Term Sheet No. 2428AF
To underlying supplement No. 1 dated October 1, 2012,
product supplement AF dated September 28, 2012,
prospectus supplement dated September 28, 2012,
prospectus dated September 28, 2012
and prospectus addendum dated December 24, 2014

Registration Statement No. 333-184193
Dated April 27, 2015; Rule 433

Deutsche Bank AG

\$ Uncapped Buffered Underlying Securities (BUyS) Linked to the S&P 500® Index due May 6, 2019

General

• The Uncapped Buffered Underlying Securities (BUyS) Linked to the S&P 500® Index due May 6, 2019 are designed for investors who seek a return at maturity of between 113.00% and 117.00% (to be determined on the Trade Date) of any increase in the level of the S&P 500® Index (the “Underlying”). If the Final Level is less than the Initial Level by an amount not greater than the Buffer Amount of 20.00%, investors will receive at maturity the Face Amount per \$1,000 Face Amount of BUyS. However, if the Final Level is less than the Initial Level by an amount greater than the Buffer Amount of 20.00%, for each \$1,000 Face Amount of BUyS, investors will lose 1.25% of the Face Amount for every 1.00% by which the Final Level is less than the Initial Level by an amount greater than the Buffer Amount. The BUyS do not pay any coupons or dividends and investors should be willing to lose some or all of their initial investment if the Final Level is less than the Initial Level by an amount greater than the Buffer Amount. Any payment on the BUyS is subject to the credit of the Issuer.

• Senior unsecured obligations of Deutsche Bank AG due May 6, 2019

• Minimum purchase of \$1,000. Minimum denominations of \$1,000 (the “Face Amount”) and integral multiples thereof.
• The BUyS are expected to price on or about May 1, 2015 (the “Trade Date”) and are expected to settle on or about May 6, 2015 (the “Settlement Date”).

Key Terms

Issuer: Deutsche Bank AG, London Branch

Underlying: S&P 500® Index (Ticker: SPX)

Issue Price: 100% of the Face Amount

Payment at Maturity: • If the Final Level is greater than or equal to the Initial Level, you will receive a cash payment at maturity per \$1,000 Face Amount of BUyS calculated as follows:

$$\$1,000 + (\$1,000 \times \text{Underlying Return} \times \text{Upside Leverage Factor})$$

• If the Final Level is less than the Initial Level by an amount not greater than the Buffer Amount, you will receive a cash payment at maturity equal to the Face Amount per \$1,000 Face Amount of BUyS.

• If the Final Level is less than the Initial Level by an amount greater than the Buffer Amount, you will receive a cash payment at maturity per \$1,000 Face Amount of BUyS calculated as follows:

$$\$1,000 + [\$1,000 \times (\text{Underlying Return} + \text{Buffer Amount}) \times \text{Downside Participation Factor}]$$

If the Final Level is less than the Initial Level by an amount greater than the Buffer Amount, for each \$1,000 Face Amount of BUyS, you will lose 1.25% of the Face Amount for every 1.00% by which the Final Level is less than the Initial Level by an amount greater than the Buffer Amount. In this circumstance, you will lose some or all of your initial investment. Any payment at maturity is subject to the credit of the Issuer.

Underlying Return: The Underlying Return, expressed as a percentage, will equal:
 Final Level – Initial Level
 Initial Level
 The Underlying Return may be positive, zero or negative.

(Key Terms continued on next page)

Investing in the BUyS involves a number of risks. See “Risk Factors” beginning on page 2 of the accompanying prospectus addendum, “Risk Factors” beginning on page 7 of the accompanying product supplement and “Selected Risk Considerations” beginning on page TS-7 of this term sheet.

The Issuer’s estimated value of the BUyS on the Trade Date is approximately \$955.30 to \$975.30 per \$1,000 Face Amount of BUyS, which is less than the Issue Price. Please see “Issuer’s Estimated Value of the BUyS” on page TS-3 of this term sheet for additional information.

By acquiring the BUyS, you will be bound by, and deemed to consent to, the imposition of any Resolution Measure (as defined below) by our competent resolution authority, which may include the write down of all, or a portion, of any payment on the BUyS. If any Resolution Measure becomes applicable to us, you may lose some or all of your investment in the BUyS. Please see “Resolution Measures” on page TS-4 of this term sheet for more information.

