NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

NOTE 1. BASIS OF PRESENTATION

The accompanying Consolidated Financial Statements have been prepared in conformity with generally accepted accounting principles for interim financial information and with the instructions to Form 10-Q and Article 10 of Regulation S-X. Accordingly, they do not include all of the information and footnotes required by generally accepted accounting principles for complete financial statements. Dollar amounts in tables are in thousands, except per share amounts. Certain balances for 2001 have been reclassified to conform to the 2002 presentation.

Operating results for the nine month period ended September 30, 2002, are not necessarily indicative of the results that may be expected for the year ending December 31, 2002. For further information, refer to the Consolidated Financial Statements and Notes thereto included in ARI's Annual Report on Form 10-K for the year ended December 31, 2001 (the "2001 Form 10-K").

On January 1, 2002, ARI adopted Statement 144, "Accounting for the Impairment or Disposal of Long-Lived Assets" ("SFAS No. 144"). The Statement superceded

Edgar Filing: AMERICAN REALTY INVESTORS INC - Form 10-Q/A

Statement 121, "Accounting for the Impairment of Long-Lived Assets and for Long-Lived Assets to be Disposed of" ("SFAS No. 121") and Accounting Principles Board Opinion No. 30, "Reporting the Results of Operations - Reporting the Effects of Disposal of a Segment of a Business, and Extraordinary, Unusual and Infrequently Occurring Events and Transactions" ("APB 30"), for segments of a business to be disposed of. SFAS 144 retains the requirements of SFAS No. 121 relating to the recognition and measurement of an impairment loss and resolves certain implementation issues resulting from SFAS No. 121. The adoption of SFAS No. 144 did not have a material impact on the consolidated financial position or results of operations of ARI.

The financial statements and accompanying footnotes have been amended to revise the presentation of discontinued operations, pursuant to Statement of Financial Accounting Standards No. 144. The revision had no impact on the net income (loss) for the periods reported.

In April 2002, the FASB issued Statement 145, "Rescission of FASB Statements No. 4, 44 and 64, Amendment of FASB Statement No. 13, and Technical Correction" ("SFAS No. 145"). Statement 4, "Reporting Gains and Losses from Extinguishment of Debt" ("SFAS No. 4"), required that gains and losses from the extinguishment of debt that were included in the determination of net income be aggregated and, if material, classified as an extraordinary item. The provisions of SFAS No. 145 related to the rescission of SFAS No. 4 become effective in fiscal years beginning after May 15, 2002. The adoption of SFAS No. 145 will not have a material impact on the consolidated financial position or results of operations of ARI.

In June 2002, the FASB issued SFAS No. 146, "Accounting for Costs Associated with Exit or Disposal Activities," which addresses accounting for restructuring and similar costs. SFAS No. 146 supersedes previous

NOTE 1. BASIS OF PRESENTATION (Continued)

accounting guidance, principally Emerging Issues Task Force ("EITF") Issue No. 94-3. ARI will adopt the provisions of SFAS No. 146 for restructuring activities initiated after December 31, 2002. SFAS No. 146 requires that the liability for costs associated with an exit or disposal activity be recognized when the liability is incurred. Under EITF No. 94-3, a liability for an exit cost was recognized at the date of a company's commitment to an exit plan. SFAS No. 146 also establishes that the liability should initially be measured and recorded at fair value. Accordingly, SFAS No. 146 may affect the timing of recognizing future restructuring costs as well as the amount recognized.

In May 2001, ARI purchased the leasehold interests in 37 oil and gas mineral development properties, which include 131 drilled wells. The note bore no interest, and matured in November 2001. One-half of the principal was paid in August 2001. The remaining \$4.0 million was paid by issuing 3,968.75 shares of ARI Series F Preferred Stock, which was redeemable quarterly in an amount equal to 20% of net cash flow from the oil and gas operations. The stock had a liquidation value of \$1,000 per share, and paid no dividends.

In May 2002, ARI sold the leasehold interests for \$1.3 million, receiving a note from the buyer for the purchase price. The note bears interest at 10.0% per annum, matures in May 2004 and requires monthly payments of principal and accrued interest. The 3,968.75 shares of ARI Series F Preferred Stock were also returned to ARI and canceled.

NOTE 5. INVESTMENTS IN EQUITY INVESTEEES

Real estate entities. ARI's investment in real estate entities at September 30, 2002, included equity securities of two publicly traded real estate companies, Income Opportunity Realty Investors, Inc. ("IORI") and TCI, and interests in real estate joint venture partnerships. BCM, ARI's advisor, serves as advisor to IORI and TCI.

ARI accounts for its investment in IORI and TCI and the joint venture partnerships using the equity method. The equity securities of IORI and

TCI are pledged as collateral for borrowings. See NOTE 8. "MARGIN BORROWINGS."

ARI's investment in real estate entities, accounted for using the equity method, at September 30, 2002 was as follows:

Investee	Percentage of ARI's Ownership at September 30, 2002	Carrying Value of Investment at September 30, 2002	Equivalent Investee Book Value at September 30, 2002	Market Value of Investment at September 30, 2002
IORI	28.49%	\$ 7,628	\$ 10,873	\$ 5,227
TCI	49.81	68,508	107,340	66,302
		----- 76,136		----- \$ 71,529 =====
Other		6,860		
		----- \$ 82,996 =====		

Management continues to believe that the market value of both IORI and TCI undervalues their assets, and, therefore, ARI may continue to increase its ownership in these entities in 2002, as its liquidity permits. On October 3, 2000, ARI and IORI entered into a stock option agreement which provided IORI and ARI with an option to purchase 1,858,900 shares of TCI common stock from a third party. On October 19, 2000, IORI assigned all of its rights to purchase such shares to ARI. The total cost to purchase the TCI shares was \$30.8 million. In October 2000, ARI paid \$5.6 million of the option price. In April 2001, the remainder of the option price was paid and ARI acquired the TCI shares. See ITEM 2. "MANAGEMENT'S DISCUSSION AND ANALYSIS OF FINANCIAL CONDITION AND RESULTS OF OPERATIONS" for discussion of the proposed acquisition of TCI and IORI by ARI.

