Unless the context indicates otherwise, all references in this Report to Ameristar or ACI refer to Ameristar Casinos, Inc. and all references to the Company, we, our, ours or us refer to Ameristar and its consolidated subsidiaries, collectively. This Report contains certain forward-looking statements within the meaning of Section 27A of the Securities Act, including management's plans and objectives for our business, operations and financial performance. These forward-looking statements generally can be identified by the context of the statement or the use of forward-looking terminology, such as believes, estimates, anticipates, intends, expects, plans, is confident that or words of similar meaning, with reference to us or our management. Similarly, statements that describe our future plans, objectives, strategies, financial results, financial position, operational expectations or goals are forward-looking statements. Although management believes that the assumptions underlying the forward-looking statements are reasonable, these assumptions and the forward-looking statements are subject to various factors, risks and uncertainties, many of which are beyond our control. Accordingly, actual results could differ materially from those contemplated by any forward-looking statements. In addition to the other cautionary statements relating to certain forward-looking statements throughout this Report, attention is directed to Item 1A. Risk Factors and Item 7. Management's Discussion and Analysis of Financial Condition and Results of Operations for a discussion of some of the factors, risks and uncertainties that could materially affect the outcome of future results contemplated by forward-looking statements.

You should also be aware that while we communicate from time to time with securities analysts, we do not disclose to them any material non-public information, internal forecasts or other confidential business information. Therefore, you should not assume that we agree with any statement or report issued by any analyst, irrespective of the content of the statement or report. To the extent that reports issued by securities analysts contain projections, forecasts or opinions, those reports are not our responsibility. Furthermore, we do not undertake any duty to update any earnings guidance or other forward-looking statements that we may publicly issue, and you should not assume that information set forth in any publicly issued forward-looking statements remains accurate.

PART I**Item 1. Business****Introduction**

Ameristar is a top-quality developer, owner and operator of casino entertainment facilities in local and regional markets. Founded in 1954, Ameristar has been a public company since November 1993. We have eight properties in seven markets, which include Resorts East Chicago—a recently acquired property located in East Chicago, Indiana, 25 miles from downtown Chicago.

Our goal is to utilize our high-quality facilities and products and our strong focus on superior guest service to effectively compete in each of our markets and to drive growth that creates value for our stockholders. We anticipate that our growth will come from disciplined expansions at selected properties and through strategic acquisitions and new developments. Currently, we are expanding and upgrading four properties and in the process of rebranding our newly acquired East Chicago property, which is scheduled to be completed by the third quarter of 2008.

The Ameristar experience differentiates us from our competitors in the markets in which we operate. That experience is built upon our high-quality facilities and products we provide, such as slots, food, lodging, entertainment and the friendly and efficient service our 9,000 team members offer to our guests. Our casinos feature spacious gaming floors and typically have the greatest number of games in our markets. We focus on providing our guests with games they want to play and design the flow of the casino floor so that the right games are in the right places, with convenient access to other amenities, which creates a more entertaining experience for our guests.

Most of our revenue comes from slot play, and we also offer a wide range of popular table games, including blackjack, craps, roulette and poker in the majority of our markets. We set competitive minimum and maximum betting limits based on each market. Our gaming revenues are derived from a broad

Table of Contents

base of customers, and at most properties we do not depend upon high-stakes players. We extend gaming credit at our properties in Indiana, Mississippi and Nevada, and credit represents a significant amount of table games play at Resorts East Chicago.

We generally offer a greater variety of quality dining choices than the other casinos in our markets. Our signature restaurant concepts include warm and intimate steakhouses, elaborate buffets and 24-hour casual dining restaurants, along with sports bars featuring the most advanced audio-visual technology in their markets. Whether in our upscale steakhouses or quick service delis, our emphasis is on quality in all aspects of the dining experience – food, service, ambiance, facilities – at every price point. The private Star Clubs offer our Star Awards members an exclusive place to relax at all Ameristar-branded properties. Our total entertainment strategy includes a wide range of entertainment, showcasing live local, regional and national talent. Our hotels provide the highest quality lodging experience with two of our hotels holding the prestigious AAA Four Diamond designation.

The following table presents selected statistical and other information concerning our properties as of February 22, 2008.

(1) We acquired Ameristar Black Hawk on December 21, 2004 and

Resorts East
Chicago on
September 18,
2007.

