment of intellectual property, his base salary for the longer of the balance of the initial term or one year from date of termination, continue health insurance coverage for 12 months from termination and his vested options are to be exercisable for 90 days from date of termination.

In the event the employment of Mr. Dick is terminated by us following a Change of Control (as defined below) of Elite, Mr. Dick will be entitled to the amounts payable as a result of termination by us without cause plus a lump sum payment of \$500,000 and all unvested options shall immediately vest and along with unexercised vested options be exercisable within 90 days from the date of termination. Change of Control is defined as the acquisition of Elite pursuant to a merger or consolidation which results in the reduction to less than 50% of the shares outstanding upon consummation of the holders of its outstanding shares immediately prior thereto or sale of substantially all our assets or capital stock to another person, or the acquisition by a person or a related group in a single transaction or a series of related transaction of more than 50% of the combined voting power of Elite's outstanding voting securities.

Mr. Dick has agreed to a one-year non-competition covenant and a two-year non-solicitation covenant following termination of employment.

Mr. Dick is to be reimbursed for expenses (including business, travel and entertainment) reasonably incurred in the performance of his duties, provided, however that reimbursement of expenses in excess of \$2,000 per month are subject to the approval of our chief executive officer. Mr. Dick is entitled to participate in such employee benefit and welfare plans and programs, which may be offered to our senior executives including life insurance, health and accident insurance, medical plans and programs and profit sharing and retirement plans.

Mark Gittelman

On February 26, 1998, we entered into an agreement with Gittelman & Co., P.C., whereby fees are paid to Gittelman & Co., P.C., a firm wholly-owned by Mark I. Gittelman, our Chief Financial Officer, Secretary and Treasurer until June 30, 2009, in consideration for services rendered by the firm as internal accountant and financial and management consultant to us. The firm's services include the services rendered by Mr. Gittelman in his capacity as Chief Financial Officer, Secretary and Treasurer. For the fiscal years ended March 31, 2009, 2008 and 2007, the fees paid by us under the agreement were \$233,181, \$176,206 and \$151,214, respectively. The services rendered by the firm to us for the fiscal years ended March 31, 2009, 2008 and 2007 averaged 111, 105 and 98 hours per month, respectively, of which an average of 28 hours per month were services rendered by Mr. Gittelman in his capacity as an officer of Elite. Mr. Gittelman resigned as our Chief Financial Officer and Secretary on July 1, 2009, upon the appointment of his successor, Mr. Carter Ward.

Dr. Stuart Apfel

On January 3, 2008, we entered into an employment agreement with Dr. Stuart Apfel (the *Apfel Agreement*) providing for Dr. Apfel to serve as our Chief Medical Officer through January 3, 2009. However, as a result of Elite's continuing efforts to reorganize its workforce and decrease its operating expenses, Elite requested that Dr. Stuart Apfel, Elite's Chief Scientific Officer and Chief Medical Officer, change the status of his relationship with Elite from employee to consultant. Dr. Apfel agreed to such change in status and continues to provide his services as Elite's Chief Scientific Officer and Chief Medical Officer on an hourly basis, thereby reducing Elite's expenses as they relate to Dr. Apfel.

Accordingly, on October 20, 2008, Elite and Dr. Apfel entered into a Separation Agreement and General Release of Claims (the *Apfel Release*), whereby the *Apfel Agreement* was terminated and Dr. Apfel was terminated as an employee of Elite. Pursuant to the *Apfel Release*, Dr. Apfel waived his entitlement to certain notice and payment provisions upon termination of the *Apfel Agreement*. Dr. Apfel acknowledged that there were no payment amounts outstanding to him under the *Apfel Agreement*. Dr. Apfel acknowledged that his obligations under Sections 4 and 5: Protection of Confidential Information and Trade Secrets; Non-Competition; No Solicitation and Continued Cooperation; Return of Documents and Property; Injunctive Relief; Non-Exclusivity and Survival of the *Apfel Agreement* survive termination and that he would continue to be bound by and shall abide by such provisions. Additionally, Dr. Apfel released Elite from any claims he has or may have against Elite.