Set forth below are summarized results of operations of equity investees for the nine months ended September 30, 2002:

Edgar Filing: AMERICAN REALTY INVESTORS INC - Form 10-Q/A

ARI's share of equity investees' loss before gains on the sale of real estate was \$14.1 million for the nine months ended September 30, 2002, and its share of equity investees' gains on sale of real estate was \$14.9 million for the nine months ended September 30, 2002.

NOTE 5. INVESTMENTS IN EQUITY INVESTEES (Continued)

ARI's cash flow from IORI and TCI is dependent on the ability of each entity to make distributions. In the fourth quarter of 2000, IORI and TCI suspended distributions.

Realty Advisors - Korea. In June 2002, ARI purchased BCM's investment in Realty Advisors - Korea for \$6.0 million. The purchase price was based on the fair value of the interests, which was determined by management and approved by the respective boards of directors, based on expected management fees that will be collected. The business purpose of this transaction was to reduce the affiliate payable owed by BCM to ARI. ARI's receivable from BCM was reduced by \$6.0 million, and no cash was paid by ARI.

ART Florida Portfolio II, Ltd. In January 2002, Investors Choice Florida Public Funds II, in which ART Florida Portfolio II, Ltd. owned an interest, sold Villas Continental Apartments. ARI received \$1.0 million in cash from the sale. ARI's share of the loss incurred on the sale was \$531,000, which is included in loss on sale of investments in equity investees in the accompanying Consolidated Statements of Operations.

NOTE 6. MARKETABLE EQUITY SECURITIES - TRADING PORTFOLIO

Since 1994, ARI has been purchasing equity securities of entities other than those of IORI and TCI to diversify and increase the liquidity of its margin accounts. These equity securities are considered a trading portfolio and are carried at market value. In the first nine months of 2002, ARI did not purchase or sell any such securities. At September 30, 2002, ARI recognized an unrealized decrease in the market value of its trading portfolio securities of \$28,000. Unrealized and realized gains and losses on trading portfolio securities are included in other income in the accompanying Consolidated Statements of Operations.

ARI has guaranteed that the asset will produce at least a 12% return on the purchase price for a period of three years from the purchase date. If the asset fails to produce the 12% return, ARI will pay the purchaser any shortfall. In addition, if the asset fails to produce the 12% return for a calendar year, the purchaser may require ARI to repurchase the entity for the purchase price. market rate multiple of net operating income. Rosedale owns the Rosedale Towers Office Building. The business purpose of this transaction was for IORI to make an equity investment in Rosedale, anticipating a profitable return, and for ARI to receive cash for its equity investment.

- (5) TCI, a related party, purchased 100% of the common shares of ART Two Hickory Corporation ("Two Hickory"), a wholly-owned subsidiary of ARI, for \$4.4 million. Joseph Mizrachi, a Director of ARI, controls approximately 11.67% of the outstanding common stock of Innovo. Management has determined to treat this sale as a refinancing transaction. ARI will continue to report the assets and the new debt incurred by Metra on its financial statements. ARI also received \$6.3 million of 8% non-recourse, non-convertible Series A Preferred Stock ("Preferred Shares") of Innovo.

The dividend on the Preferred Shares will be funded entirely and solely through member distributions from cash flows generated by the operation

and subsequent sale of the sold properties. In the event the cash flows for the properties are insufficient to cover the 8% annual dividend, Innovo will have no obligation to cover any shortfall.

The Preferred Shares have a mandatory redemption feature, and are redeemable from the cash proceeds received by Innovo from the operation and sale of the properties. All member distributions that are in excess of current and accrued 8% dividends must be used by Innovo to redeem the Preferred Shares. Since redemption of these shares is subject to the above future events, management has elected to record no basis in the Preferred Shares.

- (7) TCI, a related party, purchased all of the general and limited partnership interests in Garden Confederate Point, L.P. ("Confederate Point") from ARI for \$1.9 million. In August 2002, the lender on one of ARI's hotel properties notified ARI that ARI was in default under the provisions of the loan agreement regarding timely payment and debt service coverage ratio. ARI is negotiating with the lender and expects to resolve the issue.

NOTE 8. MARGIN BORROWINGS

ARI has margin arrangements with various financial institutions and brokerage firms which provide for borrowing of up to 50% of the market value of marketable equity securities. The borrowings under such margin arrangements are secured by equity securities of IORI and TCI and ARI's trading portfolio securities and bear interest rates ranging from 5.25% to 24.0%. Margin borrowing totaled \$11.0 million at September 30, 2002.

In April 2000, ARI obtained a security loan in the amount of \$5.0 million from a financial institution. ARI received net cash of \$4.6 million after paying various closing costs. The loan bore interest at 1% over the prime rate, currently 5.25% per annum, required monthly payments of interest and matured in September 2002. In September 2002, the interest rate was increased to 7.00% per annum, and the maturity date was extended to February 2003. The loan is secured by 1,050,000 shares of ARI Common Stock held by BCM, ARI's advisor.