- (2) Includes the operations of Cactus Petes Resort Casino and The Horseshu Hotel & Casino.
- (3) Includes 19 poker tables at Ameristar St. Charles, 15 poker tables at Ameristar Kansas City, 14 poker tables at Ameristar Black Hawk, 7 poker tables at the Jackpot Properties and 16 poker tables at Resorts East Chicago.
- (4) Represents current number of rooms in operation. Hotel will include 400 rooms when construction is completed, expected in May 2008.
- (5) Includes 284 rooms operated by affiliates of Kinseth Hospitality Corporation and located on land owned by us and leased to affiliates of

Kinseth.

- (6) Includes a 52-seat food court and Arthur Bryant's Barbeque restaurant leased to and operated by third parties at Ameristar Kansas City.

- (7) Leased to and/or operated by a third party.

Ameristar St. Charles. Ameristar St. Charles features a 130,000-square-foot casino that accommodates 3,000 slot and video poker machines and 97 table games, including a 19-table poker room.

Seven dining venues offer a range of choices for all tastes at Ameristar St. Charles. The upscale 47 Port Street Grill is known for its signature steaks with the neighboring King Cat Club providing the perfect spot for

Table of Contents

a before or after dinner cocktail. The Landmark Buffet provides a myriad of choices with its multiple serving stations. Amerisports Bar & Grill puts guests in the action with a 34-foot-long video wall. The Southern front porch-inspired Pearl's Oyster Bar provides seafood with a Cajun twist. The Falcon Diner offers heartland specialties and is complemented by The Bakery, a gourmet pastry and coffee bar.

Ameristar St. Charles provides guests with a range of nightlife options. In December 2007, HOME nightclub made its debut. The 17,500-square-foot club features two distinct rooms: a high-energy club and an inviting lounge. The main nightclub has two 30-foot bars, 10 red-leathered recessed banquettes and a 30-by-60-foot dance floor framed by 20 bottle-service tables. Lixx, a new circle bar located on the casino floor, also opened in late 2007 and features high-energy music provided by a state-of-the-art audio system. The property's delta-style Bottleneck Blues Bar offers the best in local, regional and national entertainment.

In January 2008, the first 100 suites of our luxury, all-suite hotel opened. As of February 22, 2008, the hotel had 159 suites in operation. Over each of the next several months, 80 to 100 suites are expected to be added until completion in May 2008. We believe the hotel's well-appointed, oversized suites offer the area's most upscale accommodations. The property's 7,000-square-foot, full-service spa and a new indoor/outdoor pool surrounded by landscaped grounds, cabanas and fire pits are also expected to be fully operational by May 2008.

The property's conference and meeting center opened in September 2006 with 19,200 square feet of meeting space. An additional 3,900-square-foot junior ballroom was added in December 2007. The conference center features two ballrooms, five meeting rooms and an executive board room. A state-of-the-art business center and fully-equipped banquet kitchen complement the facility.

Ameristar's amenities are accessible through two parking garages offering 6,280 spaces. A valet service is also available at the main entrance to the facility under the porte cochere.

The property is located immediately north of the Interstate 70 bridge over the Missouri River in the St. Louis metropolitan area, strategically situated to attract patrons from the St. Charles and greater St. Louis area, as well as tourists from outside the region. The property is in close proximity to the St. Charles convention facility. Interstate 70 is a 10-lane, east-west freeway offering easy accessibility to, and direct visibility of, the Ameristar St. Charles site. The reconstruction of Ameristar Boulevard, the five-lane road leading to the property, was completed in December 2007 and provides a greatly improved approach to Ameristar St. Charles. New lighting and landscaping, which will further enhance the entrance and arrival experience, is expected to be completed in March 2008.

Ameristar Kansas City. Our biggest property, Ameristar Kansas City, ranks among the largest state-licensed casino floors in the United States. The 140,000 square-foot casino floor offers a spacious layout and flow. The casino features 3,015 slot and video poker machines and 105 table games, including a 15-table poker room.

Dining at Ameristar Kansas City reflects our strategy to offer more choices: guests can select from 11 restaurants and nine bars/lounges. The Great Plains Cattle Co. steakhouse has a unique Kansas City-inspired atmosphere. The Falcon Diner, featuring a 24-hour walk-up bakery, mirrors our Ameristar St. Charles diner. At the Horizons Buffet, guests can experience eight culinary stations. The Amerisports Brew Pub features state-of-the-art video and audio technology on 41 screens. The Brew Pub is also home to an exhibition brewery for Ameristar's award-winning private label beers. We lease space to three national brands in an open-seating food court: Burger King, Sbarro Pizza and Cold Stone Creamery.

