Regions Financial Corporation will hold its annual meeting of stockholders at the Regions Bank Operations Center, 201 Milan Parkway, Birmingham, Alabama 35209 at 10:00 a.m., local time, on May 19, 2005, to consider and vote upon the following matters:

2. Approving the Regions Financial Corporation Executive Bonus Plan;
3. Ratifying the appointment of Ernst & Young LLP as Regions independent auditors for the year 2005;

4. Such other business as may properly come before the meeting or any adjournment or postponement thereof.

The Regions board of directors has fixed the close of business on March 24, 2005, as the record date for the annual meeting. This means that Regions stockholders of record at such time are entitled to notice of, and to vote at, the annual meeting or any adjournment or postponement of the annual meeting. A complete list of Regions stockholders entitled to vote at the annual meeting will be made available for inspection by any Regions stockholder for ten days prior to the Regions annual meeting at the principal executive offices of Regions and at the time and place of the Regions annual meeting.

Whether or not you plan to attend the annual meeting, please submit your proxy with voting instructions. To submit your proxy by mail, please complete, sign, date and return the accompanying proxy card in the enclosed self-addressed, stamped envelope. Alternatively, you may use the toll-free telephone number indicated on the proxy card to vote by telephone or visit the website indicated on the proxy card to vote on the Internet. This will not prevent you from voting in person, but it will help to secure a quorum and avoid added solicitation costs. Any holder of Regions common stock who is present at the annual meeting may vote in person instead of by proxy, thereby canceling any previous proxy. In any event, a proxy may be revoked in writing at any time before the Regions annual meeting.

VOTING, REVOCABILITY AND SOLICITATION OF PROXIES

Voting Procedures and Revocation

You should complete and return the proxy card accompanying this proxy statement to ensure that your vote is counted at the annual meeting, regardless of whether you plan to attend the annual meeting. If you are a registered stockholder (that is, you hold stock certificates registered in your own name), you may also vote by telephone or through the Internet, by following the instructions described on your proxy card. If your shares are held in nominee or street name you will receive separate voting instructions from your broker or nominee with your proxy materials. Although most brokers and nominees offer telephone and Internet voting, availability and specific processes will depend on their voting arrangements. You can revoke the proxy at any time before the vote is taken at the annual meeting by submitting to Regions' corporate secretary written notice of revocation or a properly executed proxy of a later date, or by attending the Regions annual meeting and voting in person. Written notices of revocation and other communications about revoking Regions proxies should be addressed to:

Regions Financial Corporation
417 North 20th Street
Birmingham, Alabama 35203
Attention: R. Alan Deer
Corporate Secretary

If your shares are held in street name, you should follow the instructions of your broker regarding the revocation of proxies.

All shares represented by valid proxies that we receive through this solicitation, and that are not revoked, will be voted in accordance with the instructions on the proxy card. If you make no specification on your proxy card as to how you want your shares voted before signing and returning it, your proxy will be voted FOR approval of the election of the nominated directors, FOR approval of the Regions Financial Corporation Executive Bonus Plan, and FOR ratification of the appointment of Ernst & Young LLP as independent auditors. The Regions board of directors is currently unaware of any other matters that may be presented for action at the annual meeting. If other matters properly come before the annual meeting, or at any adjournment or postponement thereof, we intend that shares represented by properly submitted proxies will be voted, or not voted, by and at the discretion of the persons named as proxies on the proxy card.

Solicitation of Proxies

We will bear the entire cost of soliciting proxies from you. In addition to solicitation of proxies by mail, we will request that banks, brokers and other record holders send proxies and proxy material to the beneficial owners of Regions common stock and secure their voting instructions, if necessary. We will reimburse the record holders for their reasonable expenses in taking those actions. We have also made

Table of Contents

arrangements with D.F. King & Co., Inc. to assist us in soliciting proxies and have agreed to pay that company \$10,000 plus reasonable expenses for these services. If necessary, we may also use several of our regular employees, who will not be specially compensated, to solicit proxies from Regions stockholders, either personally or by telephone, telegram, facsimile or letter.

This is the first mailing of proxy solicitation materials to stockholders.

Quorum Requirement

The presence, in person or by properly executed proxy, of the holders of a majority of the outstanding shares of Regions common stock is necessary to constitute a quorum at the annual meeting. Abstentions and broker nonvotes will be counted solely for the purpose of determining whether a quorum is present. An unvoted proxy submitted by a broker is sometimes referred to as a broker nonvote.

Information about Votes Necessary for Action to be Taken

The four nominees for director to be elected at the annual meeting will be elected at the meeting by a plurality of all the votes cast at the meeting, meaning that the four nominees for director with the most votes will be elected. Regions certificate of incorporation does not authorize cumulative voting in the election of directors.

The Regions Financial Corporation Executive Bonus Plan will be approved and the appointment of Ernst & Young LLP as independent auditors of Regions for the 2005 fiscal year will be ratified if a majority of the shares represented at the annual meeting vote in favor.

Abstentions and broker nonvotes will have no effect on the vote on the election of directors, but will have the same effect as a vote against approval of the Executive Bonus Plan and the ratification of the appointment of Ernst & Young LLP as independent auditors of Regions for the 2005 fiscal year.

Attending The Meeting

If you wish to vote your shares of Regions common stock held in street name in person at the meeting, you will have to get a written proxy in your name from the broker, bank or other nominee who holds your shares.

Participants in the Regions or Union Planters 401(k) Plan

If you are a participant in the Regions or Union Planters 401(k) Plan, please note that the form of proxy card also constitutes the voting instruction form and covers all shares you may vote under the plan. Under the terms of the plans, the trustee or administrator votes all shares held by the plan, but each participant may direct the trustee or administrator how to vote the shares of Regions common stock allocated to his or her plan account. If you own shares through the Regions or Union Planters 401(k) plan and do not vote, the plan trustee or administrator will vote the shares in favor of proposals 1, 2 and 3 and in accordance with the terms of the plan. The deadline for returning your voting instructions is May 16, 2005.

Voting by Telephone or the Internet

Many stockholders of Regions have the option to submit their proxies or voting instructions electronically by telephone or the Internet instead of submitting proxies by mail on the enclosed proxy card. Please note that there are separate arrangements for using the telephone and the Internet depending on whether your shares are registered in Regions stock records in your name or in the name of a brokerage firm or bank. Regions stockholders should check their proxy card or the voting instructions forwarded by their broker, bank or other holder of record to see which options are available.

The telephone and Internet procedures described below for submitting your proxy or voting instructions are designed to authenticate stockholders identities, to allow stockholders to have their shares

voted and to confirm that their instructions have been properly recorded. Stockholders submitting proxies or voting instructions via the Internet should understand that there may be costs associated with electronic access, such as usage charges from Internet access providers and telephone companies, that will be borne by the stockholder.

Regions holders of record may submit their proxies:

by telephone, by calling the toll-free number indicated on their proxy card and following the recorded instructions; or

through the Internet, by visiting the website indicated on their proxy card and following the instructions.

However, the combination of Regions and Union Planters resulted in a change of control within the meaning of change of control agreements with their executive officers and certain of their employees.

Section 16(a) Beneficial Ownership Reporting Compliance

Section 16(a) of the Securities Exchange Act of 1934 requires Regions executive officers and directors to file reports of ownership and changes in ownership of Regions stock with the Securities and Exchange Commission. Executive officers and directors are required by SEC regulations to furnish Regions with copies of all Section 16(a) forms they file.

Based solely on a review of the forms filed during or with respect to fiscal year 2004, Regions believes that its executive officers and directors filed all required reports on a timely basis, except as follows.

- Peter D. Miller (one late filing pertaining to one transaction)
- Adolfo Henriques (one late filing pertaining to one transaction)
- Lou Ann Poynter (one late filing pertaining to two related plan transactions)
- C. Kemmons Wilson, Jr. (one late filing pertaining to one transaction)

PROPOSAL 1 ELECTION OF DIRECTORS

As provided in the merger agreement that governed the merger of Union Planters and former Regions into new Regions Financial Corporation, the board of directors of new Regions initially consisted of 26 members, with 13 members from the Union Planters board and 13 members from the former Regions

Table of Contents

board. Regions has a classified board of directors divided into three classes, with the director positions in each class up for election at every third annual meeting of stockholders.

Shortly after the merger, the nominating and corporate governance committee undertook a comprehensive review of all aspects of Regions' corporate governance. As part of this review, the committee evaluated the size of the board of directors and determined that the board's size at 26 members is larger than the optimum size. Taking into account factors such as the committee structure, the desired mix of members' skills and expertise, the importance of full participation and expression during board meetings, and administrative and logistical consideration, the committee determined that the optimum size of the board of directors of Regions is in the range of 12 to 16 members.

The committee then considered how and over what time period the size of the board of directors should be reduced to a more desirable size. In the process of these deliberations, the committee formulated a transition plan by which the size of the board of directors could be reduced from 26 members to 14 members over three annual election cycles. Under Delaware law and Regions' certificate of incorporation and bylaws, the board of directors is authorized to establish the size of the board of directors. The transition plan contemplates that the reduction in the size of the board will be accomplished through the board's exercise of this authority.

