Approximate date of commencement of proposed sale to the public: As soon as practicable after this Registration Statement is declared effective and all other conditions to the merger as described in the enclosed information statement/prospectus are satisfied or waived.

If the securities being registered on this Form are being offered in connection with the formation of a holding company and there is compliance with General Instruction G, check the following box:

If this Form is filed to register additional securities for an offering pursuant to Rule 462(b) under the Securities Act of 1933, check the following box and list the Securities Act registration statement number of the earlier effective registration statement for the same offering:

If this Form is a post-effective amendment filed pursuant to Rule 462(d) under the Securities Act of 1933, check the following box and list the Securities Act registration statement number of the earlier effective registration statement for the same offering:

Indicate by check mark whether the registrant is a large accelerated filer, an accelerated filer, a non-accelerated filer, or a smaller reporting company. See the definitions of large accelerated filer, accelerated filer and smaller reporting company in Rule 12b-2 of the Exchange Act. (Check one):

Large accelerated filer Accelerated filer Non-accelerated filer Smaller reporting company
(Do not check if a smaller reporting company)

If applicable, place an X in the box to designate the appropriate rule provision relied upon in conducting this transaction:

Exchange Act Rule 13e-4(i) (Cross-Border Issuer Tender Offer)

Exchange Act Rule 14d-1(d) (Cross-Border Third-Party Tender Offer)

CALCULATION OF REGISTRATION FEE

Title of each Class of Securities to be Registered	Amount to be Registered(1)	Proposed Maximum Offering Price Per Share(1)	Proposed Maximum Aggregate Offering Price	Amount of Registration Fee
Partnership Common Units of AIMCO Properties, L.P.			\$ 2,373,506.85	\$ 275.56
Common Stock of Apartment Investment and Management Company(2)				

- (1) Omitted in reliance on Rule 457(o) under the Securities Act of 1933.
- (2) Represents shares of Common Stock issuable upon redemption of Partnership Common Units issued hereunder.

The Registrants hereby amend this Registration Statement on such date or dates as may be necessary to delay its effective date until the Registrants will file a further amendment which specifically states that this Registration Statement will thereafter become effective in accordance with Section 8(a) of the Securities Act of 1933, as amended, or until the Registration Statement will become effective on such date as the Securities and Exchange Commission, acting pursuant to said Section 8(a), may determine.

Table of Contents

The information in this information statement/prospectus is not complete and may be changed. We may not sell these securities until the registration statement filed with the Securities and Exchange Commission is effective. This information statement/prospectus is not an offer to sell these securities and we are not soliciting an offer to buy these securities in any jurisdiction where the offer or sale is not permitted.

SUBJECT TO COMPLETION, DATED JULY 28, 2011

INFORMATION STATEMENT/PROSPECTUS

NATIONAL PROPERTY INVESTORS 4

National Property Investors 4, or NPI, has entered into an agreement and plan of conversion and merger, or a merger agreement, with AIMCO Properties, L.P., or Aimco OP, and a wholly-owned subsidiary of Aimco OP. Under the merger agreement:

(i) First, NPI will be converted from a California limited partnership to a Delaware limited partnership named National Property Investors 4, LP, or New NPI. In the conversion, each unit of limited partnership interest in NPI, or NPI Unit, will be converted into an identical unit of limited partnership interest in New NPI, also referred to herein as an NPI Unit, and the general partnership interest in NPI now held by NPI's general partner will be converted into a general partnership interest in New NPI; and

(ii) Second, Aimco OP's subsidiary, AIMCO NPI 4 Merger Sub LLC, a Delaware limited liability company, or the Aimco Subsidiary, will be merged with and into New NPI, with New NPI as the surviving entity. Aimco Subsidiary was formed for the purpose of effecting this merger and does not have any assets or operations. In this merger, each NPI Unit will be converted into the right to receive, at the election of the holder of such unit, either:

\$195.27 in cash, or

\$195.27 in partnership common units of Aimco OP, or OP Units.

The merger consideration of \$195.27 per NPI Unit was based on an independent third party appraisal of NPI's property by KTR Real Estate Advisors LLC, or KTR, an independent valuation firm.

The number of OP Units offered for each NPI Unit in the merger will be calculated by dividing \$195.27 by the average closing price of common stock of Apartment Investment and Management Company, or Aimco, as reported on the New York Stock Exchange, or the NYSE, over the ten consecutive trading days ending on the second trading day immediately prior to the consummation of the merger. For example, as of July 21, 2011, the average closing price of Aimco common stock over the preceding ten consecutive trading days was \$26.98, which would have resulted in 7.24 OP Units offered for each NPI Unit. However, if Aimco OP determines that the law of the state or other jurisdiction in which a limited partner resides would prohibit the issuance of OP Units in that state or other jurisdiction (or that registration or qualification in that state or jurisdiction would be prohibitively costly), then such limited partner will not be entitled to elect OP Units, and will receive cash.

The OP Units are not listed on any securities exchange nor do they trade in an active secondary market. However, after a one-year holding period, OP Units are redeemable for shares of Aimco common stock (on a one-for-one basis) or cash equal to the value of such shares, as Aimco elects. As a result, the trading price of Aimco common stock is considered a reasonable estimate of the fair market value of an OP Unit. Aimco's common stock is listed and traded on the NYSE under the symbol AIV.

In the merger, Aimco OP's interest in the Aimco Subsidiary will be converted into limited partnership interests in New NPI. As a result, after the merger, Aimco OP will be the sole limited partner of New NPI.

Within ten days after the effective time of the merger, Aimco OP will prepare and mail to former holders of NPI Units an election form pursuant to which former holders of NPI Units can elect to receive cash or OP Units. Former holders of NPI Units may elect the form of consideration they wish to receive by completing and returning the election form in accordance with its instructions. If the information agent does not receive a properly completed election form from a former holder of NPI Units before 5:00 p.m., New York time, on the 30th day after the mailing of the election form, such former holder will be deemed to have elected to receive cash. Former holders of NPI Units may also use the election form to elect to receive, in lieu of the merger consideration, the appraised value of their NPI Units, determined through an arbitration proceeding.

Prior to consummating the transactions contemplated by the merger agreement, the agreement of limited partnership of NPI will be amended to (i) eliminate the prohibition on transactions between NPI, on one hand, and its general partner and its affiliates, on the other, and (ii) authorize the general partner to complete the conversion and merger described above without any further action by the limited partners. Under applicable law, the merger agreement, the conversion, the merger and the amendment must be approved by NPI's general partner and a majority of the NPI Units. NPI's general partner, NPI Equity Investments, Inc., or the General Partner, has determined that the merger agreement, the conversion, the merger and the amendment are advisable, fair to and in the best interests of NPI and its limited partners and has approved the merger agreement, the conversion, the merger and the amendment. As of July 21, 2011, there were 60,005 issued and outstanding NPI Units, and Aimco OP and its affiliates owned 47,850 of those units, or approximately 79.74% of the number of units outstanding. As more fully described herein, 26,466 NPI Units owned by an affiliate of the General Partner are subject to a voting restriction, which requires such NPI Units to be voted in proportion to the votes cast with respect to NPI Units not subject to this voting restriction. The General Partner's affiliates have indicated that they will vote all of their NPI Units that are not subject to this restriction, 21,384 NPI Units or approximately 35.64% of the outstanding NPI Units, in favor of the merger agreement, the conversion, the merger and the amendment. As a result, affiliates of the General Partner will vote a total of 38,258 NPI Units, or approximately 63.76% of the outstanding NPI Units, in favor of the merger agreement, the conversion, the merger and the amendment.

Aimco OP and its affiliates have indicated that they intend to take action by written consent, as permitted under the partnership agreement, to approve the merger agreement, the conversion, the merger and the amendment on or about _____, 2011. **As a result, approval of the conversion and merger is assured, and your consent to the conversion, merger and amendment is not required.**

**WE ARE NOT ASKING YOU FOR A PROXY AND
YOU ARE REQUESTED NOT TO SEND US A PROXY**

This information statement/prospectus contains information about the proposed amendment of the limited partnership agreement of NPI, the merger agreement and the transactions contemplated thereby and the securities offered hereby, and the reasons that the General Partner has decided that the conversion, the merger and the amendment are in the best interests of NPI and its limited partners. The General Partner has conflicts of interest with respect to the transactions that are described in greater detail herein. Please read this information statement/prospectus carefully, including the section entitled "Risk Factors" beginning on page 18. It provides you with detailed information about the proposed amendment of the limited partnership agreement of NPI, the merger agreement and the transactions contemplated thereby and the securities offered hereby. The merger agreement is attached to this information statement/prospectus as Annex A. The proposed amendment of the limited partnership agreement of NPI is attached to this information statement/prospectus as Annex B.

Neither the Securities and Exchange Commission nor any state securities commission has approved or disapproved of the securities to be issued in connection with the transactions described herein or determined if this information statement/prospectus is truthful or complete. Any representation to the contrary is a criminal offense.

This information statement/prospectus is dated, _____, 2011, and is first being mailed to limited partners on or about _____, 2011.

Table of Contents

WE ARE CURRENTLY SEEKING QUALIFICATION TO ALLOW ALL HOLDERS OF NPI UNITS THE ABILITY TO ELECT TO RECEIVE OP UNITS IN CONNECTION WITH THE TRANSACTIONS DESCRIBED HEREIN. HOWEVER, AT THE PRESENT TIME, IF YOU ARE A RESIDENT OF ONE OF THE FOLLOWING STATES, YOU ARE NOT PERMITTED TO ELECT TO RECEIVE OP UNITS IN CONNECTION WITH THE TRANSACTIONS DESCRIBED HEREIN:

**CALIFORNIA
MASSACHUSETTS
NEW YORK**

THE ATTORNEY GENERAL OF THE STATE OF NEW YORK HAS NOT PASSED ON OR ENDORSED THE MERITS OF THIS OFFERING. ANY REPRESENTATION TO THE CONTRARY IS UNLAWFUL.

ADDITIONAL INFORMATION

This information statement/prospectus incorporates important business and financial information about Aimco from documents that it has filed with the Securities and Exchange Commission, or the SEC, but that have not been included in or delivered with this information statement/prospectus. For a listing of documents incorporated by reference into this information statement/prospectus, please see *Where You Can Find Additional Information* beginning on page 91 of this information statement/prospectus.

Aimco will provide you with copies of such documents relating to Aimco (excluding all exhibits unless Aimco has specifically incorporated by reference an exhibit in this information statement/prospectus), without charge, upon written or oral request to:

ISTC Corporation
P.O. Box 2347
Greenville, South Carolina 29602
(864) 239-1029

If you wish to obtain any of these documents from Aimco, you should make your request no later than _____, 2011 to ensure timely delivery. You will not be charged for any of the documents you request.

If you have any questions or require any assistance, please contact our information agent, Eagle Rock Proxy Advisors, LLC, by mail at 12 Commerce Drive, Cranford, New Jersey 07016; by fax at (908) 497-2349; or by telephone at (800) 217-9608.

ABOUT THIS INFORMATION STATEMENT/PROSPECTUS

This information statement/prospectus, which forms a part of a registration statement on Form S-4 filed with the SEC by Aimco and Aimco OP, constitutes a prospectus of Aimco OP under Section 5 of the Securities Act of 1933, as amended, or the Securities Act, with respect to the OP Units that may be issued to holders of NPI Units in connection with the transactions described herein, and a prospectus of Aimco under Section 5 of the Securities Act with respect to shares of Aimco common stock that may be issued in exchange for such OP Units tendered for redemption. This document also constitutes an information statement under Section 14(c) of the Securities Exchange Act of 1934, as amended, or the Exchange Act, with respect to the action to be taken by written consent to approve the amendment of the limited partnership agreement of NPI, the merger agreement and the transactions contemplated thereby.

SUMMARY TERM SHEET

This summary term sheet highlights the material information with respect to the merger agreement, the conversion, the merger, the amendment and the other matters described herein. It may not contain all of the information that is important to you. You are urged to carefully read the entire information statement/prospectus and the other documents referred to in this information statement/prospectus, including the merger agreement and the amendment. Aimco, Aimco OP, the General Partner and Aimco's subsidiaries that may be deemed to directly or indirectly beneficially own NPI Units are referred to herein, collectively, as the Aimco Entities.

The Transactions:

Amendment of NPI's Partnership Agreement. Prior to consummating the transactions contemplated by the merger agreement, NPI's partnership agreement will be amended to (i) eliminate the prohibition on transactions between NPI, on the one hand, and its general partner and its affiliates, on the other, and (ii) authorize the General Partner to complete the conversion and merger described below without any further action by the limited partners. See *The Transactions Amendment to Partnership Agreement* beginning on page 38. A copy of the proposed amendment to the NPI partnership agreement is attached as **Annex B** to this information statement/prospectus.

The Conversion and Merger. NPI has entered into an agreement and plan of conversion and merger, or merger agreement, with the Aimco Subsidiary and Aimco OP. Under the merger agreement:

First, NPI will be converted from a California limited partnership to a Delaware limited partnership named National Property Investors 4, LP, or New NPI. In the conversion, each NPI Unit will be converted into an identical unit of limited partnership in New NPI and the general partnership interest in NPI now held by the general partner will be converted into a general partnership interest in New NPI. NPI's partnership agreement in effect immediately prior to the conversion will be adopted as the partnership agreement of New NPI, with the following changes: (i) references therein to the California Uniform Limited Partnership Act, as amended, or the California Act, will be amended to refer to the Delaware Revised Uniform Limited Partnership Act, as amended, or the Delaware Act; (ii) a description of the conversion will be added; and (iii) the name of the partnership will be National Property Investors 4, LP.

Second, the Aimco Subsidiary will be merged with and into New NPI, with New NPI as the surviving entity. The Aimco Subsidiary was formed for the purpose of effecting this merger and does not have any assets or operations. In the merger, each NPI Unit will be converted into the right to receive the merger consideration described below. A copy of the merger agreement is attached as **Annex A** to this information statement/prospectus. You are encouraged to read the merger agreement carefully in its entirety because it is the legal agreement that governs the conversion and merger.

Merger Consideration: In the merger, each NPI Unit will be converted into the right to receive, at the election of the holder of such NPI Unit, either \$195.27 in cash or equivalent value in OP Units, except in those jurisdictions where the law prohibits the offer of OP Units (or registration or qualification would be prohibitively costly). The number of OP Units issuable with respect to each NPI Unit will be calculated by dividing the \$195.27 per unit cash merger consideration by the average closing price of Aimco common stock, as reported on the NYSE, over the ten consecutive trading days ending on the second trading day immediately prior to the consummation of the merger. For a full description of the determination of the merger consideration, see *The Transactions Determination of Merger Consideration* beginning on page 38.

Fairness of Merger Consideration: Although the Aimco Entities have interests that may conflict with those of NPI's unaffiliated limited partners, each of the Aimco Entities believes that the amendment, the merger agreement, the conversion and the merger are fair to the unaffiliated limited partners of NPI. See "Special Factors - Fairness of the Transactions" beginning on page 7. The merger consideration of \$195.27 per NPI Unit was based on an independent third party appraisal of NPI's underlying property by KTR, an independent appraisal firm.

Table of Contents

Opinion of Financial Advisor: In connection with the transactions, Duff & Phelps LLC, or Duff & Phelps, has delivered its written opinion to the boards of directors of Aimco and the general partners of Aimco OP and NPI to the effect that, as of July 28, 2011, the cash consideration offered in the merger is fair, from a financial point of view, to the unaffiliated limited partners of NPI. The full text of Duff & Phelps' written opinion, which sets forth the assumptions made, procedures followed, factors considered and qualifications and limitations on the review undertaken by Duff & Phelps in connection with its opinion, is attached to this information statement/prospectus as Annex C. You are encouraged to read Duff & Phelps' opinion, and the section entitled "Special Factors - Opinion of Financial Advisor" beginning on page 13, carefully and in their entirety. Duff & Phelps' opinion was directed to the boards of directors of Aimco and the general partners of Aimco OP and NPI, and addresses only the fairness to the unaffiliated limited partners of NPI, from a financial point of view, of the cash consideration offered to them in the merger as of the date of the opinion. Duff & Phelps' opinion did not address any other aspect of the transactions and was not intended to and does not constitute a recommendation as to how any party should vote or act with respect to the transactions or any matter relating thereto.

Effects of the Transactions: After the amendment of NPI's partnership agreement and the conversion and the merger, Aimco OP will be the sole limited partner in New NPI, and will own all of the outstanding limited partnership interests of New NPI. As a result, after the merger, you will cease to have any rights in New NPI as a limited partner. See "Special Factors - Effects of the Transactions," beginning on page 6.

Appraisal Rights: Pursuant to the terms of the merger agreement, Aimco OP will provide each limited partner with contractual dissenters' appraisal rights that are similar to the dissenters' appraisal rights available to a stockholder of a constituent corporation in a merger under Delaware law, and which will enable a limited partner to obtain an appraisal of the value of the limited partner's NPI Units in connection with the transactions. See "The Transactions - Appraisal Rights," beginning on page 40. A description of the appraisal rights being provided, and the procedures that a limited partner must follow to seek such rights, is attached to this information statement/prospectus as Annex D.

Parties Involved:

National Property Investors 4, or NPI, is a California limited partnership organized on July 1, 1980 for the purpose of acquiring, managing, and ultimately selling income-producing real property. NPI presently owns and operates one investment property, the Village of Pennbrook Apartments, a 722 unit apartment project located in Falls Township, Pennsylvania. See "Information About National Property Investors 4," beginning on page 32. NPI's principal address is 55 Beattie Place, P.O. Box 1089, Greenville, South Carolina 29602, and its telephone number is (864) 239-1000. NPI will be converted to a Delaware limited partnership, or New NPI, under the terms of the proposed conversion.

Apartment Investment and Management Company, or Aimco, is a Maryland corporation that is a self-administered and self-managed real estate investment trust, or REIT. Aimco's principal financial objective is to provide predictable and attractive returns to its stockholders. Aimco's common stock is listed and traded on the NYSE under the symbol AIV. See "Information about the Aimco Entities," beginning on page 30. Aimco's principal address is 4582 South Ulster Street Parkway, Suite 1100, Denver, Colorado 80237, and its telephone number is (303) 757-8101.

AIMCO Properties, L.P., or Aimco OP, is a Delaware limited partnership which, through its operating divisions and subsidiaries, holds substantially all of Aimco's assets and manages the daily operations of Aimco's business and assets. See "Information about the Aimco Entities," beginning on page 30. Aimco OP's

Edgar Filing: APARTMENT INVESTMENT & MANAGEMENT CO - Form S-4

principal address is 4582 South Ulster Street Parkway, Suite 1100, Denver, Colorado 80237, and its telephone number is (303) 757-8101.

AIMCO NPI 4 Merger Sub LLC, or the Aimco Subsidiary, is a Delaware limited liability company formed on July 26, 2011, for the purpose of consummating the merger with New NPI. The Aimco Subsidiary is a direct wholly-owned subsidiary of Aimco OP. See Information about the Aimco Entities, beginning on page 30.

Table of Contents

Reasons for the Transactions: Aimco and Aimco OP are in the business of acquiring, owning and managing apartment properties such as the one owned by NPI, and have decided to proceed with the transactions as a means of acquiring the property currently owned by NPI in a manner that they believe (i) provides fair value to limited partners, (ii) offers limited partners an opportunity to receive immediate liquidity, or defer recognition of taxable gain (except where the law of the state or other jurisdiction in which a limited partner resides would prohibit the issuance of OP Units in that state or other jurisdiction, or where registration or qualification would be prohibitively costly), and (iii) relieves NPI of the expenses associated with a sale of the property, including marketing and other transaction costs. The Aimco Entities decided to proceed with the transactions at this time for the following reasons:

In the absence of a transaction, NPI limited partners have only limited options to liquidate their investment in NPI. The NPI Units are not traded on an exchange or other reporting system, and transactions in the securities are limited and sporadic.

The value of the single property owned by NPI is not sufficient to justify its continued operation as a public company. As a public company with a significant number of unaffiliated limited partners, NPI incurs costs associated with preparing audited annual financial statements, unaudited quarterly financial statements, tax returns and partner Schedule K-1s, periodic SEC reports and other expenses. The Aimco Entities estimate these costs to be approximately \$63,000 per year.

NPI has been operating at a loss for two of the last three years. Since January 1, 2009, Aimco OP has advanced approximately \$1,221,000 to NPI to help fund NPI's operating expenses with NPI having repaid to Aimco OP approximately \$962,000 of advances during such period. NPI may receive additional advances of funds from Aimco OP, although Aimco OP is not obligated to provide such advances. If the Aimco Entities acquire 100% ownership of NPI, they will have greater flexibility in financing and operating its property.

See Special Factors Purposes, Alternatives and Reasons for the Transactions, beginning on page 5.

Conflicts of Interest: The General Partner is indirectly wholly-owned by Aimco. Therefore, the General Partner has a conflict of interest with respect to the transactions. The General Partner has fiduciary duties to AIMCO/IPT, Inc., the General Partner's sole stockholder and an affiliate of Aimco, on the one hand, and to NPI and its limited partners, on the other hand. The duties of the General Partner to NPI and its limited partners conflict with the duties of the General Partner to AIMCO/IPT, Inc., which could result in the General Partner approving a transaction that is more favorable to Aimco than might be the case absent such conflict of interest. See The Transactions Conflicts of Interest, beginning on page 39.

Risk Factors: In evaluating the proposed amendment of NPI's partnership agreement, the merger agreement and the transactions contemplated thereby, NPI limited partners should carefully read this information statement/prospectus and especially consider the factors discussed in the section entitled Risk Factors, beginning on page 18. Some of the risk factors associated with the transactions are summarized below:

Aimco owns the General Partner. As a result, the General Partner has a conflict of interest in the merger. A transaction with a third party in the absence of this conflict could result in better terms or greater consideration to NPI limited partners.

NPI limited partners who receive cash may recognize taxable gain in the merger and that gain could exceed the merger consideration.

There are a number of significant differences between NPI Units and OP Units relating to, among other things, the nature of the investment, voting rights, distributions and liquidity and transferability/redemption. For more information regarding those differences, see Comparison of NPI Units and Aimco OP Units, beginning on page 61.

NPI limited partners may elect to receive OP Units as merger consideration, and there are risks related to an investment in OP Units, including the fact that there are restrictions on transferability of OP Units; there is no public market for OP Units; and there is no assurance as to the value that might be realized upon

Table of Contents

a future redemption of OP Units. See Comparison of NPI Units and Aimco OP Units, beginning on page 61.

Material United States Federal Income Tax Consequences of the Transactions: New NPI, the Delaware partnership, will be considered a continuation of NPI, the California partnership for tax purposes. NPI will not recognize gain as a result of the conversion. New NPI will have the same federal identification number as that of NPI and will have the same tax basis, holding period, and depreciation method for each of its assets as that of NPI. The partners of NPI will not recognize any gain from the conversion of NPI with and into New NPI. The bases of the partners in New NPI will be equal to their bases in NPI, and their holding periods in their units in New NPI will be the same as their holding periods in the NPI units. Aimco believes that completion of the conversion will not result in any tax consequences to the limited partners of NPI. The merger between New NPI and the Aimco Subsidiary will generally be treated as a partnership merger for U.S. Federal income tax purposes. In general, any payment of cash for NPI Units will be treated as a sale of such NPI Units by the holder thereof. Any exchange of NPI Units for OP Units under the terms of the merger agreement will be treated as a tax-free transaction, except to the extent described in Material United States Federal Income Tax Considerations – United States Federal Income Tax Consequences Relating to the Transactions – Taxation of Aimco OP and OP Unitholders, beginning on page 68.

The foregoing is a general discussion of the material U.S. Federal income tax consequences of the transactions. This summary does not discuss all aspects of U.S. Federal income taxation that may be relevant to you in light of your specific circumstances or if you are subject to special treatment under the U.S. Federal income tax laws. The particular tax consequences of the transactions to you will depend on a number of factors related to your tax situation. You should review Material United States Federal Income Tax Considerations, herein and consult your tax advisors for a full understanding of the tax consequences to you of the transactions.

Table of Contents

SPECIAL FACTORS

Purposes, Alternatives and Reasons for the Transactions

Aimco and Aimco OP are in the business of acquiring, owning and managing apartment properties such as the one owned by NPI, and have decided to proceed with the transactions as a means of acquiring the property currently owned by NPI in a manner they believe (i) provides fair value to limited partners, (ii) offers limited partners an opportunity to receive immediate liquidity, or defer recognition of taxable gain, if any (except where the law of the state or other jurisdiction in which a limited partner resides would prohibit the issuance of OP Units in that state or other jurisdiction, or where registration or qualification would be prohibitively costly), and (iii) relieves NPI of the expenses associated with a sale of the property, including marketing and other transaction costs.

The Aimco Entities determined to proceed with the transactions at this time for the following reasons:

In the absence of a transaction, NPI limited partners have only limited options to liquidate their investment in NPI. The NPI Units are not traded on an exchange or other reporting system, and transactions in the securities are limited and sporadic.

The value of the single property owned by NPI is not sufficient to justify its continued operation as a public company. As a public company with a significant number of unaffiliated limited partners, NPI incurs costs associated with preparing audited annual financial statements, unaudited quarterly financial statements, tax returns and partner Schedule K-1s, periodic SEC reports and other expenses. The Aimco Entities estimate these costs to be approximately \$63,000 per year.

NPI has been operating at a loss for two of the last three years. Since January 1, 2009, Aimco OP has advanced approximately \$1,221,000 to NPI to help fund NPI's operating expenses with NPI having repaid to Aimco OP approximately \$962,000 of advances during such period. NPI may receive additional advances of funds from Aimco OP, although Aimco OP is not obligated to provide such advances. If the Aimco Entities acquire 100% ownership of NPI, they will have greater flexibility in financing and operating its property.

Before deciding to proceed with the transactions, the General Partner and the other Aimco Entities considered the alternatives described below:

Continuation of NPI as a Public Company Operating the Property. The General Partner and the other Aimco Entities did not consider the continuation of NPI as a public company operating the property to be a viable alternative primarily because of the costs associated with preparing financial statements, tax returns, periodic SEC reports and other expenses. If NPI is unable to generate sufficient funds to cover operating expenses, advances from Aimco OP may not be available in the future.

Liquidation of NPI. The General Partner and the other Aimco Entities considered a liquidation of NPI in which NPI's property would be marketed and sold to a third party for cash, with any net proceeds remaining, after payment of all liabilities, distributed to NPI's limited partners. The primary advantage of such a transaction would be that the sale price would reflect arm's-length negotiations and might therefore be higher than the appraised value which has been used to determine the merger consideration. The General Partner and the other Aimco Entities rejected this alternative because of: (i) the risk that a third party purchaser might not be found that would offer a satisfactory price; (ii) the costs that NPI would incur in connection with marketing and selling the property; (iii) the fact that limited partners would recognize taxable gain on the sale without the option of deferring that gain; and (iv) the prepayment penalties

that NPI would incur in repaying its mortgage debt upon a sale of the property.

Contribution of the Property to Aimco OP. The Aimco Entities considered a transaction in which NPI's property would be contributed to Aimco OP in exchange for OP Units. The primary advantage of such a transaction would be that NPI limited partners would not recognize taxable gain. The Aimco Entities rejected this alternative because it would not offer an opportunity for immediate liquidity to the limited partners that desire such an alternative.

Table of Contents

Effects of the Transactions

The Aimco Entities believe that the transactions will have the following benefits and detriments to unaffiliated limited partners, NPI and the Aimco Entities:

Benefits to Unaffiliated Limited Partners. The transactions are expected to have the following principal benefits to unaffiliated limited partners:

Liquidity. Limited partners are given a choice of merger consideration and may elect to receive either cash or OP Units in the merger, except in those jurisdictions where the law prohibits the offer of OP Units (or registration or qualification would be prohibitively costly). Limited Partners who receive cash consideration will receive immediate liquidity with respect to their investment.

Option to Defer Taxable Gain. Limited partners who receive OP Units in the merger may defer recognition of taxable gain (except where the law of the state or other jurisdiction in which a limited partner resides would prohibit the issuance of OP Units in that state or other jurisdiction, or where registration or qualification would be prohibitively costly).

Diversification. Limited partners who receive OP Units in the merger will have the opportunity to participate in Aimco OP, which has a more diversified property portfolio than NPI.

Benefits to NPI. The transactions are expected to have the following principal benefits to NPI:

Elimination of Costs Associated with SEC Reporting Requirements and Multiple Limited Partners. After the transactions, the Aimco Entities will own all of the interests in NPI, and NPI will terminate its registration and cease filing periodic reports with the SEC. As a result, NPI will no longer incur costs associated with preparing audited annual financial statements, unaudited quarterly financial statements, tax returns and partner Schedule K-1s, periodic SEC reports and other expenses. The Aimco Entities estimate these expenses to be approximately \$63,000 per year.

Benefits to the Aimco Entities. The transactions are expected to have the following principal benefits to the Aimco Entities:

Increased Interest in NPI. Upon completion of the merger, Aimco OP will be the sole limited partner of New NPI. As a result, the Aimco Entities will receive all of the benefit from any future appreciation in value of the property after the transactions and any future income from such property.

Detriments to Unaffiliated Limited Partners. The transactions are expected to have the following principal detriments to unaffiliated limited partners:

Taxable Gain. Limited partners who receive cash consideration may recognize taxable gain in the merger and that gain could exceed the merger consideration. In addition, limited partners who receive OP Units in the merger could recognize taxable gain if Aimco subsequently sells NPI's property.

Risks Related to OP Units. Limited partners who receive OP Units in the merger will be subject to the risks related to an investment in OP Units, as described in greater detail under the heading Risk Factors Risks Related to an Investment in OP Units.

Conflicts of Interest: No Separate Representation of Unaffiliated Limited Partners. The General Partner is indirectly wholly-owned by Aimco. Therefore, the General Partner has a conflict of interest with respect to the transactions. The General Partner has fiduciary duties to AIMCO/IPT, Inc., the General Partner's sole stockholder and an affiliate of Aimco, on the one hand, and to NPI and its limited partners, on the other hand. The duties of the General Partner to NPI and its limited partners conflict with the duties of the General Partner to AIMCO/IPT, Inc., which could result in the General Partner approving a transaction that is more favorable to Aimco than might be the case absent such conflict of interest. The General Partner's desire to seek the best possible terms for NPI's limited partners conflicts with Aimco's interest in obtaining the best possible terms for Aimco OP. In negotiating the merger agreement and the amendment, no one separately represented the interests of the unaffiliated limited partners. If an independent advisor had been engaged, it is possible that such advisor could have negotiated better terms for NPI's unaffiliated limited partners.

Table of Contents

Detriments to NPI. The transactions are not expected to have any detriments to NPI.

Detriments to the Aimco Entities. The transactions are expected to have the following principal detriments to the Aimco Entities:

Increased Interest in NPI. Upon completion of the transactions, the Aimco Entities' interest in the net book value of NPI will increase from 80.02% to 100%, or from a deficit of \$31,503,000 to a deficit of \$39,371,000 as of December 31, 2010, and their interest in the net losses of NPI will increase from 80.08% to 100%, or from \$193,000 to \$241,000 for the year ended December 31, 2010. Upon completion of the merger, Aimco OP will be the sole limited partner of New NPI. As a result, Aimco OP will bear the burden of all future operating or other losses of NPI, as well as any decline in the value of NPI's property.

Burden of Capital Expenditures. Upon completion of the transactions, the Aimco Entities will have sole responsibility for providing any funds necessary to pay for capital expenditures at the property.

Material United States Federal Income Tax Consequences of the Transactions

For a discussion of the material U.S. Federal income tax consequences of the transactions, see **Material United States Federal Income Tax Considerations** - **United States Federal Income Tax Consequences Relating to the Transactions**, beginning on page 66.

Fairness of the Transactions

Factors in Favor of Fairness Determination. The Aimco Entities (including the General Partner) believe that the transactions are advisable, fair to and in the best interests of NPI and its unaffiliated limited partners. In support of such determination, the Aimco Entities considered the following factors:

The merger consideration of \$195.27 per NPI Unit was based on an independent third party appraisal of NPI's property by KTR, an independent valuation firm.

Duff & Phelps has delivered its written opinion to the boards of directors of Aimco and the general partners of Aimco OP and NPI to the effect that, as of July 28, 2011, and based on and subject to the various assumptions made, procedures followed, factors considered, and qualifications and limitations on the review undertaken by Duff & Phelps in connection with its opinion, the cash consideration offered in the merger is fair, from a financial point of view, to the unaffiliated limited partners of NPI.

The merger consideration is greater than the Aimco Entities' estimate of liquidation value because other than the incentive fee payable to the General Partner, there was no deduction for certain amounts that would be payable upon an immediate sale of the property, such as prepayment penalties on the mortgage debt, currently estimated to be approximately \$14,093,700.

The merger consideration is based upon the Aimco Entities' estimate of going concern value, calculated as the appraised value of NPI's property, plus the amount of its other assets, less the amount of NPI's liabilities, including the market value of mortgage debt (but without deducting any prepayment penalties thereon), and adjusted for the incentive fee payable to the General Partner under the terms of NPI's partnership agreement upon a sale of the property.

The mark-to-market adjustment to the mortgage debt encumbering NPI's property is less than the prepayment penalties that would be payable upon an immediate sale of the property.

The merger consideration exceeds the net book value per unit (a deficit of \$648.00 per NPI Unit at March 31, 2011).

Limited partners may defer recognition of taxable gain by electing to receive OP Units in the merger, except in those jurisdictions where the law prohibits the offer of OP Units (or registration or qualification would be prohibitively costly).

Table of Contents

The number of OP Units issuable to limited partners in the merger will be determined based on the average closing price of Aimco common stock, as reported on the NYSE, over the ten consecutive trading days ending on the second trading day immediately prior to the consummation of the merger.

Limited partners who receive cash consideration will achieve immediate liquidity with respect to their investment.

Limited partners who receive OP Units in the merger will have the opportunity to participate in Aimco OP, which has a more diversified property portfolio than NPI.

Although limited partners are not entitled to dissenters' appraisal rights under applicable law, the merger agreement provides them with contractual dissenters' appraisal rights that are similar to the dissenters' appraisal rights that are available to stockholders in a corporate merger under Delaware law.

Although the merger agreement may be terminated by either side at any time, Aimco OP and the Aimco Subsidiary are very likely to complete the merger on a timely basis.

Unlike a typical property sale agreement, the merger agreement contains no indemnification provisions, so there is no risk of subsequent reduction of the proceeds.

In contrast to a sale of the property to a third party, which would involve marketing and other transaction costs, Aimco OP has agreed to pay all third party expenses associated with the transactions.

The merger consideration is greater than the prices at which NPI Units have recently sold in the secondary market (\$16.50 to \$118.00 per NPI Unit for transactions reported between January 1, 2010 and July 21, 2011).

The merger consideration is greater than some of the prices at which NPI Units have historically sold in the secondary market (\$150.00 to \$250.00 per NPI Unit for transactions reported between January 1, 2009 and December 31, 2009).

The independent appraised value of NPI's property used in determining the merger consideration is greater than any of the preliminary offers to acquire the property that NPI received in July 2010, which preliminary offers were non-binding and subject to a number of conditions and ranged from approximately \$55,000,000 to approximately \$64,000,000.

Factors Not in Favor of Fairness Determination. In addition to the foregoing factors, the Aimco Entities also considered the following countervailing factors:

The General Partner has substantial conflicts of interest with respect to the transactions as a result of (i) the fiduciary duties it owes to unaffiliated limited partners, who have an interest in receiving the highest possible consideration, and (ii) the fiduciary duties it owes to its sole stockholder, a subsidiary of Aimco, which has an interest in obtaining the NPI property for the lowest possible consideration.

The terms of the merger agreement were not approved by any independent directors.

An unaffiliated representative was not retained to act solely on behalf of the unaffiliated limited partners for purposes of negotiating the merger agreement on an independent, arm's-length basis, which might have resulted in better terms for the unaffiliated limited partners.

The transactions do not require the approval of any unaffiliated limited partners.

In calculating the merger consideration, the incentive compensation fee payable to the General Partner under the terms of NPI's partnership agreement in a sale of the property was deducted.

Limited partners who receive cash consideration in the merger may recognize taxable gain and that gain could exceed the merger consideration.

Limited partners who receive OP Units in the merger could recognize taxable gain if Aimco subsequently sells NPI's property.

Table of Contents

Limited partners who receive OP Units in the merger will be subject to the risks related to an investment in OP Units, as described in greater detail under the heading Risk Factors Risks Related to an Investment in OP Units.

The merger consideration is less than some of the prices at which NPI Units have historically sold in the secondary market (\$150.00 to \$250.00 per NPI Unit for transactions reported between January 1, 2009 and December 31, 2009).

KTR, the valuation firm that appraised the NPI property, has performed work for Aimco OP and its affiliates in the past and this pre-existing relationship could negatively impact KTR's independence.

In calculating the merger consideration, the market value of the mortgage debt encumbering NPI's property was deducted, which resulted in less merger consideration than would have been the case if the aggregate amount outstanding was deducted.

The Aimco Entities did not assign relative weights to the above factors in reaching their decision that the transactions are fair to NPI and its unaffiliated limited partners. However, in determining that the benefits of the proposed transactions outweigh the costs and risks, they relied primarily on the following factors: (i) the merger consideration of \$195.27 per NPI Unit is based on an independent third party appraisal of NPI's property, (ii) the Duff & Phelps opinion that, as of July 28, 2011, and based on and subject to the various assumptions made, procedures followed, factors considered, and qualifications and limitations on the review undertaken by Duff & Phelps in connection with its opinion, the cash consideration offered in the merger is fair, from a financial point of view, to the unaffiliated limited partners of NPI, (iii) limited partners may defer recognition of taxable gain by electing to receive OP Units in the merger (except in certain jurisdictions) and (iv) limited partners are entitled to contractual dissenters' appraisal rights. The Aimco Entities were aware of, but did not place much emphasis on, information regarding prices at which NPI Units may have sold in the secondary market because they do not view that information as a reliable measure of value. The NPI Units are not traded on an exchange or other reporting system, and transactions in the secondary market are very limited and sporadic. In addition, some of the historical prices are not comparable to current value because of intervening events, including distributions from NPI and advances to NPI by the Aimco Entities. Similarly, the Aimco Entities also did not place significant emphasis on the prices at which third parties offered to acquire the property during the Aimco Entities' efforts to sell the property in 2010, because historical prices do not reflect intervening events, such as fluctuations in the multi-family real estate market.

Procedural Fairness. The Aimco Entities determined that the transactions are fair from a procedural standpoint despite the absence of any customary procedural safeguards, such as the engagement of an unaffiliated representative, the approval of independent directors or approval by a majority of unaffiliated limited partners. In making this determination, the Aimco Entities relied primarily on the dissenters' appraisal rights provided to unaffiliated limited partners under the merger agreement that are similar to the dissenters' appraisal rights available to stockholders in a corporate merger under Delaware law.

The Appraisal

Selection and Qualifications of Independent Appraiser. The General Partner retained the services of KTR to appraise the market value of NPI's sole property, the Village of Pennbrook Apartments. KTR is an experienced independent valuation consulting firm that has performed appraisal services for Aimco OP and its affiliates in the past. Aimco OP believes that its relationship with KTR had no negative impact on its independence in conducting the appraisal related to the merger.

Factors Considered. KTR performed a complete appraisal of the Village of Pennbrook Apartments. KTR has represented that its report was prepared in conformity with the Uniform Standards of Professional Appraisal Practice, as promulgated by the Appraisal Standards Board of the Appraisal Foundation and the Code of Professional Ethics and Standards of Professional Appraisal Practice of the Appraisal Institute. NPI furnished KTR with all of the necessary information requested by KTR in connection with the appraisal. The appraisal was not prepared in conjunction with a request for a specific value or a value within a given range. In preparing its valuation of the property, KTR, among other things:

Inspected the property and its environs;

Table of Contents

- Reviewed demographic and other socioeconomic trends pertaining to the city and region where the property is located;
- Examined regional apartment market conditions, with special emphasis on the property's apartment submarket;
- Investigated lease and sale transactions involving comparable properties in the influencing market;
- Reviewed the existing rent roll and discussed the leasing status with the building manager and leasing agent. In addition, KTR reviewed the property's recent operating history and those of competing properties;
- Utilized appropriate appraisal methodology to derive estimates of value; and
- Reconciled the estimates of value into a single value conclusion.

Summary of Approaches and Methodologies Employed. The following summary describes the approaches and analyses employed by KTR in preparing the appraisal. KTR principally relied on two approaches to valuation: (i) the income capitalization approach and (ii) the sales comparison approach.

The income capitalization approach is based on the premise that value is derived by converting anticipated benefits into property value. Anticipated benefits include the present value of the net income and the present value of the net proceeds resulting from the re-sale of the property. This can be accomplished through either a direct capitalization of a single year's income by an overall capitalization rate or using a discounted cash flow in which the annual cash flows and reversionary value are discounted to a present value for the remainder of the property's productive life or over a reasonable ownership period. KTR reported that the property has an adequate operations history to determine its income-producing capabilities over the near future. In addition, performance levels of competitive properties served as an adequate check as to the reasonableness of the property's actual performance. As such, the income capitalization approach was utilized in the appraisal of the property.

As part of the income capitalization approach, KTR used the direct capitalization method to estimate a value for the Village of Pennbrook Apartments. According to KTR's report, the basic steps in the direct capitalization analysis to valuing the property are as follows: (i) calculate potential gross income from all sources that a competent owner could legally generate; (ii) estimate and deduct an appropriate vacancy and collection loss factor to arrive at effective gross income; (iii) estimate and deduct operating expenses that would be expected during a stabilized year to arrive at a probable net operating income; (iv) develop an appropriate overall capitalization rate to apply to the net operating income; and (v) estimate value by dividing the net operating income by the overall capitalization rate. In addition, any adjustments to account for differences between the current conditions and stabilized conditions are also considered. The assumptions utilized by KTR with respect to the property are set forth below. The property-specific assumptions were determined by KTR to be reasonable based on its review of historical operating and financial data for the property and comparison of said data to the operating statistics of similar properties in the influencing market areas. The capitalization rate for the property was determined to be reasonable by KTR based on its review of applicable data ascertained within the market in which the property is located.

The sales comparison approach is an estimate of value based upon a process of comparing recent sales of similar properties in the surrounding or competing areas to the subject property. Inherent in and central to this approach is the principle of substitution. This comparative process involves judgment as to the similarity of the subject property and the comparable sales with respect to many value factors such as location, contract rent levels, quality of construction, reputation and prestige, age and condition, and the interest transferred, among others. The value estimated through this approach represents the probable price at which the subject property would be sold by a willing seller to a willing and

knowledgeable buyer as of the date of value. The reliability of this technique is dependent upon the availability of comparable sales data, the verification of the sales data, the degree of comparability and extent of adjustment necessary for differences, and the absence of atypical conditions affecting the individual sales prices. KTR reported that, although the volume of sales activity has decreased as a result of market conditions, its research revealed adequate sales activity to form a reasonable estimation of the subject property's market value pursuant to the sales comparison approach.

For the appraisal, KTR conducted research in the market in an attempt to locate sales of properties similar to the appraised property. In the appraisal, numerous sales were uncovered and the specific sales included in the

Table of Contents

appraisal report were deemed representative of the most comparable data available at the time the appraisal was prepared. Important criteria utilized in selecting the most comparable data included: conditions under which the sale occurred (*i.e.*, seller and buyer were typically motivated); date of sale every attempt was made to utilize recent sales transactions; sales were selected based on their physical similarity to the appraised property; transactions were selected based on the similarity of location between the comparable and appraised property; and, similarity of economic characteristics between the comparable and appraised property. Sales data that may have been uncovered during the course of research that was not included in the appraisal did not meet the described criteria and/or could not be adequately confirmed.

According to KTR's report, the basic steps in processing the sales comparison approach are outlined as follows: (i) research the market for recent sales transactions, listings, and offers to purchase or sell of properties similar to the subject property; (ii) select a relevant unit of comparison and develop a comparative analysis; (iii) compare comparable sale properties with the subject property using the elements of comparison and adjust the price of each comparable to the subject property; and (iv) reconcile the various value indications produced by the analysis of the comparables.

The final step in the appraisal process is the reconciliation of the value indicators into a single value estimate. KTR reviewed each approach in order to determine its appropriateness relative to the property. The accuracy of the data available and the quantity of evidence were weighted in each approach. For the appraisal of the Village of Pennbrook Apartments, KTR relied principally on the income capitalization approach to valuation, and the direct capitalization method was given greatest consideration in the conclusion of value under this approach. KTR relied secondarily on the sales comparison approach, and reported that the value conclusion derived pursuant to the sales comparison approach was generally supportive of the conclusion derived pursuant to the income capitalization approach.

Summary of Independent Appraisal of the Village of Pennbrook Apartments. KTR performed a complete appraisal of the Village of Pennbrook Apartments. The appraisal report of Village of Pennbrook Apartments is dated June 8, 2011. The appraisal report provides an estimate of the property's market value as of June 1, 2011. The summary set forth below describes the material conclusions reached by KTR based on the value determined under the valuation approaches and subject to the assumptions and limitations described below. According to KTR's report, the estimated market value of the Village of Pennbrook Apartments is \$66,000,000 as of June 1, 2011. A previous appraisal report by KTR of the Village of Pennbrook Apartments, dated March 17, 2011, indicated that the estimated market value of the Village of Pennbrook Apartments was \$65,800,000 as of March 9, 2011. The increase in the estimated market value of the Village of Pennbrook Apartments is mainly due to changes in the assumptions employed by KTR to determine the value of the Village of Pennbrook Apartments under the income capitalization approach (including higher potential gross income from apartment rental units) and the fact that KTR placed the greatest reliance upon the income capitalization approach to valuation. The following is a summary of the appraisal report dated June 8, 2011:

Extraordinary Assumption. In connection with the preparation of its March 17, 2011 appraisal report of the Village of Pennbrook Apartments, KTR inspected the property on March 9, 2011. KTR noted that the scope of work of the June 8, 2011 appraisal report of the Village of Pennbrook Apartments did not include a physical inspection of the Village of Pennbrook Apartments, and that the values derived in the report are based on the extraordinary assumption that the physical condition of the Village of Pennbrook Apartments has not materially changed since March 9, 2011.

Valuation Under Income Capitalization Approach. Using the income capitalization approach, KTR performed a direct capitalization analysis to derive a value for the Village of Pennbrook Apartments. The direct capitalization analysis resulted in a valuation conclusion for the Village of Pennbrook Apartments of approximately \$66,100,000 as of June 1, 2011.

The assumptions employed by KTR to determine the value of the Village of Pennbrook Apartments under the income capitalization approach using the direct capitalization method included:

potential gross income from apartment unit rentals of \$715,090 per month or \$8,581,080 for the appraised year;

a loss to lease allowance of 2.0% of the gross rent potential;

Table of Contents

rent concessions of 2.0% of the gross rent potential;

a combined vacancy and credit loss allowance of 5.0%;

potential gross income from commercial unit rentals of \$116,091 for the appraised year;

other income of \$1,700 per unit for the appraised year;

a deduction for non-income producing units of \$22,560 for the appraised year;

projected total expenses (including reserves) of \$4,175,418 for the appraised year; and

capitalization rate of 7.5%.

Using the direct capitalization method, KTR calculated the value of the Village of Pennbrook Apartments by dividing the stabilized net operating income (including an allowance for reserves) by the concluded capitalization rate of 7.5%. KTR calculated the value conclusion of the Village of Pennbrook Apartments under the income capitalization approach of approximately \$66,100,000 as of June 1, 2011.

Valuation Under Sales Comparison Approach. KTR estimated the property value of the Village of Pennbrook Apartments under the sales comparison approach by analyzing sales from the influencing market that were most similar to the Village of Pennbrook Apartments in terms of age, size, tenant profile and location. KTR reported that adequate sales existed to formulate a defensible value for the Village of Pennbrook Apartments under the sales comparison approach.

The sales comparison approach resulted in a valuation conclusion for the Village of Pennbrook Apartments of approximately \$65,700,000 as of June 1, 2011.

In reaching a valuation conclusion for the Village of Pennbrook Apartments, KTR examined and analyzed comparable sales of three properties in the influencing market. The sales reflected unadjusted sales prices ranging from \$86,735 to \$111,469 per unit. After adjustment, the comparable sales illustrated a value range of \$89,175 to \$97,969 per unit. KTR reported that one of the comparable sales required the least adjustment and was accorded most significance in the analysis, and that the adjusted indicators exhibited by this sale was \$91,071 per unit. KTR estimated a value of \$91,000 per unit for the Village of Pennbrook Apartments. Applied to the Village of Pennbrook Apartments 722 units, this resulted in KTR's total value estimate for the Village of Pennbrook Apartments of approximately \$65,700,000.

Reconciliation of Values and Conclusion of Appraisal. For the appraisal of the Village of Pennbrook Apartments, KTR relied principally on the income capitalization approach to valuation. Within the income capitalization approach, KTR relied on the direct capitalization method. KTR reported that the value conclusion derived pursuant to the sales comparison approach was supportive of the conclusion derived pursuant to the income capitalization approach. The income capitalization approach using a direct capitalization method resulted in a value of \$66,100,000, and the sales comparison approach resulted in a value of \$65,700,000. KTR concluded that the market value of the Village of Pennbrook Apartments as of June 1, 2011 was \$66,000,000.

Assumptions, Limitations and Qualifications of KTR's Valuations. In preparing the appraisal, KTR relied, without independent verification, on the information furnished by others. KTR's appraisal report was subject to the following assumptions and limiting conditions: no responsibility was assumed for the legal description or for matters including legal or title considerations, and title to the property was assumed to be good and marketable unless otherwise stated;

the property was appraised free and clear of any or all liens or encumbrances unless otherwise stated; responsible ownership and competent property management were assumed; the information furnished by others was believed to be reliable, and no warranty was given by KTR for the accuracy of such information; all engineering was assumed to be correct; there were no hidden or unapparent conditions of the property, subsoil, or structures that render it more or less valuable, and no responsibility was assumed for such conditions or for arranging for engineering studies that may be required to discover them; there was full compliance with all applicable federal, state, and local environmental regulations and laws unless noncompliance was stated, defined, and considered in the appraisal report; all applicable zoning and use regulations and restrictions have been complied with, unless nonconformity had been stated, defined, and considered in the appraisal report; all required licenses, certificates of occupancy, consents, or other legislative or administrative authority from any local, state, or

Table of Contents

national government or private entity or organization have been or can be obtained or renewed for any use on which the value estimate contained in the appraisal report was based; the utilization of the land and improvements is within the boundaries or property lines of the property described and there is no encroachment or trespass unless noted in the appraisal report; the distribution, if any, of the total valuation in the appraisal report between land and improvements applies only under the stated program of utilization; unless otherwise stated in the appraisal report, the existence of hazardous substances, including without limitation, asbestos, polychlorinated biphenyls, petroleum leakage, or agricultural chemicals, which may or may not be present on the property, or other environmental conditions, were not called to the attention of nor did the appraiser become aware of such during the appraiser's inspection, and the appraiser had no knowledge of the existence of such materials on or in the property unless otherwise stated; the appraiser has not made a specific compliance survey and analysis of the property to determine whether or not it is in conformity with the various detailed requirements of the Americans with Disabilities Act; and former personal property items such as kitchen and bathroom appliances were, at the time of the appraisal report, either permanently affixed to the real estate or were implicitly part of the real estate in that tenants expected the use of such items in exchange for rent and never gained any of the rights of ownership, and the intention of the owners was not to remove the articles which are required under the implied or express warranty of habitability.

Compensation of Appraiser. KTR's fee for the appraisal was approximately \$15,100. Aimco OP paid for the costs of the appraisal. KTR's fee for the appraisal was not contingent on the approval or completion of the transactions. Aimco OP also has agreed to indemnify KTR for certain liabilities that may arise out of the rendering of the appraisals. In addition to the appraisal performed in connection with the transactions, during the prior two years, KTR has been paid approximately \$232,400 for appraisal services by Aimco OP and its affiliates. Except as set forth above, during the prior two years, no material relationship has existed between KTR and NPI or Aimco OP or any of their affiliates. Aimco OP believes that its relationship with KTR had no negative impact on its independence in conducting the appraisal.

Availability of the Appraisal Report. You may obtain a full copy of KTR's appraisal upon request, without charge, by contacting Eagle Rock Proxy Advisors, LLC, by mail at 12 Commerce Drive, Cranford, New Jersey 07016; by fax at (908) 497-2349; or by telephone at (800) 217-9608. In addition, the appraisal report has been filed with the SEC. For more information about how to obtain a copy of the appraisal report see [Where You Can Find Additional Information](#).

For additional information about the appraisal, see the table, [Summary of Appraisal](#) attached as [Annex K](#).

Opinion of Financial Advisor

Aimco OP retained Duff & Phelps to act as financial advisor to the boards of directors of Aimco, the general partner of Aimco OP, and the general partner of NPI in connection with their evaluation of the proposed terms of the merger.

On July 28, 2011, Duff & Phelps rendered its written opinion to the boards of directors of Aimco, the general partner of Aimco OP, and the general partner of NPI, to the effect that, as of July 28, 2011, based upon and subject to the assumptions made, procedures followed, factors considered, and qualifications and limitations on the review undertaken, the cash consideration offered in the merger is fair from a financial point of view to the unaffiliated limited partners of NPI.

The full text of the written opinion of Duff & Phelps, dated July 28, 2011, which sets forth the assumptions made, procedures followed, factors considered, and qualifications and limitations on the review undertaken by Duff & Phelps in connection with the opinion, is attached as [Annex C](#) to this information statement/prospectus. You are encouraged to read the opinion carefully and in its entirety. The summary of Duff & Phelps's opinion in this information statement/prospectus is qualified in its entirety by reference to the full text of the opinion.

Duff & Phelps opinion was directed to the boards of directors of Aimco, the general partner of Aimco OP, and the general partner of NPI, and addressed only the fairness from a financial point of view of the cash consideration offered in the merger, as of the date of the opinion. Duff & Phelps provided its opinion for the information and assistance of the boards of directors of Aimco, the general partner of Aimco OP, and the

Table of Contents

general partner of NPI in connection with their evaluation of the merger. Neither Duff & Phelps' opinion nor the summary of the opinion and the related analyses set forth in this information statement/prospectus are intended to be, and do not constitute, advice or a recommendation as to how any person should act with respect to any matters relating to the merger, or whether to proceed with the merger or any related transaction.

In connection with its opinion, Duff & Phelps made such reviews, analyses and inquiries as it deemed necessary and appropriate under the circumstances. Duff & Phelps also took into account its assessment of general economic, market and financial conditions, as well as its experience in securities and business valuation, in general, and with respect to similar transactions, in particular. Duff & Phelps' procedures, investigations, and financial analysis with respect to the preparation of its opinion included, but were not limited to, the items summarized below:

1. Reviewed the following documents:

- a. Reviewed NPI's property level internal unaudited financial statements for the five months ended May 31, 2011 and NPI's property level unaudited annual financial statements for each of the three fiscal years ended December 31, 2010;
- b. Reviewed other internal documents relating to the history, current operations, and probable future outlook of NPI, including financial projections, provided to Duff & Phelps by the management of Aimco OP;
- c. Reviewed documents related to the merger, including certain portions of a draft of this information statement/prospectus, including a draft of the merger agreement dated as of July 22, 2011, and certain other documents related to the merger;

2. Reviewed the following information and/or documents related to the real estate holdings of NPI:

- a. Reviewed previously completed appraisal reports associated with the property owned by NPI prepared by KTR as of May 31, 2011 and provided to Duff & Phelps by management of Aimco OP (and as described under the heading "Special Factors - The Appraisal" and Annex K - Summary of Appraisal Table);
- b. Reviewed facts and circumstances related to NPI's property to understand factors relevant to the appraisal; and
- c. Reviewed market data for each of the subject markets and assessed current supply and demand trends;

3. Reviewed the following information and/or documents related to NPI's property:

- a. Reviewed operating statements and balance sheets for the twelve month periods ending December 31, 2008, 2009, and 2010;
- b. Reviewed the year-to-date operating statement and balance sheet for the five month period ending May 31, 2011;
- c. Reviewed budgeted financial statements for the twelve month period ending December 31, 2011;
- d. Reviewed rent rolls prepared as of April 2011; and
- e. Discussed the information referred to above and the background and other elements of the merger with the management of Aimco OP; and

4. Conducted such other analyses and considered such other factors as Duff & Phelps deemed appropriate.

Table of Contents

In performing its analyses and rendering its opinion with respect to the merger, Duff & Phelps made certain assumptions, qualifications and limiting conditions, which included, but were not limited to, the items summarized below:

- a. Relied upon the accuracy, completeness, reliability, and fair presentation of all information, data, advice, opinions and representations obtained from public sources or provided to it from private sources regarding or otherwise relating to the property owned by NPI, NPI, the merger and/or otherwise received by it in connection with the opinion, including information obtained from Aimco OP management, and did not independently verify such information;
- b. Assumed that any estimates, evaluations, forecasts or projections furnished to Duff & Phelps by management of Aimco OP were reasonably prepared and based upon the best currently available information and good faith judgment of the person furnishing the same;
- c. Assumed that the final versions of all documents reviewed by Duff & Phelps in draft form conform in all material respects to the drafts reviewed;
- d. Assumed that there has been no material change in the assets, financial condition, business, or prospects of NPI or its owned property since the date of the appraisal report, the most recent financial statements and the other information made available to Duff & Phelps;
- e. Assumed that title to the property owned by NPI is good and marketable, that all material licenses and related regulatory approvals that are required or advisable to be obtained with respect to the property owned by NPI have been obtained and are current, and that, except as expressly disclosed in the appraisal report, the property owned by NPI is in compliance with applicable material zoning, use, occupancy, environmental, and similar laws and regulations;
- f. Assumed responsible ownership and competent property management of the property owned by NPI, that, except as expressly disclosed in the appraisal report, there are no unapparent conditions with respect to the property owned by NPI that could affect the value of such property, and that, except as expressly disclosed in the appraisal report, there are no hazardous substances on or near the property owned by NPI that could affect the value of such property;
- g. Assumed that all of the conditions required to implement the merger will be satisfied and that the merger will be completed in accordance with the merger agreement without any amendments thereto or any waivers of any terms or conditions thereof; and
- h. Assumed that each of the unaffiliated limited partners elects to receive the cash consideration offered, and therefore, Duff & Phelps made no determination as to the fair value of, or fairness with respect to the OP Unit consideration.

Duff & Phelps did not evaluate NPI's solvency or conduct an independent appraisal or physical inspection of any specific liabilities (contingent or otherwise). Duff & Phelps did not evaluate the tax consequences the merger may have on any person, including any unaffiliated limited partner, and did not take any such consequences into account in rendering the opinion. Duff & Phelps was not requested to, and did not, (i) initiate any discussions with, or solicit any indications of interest from, third parties with respect to the merger, the assets, businesses or operations of NPI, or any alternatives to the merger, (ii) negotiate the terms of the merger, or (iii) advise Aimco OP or any other party with respect to alternatives to the merger.

Duff & Phelps did not express any opinion as to the market price or value of NPI's or Aimco OP's equity (or anything else) after the announcement or the consummation of the merger. Without limiting the generality of the foregoing, Duff & Phelps did not express any opinion as to the liquidity of, rights and/or risks associated with owning, or any

other feature or characteristic of, the OP Units. The opinion should not be construed as a valuation opinion, credit rating, solvency opinion, an analysis of NPI s or Aimco OP s credit worthiness, as tax advice, or as accounting advice. Duff & Phelps did not make, and assumed no responsibility to make, any representation, or render any opinion, as to any legal matter (including with respect to title to or any encumbrances relating to the property owned by NPI).

Table of Contents

Duff & Phelps did not investigate any of the physical conditions of the property owned by NPI and has not made, and assumed no responsibility to make, any representation, or render any opinion, as to the physical condition of the property owned by NPI. No independent survey of the property owned by NPI was conducted by Duff & Phelps. Duff & Phelps did not arrange for any engineering studies that may be required to discover any unapparent condition in the property owned by NPI. Duff & Phelps did not arrange for or conduct any soil analysis or geological studies or any investigation of any water, oil, gas, coal, or other subsurface mineral and use rights or conditions or arrange for or conduct any other environmental analysis, including with respect to any hazardous materials, which may or may not be present on, in or near the property owned by NPI.

In rendering its opinion, Duff & Phelps did not express any opinion with respect to the amount or nature of any compensation to any of Aimco OP's and/or Aimco's respective officers, directors, or employees, or any class of such persons, relative to the consideration offered to the unaffiliated limited partners in the merger, or with respect to the fairness of any such compensation.

The opinion (i) does not address the merits of the underlying business decision to enter into the merger versus any alternative strategy or transaction, (ii) does not address any transaction related to the merger, (iii) is not a recommendation as to how any party should vote or act with respect to any matters relating to the merger or any related transaction, or whether to proceed with the merger or any related transaction, and (iv) does not indicate that the consideration offered is the best possibly attainable under any circumstances; instead, the opinion merely states whether the cash consideration offered in the merger is within a range suggested by certain financial analyses. The decision as to whether to proceed with the merger or any related transaction may depend on an assessment of factors unrelated to the financial analysis on which the opinion was based.

Duff & Phelps prepared its opinion effective as of July 28, 2011. The opinion was necessarily based upon market, economic, financial and other conditions as they existed and could be evaluated as of such date, and Duff & Phelps disclaims any undertaking or obligation to advise any person of any change in any fact or matter affecting the opinion which may come or be brought to the attention of Duff & Phelps after such date.

The following is a summary of the material financial analyses performed by Duff & Phelps in connection with providing its opinion. The summary of Duff & Phelps' valuation analyses is not a complete description of the analyses underlying Duff & Phelps' opinion. The preparation of an opinion regarding fairness is a complex process involving various quantitative and qualitative judgments and determinations with respect to the financial, comparative and other analytic methods employed and the adaptation and application of these methods to the unique facts and circumstances presented. As a consequence, neither an opinion regarding fairness nor its underlying analyses is readily susceptible to partial analysis or summary description. Duff & Phelps arrived at its opinion based on the results of all analyses undertaken by it and assessed as a whole and did not draw, in isolation, conclusions from or with regard to any individual analysis, analytic method or factor. Accordingly, Duff & Phelps believes that its analyses must be considered as a whole and that selecting portions of its analyses, analytic methods and factors, without considering all analyses and factors or the narrative description of the analyses could create a misleading or incomplete view of the processes underlying its analyses and opinion.

Valuation Analysis

Duff & Phelps estimated the value attributable to the interests of the unaffiliated limited partners as follows:

Duff & Phelps reviewed the valuation conclusions for the property owned by NPI reached in the third party appraisal that was provided by the management of Aimco OP and as described in greater detail under the heading *Special Factors* The Appraisal and Annex K Summary of Appraisal Table;

Duff & Phelps' review of the third party appraisal included a review of the key assumptions used in and the conclusions reached by the appraisal and a comparison of such assumptions and conclusions to appropriate sources of real estate market data including, but not limited to: market surveys, selected comparable real estate transaction data, and discussions with opinions of professionals in the market place. Duff & Phelps also reviewed the valuation methodology employed by the third party appraiser and determined it to be appropriate;

Duff & Phelps estimated the range of value attributable to the interests of the unaffiliated limited partners by adding to the range of the appraised value of the property owned by NPI the amount of NPI's other non-real estate assets that were not included in the appraisal, and subtracting the amount of NPI's liabilities, including the market value of mortgage debt (but without deducting any prepayment penalties thereon) and the amount

Table of Contents

of liabilities estimated by management of Aimco OP for expenses attributable to the property that would be incurred prior to the transactions but payable after the transactions; and

Duff & Phelps reviewed Aimco OP management's estimate of the fair value of the mortgage debt associated with the property owned by NPI, as described in greater detail under the heading "The Merger - Determination of Merger Consideration," by reviewing the valuation methodology and the determination of the appropriate current market yield on mortgage debt of similar type, leverage and duration.

Estimated Value of Limited Partnership Units

The table below provides a summary of (i) the estimated range of value for the property owned by NPI by applying a capitalization rate range that was 25 basis points above and below the capitalization rate used by the third party appraiser to the appropriate measure of income from the property owned by NPI used by the third party appraiser, (ii) a summary of the estimated fair market value of mortgage debt associated with the property owned by NPI, and (iii) the proposed merger consideration and Duff & Phelps' range of value for the NPI Units.

	Low Value	Proposed Value	High Value	% of Total
<u>Property Value</u>				
Village of Pennbrook Apartments	\$ 63,900,000	\$ 66,000,000	\$ 68,300,000	
Total	\$ 63,900,000	\$ 66,000,000	\$ 68,300,000	
<u>Debt Summary</u>				
Book Value of Debt	\$ 47,804,458	\$ 47,804,458	\$ 47,804,458	
Fair Value of Debt	52,167,228	52,167,228	52,167,228	
Fair Value as a % of Book	109%	109%	109%	
<u>LP Interest Summary</u>				
Proceeds Distributable to LPs	\$ 9,776,990	\$ 11,716,990	\$ 14,044,990	
Affiliated LP Units	47,850	47,850	47,850	80%
Unaffiliated LP Units	12,155	12,155	12,155	20%
Total LP Units	60,005	60,005	60,005	
Value Per LP Unit	\$ 161.32	\$ 195.27	\$ 232.45	

Based on an aggregate range of value for the property owned by NPI of \$63.9 million to \$68.3 million, Duff & Phelps estimated the range of value per NPI Unit to be approximately \$161.32 to \$232.45, compared to the merger consideration of \$195.27 per NPI Unit.

Other Matters

By letter agreement dated June 10, 2011 between Duff & Phelps and Aimco OP, Duff & Phelps was engaged to opine, as to the fairness, from a financial point of view, to the unaffiliated limited partners of each of certain limited partnerships (including NPI) of the cash consideration offered in the proposed merger relating to that limited partnership. Duff & Phelps was engaged based on its experience as a leading global independent provider of financial advisory and investment banking services. Duff & Phelps delivers advice principally in the areas of valuation, transactions, financial restructuring, dispute and taxation. Since 2005, Duff & Phelps has completed hundreds of valuations in the real estate investment trust and real estate operating company industry and rendered over 286 fairness opinions in transactions aggregating over \$98 billion. Duff & Phelps has also rendered over 204 solvency

opinions in transactions aggregating over \$984 billion.

Duff & Phelps will receive a fee for its services pursuant to this engagement as well as reimbursement for its reasonable expenses. No portion of Duff & Phelps fee is contingent upon either the conclusion expressed in this opinion or whether or not the merger is successfully consummated. Aimco OP also has agreed to indemnify Duff & Phelps for certain liabilities that may arise out of the rendering of this opinion and any related to Duff & Phelps engagement. Other than this engagement, during the two years preceding the date of this opinion, Duff & Phelps had not had any material relationship with any party to the merger for which compensation has been received or is intended to be received, nor is any such material relationship or related compensation mutually understood to be contemplated.

Table of Contents

RISK FACTORS

Risks Related to the Transactions

Conflicts of Interest. The General Partner is indirectly wholly-owned by Aimco. Therefore, the General Partner has a conflict of interest with respect to the transactions. The General Partner has fiduciary duties to its sole stockholder, which is wholly-owned by Aimco, on the one hand, and to NPI and its limited partners, on the other hand. The duties of the General Partner to NPI and its limited partners conflict with its duties to its sole stockholder, which could result in the General Partner approving a transaction that is more favorable to Aimco than might be the case absent such conflict of interest. The General Partner, in its capacity as the general partner of NPI, seeks the best possible terms for NPI's limited partners. This conflicts with Aimco's interest in obtaining the best possible terms for Aimco OP.

No independent representative was engaged to represent the unaffiliated limited partners in negotiating the terms of the transactions. If an independent advisor had been engaged, it is possible that such advisor could have negotiated better terms for NPI's unaffiliated limited partners.

The terms of the transactions have not been determined in arm's-length negotiations. The terms of the transactions, including the merger consideration, were determined through discussions between officers and directors of the General Partner, on the one hand, and officers of Aimco, on the other. All of the officers and directors of the General Partner are also officers of Aimco. There are no independent directors of the General Partner. If the terms of the transactions had been determined through arm's-length negotiations, the terms might be more favorable to NPI and its limited partners.

The amendment of the partnership agreement and the merger agreement do not require approval by a majority of the unaffiliated limited partners. Under the provisions of the NPI partnership agreement and applicable law, the amendment of the partnership agreement, the conversion and the merger must be approved by a majority in interest of the NPI Units. As of July 21, 2011, there were 60,005 issued and outstanding NPI Units, and Aimco OP and its affiliates owned 47,850 of those units, or approximately 79.74% of the number of units outstanding. As more fully described herein, 26,466 NPI Units owned by an affiliate of the General Partner are subject to a voting restriction, which requires the NPI Units to be voted in proportion to the votes cast with respect to NPI Units not subject to this voting restriction. The General Partner's affiliates have indicated that they will vote all of their NPI Units that are not subject to this restriction, 21,384 NPI Units or approximately 35.64% of the outstanding NPI Units, in favor of the amendment and the transactions. As a result, affiliates of the General Partner will vote a total of 38,258 NPI Units, or approximately 63.76% of the outstanding NPI Units, in favor of the amendment and the transactions, enabling them to approve the transactions without the consent or approval of any unaffiliated limited partners.

In connection with previous partnership merger transactions, lawsuits have been filed alleging that Aimco and certain of its affiliates breached their fiduciary duties to the unaffiliated limited partners. In February 2011, Aimco and Aimco OP completed six partnership mergers. In each merger, the limited partners who were not affiliated with Aimco received cash or OP Units with a value calculated based on the estimated proceeds that would be available for distribution to limited partners if the partnership's properties were sold at prices equal to their appraised values. In March 2011, counsel representing a putative class consisting of former limited partners in each of those partnerships contacted Aimco alleging that the merger transactions were unfair to the unaffiliated limited partners because the appraisals used were not of a recent date and no fairness opinions were obtained, among other reasons. Aimco denied the purported class allegations, but agreed to mediate plaintiffs' claims in June 2011, and agreed to settle this dispute by paying the unaffiliated limited partners additional consideration of \$7.5 million. The merger contemplated hereby may also be subject to claims that the merger consideration is unfair and a result of self-dealing.

The merger consideration was determined based on the appraised value of the property as of the date of the appraisal, and there can be no assurance that the value of the property will not increase as of the date of the consummation of the merger. KTR appraised NPI's property as of June 1, 2011, and the General Partner calculated the amount of the merger consideration based on the appraised value of the property as of such date. The

Table of Contents

General Partner has not made any other attempt to assess or account for any changes in the value of the property since the date of KTR's appraisal in its determination of the merger consideration.

Alternative valuations of NPI's property might exceed the appraised value relied on to determine the merger consideration. Aimco determined the merger consideration in reliance on the appraised value of NPI's property. See, Special Factors – The Appraisal, beginning on page 9, for more information about the appraisal. Although an independent appraiser was engaged to perform a complete appraisal of the property, valuation is not an exact science. There are a number of other methods available to value real estate, each of which may result in different valuations of the property. Also, others using the same valuation methodology could make different assumptions and judgments, and obtain different results.

The actual sales price of NPI's property could exceed the appraised value that Aimco relied on to determine the merger consideration. Except as described below, no recent attempt has been made to market the Village of Pennbrook Apartments to unaffiliated third parties. There can be no assurance that the Village of Pennbrook Apartments could not be sold for a value higher than the appraised value used to determine the merger consideration if it was marketed to third-party buyers interested in a property of this type. In July 2009, NPI entered into a purchase and sale contract with a third party to sell the Village of Pennbrook Apartments. This purchase and sale contract was terminated by the parties in the August 2009. The amount of the overall purchase price for the Village of Pennbrook Apartments under the terminated purchase and sale contract was \$62,010,000, which is less than the property's appraised value. In July 2010, NPI solicited preliminary offers from third parties interested in acquiring the Village of Pennbrook Apartments. NPI received non-binding preliminary offers that ranged from approximately \$55,000,000 to approximately \$64,000,000. The independent appraised value of NPI's property used in determining the merger consideration is greater than the top end of the range of preliminary offers to acquire the property that NPI received in July 2010.

The merger consideration may not represent the price limited partners could obtain for their NPI Units in an open market. There is no established or regular trading market for NPI Units, nor is there another reliable standard for determining the fair market value of the NPI Units. The merger consideration does not necessarily reflect the price that NPI limited partners would receive in an open market for their NPI Units. Such prices could be higher than the aggregate value of the merger consideration.

Limited partners may recognize taxable gain in the transactions, and that gain could exceed the merger consideration. Limited partners who elect to receive cash in the merger will recognize gain or loss equal to the difference between their amount realized and their adjusted tax basis in the NPI Units sold. The resulting tax liability could exceed the value of the cash received in the merger.

Limited partners in certain jurisdictions will not be able to elect OP Units. In those states or jurisdictions where the offering of the OP Units hereby is not permitted (or the registration or qualification of OP Units in that state or jurisdiction would be prohibitively costly), residents of those states will receive only the cash consideration in the merger.

Risks Related to an Investment in Aimco or Aimco OP

For a description of risks related to an investment in Aimco and Aimco OP, please see the information set forth under Part I – Item 1A. Risk Factors in the Annual Reports on Form 10-K for the year ended December 31, 2010 of each of Aimco and Aimco OP. Aimco's Annual Report is incorporated herein by reference and is available electronically through the SEC's website, www.sec.gov, or by request to Aimco. Aimco OP's Annual Report on Form 10-K for the year ended December 31, 2010 (excluding the report of the independent registered public accounting firm, the financial statements and notes thereto) is included as [Annex H](#) to this information statement/prospectus.

Risks Related to an Investment in OP Units

There are restrictions on the ability to transfer OP Units, and there is no public market for OP Units. The Aimco OP partnership agreement restricts the transferability of OP Units. Until the expiration of a one-year holding period, subject to certain exceptions, investors may not transfer OP Units without the consent of Aimco OP's general partner. Thereafter, investors may transfer such OP Units subject to the satisfaction of certain conditions, including the general partner's right of first refusal. There is no public market for the OP Units. Aimco OP has no

Table of Contents

plans to list any OP Units on a securities exchange. It is unlikely that any person will make a market in the OP Units, or that an active market for the OP Units will develop. If a market for the OP Units develops and the OP Units are considered readily tradable on a secondary market (or the substantial equivalent thereof), Aimco OP would be classified as a publicly traded partnership for U.S. Federal income tax purposes, which could have a material adverse effect on Aimco OP.

Cash distributions by Aimco OP are not guaranteed and may fluctuate with partnership performance. Aimco OP makes quarterly distributions to holders of OP Units (on a per unit basis) that generally are equal to dividends paid on the Aimco common stock (on a per share basis). However, such distributions will not necessarily continue to be equal to such dividends. Although Aimco OP makes quarterly distributions on its OP Units, there can be no assurance regarding the amounts of available cash that Aimco OP will generate or the portion that its general partner will choose to distribute. The actual amounts of available cash will depend upon numerous factors, including profitability of operations, required principal and interest payments on our debt, the cost of acquisitions (including related debt service payments), its issuance of debt and equity securities, fluctuations in working capital, capital expenditures, adjustments in reserves, prevailing economic conditions and financial, business and other factors, some of which may be beyond Aimco OP's control. Cash distributions depend primarily on cash flow, including from reserves, and not on profitability, which is affected by non-cash items. Therefore, cash distributions may be made during periods when Aimco OP records losses and may not be made during periods when it records profits. The Aimco OP partnership agreement gives the general partner discretion in establishing reserves for the proper conduct of the partnership's business that will affect the amount of available cash. Aimco is required to make reserves for the future payment of principal and interest under its credit facilities and other indebtedness. In addition, Aimco OP's credit facility limits its ability to distribute cash to holders of OP Units. As a result of these and other factors, there can be no assurance regarding actual levels of cash distributions on OP Units, and Aimco OP's ability to distribute cash may be limited during the existence of any events of default under any of its debt instruments.

Holders of OP Units are limited in their ability to effect a change of control. The limited partners of Aimco OP are unable to remove the general partner of Aimco OP or to vote in the election of Aimco's directors unless they own shares of Aimco. In order to comply with specific REIT tax requirements, Aimco's charter has restrictions on the ownership of its equity securities. As a result, Aimco OP limited partners and Aimco stockholders are limited in their ability to effect a change of control of Aimco OP and Aimco, respectively.

Holders of OP Units have limited voting rights. Aimco OP is managed and operated by its general partner. Unlike the holders of common stock in a corporation, holders of OP Units have only limited voting rights on matters affecting Aimco OP's business. Such matters relate to certain amendments of the partnership agreement and certain transactions such as the institution of bankruptcy proceedings, an assignment for the benefit of creditors and certain transfers by the general partner of its interest in Aimco OP or the admission of a successor general partner. Holders of OP Units have no right to elect the general partner on an annual or other continuing basis, or to remove the general partner. As a result, holders of OP Units have limited influence on matters affecting the operation of Aimco OP, and third parties may find it difficult to attempt to gain control over, or influence the activities of, Aimco OP.

Holders of OP Units are subject to dilution. Aimco OP may issue an unlimited number of additional OP Units or other securities for such consideration and on such terms as it may establish, without the approval of the holders of OP Units. Such securities could have priority over the OP Units as to cash flow, distributions and liquidation proceeds. The effect of any such issuance may be to dilute the interests of holders of OP Units.

Holders of OP Units may not have limited liability in specific circumstances. The limitations on the liability of limited partners for the obligations of a limited partnership have not been clearly established in some states. If it were determined that Aimco OP had been conducting business in any state without compliance with the applicable limited partnership statute, or that the right or the exercise of the right by the OP Unitholders as a group to make specific

amendments to the agreement of limited partnership or to take other action under the agreement of limited partnership constituted participation in the control of Aimco OP's business, then a holder of OP Units could be held liable under specific circumstances for Aimco OP's obligations to the same extent as the general partner.

Aimco may have conflicts of interest with holders of OP Units. Conflicts of interest have arisen and could arise in the future as a result of the relationships between the general partner of Aimco OP and its affiliates

Table of Contents

(including Aimco), on the one hand, and Aimco OP or any partner thereof, on the other. The directors and officers of the general partner have fiduciary duties to manage the general partner in a manner beneficial to Aimco, as the sole stockholder of the general partner. At the same time, as the general partner of Aimco OP, it has fiduciary duties to manage Aimco OP in a manner beneficial to Aimco OP and its limited partners. The duties of the general partner of Aimco OP to Aimco OP and its partners may therefore come into conflict with the duties of the directors and officers of the general partner to its sole stockholder, Aimco. Such conflicts of interest might arise in the following situations, among others:

Decisions of the general partner with respect to the amount and timing of cash expenditures, borrowings, issuances of additional interests and reserves in any quarter will affect whether or the extent to which there is available cash to make distributions in a given quarter.

Under the terms of the Aimco OP partnership agreement, Aimco OP will reimburse the general partner and its affiliates for costs incurred in managing and operating Aimco OP, including compensation of officers and employees.

Whenever possible, the general partner seeks to limit Aimco OP's liability under contractual arrangements to all or particular assets of Aimco OP, with the other party thereto having no recourse against the general partner or its assets.

Any agreements between Aimco OP and the general partner and its affiliates will not grant to the OP Unitholders, separate and apart from Aimco OP, the right to enforce the obligations of the general partner and such affiliates in favor of Aimco OP. Therefore, the general partner, in its capacity as the general partner of Aimco OP, will be primarily responsible for enforcing such obligations.

Under the terms of the Aimco OP partnership agreement, the general partner is not restricted from causing Aimco OP to pay the general partner or its affiliates for any services rendered on terms that are fair and reasonable to Aimco OP or entering into additional contractual arrangements with any of such entities on behalf of Aimco OP. Neither the Aimco OP partnership agreement nor any of the other agreements, contracts and arrangements between Aimco OP, on the one hand, and the general partner of Aimco OP and its affiliates, on the other, are or will be the result of arm's-length negotiations.

Provisions in the Aimco OP partnership agreement may limit the ability of a holder of OP Units to challenge actions taken by the general partner. Delaware law provides that, except as provided in a partnership agreement, a general partner owes the fiduciary duties of loyalty and care to the partnership and its limited partners. The Aimco OP partnership agreement expressly authorizes the general partner to enter into, on behalf of Aimco OP, a right of first opportunity arrangement and other conflict avoidance agreements with various affiliates of Aimco OP and the general partner, on such terms as the general partner, in its sole and absolute discretion, believes are advisable. The latitude given in the Aimco OP partnership agreement to the general partner in resolving conflicts of interest may significantly limit the ability of a holder of OP Units to challenge what might otherwise be a breach of fiduciary duty. The general partner believes, however, that such latitude is necessary and appropriate to enable it to serve as the general partner of Aimco OP without undue risk of liability.

The Aimco OP partnership agreement limits the liability of the general partner for actions taken in good faith. Aimco OP's partnership agreement expressly limits the liability of the general partner by providing that the general partner, and its officers and directors, will not be liable or accountable in damages to Aimco OP, the limited partners or assignees for errors in judgment or mistakes of fact or law or of any act or omission if the general partner or such director or officer acted in good faith. In addition, Aimco OP is required to indemnify the general partner, its affiliates and their respective officers, directors, employees and agents to the fullest extent permitted by applicable law, against

any and all losses, claims, damages, liabilities, joint or several, expenses, judgments, fines and other actions incurred by the general partner or such other persons, provided that Aimco OP will not indemnify for (i) willful misconduct or a knowing violation of the law or (ii) for any transaction for which such person received an improper personal benefit in violation or breach of any provision of the partnership agreement. The provisions of Delaware law that allow the common law fiduciary duties of a general partner to be modified by a partnership agreement have not been resolved in a court of law, and the general partner has not obtained an opinion of counsel covering the provisions set forth in the Aimco OP partnership agreement that purport to waive or restrict the

Table of Contents

fiduciary duties of the general partner that would be in effect under common law were it not for the partnership agreement.

Certain United States Tax Risks Associated with an Investment in the OP Units

The following are among the U.S. Federal income tax considerations to be taken into account in connection with an investment in OP Units. For a general discussion of material U.S. Federal income tax consequences resulting from acquiring, holding, exchanging, and otherwise disposing of OP Units, see *Material United States Federal Income Tax Considerations – Taxation of Aimco OP and OP Unitholders*.

Aimco OP may be treated as a publicly traded partnership taxable as a corporation. If Aimco OP were treated as a publicly traded partnership taxed as a corporation for U.S. Federal income tax purposes, material adverse consequences to the partners would result. In addition, Aimco would not qualify as a REIT for U.S. Federal income tax purposes, which would have a material adverse impact on Aimco and its shareholders. Aimco believes and intends to take the position that Aimco OP should not be treated as a publicly traded partnership taxable as a corporation. No assurances can be given that the Internal Revenue Service, or the IRS, would not assert, or that a court would not sustain a contrary position. Accordingly, each prospective investor is urged to consult his tax advisor regarding the classification and treatment of Aimco OP as a partnership for U.S. Federal income tax purposes.

The limited partners may recognize gain on the transaction. If an NPI limited partner receives or is deemed to receive cash or consideration other than OP Units in connection with the merger, the receipt of such cash or other consideration may be taxable to the limited partner. Subject to certain exceptions, including exceptions applicable to periodic distributions of operating cash flow, any transfer or deemed transfer of cash by Aimco OP to the limited partner (or its owners), within two years before or after the merger, including cash paid at closing, will generally be treated as part of a disguised sale. The application of the disguised sale rules is complex and depends, in part, upon the facts and circumstances applicable to the limited partner, which Aimco has not undertaken to review. Accordingly, limited partners are particularly urged to consult with their tax advisors concerning the extent to which the disguised sale rules would apply.

A contribution of appreciated or depreciated property may result in special allocations to the contributing partner. If property is contributed to Aimco OP and the adjusted tax basis of the property differs from its fair market value, then Aimco OP tax items must be specially allocated for U.S. Federal income tax purposes, in a manner chosen by Aimco OP, such that the contributing partner is charged with and recognizes the unrealized gain, or benefits from the unrealized loss, associated with the property at the time of the contribution. As a result of such special allocations, the amount of net taxable income allocated to a contributing partner may exceed the amount of cash distributions, if any, to which such contributing partner is entitled.

The Aimco OP general partner could take actions that would impose tax liability on a contributing partner. There are a variety of transactions that Aimco OP may in its sole discretion undertake following a property contribution that could cause the transferor (or its partners) to incur a tax liability without a corresponding receipt of cash. Such transactions include, but are not limited to, the sale or distribution of a particular property and a reduction in nonrecourse debt, or the making of certain tax elections by Aimco OP. In addition, future economic, market, legal, tax or other considerations may cause Aimco OP to dispose of the contributed property or to reduce its debt. As permitted by the Aimco OP partnership agreement, the general partner intends to make decisions in its capacity as general partner of Aimco OP so as to maximize the profitability of Aimco OP as a whole, independent of the tax effects on individual holders of OP Units.

An investor's tax liability from OP Units could exceed the cash distributions received on such OP Units. A holder of OP Units will be required to pay U.S. Federal income tax on such holder's allocable share of Aimco OP's income, even

if such holder receives no cash distributions from Aimco OP. No assurance can be given that a holder of OP Units will receive cash distributions equal to such holder's allocable share of taxable income from Aimco OP or equal to the tax liability to such holder resulting from that income. Further, upon the sale, exchange or redemption

Table of Contents

of any OP Units, a reduction in nonrecourse debt, or upon the special allocation at the liquidation of Aimco OP, an investor may incur a tax liability in excess of the amount of cash received.

OP Unitholders may be subject to state, local or foreign taxation. OP Unitholders may be subject to state, local or foreign taxation in various jurisdictions, including those in which Aimco OP transacts business and owns property. It should be noted that Aimco OP owns properties located in a number of states and local jurisdictions, and an OP Unitholder may be required to file income tax returns in some or all of those jurisdictions. The state, local or foreign tax treatment of OP Unitholders may not conform to the U.S. federal income tax consequences of an investment in OP Units, as described in *Material United States Federal Income Tax Considerations* beginning on page 66.

Table of Contents**SELECTED SUMMARY HISTORICAL FINANCIAL DATA OF
APARTMENT INVESTMENT AND MANAGEMENT COMPANY**

The following table sets forth Aimco's selected summary historical financial data as of the dates and for the periods indicated. Aimco's historical consolidated statements of operations data set forth below for each of the five fiscal years in the period ended December 31, 2010 and the historical consolidated balance sheet data for each of the five fiscal year-ends in the period ended December 31, 2010, are derived from information included in Aimco's Current Report on Form 8-K filed with the SEC on July 28, 2011. Aimco's unaudited historical consolidated statements of operations data set forth below for each of the three months ended March 31, 2011 and 2010, and the unaudited historical consolidated balance sheet data as of March 31, 2011, are derived from information included in Aimco's Quarterly Report on Form 10-Q for the quarter ended March 31, 2011, filed with the SEC on April 29, 2011.