Edgar Filing: ELITE PHARMACEUTICALS INC /DE/ - Form DEF 14A

In his continuing service as Elite's Chief Scientific Officer and Chief Medical Officer on a consultancy basis, Dr. Apfel and Elite entered into a consulting agreement, dated as of October 20, 2008 (the *Apfel Consulting Agreement*), between Elite and Paralex Clinical Research (*Paralex*). Dr. Apfel is the founder and current president of Paralex. Pursuant to the Apfel Consulting Agreement, Paralex is to provide Elite consulting services for its opioid abuse-resistant product, sustained-release opioid product and other such products with which Elite may request assistance. Under the Apfel Consulting Agreement, Dr. Apfel is the primary person to provide such consulting services. As compensation for consulting services, Elite agreed to pay Dr. Apfel on an hourly basis at the rate of \$250 per hour and any other Paralex clinical research scientists at the rate of \$175 per hour; provided, however, that, in no event is Paralex entitled to compensation (together with its employees, representatives or agents billable hours) of more than \$10,000.00 in any month, unless it has obtained the prior written authorization of the Company. Paralex is entitled to reimbursement of reasonable and necessary travel expenses incurred by Paralex that have been approved in advance in writing by Elite.

Elite may terminate the Apfel Consulting Agreement at any time upon written notice to Paralex. Paralex and Dr. Apfel are subject to covenants not to disclose confidential information and assignment of intellectual property. In addition, during the term of the Apfel Consulting Agreement and for a period of one year thereafter, Dr. Apfel is subject to both non-competition and non-solicitation covenants.

Under the Apfel Agreement, prior to its termination on October 20, 2008 by the Apfel Release, Dr. Apfel was entitled to an initial base annual salary of \$220,000 and a discretionary bonus following the end of each calendar year, commencing with the calendar year beginning January 1, 2008, of up to 50% of Dr. Apfel's then annual base salary. The amount, if any, of the discretionary bonus to Dr. Apfel, pursuant to the Apfel Agreement, was to be determined by the Board or the Compensation Committee, and was to be based on the achievement of goals discussed with the executive in good faith and within a reasonable time following the commencement of each fiscal year. Such discretionary bonus could be paid in cash or shares of Common Stock valued at the average of the closing price per share during the five trading days immediately preceding the date of issuance of the shares. Dr. Apfel was granted 400,000 options under the Apfel Agreement, as set forth in individual Incentive Stock Option Letter Agreements, dated January 3, 2008 (the *Apfel Option Agreements*, and such options granted thereby, the *Apfel Options*). Pursuant to the Apfel Option Agreements, Dr. Apfel had 90 days following the termination of the status of Dr. Apfel as an employee of Elite pursuant to the Apfel Release to exercise such Apfel Options. Dr. Apfel did not exercise any Apfel Options within such 90-day period and, therefore, such Apfel Options expired without exercise.

During the fiscal year ended March 31, 2009, Elite paid Dr. Apfel an aggregate of \$124,114 for his service to Elite, representing the annual salary payable to Dr. Apfel under the Apfel Agreement for his employment as Elite's Chief Scientific Officer and Chief Medical Officer, prorated for the period beginning April 1, 2008 and ending October 20, 2008, the date of termination of Dr. Apfel's status as an employee of Elite. In addition, during such fiscal year, in consideration for entering into the Apfel Release, Elite paid Dr. Apfel \$4,219 less any payroll or withholding taxes, which such payment Elite and Dr. Apfel agreed constituted Elite's sole obligation to Dr. Apfel on account of his service as an Elite employee under the Apfel Agreement. As of March 31, 2009, there were no payments made to Dr. Apfel for consulting services rendered to Elite pursuant to the Apfel Consulting Agreement. No other compensation was paid by Elite to Dr. Apfel during the fiscal year ended March 31, 2009.

For additional information regarding the Apfel Release, please see Elite's disclosures in its Current Reports on Form 8-K filed with the SEC on October 21, 2008, which such report is incorporated herein by reference.

