**NOTICE OF JOINT ANNUAL MEETING OF SHAREHOLDERS
To Be Held on July 17, 2012**

Notice is hereby given to holders of common shares of beneficial interest (Common Shares) of Invesco California Municipal Income Trust (IIC), Invesco California Quality Municipal Securities (IQC), Invesco California Municipal Securities (ICS, and together with IIC and IQC, the Target Funds), and Invesco Van Kampen California Value Municipal Income Trust (the Acquiring Fund or VCV) that the Funds will hold a joint annual meeting of shareholders (the Meeting) on July 17, 2012, at 1555 Peachtree Street, N.E., Atlanta, Georgia 30309. The Meeting will begin at 1:00 p.m. Eastern time for the Target Funds and at 2:00 p.m. Eastern time for the Acquiring Fund. The Target Funds and the Acquiring Fund collectively are referred to as the Funds and each is referred to individually as a Fund. At the Meeting, holders of Common Shares (Common Shareholders) will be asked to vote on the following proposals:

- 1) For each Fund, approval of an Agreement and Plan of Redomestication that provides for the reorganization of such Fund as a Delaware statutory trust.
- 2) Approval of the merger of each Target Fund into the Acquiring Fund, which shall require the following shareholder actions:
 - (a) For each Target Fund, approval of an Agreement and Plan of Merger that provides for such Target Fund to merge with and into the Acquiring Fund.
 - (b) For the Acquiring Fund, approval of the following sub-proposals:
 - (i) Approval of an Agreement and Plan of Merger that provides for IIC to merge with and into the Acquiring Fund.
 - (ii) Approval of an Agreement and Plan of Merger that provides for IQC to merge with and into the Acquiring Fund.
 - (iii) Approval of an Agreement and Plan of Merger that provides for ICS to merge with and into the Acquiring Fund.
- 3) For each Target Fund, the election of a class of Trustees to its Board of Trustees.
- 4) For the Acquiring Fund, the election of three Class I Trustees to its Board of Trustees.

Each Fund may also transact such other business as may properly come before the Meeting or any adjournment or postponement thereof.

Common Shareholders of record as of the close of business on May 23, 2012, are entitled to notice of, and to vote at, the Meeting or any adjournment or postponement thereof. Holders of the Acquiring Fund s, IIC s and IQC s preferred shares of beneficial interest, whose voting instructions are being separately solicited, will also vote on certain matters at the Meeting.

Table of Contents

The Board of Trustees of each Fund requests that you vote your shares by either (i) completing the enclosed proxy card and returning it in the enclosed postage paid return envelope, or (ii) voting by telephone or via the internet using the instructions on the proxy card. Please vote your shares promptly regardless of the number of shares you own.

Each Target Fund does not believe that its shareholders are entitled to appraisal rights in connection with its merger. However, the availability of dissenters' appraisal rights in connection with such a transaction involving a Massachusetts business trust has not been judicially determined, and, accordingly, depending on such determination, Target Fund shareholders may be entitled to appraisal rights under Massachusetts law. Any shareholder seeking to assert appraisal rights with respect to a merger will be required to give written notice, before the shareholders' vote on whether to approve the merger, of the shareholder's intent to demand payment pursuant to appraisal rights, and to comply with the requirement to not vote to approve the merger.

Each Fund's Board recommends that you cast your vote FOR the above proposals and FOR ALL the Trustee nominees as described in the Joint Proxy Statement/Prospectus.

For the Target Funds:

Mr. Philip Taylor
President and Principal Executive Officer
June [__], 2012
For the Acquiring Fund,
by order of the Board of Trustees:

John M. Zerr
Senior Vice President, Secretary and
Chief Legal Officer
June [__], 2012

IMPORTANT NOTICE REGARDING THE AVAILABILITY OF PROXY MATERIALS FOR THE JOINT ANNUAL MEETING OF SHAREHOLDERS TO BE HELD JULY 17, 2012:

The proxy statement and annual report to shareholders are available at www.invesco.com/us.

JOINT PROXY STATEMENT/PROSPECTUS
June [___], 2012
Introduction**

This Joint Proxy Statement/Prospectus (the Proxy Statement) contains information that holders of common shares of beneficial interest (Common Shares) of Invesco California Municipal Income Trust (IIC), Invesco California Quality Municipal Securities (IQC), Invesco California Municipal Securities (ICS, and together with IIC and IQC, the Target Funds), and Invesco Van Kampen California Value Municipal Income Trust (the Acquiring Fund or VCV) should know before voting on the proposals that are described herein. The Target Funds and the Acquiring Fund collectively are referred to as the Funds and each is referred to individually as a Fund.

A joint annual meeting of the shareholders of the Funds (the Meeting) will be held on July 17, 2012 at 1555 Peachtree Street, N.E., Atlanta, Georgia 30309. The Meeting will begin at 1:00 p.m. Eastern time for the Target Funds and at 2:00 p.m. Eastern time for the Acquiring Fund. The following describes the proposals to be voted on by holders of Common Shares (Common Shareholders) at the Meeting:

- 1) For each Fund, approval of an Agreement and Plan of Redomestication that provides for the reorganization of such Fund as a Delaware statutory trust.
 - 2) Approval of the merger of each Target Fund into the Acquiring Fund, which shall require the following shareholder actions:
 - (a) For each Target Fund, approval of an Agreement and Plan of Merger that provides for such Target Fund to merge with and into the Acquiring Fund.
 - (b) For the Acquiring Fund, approval of the following sub-proposals:
 - (i) Approval of an Agreement and Plan of Merger that provides for IIC to merge with and into the Acquiring Fund.
 - (ii) Approval of an Agreement and Plan of Merger that provides for IQC to merge with and into the Acquiring Fund.
 - (iii) Approval of an Agreement and Plan of Merger that provides for ICS to merge with and into the Acquiring Fund.
 - 3) For each Target Fund, the election of a class of Trustees to its Board of Trustees.
 - 4) For the Acquiring Fund, the election of three Class I Trustees to its Board of Trustees.
-

Table of Contents

Each Fund may also transact such other business as may properly come before the Meeting or any adjournment or postponement thereof.

The redomestications contemplated by Proposal 1 are referred to herein each individually as a Redomestication and together as the Redomestications. The mergers contemplated by Proposal 2 are referred to herein each individually as a Merger and together as the Mergers.

The Boards of Trustees of the Funds (the Boards) have fixed the close of business on May 23, 2012, as the record date (Record Date) for the determination of shareholders entitled to notice of and to vote at the Meeting and at any adjournment or postponement thereof. Shareholders will be entitled to one vote for each share held (and a proportionate fractional vote for each fractional share). Holders of the preferred shares of beneficial interest (Preferred Shares) of the Acquiring Fund, IIC and IQC, whose voting instructions are being separately solicited, will also vote on certain matters at the Meeting.

This Proxy Statement, the enclosed Notice of Joint Annual Meeting of Shareholders, and the enclosed proxy card will be mailed on or about [June 21], 2012, to all Common Shareholders eligible to vote at the Meeting. Each Fund is a closed-end management investment company registered under the Investment Company Act of 1940, as amended (the 1940 Act). The Common Shares of each Fund are listed on the New York Stock Exchange and the Common Shares of the Acquiring Fund are also listed on the Chicago Stock Exchange (collectively with the New York Stock Exchange, the Exchanges). This document is both a proxy statement for Common Shares of each Fund and also a prospectus for Common Shares of the Acquiring Fund.

The Meeting is scheduled as a joint meeting of the shareholders of the Funds and certain affiliated funds, whose votes on proposals applicable to such funds are being solicited separately, because the shareholders of the funds are expected to consider and vote on similar matters.

A joint Proxy Statement is being used in order to reduce the preparation, printing, handling and postage expenses that would result from the use of separate proxy materials for each Fund. You should retain this Proxy Statement for future reference, as it sets forth concisely information about the Funds that you should know before voting on the proposals and because it will be the only prospectus you receive for your Acquiring Fund Common Shares. Additional information about each Fund is available in the annual and semi-annual reports to shareholders of such Fund. Each Fund's most recent annual report to shareholders, which contains audited financial statements for the Funds' most recently completed fiscal year, and each Fund's most recent semi-annual report to shareholders have been previously mailed to shareholders and are available on the Funds' website at www.invesco.com/us. The statement of additional information to this Proxy Statement (the SAI), dated the same date as this Proxy Statement, includes additional information about the Funds that is incorporated by reference and is deemed to be part of this Proxy Statement. These documents are on file with the U.S. Securities and Exchange Commission (the SEC). Copies of all of these documents are also available upon request without charge by writing to the Funds at 11 Greenway Plaza, Suite 2500, Houston, Texas 77046, or by calling (800) 341-2929.

You also may view or obtain these documents from the SEC's Public Reference Room, which is located at 100 F Street, N.E., Washington, D.C. 20549, or from the SEC's website at www.sec.gov. Information on the operation of the SEC's Public Reference Room may be obtained by calling the SEC at (202) 551-8090. You can also request copies of these materials, upon payment at the prescribed rates of the duplicating fee, by electronic request to the SEC's e-mail address (publicinfo@sec.gov) or by writing to the Public Reference Branch, Office of Consumer Affairs and Information Services, U.S. Securities and Exchange Commission, Washington, D.C. 20549-1520. You may also inspect reports, proxy material and other information concerning each of the Funds at the Exchanges.

These securities have not been approved or disapproved by the SEC nor has the SEC passed upon the accuracy or adequacy of this Proxy Statement. Any representation to the contrary is a criminal offense. An investment in the Funds is not a deposit with a bank and is not insured or guaranteed by the Federal Deposit Insurance Corporation (FDIC) or any other government agency. You may lose money by investing in the Funds.

PROPOSAL 1: APPROVAL OF REDOMESTICATION

On what am I being asked to vote?

Each Fund's shareholders are being asked to approve an Agreement and Plan of Redomestication (a Plan of Redomestication) providing for the reorganization of the Fund as a Delaware statutory trust. Each Fund is currently a Massachusetts business trust. Each Fund's Plan of Redomestication provides for the Fund to transfer all of its assets and liabilities to a newly formed Delaware statutory trust whose capital structure will be substantially the same as the Fund's current structure, after which Fund shareholders will own shares of the Delaware statutory trust and the Massachusetts business trust will be liquidated and terminated. The Redomestication is only a change to your Fund's legal form of organization and there will be no change to the Fund's investments, management, fee levels, or federal income tax status as a result of the Redomestication.

Each Fund's Redomestication may proceed even if other Redomestications are not approved by shareholders or are for any other reason not completed. A form of the Plan of Redomestication is available in Exhibit A.

By voting for this Proposal 1, you will be voting to become a shareholder of a fund organized as a Delaware statutory trust with portfolio characteristics, investment objective(s), strategies, risks, trustees, advisory agreements, subadvisory arrangements and other arrangements that are substantially the same as those currently in place for your Fund.

Has my Fund's Board of Trustees approved the Redomestication?

Yes. Each Fund's Board has reviewed and unanimously approved the Plan of Redomestication and this Proposal 1.

The Board of each Fund recommends that shareholders vote FOR Proposal 1.

What are the reasons for the proposed Redomestications?

The Redomestications will serve to standardize the governing documents and certain agreements of the Funds with each other and with other funds managed by Invesco Advisers, Inc. (the Adviser). This standardization is expected to streamline the administration of the Funds, which may result in cost savings and more effective administration by eliminating differences in governing documents or controlling law. In addition, the legal requirements governing business trusts under Massachusetts law are less certain and less developed than those under Delaware law, which sometimes necessitates the Funds bearing the cost to engage counsel to advise on the interpretation of such law.

The Redomestications are also a necessary step for the completion of the Mergers described in Proposal 2 because, as Delaware statutory trusts, the Funds may merge with no delay in transactions that are expected to qualify as tax-free reorganizations. However, the Redomestications may proceed even if the Mergers described in Proposal 2 are not approved.

What effect will a Redomestication have on me as a shareholder?

A Redomestication will have no direct effect on Fund shareholders' investments. Each redomesticated Fund will have investment advisory agreements, subadvisory arrangements, administration agreements, custodian agreements, transfer agency agreements, and other service provider arrangements that are identical in all material respects to those in place immediately before the Redomestication, with certain non-substantive revisions to standardize such agreements across the Funds. For example, after the Redomestications, the investment advisory agreements of the Funds will contain standardized language describing how investment advisory fees are calculated, but there will be no change to the actual calculation methodology. Each Fund will continue to be served by the same individuals as trustees and officers, and each Fund will continue to retain the same independent registered public accounting firm. The portfolio characteristics, investment objective(s), strategies and risks of each Fund will not change as a result of the Redomestications.

In addition, each Fund's capital structure will be substantially the same as its current structure. The Common Shares of each Fund will continue to have equal rights to the payment of dividends and the distribution of assets upon liquidation, and, for the Acquiring Fund, IIC and IQC, may not declare distributions on Common Shares

Table of Contents

unless all accrued dividends on such Fund's Preferred Shares have been paid, and unless asset coverage with respect to such Fund's Preferred Shares would be at least 200% after giving effect to the distributions.

After the Redomestications, each Fund will be a Delaware statutory trust governed by the Delaware Statutory Trust Act (DE Statute). The DE Statute is similar in many respects to the laws governing the Fund's current structure, a Massachusetts business trust, but they differ in certain respects. Both the Massachusetts business trust law (MA Statute) and the DE Statute permit a trust's governing instrument to contain provisions relating to shareholder rights and removal of trustees, and provide trusts with the ability to amend or restate the trust's governing instruments. However, the MA Statute is silent on many of the salient features of a Massachusetts business trust whereas the DE Statute provides guidance and offers a significant amount of operational flexibility to Delaware statutory trusts. The DE Statute provides explicitly that the shareholders and trustees of a Delaware statutory trust are not liable for obligations of the trust to the same extent as under corporate law, while under the MA Statute, shareholders and trustees could potentially be liable for trust obligations under certain circumstances. The DE Statute authorizes the trustees to take various actions without requiring shareholder approval if permitted by a Fund's governing instruments. For example, trustees of a Delaware statutory trust may have the power to amend the trust's governing instrument, merge or consolidate a Fund with another entity, and to change the Delaware statutory trust's domicile, in each case without a shareholder vote. The Funds believe that the guidance and flexibility afforded by the DE Statute and the explicit limitation on liability contained in the DE Statute will benefit the Funds and shareholders. A more detailed comparison of certain provisions of the DE Statute and the MA Statute is included in Exhibit B.

The governing documents of each Fund before and after its Redomestication will be similar, but will contain certain material differences. In general, under each Fund's new governing documents, shareholders will generally have fewer rights to vote on matters affecting the Fund and, therefore, less control over the operations of the Fund. For example, the new governing documents permit termination of the Fund without shareholder approval, provided that at least 75% of the Trustees have approved such termination, thereby avoiding the expense of a shareholder meeting in connection with a termination of the Fund, which expense would reduce the amount of assets available for distribution to shareholders. The current governing documents require shareholder approval to terminate the Fund regardless of whether the Trustees have approved such termination. Also, each Fund's new by-laws may be altered, amended, or repealed by the Trustees, without the vote or approval of shareholders. Each Fund's current by-laws may be altered, amended, or repealed by the Trustees, provided that by-laws adopted by the shareholders may only be altered, amended, or repealed by the shareholders.

Under the new governing documents, Trustees of the Funds will be elected by a majority vote (i.e., nominees must receive the vote of a majority of the outstanding shares entitled to vote). Under the current governing documents, Trustees of the Acquiring Fund are generally elected by a plurality vote (i.e., the nominees receiving the greatest number of votes are elected), while Trustees of the Target Funds are elected by a majority vote. The new governing documents will not provide shareholders the ability to remove Trustees or to call special meetings of shareholders, which powers are provided under the current governing documents.

Table of Contents

Also, additional procedures must be undertaken by shareholders under the new governing documents than under the current governing documents with respect to shareholder proposals, including nominations, brought before a meeting of shareholders. These additional procedures include, among others, shareholders appearing before the annual or special meeting of shareholders to present about the nomination or proposed business. The additional procedures are intended to provide the Board the opportunity to better evaluate proposals submitted by shareholders and provide additional information to shareholders for their consideration in connection with the proposal.

The new governing documents contain a different shareholder voting standard with respect to the Acquiring Fund's merger, consolidation, or conversion to an open-end company that, in certain circumstances, may be a lower voting standard than under the current governing documents. The new governing documents also impose certain obligations on shareholders seeking to initiate a derivative action on behalf of the Acquiring Fund that are not imposed under the current governing documents, which may make it more difficult for shareholders to initiate derivative actions and are intended to save the Fund money by requiring reimbursement of the Fund for frivolous lawsuits brought by shareholders. To further protect the Fund and its shareholders from frivolous lawsuits, the new governing documents also provide that shareholders will indemnify the Acquiring Fund for all costs, expenses, penalties, fines or other amounts arising from any action against the Acquiring Fund to the extent that the shareholder is not the prevailing party and that the Acquiring Fund is permitted to redeem shares of and/or set off against any distributions due to the shareholder for such amounts. The Trustees believe that these provisions will benefit shareholders by deterring frivolous lawsuits and actions by short-term, speculative investors that are contrary to the best long-term interests of the Fund and long-term shareholders and limiting the extent to which Fund assets will be expended defending against such lawsuits.

A comparison of the current and proposed governing documents of the Funds is available in Exhibit C.

Shareholder approval of a Redomestication will be deemed to constitute approval of the advisory and subadvisory agreements, as well as a vote for the election of the trustees, of the Delaware statutory trust. Accordingly, each Plan of Redomestication provides that the sole initial shareholder of each Delaware statutory trust will vote to approve the advisory and subadvisory agreements (which, as noted above, will be identical in all material respects to the Fund's current agreements) and to elect the trustees of the Delaware statutory trust (which, as noted above, will be the same as the Fund's current Trustees) after shareholder approval of the Redomestication but prior to the closing of the Redomestication.

Will there be any tax consequences resulting from a Redomestication?

The following is a general summary of the material U.S. federal income tax considerations of the Redomestications and is based upon the current provisions of the Internal Revenue Code of 1986, as amended (the Code), the existing U.S. Treasury Regulations thereunder, current administrative rulings of the Internal Revenue Service (IRS) and published judicial decisions, all of which are subject to change. These considerations are general in nature and individual shareholders should consult their own tax advisors as to the federal, state, local, and foreign tax considerations applicable to them and their individual circumstances. These same considerations generally do not apply to shareholders who hold their shares in a tax-deferred account.

Each Redomestication is intended to be a tax-free reorganization pursuant to Section 368(a) of the Code. Each Fund is currently a Massachusetts business trust. Each Redomestication will be completed pursuant to a Plan of Redomestication that provides for the applicable Fund to transfer all of its assets and liabilities to a newly formed Delaware statutory trust (DE-Fund), after which Fund shareholders will own shares of the Delaware statutory trust and the Massachusetts business trust will be liquidated. Even though the Redomestication of a Fund is part of an overall plan to effect the Merger of each Target Fund with the Acquiring Fund, the Redomestications will be treated as separate transactions for U.S. federal income tax purposes. The principal federal income tax considerations that are expected to result from the Redomestication of an applicable Fund are as follows:

- no gain or loss will be recognized by the Fund or the shareholders of the Fund as a result of the Redomestication;

no gain or loss will be recognized by the DE-Fund as a result of the Redomestication;

the aggregate tax basis of the shares of the DE-Fund to be received by a shareholder of the Fund will be the same as the shareholder's aggregate tax basis of the shares of the Fund; and

the holding period of the shares of the DE-Fund received by a shareholder of the Fund will include the period that a shareholder held the shares of the Fund (provided that such shares of the Fund are capital assets in the hands of such shareholder as of the Closing (as defined herein)).

Neither the Funds nor the DE-Funds have requested or will request an advance ruling from the IRS as to the federal tax consequences of the Redomestications. As a condition to Closing, Stradley Ronon Stevens & Young, LLP will render a favorable opinion to each Fund and DE-Fund as to the foregoing federal income tax consequences of each Redomestication, which opinion will be conditioned upon, among other things, the accuracy, as of the Closing Date (as defined herein), of certain representations of each Fund and DE-Fund upon which Stradley Ronon

Table of Contents

Stevens & Young, LLP will rely in rendering its opinion. A copy of the opinion will be filed with the SEC and will be available for public inspection. See **Where to Find Additional Information**. Opinions of counsel are not binding upon the IRS or the courts. If a Redomestication is consummated but the IRS or the courts determine that the Redomestication does not qualify as a tax-free reorganization under the Code, and thus is taxable, each Fund would recognize gain or loss on the transfer of its assets to its corresponding DE-Fund and each shareholder of the Fund would recognize a taxable gain or loss equal to the difference between its tax basis in its Fund shares and the fair market value of the shares of the DE-Fund it receives. The failure of one Redomestication to qualify as a tax-free reorganization would not adversely affect any other Redomestication.

When are the Redomestications expected to occur?

If shareholders of a Fund approve Proposal 1, it is anticipated that such Fund's Redomestication will occur in the third quarter of 2012.

What will happen if shareholders of a Fund do not approve Proposal 1?

If Proposal 1 is not approved by a Fund's shareholders or if a Redomestication is for other reasons not able to be completed, that Fund would not be redomesticated. In addition, that Fund would not participate in a Merger, even if that Fund's shareholders approve the Merger under Proposal 2. If Acquiring Fund Shareholders do not approve Proposal 1 or if the Acquiring Fund's Redomestication is for any other reason not completed, no Mergers would be completed. If Proposal 1 is not approved by shareholders, the applicable Fund's Board will consider other possible courses of action for that Fund.

**THE BOARDS RECOMMEND THAT YOU VOTE FOR THE APPROVAL OF PROPOSAL 1.
PROPOSAL 2: APPROVAL OF MERGERS**

On what am I being asked to vote?

Shareholders of each Target Fund are being asked to consider and approve a Merger of their Target Fund with and into the Acquiring Fund, as summarized below. Shareholders of the Acquiring Fund are also being asked to consider and approve each such Merger, which involves the issuance of new Common Shares and Preferred Shares by the Acquiring Fund. If a Merger is approved, Common Shares of the Target Fund will be exchanged for newly issued Acquiring Fund Common Shares of equal aggregate net asset value; and Preferred Shares of IIC and IQC will be exchanged for newly issued Acquiring Fund Preferred Shares with substantially identical terms, including equal aggregate liquidation preferences.

Each Merger will be completed pursuant to an Agreement and Plan of Merger (**Merger Agreement**) that provides for the applicable Target Fund to merge with and into the Acquiring Fund pursuant to the Delaware Statutory Trust Act. A form of the Merger Agreement is included as Exhibit D. Each Merger Agreement is substantially the same. The merger of one Target Fund and the Acquiring Fund may proceed even if the merger of one or both of the other Target Funds is not approved by shareholders or is for any other reason not completed. A Merger can proceed only if both the Target Fund and the Acquiring Fund have also approved their respective Redomestications.

SUMMARY OF KEY INFORMATION REGARDING THE MERGERS

The following is a summary of certain information contained elsewhere in this Proxy Statement and in the Merger Agreement. Shareholders should read the entire Proxy Statement carefully for more complete information.

Has my Fund's Board of Trustees approved the Merger(s)?

Yes. Each Fund's Board has reviewed and unanimously approved the Merger Agreement and this Proposal 2. Each Fund's Board determined that the Mergers are in the best interest of each Fund and will not dilute the interests of the existing shareholders of any Fund. **Each Fund's Board recommends that shareholders vote FOR Proposal 2.**

Table of Contents

What are the reasons for the proposed Mergers?

The Mergers proposed in this Proxy Statement are part of a larger group of transactions across the Adviser's fund platform that began in early 2011. The Mergers are being proposed to reduce the number of closed-end funds with similar investment processes and investment philosophies managed by the Adviser.

Fund shareholders may benefit from the Mergers by becoming shareholders of a larger Fund that may have a more diversified portfolio, greater market liquidity, more analyst coverage, and smaller spreads and trading discounts, although there is no guarantee that this will occur.

In considering the Mergers and the Merger Agreement, the Board of each Fund considered these and other factors in concluding that the Mergers would be in the best interest of the Funds and would not dilute the interests of the existing shareholders of any Fund. The Boards' considerations are described in more detail below in the section entitled "Additional Information About the Funds and the Mergers - Board Considerations in Approving the Mergers."

What effect will a Merger have on me as a shareholder?

If you own Target Fund Common Shares, you will, after the Merger, own Common Shares of the Acquiring Fund with an aggregate net asset value equal to the net asset value of the Target Fund Common Shares you held immediately before the Merger. It is likely, however, that the market value of such Common Shares will differ because market value reflects trading activity on the Exchanges and tends to vary from net asset value.

If you are a Common Shareholder of the Acquiring Fund, your Common Shares of the Acquiring Fund will not be changed by a Merger, but will represent a smaller percentage interest in a larger fund.

The principal differences between the Target Funds and the Acquiring Fund are described in the following sections.

How do the Funds' investment objectives and principal investment strategies compare?

The investment objective of the Acquiring Fund is substantially the same as the investment objectives of the Target Funds. For each Fund, the investment objective may be changed only with shareholder approval.

Acquiring Fund (VCV)

To provide a high level of current income exempt from federal and California income taxes, consistent with preservation of capital.

Target Funds

To provide current income which is exempt from federal and California income taxes.

The principal investment strategies of the Acquiring Fund are substantially the same as the principal investment strategies of the Target Funds. However, the principal investment strategies of the Acquiring Fund and the Target Funds are not identical, and certain of their investment policies and limitations are different. The material differences in the Funds' principal investment strategies are that the Acquiring Fund, IIC, and ICS but not IQC may invest in swaps; and that each Target Fund but not the Acquiring Fund may use futures and, for IIC and ICS, swaps to earn income. In addition, each of the Acquiring Fund, IIC, and IQC employs leverage by investing the proceeds of its issuance of Preferred Shares. ICS does not employ this type of leverage and has no outstanding Preferred Shares.

