PROXY STATEMENT

**FOR ANNUAL MEETING OF STOCKHOLDERS
JUNE 13, 2007**

INFORMATION CONCERNING SOLICITATION AND VOTING

General

We are soliciting the enclosed proxy on behalf of our Board of Directors for use at our Annual Meeting of Stockholders, which we will hold on June 13, 2007, at 10:00 a.m. local time, or at any adjournment or postponement of our Annual Meeting. We have described the purposes of our Annual Meeting in both this proxy statement and in our Notice of Annual Meeting that we are sending to you along with this proxy. Our Annual Meeting will be held at our San Francisco offices, located at 1355 Sansome Street, San Francisco, California 94111. We intend to mail this proxy statement along with the proxy card on or about April 27, 2007 to all stockholders entitled to vote at our Annual Meeting.

Solicitation

We will bear the entire cost of solicitation of proxies, including the preparation, assembly, printing and mailing of this proxy statement, the proxy card and any additional information we furnish to you. We will furnish copies of solicitation materials to banks, brokerage houses, fiduciaries and custodians who hold in their names shares of our common stock which are beneficially owned by others so that they may forward the solicitation materials to the beneficial owners. We may reimburse persons who represent beneficial owners of our common stock for their costs of forwarding solicitation materials. We may supplement the original solicitation of proxies by mail by other methods such as telephone, electronic mail or personal solicitation by our directors, officers or our other employees. We will not pay additional compensation to our directors, officers or our other employees for these services.

Voting Information

Who may vote? You may vote if you owned shares of our common stock at the close of business on April 18, 2007. You may vote each share that you owned on that date on each matter presented at the meeting. As of April 18, 2007, we had 17,593,693 shares outstanding entitled to one vote per share.

What am I voting on? You are voting on:

the election of one director for a three year term;

the ratification of Stonefield Josephson, Inc. as our independent auditors for fiscal year 2007; and

any other business a stockholder properly brings before the meeting.

What vote is required to pass an item of business? A majority of our outstanding shares of common stock entitled to vote must be present in person or represented by proxy to hold the meeting.

If you hold shares through an account with a bank or broker, the bank or broker may vote your shares on some routine matters even if you do not provide voting instructions. Brokerage firms have the authority under the Nasdaq Stock Market rules to vote shares on routine matters for which their customers do not provide voting instructions. The election of directors and the ratification of Stonefield Josephson, Inc. as our independent auditors for fiscal year 2007 are considered routine matters. When a proposal is not routine and the brokerage firm has not received voting instructions from its customers, the brokerage firm cannot vote the shares on that proposal. Those shares are considered broker non-votes.

Table of Contents

Proposal 1 Election of Directors

A plurality of the votes of our common stock entitled to vote and present in person or represented by proxy is required to elect a director. In the election of directors, you may vote for the director or you may withhold your vote. Withheld votes will be excluded from the vote and will have no effect on the outcome of the elections. If any nominee becomes unavailable for any reason, or if a vacancy should occur before the election, which we do not anticipate, the proxies will vote your share for another person in their discretion.

Proposal 2 Ratification of Stonefield Josephson, Inc. as Independent Auditors for Fiscal Year 2007

Ratification of the appointment of Stonefield Josephson, Inc. as our independent auditors for fiscal year 2007 requires the affirmative vote of a majority of our common stock present in person or represented by proxy at the meeting and entitled to vote on the proposal. Abstentions will count as votes against the proposal.

Unless you specify otherwise when you submit your proxy, the proxies will vote your share of common stock for proposals 1 and 2.

How do I vote? There are three ways to vote by proxy:

by calling the toll free telephone number on the proxy;

by using the Internet; or

by returning the enclosed letter proxy in the envelope provided.

Voting Via the Internet or by Telephone

You may grant a proxy to vote your shares by means of the telephone or on the Internet. The law of Delaware, under which we are incorporated, specifically permits electronically transmitted proxies, if the proxy contains or is submitted with information from which the inspectors of election can determine that the proxy was authorized by you.

The telephone and Internet voting procedures below are designed to authenticate stockholders' identities, to allow you to grant a proxy to vote your shares and to confirm that your instructions have been recorded properly. If you are granting a proxy to vote via the Internet, you should understand that there may be costs associated with electronic access, such as usage charges from Internet access providers and telephone companies, that you will be responsible for paying.

For Shares Registered in Your Name

Stockholders of record may grant a proxy to vote shares of our common stock by using a touch-tone telephone to call **1-800-560-1965** or via the Internet by accessing the website ***www.eproxyvote.com/lgbt***. You will be required to enter a series of numbers that are located on your proxy card and the last four digits of your social security number or tax identification number. If voting via the Internet, you will then be asked to complete an electronic proxy card. Your votes will be generated on the computer screen and you will be prompted to submit or revise them as desired. Votes submitted by telephone or via the Internet must be received before 10:00 a.m., Pacific Time, on June 12, 2007. Submitting your proxy by telephone or via the Internet will not affect your right to vote in person should you decide to attend the Annual Meeting.

For Shares Registered in the Name of a Broker or Bank

Most beneficial owners whose stock is held in street name receive instructions for granting proxies from their banks, brokers or other agents, rather than our proxy card. A number of brokers and banks are participating in a program provided through ADP Investor Communication Services that offers the means to grant proxies to vote shares by means of the Internet. If your shares are held in an account with a broker or bank participating in the ADP Investor Communications Services program, you may go to www.proxyvote.com to grant a proxy to vote your shares by means of the Internet. Votes submitted via the Internet must be received before 10:00 a.m., Pacific Time, on June 12, 2007. Submitting your proxy via the Internet will not affect your right to vote in person should you

Table of Contents

decide to attend the Annual Meeting. A beneficial owner who wishes to vote at the meeting must have an appropriate proxy from his or her broker or bank appointing that beneficial owner as attorney-in-fact for purposes of voting the beneficially held shares at the meeting.

Can I revoke my proxy? Yes. You can revoke your proxy by:

filing with our Corporate Secretary at our principal executive office, 1355 Sansome Street, San Francisco, California 94111, a written notice of revocation or a duly executed proxy bearing a later date, or

attending the meeting and voting in person. Attendance at the meeting will not, by itself, revoke a proxy.

