- 1 Announcement on the Hong Kong Stock Exchange relating to restatement of the financial statements of the Company for the years ended 31 December 2007 and 2008.

FORWARD-LOOKING STATEMENTS

This announcement contains certain forward-looking statements within the meaning of Section 27A of the Securities Act of 1933, as amended, and Section 21E of the Securities Exchange Act of 1934, as amended. Such forward-looking statements may include, without limitation, statements relating to the Company's competitive position; the Company's business strategies and plans, including those relating to the Company's networks, services and products, as well as sales and marketing, in particular, such networks, services, products, sales and marketing in respect of the Company's 3G business; the Company's future business condition, future financial results, cash flows, financing plans and dividends; the future growth of market demand of, and opportunities for, the Company's new and existing products and services, in particular, 3G services; and future regulatory and other developments in the PRC telecommunications industry.

The words "anticipate", "believe", "could", "estimate", "intend", "may", "seek", "will" and similar expressions, as they are used herein, are intended to identify certain of these forward-looking statements. The Company does not intend to update any of these forward-looking statements.

The forward-looking statements contained in this announcement are, by their nature, subject to significant risks and uncertainties. In addition, these forward-looking statements reflect the Company's current views with respect to future events and are not a guarantee of the Company's future performance. Actual results may differ materially from those expressed or implied in the forward-looking statements as a result of a number of factors, including, without limitation:

changes in the regulatory regime and policies for the PRC telecommunications industry, including changes in the regulatory policies of the Ministry of Industry and Information Technology, the State-owned Assets Supervision and Administration Commission, and other relevant government authorities of the PRC;

changes in the PRC telecommunications industry resulting from the issuance of 3G licenses by the central government of the PRC;

effects of tariff reduction and other policy initiatives from the relevant PRC government authorities;

changes in telecommunications and related technologies and applications based on such technologies;

Table of Contents

the level of demand for telecommunications services, in particular, 3G services;

competitive forces from more liberalized markets and the Company's ability to retain market share in the face of competition from existing telecommunications companies and potential new market entrants;

effects of competition on the demand and price of the Company's telecommunications services;

the availability, terms and deployment of capital and the impact of regulatory and competitive developments on capital outlays;

effects of the Company's restructuring and integration following the completion of the Company's merger with China Netcom Group Corporation (Hong Kong) Limited;

effects of the Company's adjustments in its business strategies relating to the personal handyphone system, or PHS, business;

effects of the Company's acquisition from its parent companies of certain telecommunications business and assets, including the fixed-line business in 21 provinces in southern China, in January 2009;

changes in the assumptions upon which the Company have prepared its projected financial information and capital expenditure plans;

changes in the political, economic, legal and social conditions in the PRC, including the PRC Government's policies and initiatives with respect to economic development in light of the recent global economic downturn, foreign exchange policies, foreign investment activities and policies, entry by foreign companies into the PRC telecommunications market and structural changes in the PRC telecommunications industry; and

the recovery from the recent global economic downturn inside and outside the PRC.

ANNOUNCEMENT

**RESTATEMENT OF THE FINANCIAL STATEMENTS OF THE COMPANY
FOR THE YEARS ENDED 31 DECEMBER 2007 AND 2008**

The Company announces that it has restated its audited financial statements for the years ended 31 December 2007 and 2008 arising as a result of the revised accounting treatment for the Company's acquisition of the fixed-line business in 21 provinces in southern China from the Company's parent companies, China United Network Communications Group Company Limited and China Network Communications Group Corporation (which was later merged with China United Network Communications Group Company Limited in January 2009) on 31 January 2009. The Company had previously recognised the acquired business in its consolidated financial statements for the years ended 31 December 2007, 2008 and 2009, prepared in accordance with International Financial Reporting Standards, at historical cost or predecessor values as if such business had always been part of the Company during all the periods presented and excluding, among others, the network assets that were not acquired and related liabilities that were not assumed, and the related charges, but disclosed such information in the notes to the Company's financial statements. As part of its periodic review of the Company's 2009 annual report on Form 20-F, the U.S. Securities and Exchange Commission staff raised questions on this accounting treatment and the Company discussed those questions and comments with the staff. At the conclusion, the Company determined to restate its historical financial statements to include the Excluded Assets and Liabilities and the related charges in the Company's financial statements for the years ended 31 December 2007 and 2008 prior to the completion of the Acquisition, instead of disclosing such information in the notes to the financial statements. With the aforementioned amendments, upon completion of the Acquisition, the Excluded Assets and Liabilities were treated as a deemed disposal in January 2009 and recorded as a distribution from the Company's reserves to Unicom Group. As a result, these amendments only affect the Company's historical financial statements prior to the completion of the Acquisition in January 2009, and have no material impact on the Company's financial statements for the year ended 31 December 2009 and no impact on the financial statements for the year ended 31 December 2010 and thereafter.

