**SUMMARY FINANCIAL DATA  
GREENVILLE HOSPITAL SYSTEMS**

We have acquired the following property portfolio leased primarily to Greenville Hospital Systems ( GHS ).

<b>Property Location</b>	<b>Date Acquired</b>	<b>Purchase Price</b>	<b>Square Feet</b>	<b>Year Built</b>
Greenville, SC	9/18/2009	\$ 162,820,000	856,000	1974-2008

GHS is one of the largest healthcare services providers in South Carolina and has approximately 70% of the market share in its primary service area. Approximately 92% of the GHS portfolio's square footage is located on or adjacent to three of GHS's five hospital campuses. The Greenville Memorial flagship campus is approximately 138 acres and includes approximately 1,268 acute hospital beds, approximately 380 employed physicians, and approximately 1,000 affiliated physicians.

In evaluating the GHS portfolio (the Property) as a potential acquisition and determining the appropriate amount of consideration to be paid for our interest in the portfolio, a variety of factors were considered, including our evaluation of property condition reports; the location, visibility and access to the Property, the age, physical condition and curb appeal of the Property, neighboring property uses, local market conditions, including vacancy rates, area demographics, including trade area population and average household income, neighborhood growth patterns and general economic conditions, and tenant demand.

The buildings comprising the property were built between 1974 and 2008. Since the Property was completed, it has been fully occupied by GHS and third party tenants. As of the September 18, 2009 closing date, the Property was 100% leased. GHS has executed leases for a total of approximately 718,924 square feet, or approximately 84% of the Property. Because the Property is 84% leased to GHS on a long-term basis under a net lease that transfers substantially all of the operating costs to the tenant, we believe that the financial condition and results of operations of the tenant, GHS, are more relevant to investors than the financial statements of the Property and enable investors to evaluate the credit-worthiness of the lessee. Pursuant to the guidance provided by the Securities and Exchange Commission or (the SEC), we have provided audited and unaudited financial statements of GHS below.

The following summary financial data regarding GHS is taken from its audited year end and unaudited interim financial statements:

The accompanying unaudited pro forma condensed consolidated financial statements (including notes thereto) are qualified in their entirety by reference to and should be read in conjunction with our September 30, 2009 Quarterly Report on Form 10-Q and December 31, 2008 Annual Report on Form 10-K. In management's opinion, all adjustments necessary to reflect the transactions have been made.

The accompanying unaudited pro forma condensed consolidated statements of operations for the nine months ended September 30, 2009 and for the year ended December 31, 2008 are presented as if we acquired the Property on January 1, 2008. The pro forma adjustments assume that the offering proceeds were raised as of January 1, 2008.

An unaudited pro forma condensed consolidated balance sheet as of September 30, 2009 is not presented as the effect of the acquisition of the Property is fully reflected in our historical consolidated balance sheet as of September 30, 2009.

The accompanying unaudited pro forma condensed consolidated financial statements are unaudited and are subject to a number of estimates, assumptions, and other uncertainties, and do not purport to be indicative of the actual results of operations that would have occurred had the acquisitions reflected therein in fact occurred on the dates specified, nor do such financial statements purport to be indicative of the results of operations that may be achieved in the future. In addition, the unaudited pro forma condensed consolidated financial statements include pro forma allocations of the purchase price of the Property based upon preliminary estimates of the fair value of the assets acquired and liabilities assumed in connection with the acquisitions and are subject to change.

Depreciation expense on improvements is recognized using the straight-line method over an estimated useful life between 19 and 180 months. Amortization expense on the identified intangible assets, excluding above and below market leases, is recognized using the straight-line method over an estimated useful life between 19 and 180 months.