The section below entitled "Additional Information About the Funds and the Mergers - Principal Investment Strategies" provides more information on the principal investment strategies of the Target Funds and the Acquiring Fund and highlights certain key differences.

How do the Funds' principal risks compare?

The principal risks that may affect each Fund's investment portfolio are substantially the same. The material differences in the principal risks of the Funds are that Preferred Shares Risk does not apply to ICS and Swaps Risk does not apply to IQC.

Investment in any of the Funds involves risks, including the risk that shareholders may receive little or no return on their investment, and the risk that shareholders may lose part or all of the money they invest. There can be

Table of Contents

no guarantee against losses resulting from an investment in a Fund, nor can there be any assurance that a Fund will achieve its investment objective(s). Whether a Fund achieves its investment objective(s) depends on market conditions generally and on the Adviser's analytical and portfolio management skills. As with any managed fund, the Adviser may not be successful in selecting the best-performing securities or investment techniques, and a Fund's performance may lag behind that of similar funds. The risks associated with an investment in a Fund can increase during times of significant market volatility. An investment in a Fund is not a deposit in a bank and is not insured or guaranteed by the Federal Deposit Insurance Corporation or any other government agency. Before investing in a Fund, potential shareholders should carefully evaluate the risks.

The Acquiring Fund employs leverage by issuing, and investing the proceeds of its issuance of, Preferred Shares. The use of leverage imposes additional risks on the Acquiring Fund that do not apply to ICS because it has no outstanding Preferred Shares. Use of leverage creates an opportunity for increased income and return for holders of Common Shares, but also may magnify loss on an investment, creating special risks (including the likelihood of greater volatility of net asset value and market price of, and distributions on, the Common Shares). There can be no assurance that a leveraging strategy will be successful. The investment advisory fees paid by the Acquiring Fund are calculated on the basis of the Acquiring Fund's managed assets, which means the Acquiring Fund's net assets, plus assets attributable to outstanding Preferred Shares and the amount of any borrowings incurred for the purpose of leverage, so the fee will be higher when leverage is utilized. This may create a conflict of interest between the Adviser and holders of Common Shares, because holders of Preferred Shares do not bear the investment advisory fee; rather, holders of Common Shares bear the investment advisory fee attributable to the assets purchased with the proceeds. This means that holders of Common Shares effectively bear the entire investment advisory fee.

Additional information on the principal risks of each Fund is included below under Additional Information About the Funds and the Mergers Principal Risks of an Investment in the Funds and in the SAI.

How do the Funds' expenses compare?

The table below provides a summary comparison of the expenses of the Funds. The table also shows estimated expenses on a *pro forma* basis giving effect to the proposed Merger with ICS and giving effect to all of the Mergers. The *pro forma* expense ratios show projected estimated expenses, but actual expenses may be greater or less than those shown. Note that pro forma total expenses of the Acquiring Fund are expected to be **higher** than the current total expenses of each Target Fund.

It is anticipated that the lowest expense ratio will be achieved for the Acquiring Fund if all of the Mergers are completed and that the highest expense ratio will result if ICS is the only Target Fund that participates in a Merger with the Acquiring Fund. The range of impact to Acquiring Fund expenses after the Mergers is reflected in the following table.

Table of Contents

	Current(a)			<i>Pro Forma</i> (b) ICS	<i>Pro Forma</i> (b) ICS	<i>Pro Forma</i> (b) ICS
	Invesco California Municipal Income Trust (IIC)	Invesco California Quality Municipal Securities (IQC)	Invesco California Municipal Securities (ICS)	Invesco Van Kampen California Value Municipal Income Trust (Acquiring Fund)	+ Acquiring Fund (assumes only Merger with ICS is completed)	+ Acquiring Fund (assumes all of the Mergers are completed)
Shareholder Fees (Fees paid directly from your investment)						
Maximum Sales Charge (Load) Imposed on Purchases (as a percentage of offering price) (c)	None	None	None	None	None	None
Dividend Reinvestment Plan (d)	None	None	None	None	None	None
Annual Fund Operating Expenses (expenses that you pay each year as a percentage of the value of your investment)						
Management Fees	0.38%	0.40%	0.27%	0.97%	0.97%	0.97%
Interest and Related Expenses (e)	0.56%	0.59%	0.08%	0.88%	0.83%	0.82%
Other Expenses	0.14%	0.17%	0.37%	0.14%	0.15%	0.13%
Total Annual Fund Operating Expenses	1.08%	1.16%	0.72%	1.99%	1.95%	1.92%
Fee Waiver and/or Expense Reimbursement	0.00%	0.00%	0.00%	0.00%	0.48%(f)	0.58%(g)
Total Annual Fund Operating Expenses after Fee Waiver and/or Expense Reimbursement	1.08%	1.16%	0.72%	1.99%	1.47%	1.34%

- (a) Expense ratios reflect estimated amounts for the current fiscal year. Preferred Shares do not bear any transaction or operating expenses of the Funds.
- (b) *Pro forma* numbers are estimated as if the Merger had been completed as of March 1, 2011 and do not include estimated Merger costs. The Funds are not bearing any Merger costs.
- (c) Common Shares of each Fund purchased on the secondary market are not subject to sales charges, but may be subject to brokerage commissions or other charges.
- (d) Each participant in a Fund's dividend reinvestment plan pays a proportionate share of the brokerage commissions incurred with respect to open market purchases in connection with such plan. For each Fund's last fiscal year, participants in the plan incurred brokerage commissions representing \$0.03 per Common Share.
- (e) Interest and Related Expenses includes interest and other costs of providing leverage to the Funds, such as the costs to maintain lines of credit, issue and administer preferred shares, and establish and administer floating rate note obligations.
- (f) If the Merger with ICS is the only Merger to close the Adviser has contractually agreed, for two years following the closing of the Merger, to waive advisory fees and/or reimburse expenses to the extent necessary to limit the Acquiring Fund's Total Annual Fund Operating Expenses After Fee Waiver and/or Expense Reimbursement (which excludes certain items discussed below) to 0.64% of average daily net assets. In determining the Adviser's obligation to waive advisory fees and/or reimburse expenses, the following expenses are not taken into account, and could cause Total Annual Fund Operating Expenses After Fee Waiver and/or Expense Reimbursement to exceed the limit reflected above: (i) interest; (ii) taxes; (iii) dividend expense on short sales; (iv) extraordinary or non-routine items, such as litigation, reorganizations and mergers; and (v) expenses that the Fund has incurred but did not actually pay because of an expense offset arrangement. Unless the Board and the Adviser mutually agree to amend or continue the fee waiver agreement, it will terminate two years from the closing date of the Merger.
- (g) Effective upon the closing of the Mergers and provided that all of the Mergers are completed, the Adviser has contractually agreed, for at least two years from the closing date of the Mergers, to waive advisory fees and/or reimburse expenses to the extent necessary to limit the Acquiring Fund's Total Annual Fund Operating Expenses After Fee Waiver and/or Expense Reimbursement (which excludes certain items discussed below) to 0.52% of average daily net assets. In determining the Adviser's obligation to waive advisory fees and/or reimburse expenses, the following expenses are not taken into account, and could cause Total Annual Fund Operating Expenses After Fee Waiver and/or Expense Reimbursement to exceed the limit reflected above: (i) interest; (ii) taxes; (iii) dividend expense on short sales; (iv) extraordinary or non-routine items, including litigation expenses; and (v) expenses that the Fund has incurred but did not actually pay because of an expense offset arrangement. Unless the Board and the Adviser mutually agree to amend or continue the fee waiver agreement, it will terminate two years from the closing date of the Mergers.

Expense Example

This example compares the cost of investing in Acquiring Fund Common Shares with the cost of investing in Target Fund Common Shares based on the expense table set out above. The example also provides information on a *pro forma* basis giving effect to the proposed Merger with ICS and giving effect to all of the Mergers. It also

Table of Contents

assumes an investment at net asset value (NAV) of \$1,000 for the periods shown; a 5% investment return each year; the Funds' operating expenses remain the same each year; that any contractual fee limits or waivers are terminated after their current terms expire; and that all dividends and distributions are reinvested at NAV. Based on these assumptions the costs would be:

	1 Year	3 Years	5 Years	10 Years
IIC	\$ 11	\$ 34	\$ 60	\$ 132
IQC	\$ 12	\$ 37	\$ 64	\$ 141
ICS	\$ 7	\$ 23	\$ 40	\$ 89
Acquiring Fund (VCV)	\$ 20	\$ 62	\$ 107	\$ 232
Pro Forma (ICS + Acquiring Fund, assuming only Merger with ICS is completed)	\$ 15	\$ 52	\$ 96	\$ 219
Pro Forma (IIC, IQC, ICS + Acquiring Fund, assuming all of the Mergers are completed)	\$ 14	\$ 49	\$ 93	\$ 215

The Example is not a representation of past or future expenses. Each Fund's actual expenses, and an investor's direct and indirect expenses, may be more or less than those shown. The table and the assumption in the Example of a 5% annual return are required by regulations of the SEC applicable to all registered funds. The 5% annual return is not a prediction of and does not represent the Funds' projected or actual performance.

For further discussion regarding the Boards' consideration of the fees and expenses of the Funds in approving the Mergers, see the section entitled "Additional Information About the Funds and the Mergers - Board Considerations in Approving the Mergers" in this Proxy Statement.

How do the performance records of the Funds compare?

Total return figures based on NAV and based on market price for each Fund's Common Shares as of February 29, 2012 are shown below. The returns shown below reflect reinvestment of all distributions, do not reflect the effect of any applicable taxes, and are not indicative of a Fund's future performance.

	1 Year	3 Years	5 Years	10 Years
IIC (at NAV)	23.37%	11.76%	6.81%	6.71%
IIC (market price)	31.78%	18.79%	7.62%	6.62%
IQC (at NAV)	25.36%	14.07%	4.97%	6.29%
IQC (market price)	34.04%	19.36%	5.61%	6.88%
ICS (at NAV)	19.40%	9.38%	6.05%	5.95%
ICS (market price)	26.61%	12.97%	6.29%	6.02%
Acquiring Fund (VCV) (at NAV)	30.15%	18.04%	2.59%	4.91%
Acquiring Fund (VCV) (market price)	34.87%	19.38%	4.38%	5.87%
Barclays Capital California Municipal Index	14.25%	8.56%	5.38%	5.34%

Based on each Fund's February 2012 distribution and the closing market price of each Fund's shares on February 29, 2012, IIC had an annualized monthly distribution yield of 5.16% per share, IQC had an annualized monthly distribution yield of 5.79% per share, ICS had an annualized monthly distribution yield of 4.37% per share, and the Acquiring Fund had an annualized monthly distribution yield of 6.51% per share.

Additional performance and yield information is included in each Fund's most recent report to shareholders.

How do the management, investment adviser and other service providers of the Funds compare?

Each Fund is overseen by a Board that includes many of the same individuals (described in Proposals 3 and 4) and each Fund's affairs are managed by the same officers with minor exceptions, as described in Exhibit E. The Adviser, a registered investment adviser, serves as investment adviser for each Fund pursuant to an investment advisory agreement that contains substantially identical terms (except for fees) for each Fund. The Adviser oversees the management of each Fund's portfolio, manages each Fund's business affairs and provides certain clerical,

Table of Contents

bookkeeping and other administrative services. The Adviser has acted as an investment adviser since its organization in 1976. As of March 31, 2012, the Adviser had \$309.2 billion under management. The Adviser is located at 1555 Peachtree Street, N.E., Atlanta, Georgia 30309.

The Adviser is an indirect, wholly-owned subsidiary of Invesco Ltd (Invesco). Invesco is a leading independent global investment management company, dedicated to helping people worldwide build their financial security. Invesco provides a comprehensive array of enduring solutions for retail, institutional and high-net-worth clients around the world. Invesco had \$672.8 billion in assets under management as of March 31, 2012. Invesco is organized under the laws of Bermuda, and its common shares are listed and traded on the New York Stock Exchange under the symbol IVZ. Invesco is located at 1555 Peachtree Street, N.E., Atlanta, Georgia 30309.

All of the ordinary business expenses incurred in the operations of a Fund are borne by the Fund unless specifically provided otherwise in the advisory agreement. Expenses borne by the Funds include but are not limited to brokerage commissions, taxes, legal, accounting, auditing, or governmental fees, the cost of preparing share certificates, custodian, transfer and shareholder service agent costs, expenses of registering and qualifying shares for sale, expenses relating to Trustee and shareholder meetings, the cost of preparing and distributing reports and notices to shareholders, and the fees and other expenses incurred by the Funds in connection with membership in investment company organizations.

A discussion of the basis for the Board's most recent approval of each Fund's investment advisory agreements is included in the Fund's semiannual report for the six months ended August 31, 2011.

The contractual advisory fee rate of the Acquiring Fund is higher than the contractual advisory fee rate of each of the Target Funds. The following table compares the advisory fee rates of the Funds.

	IIC	IQC	ICS	Acquiring Fund (VCV)
Contractual Fee Rate	0.27% of managed assets	0.27% of managed assets	0.27% of net assets	0.55% of managed assets
Net Effective Fee Rate *	0.38%	0.40%	0.27%	0.97%

* Varies based on the amount of financial leverage used by the Fund.

Contractual fee rates and net effective fee rates differ because of differences in how the contractual rate is applied. ICS, which has no outstanding Preferred Shares, calculates its advisory fee as a percentage of the Fund's net assets, which generally means the Fund's assets minus its liabilities. Each of IIC, IQC and the Acquiring Fund calculates its advisory fee as a percentage of its managed assets, which for this purpose means the Fund's net assets, plus assets attributable to outstanding Preferred Shares and the amount of any borrowings incurred for the purpose of leverage (whether or not such borrowed amounts are reflected in the Fund's financial statements for purposes of generally accepted accounting principles). Because managed assets exceed net assets for a Fund that has outstanding Preferred Shares, even if the Funds' contractual advisory fee rates were the same, the advisory fees paid by the Acquiring Fund as a percentage of NAV will exceed the advisory fees as a percentage of NAV paid by ICS, and the actual amount paid by IIC, IQC, and the Acquiring Fund, as a percentage of NAV, will typically exceed the contractual rate. For more information, see the table above under How do the Funds' expenses compare?

Contingent on the completion of all of the Mergers, the Adviser has contractually agreed for at least two years from the closing date of the Mergers to waive advisory fees and/or reimburse expenses to the extent necessary to limit total annual operating expenses of the Acquiring Fund to 0.52%, subject to certain exceptions that are identical for each Fund.

Each Fund's advisory agreement provides that the Adviser may delegate any and all of its rights, duties, and obligations to one or more wholly-owned affiliates of Invesco as sub-advisers (the Invesco Sub-Advisers). Pursuant to each Fund's Master Intergroup Sub-Advisory Contract, the Invesco Sub-Advisers may be appointed by the Adviser from time to time to provide discretionary investment management services, investment advice, and/or order execution services. Each Invesco Sub-Adviser is registered with the SEC as an investment adviser.

Other key service providers to the Target Funds, including the administrator, transfer agent, custodian, and auditor, provide substantially the same services to the Acquiring Fund. Each Fund has entered into a master administrative services agreement with the Adviser, pursuant to which the Adviser performs or arranges for the

Table of Contents

provision of accounting and other administrative services to the Funds that are not required to be performed by the Adviser under its investment advisory agreements with the Funds. The custodian for the Funds is State Street Bank and Trust Company, One Lincoln Street, Boston, Massachusetts 02111. The transfer agent and dividend paying agent for the Funds is Computershare Trust Company, N.A., P.O. Box 43078, Providence, Rhode Island 02940-3078.

Does the Acquiring Fund have the same portfolio managers as the Target Funds?

Yes. The portfolio management team for the Target Funds is the same as the portfolio management team for the Acquiring Fund. Information on the portfolio managers of the Funds is included below under Additional Information About the Funds and the Mergers Portfolio Managers and in the SAI.

How do the distribution policies of the Funds compare?

Subject to a Fund's obligations to pay dividends to Preferred Shareholders, if any, each Fund declares and pays monthly dividends from net investment income to Common Shareholders. The Acquiring Fund, IIC and IQC declare and pay monthly dividends from net investment income to the holders of Preferred Shares (Preferred Shareholders). Distributions from net realized capital gain, if any, are generally paid annually and are distributed on a pro rata basis to Common Shareholders and, for the Acquiring Fund, IIC and IQC, to Preferred Shareholders. Each Fund may also declare and pay capital gains distributions more frequently, if necessary, in order to reduce or eliminate federal excise or income taxes on the Fund. Each Fund offers a dividend reinvestment plan for Common Shareholders, which is more fully described in the Fund's shareholder reports.

Will there be any tax consequences resulting from the Mergers?

Each Merger is designed to qualify as a tax-free reorganization for federal income tax purposes and each Fund anticipates receiving a legal opinion to that effect (although there can be no assurance that the Internal Revenue Service will adopt a similar position). This means that the shareholders of each Target Fund will recognize no gain or loss for federal income tax purposes upon the exchange of all of their shares in such Target Fund for shares in the Acquiring Fund. Shareholders should consult their tax advisor about state and local tax consequences of the Mergers, if any, because the information about tax consequences in this Proxy Statement relates only to the federal income tax consequences of the Mergers.

Prior to the closing of each Merger, each Target Fund will declare one or more dividends, and the Acquiring Fund may, but is not required to, declare a dividend, payable at or near the time of closing to their respective shareholders to the extent necessary to avoid entity level tax or as otherwise deemed desirable. Such distributions, if made, are anticipated to be made in the 2012 calendar year and, to the extent a distribution is not an exempt-interest dividend (as defined in the Code), the distribution may be taxable to shareholders in such year for federal income tax purposes. It is anticipated that Fund distributions will be primarily dividends that are exempt from regular federal income tax, although a portion of such dividends may be taxable to shareholders as ordinary income or capital gains. Any such final distribution paid to Common Shareholders by a Target Fund will be made in cash and not reinvested in additional Common Shares of the Target Fund. See the discussion under Description of Securities to be Issued Dividend Reinvestment Plan for further information.

When are the Mergers expected to occur?

If shareholders of a Target Fund and the Acquiring Fund approve the Merger and the Redomestication (Proposal 1), it is anticipated that the Merger will occur in the third quarter of 2012.

What will happen if shareholders of a Fund do not approve a Merger?

If a Merger is not approved by shareholders or is for other reasons unable to be completed, the applicable Fund will continue to operate and the Fund's Board will consider other possible courses of action for the Fund.

What if I do not wish to participate in the Merger?

If the Mergers are approved, if you are a Target Fund Common Shareholder and you do not wish to have your Target Fund Common Shares exchanged for Common Shares of the Acquiring Fund, you may sell your Target Fund Common Shares on an Exchange prior to the consummation of the Merger. Acquiring Fund Common Shareholders may also sell their

Table of Contents

Common Shares if they do not want to continue to own Common Shares in the combined Fund following a Merger. If you sell your Common Shares, you will incur any applicable brokerage charges, and if you hold Common Shares in a taxable account, you will recognize a taxable gain or loss based on the difference between your tax basis in the Common Shares and the amount you receive for them. After the Merger, you may sell your Common Shares of the Acquiring Fund on an Exchange.

Each Target Fund's governing documents provide that shareholders do not have the right to dissent and obtain payment of the fair value of their shares, and each Target Fund believes that its Common Shareholders will not have such rights. However, because certain contrary interpretations of applicable Massachusetts law could apply to the Target Funds, information with respect to dissenters' rights under Massachusetts law is provided under Other Matters Dissenters' Rights.

Where can I find more information about the Funds and the Mergers?

The remainder of this Proxy Statement contains additional information about the Funds and the Mergers, as well as information on the other proposals to be voted on at the Meeting. You are encouraged to read the entire document. Additional information about each Fund can be found in the SAI and in the Fund's shareholder reports. If you need any assistance, or have any questions regarding the Mergers or how to vote, please call Invesco Client Services at (800) 341-2929.

ADDITIONAL INFORMATION ABOUT THE FUNDS AND THE MERGERS

Principal Investment Strategies

The following section compares the principal investment strategies of the Target Funds with the principal investment strategies of the Acquiring Fund and highlights any key differences. In addition to the principal investment strategies described below, each Fund may use other investment strategies and is also subject to certain additional investment policies and limitations, which are described in the SAI and in each Fund's shareholder reports. Page [] of this Proxy Statement describes how you can obtain copies of these documents.

Investment Strategies. Except during temporary defensive periods, at least 80% of the Acquiring Fund's net assets will be invested in municipal securities. Similarly, except during temporary defensive periods, at least 80% of each Target Fund's net assets will be invested in municipal obligations, the interest on which, in the opinion of bond counsel to the issuer, is exempt from federal and California income taxes (California municipal securities). Each policy stated in the foregoing sentences with respect to the Acquiring Fund, IIC and ICS is a fundamental policy of each Fund, respectively, and may not be changed without approval of a majority of such Fund's outstanding voting securities as defined in the 1940 Act. Under normal market conditions, the Adviser seeks to achieve each Fund's investment objective by investing at least 80% of the Fund's net assets in investment grade California municipal securities. Investment grade securities are: (i) securities rated BBB- or higher by Standard & Poor's Financial Services LLC, a subsidiary of The McGraw-Hill Companies, Inc. (S&P) or Baa3 or higher by Moody's Investors Service, Inc. (Moody's) or an equivalent rating by another nationally recognized statistical rating organization (NRSRO), (ii) comparably rated short term securities, or (iii) unrated municipal securities determined by the Adviser to be of comparable quality at the time of purchase.

Under normal market conditions, the Acquiring Fund may invest up to 20% of its net assets in municipal securities that are rated below investment grade or that are unrated but determined by the Adviser to be of comparable quality at the time of purchase. Similarly, under normal market conditions, each Target Fund may invest up to 20% of its net assets in taxable or tax-exempt fixed income securities rated, at the time of investment, at least B- or higher by S&P or B3 or higher by Moody's or an equivalent rating by another NRSRO, or if not rated, determined by the Adviser to be of comparable quality, including municipal obligations the interest on which, in the opinion of bond counsel to the issuer, is exempt from federal but not California income taxes, obligations of the U.S. government, its respective agencies or instrumentalities, and other fixed income obligations. Lower-grade securities are commonly referred to as junk bonds, and involve greater risks than investments in higher-grade securities.

Table of Contents

The Acquiring Fund does not purchase securities that are in default or rated in categories lower than B- by S&P or B3 by Moody's or unrated securities of comparable quality. During periods in which the Adviser believes that changes in economic, financial or political conditions make it advisable to do so, each Target Fund, for temporary defensive purposes, may invest to an unlimited extent in taxable or tax-exempt fixed income securities rated at least investment grade by a NRSRO or if not rated, determined by the Adviser to be of comparable quality.

The foregoing percentage and rating limitations apply at the time of acquisition of a security based on the last previous determination of each Fund's net asset value. Any subsequent change in any rating by a rating service or change in percentages resulting from market fluctuations or other changes in a Fund's total assets will not require elimination of any security from the Fund's portfolio.

Each Fund may invest all or a substantial portion of its net assets in California municipal securities that may subject certain investors to the federal alternative minimum tax and, therefore, a substantial portion of the income produced by each Fund may be taxable for such investors under the federal alternative minimum tax. Accordingly, a Fund may not be a suitable investment for investors who are already subject to the federal alternative minimum tax or could become subject to the federal alternative minimum tax as a result of an investment in the Fund.

The Adviser buys and sells securities for each Fund with a view towards seeking a high level of current income exempt from federal and California income taxes, subject to reasonable credit risk. As a result, each Fund will not necessarily invest in the highest yielding municipal securities permitted by its investment policies if the Adviser determines that market risks or credit risks associated with such investments would subject a Fund's portfolio to undue risk. The potential realization of capital gains or losses resulting from possible changes in interest rates will not be a major consideration and frequency of portfolio turnover generally will not be a limiting factor if the Adviser considers it advantageous to purchase or sell securities.

Although each Fund's policy is to emphasize investments in municipal obligations with longer-term maturities because generally longer-term obligations, while more susceptible to market fluctuations resulting from changes in interest rates, produce higher yields than short-term obligations, each Fund does not maintain a specific average weighted maturity of its portfolio, and a Fund's average portfolio maturity will vary depending upon market conditions and other factors.

The Adviser employs a bottom-up, research-driven approach to identify securities that have attractive risk/reward characteristics for the sectors in which each Fund invests. The Adviser also integrates macroeconomic analysis and forecasting into its evaluation and ranking of various sectors and individual securities. Finally, each Fund employs leverage in an effort to enhance each Fund's income and total return. Sell decisions are based on: (i) a deterioration or likely deterioration of an individual issuer's capacity to meet its debt obligations on a timely basis; (ii) a deterioration or likely deterioration of the broader fundamentals of a particular industry or sector; and (iii) opportunities in the secondary or primary market to purchase a security with better relative value.

Municipal Securities. Municipal securities are obligations issued by or on behalf of states, territories or possessions of the United States, the District of Columbia and their cities, counties, political subdivisions, agencies and instrumentalities, the interest on which, in the opinion of bond counsel or other counsel to the issuers of such securities, is, at the time of issuance, exempt from federal income tax. California municipal securities are municipal obligations, the interest on which, in the opinion of bond counsel to the issuer, is exempt from federal and California income taxes. The Adviser does not conduct its own analysis of the tax status of the interest paid by municipal securities held by each Fund, but will rely on the opinion of counsel to the issuer of each such instrument.

The issuers of municipal securities obtain funds for various public purposes, including the construction of a wide range of public facilities such as airports, highways, bridges, schools, hospitals, housing, mass transportation, streets and water and sewer works. Other public purposes for which municipal securities may be issued include refunding outstanding obligations, obtaining funds for general operating expenses and obtaining funds to lend to other public institutions and facilities. Certain types of municipal securities are issued to obtain funding for privately operated facilities.

