On April 10, 2003, eDiets.com, Inc. (the Company) issued a press release (press release) announcing the Company s anticipated financial results for the quarter ended March 31, 2003 and announcing that on April 16th, the Company will transition from a one product company to become a source for multiple branded diet solutions that fit the varied needs, lifestyles, and goals of today s consumers. A copy of the press release is attached as Exhibit 99.1 to this Current Report on Form 8-K and is incorporated by reference.

The Company s press release and other communications from time to time include certain non-GAAP financial measures. A non-GAAP financial measure is defined as a numerical measure of a company s financial performance, financial position or cash flows that excludes (or includes) amounts that are included in (or excluded from) the most directly comparable measure calculated and presented in accordance with GAAP in the Company s financial statements. The attached press release utilizes a measure of Earnings before Interest, Taxes, Depreciation and Amortization (EBITDA) before giving effect to certain non-cash GAAP expenses recorded during the period. The most directly comparable financial measure to EBITDA under GAAP is Income from Operations. As required by Regulation G, a reconciliation of EBITDA to Income from Operations is contained in the press release.

The Company s management believes that the presentation of anticipated EBITDA provides useful information regarding the Company s financial performance and earnings potential because this measure gives investors insight into the profitability of the Company s operating business. The Company s management uses this measure for the same purpose.