Stockholder Proposals

If you wish to submit a proposal for inclusion in our proxy statement and form of proxy for our 2008 annual meeting of stockholders pursuant to Rule 14a-8 of the Securities and Exchange Commission, you must do so by December 28, 2007. If you wish to submit proposals or director nominations that are not to be included in the proxy statement and proxy, you must deliver written notice to our Corporate Secretary at 1355 Sansome Street, San Francisco, California 94111 not earlier than the close of business on February 14, 2008 and not later than the close of business on March 17, 2008. Stockholders are also advised to review our bylaws and the federal proxy rules, which contain additional requirements with respect to advance notice of stockholder proposals and director nominations.

PROPOSAL 1

ELECTION OF DIRECTORS

Our restated certificate of incorporation and bylaws provide that our Board of Directors is divided into three classes, with each class having a three-year term. Only persons elected by a majority of the remaining directors may fill vacancies on our Board. A director elected by our Board to fill a vacancy in a class (including a vacancy created by an increase in the number of directors) will serve until the next election of the class for which this director has been elected and until his or her successor has been duly elected and qualified.

Our Board of Directors presently has six members and no vacancies. There are two directors in the class whose term of office expires in 2007: Lowell R. Selvin and Jerry Colonna. Mr. Selvin has indicated that he will not stand for reelection when his current term expires at our Annual Meeting on June 13, 2007. Our Board of Directors has approved a reduction in the size of our Board, from six directors to five, effective upon the expiration of Mr. Selvin's term. The Corporate Governance and Nominating Committee of our Board has nominated Mr. Colonna to stand for reelection at the upcoming Annual Meeting. Mr. Colonna is currently a director of PlanetOut who was previously elected by our stockholders. If elected at the Annual Meeting, Mr. Colonna would serve until the 2010 annual meeting and until his successor is elected and has qualified, or until his death, resignation or removal.

Each of our directors, other than Karen Magee and Mr. Selvin, qualify as independent in accordance with the published listing requirements of the Nasdaq Stock Market. The Nasdaq independence definition includes a series of objective tests, such as that the director is not our employee and has not engaged in various types of business dealings with us. In addition, as further required by the Nasdaq rules, our Board has made a subjective determination as to each independent director that no relationships exist which, in the opinion of our Board, would interfere with the exercise of independent judgment in carrying out the responsibilities of a director. In making these determinations, the directors reviewed and discussed information provided by the directors and by us with regard to each director's business and personal activities as they may relate to us and our management.

Directors are elected by a plurality of the votes present in person or represented by proxy and entitled to vote at the meeting. Shares represented by executed proxies will be voted, if authority to do so is not withheld, for the election of the nominee, Mr. Colonna. If Mr. Colonna should be unavailable for election as a result of an unexpected occurrence, the shares will be voted for the election of a substitute nominee that the Corporate Governance and Nominating Committee may propose. Mr. Colonna has agreed to serve if elected, and the Corporate Governance and Nominating Committee and management have no reason to believe that he will be unable to serve.

Board Committees And Meetings

During the fiscal year ended December 31, 2006, our Board of Directors held 16 meetings and acted by unanimous written consent three times. Our Board has an Audit Committee, a Compensation Committee and a Corporate Governance and Nominating Committee.

During the fiscal year ended December 31, 2006, all directors attended at least 75% of the total meetings of our Board and committees on which each director served and which were held during the period the director was a director or committee member.

It is our policy that all directors are encouraged to attend our Annual Meetings of Stockholders in person. Last year, Mr. Selvin attended the annual meeting.

Audit Committee

From January through June 2006, the Audit Committee was composed of Mr. Jesse, Ms. Magee and Mr. King, each of whom was a non-employee member of our Board during the time of their service on the Audit Committee. After Ms. Magee became our Chief Executive Officer on July 1, 2006, Mr. Morgan replaced her on the Audit Committee. Mr. Morgan was also a non-employee member of our Board during the time of his service on the Audit Committee. In February 2007, when Mr. Morgan resigned from our Board and each committee of our Board on which he served, including the Audit Committee, Mr. Kleweno replaced Mr. Morgan on the Audit Committee. Mr. Kleweno is also a non-employee member of our Board.

Our Board has determined that each member of the Audit Committee meets the requirements for independence under the current requirements of the Nasdaq Stock Market and SEC rules and regulations. Mr. Jesse is the Chair of the Audit Committee and our Board has determined that he is the audit committee financial expert, as that term is defined under the SEC rules. The Audit Committee met 10 times during the last fiscal year and did not act by unanimous written consent. The Audit Committee has a written charter, which can be viewed on our corporate governance web page at www.planetoutinc.com under the Investor Center Corporate Governance section and was filed with our proxy statement for our 2005 annual meeting.

Table of Contents

The Audit Committee is responsible for overseeing the preparation of reports, statements or charters as may be required by the Nasdaq Stock Market or federal securities laws, as well as, among other things: (i) overseeing and monitoring (a) the integrity of our financial statements, (b) our compliance with legal and regulatory requirements as they relate to financial statements or accounting matters, (c) our independent auditors' engagement, qualifications, independence, compensation and performance, and (d) our internal accounting and financial controls; (ii) preparing the report that SEC rules require be included in our annual proxy statement; (iii) providing our Board with the results of its monitoring and recommendations; and (iv) providing to our Board additional information and materials as it deems necessary to make our Board aware of significant financial matters that require the attention of our Board.

Compensation Committee

During 2006, the Compensation Committee was composed of Mr. Colonna and Mr. Morgan, each of whom was a non-employee member of our Board during the time of their service on the Compensation Committee. In February 2007, when Mr. Morgan resigned from our Board and each committee of our Board on which he served, including the Compensation Committee, Mr. King replaced Mr. Morgan on the Compensation Committee. Mr. King is also a non-employee member of our Board.