The yields of municipal securities depend on, among other things, general money market conditions, general conditions of the municipal securities market, size of a particular offering, the maturity of the obligation and rating of the issue. There is no limitation as to the maturity of the municipal securities in which a Fund may invest. The ratings

of S&P and Moody's represent their opinions of the quality of the municipal securities they undertake to rate. These ratings are general and are not absolute standards of quality. Consequently, municipal securities with

Table of Contents

the same maturity, coupon and rating may have different yields while municipal securities of the same maturity and coupon with different ratings may have the same yield.

The two principal classifications of municipal securities are general obligation and revenue or special delegation securities. General obligation securities are secured by the issuer's pledge of its faith, credit and taxing power for the payment of principal and interest. Revenue securities are usually payable only from the revenues derived from a particular facility or class of facilities or, in some cases, from the proceeds of a special excise tax or other specific revenue source. Industrial development bonds are usually revenue securities, the credit quality of which is normally directly related to the credit standing of the industrial user involved.

Within these principal classifications of municipal securities, there are a variety of types of municipal securities, including:

Variable rate securities, which bear rates of interest that are adjusted periodically according to formulae intended to reflect market rates of interest.

Municipal notes, including tax, revenue and bond anticipation notes of short maturity, generally less than three years, which are issued to obtain temporary funds for various public purposes.

Variable rate demand notes, which are obligations that contain a floating or variable interest rate adjustment formula and which are subject to a right of demand for payment of the principal balance plus accrued interest either at any time or at specified intervals. The interest rate on a variable rate demand note may be based on a known lending rate, such as a bank's prime rate, and may be adjusted when such rate changes, or the interest rate may be a market rate that is adjusted at specified intervals. The adjustment formula maintains the value of the variable rate demand note at approximately the par value of such note at the adjustment date.

Municipal leases, which are obligations issued by state and local governments or authorities to finance the acquisition of equipment and facilities. Certain municipal lease obligations may include non-appropriation clauses which provide that the municipality has no obligation to make lease or installment purchase payments in future years unless money is appropriated for such purpose on a yearly basis.

Private activity bonds, which are issued by, or on behalf of, public authorities to finance privately operated facilities.

Participation certificates, which are obligations issued by state or local governments or authorities to finance the acquisition of equipment and facilities. They may represent participations in a lease, an installment purchase contract or a conditional sales contract.

Municipal securities that may not be backed by the faith, credit and taxing power of the issuer.

Municipal securities that are privately placed and that may have restrictions on a Fund's ability to resell, such as timing restrictions or requirements that the securities only be sold to qualified institutional investors.

Municipal securities that are insured by financial insurance companies.

Derivatives. Each Fund principally may use derivative instruments for a variety of purposes, including hedging, risk management, portfolio management or to earn income (except that the Acquiring Fund may not use futures and swaps to earn income). Derivatives are financial instruments whose value is based on the value of another underlying asset, interest rate, index or financial instrument. Derivative instruments and techniques that each Fund principally uses include:

Futures. A futures contract is a standardized agreement between two parties to buy or sell a specific quantity of an underlying instrument at a specific price at a specific future time. The value of a futures contract tends to increase and decrease in tandem with the value of the underlying instrument. Futures contracts are bilateral agreements, with both the purchaser and the seller equally obligated to complete the transaction. Depending on the terms of the particular contract, futures contracts are settled through either physical delivery of the underlying instrument on the settlement date or by payment of a cash settlement amount on the settlement date. Each Target Fund, but not the Acquiring Fund, may use futures to earn income.

Swaps. A swap contract is an agreement between two parties pursuant to which the parties exchange payments at specified dates on the basis of a specified notional amount, with the payments calculated by reference to specified securities, indexes, reference rates, currencies or other instruments. Most swap agreements provide that when the period payment dates for both parties are the same, the payments are made on a net basis (i.e., the two

Table of Contents

payment streams are netted out, with only the net amount paid by one party to the other). Each Fund's obligations or rights under a swap contract entered into on a net basis will generally be equal only to the net amount to be paid or received under the agreement, based on the relative values of the positions held by each counterparty. IQC may not invest in swaps. IIC and ICS, but not the Acquiring Fund, may use swaps to earn income.

Inverse Floating Rate Obligations. Each Fund may invest in inverse floating rate obligations. Inverse floating rate obligations are variable debt instruments that pay interest at rates that move in the opposite direction of prevailing interest rates. Because the interest rate paid to holders of such obligations is generally determined by subtracting a variable or floating rate from a predetermined amount, the interest rate paid to holders of such obligations will decrease as such variable or floating rate increases and increase as such variable or floating rate decreases. The inverse floating rate obligations in which each Fund may invest include derivative instruments such as residual interest bonds (RIBs) or tender option bonds (TOBs). Such instruments are typically created by a special purpose trust that holds long-term fixed rate bonds and sells two classes of beneficial interests: short-term floating rate interests, which are sold to third party investors, and inverse floating residual interests, which are purchased by each Fund. The short-term floating rate interests have first priority on the cash flow from the bond held by the special purpose trust and each Fund (as holder of the inverse floating residual interests) is paid the residual cash flow from the bond held by the special purpose trust.

When-Issued and Delayed Delivery Transactions. Each Fund may purchase and sell securities on a when-issued and delayed delivery basis, which means that a Fund buys or sells a security with payment and delivery taking place in the future. The payment obligation and the interest rate are fixed at the time a Fund enters into the commitment. No income accrues on such securities until the date a Fund actually takes delivery of the securities.

Preferred Shares. The Acquiring Fund, IIC, and IQC but not ICS use leverage in the form of Preferred Shares. Dividends on the Preferred Shares will typically be comparable to the yields on investment grade short-term municipal securities, although the assets attributable to the Preferred Shares will generally be invested in longer-term municipal securities, which typically have higher yields than short-term municipal securities. Assuming such a yield differential, this leveraged capital structure enables a Fund to pay a potentially higher yield on the Common Shares than similar investment companies that do not use leverage.

The Acquiring Fund, IIC and IQC and will generally maintain an asset coverage of the value of the respective Fund's total assets, less all liabilities and indebtedness of the Fund not represented by the Preferred Shares, of 200% of the aggregate liquidation value of the Preferred Shares. The liquidation value of the Preferred Shares is their aggregate original purchase price, plus any accrued and unpaid dividends.

Portfolio Turnover. The Acquiring Fund generally will not engage in the trading of securities for the purpose of realizing short-term profits, but it will adjust its portfolio as it deems advisable in view of prevailing or anticipated market conditions to accomplish the Acquiring Fund's investment objective. For example, the Acquiring Fund may sell portfolio securities in anticipation of a movement in interest rates. Other than for tax purposes, frequency of portfolio turnover will not be a limiting factor if the Acquiring Fund considers it advantageous to purchase or sell securities. The Acquiring Fund does not anticipate that the annual portfolio turnover rate of the Acquiring Fund will be in excess of 100%. A high rate of portfolio turnover involves correspondingly greater brokerage commission and transaction expenses than a lower rate, which expenses must be borne by the Acquiring Fund and its Common Shareholders. High portfolio turnover may also result in the realization of substantial net short-term capital gains, and any distributions resulting from such gains will be taxable at ordinary income rates for federal income tax purposes.

The Target Funds may sell securities without regard to the length of time they have been held to take advantage of new investment opportunities, yield differentials, or for other reasons. Each Target Fund's portfolio turnover rate may vary from year to year. A high portfolio turnover rate (100% or more) would increase a Target Fund's transaction costs (including brokerage commissions and dealer costs), which would adversely impact a Target Fund's performance. Higher portfolio turnover may result in the realization of more short-term capital gains than if a Target Fund had lower portfolio turnover. Additionally, in a declining market, portfolio turnover may create realized capital losses. The turnover rate will not be a limiting factor, however, if the Adviser considers portfolio changes appropriate.

Temporary Defensive Strategy. When market conditions dictate a more defensive investment strategy, the Acquiring Fund may, on a temporary basis, hold cash or invest a portion or all of its assets in high-quality, short-term

municipal securities. If such municipal securities are not available or, in the judgment of the Adviser, do not afford sufficient protection against adverse market conditions, the Acquiring Fund may invest in taxable

Table of Contents

instruments. Such taxable securities may include securities issued or guaranteed by the U.S. government, its agencies or instrumentalities, other investment grade quality fixed income securities, prime commercial paper, certificates of deposit, bankers' acceptances and other obligations of domestic banks, repurchase agreements and money market funds (including money market funds affiliated with Invesco). Similarly, when market conditions dictate a more defensive investment strategy, the Target Funds may, on a temporary basis, hold cash or invest to an unlimited extent in taxable or tax-exempt fixed income securities rated at least investment grade by a NRSRO or if not rated, determined by the Adviser to be of comparable quality, including municipal obligations the interest on which in the opinion of bond counsel to the issuer is exempt from federal but not California income taxes, obligations of the U.S. government, its respective agencies or instrumentalities, other investment grade quality fixed income securities, prime commercial paper, certificates of deposit, bankers' acceptances and other obligations of domestic banks, repurchase agreements, and money market funds (including money market funds affiliated with Invesco). In taking a defensive position, each Fund would temporarily not be pursuing its principal investment strategies and may not achieve its investment objective.

Zero Coupon / PIK Bonds. Each Fund may invest in securities not producing immediate cash income, including zero coupon securities or pay-in-kind (PIK) securities, when their effective yield over comparable instruments producing cash income makes these investments attractive. PIK securities are debt securities that pay interest through the issuance of additional securities. Zero coupon securities are debt securities that do not entitle the holder to any periodic payment of interest prior to maturity or a specified date when the securities begin paying current interest. They are issued and traded at a discount from their face amounts or par value, which discount varies depending on the time remaining until cash payments begin, prevailing interest rates, liquidity of the security and the perceived credit quality of the issuer. The securities do not entitle the holder to any periodic payments of interest prior to maturity, which prevents any reinvestment of interest payments at prevailing interest rates if prevailing interest rates rise. On the other hand, because there are no periodic interest payments to be reinvested prior to maturity, zero coupon securities eliminate the reinvestment risk and may lock in a favorable rate of return to maturity if interest rates drop. In addition, each Fund would be required to distribute the income on these instruments as it accrues, even though the Fund will not receive all of the income on a current basis or in cash. Thus, the Fund may have to sell other investments, including when it may not be advisable to do so, to make income distributions to the Common Shareholders.

As required by Rule 35d-1 under the 1940 Act, in addition to the investment strategies and policies discussed above, each Fund has a fundamental policy to invest, under normal circumstances, at least 80% of its total assets in investments the income from which is exempt from federal and California income tax.

More information on these and other investment strategies of the Funds is available in the SAI.

Principal Risks of an Investment in the Funds

A comparison of the principal risks associated with the Funds' investment strategies is included above under "How do the Funds' principal risks compare?" The following table provides further information on the principal risks of an investment in the Funds.

Principal Risk

Municipal Securities Risk. Under normal market conditions, longer-term municipal securities generally provide a higher yield than shorter-term municipal securities. The Adviser may adjust the average maturity of each Fund's portfolio from time to time depending on its assessment of the relative yields available on securities of different maturities and its expectations of future changes in interest rates. The yields of municipal securities may move differently and adversely compared to the yields of the overall debt securities markets. Certain kinds of municipal securities are subject to specific risks that could cause a decline in the value of those securities:

Funds Subject to Risk

All Funds

Lease Obligations. Certain lease obligations contain non-appropriation clauses that provide that the governmental issuer has no obligation to make future payments under the lease or

contract unless money is appropriated for that purpose by the appropriate legislative body on an annual or other periodic basis. Consequently, continued lease payments on those lease obligations containing non-appropriation clauses are dependent on future legislative actions. If these legislative actions do not occur, the holders of the lease obligation may experience difficulty in exercising their rights, including disposition of the property.

Private Activity Bonds. The issuers of private activity bonds in which each Fund may invest may be negatively impacted by conditions affecting either the general credit of the user of the private activity project or the project itself. Conditions such as regulatory and environmental restrictions and economic downturns may lower the need for these facilities

Table of Contents

Principal Risk

Funds Subject to Risk

and the ability of users of the project to pay for the facilities. Private activity bonds may also pay interest subject to the alternative minimum tax.

In 2011, S&P lowered its long-term sovereign credit rating on the U.S. to AA+ from AAA with a negative outlook. Following S&P's downgrade of the long-term sovereign credit rating on the U.S., the major rating agencies have also placed many municipalities on review for potential downgrades, which could impact the market price, liquidity and volatility of the municipal securities held by each Fund in its portfolio. If the universe of municipal securities meeting a Fund's ratings and credit quality requirements shrinks, it may be more difficult for the Fund to meet its investment objective and the Fund's investments may become more concentrated in fewer issues. Future downgrades by other rating agencies could have significant adverse effects on the economy generally and could result in significant adverse impacts on municipal issuers and each Fund.

Many state and municipal governments that issue securities are under significant economic and financial stress and may not be able to satisfy their obligations. In response to the national economic downturn, governmental cost burdens have been and may continue to be reallocated among federal, state and local governments. The ability of municipal issuers to make timely payments of interest and principal may be diminished during general economic downturns and as governmental cost burdens are reallocated among federal, state and local governments. Also, as a result of the downturn and related unemployment, declining income and loss of property values, many state and local governments have experienced significant reductions in revenues and consequently difficulties meeting ongoing expenses. As a result, certain of these state and local governments may have difficulty paying or default in the payment of principal or interest on their outstanding debt, may experience ratings downgrades of their debt. The taxing power of any governmental entity may be limited by provisions of state constitutions or laws and an entity's credit will depend on many factors, including the entity's tax base, the extent to which the entity relies on federal or state aid, and other factors which are beyond the entity's control. In addition, laws enacted in the future by Congress or state legislatures or referenda could extend the time for payment of principal and/or interest, or impose other constraints on enforcement of such obligations or on the ability of municipalities to levy taxes.

In addition, municipalities might seek protection under the bankruptcy laws, thereby affecting the repayment of their outstanding debt. Issuers of municipal securities might seek protection under the bankruptcy laws. In the event of bankruptcy of such an issuer, holders of municipal securities could experience delays in collecting principal and interest and such holders may not be able to collect all principal and interest to which they are entitled. Certain provisions of the U.S. Bankruptcy Code governing such bankruptcies are unclear. Further, the application of state law to municipal securities issuers could produce varying results among the states or among municipal securities issuers within a state. These uncertainties could have a significant impact on the prices of the municipal securities in which each Fund invests. The value of municipal securities generally may be affected by uncertainties in the municipal markets as a result of legislation or litigation, including legislation or litigation that changes the taxation of municipal securities or the rights of municipal securities holders in the event of a bankruptcy. To enforce its rights in the event of a default in the payment of interest or repayment of principal, or both, each Fund may

take possession of and manage the assets securing the issuer's obligations on such securities, which may increase the Fund's operating expenses. Any income derived from a Fund's ownership or operation of such assets may not be tax-exempt and could jeopardize the Fund's status as a regulated investment company under the Code.

The U.S. economy may be in the process of deleveraging, with individuals, companies and municipalities reducing expenditures and paying down borrowings. In such event, the number of municipal borrowers and the amount of outstanding municipal securities may contract, potentially without corresponding reductions in investor demand for municipal securities. As a result, each Fund may have fewer investment alternatives, may invest in securities that it previously would have declined and may concentrate its investments in a smaller number of issuers.

Table of Contents

Principal Risk

Funds Subject to Risk

Insurance Risk. Financial insurance guarantees that interest payments on a bond will be made on time and that principal will be repaid when the bond matures. Insured municipal obligations would generally be assigned a lower rating if the rating were based primarily on the credit quality of the issuer without regard to the insurance feature. If the claims-paying ability of the insurer were downgraded, the ratings on the municipal obligations it insures may also be downgraded. Insurance does not protect each Fund against losses caused by declines in a bond's value due to a change in market conditions.

All Funds

Market Risk. Market risk is the possibility that the market values of securities owned by each Fund will decline. The net asset value of a Fund will change with changes in the value of its portfolio securities, and the value of the Fund's investments can be expected to fluctuate over time. The financial markets in general are subject to volatility and may at times experience extreme volatility and uncertainty, which may affect all investment securities, including debt securities and derivative instruments. Volatility may be greater during periods of general economic uncertainty.

All Funds

Interest Rate Risk. Because each Fund invests primarily in fixed income municipal securities, the net asset value of a Fund can be expected to change as general levels of interest rates fluctuate. When interest rates decline, the value of a portfolio invested in fixed income securities generally can be expected to rise. Conversely, when interest rates rise, the value of a portfolio invested in fixed income securities generally can be expected to decline. The prices of longer term municipal securities generally are more volatile with respect to changes in interest rates than the prices of shorter term municipal securities. These risks may be greater in the current market environment because certain interest rates are near historically low levels.

All Funds

Credit Risk. Credit risk refers to an issuer's ability to make timely payments of interest and principal when due. Municipal securities, like other debt obligations, are subject to the credit risk of nonpayment. The ability of issuers of municipal securities to make timely payments of interest and principal may be adversely affected by general economic downturns and as relative governmental cost burdens are allocated and reallocated among federal, state and local governmental units. Private activity bonds used to finance projects, such as industrial development and pollution control, may also be negatively impacted by the general credit of the user of the project. Nonpayment would result in a reduction of income to a Fund, and a potential decrease in the net asset value of the Fund. The Adviser continuously monitors the issuers of securities held in each Fund.

All Funds

Each Fund will rely on the Adviser's judgment, analysis and experience in evaluating the creditworthiness of an issuer. In its analysis, the Adviser may consider the credit ratings of NRSROs in evaluating securities, although the Adviser does not rely primarily on these ratings. Credit ratings of NRSROs evaluate only the safety of principal and interest payments, not the market risk. In addition, ratings are general and not absolute standards of quality, and the creditworthiness of an issuer may decline significantly before an NRSRO lowers the issuer's rating. A rating downgrade does not require a Fund to dispose of a security.

Medium-grade obligations (for example, bonds rated BBB by S&P) possess speculative characteristics so that changes in economic conditions or other circumstances are more likely to lead to a weakened capacity of the issuer to make principal and interest payments than in the case of higher-rated securities. Securities rated below investment grade are considered speculative by NRSROs with respect to the issuer's continuing ability to pay interest and principal.

Income Risk. The income received from each Fund is based primarily on prevailing interest rates, which can vary widely over the short and long term. If interest rates decrease, income from a Fund may decrease as well. All Funds

Call Risk. If interest rates fall, it is possible that issuers of securities with high interest rates will prepay or call their securities before their maturity dates. In this event, the proceeds All Funds

Table of Contents

Principal Risk

Funds Subject to Risk

from the called securities would likely be reinvested by each Fund in securities bearing the new, lower interest rates, resulting in a possible decline in a Fund's income and distributions to shareholders.

Market Segment Risk. Each Fund generally considers investments in municipal securities issued by governments or political subdivisions not to be subject to industry concentration policies (because such issuers are not in any industry). Each Fund may, however, invest in municipal securities issued by entities having similar characteristics. For example, the issuers may be located in the same geographic area or may pay their interest obligations from revenue of similar projects, such as hospitals, airports, utility systems and housing finance agencies. This may make a Fund's investments more susceptible to similar economic, political or regulatory occurrences, which could increase the volatility of the Fund's net asset value. Each Fund may invest more than 25% of its total assets in a segment of the municipal securities market with similar characteristics if the Adviser determines that the yields available from obligations in a particular segment justify the additional risks of a larger investment in that segment. Each Fund may not, however, invest more than 25% of its total assets in municipal securities, such as many private activity bonds or industrial development revenue bonds, issued for non-governmental entities that are in the same industry.

All Funds

Tax Risk. To qualify for the favorable U.S. federal income tax treatment generally accorded to regulated investment companies, among other things, each Fund must derive in each taxable year at least 90% of its gross income from certain prescribed sources. If for any taxable year a Fund does not qualify as a regulated investment company, all of its taxable income (including its net capital gain) would be subject to federal income tax at regular corporate rates without any deduction for distributions to shareholders, and all distributions from the Fund (including underlying distributions attributable to tax-exempt interest income) would be taxable to shareholders as ordinary dividends to the extent of the Fund's current and accumulated earnings and profits.

All Funds

The value of each Fund's investments and its net asset value may be adversely affected by changes in tax rates and policies. Because interest income from municipal securities is normally not subject to regular federal income taxation, the attractiveness of municipal securities in relation to other investment alternatives is affected by changes in federal income tax rates or changes in the tax-exempt status of interest income from municipal securities. Any proposed or actual changes in such rates or exempt status, therefore, can significantly affect the demand for and supply, liquidity and marketability of municipal securities. This could, in turn, affect a Fund's net asset value and ability to acquire and dispose of municipal securities at desirable yield and price levels. Additionally, each Fund may not be a suitable investment for individual retirement accounts, for other tax-exempt or tax-deferred accounts or for investors who are not sensitive to the federal income tax consequences of their investments.

Each Fund may invest all or a substantial portion of its total assets in municipal securities subject to the federal alternative minimum tax. Accordingly, an investment in a Fund could cause shareholders to be subject to (or result in an increased liability under) the federal alternative minimum tax. As a result, each Fund may not be a suitable investment for

investors who are already subject to the federal alternative minimum tax or who could become subject to the federal alternative minimum tax as a result of an investment in a Fund.

Subsequent to a Fund's acquisition of a municipal security, the security may be determined to pay, or to have paid, taxable income. As a result, the treatment of dividends previously paid or to be paid by a Fund as exempt-interest dividends could be adversely affected, subjecting the Fund's shareholders to increased federal income tax liabilities.

For federal income tax purposes, distributions of ordinary taxable income (including any net short-term capital gain) will be taxable to shareholders as ordinary income (and not eligible for favorable taxation as qualified dividend income), and capital gain dividends will be taxed at long-term capital gain rates. In certain circumstances, each Fund will make

Table of Contents

Principal Risk

payments to holders of Preferred Shares, if applicable, to offset the tax effects of a taxable distribution.

Funds Subject to Risk

Generally, to the extent each Fund's distributions are derived from interest on municipal securities of a particular state (and, in some cases qualifying obligations of U.S. territories and possessions), its distributions are exempt from the personal income tax of that state. In some cases, each Fund's shares may (to the extent applicable) also be exempt from personal property taxes of such state. However, some states require that a Fund meet certain thresholds with respect to the portion of its portfolio consisting of municipal securities of such state in order for such exemption to apply.

Risks of Using Derivative Instruments. A derivative instrument often has risks similar to its underlying instrument and may have additional risks, including imperfect correlation between the value of the derivative and the underlying instrument or instrument being hedged, risks of default by the other party to certain transactions, magnification of losses incurred due to changes in the market value of the securities, instruments, indices or interest rates to which they relate, and risks that the derivatives may not be liquid. The use of derivatives involves risks that are different from, and potentially greater than, the risks associated with other portfolio investments. Derivatives may involve the use of highly specialized instruments that require investment techniques and risk analyses different from those associated with other portfolio investments. Certain derivative transactions may give rise to a form of leverage. Leverage associated with derivative transactions may cause a Fund to liquidate portfolio positions when it may not be advantageous to do so to satisfy its obligations or to meet earmarking or segregation requirements, pursuant to applicable SEC rules and regulations, or may cause the Fund to be more volatile than if the Fund had not been leveraged. Each Fund could suffer losses related to its derivative positions as a result of unanticipated market movements, which losses may potentially be unlimited. Although the Adviser may seek to use derivatives to further a Fund's investment objective, the Fund is not required to do so and there is no assurance that the use of derivatives will achieve this result.

All Funds (except that Swaps Risk does not apply to IQC)

Counterparty Risk. Each Fund will be subject to credit risk with respect to the counterparties to the derivative transactions entered into by the Fund. If a counterparty becomes bankrupt or otherwise fails to perform its obligations under a derivative contract due to financial difficulties, a Fund may experience significant delays in obtaining any recovery under the derivative contract in bankruptcy or other reorganization proceeding. A Fund may obtain only a limited recovery or may obtain no recovery in such circumstances.

Futures Risk. A decision as to whether, when and how to use futures involves the exercise of skill and judgment and even a well-conceived futures transaction may be unsuccessful because of market behavior or unexpected events. In addition to the derivatives risks discussed above, the prices of futures can be highly volatile, using futures can lower total return, and the potential loss from futures can exceed a Fund's initial investment in such contracts.

Swaps Risk. Swap agreements are not entered into or traded on exchanges and there is no central clearing or guaranty function for swaps. Therefore, swaps are subject to credit risk

or the risk of default or non-performance by the counterparty. Swaps could result in losses if interest rate or credit quality changes are not correctly anticipated by a Fund or if the reference index, security or investments do not perform as expected.

Tax Risk. The use of derivatives may generate taxable income. In addition, each Fund's use of derivatives may be limited by the requirements for taxation as a regulated investment company or a Fund's intention to pay dividends that are exempt from federal and California income taxes. The tax treatment of derivatives may be adversely affected by changes in legislation, regulations or other legal authority, subjecting a Fund's shareholders to increased federal income tax liabilities.

Inverse Floating Rate Obligations Risk. Like most other fixed-income securities, the value of inverse floating rate obligations will decrease as interest rates increase. They are more volatile, however, than most other fixed-income securities because the coupon rate on an

Table of Contents

Principal Risk

Funds Subject to Risk

inverse floating rate obligation typically changes at a multiple of the change in the relevant index rate. Thus, any rise in the index rate (as a consequence of an increase in interest rates) causes a correspondingly greater drop in the coupon rate of an inverse floating rate obligation while a drop in the index rate causes a correspondingly greater increase in the coupon of an inverse floating rate obligation. Some inverse floating rate obligations may also increase or decrease substantially because of changes in the rate of prepayments. Inverse floating rate obligations tend to underperform the market for fixed rate bonds in a rising interest rate environment, but tend to outperform the market for fixed rate bonds when interest rates decline or remain relatively stable. Inverse floating rate obligations have varying degrees of liquidity.

