Schedule I:            Schedule H, Line 4i -- Assets (Held at End of Year)  
                          -- June 30, 2001

Schedule II:          Schedule H, Line 4j -- Reportable Transactions for  
                          the Year Ended June 30, 2001

### REPORT OF INDEPENDENT PUBLIC ACCOUNTANTS

To the Administrative Committee of  
Delta Air Lines, Inc.:

We have audited the accompanying statements of net assets available for benefits of the DELTA FAMILY-CARE SAVINGS PLAN as of June 30, 2001 and 2000 and the related statements of changes in net assets available for benefits for the years then ended. These financial statements and the schedules referred to below are the responsibility of the Administrative Committee of Delta Air Lines, Inc. in its capacity as administrator of the Plan. Our responsibility is to express an opinion on these financial statements and schedules based on our audits.

We conducted our audits in accordance with auditing standards generally accepted in the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of the Plan as of June 30, 2001 and 2000 and the changes in its net assets available for benefits for the years then ended in conformity with accounting principles generally accepted in the United States.

Our audits were made for the purpose of forming an opinion on the basic financial statements taken as a whole. The schedules of assets (held at end of year) and reportable transactions are presented for purposes of additional

Edgar Filing: DELTA AIR LINES INC /DE/ - Form 11-K

analysis and are not a required part of the basic financial statements but are supplementary information required by the Department of Labor Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. The schedules have been subjected to the auditing procedures applied in the audits of the basic financial statements and, in our opinion, are fairly stated in all material respects in relation to the basic financial statements taken as a whole.

DELTA FAMILY-CARE SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS AND SCHEDULES

JUNE 30, 2001 AND 2000

1. DESCRIPTION OF PLAN

The following description of the Delta Family-Care Savings Plan (the "Plan") provides only general information. Participants should refer to the plan document for a complete description of the Plan's provisions.

The Plan is a defined contribution plan established by Delta Air Lines, Inc. (the "Company" or "Delta"). Substantially all Delta Air Lines, Inc. and Delta Technology, Inc. ("Delta Technology") personnel who are paid on the United States domestic payroll or employed in the Commonwealth of Puerto Rico are eligible to participate in the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"), as amended. The Plan is intended to qualify under Section 404(c) of ERISA.

CONTRIBUTIONS

Employee contributions may be made, at the option of the employee, as pretax contributions or after-tax contributions or as a combination of

## Edgar Filing: DELTA AIR LINES INC /DE/ - Form 11-K

both pretax and after-tax contributions.

Eligible U.S.-based nonpilot participants who are not highly compensated employees may contribute up to 23% of eligible earnings to the Plan. Eligible nonpilot participants who are highly compensated may contribute up to 13% of eligible earnings to the Plan. Puerto Rico-based employees and Delta Technology participants may contribute up to 10% and 18%, respectively, of eligible earnings. Through December 31, 2000, eligible pilot participants could contribute up to 10% of eligible earnings to the Plan. Effective January 1, 2001, eligible pilot participants who are not highly compensated employees and eligible pilot participants who are highly compensated employees may contribute up to 18% and 13%, respectively, of eligible earnings to the Plan. Contributions are subject to the limits under Section 402(g) of the Internal Revenue Code (the "Code").

After the employee has completed 12 months of service, Delta makes a quarterly matching contribution to a participant's account of \$.50 for every \$1 contributed by the participant, up to 2% of the participant's annual earnings, as defined in the plan document.

The first \$1,550 (\$1,500 for the 2000 plan year and increased by \$50 per plan year) of Delta's matching contributions (the "Annual Cap") to a participant's account is invested in the Delta Preferred Stock Fund, which consists of both Delta Series B ESOP Convertible Preferred Stock ("Preferred Stock") and Delta Common Stock ("Common Stock"). The remainder, if any, of Delta's contributions to a participant's account during a plan year will be allocated among investment options (Note 2) in the same proportion as the participant directs for his/her own contributions. However, Delta's matching contributions in excess of the Annual Cap shall be made in Common Stock for noncollectively bargained, highly compensated employees, as determined under the Code, as amended.

Delta Technology participants may receive an additional annual contribution equal to 5% of their annual salary.

-2-

### VESTING

Delta participants are immediately vested in all contributions to their accounts plus actual earnings thereon. Delta Technology participants are immediately vested in contributions to their accounts with the exception of the additional annual contribution they receive, which vests ratably over a three-year period. Forfeitures from the Delta Technology participants' accounts are used to offset employer contributions to the Plan.

