The consolidated financial statements of Delphi Financial Group, Inc. appearing in our Annual Report on Form 10-K for the year ended December 31, 2007 (including the schedules included therein) and the effectiveness of Delphi Financial Group, Inc.'s internal control over financial reporting as of December 31, 2007, have been audited by Ernst & Young LLP, independent registered public accounting firm, as set forth in their reports thereon included therein, which are incorporated herein by reference. Such consolidated financial statements are incorporated herein by reference in reliance upon such reports given on the authority of such firm as experts in accounting and auditing.

RISK FACTORS

Investing in the securities described herein involves risk. We urge you to carefully consider the risk factors described in our filings with the Commission that are incorporated by reference in this prospectus and, if applicable, in any accompanying prospectus supplement used in connection with an offering of our securities before making an investment decision. Additional risks, including those that relate to any particular securities we offer, may be included in the applicable prospectus supplement or free writing prospectus which we have authorized, or which may be incorporated by reference into this prospectus or such prospectus supplement.

USE OF PROCEEDS

Unless the applicable prospectus supplement states otherwise, we intend to use the net proceeds from the sale of any of the securities offered by us for general corporate purposes, which may include, among other things, repayment of indebtedness or acquisitions. Any specific allocation of the net proceeds of an offering of securities to a specific purpose will be determined at the time of such offering and will be described in the related prospectus supplement.

RATIO OF EARNINGS TO FIXED CHARGES

The following table sets forth our ratio of earnings to fixed charges for each of the periods indicated:

	Fiscal Quarter Ended		Year Ended December 31,				
	September 30, 2008	2007	2007	2006	2005	2004	2003
Ratio of earnings to fixed charges	N/A	9.86x	8.28x	7.66x	8.62x	8.89x	7.75x

For the purpose of computing the above ratios, earnings consist of income from continuing operations before income taxes excluding income or loss from equity investees, plus fixed charges. Fixed charges consist of interest expense and such portion of rental expense as is estimated to be representative of the interest factors in the leases, all on a pre-tax basis.

Because we had no Preferred Stock outstanding during any of the periods presented, the ratio of earnings to combined fixed charges and Preferred Stock dividends is identical to the ratio of earnings to fixed charges for each of the periods presented and is not disclosed separately.

Forward-looking statements are statements not based on historical information and which relate to future operations, strategies, financial results, prospects, outlooks or other developments. Some forward-looking statements may be identified by the use of terms such as expects, believes, anticipates, intends, judgment, outlook or the negative of these terms or other similar expressions. Examples of such uncertainties and contingencies include, among other important factors, those affecting the insurance industry generally, such as the economic and interest rate environment, federal and state legislative and regulatory developments, including but not limited to changes in financial services, employee benefit and tax laws and regulations, changes in accounting rules and interpretations thereof, market pricing and competitive trends relating to insurance products and services, acts of terrorism or war, and the availability and cost of reinsurance, and those relating specifically to the Company's business, such as the level of its insurance premiums and fee income, the claims experience, persistency and other factors affecting the profitability of its insurance products, the performance of its investment portfolio and changes in the Company's investment strategy, acquisitions of companies or blocks of business, and ratings by major rating organizations of the Company and its insurance subsidiaries. These uncertainties and contingencies can affect actual results and could cause actual results to differ materially from those expressed in any forward-looking statements made by, or on behalf of, the Company.

Our forward-looking statements speak only as of the date of this prospectus or as of the date they are made. DESCRIPTION OF DEBT SECURITIES

General

Delphi may issue debt securities from time to time in one or more series, under one or more indentures, each dated as of a date on or prior to the issuance of the debt securities to which it relates. Senior debt securities and subordinated debt securities may be issued pursuant to separate indentures, a senior indenture and a subordinated indenture, respectively, in each case between us and a trustee qualified under the Trust Indenture Act of 1939. The form of such indentures have been filed as an exhibit to the registration statement of which this prospectus is a part, subject to such amendments or supplements as may be adopted from time to time. In addition, certain indentures under which we can issue debt securities have been incorporated by reference as exhibits to this registration statement, including our junior subordinated debt securities, which are outstanding as of the date of this prospectus. The form of senior indenture and the form of subordinated indenture, as amended or supplemented from time to time, are sometimes referred to individually as an indenture and collectively as the indentures. Each indenture will be subject to and governed by the Trust Indenture Act of 1939. The aggregate principal amount of debt securities which may be issued under each indenture will be unlimited, and each indenture will set forth the specific terms of any series of debt securities or provide that such terms shall be set forth in, or determined pursuant to, an authorizing resolution, as defined in the applicable prospectus supplement, and/or a supplemental indenture, if any, relating to such series.

The statements made below relating to the debt securities and the indentures are summaries of the anticipated provisions thereof, do not purport to be complete and are subject to, and are qualified in their entirety by reference to, all of the provisions of the applicable indenture and any applicable U.S. federal income tax considerations as well as any applicable modifications of or additions to the general terms described below in the applicable prospectus supplement. The applicable prospectus supplement may also state that any of the terms set forth herein are inapplicable to such series of debt securities, including if we issue additional securities under any of our existing indentures.

Terms

The debt securities will be our unsecured obligations.

The senior debt securities will rank equal in right of payment with all our other unsecured and unsubordinated indebtedness.

The subordinated debt securities will be subordinated in right of payment to the prior payment in full of all our senior indebtedness, which is defined below under the heading **Ranking of Debt Securities**.

The specific terms of each series of debt securities will be set forth in the applicable prospectus supplement relating thereto, including the following, as applicable:

- (1) the title of such debt securities and whether such debt securities are senior debt securities or subordinated debt securities and, if subordinated debt securities, the specific subordination provisions applicable thereto;
- (2) the aggregate principal amount of such debt securities and any limit on such aggregate principal amount;
- (3) the price (expressed as a percentage of the principal amount thereof) at which such debt securities will be issued and, if other than the principal amount thereof, the portion of the principal amount thereof payable upon declaration of acceleration of the maturity thereof, or, if applicable, the portion of the principal amount of such debt securities that is convertible into shares of Class A Common Stock or Preferred Stock or the method by which any such portion shall be determined;

- (5) the date(s), or the method for determining such date or dates, on which the principal of such debt securities will be payable and, if applicable, the terms on which such date or dates may be extended;
- (6) the rate(s) (which may be fixed or floating) at which such debt securities will bear interest, if any, or the method by which such rate or rates shall be determined,;
- (7) the date(s), or the method for determining such date or dates, from which any such interest will accrue, the dates on which any such interest will be payable, the record dates for such interest payment dates, or the method by which such dates shall be determined, the persons to whom such interest shall be payable, and the basis upon which interest shall be calculated if other than that of a 360-day year of twelve 30-day months;
- (8) the place(s) where the principal of and interest, if any, on such debt securities will be payable, where such debt securities may be surrendered for registration of transfer or exchange and where notices or demands to or upon us in respect of such debt securities and the applicable indenture may be served;
- (9) the period(s), if any, within which, the price or prices at which and the other terms and conditions upon which such debt securities may, pursuant to any optional or mandatory redemption provisions, be redeemed, as a whole or in part;
- (10) our obligation, if any, to redeem, repay or purchase such debt securities pursuant to any sinking fund (as defined in the applicable indenture) or analogous provision or at the option of a holder thereof, and the period or periods within which, the price or prices at which and the other terms and conditions upon which such debt securities will be redeemed, repaid or purchased, as a whole or in part, pursuant to any such obligations;

- (13) whether the principal of or interest, if any, on the debt securities of the series are to be payable, at our election or a holder thereof, in a currency or currencies, currency unit or units or composite currency or currencies other than that in which such debt securities are denominated or stated to be payable and the period or periods within which, and the terms and conditions upon which, such election may be made;

- (16) whether debt securities of the series are to be issuable initially in temporary global form and whether any debt securities of the series are to be issuable in permanent global form and, if so, whether beneficial owners of interests in any such security in permanent global form may exchange such interests for debt securities of such series and of like tenor of any authorized form and denomination and the circumstances under which any such exchanges may occur, if other than in the manner provided in the applicable indenture, and, if debt securities of the series are to be issuable as a global security, the identity of the depository for such series;
- (17) the applicability, if any, of the defeasance and covenant defeasance provisions of the applicable indenture to the debt securities of the series;
- (18) if exchangeable into another series of debt securities, the terms on which such debt securities are exchangeable; and
- (19) any other terms of the series of debt securities and any additions, deletions or modifications to the applicable indenture.

If the applicable prospectus supplement provides, the debt securities may be issued at a discount from their principal amount and provide for less than the entire principal amount thereof to be payable upon declaration of acceleration of the maturity thereof. In such cases, all material U.S. federal income tax considerations will be described in the applicable prospectus supplement.

The terms of the debt securities may allow all or a portion of an installment of interest to be paid, for all or a part of the period of time such series of debt securities is outstanding, through the issuance of additional debt securities of such series in lieu of cash in satisfaction of the interest payment due, in accordance with the terms of the applicable indenture. The terms of such series of debt securities will be set forth in the prospectus supplement relating thereto.

