The Royal Bank of Scotland Group Announces Completion of NatWest IT Integration

The Royal Bank of Scotland Group plc has today announced the successful completion of the integration of the NatWest customer base onto the RBS Group IT platform.

Commenting on the achievement, Group Chief Executive, Fred Goodwin said:

"The conversion took place in early October and we have now completed an entire monthly cycle of operations on the enlarged IT platform. Systems performance has been excellent, and the IT integration can now be declared complete, and a success."

"When we acquired NatWest in March 2000, many doubted whether we could migrate a customer base over three times the size of the Royal Bank of Scotland onto a single Group technology platform. Whilst the scale and complexity of the challenge was without obvious precedent, we had every confidence that our people would deliver - they have done so and completed the task well ahead of schedule."

THE ROYAL BANK OF SCOTLAND GROUP AND RBS CAPITAL TRUST B WILL ISSUE USD750 MILLION NON-CUMULATIVE TRUST PREFERRED SECURITIES

The Royal Bank of Scotland Group plc ("the Group") will issue USD750,000,000 of Non-Cumulative Trust Preferred Securities ("the Securities") through RBS Capital Trust B.

The Securities will be in denominations of USD1,000 and will pay a coupon of 6.80%.

Application has been made to list the Securities on the Luxembourg Stock Exchange.

The Securities have not and will not be registered under the United States Securities Act of 1933, as amended (the "Securities Act"), or under any state securities laws and may not be offered or sold in the United States, or to or for the account or benefit of US persons (as defined under Regulation S under the Securities Act) unless registered under the Securities Act or an exemption from the registration requirements of the Securities Act is available. Merrill Lynch, Goldman Sachs International, The Royal Bank of Scotland and UBS Warburg advised the Group in connection with the issue.

Fred Watt, Group Finance Director of The Royal Bank of Scotland Group commented: "We are highly delighted with the response of Asian investors to this issue and are pleased to be able to increase the size of the issue in response to excellent demand. Asia is a relatively new market for the Group and as such provides important investor diversification."

A spokesman for the bookrunners commented:

"We are delighted to have lead managed this transaction which has been launched with what we believe to be the lowest coupon ever achieved for a Tier I security in the Asian market. The transaction benefited from strong investor momentum, driven by RBS name recognition following a recent investor update tour of the region and its strong credit story. This momentum lead to an oversubscribed order book and allowed the bookrunners to price US\$750mm at a coupon of 6.80%, which represents the tighter end of initial expectations."