You should read this information together with Management's Discussion and Analysis of Financial Condition and Results of Operations and with the consolidated financial statements and notes to the consolidated financial statements included in Aimco's Current Report on Form 8-K filed with the SEC on July 28, 2011, and Aimco's Quarterly Report on Form 10-Q for the quarter ended March 31, 2011, filed with the SEC on April 29, 2011, which are incorporated by reference in this information statement/prospectus. See Where You Can Find Additional Information in this information statement/prospectus.

Table of Contents**COMPARATIVE PER SHARE DATA**

Aimco common stock trades on the NYSE under the symbol AIV. The OP Units are not listed on any securities exchange and do not trade in an active secondary market. However, as described below, the trading price of Aimco common stock is considered a reasonable estimate of the fair market value of an OP Unit. After a one-year holding period, OP Units are redeemable for shares of Aimco common stock (on a one-for-one basis) or cash equal to the value of such shares, as Aimco elects. As a result, the trading price of Aimco common stock is considered a reasonable estimate of the fair market value of an OP Unit. The number of OP Units offered in the merger with respect to each NPI Unit was calculated by dividing the per unit cash merger consideration by the average closing price of Aimco common stock, as reported on the NYSE over the ten consecutive trading days ending on the second trading day immediately prior to the consummation of the merger. The closing price of Aimco common stock as reported on the NYSE on July 27, 2011, the last trading day before the merger agreement was entered into, was \$26.80.

The NPI Units are not listed on any securities exchange nor do they trade in an active secondary market. The per unit cash merger consideration payable to each holder of NPI Units is greater than the General Partner's estimate of the proceeds that would be available for distribution to limited partners (following the repayment of debt and other liabilities of NPI) if its property was sold at a price equal to its appraised value, given that the General Partner did not deduct certain amounts that would be payable upon an immediate sale of the partnership's property, such as prepayment penalties on the mortgage debt of such property.

The following tables summarize the historical per share/unit information for Aimco, Aimco OP and NPI for the periods indicated:

	Three Months Ended March 31, 2011	2010	Fiscal Year Ended December 31,	
			2009	2008
Cash dividends declared per share/unit				
Aimco Common Stock	\$ 0.12	\$ 0.30	\$ 0.40	\$ 2.40
Aimco OP Units	0.12	0.30	0.40	2.40
NPI Units			9.48	176.47
(Loss) income per common share/unit from continuing operations				
Aimco Common Stock	\$ (0.30)	\$ (1.47)	\$ (1.78)	\$ (2.10)
Aimco OP Units	(0.30)	(1.46)	(1.77)	(1.95)
NPI Units	(0.83)	(3.98)	(4.68)	6.30

	March 31, 2011	December 31, 2010
Book value per share/unit		
Aimco Common Stock(1)	\$ 8.52	\$ 8.89
Aimco OP Units(2)	7.78	8.18
NPI Units(3)	(648.00)	(647.16)

- (1) Based on 119.1 million and 117.6 million shares of Aimco common stock outstanding at March 31, 2011 and December 31, 2010, respectively.
- (2) Based on 127.6 million and 126.1 million Aimco OP Units and equivalents outstanding at March 31, 2011 and December 31, 2010, respectively.
- (3) Based on 60,005 limited partner units outstanding at March 31, 2011 and December 31, 2010.

Table of Contents

INFORMATION ABOUT THE AIMCO ENTITIES

Aimco is a Maryland corporation incorporated on January 10, 1994. Aimco is a self-administered and self-managed real estate investment trust, or REIT. Aimco's principal financial objective is to provide predictable and attractive returns to its stockholders. Aimco's business plan to achieve this objective is to:

own and operate a broadly diversified portfolio of primarily class B/B+ assets (defined below) with properties concentrated in the 20 largest markets in the United States (as measured by total apartment value, which is the estimated total market value of apartment properties in a particular market);

improve its portfolio by selling assets with lower projected returns and reinvesting those proceeds through the purchase of new assets or additional investment in existing assets in its portfolio, including increased ownership or redevelopment; and

provide financial leverage primarily by the use of non-recourse, long-dated, fixed-rate property debt and perpetual preferred equity.

As of March 31, 2011, Aimco:

owned an equity interest in 218 conventional real estate properties with 68,645 units;

owned an equity interest in 217 affordable real estate properties with 25,246 units; and

provided services for or managed 15,460 units in 213 properties, primarily pursuant to long-term asset management agreements. In certain cases, Aimco may indirectly own generally less than one percent of the operations of such properties through a syndication or other fund.

Of these properties, Aimco consolidated 216 conventional properties with 67,341 units and 171 affordable properties with 20,913 units.

For conventional assets, Aimco focuses on the ownership of primarily B/B+ assets. Aimco measures conventional property asset quality based on average rents of its units compared to local market average rents as reported by a third-party provider of commercial real estate performance and analysis, with A-quality assets earning rents greater than 125% of local market average, B-quality assets earning rents 90% to 125% of local market average and C-quality assets earning rents less than 90% of local market average. Aimco classifies as B/B+ those assets earning rents ranging from 100% to 125% of local market average. Although some companies and analysts within the multifamily real estate industry use asset class ratings of A, B and C, some of which are tied to local market rent averages, the metrics used to classify asset quality as well as the timing for which local markets rents are calculated may vary from company to company. Accordingly, Aimco's rating system for measuring asset quality is neither broadly nor consistently used in the multifamily real estate industry.

Through its wholly-owned subsidiaries, AIMCO-GP, Inc., the general partner of Aimco OP, and AIMCO-LP Trust, Aimco owns a majority of the ownership interests in Aimco OP. As of March 31, 2011, Aimco held approximately 93% of the OP Units and equivalents of Aimco OP. Aimco conducts substantially all of its business and owns substantially all of its assets through Aimco OP. Interests in Aimco OP that are held by limited partners other than Aimco include OP Units, high performance partnership units, or HPUs, and partnership preferred units. The holders of the OP Units receive distributions, prorated from the date of issuance, in an amount equivalent to the dividends paid to

holders of Aimco common stock. Holders of OP Units may redeem such units for cash or, at Aimco OP's option, Aimco common stock. Partnership preferred units entitle the holders thereof to a preference with respect to distributions or upon liquidation. At March 31, 2011, after elimination of shares held by consolidated subsidiaries, 119,135,455 shares of Aimco common stock were outstanding and Aimco OP had 8,438,716 OP Units and equivalents outstanding for a combined total of 127,574,171 shares of Aimco common stock, OP Units and equivalents outstanding.

Through its wholly-owned subsidiary, AIMCO/IPT, Inc., a Delaware corporation, Aimco owns all of the outstanding common stock of the General Partner.

Table of Contents

AIMCO/IPT, Inc. holds a 70% interest in AIMCO IPLP, L.P. as its general partner. AIMCO/IPT, Inc. and AIMCO IPLP, L.P. share voting and dispositive power over 36,977 NPI Units, or approximately 61.62% of the outstanding NPI Units. Aimco OP holds a 30% interest in AIMCO IPLP, L.P. as its limited partner.

AIMCO NPI 4 Merger Sub LLC, or the Aimco Subsidiary, is a Delaware limited liability company formed on July 26, 2011, for the purpose of consummating the merger with NPI. The Aimco Subsidiary is a direct wholly-owned subsidiary of Aimco OP. The Aimco Subsidiary has not carried on any activities to date, except for activities incidental to its formation and activities undertaken in connection with the transactions contemplated by the merger agreement.

The names, positions and business addresses of the directors and executive officers of Aimco, Aimco OP, AIMCO-GP, Inc., AIMCO/IPT, AIMCO IPLP, L.P., the General Partner and the Aimco Subsidiary, as well as a biographical summary of the experience of such persons for the past five years or more, are set forth on Annex E attached hereto and are incorporated in this information statement/prospectus by reference. During the last five years, none of Aimco, Aimco-GP, AIMCO/IPT, Inc., AIMCO IPLP, L.P., Aimco OP, NPI or the General Partner nor, to the best of their knowledge, any of the persons listed in Annex E of this information statement/prospectus (i) has been convicted in a criminal proceeding (excluding traffic violations or similar misdemeanors) or (ii) was a party to a civil proceeding of a judicial or administrative body of competent jurisdiction and as a result of such proceeding was or is subject to a judgment, decree or final order enjoining further violations of or prohibiting activities subject to federal or state securities laws or finding any violation with respect to such laws. Additional information about Aimco is included in documents incorporated by reference into this information statement/prospectus. Additional information about Aimco OP is included in Annex H, Annex I, and Annex J to this information statement/prospectus. See Where You Can Find Additional Information.

The following chart represents the organizational structure of the Aimco Entities:

Table of Contents**INFORMATION ABOUT NATIONAL PROPERTY INVESTORS 4**

National Property Investors 4 is a California limited partnership organized in July 1980. During 1981, NPI commenced a public offering for the sale of 70,000 limited partnership units. A total of 60,005 units of the limited partnership were issued for \$500 each, for an aggregate capital contribution of \$30,002,500. In addition, the general partner contributed a total of \$1,000 to NPI. Since its initial offering, NPI has not received, nor are limited partners required to make, additional capital contributions. NPI's partnership agreement provides that the partnership is to terminate on December 31, 2022 unless terminated prior to such date. The General Partner is a wholly-owned subsidiary of Aimco.

NPI was organized for the purpose of operating and holding real estate properties for investment. At March 31, 2011, NPI owned and operated one property, the Village of Pennbrook Apartments, a 722 unit apartment project located in Falls Township, Pennsylvania.

The average annual rental rates for each of the five years ended December 31, 2010 for the property are as follows:

Property	Average Annual Rental Rates				
	2010	2009	2008	2007	2006
Village of Pennbrook Apartments	\$ 11,385/unit	\$ 11,812/unit	\$ 12,030/unit	\$ 11,905/unit	\$ 11,515/unit

The average occupancy for each of the five years ended December 31, 2010 and for the three months ended March 31, 2011 and 2010 for the property is as follows:

Property	Average Occupancy						
	For the Three Months		For the Years Ended December 31,				
	Ended March 31, 2011	2010	2010	2009	2008	2007	2006
Village of Pennbrook Apartments	97 %	97 %	96 %	92 %	96 %	95 %	97 %

The real estate industry is highly competitive. NPI's property is subject to competition from other residential apartment complexes in the area. The General Partner believes that the property is adequately insured. The property is an apartment complex which leases units for terms of one year or less. No tenant leases 10% or more of the available rental space.

In February 2009, the Village of Pennbrook Apartments incurred damages as a result of heavy rain. The property suffered damages of approximately \$15,000. Insurance proceeds of approximately \$15,000 were received during the year ended December 31, 2009 to cover the damages. After writing off the fully depreciated cost of the damaged assets, NPI recognized a casualty gain of approximately \$15,000 for the year ended December 31, 2009.

In February 2010, the Village of Pennbrook Apartments experienced damages from a snow storm of approximately \$11,000. During the year ended December 31, 2010, NPI received insurance proceeds of approximately \$9,000. NPI recognized a casualty gain of approximately \$9,000 during the year ended December 31, 2010 as the associated assets were fully depreciated.

In April 2010, the Village of Pennbrook Apartments experienced damages from a fire. The estimated damages were approximately \$44,000. During the year ended December 31, 2010, NPI received insurance proceeds of approximately \$37,000 to cover the damages. After writing off the fully depreciated cost of the damaged assets, NPI recognized a casualty gain of approximately \$37,000 during the year ended December 31, 2010.

During the year ended December 31, 2010, NPI completed approximately \$617,000 of capital improvements at the Village of Pennbrook Apartments, consisting primarily of construction related to the casualties discussed above, building improvements and appliance, water heater, air conditioning unit and floor covering replacements. These improvements were funded from operating cash flow. During the three months ended March 31, 2011, NPI completed approximately \$57,000 of capital improvements at the Village of Pennbrook Apartments, consisting primarily of building improvements and appliance, water heater and floor covering replacements. These improvements were funded from operating cash flow. NPI regularly evaluates the capital improvement needs of the

Table of Contents

property. While NPI has no material commitments for property improvements and replacements, certain routine capital expenditures are anticipated during the remainder of 2011. Such capital expenditures will depend on the physical condition of the property as well as anticipated cash flow generated by the property. The property is in good condition, subject to normal depreciation and deterioration as is typical for assets of this type and age.

Capital expenditures will be incurred only if cash is available from operations, NPI reserves or advances from Aimco OP, although Aimco OP does not have an obligation to fund such advances. To the extent that capital improvements are completed, NPI's distributable cash flow, if any, may be adversely affected at least in the short term.

The following table sets forth certain information relating to the mortgages encumbering the Village of Pennbrook Apartments at March 31, 2011:

	Principal, Balance at March 31, 2011 (In thousands)	Interest Rate(1)	Period Amortized	Maturity Date	Principal Balance Due at Maturity(2) (In thousands)
1 st mortgage	\$ 24,974	7.06%	360 months	09/01/21	\$ 19,515
2 nd mortgage	12,989	6.32%	360 months	09/01/21	10,561
3 rd mortgage	9,681	6.62%	360 months	09/01/21	7,783
	\$ 47,644				\$ 37,859

(1) Fixed rate mortgages.

(2) See Note C Mortgage Notes Payable to the financial statements included in Item 8. Financial Statements and Supplementary Data in NPI's Annual Report on Form 10-K for the year ended December 31, 2010 attached hereto as Annex F for information with respect to NPI's ability to prepay these mortgages and other specific details about the mortgages.

The mortgage notes payable are fixed rate mortgages that are non-recourse and are secured by pledges of NPI's rental property and by pledges of revenues from the rental property. The mortgage notes payable include prepayment penalties if repaid prior to maturity. Further, the property may not be sold subject to existing indebtedness.

Distributions to Limited Partners

The NPI Units are entitled to allocations of profit and loss, and distributions, relating to NPI's interest in the Village of Pennbrook Apartments. As of July 21, 2011, there were 60,005 NPI Units outstanding, and Aimco OP and its affiliates owned 47,850 of those units, or approximately 79.74% of those units.

NPI distributed the following amounts during the years ended December 31, 2010 and 2009 (in thousands except per unit data):

	Year Ended December 31, 2010		Year Ended December 31, 2009	
	Aggregate	Per Limited Partnership Unit	Aggregate	Per Limited Partnership Unit
Operations	\$	\$	\$ 575	\$ 9.48

NPI made no distributions during the three months ended March 31, 2011 and 2010.

Future cash distributions will depend on the levels of net cash generated from operations, the timing of debt maturities, property sales and/or refinancings. NPI's cash available for distribution is reviewed on a monthly basis. There can be no assurance, however, that NPI will generate sufficient funds from operations, after planned capital improvement expenditures and repayment of amounts due to affiliates, to permit any distributions to its partners in the remainder of 2011 or subsequent periods.

Table of Contents

Certain Relationships and Related Transactions

NPI has no employees and depends on the General Partner and its affiliates for the management and administration of all partnership activities. The NPI partnership agreement provides that the General Partner and its affiliates receive certain payments for services and reimbursement of certain expenses incurred on behalf of NPI.

The NPI partnership agreement also provides that the General Partner and its affiliates receive 5% of gross receipts from NPI's property as compensation for providing property management services. NPI paid to such affiliates approximately \$445,000 for each of the years ended December 31, 2010 and 2009, and approximately \$112,000 for each of the three months ended March 31, 2011 and 2010.

Affiliates of the General Partner charged NPI for reimbursement of accountable administrative expenses amounting to approximately \$126,000 and \$183,000 for the years ended December 31, 2010 and 2009, respectively. A portion of these reimbursements for these periods are for construction management services provided by an affiliate of the General Partner of approximately \$43,000 and \$102,000 for the years ended December 31, 2010 and 2009, respectively. At December 31, 2010, approximately \$35,000 of accountable administrative expenses were owed by NPI to affiliates of the General Partner.

Affiliates of the General Partner charged NPI for reimbursement of accountable administrative expenses amounting to approximately \$26,000 and \$38,000 for the three months ended March 31, 2011 and 2010, respectively. A portion of these reimbursements for these periods are for construction management services provided by an affiliate of the General Partner of approximately \$7,000 and \$16,000 for the three months ended March 31, 2011 and 2010, respectively. At March 31, 2011, approximately \$52,000 of accountable administrative expenses were owed by NPI to affiliates of the General Partner.

For services relating to the administration of NPI and operation of NPI's property, the General Partner is entitled to receive payment for non-accountable expenses up to a maximum of \$100,000 per year based upon the number of NPI Units sold, subject to certain limitations. The General Partner received approximately \$19,000 from NPI for the year ended December 31, 2009. No such reimbursements were made during the year ended December 31, 2010 or during the three months ended March 31, 2011 or 2010.

In addition to the amounts discussed above, as compensation for services rendered in managing NPI, the General Partner is entitled to receive a Partnership Management Fee in conjunction with distributions of cash flows from operations, subject to certain limitations. During the year ended December 31, 2009, approximately \$31,000 was paid in conjunction with the distributions from operations. There were no such fees paid in the year ended December 31, 2010 or during the three months ended March 31, 2011 or 2010, as there were no distributions from operations during those periods.

Under the terms of NPI's partnership agreement, upon the sale of NPI's property, the General Partner is entitled to an incentive compensation fee equal to a percentage of the difference between the sale price of the property and the appraised value of the property at February 1, 1992. Payment of the incentive compensation fee is subordinate to the receipt by the limited partners, of: (a) distributions from sales or refinancing transaction proceeds of an amount equal to the net tangible asset value of NPI at December 31, 1991, and (b) distributions from all sources (sales or refinancing transactions as well as cash flow) of an amount equal to six percent (6%) per annum cumulative, non-compounded, on the net tangible asset value of NPI at December 31, 1991. Prior to 2009, these preferences were met. The amount of this fee was deducted in determining the amount of the merger consideration as described in The Merger Agreement Determination of Merger Consideration.

NPI may receive advances of funds from Aimco OP, an affiliate of the General Partner, although Aimco OP is not obligated to fund such advances. During the years ended December 31, 2010 and 2009, the Partnership received advances of approximately \$655,000 and \$566,000 respectively, from Aimco OP to fund operations at the Village of Pennbrook Apartments. There were no such advances during the three months ended March 31, 2011 or 2010. The advances bear interest at the prime rate plus 2% (5.25% at March 31, 2011) per annum. Interest expense was approximately \$31,000 and \$10,000 for the years ended December 31, 2010 and 2009, respectively. Interest expense was approximately \$6,000 for both the three months ended March 31, 2011 and 2010. During the years ended December 31, 2010 and 2009, NPI repaid \$641,000 and \$71,000, respectively, of advances and accrued

Table of Contents

interest. During the three months ended March 31, 2011, NPI repaid \$250,000 of principal and accrued interest. There were no repayments during the three months ended March 31, 2010. At March 31, 2011, the total advances and accrued interest owed to Aimco OP was approximately \$306,000. At December 31, 2010, the total advances and accrued interest owed to Aimco OP was approximately \$550,000. During the three months ended March 31, 2011, NPI repaid \$250,000 of advances and accrued interest. NPI may receive additional advances of funds from Aimco OP although Aimco OP is not obligated to provide such advances.

NPI insures its property up to certain limits through coverage provided by Aimco, which is generally self-insured for a portion of losses and liabilities related to workers' compensation, property casualty, general liability and vehicle liability. NPI insures its property above the Aimco limits through insurance policies obtained by Aimco from insurers unaffiliated with the General Partner. During the years ended December 31, 2010 and 2009, NPI was charged by Aimco and its affiliates approximately \$149,000 and \$111,000, respectively, for insurance coverage and fees associated with policy claims administration. During the three months ended March 31, 2011, NPI was charged by Aimco and its affiliates approximately \$54,000 for insurance coverage and fees associated with policy claims administration. Additional charges will be incurred by NPI during 2011 as other insurance policies renew later in the year.

In addition to its indirect ownership of the general partner interests in NPI, Aimco and its affiliates owned 47,850 NPI Units representing approximately 79.74% of the number of NPI Units outstanding, at July 21, 2011. Pursuant to the NPI partnership agreement, limited partners holding a majority of the units are entitled to take action with respect to a variety of matters that include voting on certain amendments to the NPI partnership agreement and voting to remove the General Partner. As a result of its ownership of 79.74% of the outstanding NPI Units, Aimco and its affiliates are in a position to influence all such voting decisions with respect to NPI. However, with respect to the 26,466 NPI Units acquired on January 19, 1996, AIMCO IPLP, L.P., an affiliate of the General Partner and of Aimco, or AIMCO-IPLP, agreed to vote such NPI Units: (i) against any increase in compensation payable to the General Partner or to its affiliates; and (ii) on all other matters submitted by it or its affiliates, in proportion to the votes cast with respect to NPI Units not subject to this voting restriction. Except for the foregoing, no other limitations are imposed on AIMCO-IPLP's, Aimco's or any other affiliates' right to vote each NPI Unit held. Although the General Partner owes fiduciary duties to NPI's limited partners, it also owes fiduciary duties to its sole stockholder, which is wholly-owned by Aimco. As a result, the duties of the General Partner to NPI and its limited partners may come into conflict with the duties of the General Partner to its sole stockholder.

Directors, Executive Officers and Corporate Governance

NPI has no directors or executive officers of its own. The names and ages of, as well as the positions and offices held by, the present directors and officers of the General Partner as of March 31, 2011 are set forth in Annex E to this information statement/prospectus. One or more of those persons are also directors and/or officers of a general partner (or general partner of a general partner) of limited partnerships which either have a class of securities registered pursuant to Section 12(g) of the Exchange Act, or are subject to the reporting requirements of Section 15(d) of the Exchange Act. Further, one or more of those persons are also officers of Aimco and the general partner of Aimco OP, entities that have a class of securities registered pursuant to Section 12(g) of the Exchange Act, or are subject to the reporting requirements of Section 15(d) of the Exchange Act. There are no family relationships between or among any officers or directors. No remuneration was paid to NPI nor its directors or officers during the year ended December 31, 2010 or the three months ended March 31, 2011.

The board of directors of the General Partner does not have a separate audit committee. As such, the board of directors of the General Partner fulfills the functions of an audit committee. The board of directors has determined that Steven D. Cordes meets the requirement of an audit committee financial expert.

The directors and officers of the General Partner with authority over NPI are all employees of subsidiaries of Aimco. Aimco has adopted a code of ethics that applies to such directors and officers that is posted on Aimco's website (www.aimco.com). Aimco's website is not incorporated by reference to this filing.

Security Ownership of Certain Beneficial Owners and Management

The General Partner owns all of the outstanding general partner interests in NPI, which constitute 1% of the total interests in the partnership. NPI has no directors or executive officers of its own. The General Partner is a

Table of Contents

Florida corporation, which is indirectly wholly-owned by Aimco. None of the General Partner or any of its directors or executive officers owns any of the NPI Units. The following table sets forth certain information as of July 21, 2011 with respect to the ownership by any person (including any group, as that term is used in Section 13(d)(3) of the Exchange Act) known to us to be the beneficial owner of more than 5% of the NPI Units.

Entity Name and Address	Approximate Number of Units	Approximate Percent of Class
Apartment Investment and Management Company(1) 4582 South Ulster Street Parkway, Suite 1100 Denver, CO 80237	47,850(2)	79.74%
AIMCO-GP, Inc.(1) 4582 South Ulster Street Parkway, Suite 1100 Denver, CO 80237	47,850(2)	79.74%
AIMCO Properties, L.P.(1) 4582 South Ulster Street Parkway, Suite 1100 Denver, CO 80237	47,850(2)	79.74%
AIMCO IPLP, L.P.(3) 4582 South Ulster Street Parkway, Suite 1100 Denver, CO 80237	36,977(4)	61.62%
AIMCO/IPT, Inc.(3) 4582 South Ulster Street Parkway, Suite 1100 Denver, CO 80237	36,977(4)	61.62%
IPLP Acquisition I, LLC(5) 4582 South Ulster Street Parkway, Suite 1100 Denver, CO 80237	4,452	7.42%

(1) AIMCO-GP, Inc., a Delaware corporation, is the sole general partner of AIMCO Properties, L.P., and owns approximately a 1% general partner interest in AIMCO Properties, L.P. AIMCO-GP, Inc. is wholly-owned by Apartment Investment and Management Company. As of July 21, 2011, AIMCO-LP Trust, a Delaware trust wholly-owned by Apartment Investment and Management Company, owns approximately a 94% interest in the OP Units and equivalents of AIMCO Properties, L.P.

(2) AIMCO Properties, L.P., AIMCO-GP, Inc. and Apartment Investment and Management Company share voting and dispositive power over 47,850 NPI Units, representing approximately 79.74% of such units. AIMCO-GP, Inc. holds its NPI Units, directly or indirectly, as nominee for AIMCO Properties, L.P. and so AIMCO Properties, L.P. may be deemed the beneficial owner of the NPI Units held by AIMCO-GP, Inc. Apartment Investment and Management Company may be deemed the beneficial owner of the NPI Units held by AIMCO Properties, L.P. and AIMCO-GP, Inc. by virtue of its indirect ownership or control of these entities.

- (3) AIMCO/IPT, Inc., is wholly-owned by Aimco and holds a 70.0% interest in AIMCO IPLP, L.P. as its general partner. AIMCO Properties, L.P. holds a 30% interest in AIMCO IPLP, L.P. as the limited partner.
- (4) AIMCO IPLP, L.P. and AIMCO/IPT, Inc. share voting and dispositive power over 36,977 NPI Units, representing approximately 61.62% of the class, including the 4,452 NPI Units held by IPLP Acquisition I, LLC.
- (5) IPLP Acquisition I, LLC is a wholly-owned subsidiary of AIMCO IPLP, L.P.

Additional Information

For additional information about NPI and its property and operating data related to this property, see NPI's Annual Report on Form 10-K for the year ended December 31, 2010, attached hereto as Annex F and NPI's Quarterly Report on Form 10-Q for the quarter ended March 31, 2011, attached hereto as Annex G.

Table of Contents

THE TRANSACTIONS

Background of the Transactions

The General Partner regularly evaluates NPI's property by considering various factors, such as NPI's financial position and real estate and capital markets conditions. The General Partner monitors the property's specific locale and sub-market conditions (including stability of the surrounding neighborhood), evaluating current trends, competition, new construction and economic changes. It oversees the operating performance of the property and continuously evaluates the physical improvement requirements. In addition, the financing structure for the property (including any prepayment penalties), tax implications to limited partners, availability of attractive mortgage financing to a purchaser, and the investment climate are all considered. Any of these factors, and possibly others, could potentially contribute to any decision by the General Partner to sell, refinance, upgrade with capital improvements or hold NPI's property.

After taking into account the foregoing considerations, in July 2009, NPI entered into a purchase and sale contract with a third party to sell the Village of Pennbrook Apartments. This purchase and sale contract was terminated by the parties in the August 2009. The amount of the overall purchase price for the Village of Pennbrook Apartments under the July 2009 terminated purchase and sale contract was \$62,010,000. In July 2010, NPI solicited preliminary offers from third parties interested in acquiring the Village of Pennbrook Apartments. NPI received non-binding preliminary offers that ranged from approximately \$55,000,000 to approximately \$64,000,000. The General Partner determined at the time that those offers were not acceptable, and was unable to find a third party buyer that was willing to buy the property at a price that was acceptable to the General Partner.

During January 2011, officers of the General Partner, who are also officers of Aimco, met several times to discuss strategic alternatives for NPI and its property. During these meetings, they considered the costs of maintaining NPI's current ownership structure, including audit, tax and SEC reporting costs, given Aimco OP's ownership of 79.74% of the NPI Units. The participants also noted that NPI has been operating at a loss for two of the last three years. Since January 1, 2009, Aimco OP has advanced approximately \$1,222,000 to NPI to help fund NPI's operating expenses (and NPI has repaid Aimco OP approximately \$962,000 of such advances during such period). In light of the amounts already owed to Aimco OP, and NPI's continuing losses, the officers concluded that additional loans from Aimco OP would be unlikely.

After considering all of these factors, the General Partner agreed to explore the possibility of Aimco OP acquiring the Village of Pennbrook Apartments through a transaction that would provide the unaffiliated limited partners with the opportunity to defer taxable gain through an exchange of NPI Units for OP Units.

During January and February of 2011, the General Partner's management sought advice from outside counsel to determine whether a transaction would be feasible that would result in Aimco OP's ownership of the Village of Pennbrook Apartments while also providing potential tax deferral to limited partners who are unaffiliated with Aimco OP. At the same time, they spoke with appraisers regarding the possibility of appraising the property for purposes of evaluating a potential transaction with Aimco OP. The General Partner engaged KTR on February 11, 2011 to appraise the Village of Pennbrook Apartments. KTR delivered the appraisal for the Village of Pennbrook Apartments on March 17, 2011. Pursuant to this appraisal, KTR valued the property at \$65,800,000 as of March 9, 2011.

Over the following weeks, the General Partner's management reviewed the appraisal report and discussed both KTR's assumptions and its valuation of the property and determined that KTR's assumptions were reasonable and the valuation appropriate. As part of their review, they considered the fiduciary duties owed by the General Partner to

unaffiliated limited partners, as well as the property's appraised value, and the amount of indebtedness secured by the property, which at March 31, 2011 was approximately \$47.6 million.

In April and May 2011, the General Partner's management further discussed with outside counsel the possibility of pursuing a transaction that would result in Aimco's ownership of the Village of Pennbrook Apartments. In connection with these discussions, Aimco OP and the General Partner agreed that, if they were to pursue such a transaction, they should consider retaining an independent financial advisor to opine as to the fairness of such transaction to the unaffiliated limited partners of NPI.

Table of Contents

In May 2011, the General Partner's management, together with outside counsel, conducted interviews with representatives of Duff & Phelps and two other financial advisory firms. On June 10, 2011, Aimco OP engaged Duff & Phelps to provide a fairness opinion with respect to the merger and for other possible merger transactions. In the following weeks, Duff & Phelps had due diligence calls with the General Partner's management and received due diligence materials in response to its diligence requests.

On June 8, 2011, at the request of Aimco OP and the General Partner, KTR delivered an updated appraisal for the Village of Pennbrook Apartments, pursuant to which it valued the property at \$66,000,000, as of June 1, 2011. The General Partner's management reviewed and discussed the updated appraisal report and calculated the merger consideration based on this updated appraisal.

On July 28, 2011, Duff & Phelps delivered its written opinion to the general partners of Aimco OP and NPI to the effect that, as of July 28, 2011, and based on and subject to the various assumptions made, procedures followed, factors considered, and qualifications and limitations on the review undertaken by Duff & Phelps in connection with its opinion, the cash consideration in the merger is fair, from a financial point of view, to the unaffiliated limited partners of NPI.

On July 28, 2011, the General Partner considered the amendment, conversion and merger and decided to approve the merger agreement and amendment. Before doing so, the General Partner and the Aimco Entities considered a number of possible alternatives to the proposed transactions, as described in greater detail in this information statement/prospectus. However, the General Partner and the Aimco Entities ultimately determined that the proposed amendment, conversion and merger are in the best interests of NPI and its unaffiliated limited partners that hold NPI Units.

Amendment to Partnership Agreement

Prior to consummating the transactions contemplated by the merger agreement, NPI's partnership agreement will be amended to (i) eliminate the prohibition on transactions between NPI, on the one hand, and its general partners and their affiliates, on the other, and (ii) authorize the General Partner to complete the conversion and merger described below without any further action by the limited partners. The proposed amendment to NPI's partnership agreement is included in this information statement/prospectus as Annex B.

Determination of Merger Consideration

In the merger, each NPI Unit outstanding immediately prior to consummation of the merger will be converted into the right to receive, at the election of the holder of such NPI Unit, either \$195.27 in cash or equivalent value in OP Units, except in those jurisdictions where the law prohibits the offer of OP Units in this transaction (or registration or qualification would be prohibitively costly). Because Aimco indirectly owns the General Partner, the merger consideration has not been determined in an arm's-length negotiation. In order to arrive at a fair consideration, KTR, an independent real estate appraisal firm, was engaged to perform a complete appraisal of NPI's sole property, the Village of Pennbrook Apartments. For more detailed information about the independent appraiser's determination of the estimated value of the property, see Special Factors - The Appraisal. The per unit cash merger consideration payable to each holder of NPI Units is greater than the General Partner's estimate of the proceeds that would be available for distribution to limited partners (following the repayment of debt and other liabilities of NPI) if the property was sold at a price equal to its appraised value. The General Partner did not deduct certain amounts that would be payable upon an immediate sale of the partnership's property, such as prepayment penalties on the mortgage debt of the property. The estimated prepayment penalty would have been approximately \$14,093,700. The General Partner calculated the equity of the partnership by (i) adding to the appraised value the value of any other non-real estate assets of NPI that would not be included in the appraisal; and (ii) deducting all liabilities, including the market

value of mortgage debt, debt owed to the General Partner or its affiliates, accounts payable and accrued expenses and certain other costs. The amount of liabilities deducted includes an estimate of

Table of Contents

\$288,800 for expenses attributable to the property that would be incurred prior to the transactions but payable after the transactions. This calculation, which is summarized below, resulted in per unit cash merger consideration of \$195.27.

Appraised value of the Village of Pennbrook Apartments	\$ 66,000,000
Plus: Cash and cash equivalents	168,449
Plus: Other assets	355,654
Less: Mortgage debt, including accrued interest	(47,804,458)
Less: Mark-to-market adjustment(1)	(4,362,770)
Less: Loans from affiliates of the general partner	(308,490)
Less: Payables owed to the General Partner and/or affiliates	(64,462)
Less: Incentive Compensation Fee allocable to General Partner	(1,298,100)
Less: Accounts payable and accrued expenses owed to third parties	(159,341)
Less: Other liabilities(2)	(520,692)
Less: Estimated trailing payables	(288,800)
 Net partnership equity	 \$ 11,716,990
Percentage of net partnership equity allocable to limited partners	100%
 Net partnership equity allocable to limited partners	 \$ 11,716,990
Total number of Units	60,005
 Cash consideration per unit	 \$ 195.27

(1) The mark-to-market adjustment reflects the difference between the outstanding amount of the mortgage debt and its market value as of May 31, 2011. The market value was calculated as the present value of the remaining required payments under the loan through maturity, discounted at 5.48%, which we believe is an appropriate market rate based on our analysis of interest rates for selected loans of a similar type, leverage and duration.

(2) Consists primarily of security deposits paid by tenants of the property.

The number of OP Units offered per NPI Unit was calculated by dividing the per unit cash merger consideration by the average closing price of Aimco common stock, as reported on the NYSE, over the ten consecutive trading days ending on the second trading day immediately prior to the consummation of the merger. Although there is no public market for OP Units, after a one-year holding period, each OP Unit is generally redeemable for cash in an amount equal to the value of one share of Aimco common stock at the time, subject to Aimco's right to acquire each OP Unit in exchange for one share of Aimco common stock (subject to antidilution adjustments). Therefore, the General Partner considers the trading price of Aimco common stock to be a reasonable estimate of the fair market value of an OP Unit. As of July 21, 2011, the average closing price of Aimco common stock over the preceding ten consecutive trading days was \$26.98, which would have resulted in OP Unit consideration of 7.24 OP Units per NPI Unit.

Conflicts of Interest

The General Partner is indirectly wholly-owned by Aimco. Therefore, it has a conflict of interest with respect to the transactions. The General Partner has fiduciary duties to its sole stockholder, which is wholly-owned by Aimco, on the one hand, and to NPI and its limited partners, on the other hand. The duties of the General Partner to NPI and its limited partners conflict with its duties to its sole stockholder, which could result in the General Partner approving a

transaction that is more favorable to Aimco than might be the case absent such conflict of interest. The General Partner's desire to seek the best possible terms for NPI's limited partners conflicts with Aimco's interest in obtaining the best possible terms for Aimco OP.

Table of Contents

Future Plans for the Property

After the transactions, Aimco OP will be the sole limited partner in New NPI, and will own all of the outstanding limited partnership interests of New NPI. The General Partner will continue to be the General Partner of New NPI after the transactions, and NPI's partnership agreement in effect immediately prior to the conversion and merger will be adopted as the partnership agreement of New NPI, with the following changes: (i) references therein to the California Act will be amended to refer to the Delaware Act; (ii) a description of the conversion and merger will be added; and (iii) the name of the partnership will be National Property Investors 4, LP. Aimco OP intends to retain the limited partnership interests of New NPI after the conversion and merger. After the conversion and merger, Aimco will evaluate the capital improvement needs of the Village of Pennbrook Apartments, and anticipates making certain routine capital expenditures with respect to the property during 2011.

Material United States Federal Income Tax Consequences of the Transactions

For a discussion of the material U.S. federal income tax consequences of the transactions, see Material United States Federal Income Tax Considerations United States Federal Income Tax Consequences Relating to the Transactions.

Regulatory Matters

No material federal or state regulatory requirements must be satisfied or approvals obtained in connection with the transactions, except (1) filing a registration statement that includes this information statement/prospectus with the SEC and obtaining the SEC's declaration that the registration statement is effective under the Securities Act, (2) registration or qualification of the issuance of OP Units under state securities laws, and (3) filing certificates of conversion and merger with the Secretary of State of the State of Delaware and the Secretary of State of the State of California.

Accounting Treatment of the Transactions

Aimco and Aimco OP will treat the transactions as a purchase of noncontrolling interests for financial accounting purposes. This means that Aimco and Aimco OP will recognize any difference between the purchase price for these noncontrolling interests and the carrying amount of such noncontrolling interests in Aimco and Aimco OP's consolidated financial statements as an adjustment to the amounts of consolidated equity and partners' capital attributed to Aimco and Aimco OP, respectively.

Appraisal Rights

Limited partners are not entitled to dissenters' appraisal rights under applicable law or NPI's partnership agreement in connection with the conversion and merger. However, pursuant to the terms of the merger agreement, Aimco OP will provide each limited partner with contractual dissenters' appraisal rights that are similar to the dissenters' appraisal rights available to a stockholder of a constituent corporation in a merger under Delaware law. These contractual appraisal rights will enable a limited partner to obtain an appraisal of the value of the limited partner's NPI Units in connection with the conversion and merger. Prosecution of these contractual appraisal rights will involve an arbitration proceeding, and the consideration paid to a limited partner after the prosecution of such contractual appraisal rights, which will take a period of time that cannot be predicted with accuracy, will be a cash payment, resulting in a taxable event to such limited partner. A description of the appraisal rights being provided, and the procedures that a limited partner must follow to seek such rights, is attached to this information statement/prospectus as Annex D.

Expenses and Fees and Source of Funds

The costs of planning and implementing the transactions, including the cash merger consideration and the preparation of this information statement/prospectus, will be borne by Aimco OP without regard to whether the transactions are effectuated. The estimated amount of these costs is approximately \$2,702,000 (assuming all limited partners elect to receive the cash merger consideration). Aimco OP is paying for the costs of the transactions with funds on hand or from drawings under its revolving credit facility. The revolving credit facility is pursuant to Aimco OP's Amended and Restated Senior Secured Credit Agreement, as amended, with a syndicate of financial

Table of Contents

institutions, with Bank of America, N.A. as administrative agent, swing line lender and L/C issuer. Borrowings under the revolving credit facility bear interest based on a pricing grid determined by leverage (either at LIBOR plus 4.25% with a LIBOR floor of 1.50% or, at Aimco OP's option, a base rate equal to the Prime rate plus a spread of 3.00%). The revolving credit facility matures May 1, 2013, and may be extended for one additional year, subject to certain conditions. Aimco OP's obligations under the Amended and Restated Senior Secured Credit Agreement are secured by its equity interests in its subsidiaries.

Approvals Required

Under applicable law, the amendment of the partnership agreement of NPI, the merger agreement, the conversion and the merger must be approved by the General Partner and a majority of the limited partnership units. The General Partner has determined that the amendment, the merger agreement, the conversion and the merger are advisable and in the best interests of NPI and its limited partners and has approved the amendment, the merger agreement, the conversion and the merger. Each NPI Unit is entitled to one vote. As of July 21, 2011, there were issued and outstanding 60,005 NPI Units, and Aimco OP and its affiliates owned 47,850 of those units, or approximately 79.74% of the outstanding NPI Units. As more fully described herein, 26,466 of the NPI Units owned by an affiliate of the General Partner are subject to a voting restriction, which requires such NPI Units to be voted in proportion to the votes cast with respect to NPI Units not subject to this voting restriction. The General Partner's affiliates have indicated that they will vote all of their NPI Units that are not subject to this restriction, 21,384 NPI Units or approximately 35.64% of the outstanding NPI Units, in favor of the amendment, the merger agreement, the conversion and the merger. As a result, affiliates of the General Partner will vote a total of 38,258 NPI Units, or approximately 63.76% of the outstanding NPI Units, in favor of the amendment, the merger agreement, the conversion and the merger. Aimco OP and its affiliates have indicated that they intend to take action by written consent, as permitted under the partnership agreement, to approve the amendment, the merger agreement, the conversion and the merger on or about _____, 2011. **As a result, approval of the amendment, the merger agreement, the conversion and the merger is assured and your consent is not required.**

Table of Contents

THE MERGER AGREEMENT

The following is a summary of the material terms of the merger agreement and is qualified in its entirety by reference to the merger agreement, which is attached to this information statement/prospectus as [Annex A](#). You should read the merger agreement carefully in its entirety as it is the legal document that governs the conversion and merger.

The Transactions

Following the proposed amendment of its partnership agreement, NPI plans to consummate the transactions contemplated by the merger agreement with Aimco OP, and its wholly-owned subsidiary, the Aimco Subsidiary. Pursuant to the merger agreement, there will be a conversion of NPI from a California limited partnership to a Delaware limited partnership, followed by a merger.

Conversion of NPI into New NPI. First, NPI will be converted from a California limited partnership into a Delaware limited partnership. In the conversion, each NPI Unit will be converted into an identical unit of limited partnership in New NPI and the general partnership interest in NPI now held by the General Partner will be converted into a general partnership interest in New NPI. NPI's partnership agreement in effect immediately prior to the conversion will be adopted as the partnership agreement of New NPI, with the following changes: (i) references therein to the California Uniform Limited Partnership Act, as amended, or the California Act, will be amended to refer to the Delaware Revised Uniform Limited Partnership Act, as amended, or the Delaware Act; (ii) a description of the conversion and the merger will be added; and (iii) the name of the partnership will be National Property Investors 4, LP.

Merger of the Aimco Subsidiary with and into New NPI. Second, the Aimco Subsidiary will be merged with and into New NPI, with New NPI as the surviving entity. In the merger, each NPI Unit outstanding immediately prior to consummation of the merger will be converted into the right to receive, at the election of the holder of such NPI Unit, either \$195.27 in cash or equivalent value in OP Units (calculated by dividing \$195.27 by the average closing price of Aimco common stock, as reported on the NYSE, over the ten consecutive trading days ending on the second trading day immediately prior to the consummation of the merger); provided, however, that if Aimco OP determines that the law of the state or other jurisdiction in which a limited partner resides would prohibit the issuance of OP Units in that state or other jurisdiction (or that registration or qualification in that state or jurisdiction would be prohibitively costly), then such limited partner will only be entitled to receive \$195.27 in cash for each NPI Unit.

In the merger, Aimco OP's interest in the Aimco Subsidiary will be converted into limited partnership interests of New NPI. After the merger, Aimco OP will be the sole limited partner of New NPI, and will own all of the outstanding limited partnership interest of New NPI. The General Partner will continue to serve as the general partner of the surviving entity. The agreement of limited partnership of New NPI, as in effect immediately prior to the consummation of the merger, will be the agreement of limited partnership of the surviving entity after the merger, until thereafter amended in accordance with the provisions thereof and applicable law.

Conditions to Obligations to Complete the Transactions

None of the parties to the merger agreement will be required to consummate the conversion or the merger if any third party consent, authorization or approval that any of the parties deems necessary or desirable in connection with the merger agreement, and the consummation of the transactions contemplated thereby, has not been obtained or received.

Termination of the Merger Agreement

The merger agreement may be terminated, and the conversion and merger may be abandoned, at any time prior to consummation of the conversion or the merger, without liability to any party to the merger agreement, by NPI, Aimco OP or the Aimco Subsidiary, in each case, acting in its sole discretion and for any reason or for no reason, notwithstanding the approval of the merger agreement by any of the partners of NPI or the member of the Aimco Subsidiary.

Table of Contents

Amendment

Subject to applicable law, the merger agreement may be amended, modified or supplemented by written agreement of the parties at any time prior to the consummation of the conversion or merger with respect to any of the terms contained therein.

Governing Law

The merger agreement is governed by and construed in accordance with the laws of the State of Delaware, without reference to the conflict of law provisions thereof.

Appraisal Rights

Limited partners are not entitled to dissenters' appraisal rights under applicable law or NPI's partnership agreement in connection with the conversion and merger. However, pursuant to the terms of the merger agreement, Aimco OP will provide each limited partner with contractual dissenters' appraisal rights that are similar to the dissenters' appraisal rights available to a stockholder of a constituent corporation in a merger under Delaware law. These contractual appraisal rights will enable a limited partner to obtain an appraisal of the value of the limited partner's NPI Units in connection with the conversion and merger. Prosecution of these contractual appraisal rights will involve an arbitration proceeding, and the consideration paid to a limited partner after the prosecution of such contractual appraisal rights, which will take a period of time that cannot be predicted with accuracy, will be a cash payment, resulting in a taxable event to such limited partner. A description of the appraisal rights being provided, and the procedures that a limited partner must follow to seek such rights, is attached to this information statement/prospectus as Annex D.

Election Forms

Within ten days after the effective time of the merger, Aimco OP will prepare and mail to the former holders of NPI Units an election form pursuant to which they can elect to receive cash or OP Units. Former holders of NPI Units may elect their form of consideration by completing and returning the election form in accordance with its instructions. If the information agent does not receive a properly completed election form from a holder before 5:00 p.m., New York time on the 30th day after the mailing of the election form, the holder will be deemed to have elected to receive the cash consideration. Former holders of NPI Units may also use the election form to elect to receive, in lieu of the merger consideration, the appraised value of their NPI Units, determined through an arbitration proceeding.

Table of Contents

DESCRIPTION OF AIMCO OP UNITS; SUMMARY OF AIMCO OP PARTNERSHIP AGREEMENT

The following description sets forth some general terms and provisions of the Aimco OP partnership agreement. The following description of the Aimco OP partnership agreement is qualified in its entirety by the terms of the agreement.

General

Aimco OP is a limited partnership organized under the provisions of the Delaware Revised Uniform Limited Partnership Act, as amended from time to time, or any successor to such statute, or the Delaware Act, and upon the terms and subject to the conditions set forth in its agreement of limited partnership. AIMCO-GP, Inc., a Delaware corporation and wholly-owned subsidiary of Aimco, is the sole general partner of Aimco OP. Another wholly-owned subsidiary of Aimco, AIMCO-LP Trust, a Delaware trust, or the special limited partner, is a limited partner in Aimco OP. The term of Aimco OP commenced on May 16, 1994, and will continue in perpetuity, unless Aimco OP is dissolved sooner under the provisions of the partnership agreement or as otherwise provided by law.

Purpose and Business

The purpose and nature of Aimco OP is to conduct any business, enterprise or activity permitted by or under the Delaware Act, including, but not limited to, (i) conducting the business of ownership, construction, development and operation of multifamily rental apartment communities, (ii) entering into any partnership, joint venture, business trust arrangement, limited liability company or other similar arrangement to engage in any business permitted by or under the Delaware Act, or to own interests in any entity engaged in any business permitted by or under the Delaware Act, (iii) conducting the business of providing property and asset management and brokerage services, whether directly or through one or more partnerships, joint ventures, subsidiaries, business trusts, limited liability companies or other similar arrangements, and (iv) doing anything necessary or incidental to the foregoing; provided, however, such business and arrangements and interests may be limited to and conducted in such a manner as to permit Aimco, in the sole and absolute discretion of the general partner, at all times to be classified as a REIT.

Management by the General Partner

Except as otherwise expressly provided in the Aimco OP partnership agreement, all management powers over the business and affairs of Aimco OP are exclusively vested in the general partner. No limited partner of Aimco OP or any other person to whom one or more OP Units have been transferred (each, an assignee) may take part in the operations, management or control (within the meaning of the Delaware Act) of Aimco OP's business, transact any business in Aimco OP's name or have the power to sign documents for or otherwise bind Aimco OP. The general partner may not be removed by the limited partners with or without cause, except with the consent of the general partner. In addition to the powers granted to a general partner of a limited partnership under applicable law or that are granted to the general partner under any other provision of the Aimco OP partnership agreement, the general partner, subject to the other provisions of the Aimco OP partnership agreement, has full power and authority to do all things deemed necessary or desirable by it to conduct the business of Aimco OP, to exercise all powers of Aimco OP and to effectuate the purposes of Aimco OP. Aimco OP may incur debt or enter into other similar credit, guarantee, financing or refinancing arrangements for any purpose (including, without limitation, in connection with any acquisition of properties) upon such terms as the general partner determines to be appropriate. The general partner is authorized to execute, deliver and perform specific agreements and transactions on behalf of Aimco OP without any further act, approval or vote of the limited partners.

Restrictions on General Partner's Authority. The general partner may not take any action in contravention of the Aimco OP partnership agreement. The general partner may not, without the prior consent of the limited partners, undertake, on behalf of Aimco OP, any of the following actions or enter into any transaction that would have the effect of such transactions: (i) except as provided in the partnership agreement, amend, modify or terminate the partnership agreement other than to reflect the admission, substitution, termination or withdrawal of partners; (ii) make a general assignment for the benefit of creditors or appoint or acquiesce in the appointment of a custodian, receiver or trustee for all or any part of the assets of Aimco OP; (iii) institute any proceeding for bankruptcy on

Table of Contents

behalf of Aimco OP; or (iv) subject to specific exceptions, approve or acquiesce to the transfer of the Aimco OP general partner interest, or admit into Aimco OP any additional or successor general partners.

Additional Limited Partners. The general partner is authorized to admit additional limited partners to Aimco OP from time to time, on terms and conditions and for such capital contributions as may be established by the general partner in its reasonable discretion. The net capital contribution need not be equal for all partners. No action or consent by the limited partners is required in connection with the admission of any additional limited partner. The general partner is expressly authorized to cause Aimco OP to issue additional interests (i) upon the conversion, redemption or exchange of any debt, OP Units or other securities issued by Aimco OP, (ii) for less than fair market value, so long as the general partner concludes in good faith that such issuance is in the best interests of the general partner and Aimco OP, and (iii) in connection with any merger of any other entity into Aimco OP if the applicable merger agreement provides that persons are to receive interests in Aimco OP in exchange for their interests in the entity merging into Aimco OP. Subject to Delaware law, any additional partnership interests may be issued in one or more classes, or one or more series of any of such classes, with such designations, preferences and relative, participating, optional or other special rights, powers and duties as shall be determined by the general partner, in its sole and absolute discretion without the approval of any limited partner, and set forth in a written document thereafter attached to and made an exhibit to the partnership agreement. Without limiting the generality of the foregoing, the general partner has authority to specify (a) the allocations of items of partnership income, gain, loss, deduction and credit to each such class or series of partnership interests; (b) the right of each such class or series of partnership interests to share in distributions; (c) the rights of each such class or series of partnership interests upon dissolution and liquidation of Aimco OP; (d) the voting rights, if any, of each such class or series of partnership interests; and (e) the conversion, redemption or exchange rights applicable to each such class or series of partnership interests. No person may be admitted as an additional limited partner without the consent of the general partner, which consent may be given or withheld in the general partner's sole and absolute discretion.

Indemnification. As a part of conducting the transactions described herein, the general partner has agreed not to seek indemnification from, or to be held harmless by, Aimco OP, or its affiliates, for any liability or loss suffered by the general partner related to the transactions, unless (i) the general partner has determined, in good faith, that the course of conduct which caused the loss or liability was in the best interests of Aimco OP, (ii) the general partner was acting on behalf of or performing services for Aimco OP, (iii) such liability or loss was not the result of negligence or misconduct by the general partner and (iv) such indemnification or agreement to hold harmless is recoverable only out of the assets of Aimco OP and not from the limited partners of Aimco OP. In addition, the general partner, and any of its affiliates that are performing services on behalf of Aimco OP, have agreed that they will not seek indemnification for any losses, liabilities or expenses arising from or out of an alleged violation of federal or state securities laws unless (i) there has been a successful adjudication on the merits of each count involving alleged securities law violations as to the particular indemnitee, (ii) such claims have been dismissed with prejudice on the merits by a court of competent jurisdiction as to the particular indemnitee, or (iii) a court of competent jurisdiction approves a settlement of the claims against a particular indemnitee and finds that indemnification of the settlement and related costs should be made, and, as relates to (iii), the court of law considering the request for indemnification has been advised of the position of the SEC and the position of any state securities regulatory authority in which securities of Aimco OP were offered or sold as to indemnification for violations of securities laws. Aimco OP shall not incur the cost of that portion of liability insurance, if any, which insures the general partner for any liability as to which the general partner is prohibited from being indemnified as described in this paragraph. Finally, the general partner has agreed that the provision of advancement from Aimco OP funds to the general partner or any of its affiliates for legal expenses and other costs incurred as a result of any legal action is permissible if (i) the legal action relates to acts or omissions with respect to the performance of duties or services on behalf of Aimco OP; (ii) the legal action is initiated by a third party who is not a limited partner of Aimco OP, or the legal action is initiated by a limited partner and a court of competent jurisdiction specifically approves such advancement; and (iii) the general partner or its affiliates undertake to repay the advanced funds to Aimco OP in cases in which such person is not entitled to indemnification

under this paragraph.

Table of Contents**Outstanding Classes of Units**

As of March 31, 2011, Aimco OP had issued and outstanding the following partnership interests:

Class	Units Outstanding	Quarterly Distribution per Unit	Liquidation Preference per Unit
Partnership Common Units (OP Units)	125,234,221	\$	N/A
Class T Partnership Preferred Units	6,000,000	\$ 0.50	\$ 25.00
Class U Partnership Preferred Units	12,000,000	\$ 0.485	\$ 25.00
Class V Partnership Preferred Units	3,450,000	\$ 0.50	\$ 25.00
Class Y Partnership Preferred Units	3,450,000	\$ 0.4925	\$ 25.00
Series A Community Reinvestment Act Perpetual Partnership Preferred Units(1)	114	\$ 1,937.50	\$ 500,000.00
Class One Partnership Preferred Units(2)	90,000	\$ 2.00	\$ 91.43
Class Two Partnership Preferred Units(2)	19,339	\$ 0.12	\$ 25.00
Class Three Partnership Preferred Units(2)	1,365,971	\$ 0.4925	\$ 25.00
Class Four Partnership Preferred Units(2)	755,999	\$ 0.50	\$ 25.00
Class Six Partnership Preferred Units(2)	796,668	\$ 0.5325	\$ 25.00
Class Seven Partnership Preferred Units(2)	27,960	\$ 0.595	\$ 25.00
Class Eight Partnership Preferred Units(3)	6,250	\$	N/A
Class I High Performance Partnership Units (HPU)(3)	2,339,950	\$	N/A

- (1) The Series A Community Reinvestment Act Perpetual Partnership Preferred Units, or the CRA Preferred Units, have substantially the same terms as Aimco's Series A Community Reinvestment Act Perpetual Preferred Stock, or the CRA Preferred Stock. Holders of the CRA Preferred Units are entitled to cumulative cash dividends payable quarterly in arrears on March 31, June 30, September 30, and December 31 of each year, when and as declared, beginning on September 30, 2006. For the period from the date of original issuance through March 31, 2015, the distribution rate is a variable rate per annum equal to the Three-Month LIBOR Rate (as defined in the articles supplementary designating the CRA Preferred Stock) plus 1.25%, calculated as of the beginning of each quarterly dividend period. The rate at March 31, 2011 was 1.55%. Upon liquidation, holders of the CRA Preferred Stock are entitled to a preference of \$500,000 per share, plus an amount equal to accumulated, accrued and unpaid dividends, whether or not earned or declared. The CRA Preferred Units rank prior to Common OP Units and on the same level as Aimco OP's other Preferred OP Units, with respect to the payment of distributions and the distribution of amounts upon liquidation, dissolution or winding up. The CRA Preferred Units are not redeemable prior to June 30, 2011, except in limited circumstances related to Aimco's REIT qualification. On and after June 30, 2011, the CRA Preferred Units are redeemable for cash, in whole or from time to time in part, upon the redemption, at Aimco's option, of its CRA Preferred Stock at a price per share equal to the liquidation preference, plus accumulated, accrued and unpaid distributions, if any, to the redemption date.
- (2) The Class One, Class Two, Class Three, Class Four, Class Six and Class Seven preferred OP Units are redeemable, at the holders' option. Aimco OP, at its sole discretion, may settle such redemption requests in cash

or shares of Aimco common stock in a value equal to the redemption preference. In the event Aimco OP requires Aimco to issue shares to settle a redemption request, it would issue to Aimco a corresponding number of OP Units. Aimco OP has a redemption policy that requires cash settlement of redemption requests for the redeemable preferred OP Units, subject to limited exceptions.

- (3) The holders of Class Eight preferred OP Units and HPUs receive the same amount of distributions that are paid to holders of an equivalent number of Aimco OP s outstanding OP Units.

Table of Contents

Distributions

Subject to the rights of holders of any outstanding partnership preferred units, the Aimco OP partnership agreement requires the general partner to cause Aimco OP to distribute quarterly all, or such portion as the general partner may in its sole and absolute discretion determine, of Available Cash (as defined in the partnership agreement) generated by Aimco OP during such quarter to the general partner, the special limited partner, the other holders of OP Units and holders of HPUs on the record date established by the general partner with respect to such quarter, in accordance with their respective interests in Aimco OP on such record date. Holders of any partnership preferred units issued in the future may have priority over the general partner, the special limited partner, holders of OP Units and holders of HPUs with respect to distributions of Available Cash, distributions upon liquidation or other distributions.

Distributions payable with respect to any interest in Aimco OP that was not outstanding during the entire quarterly period in respect of which any distribution is made will be prorated based on the portion of the period that such interest was outstanding. The general partner in its sole and absolute discretion may distribute to the limited partners Available Cash on a more frequent basis and provide for an appropriate record date. The partnership agreement requires the general partner to take such reasonable efforts, as determined by it in its sole and absolute discretion and consistent with the requirements for qualification as a REIT, to cause Aimco OP to distribute sufficient amounts to enable the general partner to transfer funds to Aimco and enable Aimco to pay stockholder dividends that will (i) satisfy the requirements, or the REIT Requirements, for qualifying as a REIT under the Internal Revenue Code and the applicable regulations promulgated by the U.S. Treasury Department, or the Treasury Regulations, and (ii) avoid any U.S. Federal income or excise tax liability of Aimco.

While some of the debt instruments to which Aimco OP is a party, including its credit facilities, contain restrictions on the payment of distributions to OP Unitholders, the debt instruments allow Aimco OP to distribute sufficient amounts to enable the general partner and special limited partner to transfer funds to Aimco which are then used to pay stockholder dividends, thereby allowing Aimco to meet the requirements for qualifications as a REIT under the Internal Revenue Code.

Distributions in Kind. No OP Unitholder has any right to demand or receive property other than cash as provided in the partnership agreement. The general partner may determine, in its sole and absolute discretion, to make a distribution in kind of partnership assets to the OP Unitholders, and such assets will be distributed in such a fashion as to ensure that the fair market value is distributed and allocated in accordance with the Aimco OP partnership agreement.

Distributions Upon Liquidation. Subject to the rights of holders of any outstanding partnership preferred units, net proceeds from the sale or other disposition of all or substantially all of its assets in a transaction that will lead to a liquidation of Aimco OP or a related series of transactions that, taken together, result in the sale or other disposition of all or substantially all of the assets of Aimco OP, or a Terminating Capital Transaction, and any other cash received or reductions in reserves made after commencement of the liquidation of Aimco OP, will be distributed to the OP Unitholders in accordance with the Aimco OP partnership agreement.

Restricted Distributions. The Aimco OP partnership agreement prohibits Aimco OP and the general partner, on behalf of Aimco OP, from making a distribution to any OP Unitholder on account of its interest in OP Units if such distribution would violate Section 17-607 of the Delaware Act or other applicable law.

Allocations of Net Income and Net Loss

OP Units and HPUs. Net Income (as defined in the Aimco OP partnership agreement) and Net Loss (as defined in the Aimco OP partnership agreement) of Aimco OP will be determined and allocated with respect to each fiscal year of Aimco OP as of the end of each such year. Except as otherwise provided in the Aimco OP partnership agreement, an allocation to an OP Unitholder of a share of Net Income or Net Loss will be treated as an allocation of the same share of each item of income, gain, loss or deduction that is taken into account in computing Net Income or Net Loss. Except as otherwise provided in the Aimco OP partnership agreement and subject to the terms of any outstanding partnership preferred units, Net Income and Net Loss will be allocated to the holders of OP Units and holders of HPUs in accordance with their respective interests at the end of each fiscal year. The Aimco OP

Table of Contents

partnership agreement contains provisions for special allocations intended to comply with certain regulatory requirements, including the requirements of Treasury Regulations Sections 1.704-1(b) and 1.704-2. Except as otherwise provided in the Aimco OP partnership agreement and subject to the terms of any outstanding partnership preferred units, for U.S. Federal income tax purposes under the Internal Revenue Code and the Treasury Regulations, each partnership item of income, gain, loss and deduction will be allocated among the OP Unitholders in the same manner as its correlative item of book income, gain, loss or deduction is allocated under the Aimco OP partnership agreement.

Partnership Preferred Units. Net income will be allocated to the holders of partnership preferred units for any fiscal year (and, if necessary, subsequent fiscal years) to the extent that the holders of partnership preferred units receive a distribution on any partnership preferred units (other than an amount included in any redemption of partnership preferred units). If any partnership preferred units are redeemed, for the fiscal year that includes such redemption (and, if necessary, for subsequent fiscal years) (i) gross income and gain (in such relative proportions as the general partner in its discretion will determine) will be allocated to the holders of partnership preferred units to the extent that the redemption amounts paid or payable with respect to the partnership preferred units so redeemed exceeds the aggregate capital contributions (net of liabilities assumed or taken subject to by Aimco OP) per partnership preferred units allocable to the partnership preferred units so redeemed and (ii) deductions and losses (in such relative proportions as the general partner in its discretion will determine) will be allocated to the holders of partnership preferred units to the extent that the aggregate capital contributions (net of liabilities assumed or taken subject to by Aimco OP) per partnership preferred units allocable to the partnership preferred units so redeemed exceeds the redemption amount paid or payable with respect to the partnership preferred units so redeemed.

Withholding

Aimco OP is authorized to withhold from or pay on behalf of or with respect to each limited partner any amount of Federal, state, local or foreign taxes that the general partner determines that Aimco OP is required to withhold or pay with respect to any amount distributable or allocable to such limited partner under the Aimco OP partnership agreement. The Aimco OP partnership agreement also provides that any withholding tax amount paid on behalf of or with respect to a limited partner constitutes a loan by Aimco OP to such limited partner. This loan is required to be repaid within 15 days after notice to the limited partner from the general partner, and each limited partner grants a security interest in its partnership interest to secure its obligation to pay any partnership withholding tax amounts paid on its behalf or with respect to such limited partner. In addition, under the Aimco OP partnership agreement, the partnership may redeem the partnership interest of any limited partner who fails to pay partnership withholding tax amounts paid on behalf of or with respect to such limited partner. Also, the general partner has authority to withhold, from any amounts otherwise distributable, allocable or payable to a limited partner, the general partner's estimate of further taxes required to be paid by such limited partner.

Return of Capital

No partner is entitled to interest on its capital contribution or on such partner's capital account. Except (i) under the rights of redemption set forth in the Aimco OP partnership agreement, (ii) as provided by law, or (iii) under the terms of any outstanding partnership preferred units, no partner has any right to demand or receive the withdrawal or return of its capital contribution from Aimco OP, except to the extent of distributions made under the Aimco OP partnership agreement or upon termination of Aimco OP. Except to the extent otherwise expressly provided in the Aimco OP partnership agreement and subject to the terms of any outstanding partnership preferred units, no limited partner or assignee will have priority over any other limited partner or assignee either as to the return of capital contributions or as to profits, losses or distributions.

Redemption Rights of Qualifying Parties

After the first anniversary of becoming a holder of OP Units, each OP Unitholder and some assignees have the right, subject to the terms and conditions set forth in the Aimco OP partnership agreement, to require Aimco OP to redeem all or a portion of the OP Units held by such party in exchange for shares of Aimco common stock or a cash amount equal to the value of such shares, as Aimco OP may determine. On or before the close of business on the fifth business day after a holder of OP Units gives the general partner a notice of redemption, Aimco OP may, in its

Table of Contents

sole and absolute discretion but subject to the restrictions on the ownership of Aimco stock imposed under Aimco's charter and the transfer restrictions and other limitations thereof, elect to cause Aimco to acquire some or all of the tendered OP Units from the tendering party in exchange for Aimco common stock, based on an exchange ratio of one share of Aimco common stock for each OP Unit, subject to adjustment as provided in the Aimco OP partnership agreement. The Aimco OP partnership agreement does not obligate Aimco or the general partner to register, qualify or list any Aimco common stock issued in exchange for OP Units with the SEC, with any state securities commissioner, department or agency, or with any stock exchange. Aimco common stock issued in exchange for OP Units under the Aimco OP partnership agreement will contain legends regarding restrictions under the Securities Act and applicable state securities laws as Aimco in good faith determines to be necessary or advisable in order to ensure compliance with securities laws. In the event of a change of control of Aimco, holders of HPUs will have redemption rights similar to those of holders of OP Units.

Partnership Right to Call Limited Partner Interests

Notwithstanding any other provision of the Aimco OP partnership agreement, on and after the date on which the aggregate percentage interests of the limited partners, other than the special limited partner, are less than one percent (1%), Aimco OP will have the right, but not the obligation, from time to time and at any time to redeem any and all outstanding limited partner interests (other than the special limited partner's interest) by treating any limited partner as if such limited partner had tendered for redemption under the Aimco OP partnership agreement the amount of OP Units specified by the general partner, in its sole and absolute discretion, by notice to the limited partner.

Transfers and Withdrawals

Restrictions on Transfer. The Aimco OP partnership agreement restricts the transferability of OP Units. Any transfer or purported transfer of an OP Unit not made in accordance with the Aimco OP partnership agreement will be null and void ab initio. Until the expiration of one year from the date on which an OP Unitholder acquired OP Units, subject to some exceptions, such OP Unitholder may not transfer all or any portion of its OP Units to any transferee without the consent of the general partner, which consent may be withheld in its sole and absolute discretion. After the expiration of one year from the date on which an OP Unitholder acquired OP Units, such OP Unitholder has the right to transfer all or any portion of its OP Units to any person, subject to the satisfaction of specific conditions specified in the Aimco OP partnership agreement, including the general partner's right of first refusal.

It is a condition to any transfer (whether or not such transfer is effected before or after the one year holding period) that the transferee assumes by operation of law or express agreement all of the obligations of the transferor limited partner under the Aimco OP partnership agreement with respect to such OP Units, and no such transfer (other than under a statutory merger or consolidation wherein all obligations and liabilities of the transferor partner are assumed by a successor corporation by operation of law) will relieve the transferor partner of its obligations under the Aimco OP partnership agreement without the approval of the general partner, in its sole and absolute discretion.

In connection with any transfer of OP Units, the general partner will have the right to receive an opinion of counsel reasonably satisfactory to it to the effect that the proposed transfer may be effected without registration under the Securities Act, and will not otherwise violate any federal or state securities laws or regulations applicable to Aimco OP or the OP Units transferred.

No transfer by a limited partner of its OP Units (including any redemption or any acquisition of OP Units by the general partner or by Aimco OP) may be made to any person if (i) in the opinion of legal counsel for Aimco OP, it would result in Aimco OP being treated as an association taxable as a corporation, or (ii) such transfer is effectuated through an established securities market or a secondary market (or the substantial equivalent thereof) within the meaning of section 7704 of the Internal Revenue Code.

HPUs. HPUs are subject to different restrictions on transfer. Individuals may not transfer HPUs except to a family member (or a family-owned entity) or in the event of their death.

Table of Contents

Substituted Limited Partners. No limited partner will have the right to substitute a transferee as a limited partner in its place. A transferee of the interest of a limited partner may be admitted as a substituted limited partner only with the consent of the general partner, which consent may be given or withheld by the general partner in its sole and absolute discretion. If the general partner, in its sole and absolute discretion, does not consent to the admission of any permitted transferee as a substituted limited partner, such transferee will be considered an assignee for purposes of the Aimco OP partnership agreement. An assignee will be entitled to all the rights of an assignee of a limited partnership interest under the Delaware Act, including the right to receive distributions from Aimco OP and the share of Net Income, Net Losses and other items of income, gain, loss, deduction and credit of Aimco OP attributable to the OP Units assigned to such transferee and the rights to transfer the OP Units provided in the Aimco OP partnership agreement, but will not be deemed to be a holder of OP Units for any other purpose under the Aimco OP partnership agreement, and will not be entitled to effect a consent or vote with respect to such OP Units on any matter presented to the limited partners for approval (such right to consent or vote, to the extent provided in the Aimco OP partnership agreement or under the Delaware Act, fully remaining with the transferor limited partner).

Withdrawals. No limited partner may withdraw from Aimco OP other than as a result of a permitted transfer of all of such limited partner's OP Units in accordance with the Aimco OP partnership agreement, with respect to which the transferee becomes a substituted limited partner, or under a redemption (or acquisition by Aimco) of all of such limited partner's OP Units.

Restrictions on the general partner. The general partner may not transfer any of its general partner interest or withdraw from Aimco OP unless (i) the limited partners consent or (ii) immediately after a merger of the general partner into another entity, substantially all of the assets of the surviving entity, other than the general partnership interest in Aimco OP held by the general partner, are contributed to Aimco OP as a capital contribution in exchange for OP Units.

Amendment of the Partnership Agreement

By the General Partner Without the Consent of the Limited Partners. The general partner has the power, without the consent of the limited partners, to amend the Aimco OP partnership agreement as may be required to facilitate or implement any of the following purposes: (1) to add to the obligations of the general partner or surrender any right or power granted to the general partner or any affiliate of the general partner for the benefit of the limited partners; (2) to reflect the admission, substitution or withdrawal of partners or the termination of Aimco OP in accordance with the partnership agreement; (3) to reflect a change that is of an inconsequential nature and does not adversely affect the limited partners in any material respect, or to cure any ambiguity, correct or supplement any provision in the partnership agreement not inconsistent with law or with other provisions, or make other changes with respect to matters arising under the partnership agreement that will not be inconsistent with law or with the provisions of the partnership agreement; (4) to satisfy any requirements, conditions or guidelines contained in any order, directive, opinion, ruling or regulation of a federal or state agency or contained in federal or state law; (5) to reflect such changes as are reasonably necessary for Aimco to maintain its status as a REIT; and (6) to modify the manner in which capital accounts are computed (but only to the extent set forth in the definition of "Capital Account" in the Aimco OP partnership agreement or contemplated by the Internal Revenue Code or the Treasury Regulations).

With the Consent of the Limited Partners. Amendments to the Aimco OP partnership agreement may be proposed by the general partner or by holders of a majority of the outstanding OP Units and other classes of units that have the same voting rights as holders of OP Units, excluding the special limited partner. Following such proposal, the general partner will submit any proposed amendment to the limited partners. The general partner will seek the written consent of a majority in interest of the limited partners on the proposed amendment or will call a meeting to vote thereon and to transact any other business that the general partner may deem appropriate.

Procedures for Actions and Consents of Partners

Meetings of the partners may be called by the general partner and will be called upon the receipt by the general partner of a written request by a majority in interest of the limited partners. Notice of any such meeting will be given to all partners not less than seven (7) days nor more than thirty (30) days prior to the date of such meeting. Partners

Table of Contents

may vote in person or by proxy at such meeting. Each meeting of partners will be conducted by the general partner or such other person as the general partner may appoint under such rules for the conduct of the meeting as the general partner or such other person deems appropriate in its sole and absolute discretion. Whenever the vote or consent of partners is permitted or required under the partnership agreement, such vote or consent may be given at a meeting of partners or may be given by written consent. Any action required or permitted to be taken at a meeting of the partners may be taken without a meeting if a written consent setting forth the action so taken is signed by partners holding a majority of outstanding OP Units (or such other percentage as is expressly required by the Aimco OP partnership agreement for the action in question).

Records and Accounting; Fiscal Year

The Aimco OP partnership agreement requires the general partner to keep or cause to be kept at the principal office of Aimco OP those records and documents required to be maintained by the Delaware Act and other books and records deemed by the general partner to be appropriate with respect to Aimco OP's business. The books of Aimco OP will be maintained, for financial and tax reporting purposes, on an accrual basis in accordance with generally accepted accounting principles, or on such other basis as the general partner determines to be necessary or appropriate. To the extent permitted by sound accounting practices and principles, Aimco OP, the general partner and Aimco may operate with integrated or consolidated accounting records, operations and principles. The fiscal year of Aimco OP is the calendar year.

Reports

As soon as practicable, but in no event later than one hundred and five (105) days after the close of each calendar quarter and each fiscal year, the general partner will make available to limited partners (which may be done by filing a report with the SEC) a report containing financial statements of Aimco OP, or of Aimco if such statements are prepared solely on a consolidated basis with Aimco, for such calendar quarter or fiscal year, as the case may be, presented in accordance with generally accepted accounting principles, and such other information as may be required by applicable law or regulation or as the general partner determines to be appropriate. Statements included in quarterly reports are not audited. Statements included in annual reports are audited by a nationally recognized firm of independent public accountants selected by the general partner.

Tax Matters Partner

The general partner is the tax matters partner of Aimco OP for U.S. Federal income tax purposes. The tax matters partner is authorized, but not required, to take certain actions on behalf of Aimco OP with respect to tax matters. In addition, the general partner will arrange for the preparation and timely filing of all returns with respect to partnership income, gains, deductions, losses and other items required of Aimco OP for U.S. Federal and state income tax purposes and will use all reasonable effort to furnish, within ninety (90) days of the close of each taxable year, the tax information reasonably required by limited partners for U.S. Federal and state income tax reporting purposes. The limited partners will promptly provide the general partner with such information as may be reasonably requested by the general partner from time to time.

Dissolution and Winding Up

Dissolution. Aimco OP will dissolve, and its affairs will be wound up, upon the first to occur of any of the following (each a liquidating event): (i) an event of withdrawal, as defined in the Delaware Act (including, without limitation, bankruptcy), of the sole general partner unless, within ninety (90) days after the withdrawal, a majority in interest (as such phrase is used in Section 17-801(3) of the Delaware Act) of the remaining partners agree in writing, in their sole and absolute discretion, to continue the business of Aimco OP and to the appointment, effective as of the date of

withdrawal, of a successor general partner; (ii) an election to dissolve Aimco OP made by the general partner in its sole and absolute discretion, with or without the consent of the limited partners; (iii) entry of a decree of judicial dissolution of Aimco OP under the provisions of the Delaware Act; (iv) the occurrence of a Terminating Capital Transaction; or (v) the redemption (or acquisition by Aimco, the general partner and/or the special limited partner) of all OP Units other than OP Units held by the general partner or the special limited partner.

Table of Contents

Winding Up. Upon the occurrence of a liquidating event, Aimco OP will continue solely for the purposes of winding up its affairs in an orderly manner, liquidating its assets and satisfying the claims of its creditors and partners. The general partner (or, in the event that there is no remaining general partner or the general partner has dissolved, become bankrupt within the meaning of the Delaware Act or ceased to operate, any person elected by a majority in interest of the limited partners) will be responsible for overseeing the winding up and dissolution of Aimco OP and will take full account of Aimco OP's liabilities and property, and Aimco OP property will be liquidated as promptly as is consistent with obtaining the fair value thereof, and the proceeds therefrom (which may, to the extent determined by the general partner, include Aimco stock) will be applied and distributed in the following order: (i) first, to the satisfaction of all of Aimco OP's debts and liabilities to creditors other than the partners and their assignees (whether by payment or the making of reasonable provision for payment thereof); (ii) second, to the satisfaction of all Aimco OP's debts and liabilities to the general partner (whether by payment or the making of reasonable provision for payment thereof), including, but not limited to, amounts due as reimbursements under the partnership agreement; (iii) third, to the satisfaction of all of Aimco OP's debts and liabilities to the other partners and any assignees (whether by payment or the making of reasonable provision for payment thereof); (iv) fourth, to the satisfaction of all liquidation preferences of outstanding Partnership Preferred Units, if any; and (v) the balance, if any, to the general partner, the limited partners and any assignees in accordance with and in proportion to their positive capital account balances, after giving effect to all contributions, distributions and allocations for all periods. In the event of a liquidation, holders of HPUs will be specially allocated items of income and gain in an amount sufficient to cause the capital account of such holder to be equal to that of a holder of an equal number of OP Units.

Table of Contents**DESCRIPTION OF AIMCO COMMON STOCK****General**

Aimco's charter authorizes the issuance of up to 485,687,260 shares of common stock. As of July 21, 2011, 120,802,584 shares were issued and outstanding. Aimco common stock is traded on the NYSE under the symbol AIV. Computershare Limited serves as transfer agent and registrar of Aimco common stock. On July 21, 2011, the closing price of the Aimco common stock on the NYSE was \$27.97. The following table shows the high and low reported sales prices and dividends paid per share of Aimco's common stock in the periods indicated.

Quarter Ended	High	Low	Dividends
September 30, 2011 (through July 21, 2011)	\$ 28.12	\$ 25.41	\$ N/A
June 30, 2011	27.67	24.50	0.12
March 31, 2011	26.33	23.38	0.12
December 31, 2010	\$ 26.24	\$ 21.22	\$ 0.10
September 30, 2010	22.82	18.12	0.10
June 30, 2010	24.21	18.14	0.10
March 31, 2010	19.17	15.01	0.00
December 31, 2009	\$ 17.09	\$ 11.80	\$ 0.20
September 30, 2009	15.91	7.36	0.10

March 31, 2009	12.89	4.57	0.00

Aimco has a Stock Award and Incentive Plan to attract and retain officers, key employees and independent directors. Aimco's plan reserves for issuance a maximum of 4.1 million shares, which may be in the form of incentive stock options, non-qualified stock options and restricted stock, or other types of awards as authorized under Aimco's plan.

Holders of Aimco common stock are entitled to receive dividends, when and as declared by the Board of Directors of Aimco, out of funds legally available therefor. The holders of shares of common stock, upon any liquidation, dissolution or winding up of Aimco, are entitled to receive ratably any assets remaining after payment in full of all liabilities of Aimco and the liquidation preferences of preferred stock. The shares of common stock possess ordinary voting rights for the election of directors and in respect of other corporate matters, each share entitling the holder thereof to one vote. Holders of shares of common stock do not have cumulative voting rights in the election of directors, which means that holders of more than 50% of the shares of common stock voting for the election of directors can elect all of the directors if they choose to do so and the holders of the remaining shares cannot elect any directors. Holders of shares of common stock do not have preemptive rights, which means they have no right to acquire any additional shares of common stock that may be issued by Aimco at a subsequent date.

Outstanding Classes of Preferred Stock

Aimco's charter authorizes the issuance of up to 24,900,240 shares of preferred stock with a par value of \$0.01 per share. Aimco is authorized to issue shares of preferred stock in one or more classes or subclasses, with such designations, preferences, conversion and other rights, voting powers, restriction, limitations as to dividends, qualifications and terms and conditions of redemption, in each case, if any as are permitted by Maryland law and as

Table of Contents

the Aimco Board of Directors may determine by resolution. As of March 31, 2011, Aimco had issued and outstanding the following classes of preferred stock:

Class	Shares Authorized	Shares Outstanding	Quarterly Dividend per Share	Liquidation Preference per Share	Conversion Price
Class T Cumulative Preferred Stock	6,000,000	6,000,000	\$ 0.50	\$ 25.00	N/A
Class U Cumulative Preferred Stock	12,000,000	12,000,000	\$ 0.485	\$ 25.00	N/A
Class V Cumulative Preferred Stock	3,450,000	3,450,000	\$ 0.50	\$ 25.00	N/A
Class Y Cumulative Preferred Stock	3,450,000	3,450,000	\$ 0.4925	\$ 25.00	N/A
Series A Community Reinvestment Act Perpetual Preferred Stock(1)	240	114	\$ 1,937.50	\$ 500,000.00	N/A

- (1) For the period from the date of original issuance through March 31, 2015, the dividend rate is a variable rate per annum equal to the Three-Month LIBOR Rate (as defined in the articles supplementary designating the CRA Preferred Stock) plus 1.25%, calculated as of the beginning of each quarterly dividend period. The rate at March 31, 2011 was 1.55%. Upon liquidation, holders of the CRA Preferred Stock are entitled to a preference of \$500,000 per share, plus an amount equal to accumulated, accrued and unpaid dividends, whether or not earned or declared. The CRA Preferred Stock ranks prior to the Aimco common stock and on the same level as Aimco's outstanding shares of preferred stock with respect to the payment of dividends and the distribution of amounts upon liquidation, dissolution or winding up. The CRA Preferred Stock is not redeemable prior to June 30, 2011, except in limited circumstances related to REIT qualification. On and after June 30, 2011, the CRA Preferred Stock is redeemable for cash, in whole or from time to time in part, at Aimco's option, at a price per share equal to the liquidation preference, plus accumulated, accrued and unpaid dividends, if any, to the redemption date.

Ranking. Each authorized class of preferred stock ranks, with respect to dividend rights and rights upon liquidation, dissolution or winding up of Aimco, (a) prior or senior to the common stock and any other class or series of capital stock of Aimco if the holders of that class of preferred stock are entitled to the receipt of dividends or amounts distributable upon liquidation, dissolution or winding-up in preference or priority to the holders of shares of such class or series (Junior Stock); (b) on a parity with the other authorized classes of preferred stock and any other class or series of capital stock of Aimco if the holders of such class or series of stock and that class of preferred stock are entitled to receive dividends and amounts distributable upon liquidation, dissolution or winding-up in proportion to their respective amounts of accrued and unpaid dividends per share or liquidation preferences, without preference or priority of one over the other (Parity Stock); and (c) junior to any class or series of capital stock of Aimco if the holders of such class or series are entitled to receive dividends and amounts distributable upon liquidation, dissolution or winding-up in preference or priority to the holders of that class of preferred stock (Senior Stock).

Dividends. Holders of each authorized class of preferred stock are entitled to receive, when and as declared by the Aimco Board of Directors, out of funds legally available for payment, quarterly cash dividends in the amount per share set forth in the table above under the heading, Quarterly Dividend Per Share. The dividends are cumulative from the date of original issue, whether or not in any dividend period or periods Aimco declares any dividends or have

funds legally available for the payment of such dividend. Holders of preferred stock are not entitled to receive any dividends in excess of cumulative dividends on the preferred stock. No interest, or sum of money in lieu of interest, shall be payable in respect of any dividend payment or payments on the preferred stock that may be in arrears.

When dividends are not paid in full upon any class of preferred stock, or a sum sufficient for such payment is not set apart, all dividends declared upon that class of preferred stock and any shares of Parity Stock will be declared ratably in proportion to the respective amounts of dividends accumulated, accrued and unpaid on that class of preferred stock and accumulated, accrued and unpaid on such Parity Stock. Except as set forth in the preceding sentence, unless dividends on each class of preferred stock equal to the full amount of accumulated, accrued and unpaid dividends have been or contemporaneously are declared and paid or declared and a sum sufficient for the payment thereof has been or contemporaneously is set apart for such payment, for all past dividend periods, no

Table of Contents

dividends may be declared or paid or set apart for payment by Aimco and no other distribution of cash or other property may be declared or made, directly or indirectly, by Aimco with respect to any shares of Parity Stock. Unless dividends equal to the full amount of all accumulated, accrued and unpaid dividends on each class of preferred stock have been declared and paid, or declared and a sum sufficient for the payment thereof has been set apart for such payment, for all past dividend periods, no dividends (other than dividends or distributions paid in shares of Junior Stock or options, warrants or rights to subscribe for or purchase shares of Junior Stock) may be declared or paid or set apart for payment by Aimco and no other distribution of cash or other property may be declared or made, directly or indirectly, by Aimco with respect to any shares of Junior Stock, nor may any shares of Junior Stock be redeemed, purchased or otherwise acquired (other than a redemption, purchase or other acquisition of common stock made for purposes of an employee incentive or benefit plan of Aimco or any subsidiary) for any consideration (or any monies be paid to or made available for a sinking fund for the redemption of any shares of any such stock), directly or indirectly, by Aimco (except by conversion into or exchange for shares of Junior Stock, or options, warrants or rights to subscribe for or purchase shares of Junior Stock), nor shall any other cash or other property be paid or distributed to or for the benefit of holders of shares of Junior Stock. Notwithstanding the foregoing provisions of this paragraph, Aimco is not prohibited from (1) declaring or paying or setting apart for payment any dividend or distribution on any shares of Parity Stock or (2) redeeming, purchasing or otherwise acquiring any Parity Stock, in each case, if such declaration, payment, redemption, purchase or other acquisition is necessary to maintain Aimco's qualification as a REIT.

Liquidation Preference. Upon any voluntary or involuntary liquidation, dissolution or winding up of Aimco, before it makes or sets apart any payment or distribution for the holders of any shares of Junior Stock, the holders of each class of preferred stock are entitled to receive a liquidation preference per share in the amount set forth in the table above under the heading, Liquidation Preference Per Share, plus an amount equal to all accumulated, accrued and unpaid dividends (whether or not formed or declared) to the date of final distribution to such holders. Holders of each class of preferred stock are not entitled to any further payment. Until the holders of each class of preferred stock have been paid their respective liquidation preferences in full, plus an amount equal to all accumulated, accrued and unpaid dividends (whether or not earned or declared) to the date of final distribution to such holders, no payment may be made to any holder of Junior Stock upon the liquidation, dissolution or winding up of Aimco. If, upon any liquidation, dissolution or winding up of Aimco, its assets, or proceeds thereof, distributable among the holders of preferred stock are insufficient to pay in full the preference described above for any class of preferred stock and any liquidating payments on any other shares of any class or series of Parity Stock, then such proceeds shall be distributed among the holders of such class of preferred stock and holders of all other shares of any class or series of Parity Stock ratably in the same proportion as the respective amounts that would be payable on such class of preferred stock and any such Parity Stock if all amounts payable thereon were paid in full. A voluntary or involuntary liquidation, dissolution or winding up of Aimco does not include its consolidation or merger with one or more corporations, a sale or transfer of all or substantially all of its assets, or a statutory share exchange. Upon any liquidation, dissolution or winding up of Aimco, after payment shall have been made in full to the holders of preferred stock, any other series or class or classes of Junior Stock shall be entitled to receive any and all assets remaining to be paid or distributed, and the holders of each class of preferred stock and any Parity Stock shall not be entitled to share therein.