The applicable prospectus supplement will describe any material covenants in respect of a series of debt securities and will contain information with respect to any deletions from, modifications of or additions to the events of default described below, including any addition of a provision providing event risk or similar protection. Except as may be set forth in the applicable prospectus supplement, the debt securities will not contain any provisions that would limit our ability to incur indebtedness or that would afford holders of debt securities protection in the event of a highly leveraged transaction involving us or in the event of a change in control.

Denomination, Interest, Registration and Transfer

We will issue the debt securities of each series only in registered form, without coupons, in denominations of \$1,000, or in such other currencies or denominations as may be set forth in the applicable indenture or specified in, or pursuant to, an authorizing resolution and/or supplemental indenture, if any, relating to such series of debt securities.

The principal of and interest, if any, on any series of debt securities will be payable at the corporate trust office of the trustee, the address of which will be stated in the applicable prospectus supplement. However, at our option, interest payments may be made by check mailed to the address of the person entitled thereto as it appears in the applicable register for such debt securities.

Subject to certain limitations imposed upon debt securities issued in book-entry form, the debt securities of any series:

will be exchangeable for any authorized denomination of other debt securities of the same series and of a like aggregate principal amount and tenor upon surrender of such debt securities at the

Table of Contents

trustee's corporate trust office or at the office of any registrar designated by us for such purpose; and

may be surrendered for registration of transfer or exchange thereof at the corporate trust office of the trustee or at the office of any registrar designated by us for such purpose.

No service charge will be made for any registration of transfer or exchange, but we may require payment of a sum sufficient to cover any tax or other governmental charge payable in connection with certain transfers and exchanges. We may act as registrar and may change any registrar without notice.

Ranking of Debt Securities

General

We currently conduct substantially all of our operations through our subsidiaries, and our subsidiaries currently generate substantially all of our operating income and cash flow. As a result, distributions and advances from our subsidiaries are the principal source of funds necessary to meet our debt service obligations. Regulatory restrictions, as well as our subsidiaries' financial condition and operating and regulatory requirements, may limit our ability to obtain cash from our subsidiaries that we require to pay our debt service obligations. In addition, the debt securities will be effectively subordinated to the claims of creditors of our subsidiaries on their assets and earnings.

Senior Debt Securities

The senior debt securities will be our unsecured unsubordinated obligations and will:

rank equal in right of payment with all our other unsecured and unsubordinated indebtedness;

be effectively subordinated in right of payment to all our secured obligations to the extent of the value of the assets securing such obligations; and

be effectively subordinated to all of our subsidiaries' indebtedness and all mandatorily redeemable preferred stock of our subsidiaries.

Except as otherwise set forth in the applicable senior indenture or specified in an authorizing resolution and/or supplemental indenture, if any, relating to a series of senior debt securities to be issued, there will be no limitations in any senior indenture on the amount of additional indebtedness which may rank equal with the senior debt securities or on the amount of indebtedness, secured or otherwise, that may be incurred or preferred stock that may be issued by any of our subsidiaries.

Subordinated Debt Securities

The subordinated debt securities will be our unsecured subordinated obligations. Unless otherwise provided in the applicable prospectus supplement, the payment of principal of, interest on and all other amounts owing in respect of the subordinated debt securities will be subordinated in right of payment to the prior payment in full in cash of principal of, interest on and all other amounts owing in respect of all of our senior indebtedness (as defined below). Upon any payment or distribution of our assets of any kind or character, whether in cash, property or securities, to creditors upon any total or partial liquidation, dissolution, winding up, reorganization, assignment for the benefit of creditors or marshaling of our assets or in a bankruptcy, reorganization, insolvency, receivership or other similar proceeding relating to us or our property, whether voluntary or involuntary, all principal of, interest on and all other amounts due or to become due shall be paid, first, to all senior indebtedness in full in cash, or such payment shall be duly provided for to the satisfaction of the holders of senior indebtedness, before any payment or distribution of any kind or character is made on account of any principal of, interest on or other amounts owing in respect of the subordinated debt securities, or for the acquisition of any of the subordinated debt securities for cash, property or otherwise.

Table of Contents

If any default occurs and is continuing in the payment when due, whether at maturity, upon any redemption, by declaration or otherwise, of any principal of, interest on, unpaid drawings for letters of credit issued in respect of, or regularly accruing fees with respect to, any senior indebtedness, no payment of any kind or character shall be made by or on behalf of us or any other person on our or their behalf with respect to any principal of, interest on or other amounts owing in respect of the subordinated debt securities or to acquire any of the subordinated debt securities for cash, property or otherwise.

If any other event of default occurs and is continuing with respect to any senior indebtedness, as such event of default is defined in the instrument creating or evidencing such senior indebtedness, permitting the holders of such senior indebtedness then outstanding to accelerate the maturity thereof and if the representative (as defined in the applicable indenture) for the respective issue of senior indebtedness gives written notice of the event of default to the trustee (a default notice), then, unless and until all events of default have been cured or waived or have ceased to exist or the trustee receives notice from the representative for the respective issue of senior indebtedness terminating the blockage period (as defined below), during the 179 days after the delivery of such default notice (the blockage period), neither we nor any other person on our behalf shall:

(1) make any payment of any kind or character with respect to any principal of, interest on or other amounts owing in respect of the subordinated debt securities; or

(2) acquire any of the subordinated debt securities for cash, property or otherwise.

Notwithstanding anything herein to the contrary, in no event will a blockage period extend beyond 179 days from the date the payment on the subordinated debt securities was due, there must be 180 days in any 360-day period during which no blockage period is in effect and only one such blockage period may be commenced within any 360 consecutive days. No event of default which existed or was continuing on the date of the commencement of any blockage period with respect to the senior indebtedness shall be, or be made, the basis for commencement of a second blockage period by the representative of such senior indebtedness whether or not within a period of 360 consecutive days unless such event of default shall have been cured or waived for a period of not less than 90 consecutive days (it being acknowledged that any subsequent action, or any breach of any financial covenants for a period commencing after the date of commencement of such blockage period that, in either case, would give rise to an event of default pursuant to any provisions under which an event of default previously existed or was continuing shall constitute a new event of default for this purpose).

The subordinated indentures will not restrict the amount of our or our subsidiaries' senior indebtedness or other indebtedness. As a result of the foregoing provisions, in the event of our insolvency, holders of the subordinated debt securities may recover ratably less than our general creditors.

Senior indebtedness, unless otherwise specified in one or more applicable supplemental indentures or approved pursuant to a board resolution in accordance with the applicable indenture, means, with respect to us,

- (1) the principal (including redemption payments), premium, if any, interest and other payment obligations in respect of (A) our indebtedness for money borrowed and (B) our indebtedness evidenced by securities, debentures, bonds, notes or other similar instruments issued by us, including any such securities issued under any deed, indenture or other instrument to which we are a party (including, for the avoidance of doubt, indentures pursuant to which senior debt securities have been or may be issued);
- (2) all of our capital lease obligations;
- (3) all of our obligations issued or assumed as the deferred purchase price of property, all of our conditional sale obligations, all of our hedging agreements and agreements of a similar nature thereto and all agreements relating to any such agreements, and all of our obligations under any title retention agreement (but excluding trade accounts payable arising in the ordinary course of business);

Table of Contents

- (4) all of our obligations for reimbursement on any letter of credit, banker's acceptance, security purchase facility or similar credit transaction;
- (5) all obligations of the type referred to in clauses (1) through (4) above of other persons for the payment of which we are responsible or liable as obligor, guarantor or otherwise;
- (6) all obligations of the type referred to in clauses (1) through (5) above of other persons secured by any lien on any of our property or asset (whether or not such obligation is assumed by us); and
- (7) any deferrals, amendments, renewals, extensions, modifications and refundings of all obligations of the type referred to in clauses (1) through (6) above, in each case whether or not contingent and whether outstanding at the date of effectiveness of the applicable indenture or thereafter incurred, *except*, in each case, for the subordinated debt securities and any such other indebtedness or deferral, amendment, renewal, extension, modification or refunding that contains express terms, or is issued under a deed, indenture or other instrument which contains express terms, providing that it is subordinate to or ranks equal with the subordinated debt securities.

Such senior indebtedness shall continue to be senior indebtedness and be entitled to the benefits of the subordination provisions of the applicable indenture irrespective of any amendment, modification or waiver of any term of such senior indebtedness and notwithstanding that no express written subordination agreement may have been entered into between the holders of such senior indebtedness and the trustee or any of the holders.

Discharge

Under the terms of the applicable indenture, we will be discharged from any and all obligations in respect of the debt securities of any series and the applicable indenture (except in each case for certain obligations to register the transfer or exchange of debt securities, replace stolen, lost or mutilated debt securities, maintain paying agencies and hold moneys for payment in trust) if we deposit with the applicable trustee, in trust, moneys or U.S. government obligations in an amount sufficient to pay all the principal of, and interest on, the debt securities of such series on the dates such payments are due in accordance with the terms of such debt securities.