Each Fund generally invests in inverse floating rate obligations that include embedded leverage, thus exposing the Fund to greater risks and increased costs. The market value of a leveraged inverse floating rate obligation generally will fluctuate in response to changes in market rates of interest to a greater extent than the value of an unleveraged investment. The extent of increases and decreases in the value of inverse floating rate obligations generally will be larger than changes in an equal principal amount of a fixed rate security having similar credit quality, redemption provisions and maturity, which may cause the Fund's net asset value to be more volatile than if it had not invested in inverse floating rate obligations.

In certain instances, the short-term floating rate interests created by a special purpose trust may not be able to be sold to third parties or, in the case of holders tendering (or putting) such interests for repayment of principal, may not be able to be remarketed to third parties. In such cases, the special purpose trust holding the long-term fixed rate bonds may be collapsed. In the case of inverse floating rate obligations created by the Fund, the Fund would then be required to repay the principal amount of the tendered securities. During times of market volatility, illiquidity or uncertainty, the Fund could be required to sell other portfolio holdings at a disadvantageous time to raise cash to meet that obligation.

The use of short-term floating rate obligations may require a Fund to segregate or earmark cash or liquid assets to cover its obligations. Securities so segregated or earmarked will be unavailable for sale by a Fund (unless replaced by other securities qualifying for segregation requirements), which may limit the Fund's flexibility and may require that the Fund sell other portfolio investments at a time when it may be disadvantageous to sell such assets.

Risks of Investing in Lower-Grade Securities. Securities that are in the lower-grade categories generally offer higher yields than are offered by higher-grade securities of similar maturities, but they also generally involve greater risks, such as greater credit risk, market risk, volatility and liquidity risk. In addition, the amount of available information about the financial condition of certain lower-grade issuers may be less extensive than other issuers, making each Fund more dependent on the Adviser's credit analysis than a fund investing only in higher-grade securities. To minimize the risks involved in investing in lower-grade securities, each Fund does not purchase securities that are in default or rated in categories lower than B- by S&P or B3 by Moody's or unrated securities of comparable quality.

All Funds

Secondary market prices of lower-grade securities generally are less sensitive than higher-grade securities to changes in interest rates and are more sensitive to general adverse economic changes or specific developments with respect to the particular issuers. A significant increase in interest rates or a general economic downturn may significantly affect the ability of municipal issuers of lower-grade securities to pay interest and to repay principal, or to obtain additional financing, any of which could severely disrupt the market for lower-grade municipal securities and adversely affect the market value of such securities. Such events also could lead to a higher incidence of default by issuers of lower-grade securities. In addition, changes in credit risks, interest rates, the credit markets or periods of general economic uncertainty can be expected to result in increased volatility in the price of the lower-grade securities and the net asset value of a Fund. Adverse publicity

Table of Contents

Principal Risk

and investor perceptions, whether or not based on rational analysis, may affect the value, volatility and liquidity of lower-grade securities.

Funds Subject to Risk

In the event that an issuer of securities held by a Fund experiences difficulties in the timely payment of principal and interest and such issuer seeks to restructure the terms of its borrowings, the Fund may incur additional expenses and may determine to invest additional assets with respect to such issuer or the project or projects to which the Fund's securities relate. Further, each Fund may incur additional expenses to the extent that it is required to seek recovery upon a default in the payment of interest or the repayment of principal on its portfolio holdings and the Fund may be unable to obtain full recovery on such amounts.

Investments in debt obligations that are at risk of or in default present special tax issues for each Fund. Federal income tax rules are not entirely clear about issues such as when a Fund may cease to accrue interest, original issue discount or market discount, when and to what extent deductions may be taken for bad debts or worthless securities, how payments received on obligations in default should be allocated between principal and interest and whether certain exchanges of debt obligations in a workout context are taxable. These and other issues will be addressed by a Fund, in the event it invests in or holds such securities, in order to seek to ensure that it distributes sufficient income to preserve its status as a regulated investment company.

Liquidity Risk. Liquidity relates to the ability of each Fund to sell a security in a timely manner at a price which reflects the value of that security. The amount of available information about the financial condition of municipal securities issuers is generally less extensive than that for corporate issuers with publicly traded securities, and the market for municipal securities is generally considered to be less liquid than the market for corporate debt obligations. Certain municipal securities in which a Fund may invest, such as special obligation bonds, lease obligations, participation certificates and variable rate instruments, may be particularly less liquid. To the extent a Fund owns or may acquire illiquid or restricted securities, these securities may involve special registration requirements, liabilities and costs, and liquidity and valuation difficulties.

All Funds

The effects of adverse publicity and investor perceptions may be more pronounced for securities for which no established retail market exists as compared with the effects on securities for which such a market does exist. An economic downturn or an increase in interest rates could severely disrupt the market for such securities and adversely affect the value of outstanding securities or the ability of the issuers to repay principal and interest. Further, a Fund may have more difficulty selling such securities in a timely manner and at their stated value than would be the case for securities for which an established retail market does exist.

The markets for lower-grade securities may be less liquid than the markets for higher-grade securities. To the extent that there is no established retail market for some of the lower-grade securities in which a Fund may invest, trading in such securities may be relatively inactive. Prices of lower-grade securities may decline rapidly in the event a significant number of holders decide to sell. Changes in expectations regarding an individual issuer of lower-grade securities generally could reduce market liquidity for such

securities and make their sale by a Fund at their current valuation more difficult.

From time to time, each Fund's investments may include securities as to which the Fund, by itself or together with other funds or accounts managed by the Adviser, holds a major portion or all of an issue of municipal securities. Because there may be relatively few potential purchasers for such investments and, in some cases, there may be contractual restrictions on resales, the Fund may find it more difficult to sell such securities at a time when the Adviser believes it is advisable to do so.

Preferred Shares Risk. A Fund's use of leverage through Preferred Shares may result in higher volatility of the net asset value of the Common Shares, and fluctuations in the dividend rates on the Preferred Shares (which are expected to reflect yields on short-term municipal securities) may affect the yield to the Common Shareholders. So long as a Fund is able to realize a higher net return on its investment portfolio than the then current

Acquiring Fund, IIC
and IQC

Table of Contents

Principal Risk

Funds Subject to Risk

dividend rate of the Preferred Shares, the effect of the leverage provided by the Preferred Shares will be to cause the Common Shareholders to realize a higher current rate of return than if the Fund were not so leveraged. On the other hand, to the extent that the then current dividend rate on the Preferred Shares approaches the net return on a Fund's investment portfolio, the benefit of leverage to the Common Shareholders will be reduced, and if the then current dividend rate on the Preferred Shares were to exceed the net return on the Fund's portfolio, the Fund's leveraged capital structure would result in a lower rate of return to the Common Shareholders than if the Fund were not so structured.

Similarly, because any decline in the net asset value of a Fund's investments will be borne entirely by the Common Shareholders, the effect of leverage in a declining market would result in a greater decrease in net asset value to the Common Shareholders than if the Fund were not so leveraged. Any such decrease would likely be reflected in a decline in the market price for Common Shares. If a Fund's current investment income were not sufficient to meet dividend requirements on the Preferred Shares, the Fund might have to liquidate certain of its investments in order to meet required dividend payments, thereby reducing the net asset value attributable to the Fund's Common Shares.

The amount of Preferred Shares outstanding from time to time may vary, depending on the Adviser's analysis of conditions in the municipal securities market and interest rate movements. Management of the amount of outstanding Preferred Shares places greater reliance on the ability of the Adviser to predict trends in interest rates than if a Fund did not use leverage. In the event the Adviser later determines that all or a portion of such Preferred Shares should be reissued so as to increase the amount of leverage, no assurance can be given that a Fund will subsequently be able to reissue Preferred Shares on terms and/or with dividend rates that are beneficial to the Common Shareholders. Further, redemption and reissuance of the Preferred Shares, and any related trading of a Fund's portfolio securities, results in increased transaction costs to the Fund and its Common Shareholders. Because the Common Shareholders bear these expenses, changes to the Fund's outstanding leverage and any losses resulting from related portfolio trading will have a proportionately larger impact on the Common Shares' net asset value and market price.

In addition, a Fund is not permitted to declare any cash dividend or other distribution on its Common Shares unless, at the time of such declaration, the Fund has an asset coverage of at least 200% (determined after deducting the amount of such dividend or distribution). This prohibition on the payment of dividends or other distributions might impair the ability of a Fund to maintain its qualification as a regulated investment company for federal income tax purposes. Each Fund intends, however, to the extent possible, to purchase or redeem Preferred Shares from time to time to maintain an asset coverage of the Preferred Shares of at least 200%.

If a determination were made by the IRS to treat the Preferred Shares as debt rather than equity for U.S. federal income tax purposes, the Common Shareholders might be subject to increased federal income tax liabilities.

Unrated Securities Risk. Many lower-grade securities are not listed for trading on any national securities exchange, and many issuers of lower-grade securities choose not to have

All Funds

a rating assigned to their obligations by any NRSRO. As a result, each Fund's portfolio may consist of a higher portion of unlisted or unrated securities as compared with an investment company that invests solely in higher-grade, listed securities. Unrated securities are usually not as attractive to as many buyers as are rated securities, a factor which may make unrated securities less marketable. These factors may limit the ability of a Fund to sell such securities at their fair value. Each Fund may be more reliant on the Adviser's judgment and analysis in evaluating the creditworthiness of an issuer of unrated securities.

When-Issued and Delayed Delivery Risks. When-issued and delayed delivery transactions are subject to market risk as the value or yield of a security at delivery may be more or less than the purchase price or the yield generally available on securities when delivery occurs. In addition, each Fund is subject to counterparty risk because it relies on the buyer or seller,

All Funds

Table of Contents

Principal Risk

as the case may be, to consummate the transaction, and failure by the other party to complete the transaction may result in a Fund missing the opportunity of obtaining a price or yield considered to be advantageous.

Funds Subject to Risk

Zero Coupon / PIK Bond Risk. Prices on non-cash-paying instruments may be more sensitive to changes in the issuer's financial condition, fluctuations in interest rates and market demand/supply imbalances than cash-paying securities with similar credit ratings, and thus may be more speculative than are securities that pay interest periodically in cash. These securities are also subject to the risk of default. These securities may subject the Fund to greater market risk than a fund that does not own these types of securities. Special tax considerations are associated with investing in non-cash-paying instruments, such as zero coupon or PIK securities. The Adviser will weigh these concerns against the expected total returns from such instruments.

All Funds

Special Risk Considerations Regarding California Municipal Securities. Each Fund invests substantially all of its assets in a portfolio of California municipal securities. Because the Fund invests substantially all of its assets in a portfolio of California municipal securities, the Fund is more susceptible to political, economic, regulatory or other factors affecting issuers of California municipal securities than a fund which does not limit its investments to such issuers. These risks include possible legislative, state constitutional or regulatory amendments that may affect the ability of state and local governments or regional governmental authorities to raise money to pay principal and interest on their municipal securities. Economic, fiscal and budgetary conditions throughout the state may also influence the Fund's performance.

All Funds

Additional information on these and other risks is available in the SAI.

Portfolio Managers

Thomas Byron, Robert Stryker, Julius Williams and Robert Wimmel are the portfolio managers for the Funds.

Mr. Byron, Portfolio Manager, joined Invesco in 2010. Mr. Byron was associated with the Funds' previous investment adviser or its investment advisory affiliates in an investment management capacity from 1981 to 2010 and began managing the Funds in 2009. Mr. Byron earned a B.S. in finance from Marquette University and an M.B.A. in finance from DePaul University.

Mr. Stryker, Chartered Financial Analyst, joined Invesco in 2010. Mr. Stryker was associated with the Funds' previous investment adviser or its investment advisory affiliates in an investment management capacity from 1994 to 2010 and began managing the Funds in 2009. Mr. Stryker earned a B.S. in finance from the University of Illinois, Chicago.

Mr. Williams, Portfolio Manager, joined Invesco in 2010. Mr. Williams was associated with the Funds' previous investment adviser or its investment advisory affiliates in an investment management capacity from 2000 to 2010 and began managing the Funds in 2011. Mr. Williams earned a B.A. in economics and sociology, and a Master of Education degree in educational psychology from the University of Virginia.

Mr. Wimmel, Portfolio Manager, joined Invesco in 2010. Mr. Wimmel was associated with the Funds' previous investment adviser or its investment advisory affiliates in an investment management capacity from 1996 to 2010 and began managing the Acquiring Fund in 2001 and the Target Funds in 2009. Mr. Wimmel earned a B.A. in anthropology from the University of Cincinnati and an M.A. in economics from the University of Illinois, Chicago.

The SAI provides additional information about the portfolio managers' compensation, other accounts managed by the portfolio managers, and the portfolio managers' ownership of securities in each Fund.

Table of Contents

Trading of Common Shares

Each Fund's Common Shares trade on the Exchanges. Generally, an investor purchasing a Fund's Common Shares enters into a purchase transaction on an Exchange through a broker-dealer and, thus, indirectly purchases the Common Shares from a selling Fund shareholder. A shareholder who sells a Fund's Common Shares generally sells them on an Exchange through a broker-dealer, and indirectly to another investor. Unlike a mutual fund (also called an open-end fund), holders of Common Shares of a Fund generally do not purchase and sell such Common Shares from and to the Fund, either directly or through an intermediary such as a broker-dealer. No brokerage charges will be imposed on any Fund's shareholders in connection with the Mergers.

Capital Structures of the Funds

Each Fund is currently organized as a Massachusetts business trust. The Acquiring Fund was organized on December 21, 1992, IIC was organized on October 30, 1992, IQC was organized on March 3, 1993 and ICS was organized on October 14, 1993. As discussed under Proposal 1, before the closing of the Mergers, the Funds will be reorganized as Delaware statutory trusts, which will all have identical governing documents and capital structures, except that ICS has no outstanding Preferred Shares. (Proposal 1 discusses the material differences between each Fund's current Massachusetts business trust structure and its proposed Delaware statutory trust structure.) The Funds governing documents will therefore be substantially identical immediately prior to the Mergers with the exception of any provisions governing outstanding Preferred Shares, which will be substantially identical among the Acquiring Fund, IIC and IQC but will not apply to ICS. Each such Delaware statutory trust will have the same structure, except that ICS has no outstanding Preferred Shares while the Acquiring Fund, IIC and IQC have outstanding Preferred Shares. With respect to IIC and IQC, Common Shareholders will not be affected by the Merger except that after the Merger each Fund's shareholders will hold shares of a single larger fund. **After the Merger, Common shareholders of ICS will own shares of a single, larger Fund with a leveraged capital structure, which grants Preferred Shareholders certain rights, including the right to elect at least two Trustees and additional rights in the event that the Acquiring Fund fails to make payments to the Preferred Shareholders.**

Description of Securities to be Issued

Before any Merger can be completed, each merging Fund must have completed a redomestication to a Delaware statutory trust, as discussed in Proposal 1. Accordingly, the following discussion reflects that each Fund would be a Delaware statutory trust as of the time of its Merger. A discussion of the changes a Fund would undergo as part of a Redomestication is included under Proposal 1.

Common Shares. Each Common Share represents an equal proportionate interest with each other Common Share of the Fund, with each such share entitled to equal dividend, liquidation, redemption and voting rights. The Acquiring Fund, IIC and IQC also have outstanding Preferred Shares that vote separately from Common Shares in some circumstances. Each Fund's Common Shares have no preemptive, conversion or exchange rights, nor any right to cumulative voting.

As of the closing of a Merger, the Acquiring Fund will be authorized by its Amended and Restated Agreement and Declaration of Trust to issue an unlimited number of Acquiring Fund Common Shares, with no par value, and an unlimited number of Acquiring Fund Preferred Shares, with no par value.

Dividends and Distributions from the Acquiring Fund, IIC and IQC. The dividend and distribution policies of IIC and IQC are identical to those of the Acquiring Fund. The Acquiring Fund intends to make regular monthly distributions of all or a portion of its net investment income after payment of dividends on the Acquiring Fund's Preferred Shares outstanding to holders of the Acquiring Fund's Common Shares. The Acquiring Fund's net investment income consists of all interest income accrued on portfolio assets less all expenses of the Acquiring Fund. The Acquiring Fund is required to allocate net capital gains and other taxable income, if any, received by the Fund among its shareholders on a pro rata basis in the year for which such capital gains and other income is realized. In certain circumstances, the Acquiring Fund will make additional payments to Preferred Shareholders to offset the tax effects of such taxable distributions.

Table of Contents

While there are any Preferred Shares of the Acquiring Fund outstanding, the Acquiring Fund may not declare any cash dividend or other distribution on its Common Shares, unless at the time of such declaration, (i) all accrued Preferred Shares dividends have been paid, (ii) to the extent necessary, the Fund has redeemed all of the Preferred Shares subject to mandatory redemption under the terms of the Preferred Shares, and (iii) the value of the Acquiring Fund's total assets (determined after deducting the amount of such dividend or other distribution), less all liabilities and indebtedness of the Fund, is at least 200% (as required by the 1940 Act) of the liquidation preference of the outstanding Preferred Shares (expected to equal the aggregate original purchase price of the outstanding Preferred Shares plus any accrued and unpaid dividends thereon, whether or not earned or declared on a cumulative basis). In addition to the requirements of the 1940 Act, the Acquiring Fund may be required to comply with other asset coverage requirements as a condition of the Acquiring Fund obtaining a rating of its Preferred Shares from an NRSRO. These requirements may include an asset coverage test more stringent than that under the 1940 Act. This limitation on the Acquiring Fund's ability to make distributions on its Common Shares could in certain circumstances impair the ability of the Acquiring Fund to maintain its qualification for taxation as a regulated investment company under the Code. The Acquiring Fund intends, however, to the extent possible, to purchase or redeem Preferred Shares from time to time to maintain compliance with such asset coverage requirements and may pay special dividends to the holders of the Preferred Shares in certain circumstances in connection with any such impairment of the Acquiring Fund's status as a regulated investment company under the Code.

The tax treatment and characterization of the Acquiring Fund's distributions may vary significantly from time to time because of the varied nature of its investments. The Acquiring Fund will indicate the proportion of its capital gains distributions that constitute long-term and short-term gains annually. The ultimate tax characterization of the Acquiring Fund's distributions made in a calendar or fiscal year cannot finally be determined until after the end of that fiscal year. As a result, there is a possibility that the Acquiring Fund may make total distributions during a calendar or fiscal year in an amount that exceeds the Acquiring Fund's net investment income and net capital gains for the relevant fiscal year and its previously undistributed earnings and profits from prior years. In such situations, the amount by which the Acquiring Fund's total distributions exceed its net investment income and net capital gains generally will be treated as a tax-free return of capital reducing the amount of a shareholder's tax basis in such shareholder's shares, with any amounts exceeding such basis treated as gain from the sale of shares.

Various factors will affect the level of the Acquiring Fund's net investment income, such as the rate at which dividends are payable on outstanding Preferred Shares, the Acquiring Fund's asset mix, its level of retained earnings, the amount of leverage utilized by it and the effects thereof and the movement of interest rates for municipal bonds. These factors, among others, may result in the Acquiring Fund's level of net investment income being different from the level of net investment income for IIC and IQC if the Mergers were not completed. To permit the Acquiring Fund to maintain more stable monthly distributions, it may from time to time distribute less than the entire amount earned in a particular period. The income would be available to supplement future distributions. As a result, the distributions paid by the Acquiring Fund for any particular month may be more or less than the amount actually earned by the Fund during that month. Undistributed earnings will add to the Acquiring Fund's net asset value and, correspondingly, distributions from undistributed earnings and from capital, if any, will deduct from the Fund's net asset value. Although it does not now intend to do so, the Board may change the Acquiring Fund's dividend policy and the amount or timing of the distributions based on a number of factors, including the amount of the Fund's undistributed net investment income and historical and projected investment income and the amount of the expenses and dividend rates on the outstanding Preferred Shares.

Holders of the Acquiring Fund's Common Shares will automatically have all dividends and distributions reinvested in Common Shares issued by the Fund or Common Shares of the Fund purchased in the open market in accordance with the Fund's Automatic Dividend Reinvestment Plan, unless an election is made to receive cash.

For information concerning the manner in which dividends and distributions to holders of a Fund's common shares may be reinvested automatically in such Fund's Common Shares, see "Dividend Reinvestment Plan" below.

IIC and IQC Common Shareholders who own certificated shares will not receive their Acquiring Fund Common Shares or any dividend payments from the Acquiring Fund until their certificates are tendered. IIC and IQC Common Shareholders will, shortly after the closing of their Fund's Merger, receive instructions on how to tender any

Edgar Filing: Invesco Van Kampen California Value Municipal Income Trust - Form N-14 8C/A
outstanding share certificates.

Table of Contents

Dividends and Distributions from ICS. ICS declares and pays dividends of net investment income, if any, monthly, and capital gains distributions, if any, at least annually. ICS may also declare and pay capital gains distributions more than once per year as permitted by law. ICS Common Shareholders who own certificated shares will not receive their Acquiring Fund Common Shares or any dividend payments from the Acquiring Fund until their certificates are tendered. ICS Common Shareholders will, shortly after the closing of their Fund's Merger, receive instructions on how to tender any outstanding share certificates.

Dividend Reinvestment Plan. Each Fund offers a similar dividend reinvestment plan for Common Shareholders. However, the dividend reinvestment plan for the Acquiring Fund imposes a fee of \$2.50 to process a shareholder's withdrawal from, and sale of shares held via, the dividend reinvestment plan, while the Target Funds do not. Target Fund Common Shareholders that are enrolled in a dividend reinvestment plan will be automatically enrolled in the Acquiring Fund's dividend reinvestment plan upon the closing of the Merger. Each Fund's dividend reinvestment plan is more fully described in the Fund's shareholder reports.

Any final distribution preceding the Mergers made by a Target Fund or the Acquiring Fund will be made in cash, notwithstanding any shareholder's enrollment in the Fund's dividend reinvestment plan. Each Fund expects to amend its dividend reinvestment plan to provide for distributions to be made in cash in the event of transactions such as a Merger.

Provisions for Delaying or Preventing Changes in Control. Each Fund's governing documents contain provisions designed to prevent or delay changes in control of that Fund. Each Fund's Board of Trustees may cause the Fund to merge or consolidate with or into other entities; cause the Fund to sell, convey and transfer all or substantially all of the assets of the Fund; cause the Fund to convert to a different type of entity; or cause the Fund to convert from a closed-end fund to an open-end fund, each only so long as such action has previously received the approval of either (i) the Board, followed by the affirmative vote of the holders of not less than 75% of the outstanding shares entitled to vote; or (ii) the affirmative vote of at least two thirds (66 2/3%) of the Board and an affirmative Majority Shareholder Vote (which generally means the vote of a majority of the outstanding voting securities as defined in the 1940 Act of the Fund, with each class and series of shares voting together as a single class, except to the extent otherwise required by the 1940 Act). Under each Fund's governing documents that will be applicable as of the time of the Merger, shareholders will have no right to call special meetings of shareholders or to remove Trustees. In addition, each Fund's Board is divided into three classes, each of which stands for election only once in three years. As a result of this system, only those Trustees in one class may be changed in any one year, and it would require two years or more to change a majority of the Trustees.

Preferred Shares. Each of the Acquiring Fund, IIC and IQC have outstanding a class of preferred shares, designated as Variable Rate Muni Term Preferred Shares (VMTP Shares). The VMTP Shares of the Acquiring Fund, IIC and IQC have substantially identical liquidation preferences, rights, and privileges. In connection with the Mergers, the Acquiring Fund will issue additional VMTP shares equal in number and aggregate liquidation preference to the VMTP Shares of IIC and IQC, in exchange for such Target Fund VMTP Shares. ICS has no outstanding preferred shares.

Share Price Data

The New York Stock Exchange is the principal trading market for each Fund's Common Shares. The following tables set forth the high and low sales prices and maximum premium/discount for each Fund's Common Shares for the periods indicated. Common Shares of each Fund have historically traded at both a premium and discount to net asset value.

IIC

Quarterly Period Ending	Price		Net Asset Value		Premium/Discount

Table of Contents

- (1) The fiscal year end for the Acquiring Fund changed from October 31 to the last day of February effective February 28, 2011.

The following table shows, as of February 29, 2012, the NAV per share, market price, and premium or discount for Common Shares of each Fund.

	NAV	Market Price	Premium (Discount)
IIC	\$ 15.99	\$ 15.70	-1.75%
IQC	\$ 14.69	\$ 14.50	-1.29%
ICS	\$ 15.49	\$ 15.11	-2.45%
Acquiring Fund (VCV)	\$ 13.23	\$ 14.01	5.90%

Common Shares of each Fund trade at a market price that is determined by current supply and demand conditions. The market price of a Fund's Common Shares may or may not be the same as the Fund's NAV per share—that is, the value of the portfolio securities owned by the Fund less its liabilities. When the market price of a Fund's Common Shares exceeds its NAV per share, they are said to be trading at a premium. When the market price of a Fund's Common Shares is lower than its NAV per share, they are said to be trading at a discount. It is very difficult to identify all of the factors that may cause a closed-end fund's common shares to trade at a discount. It is often difficult to reduce or eliminate a closed-end fund's discount over the long term. Some short-term measures, such as share repurchases and tender offers, tend to reduce a closed-end fund's assets (and thereby potentially increase expense ratios), but do not typically have a long-term effect on the discount. Other measures, such as managed dividend programs, may not have a consistent long-term effect on discounts.

While the Board of each Fund has determined that the Merger is in the best interests of each Fund, there is no guarantee that the Mergers will have any long-term effect or influence on whether the Acquiring Fund Common Shares trade at a discount or a premium after the Mergers. Whether Common Shares had been trading at a premium or discount was not a significant factor in each Board's approval of the Merger Agreement and recommendation for approval to Fund shareholders. The Acquiring Fund's Board will continue to monitor any discount or premium at which the Acquiring Fund Common Shares trade after the Mergers and will evaluate what (if any) further action is appropriate at that time to address any discount or premium.

