PROXY STATEMENT

**ANNUAL MEETING OF SHAREHOLDERS
May 12, 2005**

INFORMATION CONCERNING SOLICITATION AND VOTING

This Proxy Statement is first being mailed on or about April 15, 2005 to Shareholders of HCC Insurance Holdings, Inc. (HCC or the Company), in connection with the solicitation by the Board of Directors of the Company of proxies to be voted at the Annual Meeting of Shareholders to be held on Thursday, May 12, 2005, at 8:30 a.m. Houston time, at the St. Regis Hotel, 1919 Briar Oaks Lane, Houston TX 77027, or any postponement or adjournment thereof (the Meeting). A Shareholder giving a proxy has the power to revoke the proxy at any time before it is exercised. Such right of revocation is not limited by or subject to compliance with any formal procedure.

The cost of soliciting proxies will be borne by the Company. Copies of solicitation material may be furnished to brokers, custodians, nominees and other fiduciaries for forwarding to beneficial owners of shares of the Company s Common Stock, and normal handling charges may be paid for such forwarding service. Solicitation of proxies may be made by mail, personal interview, telephone and facsimile by officers and other management employees of the Company, who will receive no additional compensation for their services. It is contemplated that additional solicitation of proxies will be made in the same manner under the engagement and direction of Georgeson Shareholder Communications, Inc., 17 State Street, 10th Floor, New York, NY 10004 at an anticipated cost of \$7,000 plus reimbursement of out-of-pocket expenses.

Only Shareholders of record on April 4, 2005 (the Record Date) will be entitled to vote at the Meeting, and each share will have one vote. At the close of business on the Record Date, there were 69,799,166 shares of the Company s Common Stock outstanding and entitled to vote at the Meeting.

A majority of the outstanding shares of the Company s Common Stock, represented in person or by proxy will constitute a quorum at the Meeting. The election of Directors will be determined by a plurality of the votes cast if a quorum is present. The Board of Directors does not anticipate calling for a vote on any matter other than those described herein.

Abstentions and broker non-votes are each included in the determination of the number of shares present and voting for purposes of determining the presence of a quorum. Each is tabulated separately. A proxy submitted by a Shareholder may indicate that all or a portion of the shares represented by such proxy are not being voted by such Shareholder with respect to a particular matter. This may occur, for example, when a broker is not permitted to vote stock held in street name on certain matters in the absence of instructions from the beneficial owner of the stock. The shares subject to any such proxy which are not being voted with respect to a particular matter (the Non-Voted Shares) will be treated as shares not present and entitled to vote on such matter, although such shares may be considered present and entitled to vote for other purposes and will count for purposes of determining the presence of a quorum. Shares voted to abstain as to a particular matter will not be considered Non-Voted Shares. The election of Directors requires a plurality of the shares. Thus, abstentions and Non-Voted Shares will not affect the outcome of the election of Directors.

As set forth in the Company's Corporate Governance Guidelines, the following criteria are considered in selecting candidates for the Board of Directors: a high degree of personal and professional ethics, integrity and values, an independent mind and mature judgment. In addition, candidates are to be involved only in activities or interests that would not create a conflict with potential directorial responsibilities to the Company and its Shareholders.

When soliciting candidates for Director, the Nominating and Corporate Governance Committee may solicit suggestions from incumbent Directors, management and Shareholders. While the Committee has authority under its charter to retain a search firm for this purpose, no such firm was utilized in 2004. If the Committee believes a candidate would be a valuable addition to the Board of Directors, it will recommend that candidate to the full Board of Directors.