In addition, unless the applicable prospectus supplement and supplemental indenture provide otherwise, we may elect either (1) to defease and be discharged from any and all obligations with respect to such debt securities (defeasance) or (2) to be released from our obligations with respect to such debt securities under certain covenants in the applicable indenture, and any omission to comply with such obligations will not constitute a default or an event of default with respect to such debt securities (covenant defeasance):

- (1) by delivering all outstanding debt securities of such series to the trustee for cancellation and paying all sums payable by it under such debt securities and the indenture with respect to such series; or
- (2) after giving notice to the trustee of our intention to defease all of the debt securities of such series, by irrevocably depositing with the trustee or a paying agent
 - (a) in the case of any debt securities of any series denominated in U.S. dollars, cash or U.S. government obligations sufficient to pay all principal of and interest on such debt securities; and
 - (b) in the case of any debt securities of any series denominated in any currency other than U.S. dollars, an amount of the applicable currency in which the debt securities are denominated sufficient to pay all principal of and interest on such debt securities.

Such a trust may only be established if, among other things:

Table of Contents

- (1) the applicable defeasance or covenant defeasance does not result in a breach or violation of, or constitute a default under or any material agreement or instrument to which we are a party or by which we are bound;
- (2) no event of default or event which with notice or lapse of time or both would become an event of default with respect to the debt securities to be defeased will have occurred and be continuing on the date of establishment of such a trust after giving effect to such establishment and, with respect to defeasance only, no bankruptcy proceeding with respect to us will have occurred and be continuing at any time during the period ending on the 91st day after such date; and
- (3) we have delivered to the trustee an opinion of counsel (as specified in the applicable supplemental indenture) to the effect that the holders will not recognize income, gain or loss for United States federal income tax purposes as a result of such defeasance or covenant defeasance and will be subject to United States federal income tax on the same amounts, in the same manner and at the same times as would have been the case if such defeasance or covenant defeasance had not occurred, and such opinion of counsel, in the case of defeasance, must refer to and be based upon a letter ruling of the Internal Revenue Service received by us, a Revenue Ruling published by the Internal Revenue Service or a change in applicable United States federal income tax law occurring after the date of the applicable supplemental indenture.

In the event we effect covenant defeasance with respect to any debt securities and such debt securities are declared due and payable because of the occurrence of any event of default, other than an event of default with respect to any covenant as to which there has been covenant defeasance, the government obligations on deposit with the trustee will be sufficient to pay amounts due on such debt securities at the time of the stated maturity but may not be sufficient to pay amounts due on such debt securities at the time of the acceleration resulting from such event of default.

Modification and Waiver

We, when authorized by a board resolution, and the trustee may modify, amend and/or supplement the applicable indenture and the applicable debt securities with the consent of the holders of not less than a majority in principal amount of the outstanding debt securities of all series affected thereby (voting as a single class); *provided, however*, that such modification, amendment or supplement may not, without the consent of each holder of the debt securities affected thereby:

- (1) change the stated maturity of the principal of or any installment of interest with respect to the debt securities;
- (2) reduce the principal amount of, or the rate of interest on, the debt securities;
- (3) change the currency of payment of principal of or interest on the debt securities;
- (4) modify the redemption provisions, if any, of any debt securities in any manner adverse to the holders of such series of debt securities;
- (5) impair the right to institute suit for the enforcement of any payment on or with respect to the debt securities;
- (6) reduce the above-stated percentage of holders of the debt securities of any series necessary to modify or amend the indenture relating to such series;
- (7) modify the foregoing requirements or reduce the percentage of outstanding debt securities necessary to waive any covenant or past default;

Table of Contents

- (8) in the case of any subordinated indenture, modify the subordination provisions thereof in any manner adverse to the holders of subordinated debt securities of any series then outstanding; or
- (9) in the case of any convertible debt securities, adversely affect the right to convert the debt securities into Class A Common Stock or Preferred Stock in accordance with the provisions of the applicable indenture.

Holders of not less than a majority in principal amount of the outstanding debt securities of all series affected thereby (voting as a single class) may waive certain past defaults and may waive compliance by us with any provision of the indenture relating to such debt securities (subject to the immediately preceding sentence); *provided, however*, that:

- (1) without the consent of each holder of debt securities affected thereby, no waiver may be made of a default in the payment of the principal of or interest on any debt security; and
- (2) only the holders of a majority in principal amount of debt securities of a particular series may waive compliance with a provision of the indenture relating to such series or the debt securities of such series having applicability solely to such series.

We, when authorized by a board resolution, and the trustee may amend or supplement the indentures or waive any provision of such indentures and the debt securities without the consent of any holders of debt securities in some circumstances, including:

to cure any ambiguity, omission, defect or inconsistency;

to make any change that does not, in the good faith opinion of our Board of Directors (as used herein the term Board of Directors includes any duly authorized committee thereof) and the trustee, adversely affect the interests of holders of such debt securities in any material respect;

to provide for the assumption of our obligations under the applicable indenture by a successor upon any merger, consolidation or asset transfer permitted under the applicable indenture;

to provide any security for or guarantees of such debt securities;

to add events of default with respect to such debt securities;

to add covenants that would benefit the holders of such debt securities or to surrender any rights or powers we have under the applicable indenture;

to make any change necessary for the registration of the debt securities under the Securities Act or to comply with the Trust Indenture Act of 1939, or any amendment thereto, or to comply with any requirement of the Commission in connection with the qualification of the applicable indenture under the Trust Indenture Act of 1939; *provided, however*, that such modification or amendment does not, in the good faith opinion of our Board of Directors and the trustee, adversely affect the interests of the holders of such debt securities in any material respect;

to provide for uncertificated debt securities in addition to or in place of certificated debt securities or to provide for bearer debt securities;

to add to or change any of the provisions of the applicable indenture to such extent as shall be necessary to permit or facilitate the issuance of the debt securities in bearer form, registrable or not registrable as to principal, and with or without interest coupons;

Table of Contents

to change or eliminate any of the provisions of the applicable indenture, *provided, however*, that any such change or elimination shall become effective only when there is no debt security outstanding of any series created prior to the execution of such supplemental indenture which is entitled to the benefit of such provision;

to establish the form or terms of debt securities of any series as permitted by the applicable indenture; or

to evidence and provide for the acceptance of appointment by a successor trustee with respect to the debt securities of one or more series and to add to or change any of the provisions of the applicable indenture as shall be necessary to provide for or facilitate the administration of the trust under the applicable indenture by more than one trustee, pursuant to the requirements of the applicable indenture.

Events of Default and Notice Thereof

The following events are events of default with respect to any series of debt securities issued under the applicable indenture:

- (1) failure to pay interest on any debt securities of such series within 60 days of when due or principal of any debt securities of such series when due (including any sinking fund installment);
- (2) failure to perform any other agreement contained in the debt securities of such series or the indenture relating to such series (other than an agreement relating solely to another series of debt securities) for 60 days after notice; and
- (3) certain events of bankruptcy, insolvency or reorganization with respect to us.

Additional or different events of default, if any, applicable to the series of debt securities in respect of which this prospectus is being delivered will be specified in the applicable prospectus supplement.

The trustee under the applicable indenture shall, within 90 days after the occurrence of any default (the term default to include the events specified above without grace or notice) with respect to any series of debt securities actually known to it, give to the holders of such debt securities notice of such default; *provided, however*, that, except in the case of a default in the payment of principal of or interest on any of the debt securities of such series or in the payment of a sinking fund installment, the trustee for such series shall be protected in withholding such notice if it in good faith determines that the withholding of such notice is in the interest of the holders of such debt securities; and *provided, further*, that in the case of any default of the character specified in clause (2) above with respect to debt securities of such series, no such notice to holders of such debt securities will be given until at least 30 days after the occurrence thereof. We shall certify to the trustee annually as to whether any default exists.

If an event of default, other than an event of default resulting from bankruptcy, insolvency or reorganization, with respect to any series of debt securities, shall occur and be continuing, the trustee for such series or the holders of at least 25% in aggregate principal amount of the debt securities of such series then outstanding, by notice in writing to us (and to the trustee for such series if given by the holders of the debt securities of such series), will be entitled to declare all unpaid principal of and accrued interest on such debt securities then outstanding to be due and payable immediately.

In the case of an event of default resulting from certain events of bankruptcy, insolvency or reorganization, all unpaid principal of and accrued interest on all debt securities of such series then outstanding shall be due and payable immediately without any declaration or other act on the part of the trustee for such series or the holders of any debt securities of such series.

Such acceleration may be annulled and past defaults (except, unless theretofore cured, a default in payment of principal of or interest on the debt securities of such series) may be waived by the holders of a majority in principal

Table of Contents

amount of the debt securities of such series then outstanding upon the conditions provided in the applicable indenture.

No holder of the debt securities of any series issued thereunder may pursue any remedy under such indenture unless the trustee for such series shall have failed to act after, among other things, notice of an event of default and request by holders of at least 25% in principal amount of the debt securities of such series as to which the event of default has occurred and the offer to the trustee for such series of indemnity satisfactory to it; *provided, however*, that such provision does not affect the right to sue for enforcement of any overdue payment on such debt securities.