### PARTICIPANT ACCOUNTS

Each participant's account is credited with the participant's contribution and allocations of the Company's contribution and plan earnings (losses) and charged with administrative expenses on a per participant basis as well as any withdrawals made. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

## Edgar Filing: DELTA AIR LINES INC /DE/ - Form 11-K

### ACCOUNT DISTRIBUTIONS

Upon retirement or eligibility for long-term disability, a participant's non-ESOP account balance may be distributed in the form of a single-sum cash payment, cash payments in monthly variable installments for a definite period not to exceed life expectancy, or variable monthly installments to be paid over the life expectancy of the participant and the participant's beneficiary.

Upon termination of employment for reasons other than retirement or long-term disability, a participant's non-ESOP account balance may be distributed as a lump-sum cash payment or the participant may elect to defer distribution.

A participant's ESOP account balance may be distributed as a lump-sum cash payment or, at the participant's election, in Common Stock when distribution of the non-ESOP portion of the account begins.

While employed, a participant may elect to withdraw all after-tax contributions, pre-1989 matching contributions, and the earnings thereon. Under certain hardship circumstances, a participant may also make an in-service withdrawal of pretax contributions.

### LOANS TO PARTICIPANTS

Participants may borrow against a portion of their plan account balances. The loans are repaid, generally through regular payroll deductions, over a period not to exceed four years. The principal amounts of the loans are assets of the Plan and earn interest, which represents income to the borrowing participant, at a fixed rate equal to the average of the secured loan interest rate and the unsecured loan interest rate of the Delta Employees' Credit Union at the initiation of the loan. This rate fluctuated between 9.00% and 10.75% during the 2001 and 2000 plan years.

## 2. INVESTMENT OPTIONS

The investment options available to participants at June 30, 2001 consist of 8 core funds and 190 mutual funds. The core funds are actively managed portfolios and include the Delta Common Stock Fund which invests primarily in Common Stock. All available investment options are participant-directed except the Delta Preferred Stock Fund, which consists of employer contributions (both Preferred Stock and Common Stock) only. Participants who have attained age 55 and completed ten years of participation in the Plan may diversify their account balance out of the Delta Preferred Stock Fund.

Accounts are limited to 30 investment options at any time, and payroll deductions are required to be allocated in 5% increments (to no more than 20 investment options at a time). Participants are not permitted to allocate more than 50% of their contributions to the Delta Common Stock Fund.

-3-

## 3. SUMMARY OF ACCOUNTING POLICIES

### BASIS OF ACCOUNTING

## Edgar Filing: DELTA AIR LINES INC /DE/ - Form 11-K

The financial statements of the Plan are prepared under the accrual method of accounting.

The preparation of the financial statements in conformity with accounting principles generally accepted in the United States requires plan management to use estimates and assumptions that affect the accompanying financial statements and disclosures. Actual results could differ from these estimates.

### INVESTMENTS

Investments, except for guaranteed investment contracts and Preferred Stock, are stated at market value determined from the publicly stated price information at the end of each day.

The Preferred Stock is stated at fair value, which is determined based on the greater of (a) the market price of the Delta Common Stock into which each preferred share is convertible (Note 6) and (b) \$72 per share.

The Plan's investment contracts are fully benefit-responsive and, therefore, are presented at contract value (cost plus accrued income). The fair value of the investment contracts held by the Plan at June 30, 2001 and 2000 was approximately \$525,945,000 and \$508,283,000, respectively. The average yields for the investment contracts for the years ending June 30, 2001 and 2000 were 6.42% and 6.44%, respectively. The weighted average crediting rates for the investment contracts for the years ending June 30, 2001 and 2000 were 6.04% and 6.46%, respectively. Certain guaranteed investment contracts ("GICs") held by the Plan are synthetic; that is, the Plan owns certain fixed income marketable securities, and a third party provides a "wrapper" that guarantees a fixed rate of return and provides benefit responsiveness. At June 30, 2001, the fair value of the underlying assets of the synthetic GICs and the value of the related wrapper contracts were \$437,973,000 and \$(5,650,000), respectively. Interest rates on the synthetic GICs are generally reset quarterly by the issuer and are guaranteed to be set at a rate not less than 0%.

The Plan provides for investments in various funds. Investment securities, in general, are exposed to various risks, including interest rate, credit, and overall market volatility risks. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the statement of net assets available for benefits.