NOTE 8. MARGIN BORROWINGS (Continued)

In March 2001, ARI obtained a security loan in the amount of \$3.5 million from a financial institution. ARI received net cash of \$3.5 million after paying various closing costs. The loan bore interest at 16.0% per annum. In April and May 2001, a total of \$2.0 million in principal paydowns were made. In July 2001, the loan was repaid in full, including accrued but unpaid interest. The loan was secured by 472,000 shares of TCI common stock owned by ARI and 128,000 shares of ARI Common Stock owned by One Realco.

In September 2001, ARI obtained a security loan in the amount of \$20.0 million from a financial institution. ARI received net cash of \$16.1 million after the payment of various closing costs and \$3.4 million repayment of principal and accrued interest on an existing loan with the same lender. Of the total loan amount, \$19.5 million bore interest at 24% per annum, while the remaining \$500,000 bore interest at 20% per annum. The loan required monthly payments of interest only and matured in September 2002. In September 2002, \$15.0 million of the principal was repaid. The loan is secured by 2,602,608 shares of TCI common stock held by ARI and 920,507 shares of TCI common stock held by BCM, ARI's advisor.

In October 2001, ARI obtained a security loan in the amount of \$1.0 million from a financial institution. ARI received net cash of \$1.0 million after payment of

Edgar Filing: AMERICAN REALTY INVESTORS INC - Form 10-Q/A

various closing costs. The loan bears interest at 1% over the prime rate, currently 5.25% per annum, requires monthly payments of interest only and matures in October 2003. The loan is callable upon 60 days prior notice, and is secured by 200,000 shares of ARI Common Stock held by BCM, ARI's advisor.

NOTE 9. INCOME TAXES

Financial statement income varies from taxable income principally due to the accounting for income and losses of investees, gains and losses from asset sales, depreciation on owned properties, amortization of discounts on notes receivable and payable and the difference in the allowance for estimated losses. ARI had no taxable income or provision for income taxes in the nine months ended September 30, 2002 or 2001.

NOTE 10. OPERATING SEGMENTS

Significant differences among the accounting policies of the operating segments as compared to the Consolidated Financial Statements principally involve the calculation and allocation of administrative expenses. Management evaluates the performance of each of the operating segments and allocates resources to them based on their net operating income and cash flow. Items of income that are not reflected in the segments are equity in loss of investees, equity in gain on sale of real estate by equity investees, loss on sale of investments in equity investees and other income which totaled \$2.0 million and \$858,000 for the three and nine months ended September 30, 2002 and \$3.4 million and

23

NOTE 10. OPERATING SEGMENTS (Continued)

\$9.2 million for 2001. Expenses that are not reflected in the segments are general and administrative expenses, minority interest, incentive fees, advisory fees, net income fees, provision for loss and discontinued operations, which totaled \$6.2 million and \$20.8 million for the three and nine months ended September 30, 2002 and \$9.4 million and \$31.2 million for 2001. Excluded from operating segment assets are assets of \$125.8 million in 2002 and \$119.9 million in 2001, which are not identifiable with an operating segment. There are no intersegment revenues and expenses, and ARI conducted all of its business within the United States, with the exception of Hotel Sofia, which is located in Bulgaria.

Presented below are ARI's reportable segments operating income for the three and nine months ended September 30, 2002 and 2001, and segment assets at September 30, 2002 and 2001.

NOTE 11. DISCONTINUED OPERATIONS

Effective January 1, 2002, ARI adopted Statement of Financial Accounting Standards No. 144, "Accounting for the Impairment or Disposal of Long-Lived Assets," which established a single accounting model for the impairment or disposal of long-lived assets, including discontinued operations. This statement requires that the operations related to properties that have been sold or properties that are intended to be

sold be presented as discontinued operations in the statement of operations for all periods presented, and properties intended to be sold are to be designated as "held-for-sale" on the balance sheet.

For the three and nine months ended September 30, 2002 and 2001, income from discontinued operations relates to 15 properties and leasehold interest in oil and gas properties that ARI sold during the first nine months of 2002. The following table summarizes revenue and expense information for these properties sold and held-for-sale.

NOTE 12. COMMITMENTS AND CONTINGENCIES

Liquidity. Management expects that cash generated from operations during the remainder of 2002 will not be sufficient to discharge all of ARI's debt obligations as they mature. Therefore, ARI will rely on aggressive land sales, selected income producing property sales and, to the extent necessary, additional borrowings to meet its cash requirements.

Commitments. In March 1999, ARI reached an agreement with the Class A unitholders of Valley Ranch, L.P. to acquire their eight million Class A units for \$1.00 per unit. In 1999, three million units were purchased. Additionally, one million units were purchased in January 2000, two million units were purchased in May 2001 and one million units were purchased in May 2002. The remaining one million units were purchased in August 2002.

Litigation. In August 2002, ARI obtained a favorable jury verdict in the legal action entitled American Realty Trust v. Matisse. However,

26

AMERICAN REALTY INVESTORS, INC. NOTES TO CONSOLIDATED FINANCIAL STATEMENTS - Continued

NOTE 12. COMMITMENTS AND CONTINGENCIES (Continued)

the judge set aside the jury verdict and imposed a judgment against ARI in excess of \$6.0 million. The judgment is being appealed, and, in the opinion of ARI's management and legal counsel, there is a reasonable probability that the adverse judgment will be set aside and the jury verdict reinstated. Therefore, ARI has not recognized any expense nor established any reserve for this judgment.

In addition to the Matisse litigation, and the Olive litigation as discussed in ITEM 2. "MANAGEMENT'S DISCUSSION AND ANALYSIS OF FINANCIAL CONDITION AND RESULTS OF OPERATIONS," ARI is involved in various lawsuits arising in the ordinary course of business. In the opinion of ARI's management, the outcome of these lawsuits will not have a material impact on ARI's financial condition, results of operations or liquidity.

