Sen. Dave Durenberger joins Health Fitness

Corporation's Board of Directors

MINNEAPOLIS, MN Aug. 13, 2007 Health Fitness Corporation (HFC) (OTC BB: HFIT) today announced that former U.S. Senator Dave Durenberger, a nationally-recognized health policy thought leader, has been elected to its board of directors.

Active in Minnesota public life for more than 40 years, Durenberger's experience in the U.S. Senate included 17 years on the influential Senate Finance Committee. He was the ranking member of the Health Subcommittee for a decade, serving six years as chairman.

Durenberger served three terms in the Senate, sponsoring numerous bills that focused on public health and safety. Among them were bills to ensure safe drinking water and clean air, the Americans with Disabilities Act, Continuity of Employment Health Insurance (COBRA), Maternal and Child Health amendments, measures to support Medicare, Medicaid and rural health policy, and acts to streamline and enhance health insurance coverage.

Health Fitness Corporation warmly welcomes Dave Durenberger's substantial health policy expertise to our board, said Mark W. Sheffert, chairman of HFC's board. Sen. Durenberger is highly recognized and respected nationwide for his extensive knowledge of both business and health care. His insight and guidance will certainly be additive to the direction and governance of the organization.

Durenberger has made health policy a focus since his retirement from the Senate in 1995. He is founder and chair of the National Institute of Health Policy, a not-for-profit forum for health care leaders throughout the Upper Midwest to collaborate on complex health care issues and to foster health care transformation. He is also senior health policy fellow at the University of St. Thomas College of Business in Minneapolis. In that role he serves on the faculty of the College of Business, teaching in medical group management programs, physician leadership and other graduate and executive education programs. Durenberger also teaches health policy at the University's College of Law, contributes regularly to College of Business publications, and consults on curriculum design efforts for health policy courses. His bi-weekly Commentary on health policy and politics is a much-read predictor of health policy for more than 10,000 national leaders. Durenberger is president of Policy Insight, LLC, a business consulting firm for health policy interests both in the United States and globally.
