Item 8.01. Other Events

Effective June 1, 2004, and due in part to FERC Order 2004, management and decision-making control of certain regulated gas gathering assets was transferred from the Midstream segment of The Williams Companies, Inc. (Williams) to its Gas Pipelines segment.

On July 8, 2004, Williams signed a definitive agreement to sell three straddle plants in western Canada. The plants were held within Williams Midstream segment. On July 28, 2004, Williams closed the transaction and received \$715 million Canadian, or approximately \$536 million in U.S. funds. The sale included Williams 100 percent ownership interest in the Cochrane and Empress II plants, and Williams 50 percent ownership interest in the Empress V facility.

Included here are the restated consolidated financial statements and schedule of Williams as of December 31, 2003 and 2002, and for the three years ended December 31, 2003 and the related report of independent registered public accounting firm, and the restated unaudited consolidated financial statements as of March 31, 2004 and December 31, 2003, and for the three-month periods ended March 31, 2004 and 2003. In addition, certain other exhibits labeled below as restated have been restated to reclassify the results of operations of certain gathering assets and to reflect the Canadian straddle plants as discontinued operations.

This Current Report on Form 8-K is being filed as an amendment to our Annual Report on Form 10-K for the fiscal year ended December 31, 2003 and our Quarterly Report on Form 10-Q for the three months ended March 31, 2004 to revise certain disclosures contained in the original Form 10-K and Form 10-Q. Unless the passage of time has rendered incorrect as of the time of its original filing any other information contained in the original Form 10-K or Form 10-Q, such information has not been updated in this Form 8-K. To update all other information, we hereby incorporate by reference herein all information contained in our Quarterly Reports on Form 10-Q for the quarter ended March 31, 2004 and June 30, 2004, other than the financial statements and related footnotes thereto contained in such Form.

Item 9.01. Financial Statements and Exhibits.

Certain matters discussed in this report, excluding historical information, include forward-looking statements that discuss Williams' expected future results based on current and pending business operations. Williams makes these forward-looking statements in reliance on the safe harbor protections provided under the Private Securities Litigation Reform Act of 1995.

Forward-looking statements can be identified by words such as anticipates, believes, expects, planned, scheduled or similar expressions. Although Williams believes these forward-looking statements are based on reasonable assumptions, statements made regarding future results are subject to a number of assumptions, uncertainties and risks that may cause future results to be materially different from the results stated or implied in this document. Additional information about issues that could lead to material changes in performance is contained in The Williams Companies, Inc.'s 2003 Form 10-K.