NOTE 13. GOODWILL AND OTHER INTANGIBLES - ADOPTION OF SFAS 142

In June 2001, the Financial Accounting Standards Board finalized Statement of Financial Accounting Standards No. 141, "Business Combinations" ("SFAS 141"), and No. 142, "Goodwill and Other Intangible Assets" ("SFAS 142"). SFAS 141 requires the use of the purchase method of accounting and prohibits the use of the pooling-of-interests method of accounting for business combinations initiated after June 30, 2001. SFAS 141 also requires that ARI recognize acquired intangible assets apart from goodwill if the acquired intangible assets meet certain criteria. SFAS 141 applies to all business combinations initiated after June 30, 2001. It also requires, upon adoption of SFAS 142, that ARI reclassify the carrying amounts of intangible assets and goodwill based on the criteria in SFAS 141.

SFAS 142 requires, among other things, that companies no longer amortize goodwill, but instead test goodwill for impairment at least annually. In addition, SFAS 142 requires that ARI identify reporting units in order to assess

Edgar Filing: AMERICAN REALTY INVESTORS INC - Form 10-Q/A

potential future impairment of goodwill, reassess the useful lives of other existing recognized intangible assets, and cease amortization of intangible assets with an indefinite useful life. SFAS 142 requires that an intangible asset with an indefinite useful life be tested for impairment in accordance with specified guidelines. SFAS 142 is required to be applied in fiscal years beginning after December 15, 2001 to all goodwill and other intangible assets recognized at that date, regardless of when those assets were initially recognized. SFAS 142 required ARI to complete a transitional goodwill impairment test six months from the date of adoption. ARI was also required to reassess the useful lives of other intangible assets within the first interim quarter after adoption of SFAS 142.

The adoption of SFAS 141 did not have a material impact on ARI's results of operations and financial position. ARI adopted SFAS 142 on January 1, 2002, and accordingly ceased amortizing costs in excess of net assets acquired. In connection with the adoption of SFAS 142, ARI completed

27

AMERICAN REALTY INVESTORS, INC. NOTES TO CONSOLIDATED FINANCIAL STATEMENTS - Continued

NOTE 13. GOODWILL AND OTHER INTANGIBLES - ADOPTION OF SFAS 142 (Continued)

the first step of the goodwill impairment test during the quarter ended June 30, 2002. Based on the results of this step, ARI believes that the fair value of its reporting unit that carries goodwill exceeds its carrying amount. Since the first step of the goodwill impairment test indicates that goodwill is not impaired, the second step of the goodwill impairment test is not necessary.

Transitional Disclosures. Net income (loss) applicable to Common shares and earnings per share, including the after-tax effect of amortization expense related to costs in excess of net assets acquired for the three and nine months ended September 30, 2002 and 2001 are as follows:

NOTE 14. DERIVATIVE FINANCIAL INSTRUMENTS

During the first quarter of 2002, ARI entered into an interest rate swap agreement with a bank. This agreement contains a notional amount of \$13.1 million and requires ARI to pay the bank a fixed rate of 4.3%, and requires the bank to pay to ARI based on the 30 day LIBOR rate. This agreement was entered into in order to effectively fix the rate on ARI's debt associated with the Lakeshore Villas property. The swap agreement expires on December 25, 2004.

ARI has not designated the interest rate swap agreement as a hedge, as defined within Statement of Financial Accounting Standards No. 133,

NOTE 14. DERIVATIVE FINANCIAL INSTRUMENTS (Continued)

"Accounting for Derivative Instruments and Hedging Activities," and, as such, changes in the fair value of the swap agreement are recognized in earnings during the period of change and reflected in the statement of operations as interest expense.

The fair value of the swap agreement at September 30, 2002 represents a liability to ARI of \$614,000 and is included within other liabilities in the accompanying balance sheet. Amounts paid or received under the swap agreement are settled monthly and are reflected as a reduction in the liability when paid. Interest expense for the nine months ended September 30, 2002, was increased by \$813,000 representing both amounts paid to the bank under the agreement and increases in the fair value of the related liability.

ITEM 2. MANAGEMENT'S DISCUSSION AND ANALYSIS OF FINANCIAL CONDITION AND RESULTS OF OPERATIONS

Introduction

ARI's predecessor was organized in 1961 to provide investors with a professionally managed, diversified portfolio of equity real estate and mortgage loan investments selected to provide opportunities for capital appreciation as well as current income.

On October 23, 2001, ARI, TCI, and IORI jointly announced a preliminary

Edgar Filing: AMERICAN REALTY INVESTORS INC - Form 10-Q/A

agreement with the plaintiff's legal counsel of the derivative action entitled Olive et al. V. National Income Realty Trust, et al. for complete settlement of all disputes in the lawsuit. In February 2002, the court granted final approval of the proposed settlement. Under the proposal, ARI will acquire all of the outstanding common shares of IORI and TCI not currently owned by ARI for a cash payment or shares of ARI preferred stock. ARI will pay \$17.50 cash per TCI share and \$19.00 cash per IORI share for the stock held by non-affiliated stockholders. ARI will issue one share of Series G Preferred Stock with a liquidation value of \$20.00 per share for each share of TCI Common Stock for stockholders who affirmatively elect to receive ARI Preferred Stock in lieu of cash. ARI will issue one share of Series H Preferred Stock with a liquidation value of \$21.50 per share for each share of IORI Common Stock for stockholders who affirmatively elect to receive ARI Preferred Stock in lieu of cash. All affiliated stockholders will receive ARI Preferred Stock. Each share of Series G Preferred Stock will be convertible into 2.5 shares of ARI Common Stock, and each share of Series H Preferred Stock will be convertible into 2.25 shares of ARI Common Stock during a 75-day period that commences fifteen days after the date of the first ARI Form 10-Q filing that occurs after the closing of the merger transaction. Upon the acquisition of IORI and TCI shares, TCI and IORI would become wholly-owned subsidiaries of ARI. The transaction is subject to the negotiation of a definitive merger agreement and a vote of the shareholders of all three entities. ARI has

Introduction (Continued)

the same advisor as TCI and IORI, and TCI and IORI have the same board of directors. Earl D. Cecil, a Director of ARI, is also a Director of TCI and IORI.

