*Business Combination Agreement and Plan of Merger*

On May 9, 2011, Elan Corporation, plc, a public limited company incorporated in Ireland ( **Elan** ), Antler Science Two Limited, a private limited company incorporated in Ireland ( **New Alkermes** ), Elan Science Four Limited, a private limited company incorporated in Ireland ( **Holdco** ), EDT Pharma Holdings Limited, a private limited company incorporated in Ireland ( **Interco** ), EDT US Holdco, Inc., a Delaware corporation ( **U.S. Holdco** ), Antler Acquisition Corp., a Pennsylvania corporation and direct wholly owned subsidiary of U.S. Holdco ( **Merger Sub** ), and Alkermes, Inc., a Pennsylvania corporation ( **Alkermes** ), entered into a Business Combination Agreement and Plan of Merger (the **Business Combination Agreement** ) to combine the business of Alkermes with the global drug delivery technologies business of Elan (known as **EDT** ) (such combination, the **Business Combination** ) in a cash and stock transaction valued at approximately \$960 million. The businesses will be combined under New Alkermes, a new holding company incorporated in Ireland that will be re-registered as a public limited company, and renamed Alkermes, plc, prior to the completion of the Business Combination.

The transaction has been approved by the Boards of both Alkermes and Elan.

To facilitate the Business Combination, EDT will be reorganized and carved-out of Elan under New Alkermes.

Following the reorganization, Merger Sub, which will be an indirect wholly owned subsidiary of New Alkermes, will merge with and into Alkermes (the **Merger** ), with Alkermes as the surviving corporation and a wholly owned indirect subsidiary of New Alkermes. At the time of the Merger, a subsidiary of Elan (the **Shareholder** ) will hold 31,900,000 ordinary shares of New Alkermes, subject to the terms of a shareholder s agreement (the **Shareholder s Agreement** ) to be entered at the effective time of the Merger among Elan, the Shareholder and New Alkermes (the form of which is an exhibit to the Business Combination Agreement and the terms of which are described below). At the effective time of the Merger, (i) each share of Alkermes common stock then issued and outstanding will be canceled in exchange for one ordinary share of New Alkermes; (ii) all currently issued and outstanding options to purchase Alkermes common stock granted under any stock option plan will be converted into options to purchase, on substantially the same terms and conditions, the same number of New Alkermes ordinary shares at the same exercise price; and (iii) all currently issued and outstanding awards of Alkermes common stock will be converted into awards of the same number of New Alkermes ordinary shares. As a result, upon consummation of the Merger and the issuance of the New Alkermes ordinary shares in exchange for the canceled shares of Alkermes common stock, the former shareholders of Alkermes will own approximately 75% of New Alkermes, with the remaining approximately 25% of New Alkermes owned by the Shareholder.

In connection with the Business Combination, Alkermes will, subject to certain conditions, transfer all of its rights with respect to the intellectual property and contractual rights related specifically to BYDUREON™ (exenatide extended-release for injectable suspension) to an Irish subsidiary of New Alkermes in exchange for \$202.1 million in the form of an interest bearing note.

As an additional payment for EDT, Alkermes will pay Elan \$500 Million in cash, subject to certain net cash and working capital adjustments, \$50 Million of which will come from Alkermes cash reserves and \$450 Million of which will be financed through bank debt. Alkermes has obtained a commitment, subject to customary conditions, from Morgan Stanley & Co. Incorporated and HSBC to provide \$450 million in term loan financing which, in addition to existing cash balances, will be sufficient to finance the cash consideration to Elan.

The New Alkermes ordinary shares will be registered with the Securities and Exchange Commission and are expected to be listed on the NASDAQ Global Select Market. The exchange of Alkermes shares for New Alkermes ordinary shares will be a taxable transaction for Alkermes shareholders.

The parties have made customary representations and warranties in the Business Combination Agreement relating to themselves and the transactions as well as, in the case of Elan, with respect to EDT. In addition, the Business Combination Agreement provides that the parties will indemnify each other for breaches of these representations, subject to certain limitations, and for certain other matters.

The Business Combination Agreement contains customary covenants, including covenants providing for each of the parties: (i) to conduct its operations in all material respects in accordance with the ordinary and usual course of business consistent with past practice during the period between the execution of the Business Combination Agreement and the closing of the Merger; (ii) to use reasonable best efforts to cause the Business Combination to be consummated; and (iii) not to initiate, solicit or knowingly encourage inquiries, proposals or offers relating to alternate transactions or, subject to certain exceptions, to engage in any discussions or negotiations with respect thereto. In addition, Elan has agreed not to engage in a drug delivery technology business for three years from the closing.