Conversion and Exchange Rights

The terms and conditions, if any, upon which the debt securities of any series will be convertible into Class A Common Stock or Preferred Stock or upon which the senior debt securities of any series will be exchangeable into another series of debt securities will be set forth in the prospectus supplement relating thereto. Such terms will include the conversion or exchange price (or manner of calculation thereof), the conversion or exchange period, provisions as to whether conversion or exchange will be at the option of the holders of such series of debt securities or at our option or automatic, the events requiring an adjustment of the conversion or exchange price and provisions affecting conversion or exchange in the event of the redemption of such series of debt securities.

The Trustee

A trustee will be named under each indenture to act in such capacity in connection with each series of debt securities. Each indenture will contain certain limitations on a right of the trustee, as our creditor, to obtain payment of claims in certain cases, or to realize on certain property received in respect of any such claim as security or otherwise. The trustee will be permitted to engage in other transactions; *provided, however*, that if it acquires any conflicting interest, it must eliminate such conflict or resign.

The holders of a majority in principal amount of all outstanding debt securities of a series (or if more than one series is affected thereby, of all series so affected, voting as a single class) will have the right to direct the time, method and place of conducting any proceeding for exercising any remedy or power available to the trustee for such series or all such series so affected.

In case an event of default shall occur (and shall not be cured) under any indenture relating to a series of debt securities and is actually known to a responsible officer of the trustee for such series, such trustee shall exercise such of the rights and powers vested in it by such indenture and use the same degree of care and skill in its exercise as a prudent person would exercise or use under the circumstances in the conduct of his own affairs. Subject to such provisions, the trustee will not be under any obligation to exercise any of its rights or powers under the applicable indenture at the request of any of the holders of debt securities unless they shall have offered to the trustee security and indemnity satisfactory to it.

Governing Law

The indentures and the debt securities will be governed by and construed in accordance with the laws of the State of New York.

Further Information

The descriptions of any indentures in this prospectus and in any prospectus supplement are summaries of the material provisions of the applicable agreements. These descriptions do not restate those agreements in their entirety and do not contain all of the information that you may find useful. We urge you to read the applicable agreements because they, and not the summaries, define many of your rights as holders of the debt securities. For more information, please review the form of the relevant agreements, which are filed or will be filed with the Commission promptly after the offering of debt securities and will be available as described under the heading **Where You Can Find More Information** .

DESCRIPTION OF COMMON STOCK

The following description of the common stock of Delphi does not purport to be complete and is subject to, and qualified in its entirety by reference to, the more complete description thereof set forth in the following documents: (i) Delphi's Restated Certificate of Incorporation, as amended (the "Certificate of Incorporation"); and (ii) its Amended and Restated By-Laws, as amended, which documents have been incorporated by reference as exhibits to the registration statement of which this prospectus forms a part.

Delphi is authorized to issue 150,000,000 shares of Class A Common Stock, 20,000,000 shares of Class B Common Stock (the Class A Common Stock and Class B Common Stock shall be referred to collectively herein as the "common stock") and 50,000,000 shares of preferred stock ("Preferred Stock"), each with a par value \$0.01 per share. As of October 31, 2008, there were 41,185,216 shares of Class A Common Stock and 5,753,833 shares of Class B Common Stock outstanding. There are no shares of Preferred Stock outstanding.

American Stock Transfer and Trust Company is the Transfer Agent for the common stock. The Class A Common Stock is listed on the New York Stock Exchange under the symbol "DFG".

Class A Common Stock and Class B Common Stock

General. All currently outstanding shares of Class A Common Stock and Class B Common Stock are, and all shares of Class A Common Stock sold pursuant to an applicable prospectus supplement will be, fully paid and nonassessable. The holders of the Class A Common Stock and Class B Common Stock do not have any preemptive rights to subscribe for or purchase any additional securities issued by Delphi. Cumulative voting is not permitted by holders of either the Class A Common Stock or Class B Common Stock. The shares of common stock are not convertible into other securities, except that the Class B Common Stock is convertible into Class A Common Stock as described below under "-Conversion". No sinking fund or redemption provisions are applicable to the Class A Common Stock or the Class B Common Stock.

Voting. Each share of Class A Common Stock entitles the holder thereof to one vote per share. Each share of Class B Common Stock entitles the holder thereof to a number of votes per share equal to the lesser of (1) the number of votes (with each share of Class B Common Stock having the same number of votes as each other share of Class B Common Stock) such that the aggregate of all outstanding shares of Class B Common Stock are entitled to cast 49.9% of all of the votes represented by the aggregate of all outstanding shares of Class A Common Stock and Class B Common Stock or (2) ten votes. As a consequence of clause (1) of the preceding sentence, a share of Class B Common Stock may have a number of votes that is not a whole number, in which event the holder of a share of Class B Common Stock will nonetheless be entitled to vote whatever fractional voting interest may result from such calculation, without rounding. Except as may otherwise be required by applicable law, proposals submitted to a vote of shareholders will be voted on by holders of Class A Common Stock and Class B Common Stock voting together as a single class (subject to any voting rights which may be granted to holders of Preferred Stock), except that holders of the Class A Common Stock will vote as a separate class to elect one director (the "Class A Director") so long as the outstanding shares of Class A Common Stock represent at least 10% of the aggregate number of outstanding shares of common stock. The remaining directors (other than directors elected by holders of Preferred Stock or any series thereof voting separately as a class) shall be elected by the holders of Class A Common Stock and Class B Common Stock, voting together as a single class or, if any holders of Preferred Stock are then entitled to vote together with the holders of common stock for the election of directors, together as a single class with such holders of Preferred Stock. Such remaining directors are called the "Common Stock Directors".

Newly created directorships and vacancies in our Board of Directors resulting from death, resignation or removal of directors shall be filled solely by a majority vote of the remaining directors then in office, even if less than a quorum, or the sole remaining director. Any person elected to fill a vacancy created by resignation, death or removal of the Class A Director shall be deemed to be the Class A Director and any person elected to fill a vacancy created by the resignation, death or removal of a Common Stock Director shall be deemed to be a Common Stock Director.

Table of Contents

The Class A Director may be removed without cause only by a vote of the holders of a majority of the outstanding shares of Class A Common Stock, and the Common Stock Directors may be removed without cause only by a vote of the holders of shares having the right to cast a majority of the votes with respect to the election of Common Stock Directors. If there are no shares of Class B Common Stock outstanding, the Class A Common Stock, together with any holders of any Preferred Stock then entitled to vote with the Class A Common Stock for the election of directors, shall elect all of our directors (other than any directors elected by holders of Preferred Stock voting separately as a class).

Unless a separate vote of any class is required, the holders of a majority of the aggregate voting power of the Class A Common Stock and Class B Common Stock, represented in person or by proxy, shall constitute a quorum for the transaction of business, and generally, the affirmative vote of the holders of a majority of the votes cast at a meeting at which a quorum is present shall constitute the act of the shareholders of Delphi. The superior voting rights of the Class B Common Stock might discourage unsolicited merger proposals and unfriendly tender offers and may therefore deprive shareholders of any opportunity to sell their shares at a premium over prevailing market prices.

Mr. Rosenkranz is party to an agreement with the Company not to vote or cause to be voted certain shares of common stock, if and to the extent that such shares would cause him and Rosenkranz & Company, L.P., collectively, to have more than 49.9% of the combined voting power of the Company's stockholders.

Transfer. The Certificate of Incorporation does not contain any restrictions on the transfer of shares of Class A Common Stock. Upon transfer of shares of Class B Common Stock to any person except to a Permitted Transferee (as defined in the Certificate of Incorporation), such shares of Class B Common Stock will automatically be converted into an equal number of shares of Class A Common Stock. Permitted Transferees of any holder of Class B Common Stock include persons or entities who on January 24, 1990 were holders or beneficial owners of Class B Common Stock or had the right to acquire shares of Class B Common Stock upon the exercise of warrants. Permitted Transferees also include, in general and among others, certain relatives of such holder of Class B Common Stock, the trustee of a trust exclusively for the benefit of such holder of Class B Common Stock and/or one or more of such holder's Permitted Transferees, the estate of such holder of Class B Common Stock and certain corporations or partnerships of which two-thirds of the voting power is controlled directly or indirectly by or under common control with such holder of Class B Common Stock.

Conversion. Class A Common Stock has no conversion rights. Class B Common Stock is convertible into Class A Common Stock, in whole or in part, at any time and from time to time at the option of the holder, on the basis of one share of Class A Common Stock for each share of Class B Common Stock converted. If at any time the number of outstanding shares of Class B Common Stock falls below 5% of the aggregate number of issued and outstanding shares of Class A Common Stock and Class B Common Stock in the aggregate, or the Board of Directors and the holders of a majority of the outstanding shares of Class B Common Stock approve the conversion of all of the Class B Common Stock into Class A Common Stock, then, immediately upon the occurrence of either such event, each outstanding share of Class B Common Stock shall be converted into one share of Class A Common Stock. In the event of a transfer of shares of Class B Common Stock other than to a Permitted Transferee, each share of Class B Common Stock so transferred shall be automatically converted into one share of Class A Common Stock.