Neither the Securities and Exchange Commission nor any state securities commission has approved or disapproved of the BUyS or passed upon the accuracy or the adequacy of this term sheet or the accompanying underlying supplement, product supplement, prospectus supplement, prospectus or prospectus addendum. Any representation to the contrary is a criminal offense.

	Price to Public	Maximum Discounts and Commissions(1)	Minimum Proceeds to Us
Per Security	\$1,000.00	\$2.50	\$997.50
Total	\$	\$	\$

(1)For more detailed information about discounts and commissions, please see “Supplemental Underwriting Information (Conflicts of Interest)” in this term sheet. The BUyS will be sold with varying underwriting discounts and commissions in an amount not to exceed \$2.50 per \$1,000 Face Amount of BUyS.

The agent for this offering is our affiliate. For more information see “Supplemental Underwriting Information (Conflicts of Interest)” in this term sheet.

The BUyS are not bank deposits and are not insured or guaranteed by the Federal Deposit Insurance Corporation or any other governmental agency.

Deutsche Bank Securities

April 27, 2015

(Key Terms continued from previous page)

Initial Level:	The closing level of the Underlying on the Trade Date
Final Level:	The closing level of the Underlying on the Final Valuation Date
Buffer Amount:	20.00%
Upside Leverage Factor:	113.00% - 117.00% (to be determined on the Trade Date)
Downside Participation Factor:	125.00%
Trade Date ² :	May 1, 2015
Settlement Date ² :	May 6, 2015
Final Valuation Date ¹ , 2:	May 1, 2019
Maturity Date ^{1, 2} :	May 6, 2019
Listing:	The BUyS will not be listed on any securities exchange.
CUSIP:	25152RD91
ISIN:	US25152RD917

¹ Subject to adjustment as described under “Description of Securities — Adjustments to Valuation Dates and Payment Dates” in the accompanying product supplement.

² In the event that we make any change to the expected Trade Date or Settlement Date, the Final Valuation Date and Maturity Date may be changed so that the stated term of the BUyS remains the same.

Issuer's Estimated Value of the BUyS

The Issuer's estimated value of the BUyS is equal to the sum of our valuations of the following two components of the BUyS: (i) a bond and (ii) an embedded derivative(s). The value of the bond component of the BUyS is calculated based on the present value of the stream of cash payments associated with a conventional bond with a principal amount equal to the Face Amount of BUyS, discounted at an internal funding rate, which is determined primarily based on our market-based yield curve, adjusted to account for our funding needs and objectives for the period matching the term of the BUyS. The internal funding rate is typically lower than the rate we would pay when we issue conventional debt securities on equivalent terms. This difference in funding rate, as well as the agent's commissions, if any, and the estimated cost of hedging our obligations under the BUyS, reduces the economic terms of the BUyS to you and is expected to adversely affect the price at which you may be able to sell the BUyS in any secondary market. The value of the embedded derivative(s) is calculated based on our internal pricing models using relevant parameter inputs such as expected interest and dividend rates and mid-market levels of price and volatility of the assets underlying the BUyS or any futures, options or swaps related to such underlying assets. Our internal pricing models are proprietary and rely in part on certain assumptions about future events, which may prove to be incorrect.

The Issuer's estimated value of the BUyS on the Trade Date (as disclosed on the cover of this term sheet) is less than the Issue Price of the BUyS. The difference between the Issue Price and the Issuer's estimated value of the BUyS on the Trade Date is due to the inclusion in the Issue Price of the agent's commissions, if any, and the cost of hedging our obligations under the BUyS through one or more of our affiliates. Such hedging cost includes our or our affiliates' expected cost of providing such hedge, as well as the profit we or our affiliates expect to realize in consideration for assuming the risks inherent in providing such hedge.

The Issuer's estimated value of the BUyS on the Trade Date does not represent the price at which we or any of our affiliates would be willing to purchase your BUyS in the secondary market at any time. Assuming no changes in market conditions or our creditworthiness and other relevant factors, the price, if any, at which we or our affiliates would be willing to purchase the BUyS from you in secondary market transactions, if at all, would generally be lower than both the Issue Price and the Issuer's estimated value of the BUyS on the Trade Date. Our purchase price, if any, in secondary market transactions will be based on the estimated value of the BUyS determined by reference to (i) the then-prevailing internal funding rate (adjusted by a spread) or another appropriate measure of our cost of funds and (ii) our pricing models at that time, less a bid spread determined after taking into account the size of the repurchase, the nature of the assets underlying the BUyS and then-prevailing market conditions. The price we report to financial reporting services and to distributors of our BUyS for use on customer account statements would generally be determined on the same basis. However, during the period of approximately five months beginning from the Trade Date, we or our affiliates may, in our sole discretion, increase the purchase price determined as described above by an amount equal to the declining differential between the Issue Price and the Issuer's estimated value of the BUyS on the Trade Date, prorated over such period on a straight-line basis, for transactions that are individually and in the aggregate of the expected size for ordinary secondary market repurchases.