Our Board has determined that each member of the Compensation Committee meets the requirements for independence under the current requirements of the Nasdaq Stock Market and SEC rules and regulations. Each member of the Compensation Committee is an outside director as defined in Section 162(m) of the Internal Revenue Code of 1986 and is a non-employee director within the meaning of Rule 16b-3 of the rules promulgated under the Securities Exchange Act of 1934. The Compensation Committee met eight times during the last fiscal year and did not act by unanimous written consent. The Compensation Committee has a written charter, which can be viewed on our corporate governance web page at www.planetoutinc.com under the Investor Center Corporate Governance section.

Under its charter, the Compensation Committee has the following scope and authority:

- review, modify (as needed) and approve our overall compensation strategy and policies,
- review and approve a compensation package for, in its sole discretion, our chief executive officer and evaluate our chief executive officer's performance in light of relevant corporate performance goals and objectives,
- review and approve the corporate performance goals and objectives of our other executive officers,
- with respect to directors and executive officers, review and approve grants and awards under our stock option plans and similar programs,
- if delegated by the Board, administer our equity compensation plans with respect to all eligible participants,
- annually review and approve our organizational structure, succession plans for executive officers and programs to encourage development of individuals to assume positions of higher responsibility,
- prepare and review any report required by SEC rules and regulations to be included in the proxy statement, and
- review, discuss and assess its own performance.

When reviewing our overall compensation strategy and policies, the Compensation Committee reviews performance goals and objectives relating to compensation, reviews and advises the Board concerning regional and industry-wide

compensation practices and trends to assess the adequacy and competitiveness of our executive compensation programs among comparable companies in our industry, and reviews the terms of any employment agreement, severance agreement and change of control protections for our executive officers.

The Compensation Committee has the ability to delegate its authority to administer equity compensation plans as it determines is appropriate. However, no such delegation has taken place.

Table of Contents

The chief executive officer and the chief financial officer may attend any meeting of the Compensation Committee unless the Compensation Committee determines that there are portions of the meetings where her or their presence would be inappropriate. With respect to other executive officers, the Compensation Committee considers recommendations from the chief executive officer regarding total compensation for executive officers. Those recommendations include salary increases or target incentive award opportunities, based on her evaluation of their performance, job responsibilities, and leadership roles within the company. While the Compensation Committee considers these recommendations for the chief executive officer's direct reports, the committee does not delegate authority for compensation decisions relating to the chief executive officer and the other executive officers as determined by the committee and the full Board of Directors.

Corporate Governance and Nominating Committee

From January through June 2006, the Corporate Governance and Nominating Committee was composed of Ms. Magee, Mr. Jesse and Mr. Morgan, each of whom was a non-employee member of our Board during the time of their service on the Corporate Governance and Nominating Committee. Ms. Magee resigned her position on the Corporate Governance and Nominating Committee when she became our Chief Executive Officer in July 2006. In February 2007, when Mr. Morgan resigned from our Board and each committee of our Board on which he served, including the Corporate Governance and Nominating Committee, Mr. Kleweno replaced Mr. Morgan on the Corporate Governance and Nominating Committee. Mr. Kleweno is also a non-employee member of our Board.

Our Board has determined that each member of the Corporate Governance and Nominating Committee meets the requirements for independence under the current requirements of the Nasdaq Stock Market and SEC rules and regulations. The Corporate Governance and Nominating Committee met four times during the last fiscal year and did not act by unanimous written consent. The Corporate Governance and Nominating Committee has a written charter, which can be viewed on our corporate governance web page at www.planetoutinc.com under the Investor Center Corporate Governance section.

The Corporate Governance and Nominating Committee is responsible for, among other things: (i) reviewing Board structure, composition and practices, and making recommendations on these matters to our Board; (ii) reviewing, soliciting and making recommendations to our Board and stockholders with respect to candidates for election to our Board; (iii) overseeing compliance with our Code of Conduct and Ethics; and (iv) overseeing compliance with corporate governance requirements.

Our bylaws contain provisions that address the process by which a stockholder may nominate an individual to stand for election to our Board at our annual meeting of stockholders. To date, we have not received any suggestions from stockholders that the Corporate Governance and Nominating Committee consider a candidate for inclusion among the slate of nominees presented at our annual meeting of stockholders. The Corporate Governance and Nominating Committee will consider qualified candidates for director suggested by stockholders. Stockholders can suggest candidates by writing to the attention of our Corporate Secretary at 1355 Sansome Street, San Francisco, CA 94111. We will forward suggestions that we receive to the Corporate Governance and Nominating Committee for further review and consideration. Stockholder suggestions are encouraged to be submitted to our Corporate Secretary at least six months prior to the one-year anniversary of the Annual Meeting, to ensure time for meaningful consideration. See also the Stockholder Proposals section for applicable deadlines.

Although the Corporate Governance and Nominating Committee has not formally adopted minimum criteria for director nominees, the Committee does seek to ensure that the members of our Board possess both exemplary professional and personal ethics and values and an in-depth understanding of our business and industry. The Corporate Governance and Nominating Committee also believes in the value of professional diversity among members of our

Board, and it feels that it is appropriate for members of our senior management to participate as members of our Board. The Corporate Governance and Nominating Committee requires that at least one member of our Board qualify as an audit committee financial expert as defined by SEC rules, and that a majority of the members of our Board meet the definition of independence under the Nasdaq Stock Market rules.

The Corporate Governance and Nominating Committee identifies nominees for the class of directors being elected at each annual meeting of stockholders by first evaluating the current members of the class of directors willing to continue in service. Current members of our Board with skills and experience that are relevant to our

Table of Contents

business and who are willing to continue to serve on our Board are considered for re-nomination, balancing the value of continuity of service by existing members of our Board with the benefits of bringing on members with new perspectives. If any member of a class of directors does not wish to continue in service or if the Corporate Governance and Nominating Committee decides not to re-nominate a member of the class of directors for reelection, the Corporate Governance and Nominating Committee identifies the desired skills and experience of a new nominee in light of the criteria above.