On November 7, 2002, ARI announced that it intends to commence, through subsidiaries, a tender offer for shares of common stock of TCI and IORI. The price per share to be paid will be \$17.50 for TCI shares and \$19.00 for IORI shares. ARI has developed a financing plan, consisting primarily of new debt and refinancing of existing debt. The tender offers are being made to cure a default under the settlement resulting from ARI's failure to timely complete the SEC review process of the registration statement for the proposed mergers with TCI and IORI. ARI will defer further action on the mergers, pending completion of the tender offers.

Critical Accounting Policies

Critical accounting policies are those that are both important to the presentation of ARI's financial condition and results of operations and require management's most difficult, complex or subjective judgements. ARI's critical accounting policies relate to the evaluation of impairment of long-lived assets and the evaluation of the collectibility of accounts and notes receivable.

If events or changes in circumstances indicate that the carrying value of a rental property to be held and used or land held for development may be impaired, management performs a recoverability analysis based on estimated undiscounted cash flows to be generated from the property in the future. If the analysis indicates that the carrying value is not recoverable from future cash flows the property is written down to estimated fair value and an impairment loss is recognized. If management decides to sell rental properties or land held for development, management evaluates the recoverability of the carrying amounts of the assets. If the evaluation indicates that the carrying value is not

Edgar Filing: AMERICAN REALTY INVESTORS INC - Form 10-Q/A

recoverable from estimated net sales proceeds, the property is written down to estimated fair value less costs to sell and an impairment loss is recognized within income from continuing operations. ARI's estimates of cash flow and fair values of the properties are based on current market conditions and consider matters such as rental rates and occupancies for comparable properties, recent sales data for comparable properties and, where applicable, contracts or the results of negotiations with purchasers or prospective purchasers. ARI's estimates are subject to revision as market conditions and ARI's assessments of them change.

ARI's allowance for doubtful accounts receivable and notes receivable is established based on analysis of the risk of loss on specific accounts. The analysis places particular emphasis on past due accounts. Management considers the information such as the nature and age of the receivable, the payment history of the tenant or other debtor, the financial condition of the tenant or other debtor, and ARI's assessment

30

ITEM 2. MANAGEMENT'S DISCUSSION AND ANALYSIS OF FINANCIAL CONDITION AND RESULTS OF OPERATIONS (Continued)

Critical Accounting Policies (Continued)

of its ability to meet its lease or interest obligations. ARI's estimate of the required allowance, which is reviewed on a quarterly basis, is subject to revision as these factors change and is sensitive to the effects of economic and market conditions.

Liquidity and Capital Resources

General. Cash and cash equivalents at September 30, 2002, totaled \$3.3 million, compared with \$709,000 at December 31, 2001. Although ARI anticipates that during the remainder of 2002 it will generate cash from operations, as discussed below, such excess cash is not sufficient to discharge all of ARI's debt obligations as they mature. ARI will therefore again rely on externally generated funds, including aggressive land sales, selected sales of income producing properties, borrowings against its investments in various real estate entities, refinancing of properties, and, to the extent necessary, borrowings to meet its debt service obligations, pay taxes, interest and other non-property related expenses.

At December 31, 2001, notes payable totaling \$267.5 million had either scheduled maturities or required principal reduction payments during 2002. During the first nine months of 2002, ARI either extended, refinanced, paid down, paid off or received commitments from lenders to extend or refinance \$180.2 million of the debt scheduled to mature in 2002.

Net cash used in operating activities decreased to \$32.2 million in the nine months ended September 30, 2002, from \$39.2 million in the nine months ended September 30, 2001. Fluctuations in the components of cash flow from operations are discussed in the following paragraphs.

Net cash from property operations (rents collected less payments for expenses applicable to rental income) increased to \$26.9 million in the nine months ended September 30, 2002 from \$19.1 million in 2001. The increase was primarily attributable to a decline in the payments for operating expenses in 2002 from an elevated level in 2001, when there was a significant paydown of accounts payable. ARI expects a decrease in cash flow from property operations during the remainder of 2002. Such decrease is expected to result from the continued

Edgar Filing: AMERICAN REALTY INVESTORS INC - Form 10-Q/A

selective sale of income producing properties.

Net cash from pizza operations (sales less cost of sales) increased to \$4.9 million in the nine months ended September 30, 2002, from \$4.3 million in 2001. The increase was primarily attributable to the opening of three new stores during 2001.

No net cash was used in oil and gas operations (sales collected less payments for lease operating expenses) in the nine months ended September 30, 2002, compared to a use of \$175,000 in 2001. See NOTE 4. "OIL AND GAS OPERATIONS."

Liquidity and Capital Resources (Continued)

Interest collected increased to \$979,000 in the nine months ended September 30, 2002, from \$397,000 in 2001. The increase was primarily attributable to the collection of \$542,000 in past due interest.

Interest paid decreased to \$42.6 million in the nine months ended September 30, 2002, from \$45.7 million in 2001. The decrease was primarily attributable to reduced mortgage balances as a result of property sales.