Charan Behl

On February 9, 2007, Elite entered into an Amended and Restated Employment Agreement with Charan Behl (the *Behl Agreement*), providing for Dr. Behl's employment as Elite's Head of Technical Affairs, a position which required Dr. Behl to report to Elite's Executive Officer, Chief Scientific Officer and any additional executive officer designated by the Board. However, as a result of Elite's continuing efforts to reorganize its workforce and decrease its operating expenses, Elite requested that Dr. Charan Behl change the status of his relationship with Elite from employee to consultant. Dr. Behl agreed to such change in status and continues to provide his services as a consultant to Elite on an hourly basis, thereby reducing Elite's expenses as they relate to Mr. Behl.

Accordingly, on November 3, 2008, Elite and Dr. Behl entered into a Separation Agreement and General Release of Claims (the *Behl Release*), which terminated the Behl Agreement and Dr. Behl's status as an employee of Elite. Pursuant to the Behl Release, Dr. Behl waived his entitlement to certain notice and payment provisions upon termination of the Behl Agreement. Dr. Behl acknowledged that there were no payment amounts outstanding to him under the Behl Agreement. Dr. Behl acknowledged that his obligations under Sections 4 and 5: Protection of Confidential Information and Trade Secrets; Non-Competition; No Solicitation and Continued Cooperation; Return of Documents and Property; Injunctive Relief; Non-Exclusivity and Survival of the Behl Agreement survive termination and agreed that he would continue to be bound by and abide by such provisions. Additionally, Dr. Behl released Elite from any claims he has or may have against Elite.

In addition, Dr. Behl acknowledged that, of the options to purchase an aggregate of 750,000 shares of Common Stock previously granted to him under the Behl Agreement, evidenced by three Incentive Stock Option Letter Agreements, dated November 13, 2006, between Dr. Behl and Elite (the *Behl Option Agreements*), options to purchase 500,000 shares of Common Stock were unvested and terminated as of the date of termination of Dr. Behl's employment with Elite. Dr. Behl also acknowledged that he had 90 days following the date of his termination as an employee of Elite to exercise the remaining options to purchase up to 250,000 shares of Common Stock which had vested pursuant to the Behl Option Agreements (such vested options, the *Vested Behl Options*). Pursuant to the Behl Option Agreements, Dr. Behl had 90 days following the termination of the status of Dr. Behl as an employee of Elite pursuant to the Behl Release to exercise such Vested Behl Options. Dr. Behl did not exercise any Vested Apfel Options within such 90-day period and, therefore, such Vested Behl Options expired without exercise.

To set the terms of Dr. Behl's service as a consultant to Elite following termination of his employment relationship with Elite, Elite and Dr. Behl entered into a consulting agreement, dated as of November 3, 2008 (the *Behl Consulting Agreement*), pursuant to which Dr. Behl agreed to provide Elite consulting services for its opioid abuse-resistant product, sustained-release opioid product and other such products with which Elite may request assistance. Under the Behl Consulting Agreement, Elite has agreed to compensate Dr. Behl on an hourly basis for consulting services provided to Elite at the rate of \$200 per hour. In no event shall Dr. Behl be entitled to compensation of more than \$10,000.00 in any month without the prior written authorization of Elite. Dr. Behl is entitled to reimbursement of reasonable and necessary travel expenses incurred by Dr. Behl that have been approved in advance in writing by Elite.

Elite may terminate the Behl Consulting Agreement at any time upon written notice to Dr. Behl. Dr. Behl is subject to covenants not to disclose confidential information and assignment of intellectual property. In addition, during the term of the Behl Consulting Agreement and for a period of one year thereafter, Dr. Behl is subject to non-competition and non-solicitation covenants.

Edgar Filing: ELITE PHARMACEUTICALS INC /DE/ - Form DEF 14A

The Behl Consulting Agreement does not provide for any minimum amount of services to be performed pursuant thereto, and any services to be performed by Dr. Behl there under shall be solely in response to Elite's request for such services.

Under the Behl Agreement, prior to its termination on November 3, 2008 by the Behl Release, Dr. Behl was entitled to a base annual salary of \$250,000, a guaranteed bonus of \$25,000 payable within 30 calendar days of the end of each fiscal year during the term of the Behl Agreement and a \$700-per-month automobile allowance. The Behl Agreement also provided for payment of a discretionary bonus following the end of each fiscal year of up to 50% of Dr. Behl's then annual base salary. The amount, if any, of the discretionary bonus to Dr. Behl, pursuant to the Behl Agreement, was to be determined by the Board or the Compensation Committee, and was to be based on the achievement of goals discussed with the executive in good faith and within a reasonable time following the commencement of each fiscal year. Such discretionary bonus could be paid in cash or shares of Common Stock valued at the average of the closing price per share during the five trading days immediately preceding the date of issuance of the shares.