The fair values of individual investments that represent 5% or more of the Plan's total net assets at June 30, 2001 and 2000 and the applicable number of shares are separately identified as follows (dollars in thousands):

-4-

NUMBER OF SHARES	FAIR VALUE
-----	-----

Edgar Filing: DELTA AIR LINES INC /DE/ - Form 11-K

2001:		
Fidelity Magellan Fund	2,354,971	\$261,614
Fidelity Contrafund	5,992,893	264,766
Fidelity U.S. Equity Index Commingled Fund	8,337,407	298,813
Delta Common Stock	8,788,669*	387,405*
Delta Preferred Stock	6,342,991**	479,911**
2000:		
Fidelity Magellan Fund	2,346,005	315,842
Fidelity Contrafund	5,698,473	329,030
Fidelity U.S. Equity Index Commingled Fund	8,757,054	367,008
Delta Common Stock	7,995,255*	404,260*
Delta Preferred Stock	6,455,371**	560,262**

\* Partially nonparticipant-directed.

\*\* Nonparticipant-directed.

The net appreciation (depreciation) in the fair value of investments includes both net unrealized appreciation (depreciation) on assets held during the year and net realized gains (losses) from the sale of investments. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

During the plan years ended June 30, 2001 and 2000, the Plan's investments appreciated (depreciated) in fair value as follows (in thousands):

	2001	2000
	----	----
Mutual funds	\$ (993,894)	\$ 202,449
Delta Common Stock	(52,418)	(52,081)
Delta Preferred Stock	(71,163)	(78,916)
Commingled funds	(30,550)	40,284
	-----	-----
	\$ (1,148,025)	\$ 111,736
	=====	=====

NONPARTICIPANT-DIRECTED INVESTMENTS

Information about the type of investments included in the nonparticipant-directed portion of the net assets available for benefits is as follows as of June 30, 2001 and 2000 (in thousands):

	2001	2000
	----	----
Investments:		
Delta Common Stock	\$244,506	\$245,686

Edgar Filing: DELTA AIR LINES INC /DE/ - Form 11-K

Delta Preferred Stock	479,911	560,262
Money market fund	27,889	28,394
	-----	-----
	\$752,306	\$834,342
	=====	=====

ADMINISTRATIVE EXPENSES

Certain administrative functions of the Plan are performed by officers or employees of Delta. No such officer or employee receives compensation from the Plan. All other administrative expenses of the Plan are paid by the Plan.

-5-

4. FEDERAL INCOME TAXES

The Plan has received a letter of determination dated June 4, 1996 from the Internal Revenue Service which states that the Plan, as amended through June 29, 1995, is in compliance with Section 401(a) and applicable subsections of Section 409 of the Code, is an employee stock ownership plan with a cash or deferred arrangement under Section 401(k) of the Code, and satisfies the requirements of Section 4975(e)(7) of the Code. As a result of certain plan administration and operational concerns, the Company intends to seek relief under Revenue Procedure 2001-17. Subject to this relief, in the opinion of Delta's management, the Plan, as of June 30, 2001, continues to be in compliance with Section 401(a) and applicable subsections of Sections 409, 401(k), and 4975(e)(7) and continues to be entitled to an exemption from federal income taxation under Section 501(a); thus, no provision for federal income taxes has been made in the accompanying financial statements.

5. PLAN TERMINATION

Although it has not expressed any intent to do so at this time, Delta has the right under the Plan to discontinue its contributions at any time and to amend or terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants will become 100% vested in their accounts.

6. EMPLOYEE STOCK OWNERSHIP PLAN

The Plan includes a leveraged employee stock ownership plan ("ESOP"). In connection with the establishment of the ESOP in 1989, Delta sold 6,944,450 shares of Preferred Stock to the ESOP trustee for \$72 per share, or approximately \$500 million. The ESOP trustee initially financed this purchase by borrowing \$493 million from Delta and approximately \$7 million from a bank. The unallocated shares of Preferred Stock are pledged as security on the borrowings.

In 1990, the Plan issued \$481.4 million principal amount of its Guaranteed Serial ESOP notes ("ESOP Notes") to third-party lenders and repaid the outstanding principal balances of the original loans. The ESOP Notes and certain related tax indemnities are guaranteed by Delta (Note 7). Therefore, the Company is obligated to make annual contributions sufficient to fund principal and interest payments on

## Edgar Filing: DELTA AIR LINES INC /DE/ - Form 11-K

the ESOP notes.

Each share of Preferred Stock has a stated value of \$72, bears an annual cumulative cash dividend of 6.00% or \$4.32, is convertible into 1.7155 shares of Common Stock, subject to adjustment in certain circumstances, and has a liquidation preference of \$72 plus any accrued and unpaid dividends. Generally, the Preferred Stock shareholders vote together as a single class with the Common Stock shareholders on matters upon which the Common Stock shareholders are entitled to vote. The Preferred Stock has two votes per share, subject to adjustment in certain circumstances.