Code of Conduct and Ethics

We have adopted a Code of Business Conduct and Ethics that applies to our Chief Executive Officer and senior financial officers, including our Chief Financial Officer and Controller, as well as all employees and directors. The Code of Business Conduct and Ethics can be viewed on our corporate governance web page at www.planetoutinc.com under the Investor Center Corporate Governance section. To the extent permitted by Nasdaq Stock Market rules, we intend to disclose any amendments to, or waivers from, the Code provisions applicable to our Chief Executive Officer and senior financial officers, including our Chief Financial Officer and controller, or with respect to the required elements of the Code on our corporate governance web page at www.planetoutinc.com under the Investor Center Corporate Governance section.

REPORT OF THE AUDIT COMMITTEE OF OUR BOARD OF DIRECTORS ¹

Among other things, the Audit Committee reviews and discusses with management and with Stonefield Josephson, Inc., our independent auditors, the results of our year-end audit, including the audit report and audited financial statements.

In connection with our audited financial statements for the fiscal year ended December 31, 2006, the Audit Committee reviewed and discussed the audited financial statements with management, and discussed with Stonefield Josephson, Inc. the matters required to be discussed by Statement on Auditing Standards No. 61, as amended, AICPA, *Professional Standards*, Vol.1, AU §380, as adopted by the Public Company Accounting Oversight Board in Rule 3200T. The Audit Committee received the written disclosures and the letter from Stonefield Josephson, Inc. required by Independence Standards Board Standard No. 1, *Independence Discussions with Audit Committees*, as adopted by the Public Company Accounting Oversight Board in Rule 3600T and discussed with Stonefield Josephson, Inc. their independence. The Audit Committee has determined that the provision of non-audit services rendered by Stonefield Josephson, Inc. to PlanetOut is compatible with maintaining the independence of Stonefield Josephson, Inc.

¹ This Section is not soliciting material, is not deemed filed with the SEC and is not to be incorporated by reference in any filing of the Company under the 1933 Act or the 1934 Exchange Act whether made before or after the date hereof and irrespective of any general incorporation language in any such filing.

Table of Contents

Based on the review and discussions referred to above, the Audit Committee recommended to our Board of Directors that the audited financial statements be included in our Annual Report on Form 10-K for the fiscal year ended December 31, 2006 for filing with the SEC.

The Audit Committee has a written charter, which can be viewed on our corporate governance web page at www.planetoutinc.com under the Investor Center Corporate Governance section. The Committee believes that a candid, substantive and focused dialogue with the independent auditors is fundamental to the Committee's responsibilities. To support this belief, the Committee periodically meets separately with the independent auditors without the members of management present.

PROPOSAL 2

RATIFICATION OF SELECTION OF INDEPENDENT AUDITORS

The Audit Committee of our Board of Directors has selected Stonefield Josephson, Inc. (Stonefield) as our independent auditors for the fiscal year ending December 31, 2007 and has further directed that management submit the selection of independent auditors for ratification by the stockholders at the Annual Meeting. Stonefield has served as our independent auditors since fiscal year 2005. Representatives of Stonefield are expected to be present at the Annual Meeting. They will have an opportunity to make a statement if they so desire and will be available to respond to appropriate questions.

Neither our bylaws nor other governing documents nor law requires stockholder ratification of the selection of Stonefield as our independent auditors. However, our Board is submitting the selection of Stonefield to the stockholders for ratification as a matter of good corporate practice. If the stockholders fail to ratify the selection, our Board will reconsider whether or not to retain that firm. Even if the selection is ratified, our Board in its discretion may direct the appointment of different independent auditors at any time during the year if they determine that such a change would be in our and our Stockholders' best interests.

The affirmative vote of the holders of a majority of the shares present in person or represented by proxy and entitled to vote at the Annual Meeting will be required to ratify the selection of Stonefield.

A VOTE IN FAVOR OF THE RATIFICATION OF STONEFIELD AS OUR INDEPENDENT
AUDITORS FOR FISCAL YEAR 2007**

PRINCIPAL ACCOUNTING FEES AND SERVICES

Change In Auditors

On June 24, 2005, our Audit Committee dismissed Pricewaterhouse Coopers LLP, (PwC) as our independent registered public accounting firm. PwC s reports on our consolidated financial statements as of and for the year ended December 31, 2004 did not contain any adverse opinion or disclaimer of opinion, nor were they qualified or modified as to uncertainty, audit scope or accounting principle.

Table of Contents

During the year ended December 31, 2004, and through June 24, 2005, we did not have any disagreements with PwC on any matter of accounting principles or practices, financial statement disclosure, or auditing scope or procedure, which disagreements, if not resolved to PwC's satisfaction, would have caused PwC to make reference to them in their report on the financial statements for 2004. No reportable events described under Item 304(a)(1)(v) of Regulation S-K occurred during the year ended December 31, 2004.

On June 30, 2005, the Audit Committee appointed Stonefield Josephson, Inc. as our new independent registered public accounting firm. During the year ended December 31, 2004 and through June 30, 2005, we did not consult with Stonefield regarding any of the matters or events set forth in Items 304(a)(2)(i) and (ii) of Regulation S-K.

The Audit Committee's decision resulted from a process, intended to manage costs, in which several firms were invited to submit audit proposals. The Audit Committee expected that our audit fees would be reduced as a result of this change. Also, the Audit Committee believed that, as we are a relatively small public company, we may be able to receive increased access to, and enhanced service from, a smaller auditing firm.

PwC continues to provide tax advice to us and prepares our quarterly tax provisions and annual tax returns.

The above disclosures have been presented to PwC and Stonefield for their review and comment and we received no comments from either PwC or Stonefield.

Audit Fees

During that portion of the fiscal year ended December 31, 2005 prior to PwC's dismissal as our independent registered public accounting firm on June 24, 2005, the aggregate fees paid to PwC for the professional services rendered for the audit of our annual financial statements, audit of historical carve-out financial statements and for the reviews of the financial statements included in our Forms 10-Q quarterly reports, and services that are normally provided by PwC in connection with statutory and regulatory filings or engagements were \$360,339.

