Variable Compensation Plan

On April 26, 2011, Company's Board of Directors unanimously approved, upon the recommendation of the Compensation Committee, a 2011 variable compensation plan (2011 VCP) for the Company's executives. The 2011 VCP is a short-term incentive compensation program that is designed to provide an opportunity for the Company's executives to earn performance-based compensation that is conditioned upon the Company meeting during 2011 certain metrics tied to revenue growth, growth in new first year orders (NFYO), growth in non-GAAP adjusted earnings before interest, taxes, depreciation and amortization (Adjusted EBITDA) and growth in non-GAAP adjusted earnings per share (Adjusted EPS). The 2011 VCP establishes award levels that are based on the Company meeting 80 percent, 100 percent and 120 percent of the target for each metric. The independent Directors may also, in their discretion, adjust the awards to reflect overall corporate performance and business and financial conditions.