Redemption. Except as described below and in certain limited circumstances, including circumstances relating to maintaining Aimco's ability to qualify as a REIT, Aimco may not redeem the shares of preferred stock. On or after the dates set forth in the table below, Aimco may, at its option, redeem shares of the classes of preferred stock set forth below, in whole or from time to time in part, at a cash redemption price equal to the percentage of the liquidation preference for that class of preferred stock indicated under the heading, Price, plus all accumulated, accrued and unpaid dividends, if any, to the date fixed for redemption. The redemption price for each class of non-convertible preferred stock (other than any portion thereof consisting of accumulated, accrued and unpaid dividends) is payable solely with the proceeds from the sale of equity securities by Aimco or Aimco OP (whether or not such sale occurs concurrently with such redemption). For purposes of the preceding sentence, capital shares means any common stock,

preferred stock, depositary shares, partnership or other interests, participations or other ownership interests (however designated) and any rights (other than debt securities convertible into or exchangeable

Table of Contents

at the option of the holder for equity securities (unless and to the extent such debt securities are subsequently converted into capital stock)) or options to purchase any of the foregoing securities issued by Aimco or Aimco OP.

Class	Date	Price
Class T Cumulative Preferred Stock	July 31, 2008	100%
Class U Cumulative Preferred Stock	March 24, 2009	100%
Class V Cumulative Preferred Stock	September 29, 2009	100%
Class Y Cumulative Preferred Stock	December 21, 2009	100%
Series A Community Reinvestment Act Perpetual Preferred Stock	June 30, 2011	100%

Except as otherwise described in this information statement/prospectus, none of the authorized classes of preferred stock have any stated maturity or are subject to any sinking fund or mandatory redemption provisions.

Conversion. The shares of convertible preferred stock are convertible at any time, at the option of the holder, into a number of shares of Aimco common stock obtained by dividing its liquidation preference (excluding any accumulated, accrued and unpaid dividends) by the conversion price set forth in the table above. In the case of shares called for redemption, conversion rights will terminate at the close of business on the date fixed for such redemption, unless Aimco defaults in making such redemption payment. Each conversion will be deemed to have been effected immediately prior to the close of business on the date on which the holder surrenders certificates representing shares of preferred stock and Aimco receives notice and any applicable instruments of transfer and any required taxes. The conversion will be at the conversion price in effect at such time and on such date unless the stock transfer books of Aimco are closed on that date, in which event such person or persons will be deemed to have become such holder or holders of record at the close of business on the next succeeding day on which such stock transfer books are open, but such conversion will be at the conversion price in effect on the date on which such shares were surrendered and such notice received by Aimco. No fractional shares of Aimco common stock or scrip representing fractions of a share of Aimco common stock will be issued upon conversion of shares of preferred stock. Instead of any fractional interest in a share of Aimco common stock that would otherwise be deliverable upon the conversion of any share of preferred stock, Aimco will pay to the holder of such shares an amount in cash based upon the closing price of the Aimco common stock on the trading day immediately preceding the date of conversion. If more than one share of preferred stock is surrendered for conversion at one time by the same holder, the number of full shares of Aimco common stock issuable upon conversion thereof will be computed on the basis of the aggregate number of shares of preferred stock so converted. Except as otherwise required, Aimco will make no payment or allowance for unpaid dividends, whether or not in arrears, on converted shares or for dividends (other than dividends on the Aimco common stock the record date for which is after the conversion date and which Aimco shall pay in the ordinary course to the record holder as of the record date) on the Aimco common stock issued upon such conversion. Holders of preferred stock at the close of business on a record date for the payment of dividends on the preferred stock will be entitled to receive an amount equal to the dividend payable on such shares on the corresponding dividend payment date notwithstanding the conversion of such shares following such record date.

Each conversion price is subject to adjustment upon the occurrence of certain events, including: (i) if Aimco (A) pays a dividend or makes a distribution on its capital stock in shares of Aimco common stock, (B) subdivides its outstanding common stock into a greater number of shares, (C) combines its outstanding common stock into a smaller number of shares or (D) issues any shares of capital stock by reclassification of its outstanding common stock; (ii) if Aimco issues rights, options or warrants to holders of common stock entitling them to subscribe for or purchase common stock at a price per share less than the fair market value thereof; and (iii) if Aimco makes a distribution on its common stock other than in cash or shares of common stock.

Conversion of preferred stock will be permitted only to the extent that such conversion would not result in a violation of the ownership restrictions set forth in Aimco's charter.

Voting Rights. Holders of shares of the authorized classes of preferred stock do not have any voting rights, except as set forth below and except as otherwise required by applicable law.

If and whenever dividends on any shares of any class of preferred stock or any series or class of Parity Stock are in arrears for six or more quarterly periods, whether or not consecutive, the number of directors then constituting the

Table of Contents

Aimco Board of Directors will be increased by two, if not already increased by reason of similar types of provisions with respect to shares of Parity Stock of any other class or series which is entitled to similar voting rights (the Voting Preferred Stock), and the holders of shares of that class of preferred stock, together with the holders of shares of all other Voting Preferred Stock then entitled to exercise similar voting rights, voting as a single class regardless of series, will be entitled to vote for the election of the two additional directors of Aimco at any annual meeting of stockholders or at a special meeting of the holders of that class of preferred stock and of the Voting Preferred Stock called for that purpose. Whenever dividends in arrears on outstanding shares of Voting Preferred Stock shall have been paid and dividends thereon for the current quarterly dividend period have been paid or declared and set apart for payment, then the right of the holders of the Voting Preferred Stock to elect the additional two directors shall cease and the terms of office of the directors shall terminate and the number of directors constituting the Aimco Board of Directors shall be reduced accordingly.

The affirmative vote or consent of at least 66 $\frac{2}{3}$ % of the votes entitled to be cast by the holders of the outstanding shares of each class of preferred stock and the holders of all other classes or series of Parity Stock entitled to vote on such matters, voting as a single class, will be required to (1) authorize, create, increase the authorized amount of, or issue any shares of any class of Senior Stock or any security convertible into shares of any class of Senior Stock, or (2) amend, alter or repeal any provision of, or add any provision to, Aimco's charter or by-laws, if such action would materially adversely affect the voting powers, rights or preferences of the holders of that class of preferred stock; provided, however, that no such vote of the holders of that class of preferred stock shall be required if, at or prior to the time such amendment, alteration or repeal is to take effect or the issuance of any such Senior Stock or convertible security is to be made, as the case may be, provisions are made for the redemption of all outstanding shares of that class of preferred stock. The amendment of or supplement to Aimco's charter to authorize, create, increase or decrease the authorized amount of or to issue Junior Stock, or any shares of any class of Parity Stock shall not be deemed to materially adversely affect the voting powers, rights or preferences of any class of preferred stock.

Transfer. For Aimco to qualify as a REIT under the Internal Revenue Code, not more than 50% in value of its outstanding capital stock may be owned, directly or indirectly, by five or fewer individuals (as defined in the Internal Revenue Code to include certain entities) during the last half of a taxable year and the shares of Aimco common stock must be beneficially owned by 100 or more persons during at least 335 days of a taxable year of 12 months or during a proportionate part of a shorter taxable year. Because the Aimco Board of Directors believes that it is essential for Aimco to meet the REIT Requirements, the Aimco Board of Directors has adopted, and the stockholders have approved, provisions of Aimco's charter restricting the acquisition of shares of Aimco common stock.

Subject to specific exceptions specified in Aimco's charter, no holder may own, or be deemed to own by virtue of various attribution and constructive ownership provisions of the Internal Revenue Code and Rule 13d-3 under the Exchange Act, more than 8.7% (or 15% in the case of specific pension trusts described in the Internal Revenue Code, investment companies registered under the Investment Company Act of 1940, as amended, and Mr. Considine) of the outstanding shares of Aimco common stock (the Ownership Limit). The Aimco Board of Directors may waive the Ownership Limit if evidence satisfactory to the Aimco Board of Directors and Aimco's tax counsel is presented that such ownership will not then or in the future jeopardize Aimco's status as a REIT. However, in no event may such holder's direct or indirect ownership of Aimco common stock exceed 12.0% of the total outstanding shares of Aimco common stock. As a condition of such waiver, the Aimco Board of Directors may require opinions of counsel satisfactory to it and/or an undertaking from the applicant with respect to preserving the REIT status of Aimco. The foregoing restrictions on transferability and ownership will not apply if the Aimco Board of Directors determines that it is no longer in the best interests of Aimco to attempt to qualify, or to continue to qualify as a REIT and a resolution terminating Aimco's status as a REIT and amending Aimco's charter to remove the foregoing restrictions is duly adopted by the Aimco Board of Directors and a majority of Aimco's stockholders. If shares of Aimco common stock in excess of the Ownership Limit, or shares of Aimco common stock which would cause the REIT to be beneficially owned by fewer than 100 persons, or which would result in Aimco being closely held, within the meaning of

section 856(h) of the Internal Revenue Code, or which would otherwise result in Aimco failing to qualify as a REIT, are issued or transferred to any person, such issuance or transfer shall be null and void to the intended transferee, and the intended transferee would acquire no rights to the stock. Shares of Aimco

Table of Contents

common stock transferred in excess of the Ownership Limit or other applicable limitations will automatically be transferred to a trust for the exclusive benefit of one or more qualifying charitable organizations to be designated by Aimco. Shares transferred to such trust will remain outstanding, and the trustee of the trust will have all voting and dividend rights pertaining to such shares. The trustee of such trust may transfer such shares to a person whose ownership of such shares does not violate the Ownership Limit or other applicable limitation. Upon a sale of such shares by the trustee, the interest of the charitable beneficiary will terminate, and the sales proceeds would be paid, first, to the original intended transferee, to the extent of the lesser of (a) such transferee's original purchase price (or the original market value of such shares if purportedly acquired by gift or devise) and (b) the price received by the trustee, and, second, any remainder to the charitable beneficiary. In addition, shares of stock held in such trust are purchasable by Aimco for a 90 day period at a price equal to the lesser of the price paid for the stock by the original intended transferee (or the original market value of such shares if purportedly acquired by gift or devise) and the market price for the stock on the date that Aimco determines to purchase the stock. The 90 day period commences on the date of the violative transfer or the date that the Aimco Board of Directors determines in good faith that a violative transfer has occurred, whichever is later. All certificates representing shares of Aimco common stock bear a legend referring to the restrictions described above.

All persons who own, directly or by virtue of the attribution provisions of the Internal Revenue Code and Rule 13d-3 under the Exchange Act, more than a specified percentage of the outstanding shares of Aimco common stock must file an affidavit with Aimco containing the information specified in Aimco's charter within 30 days after January 1 of each year. In addition, each stockholder shall upon demand be required to disclose to Aimco in writing such information with respect to the direct, indirect and constructive ownership of shares as the board of directors deems necessary to comply with the provisions of the Internal Revenue Code applicable to a REIT or to comply with the requirements of any taxing authority or governmental agency.

The ownership limitations may have the effect of precluding acquisition of control of Aimco by specific parties unless the Aimco Board of Directors determines that maintenance of REIT status is no longer in the best interests of Aimco.

Table of Contents

COMPARISON OF AIMCO OP UNITS AND AIMCO COMMON STOCK

Set forth below is a comparison of the OP Units to the Aimco common stock.

OP Units

Common Stock

Nature of Investment

The OP Units constitute equity interests entitling each holder to his or her pro rata share of cash distributions made from Available Cash (as such term is defined in the Aimco OP partnership agreement) to the partners of Aimco OP, a Delaware limited partnership.

The Aimco common stock constitutes equity interests in Aimco, a Maryland corporation.

Voting Rights

Under the Aimco OP partnership agreement, limited partners have voting rights only with respect to certain limited matters such as certain amendments of the partnership agreement and certain transactions such as the institution of bankruptcy proceedings, an assignment for the benefit of creditors and certain transfers by the general partner of its interest in Aimco OP or the admission of a successor general partner.

Each outstanding share of Aimco common stock entitles the holder thereof to one vote on all matters submitted to stockholders for a vote, including the election of directors. Holders of Aimco common stock have the right to vote on, among other things, a merger of Aimco, amendments to the Aimco charter and the dissolution of Aimco. Certain amendments to the Aimco charter require the affirmative vote of not less than two-thirds of votes entitled to be cast on the matter. The Aimco charter permits the Aimco Board of Directors to classify and issue capital stock in one or more series having voting power which may differ from that of the common stock.

Under Maryland law, a consolidation, merger, share exchange or transfer of all or substantially all of the assets of Aimco requires the affirmative vote of not less than two-thirds of all of the votes entitled to be cast on the matter. With respect to each of these transactions, only the holders of common stock are entitled to vote on the matters. No approval of the stockholders is required for the sale of less than all or substantially all of Aimco's assets.

Maryland law provides that the Aimco Board of Directors must obtain the affirmative vote of at least two-thirds of the votes entitled to be cast on the matter in order to dissolve Aimco. Only the holders of Aimco common stock are entitled to vote on Aimco's dissolution.

Distributions/Dividends

Subject to the rights of holders of any outstanding partnership preferred units, the Aimco OP partnership agreement requires the general partner to cause Aimco OP

Holders of Aimco common stock are entitled to receive dividends when and as declared by the Aimco Board of Directors, out of funds legally available therefor. Under

to distribute quarterly all, or such portion as the general partner may in its sole and absolute discretion determine, of Available Cash (as such term is defined in the partnership agreement) generated by Aimco OP during such quarter to the general partner, the Special Limited Partner and the holders of OP Units and HPUs on the record date established by the general partner with respect to such quarter, in accordance with their respective interests in Aimco OP on such record date. Holders of any Partnership Preferred Units currently issued and which may be issued in the future may have priority over the general partner, the special limited partner and holders of OP Units and HPUs with respect to distributions of Available Cash, distributions upon liquidation or other

the REIT rules, Aimco is required to distribute dividends (other than capital gain dividends) to its stockholders in an amount at least equal to (A) the sum of (i) 90% of Aimco's REIT taxable income (computed without regard to the dividends paid deduction and Aimco's net capital gain) and (ii) 90% of the net income (after tax), if any, from foreclosure property, minus (B) the sum of certain items of noncash income. See Material United States Federal Income Tax Considerations.

OP Units

Common Stock

distributions. See Description of Aimco OP Units; Summary of Aimco OP Partnership Agreement Distributions. The general partner in its sole and absolute discretion may distribute to the holders of OP Units and HPUs Available Cash on a more frequent basis and provide for an appropriate record date. The partnership agreement requires the general partner to take such reasonable efforts, as determined by it in its sole and absolute discretion and consistent with the REIT Requirements, to cause Aimco OP to distribute sufficient amounts to enable the general partner to transfer funds to Aimco and enable Aimco to pay stockholder dividends that will (i) satisfy the requirements for qualifying as a REIT under the Internal Revenue Code, and the Treasury Regulations and (ii) avoid any U.S. Federal income or excise tax liability of Aimco. See Description of Aimco OP Units; Summary of Aimco OP Partnership Agreement Distributions.

Liquidity and Transferability/Redemption

There is no public market for the OP Units and the OP Units are not listed on any securities exchange.

The Aimco common stock is transferable subject to the Ownership Limit set forth in the Aimco charter. The Aimco common stock is listed on the NYSE.

Under the Aimco OP partnership agreement, until the expiration of one year from the date on which a holder acquired OP Units, subject to certain exceptions, such OP Unitholder may not transfer all or any portion of its OP Units to any transferee without the consent of the general partner, which consent may be withheld in its sole and absolute discretion. After the expiration of one year, such OP Unitholder has the right to transfer all or any portion of its OP Units to any person, subject to the satisfaction of certain conditions specified in the partnership agreement, including the general partner's right of first refusal. See Description of Aimco OP Units; Summary of Aimco OP Partnership Agreement Transfers and Withdrawals. After the first anniversary of becoming a holder of OP Units, a holder has the right, subject to the terms and conditions of the partnership agreement, to require Aimco OP to redeem all or a portion of such holder's OP Units in exchange for shares of common stock or a cash amount equal to the value of such shares, as Aimco OP may elect. See Description of Aimco OP Units; Summary of Aimco OP Partnership Agreement Redemption Rights of Qualifying Parties. Upon receipt of a notice of redemption, Aimco OP may, in its sole and absolute discretion but subject to the

restrictions on the ownership of common stock imposed under the Aimco charter and the transfer restrictions and other limitations thereof, elect to cause Aimco to acquire some or all of the tendered OP Units in exchange for common stock, based on an exchange ratio of one share of common stock for each OP Unit, subject to adjustment as provided in the partnership agreement.

Table of Contents

COMPARISON OF NPI UNITS AND AIMCO OP UNITS

The rights of NPI limited partners are currently governed by the California Act and the NPI partnership agreement. The rights of the limited partners of Aimco OP are currently governed by the Delaware Act and the Aimco OP partnership agreement.

The information below highlights a number of the significant differences between NPI Units and OP Units. These comparisons are intended to assist NPI limited partners in understanding how their investment will be changed after completion of the transactions, if they elect to receive OP Units in lieu of cash with respect to the merger.

NPI Units

OP Units

Nature of Investment

The NPI Units constitute equity interests entitling each partner to his or her pro rata share of distributions to be made to the partners of NPI.

The OP Units constitute equity interests entitling each holder to his or her pro rata share of cash distributions made from Available Cash (as such term is defined in the partnership agreement) to the partners of Aimco OP.

Voting Rights

With limited exceptions, under the NPI partnership agreement, upon the vote of a majority in units of all limited partners (other than the original limited partner), the limited partners may make amendments to NPI's partnership agreement. Other than the original limited partner, the limited partners holding a majority of units may remove the general partner and elect a successor general partner. If the general partner withdraws or is otherwise removed, the general partner elected in place thereof may elect to carry on the business of NPI. An affiliate of the general partner of NPI currently owns a majority of each series of NPI's limited partnership units.

Under the Aimco OP partnership agreement, limited partners have voting rights only with respect to certain limited matters such as certain amendments of the partnership agreement and certain transactions such as the institution of bankruptcy proceedings, an assignment for the benefit of creditors and certain transfers by the general partner of its interest in Aimco OP or the admission of a successor general partner.

Under the Aimco OP partnership agreement, the general partner has the power to effect the acquisition, sale, transfer, exchange or other disposition of any assets of Aimco OP (including, but not limited to, the exercise or grant of any conversion, option, privilege or subscription right or any other right available in connection with any assets at any time held by Aimco OP) or the merger, consolidation, reorganization or other combination of Aimco OP with or into another entity, all without the consent of the OP Unitholders.

The general partner may cause the dissolution of Aimco OP by an event of withdrawal, as defined in the Delaware Act (including, without limitation, bankruptcy), unless, within 90 days after the withdrawal, holders of a majority in interest, as defined in the

Delaware Act, agree in writing, in their sole and absolute discretion, to continue the business of Aimco OP and to the appointment of a successor general partner. The general partner may elect to dissolve Aimco OP in its sole and absolute discretion, with or without the consent of the OP Unitholders. OP Unitholders cannot remove the general partner of Aimco OP with or without cause.

Table of Contents

NPI Units

OP Units

Distributions

Cash from operations, cash from sales or refinancing and cash from property reserve account will be distributed to each partner (and, in the case of cash from sales or refinancing and cash from property reserve account in the order of priority set forth in the NPI partnership agreement) unless (i) NPI is restricted from making distributions under the terms of notes, mortgages or other types of debt obligations which it may issue or assume in conjunction with borrowed funds, or (ii) the general partner determines, in its absolute discretion, that a restriction or suspension of distributions is in the best interests of NPI. The distributions payable to the partners are not fixed in amount and depend upon the operating results and net sales or refinancing proceeds available from the disposition of NPI's assets.

Subject to the rights of holders of any outstanding partnership preferred units, the Aimco OP partnership agreement requires the general partner to cause Aimco OP to distribute quarterly all, or such portion as the general partner may in its sole and absolute discretion determine, of Available Cash (as such term is defined in the partnership agreement) generated by Aimco OP during such quarter to the general partner, the special limited partner and the holders of OP Units and HPUs on the record date established by the general partner with respect to such quarter, in accordance with their respective interests in Aimco OP on such record date. Holders of any partnership preferred units currently issued and which may be issued in the future may have priority over the general partner, the special limited partner and holders of OP Units and HPUs with respect to distributions of Available Cash, distributions upon liquidation or other distributions. See Description of Aimco OP Units; Summary of Aimco OP Partnership Agreement Distributions. The general partner in its sole and absolute discretion may distribute to the holders of OP Units and HPUs Available Cash on a more frequent basis and provide for an appropriate record date. The partnership agreement requires the general partner to take such reasonable efforts, as determined by it in its sole and absolute discretion and consistent with the REIT requirements, to cause Aimco OP to distribute sufficient amounts to enable the general partner to transfer funds to Aimco and enable Aimco to pay stockholder dividends that will (i) satisfy the requirements for qualifying as a REIT under the Internal Revenue Code, and the Treasury Regulations and (ii) avoid any U.S. Federal income or excise tax liability of Aimco. See Description of Aimco OP Units; Summary of Aimco OP Partnership Agreement Distributions.

Liquidity and Transferability/Redemption

There is a limited market for the NPI Units and the NPI Units are not listed on any securities exchange. Under the NPI partnership agreement, holders of NPI Units have the right, subject to certain exceptions, to assign five or more NPI Units by means of a written instrument, the terms of which are not in contravention of any of the provisions of the NPI partnership agreement and which instrument has been duly executed by the assignor

There is no public market for the OP Units and the OP Units are not listed on any securities exchange. Under the Aimco OP partnership agreement, until the expiration of one year from the date on which a holder acquired OP Units, subject to certain exceptions, such OP Unitholder may not transfer all or any portion of its OP Units to any transferee without the consent of the general partner, which consent may be withheld in its

of such NPI Units. Any assignment of NPI Units must be made in compliance with the then applicable rules of any applicable governmental authority. Notwithstanding the above, no partner may make an assignment of any NPI Units if the NPI Units sought to be assigned, when added to the

sole and absolute discretion. After the expiration of one year, such OP Unitholder has the right to transfer all or any portion of its OP Units to any person, subject to the satisfaction of certain conditions specified in the partnership agreement, including the general partner's right of first refusal. See Description of Aimco OP

Table of Contents**NPI Units**

total of all other NPI Units assigned within the period of 12 consecutive months prior to the proposed date of assignment, would result in the termination of the partnership under the Internal Revenue Code. No assignee of a limited partner's interest may become a substituted limited partner unless (a) a duly executed and acknowledged written instrument of assignment covering no less than five NPI Units (subject to certain exceptions) has been filed with NPI, which instrument specifies the number of NPI Units being assigned and sets forth the intention of the assignor that the assignee succeed to the assignor's interest as a substituted limited partner, (b) the assignor and assignee execute and acknowledge such other instruments as the general partner deems necessary or desirable to effect the substitution, including the written acceptance and adoption by the assignee of the provisions of the NPI partnership agreement and delivery to the general partner of a special power of attorney, (c) the written consent of the general partner to the substitution is obtained, which consent may be granted or denied in the general partner's absolute discretion, (d) a transfer fee not to exceed \$50 has been paid to NPI to cover all reasonable expenses connected with the substitution, and (e) the assignment provisions of the NPI partnership agreement have been complied with. Unauthorized assignments and transfers are *void ab initio*. The NPI partnership agreement contains no redemption rights.

Fiduciary Duty

California law provides that a general partner's duty of loyalty to the limited partnership and the other partners is limited to (i) accounting to the limited partnership and holding as trustee for it any property, profit, or benefit derived by the general partner in the conduct and winding up of the limited partnership's activities or derived from a use by the general partner of limited partnership property, including the appropriation of a limited partnership opportunity; (ii) refraining from dealing with the limited partnership in the conduct or winding up of the limited partnership's activities as or on behalf of a party having an interest adverse to the limited partnership; and (iii) refraining from competing with the limited partnership in the conduct or winding up of the limited partnership's activities. Under California law, a general partner's duty of care to the limited partnership and the other partners in the conduct and winding up of the limited partnership's

OP Units

Units; Summary of Aimco OP Partnership Agreement Transfers and Withdrawals. After the first anniversary of becoming a holder of OP Units, a holder has the right, subject to the terms and conditions of the partnership agreement, to require Aimco OP to redeem all or a portion of such holder's OP Units in exchange for shares of common stock or a cash amount equal to the value of such shares, as Aimco OP may elect. See Description of Aimco OP Units; Summary of Aimco OP Partnership Agreement Redemption Rights of Qualifying Parties. Upon receipt of a notice of redemption, Aimco OP may, in its sole and absolute discretion but subject to the restrictions on the ownership of common stock imposed under the Aimco charter and the transfer restrictions and other limitations thereof, elect to cause Aimco to acquire some or all of the tendered OP Units in exchange for common stock, based on an exchange ratio of one share of common stock for each OP Unit, subject to adjustment as provided in the partnership agreement.

Delaware law provides that, except as provided in a partnership agreement, a general partner owes the fiduciary duties of loyalty and care to the partnership and its limited partners. The Aimco OP partnership agreement expressly authorizes the general partner to enter into, on behalf of Aimco OP, a right of first opportunity arrangement and other conflict avoidance agreements with various affiliates of Aimco OP and the general partner, on such terms as the general partner, in its sole and absolute discretion, believes are advisable. The Aimco OP partnership agreement expressly limits the liability of the general partner by providing that the general partner, and its officers and directors, will not be liable or accountable in damages to Aimco OP, the limited partners or assignees for errors in judgment or mistakes of fact or law or of any act or omission if the general partner or such director or officer acted in good

activities is limited to refraining from engaging in grossly negligent or reckless conduct, intentional misconduct, or a knowing violation of law. Additionally, California law requires that a general partner discharge its duties to the partnership and the other partners consistently with the

Table of Contents

NPI Units

OP Units

obligation of good faith and fair dealing. The NPI limited partnership agreement does not limit or enhance the fiduciary duties provided by California law.

The NPI partnership agreement provides that the general partners shall not employ or permit another to employ the partnership funds or assets in any manner except for the exclusive benefit of the partnership.

Investment Policy

NPI was organized for the purpose of operating income-producing residential real estate. In general, the General Partner regularly evaluates NPI's property by considering various factors, such as the partnership's financial position and real estate and capital markets conditions. The General Partner monitors the property's specific locale and sub-market conditions (including stability of the surrounding neighborhood), evaluating current trends, competition, new construction and economic changes. It oversees the operating performance of the property and evaluates the physical improvement requirements. In addition, the financing structure for the property (including any prepayment penalties), tax implications, availability of attractive mortgage financing to a purchaser, and the investment climate are all considered. Any of these factors, and possibly others, could potentially contribute to any decision by the General Partner to sell, refinance, upgrade with capital improvements or hold the property.

Aimco OP was formed to engage in the acquisition, ownership, management and redevelopment of apartment properties. Although it holds all of its properties for investment, Aimco OP may sell properties when they do not meet its investment criteria or are located in areas that it believes do not justify a continued investment when compared to alternative uses for capital. Its portfolio management strategy includes property acquisitions and dispositions to concentrate its portfolio in its target markets. It may market for sale certain properties that are inconsistent with this long-term investment strategy. Additionally, from time to time, Aimco OP may market certain properties that are consistent with this strategy but offer attractive returns. Aimco OP may use its share of the net proceeds from such dispositions to, among other things, reduce debt, fund capital expenditures on existing assets, fund acquisitions, and for other operating needs and corporate purposes.

Table of Contents**Compensation and Distributions**

NPI. NPI has no employees and depends on the General Partner and its affiliates for the management and administration of all partnership activities. The NPI partnership agreement provides that the General Partner and its affiliates receive 5% of gross receipts from all of NPI's properties as compensation for providing property management services, and also provides that the General Partner and its affiliates receive certain payments for other services and reimbursement of certain expenses incurred on behalf of NPI.

In addition, under the NPI partnership agreement, (i) Adjusted Cash From Operations (as defined in the NPI partnership agreement) is distributed as follows: ninety-nine percent to the limited partners and one percent to the General Partner, and (ii) Cash From Sales or Refinancings and Cash from Property Reserve Account (each as defined in the NPI partnership agreement) is distributed in the following order of priority: (w) first, to the holders of NPI Units in proportion to their interest in NPI, an amount equal to the Net Tangible Asset Value (as defined in the NPI partnership agreement); (x) second, to the General Partner in an amount equal to all or any part of any Incentive Compensation Fee (as defined in the NPI partnership agreement) due and owing as provided in the NPI partnership agreement, (y) third, to the holders of NPI Units, in an amount when added to all prior distributions, including any distributions to holders of the NPI Units prior to August 28, 1992 and the amount distributed pursuant to paragraph (w) above, that shall be equal to 10% per annum cumulative on the NPI Unit holders' Adjusted Invested Capital (as defined in the NPI partnership agreement) commencing at the time each NPI Unit holder was admitted to the partnership, and (z) fourth, with respect to the remainder, 1% to the general partner and 99% to the holders. Notwithstanding the foregoing, NPI may be restricted from making distributions under the terms of notes, mortgages or other types of debt obligations which it may issue or assume in conjunction with borrowed funds, and distributions may also be restricted or suspended in circumstances when the General Partner determines, in its absolute discretion, that such action is in the best interests of NPI.

A description of the compensation paid to the General Partner and its affiliates during the years ended December 31, 2010 and 2009 and the three months ended March 31, 2011 and 2010 can be found under the heading "Information About National Property Investors 4 Certain Relationships and Related Transactions" in this information statement/prospectus. In addition, for more information, see "Note B Transactions with Affiliated Parties" in the notes to the financial statements appearing in NPI's Annual Report on Form 10-K for the year ended December 31, 2010, which is included as Annex F to this information statement/prospectus, and "Note B Transactions with Affiliated Parties" in the notes to the financial statements appearing in NPI's Quarterly Report on Form 10-Q for the quarter ended March 31, 2011, which is included as Annex G to this information statement/prospectus.

Aimco OP. The Aimco OP partnership agreement provides that Aimco OP's general partner shall not be compensated for its services as a general partner, other than the compensation it receives with respect to distributions and allocations in accordance with the partnership agreement. Subject to certain provisions of the partnership agreement, Aimco OP will reimburse the general partner for all sums expended in connection with the partnership's business.

In addition, subject to the rights of holders of any outstanding preferred OP Units, the Aimco OP partnership agreement requires the general partner to cause Aimco OP to distribute quarterly all, or such portion of, as the general partner may in its sole and absolute discretion determine, Available Cash (as such term is defined in the partnership agreement) generated by Aimco OP during such quarter to the general partner, the special limited partner and the holders of common OP Units and HPU's on the record date established by the general partner with respect to such quarter, in accordance with their respective interests in Aimco OP on such record date. The partnership agreement requires the general partner to take such reasonable efforts, as determined by it in its sole and absolute discretion and consistent with the REIT Requirements, to cause Aimco OP to distribute sufficient amounts to enable the general

partner to transfer funds to Aimco and enable Aimco to pay stockholder dividends that will (i) satisfy the requirements for qualifying as a REIT under the Internal Revenue Code and the Treasury Regulations and (ii) avoid any U.S. Federal income or excise tax liability of Aimco.

Table of Contents**MATERIAL UNITED STATES FEDERAL INCOME TAX CONSIDERATIONS**

The following is a summary of the material U.S. Federal income tax consequences of the transactions, and the material U.S. Federal income tax considerations related to an investment in OP Units and Aimco stock. This discussion is based upon the Internal Revenue Code, the Treasury Regulations, rulings issued by the IRS, and judicial decisions, all in effect as of the date of this information statement/prospectus and all of which are subject to change or differing interpretations, possibly with retroactive effect. This summary is also based on the assumption that the operation of Aimco, Aimco OP and the limited liability companies and limited partnerships in which they own controlling interests (collectively, the *Subsidiary Partnerships*) and any affiliated entities will be in accordance with their respective organizational documents and partnership agreements. This summary is for general information only and does not purport to discuss all aspects of U.S. Federal income taxation which may be important to a particular investor, or to certain types of investors subject to special tax rules (including financial institutions, broker-dealers, regulated investment companies, holders that receive Aimco stock through the exercise of stock options or otherwise as compensation, insurance companies, persons holding Aimco stock as part of a straddle, hedge, conversion transaction, synthetic security or other integrated investment, and, except to the extent discussed below, tax-exempt organizations and foreign investors, as determined for U.S. Federal income tax purposes). This summary assumes that investors will hold their OP Units and Aimco stock as capital assets (generally, property held for investment). No opinion of counsel or advance ruling from the IRS has been or will be sought regarding the tax status of Aimco or Aimco OP, or the tax consequences relating to Aimco or Aimco OP or an investment in OP Units or Aimco stock. No assurance can be given that the IRS would not assert, or that a court would not sustain, a position contrary to any of the tax aspects set forth below.

THE U.S. FEDERAL INCOME TAX TREATMENT OF A PARTICULAR HOLDER DEPENDS UPON DETERMINATIONS OF FACT AND INTERPRETATIONS OF COMPLEX PROVISIONS OF U.S. FEDERAL INCOME TAX LAW FOR WHICH NO CLEAR PRECEDENT OR AUTHORITY MAY BE AVAILABLE. ACCORDINGLY, EACH HOLDER IS URGED TO CONSULT ITS TAX ADVISOR REGARDING THE FEDERAL, STATE, LOCAL, AND FOREIGN TAX CONSEQUENCES OF THE TRANSACTIONS, OF ACQUIRING, HOLDING, EXCHANGING, OR OTHERWISE DISPOSING OF OP UNITS AND AIMCO STOCK, AND OF AIMCO'S ELECTION TO BE SUBJECT TO TAX, FOR U.S. FEDERAL INCOME TAX PURPOSES, AS A REAL ESTATE INVESTMENT TRUST.

United States Federal Income Tax Consequences Relating to the Transactions***Tax Consequences of the Conversion of NPI to New NPI (the Redomestication)***

New NPI, the Delaware partnership, will be considered a continuation of NPI, the California partnership for tax purposes. NPI will not recognize gain as a result of the conversion. New NPI will have the same federal identification number as that of NPI and will have the same tax basis, holding period, and depreciation method for each of its assets as that of NPI. The partners of NPI will not recognize any gain from the merger of NPI with and into New NPI. The bases of the partners in New NPI will be equal to their bases in NPI, and their holding periods in their units in New NPI will be the same as their holding periods in the NPI units. Aimco believes that completion of the Redomestication will not result in any tax consequences to the limited partners of NPI.

Tax Consequences of the Merger between New NPI and the Aimco Subsidiary

When the assets or operations of two partnerships such as New NPI and Aimco OP are combined in a transaction pursuant to which one of the partnerships ceases to exist as a partnership (the *terminated partnership*) for U.S. Federal

income tax purposes, and the members of the terminated partnership become members of the surviving partnership (the resulting partnership), that combined transaction is generally treated as a partnership merger.

In general, New NPI would be treated as contributing all of its assets, and assigning all of its liabilities, to Aimco OP in exchange for interests in Aimco OP and any other consideration issued by Aimco OP in connection with the transaction, including cash or an assumption of liability, which may result in gain recognition under the rules described below. Immediately thereafter, New NPI is treated as distributing all of its assets to its partners in complete liquidation.

Table of Contents

Tax Consequences of the Merger between New NPI and the Aimco Subsidiary to Aimco and the Aimco Entities

Aimco and the Aimco Entities (other than Aimco OP, which is discussed separately, above) are not expected to recognize any gain or loss on the transaction.

Tax Consequences of the Transaction to New NPI, Aimco OP, and Aimco

When the assets or operations of two partnerships such as New NPI and Aimco OP are combined in a transaction pursuant to which one of the partnerships (New NPI) ceases to exist as a partnership (the terminated partnership) for U.S. federal income tax purposes, and the members of the terminated partnership become members of the surviving partnership (i.e., AIMCO OP), that combined transaction is generally treated as a partnership merger.

In general, New NPI would be treated as contributing all of its assets, and assigning all of its liabilities, to Aimco OP in exchange for interests in Aimco OP and any other consideration issued by Aimco OP in connection with the transaction, including cash or an assumption of liability, which may result in gain recognition under the rules described below. Immediately thereafter, New NPI is treated as distributing all of its assets to its partners in complete liquidation.

Aimco is not expected to recognize any gain or loss on the transaction.

Tax Consequences of Exchanging NPI Units Solely for Cash

For U.S. Federal income tax purposes, any payment of cash for NPI Units will be treated as a sale of such NPI Units by such holder. Each such holder of NPI Units who accepts cash must explicitly agree and consent to treat the payment of cash for NPI Units as a sale of such units to Aimco OP, in accordance with the terms of the merger agreement.

If a holder of NPI Units sells such units for cash, such holder will recognize gain or loss on the sale of his units equal to the difference between (i) such holder's amount realized on the sale and (ii) such holder's adjusted tax basis in the NPI Units sold. The amount realized with respect to a NPI Unit will be equal to the sum of the amount of cash such holder receives for his units plus the amount of liabilities of New NPI allocable to such NPI Units as determined under section 752 of the Internal Revenue Code.

Tax Consequences of Exchanging NPI Units Solely for OP Units

For U.S. federal income tax purposes, a holder of NPI Units receiving OP Units in the merger will be treated as receiving the OP Units pursuant to a distribution in complete liquidation of such holder's interest in New NPI. Except to the extent described below, a holder receiving OP Units in the merger will not recognize gain or loss on the transaction.

If a holder of NPI Units receives solely OP Units in the merger, such holder may recognize gain if, immediately prior to the merger, the amount of liabilities of New NPI allocable to such holder's NPI Units exceeds the amount of the Aimco OP partnership liabilities allocable to such holder immediately after the merger. In that case the excess would be treated as a deemed distribution of cash to such holder. This deemed cash distribution would be treated as a nontaxable return of capital to the extent of such holder's adjusted tax basis in his NPI Units and thereafter as taxable gain.

Information Reporting Requirements and Backup Withholding

United States Holders

In general, backup withholding and information reporting will apply to all payments made to a U.S. Holder pursuant to the merger. A U.S. Holder will generally be subject to backup withholding at the rate of 28% with respect to payments made pursuant to the merger unless such holder, among other conditions, provides a correct taxpayer identification number, certifies as to no loss of exemption from backup withholding, and otherwise complies with the applicable requirements of the backup withholding rules, or otherwise establishes a basis for

Table of Contents

exemption from backup withholding. Exempt U.S. Holders (including, among others, all corporations) are not subject to these backup withholding and information reporting requirements. A holder who does not provide Aimco OP with his correct taxpayer identification number also may be subject to penalties imposed by the IRS. Any amount paid as backup withholding will be creditable against the holder's income tax liability.

Non-United States Holders

Information reporting may apply to payments made to a Non-U.S. Holder pursuant to the merger. Copies of information returns reporting such amounts and any withholding also may be made available by the IRS to the tax authorities in the country in which a Non-U.S. Holder is resident under the provision of an applicable income tax treaty or other agreement. Non-U.S. Holders that receive OP Units as merger consideration should see [Taxation of Aimco OP and OP Unitholders](#) [Taxation of Foreign OP Unitholders](#), below.

In general, backup withholding will not apply to payments made a Non-U.S. Holder pursuant to the merger, if, among other conditions, such Non-U.S. Holder certifies as to its non-U.S. status under penalties of perjury or otherwise establishes an exemption, provided that neither Aimco OP nor our withholding agent has actual knowledge, or reason to know, that the Non-U.S. Holder is a U.S. person or that the conditions of any other exemption are not in fact satisfied. In order to claim an exemption from or reduction of withholding tax, the Non-U.S. Holder must deliver a properly executed copy of the applicable IRS Form, claiming such exemption or reduction. Any amounts withheld under the backup withholding rules generally will be allowed as a refund or credit against such Non-U.S. Holder's U.S. Federal income tax liability if the Non-U.S. Holder follows the required procedures.

Taxation of Aimco OP and OP Unitholders

Partnership Status

Aimco believes that Aimco OP is classified as a partnership, and not as an association taxable as a corporation or as a publicly traded partnership taxable as a corporation for U.S. Federal income tax purposes. If Aimco OP were treated as an association or a publicly traded partnership taxed as a corporation for U.S. Federal income tax purposes, material adverse consequences to the partners would result. In addition, classification of Aimco OP as an association or publicly traded partnership taxable as a corporation would also result in the termination of Aimco's status as a REIT for U.S. Federal income tax purposes, which would have a material adverse impact on Aimco and its shareholders. See [Taxation of Aimco and Aimco Stockholders](#) [Tax Aspects of Aimco's Investments in Partnerships](#). The following discussion assumes that Aimco OP is, and will continue to be, classified and taxed as a partnership (and not as a publicly traded partnership) for U.S. Federal income tax purposes.

Taxation of OP Unitholders

In general, a partnership is treated as a pass-through entity for U.S. Federal income tax purposes and is not itself subject to U.S. Federal income taxation. Each partner of a partnership, however, is subject to tax on his allocable share of partnership tax items, including partnership income, gains, losses, deductions, and expenses ([Partnership Tax Items](#)) for each taxable year of the partnership ending within or with such taxable year of the partner, regardless of whether he receives any actual distributions from the partnership during the taxable year. Generally, the characterization of any particular Partnership Tax Item is determined at the partnership, rather than at the partner level, and the amount of a partner's allocable share of such item is governed by the terms of the partnership agreement. An OP unitholder's allocable share of Aimco OP's taxable income may exceed the cash distributions to the OP unitholder for any year if Aimco OP retains its profits rather than distributing them.

Allocations of Aimco OP Profits and Losses

For U.S. Federal income tax purposes, an OP unitholder's allocable share of Aimco OP's Partnership Tax Items will be determined by Aimco OP's partnership agreement, provided such allocations either have substantial economic effect or are determined to be in accordance with the OP unitholder's interests in Aimco OP. If the allocations provided by Aimco OP's limited partnership agreement were successfully challenged by the IRS, the

Table of Contents

redetermination of the allocations to a particular OP unitholder for U.S. Federal income tax purposes may be less favorable than the allocation set forth in Aimco OP's partnership agreement.

Tax Basis of a Partnership Interest

A partner's adjusted tax basis in his partnership interest is relevant, among other things, for determining (i) gain or loss upon a taxable disposition of his partnership interest, (ii) gain upon the receipt of partnership distributions, and (iii) the limitations imposed on the use of partnership deductions and losses allocable to such partner. Generally, the adjusted tax basis of an OP unitholder's interest in Aimco OP is equal to (A) the sum of the adjusted tax basis of the property contributed by the OP unitholder to Aimco OP in exchange for an interest in Aimco OP and the amount of cash, if any, contributed by the OP unitholder to Aimco OP, (B) reduced, but not below zero, by the OP unitholder's allocable share of Aimco OP partnership distributions, deductions, and losses, (C) increased by the OP unitholder's allocable share of Aimco OP partnership income and gains, and (D) increased by the OP unitholder's allocable share of Aimco OP partnership liabilities and decreased by the OP unitholder's liabilities assumed by Aimco OP.

Cash Distributions

Cash distributions received from a partnership do not necessarily correlate with income earned by the partnership as determined for U.S. Federal income tax purposes. Thus, an OP unitholder's U.S. Federal income tax liability in respect of his allocable share of Aimco OP taxable income for a particular taxable year may exceed the amount of cash, if any, received by the OP unitholder from Aimco OP during such year.

If cash distributions, including a deemed cash distribution as discussed below, received by an OP unitholder in any taxable year exceed his allocable share of Aimco OP taxable income for the year, the excess will generally constitute, for U.S. Federal income tax purposes, a return of capital to the extent of such OP unitholder's adjusted tax basis in his Aimco OP interest. Such return of capital will not be includible in the taxable income of the OP unitholder, for U.S. Federal income tax purposes, but it will reduce, but not below zero, the adjusted tax basis of Aimco OP interests held by the OP unitholder. If an OP unitholder's tax basis in his Aimco OP interest is reduced to zero, a subsequent cash distribution received by the OP unitholder will be subject to tax as capital gain and/or ordinary income, but only if, and to the extent that, such distribution exceeds the subsequent positive adjustments, if any, to the tax basis of the OP unitholder's Aimco OP interest as determined at the end of the taxable year during which such distribution is received. A decrease in an OP unitholder's allocable share of Aimco OP liabilities resulting from the payment or other settlement, or reallocation of such liabilities is generally treated, for U.S. Federal income tax purposes, as a deemed cash distribution. A decrease in an OP unitholder's percentage interest in Aimco OP because of the issuance by Aimco OP of additional OP Units or otherwise, may decrease an OP unitholder's share of nonrecourse liabilities of Aimco OP and thus, may result in a corresponding deemed distribution of cash. A deemed distribution of cash resulting from the payment, settlement, or other reduction or reallocation of Aimco OP liabilities formerly allocated to an OP unitholder will result in taxable gain to such OP unitholder to the extent such deemed distribution of cash exceeds the OP unitholder's basis in his OP Units.

A non-pro rata distribution (or deemed distribution) of money or property may result in ordinary income to an OP unitholder, regardless of such OP unitholder's tax basis in his OP Units, if the distribution reduces such OP unitholder's share of Aimco OP's Section 751 Assets. Section 751 Assets are defined by the Internal Revenue Code to include unrealized receivables or inventory items. Among other things, unrealized receivables include amounts attributable to previously claimed depreciation deductions on certain types of property. To the extent that such a reduction in an OP unitholder's share of Section 751 Assets occurs, Aimco OP will be deemed to have distributed a proportionate share of the Section 751 Assets to the OP unitholder followed by a deemed exchange of such assets with Aimco OP in return for the non-pro rata portion of the actual distribution made to such OP unitholder. This deemed exchange will generally result in the realization of ordinary income by the OP unitholder. Such income will equal the excess of

(1) the non-pro rata portion of such distribution over (2) the OP unitholder's tax basis in such OP unitholder's share of such Section 751 Assets deemed relinquished in the exchange.

Table of Contents***Tax Consequences Relating to Contributed Assets***

If an investor contributes property to Aimco OP in exchange for OP Units, and the adjusted tax basis of such property differs from its fair market value, Partnership Tax Items must be allocated in a manner such that the contributing partner, over the life of Aimco OP, is charged with, or benefits from, the unrealized gain or unrealized loss associated with such property at the time of the contribution. This may result in a tax liability without a corresponding receipt of cash. Where a partner contributes cash to a partnership that holds appreciated property, Treasury Regulations provide for a similar allocation of such items to the other partners. For example, these rules may apply to a contribution by Aimco to Aimco OP of cash proceeds received by Aimco from the offering of its stock. Such allocations are solely for U.S. Federal income tax purposes and do not affect the book capital accounts or other economic or legal arrangements among the OP unitholders. The general purpose underlying this provision is to specially allocate certain Partnership Tax Items in order to place both the noncontributing and contributing partners in the same tax position that they would have been in had the contributing partner contributed property with an adjusted tax basis equal to its fair market value. Treasury Regulations provide Aimco OP with several alternative methods and allow Aimco OP to adopt any other reasonable method to make allocations to reduce or eliminate these book-tax differences. The general partner, in its sole and absolute discretion and in a manner consistent with Treasury Regulations, will select and adopt a method of allocating Partnership Tax Items for purposes of eliminating such disparities. The method selected by Aimco OP in its sole discretion could cause those NPI limited partners that receive OP Units in connection with the merger to incur a tax liability without a corresponding receipt of cash. Each prospective investor is urged to consult his tax advisor regarding the tax consequences of any special allocations of Partnership Tax Items resulting from the contribution of property to Aimco OP.

Disguised Sales Rules

Generally, section 721 of the Internal Revenue Code provides that neither the contributing partner nor Aimco OP will recognize a gain or loss, for U.S. federal income tax purposes, upon a contribution of property to Aimco OP solely in exchange for OP Units. If, however, in connection with such a contribution of property, the investor receives, or is deemed to receive, cash or other consideration in addition to OP Units, the receipt or deemed receipt of such cash or other consideration may be treated as part of a disguised sale. In that case, the investor would be treated as having sold, in a taxable transaction, a portion of the contributed property to Aimco OP in exchange for such cash or other consideration; the balance of the contributed property would, however, remain subject to the tax free contribution treatment described above.

The disguised sale rules further provide that, unless certain exceptions apply (including exceptions that apply to distributions of operating cash flow), transfers of money or other property between a partnership and a partner that are made within two years of each other must be reported to the IRS and are presumed to be a disguised sale unless the facts and circumstances clearly establish that the transfers do not constitute a sale. The disguised sale rules may also apply, and give rise to taxable income without a corresponding receipt of cash where, for example, a partner contributes property to Aimco OP subject to one or more liabilities or where liabilities are assumed or paid by Aimco OP. If the disguised sale rules apply, all or a portion of the liabilities associated with the contributed property may be treated as consideration received by the contributing partner in a sale of the property to Aimco OP. The disguised sale rules also may apply if, for example, the issuance of OP Units to NPI limited partners in connection with the merger is integrated with any other acquisition between Aimco and any OP unitholder or any related party. For example, the IRS may assert that any redemption or exchange for several years between Aimco OP and any OP unitholder who receives OP Units in the current transaction constitutes an integrated disguised sale that may result in taxation (without receipt of cash) for such OP unitholders. No assurances can be given that the IRS would not be successful in such an assertion. Each prospective investor is urged to consult his tax advisor regarding the application of the disguised sale rules.

Limitations on Deductibility of Losses

Basis Limitation. To the extent that an OP unitholder's allocable share of Aimco OP partnership deductions and losses exceeds his adjusted tax basis in his Aimco OP interest at the end of the taxable year in which the losses and deductions flow through, the excess losses and deductions cannot be utilized, for U.S. Federal income tax purposes, by the OP unitholder in such year. The excess losses and deductions may, however, be utilized in the first

Table of Contents

succeeding taxable year in which, and to the extent that, there is an increase in the tax basis of the Aimco OP interest held by such OP unitholder, but only to the extent permitted under the at risk and passive activity loss rules discussed below.

At Risk Limitation. Under the at risk rules of section 465 of the Internal Revenue Code, a noncorporate taxpayer and a closely held corporate taxpayer are generally not permitted to claim a deduction, for U.S. Federal income tax purposes, in respect of a loss from an activity, whether conducted directly by the taxpayer or through an investment in a partnership, to the extent that the loss exceeds the aggregate dollar amount which the taxpayer has at risk in such activity at the close of the taxable year. To the extent that losses are not permitted to be used in any taxable year, such losses may be carried over to subsequent taxable years and may be claimed as a deduction by the taxpayer if, and to the extent that, the amount which the taxpayer has at risk is increased. Provided certain requirements are met, a taxpayer is considered at risk for the taxpayer's share of any nonrecourse financing secured by real property where the real property is used in the taxpayer's activity of holding real property; the holding of an OP Unit generally would constitute such an activity.

Passive Activity Loss Limitation. The passive activity loss rules of section 469 of the Internal Revenue Code limit the use of losses derived from passive activities, which generally includes an investment in limited partnership interests such as the OP Units. If an investment in an OP Unit is treated as a passive activity, an OP unitholder who is an individual investor, as well as certain other types of investors, would not be able to use losses from Aimco OP to offset nonpassive activity income, including salary, business income, and portfolio income (e.g., dividends, interest, royalties, and gain on the disposition of portfolio investments) received during the taxable year. Passive activity losses that are disallowed for a particular taxable year may, however, be carried forward to offset passive activity income earned by the OP unitholder in future taxable years. In addition, such disallowed losses may be claimed as a deduction, subject to the basis and at risk limitations discussed above, upon a taxable disposition of an OP unitholder's entire interest in Aimco OP, regardless of whether such OP unitholder has received any passive activity income during the year of disposition.

If Aimco OP were characterized as a publicly traded partnership, each OP unitholder would be required to treat any loss derived from Aimco OP separately from any income or loss derived from any other publicly traded partnership, as well as from income or loss derived from other passive activities. In such case, any net losses or credits attributable to Aimco OP which are carried forward may only be offset against future income of Aimco OP. Moreover, unlike other passive activity losses, suspended losses attributable to Aimco OP would only be allowed upon the complete disposition of the OP unitholder's entire interest in Aimco OP.

Section 754 Election

Aimco OP has made the election permitted by section 754 of the Internal Revenue Code. Such election is irrevocable without the consent of the IRS. The election will generally permit a purchaser of OP Units, such as Aimco when it acquires OP Units from OP unitholders, to adjust its share of the basis in Aimco OP's properties pursuant to section 743(b) of the Internal Revenue Code to fair market value (as reflected by the value of consideration paid for the OP Units), as if such purchaser had acquired a direct interest in Aimco OP's assets. The section 743(b) adjustment is attributed solely to a purchaser of OP Units and is not added to the bases of Aimco OP's assets associated with all of the OP unitholders in Aimco OP.

Depreciation

Section 168(i)(7) of the Internal Revenue Code provides that in the case of property transferred to a partnership in a section 721 transaction, the transferee shall be treated as the transferor for purposes of computing the depreciation deduction with respect to so much of the basis in the hands of the transferee as does not exceed the adjusted basis in

the hands of the transferor. The effect of this rule would be to continue the historic basis, placed in service dates and methods with respect to the depreciation of any properties contributed to Aimco OP in exchange for OP Units. However, an acquirer of OP Units that obtains a section 743(b) adjustment by reason of such acquisition (see Section 754 Election, above) generally will be allowed depreciation with respect to such adjustment beginning as of the date of the exchange as if it were new property placed in service as of that date.

Table of Contents***Sale, Redemption, Exchange or Abandonment of OP Units***

An OP unitholder will recognize a gain or loss upon a sale of an OP Unit, a redemption of an OP Unit for cash, an exchange of an OP Unit for shares of common stock or other taxable disposition of an OP Unit. Gain or loss recognized upon a sale or exchange of an OP Unit will be equal to the difference between (i) the amount realized in the transaction (*i.e.*, the sum of the cash and the fair market value of any property received for the OP Unit plus the amount of Aimco OP liabilities allocable to the OP Unit at such time) and (ii) the OP unitholder's tax basis in the OP Unit disposed of, which tax basis will be adjusted for the OP unitholder's allocable share of Aimco OP's income or loss for the taxable year of the disposition. The tax liability resulting from the gain recognized on a disposition of an OP Unit could exceed the amount of cash and the fair market value of property received. If Aimco redeems less than all of an OP unitholder's OP Units, the OP unitholder would recognize taxable gain only to the extent that the cash plus the amount of Aimco OP liabilities allocable to the redeemed OP Units, exceeded the OP unitholder's adjusted tax basis in all of such OP unitholder's OP Units immediately before the redemption.

Capital gains recognized by individuals and certain other noncorporate taxpayers upon the sale or disposition of an OP Unit will be subject to taxation at long-term capital gains rates if the OP Unit is held for more than 12 months and will be taxed at ordinary income tax rates if the OP Unit is held for 12 months or less. Generally, gain or loss recognized by an OP unitholder on the sale or other taxable disposition of an OP Unit will be taxable as capital gain or loss. However, to the extent that the amount realized upon the sale or other taxable disposition of an OP Unit attributable to an OP unitholder's share of unrealized receivables of Aimco OP exceeds the basis attributable to those assets, such excess will be treated as ordinary income. Among other things, unrealized receivables include amounts attributable to previously claimed depreciation deductions on certain types of property. In addition, the maximum U.S. Federal income tax rate for net capital gains attributable to the sale of depreciable real property (which may be determined to include an interest in a partnership such as Aimco OP) held for more than 12 months is currently 25% (rather than 15%) to the extent of previously claimed depreciation deductions that would not be treated as unrealized receivables. See also *Disguised Sales Rules* above for sales integrated with the contribution of property for OP Units.

The law is currently uncertain regarding the treatment of an abandoned interest in a partnership, and whether an abandonment gives rise to a deductible loss is a question of fact. Prospective investors are urged to consult their tax advisors regarding the application, effect and method of abandoning an interest in an OP Unit.

Alternative Minimum Tax

The Internal Revenue Code contains different sets of minimum tax rules applicable to corporate and noncorporate investors. The discussion below relates only to the alternative minimum tax applicable to noncorporate taxpayers. Accordingly, corporate investors should consult with their tax advisors with respect to the effect of the corporate minimum tax provisions that may be applicable to them. Noncorporate taxpayers are subject to an alternative minimum tax to the extent the tentative minimum tax (TMT) exceeds the regular income tax otherwise payable. In general, alternative minimum taxable income (AMTI) consists of the taxpayer's taxable income, determined with certain adjustments, plus his items of tax preference. For example, alternative minimum taxable income is calculated using an alternative cost recovery (depreciation) system that is not as favorable as the methods provided for under section 168 of the Internal Revenue Code which Aimco OP will use in computing its income for regular U.S. Federal income tax purposes. Accordingly, an OP unitholder's AMTI derived from Aimco OP may be higher than such OP unitholder's share of Aimco OP's net taxable income. Prospective investors should consult their tax advisors as to the impact of an investment in OP Units on their liability for the alternative minimum tax.

Information Returns and Audit Procedures

Aimco OP will use all reasonable efforts to furnish to each OP unitholder as soon as possible after the close of each taxable year of Aimco OP, certain tax information, including a Schedule K-1, which sets forth each OP unitholder's allocable share of Aimco OP's Partnership Tax Items. In preparing this information the general partner will use various accounting and reporting conventions to determine the respective OP unitholder's allocable share of

Table of Contents

Partnership Tax Items. The general partner cannot assure a current or prospective OP unitholder that the IRS will not successfully contend in court that such accounting and reporting conventions are impermissible.

No assurance can be given that Aimco OP will not be audited by the IRS or that tax adjustments will not be made. Further, any adjustments in Aimco OP's tax returns will lead to adjustments in OP unitholders' tax returns and may lead to audits of their returns and adjustments of items unrelated to Aimco OP. Each OP unitholder would bear the cost of any expenses incurred in connection with an examination of such OP unitholder's personal tax return.

The tax treatment of Partnership Tax Items generally is determined at the partnership level in a unified partnership proceeding rather than in separate proceedings with the partners. The Internal Revenue Code provides for one partner to be designated as the Tax Matters Partner for these purposes.

The Tax Matters Partner is authorized, but not required, to take certain actions on behalf of Aimco OP and the OP unitholders and can extend the statute of limitations for assessment of tax deficiencies against OP unitholders with respect to Aimco OP Partnership Tax Items. The Tax Matters Partner may bind an OP unitholder with less than a 1% profits interest in Aimco OP to a settlement with the IRS, unless such OP unitholder elects, by filing a statement with the IRS, not to give such authority to the Tax Matters Partner. The Tax Matters Partner may seek judicial review (to which all the OP unitholders are bound) of a final partnership administrative adjustment; if the Tax Matters Partner fails to seek judicial review, such review may be sought by any OP unitholder having at least a 1% interest in the profits of Aimco OP or by OP unitholders having in the aggregate at least a 5% profits interest. However, only one action for judicial review will go forward, and each OP unitholder with an interest in the outcome may participate.

Taxation of Foreign OP Unitholders

A Non-U.S. OP unitholder (see the definition of "Non-U.S. Holder" below under "Taxation of Aimco and Aimco Stockholders" "Taxation of Stockholders" "Taxation of Foreign Stockholders") will generally be considered to be engaged in a U.S. trade or business on account of its ownership of an OP Unit. As a result, a Non-U.S. OP unitholder will be required to file U.S. Federal income tax returns with respect to its allocable share of Aimco OP's income. A Non-U.S. OP unitholder that is a corporation may also be subject to U.S. branch profit tax at a rate of 30%, in addition to regular U.S. Federal income tax, on its allocable share of such income. Such a tax may be reduced or eliminated by an income tax treaty between the U.S. and the country with respect to which the Non-U.S. OP unitholder is resident for tax purposes. Non-U.S. OP unitholders are advised to consult their tax advisors regarding the effects an investment in Aimco OP may have on information return requirements and other U.S. and non-U.S. tax matters, including the tax consequences of an investment in Aimco OP for the country or other jurisdiction of which such Non-U.S. OP unitholder is a citizen or in which such Non-U.S. OP unitholder resides or is otherwise located.

Taxation of Aimco and Aimco Stockholders

Taxation of Aimco

The REIT provisions of the Internal Revenue Code are highly technical and complex. The following summary sets forth certain aspects of the provisions of the Internal Revenue Code that govern the U.S. Federal income tax treatment of a REIT and its stockholders. This summary is qualified in its entirety by the applicable Internal Revenue Code provisions, Treasury Regulations, and administrative and judicial interpretations thereof, all of which are subject to change, possibly with retroactive effect.

Aimco has elected to be taxed as a REIT under the Internal Revenue Code commencing with its taxable year ended December 31, 1994, and Aimco intends to continue such election. Although Aimco believes that, commencing with Aimco's initial taxable year ended December 31, 1994, Aimco was organized in conformity with the requirements for

qualification as a REIT, and its actual method of operation has enabled, and its proposed method of operation will enable, it to meet the requirements for qualification and taxation as a REIT under the Internal Revenue Code, no assurance can be given that Aimco has been or will remain so qualified. Such qualification and taxation as a REIT depends upon Aimco's ability to meet, on a continuing basis, through actual annual operating

Table of Contents

results, asset ownership, distribution levels, and diversity of stock ownership, the various qualification tests imposed under the Internal Revenue Code as discussed below. No assurance can be given that the actual results of Aimco's operation for any one taxable year will satisfy such requirements. See *Taxation of REITs in General* Failure to Qualify. No assurance can be given that the IRS will not challenge Aimco's eligibility for taxation as a REIT.

Taxation of REITs in General

Provided Aimco qualifies as a REIT, it will generally be entitled to a deduction for dividends that it pays and therefore will not be subject to U.S. Federal corporate income tax on its net income that is currently distributed to its stockholders. This deduction for dividends paid substantially eliminates the double taxation of corporate income (*i.e.*, taxation at both the corporate and stockholder levels) that generally results from investment in a corporation. Rather, income generated by a REIT is generally taxed only at the stockholder level upon a distribution of dividends by the REIT.

For tax years through 2012, most domestic stockholders that are individuals, trusts or estates are taxed on corporate dividends at a maximum rate of 15% (the same as long-term capital gains). With limited exceptions, however, dividends received by stockholders from Aimco or from other entities that are taxed as REITs are generally not eligible for this rate, and will continue to be taxed at rates applicable to ordinary income.

See *Taxation of Stockholders* Taxable Domestic Stockholders Distributions.

Net operating losses, foreign tax credits and other tax attributes of a REIT generally do not pass through to the stockholders of the REIT, subject to special rules for certain items such as capital gains recognized by REITs.

See *Taxation of Aimco and Aimco Stockholders* Taxation of Stockholders.

If Aimco qualifies as a REIT, it will nonetheless be subject to U.S. Federal income tax in the following circumstances:

Aimco will be taxed at regular corporate rates on any undistributed REIT taxable income, including undistributed net capital gains.

A 100% excise tax may be imposed on some items of income and expense that are directly or constructively paid between Aimco and its taxable REIT subsidiaries (as described below) if and to the extent that the IRS successfully asserts that the economic arrangements between Aimco and its taxable REIT subsidiaries are not comparable to similar arrangements between unrelated parties.

If Aimco has net income from prohibited transactions, which are, in general, sales or other dispositions of property held primarily for sale to customers in the ordinary course of business, other than foreclosure property, such income will be subject to a 100% tax.

If we elect to treat property that we acquire in connection with a foreclosure of a mortgage loan or certain leasehold terminations as foreclosure property, we may thereby avoid the 100% prohibited transactions tax on gain from a resale of that property (if the sale would otherwise constitute a prohibited transaction), but the income from the sale or operation of the property may be subject to corporate income tax at the highest applicable rate. We do not anticipate receiving any income from foreclosure property.

If Aimco should fail to satisfy the 75% gross income test or the 95% gross income test (as discussed below), but nonetheless maintains its qualification as a REIT because certain other requirements have been met, it will be subject to a 100% tax on an amount based on the magnitude of the failure adjusted to reflect the profit margin associated with Aimco's gross income.

Similarly, if Aimco should fail to satisfy the asset test or other requirements applicable to REITs, as described below, yet nonetheless maintain its qualification as a REIT because there is reasonable cause for the failure and other applicable requirements are met, it may be subject to an excise tax. In that case, the amount of the tax will be at least \$50,000 per failure, and, in the case of certain asset test failures, will be determined as the amount of net income generated by the assets in question multiplied by the highest corporate tax rate if that amount exceeds \$50,000 per failure.

Table of Contents

If Aimco should fail to distribute during each calendar year at least the sum of (i) 85% of its REIT ordinary income for such year, (ii) 95% of its REIT capital gain net income for such year, and (iii) any undistributed taxable income from prior periods, Aimco will be required to pay a 4% excise tax on the excess of the required distribution over the sum of (a) the amounts actually distributed, plus (b) retained amounts on which income tax is paid at the corporate level.

Aimco may be required to pay monetary penalties to the IRS in certain circumstances, including if it fails to meet the record keeping requirements intended to monitor its compliance with rules relating to the composition of a REIT's stockholders, as described below in Tax Aspects of Aimco's Investments in Partnerships General.

If Aimco acquires appreciated assets from a corporation that is not a REIT (*i.e.*, a subchapter C corporation) in a transaction in which the adjusted tax basis of the assets in the hands of Aimco is determined by reference to the adjusted tax basis of the assets in the hands of the subchapter C corporation, Aimco may be subject to tax on such appreciation at the highest corporate income tax rate then applicable if Aimco subsequently recognizes gain on the disposition of any such asset during the ten-year period following its acquisition from the subchapter C corporation.

Certain of Aimco's subsidiaries are subchapter C corporations, the earnings of which could be subject to U.S. Federal corporate income tax.

Aimco may be subject to the alternative minimum tax on its items of tax preference, including any deductions of net operating losses.

Aimco and its subsidiaries may be subject to a variety of taxes, including state, local and foreign income taxes, property taxes and other taxes on their assets and operations. Aimco could also be subject to tax in situations and on transactions not presently contemplated.

Requirements for Qualification

The Internal Revenue Code defines a REIT as a corporation, trust or association:

1. that is managed by one or more trustees or directors;
2. the beneficial ownership of which is evidenced by transferable shares, or by transferable certificates of beneficial interest;
3. that would be taxable as a domestic corporation, but for the special Internal Revenue Code provisions applicable to REITs;
4. that is neither a financial institution nor an insurance company subject to certain provisions of the Internal Revenue Code;
5. the beneficial ownership of which is held by 100 or more persons;
6. in which, during the last half of each taxable year, not more than 50% in value of the outstanding stock is owned, directly or indirectly, by five or fewer individuals (as defined in the Internal Revenue Code to include certain entities and as determined by applying certain attribution rules); and

7. that meets other tests described below (including with respect to the nature of its income and assets).

The Internal Revenue Code provides that conditions (1) through (4) must be met during the entire taxable year, and that the condition (5) must be met during at least 335 days of a taxable year of 12 months, or during a proportionate part of a shorter taxable year.

Aimco believes that it has been organized, has operated and has issued sufficient shares of stock to satisfy conditions (1) through (7) inclusive. Aimco's articles of incorporation provide certain restrictions regarding transfers of its shares, which are intended to assist Aimco in satisfying the share ownership requirements described in conditions (5) and (6) above. These restrictions, however, may not ensure that Aimco will, in all cases, be able to satisfy the share ownership requirements described in (5) and (6) above.

Table of Contents

To monitor Aimco's compliance with the share ownership requirements, Aimco is generally required to maintain records regarding the actual ownership of its shares. To do so, Aimco must demand written statements each year from the record holders of certain percentages of its stock in which the record holders are to disclose the actual owners of the shares (*i.e.*, the persons required to include in gross income the dividends paid by Aimco). A list of those persons failing or refusing to comply with this demand must be maintained as part of Aimco's records. Failure by Aimco to comply with these record keeping requirements could subject it to monetary penalties. A stockholder who fails or refuses to comply with the demand is required by the Treasury Regulations to submit a statement with its tax return disclosing the actual ownership of the shares and certain other information.

In addition, a corporation generally may not elect to become a REIT unless its taxable year is the calendar year. Aimco satisfies this requirement.

Effect of Subsidiary Entities

Ownership of Partnership Interests. In the case of a REIT that is a partner in a partnership, the Treasury Regulations provide that the REIT is deemed to own its proportionate share of the partnership's assets and to earn its proportionate share of the partnership's income for purposes of the asset and gross income tests applicable to REITs as described below. Similarly, the assets and gross income of the partnership are deemed to retain the same character in the hands of the REIT. Thus, Aimco's proportionate share of the assets, liabilities and items of income of Aimco OP and the Subsidiary Partnerships will be treated as assets, liabilities and items of income of Aimco for purposes of applying the REIT requirements described below. A summary of certain rules governing the Federal income taxation of partnerships and their partners is provided below in [Tax Aspects of Aimco's Investments in Partnerships](#).

Disregarded Subsidiaries. Aimco's indirect interests in Aimco OP and other Subsidiary Partnerships are held through wholly-owned corporate subsidiaries of Aimco organized and operated as qualified REIT subsidiaries within the meaning of the Internal Revenue Code. A qualified REIT subsidiary is any corporation, other than a taxable REIT subsidiary as described below, that is wholly-owned by a REIT, or by other disregarded subsidiaries, or by a combination of the two. If a REIT owns a qualified REIT subsidiary, that subsidiary is disregarded for U.S. Federal income tax purposes, and all assets, liabilities and items of income, deduction and credit of the subsidiary are treated as assets, liabilities and items of income, deduction and credit of the REIT itself, including for purposes of the gross income and asset tests applicable to REITs as summarized below. Each qualified REIT subsidiary, therefore, is not subject to U.S. Federal corporate income taxation, although it may be subject to state or local taxation. Other entities that are wholly-owned by a REIT, including single member limited liability companies, are also generally disregarded as separate entities for U.S. Federal income tax purposes, including for purposes of the REIT income and asset tests. Disregarded subsidiaries, along with partnerships in which Aimco holds an equity interest, are sometimes referred to herein as [pass-through subsidiaries](#).

In the event that a disregarded subsidiary of Aimco ceases to be wholly-owned—for example, if any equity interest in the subsidiary is acquired by a person other than Aimco or another disregarded subsidiary of Aimco—the subsidiary's separate existence would no longer be disregarded for U.S. Federal income tax purposes. Instead, it would have multiple owners and would be treated as either a partnership or a taxable corporation. Such an event could, depending on the circumstances, adversely affect Aimco's ability to satisfy the various asset and gross income requirements applicable to REITs, including the requirement that REITs generally may not own, directly or indirectly, more than 10% of the securities of another corporation. See [Asset Tests](#) and [Income Tests](#).

Taxable Subsidiaries. A REIT, in general, may jointly elect with a subsidiary corporation, whether or not wholly-owned, to treat the subsidiary corporation as a taxable REIT subsidiary ([TRS](#)). A TRS also includes any corporation, other than a REIT, with respect to which a TRS in which a REIT owns an interest owns securities possessing 35% of the total voting power or total value of the outstanding securities of such corporation. The separate

existence of a TRS or other taxable corporation, unlike a disregarded subsidiary as discussed above, is not ignored for U.S. Federal income tax purposes. As a result, a parent REIT is not treated as holding the assets of a TRS or as receiving any income that the TRS earns. Rather, the stock issued by the TRS is an asset in the hands of the parent REIT, and the REIT recognizes as income, the dividends, if any, that it receives from the subsidiary. This treatment can affect the income and asset test calculations that apply to the REIT, as described below. Because a

Table of Contents

parent REIT does not include the assets and income of such subsidiary corporations in determining the parent's compliance with the REIT requirements, such entities may be used by the parent REIT to indirectly undertake activities that the REIT rules might otherwise preclude it from doing directly or through pass-through subsidiaries (for example, activities that give rise to certain categories of income such as management fees or foreign currency gains). As a taxable corporation, a TRS is required to pay regular U.S. Federal income tax, and state and local income tax where applicable.

Certain of Aimco's operations (including certain of its property management, asset management, risk management, etc.) are conducted through its TRSs. Because Aimco is not required to include the assets and income of such TRSs in determining Aimco's compliance with the REIT requirements, Aimco uses its TRSs to facilitate its ability to offer services and activities to its residents that are not generally considered as qualifying REIT services and activities. If Aimco fails to properly structure and provide such nonqualifying services and activities through its TRSs, its ability to satisfy the REIT gross income requirement, and also its REIT status, may be jeopardized.

A TRS may generally engage in any business except the operation or management of a lodging or health care facility. The operation or management of a health care or lodging facility precludes a corporation from qualifying as a TRS. If any of Aimco's TRSs were deemed to operate or manage a health care or lodging facility, such TRSs would fail to qualify as taxable REIT subsidiaries, and Aimco would fail to qualify as a REIT. Aimco believes that none of its TRSs operate or manage any health care or lodging facilities. However, the statute provides little guidance as to the definition of a health care or lodging facility. Accordingly, there can be no assurance that the IRS will not contend that an Aimco TRS operates or manages a health care or lodging facility, disqualifying it from treatment as a TRS, and thereby resulting in the disqualification of Aimco as a REIT.

Several provisions of the Internal Revenue Code regarding arrangements between a REIT and a TRS seek to ensure that a TRS will be subject to an appropriate level of Federal income taxation. For example, a TRS is limited in its ability to deduct interest payments made to its REIT owner. In addition, Aimco would be obligated to pay a 100% penalty tax on certain payments that it receives from, or on certain expenses deducted by, a TRS if the IRS were to successfully assert that the economic arrangements between Aimco and the taxable REIT subsidiary were not comparable to similar arrangements among unrelated parties.

A portion of the amounts to be used to fund distributions to stockholders may come from distributions made by Aimco's TRSs to Aimco OP, and interest paid by the TRSs on certain notes held by Aimco OP. In general, TRSs pay Federal, state and local income taxes on their taxable income at normal corporate rates. Any Federal, state or local income taxes that Aimco's TRSs are required to pay will reduce Aimco's cash flow from operating activities and its ability to make payments to holders of its securities.

Income Tests

In order to maintain qualification as a REIT, Aimco annually must satisfy two gross income requirements:

First, at least 75% of Aimco's gross income for each taxable year, excluding gross income from sales of inventory or dealer property in prohibited transactions, must be derived from investments relating to real property or mortgages on real property, including rents from real property, dividends received from other REITs, interest income derived from mortgage loans secured by real property, and gains from the sale of real estate assets, as well as certain types of temporary investments.

Second, at least 95% of Aimco's gross income for each taxable year, excluding gross income from prohibited transactions, must be derived from some combination of such income from investments in real property (i.e., income that qualifies under the 75% income test described above), as well as other dividends, interest and gains

from the sale or disposition of stock or securities, which need not have any relation to real property.

Rents received by Aimco directly or through Aimco OP or the Subsidiary Partnerships will qualify as rents from real property in satisfying the gross income requirements described above, only if several conditions are met. If rent is partly attributable to personal property leased in connection with a lease of real property, the portion of the total rent attributable to the personal property will not qualify as rents from real property unless it constitutes 15% or less of the total rent received under the lease. Moreover the REIT generally must not operate or manage the

Table of Contents

property (subject to certain exceptions) or furnish or render services to the tenants of such property, other than through an independent contractor from which the REIT derives no revenue. Aimco and its affiliates are permitted, however, to directly perform services that are usually or customarily rendered in connection with the rental of space for occupancy only and are not otherwise considered rendered to the occupant of the property. In addition, Aimco and its affiliates may directly or indirectly provide non-customary services to tenants of its properties without disqualifying all of the rent from the property if the payment for such services does not exceed 1% of the total gross income from the property. For purposes of this test, the income received from such non-customary services is deemed to be at least 150% of the direct cost of providing the services. Moreover, Aimco is generally permitted to provide services to tenants or others through a TRS without disqualifying the rental income received from tenants for purposes of the REIT income requirements.

Aimco manages apartment properties for third parties and affiliates through its TRSs. These TRSs receive management fees and other income. A portion of such fees and other income accrue to Aimco through distributions from the TRSs that are classified as dividend income to the extent of the earnings and profits of the TRSs. Such distributions will generally qualify for purposes of the 95% gross income test but not for purposes of the 75% gross income test. Any dividend Aimco receives from a REIT, however, will be qualifying income in Aimco's hands for purposes of both the 95% and 75% income tests.

Any income or gain derived by Aimco directly or through Aimco OP or the Subsidiary Partnerships from instruments that hedge certain risks, such as the risk of changes in interest rates, will not constitute gross income for purposes of the 75% or 95% gross income tests, provided that specified requirements are met. Such requirements include that the instrument hedge risks associated with indebtedness issued by Aimco, Aimco OP or the Subsidiary Partnerships that is incurred to acquire or carry real estate assets (as described below under *Asset Tests*), and the instrument is properly identified as a hedge, along with the risk that it hedges, within prescribed time periods.

If Aimco fails to satisfy one or both of the 75% or 95% gross income tests for any taxable year, it may nevertheless qualify as a REIT for the year if it is entitled to relief under certain provisions of the Internal Revenue Code. These relief provisions will be generally available if Aimco's failure to meet these tests was due to reasonable cause and not due to willful neglect, and Aimco attaches a schedule of the sources of its income to its tax return. It is not possible to state whether Aimco would be entitled to the benefit of these relief provisions in all circumstances. If these relief provisions are inapplicable to a particular set of circumstances involving Aimco, Aimco will not qualify as a REIT. Even where these relief provisions apply, the Internal Revenue Code imposes a tax based upon the amount by which Aimco fails to satisfy the particular gross income test.

Asset Tests

Aimco, at the close of each calendar quarter of its taxable year, must also satisfy four tests relating to the nature of its assets:

First, at least 75% of the value of the total assets of Aimco must be represented by some combination of real estate assets, cash, cash items, U.S. government securities, and under some circumstances, stock or debt instruments purchased with new capital. For this purpose, real estate assets include interests in real property, such as land, buildings, leasehold interests in real property, stock of other corporations that qualify as REITs, and some kinds of mortgage backed securities and mortgage loans. Assets that do not qualify for purposes of the 75% test are subject to the additional asset tests described below.

Second, not more than 25% of Aimco's total assets may be represented by securities other than those in the 75% asset class.

Third, of the investments included in the 25% asset class, the value of any one issuer's securities owned by Aimco may not exceed 5% of the value of Aimco's total assets, Aimco may not own more than 10% of any one issuer's outstanding voting securities, and, subject to certain exceptions, Aimco may not own more than 10% of the total value of the outstanding securities of any one issuer. The 5% and 10% asset tests do not apply to securities of TRSs.

Fourth, the aggregate value of all securities of TRSs held by Aimco may not exceed 25% of the value of Aimco's total assets.

Table of Contents

Aimco believes that the value of the securities held by Aimco in its TRSs will not exceed, in the aggregate, 25% of the value of Aimco's total assets and that Aimco's ownership interests in its TRSs qualify under the asset tests set forth above.

Notwithstanding the general rule that a REIT is treated as owning its share of the underlying assets of a subsidiary partnership for purposes of the REIT income and asset tests, if a REIT holds indebtedness issued by a partnership, the indebtedness will be subject to, and may cause a violation of, the asset tests, resulting in loss of REIT status, unless it is a qualifying mortgage asset satisfying the rules for straight debt, or is sufficiently small so as not to otherwise cause an asset test violation. Similarly, although stock of another REIT is a qualifying asset for purposes of the REIT asset tests, non-mortgage debt held by Aimco that is issued by another REIT may not so qualify.

Certain securities will not cause a violation of the 10% value test described above. Such securities include instruments that constitute straight debt, which includes, among other things, securities having certain contingency features. A security does not qualify as straight debt where a REIT (or a controlled TRS of the REIT) owns other securities of the same issuer which do not qualify as straight debt, unless the value of those other securities constitute, in the aggregate, 1% or less of the total value of that issuer's outstanding securities. In addition to straight debt, the Internal Revenue Code provides that certain other securities will not violate the 10% value test. Such securities include (a) any loan made to an individual or an estate, (b) certain rental agreements in which one or more payments are to be made in subsequent years (other than agreements between a REIT and certain persons related to the REIT), (c) any obligation to pay rents from real property, (d) securities issued by governmental entities that are not dependent in whole or in part on the profits of (or payments made by) a non-governmental entity, (e) any security issued by another REIT, and (f) any debt instrument issued by a partnership if the partnership's income is of a nature that it would satisfy the 75% gross income test described above under Income Tests. In applying the 10% value test, a debt security issued by a partnership is not taken into account to the extent, if any, of the REIT's proportionate equity interest in that partnership.

Aimco believes that its holdings of securities and other assets comply, and will continue to comply, with the foregoing REIT asset requirements, and it intends to monitor compliance on an ongoing basis. No independent appraisals have been obtained, however, to support Aimco's conclusions as to the value of its assets, including Aimco OP's total assets and the value of Aimco OP's interest in the TRSs. Moreover, values of some assets may not be susceptible to a precise determination, and values are subject to change in its future. Furthermore, the proper classification of an instrument as debt or equity for U.S. Federal income tax purposes may be uncertain in some circumstances, which could affect the application of the REIT asset requirements. Accordingly, there can be no assurance that the IRS will not contend that Aimco's interests in its subsidiaries or in the securities of other issuers will cause a violation of the REIT asset requirements and loss of REIT status.

Certain relief provisions are available to allow REITs to satisfy the asset requirements or to maintain REIT qualification notwithstanding certain violations of the asset and other requirements. One such provision allows a REIT which fails one or more of the asset tests to nevertheless maintain its REIT qualification if (a) it provides the IRS with a description of each asset causing the failure, (b) the failure is due to reasonable cause and not willful neglect, (c) the REIT pays a tax equal to the greater of (i) \$50,000 per failure, and (ii) the product of the net income generated by the assets that caused the failure multiplied by the highest applicable corporate tax rate, and (d) the REIT either disposes of the assets causing the failure within 6 months after the last day of the quarter in which it identifies the failure, or otherwise satisfies the relevant asset tests within that time frame.

A second relief provision contained in the Internal Revenue Code applies to de minimis violations of the 10% and 5% asset tests. A REIT may maintain its qualification despite a violation of such requirements if (a) the value of the assets causing the violation do not exceed the lesser of 1% of the REIT's total assets, and \$10,000,000, and (b) the REIT

either disposes of the assets causing the failure within 6 months after the last day of the quarter in which it identifies the failure, or the relevant tests are otherwise satisfied within that time frame.

If we should fail to satisfy the asset tests at the end of a calendar quarter, such a failure would not cause us to lose our REIT status if we (1) satisfied the asset tests at the close of the preceding calendar quarter and (2) the discrepancy between the value of our assets and the asset test requirements was not wholly or partly caused by an acquisition of non-qualifying assets, but instead arose from changes in the market value of our assets. If the

Table of Contents

condition described in (2) were not satisfied, we still could avoid disqualification by eliminating any discrepancy within 30 days after the close of the calendar quarter in which it arose.

Annual Distribution Requirements

In order for Aimco to qualify as a REIT, Aimco is required to distribute dividends, other than capital gain dividends, to its stockholders in an amount at least equal to:

the sum of

(a) 90% of Aimco's REIT taxable income, computed without regard to the deduction for dividends paid and net capital gain of Aimco, and

(b) 90% of the net income, if any, from foreclosure property (as described below), minus

the sum of certain items of noncash income.

These distributions must be paid in the taxable year to which they relate, or in the following taxable year if they are declared in October, November, or December of the taxable year, are payable to stockholders of record on a specified date in any such month, and are actually paid before the end of January of the following year. In order for distributions to be counted for this purpose, and to give rise to a tax deduction by Aimco, they must not be preferential dividends. A dividend is not a preferential dividend if it is pro rata among all outstanding shares of stock within a particular class, and is in accordance with the preferences among different classes of stock as set forth in Aimco's organizational documents.

To the extent that Aimco distributes at least 90%, but less than 100%, of its REIT taxable income, as adjusted, it will be subject to tax thereon at ordinary corporate tax rates. In any year, Aimco may elect to retain, rather than distribute, its net capital gain and pay tax on such gain. In such a case, Aimco's stockholders would include their proportionate share of such undistributed long-term capital gain in income and receive a corresponding credit for their share of the tax paid by Aimco. Aimco's stockholders would then increase the adjusted basis of their Aimco shares by the difference between the designated amounts included in their long-term capital gains and the tax deemed paid with respect to their shares.

To the extent that a REIT has available net operating losses carried forward from prior tax years, such losses may reduce the amount of distributions that it must make in order to comply with the REIT distribution requirements. Such losses, however, will generally not affect the character, in the hands of stockholders, of any distributions that are actually made by the REIT, which are generally taxable to stockholders to the extent that the REIT has current or accumulated earnings and profits. See Taxation of Stockholders Taxable Domestic Stockholders Distributions.

If Aimco should fail to distribute during each calendar year at least the sum of:

85% of its REIT ordinary income for such year,

95% of its REIT capital gain net income for such year (excluding retained net capital gain), and

any undistributed taxable income from prior periods,

Aimco would be subject to a 4% excise tax on the excess of such required distribution over the sum of (x) the amounts actually distributed, and (y) the amounts of income retained on which it has paid corporate income tax.

It is possible that Aimco, from time to time, may not have sufficient cash to meet the 90% distribution requirement due to timing differences between (i) the actual receipt of cash (including receipt of distributions from Aimco OP) and (ii) the inclusion of certain items in income by Aimco for U.S. Federal income tax purposes. In the event that such timing differences occur, in order to meet the distribution requirements, Aimco may find it necessary to arrange for short-term, or possibly long-term, borrowings, or to pay dividends in the form of taxable in-kind distributions of property.

Under certain circumstances, Aimco may be able to rectify a failure to meet the distribution requirement for a year by paying deficiency dividends to stockholders in a later year, which may be included in Aimco's deduction

Table of Contents

for dividends paid for the earlier year. In this case, Aimco may be able to avoid losing its REIT status or being taxed on amounts distributed as deficiency dividends; however, Aimco will be required to pay interest and a penalty based on the amount of any deduction taken for deficiency dividends.

Prohibited Transactions

Net income derived by a REIT from a prohibited transaction is subject to a 100% excise tax. The term prohibited transaction generally includes a sale or other disposition of property (other than foreclosure property) that is held primarily for sale to customers in the ordinary course of a trade or business. Aimco intends to conduct its operations so that no asset owned by Aimco or its pass-through subsidiaries will be held for sale to customers, and that a sale of any such asset will not be in the ordinary course of Aimco's business. Whether property is held primarily for sale to customers in the ordinary course of a trade or business depends, however, on the particular facts and circumstances. No assurance can be given that no property sold by Aimco will be treated as property held for sale to customers, or that Aimco can comply with certain safe-harbor provisions of the Internal Revenue Code that would prevent the imposition of the 100% excise tax. The 100% tax does not apply to gains from the sale of property that is held through a TRS or other taxable corporation, although such income will be subject to tax in the hands of the corporation at regular corporate rates.

Penalty Tax

Aimco will be subject to a 100% penalty tax on the amount of certain non-arm's length payments received from, or certain expenses deducted by, a TRS if the IRS were to successfully assert that the economic arrangements between Aimco and such TRS are not comparable to similar transaction between unrelated parties. Such amounts may include rents from real property that are overstated as a result of services furnished by a TRS to tenants of Aimco and amounts that are deducted by a TRS for payments made to Aimco that are in excess of the amounts that would have been charged by an unrelated party.