During the fiscal year ended March 31, 2009, Elite paid Dr. Behl an aggregate of \$146,795 for his service to Elite in the capacity of Head of Technical Affairs, representing the annual salary payable to Dr. Behl under the Behl Agreement prorated for the period beginning April 1, 2008 and ending November 3, 2008, the date of termination of Dr. Behl's status as an employee of Elite. In addition, during such fiscal year, as consideration for Dr. Behl's entry into the Behl Release, Elite paid Dr. Behl \$20,548 less any payroll or withholding taxes and issued to Dr. Behl non-qualified stock options to purchase 50,000 shares of Common Stock, with a per share exercise price of \$0.10 (representing the closing price of the Common Stock on the American Stock Exchange on October 31, 2008), vested immediately upon issuance, subject to Elite's 2004 Stock Option Plan and the non-qualified stock option letter agreement between Elite and Dr. Behl, dated as of November 3, 2008. Further, pursuant to the Behl Release, Elite paid Dr. Behl (i) \$25,000 less any payroll or withholding taxes (representing the unpaid guaranteed bonus owed to Dr. Behl since March 2008 in accordance with the Behl Agreement), (ii) \$12,019 less any payroll or withholding taxes (representing 2.2 weeks of unpaid vacation for the 2008 fiscal year), and (iii) \$14,263 in expense reimbursements. As of March 31, 2009, there were no payments made to Dr. Behl for consulting services rendered to Elite pursuant to the Behl Consulting Agreement. No other compensation was paid to Mr. Behl by Elite during the fiscal year ended March 31, 2009.

For additional information regarding the Behl Release, please see Elite's disclosures in its Current Report on Form 8-K filed with the SEC on November 3, 2008, which such report is incorporated herein by reference.

Bernard Berk

On November 13, 2006, Elite entered into the Second Amended and Restated Employment Agreement with Mr. Berk, Elite's former President, Chief Executive Officer and Chairman of the Board (the *Berk Agreement*). On November 6, 2008 (the *Separation Date*), Elite and Mr. Berk entered into a Separation Agreement and General Release (the *Berk Release*), which provides for, among other things, the termination of the Berk Agreement. As of the Separation Date, Mr. Berk voluntarily resigned as Elite's President and Chief Executive Officer and also voluntarily resigned as the Chairman of the Board and as a Board member.

As consideration for a general release of Elite by Mr. Berk of all claims he asserted, or may assert in the future, against Elite in connection with his separation from Elite and in order to amicably resolve these matters without resorting to litigation in light of Elite's financial condition as of the Separation Date, Elite agreed to (i) pay Mr. Berk \$34,000 as severance less all applicable payroll or withholding

taxes (the *Cash Severance Amount*), and (ii) charge to Mr. Berk, as additional income for taxation purposes, the aggregate amount of all reimbursed expenses paid to Mr. Berk which are determined by Elite's Audit Committee not to be in compliance with Elite's expense reimbursement policy.

The Berk Agreement provided for a base annual salary of \$330,140. During the fiscal year ended March 31, 2009, Elite paid Mr. Berk an aggregate of \$193,380 for his service to Elite, representing the base annual salary payable to Mr. Berk under the Berk Agreement for his employment as Elite's President, Chief Executive Officer and Chairman of the Board of Directors, prorated for the period beginning on April 1, 2008 and ending on the Separation Date.

Mr. Berk was entitled to an automobile allowance of \$800 per month. The Berk Agreement provided for payment of a discretionary bonus following the end of each fiscal year of up to 50% of Mr. Berk's then annual base salary. The amount, if any, of the discretionary bonus was to be determined by the Compensation Committee. Mr. Berk's discretionary bonus was to be based on any commercialization of products, merger or acquisition, business combination or collaborations, growth in revenues and earnings, additional financings or other strategic business transactions that inure to the benefit of Elite's stockholders. The discretionary bonus, if any, was to be paid in cash or shares of Common Stock, valued at the closing price of the Common Stock on the immediately preceding trading day. For the fiscal year ended March 31, 2008 Mr. Berk did not receive any discretionary bonus.