Portfolio Turnover

The Funds' historical portfolio turnover rates are similar. Because the Funds have similar investment policies, management does not expect to dispose of a material amount of portfolio securities of any Fund in connection with the Mergers. No securities of the Target Funds need be sold in order for the Acquiring Fund to comply with its investment restrictions or policies. The Funds will continue to buy and sell securities in the normal course of their operations.

Portfolio Guidelines of Preferred Share Rating Agencies and Certificates of Designation

The Acquiring Fund, IIC and IQC have issued and outstanding Preferred Shares that are rated by one or more rating agencies. In order to maintain attractive credit quality ratings for Preferred Shares, a Fund must meet certain investment quality, diversification, industry concentration, asset coverage, liquidity, and other criteria established by such ratings agencies. These guidelines may vary between rating agencies and may be modified by a rating agency at any time. In addition, the Acquiring Fund, IIC and IQC's Preferred Shares were issued pursuant to a certificate of designation that imposes certain additional restrictions on the Funds. These rating agency guidelines and certificates of designation could affect portfolio decisions and may have requirements more stringent than those imposed by the 1940 Act or otherwise by a Fund's investment policies.

Table of Contents

Terms and Conditions of the Mergers

The terms and conditions under which a Merger may be consummated are set forth in the Merger Agreement. Significant provisions of the Merger Agreement are summarized below; however, this summary is qualified in its entirety by reference to the Merger Agreement, a form of which is attached as Exhibit D.

In each Merger, a Target Fund will merge with and into the Acquiring Fund pursuant to the Merger Agreement and in accordance with the Delaware Statutory Trust Act. As a result of each Merger, all of the assets and liabilities of the merging Target Fund will become assets and liabilities of the Acquiring Fund, and the Target Fund's shareholders will become shareholders of the Acquiring Fund.

Under the terms of the Merger Agreement, the Acquiring Fund will issue new Acquiring Fund Common Shares in exchange for Target Fund Common Shares. The number of Acquiring Fund Common Shares issued will be based on the relative NAVs and shares outstanding of the Acquiring Fund and the applicable Target Fund as of the business day immediately preceding the Merger's closing date. All Acquiring Fund Common Shares issued pursuant to the Agreement will be fully paid and non-assessable, and will be listed for trading on the Exchanges. The terms of the Acquiring Fund Common Shares to be issued in each Merger will be identical to the terms of the Acquiring Fund Common Shares already outstanding.

Under the terms of the Merger Agreement, the Acquiring Fund will also issue new Acquiring Fund Preferred Shares in exchange for Preferred Shares of IIC and IQC. The number of additional Acquiring Fund Preferred Shares issued for the Mergers with IIC and IQC will equal the number of outstanding Preferred Shares of IIC and IQC, and such Acquiring Fund Preferred Shares will have liquidation preferences, rights, and privileges substantially identical to those of the then outstanding Preferred Shares for the merging Target Fund.

Prior to the closing of each Merger, each Target Fund will declare one or more dividends, and the Acquiring Fund may, but is not required to, declare a dividend, payable at or near the time of closing to their respective shareholders to the extent necessary to avoid entity level tax or as otherwise deemed desirable. Such distributions, if made, are anticipated to be made in the 2012 calendar year and, to the extent a distribution is not an exempt-interest dividend (as defined in the Code), the distribution may be taxable to shareholders in such year for federal income tax purposes. It is anticipated that Fund distributions will be primarily dividends that are exempt from regular federal income tax, although a portion of such dividends may be taxable to shareholders as ordinary income or capital gains. Any such final distribution paid to Common Shareholders by a Target Fund will be made in cash and not reinvested in additional Common Shares of the Target Fund. See the discussion under Description of Securities to be Issued Dividend Reinvestment Plan for further information.

If shareholders approve the Mergers and if all of the closing conditions set forth in the Merger Agreement are satisfied or waived, including the condition that each Fund complete its Redomestication (Proposal 1), consummation of the Mergers (the Closing) is expected to occur in the third quarter of 2012 on a date mutually agreed upon by the Funds (the Closing Date).

At the Closing, Acquiring Fund Common Shares will be credited to Target Fund Common Shareholders on a book-entry basis only. The Acquiring Fund will not issue certificates representing Common Shares in connection with the Mergers, irrespective of whether Target Fund shareholders currently hold such shares in certificated form. At the Closing, all outstanding certificates representing Common Shares of the merging Target Fund will be cancelled. Target Fund shareholders who own certificated Common Shares will not receive their Acquiring Fund Common Shares or dividend payments from the Acquiring Fund until their certificates are tendered to the Acquiring Fund. Target Fund Common Shareholders will, shortly after the closing of their Fund's Merger, receive instructions on how to tender any outstanding share certificates.

Each Fund will be required to make representations and warranties in the Merger Agreement that are customary in matters such as the Mergers.

If shareholders of a Fund do not approve a Merger or if a Merger does not otherwise close, the Board will consider what additional action to take, including allowing the Fund to continue operating as it currently does. The

Table of Contents

Merger Agreement may be terminated and the Merger may be abandoned at any time by mutual agreement of the parties. The Merger Agreement may be amended or modified in a writing signed by the parties.

Additional Information About the Funds

As of the time of the Mergers, each Fund will be a newly organized Delaware statutory trust, as discussed in Proposal 1. Each Fund is registered under the 1940 Act as a diversified, closed-end management investment company.

Diversified means that the Fund is limited in the amount it can invest in a single issuer. A closed-end fund (unlike an open-end or mutual fund) does not continuously sell and redeem its shares; in the case of the Funds, Common Shares are bought and sold on the Exchanges. A management investment company is managed by an investment adviser the Adviser in the case of the Funds that buys and sells portfolio securities on behalf of the investment company.

Federal Income Tax Matters Associated with Investment in the Funds

The following information is meant as a general summary of certain federal income tax matters for U.S. shareholders. Please see the SAI for additional information. Investors should rely on their own tax advisor for advice about the particular federal, state and local tax consequences to them of investing in the Funds (for purposes of this section, the Fund).

The Fund has elected to be treated and intends to qualify each year (including the taxable year in which the Merger occurs) as a regulated investment company (RIC) under Subchapter M of the Code. In order to qualify as a RIC, the Fund must satisfy certain requirements regarding the sources of its income, the diversification of its assets and the distribution of its income. As a RIC, the Fund is not expected to be subject to federal income tax on the income and gains it distributes to its shareholders. If, for any taxable year, the Fund does not qualify for taxation as a RIC, it will be treated as a U.S. corporation subject to U.S. federal income tax, thereby subjecting any income earned by the Fund to tax at the corporate level and to a further tax at the shareholder level when such income is distributed. In lieu of losing its status as a RIC, the Fund is permitted to pay a tax for certain failures to satisfy the asset diversification test or income requirement, which, in general, are limited to those due to reasonable cause and not willful neglect, for taxable years of the Fund with respect to which the extended due date of the return is after December 22, 2010.

The Code imposes a 4% nondeductible excise tax on the Fund to the extent it does not distribute by the end of any calendar year at least the sum of (i) 98% of its taxable ordinary income for that year, and (ii) 98.2% of its capital gain net income (both long-term and short-term) for the one-year period ending, as a general rule, on October 31 of that year. For this purpose, however, any ordinary income or capital gain net income retained by the Fund that is subject to corporate income tax will be considered to have been distributed by year-end. In addition, the minimum amounts that must be distributed in any year to avoid the excise tax will be increased or decreased to reflect any underdistribution or overdistribution, as the case may be, from the previous year. The Fund anticipates that it will pay such dividends and will make such distributions as are necessary in order to avoid or minimize the application of this excise tax.

The Fund primarily invests in municipal securities. Thus, substantially all of the Fund's dividends paid to you from net investment income should qualify as exempt-interest dividends. A shareholder treats an exempt-interest dividend as interest on state and local bonds exempt from regular federal income tax. Exempt-interest dividends from interest earned on municipal securities of a state, or its political subdivisions, generally are exempt from that state's personal income tax. Most states, however, do not grant tax-free treatment to interest from municipal securities of other states.

Federal income tax law imposes an alternative minimum tax with respect to corporations, individuals, trusts and estates. Interest on certain municipal obligations, such as certain private activity bonds, is included as an item of tax preference in determining the amount of a taxpayer's alternative minimum taxable income. To the extent that the Fund receives income from such municipal obligations, a portion of the dividends paid by the Fund, although exempt from regular federal income tax, will be taxable to shareholders to the extent that their tax liability is determined under the federal alternative minimum tax. The Fund will annually provide a report indicating the percentage of the Fund's income attributable to municipal obligations subject to the federal alternative minimum

Table of Contents

tax. Corporations are subject to special rules in calculating their federal alternative minimum taxable income with respect to interest from such municipal obligations.

In addition to exempt-interest dividends, the Fund may also distribute to its shareholders amounts that are treated as long-term capital gain or ordinary income (which may include short-term capital gains). These distributions may be subject to federal, state and local taxation, depending on a shareholder's situation. If so, they are taxable whether or not such distributions are reinvested. Net capital gain distributions (the excess of net long-term capital gain over net short-term capital loss) are generally taxable at rates applicable to long-term capital gains regardless of how long a shareholder has held its shares. Long-term capital gains are currently taxable to noncorporate shareholders at a maximum federal income tax rate of 15%. Absent further legislation, the maximum 15% rate on long-term capital gains will cease to apply to taxable years beginning after December 31, 2012. The Fund does not expect that any part of its distributions to shareholders from its investments will qualify for the dividends-received deduction available to corporate shareholders or as qualified dividend income available to noncorporate shareholders.

Distributions by the Fund in excess of the Fund's current and accumulated earnings and profits will be treated as a return of capital to the extent of the shareholder's tax basis in its shares and will reduce such basis. Any such amount in excess of that basis will be treated as gain from the sale of shares, as discussed below.

As a RIC, the Fund will not be subject to federal income tax in any taxable year on the income and gains it distributes to shareholders provided that it meets certain distribution requirements. The Fund may retain for investment some (or all) of its net capital gain. If the Fund retains any net capital gain or investment company taxable income, it will be subject to tax at regular corporate rates on the amount retained. If the Fund retains any net capital gain, it may designate the retained amount as undistributed capital gains in a notice to its shareholders who, if subject to federal income tax on long-term capital gains, (i) will be required to include in income for federal income tax purposes, as long-term capital gain, their share of such undistributed amount; (ii) will be entitled to credit their proportionate shares of the federal income tax paid by the Fund on such undistributed amount against their federal income tax liabilities, if any; and (iii) may claim refunds to the extent the credit exceeds such liabilities. For federal income tax purposes, the basis of shares owned by a shareholder of the Fund will be increased by an amount equal to the difference between the amount of undistributed capital gains included in the shareholder's gross income and the tax deemed paid by the shareholder under clause (ii) of the preceding sentence.

The IRS currently requires that a RIC that has two or more classes of stock allocate to each such class proportionate amounts of each type of its income (such as exempt interest, ordinary income and capital gains). Accordingly, the Fund designates dividends made with respect to the Common Shares and, if applicable, the Preferred Shares as consisting of particular types of income (e.g., exempt interest, net capital gain and ordinary income) in accordance with each class' proportionate share of the total dividends paid by the Fund during the year. A class's proportionate share of a particular type of income is determined according to the percentage of total dividends paid by the regulated investment company to such class.

Dividends declared by the Fund to shareholders of record in October, November or December and paid during the following January may be treated as having been received by shareholders in the year the distributions were declared.

At the time of an investor's purchase of Fund shares, a portion of the purchase price may be attributable to realized or unrealized appreciation in the Fund's portfolio or to undistributed ordinary income or capital gains of the Fund. Consequently, subsequent distributions by the Fund with respect to these shares from such appreciation, income or gains may be taxable to such investor even if the net asset value of the investor's shares is, as a result of the distributions, reduced below the investor's cost for such shares and the distributions economically represent a return of a portion of the investment.

Each shareholder will receive an annual statement summarizing the shareholder's dividend and capital gains distributions.

The redemption, sale or exchange of shares normally will result in capital gain or loss to shareholders who hold their shares as capital assets. Generally, a shareholder's gain or loss will be long-term capital gain or loss if the shares have been held for more than one year. The gain or loss on shares held for one year or less will generally be treated as short-term capital gain or loss. Present law taxes both long-term and short-term capital gains of

Table of Contents

corporations at the same rates applicable to ordinary income. Long-term capital gains are currently taxable to noncorporate shareholders at a maximum federal income tax rate of 15%. As noted above, absent further legislation, the maximum 15% rate on long-term capital gains will cease to apply to taxable years beginning after December 31, 2012. Any loss on the sale of shares that have been held for six months or less will be disallowed to the extent of any distribution of exempt-interest dividends received with respect to such shares and any remaining loss will be treated as a long-term capital loss to the extent of any long-term capital gain distributed to you by the Fund on those shares. Any loss realized on a sale or exchange of shares of a Fund will be disallowed to the extent those shares of the Fund are replaced by other substantially identical shares of the Fund or other substantially identical stock or securities (including through reinvestment of dividends) within a period of 61 days beginning 30 days before and ending 30 days after the date of disposition of the original shares. In that event, the basis of the replacement shares of the Fund will be adjusted to reflect the disallowed loss.

Under Treasury regulations, if a shareholder recognizes a loss with respect to Fund shares of \$2 million or more for an individual shareholder, or \$10 million or more for a corporate shareholder, in any single taxable year (or of certain greater amounts over a combination of years), generally the shareholder must file with the IRS a disclosure statement on Form 8886.

Shareholders that are exempt from U.S. federal income tax, such as retirement plans that are qualified under Section 401 of the Code, generally are not subject to U.S. federal income tax on otherwise-taxable Fund dividends or distributions, or on sales or exchanges of Fund shares unless the Fund shares are debt-financed property within the meaning of the Code.

Any interest on indebtedness incurred or continued to purchase or carry the Fund's shares to which exempt-interest dividends are allocated is not deductible. Under certain applicable rules, the purchase or ownership of shares may be considered to have been made with borrowed funds even though such funds are not directly used for the purchase or ownership of the shares. In addition, if you receive Social Security or certain railroad retirement benefits, you may be subject to U.S. federal income tax on a portion of such benefits as a result of receiving investment income, including exempt-interest dividends and other distributions paid by the Fund.

Investments in debt obligations that are at risk of or in default present special tax issues for the Fund. Federal income tax rules are not entirely clear about issues such as when the Fund may cease to accrue interest, original issue discount or market discount, when and to what extent deductions may be taken for bad debts or worthless securities, how payments received on obligations in default should be allocated between principal and interest and whether certain exchanges of debt obligations in a workout context are taxable. These and other issues will be addressed by the Fund, in the event it invests in or holds such securities, in order to seek to ensure that it distributes sufficient income to preserve its status as a RIC.

If the Fund invests in certain pay-in-kind securities, zero coupon securities, deferred interest securities or, in general, any other securities with original issue discount (or with market discount if the Fund elects to include market discount in income currently), the Fund must accrue income on such investments for each taxable year, which generally will be prior to the receipt of the corresponding cash payments. However, the Fund must distribute to shareholders, at least annually, all or substantially all of its investment company taxable income (determined without regard to the deduction for dividends paid), including such accrued income, to qualify as a RIC and to avoid federal income and excise taxes. Therefore, the Fund may have to dispose of its portfolio securities under disadvantageous circumstances to generate cash, or may have to leverage itself by borrowing the cash, to satisfy these distribution requirements.

The Fund may hold or acquire municipal obligations that are market discount bonds. A market discount bond is a security acquired in the secondary market at a price below its redemption value (or its adjusted issue price if it is also an original issue discount bond). If the Fund invests in a market discount bond, it will be required to treat any gain recognized on the disposition of such market discount bond as ordinary taxable income to the extent of the accrued market discount.

By law, if you do not provide the Fund with your proper taxpayer identification number and certain required certifications, you may be subject to backup withholding on any distributions of income, capital gains, or proceeds from the sale of your shares. The Fund also must withhold if the IRS instructs it to do so. When withholding is

required, the amount will be 28% of any distributions or proceeds paid, including exempt interest

Table of Contents

dividends (for distributions and proceeds paid after December 31, 2012, the rate is scheduled to rise to 31% unless the 28% rate is extended or made permanent).

For taxable years beginning after December 31, 2012, an additional 3.8% Medicare tax will be imposed on certain net investment income (including ordinary dividends and capital gain distributions received from the Fund and net gains from redemptions or other taxable dispositions of Fund shares) of US individuals, estates and trusts to the extent that such person's modified adjusted gross income (in the case of an individual) or adjusted gross income (in the case of an estate or trust) exceeds a threshold amount.

The description of certain federal tax provisions above relates only to U.S. federal income tax consequences for shareholders who are U.S. persons, i.e., generally, U.S. citizens or residents or U.S. corporations, partnerships, trusts or estates, and who are subject to U.S. federal income tax and hold their shares as capital assets. Except as otherwise provided, this description does not address the special tax rules that may be applicable to particular types of investors, such as financial institutions, insurance companies, securities dealers, other regulated investment companies, or tax-exempt or tax-deferred plans, accounts or entities. Investors other than U.S. persons may be subject to different U.S. federal income tax treatment, including a non-resident alien U.S. withholding tax at the rate of 30% or any lower applicable treaty rate on amounts treated as ordinary dividends from the Fund, special certification requirements to avoid U.S. backup withholding and claim any treaty benefits and U.S. estate tax. Shareholders should consult their own tax advisors on these matters and on state, local, foreign and other applicable tax laws.

Under recently enacted legislation and administrative guidance, the relevant withholding agent may be required to withhold 30% of any (a) income dividends paid after December 31, 2013 and (b) certain capital gains distributions and the proceeds of a sale of shares paid after December 31, 2014 to (i) a foreign financial institution unless such foreign financial institution agrees to verify, report and disclose certain of its U.S. accountholders and meets certain other specified requirements or (ii) a non-financial foreign entity that is the beneficial owner of the payment unless such entity certifies that it does not have any substantial U.S. owners or provides the name, address and taxpayer identification number of each substantial U.S. owner and such entity meets certain other specified requirements.

State Income Tax Matters Associated with Investment in the Funds

Shareholders of the Fund may exclude any exempt interest dividends paid to you by the Fund from your California taxable income for purposes of the California personal income tax if:

the Fund qualifies as a regulated investment company under the Code and at the close of each quarter of its taxable year, at least 50 percent of the value of its total assets consists of obligations the interest on which is exempt from taxation by the State of California when held by an individual;

the dividends are derived from interest on obligations of the State of California and its political subdivisions or qualifying obligations of U.S. territories and possessions that are exempt from state taxation under federal law;

the dividends paid do not exceed the amount of interest (minus certain non-deductible expenses) the Fund receives, during its taxable year, on obligations that, when held by an individual, pay interest exempt from taxation by California; and

the Fund properly identifies the dividends as California exempt interest dividends in a written notice mailed to the investor.

Any distributions of net short-term and long-term capital gain earned by the Fund and any gain from the sale of shares of the Fund by a shareholder are included in a shareholder's taxable income for purposes of the California personal income tax. Residents of California may be subject to backup withholding at 7% on the proceeds from the sale of Fund shares.

Distributions from the Fund, including exempt-interest dividends, may be taxable to shareholders that are subject to certain provisions of the California Corporation Tax Law.

Table of Contents

Board Considerations in Approving the Mergers

On June 1, 2010, Invesco acquired the retail fund management business of Morgan Stanley, which included 32 Morgan Stanley and Van Kampen branded closed-end funds. This transaction filled gaps in Invesco's product line and has enabled Invesco to expand its investment offerings to retail customers. The transaction also resulted in product overlap. The Mergers proposed in this Proxy Statement are part of a larger group of mergers across Invesco's fund platform that began in early 2011. The larger group of mergers is designed to put forth Invesco's most compelling investment processes and strategies, reduce product overlap and create scale in the resulting funds.

Considerations of the Board of the Acquiring Fund

The Board of the Acquiring Fund (the "Acquiring Fund Board") considered the Mergers over a series of meetings. The Nominating Committee of the Acquiring Fund Board, which consists solely of trustees who are not interested persons, as that term is defined in the 1940 Act, of the Acquiring Fund (the "Independent Trustees"), met on November 1, 2011 to consider the Mergers and to assist the Acquiring Fund Board in its consideration of the Mergers. The Nominating Committee considered presentations from the Adviser on the proposed Mergers and identified to the Adviser certain supplemental information to be prepared in connection with the presentation of the proposed Mergers to the full Acquiring Fund Board. Prior the November 15, 2011 meeting of the full Acquiring Fund Board, the Acquiring Fund Board met in executive session with the Nominating Committee to discuss the Committee's consideration and review of the proposed Mergers. The full Acquiring Fund Board met twice, on November 15, 2011 and November 28, 2011, to review and consider the Mergers. The Acquiring Fund Board requested and received from the Adviser written materials containing relevant information about the Funds and the proposed Mergers, including fee and expense information on an actual and pro forma estimated basis, and comparative portfolio composition and performance data.

The Acquiring Fund Board reviewed, among other information they deemed relevant, information comparing the following for each Fund on a current and pro forma basis: (1) investment objective, policies and restrictions; (2) portfolio management; (3) portfolio composition; (4) comparative short-term and long-term investment performance and distribution yields; (5) expense ratios and expense structures, including contractual investment advisory fees and fee waiver agreements; (6) expected federal income tax consequences to the Funds, including any impact on capital loss carry forwards; (7) relative asset size; (8) trading information such as trading premiums/discounts for the Funds' Common Shares; and (9) use of leverage and outstanding Preferred Shares. The Acquiring Fund Board discussed with the Adviser the Adviser's process for selecting and analyzing the Funds that had been proposed to participate in the Mergers and possible alternatives to the Mergers, including liquidation and maintaining stand alone funds, among other alternatives. The Acquiring Fund Board also discussed with the Adviser the Mergers in the context of the larger group of completed and proposed reorganizations of funds in the fund complex, which were designed to rationalize the Invesco funds to seek to enhance visibility in the market place.

The potential benefits to the Acquiring Fund of the Mergers considered by the Acquiring Fund Board, included (1) potential benefits resulting from the larger size of the combined fund, including the potential for (i) increased attention from the investment community, (ii) increased trading volume and tighter spreads and improved premium/discount levels for the combined fund's Common Shares, (iii) improved purchasing power and more efficient transaction costs, and (iv) increased diversification of portfolio investments; (2) maintaining consistent portfolio management teams, processes and investment objectives and (3) reducing market confusion caused by similar product offerings.

The Acquiring Fund Board also considered the anticipated economic effects of the Mergers on the combined fund's fees and expenses, earnings, distribution rates, undistributed net investment company income and market price of Common Shares. The Board considered that (1) the investment objective, strategies and related risks of the Target Fund and the Acquiring Fund are substantially similar; (2) the Funds have the same portfolio management teams; (3) shareholders would become shareholders of the larger combined fund; (4) the Acquiring Fund's management fee schedule will apply to the combined fund; and (5) the allocation of expenses of the Mergers, including the Adviser's paying all of the Merger costs. The Acquiring Fund Board also considered the expected tax free nature of the Mergers for each Fund and its shareholders for federal income tax purposes.

Table of Contents

Based upon the information and considerations summarized above, the Acquiring Fund Board concluded that each Merger is in the best interests of the Acquiring Fund and the shareholders of the Acquiring Fund and that no dilution of net asset value would result to the shareholders of the Acquiring Fund from each Merger. Consequently, on November 28, 2011, the Acquiring Fund Board, including the Independent Trustees voting separately, unanimously approved the Merger Agreement and each Merger and unanimously recommended that the shareholders of Acquiring Fund vote in favor of each Merger.

Considerations of the Board of each of the Target Funds

Each Target Fund's Board created an ad hoc committee (the Ad Hoc Merger Committee) to consider each Merger and to assist each Target Fund Board in its consideration of such Merger. The Ad Hoc Merger Committee met separately two times, on October 17, 2011 and November 18, 2011 to discuss each proposed Merger. Two separate meetings of each Target Fund's Board were also held to review and consider each Merger, including presentations by the Ad Hoc Merger Committee on its deliberations and, ultimately, recommendations. The trustees who are not interested persons, as that term is defined in the 1940 Act, of the Target Funds (the Independent Trustees) held a separate meeting in conjunction with the November 29-30, 2011 meeting of the full Target Fund Boards to consider these matters. The Independent Trustees have been advised on this matter by independent legal counsel to the Independent Trustees. The Target Fund Boards requested and received from the Adviser written materials containing relevant information about the Target Funds and the proposed Mergers, including fee and expense information on an actual and pro forma estimated basis, and comparative portfolio composition and performance data.

The Target Fund Boards reviewed, among other information they deemed relevant, information comparing the following for each Fund: (1) investment objective, policies and restrictions; (2) portfolio management; (3) portfolio composition; (4) comparative short-term and long-term investment performance and distribution yields; (5) current expense ratios and expense structures, including contractual investment advisory fees on a net asset basis and on a managed assets basis; (6) expected federal income tax consequences to the Funds, including any impact on capital loss carry forwards; (7) relative asset size; and (8) trading information such as trading premiums/discounts and bid/ask spreads.

The Target Fund Boards considered the benefits to each Fund of (i) combining with a similar fund to create a larger fund, (ii) the Adviser's paying all of the Merger costs, and (iii) the expected tax free nature of the Merger for each Fund and its shareholders for federal income tax purposes. In addition, each Target Fund's Board considered the Acquiring Fund's higher contractual advisory fee rate in light of the benefits of retaining the Adviser as the Acquiring Fund's investment adviser, the feasibility of the Adviser's continued service to the Target Fund at current fee levels, the services provided, and those expected to be provided, to the Acquiring Fund by the Adviser, and the terms and conditions of the Acquiring Fund's advisory agreement.

The Target Fund Boards also considered the Mergers in the context of the larger group of mergers, which were designed to rationalize the Invesco funds in a way that can enhance visibility in the market place. The Target Fund Boards also considered the possible benefits that might accrue to a single, larger closed-end fund, including increased market liquidity and increased analyst coverage. The Target Fund Boards discussed with the Adviser the possible alternatives to the Mergers, including liquidation and maintaining the status quo, among other alternatives.