Shareholder Nominations

The Charter of the Nominating and Corporate Governance Committee provides that the Nominating and Corporate Governance Committee will consider proposals for nominees for Director from Shareholders. Shareholder nominations for Director should be made in writing to Mr. Christopher L. Martin, Secretary, HCC Insurance Holdings, Inc., 13403 Northwest Freeway, Houston, Texas 77040-6094. In order to nominate a Director at an Annual Meeting of Shareholders, the Company requires that a Shareholder follow the

procedures set forth herein. In order to recommend a nominee for a Director position, a Shareholder must be a Shareholder of record at the time he, she or it gives notice of recommendation and must be entitled to vote for the election of Directors at the meeting at which such nominee will be considered. Shareholder recommendations must be made pursuant to written notice delivered to the Secretary at the principal executive offices of the Company (i) in the case of a nomination for election at an annual meeting, not less than 60 days prior to the first anniversary of the date of the Company's notice of annual meeting for the preceding year's annual meeting; and (ii) in the case of a special meeting at which Directors are to be elected, not later than the close of business on the later of the 90th day prior to such special meeting or the tenth day following the day on which public announcement is first made of the date of the meeting and of the nominees proposed by the Board of Directors to be elected at the special meeting. In the event that the date of the annual meeting is changed by more than 30 days from the anniversary date of the preceding year's annual meeting, the Shareholder notice described above will be deemed timely if it is received not later than the close of business on the later of the 90th day prior to such annual meeting or the tenth day following the day on which public announcement of the date of such meeting is first made.

The Shareholder notice must set forth the following:

as to each person the Shareholder proposes to nominate for election as a Director, all information relating to such person that would be required to be disclosed in solicitations of proxies for the election of such nominees as Directors pursuant to Regulation 14A under the Exchange Act, and such person's written consent to serve as a Director if elected; and

as to the nominating Shareholder and the beneficial owner, if any, on whose behalf the nomination is made, such Shareholder's and beneficial owner's, name and address as they appear on the Company's books, the class and number of shares of the Company's common stock which are owned beneficially and of record by such Shareholder and such beneficial owner, and an affirmative statement of whether either such Shareholder or such beneficial owner intends to deliver a proxy statement and form of proxy to a sufficient number of Shareholders to elect such nominee or nominees.

In addition to complying with the foregoing procedures, any Shareholder nominating a Director must also comply with all applicable requirements of the Exchange Act and the rules and regulations thereunder.

Certain Relationships and Related Transactions

During 1997, the Company committed to make a \$5.0 million investment as a limited partner in Century Capital Partners II, Ltd. (the Partnership), an investment partnership which specializes in investing in small and start-up financial services companies. In 2004, Mr. Fulkerson was a managing member of CCP Capital II, LLC, the Partnership's general partner and a Director of Century Capital Management, LLC, the investment advisor to the Partnership. At December 31, 2004, \$4.8 million had been invested under this commitment. In addition, in January 2002, the Company invested \$5.0 million as a preferred shareholder in CenCo Investment LLC, an entity in which the Partnership holds all of the common shares and for which Mr. Fulkerson previously served as a Director.

In June, 1994, the Company entered into an arrangement with an entity owned by Mr. Way, pursuant to which the Company leases equipment for providing transportation services to employees, Directors and clients of the Company. The Company, however, provides its own employees to operate the equipment and pays all related operating expenses. During 2004, the Company paid \$1.0 million in lease payments to this entity.

Table of Contents

In the opinion of management, the terms of each of the above arrangements are fair and reasonable and as favorable to the Company as could have been obtained from an unrelated party.

The Company has entered into employment agreements with each of Messrs. Way, Ellis, Kelbel, Martin and Schell. A summary of the principal terms of such employment agreements is included under the caption Employment Agreements below.

There are no family relationships among the Executive Officers and Directors, and there are no arrangements or understandings between any Non-management Director or any other person pursuant to which that Non-management Director was selected as a Director. The Company has agreed under the employment agreement with Mr. Way to use its best efforts to ensure that Mr. Way is named as a Director and Executive Chairman of the Board of Directors.