The Berk Agreement provided for the grant of options to purchase up to 300,000 additional shares of Common Stock (the *Opioid Product Options*) at a \$3.00 exercise price per share, which were to vest in two 150,000 share tranches upon the closing of an exclusive product license for the United States national market, the entire European Union Market or the Japan market or a product sale transaction of all Elite's ownership rights in the United States (only once for each product) for Elite's first drug developed by Elite for which the FDA approval sought under a NDA (including a 505(b) (2) application) for oxycodone, hydrocodone, hydromorphone, oxymorphone, or morphine (each a *Non-Generic Opioid Product*) as to the first tranche and as to Elite's second Non-Generic Opioid Product for the second tranche. None of the Opioid Options vested as of the Separation Date and, therefore, all such Opioid Product Options terminated as of such Separation Date.

The Berk Agreement provided for the amendment of the vesting of options as to 400,000 shares of Common Stock which had been granted on September 2, 2005 to Mr. Berk at an exercise price of \$2.69 per share (the *Berk Milestone Options*) with the Berk Milestone Options to vest (A) as to not more than 125,000 shares and 75,000 shares, respectively, upon the commencement of the first Phase III clinical trial relating to the first and then the second Non-Generic Opioid Product developed by Elite; (B) 50,000 shares upon the closing of each product license or product sale transaction (on a product by product basis and only once for each product) other than Non-Generic Opioid Product for which options were granted above; (C) 10,000 shares upon the filing by Elite (in Elite's name) with the FDA of either an ANDA or a NDA, for a product not covered by a previous FDA application; (D) 40,000 shares upon the approval by the FDA of any ANDA or NDA (filed in Elite's name) for a product not previously approved by the FDA; (E) 25,000 shares upon the filing of an application for a U.S. patent by Elite (in Elite's name); and (F) 25,000 shares upon the granting by the U.S. Patent and Trademark Office (the *PTO*) of a patent to Elite filed in Elite's name or an approval of an ANDA or NDA; provided, however the foregoing options were to terminate upon Mr. Berk's termination of employment except that options under (D) and (F) nevertheless vest if the filing was made during the initial term but prior to termination of Mr. Berk's employment by Elite without cause and the approval was made within 540 days of the filing of the ANDA, NDA or patent application. None of the Berk Milestone Options vested as of the Separation Date and, therefore, all such Berk Milestone Options terminated as of such Separation Date.

Elite also agreed that in the event that, as to Mr. Berk, all of the options to purchase the full 400,000 Berk Milestone Options have fully vested during the initial term of the agreement, Elite agreed to grant under the Stock Option Plan to Mr. Berk at the end of the first current fiscal year in which the following event occurs fully vested additional options to purchase the following shares at the fair market value on the date of grant (the *Additional Berk Milestone Options*): (a) to the extent not previously vested with respect to his comparable Berk Milestone Options: (i) up to 125,000 shares upon the commencement of the first Phase III clinical trial relating to the first Non-Generic Opioid Product developed by Elite; and (ii) up to an additional 125,000 shares as to such trial relating to the second Non-Generic Opioid Product developed by Elite, (b) 50,000 shares upon the closing of each product license for the United States national market or product sale transaction of all ownership rights (on a product by product basis and only once for each product); (c) 10,000 shares upon the filing by Elite (in Elite's name) with the FDA of either an ANDA or NDA for a product not covered by a previous FDA application for each of Elite's drug product, other than the Non-Generic Opioid Products for which any Opioid Option was granted under the Berk Agreement; (d) 40,000 shares upon the approval by the FDA of any ANDA, NDA or 505(b)(2) application filed in Elite's name for a product not previously approved by the FDA; (e) 25,000 shares in the event of the filing of an application of an additional U.S. patent by Elite (filed in Elite's name); and (f) 25,000 shares in the event of the granting by the PTO of the foregoing additional patent applications to Elite (filed in Elite's name). No Additional Berk Milestone Options were issued to Mr. Berk under the Berk Agreement.