Aimco believes that the fees paid to its TRSs for tenant services are comparable to the fees that would be paid to an unrelated third party negotiating at arm's-length. This determination, however, is inherently factual, and the IRS may assert that the fees paid by Aimco do not represent arm's-length amounts. If the IRS successfully made such an assertion, Aimco would be required to pay a 100% penalty tax on the excess of an arm's-length fee for tenant services over the amount actually paid.

Failure to Qualify

If Aimco fails to qualify for taxation as a REIT in any taxable year, and the relief provisions do not apply, Aimco will be subject to tax, including any applicable alternative minimum tax, on its taxable income at regular corporate rates. Distributions to stockholders in any year in which Aimco fails to qualify will not be deductible by Aimco nor will they be required to be made. In such event, to the extent of current and accumulated earnings and profits, all distributions to stockholders that are individuals will generally be taxable at the preferential income tax rates (*i.e.*, the 15% maximum federal rate through 2012) for qualified dividends. In addition, subject to the limitations of the Internal Revenue Code, corporate distributees may be eligible for the dividends received deduction. Unless Aimco is entitled to relief under specific statutory provisions, Aimco would also be disqualified from re-electing to be taxed as a REIT for the four taxable years following the year during which qualification was lost. It is not possible to state whether, in all circumstances, Aimco would be entitled to this statutory relief.

Tax Aspects of Aimco's Investments in Partnerships

General

Substantially all of Aimco's investments are held indirectly through Aimco OP. In general, partnerships are pass-through entities that are not subject to U.S. Federal income tax. Rather, partners are allocated their proportionate shares of the items of income, gain, loss, deduction and credit of a partnership, and are potentially subject to tax on these items, without regard to whether the partners receive a distribution from the partnership. Aimco will include in its income its proportionate share of the foregoing partnership items for purposes of the various REIT income tests and in the computation of its REIT taxable income. Moreover, for purposes of the REIT

Table of Contents

asset tests, Aimco will include its proportionate share of assets held by Aimco OP and the Subsidiary Partnerships. See [Taxation of REITs in General](#) [Effect of Subsidiary Entities](#) [Ownership of Partnership Interests](#).

Entity Classification

Aimco's direct and indirect investment in partnerships involves special tax considerations, including the possibility of a challenge by the IRS of the tax status of Aimco OP or any of the Subsidiary Partnerships as a partnership for U.S. Federal income tax purposes. If any of these entities were treated as an association for U.S. Federal income tax purposes, it would be taxable as a corporation and therefore could be subject to an entity-level tax on its income. In such a situation, the character of Aimco's assets and items of gross income would change and could preclude Aimco from satisfying the REIT asset tests and gross income tests (see [Taxation of REITs in General](#) [Asset Tests](#) and [Taxation of REITs in General](#) [Income Tests](#)), and in turn could prevent Aimco from qualifying as a REIT unless Aimco is eligible for relief from the violation pursuant to relief provisions described above. See [Taxation of REITs in General](#) [Failure to Qualify](#) above for a summary of the effect of Aimco's failure to satisfy the REIT tests for a taxable year, and of the relief provisions. In addition, any change in the status of any of the Subsidiary Partnerships for tax purposes might be treated as a taxable event, in which case Aimco might incur a tax liability without any related cash distributions.

Tax Allocations with Respect to the Properties

Under the Internal Revenue Code and the Treasury Regulations, income, gain, loss and deduction attributable to appreciated or depreciated property that is contributed to a partnership in exchange for an interest in the partnership must be allocated for tax purposes in a manner such that the contributing partner is charged with, or benefits from the unrealized gain or unrealized loss associated with the property at the time of the contribution. The amount of the unrealized gain or unrealized loss is generally equal to the difference between the fair market value of the contributed property at the time of contribution, and the adjusted tax basis of such property at the time of contribution (a [Book Tax Difference](#)). Such allocations are solely for U.S. Federal income tax purposes and do not affect the book capital accounts or other economic or legal arrangements among the partners. Aimco OP was formed by way of contributions of appreciated property. Consequently, allocations must be made in a manner consistent with these requirements. Where a partner contributes cash to a partnership at a time that the partnership holds appreciated (or depreciated) property, the Treasury Regulations provide for a similar allocation of these items to the other (i.e., non-contributing) partners. These rules apply to the contribution by Aimco to Aimco OP of the cash proceeds received in any offerings of its stock.

In general, certain unitholders will be allocated lower amounts of depreciation deductions for tax purposes and increased taxable income and gain on the sale by Aimco OP or other Subsidiary Partnerships of the contributed properties. This will tend to eliminate the Book-Tax Difference over the life of these partnerships. However, the special allocations do not always entirely rectify the Book-Tax Difference on an annual basis or with respect to a specific taxable transaction such as a sale. Thus, the carryover basis of the contributed properties in the hands of Aimco OP or other Subsidiary Partnerships may cause Aimco to be allocated lower depreciation and other deductions, and possibly greater amounts of taxable income in the event of a sale of such contributed assets in excess of the economic or book income allocated to it as a result of such sale. This may cause Aimco to recognize, over time, taxable income in excess of cash proceeds, which might adversely affect Aimco's ability to comply with the REIT distribution requirements. See [Taxation of REITs in General](#) [Annual Distribution Requirements](#).

With respect to any property purchased or to be purchased by any of the Subsidiary Partnerships (other than through the issuance of units) subsequent to the formation of Aimco, such property will initially have a tax basis equal to its fair market value and the special allocation provisions described above will not apply.

Sale of the Properties

Aimco's share of any gain realized by Aimco OP or any other Subsidiary Partnership on the sale of any property held as inventory or primarily for sale to customers in the ordinary course of business will be treated as income from a prohibited transaction that is subject to a 100% penalty tax. See Taxation of REITs in General Prohibited Transactions. Under existing law, whether property is held as inventory or primarily for sale to

Table of Contents

customers in the ordinary course of a partnership's trade or business is a question of fact that depends on all the facts and circumstances with respect to the particular transaction. Aimco OP and the other Subsidiary Partnerships intend to hold their properties for investment with a view to long-term appreciation, to engage in the business of acquiring, developing, owning and operating the properties and to make such occasional sales of the properties, including peripheral land, as are consistent with Aimco's investment objectives.

Taxation of Stockholders

Taxable Domestic Stockholders

Distributions. Provided that Aimco qualifies as a REIT, distributions made to Aimco's taxable domestic stockholders out of current or accumulated earnings and profits (and not designated as capital gain dividends) will generally be taken into account by them as ordinary income and will not be eligible for the dividends received deduction for corporations. With limited exceptions, dividends received from REITs are not eligible for taxation at the preferential income tax rates for qualified dividends received by individuals from taxable C corporations. Stockholders that are individuals, however, are taxed at the preferential rates on dividends designated by and received from REITs to the extent that the dividends are attributable to (i) income retained by the REIT in the prior taxable year on which the REIT was subject to corporate level income tax (less the amount of tax), (ii) dividends received by the REIT from TRSs or other taxable C corporations, or (iii) income in the prior taxable year from the sales of built-in gain property acquired by the REIT from C corporations in carryover basis transactions (less the amount of corporate tax on such income).

Distributions (and retained net capital gains) that are designated as capital gain dividends will generally be taxed to stockholders as long-term capital gains, to the extent that they do not exceed Aimco's actual net capital gain for the taxable year, without regard to the period for which the stockholder has held its stock. However, corporate stockholders may be required to treat up to 20% of certain capital gain dividends as ordinary income. Long-term capital gains are generally taxable at maximum Federal rates of 15% through 2012 in the case of stockholders who are individuals, and 35% in the case of stockholders that are corporations. Capital gains attributable to the sale of depreciable real property held for more than 12 months are subject to a 25% maximum U.S. Federal income tax rate for taxpayers who are individuals, to the extent of previously claimed depreciation deductions.

Aimco may elect to retain and pay taxes on some or all of its net long term capital gain, in which case U.S. stockholders will be treated as having received, solely for U.S. federal income tax purposes, Aimco's undistributed capital gain as well as a corresponding credit or refund, as the case may be, for taxes that Aimco paid on such undistributed capital gain. See Taxation of REITs in General Taxation of Aimco Annual Distribution Requirements.

In determining the extent to which a distribution constitutes a dividend for tax purposes, Aimco's earnings and profits generally will be allocated first to distributions with respect to preferred stock prior to allocating any remaining earnings and profits to distributions on Aimco's common stock. If Aimco has net capital gains and designates some or all of its distributions as capital gain dividends to that extent, the capital gain dividends will be allocated among different classes of stock in proportion to the allocation of earnings and profits as described above.

Distributions in excess of current and accumulated earnings and profits will not be taxable to a stockholder to the extent that they do not exceed the adjusted basis of the stockholder's shares in respect of which the distributions were made, but rather will reduce the adjusted basis of such shares. To the extent that such distributions exceed the adjusted basis of a stockholder's shares, they will be included in income as long-term capital gain, or short-term capital gain if the shares have been held for one year or less. In addition, any dividend declared by Aimco in October, November or December of any year and payable to a stockholder of record on a specified date in any such month will be treated as

both paid by Aimco and received by the stockholder on December 31 of such year, *provided* that the dividend is actually paid by Aimco before the end of January of the following calendar year.

To the extent that a REIT has available net operating losses and capital losses carried forward from prior tax years, such losses may reduce the amount of distributions that must be made in order to comply with the REIT distribution requirements. See Taxation of REITs in General Taxation of Aimco Annual Distribution Requirements. Such losses, however, are not passed through to stockholders and do not offset income of

Table of Contents

stockholders from other sources, nor would they affect the character of any distributions that are actually made by a REIT, which are generally subject to tax in the hands of stockholders to the extent that the REIT has current or accumulated earnings and profits.

Dispositions of Aimco Stock. A stockholder will realize gain or loss upon the sale, redemption or other taxable disposition of stock in an amount equal to the difference between the sum of the fair market value of any property and cash received in such disposition, and the stockholder's adjusted tax basis in the stock at the time of the disposition. In general, a stockholder's tax basis will equal the stockholder's acquisition cost, increased by the excess of net capital gains deemed distributed to the stockholder (as discussed above), less tax deemed paid on such net capital gains, and reduced by returns of capital. In general, capital gains recognized by individuals upon the sale or disposition of shares of Aimco stock will be subject to a taxation at long term capital gains rates if the Aimco stock is held for more than 12 months, and will be taxed at ordinary income rates if the Aimco stock is held for 12 months or less. Gains recognized by stockholders that are corporations are currently subject to U.S. Federal income tax at a maximum rate of 35%, whether or not classified as long-term capital gains. Capital losses recognized by a stockholder upon the disposition of Aimco stock held for more than one year at the time of disposition will be considered long-term capital losses, and are generally available only to offset capital gain income of the stockholder but not ordinary income (except in the case of individuals, who may offset up to \$3,000 of ordinary income each year). In addition, any loss upon a sale or exchange of shares of Aimco stock by a stockholder who has held the shares for six months or less, after applying holding period rules, will be treated as a long-term capital loss to the extent of distributions received from Aimco that are required to be treated by the stockholder as long-term capital gain.

A redemption of Aimco stock (including preferred stock or equity stock) will be treated under section 302 of the Internal Revenue Code as a dividend subject to tax at ordinary income tax rates (to the extent of Aimco's current or accumulated earnings and profits), unless the redemption satisfies certain tests set forth in section 302(b) of the Internal Revenue Code enabling the redemption to be treated as a sale or exchange of the stock. The redemption will satisfy such test if it (i) is substantially disproportionate with respect to the holder (which will not be the case if only the stock is redeemed, since it generally does not have voting rights), (ii) results in a complete termination of the holder's stock interest in Aimco, or (iii) is not essentially equivalent to a dividend with respect to the holder, all within the meaning of section 302(b) of the Internal Revenue Code. In determining whether any of these tests have been met, shares considered to be owned by the holder by reason of certain constructive ownership rules set forth in the Internal Revenue Code, as well as shares actually owned, must generally be taken into account. Because the determination as to whether any of the alternative tests of section 302(b) of the Internal Revenue Code is satisfied with respect to any particular holder of the stock will depend upon the facts and circumstances as of the time the determination is made, prospective investors are advised to consult their own tax advisors to determine such tax treatment. If a redemption of the stock is treated as a distribution that is taxable as a dividend, the amount of the distribution would be measured by the amount of cash and the fair market value of any property received by the stockholders. The stockholder's adjusted tax basis in such redeemed stock would be transferred to the holder's remaining stockholdings in Aimco. If, however, the stockholder has no remaining stockholdings in Aimco, such basis may, under certain circumstances, be transferred to a related person or it may be lost entirely.

If an investor recognizes a loss upon a subsequent disposition of stock or other securities of Aimco in an amount that exceeds a prescribed threshold, it is possible that the provisions of the Treasury Regulations involving reportable transactions could apply, with a resulting requirement to separately disclose the loss generating transaction to the IRS. While these Treasury Regulations are directed towards tax shelters, they are written quite broadly, and apply to transactions that would not typically be considered tax shelters. In addition, the Internal Revenue Code imposes penalties for failure to comply with these requirements. Prospective investors should consult their tax advisors concerning any possible disclosure obligation with respect to the receipt or disposition of stock or securities of Aimco, or transactions that might be undertaken directly or indirectly by Aimco. Moreover, prospective investors should be aware that Aimco and other participants in the transactions involving Aimco (including their advisors) might be

subject to disclosure or other requirements pursuant to these Treasury Regulations

Table of Contents*Taxation of Foreign Stockholders*

The following is a summary of certain anticipated U.S. Federal income and estate tax consequences of the ownership and disposition of Aimco stock applicable to Non-U.S. Holders of securities. A Non-U.S. Holder is generally any person other than (i) a citizen or resident of the U.S., (ii) a corporation or partnership created or organized in the U.S. or under the laws of the U.S. or of any state thereof or the District of Columbia, (iii) an estate whose income is includable in gross income for U.S. Federal income tax purposes regardless of its source or (iv) a trust if a U.S. court is able to exercise primary supervision over the administration of such trust and one or more U.S. fiduciaries have the authority to control all substantial decisions of such trust. The discussion is based on current law and is for general information only. The discussion addresses only certain and not all aspects of U.S. Federal income and estate taxation.

Ordinary Dividends. The portion of dividends received by Non-U.S. Holders payable out of Aimco's earnings and profits which are not attributable to capital gains of Aimco and which are not effectively connected with a U.S. trade or business of the Non-U.S. Holder will be subject to U.S. withholding tax at the rate of 30% (unless reduced by treaty and the Non-U.S. Holder provides appropriate documentation regarding its eligibility for treaty benefits). In general, Non-U.S. Holders will not be considered engaged in a U.S. trade or business solely as a result of their ownership of Aimco stock. In cases where the dividend income from a Non-U.S. Holder's investment in Aimco stock is, or is treated as, effectively connected with the Non-U.S. Holder's conduct of a U.S. trade or business, the Non-U.S. Holder generally will be subject to U.S. tax at graduated rates, in the same manner as domestic stockholders are taxed with respect to such dividends, such income must generally be reported on a U.S. income tax return filed by or on behalf of the non-U.S. holder, and the income may also be subject to the 30% branch profits tax in the case of a Non-U.S. Holder that is a corporation.

Non-Dividend Distributions. Unless Aimco stock constitutes a U.S. real property interest (a USRPI) within the meaning of the Foreign Investment in Real Property Tax Act of 1980 (FIRPTA), distributions by Aimco which are not dividends out of the earnings and profits of Aimco will not be subject to U.S. income tax. If it cannot be determined at the time at which a distribution is made whether or not the distribution will exceed current and accumulated earnings and profits, the distribution will be subject to withholding at the rate applicable to dividends. However, the Non-U.S. Holder may seek a refund from the IRS of any amounts withheld if it is subsequently determined that the distribution was, in fact, in excess of current and accumulated earnings and profits of Aimco. If Aimco stock constitutes a USRPI, distributions by Aimco in excess of the sum of its earnings and profits plus the stockholder's basis in its Aimco stock will be taxed under FIRPTA at the rate of tax, including any applicable capital gains rates, that would apply to a domestic stockholder of the same type (e.g., an individual or a corporation, as the case may be), and the collection of the tax will be enforced by a refundable withholding at a rate of 10% of the amount by which the distribution exceeds the stockholder's share of Aimco's earnings and profits.

Capital Gain Dividends. Under FIRPTA, a distribution made by Aimco to a Non-U.S. Holder, to the extent attributable to gains from dispositions of USRPIs held by Aimco directly or through pass-through subsidiaries (USRPI Capital Gains), will, except as described below, be considered effectively connected with a U.S. trade or business of the Non-U.S. Holder and will be subject to U.S. income tax at the rates applicable to U.S. individuals or corporations, without regard to whether the distribution is designated as a capital gain dividend. In addition, Aimco will be required to withhold tax equal to 35% of the amount of the distribution to the extent such distribution constitutes USRPI Capital Gains. Distributions subject to FIRPTA may also be subject to a 30% branch profits tax in the hands of a Non-U.S. Holder that is a corporation. A distribution is not a USRPI Capital Gain if Aimco held the underlying asset solely as a creditor. Capital gain dividends received by a non-U.S. Holder from a REIT that are attributable to dispositions by that REIT of assets other than USRPIs are generally not subject to U.S. income or withholding tax.

A capital gain dividend by Aimco that would otherwise have been treated as a USRPI Capital Gain will not be so treated or be subject to FIRPTA, will generally not be treated as income that is effectively connected with a U.S. trade

or business, and will instead be treated the same as an ordinary dividend from Aimco (see Taxation of Foreign Stockholders Ordinary Dividends), provided that (1) the capital gain dividend is received with respect to a class of stock that is regularly traded on an established securities market located in the U.S., and (2) the recipient

Table of Contents

non-U.S. Holder does not own more than 5% of that class of stock at any time during the one year period ending on the date on which the capital gain dividend is received.

Dispositions of Aimco Stock. Unless Aimco stock constitutes a USRPI, a sale of Aimco stock by a Non-U.S. Holder generally will not be subject to U.S. taxation. The stock will be treated as a USRPI if 50% or more of Aimco's assets throughout a prescribed testing period consist of interests in real property located within the U.S., excluding, for this purpose, interests in real property solely in a capacity as a creditor. Even if the foregoing test is met, Aimco stock nonetheless will not constitute a USRPI if Aimco is a domestically controlled qualified investment entity. A domestically controlled qualified investment entity is a REIT in which, at all times during a specified testing period, less than 50% in value of its shares is held directly or indirectly by Non-U.S. Holders. Aimco believes that it is, and it expects to continue to be, a domestically controlled qualified investment entity. If Aimco is, and continues to be, a domestically controlled qualified investment entity, the sale of Aimco stock should not be subject to U.S. taxation. Because most classes of stock of Aimco are publicly traded, however, no assurance can be given that Aimco is or will continue to be a domestically controlled qualified investment entity.

Even if Aimco does not constitute a domestically controlled qualified investment entity, a Non-U.S. Holder's sale of stock nonetheless generally will not be subject to tax under FIRPTA as a sale of a USRPI provided that:

the stock is of a class that is regularly traded (as defined by applicable Treasury Regulations) on an established securities market (e.g., the NYSE, on which Aimco stock is listed), and

the selling Non-U.S. Holder held 5% or less of such class of Aimco's outstanding stock at all times during a specified testing period.

If gain on the sale of stock of Aimco were subject to taxation under FIRPTA, the Non-U.S. Holder would be subject to the same treatment as a U.S. stockholder with respect to such gain (subject to applicable alternative minimum tax and a special alternative minimum tax in the case of nonresident alien individuals) and the purchaser of the stock could be required to withhold 10% of the purchase price and remit such amount to the IRS.

Gain from the sale of Aimco stock that would not otherwise be subject to taxation under FIRPTA will nonetheless be taxable in the U.S. to a Non-U.S. Holder in two cases. First, if the Non-U.S. Holder's investment in the Aimco stock is effectively connected with a U.S. trade or business conducted by such Non-U.S. Holder, the Non-U.S. Holder will be subject to the same treatment as a U.S. stockholder with respect to such gain. Second, if the Non-U.S. Holder is a nonresident alien individual who was present in the U.S. for 183 days or more during the taxable year and has a tax home in the U.S., the nonresident alien individual will be subject to a 30% tax on the individual's capital gain.

Estate Tax

Aimco stock owned or treated as owned by an individual who is not a citizen or resident (as specially defined for U.S. Federal estate tax purposes) of the U.S. at the time of death will be includible in the individual's gross estate for U.S. Federal estate tax purposes, unless an applicable estate tax treaty provides otherwise. Such individual's estate may be subject to U.S. Federal estate tax on the property includible in the estate for U.S. Federal estate tax purposes.

Taxation of Tax-Exempt Stockholders

Tax-exempt entities, including qualified employee pension and profit sharing trusts and individual retirement accounts, generally are exempt from U.S. Federal income taxation. However, they are subject to taxation on their unrelated business taxable income (UBTI). While many investments in real estate may generate UBTI, the IRS has ruled that dividend distributions from a REIT to a tax-exempt entity do not constitute UBTI. Based on that ruling, and

provided that (1) a tax-exempt stockholder has not held its Aimco stock as debt financed property within the meaning of the Internal Revenue Code (i.e., where the acquisition or holding of the property is financed through a borrowing by the tax-exempt stockholder), and (2) the Aimco stock is not otherwise used in an unrelated trade or business, Aimco believes that distributions from Aimco and income from the sale of the Aimco stock should not give rise to UBTI to a tax-exempt stockholder.

Table of Contents

Tax-exempt stockholders that are social clubs, voluntary employee benefit associations, supplemental unemployment benefit trusts, and qualified group legal services plans that are exempt from taxation under paragraphs (7), (9), (17) and (20), respectively, of section 501(c) of the Internal Revenue Code are subject to different UBTI rules, which generally will require them to characterize distributions from Aimco as UBTI.

In certain circumstances, a pension trust that owns more than 10% of our stock could be required to treat a percentage of the dividends as UBTI if we are a pension-held REIT. We will not be a pension-held REIT unless (1) we are required to look through one or more of our pension trust stockholders in order to satisfy the REIT closely-held test, and (2) either (i) one pension trust owns more than 25% of the value of our stock, or (ii) one or more pension trusts, each individually holding more than 10% of the value of our stock, collectively owns more than 50% of the value of our stock. Certain restrictions on ownership and transfer of Aimco's stock generally should prevent a tax exempt entity from owning more than 10% of the value of our stock and generally should prevent us from becoming a pension-held REIT.

Other Tax Consequences

Legislative or Other Actions Affecting REITs

The present U.S. Federal income tax treatment of REITs may be modified, possibly with retroactive effect, by legislative, judicial or administrative action at any time. The REIT rules are constantly under review by persons involved in the legislative process and by the IRS and the U.S. Treasury Department which may result in statutory changes as well as revisions to regulations and interpretations. Changes to the U.S. Federal tax laws and interpretations thereof could adversely affect an investment in our common stock.

Under recently enacted legislation, for taxable years beginning after December 31, 2012, certain U.S. holders who are individuals, estates or trusts and whose income exceeds certain thresholds will be required to pay a 3.8% Medicare tax on dividend and other income, including capital gains from the sale or other disposition of Aimco common stock.

Recently enacted legislation will require, after December 31, 2012, withholding at a rate of 30% on dividends in respect of, and gross proceeds from the sale of, Aimco common stock held by or through certain foreign financial institutions (including investment funds), unless such institution enters into an agreement with the Secretary of the Treasury to report, on an annual basis, information with respect to shares in the institution held by certain U.S. persons and by certain non-U.S. entities that are wholly or partially owned by U.S. persons. Accordingly, the entity through which Aimco common stock is held will affect the determination of whether such withholding is required. Similarly, dividends in respect of, and gross proceeds from the sale of, Aimco common stock held by an investor that is a non-financial non-U.S. entity will be subject to withholding at a rate of 30%, unless such entity either (i) certifies to Aimco that such entity does not have any substantial United States owners or (ii) provides certain information regarding the entity's substantial United States owners, which Aimco will in turn provide to the Secretary of the Treasury. Non-U.S. Holders are encouraged to consult with their tax advisors regarding the possible implications of the legislation on their investment in Aimco common stock.

State, Local and Foreign Taxes

Aimco, Aimco OP, Aimco stockholders and OP Unitholders may be subject to state, local or foreign taxation in various jurisdictions, including those in which it or they transact business, own property or reside. It should be noted that Aimco OP owns properties located in a number of states and local jurisdictions, and OP Unitholders may be required to file income tax returns in some or all of those jurisdictions. The state, local or foreign tax treatment of Aimco, Aimco OP, Aimco stockholders and OP unitholders may not conform to the U.S. Federal income tax consequences discussed above. Consequently, prospective investors are urged to consult their tax advisors regarding

the application and effect of state, local and foreign tax laws on an investment in Aimco.

Table of Contents**FEES AND EXPENSES**

The costs of planning and implementing the proposed transactions, including the preparation of this information statement/prospectus, will be borne by Aimco OP without regard to whether the transactions are effectuated. Except as set forth in this information statement/prospectus, Aimco OP will not pay any fees or commissions to any broker, dealer or other person in connection with the transactions. The General Partner has retained Eagle Rock Proxy Advisors, LLC, or the Information Agent, to act as the information agent in connection with the transactions. The Information Agent may contact holders of NPI Units by mail, e-mail, telephone, telex, telegraph and in person and may request brokers, dealers and other nominee limited partners to forward materials relating to the conversion and the merger to the beneficial owners of NPI Units. Aimco OP will pay the Information Agent reasonable and customary compensation for its services in connection with the conversion and the merger, plus reimbursement for out-of-pocket expenses, and will indemnify it against certain liabilities and expenses in connection therewith, including liabilities under the U.S. Federal securities laws. Aimco OP will also pay all costs and expenses of filing, printing and mailing the information statement/prospectus as well as any related legal fees and expenses.

Below is an itemized list of the estimated expenses incurred and to be incurred in connection with preparing and delivering this information statement/prospectus:

Information Agent Fees	\$ 7,500
Printing Fees	113,000
Postage Fees	6,500
Tax and Accounting Fees	50,000
Fairness Opinion Fees	36,400
Appraisal Fees	15,100
Legal Fees	100,000
Total	\$ 328,500

Table of Contents

LEGAL MATTERS

The validity of the Aimco Class A Common Stock issuable upon redemption of the OP Units will be passed upon by DLA Piper LLP (US). The validity of the OP Units offered by this information statement/prospectus will be passed upon by Hogan Lovells US LLP.

ANNEX A

Agreement and Plan of Conversion and Merger

AGREEMENT AND PLAN OF CONVERSION AND MERGER (this **Agreement**), dated as of July 28, 2011, by and among National Property Investors 4, a California limited partnership (**NPI**), AIMCO NPI 4 Merger Sub LLC, a Delaware limited liability company (the **Aimco Subsidiary**), and Aimco Properties, L.P., a Delaware limited partnership (**Aimco OP**).

WHEREAS, NPI Equity Investments, Inc., the managing general partner of NPI and New NPI (**NPI Equity**), has determined that the conversion of NPI into a Delaware limited partnership named National Property Investors 4, LP (**New NPI**), and the subsequent merger of the Aimco Subsidiary with and into New NPI, with New NPI as the surviving entity, in each case, on the terms set forth herein, are advisable, fair to and in the best interests of NPI and New NPI and their respective partners; and

WHEREAS, Aimco OP is the sole member of the Aimco Subsidiary and the sole limited partner of New NPI; and

WHEREAS, the Board of Directors of AIMCO-GP, Inc., the general partner of Aimco OP (**AIMCO-GP**), has determined that the conversion of NPI into New NPI, and the subsequent merger of the Aimco Subsidiary with and into New NPI, with New NPI as the surviving entity, in each case, on the terms as set forth herein, are advisable and in the best interests of Aimco OP and its partners, and the Aimco Subsidiary; and

WHEREAS, the parties desire to enter this Agreement to evidence the terms, provisions, representations, warranties, covenants and conditions upon which the Conversion and Merger (as defined below) will be consummated.

NOW, THEREFORE, in consideration of the mutual agreements and covenants set forth herein, and for other good and valuable consideration, the adequacy, sufficiency, and receipt of which are hereby acknowledged, the parties hereby agree as follows:

Section 1. *The Conversion.* Subject to the terms and conditions set forth herein, NPI shall be converted into New NPI (the **Conversion**), with New NPI as the surviving entity (the **First Surviving Entity**). As soon as practicable after all of the conditions to the Conversion set forth herein have been satisfied, NPI and New NPI shall (i) execute a certificate of conversion and cause such certificate to be filed with the Secretary of State of the State of California and (ii) execute a certificate of conversion and cause such certificate to be filed with the Secretary of State of the State of Delaware. The Conversion shall become effective upon the filing of such certificates (the **First Effective Time**). At the First Effective Time, the Conversion shall have the effect provided by applicable law and this Agreement, including, but not limited to, the following consequences:

(a) *Certificate of Limited Partnership.* The certificate of limited partnership of New NPI in effect immediately prior to the First Effective Time shall be the certificate of limited partnership of the First Surviving Entity unless and until subsequently amended.

(b) *Partnership Agreement.* The limited partnership agreement of NPI in effect immediately prior to the First Effective Time, as amended as set forth on Exhibit A hereto, shall be the partnership agreement of the First Surviving Entity unless and until subsequently amended. The general partners and each limited partner of the First Surviving Entity shall have the rights under, be bound by and be subject to the terms and conditions of, such partnership agreement.

(c) General Partner. NPI Equity shall be the managing general partner of the First Surviving Entity.

(d) Conversion of Equity Interests.

(i) Interests in NPI. Each general partnership interest of NPI outstanding immediately prior to the First Effective Time and held by a general partner shall be converted into an equivalent general partnership interest

A-1

Table of Contents

in the First Surviving Entity (each new general partnership interest, a **New NPI GP Interest**). Each unit of limited partnership interest of NPI outstanding immediately prior to the First Effective Time shall be converted into an equivalent unit of limited partnership interest in the First Surviving Entity (a **New NPI Unit**).

(ii) Interests in New NPI. The interest of each partner in New NPI immediately prior to the First Effective Time shall be cancelled.

Section 2. The Merger. Subject to the terms and conditions set forth herein, immediately following the First Effective Time, the Aimco Subsidiary shall be merged with and into New NPI (the **Merger** and, together with the Conversion, the **Mergers**), with New NPI as the surviving entity (the **Second Surviving Entity**). As soon as practicable after all of the conditions to the Merger set forth herein have been satisfied, New NPI shall cause to be filed a certificate of merger with respect to the Merger with the Secretary of State of the State of Delaware. The Merger shall become effective upon the filing of such certificate (the **Second Effective Time**). At the Second Effective Time, the Merger shall have the effect provided by applicable law and this Agreement, including, but not limited to, the following consequences:

(a) Certificate of Limited Partnership. The certificate of limited partnership of New NPI in effect immediately prior to the Second Effective Time shall be the certificate of limited partnership of the Second Surviving Entity unless and until subsequently amended.

(b) Partnership Agreement. The limited partnership agreement of New NPI in effect immediately prior to the Second Effective Time shall be the partnership agreement of the Second Surviving Entity (the **Partnership Agreement**) unless and until subsequently amended. The general partners and each limited partner of the Second Surviving Entity shall have the rights under, be bound by and be subject to the terms and conditions of, the Partnership Agreement.

(c) General Partners. NPI Equity shall be the managing general partner of the Second Surviving Entity.

(d) Treatment of Limited Partners Interests in New NPI.

(i) In connection with the Merger and in accordance with the procedures set forth in Section 2(d)(iii) hereto, each New NPI Unit outstanding immediately prior to the Second Effective Time, except New NPI Units held by limited partners who have perfected their appraisal rights pursuant to Exhibit B hereto, shall be converted into the right to receive, at the election of the holder thereof, either (x) \$195.27 in cash (the **Cash Consideration**) or (y) a number of partnership common units (**OP Units**) of Aimco OP calculated by dividing \$195.27 by the average closing price of Apartment Investment and Management Company common stock, as reported on the NYSE, over the ten consecutive trading days ending on the second trading day immediately prior to the date of the Second Effective Time (the **OP Unit Consideration**, and, together with the Cash Consideration, the **Merger Consideration**).

(ii) Notwithstanding Section 2(d)(i), if Aimco OP determines that the law of the state or other jurisdiction in which a holder of New NPI Units resides would prohibit the issuance of OP Units in that state or jurisdiction, or that the registration or qualification in that state or other jurisdiction would be prohibitively costly (each such state or jurisdiction, a **Specified Jurisdiction**), then such holder will only be entitled to receive the Cash Consideration for each New NPI Unit.

(iii) Aimco OP shall prepare a form of election (the **Election Form**) describing the Merger, pursuant to which each holder of New NPI Units will have the right to elect to receive either the Cash Consideration or the OP Unit Consideration (subject to Section 2(d)(ii)). Aimco OP shall mail or cause to be mailed an Election Form to each holder of New NPI Units, together with any other materials that Aimco OP determines to be necessary or prudent, no later than ten (10) days after the Second Effective Time. An election to receive the Cash Consideration or the OP Unit

Consideration shall be effective only if a properly executed Election Form is received by Aimco OP or its designees prior to 5:00 p.m., New York Time, on the day that is thirty (30) days after the mailing of such Election Form by Aimco OP. If a holder New NPI Units fails to return a duly completed Election Form within the time period specified in the Election Form, such holder shall be deemed to have elected to receive the Cash Consideration. In addition, each holder of New NPI Units that resides in a

A-2

Table of Contents

Specified Jurisdiction will be deemed to have elected the Cash Consideration. NPI, New NPI, the Aimco Subsidiary and Aimco OP agree that holders of New NPI Units shall have the right to revoke any election made in connection with the Merger at any time prior to the expiration of the time period stated in the Election Form. Aimco OP and NPI Equity, by mutual agreement, shall have the right to make rules, not inconsistent with the terms of this Agreement, governing the validity of Election Forms and the issuance and delivery of the Merger Consideration, as applicable.

(e) Treatment of General Partners' Interests. Each New NPI GP Interest outstanding immediately prior to consummation of the Merger shall remain outstanding and unchanged, with all of the rights set forth in the Partnership Agreement.

(f) Treatment of Interests in the Aimco Subsidiary. The entire membership interest in the Aimco Subsidiary immediately prior to the Second Effective Time shall be converted into one hundred (100) New NPI Units of the Second Surviving Entity.

Section 3. Appraisal Rights. In connection with the Conversion, none of the partners in NPI or New NPI will have any dissenters' appraisal rights. In connection with the Merger, the holders of New NPI Units immediately prior to the Merger shall have the appraisal rights set forth in Exhibit B hereto.

Section 4. Covenants. Aimco OP agrees to pay for, or reimburse NPI and New NPI for, all expenses incurred by NPI and New NPI in connection with the Mergers and the transactions contemplated hereby. Aimco OP agrees to pay cash or issue and deliver OP Units to the former holders of New NPI Units, in accordance with Section 2(d) of this Agreement.

Section 5. Conditions to the Mergers.

(a) Neither the Conversion or the Merger shall occur unless and until such transaction has been approved or consented to by a majority in interest of the limited partnership interests of NPI.

(b) Notwithstanding any provisions of this Agreement to the contrary, none of the parties hereto shall be required to consummate the transactions contemplated hereby if any third-party consent, authorization or approval that any of the parties hereto deem necessary or desirable in connection with this Agreement, or the consummation of the transactions contemplated hereby, has not been obtained or received.

Section 6. Tax Treatment.

(a) Conversion. The parties hereto acknowledge and agree that for federal income tax purposes, the Conversion will be treated as follows:

(i) The Conversion shall not be treated as a realization event, and in accordance therewith, the First Surviving Entity shall be treated as the continuation of NPI for federal income tax purposes; and

(ii) In accordance with the foregoing, the tax bases of the general partners and limited partners of the First Surviving Entity in their First Surviving Entity interests and the respective initial capital account balances of the general partners and limited partners of the First Surviving Entity immediately following the First Effective Time shall be the same as those of the general partners and the limited partners of NPI immediately prior to the First Effective Time.

(b) Merger. The parties hereto intend and agree that, for Federal income tax purposes, (i) any payment of cash for New NPI Units shall be treated as a sale of such New NPI Units by such holder and a purchase of such New NPI Units by Aimco OP for the cash so paid under the terms of this Agreement, and (ii) each such holder of New NPI

Units who accepts cash explicitly agrees and consents to such treatment. Furthermore, the parties hereto intend and agree that, for Federal income tax purposes, (x) any exchange of New NPI Units for OP Units under the terms of this Agreement shall be treated as the contribution of New NPI Units to Aimco OP in exchange for Aimco OP Units, in accordance with Section 721 of the Internal Revenue Code of 1986, as amended, and (y) each such holder of New NPI Units who accepts OP Units explicitly agrees and consents to such treatment. Any cash and/or OP Units to which a holder of New NPI Units is entitled pursuant to this Agreement shall be paid only after the receipt of a consent from such holder that, for Federal income tax purposes, the receipt of cash and/or OP Units shall be treated as described in this Section 6(b).

A-3

Table of Contents

Section 7. Further Assurances.

(a) From time to time, as and when required by the First Surviving Entity or by its successors and assigns, there shall be executed and delivered on behalf of NPI such deeds and other instruments, and there shall be taken or caused to be taken by NPI all such further actions, as shall be appropriate or necessary in order to vest, perfect or confirm, of record or otherwise, in the First Surviving Entity the title to and possession of all property, interests, assets, rights, privileges, immunities, powers, franchises and authority of NPI, and otherwise to carry out the purposes of this Agreement, and the officers and directors of NPI Equity are fully authorized in the name and on behalf NPI or otherwise to take any and all such action and to execute and deliver any and all such deeds and other instruments.

(b) From time to time, as and when required by the Second Surviving Entity or by its successors and assigns, there shall be executed and delivered on behalf of the Aimco Subsidiary such deeds and other instruments, and there shall be taken or caused to be taken by the Aimco Subsidiary all such further actions, as shall be appropriate or necessary in order to vest, perfect or confirm, of record or otherwise, in the Second Surviving Entity title to and possession of all property, interests, assets, rights, privileges, immunities, powers, franchises and authority of the Aimco Subsidiary, and otherwise to carry out the purposes of this Agreement, and the officers and directors of NPI Equity are fully authorized in the name and on behalf of Aimco Subsidiary or otherwise to take any and all such action and to execute and deliver any and all such deeds and other instruments.

Section 8. Amendment. Subject to applicable law, this Agreement may be amended, modified or supplemented by written agreement of the parties hereto at any time prior to the consummation of the Mergers with respect to any of the terms contained herein.

Section 9. Abandonment. At any time prior to consummation of the Mergers, this Agreement may be terminated and the Mergers may be abandoned without liability to any party hereto by any of the Aimco Subsidiary, Aimco OP, NPI or New NPI, in each case, acting in its sole discretion and for any reason or for no reason, notwithstanding approval of this Agreement by any of the members of the Aimco Subsidiary, the partners of NPI or the general partner of Aimco OP.

Section 10. Governing Law. This Agreement shall be governed by and construed in accordance with the laws of the State of Delaware, without reference to the conflict of law provisions thereof.

Section 11. No Third-Party Beneficiaries. No provision of this Agreement is intended to confer upon any person, entity, or organization other than the parties hereto any rights or remedies hereunder, other than the appraisal rights given to holders of New NPI Units pursuant to Section 3.

EXHIBIT A

**FORM OF AMENDMENT
TO
PARTNERSHIP AGREEMENT
OF
NATIONAL PROPERTY INVESTORS 4**

This AMENDMENT TO THE PARTNERSHIP AGREEMENT OF NATIONAL PROPERTY INVESTORS 4 (this Amendment) is entered into as of _____, 2011 by and among NPI Equity Investments, Inc., a Florida corporation, in its capacity as managing general partner (the Managing General Partner), and each of the Limited Partners. All capitalized terms used in this Amendment but not otherwise defined herein shall have the respective meanings given to them in the Partnership Agreement (as defined below).

Recitals

WHEREAS, National Property Investors 4, a California limited partnership (the Partnership), is governed pursuant to the terms of that certain Partnership Agreement, dated as of July 1, 1980, as amended and restated July 14, 1980 and as further amended to date (the Partnership Agreement);

WHEREAS, the Partnership and National Property Investors 4, LP, a Delaware limited partnership (the Delaware Partnership), are parties to an Agreement and Plan of Conversion and Merger, dated as of July 28, 2011 (the Merger Agreement);

WHEREAS, pursuant to the Merger Agreement, the Partnership will be converted into the Delaware Partnership;

WHEREAS, pursuant to the Merger Agreement, at the effective time of the conversion, the Partnership Agreement, as further amended by this Amendment, will become the partnership agreement of the Delaware Partnership; and

WHEREAS, the conversion will be effected upon the approval or consent of (i) the managing general partner of each of the Partnership and the Delaware Partnership, and (ii) a majority in interest of the limited partners of each of the Partnership and the Delaware Partnership.

NOW, THEREFORE, in consideration of the premises, the agreement of the parties herein contained, and other good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged and confessed, the parties hereby agree as follows:

1. Amendments to the Partnership Agreement. At the effective time of the Conversion, the Partnership Agreement shall be amended as follows:

(a) In the first paragraph of the Partnership Agreement, the following words are deleted: pursuant to the Uniform Limited Partnership Act of the State of California.

(b) All other references therein to the Uniform Limited Partnership Act of the State of California or to the Uniform Limited Partnership Act of California shall be deemed to refer to the Delaware Revised Uniform Limited Partnership Act.

(c) Section 1 of the Partnership Agreement is hereby amended and restated to read in its entirety as follows:

1.1 The name of the Partnership is National Property Investors 4, LP, and its principal place of business is 55 Beattie Place, P.O. Box 1089, Greenville, South Carolina 29602 and thereafter such other place or places as the Managing General Partner may from time to time determine.

1.2 National Property Investors 4 was originally formed as a limited partnership (the California Partnership) pursuant to the provisions of the California Uniform Limited Partnership Act, upon the terms and conditions set forth in an agreement made as of July 1, 1980. Pursuant to an

A-6

Table of Contents

Agreement and Plan of Conversion and Merger, dated as of July 28, 2011, by and between the California Partnership and National Property Investors 4, LP, a Delaware limited partnership (the Delaware Partnership), the California Partnership was converted into the Delaware Partnership (the Surviving Entity) in the conversion (the Conversion). At the effective time of the Conversion (the Effective Time), the Conversion had the effect provided by applicable law, and the following consequences: (a) the certificate of limited partnership of the Delaware Partnership in effect immediately prior to the Effective Time became the certificate of limited partnership of the Surviving Entity; (b) the limited partnership agreement of the California Partnership in effect immediately prior to the Effective Time, as amended as set forth on Annex A to the Merger Agreement, became the partnership agreement of the Surviving Entity (as so amended, the Partnership Agreement); (c) NPI Equity Investments, Inc., a Florida corporation, remained as sole Managing General Partner of the Surviving Entity, and its interest in the California Partnership immediately prior to the Effective Time was converted into an equivalent interest in the Surviving Entity; (d) the interests of the general partner in the Delaware Partnership immediately prior to the Effective Time was cancelled; (e) each limited partner in the California Partnership became a limited partner in the Surviving Entity, with an interest in the Surviving Entity equivalent to the interest such limited partner had in the California Partnership immediately prior to the Effective Time; and (f) the interest of each limited partner in the Delaware Partnership immediately prior to the Effective Time was cancelled. References herein to the Partnership are to the California Partnership prior to the Conversion and to the Delaware Partnership, as the Surviving Entity in the Conversion, from and after the Effective Time.

(d) Section 2.1.16 of the Partnership Agreement is hereby amended and restated to read in its entirety as follows:

2.1.16 General Partner shall refer to NPI Equity Investments, Inc., a Florida corporation, or to any other person or entity who succeeds it in such capacity.

(e) Section 2.1.23 of the Partnership Agreement is hereby amended and restated to read in its entirety as follows:

2.1.23 Managing General Partner shall refer to NPI Equity Investments, Inc., or to any other person or entity who succeeds in such capacity.

(f) Section 2.1.34 of the Partnership Agreement is hereby amended to delete such section in its entirety.

(g) Section 15.3.18 of the Partnership Agreement is hereby amended by deleting the following word: Except as provided in Paragraphs 17.6 and 17.7, .

(g) Section 16.2.2 of the Partnership Agreement is hereby amended to delete such section in its entirety.

(h) Section 16.5 of the Partnership Agreement is hereby amended by deleting from the second to last sentence, the word California and replacing it with Delaware .

(i) Section 16.5 of the Partnership Agreement is hereby amended by deleting the last sentence thereof.

(j) Section 17.6 of the Partnership Agreement is hereby amended to delete such section in its entirety.

(k) Section 17.7 of the Partnership Agreement is hereby amended to delete such section in its entirety.

(l) Section 17.8 of the Partnership Agreement is hereby amended to delete from the last sentence the following words: except as permitted in Paragraph 17.6 of this Partnership Agreement, and any act in

Table of Contents

violation of this provision shall not be binding upon or recognized by the Partnership regardless of whether any or all of the General Partners shall have knowledge thereof .

(m) Section 19.1.1 of the Partnership Agreement is hereby amended to delete from the first sentence the following words: or the Successor General Partner .

(n) Section 20.1.1 of the Partnership Agreement is hereby amended by deleting everything after the word foregoing.

(o) Section 22.7 of the Partnership Agreement is hereby amended and restated to read in its entirety as follows:

The name and address of the Managing General Partners is:

NPI Equity Investments, Inc.
4582 S. Ulster St., Suite 1100
Denver, CO 80237

(p) Section 22.9 of the Partnership Agreement is hereby amended and restated to read in its entirety as follows:

22.9 Notwithstanding the place where this Agreement may be executed by any of the parties hereto, the parties expressly agree that all the terms and provisions of hereof shall be construed under the laws of the State of Delaware and that the Delaware Revised Uniform Limited Partnership Act as now adopted or as may be hereafter amended shall govern the partnership aspects of this Agreement.

2. Miscellaneous.

(a) Effect of Amendment. In the event of any inconsistency between the terms of the Partnership Agreement and the terms of this Amendment, the terms of this Amendment shall prevail. In the event of any conflict of apparent conflict between any of the provisions of the Partnership Agreement as amended by this Amendment, such conflicting provisions shall be reconciled and construed to give effect to the terms and intent of this Amendment.

(b) Ratification. Except as otherwise expressly modified hereby, the Partnership Agreement shall remain in full force and effect, and all of the terms and provisions of the Partnership Agreement, as herein modified, are hereby ratified and reaffirmed.

(c) Governing Law. THIS AMENDMENT SHALL BE GOVERNED BY AND CONSTRUED AND ENFORCED IN ACCORDANCE WITH THE LAWS OF THE STATE OF DELAWARE.

[Remainder of page intentionally left blank.]

EXHIBIT B

Appraisal Rights of Limited Partners

Capitalized terms used but not defined herein shall have the respective meanings ascribed thereto in the Agreement and Plan of Conversion and Merger, dated as of July 28, 2011, (the **Merger Agreement**) by and among National Property Investors 4, a California limited partnership, AIMCO NPI 4 Merger Sub LLC, a Delaware limited liability company, and AIMCO Properties, L.P., a Delaware limited partnership. In connection with the Merger, limited partners of New NPI shall have the following appraisal rights:

(a) Any limited partner who holds New NPI Units on the effective date of the Merger who has not consented to the Merger (the **Nonconsenting Limited Partners**) and who has otherwise complied with paragraph (b) hereof shall be entitled to an appraisal by arbitration of the fair value of the Nonconsenting Limited Partner's New NPI Units. This arbitration shall be conducted in Denver, Colorado, in accordance with the Commercial Arbitration Rules of the American Arbitration Association (**AAA**), excluding the Procedures for Large, Complex Commercial Disputes, by a single arbitrator selected by Aimco OP from a panel of AAA arbitrators who are qualified to value investment interests in commercial real estate. Any action for judicial review or enforcement of the arbitration award shall be brought in a court of competent jurisdiction located in Denver, Colorado.

(b) Within 10 days after the effective date of the Merger, Aimco OP shall notify each of the Nonconsenting Limited Partners of the consummation of the Merger, the effective date of the Merger and that appraisal rights are available for any or all New NPI Units held by Nonconsenting Limited Partners, and shall include in such notice a copy of this Exhibit. Such notice shall include an Election Form pursuant to which Nonconsenting Limited Partners may elect an appraisal by arbitration of the fair value of their New NPI Units pursuant to paragraph (a) hereof. Any limited partner who holds New NPI Units on the effective date of the Merger and who has not consented to the Merger shall be entitled to receive such notice and may, within 30 days after the date of mailing of such notice (such 30th day being the **Election Deadline**), demand from Aimco OP the appraisal of his or her New NPI Units by making the appropriate election in the Election Form in accordance with the instructions thereto. Each completed Election Form must be delivered to the address, and within the time period, specified in the instructions to the Election Form. If a Nonconsenting Limited Partner fails to properly complete an Election Form or return it to the correct address within the specified time period, such Nonconsenting Limited Partner shall be deemed to have elected not to seek an appraisal of his or her New NPI Units, and will be deemed to have elected the Cash Consideration.

(c) At any time prior to the Election Deadline, any Nonconsenting Limited Partner who has made a demand for appraisal of his or her New NPI Units shall have the right to withdraw his or her demand for appraisal and to accept the Cash Consideration payable pursuant to the Merger Agreement. Nonconsenting Limited Partners who wish to withdraw their demands must do so in writing delivered to Aimco Properties, L.P., c/o Eagle Rock Proxy Advisors, LLC, by mail at 12 Commerce Drive, Cranford, New Jersey, 07016, or by fax at (908) 497-2349. At any time within 20 days after the Election Deadline, any Nonconsenting Limited Partner who has complied with the requirements of subsections (a) and (b) hereof, upon written request, shall be entitled to receive from Aimco OP a statement setting forth the aggregate number of New NPI Units with respect to which Nonconsenting Limited Partners have made demands for appraisal and the aggregate number of holders of such New NPI Units. Such written statement shall be mailed to the Nonconsenting Limited Partner within 10 days after such Nonconsenting Limited Partner's written request for such a statement is received by Aimco OP or within 20 days after the Election Deadline, whichever is later.

(d) Upon the submission of any such demand by a Nonconsenting Limited Partner, Aimco OP shall, within 40 days after the Election Deadline, submit to the arbitrator a duly verified list containing the names and addresses of all Nonconsenting Limited Partners who have demanded payment for their New NPI Units and with whom agreements as

to the value of their New NPI Units have not been reached with Aimco OP. The arbitrator shall give notice of the time and place fixed for the hearing of such demand by registered or certified mail to Aimco OP and to the Nonconsenting Limited Partners shown on the list at the addresses therein stated.

A-10

Table of Contents

The forms of the notices shall be approved by the arbitrator, and the costs of the preparation and mailing thereof shall be borne by Aimco OP.

(e) At the hearing on such demand, the arbitrator shall determine as to each of the Nonconsenting Limited Partners whether the Nonconsenting Limited Partner is entitled to appraisal rights hereunder.

(f) After determining the Nonconsenting Limited Partners entitled to an appraisal, the arbitrator shall appraise the New NPI Units, determining their fair value, as of the date of the Merger, exclusive of any element of value arising from the accomplishment or expectation of the Merger, together with interest, if any, to be paid upon the amount determined to be the fair value. In determining such fair value, the arbitrator shall take into account all factors relevant to the issue of fair value of the New NPI Units, using the legal standard of fair value that would apply if the Nonconsenting Limited Partner were a stockholder in a corporation entitled to appraisal rights as a result of a corporate merger under the corporation laws of the state of Delaware. Unless the arbitrator in his or her discretion determines otherwise for good cause shown, interest from the effective date of the Merger through the date of payment of the judgment shall be compounded quarterly and shall accrue at 5% over the Federal Reserve discount rate (including any surcharge), as established from time to time during the period between the effective date of the Merger and the date of payment of the judgment. Upon application by Aimco OP or by any Nonconsenting Limited Partner entitled to participate in the appraisal proceeding, the arbitrator may, in his or her discretion, proceed with the appraisal prior to the final determination of the Nonconsenting Limited Partners' entitlement to appraisal rights hereunder. Any Nonconsenting Limited Partner whose name appears on the list submitted by Aimco OP pursuant to paragraph (d) hereof may participate fully in all proceedings until it is finally determined that such Nonconsenting Limited Partner is not entitled to appraisal rights hereunder.

(g) The arbitrator shall direct the payment of the fair value of the New NPI Units (which will be paid only in cash), together with interest, if any, by Aimco OP to the Nonconsenting Limited Partners entitled thereto. Payment shall be so made to each such Nonconsenting Limited Partner upon the receipt by Aimco OP of the written consent from such Nonconsenting Limited Partner that, for federal income tax purposes, the issuance of cash for the New NPI Units shall be treated as a sale of the New NPI Units by the owner and a purchase of such New NPI Units by Aimco OP for the cash consideration so paid under the terms of the Merger Agreement in accordance with the guidelines set forth in Treas. Reg. Sections 1.708-1(c)(3) and 1.708-1(c)(4) and the release described in (i) hereof.

(h) The costs of the proceeding may be determined by the arbitrator and taxed upon the parties as the arbitrator deems equitable in the circumstances. Upon application of a Nonconsenting Limited Partner, the arbitrator may order all or a portion of the expenses incurred by any Nonconsenting Limited Partner in connection with the appraisal proceeding, including, without limitation, reasonable attorney's fees and the fees and expenses of experts, to be charged pro rata against the value of all the interests entitled to an appraisal.

(i) Any Nonconsenting Limited Partner who has made a demand for appraisal of his or her New NPI Units and who has not withdrawn the demand before the Election Deadline shall be deemed to have entered into a binding contract with Aimco OP to accept the fair value awarded by the arbitrator in exchange for his or her New NPI Units, plus any interest as provided herein. The award of fair value, plus any interest, to the Nonconsenting Limited Partners shall be exclusive of and in lieu of any other right, claim or remedy under state or federal law that the Nonconsenting Limited Partner may have with respect to his or her New NPI Units whether under the Merger Agreement or otherwise and whether against NPI, New NPI, NPI Equity, Aimco-GP, Apartment Investment and Management Company, Aimco OP, or any other person or entity, and the Nonconsenting Limited Partner shall execute and deliver a release of all other such rights, claims and remedies in exchange for payment of the award.

Table of Contents

(j) From and after the effective date of the Merger, no Nonconsenting Limited Partner who has demanded appraisal rights as provided in paragraph (b) hereof shall be entitled to vote such New NPI Units for any purpose or to receive payment of distributions on such interests (except distributions payable as of a record date prior to the effective date of the Merger); provided, however, that if such Nonconsenting Limited Partner shall deliver to Aimco Properties, L.P., c/o Eagle Rock Proxy Advisors, LLC, by mail at 12 Commerce Drive, Cranford, New Jersey, 07016, or by fax at (908) 497-2349, a written withdrawal of such Nonconsenting Limited Partner's demand for an appraisal and an acceptance of the Cash Consideration payable pursuant to the Merger Agreement, either as provided in paragraph (c) hereof or thereafter with the written approval of Aimco OP, then the right of such Nonconsenting Limited Partner to an appraisal shall cease. The appraisal proceeding may also be dismissed as to any Nonconsenting Limited Partner with the agreement or consent of Aimco OP upon such terms as the two parties may agree. Except as provided in the two foregoing sentences, no appraisal proceeding before the arbitrator shall be dismissed as to any Nonconsenting Limited Partner without the approval of the arbitrator, and such approval may be conditioned upon such terms as the arbitrator deems just.

ANNEX B

**AMENDMENT
TO
PARTNERSHIP AGREEMENT
OF
NATIONAL PROPERTY INVESTORS 4**

This AMENDMENT TO THE PARTNERSHIP AGREEMENT OF NATIONAL PROPERTY INVESTORS 4 (this Amendment) is entered into as of _____, 2011, by and among NPI Equity Investments, Inc., a Florida corporation, in its capacity as managing general partner (the Managing General Partner), and each of the Limited Partners. All capitalized terms used in this Amendment but not otherwise defined herein shall have the respective meanings given to them in the Partnership Agreement (as defined below).

Recitals

WHEREAS, National Property Investors 4, a California limited partnership (the Partnership), is governed pursuant to the terms of that certain Partnership Agreement, dated as of July 1, 1980, as amended and restated July 14, 1980 and as further amended to date (the Partnership Agreement);

WHEREAS, the Managing General Partner has obtained consents of the requisite percentage-in-interest of the Limited Partners (*i.e.*, Limited Partners who own more than 50% of the outstanding Units), necessary to amend the Partnership Agreement as provided in this Amendment.

NOW, THEREFORE, in consideration of the premises, the agreement of the parties herein contained, and other good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged and confessed, the parties hereby agree as follows:

1. Amendments to the Partnership Agreement. The Partnership Agreement is hereby amended to delete Section 15.3.27 thereof.

2. Miscellaneous.

(a) Effect of Amendment. In the event of any inconsistency between the terms of the Partnership Agreement and the terms of this Amendment, the terms of this Amendment shall prevail. In the event or any conflict of apparent conflict between any of the provisions of the Partnership Agreement as amended by this Amendment, such conflicting provisions shall be reconciled and construed to give effect to the terms and intent of this Amendment.

(b) Ratification. Except as otherwise expressly modified hereby, the Partnership Agreement shall remain in full force and effect, and all of the terms and provisions of the Partnership Agreement, as herein modified, are hereby ratified and reaffirmed.

(c) Governing Law. THIS AMENDMENT SHALL BE GOVERNED BY AND CONSTRUED AND ENFORCED IN ACCORDANCE WITH THE LAWS OF THE STATE OF CALIFORNIA, WITHOUT GIVING EFFECT TO ITS PRINCIPLES OF CONFLICTS OF LAW.

[Remainder of page intentionally left blank.]

ANNEX C

Opinion of Duff & Phelps, LLC

Confidential

July 28, 2011

Board of Directors
Aimco-GP, Inc.

Board of Directors
Apartment Investment and Management Company

Board of Directors
NPI Equity Investments, Inc.

c/o Aimco Properties, L.P.
4582 South Ulster Street Parkway, Suite 1100
Denver, CO 80237

Ladies and Gentlemen:

Aimco Properties, L.P. (the "Aimco OP") has engaged Duff & Phelps, LLC (the "Duff & Phelps") to serve as an independent financial advisor to Aimco-GP, Inc., the general partner (the "General Partner") of Aimco OP (solely in its capacity as such), the board of directors of the General Partner (the "GP Board"), the board of directors of Apartment Investment and Management Company (the "Aimco"), the parent of the General Partner, (the "Aimco Board"), and the board of directors of the general partner of National Property Investors 4 (the "Partnership" and the general partner of the Partnership being referred to herein as the "LP GP" and the board of directors of the LP GP being referred to herein as the "LP GP Board"), to provide an opinion (this "Opinion") as of the date hereof as to the fairness, from a financial point of view, to the limited partners of the Partnership not affiliated with Aimco OP (the "Unaffiliated Limited Partners") of the consideration to be offered to them in the Proposed Transaction (defined below) (without giving effect to any impact of the Proposed Transaction on any particular Unaffiliated Limited Partner other than in its capacity as an Unaffiliated Limited Partner).

Description of the Proposed Transaction

The proposed transaction (the "Proposed Transaction") generally involves the following two steps: (1) the conversion of the Partnership into a Delaware limited partnership of equivalent value (the "New Partnership") in which each Unaffiliated Limited Partner will have the same number of units of limited partnership interest as it had in the Partnership; and (2) a merger of a wholly owned subsidiary of Aimco OP into the New Partnership in which each unit of limited partnership interest in the New Partnership held by each Unaffiliated Limited Partner will be converted into the right to receive, at the election of such Unaffiliated Limited Partner, either (a) cash in the amount of \$195.27 (the "Cash Consideration") or (b) a number of partnership common units of Aimco OP (the "OP Units") equal to \$195.27, divided by the average closing price of common stock of Aimco over the ten consecutive days ending on the second trading day immediately prior to the consummation of the merger, except in those jurisdictions where the law prohibits the offer of OP Units (or registration or qualification would be prohibitively costly) (such cash and OP Units being the "Transaction Consideration").

Scope of Analysis

In connection with this Opinion, Duff & Phelps has made such reviews, analyses and inquiries as it has deemed necessary and appropriate under the circumstances. Duff & Phelps also took into account its assessment of general economic, market and financial conditions, as well as its experience in securities and business valuation, in general, and with respect to similar transactions, in particular. Duff & Phelps' procedures, investigations, and financial analysis with respect to the preparation of this Opinion included, but were not limited to, the items summarized below:

1. Reviewed the following documents:

a. Reviewed the Partnership's property level internal unaudited financial statements for the five months ended May 31, 2011 and the Partnership's property level unaudited annual financial statements for each of the three fiscal years ended December 31, 2010;

b. Reviewed other internal documents relating to the history, current operations, and probable future outlook of the Partnership, including financial projections, provided to Duff & Phelps by management of Aimco OP; and

c. Reviewed documents related to the Proposed Transaction, including certain portions of a draft of the Information Statement/Prospectus relating to the Proposed Transaction and certain portions of the exhibits and annexes thereto (collectively, the Prospectus), and a draft of the Agreement and Plan of Conversion and Merger relating to the Proposed Transaction (such draft, the Agreement), and certain other documents related to the Proposed Transaction.

2. Reviewed the following information and/or documents related to the real estate holdings of the Partnership:

a. Reviewed previously completed appraisal reports associated with the property owned by the Partnership (such property referred to herein as the Property) prepared by KTR Real Estate Advisors LLC as of June 1, 2011 (the Appraisal) and provided to Duff & Phelps by management of Aimco OP;

b. Reviewed facts and circumstances related the Property to understand factors relevant to the Appraisal; and

c. Reviewed market data for each of the subject markets and assessed current supply and demand trends.

3. Reviewed the following information and/or documents related to the Property:

a. Reviewed operating statements and balance sheets for the twelve month periods ending December 31, 2008, 2009, and 2010;

b. Reviewed the year-to-date operating statement and balance sheet for the five month period ending May 31, 2011;

c. Reviewed budgeted financial statements for the twelve month period ending December 31, 2011;

d. Reviewed rent rolls prepared as of April 2011; and

e. Discussed the information referred to above and the background and other elements of the Proposed Transaction with the management of Aimco OP.

4. Conducted such other analyses and considered such other factors as Duff & Phelps deemed appropriate.

Assumptions, Qualifications and Limiting Conditions

In performing its analyses and rendering this Opinion with respect to the Proposed Transaction, Duff & Phelps, with your consent:

C-2

Table of Contents

Aimco Properties, L.P.
Page 3 of 5
July 28, 2011

1. Relied upon, and did not independently verify, the accuracy, completeness, reliability and fair presentation of all information, data, advice, opinions and representations obtained from public sources or provided to it from private sources regarding or otherwise relating to the Property, the Partnership, the Proposed Transaction and/or otherwise received by it in connection with this Opinion (collectively, the Background Information), including that Background Information obtained from management of Aimco OP, and does not make any representation and warranty with respect to or otherwise relating to such Background Information;
2. Relied upon the fact that Aimco OP, the General Partner, the GP Board, the Aimco Board, the Partnership, the LP GP and the LP GP Board have been advised by counsel as to all legal matters with respect to or otherwise relating to the Proposed Transaction, including whether all procedures required by law to be taken in connection with the Proposed Transaction have been duly, validly and timely taken;
3. Assumed that any estimates, evaluations, forecasts and projections furnished to Duff & Phelps were reasonably prepared and based upon the best currently available information and good faith judgment of the person furnishing the same;
4. Assumed that the representations and warranties made in the Agreement are substantially accurate;
5. Assumed that the final versions of all documents reviewed by Duff & Phelps in draft form conform in all material respects to the drafts reviewed;
6. Assumed that there has been no material change in the assets, financial condition, business, or prospects of any Property or the Partnership since the respective dates of the Appraisal, the most recent financial statements and the other information made available to Duff & Phelps;
7. Assumed that title to the Property is good and marketable, that the Property is free and clear of any material liens, with the exception of any liens related to mortgage debt as disclosed in the Prospectus, easements, encroachments or other encumbrances and that all improvements lie within property boundaries, except as disclosed in the Appraisal;
8. Assumed that all material licenses, certificates of occupancy, consents, and other legislative or administrative authority that are required or advisable to be obtained from any local, state, or national government or private entity or organization have been obtained and are current;
9. Assumed full compliance with all material federal, state and local zoning, use, occupancy, environmental, and similar laws and regulations, except as expressly disclosed in the Appraisal;
10. Assumed responsible ownership and competent property management of the Property;
11. Assumed that there are no hidden or unapparent conditions of the property, subsoil, or structures or otherwise with respect to any Property that could affect the value of such Property (Unapparent Property Conditions), except as expressly disclosed in the Appraisal;
12. Without limiting the generality of the foregoing, assumed that there are no potentially hazardous substances such as asbestos, urea-formaldehyde foam insulation, industrial wastes, etc. (Hazardous Materials) on, in or near the Property that could affect the value of such Property, except as expressly disclosed in the Appraisal;

13. Assumed that all of the conditions required to implement the Proposed Transaction will be satisfied and that the Proposed Transaction will be completed in accordance with the Agreement without any amendments thereto or any waivers of any terms or conditions thereof;

14. Assumed that all governmental, regulatory and other consents and approvals necessary or advisable for the consummation of the Proposed Transaction will be obtained without any adverse effect on the Partnership, the New Partnership or any Property; and

C-3

Table of Contents

Aimco Properties, L.P.
Page 4 of 5

15. Assumed that for the purposes of its analysis, that all of the Unaffiliated Limited Partners elect to receive the Cash Consideration. Duff & Phelps is making no determination as to the fair value of, or fairness with respect to any OP Unit consideration.

To the extent that any of the foregoing assumptions or any of the facts on which this Opinion is based prove to be untrue in any material respect, this Opinion cannot and should not be relied upon. Furthermore, in Duff & Phelps analysis and in connection with the preparation of this Opinion, Duff & Phelps has made numerous assumptions with respect to industry performance, general business, market and economic conditions and other matters, many of which are beyond the control of any party involved in the Proposed Transaction.

Duff & Phelps has prepared this Opinion effective as of the date hereof. This Opinion is necessarily based upon market, economic, financial and other conditions as they exist and can be evaluated as of the date hereof, and Duff & Phelps disclaims any undertaking or obligation to advise any person of any change in any fact or matter affecting this Opinion which may come or be brought to the attention of Duff & Phelps after the date hereof.

Duff & Phelps did not evaluate the Partnership's solvency or conduct an independent appraisal or physical inspection of any specific liabilities (contingent or otherwise). Duff & Phelps did not evaluate the tax consequences the Proposed Transaction may have on any person, including any Unaffiliated Limited Partner, and did not take any such consequences into account in rendering this Opinion. Duff & Phelps has not been requested to, and did not, (i) initiate any discussions with, or solicit any indications of interest from, third parties with respect to the Proposed Transaction, the assets, businesses or operations of the Partnership, or any alternatives to the Proposed Transaction, (ii) negotiate the terms of the Proposed Transaction, or (iii) advise Aimco OP or any other party with respect to alternatives to the Proposed Transaction.

Duff & Phelps is not expressing any opinion as to the market price or value of the Partnership's, the New Partnership's or Aimco OP's equity (or anything else) after the announcement or the consummation of the Proposed Transaction. Without limiting the generality of the foregoing, Duff & Phelps is not expressing any opinion as to the liquidity of, rights and/or risks associated with owning, or any other feature or characteristic of, the OP Units. This Opinion should not be construed as a valuation opinion, credit rating, solvency opinion, an analysis of the Partnership's, the New Partnership's or Aimco OP's credit worthiness, as tax advice, or as accounting advice. Duff & Phelps has not made, and assumes no responsibility to make, any representation, or render any opinion, as to any legal matter (including with respect to title to or any encumbrances relating to any Property).

Duff & Phelps did not investigate any of the physical conditions of any Property and has not made, and assumes no responsibility to make, any representation, or render any opinion, as to the physical condition of any Property. No independent surveys of the Property was conducted. Duff & Phelps did not arrange for any engineering studies that may be required to discover any Unapparent Property Condition. Duff & Phelps did not arrange for or conduct any soil analysis or geological studies or any investigation of any water, oil, gas, coal, or other subsurface mineral and use rights or conditions or arrange for or conduct any other environmental analysis, including with respect to any Hazardous Materials, which may or may not be present on, in or near the Property.

In rendering this Opinion, Duff & Phelps is not expressing any opinion with respect to the amount or nature of any compensation to any of Aimco OP's and/or Aimco's respective officers, directors, or employees, or any class of such persons, relative to the consideration to be received by the Unaffiliated Limited Partners in the Proposed Transaction, or with respect to the fairness of any such compensation.

This Opinion is furnished solely for the use and benefit of each of the General Partner, the GP Board, the Aimco Board, and the LP GP Board in connection with and for purposes of its evaluation of the Proposed Transaction and is not intended to, and does not, confer any rights or remedies upon any other person, and is not intended to be used, and may not be used, by any other person or for any other purpose, without Duff & Phelps' express consent. This Opinion (i) does not address the merits of the underlying business decision to enter into the Proposed Transaction versus any alternative strategy or transaction; (ii) does not address any transaction related to

C-4

Table of Contents

Aimco Properties, L.P.
Page 5 of 5
July 28, 2011

the Proposed Transaction; (iii) is not a recommendation as to how any party should vote or act with respect to any matters relating to the Proposed Transaction or any related transaction, or whether to proceed with the Proposed Transaction or any related transaction, and (iv) does not indicate that the consideration paid is the best possibly attainable under any circumstances; instead, it merely states whether the consideration in the Proposed Transaction is within a range suggested by certain financial analyses. The decision as to whether to proceed with the Proposed Transaction or any related transaction may depend on an assessment of factors unrelated to the financial analysis on which this Opinion is based. This Opinion should not be construed as creating any fiduciary duty on the part of Duff & Phelps to any party.

This Opinion is solely that of Duff & Phelps, and Duff & Phelps' liability in connection with this letter shall be limited in accordance with the terms set forth in the engagement letter between Duff & Phelps and Aimco OP dated June 10, 2011 (the Engagement Letter). This letter is confidential, and its use and disclosure is strictly limited in accordance with the terms set forth in the Engagement Letter.

Disclosure of Prior Relationships

Duff & Phelps has acted as financial advisor to the General Partner, the GP Board, the Aimco Board, and the LP GP Board and will receive a fee for its services. No portion of Duff & Phelps' fee is contingent upon either the conclusion expressed in this Opinion or whether or not the Proposed Transaction is successfully consummated. Pursuant to the terms of the Engagement Letter, a portion of Duff & Phelps' fee is payable upon Duff & Phelps' stating to Aimco OP that it is prepared to deliver its Opinion. Other than this engagement, which includes additional fairness opinions rendered in respect of similar transactions involving other affiliates of Aimco OP, during the two years preceding the date of this Opinion, Duff & Phelps has not had any material relationship with any party to the Proposed Transaction for which compensation has been received or is intended to be received, nor is any such material relationship or related compensation mutually understood to be contemplated.

Conclusion

Based upon and subject to the foregoing, Duff & Phelps is of the opinion that, as of the date hereof, the consideration offered to the Unaffiliated Limited Partners in the Proposed Transaction is fair from a financial point of view to the Unaffiliated Limited Partners (without giving effect to any impact of the Proposed Transaction on any particular Unaffiliated Limited Partner other than in its capacity as an Unaffiliated Limited Partner).

This Opinion has been approved by the Opinion Review Committee of Duff & Phelps.

Respectfully submitted,

/s/ Duff & Phelps, LLC

Table of Contents

ANNEX D

Appraisal Rights of Limited Partners

Capitalized terms used but not defined herein shall have the respective meanings ascribed thereto in the Agreement and Plan of Conversion and Merger, dated as of July 28, 2011 (the **Merger Agreement**), by and among National Property Investors 4, a California limited partnership, AIMCO NPI 4 Merger Sub LLC, a Delaware limited liability company, and AIMCO Properties, L.P., a Delaware limited partnership. In connection with the Merger, limited partners of New NPI shall have the following appraisal rights:

(a) Any limited partner who holds New NPI Units on the effective date of the Merger who has not consented to the Merger (the **Nonconsenting Limited Partners**) and who has otherwise complied with paragraph (b) hereof shall be entitled to an appraisal by arbitration of the fair value of the Nonconsenting Limited Partner's New NPI Units. This arbitration shall be conducted in Denver, Colorado, in accordance with the Commercial Arbitration Rules of the American Arbitration Association (**AAA**), excluding the Procedures for Large, Complex Commercial Disputes, by a single arbitrator selected by Aimco OP from a panel of AAA arbitrators who are qualified to value investment interests in commercial real estate. Any action for judicial review or enforcement of the arbitration award shall be brought in a court of competent jurisdiction located in Denver, Colorado.

(b) Within 10 days after the effective date of the Merger, Aimco OP shall notify each of the Nonconsenting Limited Partners of the consummation of the Merger, the effective date of the Merger and that appraisal rights are available for any or all New NPI Units held by Nonconsenting Limited Partners, and shall include in such notice a copy of this Exhibit. Such notice shall include an Election Form pursuant to which Nonconsenting Limited Partners may elect an appraisal by arbitration of the fair value of their New NPI Units pursuant to paragraph (a) hereof. Any limited partner who holds New NPI Units on the effective date of the Merger and who has not consented to the Merger shall be entitled to receive such notice and may, within 30 days after the date of mailing of such notice (such 30th day being the **Election Deadline**), demand from Aimco OP the appraisal of his or her New NPI Units by making the appropriate election in the Election Form in accordance with the instructions thereto. Each completed Election Form must be delivered to the address, and within the time period, specified in the instructions to the Election Form. If a Nonconsenting Limited Partner fails to properly complete an Election Form or return it to the correct address within the specified time period, such Nonconsenting Limited Partner shall be deemed to have elected not to seek an appraisal of his or her New NPI Units, and will be deemed to have elected the Cash Consideration.

(c) At any time prior to the Election Deadline, any Nonconsenting Limited Partner who has made a demand for appraisal of his or her New NPI Units shall have the right to withdraw his or her demand for appraisal and to accept the Cash Consideration payable pursuant to the Merger Agreement. Nonconsenting Limited Partners who wish to withdraw their demands must do so in writing delivered to Aimco Properties, L.P., c/o Eagle Rock Proxy Advisors, LLC, by mail at 12 Commerce Drive, Cranford, New Jersey, 07016, or by fax at (908) 497-2349. At any time within 20 days after the Election Deadline, any Nonconsenting Limited Partner who has complied with the requirements of subsections (a) and (b) hereof, upon written request, shall be entitled to receive from Aimco OP a statement setting forth the aggregate number of New NPI Units with respect to which Nonconsenting Limited Partners have made demands for appraisal and the aggregate number of holders of such New NPI Units. Such written statement shall be mailed to the Nonconsenting Limited Partner within 10 days after such Nonconsenting Limited Partner's written request for such a statement is received by Aimco OP or within 20 days after the Election Deadline, whichever is later.

(d) Upon the submission of any such demand by a Nonconsenting Limited Partner, Aimco OP shall, within 40 days after the Election Deadline, submit to the arbitrator a duly verified list containing the names and addresses of all Nonconsenting Limited Partners who have demanded payment for their New NPI Units and with whom agreements as to the value of their New NPI Units have not been reached with Aimco OP. The arbitrator shall give notice of the time and place fixed for the hearing of such demand by registered or certified mail to Aimco OP and to the Nonconsenting Limited Partners shown on the list at the addresses therein stated.

D-1

Table of Contents

The forms of the notices shall be approved by the arbitrator, and the costs of the preparation and mailing thereof shall be borne by Aimco OP.

(e) At the hearing on such demand, the arbitrator shall determine as to each of the Nonconsenting Limited Partners whether the Nonconsenting Limited Partner is entitled to appraisal rights hereunder.

(f) After determining the Nonconsenting Limited Partners entitled to an appraisal, the arbitrator shall appraise the New NPI Units, determining their fair value, as of the date of the Merger, exclusive of any element of value arising from the accomplishment or expectation of the Merger, together with interest, if any, to be paid upon the amount determined to be the fair value. In determining such fair value, the arbitrator shall take into account all factors relevant to the issue of fair value of the New NPI Units, using the legal standard of fair value that would apply if the Nonconsenting Limited Partner were a stockholder in a corporation entitled to appraisal rights as a result of a corporate merger under the corporation laws of the state of Delaware. Unless the arbitrator in his or her discretion determines otherwise for good cause shown, interest from the effective date of the Merger through the date of payment of the judgment shall be compounded quarterly and shall accrue at 5% over the Federal Reserve discount rate (including any surcharge), as established from time to time during the period between the effective date of the Merger and the date of payment of the judgment. Upon application by Aimco OP or by any Nonconsenting Limited Partner entitled to participate in the appraisal proceeding, the arbitrator may, in his or her discretion, proceed with the appraisal prior to the final determination of the Nonconsenting Limited Partners' entitlement to appraisal rights hereunder. Any Nonconsenting Limited Partner whose name appears on the list submitted by Aimco OP pursuant to paragraph (d) hereof may participate fully in all proceedings until it is finally determined that such Nonconsenting Limited Partner is not entitled to appraisal rights hereunder.

(g) The arbitrator shall direct the payment of the fair value of the New NPI Units (which will be paid only in cash), together with interest, if any, by Aimco OP to the Nonconsenting Limited Partners entitled thereto. Payment shall be so made to each such Nonconsenting Limited Partner upon the receipt by Aimco OP of the written consent from such Nonconsenting Limited Partner that, for federal income tax purposes, the issuance of cash for the New NPI Units shall be treated as a sale of the New NPI Units by the owner and a purchase of such New NPI Units by Aimco OP for the cash consideration so paid under the terms of the Merger Agreement in accordance with the guidelines set forth in Treas. Reg. Sections 1.708-1(c)(3) and 1.708-1(c)(4) and the release described in (i) hereof.

(h) The costs of the proceeding may be determined by the arbitrator and taxed upon the parties as the arbitrator deems equitable in the circumstances. Upon application of a Nonconsenting Limited Partner, the arbitrator may order all or a portion of the expenses incurred by any Nonconsenting Limited Partner in connection with the appraisal proceeding, including, without limitation, reasonable attorney's fees and the fees and expenses of experts, to be charged pro rata against the value of all the interests entitled to an appraisal.

(i) Any Nonconsenting Limited Partner who has made a demand for appraisal of his or her New NPI Units and who has not withdrawn the demand before the Election Deadline shall be deemed to have entered into a binding contract with Aimco OP to accept the fair value awarded by the arbitrator in exchange for his or her New NPI Units, plus any interest as provided herein. The award of fair value, plus any interest, to the Nonconsenting Limited Partners shall be exclusive of and in lieu of any other right, claim or remedy under state or federal law that the Nonconsenting Limited Partner may have with respect to his or her New NPI Units whether under the Merger Agreement or otherwise and whether against NPI, New NPI, NPI Equity, Aimco-GP, Apartment Investment and Management Company, Aimco OP, or any other person or entity, and the Nonconsenting Limited Partner shall execute and deliver a release of all other such rights, claims and remedies in exchange for payment of the award.

Table of Contents

(j) From and after the effective date of the Merger, no Nonconsenting Limited Partner who has demanded appraisal rights as provided in paragraph (b) hereof shall be entitled to vote such New NPI Units for any purpose or to receive payment of distributions on such interests (except distributions payable as of a record date prior to the effective date of the Merger); provided, however, that if such Nonconsenting Limited Partner shall deliver to Aimco Properties, L.P., c/o Eagle Rock Proxy Advisors, LLC, by mail at 12 Commerce Drive, Cranford, New Jersey, 07016, or by fax at (908) 497-2349, a written withdrawal of such Nonconsenting Limited Partner's demand for an appraisal and an acceptance of the Cash Consideration payable pursuant to the Merger Agreement, either as provided in paragraph (c) hereof or thereafter with the written approval of Aimco OP, then the right of such Nonconsenting Limited Partner to an appraisal shall cease. The appraisal proceeding may also be dismissed as to any Nonconsenting Limited Partner with the agreement or consent of Aimco OP upon such terms as the two parties may agree. Except as provided in the two foregoing sentences, no appraisal proceeding before the arbitrator shall be dismissed as to any Nonconsenting Limited Partner without the approval of the arbitrator, and such approval may be conditioned upon such terms as the arbitrator deems just.

Table of Contents**ANNEX E****OFFICERS AND DIRECTORS**

NPI, New NPI, Aimco OP and the Aimco Subsidiary do not have directors, officers or significant employees of their own. The names and positions of the executive officers and directors of Aimco, AIMCO-GP and NPI Equity Investments, Inc, the general partner of NPI, or NPI Equity, are set forth below. The business address of each executive officer and director is 4582 South Ulster Street Parkway, Suite 1100, Denver, Colorado 80237. Each executive officer and director is a citizen of the United States of America.

Name (Age)	Position
Terry Considine(63)	Chairman of the Board of Directors, Chief Executive Officer and President of Aimco; Director and President of AIMCO-GP; President of NPI Equity.
Lisa R. Cohn(42)	Executive Vice President, General Counsel and Secretary of Aimco, AIMCO-GP and NPI Equity.

Name	Biographical Summary of Current Directors and Officers
Lisa R. Cohn	Lisa R. Cohn was appointed Executive Vice President, General Counsel and Secretary of Aimco, AIMCO-GP and NPI Equity in December 2007. From January 2004 to December 2007, Ms. Cohn served as Senior Vice President and Assistant General Counsel. She joined Aimco in July 2002 as Vice President and Assistant General Counsel. Prior to joining Aimco, Ms. Cohn was in private practice with the law firm of Hogan & Hartson LLP.
Miles Cortez	Mr. Cortez was appointed Executive Vice President and Chief Administrative Officer in December 2007. He is responsible for administration, government relations, communications and special projects. Mr. Cortez was appointed Director of AIMCO-GP in September 2009. Mr. Cortez joined Aimco in August 2001 as Executive Vice President, General Counsel and Secretary. Prior to joining the Company, Mr. Cortez was the senior partner of Cortez Macaulay Bernhardt & Schuetze LLC, a Denver, Colorado law firm, from December 1997 through September 2001. He served as president of the Colorado Bar Association from 1996 to 1997 and the Denver Bar Association from 1982 to 1983.
Ernest M. Freedman	Ernest M. Freedman was appointed Executive Vice President and Chief Financial Officer of Aimco, AIMCO-GP and NPI Equity in November 2009. Mr. Freedman joined Aimco in 2007 as Senior Vice President of Financial Planning and Analysis and has served as Senior Vice President of Finance since February 2009, responsible for financial planning, tax, accounting and related areas. Prior to joining Aimco, from 2004 to 2007, Mr. Freedman served as Chief Financial Officer of HEI Hotels and Resorts.
John Bezzant	John Bezzant was appointed as a Director of NPI Equity effective December 16, 2009. Mr. Bezzant was appointed Executive Vice President of Aimco, AIMCO-GP and NPI Equity in January 2011 and prior to that time was a Senior Vice President of Aimco, AIMCO-GP and NPI Equity since joining Aimco in June 2006. Prior to joining Aimco, Mr. Bezzant spent over 20 years with Prologis, Inc. and Catellus Development Corporation in a variety of executive positions, including those with responsibility for transactions, fund management, asset management, leasing and operations. Mr. Bezzant brings particular expertise to the Board in the areas of real estate finance, property operations, sales and development.
Keith M. Kimmel	Mr. Kimmel was appointed Executive Vice President of Property Operations of Aimco, AIMCO-GP and NPI Equity in January 2011. From September 2008 to January 2011, Mr. Kimmel served as the Area Vice President of property operations for the western region. Prior to that, from March 2006 to September 2008, he served as the Regional Vice President of property operations for California. He joined Aimco in March of 2002 as a Regional Property Manager. Prior to joining Aimco, Mr. Kimmel was with Casden Properties from 1998 through 2002, and was responsible for the operation of the new construction and high-end product line. Mr. Kimmel began his career in the multi-family real estate business in 1992 as a leasing consultant and on-site manager.

Name	Biographical Summary of Current Directors and Officers
Daniel S. Matula	Mr. Matula was appointed Executive Vice President of Redevelopment and Construction of Aimco, AIMCO-GP and NPI Equity in January 2011. He joined Aimco as Senior Vice President of Redevelopment in January 2006. Mr. Matula oversees redevelopment, construction services, capital management, energy, service and quality and procurement. Prior to joining Aimco, from 2005 to 2006, Mr. Matula served as Senior Vice President of Development for Triad Partners, a private medical office development company headquartered in Irvine, CA. From 2000 to 2005, Mr. Matula served as Senior Vice President of Construction Services for Catellus Development Corporation.
Steven D. Cordes	Steven D. Cordes was appointed as a Director of NPI Equity effective March 2, 2009. Mr. Cordes has been a Senior Vice President of Aimco, AIMCO-GP and NPI Equity since May 2004. Mr. Cordes joined Aimco in 2001 as a Vice President of Capital Markets with responsibility for Aimco's joint ventures and equity capital markets activity. Prior to joining Aimco, Mr. Cordes was a manager in the financial consulting practice of PricewaterhouseCoopers. Effective March 2009, Mr. Cordes was appointed to serve as the equivalent of the chief executive officer of NPI. Mr. Cordes brings particular expertise to the Board in the areas of asset management as well as finance and accounting.
Paul Beldin	Paul Beldin joined Aimco in May 2008 and has served as Senior Vice President and Chief Accounting Officer of Aimco, AIMCO-GP and NPI Equity since that time. Prior to joining Aimco, Mr. Beldin served as controller and then as chief financial officer of America First Apartment Investors, Inc., a publicly traded multifamily real estate investment trust, from May 2005 to September 2007 when the company was acquired by Sentinel Real Estate Corporation. Prior to joining America First Apartment Investors, Inc., Mr. Beldin was a senior manager at Deloitte and Touche LLP, where he was employed from August 1996 to May 2005, including two years as an audit manager in SEC services at Deloitte's national office.
Stephen B. Waters	Stephen B. Waters was appointed Senior Director of Partnership Accounting of Aimco and NPI Equity in June 2009. Mr. Waters has responsibility for partnership accounting with Aimco and serves as the principal financial officer of NPI Equity. Mr. Waters joined Aimco as a Director of Real Estate Accounting in September 1999 and was appointed Vice President of NPI Equity and Aimco in April 2004. Prior to joining Aimco, Mr. Waters was a senior manager at Ernst & Young LLP.
James N. Bailey	Mr. Bailey was first elected as a director of Aimco in June 2000 and is currently Chairman of the Nominating and Corporate Governance Committee and a member of the Audit and Compensation and Human Resources Committees. Mr. Bailey co-founded Cambridge Associates, LLC, an investment consulting firm, in 1973 and currently serves as its Senior Managing Director and Treasurer. He is also a co-founder, director and treasurer of The Plymouth Rock Company, and a director of SRB Corporation, Inc. and Homeowners Direct Company, all three of which are insurance companies and insurance company affiliates. He also serves as an

Overseer for the New England Aquarium, and is on its audit and investment committees. Mr. Bailey is a member of the Massachusetts Bar and the American Bar Associations. Mr. Bailey, a long-time entrepreneur, brings particular expertise to the board in the areas of investment and financial planning, capital markets, evaluation of institutional real estate markets and managers of all property types.