The number of shares of Preferred Stock released from the unallocated account for a plan year will generally be the number of shares of Preferred Stock held in the unallocated account multiplied by the ratio that the amount of principal and interest paid on the ESOP Notes, with respect to such plan year, bears to the total amount of principal and interest remaining to be paid (including payments with respect to such plan year). Once shares are released from the unallocated account, they are available to be allocated to participants' accounts quarterly as Delta matching contributions.

The number of shares of Preferred Stock allocated to participant accounts will be based on a value equal to the higher of \$72 per share or the market value of the shares of Preferred Stock, as defined in the Plan. If, during the plan year, the value of the Preferred Stock released from the unallocated account as a result of the repayment of the ESOP Notes is less than Delta's matching contribution to the Plan for that year, this difference will be made up by Delta through (a) prepaying the ESOP Notes to release additional shares of Preferred Stock, (b) contributing cash to the Plan so the Plan's trustee can purchase Common Stock, or (c) contributing shares of Common Stock to the Plan, in each case for allocation to participants' accounts. However, if at the end of the plan year the value of the Preferred Stock released from the

-6-

unallocated account as a result of the scheduled repayment of the ESOP Notes during that plan year is greater than Delta's matching contribution to the Plan for that plan year, the excess will be allocated as of the end of the plan year among all participants making contributions to the Plan.

The ESOP Notes will be repaid primarily from the Company's contributions and dividends on the Preferred Stock. If dividends on allocated shares are used to repay the ESOP Notes, additional shares of Preferred Stock and Common Stock equal in value to such dividends will be allocated to the accounts of participants who otherwise would have received such dividends.

As of June 30, 2001, 3,213,293 shares of Preferred Stock with a market value, as defined, of approximately \$243,118,000 had been allocated to participants' accounts, and 3,129,698 shares of Preferred Stock with a market value, as defined, of approximately \$236,793,000 were held in the unallocated account.

7. LONG-TERM DEBT

## Edgar Filing: DELTA AIR LINES INC /DE/ - Form 11-K

At June 30, 2001, the Plan's long-term debt, including current maturities of \$26,072,000, consisted of \$316,267,000 aggregate principal amount of ESOP Notes with final maturity dates ranging from July 1, 2001 to January 1, 2009 and interest rates ranging from 7.63% to 8.10%. The interest rates on the ESOP Notes are subject to adjustment in the event of certain changes in the federal income tax laws. Subject to certain restrictions, the ESOP Notes may be prepaid at the option of the Plan at any time in whole or in part. Delta may be required to purchase the ESOP Notes at the option of the holders in certain circumstances.

At June 30, 2001, the annual maturities of the ESOP Notes for the next five years and thereafter are as follows (in thousands):

Years ending June 30:	
2002	\$ 26,072
2003	29,207
2004	32,655
2005	36,449
2006	40,621
After 2006	151,263
	-----
Total	\$316,267
	=====

### 8. RELATED-PARTY TRANSACTIONS

Certain of the Plan's investments are shares of mutual funds, collective trusts, or interests in cash reserve accounts managed by Fidelity Management Trust Company (the "Trustee") or affiliates of the Trustee. Transactions related to such investments qualify as permissible party-in-interest transactions under ERISA. Amounts held in such investments at June 30, 2001 are included in Schedule I. Fees paid by the Plan to an affiliate of the Trustee for record-keeping services totaled \$888,000 and \$1,468,000 for the years ended June 30, 2001 and 2000, respectively. Fees paid by the Plan for investment management vary by fund and are generally reflected as a reduction in fund earnings.

### 9. SUBSEQUENT EVENT

As a result of the completion of negotiations with the pilots' union, the pilots will receive an employer contribution on a monthly basis equal to 3% of eligible earnings effective July 1, 2001. Pilots will no longer receive the quarterly company matching contribution discussed in Note 1. These negotiations resulted in an agreement to add a brokerage window to the Plan and to change the year-end of the Plan to December 31. The brokerage window provides access to mutual funds available through the Fidelity

Funds Network(R) and is available to all participants beginning October 1, 2001. In addition, effective July 1, 2001, pilots who

Edgar Filing: DELTA AIR LINES INC /DE/ - Form 11-K

exceed the IRC Section 401(a)(17) limit in the prior plan year are subject to further restriction of the percentage of earnings which may be deferred into the Plan. For calendar year 2001, the limit is 12%.

As a result of the negative impact on the Company's business of the September 11, 2001 terrorist attacks, the Company offered employees the opportunity to participate in various leave of absence, severance, and early retirement programs. In addition, a number of pilots are being furloughed in accordance with the provisions of their working agreement. The combined impact of these actions is expected to be a significant reduction in workforce.