Resolution Measures

On May 15, 2014, the European Parliament and the Council of the European Union published a directive for establishing a framework for the recovery and resolution of credit institutions and investment firms (commonly referred to as the “Bank Recovery and Resolution Directive”). The Bank Recovery and Resolution Directive requires each member state of the European Union to adopt and publish by December 31, 2014 the laws, regulations and administrative provisions necessary to comply with the Bank Recovery and Resolution Directive. Germany has adopted the Recovery and Resolution Act (Sanierungs- und Abwicklungsgesetz, or “SAG”), which went into effect on January 1, 2015. SAG may result in the BUyS being subject to any Resolution Measure by our competent resolution authority if we become, or are deemed by our competent supervisory authority to have become, “non-viable” (as defined under the then applicable law) and are unable to continue our regulated banking activities without a Resolution Measure becoming applicable to us. By acquiring the BUyS, you will be bound by and deemed to consent to the provisions set forth in the accompanying prospectus addendum, which we have summarized below.

By acquiring the BUyS, you will be bound by and will be deemed to consent to the imposition of any Resolution Measure by our competent resolution authority. Under the relevant resolution laws and regulations as applicable to us from time to time, the BUyS may be subject to the powers exercised by our competent resolution authority to: (i) write down, including to zero, any payment (or delivery obligations) on the BUyS; (ii) convert the BUyS into ordinary shares or other instruments qualifying as core equity tier 1 capital; and/or (iii) apply any other resolution measure, including (but not limited to) any transfer of the BUyS to another entity, the amendment of the terms and conditions of the BUyS or the cancellation of the BUyS. We refer to each of these measures as a “Resolution Measure.”

Furthermore, by acquiring the BUyS, you:

- are deemed irrevocably to have agreed, and you will agree: (i) to be bound by any Resolution Measure; (ii) that you will have no claim or other right against us arising out of any Resolution Measure; and (iii) that the imposition of any Resolution Measure will not constitute a default or an event of default under the BUyS, under the senior indenture dated November 22, 2006 among us, Law Debenture Trust Company of New York, as trustee, and Deutsche Bank Trust Company Americas, as issuing agent, paying agent, authenticating agent and registrar, as amended and supplemented from time to time (the “Indenture”), or for the purpose of the Trust Indenture Act of 1939, as amended (the “Trust Indenture Act”);

- waive, to the fullest extent permitted by the Trust Indenture Act and applicable law, any and all claims against the trustee and the paying agent for, agree not to initiate a suit against the trustee and the paying agent in respect of, and agree that neither the trustee nor the paying agent will be liable for, any action that the trustee or the paying agent takes, or abstains from taking, in either case in accordance with the imposition of a Resolution Measure by our competent resolution authority with respect to the BUyS; and

- will be deemed irrevocably to have (i) consented to the imposition of any Resolution Measure as it may be imposed without any prior notice by the competent resolution authority of its decision to exercise such power with respect to the BUyS and (ii) authorized, directed and requested The Depository Trust Company (“DTC”) and any participant in DTC or other intermediary through which you hold such BUyS to take any and all necessary action, if required, to implement the imposition of any Resolution Measure with respect to the BUyS as it may be imposed, without any further action or direction on your part or on the part of the trustee, paying agent, issuing agent, authenticating agent, registrar or calculation agent.

This is only a summary, for more information please see the accompanying prospectus addendum dated December 24, 2014, including the risk factor “The securities may be written down, be converted or become subject to other resolution measures. You may lose part or all of your investment if any such measure becomes applicable to us” on page 2 of the

prospectus addendum.

