ITEM 12. RESULTS OF OPERATIONS AND FINANCIAL CONDITION

The information in this Form 8-K and the Exhibits attached hereto shall not be deemed "filed" for purposes of Section 18 of the Securities Exchange Act of 1934, nor shall it be deemed incorporated by reference in any filing under the Securities Act of 1933 or any proxy statement or report or other document we may file with the SEC, regardless of any general incorporation language in any such filing, except as shall be expressly set forth by specific reference in such filing.

On October 2, 2003, Helen of Troy Limited issued a press release announcing its results for its second fiscal quarter ending August 31, 2003. A copy of this press release is attached hereto as Exhibit 99.1. Additionally, on October 2, 2003, Helen of Troy Limited held a conference call discussing its results for the second fiscal quarter ended August 31, 2003. A copy of the text of this conference call is attached hereto as Exhibit 99.2.

In connection with our press release, attached hereto as Exhibit 99.1, we disclosed the following information (as excerpted from the press release):

"Excluding the results for Tactica, second quarter sales increased by 17.1 percent to \$105.3 million with operating income of \$18 million or 17.1 percent of sales, net earnings of \$14.7 million or 14 percent of sales, and diluted earnings per share of \$.48 for the quarter. Excluding Tactica and our new Idelle Labs division, Helen of Troy sales increased by 5.8 percent to \$95.1 million versus \$89.9 million for last year's second quarter."

This information may be considered non-GAAP Financial Information as contemplated by SEC Regulation G, Rule 100. Accordingly, we are providing the following tables which reconcile these measures to their corresponding GAAP based measures presented under our Comparative Analysis of Earnings, later in the same press release.

Management believes the presentation of these non-GAAP financial measures, in connection with the results of the second fiscal quarter ended August 31, 2003, provides useful information to investors regarding our results of operations as these non-GAAP financial measures allow investors to better evaluate ongoing business performance, and factors that influenced performance during the period under report. Management also uses these non-GAAP measures internally to monitor performance of the businesses. These non-GAAP financial measures should be considered in addition to, and not as a substitute for, financial measures prepared in accordance with GAAP.