The property also features a wide scope of entertainment options. The 1,400-seat Star Pavilion showcases headline entertainers and professional boxing. The Depot #9 Stage and Saloon showcases local and regional bands. In addition, the Casino Cabaret provides entertainment on the gaming floor.

Our 184-room, four-diamond-quality hotel greets guests with a contemporary lobby and offers a mixture of suites and standard rooms that feature plasma screen televisions and custom finishes designed for comfort.

Table of Contents

The property's amenities also feature a state-of-the-art 18-screen movie theater complex, gift shop, video game arcade and Kids Quest activity center. All are easily accessible via ample surface parking or a 2,650-space parking garage.

Located seven miles from downtown Kansas City, Missouri, Ameristar Kansas City attracts customers from the greater Kansas City area, as well as regional overnight guests. The property is in close proximity to the Interstate 435 bridge. Interstate 435 is a six-lane, north-south expressway offering easy access to, and direct visibility of, Ameristar Kansas City.

Ameristar Council Bluffs. Ameristar Council Bluffs features 38,500 square feet of gaming space with 1,600 slot machines and 33 table games.

The Ameristar Hotel and Main Street Pavilion comprise the property's landside facilities. The property's 160 rooms include eight luxury suites and 32 upscale king whirlpool rooms. Ameristar Council Bluffs has earned the American Automobile Association Four Diamond designation for the past nine years. On land, guests also find the exclusive Star Club players' lounge; the upscale Waterfront Grill steakhouse; the Heritage Buffet with its multiple cooking stations; and the Prairie Mill Cafe & Bakery, a 24-hour specialty restaurant and fresh bakery and coffee bar.

The Amerisports Bar and Cabaret offers dining and live entertainment, as well as 42 television screens. The property also has a casino cabaret. Other amenities include a Kids Quest activity center, fitness facility, indoor pool, gift shop, an ice cream and sweet shop and convention space.

We are evaluating design alternatives for an expansion project at Council Bluffs. The current plan includes doubling the casino floor by adding approximately 60,000 square feet to the facility among other improvements.

Located across the Missouri River from Omaha, the property is adjacent to the Nebraska Avenue exit on Interstate 29, immediately north of the junction of Interstate 29 and Interstate 80.

Resorts East Chicago. With 56,000 square feet of casino space on four levels of gaming, Resorts East Chicago contains a variety of gaming options for our guests. The casino features 1,900 slot and video poker machines and 76 table games, including a dedicated baccarat room and a 16-table live poker room.

East Chicago's dining choices include six restaurants and two bars. TJ's Steakhouse is known for its fine dining appeal patterned after Chicago steakhouses. All Sports Café, which serves appetizers, burgers, snacks and other fare, allows guests to enjoy exciting sporting action on numerous TVs located throughout the venue. The Buffet features fresh cuisines from around the world for breakfast, lunch and dinner. Double Down Diner is East Chicago's 50's-style diner with classic favorites. East Chicago also offers a spacious 5,370-square-foot ballroom, which can seat up to 550 guests for concerts, shows or dinners.

A 290-room luxury hotel and a state-of-the-art promotions center known as Winners Square are additional amenities that guests can enjoy when visiting East Chicago. These amenities are accessible through a 1,974-space parking garage and a 246-space surface parking area.

We purchased Resorts East Chicago in September 2007 and are currently upgrading the casino and making enhancements to the dining experiences to prepare for the property's re-branding to Ameristar East Chicago by the third quarter of 2008. We are also fine-tuning our marketing and promotional activities in order to most effectively reach our target customers.

Located 25 miles from downtown Chicago, Illinois and conveniently located minutes away from major Interstates 90 and 80/94 at the Cline Avenue exit, Resorts East Chicago primarily attracts guests within Chicagoland from both Northeast Illinois and Northwest Indiana. Guests may also easily travel by way of the Chicago Skyway and Indiana Toll Road highway systems.

Table of Contents

Ameristar Vicksburg. Ameristar Vicksburg has been the market leader for 13 consecutive years, attributable to its superior location, premier product quality and outstanding dining and entertainment options.

The three-level dockside casino is significantly wider than other riverboat casinos in our market, providing a spacious feel. The casino features 44,500 square feet of gaming space, with 1,390 slot machines and 36 table games.