TS-4

Additional Terms Specific to the BUyS

You should read this term sheet together with underlying supplement No. 1 dated October 1, 2012, product supplement AF dated September 28, 2012, the prospectus supplement dated September 28, 2012 relating to our Series A global notes of which these BUyS are a part, the prospectus dated September 28, 2012 and the prospectus addendum dated December 24, 2014. You may access these documents on the website of the Securities and Exchange Commission (the "SEC") at www.sec.gov as follows (or if such address has changed, by reviewing our filings for the relevant date on the SEC website):

- Underlying supplement No. 1 dated October 1, 2012:
http://www.sec.gov/Archives/edgar/data/1159508/000095010312005120/crt_dp33209-424b2.pdf

- Product supplement AF dated September 28, 2012:
http://www.sec.gov/Archives/edgar/data/1159508/000095010312005082/crt_dp33006-424b2.pdf

- Prospectus supplement dated September 28, 2012:
<http://www.sec.gov/Archives/edgar/data/1159508/000119312512409437/d414995d424b21.pdf>

- Prospectus dated September 28, 2012:
<http://www.sec.gov/Archives/edgar/data/1159508/000119312512409372/d413728d424b21.pdf>

- Prospectus addendum dated December 24, 2014:
http://www.sec.gov/Archives/edgar/data/1159508/000095010314009034/crt_52088.pdf

Our Central Index Key, or CIK, on the SEC website is 0001159508. As used in this term sheet, "we," "us" or "our" refers to Deutsche Bank AG, including, as the context requires, acting through one of its branches.

The trustee has appointed Deutsche Bank Trust Company Americas as its authenticating agent with respect to our Series A global notes.

This term sheet, together with the documents listed above, contains the terms of the BUyS and supersedes all other prior or contemporaneous oral statements as well as any other written materials including preliminary or indicative pricing terms, correspondence, trade ideas, structures for implementation, sample structures, brochures or other educational materials of ours. You should carefully consider, among other things, the matters set forth in this term sheet and in "Risk Factors" in the accompanying product supplement and prospectus addendum, as the BUyS involve risks not associated with conventional debt securities. We urge you to consult your investment, legal, tax, accounting and other advisers before deciding to invest in the BUyS.

Deutsche Bank AG has filed a registration statement (including a prospectus) with the Securities and Exchange Commission for the offering to which this term sheet relates. Before you invest, you should read the prospectus in that registration statement and the other documents relating to this offering that Deutsche Bank AG has filed with the SEC for more complete information about Deutsche Bank AG and this offering. You may obtain these documents without cost by visiting EDGAR on the SEC website at www.sec.gov. Alternatively, Deutsche Bank AG, any agent or any dealer participating in this offering will arrange to send you the prospectus, prospectus addendum, prospectus supplement, product supplement, underlying supplement and this term sheet if you so request by calling toll-free 1-800-311-4409.

You may revoke your offer to purchase the BUyS at any time prior to the time at which we accept such offer by notifying the applicable agent. We reserve the right to change the terms of, or reject any offer to purchase, the BUyS

prior to their issuance. We will notify you in the event of any changes to the terms of the BUyS, and you will be asked to accept such changes in connection with your purchase of any BUyS. You may also choose to reject such changes, in which case we may reject your offer to purchase the BUyS.

TS-5

What Is the Payment at Maturity on the BUyS, Assuming a Range of Hypothetical Performances for the Underlying?

The table below illustrates the Payment at Maturity per \$1,000 Face Amount of BUyS for a hypothetical range of performances for the Underlying from -100.00% to +100.00%. The table below assumes an Upside Leverage Factor of 115.00% (the midpoint of the range of 113.00% to 117.00%) and reflects the Buffer Amount of 20.00% and the Downside Participation Factor of 125.00%. The actual Upside Leverage Factor and Initial Level will be determined on the Trade Date. The following results are based solely on the hypothetical examples cited. You should consider carefully whether the BUyS are suitable to your investment goals. The numbers appearing in the table and examples below may have been rounded for ease of analysis.

Underlying Return (%)	Payment at Maturity (\$)	Return on BUyS (%)
100.00%	\$2,150.00	115.00%
75.00%	\$1,862.50	86.25%
50.00%	\$1,575.00	57.50%
25.00%	\$1,287.50	28.75%
15.00%	\$1,172.50	17.25%
10.00%	\$1,115.00	11.50%
5.00%	\$1,057.50	5.75%
0.00%	\$1,000.00	0.00%
-10.00%	\$1,000.00	0.00%
-20.00%	\$1,000.00	0.00%
-30.00%	\$875.00	-12.50%
-50.00%	\$625.00	-37.50%
-75.00%	\$312.50	-68.75%
-100.00%	\$0.00	-100.00%

Hypothetical Examples of Amounts Payable at Maturity

The following hypothetical examples illustrate how the Payments at Maturity set forth in the table above are calculated.