Dividends. Subject to the rights of holders of our outstanding Preferred Stock, if any, and subject to certain other provisions of the Certificate of Incorporation, holders of Class A Common Stock and Class B Common Stock are entitled to receive such dividends or other distributions, in cash, property, shares of stock or other securities, as may be declared by our Board of Directors out of assets legally available therefor. If and when any such dividends are declared, the holders of Class A Common Stock and Class B Common Stock are entitled to share equally, on a per share basis, in those dividends, except as described in the next sentence. If any dividend is payable in shares of Class A Common Stock or Class B Common Stock, that dividend will be payable at the same rate on both classes of common stock and may be paid (as determined by our Board of Directors) (i) in shares of Class A Common Stock on the Class A Common Stock and Class B Common Stock, (ii) in shares of Class B Common Stock on the Class A Common Stock and Class B Common Stock and (iii) in shares of Class A Common Stock on the Class A Common Stock and in shares of Class B Common Stock on the Class B Common Stock.

Table of Contents

Subdivisions; Combinations. If we subdivide or combine our outstanding shares of Class A Common Stock or Class B Common Stock, the outstanding shares of the other class shall be proportionately subdivided or combined in the same manner and on the same basis.

Liquidation. In the event of a voluntary or involuntary liquidation, dissolution or winding-up of Delphi, after payment of or provision for our liabilities and distribution of the preferential amounts, if any, payable to holders of our Preferred Stock, the holders of Class A Common Stock will be entitled to share ratably with the holders of Class B Common Stock as a single class in our remaining assets available for distribution to holders of our common stock. A consolidation or merger of Delphi with or into another entity or a sale or disposition of all or any part of Delphi's assets shall not be deemed a liquidation, dissolution or winding up for this purpose.

Merger or Consolidation. In the case of any distribution or payment (other than a dividend described above under *-Dividends* or a distribution upon liquidation, dissolution or winding-up described under *-Liquidation*) on Class A Common Stock or Class B Common Stock upon our consolidation or merger with or into another corporation, or any transaction having an effect on our stockholders substantially similar to that resulting from a consolidation or merger, such distribution shall be made ratably on a per share basis among the holders of Class A Common Stock and Class B Common Stock as a single class.

Other Terms. Our Certificate of Incorporation provides that, except as otherwise required by applicable law or as otherwise provided in the Certificate of Incorporation, each share of Class A Common Stock and each share of Class B Common Stock shall have identical powers, preferences and rights.

Additional shares of Class B Common Stock may not be issued except (i) in payment of a stock dividend on then outstanding shares of Class B Common Stock; (ii) in connection with a stock split, reclassification or other subdivision of then outstanding shares of Class B Common Stock; and (iii) pursuant to Delphi's Second Amended and Restated Long-Term Performance-Based Incentive Plan, as amended from time to time.

Preferred Stock

For a description of our Preferred Stock, please see the heading *Description of Preferred Stock*. Any or all of the rights and preferences selected by our Board of Directors for any series of Preferred Stock may be greater than the rights of the common stock. The issuance of Preferred Stock could adversely affect, among other things, the voting power of holders of common stock and the likelihood that shareholders will receive dividend payments and payments upon our liquidation, dissolution or winding up.

Under the Certificate of Incorporation, our Board of Directors is authorized to establish one or more series of Preferred Stock in such number of shares and having such powers, preferences and rights as it may designate from time to time. The issuance of Preferred Stock could have the effect of delaying, deferring or preventing a change in control of Delphi if, for example, our Board of Directors designated and issued a series of Preferred Stock in an amount that sufficiently increased the number of outstanding shares to overcome a vote by the holders of our common stock or with rights and preferences that included special voting rights to veto a change in control, merger or similar transaction. In addition, the superior voting rights of the Class B Common Stock might discourage unsolicited merger proposals and unfriendly tender offers and may therefore deprive shareholders of any opportunity to sell their shares at a premium over prevailing market prices.

Delaware Law and Certain Provisions of Delphi's Certificate of Incorporation

Delphi is subject to the provisions of Section 203 of the Delaware General Corporation Law (*Section 203*). In general, *Section 203* prohibits a publicly held Delaware corporation from engaging in a *business combination* with an *interested stockholder* for a period of three years after the date that the person became an interested stockholder unless (with certain exceptions) the business combination or the transaction in which the person became an interested stockholder is approved in a prescribed manner. Generally, a *business combination* includes a merger or consolidation, asset or stock sale, or other transaction resulting in a financial benefit to the interested stockholder. Generally, an *interested stockholder* is a person who, together with affiliates and associates, owns (or within three years prior, did own) 15% or more of the corporation's voting stock.

Table of Contents

The Certificate of Incorporation prohibits shareholders from taking any action without a meeting, except upon unanimous written consent. In addition, special meetings of shareholders may only be called by the Board of Directors. These provisions may have the effect of delaying consideration of a shareholder proposal until the next annual meeting unless a special meeting is called by the Board of Directors. The Certificate of Incorporation also provides that, except under certain circumstances, the Board of Directors has the exclusive power to fill newly created directorships and vacancies in the Board.

The Certificate of Incorporation provides that directors of Delphi will not be personally liable to Delphi or any stockholder for monetary damages for breach of the director's fiduciary duty as a director, except for liability (i) for any breach of the director's duty of loyalty to Delphi or its stockholders, (ii) for acts or omissions not in good faith or which involve intentional misconduct or a knowing violation of law, (iii) for unlawful payments of dividends or unlawful stock repurchase or redemptions as provided in Section 174 of the Delaware General Corporation Law or (iv) for any transaction from which the director derived an improper personal benefit. The Certificate of Incorporation provides that Delphi shall indemnify its officers and directors to the fullest extent permitted by Delaware law.

Further Information

The descriptions of common stock in this prospectus and in any prospectus supplement are summaries of the material provisions of the Certificate of Incorporation and the Amended and Restated By-Laws, as amended. These descriptions do not restate the Certificate of Incorporation or the Amended and Restated By-Laws, as amended, in their entirety and do not contain all of the information that you may find useful. We urge you to read the Certificate of Incorporation and the Amended and Restated By-Laws, as amended, because they, and not the summaries, define many of your rights as a holder of Class A Common Stock. For more information, please review the Certificate of Incorporation and the Amended and Restated By-Laws, as amended, which will be filed with the Commission promptly after the offering of Class A Common Stock and will be available as described under the heading "Where You Can Find More Information".

DESCRIPTION OF PREFERRED STOCK

General

The following description of Preferred Stock of Delphi does not purport to be complete and is subject to, and qualified in its entirety by reference to, the more complete description thereof set forth in the following documents: (i) Delphi's Certificate of Incorporation; and (ii) its Amended and Restated By-Laws, as amended, which documents have been incorporated by reference as exhibits to the registration statement of which this prospectus forms a part.

Certain terms of any series of the Preferred Stock offered by any prospectus supplement will be described in the prospectus supplement relating to such series of the Preferred Stock. If so indicated in the prospectus supplement relating thereto, the terms of any such series may differ from the terms set forth below. The description of certain provisions of the Preferred Stock set forth below and the description of the terms of a particular series of Preferred Stock set forth in the prospectus supplement relating thereto do not purport to be complete and are subject to, and qualified in their entirety by reference to, the Certificate of Incorporation, which is incorporated by reference as an exhibit to the registration statement of which this prospectus is a part, and the certificate of designation relating to such series of Preferred Stock, which will be filed with the Commission in connection with the offering of such series of Preferred Stock.

Under the Certificate of Incorporation, the Board of Directors is authorized without further shareholder action to provide for the issuance of up to 50,000,000 shares of Preferred Stock in one or more series, with such voting powers, full or limited, and with such designations, preferences and relative, participating, optional or other special rights, and qualifications, limitations or restrictions thereon, as shall be stated in the resolution or resolutions providing for the issue of a series of such stock, adopted at any time or from time to time by the Board of Directors. The Preferred Stock shall rank senior to the Common Stock as to payments of dividends or payments upon liquidation. Delphi may amend from time to time its Certificate of Incorporation to increase or decrease (but not below the number of shares of Preferred Stock currently outstanding) the number of authorized shares of Preferred Stock. Any such amendment would require the approval of the holders of a majority of the voting power of the Class A Common Stock and Class B Common Stock, voting together as a single class, without a vote of the holders of any series of Preferred Stock (unless the certificate of any such series of Preferred Stock establishing the rights of such series requires such a vote).