The Bottleneck Blues Bar, which is a Delta-style blues club with live entertainment and gaming, and the Casino Cabaret round out the property's entertainment offerings. Restaurants include Bourbon's, overlooking the Mississippi River; the Bottleneck Blues Bar Express Café, with regionally influenced express-service menu selections; and the 400-seat Heritage Buffet, with seven specialty food stations and private meeting facilities.

The property features a newly renovated 149-room hotel, which holds a Three Diamond rating from the American Automobile Association. The property is currently undergoing a major expansion. An expanded gaming facility, featuring approximately 400 additional gaming positions, and a new 1,000-space parking garage connected to the casino are expected to open in June 2008. Two new restaurants, a VIP club and retail space are expected to be completed in the third quarter of 2008.

Ameristar Vicksburg is located one-quarter mile north of Interstate 20 in Vicksburg, Mississippi. The property is visible from the highway exit ramp and is the closest casino to I-20, a major east-west thoroughfare that connects Atlanta and Dallas. Ameristar Vicksburg caters primarily to guests from the Vicksburg and Jackson, Mississippi and Monroe, Louisiana areas, along with some tourists visiting the area. The nearby Vicksburg National Military Park attracts more than one million visitors annually.

Ameristar Black Hawk. We acquired Mountain High Casino in Black Hawk, Colorado on December 21, 2004. In April 2006, the property was rebranded as Ameristar Black Hawk, following a reconfiguration and expansion of the gaming area, introduction of cashless slot technology and other gaming equipment upgrades and renovation and rebranding of the restaurants. In addition, the parking garage was expanded, nearly doubling its capacity to 1,550 spaces. Ameristar Black Hawk is one of the largest casinos in Colorado and offers approximately 56,000 square feet for gaming, with 1,640 slot machines and 26 table games, including 14 poker tables.

Amenities at the property include the Timberline Grill, an upscale steak and seafood restaurant; the seven-station Centennial Buffet; a casino deli featuring grilled items and stone-fired pizza; a Merk & Tyler Gift Shop; and a Starbucks Coffee Bar. Bar 8042, in the heart of the casino, showcases local and regional live entertainment.

The construction of a four-diamond-quality hotel is progressing toward a completion date in the second half of 2009. The 33-story tower's 536 well-appointed, oversized rooms will feature upscale furnishings and amenities. The tower will include a versatile meeting and ballroom center and will also have Black Hawk's only full-service spa, an enclosed rooftop swimming pool and indoor/outdoor whirlpool facilities. Once completed, Ameristar Black Hawk will offer destination resort amenities and services that we believe are unprecedented in the Denver gaming market.

Ameristar Black Hawk is located in the center of the Black Hawk gaming district, approximately 40 miles west of Denver, Colorado, and caters primarily to patrons from the Denver metropolitan area.

The Jackpot Properties. Cactus Petes Resort Casino and The Horseshu Hotel & Casino are both located in Jackpot, Nevada, just south of the Idaho border. The Jackpot properties have been operating since 1956. Together, the Jackpot properties feature approximately 29,000 square feet of gaming space with 950 slot machines and 36 table games, including seven poker tables, as well as a sports book.

The properties' resort amenities include 416 hotel rooms, with 23 deluxe hot-tub suites; an Olympic-sized pool and heated spa; a styling salon; lighted tennis courts; a recreational vehicle park; and access to a nearby 18-hole golf course. In addition, a general store and a service station serve guests and regional travelers. Dining selections include an extensive buffet; Plateau Steaks and Seafood; a 24-hour casual dining restaurant;

Table of Contents

a casual Mexican Grill; and a Pizza Hut. Cactus Petes Gala Showroom features nationally known entertainment.

Cactus Petes and The Horseshu have long held Four Diamond and Three Diamond ratings, respectively, from the American Automobile Association. The hotel at Cactus Petes is currently undergoing renovation. The project is expected to be completed by Memorial Day 2008.

The properties are located on Nevada State Highway 93, a major regional north-south route, and serve customers primarily from Idaho, and secondarily from Oregon, Washington, Montana, northern California and the southwestern Canadian provinces.

Growth Strategies

We anticipate that our growth will come from disciplined expansions at selected properties and through strategic acquisitions and new developments.

We continuously review the operating performance of each of our existing properties and the feasibility of enhancing their performance through targeted capital expenditure programs. In doing so, we assess the anticipated relative costs and benefits of the projects under consideration, the availability of cash flows and debt financing to fund capital expenditures and competitive and other relevant factors. For example, we believe there are substantial further growth opportunities that will be realized from the expansions currently underway at our properties in St. Charles, Black Hawk and Vicksburg and contemplated at Council Bluffs and East Chicago. See Item 7. Management's Discussion and Analysis of Financial Condition and Results of Operations for further information regarding our ongoing and planned internal capital improvement projects.