Example 1: The Final Level is greater than the Initial Level, resulting in an Underlying Return of 25.00%. Because the Final Level is greater than the Initial Level, the investor receives a Payment at Maturity of \$1,287.50 per \$1,000 Face Amount of BUyS, calculated as follows:

$$\begin{aligned} & \$1,000 + (\$1,000 \times \text{Underlying Return} \times \text{Upside Leverage Factor}) \\ & \$1,000 + (\$1,000 \times 25.00\% \times 115.00\%) = \$1,287.50 \end{aligned}$$

Example 2: The Final Level is less than the Initial Level by an amount not greater than the Buffer Amount, resulting in an Underlying Return of -5.00%. Because the Final Level is less than the Initial Level by an amount not greater than the Buffer Amount, the investor receives a Payment at Maturity of \$1,000.00 per \$1,000 Face Amount of BUyS.

Example 3: The Final Level is less than the Initial Level by an amount greater than the Buffer Amount, resulting in an Underlying Return of -50.00%. Because the Final Level is less than the Initial Level by an amount greater than the

Buffer Amount, the investor receives a Payment at Maturity of \$625.00 per \$1,000 Face Amount of BUyS, calculated as follows:

$$\begin{aligned} & \$1,000 + [\$1,000 \times (\text{Underlying Return} + \text{Buffer Amount}) \times \text{Downside Participation Factor}] \\ & \$1,000 + [\$1,000 \times (-50.00\% + 20.00\%) \times 125.00\%] = \$625.00 \end{aligned}$$

Selected Purchase Considerations

UNCAPPED APPRECIATION POTENTIAL — The BUyS provide the opportunity to enhance positive returns by multiplying a positive Underlying Return by the Upside Leverage Factor of between 113.00% and 117.00% (to be determined on the Trade Date). Any payment on the BUyS is subject to our ability to satisfy our obligations as they become due.

LIMITED PROTECTION AGAINST LOSS — Payment at maturity of the Face Amount per \$1,000 Face Amount of BUyS is protected against a percentage decline in the Final Level, as compared to the Initial Level, of up to the Buffer Amount. If such percentage decline is greater than the Buffer Amount of 20.00%, for each

\$1,000 Face Amount of BUyS, you will lose 1.25% of the Face Amount for every 1.00% by which the Final Level is less than the Initial Level by an amount greater than the Buffer Amount. In this circumstance, you will lose some or all of your investment in the BUyS.

RETURN LINKED TO THE PERFORMANCE OF THE S&P 500® INDEX — The return on the BUyS, which may be positive, zero or negative, is linked to the performance of the S&P 500® Index as described herein. The S&P 500® Index is intended to provide a performance benchmark for the U.S. equity markets. The calculation of the level of the S&P 500® Index is based on the relative value of the aggregate market value of the shares of 500 companies as of a particular time as compared to the aggregate average market value of the shares of 500 similar companies during the base period of the years 1941 through 1943. On March 11, 2014, the sponsor of the S&P 500® Index announced that the sponsor will start including, on a case by case basis, multiple share class lines in the S&P 500® Index. This change in methodology has caused, and in the future will likely continue to cause, the S&P 500® Index to include more than 500 component shares while continuing to include only 500 component companies. The sponsor expects to revise the S&P 500® Index’s methodology to fully reflect a multiple share class structure by September 2015. This is only a summary of the S&P 500® Index. For more information on the S&P 500® Index, including information concerning its composition, calculation methodology and adjustment policy, please see the section entitled “The S&P Dow Jones Indices – The S&P 500® Index” in the accompanying underlying supplement No. 1 dated October 1, 2012.

TAX CONSEQUENCES — In the opinion of our special tax counsel, Davis Polk & Wardwell LLP, which is based on prevailing market conditions, it is more likely than not that the BUyS will be treated for U.S. federal income tax purposes as prepaid financial contracts that are not debt. Generally, if this treatment is respected, (i) you should not recognize taxable income or loss prior to the taxable disposition of your BUyS (including at maturity) and (ii) the gain or loss on your BUyS should be capital gain or loss and should be long-term capital gain or loss if you have held the BUyS for more than one year. The Internal Revenue Service (the “IRS”) or a court might not agree with this treatment, however, in which case the timing and character of income or loss on your BUyS could be materially and adversely affected.