The Preferred Stock will have the dividend, liquidation, redemption and voting rights set forth below, unless otherwise provided in the prospectus supplement relating to a particular series of the Preferred Stock. Reference is made to the prospectus supplement relating to the particular series of the Preferred Stock offered thereby for specific terms, including: (i) the title of such Preferred Stock and the number of shares offered; (ii) the liquidation preference per share; (iii) the price at which such Preferred Stock will be issued; (iv) the dividend rate (or method of calculation), the dates on which dividends shall be payable, whether such dividends shall be cumulative or noncumulative and, if cumulative, the dates from which dividends shall commence to cumulate; (v) any redemption or sinking fund provisions; (vi) the terms of any right to convert or exchange the Preferred Stock into other securities or property of Delphi; and (vii) any additional voting, dividend, liquidation, redemption, sinking fund and other rights, preferences, privileges, limitations and restrictions of such Preferred Stock.

The Preferred Stock will, when issued, be fully paid and nonassessable and have no preemptive rights. Unless otherwise specified in the prospectus supplement relating to a particular series of the Preferred Stock, each series of the Preferred Stock will rank on a parity as to dividends and liquidation rights in all respects with any other series of the Preferred Stock.

Dividend Rights

Holders of the Preferred Stock of each series will be entitled to receive, when, as and if declared by the Board of Directors, out of assets of Delphi legally available therefor, cash dividends at such rates and on such dates as are set forth in the prospectus supplement relating to such series of the Preferred Stock. Such rate may be fixed, variable or both. Each such dividend will be payable to the holders of record as they appear on the stock record

Table of Contents

books of Delphi on such record dates as will be fixed by the Board of Directors. Dividends on any series of the Preferred Stock may be cumulative or noncumulative, as provided in the prospectus supplement relating thereto.

Each series of Preferred Stock will be entitled to dividends as described in the prospectus supplement relating to such series, which may be based upon one or more methods of determination. Different series of the Preferred Stock may be entitled to dividends at different rates or based upon different methods of determination.

Rights Upon Liquidation

In the event of any voluntary or involuntary liquidation, dissolution or winding up of Delphi, the holders of each series of Preferred Stock will be entitled to receive out of assets of Delphi available for distribution to shareholders, before any distribution of assets is made to holders of Common Stock or any other class of stock ranking junior to such series of the Preferred Stock upon liquidation, liquidating distributions in the amount set forth in the prospectus supplement relating to such series of the Preferred Stock plus an amount equal to accrued and unpaid dividends for then-current dividend period and, if such series of the Preferred Stock is cumulative, for all dividend periods prior thereto, all as set forth in the prospectus supplement relating to such shares.

Redemption

Any series of the Preferred Stock may be redeemable, in whole or in part, at the option of Delphi, and may be subject to mandatory redemption pursuant to a sinking fund, in each case upon terms, at the times and at the redemption prices set forth in the prospectus supplement relating to such series.

Conversion and Exchange

The terms, if any, on which shares of any series of the Preferred Stock are convertible into Class A Common Stock or exchangeable for debt securities will be set forth in the prospectus supplement relating to such series. Such terms may include provisions for conversion or exchange, either mandatory, at the option of the holder or at the option of Delphi, in which case the number of shares of Class A Common Stock or the amount of debt securities to be received by the holders of Preferred Stock would be calculated as of a time and in the manner stated in such prospectus supplement.

Transfer Agent and Registrar

American Stock Transfer and Trust Company will be the transfer agent, registrar and dividend disbursement agent for the Preferred Stock. The registrar for shares of Preferred Stock will send notices to shareholders of meetings, if any, at which holders of the Preferred Stock have the right to vote on any matter.

Voting Rights

Except as indicated in the prospectus supplement relating to a particular series of Preferred Stock, or except as expressly required by applicable law, the holders of the Preferred Stock will not be entitled to any voting rights.

In addition to any voting rights that may be described in any prospectus supplement, under the Delaware General Corporation Law, the holders of the Preferred Stock will have the voting rights set forth under the caption General above with respect to amendments to the Certificate of Incorporation which would increase the number of authorized shares of Preferred Stock of Delphi.

DESCRIPTION OF DEPOSITARY SHARES

We may elect to have debt securities, shares of Preferred Stock or shares of Class A Common Stock represented by depositary shares. The series of debt securities, the shares of any series of the Preferred Stock or the shares of Class A Common Stock underlying the depositary shares will be deposited under a separate deposit agreement between us and a bank or trust company that we select. The prospectus supplement relating to a series of depositary shares will set forth the name and address of the depositary of Preferred Stock, Class A Common Stock or debt securities. Subject to the terms of the deposit agreement, each owner of a depositary share will be entitled, proportionately, to all the rights, preferences and privileges of the debt securities, Preferred Stock or Class A Common Stock represented by such depositary share, including dividend, voting, redemption, conversion, exchange and liquidation rights. As of the date of this prospectus, there are no depositary shares outstanding.

The depositary shares will be evidenced by depositary receipts issued pursuant to the deposit agreement, each of which will represent the applicable interest in a number of debt securities, shares of Class A Common Stock or shares of a particular series of the Preferred Stock described in the applicable prospectus supplement.

We will distribute a prospectus supplement relating to any depositary shares that we may offer. The prospectus supplement will describe specific terms relating to the offering, including a description of the depositary shares and any applicable deposit agreement. terms relating to the procedure for receiving notice of, and voting at, any meeting at which the holders of any debt securities, shares of Preferred Stock or shares of Class A Common Stock underlying the depositary shares are entitled to vote;

terms relating to amendment and termination of the applicable deposit agreement;

terms relating to the resignation of the depositary and the appointment of a successor depositary;

terms setting forth our obligation, if any, to pay the charges of the depositary;

a discussion of material federal income tax considerations, if applicable; and

any other terms of the depositary shares, including terms, procedures and limitations relating to the transferability, conversion, exchange, exercise, surrender or redemption of the depositary shares.

The description of certain provisions of any deposit agreement and any related depositary shares and depositary receipts in this prospectus and in any prospectus supplement are summaries of the material provisions of that deposit agreement and of the depositary shares and depositary receipts. These descriptions do not restate those agreements and do not contain all of the information that you may find useful. We urge you to read the applicable agreements because they, and not the summaries, define many of your rights as a holder of the depositary shares. For more information, please review the form of deposit agreement and form of depositary receipts relating to each series of the Preferred Stock, which will be filed with the Commission promptly after the offering of that series of debt securities, shares of Preferred Stock or shares of Class A Common Stock and will be available as described under the heading **Where You Can Find More Information**.

DESCRIPTION OF PURCHASE CONTRACTS

We may issue purchase contracts obligating holders to purchase from us, and us to sell to the holders, a number of debt securities, shares of our Class A Common Stock or Preferred Stock, depository shares, warrants, units or subscription rights at a future date or dates. The purchase contracts may require us to make periodic payments to the holders of the purchase contracts, which may or may not be unsecured. As of the date of this prospectus, there are no purchase contracts outstanding.

The prospectus supplement relating to any purchase contracts we are offering will describe the material terms of the purchase contracts and any applicable pledge or depository arrangements, including one or more of the following:

the stated amount a holder will be obligated to pay in order to purchase our debt securities, Class A Common Stock, Preferred Stock, depository shares, warrants, units or subscription rights or the formula to determine such amount;

the settlement date or dates on which the holder will be obligated to purchase the securities. The prospectus supplement will specify whether certain events may cause the settlement date to occur on an earlier date and the terms on which an early settlement would occur;

the events, if any, that will cause our obligations and the obligations of the holder under the purchase contract to terminate;

the settlement rate, which is a number that, when multiplied by the stated amount of a purchase contract, determines the number of securities that we will be obligated to sell and a holder will be obligated to purchase under that purchase contract upon payment of the stated amount of a purchase contract. The settlement rate may be determined by the application of a formula specified in the prospectus supplement. Purchase contracts may include anti-dilution provisions to adjust the number of securities to be delivered upon the occurrence of specified events;

whether the purchase contracts will be issued separately or as part of units consisting of a purchase contract and an underlying security with an aggregate principal amount equal to the stated amount. Any underlying securities will be pledged by the holder to secure its obligations under a purchase contract. the terms of any pledge arrangement relating to any underlying securities; and

the amount and terms of the contract fee, if any, that may be payable. The contract fee may be calculated as a percentage of the stated amount of the purchase contract or otherwise.

These descriptions do not restate those agreements in their entirety and may not contain all the information that you may find useful. We may issue units comprised of two or more of the other securities described in this prospectus in any combination. Each unit may also include debt obligations of third parties, such as U.S. Treasury securities. Each unit will be issued so that the holder of the unit is also the holder of each security included in the unit. Thus, the holder of a unit will have the rights and obligations of a holder of each included security. The applicable prospectus supplement will describe:

the designation and terms of the units and of the securities comprising the units, including whether and under what circumstances the securities comprising the units may be held or transferred separately;

a description of the terms of any unit agreement governing the units;

DESCRIPTION OF SUBSCRIPTION RIGHTS

We may issue to our stockholders subscription rights to purchase our Class A Common Stock, Preferred Stock, debt securities, depositary shares, warrants, units or purchase contracts. Subscription rights may be issued independently or together with any other security offered hereby and may or may not be transferable by the stockholder receiving the subscription rights in the subscription rights offering. In connection with any subscription rights offering to our stockholders, we may enter into a standby underwriting or other arrangement with one or more underwriters or other entities or individuals pursuant to which such persons will agree to purchase any securities remaining unsubscribed for after the subscription rights offering. In connection with a subscription rights offering to our stockholders, certificates evidencing the subscription rights and a prospectus supplement will be distributed to our stockholders on the record date set by us for receiving subscription rights.