The Target Fund Boards further considered that (i) the investment objective, strategies and related risks of each Target Fund and the Acquiring Fund are substantially the same; (ii) the Funds have the same portfolio management team; (iii) shareholders would become shareholders of a single larger Fund; and (iv) the Adviser's representation that, because of the similarity between the Funds' investment objectives and strategies, the costs associated with repositioning each Target Fund's investment portfolio in connection with a Merger would be minimal. The Target Fund Boards also considered that the impact to Target Fund shareholders of the Acquiring Fund's significantly higher advisory fee rate would be mitigated by the Adviser's agreement to limit the Acquiring Fund's total expenses if a Merger is completed, as disclosed above on a pro forma basis, through at least two years from the closing date of the Mergers.

Based upon the information and considerations described above, the Target Fund Boards unanimously concluded that the Mergers are in the best interests of the Target Funds and that no dilution of net asset value would result to the shareholders of the Target Funds from the Mergers. Consequently, the Target Fund Boards unanimously approved the

Merger Agreement and each Merger on November 29, 2011.

Table of Contents

Federal Income Tax Considerations of the Mergers

The following is a general summary of the material U.S. federal income tax considerations of the Mergers and is based upon the current provisions of the Code, the existing U.S. Treasury Regulations thereunder, current administrative rulings of the IRS and published judicial decisions, all of which are subject to change. These considerations are general in nature and individual shareholders should consult their own tax advisors as to the federal, state, local, and foreign tax considerations applicable to them and their individual circumstances. These same considerations generally do not apply to shareholders who hold their shares in a tax-deferred account.

Each Merger is intended to be a tax-free reorganization pursuant to Section 368(a) of the Code. As described above, the Mergers will occur following the Redomestication of each Target Fund and the Acquiring Fund. The principal federal income tax considerations that are expected to result from the Merger of each Target Fund into the Acquiring Fund are as follows:

no gain or loss will be recognized by the Target Fund or the shareholders of the Target Fund as a result of the Merger;

no gain or loss will be recognized by the Acquiring Fund as a result of the Merger;

the aggregate tax basis of the shares of the Acquiring Fund to be received by a shareholder of the Target Fund will be the same as the shareholder's aggregate tax basis of the shares of the Target Fund; and

the holding period of the shares of the Acquiring Fund received by a shareholder of the Target Fund will include the period that a shareholder held the shares of the Target Fund (provided that such shares of the Target Fund are capital assets in the hands of such shareholder as of the Closing).

Neither the Target Funds nor the Acquiring Fund have requested or will request an advance ruling from the IRS as to the federal tax consequences of the Mergers. As a condition to Closing, Stradley Ronon Stevens & Young, LLP will render a favorable opinion to each Target Fund and the Acquiring Fund as to the foregoing federal income tax consequences of each Merger, which opinion will be conditioned upon, among other things, the accuracy, as of the Closing Date, of certain representations of each Target Fund and the Acquiring Fund upon which Stradley Ronon Stevens & Young, LLP will rely in rendering its opinion. Such opinion of counsel may state that no opinion is expressed as to the effect of the Mergers on the Target Funds, the Acquiring Fund, or any Target Fund shareholder with respect to any transferred asset as to which any unrealized gain or loss is required to be recognized for federal income tax purposes at the end of a taxable year (or on the termination or transfer thereof) under a mark-to-market system of accounting. A copy of the opinion will be filed with the SEC and will be available for public inspection. See

Where to Find Additional Information.

Opinions of counsel are not binding upon the IRS or the courts. If a Merger is consummated but the IRS or the courts determine that the Merger does not qualify as a tax-free reorganization under the Code, and thus is taxable, the Target Fund would recognize gain or loss on the transfer of its assets to the Acquiring Fund and each shareholder of the Target Fund would recognize a taxable gain or loss equal to the difference between its tax basis in its Target Fund shares and the fair market value of the shares of the Acquiring Fund it receives. The failure of one Merger to qualify as a tax-free reorganization would not adversely affect any other Merger.

Prior to the closing of each Merger, each Target Fund will declare one or more dividends, and the Acquiring Fund may, but is not required to, declare a dividend, payable at or near the time of closing to their respective shareholders to the extent necessary to avoid entity level tax or as otherwise deemed desirable. Such distributions, if made, are anticipated to be made in the 2012 calendar year and, to the extent a distribution is not an exempt-interest dividend (as defined in the Code), the distribution may be taxable to shareholders in such year for federal income tax purposes. It is anticipated that Fund distributions will be primarily dividends that are exempt from regular federal income tax, although a portion of such dividends may be taxable to shareholders as ordinary income or capital gains. Any such final distribution paid to Common Shareholders by a Target Fund will be made in cash and not reinvested in additional Common Shares of the Target Fund. See the discussion under Description of Securities to be Issued Dividend Reinvestment Plan for further information.

Table of Contents

The tax attributes, including capital loss carryovers, of the Target Funds move to the Acquiring Fund in the Mergers. The capital loss carryovers of the Target Funds and the Acquiring Fund are available to offset future gains recognized by the combined Fund, subject to limitations under the Code. Where these limitations apply, all or a portion of a Fund's capital loss carryovers may become unavailable, the effect of which may be to accelerate the recognition of taxable gain to the combined Fund and its shareholders post-Closing. First, the capital loss carryovers of each Fund that experiences a more than 50% ownership change in a Merger (e.g., in a reorganization of two Funds, the smaller Fund), increased by any current year loss or decreased by any current year gain, together with any net unrealized depreciation in the value of its portfolio investments (collectively, its aggregate capital loss carryovers), are expected to become subject to an annual limitation. Losses in excess of that limitation may be carried forward to succeeding tax years, subject, in the case of net capital losses that arise in taxable years beginning on or before December 22, 2010 as discussed below, to an overall eight-year carryover period. The annual limitation will generally equal the net asset value of a Fund on the Closing Date multiplied by the long-term tax-exempt rate published by the IRS. In the case of a Fund with net unrealized built-in gains at the time of Closing of a Merger (i.e., unrealized appreciation in value of the Fund's investments), the annual limitation for a taxable year will be increased by the amount of such built-in gains that are recognized in the taxable year. Second, if a Fund has built-in gains at the time of Closing that are realized by the combined Fund in the five-year period following a Merger, such built-in gains, when realized, may not be offset by the losses (including any capital loss carryovers and built-in losses) of another Fund. Third, the capital losses of a Target Fund that may be used by the Acquiring Fund (including to offset any built-in gains of a Target Fund itself) for the first taxable year ending after the Closing Date will be limited to an amount equal to the capital gain net income of the Acquiring Fund for such taxable year (excluding capital loss carryovers) treated as realized post-Closing based on the number of days remaining in such year. Fourth, a Merger may result in an earlier expiration of a Fund's capital loss carryovers because a Merger may cause a Target Fund's tax year to close early in the year of the Merger.

The Regulated Investment Company Modernization Act of 2010 eliminated the eight-year carryover period for capital losses that arise in taxable years beginning after its enactment date (December 22, 2010) for regulated investment companies regardless of whether such regulated investment company is a party to a reorganization. Consequently, these capital losses can be carried forward indefinitely. However, capital losses incurred in pre-enactment taxable years may not be used to offset capital gains until all net capital losses arising in post-enactment taxable years have been utilized. As a result, some net capital loss carryovers incurred in pre-enactment taxable years which otherwise would have been utilized under prior law may expire.

The aggregate capital loss carryovers of the Funds and the approximate annual limitation on the use by the Acquiring Fund, post-Closing, of each Fund's aggregate capital loss carryovers following the Mergers are as follows:

	IIC [Target Fund] (000,000s)	IQC [Target Fund] (000,000s)	ICS [Target Fund] (000,000s)	VCV [Acquiring Fund] (000,000s)
	at 2/29/2012	at 2/29/2012	at 2/29/2012	at 2/29/2012
Aggregate Capital Loss Carryovers on a Tax Basis	(\$2.3)	(\$12.9)	(\$0.5)	(\$71.8)
Unrealized Net Appreciation (Depreciation) in Investments on a Tax Basis	\$ 16.2	\$ 12.8	\$ 4.3	\$ 29.3
Aggregate Net Asset Value	\$ 167.3	\$ 129.1	\$ 52.7	\$ 293.0
Approximate Annual Limitation (1)	\$ 5.5	\$ 4.2	\$ 1.7	\$ 9.6

(1) Based on the long-term tax-exempt rate for ownership changes during May 2012 of 3.26%.

Based upon each Target Fund's capital loss position at February 29, 2012, the annual limitations on the use of each Target Fund's aggregate capital loss carryovers may not prevent the combined Fund from utilizing such losses, albeit over a period of time. Based upon the Acquiring Fund's capital loss position at February 29, 2012, the annual limitation on the use of the Acquiring Fund's aggregate capital loss carryovers will likely limit the use of such losses by the Acquiring Fund, post-Closing, to offset capital gains, if any, it realizes. The effect of these annual limitations may be to cause the combined Fund, post-Closing, to distribute more capital gains in a taxable year than

Table of Contents

might otherwise have been the case if no such limitation had applied. The ability of the Acquiring Fund to absorb its own aggregate capital loss carryovers and those of the Target Funds post-Closing depends upon a variety of factors that cannot be known in advance. For more information with respect to each Fund's capital loss carryovers, please refer to the Fund's shareholder report.

Shareholders of a Target Fund will receive a proportionate share of any taxable income and gains realized by the Acquiring Fund and not distributed to its shareholders prior to the Merger when such income and gains are eventually distributed by the Acquiring Fund. As a result, shareholders of a Target Fund may receive a greater amount of taxable distributions than they would have had the Merger not occurred. In addition, if the Acquiring Fund following the Mergers has proportionately greater unrealized appreciation in its portfolio investments as a percentage of its net asset value than a Target Fund, shareholders of the Target Fund, post-Closing, may receive greater amounts of taxable gain as such portfolio investments are sold than they otherwise might have if the Mergers had not occurred. At February 29, 2012, the unrealized appreciation (depreciation) in value of the portfolio investments of each Target Fund on a tax basis as a percentage of its net asset value is 10% for IIC, 10% for IQC, and 8% for ICS, compared to that of the Acquiring Fund of 10%, and 10% on a combined basis.

After the Mergers, shareholders will continue to be responsible for tracking the adjusted tax basis and holding period of their shares for federal income tax purposes.

Costs of the Mergers

The estimated total costs of the Merger for each Fund, as well as the estimated proxy solicitation costs for each Fund (which are part of the total Merger costs), are set forth in the table below.

	Estimated Proxy Solicitation Costs	Estimated Merger Costs (includes Proxy Solicitation)	Estimated Portion of Merger Costs to be Paid by the Funds
IIC	\$ 10,000	\$ 140,000	\$ 0
IQC	\$ 10,000	\$ 140,000	\$ 0
ICS	\$ 10,000	\$ 130,000	\$ 0
Acquiring Fund (VCV)	\$ 20,000	\$ 110,000	\$ 0

The Adviser will bear all Merger costs. The costs of the Mergers include legal counsel fees, independent accountant fees, expenses related to the printing and mailing of this Proxy Statement, listing fees for additional shares on the Exchanges, and fees associated with the proxy solicitation. Each Fund bears the cost of its annual meeting.

Capitalization

The following table sets forth as of February 29, 2012 each Fund's total net assets, number of shares outstanding of each class, and net asset value per Common Share, and the number of shares outstanding of the Preferred Shares of each Fund. This information is generally referred to as the capitalization of a Fund. The term *pro forma* capitalization means the expected capitalization of the Acquiring Fund after the Mergers. The table shows *pro forma* capitalization giving effect to the proposed Mergers. The capitalizations of the Funds are likely to be different on the Closing Date as a result of daily market activity.

Table of Contents

						Acquiring Fund <i>pro forma</i> (assumes all of the Mergers are
	IIC	IQC	ICS	Acquiring Fund (VCV)	<i>Pro</i> Forma	Adjustments completed)
Net assets	\$ 167,342,758	\$ 129,094,753	\$ 52,673,929	\$ 293,012,026	\$	0 ₁ \$ 642,123,466
Common Shares Outstanding	10,467,280	8,787,478	3,399,956	22,142,812	3,734,188 ₁	48,531,714
Common Share NAV Per Share	\$ 15.99	\$ 14.69	\$ 15.49	\$ 13.23	\$	13.23
Preferred Shares Outstanding	828	618		4,640		6,086

¹ *Pro forma* shares outstanding have been adjusted for the accumulated change in the number of shares of each Target Fund's shareholder accounts based on the relative net asset value per Common Share of each Target Fund and the Acquiring Fund.

As of the time of the Mergers (by which time each Fund will have been reorganized as a Delaware statutory trust, as discussed in Proposal 1), each Fund will be authorized to issue an unlimited number of preferred shares of beneficial interest (Acquiring Fund, IIC, and IQC only) and an unlimited number of common shares of beneficial interest, and no Fund will hold any of its shares for its own account.

Where to Find More Information

The SAI contains further information on the Funds, including their investment policies, strategies and risks. Additional information is available in each Fund's shareholder reports.

**THE BOARDS RECOMMEND THAT YOU VOTE FOR THE APPROVAL OF PROPOSAL 2.
PROPOSAL 3: ELECTION OF TRUSTEES BY THE TARGET FUNDS**

At the Meeting, Common Shareholders and Preferred Shareholders of the Target Funds, voting together as a single class, will vote on the election of the following six nominees for election as Trustees: James T. Bunch, Bruce L. Crockett, Rodney F. Dammeyer, Jack M. Fields, Martin L. Flanagan and Carl Frischling. All nominees have consented to being named in this Proxy Statement and have agreed to serve if elected.

The group of Trustees standing for election in any given year is the same for each Target Fund. The following table indicates the Trustees in each such group and the period for which each group currently serves:

Group I*

Albert R. Dowden
Prema Mathai-Davis
Hugo F. Sonnenschein
Raymond Stickel, Jr.

Group II**

David C. Arch
Frank S. Bayley
Larry Soll
Philip A. Taylor
Wayne W. Whalen

Group III***

James T. Bunch
Bruce L. Crockett
Rodney F. Dammeyer
Jack M. Fields
Martin L. Flanagan
Carl Frischling

* Currently serving until the year 2013 Annual Meeting or until their successors have been duly elected and qualified.

** Currently serving until the year 2014 Annual Meeting or until their successors have been duly elected and qualified.

*** If elected, to serve until the year 2015 Annual Meeting or until their successors have been duly elected and qualified.

If elected, each nominee will serve until the later of the Target Funds' annual meeting of shareholders in 2015 or until his or her successor has been duly elected and qualified, or his or her earlier retirement, resignation or removal. As in the past, only one class of Trustees is being submitted to shareholders of each Target Fund for election at the Meeting. The Declaration of Trust of each Target Fund provides that the Board shall be divided into three classes, which must be as nearly equal in number as possible. For each Target Fund, the Trustees of only one

Table of Contents

class are elected at each annual meeting, so that the regular term of only one class of Trustees will expire annually and any particular Trustee stands for election only once in each three-year period. This type of classification may prevent replacement of a majority of Trustees of a Target Fund for up to a two-year period. The foregoing is subject to the provisions of the 1940 Act, applicable state law, each Target Fund's Declaration of Trust, and each Target Fund's Bylaws.

Prema Mathai-Davis and Frank S. Bayley, who are not standing for election at the Meeting, have been designated to be elected solely by the holders of the Preferred Shares of the applicable Target Fund.

The business and affairs of the Target Funds are managed under the direction of their Boards of Trustees. Below is information on the Trustees' qualifications and experience.

Interested Trustees.

Martin L. Flanagan. Mr. Flanagan is president and chief executive officer of Invesco Ltd., a position he has held since August 2005. He is also a member of the Board of Directors of Invesco Ltd. Mr. Flanagan joined Invesco Ltd. from Franklin Resources, Inc., where he was president and co-chief executive officer from January 2004 to July 2005. Previously he had been Franklin's co-president from May 2003 to January 2004, chief operating officer and chief financial officer from November 1999 to May 2003, and senior vice president and chief financial officer from 1993 until November 1999. Mr. Flanagan served as director, executive vice president and chief operating officer of Templeton, Galbraith & Hansberger, Ltd. before its acquisition by Franklin in 1992. Before joining Templeton in 1983, he worked with Arthur Anderson & Co. Mr. Flanagan is a chartered financial analyst and a certified public accountant. He serves as vice chairman of the Investment Company Institute and is a member of the executive board at the SMU Cox School of Business. The Board believes that Mr. Flanagan's long experience as an executive in the investment management area benefits the Target Funds.

Philip A. Taylor. Mr. Taylor has been the head of Invesco's North American retail business as Senior Managing Director since April 2006. He previously served as chief executive officer of Invesco Trimark Investments since January 2002. Mr. Taylor joined Invesco in 1999 as senior vice president of operations and client services and later became executive vice president and chief operating officer. Mr. Taylor was president of Canadian retail broker Investors Group Securities from 1994 to 1997 and managing partner of Meridian Securities, an execution and clearing broker, from 1989 to 1994. He held various management positions with Royal Trust, now part of Royal Bank of Canada, from 1982 to 1989. He began his career in consumer brand management in the U.S. and Canada with Richardson-Vicks, now part of Procter & Gamble. The Board believes that Mr. Taylor's long experience in the investment management business benefits the Target Funds.

Wayne W. Whalen. Mr. Whalen is Of Counsel and, prior to 2010, was a partner in the law firm of Skadden, Arps, Slate, Meagher & Flom LLP. Mr. Whalen is a Director of the Abraham Lincoln Presidential Library Foundation. From 1995 to 2010, Mr. Whalen served as Director and Trustee of investment companies in the Van Kampen Funds complex. The Board believes that Mr. Whalen's experience as a law firm partner and his experience as a director of investment companies benefits the Target Funds.

Independent Trustees.

David C. Arch. Currently, Mr. Arch is the Chairman and Chief Executive Officer of Blistex, Inc., a consumer health care products manufacturer. Mr. Arch is a member of the Heartland Alliance Advisory Board, a nonprofit organization serving human needs based in Chicago and member of the Board of the Illinois Manufacturers Association. Mr. Arch is also a member of the Board of Visitors, Institute for the Humanities, University of Michigan. From 1984 to 2010, Mr. Arch served as Director or Trustee of investment companies in the Van Kampen Funds complex. The Board believes that Mr. Arch's experience as the CEO of a public company and his experience with investment companies benefits the Target Funds.

Frank S. Bayley. Mr. Bayley is a business consultant in San Francisco. He is Chairman and a Director of the C. D. Stimson Company, a private investment company in Seattle. Mr. Bayley serves as a Trustee of the Seattle Art Museum, a Trustee of San Francisco Performances, and a Trustee and Overseer of The Curtis Institute of Music in Philadelphia. He also serves on the East Asian Art Committee of the Philadelphia Museum of Art and the Visiting Committee for Art of Asia, Oceania and Africa of the Museum of Fine Arts, Boston. Mr. Bayley is a retired partner

Table of Contents

of the international law firm of Baker & McKenzie LLP, where his practice focused on business acquisitions and venture capital transactions. Prior to joining Baker & McKenzie LLP in 1986, he was a partner of the San Francisco law firm of Chickering & Gregory. He received his A.B. from Harvard College in 1961, his LL.B. from Harvard Law School in 1964, and his LL.M. from Boalt Hall at the University of California, Berkeley, in 1965. Mr. Bayley served as a Trustee of the Badgley Funds from inception in 1998 until dissolution in 2007. The Board believes that Mr. Bayley's experience as a business consultant and a lawyer benefits the Target Funds.

James T. Bunch. From 1988 to 2010, Mr. Bunch was Founding Partner of Green Manning & Bunch, Ltd., a leading investment banking firm located in Denver, Colorado. Green Manning & Bunch is a FINRA-registered investment bank specializing in mergers and acquisitions, private financing of middle-market companies and corporate finance advisory services. Immediately prior to forming Green Manning & Bunch, Mr. Bunch was Executive Vice President, General Counsel, and a Director of Boettcher & Company, then the leading investment banking firm in the Rocky Mountain region. Mr. Bunch began his professional career as a practicing attorney. He joined the prominent Denver-based law firm of Davis Graham & Stubbs in 1970 and later rose to the position of Chairman and Managing Partner of the firm. At various other times during his career, Mr. Bunch has served as Chair of the NASD Business District Conduct Committee, and Chair of the Colorado Bar Association Ethics Committee. In June 2010, Mr. Bunch became the Managing Member of Grumman Hill Group LLC, a family office private equity investment manager. The Board believes that Mr. Bunch's experience as an investment banker and investment management lawyer benefits the Target Funds.

Bruce L. Crockett. Mr. Crockett has more than 30 years of experience in finance and general management in the banking, aerospace and telecommunications industries. From 1992 to 1996, he served as president, chief executive officer and a director of COMSAT Corporation, an international satellite and wireless telecommunications company. Mr. Crockett has also served, since 1996, as chairman of Crockett Technologies Associates, a strategic consulting firm that provides services to the information technology and communications industries. Mr. Crockett also serves on the Board of Directors of ACE Limited, a Zurich-based insurance company. He is a life trustee of the University of Rochester Board of Directors. The Board elected Mr. Crockett to serve as its Independent Chair because of his extensive experience in managing public companies and familiarity with investment companies.

Rodney F. Dammeyer. Since 2001, Mr. Dammeyer has been Chairman of CAC, LLC, a private company offering capital investment and management advisory services. Previously, Mr. Dammeyer served as Managing Partner at Equity Group Corporate Investments; Chief Executive Officer of Anixter International; Senior Vice President and Chief Financial Officer of Household International, Inc.; and Executive Vice President and Chief Financial Officer of Northwest Industries, Inc. Mr. Dammeyer was a Partner of Arthur Andersen & Co., an international accounting firm. Mr. Dammeyer currently serves as a Director of Quidel Corporation and Stericycle, Inc. Previously, Mr. Dammeyer served as a Trustee of The Scripps Research Institute; and a Director of Ventana Medical Systems, Inc.; GATX Corporation; TheraSense, Inc.; TeleTech Holdings Inc.; and Arris Group, Inc. From 1987 to 2010, Mr. Dammeyer served as Director or Trustee of investment companies in the Van Kampen Funds complex. The Board believes that Mr. Dammeyer's experience in executive positions at a number of public companies, his accounting experience and his experience serving as a director of investment companies benefits the Target Funds.

Albert R. Dowden. Mr. Dowden retired at the end of 1998 after a 24-year career with Volvo Group North America, Inc. and Volvo Cars of North America, Inc. Mr. Dowden joined Volvo as general counsel in 1974 and was promoted to increasingly senior positions until 1991 when he was appointed president, chief executive officer and director of Volvo Group North America and senior vice president of Swedish parent company AB Volvo. Since retiring, Mr. Dowden continues to serve on the board of the Reich & Tang Funds and also serves on the boards of Homeowners of America Insurance Company and its parent company, as well as Nature's Sunshine Products, Inc. and The Boss Group. Mr. Dowden's charitable endeavors currently focus on Boys & Girls Clubs where he has been active for many years, as well as several other not-for-profit organizations. Mr. Dowden began his career as an attorney with a major international law firm, Rogers & Wells (1967-1976), which is now Clifford Chance. The Board believes that Mr. Dowden's extensive experience as a corporate executive benefits the Target Funds.

Jack M. Fields. Mr. Fields served as a member of Congress, representing the 8th Congressional District of Texas from 1980 to 1997. As a member of Congress, Mr. Fields served as Chairman of the House Telecommunications and

Finance Subcommittee, which has jurisdiction and oversight of the Federal Communications Commission and the Securities and Exchange Commission. Mr. Fields co-sponsored the National

Table of Contents

Securities Markets Improvements Act of 1996, and played a leadership role in enactment of the Private Securities Litigation Reform Act of 1995. Mr. Fields currently serves as Chief Executive Officer of the Twenty-First Century Group in Washington, D.C., a bipartisan Washington consulting firm specializing in Federal government affairs. Mr. Fields also serves as a Director of Insperty (formerly known as Administaff) (NYSE: ASF), a premier professional employer organization with clients nationwide. In addition, Mr. Fields sits on the Board of the Discovery Channel Global Education Fund, a nonprofit organization dedicated to providing educational resources to people in need around the world through the use of technology. The Board believes that Mr. Fields' experience in the House of Representatives, especially concerning regulation of the securities markets, benefits the Target Funds.

Carl Frischling. Mr. Frischling is senior partner of the Financial Services Group of Kramer Levin. He is a pioneer in the field of bank-related mutual funds and has counseled clients in developing and structuring comprehensive mutual fund complexes. Mr. Frischling also advises mutual funds and their independent trustees/directors on their fiduciary obligations under federal securities laws. Prior to his practicing law, he was chief administrative officer and general counsel of a large mutual fund complex that included a retail and institutional sales force, investment counseling and an internal transfer agent. During his ten years with the organization, he developed business expertise in a number of areas within the financial services complex. He served on the Investment Company Institute board and was involved in ongoing matters with all of the regulatory areas overseeing this industry. Mr. Frischling is a board member of the Mutual Fund Directors Forum. He also serves as a Trustee of the Reich & Tang Funds, a registered investment company. Mr. Frischling serves as a Trustee of the Yorkville Youth Athletic Association and is a member of the Advisory Board of Columbia University Medical Center. The Board believes that Mr. Frischling's experience as an investment management lawyer and his long involvement with investment companies benefits the Target Funds.