Table of Contents

China Unicom (Hong Kong) Limited (the Company) announces that it has restated its audited financial statements for the years ended 31 December 2007 and 2008 arising as a result of the revised accounting treatment for the Company's acquisition (the Acquisition) of the fixed-line business in 21 provinces in southern China (the Acquired Business) from the Company's parent companies, China United Network Communications Group Company Limited (Unicom Group) and China Network Communications Group Corporation (which was later merged with Unicom Group in January 2009) on 31 January 2009. The Company had previously recognised the Acquired Business in its consolidated financial statements for the years ended 31 December 2007, 2008 and 2009 (the Financial Statements), prepared in accordance with International Financial Reporting Standards (IFRS), at historical cost or predecessor values as if such business had always been part of the Company during all the periods presented and excluding, among others, the Network Assets (as defined below) that were not acquired and related liabilities that were not assumed, and the related charges, but disclosed such information in the notes to the Financial Statements. As part of its periodic review of the Company's 2009 annual report on Form 20-F, the U.S. Securities and Exchange Commission staff (the SEC Staff) raised questions on this accounting treatment and the Company discussed those questions and comments with the SEC Staff. At the conclusion, the Company determined to restate its historical financial statements to include the Excluded Assets and Liabilities and the related charges in the Company's financial statements for the years ended 31 December 2007 and 2008 prior to the completion of the Acquisition, instead of disclosing such information in the notes to the financial statements, although the Excluded Assets and Liabilities were not acquired or assumed by the Company in the Acquisition. With the aforementioned amendments, upon completion of the Acquisition, the Excluded Assets and Liabilities were treated as a deemed disposal in January 2009 and recorded as a distribution from the Company's reserves to Unicom Group. As a result, these amendments only affect the Company's historical financial statements prior to the completion of the Acquisition in January 2009, and have no material impact on the Company's financial statements for the year ended 31 December 2009 and no impact on the financial statements for the year ended 31 December 2010 and thereafter.

In the Acquisition, the Company did not purchase the underlying telecommunication networks in southern China (the Network Assets) but leased such assets from Unicom New Horizon Mobile Telecommunications Company Limited, a wholly-owned subsidiary of Unicom Group, to operate the Acquired Business. In determining the accounting policy for the Acquisition, the Company had noted that there is no guidance under IFRS on common control transactions, especially when it involves an acquisition of a business but not the underlying assets. In light of this, the Company had followed the principles under International Accounting Standard (IAS) 8 Accounting policies, changes in accounting estimates and errors paragraph 10, 11 and 12 to exercise its judgment in developing and applying an accounting policy that it believed appropriate for the Acquisition. The Company accounted for the Acquisition using the predecessor values method in the Financial Statements, prepared in accordance with IFRS. The Company had previously recognised the Acquired Business in its Financial Statements at historical cost or predecessor values as if such business had always been part of the Company during all the periods presented, and (i) included all the assets, liabilities, revenue and charges directly related to the Acquired Business, except for the Network Assets and other associated assets and liabilities that were not acquired (the Excluded Assets and Liabilities) and the related charges, and (ii) supplemented such information with comprehensive disclosure of the Excluded Assets and Liabilities and the related charges. The Company also provided disclosure on the details of the lease payments that were made following the completion of the Acquisition in Note 4.2(b) to the Financial Statements. The Financial Statements were audited by PricewaterhouseCoopers, independent public accountants, as indicated in their audit report dated 18 June 2010.

As part of its periodic review of the Company's annual report (including the financial statements) on Form 20-F, the SEC Staff raised questions on this accounting treatment. In response to these comments, the Company has had a number of discussions with the SEC Staff, with the participation of the Company's auditors. At the conclusion, the Company determined to include all Excluded Assets and Liabilities and the related charges in the Financial Statements for the historical periods prior to the completion of the Acquisition, instead of disclosing such information in the notes to the Financial Statements. Accordingly, the Company has amended and restated the Financial Statements (the Restatement). As a result the Restatement, the presentation of the Financial Statements for the historical periods prior to the completion of the Acquisition includes all assets, liabilities and charges incurred in the generation of the reported revenues, although the Excluded Assets and Liabilities were not acquired in the

Acquisition.

Table of Contents

The Restatement would have an impact on the following financial statements accounts for the years ended 31 December 2007 and 2008 and as at 1 January 2008 and 31 December 2008 only:

	For the year ended 31 December

the equity holders of the
Company during the year**

-Basic earnings per share (RMB)	0.30	0.30	1.16	1.16
-Diluted earnings per share (RMB)	0.30	0.30	1.15	1.15

The Acquisition was completed on 31 January 2009 and therefore the consolidated statement of income for the year ended 31 December 2009 would have included the related charges of approximately RMB334 million for the period from 1 January 2009 to 31 January 2009. However, considering the amounts were not material, the Company did not restate the consolidated statement of income for the year ended 31 December 2009.