Richard S. Ellwood

Mr. Ellwood was first elected as a director of Aimco in July 1994. Mr. Ellwood is currently a member of the Audit, Compensation and Human Resources, and Nominating and Corporate Governance Committees. Mr. Ellwood was the founder and President of R.S. Ellwood & Co., Incorporated, which he operated as a real estate investment banking firm through 2004. Prior to forming his firm, Mr. Ellwood had 31 years experience on Wall Street as an investment banker, serving as: Managing Director and senior banker at Merrill Lynch Capital Markets from 1984 to 1987; Managing Director at Warburg Paribas Becker from 1978 to 1984; general partner and then Senior Vice President and a director at White, Weld & Co. from 1968 to 1978; and in various capacities at J.P. Morgan & Co. from 1955 to 1968. Mr. Ellwood served as a director of Felcor Lodging Trust, Incorporated, a publicly held company, from 1994 to 2009. He is as a trustee of the Diocesan Investment Trust of the Episcopal Diocese of New Jersey and is chairman of the diocesan audit committee. As one of the first real estate investment bankers, Mr. Ellwood brings particular expertise in real estate finance through corporate securities in both public and private markets as well as in direct property financings through mortgage placements, limited partnerships and joint ventures.

Thomas L. Keltner

Mr. Keltner was first elected as a director of Aimco in April 2007 and is currently a member of the Audit, Compensation and Human Resources, and Nominating and Corporate Governance Committees. Mr. Keltner served as Executive Vice President and Chief Executive Officer Americas and Global Brands for Hilton Hotels Corporation from March 2007 through March 2008, which concluded the transition period following Hilton's acquisition by The Blackstone Group. Mr. Keltner joined Hilton Hotels Corporation in 1999 and served in various roles. Mr. Keltner has more than 20 years of experience in the areas of hotel development, acquisition, disposition, franchising and management. Prior to joining Hilton Hotels Corporation, from 1993 to 1999, Mr. Keltner served in several positions with Promus Hotel Corporation, including President, Brand Performance and Development. Before joining Promus Hotel Corporation, he served in various capacities with Holiday Inn Worldwide, Holiday Inns International and Holiday Inns, Inc. In addition, Mr. Keltner was President of Saudi Marriott Company, a division of Marriott Corporation, and was a management consultant with Cresap, McCormick and Paget, Inc. Mr. Keltner brings particular expertise to the board in the areas of property operations, marketing, branding, development and customer service.

Kathleen M. Nelson

Ms. Nelson was first elected as a director of Aimco in April 2010, and currently serves on the Audit, Compensation and Human Resources, and Nominating and Corporate Governance Committees. Ms. Nelson has an extensive background in commercial real estate and financial services with over 40 years of experience including 36 years at TIAA-CREF. She held the position of Managing Director/Group Leader and Chief Administrative Officer for TIAA-CREF's mortgage and real estate division. Ms. Nelson developed and staffed TIAA's real estate research department. She retired from this position in December 2004 and founded and serves as president of KMN Associates LLC, a commercial real estate investment advisory and consulting firm. In 2009, Ms. Nelson co-founded and serves as Managing Principal of Bay Hollow Associates, LLC, a commercial real estate consulting firm, which provides counsel to institutional investors. Ms. Nelson served as the International Council of Shopping Centers chairman for the 2003-04 term and has been an ICSC Trustee since 1991. She also is the chairman of the ICSC Audit Committee and is a member of various other committees. Ms. Nelson serves on the Board of Directors of CBL & Associates Properties, Inc., which is a publicly held REIT that develops and manages retail shopping properties. She is a member of Castagna Realty Company Advisory Board and has served as an advisor to the Rand Institute Center for Terrorism Risk Management Policy and on the board of the Greater Jamaica Development Corporation. Ms. Nelson serves on the Advisory Board of the Beverly Willis Architectural Foundation and is a member of the Anglo American Real Property Institute. Ms. Nelson brings to the board particular expertise in the areas of real estate finance and investment.

Michael A. Stein

Mr. Stein was first elected as a director of Aimco in October 2004 and is currently the Chairman of the Audit Committee. Mr. Stein is also a member of the Compensation and Human Resources and Nominating and Corporate Governance Committees. From January 2001 until its acquisition by Eli Lilly in January 2007, Mr. Stein served as Senior Vice President and Chief Financial Officer of ICOS Corporation, a biotechnology company based in Bothell, Washington. From October 1998 to September 2000, Mr. Stein was Executive Vice President and Chief Financial Officer of Nordstrom, Inc. From 1989 to September 1998, Mr. Stein served in various capacities with Marriott International, Inc., including Executive Vice President and Chief Financial Officer from 1993 to 1998. Mr. Stein serves on the Board of Directors of Nautilus, Inc., which is a publicly held fitness company, and the Board of Directors of Providence Health & Services, a not-for-profit health system operating hospitals and other health care facilities across Alaska, Washington, Montana, Oregon and California. As the former chief financial officer of two NYSE-listed companies and a former partner at Arthur Andersen, Mr. Stein brings particular expertise to the board in the areas of corporate and real estate finance, and accounting and auditing for large and complex business operations.

Table of Contents**FORWARD-LOOKING STATEMENTS**

The Private Securities Litigation Reform Act of 1995 provides a safe harbor for forward-looking statements in certain circumstances. Certain information included in this Annual Report contains or may contain information that is forward-looking within the meaning of the federal securities laws, including, without limitation, statements regarding the Partnership's ability to maintain current or meet projected occupancy, rental rates and property operating results and the effect of redevelopments. Actual results may differ materially from those described in these forward-looking statements and, in addition, will be affected by a variety of risks and factors, some of which are beyond the Partnership's control, including, without limitation: financing risks, including the availability and cost of financing and the risk that the Partnership's cash flows from operations may be insufficient to meet required payments of principal and interest; natural disasters and severe weather such as hurricanes; national and local economic conditions, including the pace of job growth and the level of unemployment; energy costs; the terms of governmental regulations that affect the Partnership's property and interpretations of those regulations; the competitive environment in which the Partnership operates; real estate risks, including fluctuations in real estate values and the general economic climate in local markets and competition for residents in such markets; insurance risk, including the cost of insurance; litigation, including costs associated with prosecuting or defending claims and any adverse outcomes; and possible environmental liabilities, including costs, fines or penalties that may be incurred due to necessary remediation of contamination of properties presently owned or previously owned by the Partnership. Readers should carefully review the Partnership's financial statements and the notes thereto, as well as the other documents the Partnership files from time to time with the Securities and Exchange Commission.

PART I**Item 1. *Business***

National Property Investors 4 (the Partnership or Registrant) is a California limited partnership formed in July 1980. The Partnership is engaged in the business of operating and holding real estate properties for investment. NPI Equity Investments, Inc., a Florida corporation, became the Registrant's managing general partner (the Managing General Partner) on June 21, 1991. The Managing General Partner was a subsidiary of National Property Investors, Inc. until December 31, 1996, at which time Insignia Properties Trust (IPT) acquired the stock of the Managing General Partner. On October 1, 1998, IPT merged into Apartment Investment and Management Company (AIMCO), a publicly traded real estate investment trust. Therefore, the Managing General Partner is a wholly-owned subsidiary of AIMCO. The Partnership Agreement provides that the Partnership is to terminate on December 31, 2022, unless terminated prior to such date.

The principal business of the Partnership is to hold for investment and ultimately sell income-producing multi-family residential properties. The Partnership is a closed limited partnership real estate syndicate formed to acquire multi-family residential properties. In 1981, the Partnership offered, pursuant to a registration statement filed with the Securities Exchange Commission, 70,000 Limited Partnership units (the Units) and sold 60,005 Units aggregating \$30,002,500. The net proceeds of the offering were used to acquire seven income-producing residential properties. The Partnership's original property portfolio was geographically diversified. The Partnership's acquisition activities were completed in May 1982 and since then the principal activity of the Partnership has been managing its portfolio. Six of the properties were sold prior to 1997. The Partnership currently owns one residential property (see Item 2. Property). Since its initial offering the Partnership has not received, nor are the Limited Partners required to make, additional capital contributions.

The Partnership has no employees. Management and administrative services are provided by the Managing General Partner and by agents retained by the Managing General Partner. Property management services are provided by an

affiliate of the Managing General Partner.

A further description of the Partnership's business is included in Item 7. Management's Discussion and Analysis of Financial Condition and Results of Operations included in this Form 10-K.

F-2

Table of Contents**Item 2. Property**

The following table sets forth the Partnership's investment in its property:

Property	Date of Purchase	Type of Ownership	Use
Village of Pennbrook Apartments Falls Township, Pennsylvania	12/15/81	Fee simple, subject to first, second and third mortgages	Apartment 722 units

Schedule of Property

Set forth below for the Partnership's property is the gross carrying value, accumulated depreciation, depreciable life, method of depreciation, and Federal tax basis.

Property	Gross Carrying Value	Accumulated Depreciation	Depreciable Life	Method of Depreciation	Federal Tax Basis
	(In thousands)				(In thousands)
Village of Pennbrook Apartments	\$ 42,289	\$ 33,705	5-30 yrs	S/L	\$ 9,310

See Note A Organization and Summary of Significant Accounting Policies to the financial statements included in Item 8. Financial Statements and Supplementary Data for a description of the Partnership's capitalization and depreciation policies.

Schedule of Property Indebtedness

The following table sets forth certain information relating to the fixed rate loans encumbering the Partnership's property.

Property	Principal Balance at December 31, 2010	Stated Interest Rate(1)	Period Amortized	Maturity Date	Principal Balance Due at Maturity(2)
	(In thousands)				(In thousands)
Village of Pennbrook Apartments					
1 st mortgage	\$ 25,061	7.06%	30 yrs	09/01/21	\$ 19,515
2 nd mortgage	13,030	6.32%	30 yrs	09/01/21	10,561
3 rd mortgage	9,713	6.62%	30 yrs	09/01/21	7,783

\$ 47,804

\$ 37,859

- (1) Fixed rate mortgages.
- (2) See Note C Mortgage Notes Payable to the financial statements included in Item 8. Financial Statements and Supplementary Data for information with respect to the Partnership's ability to prepay these loans and other details about the loans.

Schedule of Rental Rates and Occupancy

Average annual rental rates and occupancy for 2010 and 2009 for the property are as follows:

Property	Average Annual Rental Rates (per unit)		Average Annual Occupancy	
	2010	2009	2010	2009
Village of Pennbrook Apartments	\$ 11,385	\$ 11,812	96%	92%

The Managing General Partner attributes the increase in occupancy at Village of Pennbrook Apartments to competitive pricing.

The real estate industry is highly competitive. The Partnership's property is subject to competition from other residential apartment complexes in the area. The Managing General Partner believes that the property is adequately

Table of Contents

insured. The property is an apartment complex which leases units for terms of one year or less. No tenant leases 10% or more of the available rental space. The property is in good physical condition, subject to normal depreciation and deterioration as is typical for assets of this type and age.

Schedule of Real Estate Taxes and Rate

Real estate taxes and rate in 2010 for the property were as follows:

	2010 Billing(1) (In thousands)	2010 Rate
Village of Pennbrook Apartments	\$ 760	17.59%

(1) The Partnership has a different fiscal year than the property's real estate tax year.

Capital Improvements

During the year ended December 31, 2010, the Partnership completed approximately \$617,000 of capital improvements at Village of Pennbrook Apartments, consisting primarily of construction related to the casualties discussed in Item 7. Management's Discussion and Analysis of Financial Condition and Results of Operations, building improvements and appliance, water heater, air conditioning unit and floor covering replacements. These improvements were funded from operating cash flow and insurance proceeds. The Partnership regularly evaluates the capital improvement needs of the property. While the Partnership has no material commitments for property improvements and replacements, certain routine capital expenditures are anticipated during 2011. Such capital expenditures will depend on the physical condition of the property as well as anticipated cash flow generated by the property.

Capital expenditures will be incurred only if cash is available from operations, Partnership reserves or advances from AIMCO Properties, L.P., although AIMCO Properties, L.P. does not have an obligation to fund such advances. To the extent that capital improvements are completed, the Partnership's distributable cash flow, if any, may be adversely affected at least in the short term.

Item 3. Legal Proceedings

As previously disclosed, AIMCO Properties, L.P. and NHP Management Company, both affiliates of the Managing General Partner, were defendants in a lawsuit, filed as a collective action in August 2003 in the United States District Court for the District of Columbia, alleging that they willfully violated the Fair Labor Standards Act (FLSA) by failing to pay maintenance workers overtime for time worked in excess of 40 hours per week (overtime claims). The plaintiffs also contended that AIMCO Properties, L.P. and NHP Management Company (the Defendants) failed to compensate maintenance workers for time that they were required to be on-call (on-call claims). In March 2007, the court in the District of Columbia decertified the collective action. In July 2007, plaintiffs' counsel filed individual cases in Federal court in 22 jurisdictions. In the second quarter of 2008, AIMCO Properties, L.P. settled the overtime cases involving 652 plaintiffs and established a framework for resolving the 88 remaining on-call claims and the attorneys' fees claimed by plaintiffs' counsel. As a result, the lawsuits asserted in the 22 Federal courts were dismissed. During the fourth quarter of 2008, the settlement amounts for alleged unpaid overtime to employees were paid by those partnerships where the respective employees had worked. The Partnership was not required to pay any

settlement amounts. During January 2011, the parties reached an agreement to settle the remaining on-call claims and the plaintiffs attorneys fees. The Partnership will not be required to pay any settlement amounts or plaintiffs attorneys fees as a result of this agreement. These settlements resolve the case in its entirety.

F-4

Table of Contents**PART II****Item 5. *Market for the Registrant's Common Equity, Related Security Holder Matters and Issuer Purchases of Equity Securities***

The Partnership, a publicly-held limited partnership, offered 70,000 and sold 60,005 limited partnership units (the Units) aggregating \$30,002,500. As of December 31, 2010, the Partnership had 60,005 Units outstanding held by 869 limited partners of record. Affiliates of the Managing General Partner owned 47,850 Units or 79.74% at December 31, 2010. No public trading market has developed for the Units, and it is not anticipated that such a market will develop in the future.

The Partnership distributed the following amounts during the years ended December 31, 2010 and 2009 (in thousands, except per unit data):

	Year Ended December 31, 2010	Per Limited Partnership Unit	Year Ended December 31, 2009	Per Limited Partnership Unit
Operations	\$	\$	\$ 575	\$ 9.48

Future cash distributions will depend on the levels of net cash generated from operations, the timing of the debt maturities, property sale and/or refinancings. The Partnership's cash available for distribution is reviewed on a monthly basis. There can be no assurance, however, that the Partnership will generate sufficient funds from operations after required capital improvement expenditures and repayment of amounts due to affiliates to permit distributions to its partners in 2011 or subsequent periods. See Item 2. Property Capital Improvements for information relating to anticipated capital expenditures at the property.

In addition to its indirect ownership of the general partner interest in the Partnership, AIMCO and its affiliates owned 47,850 Units in the Partnership representing 79.74% of the outstanding Units at December 31, 2010. A number of these Units were acquired pursuant to tender offers made by AIMCO or its affiliates. It is possible that AIMCO or its affiliates will acquire additional Units in exchange for cash or a combination of cash and units in AIMCO Properties, L.P., the operating partnership of AIMCO, either through private purchases or tender offers. Pursuant to the Partnership Agreement, unitholders holding a majority of the Units are entitled to take action with respect to a variety of matters that include, but are not limited to, voting on certain amendments to the Partnership Agreement and voting to remove the Managing General Partner. As a result of its ownership of 79.74% of the outstanding Units, AIMCO is in a position to influence all such voting decisions with respect to the Partnership. With respect to 26,466 Units, AIMCO IPLP, L.P., an affiliate of AIMCO, is required to vote such Units: (i) against any increase in compensation payable to the Managing General Partner or to affiliates; and (ii) on all other matters submitted by it or its affiliates, in proportion to the votes cast by non-tendering unitholders. Except for the foregoing, no other limitations are imposed on AIMCO's or AIMCO IPLP, L.P.'s ability to influence voting decisions with respect to the Partnership. Although the Managing General Partner owes fiduciary duties to the limited partners of the Partnership, the Managing General Partner also owes fiduciary duties to AIMCO as its sole stockholder. As a result, the duties of the Managing General Partner, as managing general partner, to the Partnership and its limited partners may come into conflict with the duties of the Managing General Partner to AIMCO as its sole stockholder.

Item 7. *Management's Discussion and Analysis of Financial Condition and Results of Operations*

This item should be read in conjunction with the financial statements and other items contained elsewhere in this report.

The Partnership's financial results depend upon a number of factors including the ability to attract and maintain tenants at the investment property, interest rates on mortgage loans, costs incurred to operate the investment property, general economic conditions and weather. As part of the ongoing business plan of the Partnership, the Managing General Partner monitors the rental market environment of its investment property to assess the feasibility of increasing rents, maintaining or increasing occupancy levels and protecting the Partnership from increases in expenses. As part of this plan, the Managing General Partner attempts to protect the Partnership from the burden of inflation-related increases in expenses by increasing rents and maintaining a high overall

F-5

Table of Contents

occupancy level. However, the Managing General Partner may use rental concessions and rental rate reductions to offset softening market conditions; accordingly, there is no guarantee that the Managing General Partner will be able to sustain such a plan. Further, a number of factors that are outside the control of the Partnership such as the local economic climate and weather can adversely or positively affect the Partnership's financial results.

Results of Operations

The Partnership's net loss for the years ended December 31, 2010 and 2009 was approximately \$241,000 and \$284,000, respectively. The decrease in net loss is due to increases in total revenues and casualty gain, partially offset by an increase in total expenses.

Total revenues increased due to an increase in rental income, partially offset by a decrease in other income. The increase in rental income is due to an increase in occupancy and a decrease in bad debt expense, partially offset by a decrease in the average rental rates at the Partnership's investment property. Other income decreased due to decreases in tenant utility reimbursements, lease cancellation fees, late fees, application fees and ancillary services income at the Partnership's investment property.

In February 2010, the Partnership's property experienced damages from a snow storm of approximately \$11,000. During the year ended December 31, 2010, the Partnership received insurance proceeds of approximately \$9,000. The Partnership recognized a casualty gain of approximately \$9,000 during the year ended December 31, 2010 as the associated assets were fully depreciated.

In April 2010, the Partnership's property experienced damages from a fire. The estimated damages were approximately \$44,000. During the year ended December 31, 2010, the Partnership received insurance proceeds of approximately \$37,000 to cover the damages. After writing off the fully depreciated cost of the damaged assets, the Partnership recognized a casualty gain of approximately \$37,000 during the year ended December 31, 2010.

In February 2009, Village of Pennbrook Apartments incurred damages as a result of heavy rain. The property suffered damages of approximately \$15,000. Insurance proceeds of approximately \$15,000 were received during the year ended December 31, 2009 to cover the damages. After writing off the fully depreciated cost of the damaged assets, the Partnership recognized a casualty gain of approximately \$15,000 for the year ended December 31, 2009.

Total expenses increased due to increases in operating, depreciation and property tax expenses, partially offset by decreases in interest and general and administrative expenses. Operating expenses increased due to increases in utilities and snow removal costs due to excessive snowfall in the area, partially offset by decreases in interior painting, painting supplies, salaries and benefits and resident eviction costs. Depreciation expense increased due to property improvements and replacements placed into service during the past twelve months which are now being depreciated. Property tax expense increased due to an increase in the tax rate at the Partnership's investment property. Interest expense decreased due to scheduled payments on the mortgages encumbering the Partnership's investment property and the payment of interest incurred in connection with the escheatment of unclaimed distributions during 2009, partially offset by an increase in interest on advances from AIMCO Properties, L.P.

General and administrative expenses decreased primarily due to a decrease in the partnership management fees paid during 2009 to affiliates of the Managing General Partner from distributions from operations. Also included in general and administrative expenses for the years ended December 31, 2010 and 2009 are reimbursements to the Managing General Partner as allowed under the Partnership Agreement, costs associated with the quarterly and annual communications with investors and regulatory agencies and the annual audit required by the Partnership Agreement.

Liquidity and Capital Resources

At December 31, 2010, the Partnership had cash and cash equivalents of approximately \$187,000, compared to approximately \$140,000 at December 31, 2009. Cash and cash equivalents increased approximately \$47,000 due to approximately \$1,263,000 of cash provided by operating activities, partially offset by approximately \$652,000 and \$564,000 of cash used in investing and financing activities, respectively. Cash used in investing activities consisted of property improvements and replacements, partially offset by insurance proceeds received. Cash used in financing

F-6

Table of Contents

activities consisted of principal payments made on the mortgage notes payable and repayment of advances from AIMCO Properties, L.P., partially offset by advances from AIMCO Properties, L.P.

Pursuant to the Partnership Agreement, AIMCO Properties, L.P., an affiliate of the Managing General Partner, advanced the Partnership approximately \$655,000 and \$566,000 during the years ended December 31, 2010 and 2009, respectively, to fund operations at the Partnership's investment property. AIMCO Properties, L.P. charges interest on advances under the terms permitted by the Partnership Agreement. The advances bear interest at the prime rate plus 2% (5.25% at December 31, 2010) per annum. Interest expense was approximately \$31,000 and \$10,000 for the years ended December 31, 2010 and 2009, respectively. During the years ended December 31, 2010 and 2009, the Partnership repaid approximately \$641,000 and \$71,000, respectively, of advances and accrued interest. At December 31, 2010 and 2009, the total advances and accrued interest due to AIMCO Properties, L.P. was approximately \$550,000 and \$505,000, respectively, and are included in due to affiliates. The Partnership may receive additional advances of funds from AIMCO Properties, L.P. although AIMCO Properties, L.P. is not obligated to provide such advances. For more information on AIMCO Properties, L.P., including copies of its audited balance sheets, please see its reports filed with the Securities and Exchange Commission. Subsequent to December 31, 2010, the Partnership paid \$250,000 of principal and accrued interest.

The sufficiency of existing liquid assets to meet future liquidity and capital expenditure requirements is directly related to the level of capital expenditures required at the property to adequately maintain the physical assets and other operating needs of the Partnership and to comply with Federal, state, and local legal and regulatory requirements. The Managing General Partner monitors developments in the area of legal and regulatory compliance. The Partnership regularly evaluates the capital improvement needs of the property. While the Partnership has no material commitments for property improvements and replacements, certain routine capital expenditures are anticipated during 2011. Such capital expenditures will depend on the physical condition of the property as well as anticipated cash flow generated by the property. Capital expenditures will be incurred only if cash is available from operations, Partnership reserves or advances from AIMCO Properties, L.P., although AIMCO Properties, L.P. does not have an obligation to fund such advances. To the extent that capital improvements are completed, the Partnership's distributable cash flow, if any, may be adversely affected at least in the short term.

The Partnership's assets are thought to be generally sufficient for any near-term needs (exclusive of capital improvements and repayment of amounts due to affiliates) of the Partnership. The mortgage indebtedness encumbering Village of Pennbrook Apartments of approximately \$47,804,000 requires monthly payments of principal and interest until September 1, 2021 with balloon payments of approximately \$37,859,000 due at maturity. The Managing General Partner will attempt to refinance such indebtedness and/or sell the property prior to such maturity dates. If the property cannot be refinanced or sold for a sufficient amount, the Partnership will risk losing such property through foreclosure.

The Partnership distributed the following amounts during the years ended December 31, 2010 and 2009 (in thousands, except per unit data):

	Year Ended December 31, 2010	Per Limited Partnership Unit	Year Ended December 31, 2009	Per Limited Partnership Unit
Operations	\$	\$	\$ 575	\$ 9.48

Future cash distributions will depend on the levels of cash generated from operations, the timing of the debt maturities, property sale and/or refinancings. The Partnership's cash available for distribution is reviewed on a monthly basis. There can be no assurance, however, that the Partnership will generate sufficient funds from operations after required capital improvement expenditures and repayment of amounts due to affiliates to permit distributions to its partners in 2011 or subsequent periods.

Critical Accounting Policies and Estimates

A summary of the Partnership's significant accounting policies is included in Note A Organization and Summary of Significant Accounting Policies which is included in the financial statements in Item 8. Financial Statements and Supplementary Data. The Managing General Partner believes that the consistent application of these policies enables the Partnership to provide readers of the financial statements with useful and reliable

F-7

Table of Contents

information about the Partnership's operating results and financial condition. The preparation of financial statements in conformity with accounting principles generally accepted in the United States requires the Partnership to make estimates and assumptions. These estimates and assumptions affect the reported amounts of assets and liabilities at the date of the financial statements as well as reported amounts of revenues and expenses during the reporting period. Actual results could differ from these estimates. Judgments and assessments of uncertainties are required in applying the Partnership's accounting policies in many areas. The Partnership believes that of its significant accounting policies, the following may involve a higher degree of judgment and complexity.

Impairment of Long-Lived Asset

Investment property is recorded at cost, less accumulated depreciation, unless the carrying amount of the asset is not recoverable. If events or circumstances indicate that the carrying amount of the property may not be recoverable, the Partnership will make an assessment of its recoverability by comparing the carrying amount to the Partnership's estimate of the undiscounted future cash flows, excluding interest charges, of the property. If the carrying amount exceeds the estimated aggregate undiscounted future cash flows, the Partnership would recognize an impairment loss to the extent the carrying amount exceeds the estimated fair value of the property.

Real property investment is subject to varying degrees of risk. Several factors may adversely affect the economic performance and value of the Partnership's investment property. These factors include, but are not limited to, general economic climate; competition from other apartment communities and other housing options; local conditions, such as loss of jobs or an increase in the supply of apartments that might adversely affect apartment occupancy or rental rates; changes in governmental regulations and the related cost of compliance; increases in operating costs (including real estate taxes) due to inflation and other factors, which may not be offset by increased rents; changes in tax laws and housing laws, including the enactment of rent control laws or other laws regulating multi-family housing; and changes in interest rates and the availability of financing. Any adverse changes in these and other factors could cause an impairment of the Partnership's asset.

Revenue Recognition

The Partnership generally leases apartment units for twelve-month terms or less. The Partnership will offer rental concessions during particularly slow months or in response to heavy competition from other similar complexes in the area. Rental income attributable to leases, net of any concessions, is recognized on a straight-line basis over the term of the lease. The Partnership evaluates all accounts receivable from residents and establishes an allowance, after the application of security deposits, for accounts greater than 30 days past due on current tenants and all receivables due from former tenants.

Report of Independent Registered Public Accounting Firm

The Partners

National Property Investors 4

We have audited the accompanying balance sheets of National Property Investors 4 as of December 31, 2010 and 2009, and the related statements of operations, changes in partners' deficit, and cash flows for each of the two years in the period ended December 31, 2010. These financial statements are the responsibility of the Partnership's management. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audits in accordance with the standards of the Public Company Accounting Oversight Board (United States). Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. We were not engaged to perform an audit of the Partnership's internal control over financial reporting. Our audits included consideration of internal control over financial reporting as a basis for designing audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Partnership's internal control over financial reporting. Accordingly, we express no such opinion. An audit also includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements, assessing the accounting principles used and significant estimates made by management, and evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of National Property Investors 4 at December 31, 2010 and 2009, and the results of its operations and its cash flows for each of the two years in the period ended December 31, 2010, in conformity with U.S. generally accepted accounting principles.

Table of Contents

NATIONAL PROPERTY INVESTORS 4

NOTES TO FINANCIAL STATEMENTS

December 31, 2010

Note A Organization and Summary of Significant Accounting Policies

Organization National Property Investors 4, a California Limited Partnership (the Partnership or Registrant), was formed on July 1, 1980 to acquire, hold for investment, and ultimately sell income producing real estate property. Capital contributions of \$30,002,500 (\$500 per unit) were made by the limited partners. In addition, the general partner contributed \$1,000. The Partnership owns one apartment complex located in Falls Township, Pennsylvania. The managing general partner is NPI Equity Investments, Inc. (NPI Equity or the Managing General Partner). The Managing General Partner is a wholly-owned subsidiary of Apartment Investment and Management Company (AIMCO), a publicly traded real estate investment trust. The Partnership Agreement provides that the Partnership is to terminate on December 31, 2022, unless terminated prior to such date.

Subsequent Events The Partnership s management evaluated subsequent events through the time this Annual Report on Form 10-K was filed.

Use of Estimates The preparation of financial statements in conformity with accounting principles generally accepted in the United States requires management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Actual results could differ from those estimates.

Investment Property Investment property consists of one apartment complex and is stated at cost, less accumulated depreciation, unless the carrying amount of the asset is not recoverable. The Partnership capitalizes costs incurred in connection with capital additions activities, including redevelopment and construction projects, other tangible property improvements and replacements of existing property components. Included in these capitalized costs are payroll costs associated with time spent by site employees in connection with the planning, execution and control of all capital additions activities at the property level. The Partnership capitalizes interest, property taxes and insurance during periods in which redevelopment and construction projects are in progress. The Partnership did not capitalize any costs related to interest, property taxes or insurance during the years ended December 31, 2010 and 2009. Capitalized costs are depreciated over the estimated useful life of the asset. The Partnership charges to expense as incurred costs that do not relate to capital additions activities, including ordinary repairs, maintenance and resident turnover costs.

If events or circumstances indicate that the carrying amount of the property may not be recoverable, the Partnership will make an assessment of its recoverability by comparing the carrying amount to the Partnership s estimate of the undiscounted future cash flows, excluding interest charges, of the property. If the carrying amount exceeds the estimated aggregate undiscounted future cash flows, the Partnership would recognize an impairment loss to the extent the carrying amount exceeds the estimated fair value of the property. No adjustments for impairment of value were necessary for the years ended December 31, 2010 and 2009.

Depreciation Depreciation is provided by the straight-line method over the estimated lives of the apartment property and related personal property. For Federal income tax purposes, the modified accelerated cost recovery method is used for depreciation of (1) real property additions over 27.5 years and (2) personal property additions over 5 years.

Cash and Cash Equivalents Cash and cash equivalents include cash on hand and in banks. At certain times, the amount of cash deposited at a bank may exceed the limit on insured deposits. Cash balances include approximately \$65,000 and zero at December 31, 2010 and 2009, respectively, that are maintained by an affiliated management

company on behalf of affiliated entities in cash concentration accounts.

Deferred Costs Loan costs of approximately \$1,149,000, less accumulated amortization of approximately \$468,000 and \$405,000, are included in other assets at December 31, 2010 and 2009, respectively. The loan costs are amortized over the terms of the related loan agreements. Amortization expense for both years ended December 31, 2010 and 2009 was approximately \$63,000 and is included in interest expense. Amortization expense is expected to be approximately \$63,000 for each of the years 2011 through 2015.

F-15

Table of Contents

NATIONAL PROPERTY INVESTORS 4

NOTES TO FINANCIAL STATEMENTS (Continued)

Leasing commissions and other direct costs incurred in connection with successful leasing efforts are deferred and amortized over the terms of the related leases. Amortization of these costs is included in operating expenses.

Tenant Security Deposits The Partnership requires security deposits from lessees for the duration of the lease. Deposits are refunded when the tenant vacates, provided the tenant has not damaged the space and is current on rental payments.

Fair Value of Financial Instruments Financial Accounting Standards Board Accounting Standards Codification (ASC) Topic 825, Financial Instruments , requires disclosure of fair value information about financial instruments, whether or not recognized in the balance sheet, for which it is practicable to estimate fair value. Fair value is defined as the amount at which the instruments could be exchanged in a current transaction between willing parties, other than in a forced or liquidation sale. The Partnership believes that the carrying amount of its financial instruments (except for mortgage notes payable) approximates their fair value due to the short-term maturity of these instruments. The Partnership estimates the fair value of its mortgage notes payable by discounting future cash flows using a discount rate commensurate with that currently believed to be available to the Partnership for similar term, mortgage notes payable. At December 31, 2010, the fair value of the Partnership's mortgage notes payable at the Partnership's incremental borrowing rate was approximately \$53,237,000.

Leases The Partnership generally leases apartment units for twelve-month terms or less. The Partnership will offer rental concessions during particularly slow months or in response to heavy competition from other similar complexes in the area. Rental income attributable to leases, net of any concessions, is recognized on a straight-line basis over the term of the lease. The Partnership evaluates all accounts receivable from residents and establishes an allowance, after the application of security deposits, for accounts greater than 30 days past due on current tenants and all receivables due from former tenants.

Allocation of Profits, Gains, and Losses Profits, gains, and losses of the Partnership are allocated between the general partner and the limited partners in accordance with the provisions of the Partnership Agreement.

Advertising Costs The Partnership expenses the cost of advertising as incurred. Advertising costs of approximately \$76,000 and \$41,000 during the years ended December 31, 2010 and 2009, respectively, were charged to expense as incurred and are included in operating expenses.

Segment Reporting ASC Topic 280-10, Segment Reporting , established standards for the way public business enterprises report information about operating segments in annual financial statements and requires that those enterprises report selected information about operating segments in interim financial reports. ASC Topic 280-10 also established standards for related disclosures about products and services, geographic areas, and major customers. As defined in ASC Topic 280-10, the Partnership has only one reportable segment.

Note B Transactions with Affiliated Parties

The Partnership has no employees and depends on the Managing General Partner and its affiliates for the management and administration of all Partnership activities. The Partnership Agreement provides for payments to affiliates for services and for reimbursement of certain expenses incurred by affiliates on behalf of the Partnership.

Affiliates of the Managing General Partner receive 5% of gross receipts from the Partnership's property as compensation for providing property management services. The Partnership paid to such affiliates approximately \$445,000 for both of the years ended December 31, 2010 and 2009, which are included in operating expenses.

Affiliates of the Managing General Partner charged the Partnership for reimbursement of accountable administrative expenses amounting to approximately \$126,000 and \$183,000 for the years ended December 31, 2010 and 2009, respectively, which are included in general and administrative expenses and investment property. The portion of these reimbursements included in investment property for the years ended December 31, 2010 and 2009 are amounts related to construction management services provided by an affiliate of the Managing General Partner of approximately \$43,000 and \$102,000, respectively. At December 31, 2010 and 2009, approximately

Table of Contents

NATIONAL PROPERTY INVESTORS 4

NOTES TO FINANCIAL STATEMENTS (Continued)

\$35,000 and \$44,000 was owed for accountable administrative expenses, respectively, and is included in due to affiliates.

For services relating to the administration of the Partnership and operation of the Partnership's property, the Managing General Partner is entitled to receive payment for non-accountable expenses up to a maximum of \$100,000 per year based upon the number of Partnership units sold, subject to certain limitations. The Managing General Partner received approximately \$19,000 for the year ended December 31, 2009 which is included in general and administrative expenses. No such reimbursements were made during the year ended December 31, 2010.

In addition to the amounts discussed above, as compensation for services rendered in managing the Partnership, the Managing General Partner is entitled to receive a Partnership Management Fee in conjunction with distributions of cash from operations, subject to certain limitations. During the year ended December 31, 2009, approximately \$31,000 was paid in conjunction with the distributions from operations and is included in general and administrative expenses. There were no such fees paid during the year ended December 31, 2010, as there were no distributions from operations.

Pursuant to the Partnership Agreement, AIMCO Properties, L.P., an affiliate of the Managing General Partner, advanced the Partnership approximately \$655,000 and \$566,000 during the years ended December 31, 2010 and 2009, respectively, to fund operations at the Partnership's investment property. AIMCO Properties, L.P. charges interest on advances under the terms permitted by the Partnership Agreement. The advances bear interest at the prime rate plus 2% (5.25% at December 31, 2010) per annum. Interest expense was approximately \$31,000 and \$10,000 for the years ended December 31, 2010 and 2009, respectively. During the years ended December 31, 2010 and 2009, the Partnership repaid approximately \$641,000 and \$71,000, respectively, of advances and accrued interest. At December 31, 2010 and 2009, the total advances and accrued interest due to AIMCO Properties, L.P. was approximately \$550,000 and \$505,000, respectively, and are included in due to affiliates. The Partnership may receive additional advances of funds from AIMCO Properties, L.P. although AIMCO Properties, L.P. is not obligated to provide such advances. Subsequent to December 31, 2010, the Partnership paid \$250,000 of principal and accrued interest.

The Partnership insures its property up to certain limits through coverage provided by AIMCO which is generally self-insured for a portion of losses and liabilities related to workers compensation, property casualty, general liability and vehicle liability. The Partnership insures its property above the AIMCO limits through insurance policies obtained by AIMCO from insurers unaffiliated with the Managing General Partner. During the years ended December 31, 2010 and 2009, the Partnership was charged by AIMCO and its affiliates approximately \$149,000 and \$111,000, respectively, for insurance coverage and fees associated with policy claims administration.

In addition to its indirect ownership of the general partner interest in the Partnership, AIMCO and its affiliates owned 47,850 Units in the Partnership representing 79.74% of the outstanding Units at December 31, 2010. A number of these Units were acquired pursuant to tender offers made by AIMCO or its affiliates. It is possible that AIMCO or its affiliates will acquire additional Units in exchange for cash or a combination of cash and units in AIMCO Properties, L.P., the operating partnership of AIMCO, either through private purchases or tender offers. Pursuant to the Partnership Agreement, unitholders holding a majority of the Units are entitled to take action with respect to a variety of matters that include, but are not limited to, voting on certain amendments to the Partnership Agreement and voting to remove the Managing General Partner. As a result of its ownership of 79.74% of the outstanding Units, AIMCO is in a position to influence all such voting decisions with respect to the Partnership. With respect to 26,466 Units,

AIMCO IPLP, L.P., an affiliate of AIMCO, is required to vote such Units: (i) against any increase in compensation payable to the Managing General Partner or to affiliates; and (ii) on all other matters submitted by it or its affiliates, in proportion to the votes cast by non-tendering unitholders. Except for the foregoing, no other limitations are imposed on AIMCO's or AIMCO IPLP, L.P.'s ability to influence voting decisions with respect to the Partnership. Although the Managing General Partner owes fiduciary duties to the limited partners of the Partnership, the Managing General Partner also owes fiduciary duties to AIMCO as its sole stockholder. As a result, the duties of the Managing General Partner, as managing general partner, to the Partnership

Table of Contents**NATIONAL PROPERTY INVESTORS 4****NOTES TO FINANCIAL STATEMENTS (Continued)**

and its limited partners may come into conflict with the duties of the Managing General Partner to AIMCO as its sole stockholder.

Note C Mortgage Notes Payable

The terms of the mortgage notes payable are as follows:

Property	Principal Balance At		Stated Interest Rate	Monthly Payment Including Interest (In thousands)	Period Amortized	Maturity Date	Principal Balance Due At Maturity (In thousands)
	December 31, 2010	2009					
Village of Pennbrook Apartments							
1 st mortgage	\$ 25,061	\$ 25,399	7.06%	\$ 177	30 yrs	09/01/21	\$ 19,515
2 nd mortgage	13,030	13,187	6.32%(1)	82	30 yrs	09/01/21	10,561
3 rd mortgage	9,713	9,833	6.62%	64	30 yrs	09/01/21	7,783
	\$ 47,804	\$ 48,419		\$ 323			\$ 37,859

(1) Monthly payment of interest only until August 1, 2009, when monthly payments of principal and interest of approximately \$82,000 began.

The mortgage notes payable are fixed rate mortgages that are non-recourse and are secured by pledge of the Partnership's rental property and by pledge of revenues from the rental property. The mortgage notes payable include prepayment penalties if repaid prior to maturity. Further, the property may not be sold subject to existing indebtedness.

Scheduled principal payments subsequent to December 31, 2010 are as follows (in thousands):

2011	\$ 658
2012	704
2013	753
2014	806
2015	862
Thereafter	44,021
	\$ 47,804

Balance at end of year	\$ 33,705	\$ 32,070

The aggregate cost of the real estate for Federal income tax purposes at December 31, 2010 and 2009 is approximately \$19,805,000 and \$18,898,000, respectively. The accumulated depreciation taken for Federal income tax purposes at December 31, 2010 and 2009 is approximately \$10,495,000 and \$9,345,000, respectively.

Note E Income Taxes

The Partnership is classified as a partnership for Federal income tax purposes. Accordingly, no provision for income taxes is made in the financial statements of the Partnership. Taxable income or loss of the Partnership is reported in the income tax returns of its partners.

Net liabilities Federal tax basis	\$ (35,087)	\$ (35,233)

Note F Casualty Events

In February 2010, the Partnership's property experienced damages from a snow storm of approximately \$11,000. During the year ended December 31, 2010, the Partnership received insurance proceeds of approximately \$9,000. The Partnership recognized a casualty gain of approximately \$9,000 during the year ended December 31, 2010 as the associated assets were fully depreciated.

In April 2010, the Partnership's property experienced damages from a fire. The estimated damages were approximately \$44,000. During the year ended December 31, 2010, the Partnership received insurance proceeds of approximately \$37,000 to cover the damages. After writing off the fully depreciated cost of the damaged assets, the Partnership recognized a casualty gain of approximately \$37,000 during the year ended December 31, 2010.

In February 2009, Village of Pennbrook Apartments incurred damages as a result of heavy rain. The property suffered damages of approximately \$15,000. Insurance proceeds of approximately \$15,000 were received during the year ended December 31, 2009 to cover the damages. After writing off the fully depreciated cost of the damaged assets, the Partnership recognized a casualty gain of approximately \$15,000 for the year ended December 31, 2009.

Note G **Contingencies**

As previously disclosed, AIMCO Properties, L.P. and NHP Management Company, both affiliates of the Managing General Partner, were defendants in a lawsuit, filed as a collective action in August 2003 in the United States District Court for the District of Columbia, alleging that they willfully violated the Fair Labor Standards Act (FLSA) by failing to pay maintenance workers overtime for time worked in excess of 40 hours per week (overtime claims). The plaintiffs also contended that AIMCO Properties, L.P. and NHP Management Company (the Defendants) failed to compensate maintenance workers for time that they were required to be on-call (on-

Table of Contents

NATIONAL PROPERTY INVESTORS 4

NOTES TO FINANCIAL STATEMENTS (Continued)

call claims). In March 2007, the court in the District of Columbia decertified the collective action. In July 2007, plaintiffs counsel filed individual cases in Federal court in 22 jurisdictions. In the second quarter of 2008, AIMCO Properties, L.P. settled the overtime cases involving 652 plaintiffs and established a framework for resolving the 88 remaining on-call claims and the attorneys fees claimed by plaintiffs counsel. As a result, the lawsuits asserted in the 22 Federal courts were dismissed. During the fourth quarter of 2008, the settlement amounts for alleged unpaid overtime to employees were paid by those partnerships where the respective employees had worked. The Partnership was not required to pay any settlement amounts. During January 2011, the parties reached an agreement to settle the remaining on-call claims and the plaintiffs attorneys fees. The Partnership will not be required to pay any settlement amounts or plaintiffs attorneys fees as a result of this agreement. These settlements resolve the case in its entirety.

The Partnership is unaware of any other pending or outstanding litigation matters involving it or its investment property that are not of a routine nature arising in the ordinary course of business.

Environmental

Various Federal, state and local laws subject property owners or operators to liability for management, and the costs of removal or remediation, of certain potentially hazardous materials present on a property, including lead-based paint, asbestos, polychlorinated biphenyls, petroleum-based fuels, and other miscellaneous materials. Such laws often impose liability without regard to whether the owner or operator knew of, or was responsible for, the release or presence of such materials. The presence of, or the failure to manage or remedy properly, these materials may adversely affect occupancy at affected apartment communities and the ability to sell or finance affected properties. In addition to the costs associated with investigation and remediation actions brought by government agencies, and potential fines or penalties imposed by such agencies in connection therewith, improper management of these materials on a property could result in claims by private plaintiffs for personal injury, disease, disability or other infirmities. Various laws also impose liability for the cost of removal, remediation or disposal of these materials through a licensed disposal or treatment facility. Anyone who arranges for the disposal or treatment of these materials is potentially liable under such laws. These laws often impose liability whether or not the person arranging for the disposal ever owned or operated the disposal facility. In connection with the ownership, operation and management of its property, the Partnership could potentially be responsible for environmental liabilities or costs associated with its property.

Table of Contents

Item 9. *Changes in and Disagreements with Accountants on Accounting and Financial Disclosure*

None.

Item 9A. *Controls and Procedures*

(a) *Disclosure Controls and Procedures*

The Partnership's management, with the participation of the principal executive officer and principal financial officer of the Managing General Partner, who are the equivalent of the Partnership's principal executive officer and principal financial officer, respectively, has evaluated the effectiveness of the Partnership's disclosure controls and procedures (as defined in Rules 13a-15(e) and 15d-15(e) under the Securities Exchange Act of 1934, as amended (the Exchange Act)) as of the end of the period covered by this report. Based on such evaluation, the principal executive officer and principal financial officer of the Managing General Partner, who are the equivalent of the Partnership's principal executive officer and principal financial officer, respectively, have concluded that, as of the end of such period, the Partnership's disclosure controls and procedures are effective.

Management's Report on Internal Control Over Financial Reporting

The Partnership's management is responsible for establishing and maintaining adequate internal control over financial reporting. Internal control over financial reporting is defined in Rule 13a-15(f) and 15d-15(f) under the Exchange Act as a process designed by, or under the supervision of, the principal executive and principal financial officers of the Managing General Partner, who are the equivalent of the Partnership's principal executive officer and principal financial officer, respectively, and effected by the Partnership's management and other personnel to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles and includes those policies and procedures that:

pertain to the maintenance of records that in reasonable detail accurately and fairly reflect the transactions and dispositions of assets;

provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures are being made only in accordance with authorizations of the Partnership's management; and

provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use or disposition of assets that could have a material effect on the financial statements.

Because of its inherent limitations, internal control over financial reporting may not prevent or detect misstatements. Projections of any evaluation of effectiveness to future periods are subject to the risks that controls may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

The Partnership's management assessed the effectiveness of the Partnership's internal control over financial reporting as of December 31, 2010. In making this assessment, the Partnership's management used the criteria set forth by the Committee of Sponsoring Organizations of the Treadway Commission (COSO) in *Internal Control-Integrated Framework*.

Based on their assessment, the Partnership's management concluded that, as of December 31, 2010, the Partnership's internal control over financial reporting is effective.

This annual report does not include an attestation report of the Partnership's registered public accounting firm regarding internal control over financial reporting. Management's report was not subject to attestation by the Partnership's registered public accounting firm pursuant to rules of the Securities and Exchange Commission that permit the Partnership to provide only management's report in this annual report.

F-22

Table of Contents**(b) Changes in Internal Control Over Financial Reporting.**

There has been no change in the Partnership's internal control over financial reporting (as defined in Rules 13a-15(f) and 15d-15(f) under the Exchange Act) during the fourth quarter of 2010 that has materially affected, or is reasonably likely to materially affect, the Partnership's internal control over financial reporting.

Item 9B. Other Information

None.

PART III**Item 10. Directors, Executive Officers and Corporate Governance**

The Partnership has no directors or officers. The Managing General Partner is NPI Equity Investments, Inc. The names and ages of, as well as the position and offices held by, the present director and officers of the Managing General Partner are set forth below. There are no family relationships between or among any directors or officers.

Name	Age	Position
Steven D. Cordes	39	Director and Senior Vice President
John Bezzant	48	Director and Executive Vice President
Ernest M. Freedman	40	Executive Vice President and Chief Financial Officer
Lisa R. Cohn	42	Executive Vice President, General Counsel and Secretary
Paul Beldin	37	Senior Vice President and Chief Accounting Officer
Stephen B. Waters	49	Senior Director of Partnership Accounting

Steven D. Cordes was appointed as a Director of the Managing General Partner effective March 2, 2009. Mr. Cordes has been a Senior Vice President of the Managing General Partner and AIMCO since May 2007. Mr. Cordes joined AIMCO in 2001 as a Vice President of Capital Markets with responsibility for AIMCO's joint ventures and equity capital markets activity. Prior to joining AIMCO, Mr. Cordes was a manager in the financial consulting practice of PricewaterhouseCoopers. Effective March 2009, Mr. Cordes was appointed to serve as the equivalent of the chief executive officer of the Partnership. Mr. Cordes brings particular expertise to the Board in the areas of asset management as well as finance and accounting.

John Bezzant was appointed as a Director of the Managing General Partner effective December 16, 2009. Mr. Bezzant was appointed Executive Vice President of the Managing General Partner and AIMCO in January 2011 and prior to that time was a Senior Vice President of the Managing General Partner and AIMCO since joining AIMCO in June 2006. Prior to joining AIMCO, Mr. Bezzant spent over 20 years with Prologis, Inc. and Catellus Development Corporation in a variety of executive positions, including those with responsibility for transactions, fund management, asset management, leasing and operations. Mr. Bezzant brings particular expertise to the Board in the areas of real estate finance, property operations, sales and development.

Ernest M. Freedman was appointed Executive Vice President and Chief Financial Officer of the Managing General Partner and AIMCO in November 2009. Mr. Freedman joined AIMCO in 2007 as Senior Vice President of Financial Planning and Analysis and has served as Senior Vice President of Finance since February 2009, responsible for financial planning, tax, accounting and related areas. Prior to joining AIMCO, from 2004 to 2007, Mr. Freedman served as chief financial officer of HEI Hotels and Resorts.

Lisa R. Cohn was appointed Executive Vice President, General Counsel and Secretary of the Managing General Partner and AIMCO in December 2007. From January 2004 to December 2007, Ms. Cohn served as Senior Vice President and Assistant General Counsel of AIMCO. Ms. Cohn joined AIMCO in July 2002 as Vice President and Assistant General Counsel. Prior to joining AIMCO, Ms. Cohn was in private practice with the law firm of Hogan and Hartson LLP.

F-23

Table of Contents

Paul Beldin joined AIMCO in May 2008 and has served as Senior Vice President and Chief Accounting Officer of AIMCO and the Managing General Partner since that time. Prior to joining AIMCO, Mr. Beldin served as controller and then as chief financial officer of America First Apartment Investors, Inc., a publicly traded multifamily real estate investment trust, from May 2005 to September 2007 when the company was acquired by Sentinel Real Estate Corporation. Prior to joining America First Apartment Investors, Inc., Mr. Beldin was a senior manager at Deloitte and Touche LLP, where he was employed from August 1996 to May 2005, including two years as an audit manager in SEC services at Deloitte's national office.

Stephen B. Waters was appointed Senior Director of Partnership Accounting of AIMCO and the Managing General Partner in June 2009. Mr. Waters has responsibility for partnership accounting with AIMCO and serves as the principal financial officer of the Managing General Partner. Mr. Waters joined AIMCO as a Director of Real Estate Accounting in September 1999 and was appointed Vice President of the Managing General Partner and AIMCO in April 2004. Prior to joining AIMCO, Mr. Waters was a senior manager at Ernst & Young LLP.

The Registrant is not aware of the involvement in any legal proceedings with respect to the directors and executive officers listed in this Item 10.

One or more of the above persons are also directors and/or officers of a general partner (or general partner of a general partner) of limited partnerships which either have a class of securities registered pursuant to Section 12(g) of the Securities Exchange Act of 1934, or are subject to the reporting requirements of Section 15(d) of such Act: Further, one or more of the above persons are also officers of Apartment Investment and Management Company and the general partner of AIMCO Properties, L.P., entities that have a class of securities registered pursuant to Section 12(g) of the Securities Exchange Act of 1934, or are subject to the reporting requirements of Section 15 (d) of such Act.

The board of directors of the Managing General Partner does not have a separate audit committee. As such, the board of directors of the Managing General Partner fulfills the functions of an audit committee. The board of directors has determined that Steven D. Cordes meets the requirement of an audit committee financial expert.

The directors and officers of the Managing General Partner with authority over the Partnership are all employees of subsidiaries of AIMCO. AIMCO has adopted a code of ethics that applies to such directors and officers that is posted on AIMCO's website (www.AIMCO.com). AIMCO's website is not incorporated by reference to this filing.

Item 11. *Executive Compensation*

Neither the directors nor the officers of the Managing General Partner received any remuneration from the Registrant during the years ended December 31, 2010 and 2009.

Item 12. *Security Ownership of Certain Beneficial Owners and Management and Related Security Holder Matters*

Except as noted below, as of December 31, 2010, no person or entity was known to own of record or beneficially more than five percent of the limited partnership units (the Units) of the Partnership.

	Number of Units	Percent of Total
AIMCO IPLP, L.P. (an affiliate of AIMCO)	32,525	54.20%

IPLP Acquisition I, LLC (an affiliate of AIMCO)	4,452	7.42%
AIMCO Properties, L.P. (an affiliate of AIMCO)	10,873	18.12%

AIMCO IPLP, L.P. and IPLP Acquisition I, LLC are indirectly ultimately owned by AIMCO. Their business address is 55 Beattie Place, Greenville, SC 29601.

AIMCO Properties, L.P. is indirectly ultimately controlled by AIMCO. Its business address is 4582 S. Ulster St. Parkway, Suite 1100, Denver, CO 80237.

Table of Contents

No director or officer of the Managing General Partner owns any Units.

Item 13. *Certain Relationships and Related Transactions, and Director Independence*

The Partnership has no employees and depends on the Managing General Partner and its affiliates for the management and administration of all Partnership activities. The Partnership Agreement provides for payments to affiliates for services and for reimbursement of certain expenses incurred by affiliates on behalf of the Partnership.

Affiliates of the Managing General Partner receive 5% of gross receipts from the Partnership's property as compensation for providing property management services. The Partnership paid to such affiliates approximately \$445,000 for both of the years ended December 31, 2010 and 2009, respectively, which are included in operating expenses on the statements of operations included in Item 8. Financial Statements and Supplementary Data .

Affiliates of the Managing General Partner charged the Partnership for reimbursement of accountable administrative expenses amounting to approximately \$126,000 and \$183,000 for the years ended December 31, 2010 and 2009, respectively, which are included in general and administrative expenses and investment property on the financial statements included in Item 8. Financial Statements and Supplementary Data . The portion of these reimbursements included in investment property for the years ended December 31, 2010 and 2009 are amounts related to construction management services provided by an affiliate of the Managing General Partner of approximately \$43,000 and \$102,000, respectively. At December 31, 2010 and 2009, approximately \$35,000 and \$44,000 was owed for accountable administrative expenses, respectively, and are included in due to affiliates on the balance sheets included in Item 8. Financial Statements and Supplementary Data .

For services relating to the administration of the Partnership and operation of the Partnership's property, the Managing General Partner is entitled to receive payment for non-accountable expenses up to a maximum of \$100,000 per year based upon the number of Partnership units sold, subject to certain limitations. The Managing General Partner received approximately \$19,000 for the year ended December 31, 2009 which is included in general and administrative expenses on the statements of operations included in Item 8. Financial Statements and Supplementary Data . No such reimbursements were made during the year ended December 31, 2010.

In addition to the amounts discussed above, as compensation for services rendered in managing the Partnership, the Managing General Partner is entitled to receive a Partnership Management Fee in conjunction with distributions of cash from operations, subject to certain limitations. During the year ended December 31, 2009, approximately \$31,000 was paid in conjunction with the distributions from operations and is included in general and administrative expenses on the statements of operations included in Item 8. Financial Statements and Supplementary Data . There were no such fees paid during the year ended December 31, 2010, as there were no distributions from operations.

Pursuant to the Partnership Agreement, AIMCO Properties, L.P., an affiliate of the Managing General Partner, advanced the Partnership approximately \$655,000 and \$566,000 during the years ended December 31, 2010 and 2009, respectively, to fund operations at the Partnership's investment property. AIMCO Properties, L.P. charges interest on advances under the terms permitted by the Partnership Agreement. The advances bear interest at the prime rate plus 2% (5.25% at December 31, 2010) per annum. Interest expense was approximately \$31,000 and \$10,000 for the years ended December 31, 2010 and 2009, respectively. During the years ended December 31, 2010 and 2009, the Partnership repaid approximately \$641,000 and \$71,000, respectively, of advances and accrued interest. At December 31, 2010 and 2009, the total advances and accrued interest due to AIMCO Properties, L.P. was approximately \$550,000 and \$505,000, respectively, and are included in due to affiliates on the balance sheets included in Item 8. Financial Statements and Supplementary Data . The Partnership may receive additional advances of funds from AIMCO Properties, L.P. although AIMCO Properties, L.P. is not obligated to provide such advances. Subsequent to December 31, 2010, the Partnership paid \$250,000 of principal and accrued interest.

The Partnership insures its property up to certain limits through coverage provided by AIMCO which is generally self-insured for a portion of losses and liabilities related to workers compensation, property casualty, general liability and vehicle liability. The Partnership insures its property above the AIMCO limits through insurance policies obtained by AIMCO from insurers unaffiliated with the Managing General Partner. During the

F-25

Table of Contents

years ended December 31, 2010 and 2009, the Partnership was charged by AIMCO and its affiliates approximately \$149,000 and \$111,000, respectively, for insurance coverage and fees associated with policy claims administration.

In addition to its indirect ownership of the general partner interest in the Partnership, AIMCO and its affiliates owned 47,850 Units in the Partnership representing 79.74% of the outstanding Units at December 31, 2010. A number of these Units were acquired pursuant to tender offers made by AIMCO or its affiliates. It is possible that AIMCO or its affiliates will acquire additional Units in exchange for cash or a combination of cash and units in AIMCO Properties, L.P., the operating partnership of AIMCO, either through private purchases or tender offers. Pursuant to the Partnership Agreement, unitholders holding a majority of the Units are entitled to take action with respect to a variety of matters that include, but are not limited to, voting on certain amendments to the Partnership Agreement and voting to remove the Managing General Partner. As a result of its ownership of 79.74% of the outstanding Units, AIMCO is in a position to influence all such voting decisions with respect to the Partnership. With respect to 26,466 Units, AIMCO IPLP, L.P., an affiliate of AIMCO, is required to vote such Units: (i) against any increase in compensation payable to the Managing General Partner or to affiliates; and (ii) on all other matters submitted by it or its affiliates, in proportion to the votes cast by non-tendering unitholders. Except for the foregoing, no other limitations are imposed on AIMCO's or AIMCO IPLP, L.P.'s ability to influence voting decisions with respect to the Partnership. Although the Managing General Partner owes fiduciary duties to the limited partners of the Partnership, the Managing General Partner also owes fiduciary duties to AIMCO as its sole stockholder. As a result, the duties of the Managing General Partner, as managing general partner, to the Partnership and its limited partners may come into conflict with the duties of the Managing General Partner to AIMCO as its sole stockholder.

Neither of the Managing General Partner's directors is independent under the independence standards established for New York Stock Exchange listed companies as both directors are employed by the parent of the Managing General Partner.

Item 14. *Principal Accounting Fees and Services*

The Managing General Partner has reappointed Ernst & Young LLP as independent auditors to audit the financial statements of the Partnership for 2011. The aggregate fees billed for services rendered by Ernst & Young LLP for 2010 and 2009 are described below.

Audit Fees. Fees for audit services totaled approximately \$41,000 and \$38,000 for 2010 and 2009, respectively. Fees for audit services also include fees for the reviews of the Partnership's Quarterly Reports on Form 10-K.

Tax Fees. Fees for tax services totaled approximately \$6,000 for both 2010 and 2009.

PART IV

Item 15. *Exhibits, Financial Statement Schedules*

(a) The following financial statements of the Partnership are included in Item 8:

Balance Sheets at December 31, 2010 and 2009	F-11
Statements of Operations for the years ended December 31, 2010 and 2009	F-12
Statements of Changes in Partners' Deficit for the years ended December 31, 2010 and 2009	F-13
Statements of Cash Flows for the years ended December 31, 2010 and 2009	F-14
Notes to Financial Statements	F-15

Schedules are omitted for the reason that they are inapplicable or equivalent information has been included elsewhere herein.

b) Exhibits:

See Exhibit index

F-26

Table of Contents

The agreements included as exhibits to this Form 10-K contain representations and warranties by each of the parties to the applicable agreement. These representations and warranties have been made solely for the benefit of the other parties to the applicable agreement and:

should not in all instances be treated as categorical statements of fact, but rather as a way of allocating the risk to one of the parties if those statements prove to be inaccurate;

have been qualified by disclosures that were made to the other party in connection with the negotiation of the applicable agreement, which disclosures are not necessarily reflected in the agreement;

may apply standards of materiality in a way that is different from what may be viewed as material to an investor; and

were made only as of the date of the applicable agreement or such other date or dates as may be specified in the agreement and are subject to more recent developments.

Accordingly, these representations and warranties may not describe the actual state of affairs as of the date they were made or at any other time. The Partnership acknowledges that, notwithstanding the inclusion of the foregoing cautionary statements, it is responsible for considering whether additional specific disclosures of material information regarding material contractual provisions are required to make the statements in this Form 10-K not misleading. Additional information about the Partnership may be found elsewhere in this Form 10-K and the Partnership's other public filings, which are available without charge through the SEC's website at <http://www.sec.gov>.

CERTIFICATION

I, Steven D. Cordes, certify that:

1. I have reviewed this annual report on Form 10-K of National Property Investors 4;
2. Based on my knowledge, this report does not contain any untrue statement of a material fact or omit to state a material fact necessary to make the statements made, in light of the circumstances under which such statements were made, not misleading with respect to the period covered by this report;
3. Based on my knowledge, the financial statements, and other financial information included in this report, fairly present in all material respects the financial condition, results of operations and cash flows of the registrant as of, and for, the periods presented in this report;
4. The registrant's other certifying officer(s) and I are responsible for establishing and maintaining disclosure controls and procedures (as defined in Exchange Act Rules 13a-15(e) and 15d-15(e)) and internal control over financial reporting (as defined in Exchange Act Rules 13a-15(f) and 15d-15(f)), for the registrant and have:
 - (a) Designed such disclosure controls and procedures, or caused such disclosure controls and procedures to be designed under our supervision, to ensure that material information relating to the registrant, including its consolidated subsidiaries, is made known to us by others within those entities, particularly during the period in which this report is being prepared;
 - (b) Designed such internal control over financial reporting, or caused such internal control over financial reporting to be designed under our supervision, to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles;
 - (c) Evaluated the effectiveness of the registrant's disclosure controls and procedures and presented in this report our conclusions about the effectiveness of the disclosure controls and procedures, as of the end of the period covered by this report based on such evaluation; and
 - (d) Disclosed in this report any change in the registrant's internal control over financial reporting that occurred during the registrant's most recent fiscal quarter (the registrant's fourth fiscal quarter in the case of an annual report) that has materially affected or is reasonably likely to materially affect, the registrant's internal control over financial reporting; and
5. The registrant's other certifying officer(s) and I have disclosed, based on our most recent evaluation of internal control over financial reporting, to the registrant's auditors and the audit committee of the registrant's board of directors (or persons performing the equivalent functions):
 - (a) All significant deficiencies and material weaknesses in the design or operation of internal control over financial reporting which are reasonably likely to adversely affect the registrant's ability to record, process, summarize and report financial information; and
 - (b) Any fraud, whether or not material, that involves management or other employees who have a significant role in the registrant's internal control over financial reporting.

Exhibit 32.1

**Certification of CEO and CFO
Pursuant to 18 U.S.C. Section 1350,
As Adopted Pursuant to
Section 906 of the Sarbanes-Oxley Act of 2002**

In connection with the Annual Report on Form 10-K of National Property Investors 4 (the Partnership), for the fiscal year ended December 31, 2010 as filed with the Securities and Exchange Commission on the date hereof (the Report), Steven D. Cordes, as the equivalent of the Chief Executive Officer of the Partnership, and Stephen B. Waters, as the equivalent of the Chief Financial Officer of the Partnership, each hereby certifies, pursuant to 18 U.S.C. Section 1350, as adopted pursuant to Section 906 of the Sarbanes-Oxley Act of 2002, that, to the best of his knowledge:

(1) The Report fully complies with the requirements of Section 13(a) or 15(d) of the Securities Exchange Act of 1934; and

(2) The information contained in the Report fairly presents, in all material respects, the financial condition and results of operations of the Partnership.

NATIONAL PROPERTY INVESTORS 4

NOTES TO FINANCIAL STATEMENTS

(Unaudited)

Note A Basis of Presentation

The accompanying unaudited financial statements of National Property Investors 4 (the Partnership or the Registrant) have been prepared in accordance with generally accepted accounting principles for interim financial information and with the instructions to Form 10-Q and Article 8-03 of Regulation S-X. Accordingly, they do not include all of the information and footnotes required by generally accepted accounting principles for complete financial statements. In the opinion of NPI Equity Investments, Inc. (NPI Equity or the Managing General Partner), all adjustments (consisting of normal recurring items) considered necessary for a fair presentation have been included. Operating results for the three month period ended March 31, 2011 are not necessarily indicative of the results that may be expected for the fiscal year ending December 31, 2011. For further information, refer to the financial statements and footnotes thereto included in the Partnership s Annual Report on Form 10-K for the fiscal year ended December 31, 2010. The Managing General Partner is a subsidiary of Apartment Investment and Management Company (AIMCO), a publicly traded real estate investment trust.

The Partnership s management evaluated subsequent events through the time this Quarterly Report on Form 10-Q was filed.

Note B Transactions with Affiliated Parties

The Partnership has no employees and depends on the Managing General Partner and its affiliates for the management and administration of all Partnership activities. The Partnership Agreement provides for payments to affiliates for services and for reimbursement of certain expenses incurred by affiliates on behalf of the Partnership.

Affiliates of the Managing General Partner receive 5% of gross receipts from the Partnership s property as compensation for providing property management services. The Partnership paid to such affiliates approximately \$112,000 for both the three months ended March 31, 2011 and 2010, which are included in operating expenses.

Affiliates of the Managing General Partner charged the Partnership for reimbursement of accountable administrative expenses amounting to approximately \$26,000 and \$38,000 for the three months ended March 31, 2011 and 2010, respectively, which is included in general and administrative expenses and investment property. The portion of these reimbursements included in investment property for the three months ended March 31, 2011 and 2010 are construction management services provided by an affiliate of the Managing General Partner of approximately \$7,000 and \$16,000, respectively. At March 31, 2011 and December 31, 2010, the Partnership owed approximately \$52,000 and \$35,000, respectively, for accountable administrative expenses, which are included in due to affiliates.

For services relating to the administration of the Partnership and operation of the Partnership s property, the Managing General Partner is entitled to receive payment for non-accountable expenses up to a maximum of \$100,000 per year based upon the number of Partnership units sold, subject to certain limitations. No such reimbursements were made during the three months ended March 31, 2011 or 2010.

In addition to the amounts discussed above, as compensation for services rendered in managing the Partnership, the Managing General Partner is entitled to receive a Partnership Management Fee in conjunction with distributions of cash from operations, subject to certain limitations. There were no such fees paid during the three months ended March 31, 2011 or 2010, as there were no distributions from operations.

Pursuant to the Partnership Agreement, AIMCO Properties, L.P., an affiliate of the Managing General Partner, can advance the Partnership funds to cover operations and capital improvements at the property. There were no such advances during the three months ended March 31, 2011 and 2010. AIMCO Properties, L.P. charges interest on advances under the terms permitted by the Partnership Agreement. The advances bear interest at the prime rate plus 2% (5.25% at March 31, 2011) per annum. Interest expense was approximately \$6,000 for both the three months ended March 31, 2011 and 2010. During the three months ended March 31, 2011, the Partnership repaid

G-6

Table of Contents

NATIONAL PROPERTY INVESTORS 4

NOTES TO FINANCIAL STATEMENTS (Continued)

approximately \$250,000 of advances and accrued interest. There were no repayments during the three months ended March 31, 2010. At March 31, 2011 and December 31, 2010, the total advances and accrued interest owed to AIMCO Properties, L.P. was approximately \$306,000 and \$550,000, respectively, and is included in due to affiliates. The Partnership may receive additional advances of funds from AIMCO Properties, L.P. although AIMCO Properties, L.P. is not obligated to provide such advances. For more information on AIMCO Properties, L.P., including copies of its audited balance sheet, please see its reports filed with the Securities and Exchange Commission.

Upon the sale of the Partnership's property, NPI Equity will be entitled to an Incentive Compensation Fee equal to 3% of the difference between the sales price of the property and the appraised value for such property at February 1, 1992. Payment of the Incentive Compensation Fee is subordinated to the receipt by the limited partners, of: (a) distributions from capital transaction proceeds of an amount equal to their appraised investment in the Partnership at February 1, 1992, and (b) distributions from all sources (capital transactions as well as cash flow) of an amount equal to six percent (6%) per annum cumulative, non-compounded, on their appraised investment in the Partnership at February 1, 1992. Prior to 2010, these preferences were met.

The Partnership insures its property up to certain limits through coverage provided by AIMCO which is generally self-insured for a portion of losses and liabilities related to workers' compensation, property casualty, general liability and vehicle liability. The Partnership insures its property above the AIMCO limits through insurance policies obtained by AIMCO from insurers unaffiliated with the Managing General Partner. During the three months ended March 31, 2011, the Partnership was charged by AIMCO and its affiliates approximately \$54,000 for hazard insurance coverage and fees associated with policy claims administration. Additional charges will be incurred by the Partnership during 2011 as other insurance policies renew later in the year. The Partnership was charged by AIMCO and its affiliates approximately \$149,000 for insurance coverage and fees associated with policy claims administration during the year ended December 31, 2010.

Note C Fair Value of Financial Instruments

Financial Accounting Standards Board Accounting Standards Codification Topic 825, Financial Instruments, requires disclosure of fair value information about financial instruments, whether or not recognized in the balance sheet, for which it is practicable to estimate fair value. Fair value is defined as the amount at which the instruments could be exchanged in a current transaction between willing parties, other than in a forced or liquidation sale. The Partnership believes that the carrying amount of its financial instruments (except for mortgage notes payable) approximates their fair value due to the short-term maturity of these instruments. The Partnership estimates the fair value of its mortgage notes payable by discounting future cash flows using a discount rate commensurate with that currently believed to be available to the Partnership for similar term, mortgage notes payable. At March 31, 2011, the fair value of the Partnership's mortgage notes payable at the Partnership's incremental borrowing rate was approximately \$51,663,000.

Note D Casualty Events

In February 2010, the Partnership's property experienced damages from a snow storm of approximately \$11,000. During the year ended December 31, 2010, the Partnership received insurance proceeds of approximately \$9,000. The Partnership recognized a casualty gain of approximately \$9,000 during the year ended December 31, 2010 as the associated assets were fully depreciated.

In April 2010, the Partnership's property experienced damages from a fire of approximately \$44,000. During the year ended December 31, 2010, the Partnership received insurance proceeds of approximately \$37,000 to cover the damages. After writing off the fully depreciated cost of the damaged assets, the Partnership recognized a casualty gain of approximately \$37,000 during the year ended December 31, 2010.

G-7

Table of Contents

NATIONAL PROPERTY INVESTORS 4

NOTES TO FINANCIAL STATEMENTS (Continued)

Note E. Contingencies

The Partnership is unaware of any pending or outstanding litigation matters involving it or its investment property that are not of a routine nature arising in the ordinary course of business.

Environmental

Various Federal, state and local laws subject property owners or operators to liability for management, and the costs of removal or remediation, of certain potentially hazardous materials present on a property, including lead-based paint, asbestos, polychlorinated biphenyls, petroleum-based fuels, and other miscellaneous materials. Such laws often impose liability without regard to whether the owner or operator knew of, or was responsible for, the release or presence of such materials. The presence of, or the failure to manage or remedy properly, these materials may adversely affect occupancy at affected apartment communities and the ability to sell or finance affected properties. In addition to the costs associated with investigation and remediation actions brought by government agencies, and potential fines or penalties imposed by such agencies in connection therewith, improper management of these materials on a property could result in claims by private plaintiffs for personal injury, disease, disability or other infirmities. Various laws also impose liability for the cost of removal, remediation or disposal of these materials through a licensed disposal or treatment facility. Anyone who arranges for the disposal or treatment of these materials is potentially liable under such laws. These laws often impose liability whether or not the person arranging for the disposal ever owned or operated the disposal facility. In connection with the ownership, operation and management of its property, the Partnership could potentially be responsible for environmental liabilities or costs associated with its property.

Table of Contents

ITEM 2. *Management's Discussion and Analysis of Financial Condition and Results of Operations*

The Private Securities Litigation Reform Act of 1995 provides a safe harbor for forward-looking statements in certain circumstances. Certain information included in this Quarterly Report contains or may contain information that is forward-looking within the meaning of the federal securities laws, including, without limitation, statements regarding the Partnership's ability to maintain current or meet projected occupancy, rental rates and property operating results and the effect of redevelopments. Actual results may differ materially from those described in these forward-looking statements and, in addition, will be affected by a variety of risks and factors, some of which are beyond the Partnership's control, including, without limitation: financing risks, including the availability and cost of financing and the risk that the Partnership's cash flows from operations may be insufficient to meet required payments of principal and interest; natural disasters and severe weather such as hurricanes; national and local economic conditions, including the pace of job growth and the level of unemployment; energy costs; the terms of governmental regulations that affect the Partnership's property and interpretations of those regulations; the competitive environment in which the Partnership operates; real estate risks, including fluctuations in real estate values and the general economic climate in local markets and competition for residents in such markets; insurance risk, including the cost of insurance; litigation, including costs associated with prosecuting or defending claims and any adverse outcomes; and possible environmental liabilities, including costs, fines or penalties that may be incurred due to necessary remediation of contamination of properties presently owned or previously owned by the Partnership. Readers should carefully review the Partnership's financial statements and the notes thereto, as well as the other documents the Partnership files from time to time with the Securities and Exchange Commission.

The Partnership's investment property consists of one apartment complex, Village of Pennbrook Apartments, located in Falls Township, Pennsylvania. The average occupancy was 97% for both the three months ended March 31, 2011 and 2010.

The Partnership's financial results depend upon a number of factors including the ability to attract and maintain tenants at the investment property, interest rates on mortgage loans, costs incurred to operate the investment property, general economic conditions and weather. As part of the ongoing business plan of the Partnership, the Managing General Partner monitors the rental market environment of its investment property to assess the feasibility of increasing rents, maintaining or increasing occupancy levels and protecting the Partnership from increases in expenses. As part of this plan, the Managing General Partner attempts to protect the Partnership from the burden of inflation-related increases in expenses by increasing rents and maintaining a high overall occupancy level. However, the Managing General Partner may use rental concessions and rental rate reductions to offset softening market conditions; accordingly, there is no guarantee that the Managing General Partner will be able to sustain such a plan. Further, a number of factors that are outside the control of the Partnership such as the local economic climate and weather can adversely or positively affect the Partnership's financial results.

Results of Operations

The Partnership's net loss for the three months ended March 31, 2011 and 2010 was approximately \$51,000 and \$194,000, respectively. The decrease in net loss for the three months ended March 31, 2011 is due to a decrease in total expenses and an increase in total revenues.

Total expenses decreased due to decreases in operating, depreciation and interest expenses. Property tax and general and administrative expenses remained relatively constant for the comparable periods. Operating expense decreased due to a decrease in utilities, partially offset by an increase in snow removal costs due to excessive snow fall in the area and an increase in contract services. Depreciation expense decreased due to assets becoming fully depreciated in 2010. Interest expense decreased due to scheduled payments on the mortgages encumbering the Partnership's investment property.

Included in general and administrative expenses for the three months ended March 31, 2011 and 2010 are management reimbursements charged by the Managing General Partner as allowed under the Partnership Agreement, costs associated with the quarterly and annual communications with investors and regulatory agencies and the annual audit required by the Partnership Agreement.

G-9

Table of Contents

Total revenues increased due to an increase in rental income, partially offset by a decrease in other income. Rental income increased due to an increase in the average rental rates at the Partnership's investment property. Other income decreased due to decreases in resident utility reimbursements, application fees and cleaning and damage fees, partially offset by an increase in pet fees.

Liquidity and Capital Resources

At March 31, 2011, the Partnership had cash and cash equivalents of approximately \$204,000, compared to approximately \$187,000 at December 31, 2010. Cash and cash equivalents increased approximately \$17,000 due to approximately \$493,000 of cash provided by operating activities, partially offset by approximately \$405,000 and \$71,000 of cash used in financing and investing activities, respectively. Cash used in financing activities consisted of principal payments made on the mortgage notes payable and repayment of advances from AIMCO Properties, L.P. Cash used in investing activities consisted of property improvements and replacements.

Pursuant to the Partnership Agreement, AIMCO Properties, L.P., an affiliate of the Managing General Partner, can advance the Partnership funds to cover operations and capital improvements at the property. There were no such advances during the three months ended March 31, 2011 and 2010. AIMCO Properties, L.P. charges interest on advances under the terms permitted by the Partnership Agreement. The advances bear interest at the prime rate plus 2% (5.25% at March 31, 2011) per annum. Interest expense was approximately \$6,000 for both the three months ended March 31, 2011 and 2010. During the three months ended March 31, 2011, the Partnership repaid approximately \$250,000 of advances and accrued interest. There were no repayments during the three months ended March 31, 2010. At March 31, 2011 and December 31, 2010, the total advances and accrued interest due to AIMCO Properties, L.P. was approximately \$306,000 and \$550,000, respectively, and are included in due to affiliates. The Partnership may receive additional advances of funds from AIMCO Properties, L.P. although AIMCO Properties, L.P. is not obligated to provide such advances. For more information on AIMCO Properties, L.P., including copies of its audited balance sheets, please see its reports filed with the Securities and Exchange Commission.

The sufficiency of existing liquid assets to meet future liquidity and capital expenditure requirements is directly related to the level of capital expenditures required at the property to adequately maintain the physical assets and other operating needs of the Partnership and to comply with Federal, state, and local legal and regulatory requirements. The Managing General Partner monitors developments in the area of legal and regulatory compliance. Capital improvements planned for the Partnership's property are detailed below.

During the three months ended March 31, 2011, the Partnership completed approximately \$57,000 of capital improvements at Village of Pennbrook Apartments, consisting primarily of building improvements and appliance, water heater and floor covering replacements. These improvements were funded from operating cash flow. The Partnership regularly evaluates the capital improvement needs of the property. While the Partnership has no material commitments for property improvements and replacements, certain routine capital expenditures are anticipated during the remainder of 2011. Such capital expenditures will depend on the physical condition of the property as well as anticipated cash flow generated by the property.

Capital expenditures will be incurred only if cash is available from operations, Partnership reserves or advances from AIMCO Properties, L.P., although AIMCO Properties, L.P. does not have an obligation to fund such advances. To the extent that capital improvements are completed, the Partnership's distributable cash flow, if any, may be adversely affected at least in the short term.

The Partnership's assets are thought to be generally sufficient for any near-term needs (exclusive of capital improvements and amounts due to affiliates) of the Partnership. The mortgage indebtedness encumbering Village of Pennbrook Apartments of approximately \$47,644,000 requires monthly payments of principal and interest until

September 1, 2021 with balloon payments of approximately \$37,859,000 due at maturity. The Managing General Partner will attempt to refinance such indebtedness and/or sell the property prior to such maturity dates. If the property cannot be refinanced or sold for a sufficient amount, the Partnership will risk losing such property through foreclosure.

G-10

Table of Contents

The Partnership made no distributions during the three months ended March 31, 2011 and 2010. Future cash distributions will depend on the levels of cash generated from operations, the timing of the debt maturities, property sale and/or refinancings. The Partnership's cash available for distribution is reviewed on a monthly basis. There can be no assurance, however, that the Partnership will generate sufficient funds from operations after required capital improvement expenditures and repayment of amounts due to affiliates to permit distributions to its partners in 2011 or subsequent periods.

Other

In addition to its indirect ownership of the general partner interest in the Partnership, AIMCO and its affiliates owned 47,850 Units in the Partnership representing 79.74% of the outstanding Units at March 31, 2011. A number of these Units were acquired pursuant to tender offers made by AIMCO or its affiliates. It is possible that AIMCO or its affiliates will acquire additional Units in exchange for cash or a combination of cash and units in AIMCO Properties, L.P., the operating partnership of AIMCO, either through private purchases or tender offers. Pursuant to the Partnership Agreement, Unit holders holding a majority of the Units are entitled to take action with respect to a variety of matters that include, but are not limited to, voting on certain amendments to the Partnership Agreement and voting to remove the Managing General Partner. As a result of its ownership of 79.74% of the outstanding Units, AIMCO is in a position to influence all such voting decisions with respect to the Partnership. With respect to 26,466 Units, AIMCO IPLP, L.P., an affiliate of AIMCO, is required to vote such Units: (i) against any increase in compensation payable to the Managing General Partner or to affiliates; and (ii) on all other matters submitted by it or its affiliates, in proportion to the votes cast by non-tendering Unit holders. Except for the foregoing, no other limitations are imposed on AIMCO's or AIMCO IPLP, L.P.'s ability to influence voting decisions with respect to the Partnership. Although the Managing General Partner owes fiduciary duties to the limited partners of the Partnership, the Managing General Partner also owes fiduciary duties to AIMCO as its sole stockholder. As a result, the duties of the Managing General Partner, as managing general partner, to the Partnership and its limited partners may come into conflict with the duties of the Managing General Partner to AIMCO as its sole stockholder.

Critical Accounting Policies and Estimates

The financial statements are prepared in accordance with accounting principles generally accepted in the United States which require the Partnership to make estimates and assumptions. The Partnership believes that of its significant accounting policies, the following may involve a higher degree of judgment and complexity.

Impairment of Long-Lived Asset

Investment property is recorded at cost, less accumulated depreciation, unless the carrying amount of the asset is not recoverable. If events or circumstances indicate that the carrying amount of the property may not be recoverable, the Partnership will make an assessment of its recoverability by comparing the carrying amount to the Partnership's estimate of the undiscounted future cash flows, excluding interest charges, of the property. If the carrying amount exceeds the estimated aggregate undiscounted future cash flows, the Partnership would recognize an impairment loss to the extent the carrying amount exceeds the estimated fair value of the property.

Real property investment is subject to varying degrees of risk. Several factors may adversely affect the economic performance and value of the Partnership's investment property. These factors include, but are not limited to, general economic climate; competition from other apartment communities and other housing options; local conditions, such as loss of jobs or an increase in the supply of apartments that might adversely affect apartment occupancy or rental rates; changes in governmental regulations and the related cost of compliance; increases in operating costs (including real estate taxes) due to inflation and other factors, which may not be offset by increased rents; changes in tax laws and housing laws, including the enactment of rent control laws or other laws regulating multi-family housing; and changes

in interest rates and the availability of financing. Any adverse changes in these and other factors could cause an impairment of the Partnership's asset.

G-11

Table of Contents

Revenue Recognition

The Partnership generally leases apartment units for twelve-month terms or less. The Partnership will offer rental concessions during particularly slow months or in response to heavy competition from other similar complexes in the area. Rental income attributable to leases, net of any concessions, is recognized on a straight-line basis over the term of the lease. The Partnership evaluates all accounts receivable from residents and establishes an allowance, after the application of security deposits, for accounts greater than 30 days past due on current tenants and all receivables due from former tenants.

ITEM 4. *Controls and Procedures*

(a) Disclosure Controls and Procedures

The Partnership's management, with the participation of the principal executive officer and principal financial officer of the Managing General Partner, who are the equivalent of the Partnership's principal executive officer and principal financial officer, respectively, has evaluated the effectiveness of the Partnership's disclosure controls and procedures (as defined in Rules 13a-15(e) and 15d-15(e) under the Securities Exchange Act of 1934, as amended (the Exchange Act)) as of the end of the period covered by this report. Based on such evaluation, the principal executive officer and principal financial officer of the Managing General Partner, who are the equivalent of the Partnership's principal executive officer and principal financial officer, respectively, have concluded that, as of the end of such period, the Partnership's disclosure controls and procedures are effective.

(b) Changes in Internal Control Over Financial Reporting

There has been no change in the Partnership's internal control over financial reporting (as defined in Rules 13a-15(f) and 15d-15(f) under the Exchange Act) during the fiscal quarter to which this report relates that has materially affected, or is reasonably likely to materially affect, the Partnership's internal control over financial reporting.

PART II OTHER INFORMATION

ITEM 6. *Exhibits*

See Exhibit Index.

The agreements included as exhibits to this Form 10-Q contain representations and warranties by each of the parties to the applicable agreement. These representations and warranties have been made solely for the benefit of the other parties to the applicable agreement and:

should not in all instances be treated as categorical statements of fact, but rather as a way of allocating the risk to one of the parties if those statements prove to be inaccurate;

have been qualified by disclosures that were made to the other party in connection with the negotiation of the applicable agreement, which disclosures are not necessarily reflected in the agreement;

may apply standards of materiality in a way that is different from what may be viewed as material to an investor; and

were made only as of the date of the applicable agreement or such other date or dates as may be specified in the agreement and are subject to more recent developments.

Accordingly, these representations and warranties may not describe the actual state of affairs as of the date they were made or at any other time. The Partnership acknowledges that, notwithstanding the inclusion of the foregoing cautionary statements, it is responsible for considering whether additional specific disclosures of material information regarding material contractual provisions are required to make the statements in this Form 10-Q not misleading. Additional information about the Partnership may be found elsewhere in this Form 10-Q and the Partnership's other public filings, which are available without charge through the SEC's website at <http://www.sec.gov>.

CERTIFICATION

I, Steven D. Cordes, certify that:

1. I have reviewed this quarterly report on Form 10-Q of National Property Investors 4;
2. Based on my knowledge, this report does not contain any untrue statement of a material fact or omit to state a material fact necessary to make the statements made, in light of the circumstances under which such statements were made, not misleading with respect to the period covered by this report;
3. Based on my knowledge, the financial statements, and other financial information included in this report, fairly present in all material respects the financial condition, results of operations and cash flows of the registrant as of, and for, the periods presented in this report;
4. The registrant's other certifying officer(s) and I are responsible for establishing and maintaining disclosure controls and procedures (as defined in Exchange Act Rules 13a-15(e) and 15d-15(e)) and internal control over financial reporting (as defined in Exchange Act Rules 13a-15(f) and 15d-15(f)), for the registrant and have:
 - (a) Designed such disclosure controls and procedures, or caused such disclosure controls and procedures to be designed under our supervision, to ensure that material information relating to the registrant, including its consolidated subsidiaries, is made known to us by others within those entities, particularly during the period in which this report is being prepared;
 - (b) Designed such internal control over financial reporting, or caused such internal control over financial reporting to be designed under our supervision, to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles;
 - (c) Evaluated the effectiveness of the registrant's disclosure controls and procedures and presented in this report our conclusions about the effectiveness of the disclosure controls and procedures, as of the end of the period covered by this report based on such evaluation; and
 - (d) Disclosed in this report any change in the registrant's internal control over financial reporting that occurred during the registrant's most recent fiscal quarter (the registrant's fourth fiscal quarter in the case of an annual report) that has materially affected or is reasonably likely to materially affect, the registrant's internal control over financial reporting; and
5. The registrant's other certifying officer(s) and I have disclosed, based on our most recent evaluation of internal control over financial reporting, to the registrant's auditors and the audit committee of the registrant's board of directors (or persons performing the equivalent functions):
 - (a) All significant deficiencies and material weaknesses in the design or operation of internal control over financial reporting which are reasonably likely to adversely affect the registrant's ability to record, process, summarize and report financial information; and
 - (b) Any fraud, whether or not material, that involves management or other employees who have a significant role in the registrant's internal control over financial reporting.