Section 16(a) Beneficial Ownership Reporting Compliance

Section 16(a) of the Exchange Act requires the Company's Directors and Executive Officers and persons who own more than 10% of a registered class of the Company's equity securities to file initial reports of ownership and changes in ownership with the SEC. Such Executive Officers, Directors and Shareholders are required by SEC regulations to furnish the Company with copies of all Section 16(a) forms they file. The option grants to our non-management Directors in December, 2004 were not timely filed on Form 4, as required under Section 16(a), but such grants have been subsequently reported in the Directors' year-end Form 5 filings. Otherwise, based solely upon a review of the copies of such forms furnished to the Company and written representations from the Company's Directors and Executive Officers, all persons subject to the reporting requirements of Section 16(a) filed all required reports on a timely basis.

REPORT OF THE COMPENSATION COMMITTEE

During 2004, the Compensation Committee (the Committee) consisted of James R. Crane, Walter J. Lack (Chairman) and Michael A. F. Roberts.

All decisions by the Committee relating to the compensation of the Company's executive officers are reviewed by the full Board of Directors. The philosophy of the Company's compensation program is to employ, retain and reward executives capable of leading the Company in achieving its business objectives. These objectives include creating and then preserving strong financial performance, increasing the assets of the Company, positioning the Company's assets and business operations in geographic markets and industry segments offering long-term growth opportunities, enhancing Shareholder value and ensuring the survival of the Company. The accomplishment of these objectives is measured against conditions prevalent in the industry within which the Company operates.

The Committee's executive compensation policies are intended to provide competitive levels of compensation in order to attract and retain qualified executive officers. The forms of executive compensation utilized during 2004 by the Committee included base salary, cash bonus awards, deferred compensation awards and stock options. Stock price performance of the Company is a key consideration for the Committee in considering executive officer compensation. The Company's compensation policy recognizes, however, that stock price performance is only one measure of performance and, given industry business conditions and the long-term strategic direction and goals of the Company, it may not necessarily be the best current measure of executive performance. Therefore, the Company's compensation policy also gives consideration to the Company's achievement of business objectives when determining executive officer compensation.

The Committee has, with the approval of the full Board of Directors, determined that the interests of the Company and its Shareholders are best served by the Company's entering into multi-year employment agreements with certain executive officers, including the Chief Executive Officer and the Named Executive Officers. A summary of the principal terms of such employment agreements is included under the caption Employment Agreements above. The Committee believes that such multi-year employment arrangements benefit the Company and its Shareholders by permitting the Company to attract and retain executive officers with demonstrated leadership abilities and to secure the services of such executive officers at agreed upon terms over an extended period of time. The compensation payable to the subject executive officers pursuant to the employment agreements is consistent with the compensation policies of the Company as established by the Committee.

Compensation paid to executive officers is based upon a company-wide salary structure consistent for each position relative to its authority and responsibility compared to industry peers. Stock option awards have historically been used to reward executive officers and to retain them through the potential of capital gains and equity buildup in the Company. In 2004, the number of stock options granted, whether in conjunction with a written employment agreement or otherwise, was determined by the subjective evaluation by the Committee of the executive's ability to influence the Company's long-term growth and profitability. The Board of Directors believes the award of equity-based incentives such as stock options represents an effective incentive to create value for the Shareholders.

In 2004, the Committee reviewed base salary and annual bonus recommendations made by the Chief Executive Officer based upon his assessment of the performance of individual executive officers and his assessment of each executive officer's past performance and expectation as to future contributions. The Chief Executive Officer and other executive officers also made recommendations to the Committee concerning the grant of stock options to other officers.

Section 162(m) of the Internal Revenue Code of 1986 (the Code), generally disallows a tax deduction to public companies for compensation over \$1.0 million paid to the corporation's Chief Executive Officer and the four other most highly compensated executive officers.