The consummation of the Merger is subject to certain conditions, including the approval of the Merger by an affirmative vote of the holders of a majority of the votes cast by all holders of Alkermes common stock. Elan will not require shareholder approval for the Merger. In addition, the Merger is subject to satisfaction of the applicable waiting period under the Hart-Scott-Rodino Antitrust Improvements Act of 1976, as amended, as well as other customary conditions, including securities law clearances. In connection with the proposed Merger, Alkermes shareholders will receive a combined proxy statement/prospectus regarding the proposed Merger.

The Business Combination Agreement also contains certain termination rights, including that, (a) the parties may terminate the transaction by mutual consent, (b) either party will have the right to terminate the transaction (i) if the closing has not occurred within 180 days from the date of the agreement, (ii) if the antitrust waiting period is not satisfied, (iii) if Alkermes shareholders fail to approve the merger, or (iv) if the other party breaches the Business Combination Agreement; and (c) Elan may terminate the Business Combination Agreement if the board of directors of Alkermes withdraws or modifies its recommendation that the shareholders of Alkermes approve the Merger. Neither party has the right to terminate the Business Combination Agreement in order to engage in an alternative transaction. The parties have agreed to mutual termination fees of \$25 million, payable if the Business Combination Agreement is terminated in specified circumstances.

*Shareholder s Agreement*

As noted above, effective at the effective time of the Merger, Elan, the Shareholder and New Alkermes will enter into the Shareholder s Agreement, which will provide certain terms and conditions concerning the New Alkermes ordinary shares to be owned by the Shareholder as and from the closing.

Under the terms of the Shareholder s Agreement, Elan will have the right to designate one person for election to the New Alkermes board until such time as Elan s beneficial ownership in New Alkermes has been reduced below 10% of the then outstanding voting shares, and so long as such designee satisfies certain requirements, including, among other things, that such person be a resident of Ireland and qualify as an independent director under applicable provisions of the Exchange Act and under applicable NASDAQ rules and regulations.

Under the terms of the Shareholder s Agreement, Elan will be subject to a standstill provision for the longer of 10 years from consummation of the Merger and three (3) years from the time Elan ceases to hold more than 10% of New Alkermes s voting shares. The standstill provision will generally prevent Elan from acquiring any additional shares of New Alkermes stock and from taking a number of actions that might result in Elan exerting influence or control over New Alkermes. The standstill provisions will terminate early on certain events, including a decision by New Alkermes to recommend or engage in a transaction that would result in a change of control of New Alkermes. Under the Shareholder s Agreement, the Shareholder will vote on all matters in accordance with the recommendation of the New Alkermes board of directors for at least one year after consummation of the Merger, and thereafter until the earlier of (i) Elan s ownership of New Alkermes voting securities falling below 15% of those outstanding or (ii) the 30-day weighted average trading price of New Alkermes ordinary shares falling to a price below 50% of the closing price on the day the transaction was announced.

Under the Shareholder s Agreement, Elan will be subject to certain restrictions on its ability to transfer New Alkermes shares without New Alkermes consent. Elan will be subject to a six-month lock-up and following that lock-up may initially only transfer a portion of its holdings (up to 40.75% (13 Million Shares) of its holdings) in a marketed registered underwritten offering. After such offering, Elan may only transfer a further portion of its holdings (up to an additional 31.5% (10 Million Shares) of its holdings) in another marketed registered underwritten offering. Thereafter, Elan will be subject to certain limitations as to the size of any transfer and the nature of the transferee in connection with directly negotiated transfers. Under the Shareholder s Agreement, New Alkermes will grant Elan certain customary registration rights, including demand (including shelf) and piggyback registration rights with respect to transfers of Ordinary Shares. The registration rights will terminate four months after Elan s ownership of New Alkermes voting securities falls below 10% of those outstanding or sooner in certain circumstances.

The foregoing description of the Business Combination Agreement and the Shareholder s Agreement does not purport to be complete and is subject to, and qualified in its entirety by, the full text of the Business Combination Agreement and the Shareholder s Agreement, respectively. A copy of the Business Combination Agreement is attached hereto as Exhibit 2.1 and a copy of the Shareholder s Agreement is attached hereto as Exhibit 2.2 and each is incorporated herein by reference.