The transition plan calls for a reduction in the number of directors on the board to 22 directors beginning with the annual meeting of stockholders in 2005, to 16 directors beginning with the annual meeting of stockholders in 2006, and to 14 directors beginning with the annual meeting of stockholders in 2007. The transition plan met the committee's objectives in the following respects:

the transition plan will not disrupt the functioning of the board or its committees;

at all times during the transition phase, the number of former Union Planters directors and the number of former Regions directors will be equal, as contemplated by the terms of the merger agreement;

the transition plan will not shorten the term of any director; and

the transition plan provides an option to add new directors in the future within the optimum range of size.

The transition plan further contemplates that it may be adapted or modified to take into account any relevant change in circumstances, and that the total number of directors and the number of directors in each class may be more than or less than the numbers specified in the plan, as the result of further action of the committee and the board of directors.

The committee made a presentation concerning the transition plan to the full board of directors, and the board approved and adopted the plan.

Both the committee and the board believe all Regions directors are well-qualified and have provided valuable service to Regions and its predecessor companies. The selection of the directors being nominated for continuing board service is based on the evaluation of a number of factors, including mandatory retirement age of directors in accordance with Regions' corporate governance principles, length of service, independence considerations, and maximizing diversity, including diversity in the areas of expertise and experience.

Accordingly, the board of directors has determined that following the annual meeting of stockholders and for the ensuing year until the next annual meeting, the board will consist of 22 members, with four nominees to be elected as directors at the annual meeting for a term of three years.

Regions recommends the election of Allen B. Morgan, Jr., Jorge M. Perez, Spence L. Wilson, and Harry W. Witt as directors, to hold office for a term of three years expiring with the annual meeting of stockholders to be held in 2008 or until their successors are elected and qualified. The proxy will be voted FOR the nominees, unless otherwise directed. If any nominee is not available for election, the proxies will be voted for such substitute nominee as the board of directors may designate. Regions has no reason to

The Board and Committees of the Board

In addition to board meetings held by former Regions and Union Planters prior to the merger, Regions held three directors meetings during 2004. Including pre-merger meetings during 2004, all directors attended at least 75% of the aggregate of the meetings held by the boards and by committees of which they were members.

The board of directors has reviewed the relationships between directors and Regions in light of the applicable independence standards of the New York Stock Exchange. The purpose of the review was to determine whether any director, either directly or indirectly, has a material relationship with Regions that would preclude the director from being independent. As a result of the review, the board has determined that each director is an independent director, other than Carl E. Jones, Jr., Jackson W. Moore, Richard D. Horsley, and Allen B. Morgan, Jr., who are executive officers of Regions and/or its subsidiaries; Spence L. Wilson and C. Kemmons Wilson, Jr., each of whom is a brother-in-law of Jackson W. Moore; and Lou Ann Poynter, who is a former executive officer of Union Planters and Union Planters Bank, National Association.

The board has established categorical standards to assist it in making the determination whether a director is independent and in assessing the materiality of the director's relationship with Regions. These standards will be periodically reviewed and may be amended from time to time. The current categorical standards are set forth as follows. For purposes of the categorical standards and with respect to the look-back aspects of the standards, the Company refers to Regions, its predecessor companies former Regions Financial Corporation and Union Planters Corporation, and their respective subsidiaries.

Group I Relationships that preclude a director's independence

If any of the following circumstances exist with respect to a director, the director will be deemed not to be independent:

within the last three years, the director has been an employee of the Company, or a member of the director's immediate family has been an executive officer of the Company;

within the last three years, there has been any period of 12 consecutive months in which the director, a member of the director's immediate family, or a business entity solely owned by the director or a member of the director's immediate family, has received more than \$100,000 per year in direct compensation from the Company, other than director and committee fees and pension or other forms of deferred compensation for prior service (provided such compensation is not contingent in any way on continued service);

within the last three years, the director or a member of the director's immediate family has been affiliated with or employed by a present or former internal or external auditor of the Company;

Table of Contents

within the last three years, the director or a member of the director's immediate family has been employed as an executive officer of another company where any of the Company's present executives serve on that company's compensation committee; or

within the last three years, the director has been employed by, or a member of the director's immediate family has been employed as an executive officer of, a company that makes payments to, or receives payments from, the Company for property or services in an amount which, in any single fiscal year, has exceeded the greater of \$1 million, or 2% of such other company's consolidated gross revenues.

Group II Relationships deemed not material for purposes of director independence

The relationships described in this group are considered not to be material so as to impair a director's independence. A director whose independence is not precluded by the Group I standards is presumed to be independent if he or she has no direct or indirect relationship with the Company other than the following:

the director or a company with which the director is affiliated is a customer of the Company in the ordinary course of business, on terms and conditions not more favorable than those afforded to other similarly situated customers;

the director or a company with which the director is affiliated is party to a loan from Regions Bank or Union Planters Bank, N.A. that complies with Regulation O promulgated by the Federal Reserve Board, that is, any loan made by the bank on substantially the same terms, including interest rates and collateral, as those prevailing at the time for comparable transactions with other persons, and which did not involve more than the normal risk of collectibility or present other unfavorable features;

the director is a partner, officer, or controlling shareholder of or is otherwise affiliated with another company that does business with the Company and the annual payments, excluding payments of principal and interest on Regulation O compliant loans, to or from the Company in any year do not exceed the greater of \$500,000 or 1% of the annual revenue of the other company for its most recently completed fiscal year; or

the director is a partner, member, officer such as a managing director occupying a comparable position or executive officer of a services firm that provides accounting, consulting, legal, investment banking or financial advisory services to the Company and the annual payments to such firm from the Company do not exceed the greater of \$500,000 or 1% of the annual revenue of the firm for its most recently completed fiscal year.

The directors named as follows all meet the foregoing categorical independence standards and therefore have been deemed independent by the board of directors: Albert M. Austin, Samuel W. Bartholomew, Jr., George W. Bryan, James S.M. French, Margaret H. Greene, James E. Harwood, Parnell S. Lewis, Jr., Susan W. Matlock, Jorge M. Perez, Malcolm Portera, John R. Roberts, Michael S. Starnes, W. Woodrow Stewart, Lee J. Styslinger III, Richard A. Trippeer, Jr., Robert R. Waller, John H. Watson, and Harry W. Witt.

In addition to meetings prior to the merger, Regions' nonmanagement directors met three times in 2004 in executive session without any management directors present. The chair of the nominating and corporate governance committee, Robert R. Waller, presided over these executive sessions, and he presides over regularly scheduled meetings of the nonmanagement directors in executive session. As set forth in item 12 of Regions' corporate governance principles, Regions has established a mechanism for stockholders or other interested parties to communicate with the directors. In particular, any interested party who desires to communicate with nonmanagement directors of Regions may do so by directing the

Regions has an audit committee, a compensation committee, a nominating and corporate governance committee, and a risk management committee that meet regularly and as needed.

Audit Committee. The audit committee, which held six meetings in 2004 in addition to meetings prior to the merger, consists of Harry W. Witt, chair, James E. Harwood, Parnell S. Lewis, Jr., John R. Roberts, and Lee J. Styslinger, III. Committee members satisfy the applicable independence requirements of the New York Stock Exchange listing standards, rules of the Securities and Exchange Commission and Regions audit committee charter. AUDIT COMMITTEE REPORT

Regions' audited financial statements at and for the three year period ended December 31, 2004, are included in Regions Annual Report on Form 10-K for the 2004 fiscal year. Regions, acting through its management and board of directors, has the primary responsibility for the financial statements and the reporting process, including the systems of internal accounting controls. Ernst & Young LLP, independent auditors engaged by Regions, are responsible for expressing an opinion on the conformity of those audited financial statements with accounting principles generally accepted in the United States.

The audit committee oversees Regions' financial reporting process on behalf of the board of directors. In fulfilling its oversight responsibilities, the committee has reviewed the audited financial statements with Regions' management, including a discussion of the quality, not just the acceptability, of the accounting principles, the reasonableness of significant judgments, and the clarity of disclosures in the financial statements.

The audit committee has reviewed with Ernst & Young LLP their judgments as to the quality, not just the acceptability, of Regions' accounting principles and such other matters as are required to be discussed with the committee under auditing standards generally accepted in the United States, including the matters required to be discussed by Statement on Auditing Standards No. 61, Communication with Audit Committees, as amended by Statement on Auditing Standards No. 89, Audit Adjustments and Statement on Auditing Standards No. 90, Audit Committee Communications.

The audit committee has discussed with Ernst & Young LLP their independence in relation to Regions and Regions' management, including the matters addressed in the written disclosures provided to Regions by Ernst & Young, as required by Standard No. 1, Independence Discussions with Audit Committees, of the Independence Standards Board, the standard-setting body governing the independence of auditors in relation to their public company clients.

The audit committee has discussed with Regions' internal auditors and Ernst & Young LLP the overall scope and plans for their respective audits. The committee regularly meets with Regions' internal auditors and Ernst & Young, with and without management present, to discuss the results of their examinations, their evaluations of Regions' internal accounting and financial reporting controls, and the overall quality of Regions' financial reporting.

