**INTRODUCTORY STATEMENT**

This amendment relates to the Tender Offer Statement on Schedule TO filed on September 1, 2004, as amended on September 8, 2004, September 21, 2004 and September 24, 2004 (the "Tender Offer Statement"), regarding the tender offer by Telesp Celular Participações S.A., a corporation organized under the laws of the Federative Republic of Brazil, or "TCP," to purchase for cash up to 84,252,534,000 preferred shares of Tele Centro Oeste Celular Participações S.A., or "TCO," a corporation organized under the laws of the Federative Republic of Brazil, at a price of R\$10.70 per 1,000 preferred shares without interest, net of applicable stock exchange and settlement fees, brokerage fees or commissions and withholding taxes.

The tender offer expired at 11:00 a.m., New York City time, on October 8, 2004. Preferred shares of TCO were accepted for purchase pursuant to the tender offer through an auction on the São Paulo Stock Exchange held on October 8, 2004. Settlement of these purchases is expected to occur on October 14, 2004. The terms and conditions of the tender offer are set forth in the Tender Offer Statement.

This amendment is being filed to report the results of the tender offer and to make certain other changes to Items 7 and 12 of the Tender Offer Statement.

**Items 4 and 8. *Terms of the Transaction and Interest in Securities of the Subject Company.***

Items 4 and 8 of the Tender Offer Statement are hereby amended and supplemented by adding the following language:

The tender offer expired at 11:00 a.m., New York City time, on October 8, 2004. 151,882,297,493 preferred shares of TCO were validly tendered and not withdrawn in the tender offer. Because more preferred shares were validly tendered than the maximum number of preferred shares subject to the tender offer, TCP will purchase, due to the application of the proration factor, a number of preferred shares equal to 0.5547 preferred shares for each preferred share validly tendered. TCP therefore accepted for purchase 84,252,534,000 preferred shares of TCO. TCP will thereby increase its ownership of TCO's preferred shares to 84,254,934,100 preferred shares, or 32.8% of TCO's preferred shares. Settlement of these purchases is expected to occur on October 14, 2004.

On October 9, 2004, TCP published a notice of material fact (*fato relevante*) announcing the final results of the tender offer, and on October 11, 2004, TCP issued a related press release. Copy of these documents are filed as Exhibits (a)(5)(G) and (a)(5)(H) to the Tender Offer Statement. On October 9, 2004, Portugal Telecom, SGPS, S.A. issued a notice of material fact (*fato relevante*) and Telefónica Móviles S.A. issued a press release announcing the final results of the tender offer. A copy of the text of these documents is filed as Exhibit (a)(5)(I) to the Tender Offer Statement.

**Item 7. *Source and Amount of Funds.***

Section 7 "Source and Amount of Funds" of the offer to purchase is hereby amended and restated in its entirety as follows:

The total amount of funds required by TCP to purchase the preferred shares subject to the tender offer, before fees and expenses, is approximately R\$902 million. TCP initially intends to pay this amount primarily through bridge financing.

On September 20, 2004, TCP obtained a commitment letter for bridge financing from Banco ABN Amro Real. This commitment is for a loan in a foreign currency to be determined (which is expected to be U.S. dollars) in a maximum amount equivalent to R\$902 million. Banco ABN Amro Real would also provide a swap so that TCP's effective principal obligation would be in *reais* and bear interest at 104.3% of the CDI (*Certificado Depositário Interbancário*) rate, a Brazilian interbank rate. The loan would mature 90 days after disbursement, and the maturity date could be extended by TCP for periods of 30 days, up to a maximum of 180 days from

disbursement. The loan would be guaranteed by TCP's subsidiary Telesp Celular S.A. A copy of the commitment letter and an English translation of the form of the loan agreement are filed as an exhibit to the Schedule TO to which this offer to purchase is also an exhibit. Under the form of loan agreement, Banco ABN Amro Real may terminate its commitment in the event of certain bankruptcy and liquidation events of TCP or in the event of the enactment of any legal or regulatory norms that prohibit the financing. Banco ABN Amro Real is also TCP's transfer agent.

TCP currently does not intend to draw the full amount available under its commitment from Banco ABN Amro Real. Rather, TCP intends to obtain a portion of the funds for the purchase of preferred shares in the tender offer through the following additional financings:

*Financing from Banco BNP Paribas Brasil S.A.* TCP expects to enter into a loan agreement with Banco BNP Paribas Brasil S.A. in a principal amount of approximately U.S.\$25,000,000, which would be disbursed to TCP in *reais*. The loan would mature in October 2005 and would be payable in *reais*, based on the U.S. dollar-*real* exchange rate at the time. The bank would also provide a swap so that TCP's effective principal obligation would be in *reais* and bear interest at 106% of the CDI rate. As security for the loan, TCP would deliver a promissory note to the bank in the amount of U.S.\$31,250,000. An English translation of the form of the loan agreement and promissory note is filed as an exhibit to the Schedule TO to which this offer to purchase is also an exhibit. TCP has not entered into a commitment letter with the bank.

*Financing from Banco Santander S.A.* TCP expects to enter into a loan agreement with Banco Santander S.A. in a principal amount of approximately U.S.\$20,000,000, which would be disbursed to TCP in *reais*. The loan would mature in October 2005 and would be payable in *reais*, based on the U.S. dollar-*real* exchange rate at the time. The bank would also provide a swap so that TCP's effective principal obligation would be in *reais* and bear interest at 106% of the CDI rate. As security for the loan, TCP would deliver promissory notes to the bank in the aggregate amount of U.S.\$20,520,000. An English translation of the form of the loan agreement and promissory notes is filed as an exhibit to the Schedule TO to which this offer to purchase is also an exhibit. TCP has not entered into a commitment letter with the bank.

TCP currently does not have alternative financing arrangements or plans in the event the bridge financing is not funded. However, the tender offer is not subject to receipt of financing.

On October 8, 2004, TCP's board of directors approved a capital increase of up to approximately R\$2,054 million, of which an amount of up to R\$2,000 million will be made available for subscription through preemptive rights by its shareholders in cash and of which R\$53.89 million will be used to capitalize certain tax credits relating to a tax benefit accrued in 2003 by TCP's controlling shareholders. TCP expects to use the proceeds of the rights offering to repay the bridge loan from Banco ABN Amro Real and to repay other short-term debt.