Dr. Prema Mathai-Davis. Prior to her retirement in 2000, Dr. Mathai-Davis served as Chief Executive Officer of the YWCA of the USA. Prior to joining the YWCA, Dr. Mathai-Davis served as the Commissioner of the New York City Department for the Aging. She was a Commissioner of the New York Metropolitan Transportation Authority of New York, the largest regional transportation network in the U.S. Dr. Mathai-Davis also serves as a Trustee of the YWCA Retirement Fund, the first and oldest pension fund for women, and on the advisory board of the Johns Hopkins Bioethics Institute. Dr. Mathai-Davis was the president and chief executive officer of the Community Agency for Senior Citizens, a non-profit social service agency that she established in 1981. She also directed the Mt. Sinai School of Medicine-Hunter College Long-Term Care Gerontology Center, one of the first of its kind. The Board believes that Dr. Mathai-Davis' extensive experience in running public and charitable institutions benefits the Target Funds.

Dr. Larry Soll. Formerly, Dr. Soll was chairman of the board (1987 to 1994), chief executive officer (1982 to 1989; 1993 to 1994), and president (1982 to 1989) of Synergen Corp., a biotechnology company, in Boulder, Colorado. He was also a faculty member at the University of Colorado (1974-1980). The Board believes that Dr. Soll's experience as a chairman of a public company and in academia benefits the Target Funds.

Hugo F. Sonnenschein. Mr. Sonnenschein is the Distinguished Service Professor and President Emeritus of the University of Chicago and the Adam Smith Distinguished Service Professor in the Department of Economics at the University of Chicago. Until July 2000, Mr. Sonnenschein served as President of the University of Chicago. Mr. Sonnenschein is a Trustee of the University of Rochester and a member of its investment committee. He is also a member of the National Academy of Sciences and the American Philosophical Society, and a Fellow of the American Academy of Arts and Sciences. From 1994 to 2010, Mr. Sonnenschein served as Director or Trustee of investment companies in the Van Kampen Funds complex. The Board believes that Mr. Sonnenschein's experiences in academia and in running a university, and his experience as a director of investment companies benefits the Target Funds.

Raymond Stickel, Jr. Mr. Stickel retired after a 35-year career with Deloitte & Touche. For the last five years of his career, he was the managing partner of the investment management practice for the New York, New Jersey and Connecticut region. In addition to his management role, he directed audit and tax services to several mutual fund clients. Mr. Stickel began his career with Touche Ross & Co. in Dayton, Ohio, became a partner in 1976 and managing partner of the office in 1985. He also started and developed an investment management practice in the Dayton office that grew to become a significant source of investment management talent for Touche Ross & Co. In Ohio, he served as the audit partner on numerous mutual funds and on public and privately held companies in other

industries. Mr. Stickel has also served on Touche Ross & Co.'s Accounting and Auditing Executive

Table of Contents

Committee. The Board believes that Mr. Stickel's experience as a partner in a large accounting firm working with investment managers and investment companies, and his status as an Audit Committee Financial Expert, benefits the Target Funds.

Additional Biographical information regarding the Trustees of the Target Funds can be found in Exhibit F. Information on the Boards' leadership structure, role in risk oversight, and committees and meetings can be found in Exhibit G. Information on the remuneration of Trustees can be found in Exhibit H. Information on the executive officers of the Funds is available in Exhibit E. Information on the Funds' independent registered public accounting firm is available in Exhibit I.

**THE BOARDS OF THE TARGET FUNDS RECOMMEND A VOTE FOR ALL OF THE NOMINEES.
PROPOSAL 4: ELECTION OF TRUSTEES BY THE ACQUIRING FUND**

At the Meeting, Common Shareholders and Preferred Shareholders of the Acquiring Fund, voting together as a single class, will vote to elect three Class I Trustees (David C. Arch, Jerry D. Choate and Suzanne H. Woolsey are the nominees).

If elected, each nominee will serve until the later of the Acquiring Fund's annual meeting of shareholders in 2015 or until his or her successor has been duly elected and qualified, or his or her earlier retirement, resignation or removal. As in the past, only one class of Trustees is being submitted to shareholders of the Acquiring Fund for election at the Meeting. The Declaration of Trust of the Acquiring Fund provides that the Board shall be divided into three classes, which must be as nearly equal in number as possible. For the Acquiring Fund, the Trustees of only one class are elected at each annual meeting, so that the regular term of only one class of Trustees will expire annually and any particular Trustee stands for election only once in each three-year period. This type of classification may prevent replacement of a majority of Trustees of the Acquiring Fund for up to a two-year period. The foregoing is subject to the provisions of the 1940 Act, applicable state law, the Acquiring Fund's Declaration of Trust, and the Acquiring Fund's Bylaws.

The Trustees who make up the various classes of the Board of the Acquiring Fund are shown in the chart below:

Class I	Class II	Class III
David C. Arch	Wayne W. Whalen	Colin D. Meadows
Jerry D. Choate	Rodney Dammeyer (2)	R. Craig Kennedy
Howard J Kerr (2)	Linda Hutton Heagy (1)	Jack E. Nelson (2)
Suzanne H. Woolsey, Ph.D.		Hugo F. Sonnenschein (1)

- (1) Linda Hutton Heagy and Hugo F. Sonnenschein are designated to be elected solely by the Preferred Shareholders voting as a separate class.
- (2) Pursuant to the Acquiring Fund's Trustee retirement policy, Howard J Kerr and Jack E. Nelson are retiring from the Board effective as of the Meeting. Rodney Dammeyer is not standing for reelection with respect to certain funds overseen by a Board comprised of the same individuals as the Acquiring Fund's Board for which his term of office expires in 2012. Therefore, Mr. Dammeyer is also stepping down from the Board of the Acquiring Fund effective as of the Meeting. The Acquiring Fund's Board has reduced the size of the Board to eight Trustees effective as of the Meeting.

The business and affairs of the Acquiring Fund are managed under the direction of its Board of Trustees. The management of the Acquiring Fund seeks to provide investors with disciplined investment teams, a research-driven culture, careful long-term perspective, and a legacy of experience. Consistent with these goals, the Board overseeing the Acquiring Fund seeks to provide shareholders with a highly qualified, highly capable and diverse group of Board members reflecting the diversity of investor interests underlying the Acquiring Fund and with a diversity of backgrounds, experience and skills that the Board considers desirable and necessary to its primary goal—protecting and promoting shareholders' interests. While the Board does not require that its members meet

Table of Contents

specific qualifications, the Board has historically sought to recruit and continues to value individual Board members that add to the overall diversity of the Board the objective is to bring varied backgrounds, experience and skills reflective of the wide range of the shareholder base and provide both contrasting and complementary skills relative to the other Board members to best protect and promote shareholders interests. Board diversity means bringing together different viewpoints, professional experience, investment experience, education, and other skills. As can be seen in the individual biographies below, the Board brings together a wide variety of business experience (including chairman/chief executive officer-level and director-level experience, including board committee experience, of several different types of organizations); varied public and private investment-related experience; not-for-profit experience; customer service and other back office operations experience; a wide variety of accounting, finance, legal, and marketing experience; academic experience; consulting experience; and government, political and military service experience. All of this experience together results in important leadership and management knowledge, skills and perspective that provide the Board understanding and insight into the operations of the Acquiring Fund and add range and depth to the Board. As part of its governance oversight, the Board conducts an annual self-effectiveness survey which includes, among other things, evaluating the Board s (and each committee s) agendas, meetings and materials, conduct of the meetings, committee structures, interaction with management, strategic planning, etc., and also includes evaluating the Board s (and each committee s) size, composition, qualifications (including diversity of characteristics, experience and subject matter expertise) and overall performance.

The Board evaluates all of the foregoing and does not believe any single factor or group of factors controls or dominates the qualifications of any individual trustee or the qualifications of the trustees as a group. After considering all factors together, the Board believes that each Trustee is qualified to serve as a Trustee.

Independent Trustees.

David C. Arch. Mr. Arch has been a member of the Board of one or more funds in the Invesco fund complex since 1988. The Board believes that Mr. Arch s experience as the chairman and chief executive officer of a public company and as a member of the board of several organizations, his service as a Trustee of funds in the Invesco fund complex and his experience as a director of other investment companies benefits the Acquiring Fund.

Jerry D. Choate. Mr. Choate has been a member of the Board of one or more funds in the Invesco fund complex since 2003. The Board believes that Mr. Choate s experience as the chairman and chief executive officer of a public company and a director of several public companies, his service as a Trustee of funds in the Invesco fund complex and his experience as a director of other investment companies benefits the Acquiring Fund.

Rodney F. Dammeyer. Mr. Dammeyer has been a member of the Board of one or more funds in the Invesco fund complex since 1988. The Board believes that Mr. Dammeyer s experience in executive positions at a number of public companies and as a director of several public companies, his accounting experience, his service as a Trustee of funds in the Invesco fund complex and his experience serving as a director of other investment companies benefits the Funds. Mr. Dammeyer is not standing for reelection with respect to certain funds overseen by the Invesco Van Kampen Board for which his term of office expires in 2012. Therefore, Mr. Dammeyer is also stepping down from the Board of the Acquiring Fund effective as of the Meeting.

Linda Hutton Heagy. Ms. Heagy has been a member of the Board of one or more funds in the Invesco fund complex since 2003. The Board believes that Ms. Heagy s experience in executive positions at a number of bank and trust companies and as a member of the board of several organizations, her service as a Trustee of funds in the Invesco fund complex and her experience serving as a director of other investment companies benefits the Acquiring Fund.

R. Craig Kennedy. Mr. Kennedy has been a member of the Board of one or more funds in the Invesco fund complex since 2003. The Board believes that Mr. Kennedy s experience in executive positions at a number of foundations, his investment experience, his service as a Trustee of funds in the Invesco fund complex and his experience serving as a director of other investment companies benefits the Acquiring Fund.

Howard J Kerr. Mr. Kerr has been a member of the Board of one or more funds in the Invesco fund complex since 1992. The Board believes that Mr. Kerr s experience in executive positions at a number of companies, his experience in public service, his service as a Trustee of funds in the Invesco fund complex and his

Table of Contents

experience serving as a director of other investment companies benefits the Acquiring Fund. Pursuant to the Board's Trustee retirement policy, Mr. Kerr is retiring from the Board effective as of the Meeting.

Jack E. Nelson. Mr. Nelson has been a member of the Board of one or more funds in the Invesco fund complex since 2003. The Board believes that Mr. Nelson's experience in executive positions at a number of companies and as a member of several financial and investment industry organizations, his service as a Trustee of funds in the Invesco fund complex and his experience serving as a director of other investment companies benefits the Acquiring Fund. Pursuant to the Board's Trustee retirement policy, Mr. Nelson is retiring from the Board effective as of the Meeting.

Hugo F. Sonnenschein. Mr. Sonnenschein has been a member of the Board of one or more funds in the Invesco fund complex since 1994. The Board believes that Mr. Sonnenschein's academic experience, his economic expertise, his experience as a member of the board of several organizations, his service as a Trustee of funds in the Invesco fund complex and his experience as a director of other investment companies benefits the Acquiring Fund.

Suzanne H. Woolsey. Ms. Woolsey has been a member of the Board of one or more funds in the Invesco fund complex since 2003. The Board believes that Ms. Woolsey's experience as a director of numerous organizations, her service as a Trustee of funds in the Invesco fund complex and her experience as a director of other investment companies benefits the Acquiring Fund.

Interested Trustees.

Colin D. Meadows. Mr. Meadows has been a member of the Board of one or more funds in the Invesco fund complex since 2010. The Board believes that Mr. Meadows' financial services and asset management experience benefits the Acquiring Fund.

Wayne W. Whalen. Mr. Whalen has been a member of the Board of one or more funds in the Invesco fund complex since 1988. The Board believes that Mr. Whalen's legal experience, his service as a Trustee of funds in the Invesco fund complex and his experience as a director of other investment companies benefits the Acquiring Fund.

Additional biographical information regarding the Trustees can be found in Exhibit J. Information on the Boards' leadership structure, role in risk oversight, and committees and meetings can be found in Exhibit K. Information on the remuneration of Trustees can be found in Exhibit L. Information on the executive officers of the Funds is available in Exhibit E. Information on the Funds' independent registered public accounting firm is available in Exhibit I.

THE BOARD OF THE ACQUIRING FUND RECOMMENDS A VOTE FOR ALL OF THE NOMINEES. VOTING INFORMATION

How to Vote Your Shares

There are several ways you can vote your shares, including in person at the Meeting, by mail, by telephone, or via the Internet. The proxy card that accompanies this Proxy Statement provides detailed instructions on how you may vote your shares.

If you properly fill in and sign your proxy card and send it to us in time to vote at the Meeting, your proxy (the individuals named on your proxy card) will vote your shares as you have directed. If you sign your proxy card but do not make specific choices, your proxy will vote your shares **FOR** each Proposal and **FOR ALL** of the Trustee nominees, in accordance with the recommendations of the Board of your Fund, and in the proxy's best judgment on other matters.

Why are you sending me the Proxy Statement?

You are receiving this Proxy Statement because you own Common Shares of a Fund as of the Record Date and have the right to vote on the very important proposals described herein concerning your Fund. This Proxy

Table of Contents

Statement contains information that shareholders of the Funds should know before voting on the proposals. This document is both a proxy statement of each Fund and also a prospectus for Common Shares of the Acquiring Fund.

About the Proxy Statement and the Meeting

We are sending you this Proxy Statement and the enclosed proxy card because the Board is soliciting your proxy to vote at the Meeting and at any adjournments or postponements of the Meeting. This Proxy Statement gives you information about the business to be conducted at the Meeting. Fund shareholders may vote by appearing in person at the Meeting and following the instructions below. You do not need to attend the Meeting to vote, however. Instead, you may simply complete, sign, and return the enclosed proxy card or vote by following the instructions on the enclosed proxy card to vote via telephone or the Internet.

Shareholders of record of the Funds as of the close of business on the Record Date are entitled to vote at the Meeting. The number of outstanding shares of each class of each Fund on [the Record Date] can be found at Exhibit M. Each shareholder is entitled to one vote for each full share held and a proportionate fractional vote for each fractional share held. The Funds expect that Preferred Shares will also be voted at the Meeting. This Proxy Statement is not a solicitation for any votes of the Preferred Shares of any Fund.

Attendance at the Meeting is generally limited to shareholders and their authorized representatives. All shareholders must bring an acceptable form of identification, such as a driver's license, in order to attend the Meeting in person. If your shares are held through a broker-dealer or other financial intermediary you will need to obtain a legal proxy from them in order to attend or vote your shares at the Meeting.

Proxies will have the authority to vote and act on behalf of shareholders at any adjournment of the Meeting. It is the intention of the persons named in the enclosed proxy card to vote the shares represented by them for each proposal and for all of the Trustee nominees, unless the proxy card is marked otherwise. If a shareholder gives a proxy, the shareholder may revoke the authorization at any time before it is exercised by sending in another proxy card with a later date or by notifying the Secretary of the Fund in writing at the address of the Fund set forth on the cover page of this Proxy Statement before the Meeting that the shareholder has revoked its proxy. In addition, although merely attending the Meeting will not revoke your proxy, if a shareholder is present at the Meeting, the shareholder may withdraw the proxy and vote in person.

Quorum Requirement and Adjournment

A quorum of shareholders is necessary to hold a valid shareholder meeting of each Fund. Under the governing documents of each Target Fund, the holders of a majority of the Target Fund's shares issued and outstanding and entitled to vote thereat, present in person or represented by proxy, shall be requisite and shall constitute a quorum for the transaction of business. Under the governing documents of the Acquiring Fund, the holders of a majority of outstanding shares of each class or series or combined class entitled to vote thereat of the Acquiring Fund present in person or by proxy shall constitute a quorum at the Meeting.

For the Target Funds, if a quorum is not present at the Meeting, the chairman of the Meeting or the shareholders present or represented by proxy and entitled to vote at the Meeting shall have the power to adjourn the Meeting from time to time. The shareholders present in person or represented by proxy at the Meeting and entitled to vote at the Meeting also shall have the power to adjourn the Meeting from time to time if the vote required to approve or reject any proposal described herein is not obtained (with proxies being voted for or against adjournment consistent with the votes for and against the proposal for which the required vote has not been obtained). The affirmative vote of the holders of a majority of a Target Fund's shares then present in person or represented by proxy shall be required to adjourn the Meeting.

For the Acquiring Fund, if a quorum is not present at the Meeting, it may be adjourned, with the vote of the majority of the votes present or represented by proxy, to allow additional solicitations of proxies in order to attain a quorum. The shareholders present in person or represented by proxy and entitled to vote at the Meeting will also have the power to adjourn the Meeting from time to time if the vote required to approve or reject any proposal described herein is not obtained, with proxies, including abstentions and broker non-votes, being voted for adjournment, provided the proxies determine that such an adjournment and additional solicitation is reasonable and in the interest of shareholders based on a consideration of all relevant factors, including the nature of the relevant

Table of Contents

proposal, the percentage of votes then cast, the percentage of negative votes then cast, the nature of the proposed solicitation activities and the nature of the reasons for such further solicitation. The affirmative vote of the holders of a majority of the Acquiring Fund's shares then present in person or represented by proxy shall be required to so adjourn the Meeting.

In the event that a shareholder of a Fund present at the Meeting objects to the holding of a joint meeting and moves for an adjournment of the meeting of such Fund to a time immediately after the Meeting so that such Fund's meeting may be held separately, the persons named as proxies will vote in favor of such adjournment.

Abstentions and broker non-votes (described below) are counted as present and will be included for purposes of determining whether a quorum is present for each Fund at the Meeting, but are not considered votes cast at the Meeting. Abstentions and broker non-votes will have the same effect as a vote against Proposal 1, 2, or 3, because their approval requires the affirmative vote of a percentage of the outstanding shares of the applicable Fund or of a certain proportion of the shares present at the Meeting, as opposed to a percentage of votes cast. For Proposal 4, abstentions and broker non-votes will have no effect because only a plurality of votes is required to elect a Trustee nominee. A proxy card marked "withhold" with respect to the election of Trustees would have the same effect as an abstention.

Broker non-votes occur when a proposal that is routine (such as the election of trustees) is voted on at a meeting alongside a proposal that is non-routine (such as the Redomestication or Merger proposals). Under New York Stock Exchange rules, brokers may generally vote in their discretion on routine proposals, but are generally not able to vote on a non-routine proposal in the absence of express voting instructions from beneficial owners. As a result, where both routine and non-routine proposals are voted on at the same meeting, proxies voted by brokers on the routine proposals are considered votes present but are not votes on any non-routine proposals. Because both routine and non-routine proposals will be voted on at the Meeting, the Funds anticipate receiving broker non-votes with respect to Proposals 1 and 2. No broker non-votes are anticipated with respect to Proposals 3 and 4 because they are considered routine proposals on which brokers typically may vote in their discretion.

Broker-dealers who are not members of the New York Stock Exchange may be subject to other rules, which may or may not permit them to vote your Common Shares without instruction. Therefore, you are encouraged to contact your broker and record your voting instructions.

Votes Necessary to Approve the Proposals

Common Shares of each Fund and Preferred Shares of the Acquiring Fund, IIC and IQC are entitled to vote at the Meeting. Each Fund expects that the vote of its Preferred Shares, if applicable, will be obtained by a separate proxy. This Proxy Statement is not a solicitation for any votes of the Preferred Shares of any Fund. Preferred Shares are subject to a voting trust requiring that certain voting rights of the Preferred Shares must be exercised as directed by an unaffiliated third party. Votes by Preferred Shares to elect Trustees are subject to the voting trust, but votes regarding the Redomestications and the Mergers are not subject to the voting trust.

Each Fund's Board has unanimously approved the Fund's Plan of Redomestication discussed in Proposal 1. Shareholder approval of each Fund's Plan of Redomestication requires the affirmative vote of the holders of a majority of the Common Shares and the Preferred Shares, if applicable, outstanding and entitled to vote, voting as separate classes, of such Fund. Proposal 1 may be approved and implemented for a Fund regardless of whether shareholders approve any other Proposal applicable to the Fund.

Each Fund's Board has unanimously approved the Fund's Plan of Merger discussed in Proposal 2. Shareholder approval of the Plan of Merger for each Merger requires the affirmative vote of the holders of a majority of the Common Shares and Preferred Shares, if applicable, outstanding and entitled to vote, voting as separate classes, of the applicable Target Fund and the Acquiring Fund. Proposal 2 may be approved and implemented for a Target Fund only if Proposal 1 is also approved by both the Target Fund and the Acquiring Fund and regardless of whether shareholders approve any other Proposal applicable to such Funds.

With respect to Proposal 3, the affirmative vote of a majority of the shares of a Target Fund (with Common Shares and Preferred Shares, if applicable, voting as a single class) represented in person or by proxy and entitled to vote at the Meeting at which a quorum is present is required to elect each nominee for Trustee of such Target Fund. Proposal 3 may be approved and implemented for a Fund regardless of whether shareholders approve any other Proposal

Table of Contents

With respect to Proposal 4, the affirmative vote of a plurality of the Common Shares and Preferred Shares, voting as a single class, of the Acquiring Fund present at the Meeting in person or by proxy is required to elect each nominee for Trustee for the Acquiring Fund. Proposal 4 may be approved and implemented for a Fund regardless of whether shareholders approve any other Proposal applicable to the Fund.

Proxy Solicitation

The Funds have engaged the services of Computershare Fund Services (the Solicitor) to assist in the solicitation of proxies for the Meeting. The Solicitor's costs are described under the Costs of the Mergers section of this Proxy Statement. Proxies are expected to be solicited principally by mail, but the Funds or the Solicitor may also solicit proxies by telephone, facsimile or personal interview. The Funds' officers may also solicit proxies but will not receive any additional or special compensation for any such solicitation.

Under the agreement with the Solicitor, the Solicitor will be paid a project management fee as well as telephone solicitation expenses incurred for reminder calls, outbound telephone voting, confirmation of telephone votes, inbound telephone contact, obtaining shareholders' telephone numbers, and providing additional materials upon shareholder request. The agreement also provides that the Solicitor shall be indemnified against certain liabilities and expenses, including liabilities under the federal securities laws.

OTHER MATTERS

Share Ownership by Large Shareholders, Management and Trustees

Information on each person who as of [April 20], 2012, to the knowledge of each Fund, owned 5% or more of the outstanding shares of a class of such Fund can be found at Exhibit N. Information regarding Target Fund Trustee ownership of shares of Target Funds and of shares of all registered investment companies in the Fund Complex overseen by such Trustee can be found at Exhibit F. Information regarding Acquiring Fund Trustee ownership of shares of the Acquiring Fund and of shares of all registered investment companies in the Fund Complex overseen by such Trustee can be found at Exhibit J. To the best knowledge of each Fund, the ownership of shares of such Fund by executive officers and Trustees of such Fund as a group constituted less than 1% of each outstanding class of shares of such Fund as of [April 20], 2012.

Annual Meetings of the Funds

If a Merger is completed, the merged Target Fund will not hold an annual meeting in 2013. If a Merger does not take place, that Target Fund's Board will announce the date of such Target Fund's 2013 annual meeting. The Acquiring Fund will hold an annual meeting in 2013 regardless of whether a Merger is consummated.

Dissenters' Rights

Each Target Fund is a Massachusetts business trust whose Declaration of Trust provides that its shares of beneficial interest shall not entitle a holder to appraisal rights. Accordingly, each Target Fund does not believe that its shareholders are entitled to appraisal rights in connection with the Mergers. However, the Massachusetts Business Corporation Act (MBCA) generally provides that the shareholders of a Massachusetts corporation are entitled to appraisal rights in the event of a sale or exchange of all or substantially all of the assets of a corporation, as provided in Sections 13.01 through 13.31 of Part 13 of the MBCA, and in certain circumstances courts have applied Massachusetts corporate statutes to Massachusetts business trusts. The availability of appraisal rights in connection with a transaction such as the Mergers involving a Massachusetts business trust has not been judicially determined. Accordingly, depending on such determination, Target Fund shareholders may be entitled to assert appraisal rights in respect of a Merger under Massachusetts law. Each Target Fund reserves the right to challenge any purported exercise of appraisal rights in respect of a Merger.

If a Target Fund shareholder believes he or she is entitled to appraisal rights under Massachusetts law, in order to exercise these rights the shareholder must: (i) deliver to the Target Fund, before the vote to approve the Merger Agreement is taken, written notice of his or her intent to demand payment for his or her shares in an amount to be determined pursuant to the prescribed appraisal procedure; (ii) not vote his or her shares in favor of the proposal to approve the Merger Agreement; and (iii) comply with the other procedures specified in Part 13 of the MBCA. Because proxies received prior to the Meeting on which no vote is indicated will be voted for the Merger

Table of Contents

Agreement as described above, the submission of a proxy card on which no vote is indicated will result in the waiver of any available appraisal rights. If a shareholder holds shares in the name of a broker or other nominee and wants to attempt to assert appraisal rights, the shareholder must instruct his or her nominee to take the steps necessary to enable the shareholder to assert appraisal rights. See "Assertion of Rights by Nominees and Beneficial Owners" in Exhibit O. If the shareholder or nominee fails to follow all of the steps specified in the statute, the shareholder will lose his or her right of appraisal (to the extent such right otherwise would be available).

Any Target Fund shareholder who believes he or she is entitled to appraisal rights and who wishes to preserve those rights should carefully review Sections 13.01 through 13.31 of Part 13 of the MBCA, attached as Exhibit O hereto, which set forth the procedures to be complied with in perfecting any such rights. Failure to strictly comply with the procedures specified in Part 13 of the MBCA will result in the loss of any appraisal rights to which such shareholder may be entitled.

For federal income tax purposes, dissenting shareholders obtaining payment for their Common Shares will recognize gain or loss measured by the difference between any such payment and the tax basis for their Common Shares. Shareholders are advised to consult their personal tax advisors as to the tax consequences of dissenting.