In addition to internal expansion opportunities, we selectively evaluate external expansion opportunities to broaden our overall distribution and increase scale and diversification. We focus on the potential acquisition of existing casino-entertainment properties that can be improved through the implementation of our development and operational expertise. We also consider new development opportunities in existing and emerging domestic and select international markets. Longer term, we may consider large development projects in major national markets. Although our preference is to own and operate each of our gaming properties, we may also evaluate expansion opportunities involving management contracts or joint ventures.

Table of Contents**Markets**

The following table presents a summary of the market characteristics and market performance of our Ameristar-branded properties as of December 31, 2007.

	Ameristar St. Charles	Ameristar Kansas City	Ameristar Council Bluffs	Ameristar Vicksburg	Ameristar Black Hawk⁽¹⁾
Adult population within 50 miles	1.9 million	1.5 million	700,000	400,000	2.0 million
Adult population within 100 miles	2.8 million	2.0 million	1.2 million	1.0 million	2.8 million
No. of market participants	6	4	3	4	20
2007 annual market gaming revenue \$ in millions	\$ 1,000.4	\$ 720.8	\$ 470.9	\$ 277.9	\$ 581.4
2007 market growth rate	0.9%	0.9%	-1.5%	-4.3%	4.9%
2007 market share	30.0%	35.1%	37.6%	46.0%	16.6%
2006 market share	30.7%	36.3%	38.5%	46.5%	14.5%
2007 market share rank	#2	#1	#2	#1	Not reported

(1) The Colorado Limited Gaming Control Commission reports the Black Hawk and Central City, Colorado markets separately. The Black Hawk information in this table excludes six casinos in Central City, adjacent to Black Hawk, which generated \$79.8 million in total gaming revenue in 2007.

We own three casinos that are not currently branded Ameristar, including Cactus Petes and The Horseshu in Jackpot, Nevada and the recently acquired Resorts East Chicago, located in East Chicago, Indiana.

Jackpot, Nevada is just across the border from the State of Idaho. The primary market area for the Jackpot properties is Twin Falls (located approximately 45 miles north of Jackpot) and Boise (located approximately 150 miles from Jackpot). The primary market area comprises approximately 600,000 adults. The balance of the Jackpot properties' customers comes primarily from the northwestern United States and southwestern Canada. As of December 31, 2007, our Jackpot properties had 63% of the slot machines and 70% of the table games in the Jackpot market.

East Chicago, Indiana is located in the northwestern part of the state, five miles from the Illinois border. The primary market area is Chicago and its surrounding suburbs, as well as Northwest Indiana. The market is comprised of approximately 6.4 million adults within 50 miles and 9.1 million adults within 100 miles. In the Chicagoland market, there are a total of eight state-licensed casinos operating in the states of Illinois and Indiana. During 2007, the Chicagoland casinos generated \$2.3 billion in annual gaming revenues, of which \$1.0 billion was generated by the three operators in Northwest Indiana (located in East Chicago, Hammond and Gary, Indiana).

Competition

St. Charles

Ameristar St. Charles competes with five other gaming operations located in the metropolitan St. Louis area. Two of these competitors are located in the State of Illinois. Unlike the State of Missouri, Illinois does not impose a \$500 per person, per two-hour session buy-in limit, does not require a casino-issued identification card to enter a casino and allows credit play. However, Illinois casinos are limited in the number of gaming positions allowed and are subject to a higher rate of gaming taxes than Missouri casinos.

There were several major capital improvements or expansions in the St. Louis market in 2007. In December 2007, a competitor opened an approximately \$500 million casino entertainment complex at Laclede's Landing in downtown St. Louis, approximately 22 miles from Ameristar St. Charles. The complex features a mix of restaurants, conference space and a 90,000 square-foot casino. The facility includes a new 200-room hotel and a remodeled and rebranded 300-room hotel, both of which opened in February 2008. The existing casino in downtown St. Louis was purchased by the same company and continues to operate. Long-term plans for this casino have not yet been announced.

Table of Contents

The downtown St. Louis gaming operator is also currently in the process of completing site work for a casino development project in Lemay, which is located in the southeastern portion of St. Louis County, approximately 30 miles from our St. Charles property. The Lemay project is expected to include a \$375 million hotel and casino entertainment complex and is currently slated for opening in mid-2009.