Section 162(m) further provides that qualifying performance-based compensation will not be subject to the deduction limit if certain requirements are met. The Company currently intends to structure grants under future stock option plans in a manner that complies with this statute. The Company does not currently intend

Table of Contents

to structure the discretionary annual bonus for executive officers to comply with Section 162(m). Such bonuses do not meet Section 162(m)'s requirement that they be payable solely on account of the attainment of one or more performance goals. Therefore, the Committee believes the annual discretionary bonuses, as currently structured, better serve the interests of the Company's Shareholders by allowing broader discretion in recognizing an executive officer's contribution and performance.

In connection with the compensation of the Company's executive officers, the Committee is aware of Section 162(m) of the Code as it relates to deductibility of qualifying compensation paid to executive officers. The Committee believes that compensation to be paid in 2005 may exceed the deductibility limitations on non-excluded compensation to certain of the Company's executive officers.

Chief Executive Officer Compensation

As referenced above, the Company has entered into an employment agreement with Mr. Way upon terms approved by the Committee, pursuant to which Mr. Way would serve as Executive Chairman of the Board of Directors and Chief Executive Officer of the Company. Summaries of the principal terms of Mr. Way's employment agreement and the HCC Insurance Holdings, Inc. Nonqualified Deferred Compensation Plan for Stephen L. Way are included under the caption "Employment Agreements" above. The Committee believes the Chief Executive Officer's compensation for 2004 and as contemplated by the employment agreement and the deferred compensation plan is warranted by the Company's continuing performance and the substantial growth and diversification of the Company's operations experienced by the Company under his leadership. The Committee believes that the Company's demonstrated ability to grow its business under a variety of market conditions and over an extended period is primarily attributable to Mr. Way's direction. In this regard, the Committee notes that 2004 represented a record year for the Company's financial performance and that the Company has averaged a 15% return on shareholders' equity over the past 10 years. The Company's underwriting experience continues to be exceptional and during the period 2000 through 2003, which is the latest period for which industry data is available, the Company had an average statutory combined ratio of 93.9% versus the less favorable 108.4% (source: A.M. Best Company, Inc.) recorded by the U.S. property and casualty insurance industry overall. During the period 2000 through 2004, the Company's gross written premium increased from \$967.5 million to \$2.0 billion, an increase of 104%, while net written premium increased 290% from \$283.8 million to \$1.1 billion. During this period, the Company's revenues increased from \$474.6 million to \$1.3 billion, an increase of 170%. Additionally, during the period December 31, 2000 through December 31, 2004, the Company's Shareholders' equity increased from \$530.9 million to \$1.3 billion, a 149% increase, and the Company's assets increased from \$2.8 billion to \$5.9 billion, a 113% increase.

The Audit Committee is responsible for overseeing the Company's financial reporting process on behalf of the Board of Directors. The Audit Committee has the sole responsibility for the appointment and retention of the Company's independent auditors and the approval of all audit and other engagement fees. The Audit Committee meets periodically with management, the internal auditors and the independent auditors regarding accounting policies and procedures, audit results and internal accounting controls. The internal auditors and the independent auditors have free access to the Audit Committee, without management's presence, to discuss the scope and results of their audit work.

The Company's management is primarily responsible for Company's financial statements and the quality and integrity of the reporting process, including establishing and maintaining the systems of internal control over financial reporting and assessing the effectiveness of those controls. The independent auditors, PricewaterhouseCoopers LLP, are responsible for auditing those financial statements and for expressing an opinion on the conformity of the financial statements with accounting principles generally accepted in the United States and expressing an opinion on management's annual assessment of internal control over financial reporting.

In fulfilling its oversight responsibilities, the Audit Committee has reviewed and discussed the audited financial statements for the year ended December 31, 2004 and management's report of the effectiveness of the Company's system of internal control over financial reporting with the Company's management and representatives of the independent auditors. The Audit Committee discussed with the independent auditors the matters required to be discussed by Statement on Auditing Standards No. 61, *Communication with Audit Committees*, as amended. In addition, the Audit Committee discussed with the independent auditors their independence from the Company and its management, including the matters in the written disclosures required by Independence Standards Board Standard No. 1, *Independence Discussions with Audit Committees*, and has received from PricewaterhouseCoopers the written disclosure required by Standard No. 1. The Audit Committee has considered the compatibility of non-audit services, primarily tax consulting and merger and acquisition activities.