During that portion of the fiscal year ended December 31, 2005 after Stonefield's appointment as our independent registered public accounting firm on June 30, 2005 and during the fiscal year ended December 31, 2006, the aggregate fees paid to Stonefield for the professional services rendered for the audit of historical carve-out financial statements and for the reviews of the financial statements included in our Forms 10-Q quarterly reports, and services that are normally provided by Stonefield in connection with statutory and regulatory filings or engagements for those periods were \$150,165 and \$672,585, respectively.

Audit-Related Fees

Audit-related fees include fees for assurance and related services reasonably related to the performance of the audit or review of our financial statements. There were no audit-related fees paid to PwC for services related to the performance of their audit and review of financial statements that are not included in audit fees above for that portion of the fiscal year ended December 31, 2005 prior to PwC's dismissal as our independent registered public accounting firm on June 24, 2005. During fiscal year ended December 31, 2006, the aggregate fees paid to PwC for audit-related services related to the issuance of their consent were \$25,000.

There were no audit-related fees paid to Stonefield for services related to the performance of their review of financial statements that are not included in audit fees above for that portion of the fiscal year ended December 31, 2005 after Stonefield's appointment as our independent registered public accounting firm on June 30, 2005 or for the fiscal year ended December 31, 2006.

Tax Fees

Tax fees include fees for tax compliance, tax advice and tax planning services. The aggregate fees paid to PwC for these services were \$39,220 and \$81,900 for the fiscal years ended December 31, 2005 and 2006, respectively. No tax fees were paid to Stonefield.

Table of Contents

All Other Fees

Other than those described above, there were no other fees paid to PwC for that portion of the fiscal year ended December 31, 2005 prior to PwC's dismissal as our independent registered public accounting firm on June 24, 2005.

For that portion of the fiscal year ended December 31, 2005 after Stonefield's appointment as our independent registered public accounting firm on June 30, 2005 and during the fiscal year ended December 31, 2006, approximately \$24,290 and \$4,155, respectively, were paid to Stonefield for their advisory services.

Pre-Approval Policies And Procedures

The Audit Committee meets with our independent auditors to approve the annual scope of accounting services to be performed, including all audit and non-audit services, and the related fee estimates. The Audit Committee also meets with our independent auditors, on a quarterly basis, following completion of their quarterly reviews and annual audit and prior to our earnings announcements, to review the results of their work. As appropriate, management and our independent auditors update the Audit Committee with material changes to any service engagement and related fee estimates as compared to amounts previously approved.

Under its charter, the Audit Committee has the authority and responsibility to review and approve the retention of our independent auditors to perform any proposed permissible non-audit services. To date, all audit and non-audit services provided by PwC and Stonefield have been pre-approved by the Audit Committee in advance.

Auditors Independence

The Audit Committee has determined that the rendering of all the services described above by PwC and Stonefield was compatible with maintaining the auditors' independence.

Beneficial ownership is determined in accordance with the rules of the SEC and generally includes voting or investment power with respect to those securities.

Loans to Executive Officers

In May 2001, we, in exchange for a secured promissory note, loaned to Mark D. Elderkin, its President, \$602,656 to fund his purchase of our Series D Preferred Stock. The principal and interest, which accrued at a rate of 8.5% per annum, were due and payable by May 2006. The note was full recourse as to all accrued interest and as to \$24,000 in principal amount, and the remainder was non-recourse. The loan was secured by the shares of common stock and options owned by Mr. Elderkin. The loan had not been modified since July 30, 2002, the effective date of the Sarbanes-Oxley Act of 2002. In March 2006, Mr. Elderkin paid us \$842,847.90, representing \$602,656 in principal and \$240,191.90 in interest, fully satisfying his repayment obligations to us, thereby terminating the note and the security interest.

Indemnity Agreement

In June 2001, Online Partners entered into an indemnity agreement with Mr. Elderkin, pursuant to which we agreed to indemnify Mr. Elderkin for certain costs of defense and damages that might be awarded against him in a lawsuit brought against us and him, among others, by a former employee of Online Partners. Specifically, the indemnity

agreement provided that we would indemnify Mr. Elderkin for his reasonable costs of defense, generally limited to no more than \$3,500 per month, and for that portion of any damages awarded against him, if any, in an amount to be determined at arbitration, that the trier of fact found resulted from actions he took within the scope of his employment with Online Partners. The lawsuit subject to this indemnity agreement was settled in January 2005, and no further payments are expected under this agreement.

Indemnification Insurance

Our bylaws require us to indemnify our directors and executive officers to the fullest extent permitted by Delaware law. We have entered into indemnification agreements with all of our directors and executive officers and

Table of Contents

hold directors and officers liability insurance. In addition, our certificate of incorporation limits the personal liability of our Board members for breaches by the directors of their fiduciary duties.

Policies and Procedures with Respect to Related Party Transactions

We have policies and procedures regarding the review and approval of related-person transactions. The transactions covered by our policies and procedures include any financial transaction, arrangement or relationship (including any indebtedness or guarantee of indebtedness) or any series of similar transactions, arrangements or relationships in which we participate and the amount involved exceeds \$120,000, and a director or executive officer of the company has a direct or indirect material interest. The policies and procedures include transactions where the directors or executive officers children, stepchildren, parents, stepparents, spouse, siblings, mothers-in-law, fathers-in-law, sons-in-law, daughters-in-law, brothers-in-law, or sisters-in-law or members of their household (other than a tenant or employee) have a personal interest.

Any director or executive officer proposing a transaction covered by our related party transaction policies and procedures must promptly notify our legal department prior to engaging in the proposed transaction and must provide all material details of the proposed transaction and his or her interest in the transaction. The legal department will brief the Audit Committee regarding any proposed transaction at its next meeting. The Audit Committee may authorize the transaction only if the Audit Committee determines that the transaction is fair as to the company as of the time of authorization and in our best interests. The transaction must be approved in good faith by a majority of the members of the Audit Committee that are not related persons with respect to the transaction, provided that the related person may be included for purposes of determining the presence of a quorum.

Notice to and approval by the Audit Committee as described above is not required if the transaction involves compensation to an immediate family member of a director or executive officer, and the employment relationship has been approved in good faith by a majority of disinterested members of the Compensation Committee. After initial employment, further approval of the Compensation Committee is not required if the immediate family member is not an executive officer and all compensation and benefits to him or her, including salary increases, bonuses, incentive awards, perquisites, benefits, severance payments, and all other forms of compensation, are made in accordance with our compensation programs, policies and plans.