In 2007, the U.S. Treasury Department and the IRS released a notice requesting comments on various issues regarding the U.S. federal income tax treatment of “prepaid forward contracts” and similar instruments. The notice focuses in particular on whether beneficial owners of these instruments should be required to accrue income over the term of their investment. It also asks for comments on a number of related topics, including the character of income or loss with respect to these instruments; the relevance of factors such as the nature of the underlying property to which the instruments are linked; the degree, if any, to which income (including any mandated accruals) realized by non-U.S. persons should be subject to withholding tax; and whether these instruments are or should be subject to the “constructive ownership” regime, which very generally can operate to recharacterize certain long-term capital gain as ordinary income and impose a notional interest charge. While the notice requests comments on appropriate transition rules and effective dates, any Treasury regulations or other guidance promulgated after consideration of these issues could materially and adversely affect the tax consequences of an investment in the BUyS, possibly with retroactive effect.

You should review carefully the section of the accompanying product supplement entitled “U.S. Federal Income Tax Consequences.” The preceding discussion, when read in combination with that section, constitutes the full opinion of our special tax counsel regarding the material U.S. federal income tax consequences of owning and disposing of the BUyS.

Under current law, the United Kingdom will not impose withholding tax on payments made with respect to the BUyS.

For a discussion of certain German tax considerations relating to the BUyS, you should refer to the section in the accompanying prospectus supplement entitled “Taxation by Germany of Non-Resident Holders.”

You should consult your tax adviser regarding the U.S. federal tax consequences of an investment in the BUyS (including possible alternative treatments and the issues presented by the 2007 notice), as well as tax consequences arising under the laws of any state, local or non-U.S. taxing jurisdiction.

Selected Risk Considerations

An investment in the BUyS involves significant risks. Investing in the BUyS is not equivalent to investing directly in the stocks composing the Underlying. In addition to these selected risk considerations, you should review the “Risk Factors” sections of the accompanying product supplement and prospectus addendum.

YOUR INVESTMENT IN THE BUYS MAY RESULT IN A LOSS — The BUyS do not pay any coupons or dividends and do not guarantee any return of your investment. The return on the BUyS at maturity is linked to

TS-7

the performance of the Underlying and will depend on whether, and the extent to which, the Underlying Return is positive, zero or negative. If the Final Level is less than the Initial Level by an amount greater than the Buffer Amount, for each \$1,000 Face Amount of BUyS, you will lose 1.25% of the Face Amount for every 1.00% by which the Final Level is less than the Initial Level by an amount greater than the Buffer Amount. In this circumstance, you will lose some or all of your investment in the BUyS. Any payment on the BUyS is subject to our ability to satisfy our obligations as they become due.

THE BUYS DO NOT PAY ANY COUPONS — Unlike ordinary debt securities, the BUyS do not pay any coupons and do not guarantee any return of your investment at maturity.

THE BUYS ARE SUBJECT TO THE CREDIT OF DEUTSCHE BANK AG — The BUyS are senior unsecured obligations of Deutsche Bank AG and are not, either directly or indirectly, an obligation of any third party. Any payment(s) to be made on the BUyS depends on the ability of Deutsche Bank AG to satisfy its obligations as they come due. An actual or anticipated downgrade in Deutsche Bank AG's credit rating or increase in the credit spreads charged by the market for taking the credit risk of Deutsche Bank AG will likely have an adverse effect on the value of the BUyS. As a result, the actual and perceived creditworthiness of Deutsche Bank AG will affect the value of the BUyS and in the event Deutsche Bank AG were to default on its obligations or become subject to a Resolution Measure, you might not receive any amount(s) owed to you under the terms of the BUyS and you could lose your entire investment.

THE BUYS MAY BE WRITTEN DOWN, BE CONVERTED OR BECOME SUBJECT TO OTHER RESOLUTION MEASURES. YOU MAY LOSE SOME OR ALL OF YOUR INVESTMENT IF ANY SUCH MEASURE BECOMES APPLICABLE TO US — On May 15, 2014, the European Parliament and the Council of the European Union published the Bank Recovery and Resolution Directive for establishing a framework for the recovery and resolution of credit institutions and investment firms. The Bank Recovery and Resolution Directive requires each member state of the European Union to adopt and publish by December 31, 2014 the laws, regulations and administrative provisions necessary to comply with the Bank Recovery and Resolution Directive. Germany has adopted the Recovery and Resolution Act (or SAG), which went into effect on January 1, 2015. SAG may result in the BUyS being subject to the powers exercised by our competent resolution authority to impose a Resolution Measure on us, which may include: writing down, including to zero, any payment on the BUyS; converting the BUyS into ordinary shares or other instruments qualifying as core equity tier 1 capital; or applying any other resolution measure, including (but not limited to) transferring the BUyS to another entity, amending the terms and conditions of the BUyS or cancelling of the BUyS. Imposition of a Resolution Measure would likely occur if we become, or are deemed by our competent supervisory authority to have become, "non-viable" (as defined under the then applicable law) and are unable to continue our regulated banking activities without a Resolution Measure becoming applicable to us. You may lose some or all of your investment in the BUyS if a Resolution Measure becomes applicable to us.