In reliance on the reviews and discussions referred to above, the audit committee approved including the audited financial statements in the Annual Report on Form 10-K for the year ended December 31, 2004 for filing with the Securities and Exchange Commission.

The foregoing report of the audit committee is furnished by: Harry W. Witt, chair, James E. Harwood, Parnell S. Lewis, Jr., John R. Roberts, and Lee J. Styslinger, III.

Nominating and Corporate Governance Committee. The nominating and corporate governance committee, which held six meetings during 2004 in addition to meetings prior to the merger, consists of Robert R. Waller, chair, Samuel W. Bartholomew, Jr., Margaret H. Greene, Malcolm Portera, Richard A. Trippeer, and John H. Watson. The role of the nominating and corporate governance committee is to

Table of Contents

propose nominees for the Regions board of directors including the current nominees for election at the annual meeting. The committee also is responsible for reviewing, revising and maintaining the corporate governance policies and procedures of Regions, and for co-ordinating and overseeing the annual self-evaluation process of the board and each committee. The charter of the nominating and corporate governance committee is posted on the corporate governance section of Regions website and can be accessed at <http://www.regions.com>; also, it is available in print to any stockholder who requests it. The members of the nominating and corporate governance committee are independent in accordance with the applicable director independence requirements of the New York Stock Exchange listing standards.

The nominating and corporate governance committee is charged to identify and review individuals believed to be qualified to become board members for recommendation to the board. The committee will consider and assess candidates consistent with criteria established by the board and set forth in Regions corporate governance principles. The committee will consider all pertinent issues and factors bearing on the qualifications of candidates in light of such criteria.

Regions corporate governance principles affirm that the board seeks members from diverse professional backgrounds who combine a broad spectrum of experience and expertise with a reputation for integrity. Directors should have experience in positions with a high degree of responsibility, be leaders in the companies or institutions with which they are affiliated, and be selected based upon contributions they can make to the board and management regardless of gender or race. A director's qualifications to contribute as a member of the board can be based on factors such as education, business experience, specific areas of expertise, reputation, or standing in a particular field.

Regions bylaws provide that a stockholder may nominate a candidate for director and establish the procedures and requirements for such a nomination. In general, a stockholder must submit to Regions corporate secretary a notice of the nomination not less than 90 days nor more than 120 days prior to the anniversary date of the previous year's annual meeting. The notice must be accompanied by all information relating to each nominee that is required to be disclosed in solicitations of proxies for election of directors in an election contest, or is otherwise required, in each case pursuant to Regulation 14A under the Exchange Act and Rule 14a-11 thereunder, including such person's written consent to being named in the proxy statement as a nominee and to serving as a director if elected.

It is the current policy and practice of the committee to evaluate any qualified candidate for director under the applicable criteria without regard to the source of the recommendation of the candidate. A stockholder who desires to recommend a candidate for director should follow the procedure set forth in Regions bylaws as described above.

All of the nominees for directors being voted upon at the annual meeting are directors standing for re-election.

Risk Management Committee. The risk management committee, which held three meetings during 2004 in addition to meetings prior to the merger, consists of Spence L. Wilson, chair, Albert M. Austin, Jorge Perez, W. Woodrow Stewart, and C. Kemmons Wilson. The role of the risk management committee is to assist the board in overseeing, and receiving information regarding, the Company's policies, procedures and practices relating to asset and liability management, and credit, market, and operational risk.

Compensation Committee. The compensation committee, which held five meetings during 2004 in addition to meetings prior to the merger, consists of James S.M. French, chair, George W. Bryan, Susan W. Matlock, and Michael S. Starnes.

The role of the compensation committee involves the development and oversight of executive compensation programs. The functions of the compensation committee include approving the compensation arrangements for executive management and senior company officers, making recommendations to the board concerning incentive compensation plans and equity-based plans, overseeing the administration of employee benefit plans, and reporting to the board of directors concerning the committee's activities. The charter of the compensation committee is posted on Regions website at <http://www.regions.com>; also, it is

Table of Contents

available in print to any stockholder who requests it. The members of the compensation committee are independent in accordance with the applicable director independence requirements of the New York Stock Exchange listing standards.

In discharging its responsibility, the compensation committee has, from time to time, used the services of compensation consultants for guidance with respect to competitive data and practices of other financial service organizations.

**REPORT OF THE COMPENSATION COMMITTEE
REGARDING EXECUTIVE COMPENSATION**

The compensation committee of the board of directors of Regions is responsible for the development and oversight of Regions' executive compensation programs. It is the responsibility of the compensation committee to approve the Company's executive compensation philosophy and oversee and monitor the Company's executive compensation plans and programs to determine whether they are properly aligned with the Company's strategic and financial objectives. The committee focuses on ensuring there is a strong link between Regions' operational and financial success, with the attendant impact on shareholder interests, and the compensation of the executives.

Compensation Philosophy. Following the merger of Regions and Union Planters at mid-year 2004, the composition of the compensation committee was constituted to include two members of Union Planters' compensation committee, along with two continuing members of Regions' compensation committee. The committee was charged with the task of harmonizing the elements of the two companies' compensation programs and adopting a unified compensation philosophy that would reflect the size and market presence of the combined company and optimize the alignment of executive compensation with corporate and stockholder interests. The committee endorsed an overall compensation philosophy that includes the following features:

Comparative assessment of compensation should be based on evaluation of peer practices in the financial services industry, but should not prevent variation in implementation details by business unit and executive level.

There should be greater emphasis on variable and performance-based rewards than on fixed pay rewards and entitlements. To this end, base salary should be targeted at or below 50th percentile level of peer comparison; annual bonus should be targeted to deliver 50th-75th percentile total cash compensation based on performance and long-term incentives should be targeted to deliver market 50th-75th percentile total direct compensation, depending on corporate and/or business unit performance.

All incentive awards should be based primarily on corporate or business unit financial performance, should reward creation of shareholder value through profitability, growth and efficiency, and should reinforce sustained performance, transparency, and simplicity.

Executive benefits programs should be comparable to those of all other employees, and perquisites should be used only where supported by a clear business rationale.

Section 162(m) of the Internal Revenue Code, as amended, generally disallows a tax deduction to public companies for compensation over \$1,000,000 paid to a company's chief executive officer and four other most highly compensated executive officers, as reported in its proxy statement. Qualifying performance-based compensation is not subject to the deduction limit if certain requirements are met. It is the committee's intent to maximize the deductibility of executive compensation while retaining the discretion necessary to compensate executive officers in a manner commensurate with performance and the competitive market of executive talent.

Base Salary. Executive officers' base salaries for 2004 were determined by the respective committee of Regions and Union Planters in early 2004. In the case of Regions, the committee considered peer group comparisons from survey data for other financial services companies, recommendations from an

Table of Contents

independent compensation consultant, and individual performance assessments. For executives other than the chief executive officer, the committee also considered the chief executive officer's recommendations. In reaching a consensus on the base salary for each executive, the committee may or may not assign weights to the various factors considered. In evaluating and establishing the base salaries of the executive officers for 2004, the committee, in conjunction with its independent compensation consultant, surveyed the base salaries of the corresponding officers of other bank holding companies in a survey group consisting of 14 peer companies, as well as by reference to a broader set of financial services institutions, including the three other largest bank holding companies headquartered in Alabama. The committee generally targeted the base salaries of the named executive officers to be commensurate with or slightly below the median of the base salaries of the corresponding executive officers of the companies in the survey group, but also factored in an inherently subjective assessment of the comparative contributions of the executive personnel to Regions' continued financial and operating success. Generally, the former compensation committee of Union Planters followed a similar approach in setting the base salaries of Union Planters executives in 2004.

Following the merger at mid-year 2004, the re-constituted compensation committee, in conjunction with Regions human resources staff and Regions' independent compensation consultant, reviewed the base salaries of the executive officers of the combined company, including the executive officers named in the summary compensation table, and compared them to data from a modified peer group of financial service companies selected to more accurately reflect the combined company's \$80 billion asset size and expanded footprint. The committee considered whether any mid-year adjustments to the 2004 base salaries were indicated, and approved base salary increases for some of the executive officers.

The survey comparison groups referenced in establishing the base salaries for 2004 for Regions and Union Planters, as well as in the mid-year review of base salaries, were not the same as the group of companies that make up the S&P 500 Banks Index presented in the Comparison of Five-Year Cumulative Total Return graph included in this proxy statement. The committee believes the use of a smaller survey group tailored by asset and deposit size is more valid for salary evaluation purposes, even though not all the compensation survey companies are included in the S&P 500 Banks Index, and even though many companies included in the S&P 500 Banks Index are not included in the compensation survey group.

Annual Incentive Compensation. Prior to the merger, the compensation committees of both companies approved their respective 2004 annual performance goals and target awards for executive officers. In the case of Union Planters, and in accordance with Union Planters' management incentive plans, completion of the merger resulted in a payout of annual bonus awards to Union Planters' executive officers as of the effective date of the merger. This was not the case with former Regions' annual incentive compensation plans.

