(a) Source of Funds.

The information set forth in the Prospectus in the section entitled "The Exchange Offer - Source and Amount of Funds" is incorporated herein by reference. Whiting is funding the cash portion of the Exchange Offer consideration by using cash on hand and borrowings under its credit agreement to make these payments. The shares of common stock to be issued in the Exchange Offer are available from Whiting's authorized but unissued shares of common stock.

(b) Conditions.

Not applicable.

(d) Borrowed Funds.

Any portion of the offer consideration that is borrowed will be borrowed under the Company's credit agreement, which is among the Company, Whiting Oil and Gas Corporation ("Whiting Oil and Gas"), the Company's subsidiary, the lenders party thereto, JPMorgan Chase Bank, N.A., as Administrative Agent, and the various other agents party thereto. The credit agreement provides for a revolving credit facility in an amount up to a borrowing base. As of June 30, 2010 the borrowing base was \$1.1 billion with \$1,069.6 million of available borrowing capacity, which is net of \$30.0 million in borrowings and \$0.4 million in letters of credit outstanding. The credit agreement provides for interest only payments until April 2012, when the agreement expires and all outstanding borrowings are due.

The borrowing base under the credit agreement is determined at the discretion of the lenders, based on the collateral value of the proved reserves that have been mortgaged to the lenders, and is subject to regular redeterminations on May 1 and November 1 of each year, as well as special redeterminations described in the credit agreement, in each case which may reduce the amount of the borrowing base. Whiting Oil and Gas may, throughout the term of the credit agreement, borrow, repay and reborrow up to the borrowing base in effect at any given time. A portion of the revolving credit agreement in an aggregate amount not to exceed \$50.0 million may be used to issue letters of credit for the account of Whiting Oil and Gas or other designated subsidiaries of the Company.

Table of Contents

Interest accrues at the Company's option at either (i) a base rate for a base rate loan plus the margin in the table below, where the base rate is defined as the greatest of the prime rate, the federal funds rate plus 0.50% or an adjusted LIBOR rate plus 1.00%, or (ii) an adjusted LIBOR rate for a Eurodollar loan plus the margin in the table below. The Company also incurs commitment fees of 0.50% on the unused portion of the lesser of the aggregate commitments of the lenders or the borrowing base, which are included as a component of interest expense. At June 30, 2010, the weighted average interest rate on the outstanding principal balance under the credit agreement was 2.4%.

Ratio of Outstanding Borrowings to Borrowing Base	Applicable Margin for Base Rate Loans	Applicable Margin for Eurodollar Loans
Less than 0.25 to 1.0	1.1250%	2.00%
Greater than or equal to 0.25 to 1.0 but less than 0.50 to 1.0	1.1375%	2.25%

Greater than or equal to 0.90 to 1.0	2.1250%	3.00%

The credit agreement contains restrictive covenants that may limit the Company's ability to, among other things, incur additional indebtedness, sell assets, make loans to others, make investments, enter into mergers, enter into hedging contracts, incur liens and engage in certain other transactions without the prior consent of its lenders. In conjunction with the Exchange Offer, the credit agreement was amended to permit the Company to consummate the Exchange Offer. The credit agreement requires the Company, as of the last day of any quarter, (i) to not exceed a total debt to the last four quarters' EBITDAX ratio (as defined in the credit agreement) of 4.5 to 1.0 for quarters ending prior to and on September 30, 2010, 4.25 to 1.0 for quarters ending December 31, 2010 to June 30, 2011 and 4.0 to 1.0 for quarters ending September 30, 2011 and thereafter, (ii) to have a consolidated current assets to consolidated current liabilities ratio (as defined in the credit agreement and which includes an add back of the available borrowing capacity under the credit agreement) of not less than 1.0 to 1.0, and (iii) to not exceed a senior secured debt to the last four quarters' EBITDAX ratio (as defined in the credit agreement) of 2.5 to 1.0. Except for limited exceptions, which include the payment of the offer consideration in the Exchange Offer and dividends on the Preferred Stock, the credit agreement restricts its ability to make any dividends or distributions on its common stock or principal payments on its senior notes.

The obligations of Whiting Oil and Gas under the credit agreement are secured by a first lien on substantially all of Whiting Oil and Gas' properties included in the borrowing base for the credit agreement. Whiting Petroleum Corporation has guaranteed the obligations of Whiting Oil and Gas under the credit agreement and pledged the stock of Whiting Oil and Gas as security for its guarantee.

As it relates to any portion of the offer consideration that is borrowed, the Company believes it will either be able to refinance such borrowings at the maturity of the credit agreement or repay such borrowings from cash flows from operating activities.
