**Item 7.01 Regulation FD Disclosure.**

On November 10, 2010, senior management of APAC Customer Services, Inc. (the Company) held a conference call to discuss the Company's financial results for the third fiscal quarter of 2010. A copy of the transcript of that teleconference and the accompanying Power Point presentation are attached hereto as Exhibits 99.1 and 99.2 respectively and are incorporated in this filing in their entirety.

The information furnished pursuant to Item 7.01 of this report shall not be considered or deemed to be "filed" under the Securities Exchange Act of 1934, as amended (the "Exchange Act"), or for purposes of Section 18 of the Exchange Act or otherwise subject to the liabilities of that section and all exhibits to this report relating to Item 7.01 of this report are intended to be, and shall be, deemed furnished and not filed and such information and exhibits shall not be incorporated by reference into any filing under the Securities Act of 1933, as amended, or the Exchange Act, notwithstanding any general incorporation language in such filing.

This document contains forward-looking statements within the meaning of the Private Securities Litigation Reform Act of 1995. Generally, forward-looking statements include expressed expectations, estimates and projections of future events and financial performance and the assumptions on which these expressed expectations, estimates and projections are based. Statements that are not historical facts, including statements about the beliefs and expectations of the company and its management are forward-looking statements. All forward-looking statements are inherently uncertain as they are based on various expectations and assumptions about future events, and they are subject to known and unknown risks and uncertainties and other factors that can cause actual events and results to differ materially from historical results and those projected. Such statements are based upon the current beliefs and expectations of the company's management. The risks included below are not exhaustive. The company intends its forward-looking statements to speak only as of the date on which they were made. The company expressly undertakes no obligation to update or revise any forward-looking statements as a result of changed assumptions, new information, future events or otherwise.

The following factors, among others, could cause the company's actual results to differ from historic results or those expressed or implied in the forward-looking statements: its revenue is generated from a limited number of clients and the loss of one or more significant clients or reduction in demand for services could have a material adverse effect on the company; the performance of its clients and general economic conditions; its financial results depend on the ability to effectively manage production capacity and workforce, the terms of its client contracts; its ability to sustain profitability; its availability of cash flows from operations and compliance with debt covenants and funding requirements under the company's credit facility; its ability to conduct business internationally, including managing foreign currency exchange risks and changes to laws in other countries; its principal shareholder can exercise significant control over the company; and its ability to attract and retain qualified employees; the potential for downward pricing pressures in its industry and other competitive factors; changes to government regulations; the effect of rapid technology changes; acts of God or other events outside its control; and the impact from unauthorized disclosure of sensitive or confidential client or customer data.

Other reasons that may cause actual results to differ from historic results or those expressed or implied in the forward-looking statements can be found in the company's Annual Report on Form 10-K for the fiscal year ended January 3, 2010 and its subsequent filings on Form 10-Q for the fiscal quarters ended April 4, 2010, July 4, 2010 and October 3, 2010.
