Item 1.01. Entry into a Material Definitive Agreement.

On July 3, 2009, Covanta Holding Corporation, a Delaware corporation (the Company) entered into a Share Purchase Agreement (the Purchase Agreement) with Veolia Environmental Services North America Corp. (VESNA). Pursuant to the Purchase Agreement, the Company will acquire most of the North American energy-from-waste business of VESNA. The Company shall pay VESNA \$450 million, subject to certain purchase price adjustments set forth in the Purchase Agreement. The Purchase Agreement contains customary representations and warranties, covenants, conditions and post-closing indemnities. The closing of the transaction is conditioned upon receipt of customary regulatory and other approvals or consents, and may occur in stages. The failure to obtain certain approvals or consents may result in a reduction to the purchase price and the removal of certain aspects of the business from the transaction. The transaction is expected to close by the end of 2009.

The description of the Purchase Agreement is qualified in its entirety by reference to the full text of the document, a copy of which is attached as Exhibit 2.1 hereto.

The Purchase Agreement contains representations and warranties that the parties made to each other as of specific dates. Except for its status as a contractual document that establishes and governs the legal relations among the parties, the Purchase Agreement is not intended to be a source of factual, business or operational information about any of the parties thereto. The representations and warranties were made as of specific dates, only for purposes of the proposed transactions, and solely for the benefit of the parties to the Purchase Agreement. These representations and warranties may be subject to limitations agreed between the parties, including being qualified by disclosures between the parties. The representations and warranties may have been made to allocate risks among the parties, including where the parties do not have complete knowledge of all facts, instead of establishing matters as facts. Furthermore, those representations and warranties may be subject to standards of materiality applicable to the contracting parties that differ from those applicable to investors.

Accordingly, investors and security holders should not rely on such representations and warranties as characterizations of the actual state of facts or circumstances. Moreover, information concerning the subject matter of such representations and warranties may change after the date of these representations and warranties.

Item 7.01. Regulation FD Disclosure.

On July 6, 2009, the Company issued a press release announcing that it had entered into the Purchase Agreement. This press release is attached to this Current Report on Form 8-K as Exhibit 99.1 and is incorporated herein by reference.