Advisory fees paid of \$4.8 million in the nine months ended September 30, 2002, approximated the \$5.0 million in 2001.

No incentive fees were paid in the nine months ended September 30, 2002, compared to \$1.6 million in 2001.

General and administrative expenses paid increased to \$9.8 million in the nine months ended September 30, 2002 from \$9.1 million in 2001. The increase is primarily attributable to an increase in legal fees.

ARI's cash flow from its investments in IORI and TCI is dependent on the ability of each of the entities to make distributions. In the fourth quarter of 2000, IORI and TCI suspended distributions. Accordingly, ARI received no current distributions in the first nine months of 2002 and 2001. However, in May 2001, ARI received \$53,000 in accumulated dividends on shares of Continental Mortgage and Equity Trust that should have been exchanged for TCI Common Stock in 1999.

Other cash used in operating activities was \$5.7 million in the nine months ended September 30, 2002, compared to other cash from operations of \$1.2 million in 2001. The change was primarily attributable to a \$2.7 million increase in escrow deposits in 2002 compared to a \$3.5 million decrease in 2001.

In the first nine months of 2002, ARI received a total of \$5.5 million on the collection of three mortgage notes receivable and partial paydown of three mortgage notes receivable.

In 2002, ARI purchased the following property:

Related Party Transactions. In each of the following transactions, except those footnoted as (6), a related party has purchased an entity, which owns the listed property asset, from ARI. ARI has guaranteed that the asset will produce at least a 12% return on the purchase price for a period of three years from the purchase date. If the asset fails to produce the 12% return, ARI will pay the purchaser any shortfall. In addition, if the asset fails to produce the 12% return for a calendar year, the purchaser may require ARI to repurchase the entity for the purchase price. Management has classified these related party transactions as notes payable.

- (3) \$10.1 million funded at September 30, 2002.
- (4) IORI, a related party, purchased 100% of the outstanding common shares of Rosedale Corporation ("Rosedale"), a wholly-owned subsidiary of ARI, for \$5.1 million. The purchase price was determined based upon the market value of the property, using a market rate multiple of net operating income. Rosedale owns the Rosedale Towers Office Building. The business purpose of this transaction was for IORI to make an equity investment in Rosedale, anticipating a profitable return, and for ARI to receive cash for its equity investment.
- (5) TCI, a related party, purchased 100% of the common shares of ART Two Hickory Corporation ("Two Hickory"), a wholly-owned subsidiary of ARI, for \$4.4 million. The purchase price was determined based upon the market value of the property, using a market rate multiple of net operating income. Two Hickory owns the Two Hickory Centre Office Building. The business purpose of this transaction was for TCI to make an equity investment in Two Hickory, anticipating a profitable return, and for ARI to receive cash for its equity investment.
- (6) Properties sold to partnerships controlled by Metra Capital, LLC ("Metra"). Innovo Group, Inc. ("Innovo") is a limited partner in the partnerships that purchased the properties. Joseph Mizrachi, a Director of ARI, controls approximately 11.67% of the outstanding common stock of Innovo. Management has determined to treat this sale as a refinancing transaction. ARI will continue to report the assets and the new debt incurred by Metra on its financial statements. ARI also received \$6.3 million of 8% non-recourse, non-convertible Series A Preferred Stock ("Preferred Shares") of Innovo.

The dividend on the Preferred Shares will be funded entirely and solely through member distributions from cash flows generated by the operation and subsequent sale of the sold properties. In the event the cash flows for the properties are insufficient to cover the 8% annual dividend, Innovo will have no obligation to cover any shortfall.

The Preferred Shares have a mandatory redemption feature, and are redeemable from the cash proceeds received by Innovo from the operation and sale of the properties. All member distributions that are in excess of current and accrued 8% dividends must be used by Innovo to redeem the Preferred Shares. Since redemption of these shares is subject to the above future events, management has elected to record no basis in the Preferred Shares.

- (7) TCI, a related party, purchased all of the general and limited partnership interests in Garden Confederate Point, L.P. ("Confederate Point") from ARI for \$1.9 million. The purchase

price was determined based upon the market value of the property, using a market rate multiple of net operating income. Confederate Point owns the Confederate Point Apartments. The business purpose of this transaction was for TCI to make an equity investment in Confederate Point, anticipating a

profitable return, and for ARI to receive a return for its equity investment.

- (8) TCI, a related party, purchased all of the general and limited partnership interests in Garden Foxwood, L.P. ("Foxwood") from ARI for \$1.1 million. The purchase price was determined based upon the market value of the property, using a market rate multiple of net operating income. Foxwood owns the Foxwood Apartments. The business purpose of this transaction was for TCI to make an equity investment in Foxwood, anticipating a profitable return, and for ARI to receive a return for its equity investment.
- (9) TCI, a related party, purchased all of the general and limited partnership interests in Garden Woodsong, L.P. ("Woodsong") from ARI for \$2.5 million. The purchase price was determined based upon the market value of the property, using a market rate multiple of net operating income. Woodsong owns the Woodsong Apartments. The business purpose of this transaction was for TCI to make an equity investment in Woodsong, anticipating a profitable return, and for ARI to receive a return for its equity investment. TCI sold the Woodsong Apartments in July 2002.
- (10) Sold to unrelated buyer in June 2002.
- (11) TCI, a related party, purchased 100% of the common shares of ART One Hickory Corporation ("One Hickory"), a wholly-owned subsidiary of ARI, for \$4.5 million. The purchase price was determined based upon the market value of the property, using a market rate multiple of net operating income. One Hickory owns the One Hickory Centre Office Building. The business purpose of this transaction was for TCI to make an equity investment in One Hickory, anticipating a profitable return, and for ARI to receive a return for its equity investment.