Exhibit 32.1

**Certification of CEO and CFO
Pursuant to 18 U.S.C. Section 1350,
As Adopted Pursuant to
Section 906 of the Sarbanes-Oxley Act of 2002**

In connection with the Quarterly Report on Form 10-Q of National Property Investors 4 (the Partnership), for the quarterly period ended March 31, 2011 as filed with the Securities and Exchange Commission on the date hereof (the Report), Steven D. Cordes, as the equivalent of the chief executive officer of the Partnership, and Stephen B. Waters, as the equivalent of the chief financial officer of the Partnership, each hereby certifies, pursuant to 18 U.S.C. Section 1350, as adopted pursuant to Section 906 of the Sarbanes-Oxley Act of 2002, that, to the best of his knowledge:

(1) The Report fully complies with the requirements of Section 13(a) or 15(d) of the Securities Exchange Act of 1934; and

(2) The information contained in the Report fairly presents, in all material respects, the financial condition and results of operations of the Partnership.

Table of Contents**FORWARD-LOOKING STATEMENTS**

The Private Securities Litigation Reform Act of 1995 provides a safe harbor for forward-looking statements in certain circumstances. Certain information included in this Annual Report contains or may contain information that is forward-looking within the meaning of the federal securities laws, including, without limitation, statements regarding our ability to maintain current or meet projected occupancy, rental rates and property operating results and the effect of acquisitions and redevelopments. Actual results may differ materially from those described in these forward-looking statements and, in addition, will be affected by a variety of risks and factors, some of which are beyond our control, including, without limitation: financing risks, including the availability and cost of financing and the risk that our cash flows from operations may be insufficient to meet required payments of principal and interest; earnings may not be sufficient to maintain compliance with debt covenants; real estate risks, including fluctuations in real estate values and the general economic climate in the markets in which we operate and competition for residents in such markets; national and local economic conditions, including the pace of job growth and the level of unemployment; the terms of governmental regulations that affect us and interpretations of those regulations; the competitive environment in which we operate; the timing of acquisitions and dispositions; insurance risk, including the cost of insurance; natural disasters and severe weather such as hurricanes; litigation, including costs associated with prosecuting or defending claims and any adverse outcomes; energy costs; and possible environmental liabilities, including costs, fines or penalties that may be incurred due to necessary remediation of contamination of properties presently owned or previously owned by us. In addition, Aimco's current and continuing qualification as a real estate investment trust involves the application of highly technical and complex provisions of the Internal Revenue Code and depends on our ability to meet the various requirements imposed by the Internal Revenue Code, through actual operating results, distribution levels and diversity of stock ownership. Readers should carefully review our financial statements and the notes thereto, as well as the section entitled Risk Factors described in Item 1A of this Annual Report and the other documents we file from time to time with the Securities and Exchange Commission.

PART I**Item 1. Business****The Partnership**

AIMCO Properties, L.P., a Delaware limited partnership, or the Partnership, and together with its consolidated subsidiaries, was formed on May 16, 1994, to engage in the acquisition, ownership, management and redevelopment of apartment properties. Our securities include Partnership Common Units, or common OP Units, Partnership Preferred Units, or preferred OP Units, and High Performance Partnership Units, or High Performance Units, which are collectively referred to as OP Units. Apartment Investment and Management Company, or Aimco, is the owner of our general partner, AIMCO-GP, Inc., or the General Partner, and special limited partner, AIMCO-LP Trust, or the Special Limited Partner. The General Partner and Special Limited Partner hold common OP Units and are the primary holders of outstanding preferred OP Units. Limited Partners refers to individuals or entities that are our limited partners, other than Aimco, the General Partner or the Special Limited Partner, and own common OP Units or preferred OP Units. Generally, after holding the common OP Units for one year, the Limited Partners have the right to redeem their common OP Units for cash, subject to our prior right to acquire some or all of the common OP Units tendered for redemption in exchange for shares of Aimco Class A Common Stock. Common OP Units redeemed for Aimco Class A Common Stock are generally exchanged on a one-for-one basis (subject to antidilution adjustments). Preferred OP Units and High Performance Units may or may not be redeemable based on their respective terms, as provided for in the Fourth Amended and Restated Agreement of Limited Partnership of AIMCO Properties, L.P. as amended, or the Partnership Agreement.

We, through our operating divisions and subsidiaries, hold substantially all of Aimco's assets and manage the daily operations of Aimco's business and assets. Aimco is required to contribute all proceeds from offerings of its securities to us. In addition, substantially all of Aimco's assets must be owned through the Partnership; therefore, Aimco is generally required to contribute all assets acquired to us. In exchange for the contribution of offering proceeds or assets, Aimco receives additional interests in us with similar terms (e.g., if Aimco contributes proceeds

H-3

Table of Contents

of a preferred stock offering, Aimco (through the General Partner and Special Limited Partner) receives preferred OP Units with terms substantially similar to the preferred stock issued by Aimco).

Aimco frequently consummates transactions for our benefit. For legal, tax or other business reasons, Aimco may hold title or ownership of certain assets until they can be transferred to us. However, we have a controlling financial interest in substantially all of Aimco's assets in the process of transfer to us. Since Aimco's initial public offering in July 1994, we have completed numerous transactions, including purchases of properties and interests in entities that own or manage properties, expanding our portfolio of owned or managed properties from 132 properties with 29,343 apartment units to a peak of over 2,100 properties with 379,000 apartment units. As of December 31, 2010, our portfolio of owned and/or managed properties consists of 768 properties with 122,694 apartment units.

At December 31, 2010, we had outstanding 123,772,935 common OP Units, 27,963,126 preferred OP Units and 2,339,950 High Performance Units (see Note 11 to the consolidated financial statements in Item 8). At December 31, 2010, Aimco owned 117,642,872 of the common OP Units and 24,900,114 of the preferred OP Units.

Except as the context otherwise requires, we, our and us refer to the Partnership and the Partnership's consolidated entities, collectively. Except as the context otherwise requires, Aimco refers to Aimco and Aimco's consolidated entities, collectively. As used herein, and except where the context otherwise requires, partnership refers to a limited partnership or a limited liability company and partner refers to a limited partner in a limited partnership or a member in a limited liability company.

Business Overview

Our principal financial objective is to provide predictable and attractive returns to our unitholders. Our business plan to achieve this objective is to:

own and operate a broadly diversified portfolio of primarily class B/B+ assets with properties concentrated in the 20 largest markets in the United States (as measured by total apartment value, which is the estimated total market value of apartment properties in a particular market);

improve our portfolio by selling assets with lower projected returns and reinvesting those proceeds through the purchase of new assets or additional investment in existing assets in our portfolio, including increased ownership or redevelopment; and

provide financial leverage primarily by the use of non-recourse, long-dated, fixed-rate property debt and perpetual preferred equity.

Our business is organized around two core activities: Property Operations and Portfolio Management. We continue to simplify our business, including de-emphasizing transactional based activity fees and a corresponding reduction in personnel involved in those activities. Our core activities, along with our financial strategy, are described in more detail below.

Property Operations

Our owned real estate portfolio is comprised of two business components: conventional and affordable property operations, which also comprise our reportable segments. Our conventional property operations consist of market-rate apartments with rents paid by the resident and included 219 properties with 68,972 units as of December 31, 2010. Our affordable property operations consist of apartments with rents that are generally paid, in whole or part, by a government agency and consisted of 228 properties with 26,540 units as of December 31, 2010. Affordable properties

tend to have relatively more stable rents and higher occupancy due to government rent payments and thus are much less affected by market fluctuations. Our conventional and affordable properties generated 87% and 13%, respectively, of our proportionate property net operating income (as defined in Item 7) during the year ended December 31, 2010. For the three months ended December 31, 2010, our conventional portfolio monthly rents averaged \$1,052 and provided 62% operating margins. These average rents increased about 1% from average rents of \$1,042 for the three months ended December 31, 2009.

Our property operations currently are organized into five geographic areas. To manage our nationwide portfolio more efficiently and to increase the benefits from our local management expertise, we have given direct

H-4

Table of Contents

responsibility for operations within each area to an area operations leader with regular senior management reviews. To enable the area operations leaders to focus on sales and service, as well as to improve financial control and budgeting, we have dedicated an area financial officer to support each area operations leader, and with the exception of routine maintenance, our specialized Construction Services group manages all on-site capital spending, thus reducing the need for the area operations leaders to spend time on oversight of construction projects.

We seek to improve our oversight of property operations by: upgrading systems; standardizing business processes, operational measurements and internal reporting; and enhancing financial controls over field operations. Our objectives are to focus on the areas discussed below:

Customer Service. Our operating culture is focused on our residents. Our goal is to provide our residents with consistent service in clean, safe and attractive communities. We evaluate our performance through a customer satisfaction tracking system. In addition, we emphasize the quality of our on-site employees through recruiting, training and retention programs, which we believe contributes to improved customer service and leads to increased occupancy rates and enhanced operational performance.

Resident Selection and Retention. In apartment properties, neighbors are a meaningful part of the product, together with the location of the property and the physical quality of the apartment units. Part of our property operations strategy is to focus on resident acquisition and retention – attracting and retaining credit-worthy residents who are good neighbors. We have structured goals and coaching for all of our sales personnel, a tracking system for inquiries and a standardized renewal communication program. We have standardized residential financial stability requirements and have policies and monitoring practices to maintain our resident quality.

Revenue Management. For our conventional properties, we have a centralized revenue management system that leverages people, processes and technology to work in partnership with our area operational management teams to develop rental rate pricing. We seek to increase revenue and net operating income by optimizing the balance between rental and occupancy rates, as well as taking into consideration the cost of preparing an apartment unit for a new tenant. We are also focused on careful measurements of on-site operations, as we believe that timely and accurate collection of property performance and resident profile data will enable us to maximize revenue through better property management and leasing decisions, as well as the automation of certain aspects of on-site operations, to enable our on-site employees to focus more of their time on customer service. We have standardized policies for new and renewal pricing with timely data and analyses by floor-plan, thereby enabling us to respond quickly to changing supply and demand for our product and maximize rental revenue.

Controlling Expenses. Cost controls are accomplished by local focus at the area level; taking advantage of economies of scale at the corporate level; and through electronic procurement.

Ancillary Services. We believe that our ownership and management of properties provide us with unique access to a customer base that allows us to provide additional services and thereby increase occupancy and rents, while also generating incremental revenue. We currently provide cable television, telephone services, appliance rental, and carport, garage and storage space rental at certain properties.

Maintaining and Improving Property Quality. We believe that the physical condition and amenities of our apartment properties are important factors in our ability to maintain and increase rental rates. In 2010, for properties included in continuing operations, we invested \$74.7 million, or \$848 per owned apartment unit, in Capital Replacements, which represent the share of additions that are deemed to replace the consumed portion of acquired capital assets. Additionally, for properties included in continuing operations, we invested

\$45.4 million, or \$515 per owned apartment unit, in Capital Improvements, which are non-redevelopment capital additions that are made to enhance the value, profitability or useful life of an asset from its original purchase condition.

Portfolio Management

Portfolio Management involves the ongoing allocation of investment capital to meet our geographic and product type goals. We target geographic balance in Aimco's diversified portfolio in order to optimize risk-adjusted

H-5

Table of Contents

returns and to avoid the risk of undue concentration in any particular market. We also seek to balance the portfolio by product type, with both high quality properties in excellent locations and also high land value properties that support redevelopment activities.

Our geographic allocation strategy focuses on the 20 largest markets in the United States (as measured by total apartment value) to reduce volatility in and our dependence on particular areas of the country. We believe these markets are deep, relatively liquid and possess desirable long-term growth characteristics. They are primarily coastal markets, and also include a number of Sun Belt cities and Chicago, Illinois. We may also invest in other markets on an opportunistic basis. We expect that increased geographic focus will also add to our investment knowledge and increase operating efficiencies based on local economies of scale.

Our portfolio strategy also focuses on asset type and quality. Our target allocation of capital to conventional and affordable properties is 90% and 10%, respectively, of our Net Asset Value, which is the estimated fair value of our assets, net of liabilities and preferred equity. For conventional assets, we focus on the ownership of primarily B/B+ assets. We measure conventional property asset quality based on average rents compared to local market average rents as reported by a third-party provider of commercial real estate performance and analysis, with A-quality assets earning rents greater than 125% of local market average, B-quality assets earning rents 90% to 125% of local market average and C-quality assets earning rents less than 90% of local market average.

Portfolio management involves strategic portfolio and capital allocation decisions such as transactions to buy or sell properties, or modify our ownership interest in properties, including the use of partnerships and joint ventures, or to increase our investment in existing properties through redevelopment. We generally seek to sell assets with lower projected returns, which are often in markets less desirable than our target markets, and reinvest those proceeds through the purchase of new assets or additional investment in existing assets in our portfolio. The purpose of these transactions is to adjust our investments to reflect decisions regarding target allocations to geographic markets and between conventional and affordable properties.

We believe redevelopment of certain properties in superior locations provides advantages over ground-up development, enabling us to generate rents comparable to new properties with lower financial risk, in less time and with reduced delays associated with governmental permits and authorizations. We believe redevelopment also provides superior risk adjusted returns with lower volatility compared to ground-up development. Redevelopment work may also include seeking entitlements from local governments, which enhance the value of our existing portfolio by increasing density, that is, the right to add residential units to a site. We have historically undertaken a range of redevelopment projects: from those in which a substantial number of all available units are vacated for significant renovations to the property, to those in which there is significant renovation, such as exteriors, common areas or unit improvements, typically done upon lease expirations without the need to vacate units on any wholesale or substantial basis. We have a specialized Redevelopment and Construction Services group to oversee these projects.

During 2010, we increased our allocation of capital to our target markets by disposing of 24 conventional properties located primarily outside of our target markets or in less desirable locations within our target markets and by investing \$26.4 million in redevelopment of conventional properties included in continuing operations. As of December 31, 2010, our conventional portfolio included 219 properties with 68,972 units in 38 markets. As of December 31, 2010, conventional properties comprised 88% of our Net Asset Value and conventional properties in our target markets comprised 88% of the Net Asset Value attributable to our conventional properties. Our top five markets by net operating income contribution include the metropolitan areas of Washington, D.C.; Los Angeles, California; Chicago, Illinois; Boston, Massachusetts; and Philadelphia, Pennsylvania.

During 2010, we invested \$3.1 million in redevelopment of affordable properties included in continuing operations, funded primarily by proceeds from the sale of tax credits to institutional partners. As with conventional properties, we

also seek to dispose of affordable properties that are inconsistent with our long-term investment and operating strategies. During 2010, we sold 27 properties from our affordable portfolio. As of December 31, 2010, our affordable portfolio included 228 properties with 26,540 units and our affordable properties comprised 12% of our Net Asset Value.

H-6

Table of Contents

Financial Strategy

Our leverage strategy seeks to balance increasing financial returns with the risks inherent with leverage. At December 31, 2010, approximately 86% of our leverage consisted of property-level, non-recourse, long-dated, fixed-rate, amortizing debt and 13% consisted of perpetual preferred equity, a combination which helps to limit our refunding and re-pricing risk. At December 31, 2010, we had no outstanding corporate level debt. Our leverage strategy limits refunding risk on our property-level debt. At December 31, 2010, the weighted average maturity of our property-level debt was 7.8 years, with 2% of our debt maturing in 2011, less than 9% maturing in 2012, and on average approximately 7% maturing in each of 2013, 2014 and 2015. Long duration, fixed-rate liabilities provide a hedge against increases in interest rates and inflation. Approximately 91% of our property-level debt is fixed-rate. Of the \$104.9 million of property debt maturing during 2011, we completed the refinance of \$79.4 million in February 2011, and we are focusing on refinancing our property debt maturing during 2012 through 2015 to extend maturities and lock in current low interest rates.

During 2010, we repaid the remaining \$90.0 million on our term loan. We also expanded our credit facility from \$180.0 million to \$300.0 million, providing additional liquidity for short-term or unexpected cash requirements. As of December 31, 2010, we had the capacity to borrow \$260.3 million pursuant to our credit facility (after giving effect to \$39.7 million outstanding for undrawn letters of credit). The revolving credit facility matures May 1, 2013, and may be extended for an additional year, subject to certain conditions.

Competition

In attracting and retaining residents to occupy our properties we compete with numerous other housing alternatives. Our properties compete directly with other rental apartments as well as condominiums and single-family homes that are available for rent or purchase in the markets in which our properties are located. Principal factors of competition include rent or price charged, attractiveness of the location and property and quality and breadth of services. The number of competitive properties relative to demand in a particular area has a material effect on our ability to lease apartment units at our properties and on the rents we charge. In certain markets there exists an oversupply of single family homes and condominiums and a reduction of households, both of which affect the pricing and occupancy of our rental apartments.

We also compete with other real estate investors, including other apartment REITs, pension and investment funds, partnerships and investment companies in acquiring, redeveloping, managing, obtaining financing for and disposing of apartment properties. This competition affects our ability to: acquire properties we want to add to our portfolio and the price that we pay in such acquisitions; finance or refinance properties in our portfolio and the cost of such financing; and dispose of properties we no longer desire to retain in our portfolio and the timing and price for which we dispose of such properties.

Taxation

We are treated as a pass-through entity for United States Federal income tax purposes and are not subject to United States Federal income taxation. We are subject to tax in certain states. Each of our partners, however, is subject to tax on his allocable share of partnership tax items, including partnership income, gains, losses, deductions and credits, or Partnership Tax Items, for each taxable year during which he is a partner, regardless of whether he receives any actual distributions of cash or other property from us during the taxable year. Generally, the characterization of any particular Partnership Tax Item is determined by us, rather than at the partner level, and the amount of a partner's allocable share of such item is governed by the terms of the Partnership Agreement. The General Partner is our tax matters partner for United States Federal income tax purposes. The tax matters partner is authorized, but not required, to take certain actions on behalf of us with respect to tax matters.

Regulation

General

Apartment properties and their owners are subject to various laws, ordinances and regulations, including those related to real estate broker licensing and regulations relating to recreational facilities such as swimming pools,

H-7

Table of Contents

activity centers and other common areas. Changes in laws increasing the potential liability for environmental conditions existing on properties or increasing the restrictions on discharges or other conditions, as well as changes in laws affecting development, construction and safety requirements, may result in significant unanticipated expenditures, which would adversely affect our net income and cash flows from operating activities. In addition, future enactment of rent control or rent stabilization laws, such as legislation that has been considered in New York, or other laws regulating multifamily housing may reduce rental revenue or increase operating costs in particular markets.

Dodd-Frank Wall Street Reform and Consumer Protection Act

In July 2010, the Dodd-Frank Wall Street Reform and Consumer Protection Act, or the Act, was signed into federal law. The provisions of the Act include new regulations for over-the-counter derivatives and substantially increased regulation and risk of liability for credit rating agencies, all of which could increase our cost of capital. The Act also includes provisions concerning corporate governance and executive compensation which, among other things, require additional executive compensation disclosures and enhanced independence requirements for board compensation committees and related advisors, as well as provide explicit authority for the Securities and Exchange Commission to adopt proxy access, all of which could result in additional expenses in order to maintain compliance. The Act is wide-ranging, and the provisions are broad with significant discretion given to the many and varied agencies tasked with adopting and implementing the Act. The majority of the provisions of the Act do not go into effect immediately and may be adopted and implemented over many months or years. As such, we cannot predict the full impact of the Act on our financial condition or results of operations.

Environmental

Various Federal, state and local laws subject property owners or operators to liability for management, and the costs of removal or remediation, of certain potentially hazardous materials present on a property. These materials may include lead-based paint, asbestos, polychlorinated biphenyls, and petroleum-based fuels, among other miscellaneous materials. Such laws often impose liability without regard to whether the owner or operator knew of, or was responsible for, the release or presence of such materials. In connection with the ownership, operation and management of properties, we could potentially be liable for environmental liabilities or costs associated with our properties or properties we acquire or manage in the future. These and other risks related to environmental matters are described in more detail in Item 1A, Risk Factors.

Insurance

Our primary lines of insurance coverage are property, general liability, and workers' compensation. We believe that our insurance coverages adequately insure our properties against the risk of loss attributable to fire, earthquake, hurricane, tornado, flood, terrorism and other perils, and adequately insure us against other risk. Our coverage includes deductibles, retentions and limits that are customary in the industry. We have established loss prevention, loss mitigation, claims handling and litigation management procedures to manage our exposure.

Employees

At December 31, 2010, we had approximately 3,100 employees, of which approximately 2,400 were at the property level, performing various on-site functions, with the balance managing corporate and area operations, including investment and debt transactions, legal, financial reporting, accounting, information systems, human resources and other support functions. As of December 31, 2010, unions represented 103 of our employees. We have never experienced a work stoppage and believe we maintain satisfactory relations with our employees.

Available Information

We do not maintain a website; however, Aimco does, and it makes all of its filings with the Securities and Exchange Commission, or SEC, available free of charge as soon as reasonably practicable through its website at www.aimco.com. The information contained on Aimco's website is not incorporated into this Annual Report. We will furnish copies of the Partnership's filings free of charge upon written request to Aimco's corporate secretary.

H-8

Table of Contents

Any materials we file with the SEC may be read and copied at the SEC's Public Reference Room at 100 F Street, NE., Washington, DC 20549. Information on the operation of the Public Reference Room may be obtained by calling the SEC at 1-800-SEC-0330. The SEC maintains an Internet site (<http://www.sec.gov>) that contains reports, proxy and information statements, and other information regarding issuers that file electronically with the SEC.

Item 1A. Risk Factors

The risk factors noted in this section and other factors noted throughout this Annual Report, describe certain risks and uncertainties that could cause our actual results to differ materially from those contained in any forward-looking statement.

Our existing and future debt financing could render us unable to operate, result in foreclosure on our properties, prevent us from making distributions on our equity or otherwise adversely affect our liquidity.

We are subject to the risk that our cash flow from operations will be insufficient to make required payments of principal and interest, and the risk that existing indebtedness may not be refinanced or that the terms of any refinancing will not be as favorable as the terms of existing indebtedness. If we fail to make required payments of principal and interest on secured debt, our lenders could foreclose on the properties and other collateral securing such debt, which would result in loss of income and asset value to us. As of December 31, 2010, substantially all of the properties that we owned or controlled were encumbered by debt. Our organizational documents do not limit the amount of debt that we may incur, and we have significant amounts of debt outstanding. Payments of principal and interest may leave us with insufficient cash resources to operate our properties or pay distributions required to be paid in order to maintain Aimco's qualification as a REIT.

Disruptions in the financial markets could affect our ability to obtain financing and the cost of available financing and could adversely affect our liquidity.

Our ability to obtain financing and the cost of such financing depends on the overall condition of the United States credit markets and, to an important extent, on the level of involvement of certain government sponsored entities, specifically, Federal Home Loan Mortgage Corporation, or Freddie Mac, and Federal National Mortgage Association, or Fannie Mae, in secondary credit markets. In recent years, the United States credit markets (outside of multi-family) experienced significant liquidity disruptions, which caused the spreads on debt financings to widen considerably and made obtaining financing, both non-recourse property debt and corporate borrowings, such as our term loan or revolving credit facility, more difficult.

During 2008, the Federal Housing Finance Agency, or FHFA, placed Freddie Mac and Fannie Mae into, and they currently remain under, conservatorship. In February 2011, the Obama Administration presented Congress with a set of proposals regarding the Federal government's future role in the housing finance market, each of which included the winding down of Freddie Mac and Fannie Mae. Freddie Mac's and Fannie Mae's future relationship with the Federal government and their future role in the financial markets is uncertain. Any significant reduction in Freddie Mac's or Fannie Mae's level of involvement in the secondary credit markets may adversely affect our ability to obtain non-recourse property debt financing. Additionally, further or prolonged disruptions in the credit markets may also affect our ability to renew our credit facility with similar commitments or the cost of financing when it matures in May 2014 (inclusive of a one year extension option).

If our ability to obtain financing is adversely affected, we may be unable to satisfy scheduled maturities on existing financing through other sources of liquidity, which could result in lender foreclosure on the properties securing such debt and loss of income and asset value, each of which would adversely affect our liquidity.

Increases in interest rates would increase our interest expense and reduce our profitability.

As of December 31, 2010, on a consolidated basis, we had approximately \$470.3 million of variable-rate indebtedness outstanding and \$57.0 million of variable rate preferred OP Units outstanding. Of the total debt subject to variable interest rates, floating rate tax-exempt bond financing was approximately \$374.4 million. Floating rate tax-exempt bond financing is benchmarked against the Securities Industry and Financial Markets Association

H-9

Table of Contents

Municipal Swap Index, or SIFMA, rate, which since 1989 has averaged 75% of the 30-day LIBOR rate. If this historical relationship continues, we estimate that an increase in 30-day LIBOR of 100 basis points (75 basis points for tax-exempt interest rates) with constant credit risk spreads would result in net income and net income attributable to the Partnership's common unitholders being reduced (or the amounts of net loss and net loss attributable to the Partnership's common unitholders being increased) by \$3.9 million and \$4.2 million, respectively, on an annual basis.

At December 31, 2010, we had approximately \$450.4 million in cash and cash equivalents, restricted cash and notes receivable, a portion of which bear interest at variable rates indexed to LIBOR-based rates, and which may mitigate the effect of an increase in variable rates on our variable-rate indebtedness and preferred stock discussed above.

Failure to generate sufficient net operating income may adversely affect our liquidity, limit our ability to fund necessary capital expenditures or adversely affect our ability to pay distributions.

Our ability to fund necessary capital expenditures on our properties depends on, among other things, our ability to generate net operating income in excess of required debt payments. If we are unable to fund capital expenditures on our properties, we may not be able to preserve the competitiveness of our properties, which could adversely affect our net operating income.

Our ability to make payments to our investors depends on our ability to generate net operating income in excess of required debt payments and capital expenditure requirements. Our net operating income and liquidity may be adversely affected by events or conditions beyond our control, including:

the general economic climate;

an inflationary environment in which the costs to operate and maintain our properties increase at a rate greater than our ability to increase rents which we can only do upon renewal of existing leases or at the inception of new leases;

competition from other apartment communities and other housing options;

local conditions, such as loss of jobs, unemployment rates or an increase in the supply of apartments, that might adversely affect apartment occupancy or rental rates;

changes in governmental regulations and the related cost of compliance;

changes in tax laws and housing laws, including the enactment of rent control laws or other laws regulating multifamily housing; and

changes in interest rates and the availability of financing.

Covenant restrictions may limit our ability to make payments to our investors.

Some of our debt and other securities contain covenants that restrict our ability to make distributions or other payments to our investors unless certain financial tests or other criteria are satisfied. Our credit facility provides, among other things, that we may make distributions to our investors during any four consecutive fiscal quarters in an aggregate amount that does not exceed the greater of 95% of our Funds From Operations for such period, subject to certain non-cash adjustments, or such amount as may be necessary to maintain Aimco's REIT status. Our outstanding classes of preferred OP Units prohibit the payment of distributions on our common OP Units if we fail to pay the distributions to which the holders of the preferred OP Units are entitled.

Because real estate investments are relatively illiquid, we may not be able to sell properties when appropriate.

Real estate investments are relatively illiquid and cannot always be sold quickly. REIT tax rules applicable to Aimco also restrict our ability to sell properties. Thus, we may not be able to change our portfolio promptly in response to changes in economic or other market conditions. Our ability to dispose of assets in the future will

H-10

Table of Contents

depend on prevailing economic and market conditions, including the cost and availability of financing. This could have a material adverse effect on our financial condition or results of operations.

Competition could limit our ability to lease apartments or increase or maintain rents.

Our apartment properties compete for residents with other housing alternatives, including other rental apartments, condominiums and single-family homes that are available for rent, as well as new and existing condominiums and single-family homes for sale. Competitive residential housing in a particular area could adversely affect our ability to lease apartments and to increase or maintain rental rates. Recent challenges in the credit and housing markets have increased housing inventory that competes with our apartment properties.

Our subsidiaries may be prohibited from making distributions and other payments to us.

All of our properties are owned, and all of our operations are conducted, by our subsidiaries. As a result, we depend on distributions and other payments from these subsidiaries in order to satisfy our financial obligations and make payments to our investors. The ability of our subsidiaries to make such distributions and other payments depends on their earnings and cash flows and may be subject to statutory or contractual limitations. As an equity investor in our subsidiaries, our right to receive assets upon their liquidation or reorganization will be effectively subordinated to the claims of their creditors. To the extent that we are recognized as a creditor of such subsidiaries, our claims may still be subordinate to any security interest in or other lien on their assets and to any of their debt or other obligations that are senior to our claims.

Redevelopment and construction risks could affect our profitability.

We intend to continue to redevelop certain of our properties. These activities are subject to the following risks:

we may be unable to obtain, or experience delays in obtaining, necessary zoning, occupancy, or other required governmental or third party permits and authorizations, which could result in increased costs or the delay or abandonment of opportunities;

we may incur costs that exceed our original estimates due to increased material, labor or other costs, such as litigation;

we may be unable to complete construction and lease up of a property on schedule, resulting in increased construction and financing costs and a decrease in expected rental revenues;

occupancy rates and rents at a property may fail to meet our expectations for a number of reasons, including changes in market and economic conditions beyond our control and the development by competitors of competing communities;

we may be unable to obtain financing with favorable terms, or at all, for the proposed development of a property, which may cause us to delay or abandon an opportunity;

we may abandon opportunities that we have already begun to explore for a number of reasons, including changes in local market conditions or increases in construction or financing costs, and, as a result, we may fail to recover expenses already incurred in exploring those opportunities;

we may incur liabilities to third parties during the redevelopment process, for example, in connection with resident lease terminations, or managing existing improvements on the site prior to resident lease

terminations; and

loss of a key member of a project team could adversely affect our ability to deliver redevelopment projects on time and within our budget.

We are insured for certain risks, and the cost of insurance, increased claims activity or losses resulting from casualty events may affect our operating results and financial condition.

We are insured for a portion of our consolidated properties' exposure to casualty losses resulting from fire, earthquake, hurricane, tornado, flood and other perils, which insurance is subject to deductibles and self-insurance

H-11

Table of Contents

retention. We recognize casualty losses or gains based on the net book value of the affected property and the amount of any related insurance proceeds. In many instances, the actual cost to repair or replace the property may exceed its net book value and any insurance proceeds. We also insure certain unconsolidated properties for a portion of their exposure to such losses. With respect to our consolidated properties, we recognize the uninsured portion of losses as part of casualty losses in the periods in which they are incurred. In addition, we are self-insured for a portion of our exposure to third-party claims related to our employee health insurance plans, workers' compensation coverage and general liability exposure. With respect to our insurance obligations to unconsolidated properties and our exposure to claims of third parties, we establish reserves at levels that reflect our known and estimated losses. The ultimate cost of losses and the impact of unforeseen events may vary materially from recorded reserves, and variances may adversely affect our operating results and financial condition. We purchase insurance to reduce our exposure to losses and limit our financial losses on large individual risks. The availability and cost of insurance are determined by market conditions outside our control. No assurance can be made that we will be able to obtain and maintain insurance at the same levels and on the same terms as we do today. If we are not able to obtain or maintain insurance in amounts we consider appropriate for our business, or if the cost of obtaining such insurance increases materially, we may have to retain a larger portion of the potential loss associated with our exposures to risks.

Natural disasters and severe weather may affect our operating results and financial condition.

Natural disasters and severe weather such as hurricanes may result in significant damage to our properties. The extent of our casualty losses and loss in operating income in connection with such events is a function of the severity of the event and the total amount of exposure in the affected area. When we have geographic concentration of exposures, a single catastrophe (such as an earthquake) or destructive weather event (such as a hurricane) affecting a region may have a significant negative effect on our financial condition and results of operations. We cannot accurately predict natural disasters or severe weather, or the number and type of such events that will affect us. As a result, our operating and financial results may vary significantly from one period to the next. Although we anticipate and plan for losses, there can be no assurance that our financial results will not be adversely affected by our exposure to losses arising from natural disasters or severe weather in the future that exceed our previous experience and assumptions.

We depend on our senior management.

Our success depends upon the retention of our senior management, including Terry Considine, Aimco's chief executive officer. We have a succession planning and talent development process that is designed to identify potential replacements and develop our team members to provide depth in the organization and a bench of talent on which to draw. However, there are no assurances that we would be able to find qualified replacements for the individuals who make up our senior management if their services were no longer available. The loss of services of one or more members of our senior management team could have a material adverse effect on our business, financial condition and results of operations. We do not currently maintain key-man life insurance for any of our employees.

If we are not successful in our acquisition of properties, our results of operations could be adversely affected.

The selective acquisition of properties is a component of our strategy. However, we may not be able to complete transactions successfully in the future. Although we seek to acquire properties when such acquisitions increase our property net operating income, Funds From Operations or Net Asset Value, such transactions may fail to perform in accordance with our expectations. In particular, following acquisition, the value and operational performance of a property may be diminished if obsolescence or neighborhood changes occur before we are able to redevelop or sell the property.

We may be subject to litigation associated with partnership transactions that could increase our expenses and prevent completion of beneficial transactions.

We have engaged in, and intend to continue to engage in, the selective acquisition of interests in partnerships controlled by us that own apartment properties. In some cases, we have acquired the general partner of a partnership

H-12

Table of Contents

and then made an offer to acquire the limited partners' interests in the partnership. In these transactions, we may be subject to litigation based on claims that we, as the general partner, have breached our fiduciary duty to our limited partners or that the transaction violates the relevant partnership agreement or state law. Although we intend to comply with our fiduciary obligations and the relevant partnership agreements, we may incur additional costs in connection with the defense or settlement of this type of litigation. In some cases, this type of litigation may adversely affect our desire to proceed with, or our ability to complete, a particular transaction. Any litigation of this type could also have a material adverse effect on our financial condition or results of operations.

Government housing regulations may limit the opportunities at some of our properties and failure to comply with resident qualification requirements may result in financial penalties and/or loss of benefits, such as rental revenues paid by government agencies. Additionally, the government may cease to operate government housing programs which would result in a loss of benefits.

We own consolidated and unconsolidated equity interests in certain properties and manage other properties that benefit from governmental programs intended to provide housing to people with low or moderate incomes. These programs, which are usually administered by the U.S. Department of Housing and Urban Development, or HUD, or state housing finance agencies, typically provide one or more of the following: mortgage insurance; favorable financing terms; tax-credit equity; or rental assistance payments to the property owners. As a condition of the receipt of assistance under these programs, the properties must comply with various requirements, which typically limit rents to pre-approved amounts and limit our choice of residents to those with incomes at or below certain levels. Failure to comply with these requirements may result in financial penalties or loss of benefits. We are usually required to obtain the approval of HUD in order to acquire or dispose of a significant interest in or manage a HUD-assisted property. We may not always receive such approval.

Additionally, there is no guarantee that the government will continue to operate these programs. Any cessation of these government housing programs may result in our loss of the benefits we receive under these programs, including rental subsidies. During 2010, 2009 and 2008, for continuing operations, our rental revenues include \$131.4 million, \$126.9 million and \$119.5 million, respectively, of subsidies from government agencies. Of the 2010 subsidy amounts, approximately 10.7% related to properties subject to housing assistance contracts that expire in 2011, which we anticipate renewing, and the remainder related to properties subject to housing assistance contracts that expire after 2011 and have a weighted average term of 10.8 years. Any loss of these benefits may adversely affect our liquidity and results of operations.

Laws benefiting disabled persons may result in our incurrence of unanticipated expenses.

Under the Americans with Disabilities Act of 1990, or ADA, all places intended to be used by the public are required to meet certain Federal requirements related to access and use by disabled persons. The Fair Housing Amendments Act of 1988, or FHAA, requires apartment properties first occupied after March 13, 1991, to comply with design and construction requirements for disabled access. For those projects receiving Federal funds, the Rehabilitation Act of 1973 also has requirements regarding disabled access. These and other Federal, state and local laws may require modifications to our properties, or affect renovations of the properties. Noncompliance with these laws could result in the imposition of fines or an award of damages to private litigants and also could result in an order to correct any non-complying feature, which could result in substantial capital expenditures. Although we believe that our properties are substantially in compliance with present requirements, we may incur unanticipated expenses to comply with the ADA, the FHAA and the Rehabilitation Act of 1973 in connection with the ongoing operation or redevelopment of our properties.

Potential liability or other expenditures associated with potential environmental contamination may be costly.

Various Federal, state and local laws subject property owners or operators to liability for management, and the costs of removal or remediation, of certain potentially hazardous materials present on a property, including lead-based paint, asbestos, polychlorinated biphenyls, petroleum-based fuels, and other miscellaneous materials. Such laws often impose liability without regard to whether the owner or operator knew of, or was responsible for, the release or presence of such materials. The presence of, or the failure to manage or remedy properly, these materials

H-13

Table of Contents

may adversely affect occupancy at affected apartment communities and the ability to sell or finance affected properties. In addition to the costs associated with investigation and remediation actions brought by government agencies, and potential fines or penalties imposed by such agencies in connection therewith, the improper management of these materials on a property could result in claims by private plaintiffs for personal injury, disease, disability or other infirmities. Various laws also impose liability for the cost of removal, remediation or disposal of these materials through a licensed disposal or treatment facility. Anyone who arranges for the disposal or treatment of these materials is potentially liable under such laws. These laws often impose liability whether or not the person arranging for the disposal ever owned or operated the disposal facility. In connection with the ownership, operation and management of properties, we could potentially be responsible for environmental liabilities or costs associated with our properties or properties we acquire or manage in the future.

Moisture infiltration and resulting mold remediation may be costly.

Although we are proactively engaged in managing moisture intrusion and preventing the presence of mold at our properties, it is not unusual for mold to be present at some units within the portfolio. We have implemented policies, procedures, third-party audits and training, and include a detailed moisture intrusion and mold assessment during acquisition due diligence. We believe these measures will manage mold exposure at our properties and will minimize the effects that mold may have on our residents. To date, we have not incurred any material costs or liabilities relating to claims of mold exposure or to abate mold conditions. We have only limited insurance coverage for property damage claims arising from the presence of mold and for personal injury claims related to mold exposure. Because the law regarding mold is unsettled and subject to change, we can make no assurance that liabilities resulting from the presence of or exposure to mold will not have a material adverse effect on our consolidated financial condition or results of operations.

Aimco's failure to qualify as a REIT would place us in default under our primary credit facilities.

Aimco believes it operates, and has always operated, in a manner that enables it to meet the requirements for qualification as a REIT for Federal income tax purposes. However, Aimco's current and continuing qualification as a REIT depends on its ability to meet the various requirements imposed by the Code, which are related to organizational structure, distribution levels, diversity of stock ownership and certain restrictions with regard to owned assets and categories of income. These requirements are complex and accordingly there can be no assurances that the Internal Revenue Service will not contend that Aimco has violated provisions of the Code and fails to qualify as a REIT. If Aimco fails to qualify as a REIT, we would then be in default under our primary credit facilities.

REIT distribution requirements limit our available cash.

As a REIT, Aimco is subject to annual distribution requirements. As Aimco's operating partnership, we pay distributions intended to enable Aimco to satisfy these distribution requirements. This limits the amount of cash we have available for other business purposes, including amounts to fund our growth.

Aimco's charter and Maryland law may limit the ability of a third party to acquire control of Aimco and, therefore, us.

A third party is not likely to make an offer to acquire us unless that third party is also acquiring control of Aimco. Aimco's charter limits ownership of its Class A Common Stock by any single stockholder (applying certain beneficial ownership rules under the Federal securities laws) to 8.7% (or up to 9.8% upon a waiver from Aimco's board of directors) of its outstanding shares of Class A Common Stock, or 15% in the case of certain pension trusts, registered investment companies and Mr. Considine. Aimco's charter also limits ownership of its Class A Common Stock and preferred stock by any single stockholder to 8.7% of the value of the outstanding Class A Common Stock and

preferred stock, or 15% in the case of certain pension trusts, registered investment companies and Mr. Considine. The ownership limit in Aimco's charter may have the effect of delaying or precluding acquisition of control of Aimco by a third party without the consent of Aimco's board of directors. Aimco's charter authorizes its board of directors to issue up to 510,587,500 shares of capital stock. As of December 31, 2010, 422,157,736 shares were classified as Class A Common Stock, of which 117,642,872 were outstanding, and 88,429,764 shares were

H-14

Table of Contents

classified as preferred stock, of which 24,900,114 were outstanding. Under Aimco's charter, its board of directors has the authority to classify and reclassify any of Aimco's unissued shares of capital stock into shares of capital stock with such preferences, conversion or other rights, voting power restrictions, limitation as to dividends, qualifications or terms or conditions of redemptions as Aimco's board of directors may determine. The authorization and issuance of a new class of capital stock could have the effect of delaying or preventing someone from taking control of Aimco, even if a change in control was in the best interests of Aimco's stockholders or the Partnership's Limited Partners.

The Maryland General Corporation Law may limit the ability of a third party to acquire control of Aimco and us.

As noted above, a third party is not likely to make an offer to acquire the Partnership unless that third party is also acquiring control of Aimco. As a Maryland corporation, Aimco is subject to various Maryland laws that may have the effect of discouraging offers to acquire Aimco and of increasing the difficulty of consummating any such offers, even if an acquisition would be in the best interests of Aimco's stockholders or the Partnership's Limited Partners. The Maryland General Corporation Law, specifically the Maryland Business Combination Act, restricts mergers and other business combination transactions between Aimco and any person who acquires, directly or indirectly, beneficial ownership of shares of Aimco's stock representing 10% or more of the voting power without prior approval of Aimco's board of directors. Any such business combination transaction could not be completed until five years after the person acquired such voting power, and generally only with the approval of stockholders representing 80% of all votes entitled to be cast and 66²/₃% of the votes entitled to be cast, excluding the interested stockholder, or upon payment of a fair price. The Maryland General Corporation Law, specifically the Maryland Control Share Acquisition Act, provides generally that a person who acquires shares of Aimco's capital stock representing 10% or more of the voting power in electing directors will have no voting rights unless approved by a vote of two-thirds of the shares eligible to vote. Additionally, the Maryland General Corporation Law provides, among other things, that the board of directors has broad discretion in adopting stockholders' rights plans and has the sole power to fix the record date, time and place for special meetings of the stockholders. To date, Aimco has not adopted a shareholders' rights plan. In addition, the Maryland General Corporation Law provides that corporations that:

have at least three directors who are not officers or employees of the entity or related to an acquiring person; and

has a class of equity securities registered under the Securities Exchange Act of 1934, as amended,

may elect in their charter or bylaws or by resolution of the board of directors to be subject to all or part of a special subtitle that provides that:

the corporation will have a staggered board of directors;

any director may be removed only for cause and by the vote of two-thirds of the votes entitled to be cast in the election of directors generally, even if a lesser proportion is provided in the charter or bylaws;

the number of directors may only be set by the board of directors, even if the procedure is contrary to the charter or bylaws;

vacancies may only be filled by the remaining directors, even if the procedure is contrary to the charter or bylaws; and

the secretary of the corporation may call a special meeting of stockholders at the request of stockholders only on the written request of the stockholders entitled to cast at least a majority of all the votes entitled to be cast at the meeting, even if the procedure is contrary to the charter or bylaws.

To date, Aimco has not made any of the elections described above.

H-16

Table of Contents

At December 31, 2010, we owned an equity interest in and consolidated 399 properties containing 89,875 apartment units, which we refer to as consolidated properties. These consolidated properties contain, on average, 225 apartment units, with the largest property containing 2,113 apartment units. These properties offer residents a range of amenities, including swimming pools, clubhouses, spas, fitness centers, dog parks and open spaces. Many of the apartment units offer features such as vaulted ceilings, fireplaces, washer and dryer connections, cable television, balconies and patios. Additional information on our consolidated properties is contained in Schedule III Real Estate and Accumulated Depreciation in this Annual Report on Form 10-K. At December 31, 2010, we held an equity interest in and did not consolidate 48 properties containing 5,637 apartment units, which we refer to as unconsolidated properties. In addition, we provided property management services for 20 properties containing 2,373 apartment units, and asset management services for 301 properties containing 24,809 apartment units. In certain cases, we may indirectly own generally less than one percent of the economic interest in such properties through a partnership syndication or other fund.

Substantially all of our consolidated properties are encumbered by property debt. At December 31, 2010, our consolidated properties were encumbered by aggregate property debt totaling \$5,457.8 million having an aggregate weighted average interest rate of 5.52%. Such property debt was collateralized by 388 properties with a combined net book value of \$6,444.4 million. Included in the 388 properties, we had a total of 16 property loans on 13 properties, with an aggregate principal balance outstanding of \$294.8 million, that were each collateralized by property and cross-collateralized with certain (but not all) other property loans within this group of property loans (see Note 6 of the consolidated financial statements in Item 8 for additional information about our property debt).

Item 3. Legal Proceedings

None.

Item 4. (Removed and Reserved)**PART II****Item 5. Market for the Registrant's Common Equity, Related Stockholder Matters and Issuer Purchases of Equity Securities**

There is no public market for our OP Units, and we do not intend to list our OP Units on any securities exchange. In addition, the Partnership Agreement restricts the transferability of OP Units. The following table sets forth the distributions declared per common OP Unit in each quarterly period during the two years ended December 31, 2010 and 2009:

Quarter Ended	2010	2009
December 31	\$ 0.10	\$ 0.20
September 30	0.10	0.10
June 30	0.10	0.10
March 31	0.00	0.00

Aimco's board of directors determines and declares Aimco's dividends. In making a dividend determination, Aimco's board of directors considers a variety of factors, including: REIT distribution requirements; current market conditions; liquidity needs and other uses of cash, such as for deleveraging and accretive investment activities. In February 2011, Aimco's board of directors declared a cash dividend of \$0.12 per share on its Class A Common Stock for the quarter

ended December 31, 2010. Aimco's board of directors anticipates similar per share quarterly dividends for the remainder of 2011. However, Aimco's board of directors may adjust the dividend amount or the frequency with which the dividend is paid based on then prevailing facts and circumstances. We intend for our distributions to be consistent with Aimco's dividends.

On February 22, 2011, there were 124,241,054 common OP Units outstanding, held by 2,351 unitholders of record.

H-17

Table of Contents

Our Partnership Agreement generally provides that after holding the common OP Units for one year, our Limited Partners have the right to redeem their common OP Units for cash, subject to our prior right to cause Aimco to acquire some or all of the common OP Units tendered for redemption in exchange for shares of Aimco Class A Common Stock. Common OP Units redeemed for shares of Aimco Class A Common Stock are generally exchanged on a one-for-one basis (subject to antidilution adjustments).

No common OP Units or preferred OP Units were redeemed in exchange for shares of Aimco Class A Common Stock in 2010. The following table summarizes repurchases of our equity securities for the three months ended December 31, 2010:

Fiscal Period	Total Number of Units Purchased	Average Price Paid per Unit	Total Number of Units Purchased as Part of Publicly Announced Plans or Programs(1)	Maximum Number of Units that May Yet Be Purchased Under Plans or Programs (2)
October 1 – October 31, 2010	65,329	\$ 21.76	N/A	N/A
November 1 – November 30, 2010	2,844	23.38	N/A	N/A
December 1 – December 31, 2010	16,820	24.37	N/A	N/A
Total	84,993	\$ 22.33		

- (1) The terms of our Partnership Agreement do not provide for a maximum number of units that may be repurchased, and other than the express terms of our Partnership Agreement, we have no publicly announced plans or programs of repurchase. However, whenever Aimco repurchases its Class A Common Stock, it is expected that Aimco will fund the repurchase with a concurrent repurchase by us of common OP Units held by Aimco at a price per unit that is equal to the price per share paid for the Class A Common Stock.
- (2) Aimco's board of directors has, from time to time, authorized Aimco to repurchase shares of its Class A Common Stock. There were no repurchases of Aimco's equity securities during the year ended December 31, 2010. As of December 31, 2010, Aimco was authorized to repurchase approximately 19.3 million shares. This authorization has no expiration date. These repurchases may be made from time to time in the open market or in privately negotiated transactions.

Distribution Payments

Our Credit Agreement includes customary covenants, including a restriction on distributions and other restricted payments, but permits distributions during any four consecutive fiscal quarters in an aggregate amount of up to 95% of our Funds From Operations for such period, subject to certain non-cash adjustments, or such amount as may be necessary for Aimco to maintain its REIT status.

Table of Contents

- (2) Total operating expenses, operating income and loss from continuing operations for the year ended December 31, 2008, include a \$91.1 million pre-tax provision for impairment losses on real estate development assets, which is discussed further in *Management's Discussion and Analysis of Financial Condition and Results of Operations* in Item 7.
- (3) Income from discontinued operations for the years ended December 31, 2010, 2009, 2008, 2007 and 2006 includes \$94.9 million, \$221.8 million, \$800.3 million, \$116.1 million and \$336.2 million in gains on disposition of real estate, respectively. Income from discontinued operations for 2010, 2009 and 2008 is discussed further in *Management's Discussion and Analysis of Financial Condition and Results of Operations* in Item 7.
- (4) As further discussed in Note 11 to the consolidated financial statements in Item 8, distributions declared per common unit during the years ended December 31, 2008 and 2007, included \$5.08 and \$1.91, respectively, of per unit distributions that were paid to Aimco through the issuance of common OP Units.

Item 7. *Management's Discussion and Analysis of Financial Condition and Results of Operations*

Executive Overview

We are the operating partnership for Aimco, which is a self-administered and self-managed real estate investment trust, or REIT. Our principal financial objective is to provide predictable and attractive returns to our unitholders. Our business plan to achieve this objective is to:

own and operate a broadly diversified portfolio of primarily class B/B+ assets with properties concentrated in the 20 largest markets in the United States (as measured by total apartment value, which is the estimated total market value of apartment properties in a particular market);

improve our portfolio by selling assets with lower projected returns and reinvesting those proceeds through the purchase of new assets or additional investment in existing assets in our portfolio, including increased ownership or redevelopment; and

provide financial leverage primarily by the use of non-recourse, long-dated, fixed-rate property debt and perpetual preferred equity.

Our owned real estate portfolio includes 219 conventional properties with 68,972 units and 228 affordable properties with 26,540 units. Our conventional and affordable properties comprise 88% and 12%, respectively, of our total property Net Asset Value. For the three months ended December 31, 2010, our conventional portfolio monthly rents averaged \$1,052 and provided 62% operating margins. These average rents increased from \$1,042 for the three months ended December 31, 2009. Notwithstanding the economic challenges of the last several years, our diversified portfolio of conventional and affordable properties generated improved property operating results from 2007 to 2010. From 2007 to 2010, the net operating income of our same store properties and total real estate operations increased by 1.2% and 5.8%, respectively.

We continue to work toward simplifying our business, including de-emphasizing transaction-based activity fees and, as a result, reducing the cost of personnel involved in those activities. Revenues from transactional activities decreased from \$68.2 million during 2008 to \$7.9 million during 2010, and during 2010 transactional activities generated approximately 3.0% of our Pro forma Funds From Operations (defined below). Additionally, we have reduced our offsite costs by \$16.8 million. Our 2010, 2009 and 2008 results are discussed in the Results of Operations section below.

We upgrade the quality of our portfolio through the sale of assets with lower projected returns, which are often in markets less desirable than our target markets, and reinvest these proceeds through the purchase of new assets or additional investment in existing assets in our portfolio, through increased ownership or redevelopment. We prefer the redevelopment of select properties in our existing portfolio to ground-up development, as we believe it provides superior risk adjusted returns with lower volatility.

Our leverage strategy focuses on increasing financial returns while minimizing risk. At December 31, 2010, approximately 86% of our leverage consisted of property-level, non-recourse, long-dated, fixed-rate, amortizing debt and 13% consisted of perpetual preferred equity, a combination which helps to limit our refunding and re-

H-20

Table of Contents

pricing risk. At December 31, 2010, we had no outstanding corporate level debt. Our leverage strategy limits refunding risk on our property-level debt. At December 31, 2010, the weighted average maturity of our property-level debt was 7.8 years, with 2% of our debt maturing in 2011, less than 9% maturing in 2012, and on average approximately 7% maturing in each of 2013, 2014 and 2015. Long duration, fixed-rate liabilities provide a hedge against increases in interest rates and inflation. Approximately 91% of our property-level debt is fixed-rate. Of the \$104.9 million of property debt maturing during 2011, we completed the refinance of \$79.4 million in February 2011, and we are focusing on refinancing our property debt maturing during 2012 through 2015 to extend maturities and lock in current low interest rates.

During 2010, we repaid the remaining \$90.0 million on our term loan. We also expanded our credit facility from \$180.0 million to \$300.0 million, providing additional liquidity for short-term or unexpected cash requirements. As of December 31, 2010, we had the capacity to borrow \$260.3 million pursuant to our credit facility (after giving effect to \$39.7 million outstanding for undrawn letters of credit). The revolving credit facility matures May 1, 2013, and may be extended for an additional year, subject to certain conditions.

The key financial indicators that we use in managing our business and in evaluating our financial condition and operating performance are: Net Asset Value; Pro forma Funds From Operations, which is Funds From Operations excluding operating real estate impairment losses and preferred equity redemption related amounts; Adjusted Funds From Operations, which is Pro forma Funds From Operations less spending for Capital Replacements; property net operating income, which is rental and other property revenues less direct property operating expenses, including real estate taxes; proportionate property net operating income, which reflects our share of property net operating income of our consolidated and unconsolidated properties; same store property operating results; Free Cash Flow, which is net operating income less spending for Capital Replacements; Free Cash Flow internal rate of return; financial coverage ratios; and leverage as shown on our balance sheet. Funds From Operations represents net income or loss, computed in accordance with GAAP, excluding gains from sales of depreciable property, plus depreciation and amortization, and after adjustments for unconsolidated partnerships and joint ventures. The key macro-economic factors and non-financial indicators that affect our financial condition and operating performance are: household formations; rates of job growth; single-family and multifamily housing starts; interest rates; and availability and cost of financing.

Because our operating results depend primarily on income from our properties, the supply and demand for apartments influences our operating results. Additionally, the level of expenses required to operate and maintain our properties and the pace and price at which we redevelop, acquire and dispose of our apartment properties affect our operating results. Our cost of capital is affected by the conditions in the capital and credit markets and the terms that we negotiate for our equity and debt financings.

Highlights of our results of operations for the year ended December 31, 2010, are summarized below:

Average daily occupancy for our Conventional Same Store properties increased 200 basis points, from 94.1% in 2009 to 96.1% in 2010.

Conventional Same Store revenues and expenses for 2010, decreased by 0.2% and 1.0%, respectively, as compared to 2009, resulting in a 0.2% increase in net operating income.

Total Same Store revenues and expenses for 2010 increased by 0.2% and decreased by 0.8%, respectively, as compared to 2009, resulting in a 0.8% increase in net operating income.

Net operating income for our real estate portfolio (continuing operations) increased 2.3% for the year ended December 31, 2010 as compared to 2009.

Property sales declined in 2010 as compared to 2009, as property sales completed through July 2010 allowed us to fully repay the remainder of our term debt.

The following discussion and analysis of the results of our operations and financial condition should be read in conjunction with the accompanying consolidated financial statements in Item 8.

H-21

Table of Contents

Results of Operations

Overview

2010 compared to 2009

We reported net loss attributable to the Partnership of \$75.5 million and net loss attributable to the Partnership's common unitholders of \$134.0 million for the year ended December 31, 2010, compared to net loss attributable to the Partnership of \$66.4 million and net loss attributable to the Partnership's common unitholders of \$123.3 million for the year ended December 31, 2009, increases of \$9.1 million and \$10.7 million, respectively. These increases in net loss were principally due to the following items, all of which are discussed in further detail below:

a decrease in income from discontinued operations, primarily related to a decrease in gains on dispositions of real estate due to fewer property sales in 2010 as compared to 2009; and

a decrease in asset management and tax credit revenues, primarily due to decreased amortization of deferred tax credit income and a de-emphasis on transaction-based fees.

The effects of these items on our operating results were partially offset by:

an increase in net operating income of our properties included in continuing operations, reflecting improved operations;

a decrease in provisions for losses on notes receivable, primarily due to the impairment during 2009 of our interest in Casden Properties; and

a decrease in earnings allocated to noncontrolling interests in consolidated real estate partnerships, primarily due to their share of the decrease in gains on disposition of consolidated real estate properties as discussed above.

2009 compared to 2008

We reported net loss attributable to the Partnership of \$66.4 million and net loss attributable to the Partnership's common unitholders of \$123.3 million for the year ended December 31, 2009, compared to net income attributable to the Partnership of \$472.0 million and net income attributable to the Partnership's common unitholders of \$403.7 million for the year ended December 31, 2008, decreases of \$538.4 million and \$527.0 million, respectively. These decreases in net income were principally due to the following items, all of which are discussed in further detail below:

a decrease in income from discontinued operations, primarily related to a decrease in gains on dispositions of real estate due to fewer property sales in 2009 as compared to 2008;

a decrease in gain on dispositions of unconsolidated real estate and other, primarily due to a large gain on the sale of an interest in an unconsolidated real estate partnership in 2008;

an increase in depreciation and amortization expense, primarily related to completed redevelopments and capital additions placed in service for partial periods during 2008 or 2009; and

a decrease in asset management and tax credit revenues, primarily due to a reduction in promote income, which is income earned in connection with the disposition of properties owned by our consolidated joint ventures.

The effects of these items on our operating results were partially offset by:

a decrease in general and administrative expenses, primarily related to reductions in personnel and related expenses from our organizational restructuring activities during 2008 and 2009;

impairment losses on real estate development assets in 2008, for which no similar impairments were recognized in 2009; and

a decrease in earnings allocable to noncontrolling interests, primarily due to a decrease in the noncontrolling interests' share of the decrease in gains on sales discussed above.

H-22

Table of Contents

The following paragraphs discuss these and other items affecting the results of our operations in more detail.

Real Estate Operations

Our real estate portfolio is comprised of two business components: conventional real estate operations and affordable real estate operations, which also represent our two reportable segments. Our conventional real estate portfolio consists of market-rate apartments with rents paid by the resident and includes 219 properties with 68,972 units. Our affordable real estate portfolio consists of 228 properties with 26,540 units, with rents that are generally paid, in whole or part, by a government agency. Our conventional and affordable properties contributed 87% and 13%, respectively, of proportionate property net operating income amounts during the year ended December 31, 2010.

In accordance with accounting principles generally accepted in the United States of America, or GAAP, we consolidate certain properties in which we hold an insignificant economic interest and in some cases we do not consolidate other properties in which we have a significant economic interest. Due to the diversity of our economic ownership interests in our properties, our chief operating decision maker emphasizes proportionate property net operating income as a key measurement of segment profit or loss. Accordingly, the results of operations of our conventional and affordable segments discussed below are presented on a proportionate basis.

We do not include property management revenues and expenses or casualty related amounts in our assessment of segment performance. Accordingly, these items are not allocated to our segment results discussed below. The effects of these items on our real estate operations results are discussed below on a consolidated basis, that is, before adjustments for noncontrolling interests or our interest in unconsolidated real estate partnerships.

The tables and discussions below reflect the proportionate results of our conventional and affordable segments and the consolidated results related to our real estate operations not allocated to segments for the years ended December 31, 2010, 2009 and 2008 (in thousands). The tables and discussions below exclude the results of operations for properties included in discontinued operations as of December 31, 2010. Refer to Note 17 in the consolidated financial statements in Item 8 for further discussion regarding our reporting segments, including a reconciliation of these proportionate amounts to consolidated rental and other property revenues and property operating expenses.

Conventional Real Estate Operations

Our conventional segment consists of conventional properties we classify as same store, redevelopment and other conventional properties. Same store properties are properties we manage and that have reached and maintained a stabilized level of occupancy during the current and prior year comparable period. Redevelopment properties are those in which a substantial number of available units have been vacated for major renovations or have not been stabilized in occupancy for at least one year as of the earliest period presented, or for which other significant non-unit renovations are underway or have been complete for less than one year. Other conventional properties may include conventional properties that have significant rent control restrictions, acquisition properties, university housing properties and properties that are not multifamily, such as commercial properties or fitness

Table of Contents

centers. Our definitions of same store and redevelopment properties may result in these populations differing for the purpose of comparing 2010 to 2009 results and 2009 to 2008 results.

	Year Ended December 31,			%
	2010	2009	\$ Change	
Rental and other property revenues:				
Conventional same store	\$ 641,282	\$ 642,784	\$ (1,502)	(0.2)%
Conventional redevelopment	113,273	107,461	5,812	5.4%
Other Conventional	71,414	70,065	1,349	1.9%
Total	825,969	820,310	5,659	0.7%
Property operating expenses:				
Conventional same store	247,658	250,062	(2,404)	(1.0)%
Conventional redevelopment	40,915	42,206	(1,291)	(3.1)%
Other Conventional	34,689	33,990	699	2.1%
Total	323,262	326,258	(2,996)	(0.9)%
Property net operating income:				
Conventional same store	393,624	392,722	902	0.2%
Conventional redevelopment	72,358	65,255	7,103	10.9%
Other Conventional	36,725	36,075	650	1.8%
Total	\$ 502,707	\$ 494,052	\$ 8,655	1.8%

For the year ended December 31, 2010, as compared to 2009, our conventional segment's proportionate property net operating income increased \$8.7 million, or 1.8%.

Conventional same store net operating income increased by \$0.9 million. This increase was attributable to a \$2.4 million decrease in expense primarily due to a reduction during 2010 of previously estimated real estate tax obligations resulting from successful appeals settled during the period, and decreases in marketing expenses and unit turn costs, partially offset by increases in contract services, insurance and administrative costs. This decrease in expense was partially offset by a \$1.5 million decrease in revenue, primarily due to lower average rent (approximately \$34 per unit). The decrease in average rent was partially offset by a 200 basis point increase in average physical occupancy and higher utility reimbursement and miscellaneous income. Rental rates on new leases transacted during the year ended December 31, 2010, were 2.3% lower than expiring lease rates and renewal rates were 1.5% higher than expiring lease rates.

The net operating income of our conventional redevelopment properties increased by \$7.1 million, primarily due to a \$5.8 million increase in revenue resulting from higher average physical occupancy and an increase in utility reimbursement and miscellaneous income, and a \$1.3 million reduction in expense primarily related to marketing expenses, partially offset by higher insurance.

Table of Contents

Our other conventional net operating income increased by \$0.7 million, primarily due to increases in both revenue and expense of approximately 2.0%.

	Year Ended December 31,			%
	2009	2008	\$ Change	Change
Rental and other property revenues:				
Conventional same store	\$ 585,501	\$ 600,907	\$ (15,406)	(2.6)%
Conventional redevelopment	165,480	153,983	11,497	7.5%
Other Conventional	69,329	68,126	1,203	1.8%
Total	820,310	823,016	(2,706)	(0.3)%
Property operating expenses:				
Conventional same store	226,572	225,694	878	0.4%
Conventional redevelopment	65,996	65,111	885	1.4%
Other Conventional	33,690	31,527	2,163	6.9%
Total	326,258	322,332	3,926	1.2%
Property net operating income:				
Conventional same store	358,929	375,213	(16,284)	(4.3)%
Conventional redevelopment	99,484	88,872	10,612	11.9%
Other Conventional	35,639	36,599	(960)	(2.6)%
Total	\$ 494,052	\$ 500,684	\$ (6,632)	(1.3)%

For the year ended December 31, 2009, as compared to 2008, our conventional segment's proportionate property net operating income decreased \$6.6 million, or 1.3%.

Our conventional same store net operating income decreased \$16.3 million, or 4.3%. This decrease was primarily attributable to a \$15.4 million decrease in revenue, primarily due to a 2.5% decline in rental rates and a 90 basis point decrease in occupancy, partially offset by an increase in utility reimbursements and miscellaneous income. The decrease was also attributable to a \$0.9 million increase in expense, primarily due to higher insurance and personnel costs, partially offset by lower administrative costs.

Conventional redevelopment net operating income increased by \$10.6 million, primarily due to an \$11.5 million increase in revenue. Revenue increased due to more units in service at these properties during 2009 and an increase in utility reimbursements and miscellaneous income. This increase in revenue was partially offset by a \$0.9 million increase in expense, primarily related to higher real estate taxes, partially offset by lower administrative costs.

Our other conventional net operating income decreased by \$0.9 million, primarily due to a 6.9% increase in expenses partially offset by a 1.8% increase in revenues.

Table of Contents*Affordable Real Estate Operations*

Our affordable segment consists of properties we classify as same store or other (primarily redevelopment properties). Our criteria for classifying affordable properties as same store or redevelopment are consistent with those for our conventional properties described above. Our definitions of same store and redevelopment properties may result in these populations differing for the purpose of comparing 2010 to 2009 results and 2009 to 2008 results.

	Year Ended December 31,			% Change
	2010	2009	\$ Change	
Rental and other property revenues:				
Affordable same store	\$ 116,852	\$ 113,853	\$ 2,999	2.6%
Other Affordable	13,710	12,695	1,015	8.0%
Total	130,562	126,548	4,014	3.2%
Property operating expenses:				
Affordable same store	53,121	53,057	64	0.1%
Other Affordable	5,519	5,998	(479)	(8.0)%
Total	58,640	59,055	(415)	(0.7)%
Property net operating income:				
Affordable same store	63,731	60,796	2,935	4.8%
Other Affordable	8,191	6,697	1,494	22.3%
Total	\$ 71,922	\$ 67,493	\$ 4,429	6.6%

The proportionate property net operating income of our affordable segment increased \$4.4 million, or 6.6%, during the year ended December 31, 2010, as compared to 2009. Affordable same store net operating income increased by \$2.9 million, primarily due to a \$3.0 million increase in revenue due to higher average rent (\$7 per unit) and higher average physical occupancy (18 basis points). The net operating income of our other affordable properties increased by \$1.5 million, primarily due to an increase in revenue driven by higher average rent (\$23 per unit) and higher average occupancy.

	Year Ended December 31,			% Change
	2009	2008	\$ Change	
Rental and other property revenues:				
Affordable same store	\$ 113,853	\$ 109,483	\$ 4,370	4.0%
Other Affordable	12,695	12,209	486	4.0%
Total	126,548	121,692	4,856	4.0%

Property operating expenses:				
Affordable same store	53,057	52,975	82	0.2%
Other Affordable	5,998	6,048	(50)	(0.8)%
Total	59,055	59,023	32	0.1%
Property net operating income:				
Affordable same store	60,796	56,508	4,288	7.6%
Other Affordable	6,697	6,161	536	8.7%
Total	\$ 67,493	\$ 62,669	\$ 4,824	7.7%

Our affordable segment proportionate property net operating income increased \$4.8 million, or 7.7%, during the year ended December 31, 2009, as compared to 2008. Affordable same store net operating income increased \$4.3 million, primarily due to increased revenue. Affordable same store revenue increased by \$4.4 million, primarily due to higher average rent (\$29 per unit), partially offset by lower average physical occupancy (56 basis

H-26

Table of Contents

points). The net operating income of our other affordable properties increased by \$0.5 million, primarily due to an increase in revenues due to higher average rent (\$43 per unit), partially offset by lower average occupancy. The increase in revenues was partially offset by an increase in expenses.

Non-Segment Real Estate Operations

Real estate operations net operating income amounts not attributed to our conventional or affordable segments include property management revenues and expenses and casualty losses, reported in consolidated amounts, which we do not allocate to our conventional or affordable segments for purposes of evaluating segment performance (see Note 17 to the consolidated financial statements in Item 8).

For the year ended December 31, 2010, as compared to 2009, property management revenues decreased by \$2.2 million, from \$5.1 million to \$2.9 million, primarily due to the elimination of revenues related to properties consolidated during 2010 in connection with our adoption of revised accounting guidance regarding consolidation of variable interest entities (see Note 2 to our consolidated financial statements in Item 8). For the year ended December 31, 2010, as compared to 2009, expenses not allocated to our conventional or affordable segments, including property management expenses and casualty losses, decreased by \$3.2 million. Property management expenses decreased by \$3.0 million, from \$51.2 million to \$48.2 million, primarily due to reductions in personnel and related costs attributed to our restructuring activities and casualty losses decreased by \$0.2 million, from \$9.8 million to \$9.6 million.

For the year ended December 31, 2009, as compared to 2008, property management revenues decreased by \$1.3 million, from \$6.4 million to \$5.1 million, primarily due to a decrease in the number of managed properties due to asset sales. For the year ended December 31, 2009, as compared to 2008, expenses not allocated to our conventional or affordable segments decreased by \$16.5 million. Property management expenses decreased by \$16.6 million, from \$67.8 million to \$51.2 million, primarily due to reductions in personnel and related costs attributed to our restructuring activities, and casualty losses increased by \$0.1 million.

Asset Management and Tax Credit Revenues

We perform activities and services for consolidated and unconsolidated real estate partnerships, including portfolio strategy, capital allocation, joint ventures, tax credit syndication, acquisitions, dispositions and other transaction activities. These activities are conducted in part by our taxable subsidiaries, and the related net operating income may be subject to income taxes.

For the year ended December 31, 2010, compared to the year ended December 31, 2009, asset management and tax credit revenues decreased \$14.3 million. This decrease is attributable to an \$8.7 million decrease in income related to our affordable housing tax credit syndication business. Approximately \$3.8 million of this decrease is due to the delivery of historic credits during 2009 for which no comparable credits were delivered during 2010, and the remainder of the decrease is primarily due to a reduction in amortization of deferred tax credit income. Asset management and tax credit revenues also decreased due to a \$2.0 million decrease in current asset management fees due to the elimination of fees on newly consolidated properties, for which the benefit of these fees is now included in noncontrolling interests in consolidated real estate partnerships, a \$1.9 million decrease in disposition and other fees we earn in connection with transactional activities, and a \$1.7 million decrease in promote income, which is income earned in connection with the disposition of properties owned by our consolidated joint ventures.

For the year ended December 31, 2009, compared to the year ended December 31, 2008, asset management and tax credit revenues decreased \$49.0 million. This decrease is primarily attributable to a \$42.8 million decrease in promote income due to fewer sales of joint venture assets in 2009, a \$7.6 million decrease in other general partner transactional

fees, and a \$2.2 million decrease in asset management fees, partially offset by a \$3.6 million increase in revenues related to our affordable housing tax credit syndication business, including syndication fees and other revenue earned in connection with these arrangements.

H-27

Table of Contents

Investment Management Expenses

Investment management expenses consist primarily of the costs of personnel that perform asset management and tax credit activities. For the year ended December 31, 2010, compared to the year ended December 31, 2009, investment management expenses decreased \$1.3 million. This decrease is primarily due to a \$4.3 million reduction in personnel and related costs from our organizational restructurings, partially offset by a \$3.0 million net increase in expenses, primarily related to our write off of previously deferred costs related to tax credit projects we recently abandoned.

For the year ended December 31, 2009, compared to the year ended December 31, 2008, investment management expenses decreased \$9.0 million, primarily due to reductions in personnel and related costs from our organizational restructurings (see Note 4 to the consolidated financial statements in Item 8) and a reduction in transaction costs, which in 2008 include the retrospective application of SFAS 141(R).

Depreciation and Amortization

For the year ended December 31, 2010, compared to the year ended December 31, 2009, depreciation and amortization decreased \$1.6 million, or 0.4%. This decrease was primarily due to depreciation adjustments recognized in 2009 to reduce the carrying amount of certain properties. This decrease was partially offset by an increase in depreciation primarily related to properties we consolidated during 2010 based on our adoption of revised accounting guidance regarding consolidation of variable interest entities (see Note 2 to our consolidated financial statements in Item 8) and completed redevelopments and other capital projects recently placed in service.

For the year ended December 31, 2009, compared to the year ended December 31, 2008, depreciation and amortization increased \$51.2 million, or 13.6%. This increase primarily consists of depreciation related to properties acquired during the latter part of 2008, completed redevelopments and other capital projects placed in service in the latter part of 2009.

Provision for Impairment Losses on Real Estate Development Assets

In connection with the preparation of our 2008 annual financial statements, we assessed the recoverability of our investment in our Lincoln Place property, located in Venice, California. Based upon the decline in land values in Southern California during 2008 and the expected timing of our redevelopment efforts, we determined that the total carrying amount of the property was no longer probable of full recovery and, accordingly, during the three months ended December 31, 2008, recognized an impairment loss of \$85.4 million (\$55.6 million net of tax).

Similarly, we assessed the recoverability of our investment in Pacific Bay Vistas (formerly Treetops), a vacant property located in San Bruno, California, and determined that the carrying amount of the property was no longer probable of full recovery and, accordingly, we recognized an impairment loss of \$5.7 million for this property during the three months ended December 31, 2008.

The impairments discussed above totaled \$91.1 million and are included in provisions for impairment losses on real estate development assets in our consolidated statement of operations for the year ended December 31, 2008 included in Item 8. We recognized no similar impairments on real estate development assets during the years ended December 31, 2010 or 2009.

General and Administrative Expenses

For the year ended December 31, 2010, compared to the year ended December 31, 2009, general and administrative expenses decreased \$3.3 million, or 5.8%. This decrease is primarily attributable to net reductions in personnel and

related expenses, partially offset by an increase in information technology outsourcing costs.

For the year ended December 31, 2009, compared to the year ended December 31, 2008, general and administrative expenses decreased \$23.7 million, or 29.5%. This decrease is primarily attributable to reductions in personnel and related expenses associated with our organizational restructurings (see Note 3 to the consolidated financial statements in Item 8), pursuant to which we eliminated approximately 400, or 36%, of our offsite positions between December 31, 2008 and December 31, 2009.

H-28

Table of Contents

As a result of our restructuring activities, our general and administrative expense as a percentage of total revenues has decreased from 6.8% in 2008, to 5.0% in 2009 and 4.7% in 2010.

Other Expenses, Net

Other expenses, net includes franchise taxes, risk management activities, partnership administration expenses and certain non-recurring items.

For the year ended December 31, 2010, compared to the year ended December 31, 2009, other expenses, net decreased by \$5.0 million. During 2009, we settled certain litigation matters resulting in a net expense in our operations, and in 2010 we settled certain litigation matters that resulted in a net gain in our operations. The effect of the expense in 2009 and gain in 2010 resulted in a \$14.8 million decrease in other expenses, net from 2009 to 2010. This decrease was partially offset by an increase in the cost of our insurance (net of a reduction in the number of properties insured from 2009 to 2010).

For the year ended December 31, 2009, compared to the year ended December 31, 2008, other expenses, net decreased by \$6.8 million. The decrease is primarily attributable to a \$5.4 million write-off during 2008 of certain communications hardware and capitalized costs in 2008, and a \$5.3 million reduction in expenses of our self insurance activities, including a decrease in casualty losses on less than wholly owned properties from 2008 to 2009. These decreases are partially offset by an increase of \$4.8 million in costs related to certain litigation matters.

Restructuring Costs

For the year ended December 31, 2009, we recognized restructuring costs of \$11.2 million, as compared to \$22.8 million in the year ended December 31, 2008, related to our organizational restructurings, which are further discussed in Note 3 to the consolidated financial statements in Item 8. For the year ended December 31, 2010, we recognized no similar restructuring costs.

Interest Income

Interest income consists primarily of interest on notes receivable from non-affiliates and unconsolidated real estate partnerships, interest on cash and restricted cash accounts, and accretion of discounts on certain notes receivable from unconsolidated real estate partnerships. Transactions that result in accretion may occur infrequently and thus accretion income may vary from period to period.

For the year ended December 31, 2010, compared to the year ended December 31, 2009, interest income increased \$2.1 million, or 21.0%. Interest income increased during 2010 primarily due to an increase of accretion income related to a change in timing and amount of collection for certain of our discounted notes, including several notes that were repaid in advance of their maturity dates.

For the year ended December 31, 2009, compared to the year ended December 31, 2008, interest income decreased \$10.4 million, or 51.2%. Interest income decreased by \$8.8 million due to lower interest rates on notes receivable, cash and restricted cash balances and lower average balances and by \$4.1 million due to a decrease in accretion income related to our note receivable from Casden Properties LLC for which we ceased accretion following impairment of the note in 2008. These decreases were partially offset by a \$2.3 million increase in accretion income related to other notes during the year ended December 31, 2008, resulting from a change in the timing and amount of collection.

Provision for Losses on Notes Receivable

During the years ended December 31, 2010, 2009 and 2008, we recognized net provisions for losses on notes receivable of \$0.9 million, \$21.5 million and \$17.6 million, respectively. The provisions for losses on notes receivable for the years ended December 31, 2009 and 2008, primarily consist of impairments related to our investment in Casden Properties LLC, which are discussed further below.

As further discussed in Note 5 to the consolidated financial statements in Item 8, we have an investment in Casden Properties LLC, an entity organized to acquire, re-entitle and develop land parcels in Southern California.

H-29

Table of Contents

Based upon the profit allocation agreement, we account for this investment as a note receivable. In connection with the preparation of our 2008 annual financial statements and as a result of a decline in land values in Southern California, we determined our recorded investment amount was not fully recoverable, and accordingly recognized an impairment loss of \$16.3 million (\$10.0 million net of tax) during the three months ended December 31, 2008. In connection with the preparation of our 2009 annual financial statements and as a result of continued declines in land values in Southern California, we determined our then recorded investment amount was not fully recoverable, and accordingly recognized an impairment loss of \$20.7 million (\$12.4 million net of tax) during the three months ended December 31, 2009.

In addition to the impairments related to Casden Properties LLC discussed above, we recognized provisions for losses on notes receivable totaling \$0.9 million, \$0.8 million and \$1.3 million during the years ended December 31, 2010, 2009 and 2008, respectively.

Interest Expense

For the year ended December 31, 2010, compared to the year ended December 31, 2009, interest expense, which includes the amortization of deferred financing costs, increased by less than \$0.1 million. Property related interest expense increased by \$7.6 million, due to a \$3.3 million increase related to properties newly consolidated in 2010 (see Note 2 to our consolidated financial statements in Item 8 for further discussion of our adoption of ASU 2009-17) and an increase related to properties refinanced with higher average outstanding balances, partially offset by lower average rates. The increase in property related interest expense was substantially offset by a \$7.6 million decrease in corporate interest expense, primarily due to a decrease in the average outstanding balance on our term loan, which we repaid during July 2010.

For the year ended December 31, 2009, compared to the year ended December 31, 2008, interest expense increased \$1.1 million, or 0.3%. Property related interest expense increased by \$20.5 million, primarily due to a \$14.2 million decrease in capitalized interest due to a reduction in redevelopment during 2009, and an increase of \$5.1 million related to properties refinanced with higher average rates, partially offset by lower average outstanding balances during 2009. The increase in property related interest expense was offset by a \$19.4 million decrease in corporate interest expense, primarily due to lower average outstanding balances and lower average rates during 2009.

Equity in Losses of Unconsolidated Real Estate Partnerships

Equity in losses of unconsolidated real estate partnerships includes our share of net losses of our unconsolidated real estate partnerships, and may include impairment losses, gains or losses on the disposition of real estate assets or depreciation expense which generally exceeds the net operating income recognized by such unconsolidated partnerships.

For the year ended December 31, 2010, compared to the year ended December 31, 2009, equity in losses of unconsolidated real estate partnerships increased \$11.7 million. During the three months ended December 31, 2010, certain of our consolidated investment partnerships, including those we consolidated in 2010 in connection with our adoption of ASU 2009-17, reduced by \$9.8 million their investment balances related to unconsolidated low income housing tax credit partnerships based on a reduction in the remaining tax credits to be delivered. This increase in equity in losses was in addition to an increase in equity in losses from real estate operations due to an increase in the number of unconsolidated partnerships, resulting from our consolidation during 2010 of additional investment partnerships that hold investments in unconsolidated real estate partnerships. These losses had an insignificant effect on net loss attributable to Aimco during 2010 as substantially all of the results of these consolidated investment partnerships are attributed to the noncontrolling interests in these entities.

For the year ended December 31, 2009, compared to the year ended December 31, 2008, equity in losses of unconsolidated real estate partnerships increased \$6.7 million. The increase in our equity in losses from 2008 to 2009 was primarily due to our sale in late 2008 of an interest in an unconsolidated real estate partnership that generated \$3.0 million of equity in earnings during the year ended December 31, 2008, and our sale during 2009 of our interest in an unconsolidated group purchasing organization which resulted in a decrease of equity in earnings of approximately \$1.2 million.

H-30

Table of Contents

Gain on Dispositions of Unconsolidated Real Estate and Other

Gain on dispositions of unconsolidated real estate and other includes gains on disposition of interests in unconsolidated real estate partnerships, gains on dispositions of land and other non-depreciable assets and certain costs related to asset disposal activities. Changes in the level of gains recognized from period to period reflect the changing level of disposition activity from period to period. Additionally, gains on properties sold are determined on an individual property basis or in the aggregate for a group of properties that are sold in a single transaction, and are not comparable period to period.

For the year ended December 31, 2010, compared to the year ended December 31, 2009, gain on dispositions of unconsolidated real estate and other decreased \$10.9 million. This decrease is primarily attributable to \$8.6 million of additional proceeds received in 2009 related to our disposition during 2008 of an interest in an unconsolidated real estate partnership and a \$4.0 million gain from the disposition of our interest in a group purchasing organization during 2009.

For the year ended December 31, 2009, compared to the year ended December 31, 2008, gain on dispositions of unconsolidated real estate and other decreased \$75.8 million. This decrease is primarily attributable to a net gain of \$98.4 million on our disposition in 2008 of interests in two unconsolidated real estate partnerships. This decrease was partially offset by \$18.7 million of gains on the disposition of interests in unconsolidated partnerships during 2009. Gains recognized in 2009 consist of \$8.6 million related to our receipt in 2009 of additional proceeds related to our disposition during 2008 of one of the partnership interests discussed above (see Note 3 to the consolidated financial statements in Item 8), \$4.0 million from the disposition of our interest in a group purchasing organization (see Note 3 to the consolidated financial statements in Item 8), and \$6.1 million from our disposition in 2009 of interests in several unconsolidated real estate partnerships.

Income Tax Benefit

In conjunction with Aimco's UPREIT structure, certain of our operations or a portion thereof, including property management, asset management and risk management are conducted through taxable subsidiaries. Income taxes related to the results of continuing operations of our taxable subsidiaries are included in income tax benefit in our consolidated statements of operations.

For the year ended December 31, 2010, compared to the year ended December 31, 2009, income tax benefit increased by \$0.9 million, from \$17.5 million to \$18.4 million. This increase in income tax benefit was primarily due to increased losses of our taxable subsidiaries, and was substantially offset by the \$8.1 million tax benefit we recognized in 2009 related to the impairment of our investment in Casden Properties, LLC, for which no similar benefit was recognized in 2010.

For the year ended December 31, 2009, compared to the year ended December 31, 2008, income tax benefit decreased by \$39.1 million. This decrease was primarily attributed to \$36.1 million of income tax benefit recognized in 2008 related to the impairments of our Lincoln Place property and our investment in Casden Properties LLC, both of which are owned through taxable subsidiaries, partially offset by \$8.1 million of income tax benefit recognized in 2009 related to the impairment of our investment in Casden Properties LLC. The decrease in tax benefit from 2008 to 2009 related to these impairment losses was in addition to a decrease in tax benefit primarily due to larger losses by our taxable subsidiaries during 2008 as compared to 2009, including restructuring costs incurred in 2008 and a reduction in personnel and other costs in 2009 as a result of the organizational restructurings.

Income from Discontinued Operations, Net

The results of operations for properties sold during the period or designated as held for sale at the end of the period are generally required to be classified as discontinued operations for all periods presented. The components of net earnings that are classified as discontinued operations include all property-related revenues and operating expenses, depreciation expense recognized prior to the classification as held for sale, property-specific interest expense and debt extinguishment gains and losses to the extent there is secured debt on the property. In addition, any

H-31

Table of Contents

impairment losses on assets held for sale and the net gain or loss on the eventual disposal of properties held for sale are reported in discontinued operations.

For the years ended December 31, 2010 and 2009, income from discontinued operations totaled \$76.3 million and \$156.8 million, respectively. The \$80.5 million decrease in income from discontinued operations was principally due to a \$129.9 million decrease in gain on dispositions of real estate, net of income taxes, primarily attributable to fewer properties sold in 2010 as compared to 2009, partially offset by a \$21.0 million decrease in operating loss (inclusive of a \$41.9 million decrease in real estate impairment losses) and a \$34.9 million decrease in interest expense.

For the years ended December 31, 2009 and 2008, income from discontinued operations totaled \$156.8 million and \$744.9 million, respectively. The \$588.1 million decrease in income from discontinued operations was principally due to a \$541.1 million decrease in gain on dispositions of real estate, net of income taxes, primarily attributable to fewer properties sold in 2009 as compared to 2008, and a \$112.8 million decrease in operating income (inclusive of a \$27.1 million increase in real estate impairment losses), partially offset by a \$59.8 million decrease in interest expense and a \$44.9 million increase in income tax benefit for 2009.

During the year ended December 31, 2010, we sold 51 consolidated properties for gross proceeds of \$401.4 million and net proceeds of \$118.4 million, resulting in a net gain on sale of approximately \$86.1 million (which is net of \$8.8 million of related income taxes). During the year ended December 31, 2009, we sold 89 consolidated properties for gross proceeds of \$1.3 billion and net proceeds of \$432.7 million, resulting in a net gain on sale of approximately \$216.0 million (which is net of \$5.8 million of related income taxes). During the year ended December 31, 2008, we sold 151 consolidated properties for gross proceeds of \$2.4 billion and net proceeds of \$1.1 billion, resulting in a net gain on sale of approximately \$757.1 million (which is net of \$43.1 million of related income taxes).

For the years ended December 31, 2010, 2009 and 2008, income from discontinued operations includes the operating results of the properties sold during the year ended December 31, 2010.

Changes in the level of gains recognized from period to period reflect the changing level of our disposition activity from period to period. Additionally, gains on properties sold are determined on an individual property basis or in the aggregate for a group of properties that are sold in a single transaction, and are not comparable period to period (see Note 13 of the consolidated financial statements in Item 8 for additional information on discontinued operations).

Noncontrolling Interests in Consolidated Real Estate Partnerships

Noncontrolling interests in consolidated real estate partnerships reflects the non-Aimco partners, or noncontrolling partners, share of operating results of consolidated real estate partnerships, as well as the noncontrolling partners' share of property management fees, interest on notes and other amounts that we charge to such partnerships. As discussed in Note 2 to the consolidated financial statements in Item 8, we adopted the provisions of SFAS 160, which are now codified in the Financial Accounting Standards Board's Accounting Standards Codification, or FASB ASC, Topic 810, effective January 1, 2009. Prior to our adoption of SFAS 160, we generally did not recognize a benefit for the noncontrolling interest partners' share of partnership losses for partnerships that have deficit noncontrolling interest balances and we generally recognized a charge to our earnings for distributions paid to noncontrolling partners for partnerships that had deficit noncontrolling interest balances. Under the updated provisions of FASB ASC Topic 810, we are required to attribute losses to noncontrolling interests even if such attribution would result in a deficit noncontrolling interest balance and we are no longer required to recognize a charge to our earnings for distributions paid to noncontrolling partners for partnerships that have deficit noncontrolling interest balances.