The applicable prospectus supplement will describe the specific terms of any subscription rights offering for which this prospectus is being delivered, including the following:

the exercise price for the subscription rights;

the securities for which such subscription rights are exercisable;

the number of such subscription rights issued to each stockholder;

the extent to which such subscription rights are transferable;

if applicable, a discussion of the material United States federal income tax considerations applicable to the issuance or exercise of such subscription rights;

any other terms of such subscription rights, including terms, procedures and limitations relating to the exchange and exercise of the subscription rights;

the date on which the right to exercise such subscription rights shall commence, and the date on which the subscription right shall expire;

the extent to which such subscription rights offering includes an over-subscription privilege with respect to unsubscribed securities; and

if applicable, the material terms of any standby purchase arrangement entered into by us in connection with the subscription rights offering.

Each subscription right will entitle the holder thereof to purchase for cash such principal amount of shares of Class A Common Stock, Preferred Stock, depositary shares, warrants, purchase contracts, units or any combination thereof at such exercise price as shall in each case be set forth in, or be determinable in a manner set forth in, the applicable prospectus supplement. Subscription rights may be exercised at any time up to the close of business on the expiration date for such subscription rights set forth in the applicable prospectus supplement. After the close of business on the expiration date, all unexercised subscription rights will become void.

Subscription rights may be exercised as set forth in the applicable prospectus supplement. Upon receipt of payment and the subscription rights certificate properly completed and duly executed at the corporate trust office of the subscription rights agent or other office indicated in the applicable prospectus supplement, we will, as soon as practicable, forward the shares of Class A Common Stock, Preferred Stock, depositary shares, warrants, purchase contracts or units purchasable upon such exercise. In the event that not all of the subscription rights issued in any offering are exercised, we may determine to offer any unsubscribed offered securities directly to persons other than stockholders, to or through agents, underwriters or dealers or through a combination of such methods, including pursuant to standby underwriting or other arrangements, as set forth in the applicable prospectus supplement.

The descriptions of the subscription rights in this prospectus and in any prospectus supplement are summaries of the material provisions of the applicable agreements. These descriptions do not restate those agreements in their entirety and do not contain all of the information that you may find useful. We urge you to read the applicable agreements because they, and not the summaries, define many of your rights as holders of the subscription rights. For more information, please review the form of the relevant agreements, which will be filed with the Commission promptly after the offering of subscription rights and will be available as described under the heading **Where You Can Find More Information** .

BOOK-ENTRY SECURITIES

The securities offered by means of this prospectus and any related prospectus supplement may be issued in whole or in part in book-entry form, meaning that beneficial owners of the securities may not receive certificates representing their ownership interests in the securities, except in the event the book-entry system for the securities is discontinued. Securities issued in book-entry form will be evidenced by one or more global securities that will be deposited with, or on behalf of, a depository identified in the applicable prospectus supplement relating to the securities. Unless and until it is exchanged in whole or in part for the individual securities represented thereby, a global security may not be transferred except as a whole by the depository for the global security to a nominee of such depository or by a nominee of such depository to such depository or another nominee of such depository or by the depository or any nominee of such depository to a successor depository or a nominee of such successor. Global securities may be issued in either registered or bearer form and in either temporary or permanent form. The specific terms of the depository arrangement with respect to a class or series of securities that differ from the terms described herein will be described in the applicable prospectus supplement.

PLAN OF DISTRIBUTION

We may sell the securities offered by this prospectus to one or more underwriters or dealers for public offering and sale by them or to investors directly or through one or more agents. The accompanying prospectus supplement will set forth the terms of the offering and the method of distribution and will identify any firms acting as underwriters, dealers or agents in connection with the offering, including:

the name or names of any underwriters, dealers or agents and the respective amounts of securities underwritten;

the purchase price of the securities and the proceeds to us from the sale;

any underwriting discounts and other items constituting compensation to underwriters, dealers or agents;

any material relationship we may have with an underwriter, dealer or agent, if any;

any public offering price;

any discounts or concessions allowed or reallocated or paid to dealers; and

any securities exchange or market on which the securities offered in the prospectus supplement may be listed.

Only those underwriters identified in the applicable prospectus supplement are deemed to be underwriters in connection with the particular securities offered in such prospectus supplement.

The distribution of the securities may be effected from time to time in one or more transactions at a fixed price or prices, which may be changed, or at prices determined in a manner specified in the applicable prospectus supplement. The securities may be sold through a rights offering, forward contract or similar arrangement. In connection with the sale of the securities, underwriters, dealers or agents may be deemed to have received compensation from us in the form of underwriting discounts or commissions and also may receive commissions from purchasers of securities for whom they may act as agent. Underwriters may sell the securities to or through dealers, and the dealers may receive compensation in the form of discounts, concessions or commissions from the underwriters or commissions from the purchasers for whom they may act as agent. Some of the underwriters, dealers or agents who participate in the securities distribution may engage in other transactions with, and perform other services for, us or our subsidiaries in the ordinary course of business.

We will provide in the applicable prospectus supplement information regarding any underwriting discounts or other compensation that we pay to underwriters or agents in connection with the securities offering, and any discounts, concessions or commissions which underwriters allow to dealers. Underwriters, dealers and agents participating in the securities distribution may be deemed to be underwriters, and any discounts and commissions they receive and any profit they realize on the resale of securities may be deemed to be underwriting discounts and commissions under the Securities Act of 1933. Underwriters and their controlling persons, dealers and agents may be entitled, under agreements entered into with us, to indemnification against and contribution toward specific civil liabilities, including liabilities under the Securities Act.

In connection with an offering, the underwriters may purchase and sell securities in the open market. These transactions may include short sales, stabilizing transactions and purchases to cover positions created by short sales. Short sales involve the sale by the underwriters of a greater number of securities than they are required to purchase in an offering. Stabilizing transactions consist of bids or purchases made for the purpose of preventing or retarding a decline in the market price of the securities while an offering is in progress. The underwriters also may impose a penalty bid. This occurs when a particular underwriter repays to the other underwriters a portion of the underwriting discount received by it because the other underwriters have repurchased securities sold by or for the account of that underwriter in stabilizing or short-covering transactions. These activities by the underwriters may stabilize, maintain

Table of Contents

or otherwise affect the market price of the securities. As a result, the price of the securities during the period that such activities are ongoing may be higher than the price that otherwise might exist in the open market. If these activities are commenced, they may be discontinued by the underwriters at any time.

We may make sales of our securities to or through one or more underwriters or agents in at-the-market offerings, including sales deemed to be an at-the-market offering as defined in Rule 415 promulgated under the Securities Act, pursuant to the terms of a distribution agreement or selling agent's agreement between us and the underwriters or agents. If we engage in at-the-market sales pursuant to a distribution agreement or selling agent's agreement, we will issue and sell shares of the applicable securities to or through one or more underwriters or agents, which may act on any agency basis or on a principal basis. During the term of any such agreement, we may sell shares of the applicable securities on a daily basis in exchange transactions or otherwise as we agree with the underwriters or agents. The agreement may provide that any shares of the applicable securities will be sold at prices related to the then prevailing market prices for such securities. Therefore, exact figures regarding net proceeds or commissions to be paid are impossible to determine at this time and will be described in a prospectus supplement. Pursuant to the terms of the agreement, we also may agree to sell, and the relevant underwriters or dealers may agree to solicit offers to purchase, blocks of the applicable securities. The terms of each such agreement will be set forth in more detail in a prospectus supplement to this prospectus. To the extent that any named underwriter or agent acts as principal pursuant to the terms of a distribution agreement or selling agent's agreement, or if we offer to sell shares of the applicable securities through another broker-dealer acting as underwriter, then such named underwriter may engage in certain transactions that stabilize, maintain or otherwise affect the price of such securities. We will describe any such activities in the prospectus supplement relating to the transaction.

Selling securityholders may use this prospectus in connection with resales of the securities. The applicable prospectus supplement will identify the selling securityholders, the terms of the securities and the plan of distribution for such securities. Selling securityholders may be deemed to be underwriters in connection with the securities they resell and any profits on the sales may be deemed to be underwriting discounts and commissions under the Securities Act. The selling securityholders will receive all the proceeds from their sale of the securities. We will not receive any proceeds from sales by selling securityholders.

In addition, we may enter into derivative or other hedging transactions with third parties, or sell securities not covered by this prospectus to third parties in privately negotiated transactions. If the applicable prospectus supplement indicates, in connection with such a transaction the third parties may, pursuant to this prospectus and the applicable prospectus supplement, and subject to receiving the prior written consent of the applicable regulatory authority, if any, sell securities covered by this prospectus and applicable prospectus supplement. If so, the third party may use securities borrowed from others to settle such sales and may use securities received from us to close out any related short positions. Subject to receiving the prior written consent of the applicable regulatory authority, if any, we may also loan or pledge securities covered by this prospectus and the applicable prospectus supplement to third parties, who may sell the loaned securities or, in an event of default in the case of a pledge, sell the pledged securities pursuant to this prospectus and the applicable prospectus supplement.