ARI has margin arrangements with various financial institutions and brokerage firms which provide for borrowing up to 50% of the market value of ARI's marketable equity securities. The borrowings under such margin arrangements are secured by equity securities of IORI and TCI and ARI's trading portfolio and bear interest rates ranging from 5.25% to 24.0%. Margin borrowing totaled \$11.0 million at September 30, 2002.

Management expects that it will be necessary for ARI to sell \$113.4 million, \$2.8 million and \$7.0 million of its land holdings during each of the next three years to satisfy the debt on such land as it matures. If ARI is unable to sell at least the minimum amount of land to satisfy the debt obligations on such land as it matures, or, if it is not able to extend such debt, ARI would either sell other of its assets to pay such debt or transfer the property to the lender.

Management reviews the carrying values of ARI's properties and mortgage notes receivable at least annually and whenever events or a change in circumstances indicate that impairment may exist. Impairment is considered to exist if, in the case of a property, the future cash flow from the property (undiscounted and without interest) is less than the carrying amount of the property. For notes receivable, impairment is considered to exist if it is probable that all amounts due under the terms of the note will not be collected. If impairment is found to exist, a provision for loss is recorded by a charge against earnings to the

Edgar Filing: AMERICAN REALTY INVESTORS INC - Form 10-Q/A

extent that the investment in the note exceeds management's estimate of the fair value of the collateral property securing each note. The mortgage note receivable review includes an evaluation of the collateral property securing such note. The property review generally includes: (1) selective property inspections; (2) a review of the property's current rents compared to market rents; (3) a review of the property's expenses; (4) a review of maintenance requirements; (5) a review of the property's cash flow; (6) discussions with the manager of the property; and (7) a review of properties in the surrounding area.

Commitments and Contingencies

In March 1999, an agreement was reached with the Class A unitholders of Valley Ranch, L.P. to acquire their eight million Class A units for \$1.00 per unit. In 1999, three million units were purchased. Additionally, one million units were purchased in January 2000, two million units were purchased in May 2001 and one million units were purchased in May 2002. The remaining one million units were purchased in August 2002.

In August 2002, ARI obtained a favorable jury verdict in the legal action entitled American Realty Trust v. Matisse. However, the judge set aside the jury verdict and imposed a judgment against ARI in excess of \$6.0 million. The judgment is being appealed, and, in the opinion of ARI's management and legal counsel, there is a reasonable probability that the adverse judgment will be set aside and the jury verdict reinstated. Therefore, ARI has not recognized any expense nor established any reserve for this judgment.

Results of Operations

For the nine months ended September 30, 2002, ARI reported a net loss of \$16.7 million, compared to net income of \$12.0 million for the nine months ended September 30, 2001. The primary factors contributing to ARI's net loss are discussed in the following paragraphs.

Rents decreased to \$26.5 million and \$78.0 million in the three and nine months ended September 30, 2002, from \$29.0 million and \$87.8 million in 2001. Rents from commercial properties increased to \$23.3 million for the nine months ended September 30, 2002, from \$22.6 million in 2001, rent from hotels increased to \$28.3 million in the nine months ended September 30, 2002, from \$27.7 million in 2001 and rent from apartments decreased to \$25.8 million in the nine months ended September

38

ITEM 2. MANAGEMENT'S DISCUSSION AND ANALYSIS OF FINANCIAL CONDITION AND RESULTS OF OPERATIONS (Continued)

Results of Operations (Continued)

30, 2002, from \$36.9 million in 2001. The increase in commercial property rents was primarily attributable to increased occupancy, the increase in hotel property rents was primarily attributable to increases in occupancy and average rate at Hotel Sofia in 2002 and the decrease in apartment rent was primarily attributable to the sale of 17 apartments in 2001. Rental income is expected to decrease in the remainder of 2002 as a result of continued property sales.

Property operations expense decreased to \$18.5 million and \$55.3 million in the three and nine months ended September 30, 2002, from \$19.7 million and \$64.5 million in 2001. Property operations expense for commercial properties increased to \$13.6 million in the nine months ended September 30, 2002, from \$12.4 million in 2001. For hotels, property operations expense decreased to \$19.7 million in

Edgar Filing: AMERICAN REALTY INVESTORS INC - Form 10-Q/A

the nine months ended September 30, 2002, from \$21.6 million in 2001. For land, property operations expense decreased to \$5.4 million in the nine months ended September 30, 2002 from \$6.7 million in 2001. For apartments, property operations expense decreased to \$16.4 million in the nine months ended September 30, 2002, from \$23.6 million in 2001. The increase in commercial property operations expense was primarily attributable to the acquisition of Plaza on Bachman Creek in 2002. The decrease in hotel property operations expense was primarily attributable to the over-estimation of expenses at Hotel Sofia in 2001. The decrease in land property operations expense was primarily attributable to reduced professional services fees in 2002. The decrease in apartment property operations expense was primarily attributable to the sale of 17 apartments in 2001. Property operations expense is expected to decrease in the remainder of 2002 as a result of continued property sales.

Pizza parlor sales and cost of sales increased to \$9.3 million and \$7.6 million, respectively, in the three months ended September 30, 2002 and \$27.5 million and \$22.4 million for the nine months ended September 30, 2002 from \$8.7 million and \$7.2 million, respectively, for the three months ended September 30, 2001 and \$25.3 million and \$20.7 million for the nine months ended September 30, 2001. The increase was primarily attributable to the opening of three new stores in 2001, plus an increase in same-store sales.

Interest income from notes receivable of \$509,000 and \$1.9 million in the three and nine months ended September 30, 2002 approximated the \$837,000 and \$2.0 million in 2001.