In East St. Louis, Illinois, located across the Mississippi River from downtown St. Louis, Missouri, a gaming operator is progressing on a \$150 million, multi-phased casino barge project that is a substantial upgrade to the previous facility. The initial phase was a \$50 million expansion project that consisted of 36,000 square feet of gaming space that replaced a previously existing 25,000-square-foot casino. The new casino opened to the public in August 2007. Subsequent phases that have been announced include additional restaurants and hotel rooms, a new entertainment facility and a parking garage. Estimated completion dates for these phases have not been announced.

The addition of the gaming licenses in downtown St. Louis and in Lemay, as well as the upgrade to the East St. Louis facility in Illinois, has resulted in increased competition for Ameristar St. Charles. The State of Illinois has one dormant gaming license that it has announced it intends to reissue in the greater Chicago area. While we do not anticipate any new competition in the Illinois portion of the St. Louis market, if Illinois law is changed in the future to allow the operation of slot machines at the existing pari-mutuel racetrack near East St. Louis, this would result in additional competition for Ameristar St. Charles.

Kansas City

Ameristar Kansas City competes with three other gaming operations located in and around Kansas City, Missouri. A competitor in Riverside, Missouri, located approximately 13 miles from Ameristar Kansas City, completed a \$66 million hotel with 258 rooms in April 2007.

The Kansas City market is currently insulated from other casino gaming markets, with no competing markets within 50 miles. The diverse amenity base of the Kansas City area casinos should serve to mitigate the impact of outer market table games play on the Kansas City region.

The State of Kansas has passed legislation that permits the development of two casinos in the Kansas City, Kansas area. Of the four Kansas City, Missouri casino operators, Ameristar is located the farthest away from the proposed new casino development locations in Kansas. In February 2008, the constitutionality of the state's gaming law was upheld by the Shawnee County, Kansas District Court. This decision is being appealed to the Kansas Supreme Court, with a ruling expected in mid-2008. If the constitutionality of the Kansas gaming law is upheld, the development of new casino gaming operations in Kansas City, Kansas will result in significant increased competition for Ameristar Kansas City.

In January 2008, a Native American casino with 400 bingo-based Class II slot machines opened in Kansas City, Kansas. The casino is located approximately 12 miles from Ameristar Kansas City. The extent of any adverse impact on Ameristar Kansas City is currently unknown.

In January 2008, the Missouri Gaming Commission adopted a resolution to permit the submission of gaming license applications for a potential new riverboat casino in Sugar Creek, Missouri, approximately seven miles from Ameristar Kansas City. If the Commission were to grant a gaming license for this location, the additional competition would materially adversely affect Ameristar Kansas City's business.

Council Bluffs

Ameristar Council Bluffs operates one of three gaming licenses issued for the Council Bluffs gaming market pursuant to an operating agreement with Iowa West Racing Association. The two other competitors are operated by a single company and consist of another riverboat casino and a pari-mutuel racetrack casino. In March 2006, the competing racetrack casino opened an \$87 million expansion of its land-based facility, which includes 68,000 square feet of gaming space, a 1,200-space parking garage and several other non-gaming amenities. In 2006, the competitor re-branded the casino and began to offer table games, poker and video poker in addition to slot machines. The expansion and the additional gaming options offered by the racetrack

Table of Contents

casino have resulted in increased competition for Ameristar Council Bluffs.

The Council Bluffs market is currently insulated from other casino gaming markets, with the nearest competing gaming jurisdiction located approximately 90 miles away. In 2006, a referendum on the statewide ballot that would have legalized video keno machines in Nebraska was defeated, and another measure that would have legalized casino gaming in that state was ruled invalid by the Nebraska Supreme Court. In the future, the State of Nebraska may again consider legalization of casino gaming which, if passed, would likely result in increased competition for Ameristar Council Bluffs.

In December 2007, the National Indian Gaming Commission (the NIGC) approved the request of the Ponca Tribe of Nebraska to have a five-acre parcel owned by the Tribe in Carter Lake, Iowa, located five miles from Ameristar Council Bluffs, approved for the operation of gaming. The Nebraska Attorney General has filed an action in federal court challenging the NIGC s decision, and the Iowa Attorney General is reportedly contemplating a similar action. If the Tribe is allowed to conduct gaming at this location, the additional competition would adversely affect our Council Bluffs business.

