During the preparation of its year-end financial reports for 2005, certain errors were identified in the calculation of the Company's deferred income tax balances that arose in the years prior to 2003. The Company has determined that the error had no effect on earnings in the three intervening annual periods. Additional information regarding the errors is set forth in the Company's Current Report on Form 8-K filed on March 17, 2006 with the Securities and Exchange Commission.

In addition, the Company has experienced delays in completing its financial statements for the year ended December 31, 2005 because of delays in the receipt of financial information from a consolidated subsidiary, which financial information is necessary to complete the Company's financial statements.

As a result of the above described matters, the Company requires additional time to finalize its financial statements and disclosures to be included in its Form 10-K and obtain appropriate reports from KPMG, LLP, the Company's independent registered public accounting firm. The Company expects to make the filing within the fifteen day extension period.

Net income, as previously announced in the Company's Current Report on Form 8-K filed with the Securities and Exchange Commission on February 2, 2006 and subject to revision based on the finalizing of the Company's Form 10-K discussed in Part III of this Form 12b-25, for the year ended December 31, 2005 increased \$70.0 million compared to the year ended December 31, 2004 and is comprised of the following elements:

a decrease of \$22.5 million in operating income;

an increase of \$88.9 million in interest expense;

a net gain of \$131.9 million recognized on the settlement of certain disputes with the Mexican government in the third quarter of 2005 (the VAT/Put Settlement);

a \$25.3 million decrease in the provision for income taxes; and,

a \$17.8 increase in minority interest.

KCS 2005 consolidated net income available to common shareholders was \$84.9 million, or \$1.03 per diluted share in 2005 compared with \$15.7 million, or \$0.25 per diluted share in 2004. The improvement in KCS earnings year-over-year was primarily attributable to the acquisitions of Mexrail and Grupo TFM and is more fully described in the Company's Quarterly Reports on Form 10-Q as filed with the Securities and Exchange Commission on August 15, 2005 and November 9, 2005.