Following the merger, the re-constituted compensation committee re-evaluated Regions' performance goals in light of the effects of the merger on the combined company, and determined to recast the performance goals and the target awards, both for continuing Regions' executive officers for the entire 2004 year, and for former Union Planters executive officers for the last half of 2004. The performance goals were primarily quantitative in nature and were weighted in accordance with their overall importance in attaining Regions' earnings objectives and achieving merger integration benchmarks and cost savings objectives. The target award percentages were set to be generally comparable to annual incentive compensation opportunities provided to similarly situated executives of peer institutions. More specifically, the revised 2004 performance goals included goals in the areas of earnings per share, achievement of merger integration benchmarks, realization of merger-related cost savings, achievement of customer retention targets, and levels of loan charge-offs. Regions attained the maximum level for two and the target level for one of the five adjusted goals for 2004. Accordingly, the chief executive officer and the other named officers received commensurate cash incentive awards, calculated as a percentage of their base salaries based on this level of performance goal achievement.

Long-Term Incentive Compensation. The long-term incentive plans of the combined company permit the grant of long-term incentives in a variety of forms, including stock options, performance shares,

Table of Contents

restricted stock, and other equity-based awards. Consistent with the compensation philosophy described above, the committee believes that it is desirable to increase management's equity ownership in Regions in order to focus management's effort and commitment to build profitability and stockholder value. The primary purpose of LTIP awards is to encourage management to take long-term steps to achieve and sustain objectives with respect to earnings per share and return on equity. Accordingly, with the advice of its independent compensation consultant, the committee awarded LTIP grants to the executive officers during 2004, consisting of stock options and restricted stock. The committee anticipates a change in how long-term incentive compensation is delivered in 2005 and forward.

In establishing the LTIP awards for the named officers, senior management and other key employees, the committee reviewed the recommended individual awards, considering the scope of accountability, financial goals, and anticipated performance requirements and contributions expected of the participants.

Total LTIP awards in 2004 for the named executive officers were as follows: Mr. Jones 92,595 shares of restricted stock; Mr. Moore 327,602 options and 80,100 shares of restricted stock; Mr. Horsley 274,400 options and 31,692 shares of restricted stock; Mr. Morgan 64,334 options and 8,806 shares of restricted stock; Mr. Fleischauer 201,114 options and 17,346 shares of restricted stock; and Mr. Miller 201,114 options and 17,346 shares of restricted stock.

Compensation of Chief Executive Officer. In deliberating the compensation of the chief executive officer for 2004, the committee followed similar methodology and approach applied to executive compensation generally. Accordingly, the base salary determination reflects the peer group survey comparison described above; the annual incentive compensation is based on an objective formula and tied to Regions' achievement of pre-determined, quantitative financial and operational goals; and the realization of long-term incentive compensation, by its nature, is aligned with the realization of long-term stockholder value. As in the case of setting executive compensation generally, the committee obtains advice from an independent compensation consultant. Mr. Jones did not participate in deliberations and decisions regarding his own compensation.

In setting the base salary for Mr. Jones in 2004, the committee considered a number of factors, including the peer survey comparison, as well as an overall positive assessment of Mr. Jones' performance of his duties and the performance of the company as a whole.

The committee set Mr. Jones' base salary for 2004 at a level it concluded would be appropriate in light of the circumstances the committee considered, while recognizing that his base salary would remain below the median of salaries of chief executives of comparable bank holding companies.

LTIP awards for Mr. Jones were set separately and independently of his participation, based on ownership and total compensation objectives that reflected data from selected peer companies, his total compensation, his responsibilities as chief executive officer, and the committee's desire to set appropriate long-term performance objectives.

Summary. The compensation committee of the board of directors remains dedicated to ensuring that Regions' overall compensation program for its executive officers, senior management and other key employees is appropriately designed to:

Attract, motivate, and retain outstanding contributors;

Maintain a base salary structure that is competitive with Regions' peers in the market, while appropriately monitoring the Company's levels of fixed compensation expense;

Link annual incentive awards with specific performance targets that yield superior results;

Provide long-term equity-based incentive awards that further align the interests of Regions' management with those of its stockholders; and

Be consistent with the committee's executive compensation philosophy described above.

- (1) As a result of the merger with Union Planters Corporation and under their respective employment agreements, each of Mr. Horsley, Mr. Fleischauer, and Mr. Miller is entitled to receive a bonus for 2004, 2005, and 2006 at least equal to the highest bonus amount awarded with respect to the three calendar years prior to the merger. Accordingly, their amounts indicated for 2004 include the incentive bonus awarded under the Management Incentive Plan and an additional bonus amount approved by the compensation committee, as follows:
Mr. Horsley, MIP bonus \$416,667 additional bonus \$91,271; Mr. Fleischauer, MIP bonus \$281,250, additional bonus \$161,719; and Mr. Miller, MIP bonus \$281,250, additional bonus \$161,719.
- (2) Excludes perquisites of total annual amount less than \$50,000. For Mr. Moore, amounts include certain tax reimbursement payments in each year and perquisites received, including automobile expenses (\$25,370 in 2004, \$22,305 in 2003 and \$23,216 in 2002) and financial planning services (\$30,921 in 2004, \$33,361 in 2003 and \$31,527 in 2002). For 2004, tax reimbursement payments amounted to \$27,645,615, of which \$27,306,250 resulted from the merger-related vesting of restricted stock and certain of Union Planters' deferred compensation obligations to Mr. Moore attributable to long-term incentive compensation awards dating back to 1989. The vesting and the resulting tax reimbursement occurred as a consequence of the merger in accordance with Mr. Moore's employment agreement described below.
- (3) The terms of the restricted stock awards are determined by the compensation committee. Under the terms of the currently outstanding restricted stock awards, the named executive officer must remain employed with Regions for the duration of the restrictive period at the same or higher level in order for the shares to be released. During the restriction period, the named executive officer is eligible to receive dividends and exercise voting privileges on such restricted shares. If any of the restrictions are removed at the discretion of the compensation committee, the named executive officer will receive a stock certificate for some percentage or all of the awarded restricted shares. The restricted

Table of Contents

shares are not transferable by the named executive officer during the restriction period. The compensation committee has the discretion to modify the terms of the restricted stock awards. The restrictive period for the restricted stock ranges from three to seven years from the date of grant, and in the case of performance accelerated grants restrictions will automatically lapse sooner if specified performance criteria are met. The performance criteria relate to total stockholder return objectives relative to a group of peer institutions. The aggregate market value as of December 31, 2004 (and number) of all shares of restricted stock that have been granted through December 31, 2004, and have not been released to the named executive officers were as follows: Mr. Jones \$7,885,782 (222,166 shares), Mr. Moore 0, Mr. Horsley \$3,086,436 (86,447 shares), Mr. Morgan \$750,790 (21,152 shares), Mr. Fleischauer \$2,559,225 (72,101 shares), and Mr. Miller \$2,559,225 (72,101 shares). In the case of Mr. Moore, all restricted stock awards occurred during his tenure at Union Planters, including 80,100 shares of restricted stock awarded during 2004 prior to the merger. As a result of the merger, all shares of restricted stock granted to Mr. Moore under Union Planters equity plans were released and became fully vested.

- (4) In the case of executive officers who were executive officers of former Regions, the indicated number of options granted in 2003 and 2002 has been adjusted to reflect the exchange ratio in the merger of 1.2346 shares of new Regions common stock for each share of former Regions common stock. Option grants to Mr. Moore include reload grants of 316,645 in 2004, 623,138 in 2003, and 623,130 in 2002.
- (5) Includes \$127,892 allocated to Mr. Jones in 2004 under the 401(k) plan; \$18,000 allocated to Mr. Jones in 2004 under the profit sharing plan; and \$57,557 representing the imputed term life cost of life insurance coverage under a life insurance benefit plan for Mr. Jones and the estimated interest cost to Regions in 2004 resulting from premium payments under such plan in prior years. This plan serves as an offset to an existing supplemental retirement plan.
- (6) Includes \$12,336 allocated to Mr. Moore in 2004 under the 401(k) plan; \$303,040 consisting of nonqualified deferred compensation plan matching contributions on behalf of Mr. Moore in 2004; and \$50,405 representing the economic benefit portion (i.e., the imputed term life cost) of life insurance coverage of Mr. Moore under certain life insurance policies.
- (7) Includes \$59,596 allocated to Mr. Horsley in 2004 under the 401(k) plan; \$11,500 allocated to Mr. Horsley in 2004 under the profit sharing plan; and \$77,327 representing the imputed term life cost of life insurance coverage under a life insurance benefit plan for Mr. Horsley and the estimated interest cost to Regions in 2004 resulting from premium payments under such plan in prior years. This plan serves as an offset to an existing supplemental retirement plan.
- (8) Consists of \$3,000 allocated to Mr. Morgan in 2004 under the 401(k) plan.
- (9) Includes \$46,869 allocated to Mr. Fleischauer in 2004 under the 401(k) plan and \$8,000 allocated to Mr. Fleischauer in 2004 under the profit sharing plan.
- (10) Includes \$24,877 allocated to Mr. Miller in 2004 under the 401(k) plan and \$8,000 allocated to Mr. Miller in 2004 under the profit sharing plan.