The Berk Agreement acknowledges that Mr. Berk holds previously granted incentive stock options to purchase 725,000 shares (the *Vested Berk Options*), of which 300,000 of the Vested Berk Options were exercisable at \$2.01 per share, 225,000 of the Vested Berk Options were exercisable at \$2.15 per share and 200,000 Vested Berk Options were exercisable at \$2.69 per share. Mr. Berk had 90 days following the Separation Date to exercise the Vested Berk Options. The Vested Berk Options terminated without exercise at the expiration of such 90-day period.

The Berk Agreement allowed Elite, at its discretion, to grant to Mr. Berk additional options under the Stock Option Plan and provides Mr. Berk the right to register at Elite's expense for reoffering shares issued upon exercise of the options under the Securities Act in certain registration statements filed by Elite with respect to offerings of securities by Elite. Elite did not grant Mr. Berk any additional options prior to the Separation Date.

The Berk Agreement provided that if Elite terminated his employment due to his permanent disability, without Cause (as defined in the Berk Agreement) or Mr. Berk terminated his employment for Good Reason (as defined in the Berk Agreement), Mr. Berk would have been entitled to the following severance: (i) any earned but unpaid base salary plus any unpaid reimbursable expenses as of the effective date of termination of his employment, (ii) the then-current base salary and reimbursement of the cost to replace the life and disability insurance coverages afforded to Mr. Berk under Elite's benefit plans with substantially similar coverages, following the effective date of termination of his employment, for a period equal to the greater of (x) the remainder of the then-current term, or (y) two years following the effective date of termination and (iii) payment by Elite of premiums for health insurance for the period during which Mr. Berk would have been entitled to continued health insurance coverage as specified in the Comprehensive Omnibus Budget Reconciliation Act. In the event that Elite terminated Mr. Berk's employment because of his permanent disability, Mr. Berk would have been entitled to the severance specified above, less any amounts actually received by him under any disability insurance coverage provided for and paid by Elite. In the event that Elite terminated Mr. Berk's employment for Cause or Mr. Berk terminates his employment with Elite without Good Reason, Mr. Berk would have been entitled to any earned but unpaid base salary plus any unpaid reimbursable expenses as of the effective date of termination of his employment.

Edgar Filing: ELITE PHARMACEUTICALS INC /DE/ - Form DEF 14A

The Berk Agreement provided that in the event of a change of control in lieu of any severance that may otherwise be payable to Mr. Berk if he elected to terminate his employment for any reason within 90 days thereof, or Elite elected to terminate his employment within 180 days thereof, other than for Cause, Mr. Berk would have been entitled to the following: (i) any earned but unpaid base salary plus any unpaid reimbursable expenses as of the effective date of termination of his employment, (ii) \$1,000,000, (iii) the then-current base salary for a period of 12 months following the effective date of termination, (iv) reimbursement of the cost, for a period of 12 months following the effective date of termination, of replacing the life and disability insurance coverage afforded to Mr. Berk under Elite's benefit plans with substantially similar coverage and (v) payment by Elite of premiums for health insurance for the period during which Mr. Berk would have been entitled to continued health insurance coverage as specified in the Comprehensive Omnibus Budget Reconciliation Act.

Except for the Cash Severance Amount, Elite did not pay Mr. Berk any severance as a result of his separation from Elite.

The Berk Agreement contained his non-solicitation covenant for a period of one year from termination. Pursuant to the Berk Release, Mr. Berk also agreed to customary negative covenants regarding confidentiality, return of corporate property and non-disparagement. Elite agreed to customary negative covenants regarding confidentiality of information relating to Mr. Berk (other than as may be required to be disclosed by applicable law or at the request of the SEC) and non-disparagement.

Pursuant to the Berk Agreement, Mr. Berk was entitled reimbursed for expenses (including business, travel and entertainment) reasonably incurred in the performance of his duties. Mr. Berk was also entitled to participate in such employee benefit and welfare plans and programs which were offered to Elite's senior executives, including life insurance, health and accident insurance, medical plans and programs and profit sharing and retirement plans.