Shareholder Proposals

Shareholder proposals intended to be presented at the year 2013 annual meeting of shareholders for a Fund pursuant to Rule 14a-8 under the Securities Exchange Act of 1934, as amended (the "Exchange Act"), must be received by the Fund's Secretary at the Fund's principal executive offices by [February 8], 2013 in order to be considered for inclusion in the Fund's proxy statement and proxy card relating to that meeting. Timely submission of a proposal does not necessarily mean that such proposal will be included in the Fund's proxy statement. Pursuant to each Fund's governing documents as anticipated to be in effect before the 2013 annual meeting, if a shareholder wishes to make a proposal at the year 2013 annual meeting of shareholders without having the proposal included in a Fund's proxy statement, then such proposal must be received by the Fund's Secretary at the Fund's principal executive offices not earlier than March 19, 2013 and not later than April 18, 2013. If a shareholder fails to provide timely notice, then the persons named as proxies in the proxies solicited by the Board for the 2013 annual meeting of shareholders may exercise discretionary voting power with respect to any such proposal. Any shareholder who wishes to submit a proposal for consideration at a meeting of such shareholder's Fund should send such proposal to the Fund's Secretary at 1555 Peachtree Street, N.E., Atlanta, Georgia 30309, Attn: Secretary.

Shareholder Communications

Shareholders may send communications to each Fund's Board. Shareholders should send communications intended for a Board or for a Trustee by addressing the communication directly to the Board or individual Trustee and/or otherwise clearly indicating that the communication is for the Board or individual Trustee and by sending the communication to either the office of the Secretary of the applicable Fund or directly to such Trustee at the address specified for such Trustee in Exhibits F and J. Other shareholder communications received by any Fund not directly addressed and sent to the Board will be reviewed and generally responded to by management, and will be forwarded to the Board only at management's discretion based on the matters contained therein.

Section 16(a) Beneficial Ownership Reporting Compliance

Section 30(h) of the 1940 Act and Section 16(a) of the Exchange Act require each of the Funds' Trustees, officers, and investment advisers, affiliated persons of the investment advisers, and persons who own more than 10% of a registered class of a Fund's equity securities to file forms with the SEC and the Exchanges reporting their affiliation with the Fund and reports of ownership and changes in ownership of such securities. These persons and entities are required by SEC regulations to furnish such Fund with copies of all such forms they file. Based on a review of these forms furnished to each Fund, each Fund believes that during its last fiscal year, its Trustees, its officers, the Adviser and affiliated persons of the Adviser complied with the applicable filing requirements.

Other Meeting Matters

Management of each Fund does not intend to present, and does not have reason to believe that others will present, any other items of business at the Meeting. The Funds know of no business other than the proposals

Table of Contents

described in this Proxy Statement that will, or are proposed to, be presented for consideration at the Meeting. If any other matters are properly presented, the persons named on the enclosed proxy cards shall vote proxies in accordance with their best judgment.

WHERE TO FIND ADDITIONAL INFORMATION

This Proxy Statement and the SAI do not contain all the information set forth in the annual and semi-annual reports filed by the Funds as such documents have been filed with the SEC. The financial highlights of each Fund for the year ended February 29, 2012 and the description of the Fund's automatic dividend reinvestment plans are incorporated by reference into this Proxy Statement from the Fund's annual report for the year ended February 29, 2012 on Form N-CSR. Such financial highlights and financial statements have been audited by PricewaterhouseCoopers, an independent registered public accounting firm, as stated in their reports, which are incorporated herein by reference, and have been so incorporated in reliance upon the reports of such firm given upon their authority as experts in accounting and auditing. The SAI includes additional information about the Funds that is incorporated herein by reference and is deemed to be part of this Proxy Statement. The SEC file number of each Fund, which contains the Fund's shareholder reports and other filings with the SEC, is 811-07404 for the Acquiring Fund, 811-07344 for IIC, and 811-07564 for IQC, and 811-07111 for ICS.

Each Fund is subject to the informational requirements of the Securities Exchange Act of 1934, as amended, and the 1940 Act and in accordance therewith, each Fund files reports and other information with the SEC. Reports, proxy materials, registration statements and other information filed (including the registration statement relating to the Funds on Form N-14 of which this Proxy Statement is a part) may be inspected without charge and copied at the public reference facilities maintained by the SEC at Room 1580, 100 F Street, N.E., Washington, D.C. 20549. Copies of such material may also be obtained from the Public Reference Section of the SEC at 100 F Street, N.E., Washington, D.C. 20549, at the prescribed rates. The SEC maintains a website at www.sec.gov that contains information regarding the Funds and other registrants that file electronically with the SEC. Reports, proxy materials and other information concerning the Funds can also be inspected at the Exchanges.

Table of Contents

EXHIBIT A

Form of Agreement and Plan of Redomestication
AGREEMENT AND PLAN OF REDOMESTICATION

THIS AGREEMENT AND PLAN OF REDOMESTICATION (Agreement) is made as of the ___ day of _____, 2012 by and among (i) each of the Invesco closed-end registered investment companies identified as a Predecessor Fund on Exhibit A hereto (each a Predecessor Fund); (ii) each of the Invesco closed-end investment companies identified as a Successor Fund on Exhibit A hereto (each a Successor Fund); and (iii) Invesco Advisers, Inc. (IAI).

This Agreement contemplates a redomestication of each Predecessor Fund from a Massachusetts Business Trust, Maryland corporation or Pennsylvania business trust to a Delaware Statutory Trust, as applicable. For certain Predecessor Funds, such redomestication is the only corporate action contemplated (referred to herein and identified on Exhibit A as a Redomesticating Fund and, together, as the Redomesticating Funds). For other Predecessor Funds, the redomestication is the first step in a two-step transaction that will, subject to approval by shareholders, also involve the merger of the Successor Fund with another closed-end registered investment company in the Invesco Fund complex (each such Predecessor Fund whose Successor Fund will participate in such a merger being referred to herein and identified on Exhibit A as a Merging Fund and, together, as the Merging Funds) pursuant to a separate Agreement and Plan of Merger (the Merger Agreement).

This Agreement is intended to be and is adopted as a plan of reorganization with respect to each Reorganization (as defined below) within the meaning of Section 368(a) of the United States Internal Revenue Code of 1986, as amended (the Code), and Treasury Regulations Sections 1.368-2(g) and 1.368-3(a), and is intended to effect the reorganization of each Predecessor Fund as a Successor Fund (each such transaction, a Reorganization and collectively, the Reorganizations).

Each Reorganization will include the transfer of all of the assets of a Predecessor Fund to the Successor Fund solely in exchange for (1) the assumption by the Successor Fund of all liabilities of the Predecessor Fund, (2) the issuance by the Successor Fund to the Predecessor Fund of shares of beneficial interest of the Successor Fund, (3) the distribution of the shares of beneficial interest of the Successor Fund to the holders of shares of beneficial interest of the Predecessor Fund according to their respective interests in complete liquidation of the Predecessor Fund; and (4) the dissolution of the Predecessor Fund as soon as practicable after the Closing provided for in Section 3.1, all upon and subject to the terms and conditions of this Agreement hereinafter set forth.

In consideration of the promises and of the covenants and agreements hereinafter set forth, the parties hereto covenant and agree as follows.

1. TRANSFER OF ASSETS OF THE PREDECESSOR FUNDS IN EXCHANGE FOR ASSUMPTION OF LIABILITIES AND ISSUANCE OF SUCCESSOR FUND SHARES

1.1. It is the intention of the parties hereto that each Reorganization described herein shall be conducted separately from the others, and a party that is not a party to a Reorganization shall incur no obligations, duties or liabilities, and makes no representations, warranties, or covenants with respect to such Reorganization by reason of being a party to this Agreement. If

Table of Contents

any one or more Reorganizations should fail to be consummated, such failure shall not affect the other Reorganizations in any way.

1.2. Subject to the terms and conditions set forth herein and on the basis of the representations and warranties contained herein, each Predecessor Fund agrees to transfer all of its Assets (as defined in paragraph 1.3) and to assign and transfer all of its liabilities, debts, obligations, restrictions and duties (whether known or unknown, absolute or contingent, accrued or unaccrued and including, without limitation, any liabilities of the Predecessor Fund to indemnify the trustees or officers of the Predecessor Fund or any other persons under the Predecessor Fund's Declaration of Trust or otherwise, and including, without limitation, any liabilities of the Predecessor Fund under the Merger Agreement) to the corresponding Successor Fund, organized solely for the purpose of acquiring all of the assets and assuming all of the liabilities of that Predecessor Fund. Each Successor Fund agrees that in exchange for all of the assets of the corresponding Predecessor Fund: (1) the Successor Fund shall assume all of the liabilities of such Predecessor Fund, whether contingent or otherwise and (2) the Successor Fund shall issue common shares of beneficial interest (together, the Successor Fund Common Shares) and preferred shares of beneficial interest (together, the Successor Fund Preferred Shares and, together with the Successor Fund Preferred Shares, the Successor Fund Shares) to the Predecessor Fund. The number of Successor Fund Common Shares issued by the Successor Fund to holders of common shares of the Predecessor Fund will be identical to the number of shares of common stock of the Predecessor Fund (together, the Predecessor Fund Common Shares) outstanding on the Valuation Date provided for in paragraph 3.1. The Successor Fund shall issue Successor Fund Preferred Shares to holders of preferred shares of the Predecessor Fund (together, Predecessor Fund Preferred Shares and, together with the Predecessor Fund Common Shares, the Predecessor Fund Shares), if any, having an aggregate liquidation preference equal to the aggregate liquidation preference of the outstanding Predecessor Fund Preferred Shares. The terms of the Predecessor Fund Preferred Shares shall be substantially the same as the terms of the Successor Fund Preferred Shares. Such transactions shall take place at the Closing provided for in paragraph 3.1.

1.3. The assets of each Predecessor Fund to be acquired by the corresponding Successor Fund (Assets) shall include all assets, property and goodwill, including, without limitation, all cash, securities, commodities and futures interests, claims (whether absolute or contingent, known or unknown, accrued or unaccrued and including, without limitation, any interest in pending or future legal claims in connection with past or present portfolio holdings, whether in the form of class action claims, opt-out or other direct litigation claims, or regulator or government-established investor recovery fund claims, and any and all resulting recoveries), dividends or interest receivable, and any deferred or prepaid expense shown as an asset on the books of the Predecessor Fund on the Closing Date.

1.4 On the Closing Date each Predecessor Fund will distribute, in complete liquidation, the Successor Fund Shares to each Predecessor Fund shareholder, determined as of the close of business on the Valuation Date, of the corresponding class of the Predecessor Fund pro rata in proportion to such shareholder's beneficial interest in that class and in exchange for that shareholder's Predecessor Fund shares. Such distribution will be accomplished by recording on the books of the Successor Fund, in the name of each Predecessor Fund shareholder, the number

Table of Contents

of Successor Fund Shares representing the pro rata number of Successor Fund Shares received from the Successor Fund which is due to such Predecessor Fund shareholder. Fractional Successor Fund Shares shall be rounded to the third place after the decimal point.

1.5. At the Closing, any outstanding certificates representing Predecessor Fund Shares will be cancelled. The Successor Fund shall not issue certificates representing Successor Fund Common Shares in connection with such exchange, irrespective of whether Predecessor Fund shareholders hold their Predecessor Fund Common Shares in certificated form. Ownership of the Successor Fund Common Shares by each Successor Fund shareholder shall be recorded separately on the books of the Successor Fund's transfer agent.

1.6. The legal existence of each Predecessor Fund shall be terminated as promptly as reasonably practicable after the Closing Date. After the Closing Date, each Predecessor Fund shall not conduct any business except in connection with its termination and dissolution and except as provided in paragraph 1.7 of this Agreement.

1.7. Subject to approval of this Agreement by the requisite vote of the applicable Predecessor Fund's shareholders but before the Closing Date, a duly authorized officer of such Predecessor Fund shall cause such Predecessor Fund, as the sole shareholder of the corresponding Successor Fund, to (i) elect the Trustees of the Successor Fund; (ii) ratify the selection of the Successor Fund's independent auditors; (iii) approve the investment advisory and sub-advisory agreements for the Successor Fund in substantially the same form as the investment advisory and sub-advisory agreements in effect with respect to the Predecessor Fund immediately prior to the Closing; and (iv) implement any actions approved by the shareholders of the Predecessor Fund at a meeting of shareholders scheduled for _____, 2012 (the Shareholder Meeting) including, without limitation, if applicable, a merger with another closed-end fund in the Invesco Fund complex.

2. VALUATION

2.1. The value of each Predecessor Fund's Assets shall be the value of such Assets computed as of immediately after the close of regular trading on the New York Stock Exchange (NYSE) on the business day immediately preceding the Closing Date (the Valuation Date), using the Predecessor Fund's valuation procedures established by the Predecessor Fund's Board of Directors/Trustees.

2.2. The net asset value per share of Successor Fund Common Shares, and the liquidation preference of Successor Fund Preferred Shares, together issued in exchange for the Assets of the corresponding Predecessor Fund, shall be equal to the net asset value per share of the Successor Fund Common Shares and the liquidation preference per share of the Successor Fund Preferred Shares, respectively, on the Closing Date, and the number of such Successor Fund Shares of each class shall equal the number of full and fractional Predecessor Fund Shares outstanding on the Closing Date.

Table of Contents

3. CLOSING AND CLOSING DATE

3.1. Each Reorganization shall close on _____, 2012 or such other date as the parties may agree with respect to any or all Reorganizations (the Closing Date). All acts taking place at the closing of a Reorganization (the Closing) shall be deemed to take place simultaneously as of 9:00 a.m., Eastern Time on the Closing Date of that Reorganization unless otherwise agreed to by the parties (the Closing Time).

3.2. At the Closing each party shall deliver to the other such bills of sale, checks, assignments, stock certificates, receipts or other documents as such other party or its counsel may reasonably request.

3.3. Immediately prior to the Closing the Predecessor Fund shall pay all accumulated but unpaid dividends on the Predecessor Fund Preferred Shares through the date thereof.

4. REPRESENTATIONS AND WARRANTIES

4.1. Each Predecessor Fund represents and warrants to the corresponding Successor Fund as follows:

4.1.1. At the Closing Date, each Predecessor Fund will have good and marketable title to the Assets to be transferred to the Successor Fund pursuant to paragraph 1.2, and will have full right, power and authority to sell, assign, transfer and deliver such Assets hereunder. Upon delivery and in payment for such Assets, the Successor Fund will acquire good and marketable title thereto subject to no restrictions on the full transfer thereof, including, without limitation, such restrictions as might arise under the Securities Act of 1933, as amended (the 1933 Act), provided that the Successor Fund will acquire Assets that are segregated as collateral for the Predecessor Fund s derivative positions, including, without limitation, as collateral for swap positions and as margin for futures positions, subject to such segregation and liens that apply to such Assets;

4.1.2. The execution, delivery and performance of this Agreement will have been duly authorized prior to the Closing Date by all necessary action on the part of the Predecessor Fund and, subject to the approval of the Predecessor Fund s shareholders and the due authorization, execution and delivery of this Agreement by the Successor Fund and IAI, this Agreement will constitute a valid and binding obligation of the Predecessor Fund enforceable in accordance with its terms, except as such enforceability may be limited by applicable bankruptcy laws and any other similar laws affecting the rights and remedies of creditors generally and by equitable principles;

4.1.3. No consent, approval, authorization, or order of any court, governmental authority, the Financial Industry Regulatory Authority (FINRA) or any stock exchange on which shares of the Predecessor Fund are listed is required for the consummation by the Predecessor Fund of the transactions contemplated herein, except such as have been or will be obtained (at or prior to the Closing Date); and

Table of Contents

4.1.4. The Predecessor Fund will have filed with the Securities and Exchange Commission (SEC) proxy materials, which, for the Merging Funds, may be in the form of a proxy statement/prospectus on Form N-14 (the Proxy Statement), complying in all material respects with the requirements of the Securities Exchange Act of 1934, as amended, the Investment Company Act of 1940, as amended (the 1940 Act), the 1933 Act (if applicable) and applicable rules and regulations thereunder, relating to a meeting of its shareholders to be called to consider and act upon the Reorganization contemplated herein.

4.2. Each Successor Fund represents and warrants to the corresponding Predecessor Fund as follows:

4.2.1. At the Closing Time, the Successor Fund will be duly formed as a statutory trust, validly existing, and in good standing under the laws of the State of Delaware;

4.2.2 The Successor Fund Shares to be issued and delivered to the Predecessor Fund pursuant to the terms of this Agreement will, at the Closing Time, have been duly authorized and, when so issued and delivered, will be duly and validly issued and outstanding and fully paid and non-assessable by the Successor Fund;

4.2.3 At the Closing Time, the Successor Fund shall succeed to the Predecessor Fund s registration statement filed under the 1940 Act with the SEC and thus will become duly registered under the 1940 Act as a closed-end management investment company;

4.2.4 Prior to the Closing Time, the Successor Fund shall not have commenced operations and there will be no issued and outstanding shares in the Successor Fund, except shares issued by the Successor Fund to an initial sole shareholder for the purpose of enabling the sole shareholder to take such actions as are required to be taken by shareholders under the 1940 Act in connection with establishing a new fund;

4.2.5. The execution, delivery and performance of this Agreement will have been duly authorized prior to the Closing Date by all necessary action on the part of the Successor Fund, and, subject to the approval of the Predecessor Fund s shareholders and the due authorization, execution and delivery of this Agreement by the Predecessor Fund and IAI, this Agreement will constitute a valid and binding obligation of the Successor Fund enforceable in accordance with its terms, except as such enforceability may be limited by applicable bankruptcy laws and any other similar laws affecting the rights and remedies of creditors generally and by equitable principles;

4.2.6. No consent, approval, authorization, or order of any court, governmental authority, FINRA or stock exchange on which shares of the Successor Fund are listed is required for the consummation by the Successor Fund of the transactions contemplated herein, except such as have been or will be obtained (at or prior to the Closing Date);

4.2.7. The Successor Fund shall use all reasonable efforts to obtain the approvals and authorizations required by the 1933 Act, the 1940 Act and such state or District of Columbia securities laws as it may deem appropriate in order to operate after the Closing Date; and

Table of Contents

4.2.8 The Successor Fund is, and will be at the Closing Time, a newly created Delaware statutory trust, without assets (other than seed capital) or liabilities, formed for the purpose of receiving the Assets of the Predecessor Fund in connection with the Reorganization.

5. CONDITIONS PRECEDENT TO OBLIGATIONS OF THE PREDECESSOR FUNDS AND THE SUCCESSOR FUNDS

With respect to each Reorganization, the obligations of the Predecessor Fund and the corresponding Successor Fund are each subject to the conditions that on or before the Closing Date:

5.1. This Agreement and the transactions contemplated herein shall have been approved by the Board of Directors/Trustees of each of the Predecessor Fund and the Successor Fund and by the requisite vote of the Predecessor Fund's shareholders;

5.2. All consents of other parties and all other consents, orders and permits of federal, state and local regulatory authorities (including those of the SEC and of state or District of Columbia securities authorities) and stock exchanges on which shares of the Funds are, or will be, listed in accordance with this Agreement deemed necessary by the Predecessor Fund or the Successor Fund to permit consummation, in all material respects, of the transactions contemplated hereby shall have been obtained, except where failure to obtain any such consent, order or permit would not involve a risk of a material adverse effect on the assets or properties of the Predecessor Fund or the Successor Fund, provided that either party hereto may waive any of such conditions for itself;

5.3. Prior to or at the Closing, the Successor Fund shall enter into or adopt such agreements as are necessary for the Successor Fund's operation as a closed-end investment company and such agreements shall be substantially similar to any corresponding agreement of the Predecessor Fund; and

5.4. The Predecessor Fund and the Successor Fund shall have received on or before the Closing Date an opinion of Stradley Ronon Stevens & Young, LLP ("Stradley Ronon"), in form and substance reasonably acceptable to the Predecessor Fund and the Successor Fund, as to the matters set forth on Schedule 5.4. In rendering such opinion, Stradley Ronon may request and rely upon representations contained in certificates of officers of the Predecessor Fund and the Successor Fund and others, and the officers of the Predecessor Fund and the Successor Fund shall use their best efforts to make available such truthful certificates.

6. FEES AND EXPENSES

Each Fund will bear its expenses relating to its Reorganization to the extent that the Fund's total annual fund operating expenses did not exceed the expense limit under the expense limitation arrangement in place with IAI at the time such expenses were discussed with the Board (the "Expense Cap"). The Fund will bear these expenses regardless of whether its Reorganization is consummated. IAI will bear the Reorganization costs of any Fund that had

Table of Contents

total annual fund operating expenses which exceeded the Expense Cap at the time such expenses were discussed with the Board.

Each Successor Fund and corresponding Predecessor Fund represents and warrants to the other that there are no broker's or finder's fees payable in connection with the transactions contemplated hereby.

7. TERMINATION

With respect to each Reorganization, this Agreement may be terminated by the mutual agreement of the Predecessor Fund and the corresponding Successor Fund, notwithstanding approval thereof by the shareholders of the Predecessor Fund, at any time prior to Closing, if circumstances should develop that, in such parties' judgment, make proceeding with this Agreement inadvisable.

8. AMENDMENT

This Agreement may be amended, modified or supplemented in such manner as may be mutually agreed upon in writing by the parties; provided, however, that following the approval of this Agreement by any Predecessor Fund's shareholders, no such amendment may have the effect of changing the provisions for determining the number of Successor Fund Shares to be distributed to that Predecessor Fund's shareholders under this Agreement to the detriment of such Predecessor Fund shareholders without their further approval.

9. HEADINGS; COUNTERPARTS; GOVERNING LAW; ASSIGNMENT; SURVIVAL; WAIVER

9.1. The article and paragraph headings contained in this Agreement are for reference purposes only and shall not affect in any way the meaning or interpretation of this Agreement.

9.2. This Agreement may be executed in any number of counterparts, each of which shall be deemed an original.

9.3. This Agreement shall be governed by and construed in accordance with the laws of the State of Delaware, without regard to its principles of conflicts of laws.

9.4. This Agreement shall be binding upon and inure to the benefit of the parties hereto with respect to each Predecessor Fund and its corresponding Successor Fund, as applicable, and their respective successors and assigns. Nothing herein expressed or implied is intended or shall be construed to confer upon or give any person, firm or corporation other than the applicable Predecessor Fund and its corresponding Successor Fund and their respective successors and assigns any rights or remedies under or by reason of this Agreement.

9.5. It is expressly agreed that the obligations of the parties hereunder shall not be binding upon any of their respective directors, trustees, shareholders, nominees, officers, agents, or employees personally, but shall bind only the property of the applicable Predecessor Fund or

Table of Contents

the applicable Successor Fund as provided in the governing documents of such Funds. The execution and delivery by such officers shall not be deemed to have been made by any of them individually or to impose any liability on any of them personally, but shall bind only the property of such party.

9.6. The representations, warranties, covenants and agreements of the parties contained herein shall not survive the Closing Date.

9.7. Each of the Predecessor Funds and the Successor Funds, after consultation with their respective counsel and by consent of their respective Board of Directors/Trustees or any officer, may waive any condition to its obligations hereunder if, in its or such officer's judgment, such waiver will not have a material adverse effect on the interests of the shareholders of the applicable Predecessor Fund.

10. NOTICES

Any notice, report, statement or demand required or permitted by any provisions of this Agreement shall be in writing and shall be given by fax or certified mail addressed to the Predecessor Fund and the Successor Fund, each at 1555 Peachtree Street, N.E. Atlanta, GA 30309, Attention: Secretary, fax number _____.

**Schedule 5.4
Tax Opinion**

(i) The acquisition by the Successor Fund of all of the Assets of the Predecessor Fund, as provided for in the Agreement, in exchange solely for Successor Fund Shares and the assumption by the Successor Fund of all of the liabilities of the Predecessor Fund, followed by the distribution by the Predecessor Fund to its shareholders of the Successor Fund Shares in complete liquidation of the Predecessor Fund, will qualify as a reorganization within the meaning of Section 368(a)(1)(F) of the Code, and the Predecessor Fund and the Successor Fund each will be a party to the reorganization within the meaning of Section 368(b) of the Code.

(ii) No gain or loss will be recognized by the Predecessor Fund upon the transfer of all of its Assets to, and assumption of its liabilities by, the Successor Fund in exchange solely for Successor Fund Shares pursuant to Section 361(a) and Section 357(a) of the Code.

(iii) No gain or loss will be recognized by the Successor Fund upon the receipt by it of all of the Assets of the Predecessor Fund in exchange solely for the assumption of the liabilities of the Predecessor Fund and issuance of the Successor Fund Shares pursuant to Section 1032(a) of the Code.

(iv) No gain or loss will be recognized by the Predecessor Fund upon the distribution of the Successor Fund Shares by the Predecessor Fund to its shareholders in complete liquidation (in pursuance of the Agreement) pursuant to Section 361(c)(1) of the Code.

(v) The tax basis of the Assets of the Predecessor Fund received by the Successor Fund will be the same as the tax basis of such Assets in the hands of the Predecessor Fund immediately prior to the transfer pursuant to Section 362(b) of the Code.

(vi) The holding periods of the Assets of the Predecessor Fund in the hands of the Successor Fund will include the periods during which such Assets were held by the Predecessor Fund pursuant to Section 1223(2) of the Code.

(vii) No gain or loss will be recognized by the shareholders of the Predecessor Fund upon the exchange of all of their Predecessor Fund shares solely for the Successor Fund Shares pursuant to Section 354(a) of the Code.

(viii) The aggregate tax basis of the Successor Fund Shares to be received by each shareholder of the Predecessor Fund will be the same as the aggregate tax basis of Predecessor Fund shares exchanged therefor pursuant to Section 358(a)(1) of the Code.

(ix) The holding period of Successor Fund Shares received by a shareholder of the Predecessor Fund will include the holding period of the Predecessor Fund shares exchanged therefor, provided that the shareholder held Predecessor Fund shares as a capital asset on the Closing Date pursuant to Section 1223(1) of the Code.

Table of Contents

(x) For purposes of Section 381 of the Code, the Successor Fund will succeed to and take into account, as of the date of the transfer as defined in Section 1.381(b)-1(b) of the income tax regulations issued by the United States Department of the Treasury (the Income Tax Regulations), the items of the Predecessor Fund described in Section 381(c) of the Code as if there had been no Reorganization.