Pursuant to any standby underwriting agreement entered into in connection with a subscription rights offering to our stockholders, persons acting as standby underwriters may receive a commitment fee for all securities underlying the subscription rights that the underwriter commits to purchase on a standby basis. Additionally, prior to the expiration date with respect to any subscription rights, any standby underwriters in a subscription rights offering to our stockholders may offer such securities on a when-issued basis, including securities to be acquired through the purchase and exercise of subscription rights, at prices set from time to time by the standby underwriters. After the expiration date with respect to such subscription rights, the underwriters may offer securities of the type underlying the subscription rights, whether acquired pursuant to a standby underwriting agreement, the exercise of the subscription rights or the purchase of such securities in the market, to the public at a price or prices to be determined by the underwriters. The standby underwriters may thus realize profits or losses independent of the underwriting discounts or commissions paid by us. If we do not enter into a standby underwriting arrangement in connection with a subscription rights offering to our stockholders we may elect to retain a dealer-manager to manage such a subscription rights offering for us. Any such dealer-manager may offer securities of the type underlying the subscription rights

acquired or to be acquired pursuant to the purchase and exercise of subscription rights and may thus realize profits or losses independent of any dealer-manager fee paid by us.

Item 15. Indemnification of Directors and Officers

Delphi is a Delaware corporation. Reference is made to Section 145 of the Delaware General Corporation Law (DGCL), which provides that a corporation may indemnify any person, including an officer or director, who is, or is threatened to be made, a party to any threatened, pending or completed action, suit or proceeding, whether civil, criminal, administrative or investigative (other than an action by or in the right of such corporation), by reason of the fact that such person is or was a director, officer, employee or agent of such corporation, or is or was serving at the request of such corporation as a director, officer, employee or agent of another corporation or enterprise. The indemnity may include expenses (including attorneys' fees), judgments, fines and amounts paid in settlement actually and reasonably incurred by such person in connection with such action, suit or proceeding if such director, officer, employee or agent acted in good faith and in a manner he reasonably believed to be in or not opposed to the corporation's best interest, and, with respect to any criminal action or proceeding, had no reasonable cause to believe that his conduct was unlawful. Section 145 of the DGCL provides further that a Delaware corporation may indemnify directors, officers, employees or agents in an action by or in the right of the corporation under the same conditions, except that no indemnification is permitted without judicial approval if the officer or director is judged to be liable to the corporation. Where a director or officer is successful on the merits or otherwise in the defense of any action referred to above or any claim therein, the corporation must indemnify him against the expenses that such officer or director actually and reasonably incurred. Article Eight of the Certificate of Incorporation provides for indemnification of its officers and directors to the full extent permitted by the DGCL.

Article Eighth of the Certificate of Incorporation also provides that directors of the Company will not be personally liable to the Company or any stockholder for monetary damages for breach of a director's fiduciary duty as a director, except for liability (i) for any breach of the director's duty of loyalty to Delphi or its stockholders, (ii) for acts or omissions not in good faith or which involve intentional misconduct or a knowing violation of law, (iii) for unlawful payment of dividends or unlawful stock repurchases or redemptions as provided in Section 174 of the DGCL, or (iv) for any transaction from which the director derived an improper personal benefit.

(ii) to reflect in the prospectus any facts or events arising after the effective date of the registration statement (or the most recent post-effective amendment thereof) which, individually or in the aggregate, represent a fundamental change in the information set forth in the registration statement. Notwithstanding the foregoing, any increase or decrease in volume of securities offered (if the total dollar value of securities offered would not exceed that which was registered) and any deviation from the low or high end of the estimated maximum offering range may be reflected in the form of prospectus filed with the Commission pursuant to 424(b) if, in the aggregate, the changes in volume and price represent no more than 20 percent change in the maximum aggregate offering price set forth in the Calculation of Registration Fee table in the effective registration statement; and

(iii) to include any material information with respect to the plan of distribution not previously disclosed in the registration statement or any material change to such information in the registration statement; *provided, however*, that paragraphs (a)(1)(i), (a)(1)(ii) and (a)(1)(iii) of this section do not apply if the registration statement is on Form S-3 and the information required to be included in a post-effective amendment by those paragraphs is contained in periodic reports filed with or furnished to the Commission by the registrant pursuant to Section 13 or Section 15(d) of the Securities Exchange Act of 1934 that are incorporated by reference in the registration statement, or is contained in a form of prospectus filed pursuant to Rule 424(b) that is part of the registration statement.

(2) That, for the purpose of determining any liability under the Securities Act of 1933 to any purchaser, each such post-effective amendment shall be deemed to be a new registration statement relating to the securities offered therein, and the offering of such securities at that time shall be deemed to be the initial bona fide offering thereof.

(3) To remove from registration by means of a post-effective amendment any of the securities being registered which remain unsold at the termination of the offering.

(4) That, for the purpose of determining liability under the Securities Act of 1933 to any purchaser:

(i) each prospectus filed by the registrant pursuant to Rule 424(b)(3) shall be deemed to be part of the registration statement as of the date the filed prospectus was deemed part of and included in the registration statement; and

(ii) each prospectus required to be filed pursuant to Rule 424(b)(2), (b)(5) or (b)(7) as part of a registration statement in reliance on Rule 430B relating to an offering made pursuant to Rule 415(a)(1)(i), (vii) or (x) for the purpose of providing the information required by Section 10(a) of the Securities Act shall be deemed to be part of and included in the registration statement as of the earlier of the date such form of prospectus is first used after effectiveness or the date of the first contract of sale of securities in the offering described in the prospectus. As provided in Rule 430B, for liability purposes of the issuer and any person that is at that date an underwriter, such date shall be deemed to be a new effective date of the registration statement relating to the securities in the registration statement to which that prospectus relates, and the offering of such securities at that time shall be deemed to be the initial bona fide offering thereof. Provided, however, that no statement made in a registration statement or prospectus that is part of the registration statement or made in a document incorporated or deemed incorporated by reference into the registration statement or prospectus that is part of the registration statement will, as to a purchaser with a time of contract of sale prior to such effective date, supersede or modify any statement that was made in the registration statement or prospectus that was part of the registration statement or made in any such document immediately prior to such effective date.

(5) That, for the purpose of determining liability of the registrant under the Securities Act of 1933 to any purchaser in the initial distribution of the securities, in a primary offering of securities of the undersigned registrant pursuant to this registration statement, regardless of the underwriting method used to sell the securities to the purchaser, if the securities are offered or sold to such purchaser by means of any of the following communications, the undersigned registrant will be a seller to the purchaser and will be considered to offer or sell such securities to such purchaser:

(i) any preliminary prospectus or prospectus of the undersigned registrant relating to the offering required to be filed pursuant to Rule 424;

(ii) any free writing prospectus relating to the offering prepared by or on behalf of the undersigned registrant or used or referred to by the undersigned registrant;

(iii) the portion of any other free writing prospectus relating to the offering containing material information about the undersigned registrant or its securities provided by or on behalf of the undersigned registrant; and

(iv) any other communication that is an offer in the offering made by the undersigned registrant to the purchaser.

(6) The undersigned registrant undertakes that, for purposes of determining any liability under the Securities Act of 1933, each filing of the registrant's annual report pursuant to Section 13(a) or Section 15(d) of the Securities Exchange Act of 1934 (and, where applicable, each filing of an employee benefit plan's annual report pursuant to Section 15(d) of the Security Exchange Act of 1934) that is incorporated by reference in the registration statement shall be deemed to be a new registration statement relating to the securities offered therein, and the offering of such securities at that time shall be deemed to be the initial bona fide offering thereof.

(7) Insofar as indemnification for liabilities arising under the Securities Act of 1933 may be permitted to directors, officers and controlling persons of the registrant pursuant to the foregoing provisions, or otherwise, the registrant has been advised that in the opinion of the Securities and Exchange Commission such indemnification is against public policy as expressed in such Act and is, therefore, unenforceable. In the event that a claim for indemnification against such liabilities (other than the payment by the registrant of expenses incurred or paid by a director, officer or controlling person of the registrant in the successful defense of any action, suit or proceeding) is asserted by such director, officer or controlling person of the registrant in connection with the securities being registered, the registrant will, unless in the opinion of its counsel the matter has been settled by controlling precedent, submit to a court of appropriate jurisdiction the question whether such indemnification by it is against public policy as expressed in the Act and will be governed by the final adjudication of such issue.

(8) To file an application for the purpose of determining the eligibility of the trustee to act under subsection (a) of Section 310 of the Trust Indenture Act of 1939 in accordance with the rules and regulations prescribed by the Commission under Section 305(b)(2) of the Trust Indenture Act of 1939.