(1) Based on the Black-Scholes option pricing model adapted for use in valuing executive stock options. The actual value, if any, an executive may realize depends on the excess of the stock price over the exercise price on the date the option is exercised, so there is no assurance the value realized by an executive will be at or near the value estimated by the Black-Scholes model. The estimated values under that model are based on the assumptions of expected stock price volatility of 21.1, risk-free rate of return of 3.5%, dividend yield of 4.1% and expected time to exercise of 5 years.

(2) In the case of Mr. Moore, 2004 grants consisted of grants of options to acquire 316,645 shares that occurred automatically under the reload features of previously granted options, as to which Mr. Moore surrendered

previously-owned shares to pay the exercise price of the option or to satisfy tax withholding obligations with respect to such exercise and an associated initial grant of 10,757 options. Reload option grants are stock options granted upon the exercise of an option where the option holder uses shares of company stock that he/she currently owns to pay the option exercise cost. The number of reload options granted is equal to the number of shares used to pay the exercise price, plus any shares withheld for tax obligations. The exercise price of the reload option is the market price of the company's stock on the reload grant date. The reload option expiration date is the same date that the original option would have expired. The initial grants and reload grants become

exercisable six months after the grant date. Additional information concerning the initial grants and reload grants is presented as follows:

- (4) Options granted in October 2004 become exercisable over a three year period, with 50% exercisable after 24 months, and 50% exercisable after 36 months, except that exercisability is delayed for an additional 12 months to the extent the value of incentive stock options (determined as of the date of grant) first exercisable in a calendar year exceeds \$100,000 as to any recipient.

Benefits are based on average compensation (limited to base salary) over the three years prior to retirement. For 2004 and averaged over 2002, 2003, and 2004, compensation covered by the plans for the five highest paid executive officers was as follows: Mr. Jones, 2004 \$900,000, 3-year average \$832,949; Mr. Horsley, 2004 \$575,000, 3-year average \$467,026; Mr. Fleischauer, 2004 \$400,000, 3-year average \$379,296; and Mr. Miller, 2004 \$400,000, 3-year average \$374,692 as reflected in the summary compensation table on page 21. Benefits are payable as a single life annuity for single participants and a joint and 50% survivor annuity for married participants. Other forms of payment are available on an actuarially equivalent basis. Amounts shown are subject to offset for company-sponsored long-term disability payments and executive life insurance program cash values exceeding premiums paid. Benefits are not offset by Social Security benefits. Benefits will be reduced or eliminated if the participant terminates employment voluntarily before age 55.

Regions has assumed two Union Planters executive benefit plans for selected management employees. Participation in the plans has been frozen, but management employees of Union Planters who were participating in the plans as of the effective date of the merger, including Mr. Moore, are presently eligible to continue their participation.

The supplemental retirement plan provides a retirement income benefit at age 62 equal to a percentage of final average earnings as defined in the plan, with certain reductions described below. The benefit can be paid in either an equivalent lump-sum amount or in annual or monthly installments. The plan is nonqualified and unfunded, and the amounts payable thereunder are not offset for social security or other amounts, except as described below.

Currently, Mr. Moore participates in the supplemental retirement plan. Supplemental annual retirement benefits payable under the plan at age 62 are equal to 65% of the sum of the executive's highest base salary and highest annual bonus during any year of employment, less an amount calculated as the present value of Regions' cost of funds related

to premiums paid on a split-dollar life insurance policy on the life of Mr. Moore and his spouse, which premiums will be reimbursed in full to Regions from the

Table of Contents

cash value of the policy. The annual supplemental retirement benefit under the plan is reduced 6% per year for early retirement after age 55 but before age 62. In addition, annual supplemental retirement benefits vest following a termination or a change in control as defined in the plan and the agreement with Mr. Moore. The estimated annual benefit payable to Mr. Moore under the plan if he were to retire at age 62, and assuming no increase in his base salary or annual bonus before then, is \$1,209,000. However, he has elected to take this benefit in a lump-sum at retirement, which will be discounted to present value and further reduced by the present value of Regions' cost of funds related to premiums paid on a split-dollar life insurance policy, as described above. Union Planters ceased making premium payments under such life insurance policy after July 30, 2002, to avoid any question that such premiums could be characterized as a personal loan prohibited by Section 402 of the Sarbanes-Oxley Act of 2002. Consequently, the death benefit of such policy to Mr. Moore's beneficiary, and the premium reimbursement to Regions, will be substantially less than originally intended.

The deferred compensation plan allows participants to defer a portion of their cash compensation into a nonqualified savings plan. The plan credits interest annually equal to the greater of 120% of the mid-term applicable federal rate or the Regions common stock total investment return. In addition, Regions matches amounts deferred with up to a 25% company contribution based on various salary levels. The plan returns the compensation deferred plus interest earned upon termination of employment or earlier if otherwise elected by the participant.

Employment Contracts and Termination, Severance, and Change of Control Arrangements

Certain executive officers of Regions, including the executive officers named in the summary compensation table, have change of control agreements with Regions. The terms of the agreements with the named executive officers are summarized as follows.

The employment agreements with Mr. Jones, Mr. Horsley, Mr. Morgan, Mr. Fleischauer, and Mr. Miller provide certain protections in the event a change of control of Regions occurs. For this purpose, the agreement defines change of control to include, generally, the acquisition by any person or group of beneficial ownership of more than 50% of the combined voting power of Regions; a change in composition of the board of directors such that incumbent directors make up less than a majority of the board; completion of a merger, consolidation or reorganization (subject to exceptions for certain noncontrol transactions); and a liquidation or dissolution of Regions or sale of all or substantially all of its assets. The completion of the merger constituted a change of control within the meaning of these agreements; however, Mr. Jones agreed to waive this provision and as a result the completion of the merger will not be treated as constituting a change of control under Mr. Jones' contract.

Commencing on the date of a change of control and for the three year period following, each of the executive officers agrees to remain employed by Regions, subject to the terms of the agreement, and to devote reasonable time and attention and reasonable best efforts to perform the responsibilities of the position. Regions agrees that their authority, duties, and responsibilities shall be at least commensurate with those in effect prior to the change of control.

Also, during such three year period, the base salary of the executive officers may not be less than the base salary in effect prior to the change of control, and the bonus may not be less than the highest bonus in the preceding three years. Each will be entitled to participate in all incentive and retirement plans on terms comparable to other peer executives, and to participate in all welfare benefit plans on comparable terms.

During such three year period following a change of control, Regions may terminate the employment of the executive officer signatory with or without cause, which is defined generally as willfully failing to perform reasonably assigned duties, or engaging in illegal conduct or gross misconduct that materially injures Regions. The executive officer may terminate employment with or without good reason, which includes a reduction of the officer's compensation, benefits, duties or status, a forced relocation or material increase in travel requirements or other material breach of the agreement by Regions.

If Regions terminates the executive officer's employment other than for cause, or if the officer resigns for good reason (including resignation for any reason during the 30-day period following the first

Table of Contents

anniversary of a change of control), Regions must pay him accrued compensation and benefits plus an amount equal to three times the sum of his base salary and highest annual bonus during the three years preceding the year in which the change of control occurred or the year preceding the year in which the termination occurs, and Regions must continue to provide the officer or his beneficiaries welfare benefits coverage for three years. If the executive officer's employment is terminated by Regions for cause, or by reason of the officer's death, disability, or resignation other than for good reason, Regions' liability is limited to accrued compensation and benefits.

If any payment under the agreement causes the signatory executive officer to become subject to the excise tax imposed under section 4999 of the Internal Revenue Code, then Regions must make an additional payment sufficient to cover such excise tax plus all income and excise tax imposed on such additional payment.

The terms of Mr. Moore's employment agreement, which was amended effective upon completion of the merger, are summarized as follows.

Under the agreement, Mr. Moore has agreed to serve, and Regions has agreed to appoint Mr. Moore to the following positions at the indicated times. On July 1, 2005 (or such earlier date as Mr. Jones may cease to serve as Chief Executive Officer of Regions), Mr. Moore will succeed Mr. Jones as Chief Executive Officer of Regions; and on July 1, 2006 (or such earlier date as Mr. Jones may cease to serve as Chairman of Regions), Mr. Moore will become Chairman and Chief Executive Officer of Regions. If Mr. Moore is not appointed to these positions at the designated times, or is removed from the position of Chief Executive Officer prior to becoming Chairman of the Board of Directors and Chief Executive Officer of Regions (in each case, other than as a result of Mr. Moore's termination for cause (as defined in the employment agreement), his termination due to his death or disability, or his voluntary resignation not in connection with the nonappointments or removal described above), then Mr. Moore would be entitled to the change in control rights described below.

Mr. Moore's employment agreement provides for a minimum base salary for Mr. Moore of \$650,000. Under the agreement, Mr. Moore will be eligible for participation in, and will receive, all pension and welfare benefits, fringe benefits and perquisites with Regions on a basis, at a level and in an amount that, on a benefit-for-benefit basis, is no less favorable than the benefits that were provided or made available to Mr. Moore with Union Planters at the time of the signing of the amendment in January, 2004.