SECTION 16(A) BENEFICIAL OWNERSHIP REPORTING COMPLIANCE

Section 16(a) of the Exchange Act requires our directors and executive officers, and persons who own more than 10% of a registered class of our equity securities, to file with the SEC initial reports of ownership and reports of changes in ownership of common stock and our other equity securities. Officers, directors and greater than 10% stockholders are required by SEC regulation to furnish us with copies of all Section 16(a) forms they file.

To our knowledge, based solely on a review of the copies of such reports furnished to us and written representations that no other reports were required, during the fiscal year ended December 31, 2006, all Section 16(a) filing requirements applicable to our officers, directors and greater than 10% beneficial owners were complied with.

COMPENSATION OF DIRECTORS

Prior to December 22, 2005, we did not pay any cash compensation to the members of our Board of Directors, except for reimbursing our non-employee directors for reasonable travel expenses incurred in connection with attendance at Board and committee meetings. Effective December 22, 2005, we adopted a director compensation program that, in addition to reimbursing our non-employee directors for travel expenses incurred in connection with their attendance at Board and committee meetings, also provides our directors with cash and equity compensation.

Table of Contents

The following table details the total compensation earned by our non-employee directors in 2006:

| Name | Fees Earned or Paid in Cash | Stock Awards(1) | Total |
|-----------------------|-----------------------------------|--------------------|-----------|
| H. William Jesse, Jr. | \$ 23,000 | \$ 6,670 | \$ 29,670 |
| Jerry Colonna | 19,000 | 6,670 | 25,670 |
| Robert W. King | 17,000 | 6,670 | 23,670 |
| Allen Morgan(2) | 21,000 | 6,670 | 27,670 |

(1) Represents the FAS 123R value (with respect to the 2006 fiscal year) of the annual grant of 2,000 restricted shares of our common stock, granted in each case on June 14, 2006. The restricted shares vest quarterly over two years beginning in the first open window of the quarter beginning with the first quarter following the 2006 Annual Meeting of Stockholders. For additional information on the valuation assumptions with respect to the 2006 grants, refer to note 11 of our financial statements in our Form 10-K for the year ended December 31, 2006, as filed with the SEC. These amounts represent our accounting expense for these awards, and do not correspond to the actual value that will be recognized by the directors.

(2) Mr. Morgan resigned from our Board effective February 26, 2007.

Cash Compensation

Each non-employee director receives a quarterly cash retainer of \$3,000 and a \$1,000 payment for each all-day board meeting attended in person. The Chairperson of the Audit Committee receives an additional quarterly payment of \$1,250 and the Chairpersons of the Compensation Committee and the Nominating and Corporate Governance Committee receive additional quarterly payments of \$750. Further, effective as of the first business day of January 2007, and on the first business day of each January thereafter, each non-employee director who has attended 80% or more of all Board and applicable Committee meetings held during his or her tenure as a Board member during the prior calendar year will receive a payment of \$2,000.

Equity Compensation

Effective as of January 1, 2007, as of the date of first joining our Board, each non-employee director will receive a grant of 6,000 restricted shares of our common stock (Restricted Shares), which vest quarterly over a three year period from the date of grant, with 1/12th of the Restricted Shares vesting on the first day after the date of grant on which our trading window opens pursuant to our Insider Trading Policy during each fiscal quarter, unless the trading window does not open during the quarter, in which case those Restricted Shares vest on the last business day immediately preceding the 16th day of the last month of that quarter. In past years, directors received a grant of 2,000 Restricted Shares. No new directors joined our board in 2006.

Effective as of December 22, 2005, each non-employee director, other than Ms. Magee (who was a non-employee director in December 2005 but did not receive a grant because her employer at the time did not allow her to be compensated for her service on our Board), was granted a nonstatutory stock option to purchase up to 13,500 shares of our common stock. The options were 100% vested on the date of grant; provided, however, that a total of 3,000 of the shares that may be acquired upon exercise of the options are transferable, and the remaining 10,500 of the shares are

nontransferable (with certain exceptions for transfer upon death or qualified domestic relations orders); provided, further however, that the 10,500 shares become transferable over a three year monthly schedule, such that 1/36th of the shares will become transferable each month following the date of grant. On January 26, 2006, Ms. Magee was granted a non-statutory stock option to purchase 13,500 shares of our common stock, 3,000 of which were vested on the date of grant and 1/36th of the remaining options vest monthly thereafter. We recognized \$33,225 of stock-based compensation expense with respect to this stock option grant in 2006. For additional information with respect to Ms. Magee's option, refer to the Summary Compensation Table and its note 2.

In addition, each non-employee director receives an automatic annual grant of 2,000 restricted shares of our common stock on the date of our annual stockholder's meeting, which vests quarterly over a one year period from the date of grant, with 1/4th of the restricted shares vesting on the first day after the date of grant on which our

Table of Contents

trading window opens pursuant to our Insider Trading Policy during each fiscal quarter, unless the trading window does not open during a quarter, in which case the restricted shares will vest on the last business day immediately preceding the 16th day of the last month of that quarter.

COMPENSATION COMMITTEE INTERLOCKS AND INSIDER PARTICIPATION

No member of the Compensation Committee and none of our executive officers has a relationship that would constitute an interlocking relationship with executive officers and directors of another entity.

EXECUTIVE COMPENSATION

COMPENSATION DISCUSSION AND ANALYSIS

Introduction

The goals of our compensation programs are

to attract and retain superior executive talent by offering a competitive compensation package,

to promote superior future performance by linking executive compensation to individual and corporate performance, and

to enhance stockholder value by aligning the long-term interests of the named executive officers with those of our investors.

Our compensation philosophy is to link executive compensation with the attainment of corporate performance goals and objectives and the individual's actual performance against plan. We include an equity component in total executive compensation because we believe that equity-based compensation best aligns the long-term interests of our named executive officers and our stockholders and motivates the named executive officers to continue to perform at the highest levels.

