**PROTECT YOUR CAREMARK INVESTMENT
VOTE AGAINST THE PROPOSED CVS MERGER TODAY**

Dear Caremark Stockholder:

In its February 23rd ruling, the Court of Chancery of the State of Delaware made several important observations concerning significant inadequacies in the process the Caremark Board undertook in the proposed sale of your company. Given the ruling, one would hope that the Caremark Board would get the message and the best interests of Caremark stockholders would finally be served. However, **Caremark and its Board once again insist on ignoring your best interests and rushing the acquisition of your Company by CVS.**

Don't let the Caremark Board push you into an inferior deal **vote the GOLD Proxy Card AGAINST the proposed CVS merger TODAY.**

**AS AN OWNER OF CAREMARK YOU SHOULD DEMAND THAT YOUR RIGHTS
ARE UPHELD AND YOUR BOARD ENGAGES IN A FAIR PROCESS**

As a Caremark stockholder you are being rushed into selling your stake in the Company even as the Delaware Court noted its suspicions regarding the integrity of the process underlying these merger negotiations [with CVS]. * **Caremark's Board read the Delaware Court's judgment and said: We're pleased with the Court's decision. Read the Court's observations below and ask yourselves how your Board could be pleased.**

Defendants insist that this merger of equals does not, however, constitute a corporate change of control...It is an unfortunate and disappointing spectacle, however, to watch a board of directors insist that it simultaneously deserves the protection of the business judgment rule because the company is not changing hands, while a massive personal windfall is bestowed because it is. *

The current disclosures already suggest a certain indifference on behalf of the Caremark board and supine acceptance of any additional consideration that might descend like manna from heaven from CVS. *

So long as payment of the special dividend remains conditioned upon shareholder approval of the merger, Caremark shareholders should not be denied their appraisal rights simply because their directors are willing to collude with a favored bidder to launder a cash payment. *

"[It] is not without some irony: it is plaintiffs, not Caremark's directors, who have convincingly asserted an entitlement to appraisal. *

Send a message to Caremark's Board that as an owner of the Company you demand that they act in your best interest. Vote the GOLD proxy card AGAINST the proposed CVS merger NOW.

**DON'T LET THE CAREMARK BOARD RUSH
CONSUMMATION OF ITS ACQUISITION BY CVS**

The Delaware Court, as part of its ruling, again enjoined Caremark from holding a stockholder vote on the CVS acquisition. The Court noted that the meeting was not to be held until at least 20 days after Caremark disclosed to stockholders their right to seek appraisal and the structure of fees paid to Caremark's bankers.

In light of the Court's observations on the inadequate process that Caremark and its Board undertook in reaching that deal in the first place, one would have thought they would have taken the time to carefully consider the impact of their next move. Instead, less than 17 hours later, the Caremark Board issued a press release stating that it had mailed a proxy supplement to its stockholders and would proceed with a vote on the acquisition by CVS. **We are convinced that your Board did not consider all options on the table before hastily mailing materials, so as to secure the earliest meeting date possible.**

**PROTECT YOUR RIGHT TO RECEIVE
SUPERIOR VALUE FOR YOUR CAREMARK SHARES**

We believe that you will realize greater value by rejecting the CVS proposal. We remain ready to sit down and begin discussions with the Caremark Board. The Express Scripts offer clearly provides superior value and we look forward to commencing confirmatory due diligence as soon as possible.

The advantages of an Express Scripts-Caremark combination are strategically and financially compelling. We are offering Caremark stockholders a superior currency and greater certainty of value than CVS, and we have taken a number of tangible and important steps to consummate a transaction. We are confident that an Express Scripts-Caremark combination will deliver superior value to our respective stockholders, plan sponsors and patients. The Express Scripts offer provides:

Value Creation. Express Scripts has delivered outstanding growth through continuous innovation and execution. Our fundamental business model continues to hit on all profit-generating cylinders, producing outstanding results through the greater use of generics, home delivery and specialty pharmacy. The facts are clear horizontal PBM transactions result in value creation on average of 89%. **We envision \$20 billion in annual generics savings opportunities in the PBM industry and a \$70 billion savings opportunity in biogenerics over the next decade.**

Certainty of Value. Express Scripts offers Caremark stockholders much greater certainty of value **through a significant cash payment** approximately 50% of the total consideration in the Express Scripts offer. In addition, Express Scripts is offering Caremark stockholders stronger currency: **Express Scripts has significantly outperformed CVS over the last 10 years**, with total stockholder returns of 1531% to 315%, respectively.

