If the subject report could not be filed without unreasonable effort or expense and the registrant seeks relief pursuant to Rule 12b-25(b), the following should be completed. (Check box if appropriate)

**PART III NARRATIVE**

State below in reasonable detail the reasons why Forms 10-K, 20-F, 11-K, 10-Q, N-SAR, or the transition report portion thereof, could not be filed within the prescribed time period.

Management of Xcel Energy Inc. has been conducting a review the results of NRG Energy, Inc. (NRG), a wholly owned subsidiary, for the quarter ended June 30, 2003, specifically those attributable to activities prior to and conditions as of NRG's bankruptcy filing date of May 14, 2003. At the time of NRG's bankruptcy filing, Xcel Energy began reflecting NRG's 2003 financial results using the equity accounting method. The NRG financial results attributable to activities subsequent to the bankruptcy filing are to be recorded by Xcel Energy, subject to certain limitations under the equity method. All NRG financial results attributable to time periods prior to the bankruptcy filing date must be reflected by Xcel Energy without limitation.

NRG recorded significant impairment and other losses in the second quarter of 2003, and reported its quarter results on August 14, 2003. Given the complexity of the facts and circumstances surrounding the timing of NRG asset impairments and the material effects of the impairments on quarterly results, Xcel Energy did not complete its assessment, including review of NRG disclosures reported on August 14, 2003, of whether its equity in NRG losses for the quarter would exceed the limitations in time to file its Form 10-Q report for the second quarter of 2003, as due on August 14, 2003, without incurring an unreasonable amount of effort and expense. On August 15, 2003 Xcel Energy completed its assessment and plans to file its Form 10-Q, including additional NRG losses of \$115 million related to pre-bankruptcy activities and conditions.
