CERTAIN RISK CONSIDERATIONS: The RBS ETNs involve risks not associated with an investment in conventional debt securities, including a possible loss of some or all of your investment. The level of the relevant Index must increase by an amount sufficient to offset the aggregate investor fee applicable to the RBS ETNs in order for you to receive at least the principal amount of your investment back at maturity or upon early repurchase or redemption. The Benchmark Index for the RBS Global Big Pharma ETNs comprises securities of a limited number of companies concentrated in the pharmaceuticals industry, and may not be representative of an investment that provides exposure to the pharmaceutical industry as a whole. The RBS Oil Trendpilot(TM) ETNs, the RBS Rogers Enhanced ETNs and the respective indices that those ETNs track do not provide exposure to spot prices of the relevant commodities and, consequently, may not be representative of an investment that provides exposure to the relevant commodities or buying and holding the relevant commodities. The prices of commodities are volatile and are affected by numerous factors. Each Trendpilot(TM) Index may underperform its respective Benchmark Index, and is expected to perform poorly in volatile markets. The RBS China Trendpilot(TM) ETNs involve risks associated with an investment in emerging markets, as well as currency exchange risk. The RBS US Large Cap Alternator Index(TM) may underperform the S & P 500([R]) Index or any Underlying Index. Even though the RBS ETNs are listed on the NYSE Arca, a trading market may not develop and the liquidity of the RBS ETNs may be limited and/or vary over time, as RBS plc is not required to maintain any listing of the RBS ETNs. The intraday indicative value and the daily redemption value are not the same as the trading price or market price of the RBS ETNs in the secondary market. RBS plc has the right to redeem the RBS ETNs, in its sole discretion. If RBS plc elects to redeem the RBS ETNs, you may not be able to reinvest your proceeds in a comparable investment. Pursuant to our announced plan to exit the structured retail investor products business, the likelihood that we will redeem the RBS ETNs prior to maturity has increased. See "Recent Developments" for more information. The RBS ETNs are not principal protected and do not pay interest. Any payment on the RBS ETNs is subject to the ability of RBS plc and RBS Group to pay their respective obligations when they become due. You should carefully consider whether the RBS ETNs are suited to your particular circumstances before you decide to purchase them. We urge you to consult with your investment, legal, accounting, tax and other advisors with respect to any investment in the RBS ETNs.

The RBS ETNs are not suitable for all investors. You should carefully read the relevant pricing supplement and prospectus, including the more detailed explanation of the risks involved in any investment in the RBS ETNs as described in the "Risk Factors" section of the applicable pricing supplement, before investing.

RECENT DEVELOPMENTS: On June 13, 2013, we announced that we would be exiting the structured retail investor products business that is responsible for issuing and maintaining the RBS ETNs, and that we expect to move such business into a runoff organization which will go through a process of restructuring and/or business sales (the "RBS Retail Investor Products Exit Plan"). The implementation of the RBS Retail Investor Products Exit Plan increases the likelihood that the RBS ETNs will be redeemed by us prior to maturity. We plan to continue to maintain and issue the RBS ETNs, but our plans could change. We cannot give you any assurances as to any minimum period of time that you may hold the RBS ETNs before we redeem them at our option.

IMPORTANT INFORMATION: The Royal Bank of Scotland plc (RBS plc) and The Royal Bank of Scotland Group plc (RBS Group) have filed a registration statement (including a prospectus) with the U.S. Securities and Exchange Commission (SEC) for the offering of RBS ETNs to which this communication relates. Before you invest in any RBS ETNs, you should read the prospectus in that registration