For the year ended December 31, 2010, we allocated net losses of \$13.3 million to noncontrolling interests in consolidated real estate partnerships as compared to net income of \$22.5 million allocated to these noncontrolling

interests during the year ended December 31, 2009, a variance of \$35.8 million. This change was substantially attributed to a decrease in the noncontrolling interest partners' share of income from discontinued operations, which decreased primarily due to a reduction in gains on the dispositions of real estate from 2009 to 2010.

H-32

Table of Contents

For the year ended December 31, 2009, compared to the year ended December 31, 2008, net earnings attributed to noncontrolling interests in consolidated real estate partnerships decreased by \$133.3 million. This decrease is primarily attributable to a reduction of \$108.7 million related to the noncontrolling interest partners' share of gains on dispositions of real estate, due primarily to fewer sales in 2009 as compared to 2008, \$5.5 million of losses allocated to noncontrolling interests in 2009 that we would not have allocated to the noncontrolling interest partners in 2008 because to do so would have resulted in deficits in their noncontrolling interest balances, and approximately \$3.8 million related to deficit distribution charges recognized as a reduction to our earnings in 2008, for which we did not recognize similar charges in 2009 based on the change in accounting discussed above. These decreases are in addition to the noncontrolling interest partners' share of increased losses of our consolidated real estate partnerships in 2009 as compared to 2008.

Critical Accounting Policies and Estimates

We prepare our consolidated financial statements in accordance with GAAP, which requires us to make estimates and assumptions. We believe that the following critical accounting policies involve our more significant judgments and estimates used in the preparation of our consolidated financial statements.

Impairment of Long-Lived Assets

Real estate and other long-lived assets to be held and used are stated at cost, less accumulated depreciation and amortization, unless the carrying amount of the asset is not recoverable. If events or circumstances indicate that the carrying amount of a property may not be recoverable, we make an assessment of its recoverability by comparing the carrying amount to our estimate of the undiscounted future cash flows, excluding interest charges, of the property. If the carrying amount exceeds the estimated aggregate undiscounted future cash flows, we recognize an impairment loss to the extent the carrying amount exceeds the estimated fair value of the property.

From time to time, we have non-revenue producing properties that we hold for future redevelopment. We assess the recoverability of the carrying amount of these redevelopment properties by comparing our estimate of undiscounted future cash flows based on the expected service potential of the redevelopment property upon completion to the carrying amount. In certain instances, we use a probability-weighted approach to determine our estimate of undiscounted future cash flows when alternative courses of action are under consideration. As discussed in *Provision for Impairment Losses on Real Estate Development Assets* within the preceding discussion of our Results of Operations, during 2008 we recognized impairment losses on our Lincoln Place and Pacific Bay Vistas properties of \$85.4 million (\$55.6 million net of tax) and \$5.7 million, respectively.

Real estate investments are subject to varying degrees of risk. Several factors may adversely affect the economic performance and value of our real estate investments. These factors include:

the general economic climate;

competition from other apartment communities and other housing options;

local conditions, such as loss of jobs or an increase in the supply of apartments, that might adversely affect apartment occupancy or rental rates;

changes in governmental regulations and the related cost of compliance;

increases in operating costs (including real estate taxes) due to inflation and other factors, which may not be offset by increased rents;

changes in tax laws and housing laws, including the enactment of rent control laws or other laws regulating multifamily housing; and

changes in interest rates and the availability of financing.

Any adverse changes in these and other factors could cause an impairment of our long-lived assets, including real estate and investments in unconsolidated real estate partnerships. During 2011, we expect to market for sale certain real estate properties that are inconsistent with our long-term investment strategy. For any properties that are

H-33

Table of Contents

sold or meet the criteria to be classified as held for sale during 2011, the reduction in the estimated holding period for these assets may result in additional impairment losses.

In addition to the impairments of Lincoln Place and Pacific Bay Vistas discussed above, based on periodic tests of recoverability of long-lived assets, for the years ended December 31, 2010 and 2009, we recorded impairment losses of \$0.4 million and \$2.3 million, respectively, related to properties classified as held for use, and during the year ended December 31, 2008, we recorded no additional impairments related to properties held for use. During the years ended December 31, 2010, 2009 and 2008, we recognized impairment losses of \$12.7 million, \$54.5 million and \$27.4 million, respectively, for properties included in discontinued operations, primarily due to reductions in the estimated holding periods for assets sold during these periods.

Notes Receivable and Interest Income Recognition

Notes receivable from unconsolidated real estate partnerships and from non-affiliates represent our two portfolio segments, as defined in FASB Accounting Standards Update 2010-20, *Disclosures about the Credit Quality of Financing Receivables and the Allowance for Credit Losses*, that we use to evaluate for potential loan loss. Notes receivable from unconsolidated real estate partnerships consist primarily of notes receivable from partnerships in which we are the general partner but do not consolidate the partnership. These loans are typically due on demand, have no stated maturity date and may not require current payments of principal or interest. Notes receivable from non-affiliates have stated maturity dates and may require current payments of principal and interest. Repayment of these notes is subject to a number of variables, including the performance and value of the underlying real estate properties and the claims of unaffiliated mortgage lenders, which are generally senior to our claims. Our notes receivable consist of two classes: loans extended by us that we carry at the face amount plus accrued interest, which we refer to as par value notes; and loans extended by predecessors whose positions we generally acquired at a discount, which we refer to as discounted notes.

We record interest income on par value notes as earned in accordance with the terms of the related loan agreements. We discontinue the accrual of interest on such notes when the notes are impaired, as discussed below, or when there is otherwise significant uncertainty as to the collection of interest. We record income on such nonaccrual loans using the cost recovery method, under which we apply cash receipts first to the recorded amount of the loan; thereafter, any additional receipts are recognized as income.

We recognize interest income on discounted notes receivable based upon whether the amount and timing of collections are both probable and reasonably estimable. We consider collections to be probable and reasonably estimable when the borrower has closed or entered into certain pending transactions (which include real estate sales, refinancings, foreclosures and rights offerings) that provide a reliable source of repayment. In such instances, we recognize accretion income, on a prospective basis using the effective interest method over the estimated remaining term of the loans, equal to the difference between the carrying amount of the discounted notes and the estimated collectible value. We record income on all other discounted notes using the cost recovery method.

Provision for Losses on Notes Receivable

We assess the collectibility of notes receivable on a periodic basis, which assessment consists primarily of an evaluation of cash flow projections of the borrower to determine whether estimated cash flows are sufficient to repay principal and interest in accordance with the contractual terms of the note. We update our cash flow projections of the borrowers annually, and more frequently for certain loans depending on facts and circumstances. We recognize impairments on notes receivable when it is probable that principal and interest will not be received in accordance with the contractual terms of the loan. Factors that affect this assessment include the fair value of the partnership's real estate, pending transactions to refinance the partnership's senior obligations or sell the partnership's real estate, and

market conditions (current and forecasted) related to a particular asset. The amount of the impairment to be recognized generally is based on the fair value of the partnership's real estate that represents the primary source of loan repayment. In certain instances where other sources of cash flow are available to repay the loan, the impairment is measured by discounting the estimated cash flows at the loan's original effective interest rate.

H-34

Table of Contents

During the years ended December 31, 2010, 2009 and 2008 we recorded net provisions for losses on notes receivable of \$0.9 million, \$21.5 million and \$17.6 million, respectively. As discussed in *Provision for Losses on Notes Receivable* within the preceding discussion of our Results of Operations, provisions for losses on notes receivable in 2009 and 2008 include impairment losses of \$20.7 million (\$12.4 million net of tax) and \$16.3 million (\$10.0 million net of tax), respectively, on our investment in Casden Properties LLC, which we account for as a note receivable. We will continue to evaluate the collectibility of these notes, and we will adjust related allowances in the future due to changes in market conditions and other factors.

Capitalized Costs

We capitalize costs, including certain indirect costs, incurred in connection with our capital additions activities, including redevelopment and construction projects, other tangible property improvements and replacements of existing property components. Included in these capitalized costs are payroll costs associated with time spent by site employees in connection with the planning, execution and control of all capital additions activities at the property level. We characterize as indirect costs an allocation of certain department costs, including payroll, at the area operations and corporate levels that clearly relate to capital additions activities. We capitalize interest, property taxes and insurance during periods in which redevelopment and construction projects are in progress. We charge to expense as incurred costs that do not relate to capital additions activities, including ordinary repairs, maintenance, resident turnover costs and general and administrative expenses (see *Capital Additions and Related Depreciation* in Note 2 to the consolidated financial statements in Item 8).

For the years ended December 31, 2010, 2009 and 2008, for continuing and discontinued operations, we capitalized \$11.6 million, \$9.8 million and \$25.7 million of interest costs, respectively, and \$25.3 million, \$40.0 million and \$78.1 million of site payroll and indirect costs, respectively. The reductions from 2008 to 2010 are primarily due to a reduced level of redevelopment activities.

Liquidity and Capital Resources

Liquidity is the ability to meet present and future financial obligations. Our primary source of liquidity is cash flow from our operations. Additional sources are proceeds from property sales, proceeds from refinancings of existing property loans, borrowings under new property loans and borrowings under our revolving credit facility.

Our principal uses for liquidity include normal operating activities, payments of principal and interest on outstanding property debt, capital expenditures, distributions paid to unitholders and distributions paid to noncontrolling interest partners and acquisitions of, and investments in, properties. We use our cash and cash equivalents and our cash provided by operating activities to meet short-term liquidity needs. In the event that our cash and cash equivalents and cash provided by operating activities are not sufficient to cover our short-term liquidity demands, we have additional means, such as short-term borrowing availability and proceeds from property sales and refinancings, to help us meet our short-term liquidity demands. We may use our revolving credit facility for general corporate purposes and to fund investments on an interim basis. We expect to meet our long-term liquidity requirements, such as debt maturities and property acquisitions, through long-term borrowings, primarily secured, the issuance of equity securities (including OP Units), the sale of properties and cash generated from operations.

The availability of credit and its related effect on the overall economy may affect our liquidity and future financing activities, both through changes in interest rates and access to financing. Currently, interest rates are low compared to historical levels, many lenders have reentered the market, and the CMBS market is showing signs of recovery. However, any adverse changes in the lending environment could negatively affect our liquidity. We believe we mitigate this exposure through our continued focus on reducing our short and intermediate term maturity risk, by refinancing such loans with long-dated, fixed-rate property loans. If property financing options become unavailable

for our debt needs, we may consider alternative sources of liquidity, such as reductions in certain capital spending or proceeds from asset dispositions.

As further discussed in Item 7A, Quantitative and Qualitative Disclosures About Market Risk, we are subject to interest rate risk associated with certain variable rate liabilities and preferred OP Units. At December 31, 2010, we estimate that a 1.0% increase in 30-day LIBOR with constant credit risk spreads would reduce our net income

H-35

Table of Contents

(or increase our net loss) attributable to the Partnership's common unitholders by approximately \$4.2 million on an annual basis. The effect of an increase in 30-day LIBOR may be mitigated by the effect of our variable rate assets.

As further discussed in Note 2 to our consolidated financial statements in Item 8, we use total rate of return swaps as a financing product to lower our cost of borrowing through conversion of fixed-rate debt to variable-rates. The cost of financing through these arrangements is generally lower than the fixed rate on the debt. As of December 31, 2010, we had total rate of return swap positions with two financial institutions with notional amounts totaling \$277.3 million. Swaps with notional amounts of \$248.1 million and \$29.2 million had maturity dates in May 2012 and October 2012, respectively. During the year ended December 31, 2010, we received net cash receipts of \$20.9 million under the total return swaps, which positively affected our liquidity. To the extent interest rates increase above the fixed rates on the underlying borrowings, our obligations under the total return swaps will negatively affect our liquidity.

During 2010, we refinanced certain of the underlying borrowings subject to total rate of return swaps with long-dated, fixed-rate property debt, and we expect to do the same with certain of the underlying borrowings in 2011. The average effective interest rate associated with our borrowings subject to the total rate of return swaps was 1.6% at December 31, 2010. To the extent we are successful in refinancing additional of the borrowings subject to the total rate of return swaps during 2011, we anticipate the interest cost associated with these borrowings will increase, which would negatively affect our liquidity.

We periodically evaluate counterparty credit risk associated with these arrangements. In the event a counterparty were to default under these arrangements, loss of the net interest benefit we generally receive under these arrangements, which is equal to the difference between the fixed rate we receive and the variable rate we pay, may adversely affect our liquidity. However, at the current time, we have concluded we do not have material exposure.

The total rate of return swaps require specified loan-to-value ratios. In the event the values of the real estate properties serving as collateral under these agreements decline or if we sell properties in the collateral pool with low loan-to-value ratios, certain of our consolidated subsidiaries have an obligation to pay down the debt or provide additional collateral pursuant to the swap agreements, which may adversely affect our cash flows. The obligation to provide collateral is limited to these subsidiaries and is non-recourse to us. At December 31, 2010, these subsidiaries were not required to provide cash collateral based on the loan-to-value ratios of the real estate properties serving as collateral under these agreements.

See *Derivative Financial Instruments* in Note 2 to the consolidated financial statements in Item 8 for additional information regarding these arrangements, including the current swap maturity dates and disclosures regarding fair value measurements.

As of December 31, 2010, we had the capacity to borrow \$260.3 million pursuant to our \$300.0 million revolving credit facility (after giving effect to \$39.7 million outstanding for undrawn letters of credit).

At December 31, 2010, we had \$111.3 million in cash and cash equivalents, an increase of \$30.1 million from December 31, 2009. At December 31, 2010, we had \$201.4 million of restricted cash, a decrease of \$17.3 million from December 31, 2009. Restricted cash primarily consists of reserves and escrows held by lenders for bond sinking funds, capital additions, property taxes and insurance. In addition, cash, cash equivalents and restricted cash are held by partnerships that are not presented on a consolidated basis. The following discussion relates to changes in cash due to operating, investing and financing activities, which are presented in our consolidated statements of cash flows in Item 8.

Operating Activities

For the year ended December 31, 2010, our net cash provided by operating activities of \$257.5 million was primarily related to operating income from our consolidated properties, which is affected primarily by rental rates, occupancy levels and operating expenses related to our portfolio of properties, in excess of payments of operating accounts payable and accrued liabilities, including amounts related to our organizational restructuring. Cash provided by operating activities increased \$23.7 million compared with the year ended December 31, 2009, primarily due to decreases in interest paid and other working capital expenditures, including payments related to our

H-36

Table of Contents

restructuring accruals, in 2010 as compared to 2009, partially offset by a decrease in property net operating income, primarily due to property sales during 2009 and 2010.

Investing Activities

For the year ended December 31, 2010, our net cash provided by investing activities of \$86.6 million consisted primarily of proceeds from disposition of real estate and partnership interests, partially offset by capital expenditures.

Although we hold all of our properties for investment, we sell properties when they do not meet our investment criteria or are located in areas that we believe do not justify our continued investment when compared to alternative uses for our capital. During the year ended December 31, 2010, we sold 51 consolidated properties. These properties were sold for an aggregate sales price of \$402.5 million, generating proceeds totaling \$387.9 million after the payment of transaction costs and debt prepayment penalties. The \$387.9 million is inclusive of debt assumed by buyers. Net cash proceeds from property sales were used primarily to repay or pay down property debt and for other corporate purposes.

Capital expenditures totaled \$178.9 million during the year ended December 31, 2010, and consisted primarily of Capital Improvements and Capital Replacements, and to a lesser extent included spending for redevelopment projects and casualties. In 2011, we expect to increase our redevelopment spending on conventional properties from approximately \$30.0 million in 2010 to approximately \$50.0 million to \$75.0 million. We generally fund capital additions with cash provided by operating activities, working capital and property sales.

Financing Activities

For the year ended December 31, 2010, net cash used in financing activities of \$314.0 million was primarily attributed to debt principal payments, distributions paid to common and preferred unitholders, distributions to noncontrolling interests and our redemption and repurchase of preferred OP Units. Proceeds from property loans and our issuance of preferred stock partially offset the cash outflows.

Property Debt

At December 31, 2010 and 2009, we had \$5.5 billion and \$5.6 billion, respectively, in consolidated property debt outstanding, which included \$240.0 million at December 31, 2009, of property debt classified within liabilities related to assets held for sale. During the year ended December 31, 2010, we refinanced or closed property loans on 23 properties generating \$449.4 million of proceeds from borrowings with a weighted average interest rate of 5.42%. Our share of the net proceeds after repayment of existing debt, payment of transaction costs and distributions to limited partners, was \$138.9 million. We used these total net proceeds for capital expenditures and other corporate purposes. We intend to continue to refinance property debt primarily as a means of extending current and near term maturities and to finance certain capital projects.

Credit Facility

We have an Amended and Restated Senior Secured Credit Agreement, as amended, with a syndicate of financial institutions, which we refer to as the Credit Agreement. During 2010, we amended the Credit Agreement to, among other things, increase the revolving commitments from \$180.0 million to \$300.0 million, extend the maturity from May 2012 to May 2014 (both inclusive of a one year extension option) and reduce the LIBOR floor on the facility's base interest rate from 2.00% to 1.50%. During 2010, we also repaid in full the remaining \$90.0 million term loan that was outstanding as of December 31, 2009.

As of December 31, 2010, the Credit Agreement consisted of \$300.0 million of revolving loan commitments. Borrowings under the revolving credit facility bear interest based on a pricing grid determined by leverage (either at LIBOR plus 4.25% with a LIBOR floor of 1.50% or, at our option, a base rate equal to the prime rate plus a spread of 3.00%). The revolving credit facility matures May 1, 2013, and may be extended for an additional year, subject to certain conditions, including payment of a 35.0 basis point fee on the total revolving commitments.

H-37

Table of Contents

At December 31, 2010, we had no outstanding borrowings under the revolving credit facility. The amount available under the revolving credit facility at December 31, 2010, was \$260.3 million (after giving effect to \$39.7 million outstanding for undrawn letters of credit issued under the revolving credit facility). The proceeds of revolving loans are generally used to fund working capital and for other corporate purposes.

Our Credit Agreement requires us to satisfy covenant ratios of earnings before interest, taxes and depreciation and amortization to debt service and earnings to fixed charges of 1.40:1 and 1.20:1, respectively. For the twelve months ended December 31, 2010, as calculated based on the provisions in our Credit Agreement, we had a ratio of earnings before interest, taxes and depreciation and amortization to debt service of 1.57:1 and a ratio of earnings to fixed charges of 1.33:1. We expect to remain in compliance with these covenants during 2011. In the first quarter of 2012, the covenant ratios of earnings before interest, taxes and depreciation and amortization to debt service and earnings to fixed charges required by our Credit Agreement will increase to 1.50:1 and 1.30:1, respectively.

Partners Capital Transactions

During the year ended December 31, 2010, we paid cash distributions totaling \$60.2 million and \$50.3 million to preferred unitholders and common unitholders, respectively.

During the year ended December 31, 2010, Aimco sold 4,000,000 shares of its 7.75% Class U Cumulative Preferred Stock for net proceeds of \$96.1 million (after deducting underwriting discounts and commissions and transaction expenses of \$3.3 million), and Aimco sold 600,000 shares of its Class A Common Stock pursuant to an At-The-Market, or ATM, offering program Aimco initiated during 2010, generating \$14.4 million of net proceeds. Aimco contributed the net proceeds from these offerings to us in exchange for 4,000,000 units of our 7.75% Class U Cumulative Preferred Units and 600,000 common OP Units. We used the proceeds from the common OP unit issuance primarily to fund the acquisition of noncontrolling limited partnership interests for certain consolidated real estate partnerships.

During the year ended December 31, 2010, Aimco repurchased 20 shares, or \$10.0 million in liquidation preference, of its CRA Preferred Stock for \$7.0 million, and primarily using the proceeds from its issuance of preferred stock discussed above, Aimco redeemed the 4,040,000 outstanding shares of its 9.375% Class G Cumulative Preferred Stock for \$101.0 million plus accrued and unpaid dividends of \$2.2 million. Concurrent with Aimco's repurchase and redemption, we repurchased from Aimco an equivalent number of our CRA Preferred Units and redeemed from Aimco all of the outstanding Class G Cumulative Preferred Units.

Pursuant to the ATM offering program discussed above, Aimco may issue up to 6.4 million additional shares of its Class A Common Stock. Additionally, we and Aimco have a shelf registration statement that provides for the issuance of debt securities by us and debt and equity securities by Aimco.

During the year ended December 31, 2010, we paid cash distributions of \$44.5 million to noncontrolling interests in consolidated real estate partnerships, primarily related to property sales during 2010 and late 2009.

During the year ended December 31, 2010, we acquired the remaining noncontrolling limited partnership interests in two consolidated partnerships, in which our affiliates serve as general partner, for total consideration of \$19.9 million. This consideration consisted of \$12.5 million in cash, \$6.9 million in common OP Units and \$0.5 million of other consideration.

Table of Contents**Contractual Obligations**

This table summarizes information contained elsewhere in this Annual Report regarding payments due under contractual obligations and commitments as of December 31, 2010 (amounts in thousands):

	Total	Less Than One Year	1-3 Years	3-5 Years	More Than 5 Years
Long-term debt(1)	\$ 5,504,801	\$ 288,990	\$ 986,396	\$ 941,339	\$ 3,288,076
Interest related to long-term debt(2)	2,223,580	308,220	550,958	447,195	917,207
Leases for space(3)	14,400	6,334	5,780	1,436	850
Other obligations(4)	3,750	3,750			
Total	\$ 7,746,531	\$ 607,294	\$ 1,543,134	\$ 1,389,970	\$ 4,206,133

- (1) Includes scheduled principal amortization and maturity payments related to our long-term debt.
- (2) Includes interest related to both fixed rate and variable rate debt. Interest related to variable rate debt is estimated based on the rate effective at December 31, 2010. Refer to Note 6 in the consolidated financial statements in Item 8 for a description of average interest rates associated with our debt.
- (3) Inclusive of leased space that has been abandoned as part of our organizational restructuring in 2008.
- (4) Represents a commitment to fund \$3.8 million in second mortgage loans on certain properties in West Harlem, New York City.

In addition to the amounts presented in the table above, at December 31, 2010, we had \$679.5 million (liquidation value) of perpetual preferred units held by Aimco outstanding with annual dividend yields ranging from 1.5% (variable) to 8.0%, and \$82.6 million (liquidation value) of redeemable preferred units outstanding with annual distribution yields ranging from 1.8% to 8.8%, or equal to the dividends paid on common OP Units based on the conversion terms. As further discussed in Note 11 to the consolidated financial statements in Item 8, Aimco has a potential obligation to repurchase \$20.0 million in liquidation preference its Series A Community Reinvestment Act Preferred Stock over the next two years for \$14.0 million. Upon any repurchases required of Aimco under this agreement, we will repurchase from Aimco an equivalent number of our Series A Community Reinvestment Act Preferred Units.

As discussed in Note 5 to the consolidated financial statements in Item 8, we have notes receivable collateralized by second mortgages on certain properties in West Harlem in New York City. In certain circumstances, the obligor under these notes has the ability to put properties to us, which would result in a cash payment of approximately \$30.6 million and the assumption of approximately \$118.6 million in property debt. The obligor's right to exercise the put is dependent upon the achievement of specified operating performance thresholds.

Additionally, we may enter into commitments to purchase goods and services in connection with the operations of our properties. Those commitments generally have terms of one year or less and reflect expenditure levels comparable to our historical expenditures.

Future Capital Needs

In addition to the items set forth in **Contractual Obligations** above, we expect to fund any future acquisitions, redevelopment projects, Capital Improvements and Capital Replacements principally with proceeds from property sales (including tax-free exchange proceeds), short-term borrowings, debt and equity financing (including tax credit equity) and operating cash flows.

Off-Balance Sheet Arrangements

We own general and limited partner interests in unconsolidated real estate partnerships, in which our total ownership interests typically range from less than 1% to 50% and in some instances may exceed 50%. There are no lines of credit, side agreements, or any other derivative financial instruments related to or between our unconsolidated real estate partnerships and us and no material exposure to financial guarantees. Accordingly, our

H-39

Table of Contents

maximum risk of loss related to these unconsolidated real estate partnerships is limited to the aggregate carrying amount of our investment in the unconsolidated real estate partnerships and any outstanding notes or accounts receivable as reported in our consolidated financial statements (see Note 4 of the consolidated financial statements in Item 8 for additional information about our investments in unconsolidated real estate partnerships).

Item 7A. *Quantitative and Qualitative Disclosures About Market Risk*

Our primary market risk exposure relates to changes in base interest rates, credit risk spreads and availability of credit. We are not subject to any other material market rate or price risks. We use predominantly long-term, fixed-rate non-recourse property debt in order to avoid the refunding and repricing risks of short-term borrowings. We use short-term debt financing and working capital primarily to fund short-term uses and acquisitions and generally expect to refinance such borrowings with cash from operating activities, property sales proceeds, long-term debt or equity financings. We use total rate-of-return swaps to obtain the benefit of variable rates on certain of our fixed rate debt instruments. We make limited use of other derivative financial instruments and we do not use them for trading or other speculative purposes.

As of December 31, 2010, on a consolidated basis, we had approximately \$470.3 million of variable-rate indebtedness outstanding and \$57.0 million of variable rate preferred OP Units outstanding. Of the total debt subject to variable interest rates, floating rate tax-exempt bond financing was approximately \$374.4 million. Floating rate tax-exempt bond financing is benchmarked against the Securities Industry and Financial Markets Association Municipal Swap Index, or SIFMA, rate, which since 1989 has averaged 75% of the 30-day LIBOR rate. If this historical relationship continues, we estimate that an increase in 30-day LIBOR of 100 basis points (75 basis points for tax-exempt interest rates) with constant credit risk spreads would result in net income and net income attributable to the Partnership's common unitholders being reduced (or the amounts of net loss and net loss attributable to the Partnership's common unitholders being increased) by \$3.9 million and \$4.2 million, respectively on an annual basis.

At December 31, 2010, we had approximately \$450.4 million in cash and cash equivalents, restricted cash and notes receivable, a portion of which bear interest at variable rates indexed to LIBOR-based rates, and which may mitigate the effect of an increase in variable rates on our variable-rate indebtedness and preferred stock discussed above.

We estimate the fair value for our debt instruments using present value techniques that include income and market valuation approaches with market rates for debt with the same or similar terms. Present value calculations vary depending on the assumptions used, including the discount rate and estimates of future cash flows. In many cases, the fair value estimates may not be realizable in immediate settlement of the instruments. The estimated aggregate fair value of our consolidated debt (including amounts reported in liabilities related to assets held for sale) was approximately \$5.6 billion and \$5.7 billion at December 31, 2010 and 2009, respectively. The combined carrying value of our consolidated debt (including amounts reported in liabilities related to assets held for sale) was approximately \$5.5 billion and \$5.7 billion at December 31, 2010 and 2009, respectively. See Note 6 and Note 7 to the consolidated financial statements in Item 8 for further details on our consolidated debt. Refer to *Derivative Financial Instruments* in Note 2 to the consolidated financial statements in Item 8 for further discussion regarding certain of our fixed rate debt that is subject to total rate of return swap instruments. If market rates for our fixed-rate debt were higher by 100 basis points with constant credit risk spreads, the estimated fair value of our debt discussed above would have decreased from \$5.6 billion to \$5.3 billion. If market rates for our debt discussed above were lower by 100 basis points with constant credit risk spreads, the estimated fair value of our fixed-rate debt would have increased from \$5.6 billion to \$6.0 billion.

Item 8. *Financial Statements and Supplementary Data*

The independent registered public accounting firm's report, consolidated financial statements and schedule listed in the accompanying index are filed as part of this report and incorporated herein by this reference. See Index to Financial Statements on page F-1 of this Annual Report.

Item 9. *Changes in and Disagreements With Accountants on Accounting and Financial Disclosure*

None.

Item 9A. *Controls and Procedures*

Disclosure Controls and Procedures

The Partnership's management, with the participation of the chief executive officer and chief financial officer of the General Partner, who are the equivalent of the Partnership's chief executive officer and chief financial officer, respectively, has evaluated the effectiveness of our disclosure controls and procedures (as defined in Rules 13a-15(e) and 15d-15(e) under the Securities Exchange Act of 1934, as amended (the Exchange Act)) as of the end of the period covered by this report. Based on such evaluation, the chief executive officer and chief financial officer of the General Partner have concluded that, as of the end of such period, our disclosure controls and procedures are effective.

Management's Report on Internal Control Over Financial Reporting

Management of the Partnership is responsible for establishing and maintaining adequate internal control over financial reporting. Internal control over financial reporting is defined in Rule 13a-15(f) and 15d-15(f) under the Exchange Act as a process designed by, or under the supervision of, the General Partner's principal executive and principal financial officers, or persons performing similar functions, and effected by the General Partner's board of directors, management and other personnel to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles and includes those policies and procedures that:

pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the Partnership;

provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the Partnership are being made only in accordance with authorizations of the General Partner's management and directors of the Partnership; and

provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use or disposition of the Partnership's assets that could have a material effect on the financial statements.

Because of its inherent limitations, internal control over financial reporting may not prevent or detect misstatements. Projections of any evaluation of effectiveness to future periods are subject to the risks that controls may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Management assessed the effectiveness of the Partnership's internal control over financial reporting as of December 31, 2010. In making this assessment, management used the criteria set forth by the Committee of Sponsoring Organizations of the Treadway Commission (COSO) in *Internal Control-Integrated Framework*.

Based on the assessment, management concluded that, as of December 31, 2010, the Partnership's internal control over financial reporting is effective.

The Partnership's independent registered public accounting firm has issued an attestation report on the Partnership's internal control over financial reporting.

Changes in Internal Control over Financial Reporting

There has been no change in our internal control over financial reporting (as defined in Rules 13a-15(f) and 15d-15(f) under the Exchange Act) during the fourth quarter of 2010 that has materially affected, or is reasonably likely to materially affect, our internal control over financial reporting.

Report of Independent Registered Public Accounting Firm

The Partners

AIMCO Properties, L.P.

We have audited AIMCO Properties, L.P.'s (the Partnership) internal control over financial reporting as of December 31, 2010, based on criteria established in Internal Control – Integrated Framework issued by the Committee of Sponsoring Organizations of the Treadway Commission (the COSO criteria). The Partnership's management is responsible for maintaining effective internal control over financial reporting, and for its assessment of the effectiveness of internal control over financial reporting included in the accompanying Management's Report on Internal Control Over Financial Reporting. Our responsibility is to express an opinion on the Partnership's internal control over financial reporting based on our audit.

We conducted our audit in accordance with the standards of the Public Company Accounting Oversight Board (United States). Those standards require that we plan and perform the audit to obtain reasonable assurance about whether effective internal control over financial reporting was maintained in all material respects. Our audit included obtaining an understanding of internal control over financial reporting, assessing the risk that a material weakness exists, testing and evaluating the design and operating effectiveness of internal control based on the assessed risk, and performing such other procedures as we considered necessary in the circumstances. We believe that our audit provides a reasonable basis for our opinion.

A company's internal control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorizations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use or disposition of the company's assets that could have a material effect on the financial statements.

Because of its inherent limitations, internal control over financial reporting may not prevent or detect misstatements. Also, projections of any evaluation of effectiveness to future periods are subject to the risk that controls may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

In our opinion, the Partnership maintained, in all material respects, effective internal control over financial reporting as of December 31, 2010, based on the COSO criteria.

We also have audited, in accordance with the standards of the Public Company Accounting Oversight Board (United States), the consolidated balance sheets of the Partnership as of December 31, 2010 and 2009, and the related consolidated statements of operations, partners' capital, and cash flows for each of the three years in the period ended December 31, 2010, and our report dated February 24, 2011 expressed an unqualified opinion thereon.

PART III

Item 10. *Directors, Executive Officers and Corporate Governance*

The board of directors of the General Partner consists of Terry Considine and Miles Cortez. The officers of Aimco are also the officers of the General Partner and hold the same titles. Additional information required by this item is presented under the captions Board of Directors and Executive Officers and Corporate Governance Matters Code of Ethics in the proxy statement for Aimco's 2011 annual meeting of stockholders and is incorporated herein by reference.

Section 16(a) Beneficial Ownership Reporting Compliance. Section 16(a) of the Securities Exchange Act of 1934, as amended, requires the General Partner's executive officers and directors, and persons who own more than ten percent of a registered class of OP Units, to file reports (Forms 3, 4 and 5) of unit ownership and changes in unit ownership with the Securities and Exchange Commission (SEC). Executive officers, directors and beneficial owners of more than ten percent of OP Units are required by SEC regulations to furnish us with copies of all such forms that they file. Based solely on our review of the copies of Forms 3, 4 and 5 and the amendments thereto received by us for the year ended December 31, 2010, or written representations from certain reporting persons that no Forms 5 were required to be filed by those persons, we believe that during the period ended December 31, 2010, all filing requirements were complied with by the General Partner's executive officers and directors and beneficial owners of more than ten percent of OP Units.

Audit Committee and Nominating and Corporate Governance Committee. The board of directors of the General Partner does not have a separate audit committee or nominating and corporate governance committee. Based on the structure of the Partnership and its relationship to Aimco, which has a separate audit committee and nominating and corporate governance committee, committees are not warranted for the Partnership. The audit committee of Aimco's board of directors makes determinations concerning the engagement of the independent registered public accounting firm for Aimco and its subsidiaries, including the Partnership. In addition, the Aimco audit committee reviews with the independent registered public accounting firm the plans and results of the audit engagement, reviews the independence of the independent registered public accounting firm, considers the range of audit and non-audit fees and reviews the adequacy of internal control over financial reporting. The Aimco audit committee currently consists of James N. Bailey, Richard S. Ellwood, Thomas L. Keltner, J. Landis Martin, Robert A. Miller, Kathleen M. Nelson and Michael A. Stein. Aimco's board of directors has determined that Michael A. Stein is an audit committee financial expert. Aimco's board of directors has also determined that each member of the audit committee is independent, as that term is defined by Section 303A of the listing standards of the New York Stock Exchange relating to audit committees.

Item 11. *Executive Compensation*

The information required by this item is presented under the captions Compensation Discussion & Analysis, Compensation and Human Resources Committee Report to Stockholders, Summary Compensation Table, Grants of Plan-Based Awards in 2010, Outstanding Equity Awards at Fiscal Year End 2010, Option Exercises and Stock Vested in 2010, and Potential Payments Upon Termination or Change in Control in the proxy statement for Aimco's 2011 annual meeting of stockholders and is incorporated herein by reference. The directors of the General Partner do not receive additional compensation for serving as directors.

Item 12. *Security Ownership of Certain Beneficial Owners and Management and Related Stockholder Matters*

The board of directors of the General Partner consists of Messrs. Considine and Cortez. Additional information required by this item is presented under the captions Security Ownership of Certain Beneficial Owners and Management and Securities Authorized for Issuance Under Equity Compensation Plans in the proxy statement

REPORT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

The Partners
AIMCO Properties, L.P.

We have audited the accompanying consolidated balance sheets of AIMCO Properties, L.P. (the Partnership) as of December 31, 2010 and 2009, and the related consolidated statements of operations, partners' capital and cash flows for each of the three years in the period ended December 31, 2010. Our audits also included the financial statement schedule listed in the accompanying Index to Financial Statements. These financial statements and schedule are the responsibility of the Partnership's management. Our responsibility is to express an opinion on these financial statements and schedule based on our audits.

We conducted our audits in accordance with the standards of the Public Company Accounting Oversight Board (United States). Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the consolidated financial position of the Partnership at December 31, 2010 and 2009, and the consolidated results of its operations and its cash flows for each of the three years in the period ended December 31, 2010, in conformity with United States generally accepted accounting principles. Also, in our opinion, the related financial statement schedule, when considered in relation to the basic financial statements taken as a whole, presents fairly, in all material respects the information set forth therein.

As discussed in Note 2 to the consolidated financial statements, during 2010 the Company adopted the provisions of Financial Accounting Standards Board, or FASB Accounting Standards Update 2009-17, *Improvements to Financial Reporting by Enterprises Involved with Variable Interest Entities*, and during 2009 adopted FASB Statement of Financial Accounting Standards No. 160, *Noncontrolling Interests in Consolidated Financial Statements - an amendment of ARB No. 51* (codified in FASB Accounting Standards Codification Topic 810).

We also have audited, in accordance with the standards of the Public Company Accounting Oversight Board (United States), the Partnership's internal control over financial reporting as of December 31, 2010, based on criteria established in Internal Control - Integrated Framework issued by the Committee of Sponsoring Organizations of the Treadway Commission and our report dated February 24, 2011 expressed an unqualified opinion thereon.

AIMCO PROPERTIES, L.P.

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

December 31, 2010

NOTE 1 Organization

AIMCO Properties, L.P., a Delaware limited partnership, or the Partnership, and together with its consolidated subsidiaries was formed on May 16, 1994 to conduct the business of acquiring, redeveloping, leasing, and managing multifamily apartment properties. Our securities include Partnership Common Units, or common OP Units, Partnership Preferred Units, or preferred OP Units, and High Performance Partnership Units, or High Performance Units, which are collectively referred to as OP Units. Apartment Investment and Management Company, or Aimco, is the owner of our general partner, AIMCO-GP, Inc., or the General Partner, and special limited partner, AIMCO-LP Trust, or the Special Limited Partner. The General Partner and Special Limited Partner hold common OP Units and are the primary holders of outstanding preferred OP Units. Limited Partners refers to individuals or entities that are our limited partners, other than Aimco, the General Partner or the Special Limited Partner, and own common OP Units or preferred OP Units. Generally, after holding the common OP Units for one year, the Limited Partners have the right to redeem their common OP Units for cash, subject to our prior right to acquire some or all of the common OP Units tendered for redemption in exchange for shares of Aimco Class A Common Stock. Common OP Units redeemed for Aimco Class A Common Stock are generally exchanged on a one-for-one basis (subject to antidilution adjustments). Preferred OP Units and High Performance Units may or may not be redeemable based on their respective terms, as provided for in the Fourth Amended and Restated Agreement of Limited Partnership of AIMCO Properties, L.P. as amended, or the Partnership Agreement.

We, through our operating divisions and subsidiaries, hold substantially all of Aimco's assets and manage the daily operations of Aimco's business and assets. Aimco is required to contribute all proceeds from offerings of its securities to us. In addition, substantially all of Aimco's assets must be owned through the Partnership; therefore, Aimco is generally required to contribute all assets acquired to us. In exchange for the contribution of offering proceeds or assets, Aimco receives additional interests in us with similar terms (e.g., if Aimco contributes proceeds of a preferred stock offering, Aimco (through the General Partner and Special Limited Partner) receives preferred OP Units with terms substantially similar to the preferred securities issued by Aimco).

Aimco frequently consummates transactions for our benefit. For legal, tax or other business reasons, Aimco may hold title or ownership of certain assets until they can be transferred to us. However, we have a controlling financial interest in substantially all of Aimco's assets in the process of transfer to us. Except as the context otherwise requires, we, our and us refer to the Partnership, and the Partnership's consolidated entities, collectively. Except as the context otherwise requires, Aimco refers to Aimco and Aimco's consolidated entities, collectively.

Our principal financial objective is to provide predictable and attractive returns to our unitholders. Our business plan to achieve this objective is to:

own and operate a broadly diversified portfolio of primarily class B/B+ assets with properties concentrated in the 20 largest markets in the United States (as measured by total apartment value, which is the estimated total market value of apartment properties in a particular market);

improve our portfolio by selling assets with lower projected returns and reinvesting those proceeds through the purchase of new assets or additional investment in existing assets in our portfolio, including increased ownership or redevelopment; and

provide financial leverage primarily by the use of non-recourse, long-dated, fixed-rate property debt and perpetual preferred equity.

As of December 31, 2010, we:

owned an equity interest in 219 conventional real estate properties with 68,972 units;

owned an equity interest in 228 affordable real estate properties with 26,540 units; and

H-54

Table of Contents

AIMCO PROPERTIES, L.P.

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS (Continued)

provided services for or managed 27,182 units in 321 properties, primarily pursuant to long-term asset management agreements. In certain cases, we may indirectly own generally less than one percent of the operations of such properties through a syndication or other fund.

Of these properties, we consolidated 217 conventional properties with 67,668 units and 182 affordable properties with 22,207 units. These conventional and affordable properties generated 87% and 13%, respectively, of our proportionate property net operating income (as defined in Note 17) during the year ended December 31, 2010. Any reference to the number of properties or units is unaudited.

At December 31, 2010, we had outstanding 123,772,935 common OP Units, 27,963,126 preferred OP Units and 2,339,950 High Performance Units. At December 31, 2010, Aimco owned 117,642,872 of the common OP Units and 24,900,114 of the preferred OP Units.

NOTE 2 Basis of Presentation and Summary of Significant Accounting Policies

Principles of Consolidation

The accompanying consolidated financial statements include the accounts of the Partnership and its consolidated entities. Pursuant to a Management and Contribution Agreement between the Partnership and Aimco, we have acquired, in exchange for interests in the Partnership, the economic benefits of subsidiaries of Aimco in which we do not have an interest, and Aimco has granted us a right of first refusal to acquire such subsidiaries' assets for no additional consideration. Pursuant to the agreement, Aimco has also granted us certain rights with respect to assets of such subsidiaries.

We consolidate all variable interest entities for which we are the primary beneficiary. Generally, we consolidate real estate partnerships and other entities that are not variable interest entities when we own, directly or indirectly, a majority voting interest in the entity or are otherwise able to control the entity. All significant intercompany balances and transactions have been eliminated in consolidation.

Interests held in consolidated real estate partnerships by limited partners other than us are reflected as noncontrolling interests in consolidated real estate partnerships. The assets of consolidated real estate partnerships owned or controlled by Aimco or us generally are not available to pay creditors of Aimco or the Partnership.

As used herein, and except where the context otherwise requires, "partnership" refers to a limited partnership or a limited liability company and "partner" refers to a partner in a limited partnership or a member in a limited liability company.

Variable Interest Entities

We consolidate all variable interest entities for which we are the primary beneficiary. Generally, a variable interest entity, or VIE, is an entity with one or more of the following characteristics: (a) the total equity investment at risk is not sufficient to permit the entity to finance its activities without additional subordinated financial support; (b) as a group, the holders of the equity investment at risk lack (i) the ability to make decisions about an entity's activities through voting or similar rights, (ii) the obligation to absorb the expected losses of the entity, or (iii) the right to

receive the expected residual returns of the entity; or (c) the equity investors have voting rights that are not proportional to their economic interests and substantially all of the entity's activities either involve, or are conducted on behalf of, an investor that has disproportionately few voting rights.

Effective January 1, 2010, we adopted the provisions of FASB Accounting Standards Update 2009-17, *Improvements to Financial Reporting by Enterprises Involved with Variable Interest Entities*, or ASU 2009-17, on a prospective basis. ASU 2009-17, which modified the guidance in FASB ASC Topic 810, introduced a more qualitative approach to evaluating VIEs for consolidation and requires a company to perform an analysis to determine whether its variable interests give it a controlling financial interest in a VIE. This analysis identifies the primary beneficiary of a VIE as the entity that has (a) the power to direct the activities of the VIE that most

H-55

Table of Contents**AIMCO PROPERTIES, L.P.****NOTES TO CONSOLIDATED FINANCIAL STATEMENTS (Continued)**

significantly impact the VIE's economic performance, and (b) the obligation to absorb losses or the right to receive benefits that could potentially be significant to the VIE. In determining whether it has the power to direct the activities of the VIE that most significantly affect the VIE's performance, ASU 2009-17 requires a company to assess whether it has an implicit financial responsibility to ensure that a VIE operates as designed, requires continuous reassessment of primary beneficiary status rather than periodic, event-driven assessments as previously required, and incorporates expanded disclosure requirements.

In determining whether we are the primary beneficiary of a VIE, we consider qualitative and quantitative factors, including, but not limited to: which activities most significantly impact the VIEs economic performance and which party controls such activities; the amount and characteristics of our investment; the obligation or likelihood for us or other investors to provide financial support; and the similarity with and significance to the business activities of us and the other investors. Significant judgments related to these determinations include estimates about the current and future fair values and performance of real estate held by these VIEs and general market conditions.

As a result of our adoption of ASU 2009-17, we concluded we are the primary beneficiary of, and therefore consolidated, 49 previously unconsolidated partnerships. Those partnerships own, or control other entities that own, 31 apartment properties. Our direct and indirect interests in the profits and losses of those partnerships range from less than 1% to 35%, and average approximately 7%. We applied the practicability exception for initial measurement of consolidated VIEs to partnerships that own 13 properties and accordingly recognized the consolidated assets, liabilities and noncontrolling interests at fair value effective January 1, 2010 (refer to the Fair Value Measurements section for further information regarding certain of the fair value amounts recognized upon consolidation). We deconsolidated partnerships that own ten apartment properties in which we hold an average interest of approximately 55%. The initial consolidation and deconsolidation of these partnerships resulted in increases (decreases), net of intercompany eliminations, in amounts included in our consolidated balance sheet as of January 1, 2010, as follows (in thousands):

	Consolidation	Deconsolidation
Real estate, net	\$ 143,986	\$ (86,151)
Cash and cash equivalents and restricted cash	25,056	(7,425)
Accounts and notes receivable	(12,249)	6,002
Investment in unconsolidated real estate partnerships	31,579	11,302
Other assets	3,870	(1,084)
Total assets	\$ 192,242	\$ (77,356)
Total indebtedness	\$ 129,164	\$ (56,938)
Accrued and other liabilities	34,426	(14,921)
Total liabilities	163,590	(71,859)
Cumulative effect of a change in accounting principle:		
Noncontrolling interests	59,276	(8,501)
The Partnership	(30,624)	3,004

Total partners' capital	28,652	(5,497)
Total liabilities and partners' capital	\$ 192,242	\$ (77,356)

In periods prior to 2009, when consolidated real estate partnerships made cash distributions to partners in excess of the carrying amount of the noncontrolling interest, we generally recorded a charge to earnings equal to the amount of such excess distribution, even though there was no economic effect or cost. Also prior to 2009, we allocated the noncontrolling partners' share of partnership losses to noncontrolling partners to the extent of the

H-56

Table of Contents**AIMCO PROPERTIES, L.P.****NOTES TO CONSOLIDATED FINANCIAL STATEMENTS (Continued)**

carrying amount of the noncontrolling interest. Consolidation of a partnership does not ordinarily result in a change to the net amount of partnership income or loss that is recognized using the equity method. However, prior to 2009, when a partnership had a deficit in equity, accounting principles generally accepted in the United States of America, or GAAP, may have required the controlling partner that consolidates the partnership to recognize any losses that would otherwise be allocated to noncontrolling partners, in addition to the controlling partner's share of losses. Certain of the partnerships that we consolidated in accordance with ASU 2009-17 had deficits in equity that resulted from losses or deficit distributions during prior periods when we accounted for our investment using the equity method. We would have been required to recognize the noncontrolling partners' share of those losses had we consolidated those partnerships in those periods prior to 2009. In accordance with our prospective transition method for the adoption of ASU 2009-17 related to our consolidation of previously unconsolidated partnerships, we recorded a \$30.6 million charge to our partners' capital, the majority of which was attributed to the cumulative amount of additional losses that we would have recognized had we applied ASU 2009-17 in periods prior to 2009. Substantially all of those losses were attributable to real estate depreciation expense.

Our consolidated statements of operations for the year ended December 31, 2010, include the following amounts for the entities and related real estate properties consolidated as of January 1, 2010, in accordance with ASU 2009-17 (in thousands):

	2010
Rental and other property revenues	\$ 32,216
Property operating expenses	(19,192)
Depreciation and amortization	(10,624)
Other expenses	(2,038)
Operating income	362
Interest income	33
Interest expense	(8,370)
Equity in losses of unconsolidated real estate partnerships	(17,895)
Gain on disposition of unconsolidated real estate and other	7,360
Net loss	(18,510)
Net loss attributable to noncontrolling interests in consolidated real estate partnerships	19,328
Net income attributable to the Partnership	\$ 818

Our equity in the results of operations of the partnerships and related properties we deconsolidated in connection with our adoption of ASU 2009-17 is included in equity in earnings or losses of unconsolidated real estate partnerships in our consolidated statements of operations for the year ended December 31, 2010. The amounts related to these entities are not significant.

As of December 31, 2010, we were the primary beneficiary of, and therefore consolidated, approximately 137 VIEs, which owned 96 apartment properties with 14,054 units. Real estate with a carrying value of \$867.1 million

collateralized \$654.3 million of debt of those VIEs. Any significant amounts of assets and liabilities related to our consolidated VIEs are identified parenthetically on our accompanying condensed consolidated balance sheets. The creditors of the consolidated VIEs do not have recourse to our general credit.

As of December 31, 2010, we also held variable interests in 276 VIEs for which we were not the primary beneficiary. Those VIEs consist primarily of partnerships that are engaged, directly or indirectly, in the ownership and management of 329 apartment properties with 20,570 units. We are involved with those VIEs as an equity holder, lender, management agent, or through other contractual relationships. The majority of our investments in unconsolidated VIEs, or approximately \$48.9 million at December 31, 2010, are held through consolidated investment partnerships that are VIEs and in which we generally hold a 1% or less general partner or equivalent

H-57

Table of Contents

AIMCO PROPERTIES, L.P.

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS (Continued)

interest. Accordingly, substantially all of the investment balances related to these unconsolidated VIEs are attributed to the noncontrolling interests in the consolidated investment partnerships that hold the investments in these unconsolidated VIEs. Our maximum risk of loss related to our investment in these VIEs is generally limited to our equity interest in the consolidated investment partnerships, which is insignificant. The remainder of our investment in unconsolidated VIEs, or approximately \$5.5 million at December 31, 2010, is held through consolidated investment partnerships that are VIEs and in which we hold substantially all of the economic interests. Our maximum risk of loss related to our investment in these VIEs is limited to our \$5.5 million recorded investment in such entities.

In addition to our investments in unconsolidated VIEs discussed above, at December 31, 2010, we had in aggregate \$101.7 million of receivables from unconsolidated VIEs and we had a contractual obligation to advance funds to certain unconsolidated VIEs totaling \$3.8 million. Our maximum risk of loss associated with our lending and management activities related to these unconsolidated VIEs is limited to these amounts. We may be subject to additional losses to the extent of any receivables relating to future provision of services to these entities or financial support that we voluntarily provide.

Acquisition of Real Estate Assets and Related Depreciation and Amortization

We adopted the provisions of FASB Statement of Financial Accounting Standards No. 141(R), *Business Combinations* a replacement of FASB Statement No. 141, or SFAS 141(R), which are codified in FASB ASC Topic 805, effective January 1, 2009. These provisions apply to all transactions or events in which an entity obtains control of one or more businesses, including those effected without the transfer of consideration, for example, by contract or through a lapse of minority veto rights. These provisions require the acquiring entity in a business combination to recognize the full fair value of assets acquired and liabilities assumed in the transaction (whether a full or partial acquisition); establish the acquisition-date fair value as the measurement objective for all assets acquired and liabilities assumed; and require expensing of most transaction and restructuring costs.

We believe most operating real estate assets meet SFAS 141(R)'s revised definition of a business. Accordingly, in connection with our 2009 adoption of SFAS 141(R), we retroactively adjusted our results of operations for the year ended December 31, 2008, to expense \$3.5 million of transaction costs incurred prior to December 31, 2008. This retroactive adjustment is reflected in investment management expenses in our accompanying consolidated statements of operations and reduced basic and diluted earnings per unit amounts by \$0.04 for the year ended December 31, 2008.

Effective January 1, 2009, we recognize at fair value the acquisition of properties or interests in partnerships that own properties if the transaction results in consolidation and we expense as incurred most related transaction costs. We allocate the cost of acquired properties to tangible assets and identified intangible assets based on their fair values. We determine the fair value of tangible assets, such as land, building, furniture, fixtures and equipment, generally using internal valuation techniques that consider comparable market transactions, discounted cash flow techniques, replacement costs and other available information. We determine the fair value of identified intangible assets (or liabilities), which typically relate to in-place leases, using internal valuation techniques that consider the terms of the in-place leases, current market data for comparable leases, and our experience in leasing similar properties. The intangible assets or liabilities related to in-place leases are comprised of:

1. The value of the above- and below-market leases in-place. An asset or liability is recognized based on the difference between (a) the contractual amounts to be paid pursuant to the in-place leases and (b) our estimate of fair

market lease rates for the corresponding in-place leases, measured over the period, including estimated lease renewals for below-market leases, that the leases are expected to remain in effect.

2. The estimated unamortized portion of avoided leasing commissions and other costs that ordinarily would be incurred to acquire the in-place leases.

H-58

Table of Contents**AIMCO PROPERTIES, L.P.****NOTES TO CONSOLIDATED FINANCIAL STATEMENTS (Continued)**

3. The value associated with vacant units during the absorption period (estimates of lost rental revenue during the expected lease-up periods based on current market demand and stabilized occupancy levels).

The values of the above- and below-market leases are amortized to rental revenue over the expected remaining terms of the associated leases. Other intangible assets related to in-place leases are amortized to depreciation and amortization over the expected remaining terms of the associated leases. Amortization is adjusted, as necessary, to reflect any early lease terminations that were not anticipated in determining amortization periods.

Depreciation for all tangible real estate assets is calculated using the straight-line method over their estimated useful lives. Acquired buildings and improvements are depreciated over a composite life of 14 to 52 years, based on the age, condition and other physical characteristics of the property. As discussed under *Impairment of Long Lived Assets* below, we may adjust depreciation of properties that are expected to be disposed of or demolished prior to the end of their useful lives. Furniture, fixtures and equipment associated with acquired properties are depreciated over five years.

At December 31, 2010 and 2009, deferred income in our consolidated balance sheets includes below-market lease amounts totaling \$27.9 million and \$31.8 million, respectively, which are net of accumulated amortization of \$24.9 million and \$21.0 million, respectively. During the years ended December 31, 2010, 2009 and 2008, we included amortization of below-market leases of \$3.9 million, \$4.4 million and \$4.4 million, respectively, in rental and other property revenues in our consolidated statements of operations. At December 31, 2010, our below-market leases had a weighted average amortization period of 7.0 years and estimated aggregate amortization for each of the five succeeding years as follows (in millions):

	2011	2012	2013	2014	2015
Estimated amortization	\$ 3.6	\$ 3.2	\$ 2.8	\$ 2.5	\$ 2.3

Capital Additions and Related Depreciation

We capitalize costs, including certain indirect costs, incurred in connection with our capital additions activities, including redevelopment and construction projects, other tangible property improvements, and replacements of existing property components. Included in these capitalized costs are payroll costs associated with time spent by site employees in connection with the planning, execution and control of all capital additions activities at the property level. We characterize as indirect costs an allocation of certain department costs, including payroll, at the area operations and corporate levels that clearly relate to capital additions activities. We capitalize interest, property taxes and insurance during periods in which redevelopment and construction projects are in progress. We charge to expense as incurred costs that do not relate to capital expenditure activities, including ordinary repairs, maintenance, resident turnover costs and general and administrative expenses.

We depreciate capitalized costs using the straight-line method over the estimated useful life of the related component or improvement, which is generally five, 15 or 30 years. All capitalized site payroll and indirect costs are allocated proportionately, based on direct costs, among capital projects and depreciated over the estimated useful lives of such projects.

Certain homogeneous items that are purchased in bulk on a recurring basis, such as carpeting and appliances, are depreciated using group methods that reflect the average estimated useful life of the items in each group. Except in the case of property casualties, where the net book value of lost property is written off in the determination of casualty gains or losses, we generally do not recognize any loss in connection with the replacement of an existing property component because normal replacements are considered in determining the estimated useful lives used in connection with our composite and group depreciation methods.

For the years ended December 31, 2010, 2009 and 2008, for continuing and discontinued operations, we capitalized \$11.6 million, \$9.8 million and \$25.7 million of interest costs, respectively, and \$25.3 million, \$40.0 million and \$78.1 million of site payroll and indirect costs, respectively.

H-59

Table of Contents

AIMCO PROPERTIES, L.P.

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS (Continued)

Impairment of Long-Lived Assets

Real estate and other long-lived assets to be held and used are stated at cost, less accumulated depreciation and amortization, unless the carrying amount of the asset is not recoverable. If events or circumstances indicate that the carrying amount of a property may not be recoverable, we make an assessment of its recoverability by comparing the carrying amount to our estimate of the undiscounted future cash flows, excluding interest charges, of the property. If the carrying amount exceeds the aggregate undiscounted future cash flows, we recognize an impairment loss to the extent the carrying amount exceeds the estimated fair value of the property.

In connection with the preparation of our 2008 annual financial statements, we assessed the recoverability of our investment in our Lincoln Place property, located in Venice, California. Based upon the declines in land values in Southern California during 2008 and the expected timing of our redevelopment efforts, we determined that the total carrying amount of the property was no longer probable of full recovery and, accordingly, during the three months ended December 31, 2008, recognized an impairment loss of \$85.4 million (\$55.6 million net of tax).

Similarly, we assessed the recoverability of our investment in Pacific Bay Vistas (formerly Treetops), a vacant property located in San Bruno, California, and determined that the carrying amount of the property was no longer probable of full recovery and, accordingly, we recognized an impairment loss of \$5.7 million for this property during the three months ended December 31, 2008.

In addition to the impairments of Lincoln Place and Pacific Bay Vistas, based on periodic tests of recoverability of long-lived assets, for the years ended December 31, 2010 and 2009, we recorded real estate impairment losses of \$0.4 million and \$2.3 million, respectively, related to properties classified as held for use. For the year ended December 31, 2008, we recorded no similar impairment losses related to properties classified as held for use.

We report impairment losses or recoveries related to properties sold or classified as held for sale in discontinued operations.

Our tests of recoverability address real estate assets that do not currently meet all conditions to be classified as held for sale, but are expected to be disposed of prior to the end of their estimated useful lives. If an impairment loss is not required to be recorded, the recognition of depreciation is adjusted prospectively, as necessary, to reduce the carrying amount of the real estate to its estimated disposition value over the remaining period that the real estate is expected to be held and used. We also may adjust depreciation prospectively to reduce to zero the carrying amount of buildings that we plan to demolish in connection with a redevelopment project. These depreciation adjustments decreased net income available to the Partnership's common unitholders by \$0.2 million, \$19.6 million and \$11.8 million, and resulted in decreases in basic and diluted earnings per unit of less than \$0.01, \$0.16 and \$0.12, for the years ended December 31, 2010, 2009 and 2008, respectively.

Cash Equivalents

We classify highly liquid investments with an original maturity of three months or less as cash equivalents.

Restricted Cash

Restricted cash includes capital replacement reserves, completion repair reserves, bond sinking fund amounts and tax and insurance escrow accounts held by lenders.

Accounts Receivable and Allowance for Doubtful Accounts

Accounts receivable are generally comprised of amounts receivable from residents, amounts receivable from non-affiliated real estate partnerships for which we provide property management and other services and other miscellaneous receivables from non-affiliated entities. We evaluate collectibility of accounts receivable from residents and establish an allowance, after the application of security deposits and other anticipated recoveries, for accounts greater than 30 days past due for current residents and all receivables due from former residents. Accounts

H-60

Table of Contents

AIMCO PROPERTIES, L.P.

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS (Continued)

receivable from residents are stated net of allowances for doubtful accounts of approximately \$2.1 million and \$1.4 million as of December 31, 2010 and 2009, respectively.

We evaluate collectibility of accounts receivable from non-affiliated entities and establish an allowance for amounts that are considered to be uncollectible. Accounts receivable relating to non-affiliated entities are stated net of allowances for doubtful accounts of approximately \$1.0 million and \$0.3 million as of December 31, 2010 and 2009, respectively.

Accounts Receivable and Allowance for Doubtful Accounts from Affiliates

Accounts receivable from affiliates are generally comprised of receivables related to property management and other services provided to unconsolidated real estate partnerships in which we have an ownership interest. We evaluate collectibility of accounts receivable balances from affiliates on a periodic basis, and establish an allowance for the amounts deemed to be uncollectible. Accounts receivable from affiliates are stated net of allowances for doubtful accounts of approximately \$1.5 million and \$1.9 million as of December 31, 2010 and 2009, respectively.

Deferred Costs

We defer lender fees and other direct costs incurred in obtaining new financing and amortize the amounts over the terms of the related loan agreements. Amortization of these costs is included in interest expense.

We defer leasing commissions and other direct costs incurred in connection with successful leasing efforts and amortize the costs over the terms of the related leases. Amortization of these costs is included in depreciation and amortization.

Notes Receivable from Unconsolidated Real Estate Partnerships and Non-Affiliates and Related Interest Income and Provision for Losses

Notes receivable from unconsolidated real estate partnerships and from non-affiliates represent our two portfolio segments, as defined in FASB Accounting Standards Update 2010-20, *Disclosures about the Credit Quality of Financing Receivables and the Allowance for Credit Losses*, that we use to evaluate for potential loan loss. Notes receivable from unconsolidated real estate partnerships consist primarily of notes receivable from partnerships in which we are the general partner but do not consolidate the partnership. These loans are typically due on demand, have no stated maturity date and may not require current payments of principal or interest. Notes receivable from non-affiliates have stated maturity dates and may require current payments of principal and interest. Repayment of these notes is subject to a number of variables, including the performance and value of the underlying real estate properties and the claims of unaffiliated mortgage lenders, which are generally senior to our claims. Our notes receivable consist of two classes: loans extended by us that we carry at the face amount plus accrued interest, which we refer to as par value notes; and loans extended by predecessors whose positions we generally acquired at a discount, which we refer to as discounted notes.

We record interest income on par value notes as earned in accordance with the terms of the related loan agreements. We discontinue the accrual of interest on such notes when the notes are impaired, as discussed below, or when there is otherwise significant uncertainty as to the collection of interest. We record income on such nonaccrual loans using the cost recovery method, under which we apply cash receipts first to the recorded amount of the loan; thereafter, any

additional receipts are recognized as income.

We recognize interest income on discounted notes receivable based upon whether the amount and timing of collections are both probable and reasonably estimable. We consider collections to be probable and reasonably estimable when the borrower has closed or entered into certain pending transactions (which include real estate sales, refinancings, foreclosures and rights offerings) that provide a reliable source of repayment. In such instances, we recognize accretion income, on a prospective basis using the effective interest method over the estimated remaining

H-61

Table of Contents

AIMCO PROPERTIES, L.P.

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS (Continued)

term of the loans, equal to the difference between the carrying amount of the discounted notes and the estimated collectible value. We record income on all other discounted notes using the cost recovery method.

We assess the collectibility of notes receivable on a periodic basis, which assessment consists primarily of an evaluation of cash flow projections of the borrower to determine whether estimated cash flows are sufficient to repay principal and interest in accordance with the contractual terms of the note. We update our cash flow projections of the borrowers annually, and more frequently for certain loans depending on facts and circumstances. We recognize impairments on notes receivable when it is probable that principal and interest will not be received in accordance with the contractual terms of the loan. Factors that affect this assessment include the fair value of the partnership's real estate, pending transactions to refinance the partnership's senior obligations or sell the partnership's real estate, and market conditions (current and forecasted) related to a particular asset. The amount of the impairment to be recognized generally is based on the fair value of the partnership's real estate that represents the primary source of loan repayment. In certain instances where other sources of cash flow are available to repay the loan, the impairment is measured by discounting the estimated cash flows at the loan's original effective interest rate. See Note 5 for further discussion of our notes receivable.

Investments in Unconsolidated Real Estate Partnerships

We own general and limited partner interests in partnerships that either directly, or through interests in other real estate partnerships, own apartment properties. We generally account for investments in real estate partnerships that we do not consolidate under the equity method. Under the equity method, our share of the earnings or losses of the entity for the periods being presented is included in equity in earnings (losses) from unconsolidated real estate partnerships, inclusive of our share of impairments and property disposition gains recognized by and related to such entities. Certain investments in real estate partnerships that were acquired in business combinations were determined to have insignificant value at the acquisition date and are accounted for under the cost method. Any distributions received from such partnerships are recognized as income when received.

The excess of the cost of the acquired partnership interests over the historical carrying amount of partners' equity or deficit is ascribed generally to the fair values of land and buildings owned by the partnerships. We amortize the excess cost related to the buildings over the estimated useful lives of the buildings. Such amortization is recorded as a component of equity in earnings (losses) of unconsolidated real estate partnerships. See Note 4 for further discussion of Investments in Unconsolidated Real Estate Partnerships.

Intangible Assets

At December 31, 2010 and 2009, other assets included goodwill associated with our reportable segments of \$67.1 million and \$71.8 million, respectively. We perform an annual impairment test of goodwill that compares the fair value of reporting units with their carrying amounts, including goodwill. We determined that our goodwill was not impaired in 2010, 2009 or 2008.

During the years ended December 31, 2010 and 2009, we allocated \$4.7 million and \$10.1 million, respectively, of goodwill related to our reportable segments (conventional and affordable real estate operations) to the carrying amounts of the properties sold or classified as held for sale. The amounts of goodwill allocated to these properties were based on the relative fair values of the properties sold or classified as held for sale and the retained portions of the reporting units to which the goodwill was allocated. During 2008, we did not allocate any goodwill to properties

sold or classified as held for sale as real estate properties were not considered businesses under then applicable GAAP.

Other assets also includes intangible assets for purchased management contracts with finite lives that we amortize on a straight-line basis over terms ranging from five to 20 years and intangible assets for in-place leases as discussed under *Acquisition of Real Estate Assets and Related Depreciation and Amortization*.

H-62

AIMCO PROPERTIES, L.P.

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS (Continued)

Capitalized Software Costs

Purchased software and other costs related to software developed for internal use are capitalized during the application development stage and are amortized using the straight-line method over the estimated useful life of the software, generally five years. We write-off the costs of software development projects when it is no longer probable that the software will be completed and placed in service. For the years ended December 31, 2010, 2009 and 2008, we capitalized software development costs totaling \$8.7 million, \$5.6 million and \$20.9 million, respectively. At December 31, 2010 and 2009, other assets included \$28.1 million and \$29.7 million of net capitalized software, respectively. During the years ended December 31, 2010, 2009 and 2008, we recognized amortization of capitalized software of \$10.2 million, \$11.5 million and \$10.0 million, respectively, which is included in depreciation and amortization in our consolidated statements of operations.

During the year ended December 31, 2008, we reassessed our approach to communication technology needs at our properties, which resulted in the discontinuation of an infrastructure project and a \$5.4 million write-off of related hardware and capitalized internal and consulting costs included in other assets. The write-off, which is net of sales proceeds, is included in other expenses, net. During the year ended December 31, 2008, we additionally recorded a \$1.6 million write-off of certain software and hardware assets that are no longer consistent with our information technology strategy. This write-off is included in depreciation and amortization. There were no similar write-offs during the years ended December 31, 2010 or 2009.

Noncontrolling Interests

Effective January 1, 2009, we adopted the provisions of FASB Statement of Financial Accounting Standards No. 160, *Noncontrolling Interests in Consolidated Financial Statements – an amendment of ARB No. 51*, or SFAS 160, which are codified in FASB ASC Topic 810. These provisions clarified that a noncontrolling interest in a subsidiary is an ownership interest in a consolidated entity, which should be reported as equity in the parent's consolidated financial statements. These provisions require disclosure, on the face of the consolidated statements of operations, of the amounts of consolidated net income (loss) and other comprehensive income (loss) attributable to controlling and noncontrolling interests, eliminating the past practice of reporting amounts of income attributable to noncontrolling interests as an adjustment in arriving at consolidated net income. These provisions also require us to attribute to noncontrolling interests their share of losses even if such attribution results in a deficit noncontrolling interest balance within our equity accounts, and in some instances, recognize a gain or loss in net income when a subsidiary is deconsolidated.

In connection with our retrospective application of these provisions, we reclassified into our consolidated equity accounts the historical balances related to noncontrolling interests in consolidated real estate partnerships. At December 31, 2008, the carrying amount of noncontrolling interests in consolidated real estate partnerships was \$381.8 million.

Noncontrolling Interests in Consolidated Real Estate Partnerships

We report the unaffiliated partners' interests in our consolidated real estate partnerships as noncontrolling interests in consolidated real estate partnerships. Noncontrolling interests in consolidated real estate partnerships represent the noncontrolling partners' share of the underlying net assets of our consolidated real estate partnerships. Prior to 2009, when these consolidated real estate partnerships made cash distributions to partners in excess of the carrying amount

of the noncontrolling interest, we generally recorded a charge equal to the amount of such excess distribution, even though there was no economic effect or cost. These charges are reported in the consolidated statements of operations for the year ended December 31, 2008, within noncontrolling interests in consolidated real estate partnerships. Also prior to 2009, we allocated the noncontrolling partners' share of partnership losses to noncontrolling partners to the extent of the carrying amount of the noncontrolling interest. We generally recorded a charge when the noncontrolling partners' share of partnership losses exceeds the carrying amount of the noncontrolling interest, even though there is no economic effect or cost. These charges are reported in the

H-63

Table of Contents

AIMCO PROPERTIES, L.P.

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS (Continued)

consolidated statements of operations within noncontrolling interests in consolidated real estate partnerships. We did not record charges for distributions or losses in certain limited instances where the noncontrolling partner had a legal obligation and financial capacity to contribute additional capital to the partnership. For the year ended December 31, 2008, we recorded charges for partnership losses resulting from depreciation of approximately \$9.0 million that were not allocated to noncontrolling partners because the losses exceeded the carrying amount of the noncontrolling interest.

Noncontrolling interests in consolidated real estate partnerships consist primarily of equity interests held by limited partners in consolidated real estate partnerships that have finite lives. The terms of the related partnership agreements generally require the partnership to be liquidated following the sale of the partnership's real estate. As the general partner in these partnerships, we ordinarily control the execution of real estate sales and other events that could lead to the liquidation, redemption or other settlement of noncontrolling interests. The aggregate carrying amount of noncontrolling interests in consolidated real estate partnerships is approximately \$292.4 million at December 31, 2010. The aggregate fair value of these interests varies based on the fair value of the real estate owned by the partnerships. Based on the number of classes of finite-life noncontrolling interests, the number of properties in which there is direct or indirect noncontrolling ownership, complexities in determining the allocation of liquidation proceeds among partners and other factors, we believe it is impracticable to determine the total required payments to the noncontrolling interests in an assumed liquidation at December 31, 2010. As a result of real estate depreciation that is recognized in our financial statements and appreciation in the fair value of real estate that is not recognized in our financial statements, we believe that the aggregate fair value of our noncontrolling interests exceeds their aggregate carrying amount. As a result of our ability to control real estate sales and other events that require payment of noncontrolling interests and our expectation that proceeds from real estate sales will be sufficient to liquidate related noncontrolling interests, we anticipate that the eventual liquidation of these noncontrolling interests will not have an adverse impact on our financial condition.

Changes in our ownership interest in consolidated real estate partnerships generally consist of our purchase of an additional interest in or the sale of our entire interest in a consolidated real estate partnership. The effect on partners' capital of our purchase of additional interests in consolidated real estate partnerships during the year ended December 31, 2010 is shown in the consolidated statement of partners' capital and further discussed in Note 3. Our purchase of additional interests in consolidated real estate partnerships had no significant effect on our partners' capital during the years ended December 31, 2009 and 2008. The effect on our partners' capital of sales of our entire interest in consolidated real estate partnerships is reflected in our consolidated financial statements as sales of real estate and accordingly the effect on our partners' capital is reflected as gains on disposition of real estate, less the amounts of such gains attributable to noncontrolling interests, within consolidated net (loss) income attributable to the Partnership's common unitholders.

Revenue Recognition

Our properties have operating leases with apartment residents with terms averaging 12 months. We recognize rental revenue related to these leases, net of any concessions, on a straight-line basis over the term of the lease. We recognize revenues from property management, asset management, syndication and other services when the related fees are earned and are realized or realizable.

Advertising Costs

We generally expense all advertising costs as incurred to property operating expense. For the years ended December 31, 2010, 2009 and 2008, for both continuing and discontinued operations, total advertising expense was \$14.2 million, \$21.7 million and \$31.8 million, respectively.

H-64

Table of Contents

AIMCO PROPERTIES, L.P.

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS (Continued)

Insurance

We believe that our insurance coverages insure our properties adequately against the risk of loss attributable to fire, earthquake, hurricane, tornado, flood, and other perils. In addition, we have insurance coverage for substantial portions of our property, workers' compensation, health, and general liability exposures. Losses are accrued based upon our estimates of the aggregate liability for uninsured losses incurred using certain actuarial assumptions followed in the insurance industry and based on our experience.

Stock-Based Compensation

We recognize all stock-based employee compensation, including grants of employee stock options, in the consolidated financial statements based on the grant date fair value and recognize compensation cost, which is net of estimates for expected forfeitures, ratably over the awards' requisite service period. See Note 12 for further discussion of our stock-based compensation.

Tax Credit Arrangements

We sponsor certain partnerships that own and operate apartment properties that qualify for tax credits under Section 42 of the Internal Revenue Code of 1986, as amended, which we refer to as the Code, and for the U.S. Department of Housing and Urban Development, or HUD, subsidized rents under HUD's Section 8 program. These partnerships acquire, develop and operate qualifying affordable housing properties and are structured to provide for the pass-through of tax credits and deductions to their partners. The tax credits are generally realized ratably over the first ten years of the tax credit arrangement and are subject to the partnership's compliance with applicable laws and regulations for a period of 15 years. Typically, we are the general partner with a legal ownership interest of one percent or less. We market limited partner interests of at least 99 percent to unaffiliated institutional investors (which we refer to as tax credit investors or investors) and receive a syndication fee from each investor upon such investor's admission to the partnership. At inception, each investor agrees to fund capital contributions to the partnerships. We agree to perform various services for the partnerships in exchange for fees over the expected duration of the tax credit service period. The related partnership agreements generally require adjustment of each tax credit investor's required capital contributions if actual tax benefits to such investor differ from projected amounts.

We have determined that the partnerships in these arrangements are variable interest entities and, where we are general partner, we are generally the primary beneficiary that is required to consolidate the partnerships. When the contractual arrangements obligate us to deliver tax benefits to the investors, and entitle us through fee arrangements to receive substantially all available cash flow from the partnerships, we account for these partnerships as wholly owned subsidiaries. Capital contributions received by the partnerships from tax credit investors represent, in substance, consideration that we receive in exchange for our obligation to deliver tax credits and other tax benefits to the investors, and the receipts are recognized as revenue in our consolidated financial statements when our obligation to the investors is relieved upon delivery of the expected tax benefits.

In summary, our accounting treatment recognizes the income or loss generated by the underlying real estate based on our economic interest in the partnerships. Proceeds received in exchange for the transfer of the tax credits are recognized as revenue proportionately as the tax benefits are delivered to the tax credit investors and our obligation is relieved. Syndication fees and related costs are recognized in income upon completion of the syndication effort. We recognize syndication fees in amounts determined based on a market rate analysis of fees for comparable services,

which generally fell within a range of 10% to 15% of investor contributions during the periods presented. Other direct and incremental costs incurred in structuring these arrangements are deferred and amortized over the expected duration of the arrangement in proportion to the recognition of related income. Investor contributions in excess of recognized revenue are reported as deferred income in our consolidated balance sheets.

H-65

Table of Contents

AIMCO PROPERTIES, L.P.

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS (Continued)

During the year ended December 31, 2010, we recognized a net \$1.0 million reduction of syndication fees due to our determination that certain syndication fees receivable were uncollectible. We recognized no syndication fee income during the year ended December 31, 2009. During the year ended December 31, 2008, we recognized syndication fee income of \$3.4 million. During the years ended December 31, 2010, 2009 and 2008 we recognized revenue associated with the delivery of tax benefits of \$28.9 million, \$36.6 million and \$29.4 million, respectively. At December 31, 2010 and 2009, \$114.7 million and \$148.1 million, respectively, of investor contributions in excess of the recognized revenue were included in deferred income in our consolidated balance sheets.

Discontinued Operations

We classify certain properties and related assets and liabilities as held for sale when they meet certain criteria. The operating results of such properties as well as those properties sold during the periods presented are included in discontinued operations in both current periods and all comparable periods presented. Depreciation is not recorded on properties once they have been classified as held for sale; however, depreciation expense recorded prior to classification as held for sale is included in discontinued operations. The net gain on sale and any impairment losses are presented in discontinued operations when recognized. See Note 13 for additional information regarding discontinued operations.

Derivative Financial Instruments

We primarily use long-term, fixed-rate and self-amortizing non-recourse debt to avoid, among other things, risk related to fluctuating interest rates. For our variable rate debt, we are sometimes required by our lenders to limit our exposure to interest rate fluctuations by entering into interest rate swap or cap agreements. The interest rate swap agreements moderate our exposure to interest rate risk by effectively converting the interest on variable rate debt to a fixed rate. The interest rate cap agreements effectively limit our exposure to interest rate risk by providing a ceiling on the underlying variable interest rate. The fair values of the interest rate swaps are reflected as assets or liabilities in the balance sheet, and periodic changes in fair value are included in interest expense or equity, as appropriate. The interest rate caps are not material to our financial position or results of operations.

As of December 31, 2010 and 2009, we had interest rate swaps with aggregate notional amounts of \$52.3 million, and recorded fair values of \$2.7 million and \$1.6 million, respectively, reflected in accrued liabilities and other in our consolidated balance sheets. At December 31, 2010, these interest rate swaps had a weighted average term of 10.1 years. We have designated these interest rate swaps as cash flow hedges and recognize any changes in their fair value as an adjustment of accumulated other comprehensive income (loss) within partners' capital to the extent of their effectiveness. Changes in the fair value of these instruments and the related amounts of such changes that were reflected as an adjustment of accumulated other comprehensive loss within partners' capital and as an adjustment of earnings (ineffectiveness) are discussed in the foregoing Fair Value Measurements section.

If the forward rates at December 31, 2010 remain constant, we estimate that during the next twelve months, we would reclassify into earnings approximately \$1.6 million of the unrealized losses in accumulated other comprehensive loss. If market interest rates increase above the 3.43% weighted average fixed rate under these interest rate swaps we will benefit from net cash payments due to us from our counterparty to the interest rate swaps.

We have entered into total rate of return swaps on various fixed-rate secured tax-exempt bonds payable and fixed-rate notes payable to convert these borrowings from a fixed rate to a variable rate and provide an efficient financing

product to lower our cost of borrowing. In exchange for our receipt of a fixed rate generally equal to the underlying borrowing's interest rate, the total rate of return swaps require that we pay a variable rate, equivalent to the Securities Industry and Financial Markets Association Municipal Swap Index, or SIFMA, rate for tax-exempt bonds payable and the 30-day LIBOR rate for notes payable, plus a risk spread. These swaps generally have a second or third lien on the property collateralized by the related borrowings and the obligations under certain of these swaps are cross-collateralized with certain of the other swaps with a particular counterparty. The underlying

H-66

Table of Contents**AIMCO PROPERTIES, L.P.****NOTES TO CONSOLIDATED FINANCIAL STATEMENTS (Continued)**

borrowings are generally callable at our option, with no prepayment penalty, with 30 days advance notice, and the swaps generally have a term of less than five years. The total rate of return swaps have a contractually defined termination value generally equal to the difference between the fair value and the counterparty's purchased value of the underlying borrowings, which may require payment by us or to us for such difference. Accordingly, we believe fluctuations in the fair value of the borrowings from the inception of the hedging relationship generally will be offset by a corresponding fluctuation in the fair value of the total rate of return swaps.

We designate total rate of return swaps as hedges of the risk of overall changes in the fair value of the underlying borrowings. At each reporting period, we estimate the fair value of these borrowings and the total rate of return swaps and recognize any changes therein as an adjustment of interest expense. We evaluate the effectiveness of these fair value hedges at the end of each reporting period and recognize an adjustment of interest expense as a result of any ineffectiveness.

Borrowings payable subject to total rate of return swaps with aggregate outstanding principal balances of \$276.9 million and \$352.7 million at December 31, 2010 and 2009, respectively, are reflected as variable rate borrowings in Note 6. Due to changes in the estimated fair values of these debt instruments and the corresponding total rate of return swaps, we increased the carrying amount of property loans payable by \$4.8 million and \$5.2 million for the years ended December 31, 2010 and 2009, respectively, and reduced the carrying amount of property loans payable by \$20.1 million for the year ended December 31, 2008, with offsetting adjustments to the swap values in accrued liabilities, resulting in no net effect on net income. Refer to the foregoing *Fair Value Measurements* section for further discussion of fair value measurements related to these arrangements. During 2010, 2009 and 2008, we determined these hedges were fully effective and accordingly we made no adjustments to interest expense for ineffectiveness.

At December 31, 2010, the weighted average fixed receive rate under the total return swaps was 6.8% and the weighted average variable pay rate was 1.6%, based on the applicable SIFMA and 30-day LIBOR rates effective as of that date. Further information related to our total return swaps as of December 31, 2010 is as follows (dollars in millions):

Debt Principal	Year of Debt Maturity	Weighted Average Debt Interest Rate	Swap Notional Amount	Year of Swap Maturity	Weighted Average Swap Variable Pay Rate at December 31, 2010
\$ 29.2	2012	7.5%	\$ 29.2	2012	1.6%
24.0	2015	6.9%	24.0	2012	1.1%
93.0	2031	7.4%	93.0	2012	1.1%
106.1	2036	6.2%	106.5	2012	2.2%

\$ 277.3

Fair Value Measurements

Beginning in 2008, we applied the FASB's revised accounting provisions related to fair value measurements, which are codified in FASB ASC Topic 820. These revised provisions define fair value as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date, establish a hierarchy that prioritizes the information used in developing fair value estimates and require disclosure of fair value measurements by level within the fair value hierarchy. The hierarchy gives the highest priority to quoted prices in active markets (Level 1 measurements) and the lowest priority to unobservable data (Level 3 measurements), such as the reporting entity's own data. We adopted the revised fair value measurement provisions that apply to recurring and nonrecurring fair value measurements of financial assets

H-67

Table of Contents

AIMCO PROPERTIES, L.P.

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS (Continued)

and liabilities effective January 1, 2008, and the provisions that apply to the remaining fair value measurements effective January 1, 2009, and at those times determined no transition adjustments were required.

The valuation hierarchy is based upon the transparency of inputs to the valuation of an asset or liability as of the measurement date and includes three levels defined as follows:

Level 1 Unadjusted quoted prices for identical and unrestricted assets or liabilities in active markets

Level 2 Quoted prices for similar assets and liabilities in active markets, and inputs that are observable for the asset or liability, either directly or indirectly, for substantially the full term of the financial instrument

Level 3 Unobservable inputs that are significant to the fair value measurement

A financial instrument's categorization within the valuation hierarchy is based upon the lowest level of input that is significant to the fair value measurement.

Following are descriptions of the valuation methodologies used for our significant assets or liabilities measured at fair value on a recurring or nonrecurring basis. Although some of the valuation methodologies use observable market inputs in limited instances, the majority of inputs we use are unobservable and are therefore classified within Level 3 of the valuation hierarchy.

Real Estate

From time to time, we may be required to recognize an impairment loss to the extent the carrying amount of a property exceeds the estimated fair value, for properties classified as held for use, or the estimated fair value, less estimated selling costs, for properties classified as held for sale. Additionally, we are generally required to initially measure real estate recognized in connection with our consolidation of real estate partnerships at fair value.

We estimate the fair value of real estate using income and market valuation techniques using information such as broker estimates, purchase prices for recent transactions on comparable assets and net operating income capitalization analyses using observable and unobservable inputs such as capitalization rates, asset quality grading, geographic location analysis, and local supply and demand observations. For certain properties classified as held for sale, we may also recognize the impairment loss based on the contract sale price, which we believe is representative of fair value, less estimated selling costs.

Notes Receivable

We assess the collectibility of notes receivable on a periodic basis, which assessment consists primarily of an evaluation of cash flow projections of the borrower to determine whether estimated cash flows are sufficient to repay principal and interest in accordance with the contractual terms of the note. We recognize impairments on notes receivable when it is probable that principal and interest will not be received in accordance with the contractual terms of the loan. The amount of the impairment to be recognized generally is based on the fair value of the real estate, which represents the primary source of loan repayment. The fair value of real estate is estimated through income and market valuation approaches using information such as broker estimates, purchase prices for recent transactions on comparable assets and net operating income capitalization analyses using observable and unobservable inputs such as

capitalization rates, asset quality grading, geographic location analysis, and local supply and demand observations.

Interest Rate Swaps

We recognized interest rate swaps at their estimated fair value. We estimate the fair value of interest rate swaps using an income approach with primarily observable inputs, including information regarding the hedged variable cash flows and forward yield curves relating to the variable interest rates on which the hedged cash flows are based.

H-68

Table of Contents

AIMCO PROPERTIES, L.P.

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS (Continued)

Total Rate of Return Swaps

Our total rate of return swaps have contractually-defined termination values generally equal to the difference between the fair value and the counterparty's purchased value of the underlying borrowings. Upon termination, we are required to pay the counterparty the difference if the fair value is less than the purchased value, and the counterparty is required to pay us the difference if the fair value is greater than the purchased value. The underlying borrowings are generally callable, at our option, at face value prior to maturity and with no prepayment penalty. Due to our control of the call features in the underlying borrowings, we believe the inherent value of any differential between the fixed and variable cash payments due under the swaps would be significantly discounted by a market participant willing to purchase or assume any rights and obligations under these contracts.

The swaps are generally cross-collateralized with other swap contracts with the same counterparty and do not allow transfer or assignment, thus there is no alternate or secondary market for these instruments. Accordingly, our assumptions about the fair value that a willing market participant would assign in valuing these instruments are based on a hypothetical market in which the highest and best use of these contracts is in-use in combination with the related borrowings, similar to how we use the contracts. Based on these assumptions, we believe the termination value, or exit value, of the swaps approximates the fair value that would be assigned by a willing market participant. We calculate the termination value using a market approach by reference to estimates of the fair value of the underlying borrowings, which are discussed below, and an evaluation of potential changes in the credit quality of the counterparties to these arrangements. We compare our estimates of the fair value of the swaps and related borrowings to the valuations provided by the counterparties on a quarterly basis.

Non-recourse Property Debt

We recognize changes in the fair value of the non-recourse property debt subject to total rate of return swaps discussed above, which we have designated as fair value hedges. Additionally, we are generally required to initially measure non-recourse property debt recognized in connection with our consolidation of real estate partnerships at fair value.