PricewaterhouseCoopers audited the accounts of the Company and its subsidiaries for the fiscal year ended December 31, 2004 and has served as the Company's auditors since 1987. Representatives of PricewaterhouseCoopers are expected to be present at the Meeting, will have an opportunity to make a statement if they so desire and will be available to respond to appropriate questions.

In reliance on its review of the audited financial statements, the review of the report of management on the effectiveness of the Company's internal control over financial reporting and the discussion referred to above, the Audit Committee has recommended to the Board of Directors that the audited financial statements be included in the Company's Annual Report on Form 10-K for the year ended December 31, 2004, for filing with the SEC.

Audit Fees

During the years ended December 31, 2004 and 2003, the aggregate fees billed by PricewaterhouseCoopers for the audit of the Company's consolidated financial statements and statutory financial statements of its insurance company subsidiaries, actuarial certifications, review of the Company's interim financial statements and, in 2004, review of the Company's systems of internal controls over financial reporting and other professional services related to an SEC registration statement were \$3,200,000 and \$1,600,000, respectively.

Audit-Related Fees

The aggregate fees billed for the years ended December 31, 2004 and 2003 for assurance and related services rendered by PricewaterhouseCoopers that are reasonably related to the performance of the audit or review of the Company's financial statements but not reportable as Audit Fees were \$30,000 and \$69,000, respectively. Audit-related fees in 2004 and 2003 were primarily for acquisition due diligence and for services related to regulatory examinations and, in 2003, for the Company's benefit plan audits.

Tax Fees

The aggregate fees billed for professional services rendered by PricewaterhouseCoopers for tax compliance, tax advice and tax planning for the years ended December 31, 2004 and 2003 were \$219,000 and \$334,000, respectively. Tax fees in 2004 and 2003 included professional services for preparation of selected domestic and foreign tax returns for the Company and its subsidiaries and advice with respect to domestic and international tax issues related to tax return compliance and acquisition and disposition of subsidiaries.

All Other Fees

The aggregate fees billed for services rendered by PricewaterhouseCoopers not reportable as Audit Fees, Audit-Related Fees or Tax Fees for the years ended December 31, 2004 and 2003 were \$2,500 and \$0, respectively. In 2004, such fees related to licenses for electronic databases.

The services provided by PricewaterhouseCoopers described above were approved by the Audit Committee. The Audit Committee has determined the rendering of the above-mentioned non-audit services by PricewaterhouseCoopers was compatible with maintaining the auditor's independence.

Audit Committee Pre-Approval Policies and Procedures

The Audit Committee's policy provides that the Company's independent auditor may provide only those services pre-approved by the Audit Committee or its designated subcommittee. The Committee is required to pre-approve all auditing services and non-audit services that are provided to the Company. If the Committee approves an audit service within the scope of the engagement of the independent auditor, such audit service will be deemed to have been pre-approved.

Committee pre-approval is not required under the policies of the Audit Committee for non-audit services provided by the independent auditor, if the aggregate amount of all such non-audit services provided to the Company constitutes not more than the 5% of the total amount of revenues paid by the Company to the independent auditor during the fiscal year in which such non-audit services are provided, such non-audit services were not recognized by the Company at the time of the independent auditor's engagement to be non-audit services, and such non-audit services are promptly brought to the attention of the Committee and approved by the Committee prior to the completion of the audit.

The Committee may delegate to one or more members of the Committee the authority to grant pre-approval of non-audit services. However, the decision of any member to whom such authority is delegated to pre-approve non-audit services shall be presented to the full Committee for its approval at its next scheduled meeting.