By acquiring the BUyS, you would have no claim or other right against us arising out of any Resolution Measure, and we would have no obligation to make payments under the BUyS following the imposition of a Resolution Measure. In particular, the imposition of any Resolution Measure will not constitute a default or an event of default under the BUyS, under the Indenture or for the purpose of the Trust Indenture Act. Furthermore, because the BUyS are subject to any Resolution Measure, secondary market trading in the BUyS may not follow the trading behavior associated with similar types of securities issued by other financial institutions which may be or have been subject to a Resolution Measure.

In addition, by your acquisition of the BUyS, you waive, to the fullest extent permitted by the Trust Indenture Act and applicable law, any and all claims against the trustee and the paying agent for, agree not to initiate a suit against the trustee and the paying agent in respect of, and agree that neither the trustee nor the paying agent will be liable for, any action that the trustee or the paying agent takes, or abstains from taking, in either case in accordance with the

imposition of a Resolution Measure by our competent resolution authority with respect to the BUyS. Accordingly, you may have limited or circumscribed rights to challenge any decision of our competent resolution authority to impose any Resolution Measure.

¶THE ISSUER'S ESTIMATED VALUE OF THE BUYS ON THE TRADE DATE WILL BE LESS THAN THE ISSUE PRICE OF THE BUYS — The Issuer's estimated value of the BUyS on the Trade Date (as disclosed on the cover of this term sheet) is less than the Issue Price of the BUyS. The difference between the Issue Price and the Issuer's estimated value of the BUyS on the Trade Date is due to the inclusion in the Issue Price of the agent's commissions, if any, and the cost of hedging our obligations under the BUyS through one or more of our affiliates. Such hedging cost includes our or our affiliates' expected cost of providing such hedge, as well as the profit we or our affiliates expect to realize in consideration for assuming the risks inherent in providing such hedge. The Issuer's estimated value of the BUyS is determined by reference to an

TS-8

internal funding rate and our pricing models. The internal funding rate is typically lower than the rate we would pay when we issue conventional debt securities on equivalent terms. This difference in funding rate, as well as the agent's commissions, if any, and the estimated cost of hedging our obligations under the BUyS, reduces the economic terms of the BUyS to you and is expected to adversely affect the price at which you may be able to sell the BUyS in any secondary market. In addition, our internal pricing models are proprietary and rely in part on certain assumptions about future events, which may prove to be incorrect. If at any time a third party dealer were to quote a price to purchase your BUyS or otherwise value your BUyS, that price or value may differ materially from the estimated value of the BUyS determined by reference to our internal funding rate and pricing models. This difference is due to, among other things, any difference in funding rates, pricing models or assumptions used by any dealer who may purchase the BUyS in the secondary market.

- **INVESTING IN THE BUYS IS NOT THE SAME AS INVESTING IN THE STOCKS COMPOSING THE UNDERLYING** — The return on your BUyS may not reflect the return you would have realized if you had directly invested in the stocks composing the Underlying.

IF THE LEVEL OF THE UNDERLYING CHANGES, THE VALUE OF YOUR BUYS MAY NOT CHANGE IN THE SAME MANNER — Your BUyS may trade quite differently from the level of the Underlying. Changes in the level of the Underlying may not result in comparable changes in the value of your BUyS.

NO DIVIDEND PAYMENTS OR VOTING RIGHTS — As a holder of the BUyS, you will not have any voting rights or rights to receive cash dividends or other distributions or other rights that holders of the stocks composing the Underlying would have.

- **THE UNDERLYING REFLECTS THE PRICE RETURN OF THE STOCKS COMPOSING THE UNDERLYING, NOT A TOTAL RETURN** — The return on the BUyS is based on the performance of the Underlying, which reflects the changes in the market prices of the stocks composing the Underlying. It is not, however, linked to a “total return” version of the Underlying, which, in addition to reflecting those price returns, would also reflect all dividends and other distributions paid on the stocks composing the Underlying. The return on the BUyS will not include such a total return feature.