The employment period under Mr. Moore's employment agreement is a rolling three-year term that is currently scheduled to expire on December 31, 2006, subject to automatic one-year extensions on December 31, 2004 and each December 31 thereafter, unless Regions provides at least 60 days prior notice to Mr. Moore. In any case, the term of the agreement may not be extended after Mr. Moore reaches age 65. If Regions provides prior notice to Mr. Moore that it is electing not to extend the term of the agreement, Mr. Moore may either remain until the end of the then-current term of his agreement, or may choose to terminate the agreement and be paid a lump-sum severance amount equal to three times the sum of his highest base salary and highest annual bonus earned in any year during his employment (final highest earnings). In either case, all options, stock appreciation rights, and other awards in the nature of rights that may be exercised, and all awards of restricted stock, if any, issued to Mr. Moore under all stock incentive plans of Regions (collectively, incentive awards) will immediately vest and be exercisable and all restrictions thereon will lapse. In addition, Mr. Moore will have the right to elect within 90 days after the effective date of his termination of employment, either to receive a lump-sum cash-out of his stock options at the then-current spread value or to have the right to exercise such options from the date of termination through the remaining term of the options.

If termination of employment is for cause, Mr. Moore will be provided his base salary through the date of termination plus any annual incentive bonus that has been previously approved but not paid. In addition, Regions must, at its election, either effect a lump-sum cash-out of Mr. Moore's stock options (vested and unvested) at the then-current spread value, or declare all such options to be immediately vested and exercisable by Mr. Moore within one year from notice of his termination.

Table of Contents

If termination of employment is due to death or disability, Mr. Moore will be provided his base salary through the date of termination plus any annual incentive bonus that has been previously approved but not paid, and will receive a severance payment equal to three times his final highest earnings. In either case, all incentive awards will immediately vest and be exercisable and all restrictions thereon will lapse. In addition, Mr. Moore or his estate will have the right to elect, within 90 days after the effective date of Mr. Moore's termination of employment, either to receive a lump-sum cash-out of his stock options at the then-current spread value or to have the right to exercise such options from the date of termination through the remaining term of the options.

Mr. Moore's employment agreement also provides that in the event of a change in control of Regions (as defined in the agreement to include certain business combinations, acquisitions of stock or assets of Regions, or changes in board of directors composition), Mr. Moore will have the option to extend the term of his employment agreement for an additional three-year period, beginning on the later of the date of the renewal notice or the date on which the change in control occurs. Upon the commencement of any such renewal term, any remaining period of the then-current term of the employment agreement will be canceled. During the extended renewal term following a change in control, Mr. Moore may resign without penalty upon 90 days prior notice and receive a lump-sum severance payment equal to three times his final highest earnings. Also, in the event of a change in control, all deferred compensation, supplemental retirement benefits, and incentive awards will immediately vest and be exercisable and all restrictions thereon will lapse, and any stock or stock equivalents held in a deferred account on Mr. Moore's behalf will become immediately payable. With respect to any benefits paid, accrued or accelerated by virtue of a change in control, the agreement requires Regions to make certain tax gross-up payments to cover Mr. Moore's income tax and excise tax liabilities with respect to any such benefits, including tax liabilities associated with the gross-up payments.

Directors Compensation

Commencing as of July 1, 2004, the effective date of the merger, Regions adjusted its directors' compensation components, in large part to unify the directors' compensation structures of former Regions and former Union Planters. As of that date, on an annualized basis, directors who are not employees of Regions or its subsidiaries are paid an annual directors' board retainer of \$32,000, or \$40,000 if deferred under Regions' directors' deferred stock investment plan described below, plus an additional meeting attendance fee of \$1,500, or \$1,875 if deferred, for each board or committee meeting attended, and an additional annual chairman's retainer of \$6,000, or \$7,500 if deferred, for each committee chair (or \$10,000, or \$12,500 if deferred, in the case of the audit committee chair). Also, an annual stock grant of 1,350 shares of Regions common stock will be deferred into the Regions directors' deferred stock investment plan.

Directors who are employees of Regions or its subsidiaries receive no fees for their services as directors.

Nonemployee directors of Regions participate in Regions' directors' deferred stock investment plan, under which the common stock component of directors' compensation described above is automatically deferred, and a director may elect to defer receipt of some or all of the participant's cash compensation. Regions contributes 25% of the amount of cash deferred by each participating director. Deferred amounts and company contributions are credited to a bookkeeping account for the director, which is designated in notional shares of Regions common stock. Dividend equivalents, if any, are converted to additional notional shares of common stock in the participant's account. At the end of the deferral period, the participant's account is settled in actual shares of common stock, plus cash for any fractional share. Receipt and taxability of benefits are deferred until the later of the close of the year in which the participant reaches age 65 or close of the year in which the participant terminates as a director. During the deferral period, the participants' deferrals and Regions' contributions are invested in Regions common stock, which is maintained in a rabbi trust. For 2004, the amounts contributed by Regions as matching contributions for

the participating directors whose terms continue beyond the annual meeting, and the amounts of dividend equivalents credited under the plan, were as follows:

Other Transactions

Directors and officers of Regions and their associates were customers of, and had transactions with, the affiliate banks in the ordinary course of business during 2004; additional transactions may be expected to take place in the ordinary course of business. Included in such transactions are outstanding loans and commitments from the affiliate banks, all of which were made on substantially the same terms, including interest rates and collateral, as those prevailing at the time for comparable transactions with other persons, and did not involve more than the normal risk of collectibility or present other unfavorable features.

Regions retained during 2004 and prior years and proposes to retain in the future on behalf of Regions or certain of its subsidiaries the law firm Stewart, Melvin & Frost LLP, of which director W. Woodrow Stewart is a partner, and the law firm of Stokes Bartholomew Evans & Petree, P.A., of which Samuel W. Bartholomew, Jr. is a partner. During 2004, Regions or its subsidiaries paid legal fees to the firms of Stewart, Melvin & Frost LLP and Stokes Bartholomew Evans & Petree, P.A., but in each case the amount did not exceed 5% of the firm's gross revenue for 2004.

PROPOSAL 2 APPROVAL OF EXECUTIVE BONUS PLAN

The Executive Bonus Plan is an annual cash incentive compensation plan pursuant to which Regions executive officers and other key personnel may be paid annual incentive compensation, in addition to their base salaries, based on achievement of predetermined performance goals. The plan was adopted by the compensation committee in 2005, with its effectiveness subject to stockholder approval. Stockholder approval of the plan will allow payments made under the plan to be fully tax deductible as performance-

Table of Contents

based compensation under section 162(m) of the Internal Revenue Code. Section 162(m) disallows the corporate tax deduction for certain compensation in excess of \$1 million per year paid to certain executive officers. However, certain compensation, including compensation based on the attainment of performance goals, is excluded from this deduction limit if the material terms of the plan are approved by the stockholders. If the plan is approved by the stockholders, it will replace Regions Management Incentive Plan, the present annual bonus plan.

The purpose of the plan is to motivate and reward Regions senior executives by linking annual cash bonus compensation to objective performance goals. The plan seeks to optimize the soundness, profitability and growth of Regions, promote and encourage excellence in the performance of individual responsibilities; and provide an incentive opportunity for participating senior executive officers. All executive officers of Regions or any of its subsidiaries who are selected by the committee are eligible to participate in the plan. Participation in one year does not guarantee participation in successive years.

The plan will be administered by the compensation committee, which consists of directors who are independent within the meaning of applicable New York Stock Exchange listing standards and disinterested within the meaning of Rule 16b-3 promulgated under the Securities Exchange Act of 1934. The committee has the exclusive authority to interpret and apply the plan as it deems to be in the best interests of Regions and its stockholders.

Payment of annual incentive compensation under the plan will be based on the achievement of objective, quantitative performance goals. Performance goals will be established annually by the compensation committee. The criteria upon which the performance goals may be based are identified in the plan as follows: (1) earnings (including, but not limited to, earnings per share or other corporate measures); (2) profit (including, but not limited to, net profit, gross profit, operating profit, economic profit, profit margins or other profit measures); (3) net income; (4) revenue; (5) stock price or performance; (6) stockholder return; (7) return measures (including, but not limited to, return on assets, capital, equity or revenue); (8) growth of loans and deposits; (9) market share; (10) expenses (including, but not limited to, expense management, expense efficiency ratios or other expense measures); (11) business expansions or consolidation (including, but not limited to, acquisitions and divestitures); (12) internal rate of return; (13) planning accuracy (as measured by comparing planned results to actual results); (14) number of customers or households; and (15) asset quality and charge-offs. The plan confers on the committee discretion to amend the criteria upon which the performance goals are based.

The performance goals may be expressed in terms of company-wide objectives or in terms of objectives that relate to the performance of a subsidiary or a division, region, department or function within Regions or a subsidiary. They may be specified in absolute terms, in percentages, or in terms of growth from period to period or growth rates over time, as well as measured relative to an established or specially-created performance index of Regions competitors or peers.

In operation, the participants bonus opportunities each year will be based on a percentage of base salary as established by the committee and the level of performance goal achievement. More specifically, at the time the committee sets the performance goals for a particular year, it will also set in writing the percentages of each participant's base compensation that will be awarded to the participant if the established performance goals are achieved (the target award). The committee may, but is not required to, establish weightings for each participant for performance within any category of the performance goals. If established, the weightings will be expressed as a percent of the target award that can be earned by the participant from performance in each category.