Resorts East Chicago

Resorts East Chicago currently competes with seven other gaming operations in what is called the Chicagoland gaming market, which includes Northwest Indiana. These competitors are located within 60 miles of Resorts East Chicago.

Illinois casinos are subject to higher gaming taxes and gaming position limitations in comparison to Indiana casinos. Located 25 miles from downtown Chicago, Illinois, Resorts East Chicago currently draws approximately 70% of its customer base from Illinois, with the remaining 30% coming from Northwest Indiana and surrounding areas.

The operator in Hammond, Indiana is nearing completion of its \$485 million new vessel project, which is expected to open in September 2008. Additionally, the operator in Michigan City, Indiana, located approximately 40 miles from East Chicago, has announced a \$135 million hotel complex expansion, which is expected to be completed in 2008.

Legislation regarding the possible significant expansion of gaming in Illinois is currently being considered by Illinois lawmakers. If enacted, this legislation could lead to a significant level of additional competition in the Chicagoland market.

Vicksburg

Ameristar Vicksburg competes with three other gaming operations located in Vicksburg. In July 2006, one of our competitors was acquired by a privately owned company. The new owner has made limited exterior renovations and some minor interior changes. Another competitor opened a new buffet in June 2007.

Several potential gaming sites still exist in or near Vicksburg and from time to time potential competitors have proposed the development of additional casinos. In early 2005, the Mississippi Gaming Commission granted preliminary approval for the fifth and sixth casino licenses in the Vicksburg market. One developer has proposed building a \$200 million casino facility that would include a 250-room hotel, parking garage and other non-gaming amenities. As originally announced, construction of this project was to begin in early 2006. The announced commencement date was subsequently changed to late 2007, but development has not yet begun, and no new date has been announced.

The second project, a \$40 million casino facility with limited amenities, is currently under construction and is expected to be completed by the fourth quarter of 2008.

In addition, proposals have been made from time to time to develop other Native American casinos in Louisiana and Mississippi, some of which could be competitive with the Vicksburg market if completed.

Table of Contents

The Vicksburg market also faces regional competition from two casinos owned by a Native American tribe in Philadelphia, Mississippi, located about 70 miles east of Jackson and 115 miles east of Vicksburg. Vicksburg is also subject to competition from four casinos and one slots-only racetrack in Shreveport and Bossier City, Louisiana, located approximately 175 miles from Vicksburg, as well as casinos located along the Mississippi Gulf Coast.

Black Hawk

Ameristar Black Hawk competes with approximately 25 other gaming operations located in the Black Hawk-Central City gaming market in Colorado. Ameristar has the largest single gaming floor and parking garage of any casino in the Black Hawk market. Of the other casinos in the market, only four are considered large competitors, with over 20,000 square feet of gaming space. Ameristar's primary competitor is one of the first major casinos encountered when entering Black Hawk from Denver via Route 119. This competitor's primary casino is connected via a skywalk to an adjacent casino the operator also owns, thereby offering increased availability of hotel rooms, parking capacity and gaming positions to customers.

The Black Hawk-Central City gaming market is currently insulated from other casino gaming markets, with no competing markets within 50 miles. However, there have been several proposals for the development of a Native American casino located in the Denver metropolitan area. In addition, a ballot initiative to authorize two racetrack casino operations in the Denver area is being considered by the owners of the tracks. It is unclear at this time whether this proposal will be placed on the November 2008 ballot. Both Native American and racetrack gaming have been defeated in past ballot initiatives.

Should additional gaming developments occur in the Denver metropolitan area, the Black Hawk-Central City market would face increased competition.

Jackpot

The Jackpot properties compete with four other hotels and motels (three of which also have casinos) in Jackpot. There were no major capital improvements or expansions in the Jackpot market in 2007. In 2005, a private development company proposed to construct a 200-room casino in Jackpot. It is unclear at this time whether the developer will obtain the necessary local permit approvals and secure financing for this project. We are not aware of any other expansion plans by existing or potential competitors in Jackpot in the near future. In the State of Idaho, casinos on Native American land operate video lottery terminals (VLTs), which are similar to slot machines. One casino near Pocatello has approximately 950 VLTs and is operated by the Shoshone-Bannock Tribes. In 2006, the federal court of appeals ruled that the Shoshone-Bannock Tribes could operate an unlimited number of VLTs at their casino.

In addition, casino gaming on Native American lands in both western Washington and northeastern Oregon has been in operation for several years and casinos also operate in Alberta, Canada.