Equity in loss of investees decreased to \$(4.8) million and \$(14.0) million in the three and nine months ended September 30, 2002, from \$(3.1) million and \$(8.4) million in 2001. The decrease was attributable to increased net losses for TCI and IORI in 2002.

Loss on the sale of investments in equity investees increased to \$531,000 for the nine months ended September 30, 2002 from \$387,000 in the nine months ended September 30, 2001. See NOTE 5. "INVESTMENTS IN EQUITY INVESTEES."

39

ITEM 2. MANAGEMENT'S DISCUSSION AND ANALYSIS OF FINANCIAL CONDITION AND RESULTS OF OPERATIONS (Continued)

Results of Operations (Continued)

Equity in gain on sale of real estate by equity investees decreased to \$6.6 million and \$14.9 million in the three and nine months ended September 30, 2002, from \$6.6 million and \$18.0 million in 2001. The 2001 results are reported as a component of net income (loss) from continuing operations, while the 2002 results are reported as a component of net income (loss) from discontinued operations.

Other income increased to \$190,000 and \$516,000 in the three and nine months ended September 30, 2002 from \$(19,000) and \$58,000 in the three and nine months ended September 30, 2001. The increase was primarily attributable to service fee income and dividends on and redemption of Innovo Preferred Stock. See NOTE 2. "REAL ESTATE" and NOTE 7. "NOTES PAYABLE."

Interest expense decreased to \$13.7 million and \$45.8 million in the three and nine months ended September 30, 2002, from \$17.1 million and \$49.8 million in 2001. The decrease was primarily attributable to the sale of 17 apartments in 2001. Also in the nine months ended September 30, 2002, ARI recognized \$813,000 loss on an interest rate swap contract. See NOTE 14. "DERIVATIVE

Edgar Filing: AMERICAN REALTY INVESTORS INC - Form 10-Q/A

FINANCIAL INSTRUMENTS."

Depreciation and amortization expense decreased to \$3.4 million and \$9.9 million in the three and nine months ended September 30, 2002, from \$3.7 million and \$10.7 million in 2001. The decrease was primarily attributable to the sale of 17 apartments in 2001.

General and administrative expenses decreased to \$3.3 million in the three months ended September 30, 2002 from \$4.6 million in 2001, and increased to \$9.8 million in the nine months ended September 30, 2002 from \$9.1 million in 2001. The three month decrease was primarily attributable to reduced cost reimbursements paid to the advisor. The nine month increase was primarily attributable to increased legal fees.

Advisory fees of \$1.6 million and \$4.8 million in the three and nine months ended September 30, 2002 approximated the \$1.4 million and \$5.0 million in 2001.

There was no net income fee to affiliate in the three and nine months ended September 30, 2002 compared to \$(1.1) million and \$638,000 in the three and nine months ended September 30, 2001. The income fee payable to ARI's advisor is 10% of the annualized net income for the year, in excess of a 10% return on shareholders' equity. At September 30, 2002, ARI's annualized net income is below the 10% return threshold.

There was no incentive fee to affiliate in the three and nine months ended September 30, 2002 compared to \$1.6 million and \$7.5 million in the three and nine months ended September 30, 2001. The incentive fee is only due if ARI is also subject to the net income fee. At September 2002, the net income fee requirements are not met; therefore, no

40

Results of Operations (Continued)

incentive fee is due. This fee represents 10% of the excess of net capital gains over net capital losses from sales of operating properties. The amount of this fee for the remainder of 2002 will be dependent on the number of operating properties sold, the net capital gains realized and whether the net income fee is due.

Minority interest decreased to \$436,000 and \$2.0 million in the three and nine months ended September 30, 2002, from \$1.0 million and \$2.5 million in 2001. The decrease is attributable to the repurchase of partnership units by ARI in 2001 and 2002.

Writedown of assets held for sale was \$445,000 in the three and nine months ended September 30, 2002. There was no asset writedown in 2001. The carrying value of a shopping center in Fort Worth, Texas, sold in the fourth quarter of 2002, was reduced to its net realizable value.

Related Party Transactions

Historically, TCI, ARI, BCM and IORI have each engaged in and may continue to engage in business transactions, including real estate partnerships, with related parties. Management believes that all of the related party transactions represented the best investments available at the time and were at least as advantageous to ARI as could have been obtained from unrelated parties.

Edgar Filing: AMERICAN REALTY INVESTORS INC - Form 10-Q/A

Environmental Matters

Under various federal, state and local environmental laws, ordinances and regulations, ARI may be potentially liable for removal or remediation costs, as well as certain other potential costs relating to hazardous or toxic substances (including governmental fines and injuries to persons and property) where property-level managers have arranged for the removal, disposal or treatment of hazardous or toxic substances. In addition, certain environmental laws impose liability for release of asbestos-containing materials into the air, and third parties may seek recovery for personal injury associated with such materials.

Management is not aware of any environmental liability relating to the above matters that would have a material adverse effect on ARI's business, assets or results of operations.

Inflation

The effects of inflation on ARI's operations are not quantifiable. Revenues from apartment operations fluctuate proportionately with inflationary increases and decreases in housing costs. Fluctuations in the rate of inflation also affect the sales values of properties and the ultimate gains to be realized from property sales. To the extent that inflation affects interest rates, earnings from short-term investments and the cost of new borrowings as well as the cost of variable interest rate debt will be affected.

41

ITEM 3. QUANTITATIVE AND QUALITATIVE DISCLOSURES ABOUT MARKET RISKS

At September 30, 2002, ARI's exposure to a change in interest rates on its debt is as follows:

	Balance -----	Weighted Average Interest Rate -----	Effect of 1% Increase In Base Rates -----