Depending upon the level of achievement of the performance goals, the actual bonus payment for each participant will range from zero to a maximum of two times the target award or to a maximum of any contractually agreed bonus, if higher. In no event, however, will any participant receive a bonus under the plan that exceeds \$2,500,000 for any year. The committee will determine whether performance goals have been met, and the determination will be objective, so that a third party having knowledge of the relevant facts could make the determination.

Table of Contents

The plan is intended to be an unfunded plan for incentive and deferred compensation. With respect to any payments not yet made to a participant pursuant to the plan, it will confer on the participants no rights that are greater than those of a general creditor of Regions or any subsidiary.

It is not possible at this time to determine the amounts of the bonuses that may become payable under the plan for 2005, the first year of the plan's operation assuming stockholder approval is obtained. The awards paid under the current bonus plans of Regions and Union Planters for 2004 to Regions named executive officers are as set forth in the summary compensation table on page 21. The aggregate awards paid for 2004 under such plans to all executive officers as a group was \$4,780,325 and to all employees, including all current officers who are not executive officers, as a group was \$20,917,913.

The Executive Bonus Plan will be approved if a majority of the shares represented at the annual meeting vote in favor.

The board recommends that you vote FOR approving the Executive Bonus Plan.

PROPOSAL 3 RATIFICATION OF SELECTION OF INDEPENDENT AUDITORS

General

The audit committee has selected Ernst & Young LLP as Regions' independent auditors for the 2005 fiscal year. The board of directors recommends that the stockholders ratify the selection of Ernst & Young. Ernst & Young (or its predecessor) has served as Regions' independent auditors since 1971.

Ernst & Young LLP has been engaged to provide auditing services and also to provide tax services and general accounting advice. In making this selection, the audit committee considered whether the engagement by Regions of Ernst & Young for services other than audit services is compatible with Ernst & Young's independence.

Table of Contents

A representative of the firm will be present at the stockholders meeting to make a statement if he or she so desires and to respond to appropriate questions from stockholders.

Fees

The aggregate fees paid to Ernst & Young LLP by Regions during 2004 and 2003 are set forth in the following table:

	2004	2003
Audit fees(1)	\$ 2,789,000	\$ 1,335,000
Audit-related fees(2)	754,000	632,000
Tax fees(3)	1,522,000	1,375,000
All other fees(4)	503,000	487,000
 Total fees	 \$ 5,568,000	 \$ 3,829,000

- (1) Audit fees include fees associated with the annual audit of Regions consolidated financial statements and internal control over financial reporting, reviews of Regions quarterly reports on Form 10-Q, SEC regulatory filings, and statutory audits of certain of Regions subsidiaries.
- (2) Audit-related fees primarily included accounting consultation, assistance with securitizations or other accounting transactions, SAS 70 internal control reports, and audits of employee benefit plans and funds.
- (3) Tax fees included tax compliance services and tax advice and planning assistance.
- (4) All other fees included primarily assistance with human resources services and cash management services. No financial information systems implementation and design services were rendered by Ernst & Young during 2004 or 2003.

In accordance with the audit committee charter, the audit committee must preapprove any engagement of Ernst & Young LLP for audit or nonaudit services. The audit committee has delegated to its chairperson the authority to preapprove permissible nonaudit services, provided the anticipated fee for such service does not exceed \$50,000. Any such approval of nonaudit services pursuant to this delegation of the full audit committee's authority must be presented to the audit committee at its next regular meeting. A request for preapproval of services may be initiated by the comptroller of Regions, who may consult with the coordinating partner of Ernst & Young for the audit engagement.

PROPOSALS OF STOCKHOLDERS

Proposals by stockholders intended to be presented at Regions 2006 annual meeting of stockholders must be received by Regions not later than December 9, 2005, for consideration for possible inclusion in the proxy statement relating to that meeting.

The bylaws of Regions include provisions requiring advance notice of a stockholder's nomination of members of the board of directors. To be timely such notice must be received by Regions not less than 120 days before the anniversary date of the previous year's proxy statement. If no annual meeting was held the previous year and in any year in which the date of the annual meeting is moved by more than 30 days from the date of the previous year's annual meeting, the notice will be considered timely if received not less than 120 days before the date of the annual meeting or by the 10th day following the day on which public disclosure of the annual meeting date was made. The board of directors of Regions is not required to nominate in the annual proxy statement any person so proposed.

The procedure for submitting a stockholder proposal is generally the same as for submitting stockholder nominations.

6. If applicable, to consider whether the independent auditor's provision of permitted non-audit services to the Company is compatible with maintaining the independence of the independent auditor and is consistent with the Committee's policies relating to the provision of non-audit services by the independent auditor.

APPENDIX B

**REGIONS FINANCIAL CORPORATION
EXECUTIVE BONUS PLAN
Effective Date: January 1, 2005**

I. PURPOSE

The purpose of the Plan is to:

- A. optimize the soundness, profitability and growth of the Company;
- B. promote and encourage excellence in the performance of individual responsibilities; and
- C. provide an incentive opportunity for executive officers of the Company.

The Plan provides for the payment of annual monetary awards to Participants based upon the achievement by the Company of Performance Goals. The Plan is intended, but not required, to preserve the Company's federal income tax deduction for annual bonus payments made to Participants under the Plan by meeting the requirements for performance-based compensation under Section 162(m). No executive officer participating in the Plan with respect to any Plan Year will be eligible to participate in the Company's Corporate Annual Bonus Plan with respect to such year.

II. PLAN ADMINISTRATION

The Committee shall be responsible for the management and administration of the Plan. The Committee has the exclusive authority to interpret and apply the Plan as it deems to be in the best interests of the Company and its stockholders. The Committee's interpretation of the Plan and all decisions and determinations by the Committee relating to the Plan or to awards issued thereunder shall be final and binding on all parties. The Committee has the authority to delegate the day-to-day administration of the Plan to employees in the Company's Human Resources Division or to such other persons as the Committee deems reasonable under the circumstances.

III. AUTHORITY OF COMMITTEE

The Committee, as plan administrator, has the exclusive power, authority, and discretion to:

- A. designate Participants;
- B. determine the Target Award for Participants;
- C. establish Performance Criteria and weightings for different Performance Criteria, and determine whether Performance Goals were achieved in a given Plan Year;
- D. reduce any Incentive Bonus, regardless of the achievement of Performance Goals;
- E. construe and interpret the Plan and adopt any rules and regulations as it may deem necessary or advisable to administer the Plan;
- F. modify or amend the terms of the Plan, as provided herein;
- G. cancel the participation of any person who conducts himself in a manner which the Committee, in the exercise of reasonable discretion, determines to be inimical to the best interests of the Company;
- H. correct any defect, supply any omission, or reconcile any inconsistency in the Plan, in the manner and to the extent it shall deem necessary; and
- I. perform all other acts it deems necessary to carry out the intent and purpose of the Plan.

Table of Contents

The Committee's determination under the Plan of the persons to participate and receive awards and the terms and conditions of such awards need not be uniformly applicable to all Participants and may be made by the Committee on a selective basis among persons who receive or are eligible to receive awards under the Plan, whether or not such persons are similarly situated. The Committee shall have final approval authority over the payment of all Incentive Bonuses under this Plan, whether individually or collectively.

IV. EFFECTIVE DATE

The Plan is effective January 1, 2005, and shall continue thereafter until terminated by the Committee. The Committee will review the Plan annually to determine its effectiveness in meeting stated objectives. The Plan Performance Period (Plan Year) will be the Company's fiscal year beginning January 1st and ending December 31st annually.

The Company's executive officers shall not be eligible to participate in the Plan unless and until the stockholders of the Company approve the Plan. While Target Awards may be established for such persons prior to stockholder approval, no Incentive Bonus shall be paid to any executive officer of the Company under the Plan until after stockholder approval of the Plan has been obtained. To the extent necessary for the Plan to qualify as performance-based compensation under Section 162(m), the material terms of the Plan shall be disclosed to, and reapproved by, the stockholders of the Company no later than the first stockholders meeting that occurs in the fifth year following the year in which stockholders initially (and subsequently) approve the material terms of the Plan.

V. ELIGIBILITY

Subject to Section IV of the Plan, all executive officers of the Company who are selected by the Committee are eligible to participate in the Plan. Participation in one Plan Year does not guarantee participation in successive years. The Committee will select Participants no later than March 31 of the Plan Year to which participation relates and will notify Participants of their eligibility to participate, and the terms thereof, in writing.

VI. OPERATION OF THE PLAN

Each Participant shall be eligible to receive an Incentive Bonus if the Company meets or exceeds certain Performance Goals set each year by the Committee.

A. *Performance Goals.* Not later than ninety (90) days after the commencement of any Plan Year (or such other date as may be permitted or required by Section 162(m), as applicable), the Committee will set in writing Performance Goals for such Plan Year.