We believe that the quality, skills and dedication of our named executive officers are critical factors affecting our long-term value. We seek to maintain our ability to effectively compete with other high-growth companies for the entrepreneurial, highly-motivated and innovative employees that we consider essential to our growth strategy. To that end, we tailor our executive compensation programs to be competitive with those of comparable companies in our industry, taking into account regional and industry-wide compensation practices and trends as well as our stage of growth, competitive environment and business complexity.

We have entered into employment agreements with each of our named executive officers, including the Chief Executive Officer. These agreements set forth each named executive officer's compensation package as well as other terms of the named executive officer's employment, such as severance and change of control arrangements. The Compensation Committee has reviewed and approved each of the employment agreements as well as any amendments or modifications to the agreements.

Determining Compensation

2006 was a restructuring year for us. We saw our long-time Chief Executive Officer transition to a more limited role and two other executive officers moved on to new opportunities. As a result of these transitions, we hired a new Chief

Executive Officer, a new Chief Financial Officer and promoted our former Chief Financial Officer to President and Chief Operating Officer. As part of this restructuring, we reexamined the amount of compensation that we were paying to our named executive officers and we engaged a compensation consulting firm to assist us with a review of our business-wide compensation programs. As part of this review, we bought into the Radford Survey, which we thought best matched our structure and existing job descriptions and provided us with a comparative group of companies that are similarly situated to us. Our Chief Executive Officer, Chief Operating Officer and Vice President, Human Resources met and reviewed the survey data in May 2006. This management team looked specifically at companies participating in the survey with revenues in the \$50 million range (our current revenue group) and in the \$75 million range (our goal revenue group). The management team determined

Table of Contents

that generally our named executive officers were being compensated at a rate below the median compensation levels of similarly situated companies. As a result of this review, the Compensation Committee, with input from the management team, reviewed our compensation program, including with respect to the named executive officers.

Elements of Executive Compensation

The Compensation Committee is responsible for overseeing our overall compensation strategy and policies and for determining the compensation of the Chief Executive Officer and other named executive officers. The key elements of our executive compensation program are base salary, incentive bonus and equity incentives, each of which is discussed in further detail below.

Base Salary

Base salary is the fixed portion of executive pay and compensates individuals for expected day-to-day performance. Typically, when reviewing base salaries, the key factors considered by the Compensation Committee are:

- the nature, scope and level of the individual's responsibilities,
- the compensation paid by comparable companies for similar positions,
- the individual's actual performance against plan,
- the individual's contribution to the company's financial results, and
- the individual's prior experience and tenure with the company.

The Compensation Committee also takes into account each executive's current salary and prior-year compensation, the appropriate balance between incentives for long-term and short-term performance, and the executive's commitment to leadership and diversity within PlanetOut and the community.

The Compensation Committee reviews and approves at least annually each named executive officer's salary for the fiscal year and in July 2006 the Compensation Committee reviewed base salary in light of our personnel restructuring and the management team's review of the Radford Survey. Taking into account the Radford Survey and each named executive officer's leadership qualities, individual and corporate performance and potential to enhance long-term stockholder value, the Compensation Committee raised base salaries in July 2006 for named executive officers who were continuing employees. Also in July 2006, the Compensation Committee raised the base salary level with respect to those executive positions into which we hired a new executive in 2006, including the Chief Executive Officer's position.

Incentive Bonus

Annual incentive bonuses may be granted to the named executive officers to encourage and reward superior performance. We do not have a formal written bonus plan. Instead, incentive bonuses generally are based upon the Compensation Committee's assessment of each executive's individual performance during the year as well as our overall performance in meeting financial and other goals. This assessment also includes an evaluation of how each executive performed compared to the financial, operational and strategic goals and objectives which may be established for the executive at the beginning of the year by the Chief Executive Officer and the Compensation Committee and approved by the full Board of Directors.

In 2006, the Chief Executive Officer earned a guaranteed cash bonus, which we offered in part to induce her to accept employment with us, and the President and Chief Operating Officer received a retention bonus.

Equity Incentives

We use equity incentives, including stock options and restricted stock, as a vehicle to reward and retain named executive officers. Our philosophy in granting equity incentives is to encourage ownership of our stock as a means to align the interests of executives and stockholders. The Compensation Committee believes that stock-based equity grants reinforce a long-term interest in our overall performance and encourage the named executive officers to

Table of Contents

manage our business with a view toward maximizing long-term stockholder value. With the Statement of Financial Accounting Standards No. 123R, *Share-Based Payment*, now in effect, the equity incentives we provide to our named executive officers include a mix of stock options and restricted stock.

In accordance with our stockholder-approved equity incentive plan, stock options are granted with an exercise price equal to 100% of the closing market price of our stock on the date of grant, and thus provide compensation to the named executive officer only to the extent that the market price of the stock increases between the date of grant and the date the option is exercised. The date of grant of each stock option is the date the Compensation Committee meets in person or by telephone to approve the grant. Generally, stock options granted to the named executive officers vest over a four-year period. In 2006, the Compensation Committee granted stock options only to our current Chief Executive Officer, who received an option grant in January 2006 as part of her compensation as a non-employee director prior to her appointment as Chief Executive Officer in July 2006, and to the Chief Financial Officer.

In 2006, the Compensation Committee granted restricted stock awards to our named executive officers. The restricted stock awards generally vest quarterly or annually over a four-year period.

The Compensation Committee reviews and approves all equity grants to the named executive officers and considers a number of factors in determining the size of equity grants, including the relationship between job responsibilities and stockholder value, individual and company performance, competitive external grant practices, and the amount of equity already held by the executive. The Compensation Committee's assessment of individual contributions from named executive officers, other than the Chief Executive Officer, is based in part on the recommendation of the Chief Executive Officer.

Other Compensation

We provide modest perquisites to our named executive officers, including reimbursement for life and disability insurance premiums and payment for parking near our downtown San Francisco office. In connection with paid parking and certain group life insurance benefits provided to our named executive officers, we make an additional cash payment to the executives so that these benefits are provided to the executives on a tax-neutral basis. Named executive officers also are eligible to participate in benefit programs that are generally available to all employees, such as our health insurance and 401(k) programs.