PAST PERFORMANCE OF THE UNDERLYING IS NO GUIDE TO FUTURE PERFORMANCE — The actual performance of the Underlying over the term of the BUyS, as well as any amount payable on the BUyS, may bear little relation to the historical closing levels of the Underlying and may bear little relation to the hypothetical return examples set forth elsewhere in this term sheet. We cannot predict the future performance of the Underlying or whether the performance of the Underlying will result in the return of any of your investment.

ASSUMING NO CHANGES IN MARKET CONDITIONS AND OTHER RELEVANT FACTORS, THE PRICE YOU MAY RECEIVE FOR YOUR BUYS IN SECONDARY MARKET TRANSACTIONS WOULD GENERALLY BE LOWER THAN BOTH THE ISSUE PRICE AND THE ISSUER'S ESTIMATED VALUE OF THE BUYS ON THE TRADE DATE — While the payment(s) on the BUyS described in this term sheet is based on the full Face Amount of your BUyS, the Issuer's estimated value of the BUyS on the Trade Date (as disclosed on the cover of this term sheet) is less than the Issue Price of the BUyS. The Issuer's estimated value of the BUyS on the Trade Date does not represent the price at which we or any of our affiliates would be willing to purchase your BUyS in the secondary market at any time. Assuming no changes in market conditions or our creditworthiness and other relevant factors, the price, if any, at which we or our affiliates would be willing to purchase the BUyS from you in secondary market transactions, if at all, would generally be lower than both the Issue Price and the Issuer's estimated value of the BUyS on the Trade Date. Our purchase price, if any, in secondary market transactions would be based on the estimated value of the BUyS determined by reference to (i) the then-prevailing internal funding rate (adjusted by a spread) or another appropriate measure of our cost of funds and (ii) our pricing models at that time, less a bid spread

determined after taking into account the size of the repurchase, the nature of the assets underlying the BUyS and then-prevailing market conditions. The price we report to financial reporting services and to distributors of our BUyS for use on customer account statements would generally be determined on the same basis. However, during the period of approximately five months beginning from the Trade Date, we or our affiliates may, in our sole discretion, increase the purchase price determined as described above by an amount equal to the declining differential between the Issue Price and the Issuer's estimated value of the BUyS on the Trade Date, prorated over such period on a straight-line basis, for transactions that are individually and in the aggregate of the expected size for ordinary secondary market repurchases.

In addition to the factors discussed above, the value of the BUyS and our purchase price in secondary market transactions after the Trade Date, if any, will vary based on many economic and market factors, including our

TS-9

creditworthiness, and cannot be predicted with accuracy. These changes may adversely affect the value of your BUyS, including the price you may receive in any secondary market transactions. Any sale prior to the Maturity Date could result in a substantial loss to you. The BUyS are not designed to be short-term trading instruments. Accordingly, you should be able and willing to hold your BUyS to maturity.

• **THE BUYS WILL NOT BE LISTED AND THERE WILL LIKELY BE LIMITED LIQUIDITY** — The BUyS will not be listed on any securities exchange. There may be little or no secondary market for the BUyS. We or our affiliates intend to act as market makers for the BUyS but are not required to do so and may cease such market making activities at any time. Even if there is a secondary market, it may not provide enough liquidity to allow you to sell the BUyS when you wish to do so or at a price advantageous to you. Because we do not expect other dealers to make a secondary market for the BUyS, the price at which you may be able to sell your BUyS is likely to depend on the price, if any, at which we or our affiliates are willing to buy the BUyS. If, at any time, we or our affiliates do not act as market makers, it is likely that there would be little or no secondary market in the BUyS. If you have to sell your BUyS prior to maturity, you may not be able to do so or you may have to sell them at a substantial loss, even in cases where the level of the Underlying has increased since the Trade Date.

• **MANY ECONOMIC AND MARKET FACTORS WILL AFFECT THE VALUE OF THE BUYS** — While we expect that, generally, the level of the Underlying will affect the value of the BUyS more than any other single factor, the value of the BUyS prior to maturity will also be affected by a number of other factors that may either offset or magnify each other, including:

- the expected volatility of the Underlying;
- the time remaining to the maturity of the BUyS;

• the market prices and dividend rates of the stocks composing the Underlying and changes that affect those stocks and their issuers;

- interest rates and yields in the market generally;