We estimate the fair value of debt instruments using an income and market approach, including comparison of the contractual terms to observable and unobservable inputs such as market interest rate risk spreads, collateral quality and loan-to-value ratios on similarly encumbered assets within our portfolio. These borrowings are collateralized and non-recourse to us; therefore, we believe changes in our credit rating will not materially affect a market participant's estimate of the borrowings' fair value.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although we believe our valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain assets and liabilities could result in a different estimate of fair value at the reporting date.

The table below presents amounts at December 31, 2010, 2009 and 2008 (and the changes in fair value between such dates) for significant items measured in our consolidated balance sheets at fair value on a recurring basis (in thousands). Certain of these fair value measurements are based on significant unobservable inputs classified within Level 3 of the valuation hierarchy. When a determination is made to classify a fair value measurement within Level 3 of the valuation hierarchy, the determination is based upon the significance of the unobservable factors to the overall

fair value measurement. However, Level 3 fair value measurements typically include, in addition to the unobservable or Level 3 components, observable components that can be validated to observable external sources;

H-69

Table of Contents**AIMCO PROPERTIES, L.P.****NOTES TO CONSOLIDATED FINANCIAL STATEMENTS (Continued)**

accordingly, the changes in fair value in the table below are due in part to observable factors that are part of the valuation methodology.

	Level 2		Level 3		
	Interest Rate Swaps	Total Rate of Return Swaps	Changes in Fair Value of Debt Subject to Total Rate of Return Swaps		Total
Fair value at December 31, 2008	\$ (2,557)	\$ (29,495)	\$	29,495	\$ (2,557)
Unrealized gains (losses) included in earnings(1)(2)	(447)	5,188		(5,188)	(447)
Realized gains (losses) included in earnings					
Unrealized gains (losses) included in partners capital	1,408				1,408
Fair value at December 31, 2009	\$ (1,596)	\$ (24,307)	\$	24,307	\$ (1,596)
Unrealized gains (losses) included in earnings(1)(2)	(45)	4,765		(4,765)	(45)
Realized gains (losses) included in earnings					
Unrealized gains (losses) included in partners capital	(1,105)				(1,105)
Fair value at December 31, 2010	\$ (2,746)	\$ (19,542)	\$	19,542	\$ (2,746)

(1) Unrealized gains (losses) relate to periodic revaluations of fair value and have not resulted from the settlement of a swap position.

(2) Included in interest expense in the accompanying consolidated statements of operations.

The table below presents information regarding significant amounts measured at fair value in our consolidated financial statements on a nonrecurring basis during the years ended December 31, 2010 and 2009, all of which were based, in part, on significant unobservable inputs classified within Level 3 of the valuation hierarchy (in thousands):

	2010		2009	
	Fair Value Measurement	Gain (Loss)	Fair Value Measurement	Gain (Loss)
Real estate (impairment losses)(1)	\$ 62,111	\$ (12,043)	\$ 425,345	\$ (48,542)

Edgar Filing: APARTMENT INVESTMENT & MANAGEMENT CO - Form S-4

Real estate (newly consolidated)(2)	117,083	1,104	10,798	
Property debt (newly consolidated)(2)	83,890		2,031	
Investment in Casden Properties LLC (Note 5)			10,000	(20,740)

- (1) During the year ended December 31, 2010 and 2009, we reduced the aggregate carrying amounts of \$74.2 million and \$473.9 million, respectively, for real estate assets classified as held for sale to their estimated fair value, less estimated costs to sell. These impairment losses recognized generally resulted from a reduction in the estimated holding period for these assets. In periods prior to their classification as held for sale, we evaluated the recoverability of their carrying amounts based on an analysis of the undiscounted cash flows over the then anticipated holding period.
- (2) In connection with our adoption of ASU 2009-17 (see preceding discussion of Variable Interest Entities) and reconsideration events during the year ended December 31, 2010, we consolidated 17 partnerships at fair value. With the exception of such partnerships' investments in real estate properties and related non-recourse property

H-70

Table of Contents**AIMCO PROPERTIES, L.P.****NOTES TO CONSOLIDATED FINANCIAL STATEMENTS (Continued)**

debt obligations, we determined the carrying amounts of the related assets and liabilities approximated their fair values. The difference between our recorded investments in such partnerships and the fair value of the assets and liabilities recognized in consolidation, resulted in an adjustment of consolidated partners' capital (allocated between the Partnership and noncontrolling interests) for those partnerships consolidated in connection with our adoption of ASU 2009-17. For the partnerships we consolidated at fair value due to reconsideration events during the year ended December 31, 2010, the difference between our recorded investments in such partnerships and the fair value of the assets, liabilities and noncontrolling interests recognized upon consolidation resulted in our recognition of a gain, which is included in gain on disposition of unconsolidated real estate and other in our consolidated statement of operations for the year ended December 31, 2010. We recognized no similar gain as a result of our consolidation of partnerships during the year ended December 31, 2009.

Disclosures Regarding Fair Value of Financial Instruments

We believe that the aggregate fair value of our cash and cash equivalents, receivables, payables and short-term secured debt approximates their aggregate carrying value at December 31, 2010, due to their relatively short-term nature and high probability of realization. We estimate fair value for our notes receivable and debt instruments as discussed in the preceding Fair Value Measurements section. The estimated aggregate fair value of our notes receivable was approximately \$126.0 million and \$126.1 million at December 31, 2010 and 2009, respectively, as compared to carrying amounts of \$137.6 million and \$139.6 million, respectively. See Note 5 for further information on notes receivable. The estimated aggregate fair value of our consolidated debt (including amounts reported in liabilities related to assets held for sale) was approximately \$5.6 billion and \$5.7 billion at December 31, 2010 and 2009, respectively, as compared to the carrying amounts of \$5.5 billion and \$5.7 billion, respectively. See Note 6 and Note 7 for further details on our consolidated debt. Refer to *Derivative Financial Instruments* for further discussion regarding certain of our fixed rate debt that is subject to total rate of return swap instruments.

Income Taxes

We are treated as a pass-through entity for United States Federal income tax purposes and are not subject to United States Federal income taxation. We are subject to tax in certain states. Each of our partners, however, is subject to tax on his allocable share of partnership tax items, including partnership income, gains, losses, deductions and credits, or Partnership Tax Items, for each taxable year during which he is a partner, regardless of whether he receives any actual distributions of cash or other property from us during the taxable year. Generally, the characterization of any particular Partnership Tax Item is determined by us, rather than at the partner level, and the amount of a partner's allocable share of such item is governed by the terms of the Partnership Agreement. The General Partner is our tax matters partner for United States Federal income tax purposes. The tax matters partner is authorized, but not required, to take certain actions on behalf of us with respect to tax matters.

Aimco has elected to be taxed as a REIT under the Code commencing with its taxable year ended December 31, 1994, and intends to continue to operate in such a manner. Aimco's current and continuing qualification as a REIT depends on its ability to meet the various requirements imposed by the Code, which are related to organizational structure, distribution levels, diversity of stock ownership and certain restrictions with regard to owned assets and categories of income. If Aimco qualifies for taxation as a REIT, it will generally not be subject to United States Federal corporate income tax on our taxable income that is currently distributed to stockholders. This treatment substantially eliminates the double taxation (at the corporate and stockholder levels) that generally results from an investment in a corporation.

Even if Aimco qualifies as a REIT, it may be subject to United States Federal income and excise taxes in various situations, such as on our undistributed income. Aimco also will be required to pay a 100% tax on any net income on non-arms length transactions between it and a taxable subsidiary (described below) and on any net income from sales of property that was property held for sale to customers in the ordinary course. Aimco and its stockholders may be subject to state or local taxation in various state or local jurisdictions, including those in which

H-71

Table of Contents

AIMCO PROPERTIES, L.P.

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS (Continued)

Aimco transacts business or Aimco's stockholders reside. In addition, Aimco could also be subject to the alternative minimum tax, or AMT, on our items of tax preference. The state and local tax laws may not conform to the United States Federal income tax treatment. Any taxes imposed on Aimco reduce its and our operating cash flow and net income.

Certain of Aimco's operations or a portion thereof, including property management, asset management and risk management, are conducted through taxable subsidiaries, which are subsidiaries of the Partnership. A taxable subsidiary is a C-corporation that has not elected REIT status and as such is subject to United States Federal corporate income tax. Aimco uses taxable subsidiaries to facilitate its ability to offer certain services and activities to its residents and investment partners that cannot be offered directly by a REIT. Aimco also uses taxable subsidiaries to hold investments in certain properties.

For Aimco's taxable subsidiaries, deferred income taxes result from temporary differences between the carrying amounts of assets and liabilities for financial reporting purposes and the amounts used for Federal income tax purposes, and are measured using the enacted tax rates and laws that are expected to be in effect when the differences reverse. We reduce deferred tax assets by recording a valuation allowance when we determine based on available evidence that it is more likely than not that the assets will not be realized. We recognize the tax consequences associated with intercompany transfers between the REIT and taxable subsidiaries when the related assets are sold to third parties, impaired or otherwise disposed of for financial reporting purposes.

In March 2008, we were notified by the Internal Revenue Service that it intended to examine our 2006 Federal tax return. During June 2008, the IRS issued AIMCO-GP, Inc., our general and tax matters partner, a summary report including the IRS's proposed adjustments to our 2006 Federal tax return. In addition, in May 2009, we were notified by the IRS that it intended to examine our 2007 Federal tax return. During November 2009, the IRS issued AIMCO-GP, Inc. a summary report including the IRS's proposed adjustments to our 2007 Federal tax return. The matter is currently pending administratively before IRS Appeals and the IRS has made no determination. We do not expect the 2006 or 2007 proposed adjustments to have any material effect on our unrecognized tax benefits, financial condition or results of operations.

Concentration of Credit Risk

Financial instruments that potentially could subject us to significant concentrations of credit risk consist principally of notes receivable and total rate of return swaps. Approximately \$89.3 million of our notes receivable, or 1.2% of the carrying amount of our total assets, at December 31, 2010, are collateralized by 84 buildings with 1,596 residential units in the West Harlem area of New York City. There are no other significant concentrations of credit risk with respect to our notes receivable due to the large number of partnerships that are borrowers under the notes and the geographic diversification of the properties that serve as the primary source of repayment of the notes.

At December 31, 2010, we had total rate of return swap positions with two financial institutions totaling \$277.3 million. We periodically evaluate counterparty credit risk associated with these arrangements. At the current time, we have concluded we do not have material exposure. In the event either counterparty were to default under these arrangements, loss of the net interest benefit we generally receive under these arrangements, which is equal to the difference between the fixed rate we receive and the variable rate we pay, may adversely impact our results of operations and operating cash flows.

Comprehensive Income or Loss

As discussed in the Derivative Financial Instruments section, we recognize changes in the fair value of our cash flow hedges as changes in accumulated other comprehensive loss within partners' capital. For the years ended December 31, 2010 and 2009, before the effects of noncontrolling interests, our consolidated comprehensive loss totaled \$89.9 million and \$42.6 million, respectively, and for the year ended December 31, 2008, our consolidated comprehensive income totaled \$625.6 million.

H-72

Table of Contents

AIMCO PROPERTIES, L.P.

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS (Continued)

Earnings per Unit

We calculate earnings per unit based on the weighted average number of common OP Units, common OP Unit equivalents, participating securities and other potentially dilutive securities outstanding during the period (see Note 14).

Use of Estimates

The preparation of our consolidated financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the reported amounts included in the financial statements and accompanying notes thereto. Actual results could differ from those estimates.

Reclassifications and Adjustments

Certain items included in the 2009 and 2008 financial statements have been reclassified to conform to the current presentation, including adjustments for discontinued operations.

During the three months ended March 31, 2010, we reduced the investment and noncontrolling interest balances for certain of our consolidated partnerships by \$38.7 million related to excess amounts allocated to the investments upon our consolidation of such partnerships.

NOTE 3 Real Estate and Partnership Acquisitions and Other Significant Transactions

Real Estate Acquisitions

During the years ended December 31, 2010 and 2009, we did not acquire any significant real estate properties.

During the year ended December 31, 2008, we acquired three conventional properties with a total of 470 units, located in San Jose, California, Brighton, Massachusetts and Seattle, Washington. The aggregate purchase price of \$111.5 million, excluding transaction costs, was funded using \$39.0 million in proceeds from property loans, \$41.9 million in tax-free exchange proceeds (provided by 2008 real estate dispositions) and the remainder in cash.

Acquisitions of Noncontrolling Partnership Interests

During the year ended December 31, 2010, we acquired the remaining noncontrolling limited partnership interests in two consolidated partnerships, in which our affiliates serve as general partner, for total consideration of \$19.9 million. This consideration consisted of \$12.5 million in cash, \$6.9 million in common OP Units and \$0.5 million of other consideration. We also acquired for \$1.8 million additional noncontrolling interests in a consolidated partnership for \$1.2 million in cash and other consideration. We recognized the \$27.4 million excess of the consideration paid over the carrying amount of the noncontrolling interests acquired as an adjustment of partners' capital. During the years ended December 31, 2009 and 2008, we did not acquire any significant noncontrolling limited partnership interests.

Disposition of Unconsolidated Real Estate and Other

During the year ended December 31, 2010, we recognized \$10.7 million in net gains on disposition of unconsolidated real estate and other. These gains were primarily related to sales of investments held by partnerships we consolidated in accordance with our adoption of ASU 2009-17 (see Note 2) and in which we generally hold a nominal general partner interest. Accordingly, these gains were primarily attributed to the noncontrolling interests in these partnerships.

During the year ended December 31, 2009, we recognized \$21.6 million in net gains on disposition of unconsolidated real estate and other. Gains recognized in 2009 primarily consist of \$8.6 million related to our receipt in 2009 of additional proceeds related to our disposition during 2008 of one of the partnership interests

H-73

Table of Contents

AIMCO PROPERTIES, L.P.

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS (Continued)

(discussed below), \$4.0 million from the disposition of our interest in a group purchasing organization (discussed below), \$5.5 million from our disposition of interests in unconsolidated real estate partnerships and \$3.5 million of net gains related to various other transactions.

During the year ended December 31, 2008, we recognized \$97.4 million in net gains on disposition of unconsolidated real estate and other, which primarily consisted of a \$98.4 million gain recognized on the disposal of our interests in unconsolidated real estate partnerships that owned two properties with 671 units.

Sale of Interest in Group Purchasing Organization

During 2009, we sold our interest in an unconsolidated group purchasing organization to an unrelated entity for \$5.9 million, resulting in the recognition of a gain on sale of \$4.0 million, which is included in gain on disposition of unconsolidated real estate and other in our consolidated statement of operations for the year ended December 31, 2009. This gain was partially offset by a \$1.0 million provision for income tax. We also had a note receivable from another principal in the group purchasing organization, which was collateralized by its equity interest in the entity. In connection with the sale of our interest, we reevaluated collectibility of the note receivable and reversed \$1.4 million of previously recognized impairment losses, which is reflected in provision for losses on notes receivable, net in our consolidated statement of operations for the year ended December 31, 2009. During the year ended December 31, 2010, we received payment of the remaining outstanding \$1.6 million balance on the note.

Casualty Loss Related to Tropical Storm Fay and Hurricane Ike

During 2008, Tropical Storm Fay and Hurricane Ike caused severe damage to certain of our properties located primarily in Florida and Texas, respectively. We incurred total losses of approximately \$33.9 million, including property damage replacement costs and clean-up costs. After consideration of estimated third party insurance proceeds and the noncontrolling interest partners' share of losses for consolidated real estate partnerships, the net effect of these casualties on net income available to the Partnership's common unitholders was a loss of approximately \$5.6 million.

Restructuring Costs

In connection with 2008 property sales and an expected reduction in redevelopment and transactional activities, during the three months ended December 31, 2008, we initiated an organizational restructuring program that included reductions in workforce and related costs, reductions in leased corporate facilities and abandonment of certain redevelopment projects and business pursuits. This restructuring effort resulted in a restructuring charge of \$22.8 million, which consisted of: severance costs of \$12.9 million; unrecoverable lease obligations of \$6.4 million related to space that we will no longer use; and the write-off of deferred transaction costs totaling \$3.5 million associated with certain acquisitions and redevelopment opportunities that we will no longer pursue. We completed the workforce reductions by March 31, 2009.

During 2009, in connection with continued repositioning of our portfolio, we completed additional organizational restructuring activities that included reductions in workforce and related costs and the abandonment of additional leased corporate facilities and redevelopment projects. Our 2009 restructuring activities resulted in a restructuring charge of \$11.2 million, which consisted of severance costs and personnel related costs of \$7.0 million; unrecoverable lease obligations of \$2.6 million related to space that we will no longer use; the write-off of deferred costs totaling \$0.9 million associated with certain redevelopment opportunities that we will no longer pursue; and \$0.7 million in

other costs.

As of December 31, 2010 and 2009, the remaining accruals associated with these restructuring activities were \$4.7 million and \$6.9 million, respectively, for estimated unrecoverable lease obligations, which will be paid over the remaining terms of the affected leases, and at December 31, 2009, we had \$4.7 million accrued for severance and personnel related costs, which were paid during the first quarter of 2010.

H-74

Table of Contents**AIMCO PROPERTIES, L.P.****NOTES TO CONSOLIDATED FINANCIAL STATEMENTS (Continued)****NOTE 4 Investments in Unconsolidated Real Estate Partnerships**

We owned general and limited partner interests in unconsolidated real estate partnerships owning approximately 173, 77 and 85 properties at December 31, 2010, 2009 and 2008, respectively. We acquired these interests through various transactions, including large portfolio acquisitions and offers to individual limited partners. Our total ownership interests in these unconsolidated real estate partnerships typically ranges from less than 1% to 50% and in some instances may exceed 50%.

The following table provides selected combined financial information for the unconsolidated real estate partnerships in which we had investments accounted for under the equity method as of and for the years ended December 31, 2010, 2009 and 2008 (in thousands):

	2010	2009	2008
Real estate, net of accumulated depreciation	\$ 624,913	\$ 95,226	\$ 122,788
Total assets	676,373	122,543	155,444
Secured and other notes payable	494,967	101,678	122,859
Total liabilities	726,480	145,637	175,681
Partners deficit	(50,107)	(23,094)	(20,237)
Rental and other property revenues	145,598	55,366	69,392
Property operating expenses	(93,521)	(34,497)	(42,863)
Depreciation expense	(36,650)	(10,302)	(12,640)
Interest expense	(40,433)	(11,103)	(17,182)
(Impairment losses)/Gain on sale, net	(29,316)	8,482	5,391
Net income (loss)	(58,274)	6,622	1,398

The increase in the number of partnerships we account for using the equity method and the related selected combined financial information for such partnerships is primarily attributed to our adoption of ASU 2009-17 (see Note 2), pursuant to which we consolidated 18 investment partnerships that hold investments in other unconsolidated real estate partnerships. Prior to our consolidation of these investment partnerships, we had no recognized basis in the investment partnerships investments in the unconsolidated real estate partnerships and accounted for our indirect interests in these partnerships using the cost method. We generally hold a nominal general partnership interest in these investment partnerships and substantially all of the assets and liabilities of these investment partnerships are attributed to the noncontrolling interests in such entities.

As a result of our acquisition of interests in unconsolidated real estate partnerships at a cost in excess of the historical carrying amount of the partnerships net assets and our consolidation of investment partnerships and their investments in unconsolidated real estate partnerships at fair values that may exceed the historical carrying amount of the unconsolidated partnerships net assets, our aggregate investment in unconsolidated partnerships at December 31, 2010 and 2009 of \$58.2 million and \$104.2 million, respectively, exceeds our share of the underlying historical partners deficit of the partnerships by approximately \$61.8 million and \$108.4 million, respectively.

Table of Contents**AIMCO PROPERTIES, L.P.****NOTES TO CONSOLIDATED FINANCIAL STATEMENTS (Continued)****NOTE 5 Notes Receivable**

The following table summarizes our notes receivable at December 31, 2010 and 2009 (in thousands):

	2010			2009		
	Unconsolidated Real Estate Partnerships	Non- Affiliates	Total	Unconsolidated Real Estate Partnerships	Non- Affiliates	Total
Par value notes	\$ 10,821	\$ 17,899	\$ 28,720	\$ 11,353	\$ 20,862	\$ 32,215
Discounted notes	980	145,888	146,868	5,095	141,468	146,563
Allowance for loan losses	(905)	(37,061)	(37,966)	(2,153)	(37,061)	(39,214)
Total notes receivable	\$ 10,896	\$ 126,726	\$ 137,622	\$ 14,295	\$ 125,269	\$ 139,564
Face value of discounted notes	\$ 31,755	\$ 158,621	\$ 190,376	\$ 37,709	\$ 155,848	\$ 193,557

Included in notes receivable from unconsolidated real estate partnerships at December 31, 2010 and 2009, are \$2.3 million and \$2.4 million, respectively, in notes that were secured by interests in real estate or interests in real estate partnerships. We earn interest on these secured notes receivable at an annual interest rate of 12.0%.

Included in the notes receivable from non-affiliates at December 31, 2010 and 2009, are \$103.9 million and \$102.2 million, respectively, in notes that were secured by interests in real estate or interests in real estate partnerships. We earn interest on these secured notes receivable at various annual interest rates ranging between 3.5% and 12.0% and averaging 4.1%.

Notes receivable from non-affiliates at December 31, 2010 and 2009, include notes receivable totaling \$89.3 million and \$87.4 million, respectively, from certain entities (the borrowers) that are wholly owned by a single individual. We originated these notes in November 2006 pursuant to a loan agreement that provides for total funding of approximately \$110.0 million, including \$16.4 million for property improvements and an interest reserve, of which \$3.8 million had not been funded as of December 31, 2010. The notes mature in November 2016, bear interest at LIBOR plus 2.0%, are partially guaranteed by the owner of the borrowers, and are collateralized by second mortgages on 84 buildings containing 1,596 residential units and 43 commercial spaces in West Harlem, New York City. In conjunction with the loan agreement, we entered into a purchase option and put agreement with the borrowers under which we may purchase some or all of the buildings and, subject to achieving specified increases in rental income, the borrowers may require us to purchase the buildings (see Note 8). We determined that the stated interest rate on the notes on the date the loan was originated was a below-market interest rate and recorded a \$19.4 million discount to reflect the estimated fair value of the notes based on an estimated market interest rate of LIBOR plus 4.0%. The discount was determined to be attributable to our real estate purchase option, which we recorded separately in other assets. Accretion of this discount, which is included in interest income in our consolidated statements of operations, totaled \$0.9 million in 2010, \$0.9 million in 2009 and \$0.7 million in 2008. The value of the purchase option asset will be included in the cost of properties acquired pursuant to the option or otherwise be charged to expense. We

determined that the borrowers are VIEs and, based on qualitative and quantitative analysis, determined that the individual who owns the borrowers and partially guarantees the notes is the primary beneficiary.

As part of the March 2002 acquisition of Casden Properties, Inc., we invested \$50.0 million for a 20% passive interest in Casden Properties LLC, an entity organized to acquire, re-entitle and develop land parcels in Southern California. Based upon the profit allocation agreement, we account for this investment as a note receivable from a non-affiliate and through 2008 were amortizing the discounted value of the investment to the \$50.0 million previously estimated to be collectible, through the initial dissolution date of the entity. As a result of a declines in land values in Southern California, we determined our recorded investment amount was not fully recoverable, and accordingly recognized impairment losses of \$20.7 million (\$12.4 million net of tax) during the three months ended December 31, 2009 and \$16.3 million (\$10.0 million net of tax) during the three months ended December 31, 2008.

H-76

Table of Contents**AIMCO PROPERTIES, L.P.****NOTES TO CONSOLIDATED FINANCIAL STATEMENTS (Continued)**

The activity in the allowance for loan losses related to our notes receivable from unconsolidated real estate partnerships and non-affiliates, in total for both par value notes and discounted notes, for the years ended December 31, 2010 and 2009, is as follows (in thousands):

	Unconsolidated Real Estate Partnerships	Non-Affiliates
Balance at December 31, 2008	\$ (4,863)	\$ (17,743)
Provisions for losses on notes receivable	(2,231)	
Recoveries of losses on notes receivable		1,422
Provisions for impairment loss on investment in Casden Properties LLC		(20,740)
Write offs charged against allowance	4,367	
Net reductions due to consolidation of real estate partnerships and property dispositions	574	
Balance at December 31, 2009	\$ (2,153)	\$ (37,061)
Provisions for losses on notes receivable	(304)	(220)
Recoveries of losses on notes receivable	116	
Write offs charged against allowance	639	220
Net reductions due to consolidation of real estate partnerships and property dispositions	797	
Balance at December 31, 2010	\$ (905)	\$ (37,061)

In addition to the provisions shown above, during the year ended December 31, 2010, we wrote off \$0.5 million of receivables that were not reserved through the allowance.

Additional information regarding our par value notes and discounted notes impaired during the years ended December 31, 2010 and 2009 is presented in the table below (in thousands):

	2010	2009
Par value notes:		
Allowance for losses recognized	\$ (796)	\$ (1,158)
Carrying amounts of loans prior to impairments	1,115	3,819
Average recorded investment in impaired loans	1,255	7,589
Interest income recognized related to impaired loans	75	84
Discounted notes:		
Allowance for losses recognized	\$ (110)	\$ (996)
Carrying amounts of loans prior to impairments	110	1,580
Average recorded investment in impaired loans	538	3,503

Interest income recognized related to impaired loans

The remaining \$27.0 million of our par value notes receivable at December 31, 2010, is estimated to be collectible and, therefore, interest income on these par value notes is recognized as earned. Of our total par value notes outstanding at December 31, 2010, notes with balances of \$17.5 million have stated maturity dates and the remainder have no stated maturity date and are governed by the terms of the partnership agreements pursuant to which the loans were extended. At December 31, 2010, none of the par value notes with stated maturity dates were past due. The information in the table above regarding our discounted notes excludes the impairment related to our

H-77

Table of Contents**AIMCO PROPERTIES, L.P.****NOTES TO CONSOLIDATED FINANCIAL STATEMENTS (Continued)**

investment in Casden Properties LLC. No interest income has been recognized on our investment in Casden Properties LLC following the initial impairment recognized during 2008.

In addition to the interest income recognized on impaired loans shown above, we recognized interest income, including accretion, of \$7.7 million, \$5.8 million and \$9.2 million for the years ended December 31, 2010, 2009 and 2008, respectively, related to our remaining notes receivable.

NOTE 6 Non-Recourse Property Tax-Exempt Bond Financings, Non-Recourse Property Loans Payable and Other Borrowings

We finance our properties primarily using long-dated, fixed-rate debt that is collateralized by the underlying real estate properties and is non-recourse to us. The following table summarizes our property tax-exempt bond financings related to properties classified as held for use at December 31, 2010 and 2009 (in thousands):

	Weighted Average Interest Rate 2010	Principal Outstanding	
		2010	2009
Fixed rate property tax-exempt bonds payable	5.72%	\$ 140,111	\$ 140,995
Variable rate property tax-exempt bonds payable	1.29%	374,395	433,931
Total		\$ 514,506	\$ 574,926

Fixed rate property tax-exempt bonds payable mature at various dates through January 2050. Variable rate property tax-exempt bonds payable mature at various dates through July 2033. Principal and interest on these bonds are generally payable in semi-annual installments with balloon payments due at maturity. Certain of our property tax-exempt bonds at December 31, 2010, are remarketed periodically by a remarketing agent to maintain a variable yield. If the remarketing agent is unable to remarket the bonds, then the remarketing agent can put the bonds to us. We believe that the likelihood of this occurring is remote. At December 31, 2010, our property tax-exempt bond financings related to properties classified as held for use were secured by 38 properties with a combined net book value of \$722.0 million. At December 31, 2010, property tax-exempt bonds payable with a weighted average fixed rate of 6.7% have been converted to a weighted average variable rate of 1.6% using total rate of return swaps that mature during 2012. These property tax-exempt bonds payable are presented above as variable rate debt at their carrying amounts, or fair value, of \$229.1 million. See Note 2 for further discussion of our total rate of return swap arrangements.

The following table summarizes our property loans payable related to properties classified as held for use at December 31, 2010 and 2009 (in thousands):

Weighted Average	Principal
-----------------------------	------------------

	Interest Rate 2010	Outstanding	
		2010	2009
Fixed rate property notes payable	5.90%	\$ 4,855,871	\$ 4,672,254
Variable rate property notes payable	2.86%	73,852	75,685
Secured notes credit facility	1.04%	13,554	13,554
Total		\$ 4,943,277	\$ 4,761,493

Fixed rate property notes payable mature at various dates through December 2049. Variable rate property notes payable mature at various dates through November 2030. Principal and interest are generally payable monthly or in monthly interest-only payments with balloon payments due at maturity. At December 31, 2010, our property notes payable related to properties classified as held for use were secured by 350 properties with a combined net book value of \$5,722.4 million. In connection with our 2010 adoption of ASU 2009-17(see Note 2), we consolidated and deconsolidated various partnerships, which resulted in a net increase in property loans payable of approximately

H-78

Table of Contents**AIMCO PROPERTIES, L.P.****NOTES TO CONSOLIDATED FINANCIAL STATEMENTS (Continued)**

\$61.2 million as compared to 2009. The remainder of the increase in property loans payable during the year is primarily due to refinancing activities. At December 31, 2010, property loans payable with a weighted average fixed rate of 7.5% have been converted to a weighted average variable rate of 1.6% using total rate of return swaps that mature during 2012, which is the same year the notes payable mature. These property loans payable are presented above as variable rate debt at their carrying amounts, or fair value, of \$28.7 million. See Note 2 for further discussion of our total rate of return swap arrangements.

At December 31, 2009, we had a secured revolving credit facility with a major life company that provided for borrowings of up to \$200.0 million. During 2010, the credit facility was modified to reduce allowed borrowings to the then outstanding borrowings and to remove the option for new loans under the facility. During 2010, we also exercised an option to extend the maturity date to October 2011 for a nominal fee. At December 31, 2010, outstanding borrowings of \$13.6 million related to properties classified as held for use are included in 2012 maturities below based on a remaining one-year extension option for nominal cost.

Our consolidated debt instruments generally contain covenants common to the type of facility or borrowing, including financial covenants establishing minimum debt service coverage ratios and maximum leverage ratios. At December 31, 2010, we were in compliance with all financial covenants pertaining to our consolidated debt instruments.

Other borrowings totaled \$47.0 million and \$53.1 million at December 31, 2010 and 2009, respectively. We classify within other borrowings notes payable that do not have a collateral interest in real estate properties but for which real estate serves as the primary source of repayment. These borrowings are generally non-recourse to us. At December 31, 2010, other borrowings includes \$38.5 million in fixed rate obligations with interest rates ranging from 4.5% to 10.0% and \$8.5 million in variable rate obligations bearing interest at the prime rate plus 1.75%. The maturity dates for other borrowings range from 2011 to 2014, although certain amounts are due upon occurrence of specified events, such as property sales.

As of December 31, 2010, the scheduled principal amortization and maturity payments for our property tax-exempt bonds, property notes payable and other borrowings related to properties in continuing operations are as follows (in thousands):

	Amortization	Maturities	Total
2011	\$ 100,162	\$ 188,828	\$ 288,990
2012	101,864	454,229	556,093
2013	100,995	329,308	430,303
2014	87,292	375,505	462,797
2015	83,893	394,649	478,542
Thereafter			3,288,076
			\$ 5,504,801

Amortization for 2011, 2012 and 2013 in the table above includes \$6.5 million, \$5.9 million and \$9.6 million, respectively, and maturities for 2011, 2012 and thereafter includes \$13.3 million, \$11.1 million and \$0.6 million, respectively, related to other borrowings at December 31, 2010.

NOTE 7 Credit Agreement and Term Loan

We have an Amended and Restated Senior Secured Credit Agreement, as amended, with a syndicate of financial institutions, which we refer to as the Credit Agreement. In addition to us, Aimco and an Aimco subsidiary are also borrowers under the Credit Agreement.

As of December 31, 2010, the Credit Agreement consisted of \$300.0 million of revolving loan commitments (an increase of \$120.0 million from the revolving commitments at December 31, 2009). As of December 31, 2009,

H-79

Table of Contents

AIMCO PROPERTIES, L.P.

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS (Continued)

the Credit Agreement consisted of aggregate commitments of \$270.0 million, consisting of the \$90.0 million outstanding balance on our term loan and \$180.0 million of revolving commitments. During 2010, we repaid in full the remaining balance on the term loan.

Borrowings under the revolving credit facility bear interest based on a pricing grid determined by leverage (either at LIBOR plus 4.25% with a LIBOR floor of 1.50% or, at our option, a base rate equal to the Prime rate plus a spread of 3.00%). The revolving credit facility matures May 1, 2013, and may be extended for an additional year, subject to certain conditions, including payment of a 35.0 basis point fee on the total revolving commitments. As of December 31, 2010, we had the capacity to borrow \$260.3 million pursuant to our credit facility (after giving effect to \$39.7 million outstanding for undrawn letters of credit).

The Credit Agreement includes customary financial covenants, including the maintenance of specified ratios with respect to total indebtedness to gross asset value, total secured indebtedness to gross asset value, aggregate recourse indebtedness to gross asset value, variable rate debt to total indebtedness, debt service coverage and fixed charge coverage; the maintenance of a minimum adjusted tangible net worth; and limitations regarding the amount of cross-collateralized debt. The Credit Agreement includes other customary covenants, including a restriction on distributions and other restricted payments, but permits distributions during any four consecutive fiscal quarters in an aggregate amount of up to 95% of our funds from operations for such period, subject to certain non-cash adjustments, or such amount as may be necessary to maintain Aimco's REIT status. We were in compliance with all such covenants as of December 31, 2010.

The lenders under the Credit Agreement may accelerate any outstanding loans if, among other things: we fail to make payments when due (subject to applicable grace periods); material defaults occur under other debt agreements; certain bankruptcy or insolvency events occur; material judgments are entered against us; we fail to comply with certain covenants, such as the requirement to deliver financial information or the requirement to provide notices regarding material events (subject to applicable grace periods in some cases); indebtedness is incurred in violation of the covenants; or prohibited liens arise.

NOTE 8 Commitments and Contingencies

Commitments

We did not have any significant commitments related to our redevelopment activities at December 31, 2010. We enter into certain commitments for future purchases of goods and services in connection with the operations of our properties. Those commitments generally have terms of one year or less and reflect expenditure levels comparable to our historical expenditures.

As discussed in Note 5, we have committed to fund an additional \$3.8 million in loans on certain properties in West Harlem in New York City. In certain circumstances, the obligor under these notes has the ability to put properties to us, which would result in a cash payment of approximately \$30.6 million and the assumption of approximately \$118.6 million in property debt. The ability to exercise the put is dependent upon the achievement of specified thresholds by the current owner of the properties.

As discussed in Note 11, we have a potential obligation to repurchase from Aimco \$20.0 million in liquidation preference of our Series A Community Reinvestment Act Perpetual Partnership Preferred Units for \$14.0 million.

Tax Credit Arrangements

We are required to manage certain consolidated real estate partnerships in compliance with various laws, regulations and contractual provisions that apply to our historic and low-income housing tax credit syndication arrangements. In some instances, noncompliance with applicable requirements could result in projected tax benefits not being realized and require a refund or reduction of investor capital contributions, which are reported as deferred income in our consolidated balance sheet, until such time as our obligation to deliver tax benefits is relieved. The

H-80

Table of Contents

AIMCO PROPERTIES, L.P.

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS (Continued)

remaining compliance periods for our tax credit syndication arrangements range from less than one year to 15 years. We do not anticipate that any material refunds or reductions of investor capital contributions will be required in connection with these arrangements.

Legal Matters

In addition to the matters described below, we are a party to various legal actions and administrative proceedings arising in the ordinary course of business, some of which are covered by our general liability insurance program, and none of which we expect to have a material adverse effect on our consolidated financial condition, results of operations or cash flows.

Limited Partnerships

In connection with our acquisitions of interests in real estate partnerships and our role as general partner in certain real estate partnerships, we are sometimes subject to legal actions, including allegations that such activities may involve breaches of fiduciary duties to the partners of such real estate partnerships or violations of the relevant partnership agreements. We may incur costs in connection with the defense or settlement of such litigation. We believe that we comply with our fiduciary obligations and relevant partnership agreements. Although the outcome of any litigation is uncertain, we do not expect any such legal actions to have a material adverse effect on our consolidated financial condition, results of operations or cash flows.

Environmental

Various Federal, state and local laws subject property owners or operators to liability for management, and the costs of removal or remediation, of certain potentially hazardous materials present on a property, including lead-based paint, asbestos, polychlorinated biphenyls, petroleum-based fuels, and other miscellaneous materials. Such laws often impose liability without regard to whether the owner or operator knew of, or was responsible for, the release or presence of such materials. The presence of, or the failure to manage or remedy properly, these materials may adversely affect occupancy at affected apartment communities and the ability to sell or finance affected properties. In addition to the costs associated with investigation and remediation actions brought by government agencies, and potential fines or penalties imposed by such agencies in connection therewith, the improper management of these materials on a property could result in claims by private plaintiffs for personal injury, disease, disability or other infirmities. Various laws also impose liability for the cost of removal, remediation or disposal of these materials through a licensed disposal or treatment facility. Anyone who arranges for the disposal or treatment of these materials is potentially liable under such laws. These laws often impose liability whether or not the person arranging for the disposal ever owned or operated the disposal facility. In connection with the ownership, operation and management of properties, we could potentially be responsible for environmental liabilities or costs associated with our properties or properties we acquire or manage in the future.

We have determined that our legal obligations to remove or remediate certain potentially hazardous materials may be conditional asset retirement obligations, as defined in GAAP. Except in limited circumstances where the asset retirement activities are expected to be performed in connection with a planned construction project or property casualty, we believe that the fair value of our asset retirement obligations cannot be reasonably estimated due to significant uncertainties in the timing and manner of settlement of those obligations. Asset retirement obligations that are reasonably estimable as of December 31, 2010, are immaterial to our consolidated financial condition, results of

operations and cash flows.

Operating Leases

We are obligated under non-cancelable operating leases for office space and equipment. In addition, we sublease certain of our office space to tenants under non-cancelable subleases. Approximate minimum annual

H-81

Table of Contents**AIMCO PROPERTIES, L.P.****NOTES TO CONSOLIDATED FINANCIAL STATEMENTS (Continued)**

rentals under operating leases and approximate minimum payments to be received under annual subleases are as follows (in thousands):

	Operating Lease Obligations	Sublease Receivables
2011	\$ 6,334	\$ 785
2012	4,399	658
2013	1,381	205
2014	925	
2015	511	
Thereafter	850	
Total	\$ 14,400	\$ 1,648

Substantially all of the office space subject to the operating leases described above is for the use of our corporate offices and area operations. Rent expense recognized totaled \$6.6 million, \$7.7 million and \$10.2 million for the years ended December 31, 2010, 2009 and 2008, respectively. Sublease receipts that offset rent expense totaled approximately \$1.6 million, \$0.7 million and \$0.7 million for the years ended December 31, 2010, 2009 and 2008, respectively.

As discussed in Note 3, during the years ended December 31, 2009 and 2008, we commenced restructuring activities pursuant to which we vacated certain leased office space for which we remain obligated. In connection with the restructurings, we accrued amounts representing the estimated fair value of certain lease obligations related to space we are no longer using, reduced by estimated sublease amounts. At December 31, 2010, approximately \$4.7 million related to the above operating lease obligations was included in accrued liabilities related to these estimates.

Additionally, during January 2011, we provided notice of our intent to terminate one of the leases included in the table above effective March 31, 2012, and we paid the required lease termination payment of approximately \$1.3 million. Obligations shown in the table above reflect our revised obligations following the lease buyout.

Table of Contents**AIMCO PROPERTIES, L.P.****NOTES TO CONSOLIDATED FINANCIAL STATEMENTS (Continued)****NOTE 9 Income Taxes**

Deferred income taxes reflect the net effects of temporary differences between the carrying amounts of assets and liabilities of the taxable subsidiaries for financial reporting purposes and the amounts used for income tax purposes. Significant components of our deferred tax liabilities and assets are as follows (in thousands):

	2010	2009
Deferred tax liabilities:		
Partnership differences	\$ 26,033	\$ 32,565
Depreciation	1,212	2,474
Deferred revenue	11,975	14,862
Total deferred tax liabilities	\$ 39,220	\$ 49,901
Deferred tax assets:		
Net operating, capital and other loss carryforwards	\$ 41,511	\$ 37,164
Provision for impairments on real estate assets	33,321	33,321
Receivables	8,752	3,094
Accrued liabilities	6,648	9,272
Accrued interest expense	2,220	
Intangibles management contracts	1,273	1,911
Tax credit carryforwards	7,181	6,949
Equity compensation	900	1,463
Other	159	929
Total deferred tax assets	101,965	94,103
Valuation allowance	(4,009)	(2,187)
Net deferred income tax assets	\$ 58,736	\$ 42,015

At December 31, 2010, we increased the valuation allowance for our deferred tax assets by \$1.8 million for certain state net operating losses as well as certain low income housing credits based on a determination that it was more likely than not that such assets will not be realized prior to their expiration.

A reconciliation of the beginning and ending balance of our unrecognized tax benefits is presented below (in thousands):

	2010	2009	2008
Balance at January 1	\$ 3,079	\$ 3,080	\$ 2,965

Edgar Filing: APARTMENT INVESTMENT & MANAGEMENT CO - Form S-4

Additions based on tax positions related to prior years	992		115
Reductions based on tax positions related to prior years		(1)	
Balance at December 31	\$ 4,071	\$ 3,079	\$ 3,080

We do not anticipate any material changes in existing unrecognized tax benefits during the next 12 months. Because the statute of limitations has not yet elapsed, our Federal income tax returns for the year ended December 31, 2007, and subsequent years and certain of our State income tax returns for the year ended December 31, 2005, and subsequent years are currently subject to examination by the Internal Revenue Service or other tax authorities. Approximately \$3.3 million of the unrecognized tax benefit, if recognized, would affect the effective tax rate. As discussed in Note 2, the IRS has issued us summary reports including its proposed adjustments to the Aimco Operating Partnership's 2007 and 2006 Federal tax returns. We do not expect the proposed adjustments to have any material effect on our unrecognized tax benefits, financial condition or results of

H-83

Table of Contents**AIMCO PROPERTIES, L.P.****NOTES TO CONSOLIDATED FINANCIAL STATEMENTS (Continued)**

operations. Our policy is to include interest and penalties related to income taxes in income taxes in our consolidated statements of operations.

In accordance with the accounting requirements for stock-based compensation, we may recognize tax benefits in connection with the exercise of stock options by employees of our taxable subsidiaries and the vesting of restricted stock awards. During the years ended December 31, 2010 and 2009, we had no excess tax benefits from employee stock option exercises and vested restricted stock awards.

Significant components of the provision (benefit) for income taxes are as follows and are classified within income tax benefit in continuing operations and income from discontinued operations, net in our statements of operations for the years ended December 31, 2010, 2009 and 2008 (in thousands):

	2010	2009	2008
Current:			
Federal	\$	\$ (1,910)	\$ 8,678
State	1,395	3,992	2,415
Total current	1,395	2,082	11,093
Deferred:			
Federal	(10,912)	(17,320)	(22,115)
State	(1,380)	(3,988)	(2,386)
Total deferred	(12,292)	(21,308)	(24,501)
Total benefit	\$ (10,897)	\$ (19,226)	\$ (13,408)
Classification:			
Continuing operations	\$ (18,433)	\$ (17,487)	\$ (56,574)
Discontinued operations	\$ 7,536	\$ (1,739)	\$ 43,166

Consolidated losses subject to tax, consisting of pretax income or loss of our taxable subsidiaries and gains or losses on certain property sales that are subject to income tax under section 1374 of the Internal Revenue Code, for the years ended December 31, 2010, 2009 and 2008 totaled \$50.3 million, \$40.6 million and \$81.8 million, respectively. The reconciliation of income tax attributable to continuing and discontinued operations computed at the U.S. statutory rate to income tax benefit is shown below (dollars in thousands):

	2010		2009		2008	
	Amount	Percent	Amount	Percent	Amount	Percent
Tax at U.S. statutory rates on consolidated loss subject to tax	\$ (17,622)	35.0%	\$ (14,221)	35.0%	\$ (28,632)	35.0%

Edgar Filing: APARTMENT INVESTMENT & MANAGEMENT CO - Form S-4

State income tax, net of Federal tax benefit	14		(2,183)	5.4%	29	
Effect of permanent differences	(673)	1.3%	127	(0.3)%	215	(0.3)%
Tax effect of intercompany transfers of assets between the REIT and taxable subsidiaries(1)	5,694	(11.3)%	(4,759)	11.7%	15,059	(18.4)%
Write-off of excess tax basis	(132)	0.3%	(377)	0.9%	(79)	0.1%
Increase in valuation allowance	1,822	(3.6)%	2,187	(5.4)%		
	\$ (10,897)	21.7%	\$ (19,226)	47.3%	\$ (13,408)	16.4%

(1) Includes the effect of assets contributed by us to taxable subsidiaries, for which deferred tax expense or benefit was recognized upon the sale or impairment of the asset by the taxable subsidiary.

H-84

Table of Contents**AIMCO PROPERTIES, L.P.****NOTES TO CONSOLIDATED FINANCIAL STATEMENTS (Continued)**

Income taxes paid totaled approximately \$1.9 million, \$4.6 million and \$13.8 million in the years ended December 31, 2010, 2009 and 2008, respectively.

At December 31, 2010, we had net operating loss carryforwards, or NOLs, of approximately \$73.7 million for income tax purposes that expire in years 2027 to 2030. Subject to certain separate return limitations, we may use these NOLs to offset all or a portion of taxable income generated by our taxable subsidiaries. We generated approximately \$9.8 million of NOLs during the year ended December 31, 2010, as a result of losses from our taxable subsidiaries. The deductibility of intercompany interest expense with our taxable subsidiaries is subject to certain intercompany limitations based upon taxable income as required under Section 163(j) of the Code. As of December 31, 2010, interest carryovers of approximately \$23.7 million, limited by Section 163(j) of the Code, are available against U.S. Federal tax without expiration. The deferred tax asset related to these interest carryovers is approximately \$9.2 million. Additionally, our low-income housing and rehabilitation tax credit carryforwards as of December 31, 2010, were approximately \$7.7 million for income tax purposes that expire in years 2012 to 2029. The net deferred tax asset related to these credits is approximately \$6.0 million.

NOTE 10 Notes Receivable from Aimco

In exchange for the sale of certain real estate assets to Aimco in December 2000, we received notes receivable, totaling \$10.1 million. The notes bear interest at the rate of 5.7% per annum. Of the \$10.1 million total, \$7.6 million is due upon demand, and the remainder is due in scheduled semi-annual payments with all unpaid principal and interest due on December 31, 2010. As of the date of this filing, this note has not been repaid. At December 31, 2010 and 2009, the balance of the notes totaled \$17.2 million and \$16.4, respectively, which includes accrued and unpaid interest.

NOTE 11 Partners Capital and Redeemable Preferred Units***Preferred OP Units Owned by Aimco***

At December 31, 2010 and 2009, we had the following classes of preferred OP Units owned by Aimco outstanding (stated at their redemption values, dollars in thousands):

Perpetual:	Redemption Date(1)	Annual Distribution Rate per Unit (Paid Quarterly)	Balance December 31,	
			2010	2009
Class G Partnership Preferred Units, \$0.01 par value, 4,050,000 units authorized, zero and 4,050,000 units issued and outstanding, respectively(2)	07/15/2008	9.375%	\$	\$ 101,000
	07/31/2008	8.000%	150,000	150,000

Table of Contents

AIMCO PROPERTIES, L.P.

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS (Continued)

- (1) All classes of preferred units are redeemable by the Partnership only in connection with a concurrent redemption by Aimco of the corresponding Aimco preferred stock held by unrelated parties. All classes of Aimco's corresponding preferred stock are redeemable at Aimco's option on and after the dates specified.
- (2) Outstanding units at December 31, 2009, included 10,000 units held by a consolidated subsidiary that were eliminated in consolidation.
- (3) The Series A Community Reinvestment Act Perpetual Partnership Preferred Units, or the CRA Preferred Units, have substantially the same terms as Aimco's Series A Community Reinvestment Act Perpetual Preferred Stock, or the CRA Preferred Stock. Holders of the CRA Preferred Units are entitled to cumulative cash dividends payable quarterly in arrears on March 31, June 30, September 30, and December 31 of each year, when and as declared, beginning on September 30, 2006. For the period from the date of original issuance through March 31, 2015, the distribution rate is a variable rate per annum equal to the Three-Month LIBOR Rate (as defined in the articles supplementary designating the CRA Preferred Stock) plus 1.25%, calculated as of the beginning of each quarterly dividend period. The rate at December 31, 2010 and 2009 was 1.54%. Upon liquidation, holders of the CRA Preferred Units are entitled to a preference of \$500,000 per unit, plus an amount equal to accumulated, accrued and unpaid distributions, whether or not earned or declared. The CRA Preferred Units rank prior to our common OP Units and on the same level as our other OP preferred Units, with respect to the payment of distributions and the distribution of amounts upon liquidation, dissolution or winding up. The CRA Preferred Units are not redeemable prior to June 30, 2011, except in limited circumstances related to Aimco's REIT qualification. On and after June 30, 2011, the CRA Preferred Units are redeemable for cash, in whole or from time to time in part, upon the redemption, at Aimco's option, of its CRA Preferred Stock at a price per unit equal to the liquidation preference, plus accumulated, accrued and unpaid dividends, if any, to the redemption date.
- (4) In June 2009, Aimco entered into an agreement to repurchase \$36.0 million in liquidation preference of its CRA Preferred Stock at a 30% discount to the liquidation preference. Pursuant to this agreement, in May 2010 and June 2009, Aimco repurchased 20 shares and 12 shares, or \$10.0 million and \$6.0 million in liquidation preference, respectively, of CRA Preferred Stock for \$7.0 million and \$4.2 million, respectively. Concurrent with Aimco's repurchases, we repurchased from Aimco an equivalent number of our CRA Preferred Units. The holder of the CRA Preferred Stock may require Aimco to repurchase an additional 40 shares, or \$20.0 million in liquidation preference, of CRA Preferred Stock over the next two years, for \$14.0 million. If required, these additional repurchases will be for up to \$10.0 million in liquidation preference in May 2011 and 2012. Upon any repurchases required of Aimco under this agreement, we will repurchase from Aimco an equivalent number of our CRA Preferred Units. Based on the holder's ability to require Aimco to repurchase shares of CRA Preferred Stock pursuant to this agreement and our obligation to purchase from Aimco a corresponding number of our CRA Preferred Units, \$20.0 million and \$30.0 million in liquidation preference of CRA Preferred Units, or the maximum redemption value of such preferred units, is classified as part of redeemable preferred units within temporary capital in our consolidation balance sheets at December 31, 2010 and 2009, respectively.

On September 7, 2010, Aimco issued 4,000,000 shares of its 7.75% Class U Cumulative Preferred Stock, par value \$0.01 per share, or the Class U Preferred Stock, in an underwritten public offering for a price per share of \$24.09 (reflecting a price to the public of \$24.86 per share, less an underwriting discount and commissions of \$0.77 per share). The offering generated net proceeds of \$96.1 million (after deducting underwriting discounts and commissions and transaction expenses). Aimco contributed the net proceeds to us in exchange for 4,000,000 units of our 7.75%

Class U Cumulative Preferred Units. We recorded issuance costs of \$3.3 million, consisting primarily of underwriting commissions, as an adjustment of partners' capital to the Partnership within our condensed consolidated balance sheet.

On October 7, 2010, using the net proceeds from the issuance of Class U Preferred Stock supplemented by corporate funds, Aimco redeemed all of the 4,050,000 outstanding shares of its 9.375% Class G Cumulative Preferred Stock, inclusive of 10,000 shares held by a consolidated subsidiary that are eliminated in consolidation.

H-86

Table of Contents

AIMCO PROPERTIES, L.P.

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS (Continued)

This redemption was for cash at a price equal to \$25.00 per share, or \$101.3 million in aggregate (\$101.0 million net of eliminations), plus accumulated and unpaid dividends of \$2.2 million. Concurrent with this redemption, we redeemed all of our outstanding Class G Partnership Preferred Units, 4,040,000 of which were held by Aimco and 10,000 of which were held by a consolidated subsidiary. In connection with the redemption, we reflected \$4.3 million of issuance costs previously recorded as a reduction of partners' capital attributable as an increase in net income attributable to preferred unitholders for purposes of calculating earnings per unit for the year ended December 31, 2010.

In connection with our May 2010 and June 2009 CRA Preferred Units repurchase discussed above, we reflected the \$3.0 million and \$1.8 million excess of the carrying value over the repurchase price, offset by \$0.2 million of issuance costs previously recorded as a reduction of partners' capital, as a reduction of net income attributable to preferred unitholders for the years ended December 31, 2010 and 2009, respectively.

During 2008, Aimco repurchased 54 shares, or \$27.0 million in liquidation preference, of its CRA Preferred Stock for cash totaling \$24.8 million. Concurrent with this redemption, we repurchased from Aimco an equivalent number of outstanding CRA Preferred Units. We reflected the \$2.2 million excess of the carrying value over the repurchase price, offset by \$0.7 million of issuance costs previously recorded as a reduction of partners' capital, as a reduction of net income attributable to the Partnership's preferred unitholders for the year ended December 31, 2008.

All classes of preferred OP Units are pari passu with each other and are senior to the common OP Units. None of the classes of preferred OP Units have any voting rights, except the right to approve certain changes to the Partnership Agreement that would adversely affect holders of such class of units. Distributions on all preferred OP Units are subject to being declared by the General Partner. All of the above outstanding classes of preferred units have a liquidation preference per unit of \$25, with the exception of the CRA Preferred Units, which have a liquidation preference per unit of \$500,000.

H-87

Table of Contents**AIMCO PROPERTIES, L.P.****NOTES TO CONSOLIDATED FINANCIAL STATEMENTS (Continued)*****Redeemable Preferred OP Units***

As of December 31, 2010 and 2009, the following classes of preferred OP Units (stated at their redemption values) owned by third parties were outstanding (in thousands, except unit data):

Redeemable Preferred OP Units:	2010	2009
Class One Partnership Preferred Units, 90,000 units issued and outstanding, redeemable at the holders option one year following issuance, holder to receive distributions at 8.75% (\$8.00 per annum per unit)	\$ 8,229	\$ 8,229
Class Two Partnership Preferred Units, 19,364 and 23,700 units issued and outstanding, redeemable at the holders option one year following issuance, holders to receive distributions at 1.84% (\$.46 per annum per unit)	484	593
Class Three Partnership Preferred Units, 1,366,771 and 1,371,451 units issued and outstanding, redeemable at the holders option one year following issuance, holders to receive distributions at 7.88% (\$1.97 per annum per unit)	34,169	34,286
Class Four Partnership Preferred Units, 755,999 units issued and outstanding, redeemable at the holders option one year following issuance, holders to receive distributions at 8.0% (\$2.00 per annum per unit)	18,900	18,900
Class Five Partnership Preferred Units, zero and 68,671 units issued and outstanding, redeemable for cash at any time at our option, holder to receive distributions equal to the per unit distribution on the common OP Units(1)(2)		2,747
Class Six Partnership Preferred Units, 796,668 and 802,453 units issued and outstanding, redeemable at the holders option one year following issuance, holder to receive distributions at 8.5% (\$2.125 per annum per unit)	19,917	20,061
Class Seven Partnership Preferred Units, 27,960 units issued and outstanding, redeemable at the holders option one year following issuance, holder to receive distributions at 7.87% (\$1.968 per annum per unit)	699	699
Class Eight Partnership Preferred Units, 6,250 units issued and outstanding, redeemable for cash at any time at our option, holder to receive distributions equal to the per unit distribution on the common OP Units(1)	156	156
Subtotal	\$ 82,554	\$ 85,671

(1) Holders of the Class Five and Class Eight Partnership Preferred Units received the per unit special distributions discussed below in addition to the regular distributions received by common OP unitholders during 2010 and 2009.

(2) Purchased from the holder in exchange for cash and other consideration during 2010.

The Class One, Class Two, Class Three, Class Four, Class Six and Class Seven preferred OP Units are redeemable, at the holders option. We, at our sole discretion, may settle such redemption requests in cash or cause Aimco to issue

shares of its Class A Common Stock in a value equal to the redemption preference. In the event we require Aimco to issue shares to settle a redemption request, we would issue to Aimco a corresponding number of common OP Units. During 2008, we established a redemption policy that requires cash settlement of redemption requests for the redeemable preferred OP Units, subject to limited exceptions. Accordingly, these redeemable units are classified as redeemable preferred units within temporary capital in our consolidated balance sheets at December 31, 2010 and 2009, based on the expectation that we will cash settle these units.

Subject to certain conditions, the Class Four, Class Six and Class Eight Partnership Preferred Units are convertible into common OP Units.

H-88

Table of Contents**AIMCO PROPERTIES, L.P.****NOTES TO CONSOLIDATED FINANCIAL STATEMENTS (Continued)**

During the years ended December 31, 2010 and 2009, approximately 14,800 and 68,200 preferred OP Units, respectively, were tendered for redemption in exchange for cash. During the years ended December 31, 2010 and 2009, no preferred OP Units were tendered for redemption in exchange for shares of Aimco Class A Common Stock.

The following table presents a reconciliation of redeemable preferred units (including the CRA Preferred Units subject to a repurchase agreement discussed above) classified within temporary capital for the years ended December 31, 2010, 2009 and 2008:

	2010	2009	2008
Balance at January 1	\$ 116,656	\$ 88,148	\$
Net income attributable to redeemable preferred units	4,964	6,288	
Distributions to preferred units	(6,730)	(6,806)	
Purchases of preferred units	(11,462)	(1,725)	
Reclassification of redeemable preferred units from partners' capital		30,000	88,148
Other		751	
Balance at December 31	\$ 103,428	\$ 116,656	\$ 88,148

The distributions paid on each class of preferred OP Units classified as partners' capital in the years ended December 31, 2010, 2009 and 2008, and, in the case of the redeemable preferred OP Units discussed above, classified in temporary capital as of December 31, 2010 and 2009, are as follows (in thousands, except per unit data):

Class of Preferred OP Units	2010		2009		2008	
	Amount per Unit(1)	Total Amount Paid	Amount per Unit(1)	Total Amount Paid	Amount per Unit(1)	Total Amount Paid
Class G	\$ 2.30	\$ 9,334	\$ 2.34	\$ 9,492	\$ 2.34	\$ 9,492

Total	\$ 60,165	\$ 59,172	\$ 62,733
-------	-----------	-----------	-----------

- (1) Amounts per unit are calculated based on the number of preferred units outstanding either at the end of each year or as of conversion or redemption date, as noted.
- (2) Amount paid includes \$1.3 million related to the two months prior purchase of the 4,000,000 units sold in September 2010, which amount was prepaid by the purchaser in connection with the sale.

H-89

Table of Contents**AIMCO PROPERTIES, L.P.****NOTES TO CONSOLIDATED FINANCIAL STATEMENTS (Continued)**

- (3) Amount per unit based on 114 units outstanding for the entire period. 20 units were repurchased in May 2010 and the holders of these units received \$1,980 per unit in dividends through the date of purchase.
- (4) Amount per unit based on 134 units outstanding for the entire period. 12 units were repurchased in June 2009 and the holders of these units received \$6,509 per unit in dividends through the date of purchase.
- (5) Amount per unit based on 146 units outstanding for the entire period. 54 units were repurchased in September 2008 and the holders of these units received \$17,980 per unit in dividends through the date of purchase.

Common OP Units

Common OP Units are redeemable by common OP Unitholders (other than the General Partner and Special Limited Partner) at their option, subject to certain restrictions, on the basis of one common OP Unit for either one share of Aimco Class A Common Stock or cash equal to the fair value of a share of Aimco Class A Common Stock at the time of redemption. We have the option to require Aimco to deliver shares of Aimco Class A Common Stock in exchange for all or any portion of the cash requested. When a Limited Partner redeems a common OP Unit for Aimco Class A Common Stock, Limited Partners' Capital is reduced and Special Limited Partners' capital is increased. Common OP Units held by Aimco are not redeemable.

The holders of the common OP Units receive distributions, prorated from the date of issuance, in an amount equivalent to the dividends paid to holders of Aimco Class A Common Stock, and may redeem such units for cash or, at our option, shares of Aimco Class A Common Stock.

In December 2008, October 2008, July 2008, and December 2007, we declared special distributions payable on January 29, 2009, December 1, 2008, August 29, 2008 and January 30, 2008, respectively, to holders of record of common OP Units and High Performance Units on December 29, 2008, October 27, 2008, July 28, 2008 and December 31, 2007, respectively. The special distributions were paid on common OP Units and High Performance Units in the amounts listed below. We distributed to Aimco common OP Units equal to the number of shares we issued pursuant to Aimco's corresponding special dividends in addition to approximately \$0.60 per unit in cash. Holders of common OP Units other than Aimco and holders of High Performance Units received the distribution entirely in cash.

Aimco Operating Partnership Special Distributions	January 2009 Special Distribution	December 2008 Special Distribution	August 2008 Special Distribution	January 2008 Special Distribution
Distribution per unit	\$ 2.08	\$ 1.80	\$ 3.00	\$ 2.51
Total distribution	\$ 230.1 million	\$ 176.6 million	\$ 285.5 million	\$ 257.2 million
Common OP Units and High Performance Units outstanding on record date	110,654,142	98,136,520	95,151,333	102,478,510
Common OP Units held by Aimco	101,169,951	88,650,980	85,619,144	92,795,891
	\$ 210.4 million	\$ 159.6 million	\$ 256.9 million	\$ 232.9 million

Total distribution on Aimco common OP
Units

Cash distribution to Aimco	\$ 60.6 million	\$ 53.2 million	\$ 51.4 million	\$ 55.0 million
Portion of distribution paid to Aimco through issuance of common OP Units	\$ 149.8 million	\$ 106.4 million	\$ 205.5 million	\$ 177.9 million
Common OP Units issued to Aimco pursuant to distributions	15,627,330	12,572,267	5,731,310	4,594,074
Cash distributed to common OP Unit and High Performance Unit holders other than Aimco	\$ 19.7 million	\$ 17.0 million	\$ 28.6 million	\$ 24.3 million

H-90

Table of Contents**AIMCO PROPERTIES, L.P.****NOTES TO CONSOLIDATED FINANCIAL STATEMENTS (Continued)**

Also in December 2008, October 2008, July 2008 and December 2007, Aimco's board of directors declared corresponding special dividends payable on January 29, 2009, December 1, 2008, August 29, 2008 and January 30, 2008, respectively, to holders of record of its Common Stock on December 29, 2008, October 27, 2008, July 28, 2008 and December 31, 2007, respectively. A portion of the special dividends in the amounts of \$0.60 per share represents payment of the regular dividend for the quarters ended December 31, 2008, September 30, 2008, June 30, 2008 and December 31, 2007, respectively, and the remaining amount per share represents an additional dividend associated with taxable gains from property dispositions. Portions of the special dividends were paid through the issuance of shares of Aimco Class A Common Stock. The table below summarizes information regarding these special dividends.

Aimco Special Dividends	January 2009 Special Dividend	December 2008 Special Dividend	August 2008 Special Dividend	January 2008 Special Dividend
Dividend per share	\$ 2.08	\$ 1.80	\$ 3.00	\$ 2.51
Outstanding shares of Common Stock on the record date	101,169,951	88,650,980	85,619,144	92,795,891

Portion of dividend paid through issuance of shares	\$ 149.0 million	\$ 105.8 million	\$ 204.4 million	\$ 177.1 million
Shares issued pursuant to dividend	15,548,996	12,509,657	5,703,265	4,573,735

During the year ended December 31, 2010, Aimco sold 600,000 shares of Class A Common Stock pursuant to an At-The-Market, or ATM, offering program Aimco initiated during 2010, generating \$14.4 million of net proceeds. Aimco contributed the net proceeds to us in exchange for an equivalent number of common OP Units.

During the year ended December 31, 2010, we acquired the noncontrolling limited partnership interests in certain of our consolidated real estate partnerships in exchange for cash and the issuance of approximately 276,000 common OP Units. We completed no similar acquisitions of noncontrolling interests during 2009 or 2008.

During the years ended December 31, 2010 and 2009, approximately 168,300 and 64,000 common OP Units, respectively, were redeemed in exchange for cash, and approximately 519,000 common OP Units were redeemed in

exchange for shares of Aimco Class A Common Stock in 2009. No common OP Units were redeemed in exchange for shares of Aimco Class A Common Stock in 2010.

During 2008 and prior years, from time to time, Aimco issued shares of Class A Common Stock to certain non-executive officers who purchased the shares at market prices. In exchange for the shares purchased, the officers executed notes payable. These notes, which are 25% recourse to the borrowers, have a 10-year maturity and bear interest either at a fixed rate of 6% annually or a floating rate based on the 30-day LIBOR plus 3.85%, which is

H-91

Table of Contents

AIMCO PROPERTIES, L.P.

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS (Continued)

subject to an annual interest rate cap of typically 7.25%. The notes were contributed by Aimco to us in exchange for an equivalent number of common OP Units. Total payments in 2010 and 2009 on all notes from officers were \$0.6 million and \$0.8 million, respectively. In 2010 and 2009, Aimco reacquired approximately 9,000 and 94,000 shares of Class A Common Stock from officers in exchange for the cancellation of related notes totaling \$0.3 million and \$1.5 million, respectively. Concurrently, we reacquired from Aimco an equal number of common OP Units.

As further discussed in Note 12, during 2010, 2009 and 2008, Aimco issued shares of restricted Class A Common Stock to certain officers, employees and independent directors, and we concurrently issued a corresponding number of common OP Units to Aimco.

High Performance Units

At December 31, 2010 and 2009, we had outstanding 2,339,950 and 2,344,719, respectively, of High Performance Units. The holders of High Performance Units are generally restricted from transferring these units except upon a change of control in the Partnership. The holders of High Performance Units receive the same amount of distributions that are paid to holders of an equivalent number of our outstanding common OP Units.

Investment in Aimco

From 1998 through 2001, we completed various transactions with Aimco that resulted in our investment in 384,740 shares of Aimco Class A Common Stock. In connection with Aimco's special dividends discussed above, Aimco paid a portion of these dividends to us through the issuance of 175,141 shares of Aimco Class A Common Stock, bringing our total investment in Aimco to 559,881 shares. Our investment in Aimco Class A Common Stock is presented in the accompanying financial statements as a reduction to partners' capital.

Registration Statements

Pursuant to Aimco's ATM offering program discussed above, Aimco may issue up to 6.4 million additional shares of its Class A Common Stock. Additionally, we and Aimco have a shelf registration statement that provides for the issuance of debt securities by us and debt and equity securities by Aimco.

NOTE 12 Share-Based Compensation and Employee Benefit Plans

Stock Award and Incentive Plan

Aimco has a stock award and incentive plan to attract and retain officers, key employees and independent directors. The plan reserves for issuance a maximum of 4.1 million shares, which may be in the form of incentive stock options, non-qualified stock options and restricted stock, or other types of awards as authorized under the plan. Pursuant to the anti-dilution provisions of the plan, the number of shares reserved for issuance has been adjusted to reflect Aimco's special dividends discussed in Note 11. At December 31, 2010 there were approximately 1.3 million shares available to be granted under the plan. The plan is administered by the Compensation and Human Resources Committee of Aimco's board of directors. In the case of stock options, the exercise price of the options granted may not be less than the fair market value of Aimco Class A Common Stock at the date of grant. The term of the options is generally ten years from the date of grant. The options typically vest over a period of one to four or five years from the date of

grant. Aimco generally issues new shares upon exercise of options. Restricted stock awards typically vest over a period of three to five years.

When Aimco issues restricted stock and stock options to its employees, we are required to issue common OP Units to Aimco for the same number of shares of Aimco Class A Common Stock that are issued to employees under these arrangements. Upon exercise of the stock options, Aimco must contribute to us the proceeds received in connection with the exercised options. Therefore, the following disclosures pertain to Aimco's stock options. Our

H-92

Table of Contents**AIMCO PROPERTIES, L.P.****NOTES TO CONSOLIDATED FINANCIAL STATEMENTS (Continued)**

obligations to issue common OP Units under Aimco's share based compensation plans results in reciprocal accounting treatment in our financial statements.

Refer to Note 2 for discussion of our accounting policy related to stock-based compensation.

We estimated the fair value of our options using a Black-Scholes closed-form valuation model using the assumptions set forth in the table below. The expected term of the options was based on historical option exercises and post-vesting terminations. Expected volatility reflects the historical volatility of Aimco Class A Common Stock during the historical period commensurate with the expected term of the options that ended on the date of grant. The expected dividend yield reflects expectations regarding cash dividend amounts per share paid on Aimco Class A Common Stock during the expected term of the option and the risk-free interest rate reflects the annualized yield of a zero coupon U.S. Treasury security with a term equal to the expected term of the option. The weighted average fair value of options and our valuation assumptions for the years ended December 31, 2010, 2009 and 2008 were as follows:

	2010	2009	2008
Weighted average grant-date fair value	\$9.27	\$2.47	\$4.34
Assumptions:			
Risk-free interest rate	3.14%	2.26%	3.12%
Expected dividend yield	2.90%	8.00%	6.02%
Expected volatility	52.16%	45.64%	24.02%
Weighted average expected life of options	7.8 years	6.9 years	6.5 years

The following table summarizes activity for Aimco's outstanding stock options for the years ended December 31, 2010, 2009 and 2008 (numbers of options in thousands):

	2010		2009(1)		2008(1)	
	Number of Options	Weighted Average Exercise Price	Number of Options	Weighted Average Exercise Price	Number of Options	Weighted Average Exercise Price
Outstanding at beginning of year	8,873	\$ 28.22	10,344	\$ 31.01	8,555	\$ 39.57
Granted	3	21.67	965	8.92	980	39.77
Exercised	(202)	8.92			(14)	37.45
Forfeited	(1,514)	28.73	(2,436)	32.03	(1,423)	38.75
Adjustment to outstanding options pursuant to special dividends		n/a		n/a	2,246	n/a
Outstanding at end of year	7,160	\$ 28.65	8,873	\$ 28.22	10,344	\$ 31.01
Exercisable at end of year	5,869	\$ 30.18	6,840	\$ 29.65	7,221	\$ 29.51

- (1) In connection with Aimco's special dividends discussed in Note 11, effective on the record date of each dividend, the number of options and exercise prices of all outstanding awards were adjusted pursuant to the anti-dilution provisions of the applicable plans based on the market price of Aimco's stock on the ex-dividend dates of the related special dividends. The adjustment to the number of outstanding options is reflected in the table separate from the other activity during the periods at the weighted average exercise price for those outstanding options. The exercise prices for options granted, exercised and forfeited in the table above reflect the actual exercise prices at the time of the related activity. The number and weighted average exercise price for options outstanding and exercisable at the end of year reflect the adjustments for the applicable special dividends. The adjustment of the awards pursuant to Aimco's special dividends is considered a modification of the awards, but did not result in a change in the fair value of any awards and therefore did not result in a change in total compensation to be recognized over the remaining term of the awards.

H-93

Table of Contents**AIMCO PROPERTIES, L.P.****NOTES TO CONSOLIDATED FINANCIAL STATEMENTS (Continued)**

The intrinsic value of a stock option represents the amount by which the current price of the underlying stock exceeds the exercise price of the option. Options outstanding at December 31, 2010, had an aggregate intrinsic value of \$12.8 million and a weighted average remaining contractual term of 3.8 years. Options exercisable at December 31, 2010, had an aggregate intrinsic value of \$2.4 million and a weighted average remaining contractual term of 3.1 years. The intrinsic value of stock options exercised during the years ended December 31, 2010 and 2008, was \$2.9 million and less than \$0.1 million, respectively. We may realize tax benefits in connection with the exercise of options by employees of Aimco's taxable subsidiaries. During the year ended December 31, 2010, we did not recognize any significant tax benefits related to options exercised during the year, and during the year ended December 31, 2009, as no stock options were exercised we realized no related tax benefits.

The following table summarizes activity for Aimco's restricted stock awards for the years ended December 31, 2010, 2009 and 2008 (numbers of shares in thousands):

	2010		2009		2008	
	Number of Shares	Weighted Average Grant-Date Fair Value	Number of Shares	Weighted Average Grant-Date Fair Value	Number of Shares	Weighted Average Grant-Date Fair Value
Unvested at beginning of year	458	\$ 26.73	893	\$ 40.33	960	\$ 46.08
Granted	381	16.72	378	8.92	248	39.85
Vested	(261)	27.56	(418)	32.83	(377)	43.45
Forfeited	(34)	26.11	(533)	27.66	(128)	46.85
Issued pursuant to special dividends(1)			138	9.58	190	22.51
Unvested at end of year	544	\$ 19.36	458	\$ 26.73	893	\$ 40.33

- (1) This represents shares of restricted stock issued to holders of restricted stock pursuant to Aimco's special dividends discussed in Note 11. The weighted average grant-date fair value for these shares represents the price of Aimco's Class A Common Stock on the determination date for each dividend. The issuance of the additional shares of restricted stock resulted in no incremental compensation expense.

The aggregate fair value of shares that vested during the years ended December 31, 2010, 2009 and 2008 was \$4.4 million, \$3.1 million and \$16.5 million, respectively.

Total compensation cost recognized for restricted stock and stock option awards was \$8.1 million, \$8.0 million and \$17.6 million for the years ended December 31, 2010, 2009 and 2008, respectively. Of these amounts, \$0.8 million, \$1.3 million and \$3.8 million, respectively, were capitalized. At December 31, 2010, total unvested compensation cost not yet recognized was \$7.8 million. We expect to recognize this compensation over a weighted average period of approximately 1.7 years.

Employee Stock Purchase Plan

Under the terms of Aimco's employee stock purchase plan, eligible employees may authorize payroll deductions up to 15% of their base compensation to purchase shares of Common Stock at a five percent discount from its fair value on the last day of the calendar quarter during which payroll deductions are made. In 2010, 2009 and 2008, 5,662, 20,076 and 8,926 shares were purchased under this plan at an average price of \$20.92, \$8.82 and \$23.86, respectively. No compensation cost is recognized in connection with this plan. Common OP Units we issue to Aimco in connection with shares of Aimco's Class A Common Stock purchased under Aimco's employee stock purchase plan are treated as issued and outstanding on the date of purchase and distributions paid on such units are recognized as a reduction of partners' capital when such distributions are declared.

H-94

Table of Contents**AIMCO PROPERTIES, L.P.****NOTES TO CONSOLIDATED FINANCIAL STATEMENTS (Continued)*****401(k) Plan***

We provide a 401(k) defined-contribution employee savings plan. Employees who have completed 30 days of service and are age 18 or older are eligible to participate. For the period from January 1, 2009 through January 29, 2009, and during the year ended December 31, 2008, our matching contributions were made in the following manner: (1) a 100% match on the first 3% of the participant's compensation; and (2) a 50% match on the next 2% of the participant's compensation. On December 31, 2008, we suspended employer matching contributions effective January 29, 2009. We may reinstate employer matching contributions at any time. We incurred costs in connection with this plan of less than \$0.1 million in 2010, \$0.6 million in 2009 and \$5.2 million in 2008.

NOTE 13 Discontinued Operations and Assets Held for Sale

We report as discontinued operations real estate assets that meet the definition of a component of an entity and have been sold or meet the criteria to be classified as held for sale. We include all results of these discontinued operations, less applicable income taxes, in a separate component of income on the consolidated statements of operations under the heading income from discontinued operations, net. This treatment resulted in the retrospective adjustment of the 2009 and 2008 statements of operations and the 2009 balance sheet.

We are currently marketing for sale certain real estate properties that are inconsistent with our long-term investment strategy. At the end of each reporting period, we evaluate whether such properties meet the criteria to be classified as held for sale, including whether such properties are expected to be sold within 12 months. Additionally, certain properties that do not meet all of the criteria to be classified as held for sale at the balance sheet date may nevertheless be sold and included in discontinued operations in the subsequent 12 months; thus the number of properties that may be sold during the subsequent 12 months could exceed the number classified as held for sale. At December 31, 2010, we had no properties classified as held for sale and at December 31, 2009, after adjustments to classify as held for sale properties that were sold during 2010, we had 51 properties with an aggregate of 8,189 units classified as held for sale. Amounts classified as held for sale in the accompanying consolidated balance sheets as of December 31, 2009 are as follows (in thousands):

	December 31, 2009
Real estate, net	\$ 283,806
Other assets	4,774
Assets held for sale	\$ 288,580
Property debt	\$ 240,011
Other liabilities	6,545
Liabilities related to assets held for sale	\$ 246,556

During the years ended December 31, 2010, 2009 and 2008, we sold 51, 89 and 151 consolidated properties with an aggregate 8,189, 22,503 and 37,202 units, respectively. For the years ended December 31, 2010, 2009 and 2008, discontinued operations includes the results of operations for the periods prior to the date of sale for all properties sold or classified as held for sale as of December 31, 2010.

H-95

Table of Contents**AIMCO PROPERTIES, L.P.****NOTES TO CONSOLIDATED FINANCIAL STATEMENTS (Continued)**

The following is a summary of the components of income from discontinued operations for the years ended December 31, 2010, 2009 and 2008 (in thousands):

	2010	2009	2008
Rental and other property revenues	\$ 42,394	\$ 217,472	\$ 527,524
Property operating and other expenses	(22,988)	(120,109)	(273,298)
Depreciation and amortization	(10,773)	(67,902)	(139,075)
Provision for operating real estate impairment losses	(12,674)	(54,530)	(27,420)
Operating (loss) income	(4,041)	(25,069)	87,731
Interest income	271	362	2,118
Interest expense	(7,330)	(42,220)	(102,026)
Gain on extinguishment of debt		259	
Loss before gain on dispositions of real estate and income taxes	(11,100)	(66,668)	(12,177)
Gain on dispositions of real estate	94,901	221,770	800,270
Income tax (expense) benefit	(7,536)	1,739	(43,165)
Income from discontinued operations, net	\$ 76,265	\$ 156,841	\$ 744,928
Income from discontinued operation attributable to:			
Noncontrolling interests in consolidated real estate partnerships	(25,843)	(61,650)	(150,366)
The Partnership	\$ 50,422	\$ 95,191	\$ 594,562

Gain on dispositions of real estate is reported net of incremental direct costs incurred in connection with the transactions, including any prepayment penalties incurred upon repayment of property loans collateralized by the properties being sold. Such prepayment penalties totaled \$4.5 million, \$29.0 million and \$64.9 million for the years ended December 31, 2010, 2009 and 2008, respectively. We classify interest expense related to property debt within discontinued operations when the related real estate asset is sold or classified as held for sale. As discussed in Note 2, during the years ended December 31, 2010 and 2009, we allocated \$4.7 million and \$10.1 million, respectively, of goodwill related to our real estate segment to the carrying amounts of the properties sold or classified as held for sale during the applicable periods. Of these amounts, \$4.1 million and \$8.7 million, respectively, were reflected as a reduction of gain on dispositions of real estate and \$0.6 million and \$1.4 million, respectively, were reflected as an adjustment of impairment losses.

Table of Contents**AIMCO PROPERTIES, L.P.****NOTES TO CONSOLIDATED FINANCIAL STATEMENTS (Continued)****NOTE 14 Earnings per Unit**

We calculate earnings per unit based on the weighted average number of common OP Units, participating securities, common OP Unit equivalents and dilutive convertible securities outstanding during the period. We consider both common OP Units and High Performance Units, which have identical rights to distributions and undistributed earnings, to be common units for purposes of the earnings per unit data presented below. The following table illustrates the calculation of basic and diluted earnings per unit for the years ended December 31, 2010, 2009 and 2008 (in thousands, except per unit data):

	2010	2009	2008
Numerator:			
Loss from continuing operations	\$ (165,030)	\$ (200,821)	\$ (117,140)
Loss (income) from continuing operations attributable to noncontrolling interests	39,144	39,208	(5,383)
Income attributable to the Partnership's preferred unitholders	(58,554)	(56,854)	(61,354)
Income attributable to participating securities			(6,985)
Loss from continuing operations attributable to the Partnership's common unitholders	\$ (184,440)	\$ (218,467)	\$ (190,862)
Income from discontinued operations	\$ 76,265	\$ 156,841	\$ 744,928
Income from discontinued operations attributable to noncontrolling interests	(25,843)	(61,650)	(150,366)
Income from discontinued operations attributable to the Partnership's common unitholders	\$ 50,422	\$ 95,191	\$ 594,562
Net (loss) income	\$ (88,765)	\$ (43,980)	\$ 627,788
Net loss (income) attributable to noncontrolling interests	13,301	(22,442)	(155,749)
Income attributable to the Partnership's preferred unitholders	(58,554)	(56,854)	(61,354)
Income attributable to participating securities			(6,985)
Net (loss) income attributable to the Partnership's common unitholders	\$ (134,018)	\$ (123,276)	\$ 403,700
Denominator:			
Denominator for basic earnings per unit - weighted average number of common units outstanding			
Common OP Units	122,407	120,836	95,881
High Performance Units	2,340	2,344	2,368
Total common units	124,747	123,180	98,249
Effect of dilutive securities:			

Dilutive potential common units

Denominator for diluted earnings per unit	124,747	123,180	98,249
Earnings (loss) per common unit basic and diluted:			
Loss from continuing operations attributable to the Partnership's common unitholders	\$ (1.48)	\$ (1.77)	\$ (1.94)
Income from discontinued operations attributable to the Partnership's common unitholders	0.41	0.77	6.05
Net (loss) income attributable to the Partnership's common unitholders	\$ (1.07)	\$ (1.00)	\$ 4.11

As of December 31, 2010, 2009 and 2008, the common unit equivalents that could potentially dilute basic earnings per unit in future periods totaled 7.2 million, 8.9 million and 9.2 million, respectively. These securities,

H-97

Table of Contents**AIMCO PROPERTIES, L.P.****NOTES TO CONSOLIDATED FINANCIAL STATEMENTS (Continued)**

representing stock options to purchase shares of Aimco Class A Common Stock, have been excluded from the earnings per unit computations for the years ended December 31, 2010, 2009 and 2008, because their effect would have been anti-dilutive.

Participating securities, consisting of unvested restricted shares of Aimco stock and shares of Aimco stock purchased pursuant to officer loans, receive dividends similar to shares of Aimco Class A Common Stock and common OP Units totaled 0.6 million, 0.5 million and 1.0 million at December 31, 2010, 2009 and 2008, respectively. The effect of participating securities is reflected in basic and diluted earnings per unit computations for the periods presented above using the two-class method of allocating distributed and undistributed earnings. During the years ended December 31, 2010 and 2009, the adjustment to compensation expense recognized related to cumulative dividends on forfeited shares of restricted stock exceeded the amount of dividends declared related to participating securities. Accordingly, distributed earnings attributed to participating securities during 2010 and 2009 were reduced to zero for purposes of calculating earnings per unit using the two-class method.

As discussed in Note 11, we have various classes of preferred OP Units, which may be redeemed at the holders option. We may redeem these units for cash or at our option, shares of Aimco Class A Common Stock. During the periods presented, no common unit equivalents related to these preferred OP Units have been included in earnings per unit computations because their effect was antidilutive.

NOTE 15 Unaudited Summarized Consolidated Quarterly Information

Summarized unaudited consolidated quarterly information for 2010 and 2009 is provided below (in thousands, except per unit amounts).

2010	Quarter(1)			
	First	Second	Third	Fourth
Total revenues	\$ 279,872	\$ 285,161	\$ 286,433	\$ 293,468

Weighted average common units outstanding - basic and diluted	119,661	124,333	124,376	124,351

(1) Certain reclassifications have been made to 2010 and 2009 quarterly amounts to conform to the full year 2010 presentation, primarily related to treatment of discontinued operations.

NOTE 16 Transactions with Affiliates

We earn revenue from affiliated real estate partnerships. These revenues include fees for property management services, partnership and asset management services, risk management services and transactional services such as refinancing, construction supervisory and disposition (including promote income, which is income earned in connection with the disposition of properties owned by certain of our consolidated joint ventures). In addition, we are reimbursed for our costs in connection with the management of the unconsolidated real estate partnerships. These fees and reimbursements for the years ended December 31, 2010, 2009 and 2008 totaled \$10.6 million, \$18.5 million and \$72.5 million, respectively. The total accounts receivable due from affiliates was \$8.4 million, net of allowance for doubtful accounts of \$1.5 million, at December 31, 2010, and \$23.7 million, net of allowance for doubtful accounts of \$1.9 million, at December 31, 2009.

Additionally, we earn interest income on notes from real estate partnerships in which we are the general partner and hold either par value or discounted notes. During the years ended December 31, 2010, 2009 and 2008, we did not recognize a significant amount of interest income on par value notes from unconsolidated real estate partnerships. Accretion income recognized on discounted notes from affiliated real estate partnerships totaled \$0.8 million, \$0.1 million and \$1.4 million for the years ended December 31, 2010, 2009 and 2008, respectively. See Note 5 for additional information on notes receivable from unconsolidated real estate partnerships.

NOTE 17 Business Segments

We have two reportable segments: conventional real estate operations and affordable real estate operations. Our conventional real estate operations consist of market-rate apartments with rents paid by the resident and included 219 properties with 68,972 units as of December 31, 2010. Our affordable real estate operations consisted of 228 properties with 26,540 units as of December 31, 2010, with rents that are generally paid, in whole or part, by a government agency.

Our chief operating decision maker uses various generally accepted industry financial measures to assess the performance and financial condition of the business, including: Net Asset Value, which is the estimated fair value of

H-99

Table of Contents**AIMCO PROPERTIES, L.P.****NOTES TO CONSOLIDATED FINANCIAL STATEMENTS (Continued)**

our assets, net of liabilities and preferred equity; Pro forma Funds From Operations, which is Funds From Operations excluding operating real estate impairment losses and preferred equity redemption related amounts; Adjusted Funds From Operations, which is Pro forma Funds From Operations less spending for Capital Replacements; property net operating income, which is rental and other property revenues less direct property operating expenses, including real estate taxes; proportionate property net operating income, which reflects our share of property net operating income of our consolidated and unconsolidated properties; same store property operating results; Free Cash Flow, which is net operating income less spending for Capital Replacements; Free Cash Flow internal rate of return; financial coverage ratios; and leverage as shown on our balance sheet. Our chief operating decision maker emphasizes proportionate property net operating income as a key measurement of segment profit or loss.

During the three months ended December 31, 2010, we revised certain of the reports our chief operating decision maker uses to assess the performance of our business to include additional information about proportionate operating results of our segments. Based on the change in our measure of segment performance, we have recast the presentation of our segment results for the years ended December 31, 2009 and 2008, to be consistent with the current presentation.

The following tables present the revenues, expenses, net operating income (loss) and income (loss) from continuing operations of our conventional and affordable real estate operations segments on a proportionate basis for the years ended December 31, 2010, 2009 and 2008 (in thousands):

	Conventional Real Estate Operations	Affordable Real Estate Operations	Proportionate Adjustments(1)	Corporate and Amounts Not Allocated to Segments	Consolidated
Year Ended December 31, 2010:
