To our stockholders:

It is my sincere pleasure to invite you to L-1 Identity Solutions, Inc.'s 2008 annual meeting of stockholders. This year's meeting will be held on May 7, 2008 at 2:30 p.m. local time at the Hyatt Regency Greenwich, 1800 East Putnam Avenue, Old Greenwich, CT 06870. At this important meeting, we will focus on the business items listed in the notice of meeting, which follows on the next page.

This year, we are pleased to take advantage of the new Securities and Exchange Commission rule allowing companies to furnish proxy materials to their stockholders over the Internet. We believe that this new e-proxy process will expedite stockholders' receipt of proxy materials and lower the costs and reduce the environmental impact of our annual meeting. On or before March 28, 2008, we will mail a notice containing instructions on how to access our 2008 proxy statement and annual report and vote online (the "E-Proxy Notice"). The E-Proxy Notice will be distributed to those who hold fewer than 4,000 shares of our common stock through an account at a bank, broker, fiduciary or custodian (unless such holders have previously requested to receive our proxy materials by mail). For all other stockholders, we will send a copy of the proxy statement and annual report by mail by March 28, 2008. The proxy statement contains instructions on how you can (i) receive a paper copy of the proxy statement and annual report, if you only received a notice by mail, or (ii) elect to receive your proxy statement and annual report over the Internet, if you received them by mail this year.

Whether or not you plan to attend the meeting, your vote is important and we encourage you to vote promptly. You may vote your shares via a toll-free telephone number or over the Internet. If you received a paper copy of the proxy card by mail, you may sign, date and mail the proxy card in the envelope provided. Instructions regarding all three methods of voting are contained on the proxy card.

We look forward to seeing you at the annual meeting.

Sincerely,
ROBERT V. LAPENTA

Chairman of the Board,
President and Chief Executive Officer

THE ANNUAL MEETING

Date, Time and Place

The annual meeting of L-1 Identity Solutions, Inc. (the “Company”) will be held on May 7, 2008 at 2:30 p.m. local time at the Hyatt Regency Greenwich, 1800 East Putnam Avenue, Old Greenwich, CT 06870.

Matters to be Considered

At the meeting, stockholders will be asked to consider and vote to elect four Class III Directors, to approve the L-1 Identity Solutions, Inc. 2008 Long-Term Incentive Plan and to ratify the selection of the independent registered public accounting firm. See “ELECTION OF DIRECTORS”, “THE L-1 IDENTITY SOLUTIONS, INC. 2008 LONG-TERM INCENTIVE PLAN” and “RATIFICATION OF SELECTION OF THE INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM”. The Company’s board of directors (the “Board of Directors”) does not know of any matters to be brought before the meeting other than as set forth in the notice of meeting. If any other matters properly come before the meeting, the persons named in the enclosed form of proxy or their substitutes will vote in accordance with their best judgment on such matters.

Record Date; Stock Outstanding and Entitled to Vote

Stockholders as of the record date, i.e., the close of business on March 17, 2008, are entitled to notice of, and to vote at, the annual meeting. As of the record date, there were 77,837,351 shares of common stock outstanding and entitled to vote, with each share entitled to one vote.

Information About This Proxy Statement

Why you received this proxy statement. You have received these proxy materials because our Board of Directors is soliciting your proxy to vote your shares at the annual meeting. This proxy statement includes information that we are required to provide to you under the rules of the U.S. Securities and Exchange Commission (the “SEC”) and that is designed to assist you in voting your shares. If you own our common stock in more than one account, such as individually and also jointly with your spouse, you may receive more than one notice or set of these proxy materials. To assist us in saving money and to serve you more efficiently, we encourage you to have all your accounts registered in the same name and address by contacting our transfer agent:

Computershare Inc.

Notice of Internet Availability of Proxy Materials. In accordance with rules and regulations recently adopted by the SEC, we may now furnish proxy materials to some or all of our stockholders on the Internet. On or before March 28, 2008, we will mail a notice containing instructions on how to access our 2008 proxy statement and annual report and vote online (the “E-Proxy Notice”). The E-Proxy Notice will be distributed to those who hold fewer than 4,000 shares of our common stock through an account at a bank, broker, fiduciary or custodian (unless such holders have previously requested to receive our proxy materials by mail). For all other stockholders, we will send a copy of the proxy statement and annual report by mail by March 28, 2008.

If you received the E-Proxy Notice by mail, you will not automatically receive a printed copy of the proxy materials. Instead, the E-Proxy Notice instructs you as to how you may access and review all of the important information contained in the proxy materials. If you have previously signed up on the Internet to receive proxy materials and other stockholder communications on the Internet instead of by mail, you will be receiving the proxy materials electronically. The E-Proxy Notice also instructs

1

you as to how you may submit your proxy on the Internet. If you received the E-Proxy Notice by mail and would like to receive a printed copy of our proxy materials, you should follow the instructions for requesting such materials included in the E-Proxy Notice.

Stockholders may also sign up to receive future proxy materials, including E-Proxy Notices, and other stockholder communications electronically instead of by mail. This will reduce our printing and postage costs, eliminate bulky paper documents from your personal files, and mitigate the environmental impact of our annual meeting. In order to receive the communications electronically, you must have an e-mail account, access to the Internet through an Internet service provider and a web browser that supports secure connections. For additional information regarding electronic delivery enrollment visit www.investorvote.com (for holders of record) or www.proxyvote.com (for holders through intermediaries) or contact our transfer agent or your broker.

Householding. The SEC's rules permit us to deliver a single E-Proxy Notice or a set of annual meeting materials to one address shared by two or more of our stockholders. This delivery method is referred to as "householding" and can result in significant cost savings. To take advantage of this opportunity, we have delivered only one proxy statement and annual report to multiple stockholders who share an address, unless we received contrary instructions from the impacted stockholders prior to the mailing date. We agree to deliver promptly, upon written or oral request, a separate copy of the Notice or Annual Meeting materials, as requested, to any stockholder at the shared address to which a single copy of those documents was delivered. If you prefer to receive separate copies of the proxy statement or annual report, contact Broadridge Financial Solutions, Inc. at +1.800.542.1061 or in writing at Broadridge, Householding Department, 51 Mercedes Way, Edgewood, New York 11717.

If you are currently a stockholder sharing an address with another stockholder and wish to receive only one copy of future E-Proxy Notices, proxy statements and annual reports for your household, please contact Broadridge at the above phone number or address.

Voting by and Revocation of Proxies

Stockholders of record are requested to vote by proxy in one of three ways:

- By telephone — Use the toll-free telephone number shown on your proxy card;
- By Internet — Visit the Internet website indicated on your proxy card and follow the on-screen instructions; or
- By Mail — if you received your proxy materials by mail, you can date, sign and promptly return your proxy card by mail in the enclosed postage prepaid envelope.

Voting instructions (including instructions for both telephonic and Internet proxies) are provided on the proxy card. The Internet and telephone proxy procedures are designed to authenticate stockholder identities, to allow stockholders to give voting instructions and to confirm that stockholders' instructions have been recorded properly. A control number, located on the proxy card, will identify stockholders and allow them to submit their proxies and confirm that their voting instructions have been properly recorded. Costs associated with electronic access, such as usage charges from Internet access providers and telephone companies, must be borne by the stockholder. If you submit your proxy by Internet or telephone, it will not be necessary to return your proxy card.

If a stockholder does not return a signed proxy card or submit a proxy by the Internet or by telephone, and does not attend the meeting and vote in person, his or her shares will not be voted. Shares of our common stock represented by

properly executed proxies received by us or proxies submitted by telephone or via the Internet, which are not revoked will be voted at the meeting in accordance with the instructions contained therein. If instructions are not given, proxies will be voted for election of each nominee for director named herein, for approval of the L-1 Identity Solutions, Inc. 2008 Long-Term Incentive Plan and for ratification of the selection of Deloitte & Touche LLP as our independent registered public accounting firm.

Any proxy signed and returned by a stockholder or submitted by telephone or via the Internet may be revoked at any time before it is exercised by giving written notice of revocation to the

2

Company's Secretary at our address set forth herein, by executing and delivering a later-dated proxy (either in writing, by telephone or via the Internet) or by voting in person at the meeting. Attendance at the meeting will not, in and of itself, constitute revocation of a proxy.

If your shares are held in the name of a bank, broker, fiduciary or custodian, follow the voting instructions on the form you receive from your record holder. The availability of Internet and telephone proxies will depend on their voting procedures.

Required Votes

Election of Directors. Under Delaware law, the affirmative vote of the holders of a plurality of shares of common stock voting on this matter at the annual meeting (i.e. the largest number of votes cast) is required to elect each director. Consequently, only shares that are voted in favor of a particular nominee will be counted toward such nominee's achievement of a plurality.

Approval of the L-1 Identity Solutions, Inc. 2008 Long-Term Incentive Plan. The affirmative vote of the holders of a majority of the shares of common stock voting on this matter at the annual meeting is required to approve the L-1 Identity Solutions, Inc. 2008 Long-Term Incentive Plan.

Ratification of the selection of Deloitte & Touche LLP as our independent registered public accounting firm. The affirmative vote of the holders of a majority of the shares of common stock voting on this matter at the annual meeting is required to ratify the selection of Deloitte & Touche LLP as our independent registered public accounting firm.

Effect of abstentions and broker non-votes. For purposes of the election of directors, approval of the L-1 Identity Solutions, Inc. 2008 Long-Term Incentive Plan and ratification of the selection of Deloitte & Touche LLP as our independent registered public accounting firm, abstentions and broker non-votes will each be included in the determination of the number of shares present for purposes of constituting a quorum, but will not be counted as votes cast.

Other Matters. If any other matters are properly presented at the annual meeting for action, including a question of adjourning or postponing the meeting from time to time, the persons named in the proxies and acting thereunder will have discretion to vote on such matters in accordance with their best judgment.

Shares Held by Brokers

If you are the beneficial owner of shares held for you by a broker, your broker must vote those shares in accordance with your instructions. If you do not give voting instructions to your broker, your broker may vote your shares for you on any discretionary items of business to be voted upon at the annual meeting, such as the election of directors and the ratification of the appointment of Deloitte & Touche LLP. The approval of the L-1 Identity Solutions, Inc. 2008 Long-Term Incentive Plan, however, is considered a non-discretionary item and therefore, your broker may not vote your shares without instructions from you. If you do not provide voting instructions on a non-discretionary item, the shares will be treated as "broker non-votes." "Broker non-votes" will be included in determining the presence of a quorum at the annual meeting but are not counted as votes cast.

Proxy Solicitation

We will bear the costs of solicitation of proxies for the annual meeting, including preparation, assembly, printing and mailing of this proxy statement, the annual report, the E-Proxy Notice, the proxy card and any additional information

furnished to stockholders. Copies of our E-Proxy Notice will be furnished to banks, brokerage houses, fiduciaries and custodians holding shares of common stock beneficially owned by others to forward to such beneficial owners. We may reimburse persons representing beneficial owners of common stock for their costs of forwarding solicitation material to such beneficial owners. We will bear the cost of maintaining a website compliant with regulations promulgated by the SEC to provide internet availability of this proxy statement, our annual report and proxy card. We have retained Broadridge Investor Communication Solutions, Inc. to provide such

3

a web hosting facility at an annual cost of \$2,500. In addition, we retained The Altman Group, Inc. to act as proxy solicitor in conjunction with the meeting. The Company has agreed to pay that firm a base fee of \$7,500, plus customary call-based fees and reasonable out of pocket expenses, for proxy solicitation services. Solicitation of proxies by mail may be supplemented by telephone, telegram or personal solicitation by directors, officers, or other regular employees of the Company. No additional compensation will be paid to directors, officers or other regular employees for such services.

Independent Registered Public Accounting Firm

We have been advised that a representative of Deloitte & Touche LLP, our independent registered public accounting firm for the year ended December 31, 2007, will attend the annual meeting, will have an opportunity to make a statement if such representative desires to do so, and will be available to respond to appropriate questions.

CORPORATE GOVERNANCE

Board Independence Standards for Directors

Pursuant to our Corporate Governance Policy, a copy of which is available on our website at www.L1id.com, the Board of Directors is required to affirmatively determine that a majority of our directors are independent under the listing standards of the New York Stock Exchange ("NYSE"), the principal exchange on which our common stock is traded.

During its annual review of director independence, the Board of Directors considers all information it deems relevant, including without limitation, any transactions and relationships between each director or any member of his immediate family and the Company and its subsidiaries and affiliates. The Board of Directors also considers the recommendations of the Nominating and Corporate Governance Committee, which conducts a separate independence assessment of all directors as part of its nomination process for the Board of Directors and its respective committees. The purpose of this review is to determine whether any such relationship or transaction is considered a "material relationship" that would be inconsistent with a determination that a director is independent. The Board of Directors has not adopted any "categorical standards" for assessing independence, preferring instead to consider all relevant facts and circumstances in making an independence determination including, without limitation, applicable independence standards promulgated by the NYSE.

Table of Contents

As a result of this review, the Board of Directors affirmatively determined that, other than Robert V. LaPenta, B.G. Beck and Denis K. Berube, all of our directors are independent under the listing standards of the NYSE.

Based on the recommendations of the Nominating and Corporate Governance Committee, the Board of Directors concluded that a certain contractual arrangement between Strategy XXI Group and the Company (the “Agreement”) signed by the Company in October 2006 and terminated by the Company in January 2007 does not constitute a “material relationship” and therefore does not affect the independence determination for Ms. Mouchly-Weiss. Ms. Mouchly-Weiss is a Managing Partner at Strategy XXI Group. Pursuant to the Agreement, Strategy XXI Group provided marketing consulting services to the Company in China in exchange for compensatory fees and the reimbursement of Strategy XXI Group’s reasonable expenses. The Company paid Strategy XXI Group a total of \$26,053.73 in 2006, and \$19,090.72 in 2007. After a review and analysis of the Agreement and a discussion of the related facts and circumstances, the Nominating and Corporate Governance Committee concluded that, given the immaterial nature of the Agreement, the immaterial dollar value of the Agreement, and the immaterial nature of the relationship between the Company and Strategy XXI Group, and furthermore, given the fact that Ms. Mouchly-Weiss did not directly participate in providing consulting services to the Company while the Agreement was in effect, neither the Agreement nor Strategy XXI Group’s relationship with the Company constituted a “material relationship”, and, therefore, neither the Agreement nor Strategy XXI Group’s relationship with the Company affected the independence determination for Ms. Mouchly-Weiss.

Board Committees

Our Board of Directors has three standing committees: an Audit Committee, a Compensation Committee and a Nominating and Corporate Governance Committee. Our Board of Directors has adopted charters for each of its standing committees. Copies of our committee charters are available without charge upon request directed to Investor Relations, 177 Broad Street, Stamford, CT 06901, and are posted on our website at www.L1id.com.

Audit Committee

Members of the Audit Committee are Mr. Peter Nessen (Chairman), Mr. John E. Lawler (Vice Chairman), Mr. Malcolm J. Gudis, and Mr. James M. Loy.

The Board of Directors has determined that each member of the Audit Committee is independent pursuant to the listing standards of the NYSE and the applicable rules of the SEC, that each member of the Audit Committee is financially literate pursuant to the listing standards of the NYSE and that each of Mr. Peter Nessen and Mr. John E. Lawler meets the additional criteria imposed by the SEC to qualify as an audit committee financial expert.

The Audit Committee, among other things, assists the Board of Directors in fulfilling its responsibility relating to (a) the integrity of our financial statements, (b) our systems of internal controls and disclosure controls and procedures, (c) our compliance with applicable law and ethics programs and (d) the annual independent audit of our financial statements. In discharging its duties, the Audit Committee has the sole authority to select, retain, oversee and terminate, if necessary, the independent registered public accounting firm, review and approve the scope of the annual audit, review and pre-approve the engagement of our independent registered public accounting firm to perform audit and non-audit services, meet independently with our independent registered public accounting firm and senior management, review the integrity of our financial reporting process and review our financial statements and disclosures and certain SEC filings.

The Audit Committee met eight times in 2007. The Audit Committee regularly holds meetings at which it meets with our independent registered public accounting firm without management present.

Compensation Committee

The members of the Compensation Committee are Mr. Milton Cooper (Chairman), Mr. Robert S. Gelbard, Mr. Malcolm J. Gudis, Mr. James M. Loy, Ms. Harriet Mouchly-Weiss, Mr. B. Boykin Rose and Mr. George J. Tenet.

Table of Contents

The Board of Directors has determined that each member of the Compensation Committee is independent pursuant to the listing standards of the NYSE and qualifies as an “outside director” pursuant to Section 162(m) of the Internal Revenue Code of 1986, as amended. Mr. Cooper has served as Chairman of the Compensation Committee from August 29, 2006 to date, and is expected to continue to serve in that capacity until the conclusion of the annual meeting, at which point Mr. James M. Loy will assume the role of Chairman of the Compensation Committee.

The Compensation Committee plays an integral role in the Company’s processes and procedures for the consideration and determination of executive and director compensation. The Compensation Committee recommends to the Board of Directors the compensation policies and individual compensation decisions for our executive officers and directors, and ensures that these policies and decisions are consistent with overall corporate performance. The Compensation Committee has the authority to approve all stock option grants and other equity awards to our employees, except for grants and awards for directors and executive officers, for which a recommendation is made to the Board of Directors. The Compensation Committee also reviews and recommends to the Board of Directors the target annual incentive pool, the annual performance objectives for participants, and actual payouts to participants, including the executive officers.

The Board of Directors has sole decision-making authority with respect to all compensation decisions for our executive officers and directors, including annual incentive plan awards and grants of equity awards. The Board of Directors is responsible for finalizing and approving the performance objectives relevant to the compensation of our Chairman, President and CEO and considers the recommendations of the Compensation Committee in that regard. The Nominating and Corporate Governance Committee is responsible for leading the Board of Directors in evaluating the performance of our Chairman, President and CEO in light of those objectives.

The Compensation Committee’s recommendations are developed with input from our Chairman, President and CEO and, where appropriate, other senior executives. The Compensation Committee reviews management recommendations and input from compensation consultants, along with multiple other sources of data when formulating its independent recommendations to the Board of Directors. A discussion and analysis of the Company’s compensation policies and decisions regarding the executive officers named in the Summary Compensation Table appears in this proxy statement under the heading “Executive Compensation- Compensation Discussion and Analysis”.

To assist it in performing its duties, the Compensation Committee has the authority to engage outside consulting firms. In 2007, the Company retained Mercer LLC (“Mercer”) to assist in formulating executive compensation recommendations and Mercer also assisted in the preparation of the Company’s 2007 proxy statement. The Compensation Committee reviewed and evaluated materials and recommendations on executive compensation provided by Mercer to the Company. Also in 2007, the Compensation Committee retained Watson Wyatt Worldwide to obtain information, analysis and recommendations respecting certain equity awards for executive officers and, in this context, total compensation, independent from management’s recommendations. In February 2008, in furtherance of its desire to continue to ensure advisor independence from management, the Compensation Committee further expanded its relationship with Watson Wyatt Worldwide to provide a broader level of support to the Compensation Committee in recommending the amount and form of prospective executive and director compensation.

Watson Wyatt Worldwide reports directly to the Compensation Committee and the Compensation Committee may replace Watson Wyatt Worldwide or hire additional consultants at any time. Representatives of Watson Wyatt Worldwide attend meetings of the Compensation Committee, as requested, and communicate with the Chairman of the Compensation Committee between meetings; however, the Compensation Committee is responsible for making recommendations to the Board of Directors regarding the compensation of our executive officers, and the Board of Directors has sole and ultimate decision-making authority in this regard. None of our management participated in the

Compensation Committee's decision to retain Watson Wyatt Worldwide as the Compensation Committee's independent executive compensation consultant. The Compensation Committee regularly reviews the services provided by its outside consultants and believes that Watson Wyatt Worldwide is

independent in providing executive compensation consulting services to the Compensation Committee. The scope of Watson Wyatt Worldwide's business is providing executive compensation consulting services and it does not provide the Board of Directors, the Compensation Committee or the Company, directly or indirectly through affiliates, any non-executive compensation services, such as pension consulting or human resource outsourcing. In addition, as part of its engagement by the Compensation Committee, Watson Wyatt Worldwide will advise the Chairman of the Compensation Committee of any potential conflicts of interest that could arise and cause Watson Wyatt Worldwide's independence and duty of loyalty to the Compensation Committee to be questioned. In light of these factors, the Compensation Committee does not believe that a formal conflicts policy is necessary at this time.

The Compensation Committee reviews and discusses with management proposed Compensation Discussion and Analysis disclosures and determines whether to recommend the Compensation Discussion and Analysis to the Board of Directors for inclusion in the Company's proxy statement and annual report. The recommendation is described in a Compensation Committee Report included in this proxy statement.

The Compensation Committee met 13 times in 2007.

Nominating and Corporate Governance Committee

The members of the Nominating and Corporate Governance Committee are Mr. Robert S. Gelbard (Chairman), Mr. Malcolm J. Gudis, Mr. John E. Lawler, Ms. Harriet Mouchly-Weiss, Mr. Peter Nessen and Mr. B. Boykin Rose.

The Board of Directors has determined that each member of the Nominating and Corporate Governance Committee is independent, pursuant to the listing standards of the NYSE. Mr. Gelbard serves as Chairman of the Nominating and Corporate Governance Committee.

Our Amended and Restated Certificate of Incorporation expressly delegates to the Nominating and Corporate Governance Committee the full and exclusive power and authority otherwise conferred upon the Board of Directors to evaluate candidates and nominate persons to stand for election to the Board of Directors or fill vacancies on the Board of Directors or newly created directorships. In addition, the Nominating and Corporate Governance Committee (a) identifies candidates to serve as directors and on committees of the Board of Directors, (b) develops, recommends and reviews our corporate governance guidelines on a regular basis, and (c) assists the Board of Directors in its annual review of the Board of Directors performance.

Our Amended and Restated Certificate of Incorporation provides that the Class III Directors have the right to appoint one additional Director, notwithstanding the other exclusive powers and authorities vested in the Nominating and Corporate Governance Committee. The Amended and Restated Certificate of Incorporation also requires that any increase in the maximum size of the Board of Directors (currently 14 with two vacancies) requires the approval of (A) at least two thirds of the entire Board of Directors and (B) at least two thirds of the independent members of the Board of Directors.

The Nominating and Corporate Governance Committee met six times in 2007.

Stockholder Nominations

Our Amended and Restated By-Laws contain provisions which address the process by which a stockholder may nominate an individual to stand for election to the Board of Directors at the Company's annual meeting of stockholders. The Board of Directors has also adopted a formal policy concerning stockholder recommendations of

Board of Directors' candidates to the Nominating and Corporate Governance Committee. This policy is set forth in the Company's Nominating and Corporate Governance Committee charter, which is available on the Company's website at www.L1id.com. Under this policy, the Nominating and Corporate Governance Committee considers director candidates recommended by stockholders who satisfy the notice, information and consent

requirements set forth in the Company's by-laws. To recommend a nominee for election to the Board of Directors, a stockholder must submit his or her recommendation to the Secretary at the Company's principal executive offices at 177 Broad Street, Stamford, CT 06901. A stockholder's recommendation must be received by the Company (i) no later than the 75th day, nor earlier than the 120th day, prior to the first anniversary of the date that our Company's proxy statement was released to stockholders in connection with the previous year's annual meeting of stockholders, (ii) or, in the event that the annual meeting of stockholders is called for a date more than seven days prior to the first anniversary of the date that our Company's proxy statement was released to stockholders in connection with the previous year's annual meeting of stockholders, (A) no later than the close of business on the 20th day following the first date on which the date of such meeting was publicly disclosed or (B) if such date of public disclosure occurs more than 75 days prior to such scheduled date of such meeting, then the later of (x) the 20th day following the first date of public disclosure of the date of such meeting or (y) the 75th day prior to the scheduled date of such meeting.

A stockholder's recommendation must be accompanied by the following information with respect to a stockholder director nominee as specified in the By-Laws (i) the name, age, business address and residence address of the recommended person, (ii) the principal occupation or employment of the recommended person during the past five years, (iii) the class and number of shares of the Company stock beneficially owned by the recommended person on such date, (iv) whether in the past five years the recommended person has (1) filed for bankruptcy, (2) been convicted in a criminal proceeding or named subject of a criminal proceeding, (3) been found by any court of competent jurisdiction to have violated any Federal law or Federal commodities law, and such judgment or finding was not been subsequently reversed, suspended or vacated or (4) been subject to any order, judgment or decree, not subsequently reversed, suspended or vacated, of any competent jurisdiction or of any Federal or state governmental or quasi-governmental agency, authority or commission enjoining him or her or otherwise limiting him or her from engaging in any type of business practice or in any activity in connection with the purchase or sale of any security or commodity and (v) the consent of the recommended person to serve as a director of the Company in the event that he or she is elected.

The recommending stockholder must also include in the notice (i) his or her name and address, (ii) the number of shares beneficially owned by him or her on the date of notice and the number of shares beneficially owned by any other stockholder supporting such nomination, (iii) a representation that he or she intends to appear in person at the meeting or that he or she nominates the person specified in the notice and (iv) a description of all arrangements or understanding between him or her and the nominee.

We may require any proposed nominee to furnish other information as we may reasonably require to determine the eligibility of the proposed nominee to serve as a director of the Company. See "PROPOSALS BY STOCKHOLDERS" for the deadline for nominating persons for election as directors at our 2009 annual meeting of stockholders.

Criteria for Director Nominees

In evaluating director nominees, the Nominating and Corporate Governance Committee considers the following factors:

- character and integrity;
- expertise and experience, including leadership qualities and experience, high-level managerial experience in a relatively complex organization or experience dealing with complex problems;
- ability to provide

advice and practical guidance based on experience;

pursuant to the rules promulgated by the SEC and the NYSE;

independent business judgment and commitment to stockholder value;

dedicate towards Board of Directors' activities and towards fulfillment of responsibilities to the Company; and

- sound and
- sufficient time to
- whether the

13

Table of Contents

Other than the foregoing, there are no minimum criteria for director nominees, although the Nominating and Corporate Governance Committee may consider such other factors as it may deem are in the best interests of the Company and its stockholders. The Nominating and Corporate Governance Committee does not assign specific weights to, and a potential or incumbent director will not necessarily satisfy all of, the foregoing criteria and in evaluating a candidate does not distinguish on the basis of whether the candidate was recommended by a stockholder.

Process for Identifying and Evaluating Director Nominees

The Nominating and Corporate Governance Committee identifies nominees by first evaluating the current members of the Board of Directors willing to continue in service. Current members of the Board of Directors with skills and experience that are relevant to the Company's business and who are willing to continue in service are considered for re-nomination, balancing the value of continuity of service by existing members of the Board of Directors with that of obtaining a new perspective. If any member of the Board of Directors does not wish to continue in service or if the Nominating and Corporate Governance Committee decides not to re-nominate a member for re-election, the Nominating and Corporate Governance Committee identifies the desired skills and experience of a new nominee based on the criteria listed above. Current members of the Nominating and Corporate Governance Committee and Board of Directors are polled for suggestions as to individuals meeting the criteria of the Nominating and Corporate Governance Committee. Research may also be performed to identify qualified individuals. The Company has, in the past, engaged a third party to identify and evaluate potential nominees.

Attendance at Meetings

Board and Committee Meetings

It is our policy that directors are expected to dedicate sufficient time to the performance of his or her duties as a director, including by attending meetings of the stockholders, Board of Directors and committees of which he or she is a member.

All directors, other than Mr. Buddy G. Beck and Mr. George J. Tenet, attended at least 75% of the total number of meetings of the Board of Directors and committees of the Board of Directors on which such director served.

Stockholder Meeting

Nine directors attended our 2007 annual meeting of stockholders.

Director Presiding at Executive Sessions

Consistent with the Company's Corporate Governance Policy, the Board of Directors schedules executive sessions without any management members present in conjunction with every regularly scheduled Board of Directors' meeting. Peter Nessen, Chairman of the Audit Committee of the Board of Directors, presides over regularly scheduled executive sessions of non-management directors.

Section 16(a) Beneficial Ownership Reporting Compliance

Section 16(a) of the Securities Exchange Act of 1934 requires our executive officers and directors, and persons who beneficially own more than 10 percent of our common stock, to file reports of ownership and changes in ownership with the SEC. Based solely upon a review of the copies of such forms furnished to us and written representations from our executive officers and directors, we believe that during the year ended December 31, 2007, all persons subject to the reporting requirements of Section 16(a) filed the required reports on a timely basis except that each of our non-employee directors and Louis J. Freeh, a former non-employee director, filed one late Form 4 covering one transaction.

EXECUTIVE COMPENSATION

Compensation Discussion and Analysis

This section provides information regarding the Company's compensation policies and decisions for Robert V. LaPenta, our Chairman, President, and Chief Executive Officer (our "CEO"), James A. DePalma, our Executive Vice President, Chief Financial Officer, and Treasurer (our "CFO"), and the three most highly-compensated individuals other than our CEO and CFO who were serving as executive officers at December 31, 2007: Joseph Atick, Executive Vice President and Chief Strategy Officer; Mark S. Molina, Executive Vice President, Chief Legal Officer, and Secretary; and Joseph S. Paresi, Executive Vice President and Chief Marketing Officer. The compensation of these five executives is covered in the Summary Compensation Table presented in this proxy statement (the "Named Executive Officers"). The Compensation Discussion and Analysis appearing in this section (the "CD&A") includes information regarding, among other things, our executive compensation philosophy, the overall objectives of our executive compensation program, what our compensation policies are designed to reward, and a discussion of each element of compensation.

Introduction

The Company is the trusted provider of solutions and services that protect and secure personal identities and assets. Together, our portfolio of subsidiaries and divisions — Viisage (Secure Credentialing Division), Identix, Integrated Biometric Technology LLC, SecuriMetrics Inc., Iridian Technologies, Inc., ComnetiX Inc., Spectal LLC, McClendon LLC, Advanced Concepts, Inc., and Bioscript Inc. deliver a full range of offerings required for solving the problems associated with managing human identity. Our offerings form the cornerstone for building convenient and secure identification (ID) solutions. They are built on a 20-year history of trust and reliability established by serving the identity needs of federal governments, civil agencies, law enforcement, border management agencies and commercial businesses.

Our customers include domestic and international governments, law enforcement and border management agencies, various U.S. military branches, and commercial businesses. The security industry has grown rapidly in recent years and is constantly changing as a result of technological advances, the ever-increasing sophistication of our customers, and the demand for comprehensive security solutions. In an effort to maintain our leadership position in identity solutions and to meet ever-changing security needs, we must attract and retain executives who are experienced in the security industry and in running growing global businesses. Our long-term success is dependent on a leadership team with the integrity, skills, and dedication necessary to oversee a dynamic organization and the vision to anticipate and respond to emerging market developments. Our executive compensation program is designed to motivate and reward individuals who possess these characteristics.

Summary of Our Executive Compensation Program

Program Objectives

Our executive compensation program is designed to further the Company's annual and long-term business objectives by providing our executives with compensation that is competitive within our industry sector and that will motivate our executives to make decisions that enhance both the Company's financial position and the value of our stockholders' investments. The program links compensation directly to both corporate and individual performance to motivate executives to superior performance and to ensure their continuing employment.

Compensation-Setting Process

We use a structured process to make compensation decisions for our executives. Each year, the Compensation Committee reviews the base salaries, annual incentive award opportunities, long-term incentive awards, and Target Total Direct Compensation (“TTDC”, which represents the sum of these

18

three compensation elements) of our executives, including the Named Executive Officers, and makes recommendations to the Board of Directors for approval. Generally, the Compensation Committee works with our CEO throughout its deliberations to ensure that our executives are compensated in accordance with our compensation objectives and policies. It also considers market practices to ensure that the compensation that we pay to our executives is competitive by reviewing executive compensation data for comparable companies and general industry surveys.

Competitive Market Analysis

As noted above, in formulating compensation recommendations for our executives, including the Named Executive Officers, the Compensation Committee considers prevailing competitive market practices. In recognition of the Company's recent significant growth and our ongoing need to motivate and retain executives experienced in the complexities of managing an organization that is being built through numerous acquisitions, in 2007 the Compensation Committee, with the assistance of Mercer, a national compensation consulting firm, identified a group of comparable companies with the goal of assuring that the roles and responsibilities of the executives of those companies were comparable to the roles and responsibilities of our executives. Mercer followed a selection and narrowing process to develop the group of comparable companies, as described below.

• First, Mercer evaluated the external marketplace of software/technology companies to identify any organizations that operate in the same market as L-1 — either the Biometric, Government Consulting Services, Document Authentication or Credentialing markets.

• Second, Mercer screened those companies to identify those with revenue ranging from 50% to 300% of the Company's total revenue.

• Next, because L-1's direct competitors fell outside the target revenue range and were not highly acquisitive in nature, Mercer also selected technology and software companies that were in the target revenue range and are highly acquisitive.

After completing the process described above, Mercer provided the Compensation Committee with a final group of comparable companies consisting of:

- Citrix Systems,
- McAfee,
- Sybase,
- Parametric Technology Corp,
- Lawson Software,
- National Instruments Corp,

In addition, because of the difficulty in identifying comparable companies, Mercer supplemented the selection of the Peer Group by reviewing compensation data from two general industry surveys that included companies with

revenues that were very similar to the Company's total revenue. Specifically, the following general industry surveys were considered, together with the Peer Group, in determining the base salaries and Target Total Direct Compensation of our executives.

Mercer — Americas Executive Remuneration Database Survey, general industry

Wyatt — Top Management Survey, general industry

In using these surveys, Mercer recommended that a 20% premium be applied to the data for each comparable executive position to reflect the relatively higher compensation levels of executives in the

19

high technology sector. In addition, Mercer updated all survey data, which reflected 2006 information, by increasing relevant compensation amounts by 4.1%, to reflect annual pay trends for executives. The base salary, annual incentive opportunity and total cash compensation recommended by management was compared against both the Peer Group data and the published survey data in order to analyze the competitiveness of our executives' compensation.

2007 Compensation Considerations

In 2007, the Compensation Committee recommended, and the Board of Directors approved, adjustments to our executives' base salaries, annual incentive award payments, and stock option grants. In reviewing the compensation levels for our executives, including the Named Executive Officers, for 2007, the Compensation Committee took into consideration the Company's recent significant growth since the merger of Viisage Technology, Inc. ("Viisage") and Identix in 2006, when compensation was last reviewed. The Compensation Committee also noted that, by virtue of its successful acquisition strategy, the Company's revenue was nearly six times larger in 2007 than in 2005 and, as of December 31, 2007, the Company had a total of eight operating subsidiaries and divisions (the Company added a ninth operating subsidiary in March 2008). Based on these achievements and its ongoing business strategy, the Compensation Committee determined that the Company will continue to require highly experienced managers, and motivating and retaining qualified executives will remain critical to our future success.

The Compensation Committee developed its compensation recommendations with input from our CEO. The Compensation Committee also considered the market compensation data (as defined below) and input from Mercer and Watson Wyatt, each a national compensation consulting firm. Based on these considerations, the Compensation Committee determined that, in the aggregate, the compensation elements for our executives, including the Named Executive Officers, including base salaries, annual incentive award opportunities, and long-term incentive awards, should continue to be set at or about an average of the 75th percentile of the Peer Group data and the published survey data as adjusted by Mercer. This average is referred to in the remainder of this CD&A as "market compensation data."

When determining where to position the compensation of each executive, including each Named Executive Officer, the Compensation Committee also considered each individual's past performance, experience, importance to our business, internal equity, and his compensation level relative to the market compensation data. Further, the Compensation Committee evaluated the TTDC opportunity for each executive to assure that all compensation decisions were aligned with our compensation philosophy. Finally, each executive's annual compensation, and specifically long-term incentive compensation, was reviewed in light of his overall wealth opportunity and decisions were made specifically to ensure that the overall wealth opportunity of the executive was adequate in light of such person's role and contribution to the Company.

Elements of Compensation

In 2007, the primary compensation elements for our executives, including the Named Executive Officers, were:

- base salary;
- annual incentive awards;
- awards (in the form of stock options); and
- retirement and other benefits

In addition, certain of our executives, including all of our Named Executive Officers, have an employment agreement with the Company that provides for certain retirement benefits and potential payments upon termination of employment for a variety of reasons, including following a change in control of the Company.

Base Salary

Under our executive compensation program, we view the purpose of base salary to fairly and competitively compensate our executives, including the Named Executive Officers, with a fixed

20

amount of cash for the jobs they perform. Accordingly, we seek to ensure that base salary levels are competitive and consistent with industry practices. The challenge for the Company with its rapid growth in size is to keep base compensation at competitive levels and in line with our compensation philosophy.

Each of our Named Executive Officers is party to an employment agreement with the Company. Each of these agreements specifies the minimum base salary level that each Named Executive Officer is to receive during the term of his agreement. The Board of Directors may in its discretion set their base salary at any higher level that it deems appropriate.

Base salary levels were reviewed by the Compensation Committee, which then made recommendations for salary adjustments to the Board of Directors effective August 29, 2007. In this review, which was the first such review since the August 2006 merger between Viisage and Identix, the Compensation Committee took into account the significant growth in the Company since that time. Also considered in individual determinations were factors including base salary relative to similar positions as reflected in the market compensation data, length of service, professional experience, internal pay equity, and relative contribution to our performance.

As a result of the review, the Board of Directors approved the following adjustments to the base salaries of the Named Executive Officers effective August 29, 2007:

- Mr. LaPenta's base salary was increased by \$200,000. While the Compensation Committee and the Board of Directors recognized that this increase was substantial, they believed that based on the market compensation data, his previous base salary was not commensurate with the Company's compensation philosophy and that as adjusted, his base salary would more appropriately reflect the current size and scope of the Company as well as his contribution and level of experience.
- Dr. Atick's base salary remained the same because the Compensation Committee and the Board of Directors believed that his salary level was already appropriate given his role and contribution.
- Mr. DePalma's base salary was increased by \$50,000.
- Mr. Molina's base salary was increased by \$40,000.
- Mr. Paresi's base salary was increased by \$50,000.

The base salaries earned by the Named Executive Officers during 2007 are reported in the Summary Compensation Table on page 28 of this proxy statement.

Special Equity Grants

The Compensation Committee made special equity grants to our executives, including the Named Executive Officers, during the fourth quarter of 2007. The grants were made to bridge any shortfall in compensation between the level of base salaries provided (as outlined above) and a targeted 75th percentile aggregate compensation level for each of the Named Executive Officers based on the market compensation data. The Compensation Committee determined the shortfall in compensation that would occur over a four year period and provided an equity grant subject to a four year vesting schedule equal to four times the shortfall. The actual number of shares granted was determined based on dividing the resulting number by the fair value on the date of grant (our estimate of the value of the option over the four year vesting period using the Black-Scholes valuation methodology, in accordance with the provisions of SFAS No. 123(R), Share-Based Payment and the term in accordance with the expected life of options was based on the

average life of 6.3 years pursuant to the guidance from SAB No. 107.) The adjustments made to the base salary and the special equity grants, when added to the annual incentive award opportunity and long-term incentive awards provided in 2007, place the Target Total Direct Compensation for our CEO at the 50th percentile and all other Named Executive Officers at or about the 75th percentile.

Annual Incentive Awards

We provide an annual incentive award opportunity to our executives that is designed to enhance the Company's financial position and encourage the achievement of individual annual strategic

21

objectives. Generally, at the beginning of each year, our CEO will develop an annual incentive award plan for the year for our key employees and executives, including the Named Executive Officers (the “Management Incentive Plan” or “MIP”). This plan is then submitted to the Compensation Committee for consideration and approval, and in the case of each executive, the approval of the Board of Directors.

Target Award Levels

Under the Management Incentive Plan, target award levels for plan participants, which are generally expressed as a percentage of base salary earned for the year, are established by our CEO at the time of hire, promotion, or transfer to an eligible position. Factors that are considered in determining a target award level for management personnel include prior award targets and actual payouts, the participant’s last performance rating, exceptional contributions, market value of the position, job functions, internal pay equity, subsidiary or division performance, and requirements of any existing employment agreement. In the case of our Named Executive Officers, their target award levels of 50% of base salary were specified in their employment agreements.

The Compensation Committee, with input provided by the Company and Mercer, determined that the current target award levels of 50% of base salary, taken together with base salary, was appropriate to place total cash compensation between the 50th and 75th percentile of market compensation data for total cash compensation. While Mercer’s assessment of the data suggested that the Company could be more aggressive on the bonus opportunity for certain of the Named Executive Officers, the Compensation Committee’s desire was to continue to align executive compensation with ultimate stockholder performance. Accordingly, the Compensation Committee has placed more emphasis on the long term incentive awards delivered through equity than on the annual incentive opportunity typically delivered in cash.

Target Award Measures

Award payouts are based on the Company’s actual performance for the year measured against one or more corporate objectives (as determined by the Compensation Committee and approved by the Board of Directors) and individual performance for the year measured against one or more individual objectives (as deemed achieved by our CEO and approved by the Board of Directors). The objective is to establish these corporate and individual performance objectives by March of each year. Award payouts are typically paid by March 15 of the following year.

Award Payouts

Award payouts are made after the end of the year based on a review of corporate and individual performance against each executive’s pre-established corporate and individual objectives. Generally, a 90% threshold performance level has been established for each objective. If this threshold is not met for a given component, then there would be no payout under that component. Where this threshold is exceeded, then the payout will increase at designated intervals as the level of performance increases. Meeting the pre-established performance objectives for a performance component will result in a full payout, while exceeding the targeted objectives may result in a greater payout, subject to the approval of the Compensation Committee and, in the case of our executive officers, the Board of Directors. Generally the MIP guidelines provide that in no case will a payout exceed 125% of the targeted payout amount, unless the CEO recommends and the Compensation Committee (or the Board of Directors, as the case may be) approves or recommends a higher payment in recognition of exceptional performance.

For example, if a plan participant’s total target award level is \$100,000, the portion of the award based on Company performance (at target) is \$50,000. Similarly, the portion of the award based on individual performance is set at \$50,000. If either of the corporate performance measures (actual sales revenue or adjusted EBITDA) was greater than

90% of the 2007 goal but less than 100%, the potential award payout for this component was limited to 75% of the target, and, if actual revenue or profitability was less than 90% of the 2007 goal, there was no payout with respect to the Company performance component. Generally, if the participant's actual performance against his individual performance goals is less than 50%, there will be no credit granted for this particular factor. Generally,

22

if actual performance is greater than 50% but less than 90%, the maximum credit to be granted is 50% for this particular factor. If actual performance is greater than 90% (but less than 100%), payment for this component is capped at a maximum of 75%.

2007 MIP. Under the 2007 Management Incentive Plan, the Compensation Committee recommended, and the Board of Directors approved, performance objectives for executive officers and plan participants. The performance objectives included a Company performance component and an individual performance component. For the Named Executive Officers, the Company and individual performance components each accounted for 50% of each executive's target award.

The Company performance component was comprised of two metrics: total Company/subsidiary/division revenue, and earnings before interest, income taxes, depreciation, and amortization and after adjustment for stock-based compensation expense ("Adjusted EBITDA"). In the case of the Named Executive Officers, these measures were based on consolidated Company revenue and Adjusted EBITDA relating to the L-1 businesses prior to any acquisitions finalized in 2007. For the year ended December 31, 2007 the overall Company revenue target was set at \$335 million and the overall Company Adjusted EBITDA target was set at \$60 million. For the year ended December 31, 2007, the Compensation Committee determined, based on the Company's audited consolidated financial results (without regard to the businesses acquired by L-1 in 2007), that the Company achieved 100% of its consolidated revenue target and achieved 93% of its consolidated Adjusted EBITDA target.

The individual performance component was based on the achievement of pre-established individual strategic goals reflecting corporate or business unit objectives. We believe that this approach better aligns individual performance with our corporate, subsidiary and divisional goals for the year. The individual performance objectives for our Named Executive Officers were intended to represent goals that would require exceptional performance to attain in full, and none of the Named Executive Officers either received or were credited for 100% payout based on achievement of his individual performance objectives.

Individual performance objectives addressing the following responsibilities were established for our Named Executive Officers for 2007 and were evaluated in connection with determining each executive's annual incentive award payout:

- Mr. LaPenta — set an appropriate "tone at the top" for the Company by demonstrating high ethical values, honesty and integrity, establish and communicate vision, show leadership by attaining a shared vision and high performance among top management, manage Board of Directors' relations and execute Board of Directors' directives, represent the Company among its constituencies, establish short and long term strategies with respect to technologies, products and services, select and monitor management team and develop a succession plan.

- Mr. DePalma — support and execute merger and acquisition activities, streamline financial operations through effective implementation of systems and resources, support divisions in reporting operational effectiveness and in strengthening financial organization and processes, provide timely information and data to the Board of Directors, improve cash management, and evaluate and execute financing alternatives.

- Dr. Atick — focus on Middle East and India opportunities, develop iris technology capabilities, support specified product releases, support specified customer efforts, and lead efforts to resolve a historical intellectual property and contractual dispute.

- Mr. Molina — lead legal efforts on all mergers and acquisitions activity, lead legal efforts to resolve a historical intellectual property and contractual dispute, manage outside legal advisors on a global basis to maximize results, enhance efficiencies and reduce costs, lead legal efforts in settlement of historical class action litigation and government contract award

protests, manage compliance efforts with respect to licensing and resellers, and ensure appropriate training in government contracting disciplines.

- Mr. Paresi — manage international sales staff, establish and achieve marketing goals, coordinate state and local marketing efforts, establish and achieve goals for sales representatives, coordinate Washington operations, and achieve certain program objectives.

23

The following process was used to evaluate corporate and individual performance and to decide the appropriate payout levels for the Named Executive Officers.

Following the 2007 year-end, our CEO formulated his final recommendations for the Compensation Committee with respect to proposed award payouts. The Named Executive Officers participated in the performance review by discussing their performance and self-evaluation with the CEO. In formulating his recommendations, our CEO reviewed the Company's performance against the internal revenue and Adjusted EBITDA targets that were established at the beginning of the year, and made subjective assessments of each participant's individual performance against his strategic objectives. The Compensation Committee, upon due consideration of his recommendations, and after making adjustments in some cases, developed proposed annual incentive award payouts for the Named Executive Officers and recommended such payouts to the Board of Directors.

The compensation used to determine the actual payout is base salary earned during the fiscal year. Since we made adjustments to base salaries effective August 29, 2007, the compensation reflects eight months at the prior salary level and four months at the new salary levels outlined above.

Our CEO also recommended that, to reinforce the Company's philosophy of encouraging executives to make long-term decisions that enhance our financial position and the value of our stockholders' investments, a certain portion of the award payouts for the Named Executive Officers should be made in the form of equity.

The following table shows the total amount of 2007 MIP award paid and the amount paid in cash versus equity for each of the Named Executive Officers. The equity awards are fully vested at the time of grant.

The incentive award payments for our CEO and CFO were deferred by these executives as permitted under the terms of their respective employment agreements and as further described under the Nonqualified Deferred Compensation Table on page 34 of this proxy statement.

Long-Term Incentive Awards

Substantially all of our long-term incentive awards consist of stock options. We believe that the upside potential in stock options is attractive to our employees and that an option's greater reward for performance and growth orientation compared to restricted stock is well-aligned with our stockholders' interests. We believe that these incentives encourage our executives to act with the long-term perspective necessary to ensure the continued success of the Company. Stock options vest through continued service over four years in equal annual 25% increments, which ensure that an executive will realize value from his or her award only if the market price of the Company's common stock appreciates and stays above the option's exercise price for a sustained period. Stock options are intended to create and maintain an environment that motivates retention and longevity of key employees and to provide additional incentive to executives to promote the success of the Company's business. By providing them a direct stake in the Company's welfare, stock options are intended to assure a closer identification of executives' interests with those of the

Company and its stockholders and to stimulate the executives' efforts on the Company's behalf and to strengthen their desire to remain with the Company.

Recommendations for grants and awards to executives, including the Named Executive Officers, and directors are made to the Board of Directors by the Compensation Committee taking into account the recommendations of our CEO, as appropriate. The Board of Directors must approve all

24

stock option grants and other equity awards to executives and directors. The Board of Directors retains the discretion to make additional awards to executives at other times in connection with their initial hiring, for retention purposes, or otherwise.

In May 2007, the Compensation Committee recommended, and the Board of Directors approved, stock option grants to our executives, including the Named Executive Officers. These grants were the first equity grants made since the Named Executive Officers became executive officers of the Company upon the August 2006 merger of Viisage and Identix. The grants were made as part of the Company's first post-merger compensation cycle and were intended to provide additional long-term incentive compensation as existing awards vested. In connection with making the grants, the Compensation Committee reviewed the recommendations of our CEO, as well as equity compensation data provided by Mercer and Watson Wyatt.

Equity Award Grant Practices

Stock options and other equity awards are granted under the Viisage Technology, Inc. 2005 Long-Term Incentive Plan and the 2002 Equity Incentive Plan (formerly, the Identix Plan) until the 2002 Plan share reserve is exhausted. The Company is requesting stockholder approval for the 2008 Long-Term Incentive Plan, as described on pages 52 to 56 of this proxy statement. Generally, stock options and other equity awards are granted to newly-hired employees on the later of either the first day of employment with the Company, or the date the option or award is approved by the Compensation Committee or the Board of Directors, as the case may be. Options and other equity awards are granted to continuing executives, our other employees, and directors on a regular basis based on performance and other factors. In the case of directors, options and other equity awards are granted when a new director joins the Board of Directors and then automatically thereafter on an annual basis on the first business day of every calendar year as part of the directors' total compensation for the year. All awards are effective on the date of approval by the Compensation Committee or the Board of Directors, as the case may be, except for annual directors' grants which are deemed effective automatically on the first business day of every calendar year.

Stock options and other equity awards are granted in accordance with the Company's Stock Option Grant and Administration Policy as approved by the Board of Directors in December 2006. Recommendations for grants and awards to executives, including the Named Executive Officers, and directors are made to the Board of Directors by the Compensation Committee taking into account management recommendations, as appropriate. The Board of Directors must approve all stock option grants and other equity awards to executives and directors. The Board of Directors retains the discretion to make additional awards to executives at other times in connection with the initial hiring of a new employee, for retention purposes, or otherwise.

Each stock option grant and other equity award must specify all of the material terms of the grant or award, including the date of grant, exercise price, vesting schedule, term, and any other terms the Compensation Committee or the Board of Directors deems appropriate. Option grants made to our executives, or any of our other employees or directors, are made with an exercise price equal to the closing sales price of a share of the Company's common stock on the date of grant. Neither the Board of Directors nor the Compensation Committee can delegate its authority or responsibility with respect to stock option grants to any other subcommittee or member of management.

The compensation cost recognized during 2007 in connection with the long-term incentive awards made to the Named Executive Officers is reported in the Summary Compensation Table on page 28 of this proxy statement. Additional information on these awards, including the number of shares subject to each award, is reported in the Grants of Plan-Based Awards Table on page 29 of this proxy statement.

Retirement and Other Benefits

We provide a Section 401(k) Retirement Savings Plan, a tax-qualified defined contribution plan, to our employees and executives, including the Named Executive Officers. This plan permits participants to make pre-tax contributions of up to 90% of their base salary, not to exceed the

25

applicable statutory income tax limitation. In addition, we may make discretionary contributions to the plan in any year, up to certain limits. The Company's contributions to the accounts of the Named Executive Officers are shown in the Summary Compensation Table on page 28 of this proxy statement.

Additional benefits received by our executives, including the Named Executive Officers, include health care benefits, dental, vision, disability, and life insurance coverage. These benefits are provided on the same basis as to all of our employees. The Named Executive Officers do not receive any perquisites or other personal benefits except that our executives are eligible for an "executive class" life insurance benefit of \$1 million (of which \$700,000 is guaranteed). This benefit became available on January 1, 2007. Our standard life insurance benefit for our employees generally provides coverage in an amount equal to two times an employee's base salary, up to a maximum of \$500,000.

Under the terms of their respective employment agreements, both our CEO and CFO are permitted to defer the receipt of all or any portion of their annual incentive award payouts if those awards are paid in shares of the Company's common stock. We provide this benefit because we wish to permit these executives the flexibility to defer the obligation to pay taxes on certain elements of their compensation while also potentially receiving earnings on deferred amounts. We believe that this arrangement is an important retention tool for our Company, as many of the companies with which we compete for executive talent provide similar plans or arrangements for their senior employees. Our CEO and CFO each elected to defer receipt of their earned 2007 annual incentive awards and previously deferred receipt of their 2006 annual incentive awards.

Employment, Severance and Change-in-Control Agreements

Employment Agreements with Our Named Executive Officers

The Company has entered into an employment agreement with each of our Named Executive Officers. These employment agreements were entered into in connection with the August 2006 merger of Viisage and Identix and are intended to provide each executive with job security for the term of the agreement by specifying the reasons pursuant to which their employment may be terminated by the Board of Directors and providing them with certain compensation and benefits under certain circumstances. For a description of these payments and benefits, see Potential Payments Upon Termination or Change in Control and the accompanying narrative on pages 35 to 44 of this proxy statement.

These employment agreements also protect the Company's interests during and following termination of employment by providing specific reasons for termination and by prohibiting the executives from engaging directly or indirectly in competition with the Company, from recruiting or soliciting any officer or employee, from diverting customers to a competitor, or from disclosing confidential Company information or business practices. We believe that these provisions help ensure our long-term success.

In the event of a termination of employment in certain circumstances, including in connection with a change in control of the Company, the employment agreements provide for the immediate and full vesting of all outstanding stock options and restricted stock awards in addition to certain severance payments and other benefits.

The Company is also obligated under the employment agreements to pay our Named Executive Officers an additional amount so that the net amount paid to or for the benefit of the executive, after deduction of all federal and state income, excise, employment, and any other applicable taxes is equal to what the executive would have received if he was not required to pay the taxes. The effects of these taxes generally are unpredictable and can have widely divergent and unexpected effects based on an executive's personal compensation history. Therefore, to provide an equal level of benefit across individuals without regard to the effect of the excise tax, we have determined that these payments are

appropriate for our most senior executives.

For more information about the severance and change-in-control provisions of these employment agreements, see the discussion of Potential Payments Upon Termination or Change in Control and the accompanying narrative on pages 35 to 44 of this proxy statement.

Rule 10b5-1 Trading Plans

Executives may implement a trading plan under Exchange Act Rule 10b5-1 after pre-clearing the plan with the Company's Compliance Officer under the Company's Insider Trading Policy and as long as the plan is entered into when the executive is not in possession of material nonpublic information and during an open trading window under the Company's Insider Trading Policy. Mr. Mark S. Molina, Executive Vice President, Chief Legal Officer and Secretary, is the Compliance Officer under the Company's Insider Trading Policy.

Tax Policies

While we generally seek to ensure the deductibility of the incentive compensation paid to our executives, the Compensation Committee retains the flexibility necessary to provide cash and equity compensation in line with competitive practice, our compensation philosophy, and the best interests of our stockholders even if these amounts are not fully tax deductible.

Pursuant to SEC rules, the amounts reported exclude the impact of estimated forfeitures related to service-based vesting conditions. The assumptions made in calculating the grant date fair value amounts for the options granted in 2004, 2005, 2006, and 2007 are incorporated herein by reference to the discussion of those assumptions in footnote 11 to the Company's financial statements as contained in the Company's Annual Report on Form 10-K filed with the SEC on February 28, 2008. See the Grants of Plan-Based Awards Table for information on options granted in 2007. With respect to Mr. DePalma, (a) the indicated amount reported for 2007 was settled by the issuance of 11,321 shares of the Company's common stock, the distribution of which Mr. DePalma has deferred on the terms set forth in his employment agreement and (b) the indicated amount reported for 2006 was settled by the grant of a fully vested option to purchase 8,930 shares of the Company's common stock with a five-year term and the issuance of 3,205 shares of the Company's common stock, the distribution of which Mr. LaPenta has deferred on the terms set forth in his employment agreement. With respect to Dr. Atick, the indicated amount reported for 2007 was settled by the grant of a fully vested option to purchase 12,082 shares of the Company's common stock with a five-year term and the payment of \$100,000 in cash. With respect to Mr. Molina, the indicated amount reported for 2007 was settled by the grant of a fully vested option to purchase 6,041 shares of the Company's common stock with a five-year term and the payment of \$105,000 in cash. The amounts reported for 2007 for Mr. Paresi was paid in cash. The Company determined the number of shares to be issued to settle the awards as described above based on, in the case of the fully-vested options, a Black-Scholes valuation model and, in the case of the common stock, the closing sales price per share of the Company's common stock as reported on the NYSE on the date of grant. These amounts were paid in 2008. For a description of this plan, see "Annual Incentive Awards" in the Compensation Discussion and Analysis on page 21 of this proxy statement. (5) The amounts reported in the Non-Equity Incentive Plan column for 2006 represent amounts earned by our CEO and CFO under the Company's annual Management Incentive Plan then in effect. For more details, please refer to the Company's 2007 proxy statement. (6) The amounts reported in the All Other Compensation column represent (i) the aggregate annual Company contributions to the accounts of the Named Executive Officers under the Company's Section 401(k) Retirement Savings Plan, a tax-qualified defined contribution plan, and (ii) additional premiums paid for executive life and disability insurance. (7) For purposes of comparing 2006 and 2007 compensation, please note that our CEO and CFO commenced employment with the Company on August 29, 2006 and accordingly their reported 2006 compensation covers only four calendar months.

(1) This

column shows the target and maximum annual incentive award opportunity for each of the Named Executive Officers under the 2007 Management Incentive Plan. The 2007 Management Incentive Plan does not provide a minimum guaranteed bonus payment. In each case, the target award was 50% of base salary earned for the year as provided by Named Executive Officer's employment agreement. The actual amounts paid to the Named Executive Officers under the 2007 Management Incentive Plan are as follows: Robert V. LaPenta — \$275,000, James A. DePalma — \$150,000, Joseph Atick — \$150,000, Mark S. Molina — \$130,000, and Joseph Paresi — \$100,203. Since we made adjustments to base salaries effective August 29, 2007, the target awards shown were pro-rated to reflect eight months at the prior salary level and four months at the new salary levels. (2) This column shows the exercise price for the stock options granted in 2007, which, in the case of all such option grants, was equal to the closing market price per share of the Company's common stock on the grant date. (3) For information on the assumptions that were used in calculating these amounts, see Notes 2 and 3 to the Summary Compensation Table on page 28 of this proxy statement.

Potential Payments Following Termination or Change in Control

Under the Company's employment agreements with Messrs. LaPenta, DePalma, Atick, Molina and Paresi, each of the Named Executive Officers is entitled to payment and benefits upon his termination of employment for specified reasons and in the event of a change in control of the Company. The information below describes and quantifies certain compensation that would be payable to these individuals under the arrangements assuming that the Named Executive Officer's employment had terminated on December 31, 2007, given the individual's compensation as of that date. These benefits are in addition to the benefits generally available to the Company's salaried employees.

Messrs. LaPenta, DePalma, and Paresi:

Termination of Employment. The executive's employment may be terminated at any time:

- by a majority vote of the independent members of the Company's Board of Directors with Cause (as defined) or without Cause;
- in the event of the death or disability of the executive; or
- by the executive's resignation for Good Reason (as defined) or for no reason.

Termination with Cause or without Good Reason. If the executive's employment is terminated by the Company with Cause or by the executive without Good Reason, the executive will receive the following payments and benefits (any amounts payable under this section will be paid within five business days of the termination date):

- payments of base salary, any awarded but unpaid annual incentive award for any prior completed fiscal year, and expense reimbursement that had accrued but had not been paid prior to the date of termination;
- payments for any accrued but unused vacation time; and
- any benefits due through the date of termination as provided under the Company's compensation or benefit plans.

Generally, "Cause" means the executive's (i) willful and continued failure to substantially perform his reasonably assigned duties as an officer of the Company or otherwise perform his obligations under his employment agreement (following a 30-day cure period after receipt of notification of nonperformance); (ii) willful and continued breach of the Company's Board-approved material corporate policies (following a 30-day cure period after receipt of notification of the breach); (iii) willful engagement in illegal conduct or gross misconduct which is materially injurious to the Company; (iv) willful violation of any federal or state securities laws or the Company's Trading Policy; or (v) material breach of certain provisions of his employment agreement (following a 30-day cure period after receipt of notification of the breach).

Generally, "Good Reason" means any of the following events or circumstances that occur without the executive's written consent (following a 30-day cure period after receipt of notification of the event or circumstance):

- a material change in the executive's duties, a material diminution in the executive's position, authority, title, or responsibilities or any change in reporting relationship, or a relocation of his principal base of operations to more than 25 miles from Stamford, Connecticut;

base salary or target annual incentive award;

- a reduction in his
- the Company's

failure to maintain a material compensation or benefit plan in which he participates (unless a substitute or alternative plan is made available), continue the executive's participation in these plans on a basis that is materially equal to his current participation, obtain comparable compensation and benefits and termination arrangements from a successor to the Company, to pay compensation and benefit amounts within seven days of the date such compensation or benefits are due, or any other material breach of the employment agreement.

35

Termination without Cause or Resignation for Good Reason. If the executive's employment is terminated by the Company without Cause or if the executive resigns with Good Reason, the executive will receive the following payments and benefits:

- the payments and benefits described in the section concerning termination with Cause or without Good Reason;
- accelerated vesting of all outstanding but unvested service-based stock options, which will remain exercisable for a period of three years after the termination;
- a payment equal to the annual incentive award payout to the executive for the last completed fiscal year pro rated for the portion of the current fiscal year that the executive was employed; and
- until the earlier of either 12 months following the date of termination or the end of the current term of the employment agreement, a payment equal to (i) the executive's base salary at the rate in effect at the date of termination and (ii) the annual incentive award payout to the executive for the last completed fiscal year (calculated on a pro rated basis if the severance period is less than 12 months) (the "Severance Payment"). During this period, the executive is also to receive continued coverage under the Company's then-existing medical and dental benefit plans. If the executive is not permitted by the terms of the plans or applicable law to continue participation in these plans, the Company will provide the executive with commensurate insurance coverage at its expense.

One-half of the Severance Payment is to be paid within five business days of the termination, with remaining one-half to be paid within six months of the termination date.

Death or Disability. If the executive's employment is terminated as a result of his death or disability, he (or his representatives) will receive all of the payments and benefits described in the section concerning termination without Cause or resignation for Good Reason, except that no Severance Payment or continuing medical and dental coverage is required.

Change in Control. In the event of a Change in Control of the Company during the term of the employment agreement, where the executive's employment is subsequently terminated and the executive can reasonably demonstrate that the termination was at the request of a third party who has taken steps reasonably calculated to effect a change in control or otherwise arose in anticipation of or as a result of a change in control, the executive will receive all of the payments and benefits described in the section concerning termination without Cause and resignation for Good Reason, except that the pre- and post-termination payments that are based on the annual incentive award payout are to be based on the target amount in effect on the date of termination.

Generally, a "Change in Control" means:

- an acquisition of 50% or more of (i) the then-outstanding common stock or (ii) the combined voting power of the then-outstanding securities entitled to vote for directors by any person (but not including a restructuring or recapitalization by the Company or an acquisition by a Company-sponsored employee benefit plan);
- a time when the continuing directors (that is, the directors who were serving when the employment agreement was executed or their duly recommended or endorsed successors) do not constitute a majority of the Board of Directors;
- a business combination (such as a merger, consolidation, reorganization, or sale of all or substantially all of the Company's

assets), unless, following the business combination, the beneficial owners of the Company's securities continue to beneficially own a majority of the outstanding securities of the resulting entity and this ownership is substantially in the same proportion as their ownership before the transaction; and

- approval by the

Company's stockholders of a complete liquidation or dissolution of the Company.

36

Tax Reimbursement Arrangements. In the event that any payment or benefit received or to be received by the executive with respect to any equity-based award, bonus or other incentive award payout, or any severance or other plan or arrangement or agreement would be subject to the “golden parachute” excise tax imposed by the federal income tax laws, the Company will pay the executive the additional amount necessary to ensure that the net amount retained by the executive, after deduction of all excise taxes and all taxes on the excise tax payment, as well as any interest, penalties or additions to tax payable by the executive, will be equal to the total present value of the payments intended to be made to the executive at the time these payments are made.

Conditions to Payment. The payments and benefits provided in the event of a termination of employment without Cause or resignation for Good Reason or following a Change in Control of the Company are contingent upon the executive executing a general release in favor of the Company. In addition, the Company’s obligation to pay any premiums for medical or dental insurance benefits will cease if the executive becomes eligible to receive similar benefits from another employer.

Executive Covenants. As provided in their employment agreements, Messrs. LaPenta, DePalma and Paresi are subject to (i) confidentiality provisions that prohibit them from disclosing any confidential information of the Company, except in the course of performing their duties for the Company or as required by law, (ii) certain post-employment restrictions on the development of intellectual property rights, during the six-month period following termination and (ii) non-competition provisions that prohibit them, during their employment and for a one-year period following termination of employment, from operating or participating in a business that competes with the Company and from soliciting any of the Company’s employees or customers.

If an executive materially breaches his obligations with respect to the Company’s intellectual property rights or the non-competition provision, the Company may, following a 30-day notice and cure period, cease any Severance Payments made to the executive and recover all prior Severance Payments made to the executive. The Company may also pursue any other legal remedies to rectify the breach.

Dr. Atick

Termination of Employment. Dr. Atick’s employment may be terminated at any time:

- by the Company for Cause (as defined) or without Cause;
- in the event of his death or disability; or
- upon his resignation for Good Reason (as defined) or for no reason (defined as a Voluntary Termination).

Termination for Cause or Voluntary Termination. Upon termination for Cause or a Voluntary Termination, Dr. Atick will be paid:

- all accrued but unpaid base salary to the effective date of termination,
- any benefits due through the date of termination as required by law or to the extent required under the Company’s benefit plans and any reimbursement of expenses incurred as of the effective date of termination in accordance with Company policy.

Generally, “Cause” means Dr. Atick’s (i) conviction (by a court of competent jurisdiction, not subject to further appeal) of, or pleading guilty to, a felony or a crime involving fraud or dishonesty against the Company; (ii) willful and continued failure to substantially perform his duties for the Company (following a 30-day cure period after receipt of notification of the breach); or (iii) breach of his employment agreement (following a 30-day cure period after receipt of notification of the breach).

Termination Other Than For Cause; Resignation for Good Reason or Failure to Renew Employment Agreement. If Dr. Atick’s employment is terminated by the Company without Cause or if he resigns following: (i) any change in Dr. Atick’s duties, responsibilities or title that is materially adverse and inconsistent with his position (including any change in his duty to report to the CEO); (ii) a decrease in Dr. Atick’s base salary or eligible bonus percentage of base salary or a decrease in the