Solid, Proven Plan. Based on our past experience, each time Express Scripts has acquired another PBM, the combined business increased in the number of clients beyond what each had previously. **Our synergy estimates are sound and based on identifiable and clearly achievable opportunities.**

We urge you to **VOTE the GOLD Proxy Card TODAY AGAINST** the Caremark Board's proposal to adopt the plan of merger with CVS. Send a message to the Caremark Board that it must engage in a discussion with us about our clearly superior offer.

We strongly recommend that you reject the CVS proposal.

Sincerely,

George Paz
President, Chief Executive Officer
and Chairman of the Board

uncertainties associated with our acquisitions, which include integration risks and costs, uncertainties associated with client retention and repricing of client contracts, and uncertainties associated with the operations of acquired businesses

costs and uncertainties of adverse results in litigation, including a number of pending class action cases that challenge certain of our business practices

investigations of certain PBM practices and pharmaceutical pricing, marketing and distribution practices currently being conducted by the U.S. Attorney offices in Philadelphia and Boston, and by other regulatory agencies including the Department of Labor, and various state attorneys general

changes in average wholesale prices (AWP), which could reduce prices and margins, including the impact of a proposed settlement in a class action case involving First DataBank, an AWP reporting service

uncertainties regarding the implementation of the Medicare Part D prescription drug benefit, including the financial impact to us to the extent that we participate in the program on a risk-bearing basis, uncertainties of client or member losses to other providers under Medicare Part D, and increased regulatory risk

uncertainties associated with U.S. Centers for Medicare & Medicaid's (CMS) implementation of the Medicare Part B Competitive Acquisition Program (CAP), including the potential loss of clients/revenues to providers choosing to participate in the CAP

our ability to maintain growth rates, or to control operating or capital costs

continued pressure on margins resulting from client demands for lower prices, enhanced service offerings and/or higher service levels, and the possible termination of, or unfavorable modification to, contracts with key clients or providers

competition in the PBM and specialty pharmacy industries, and our ability to consummate contract negotiations with prospective clients, as well as competition from new competitors offering services that may in whole or in part replace services that we now provide to our customers

results in regulatory matters, the adoption of new legislation or regulations (including increased costs associated with compliance with new laws and regulations), more aggressive enforcement of existing legislation or regulations, or a change in the interpretation of existing legislation or regulations

increased compliance relating to our contracts with the DoD TRICARE Management Activity and various state governments and agencies

the possible loss, or adverse modification of the terms, of relationships with pharmaceutical manufacturers, or changes in pricing, discount or other practices of pharmaceutical manufacturers or interruption of the supply of any pharmaceutical products

the possible loss, or adverse modification of the terms, of contracts with pharmacies in our retail pharmacy network

the use and protection of the intellectual property we use in our business

our leverage and debt service obligations, including the effect of certain covenants in our borrowing agreements

our ability to continue to develop new products, services and delivery channels

general developments in the health care industry, including the impact of increases in health care costs, changes in drug utilization and cost patterns and introductions of new drugs

increase in credit risk relative to our clients due to adverse economic trends

our ability to attract and retain qualified personnel

other risks described from time to time in our filings with the SEC

Risks and uncertainties relating to the proposed transaction that may impact forward-looking statements include but are not limited to:

Express Scripts and Caremark may not enter into any definitive agreement with respect to the proposed transaction

required regulatory approvals may not be obtained in a timely manner, if at all the proposed transaction may not be consummated the anticipated benefits of the proposed transaction may not be realized

the integration of Caremark's operations with Express Scripts may be materially delayed or may be more costly or difficult than expected

the proposed transaction would materially increase leverage and debt service obligations, including the effect of certain covenants in any new borrowing agreements.

We do not undertake any obligation to release publicly any revisions to such forward-looking statements to reflect events or circumstances after the date hereof or to reflect the occurrence of unanticipated events.