Employment Agreements

Magee: Since 2003, Ms. Magee has served on our Board of Directors as a non-employee director and on July 1, 2006, she began her tenure as our Chief Executive Officer. The terms of her employment with us are set forth in her employment agreement dated June 20, 2006. Ms. Magee's base salary in 2006 was \$390,000. Ms. Magee also is generally eligible for an annual incentive bonus at a target level of 40% of base salary based on the achievement of certain individual and corporate performance goals. In 2006, based in part on Ms. Magee's mid-year start date, no goals were set and no incentive bonus was earned. For the period July 1, 2006 through December 31, 2006, Ms. Magee's bonus was guaranteed at 70% of the target level of her annual incentive bonus, 40%, prorated to take into account her July 1 start date. The earned bonus for the period July 1, 2006 through December 31, 2006 is \$54,600. This bonus will be paid in 2007 in accordance with the terms of Ms. Magee's employment agreement.

Also in 2006, the Compensation Committee, pursuant to her employment agreement, awarded Ms. Magee 90,000 shares of restricted stock, which vest in four equal, annual installments and are otherwise subject to all of the terms and conditions of our stockholder-approved equity incentive plan. The total of the COBRA reimbursements was \$4,207. Also in connection with her initial employment with us, Ms. Magee is eligible to receive up to \$195,000 to cover her relocation expenses and legal fees incurred with

respect to her transition between her prior employer and us. In 2006, we paid Ms. Magee \$16,875 in moving expenses. We did not reimburse her for any legal expenses in 2006.

However, in 2006, no performance goals were set and no incentive bonus was earned. In addition, Mr. Soukup's employment agreement provided that in 2006, the annual incentive bonus, if any, would have been payable only to the extent that the annual incentive bonus amount exceeded the dollar value of the retention bonus.

Also in 2006, the Compensation Committee awarded Mr. Soukup 40,000 shares of restricted stock, 10,000 of which vest on January 1, 2007 and 5,000 of which vest on each July 1 and January 1 thereafter, through January 1, 2010 and are otherwise subject to all of the terms and conditions of our stockholder-approved equity incentive plan. In addition, Mr. Soukup was eligible for paid time off in accordance with our standard policy. Mr. Soukup was eligible to participate in all of our employee benefit plans in accordance with the terms and conditions of those plans and is eligible to use personal life insurance and disability insurance to cover the approximate difference between our company-sponsored plan maximums and his base salary up to a cost of \$100 per month for life insurance and \$150 per month for disability insurance. Mr. Soukup also was eligible for a paid parking space.

The exercise price of Mr. Miller's stock option is equal to the fair market value of the underlying stock on the date of grant. In July 2006, the Compensation Committee awarded Mr. Miller a grant of 5,000 shares of restricted stock, which vests on February 15, 2007 or on the first day thereafter in the next open window trading period and is otherwise subject to the all of the terms and conditions of our stockholder-approved equity incentive plan.

Mr. Selvin, however, continues to serve on our Board of Directors as Chairman Emeritus and will do so until his term expires at our Annual Meeting on June 13, 2007. During 2006, while Mr. Selvin was still our Chief Executive Officer, we paid him \$193,825 in base salary. Mr. Selvin was generally eligible for an annual incentive bonus based on the achievement of certain individual and corporate performance goals. In 2006, however, no goals were set and no bonus was paid. As Chairman Emeritus, we paid Mr. Selvin \$8,000 in meeting fees. Also in 2006, we reimbursed Mr. Selvin for \$5,738 in legal fees.

Section 162(m) of the Internal Revenue Code

Section 162(m) of the Internal Revenue Code of 1986, as amended, imposes a \$1 million limit on the amount that a public company may deduct for compensation paid to the chief executive officer or any of the four other most highly compensated executive officers who are employed as of the end of the fiscal year. Compensation above \$1 million may, however, be deducted if it is deemed qualifying performance-based compensation, which generally requires that the compensation be paid only if the individual's performance meets pre-established objective goals based on performance criteria approved by stockholders.

The Compensation Committee seeks to maximize the tax deductibility of compensation paid to our named executive officers under Section 162(m) and the related regulations. However, deductibility is not the sole factor that the Compensation Committee considers in assessing the appropriate levels and types of executive compensation. Incentive bonuses and stock options granted to our named executive officers generally qualify as performance-based compensation; however, restricted stock awards with time-based vesting schedules do not. Notwithstanding the grant of restricted stock awards in 2006, we believe that all compensation paid for 2006 to our named executive officers, including the Chief Executive Officer, is properly deductible under Section 162(m).

HOUSEHOLDING OF PROXY MATERIALS

The SEC has adopted rules that permit companies and intermediaries (e.g., brokers) to satisfy the delivery requirements for proxy statements and annual reports with respect to two or more stockholders sharing the same address by delivering a single proxy statement addressed to those stockholders. This process, which is commonly referred to as "householding," potentially means extra convenience for stockholders and cost savings for companies.

This year, a number of brokers with account holders who are PlanetOut stockholders will be householding our proxy materials. A single proxy statement will be delivered to multiple stockholders sharing an address unless

contrary instructions have been received from the affected stockholders. Once you have received notice from your broker that they will be householding communications to your address, householding will continue until you are notified otherwise or until you revoke your consent. If, at any time, you no longer wish to participate in householding and would prefer to receive a separate proxy statement and annual report, please notify your broker or direct your written request to: Investor Relations, PlanetOut Inc., 1355 Sansome Street, San Francisco, California 94111, or contact our Investor Relations department at (415) 834-6340. We will promptly deliver upon written or oral request a separate copy of the annual report or proxy statement to a security holder at a shared address to which a single copy of the document was delivered. Stockholders who currently receive multiple copies of the proxy statement at their address and would like to request householding of their communications should contact their broker.

OTHER MATTERS

Our Board of Directors knows of no other matters that will be presented for consideration at the Annual Meeting. If any other matters are properly brought before the meeting, it is the intention of the persons named in the accompanying proxy to vote on such matters in accordance with their best judgment.