B. *Target Award.* At the time the Committee sets the Performance Goals for a particular Plan Year, it will also set in writing the percentage of each Participant's Base Compensation that will be awarded to the Participant if the established Performance Goals are achieved (the Target Award). The Target Award will be communicated in writing to each Participant.

The Committee will establish the weightings for each Participant for performance within any category of the Performance Goals. If established, the weightings will be expressed as a percent of the Target Award that can be earned by the Participant from performance in each category.

C. *Range of Incentive Bonus Opportunities.* Depending upon the level of achievement of Performance Goals, the actual Incentive Bonus opportunities for each Participant shall range from zero to a maximum of two (2) times the Target Award or the Participant's Guaranteed Bonus for a particular year, if higher. Notwithstanding the foregoing, in no event will any Participant receive an Incentive Bonus under the Plan in connection with any one Plan Year which exceeds \$2,500,000.

D. *Achievement of Performance Goals.* The determination of whether Performance Goals have been met shall be made by the Committee and shall (i) be based on financial results reflected in the

Table of Contents

Company's audited financial statements prepared in accordance with generally accepted accounting principles and reported upon by the Company's independent accountants or (ii) otherwise be objective, so that a third party having knowledge of the relevant facts could determine whether the Performance Goals have been met.

Notwithstanding the foregoing, to the extent permitted under Section 162(m), as applicable, the Committee may determine prospectively, at the time that Performance Goals are established, whether or not to adjust any Performance Goals during or after the Plan Year to take into consideration any of the following events that occur during a Plan Year: (a) asset write-downs or impairment charges; (b) litigation or claim judgments or settlements; (c) the effect of changes in tax laws, accounting principles or other laws or provisions affecting reported results; (d) accruals for reorganization and restructuring programs; (e) extraordinary nonrecurring items as described in Accounting Principles Board Opinion No. 30 and/or in management's discussion and analysis of financial condition and results of operations appearing in the Company's annual report to stockholders for the applicable year; (f) acquisitions or divestitures; (g) foreign exchange gains and losses; or (h) any other identifiable event of a nonrecurring or extraordinary nature.

VII. PERFORMANCE CRITERIA

The Committee shall establish Performance Goals within the time period prescribed by Section 162(m) based on one or more of the following Performance Criteria, which may be expressed in terms of Company-wide objectives or in terms of objectives that relate to the performance of a subsidiary or a division, region, department or function within the Company or a subsidiary: (1) earnings (including, but not limited to, earnings per share or other corporate measures); (2) profit (including, but not limited to, net profit, gross profit, operating profit, economic profit, profit margins or other profit measures); (3) net income; (4) revenue; (5) stock price or performance; (6) stockholder return; (7) return measures (including, but not limited to, return on assets, capital, equity or revenue); (8) growth of loans and deposits; (9) market share; (10) expenses (including, but not limited to, expense management, expense efficiency ratios or other expense measures); (11) business expansions or consolidation (including, but not limited to, acquisitions and divestitures); (12) internal rate of return; (13) planning accuracy (as measured by comparing planned results to actual results); (14) number of customers or households; and (15) asset quality and charge-offs.

Performance Goals with respect to the foregoing Performance Criteria may be specified in absolute terms, in percentages, or in terms of growth from period to period or growth rates over time, as well as measured relative to an established or specially-created performance index of Company competitors or peers. Any member of a specifically-created index that disappears during a Plan Year shall be disregarded for the entire Plan Year. Performance Goals need not be based upon an increase or positive result under a business criterion and could include, for example, the maintenance of the status quo or the limitation of economic losses (measured, in each case, by reference to a specific business criterion). The Performance Goals that will be applied to the awards under this Plan will be distributed annually to Participants.

Any payment of an Incentive Bonus must be approved by the Committee and shall be conditioned upon its receipt of information from the Company's Human Resource Department that the Performance Goals and any other material conditions were satisfied. Except as specifically provided herein, no Incentive Bonus may be amended, nor may the Committee exercise any discretionary authority it may otherwise have under the Plan with respect to an Incentive Bonus in any manner to waive the achievement of an applicable Performance Goal or to increase the amount payable pursuant thereto or the value thereof, or otherwise in a manner that would cause the Incentive Bonus to cease to qualify for exemption under Section 162(m). The Committee retains the discretion to reduce any Incentive Bonuses to be paid under the Plan for a given Plan Year, without regard to corporate or individual performance. Without limiting the foregoing, the Committee may take into account any personal performance evaluation of a Participant (including, but not limited to, the chief executive officer) as a basis for exercising such discretion.

Table of Contents

VIII. PLAN FUNDING AND PAYOUT

The Plan is intended to be an unfunded plan for incentive and deferred compensation. With respect to any payments not yet made to a Participant pursuant to the Plan, nothing contained in the Plan shall give the Participant any rights that are greater than those of a general creditor of the Company or any subsidiary. Incentive Bonuses will be paid by the Award Payment Date.

IX. NEW PARTICIPANTS

If an individual begins employment as an executive or is promoted to an executive position during the Plan Year, the Committee, in its discretion, may determine whether such executive may participate in the Plan and, if so, the terms of such participation, which will be pro-rated based on the number of days he or she participated in the Plan during the Plan Year, unless the Committee determines otherwise.

X. TERMINATION OF EMPLOYMENT

If a Participant terminates employment during a Plan Year for any reason other than Retirement, Disability, or death, no Incentive Bonus will be payable under the Plan.

If a Participant's employment terminates during a Plan Year as a result of Retirement, Disability, or death, the Participant, his Beneficiary, or his estate in the absence of a Beneficiary, will receive a pro-rata portion of the Incentive Bonus determined as of the end of the Plan Year, based upon the number of days he or she was employed by the Company during the Plan Year. The proration will be based on the Participant's year-to-date Base Compensation for the Plan Year and the level of achievement of the Performance Goals as of the end of the Plan Year. The pro-rated award will be paid at the same time as Incentive Bonuses are paid to active Participants.

If a Participant's employment terminates between the end of the Plan Year and the Award Payment Date for any reason other than for Cause, the full Incentive Bonus earned as of December 31 of the Plan Year will be paid. If the Participant's employment is terminated during this period for Cause, no Incentive Bonus will be paid.

XI. MISCELLANEOUS PROVISIONS

A. *Nonalienation of benefit.* No right or interest of any Participant in the Plan shall be assignable or transferable, or subject to any lien, directly or indirectly, by operation of law, or otherwise, including garnishment, attachment, pledge, or bankruptcy.

B. *Withholding of taxes.* The Company shall have the authority and the right to deduct or withhold from any award payable under this Plan, or to require a Participant to remit to the Company, an amount sufficient to satisfy federal, state, and local taxes (including the Participant's FICA obligation) required by law to be withheld with respect to any taxable event arising as a result of the Plan.

C. *Establishment of Base Compensation.* Subject to Section VI(C) (Range of Incentive Bonus Opportunities), all awards under the Plan shall be calculated on Base Compensation earned during the Plan Year.

D. *Other benefit plans.* No awards, payments, or benefits paid under this Plan shall be taken into account in determining any benefits under any retirement, profit sharing, or other associate benefit plan or arrangement to which the Company contributes, unless otherwise provided in such other benefit plan or arrangement.

E. *Plan expenses.* Any expenses incurred in the administration of this Plan shall be borne by the Company.

F. *Right to continued employment.* Participation in this Plan shall not be construed as giving any Participant the right to be retained in the employ of the Company. Nothing in the Plan shall interfere in

Table of Contents

any way with the right of the Company or any subsidiary to dismiss any Participant with or without Cause, such dismissal to be free from any liability or any claim under the Plan, except as provided herein.

G. *Construction of the Plan.* The Plan shall be governed and interpreted in accordance with the laws of the State of Alabama, and shall be binding on and inure to the benefit of any successor or successors of the Company.

I. *Number and gender.* The masculine pronoun used shall include the feminine pronoun, and the singular number shall include the plural number, unless the context of the Plan requires otherwise.

J. *Power to amend and terminate the Plan.* The Committee may, at any time, without the need for obtaining approval of the stockholders or the Participants, by an instrument in writing, amend or terminate the Plan, in whole or in part, or amend it in such respects as the Committee, in its sole discretion, deems appropriate and in the best interests of the Company and its stockholders. The Committee may condition any amendment or modification on the approval of the stockholders of the Company if such approval is necessary or deemed advisable with respect to tax, securities, or other applicable laws, policies, or regulations, including, without limitation Section 162(m). If any amendment or termination occurs during a Plan Year, the Committee shall determine when and to what extent Incentive Bonuses, if any, shall be paid for the portion of the Plan Year preceding the amendment or termination. Termination or amendment of the Plan during a Plan Year may be retroactive to the beginning of the Plan Year, at the discretion of the Committee. Termination of the Plan after a Plan Year but before the Award Payment Date will not reduce Participants' rights to receive Incentive Bonuses for such Plan Year.

K. *Deferral of award.* Subject to compliance with Code Section 409A and other applicable law, the Committee may permit a Participant to defer such Participant's receipt of the payment of Incentive Bonuses. If any such deferral is permitted, the Committee shall, in its sole discretion, establish rules and procedures for such payment deferrals, which must be in compliance with Code Section 409A.