Other

In addition to the competition that our properties face from other casinos in their geographic markets, we also compete, to a lesser extent, with casinos in other locations, including major tourist destinations such as Las Vegas, with gaming on cruise ships and with other forms of gaming in the United States, including state-sponsored lotteries, racetracks, off-track wagering, Internet and other account wagering and card parlors.

Employees and Labor Relations

As of February 1, 2008, we employed approximately 9,000 full- and part-time employees. Approximately 263 employees at our East Chicago property are employed pursuant to collective bargaining agreements. We believe our employee relations are good.

Table of Contents

Incorporation

Ameristar was incorporated in Nevada in 1993.

Government Regulation

The ownership and operation of casino gaming facilities are subject to extensive state and local regulation. We are required to obtain and maintain gaming licenses in each of the jurisdictions in which we conduct gaming. The limitation, conditioning or suspension of gaming licenses could (and the revocation or non-renewal of gaming licenses would) materially adversely affect our operations in that jurisdiction. In addition, changes in law that restrict or prohibit our gaming operations in any jurisdiction could have a material adverse effect on us.

Missouri

The ownership and operation of riverboat and dockside gaming facilities in Missouri are subject to extensive state and local regulation, but primarily the licensing and regulatory control of the Missouri Gaming Commission. The Missouri Riverboat Gaming Act (the Missouri Act) provides for the licensing and regulation of riverboat and dockside gaming operations on the Mississippi and Missouri Rivers in the State of Missouri and the licensing and regulation of persons who distribute gaming equipment and supplies to gaming licensees.

The Missouri Gaming Commission has discretion to approve gaming license applications for permanently moored (dockside) casinos, powered (excursion) riverboat casinos and barges and to determine the number, location and type of excursion gambling boats allowed each licensee. Due to safety concerns, all gaming vessels on the Missouri River are permitted to be moored in moats within 1,000 feet of the river. Gaming licenses are initially issued for two one-year periods and must be renewed every two years thereafter. The gaming licenses at Ameristar Kansas City and Ameristar St. Charles are next subject to renewal in December 2008. No gaming licensee may pledge or transfer in any way any license, or any interest in a license, issued by the Missouri Gaming Commission. As a result, the gaming licenses of our wholly owned Missouri subsidiaries were not pledged to secure our senior credit facilities.

The issuance, transfer and pledge of ownership interests in a gaming licensee are also subject to strict notice and approval requirements. Missouri Gaming Commission regulations prohibit a licensee from doing any of the following without at least 60 days prior notice to the Missouri Gaming Commission, and during such period, the Missouri Gaming Commission may disapprove the transaction or require the transaction be delayed pending further investigation:

any transfer or issuance of an ownership interest in a gaming licensee that is not a publicly held entity or a holding company that is not a publicly held entity, and

any pledge or grant of a security interest in an ownership interest in a gaming licensee that is not a publicly held entity or a holding company that is not a publicly held entity; provided that no ownership interest may be transferred in any way pursuant to any pledge or security interest without separate notice to the Missouri Gaming Commission at least 30 days prior to such transfer, which restriction must be specifically included in the pledge or grant of a security interest.

Under the Missouri Act, all members of our Board of Directors, certain members of our management and certain of our employees associated with our gaming business are required to obtain and maintain occupational licenses. Currently, all such persons required to obtain occupational licenses have obtained or applied for them. The Missouri Gaming Commission may deny an application for a license for any cause that it deems reasonable.

Substantially all loans, leases, sales of securities and similar financing transactions by a gaming licensee must be reported to and approved by the Missouri Gaming Commission. Missouri Gaming Commission regulations require a licensee to notify the Missouri Gaming Commission of its intention to consummate any

Table of Contents

of the following transactions at least 15 days prior to such consummation, and the Missouri Gaming Commission may reopen the licensing hearing prior to or following the consummation date to consider the effect of the transaction on the licensee's suitability:

any issuance of an ownership interest in a publicly held gaming licensee or a publicly held holding company, if such issuance would involve, directly or indirectly, an amount of ownership interest equaling 5% or greater of the ownership interest in the gaming licensee or holding company after the issuance is complete,

any private incurrence of debt equal to or exceeding \$1 million by a gaming licensee or holding company that is affiliated with the holder of a license,

any public issuance of debt by a gaming licensee or holding company that is affiliated with the holder of a license, and

any significant related party transaction as defined in the regulations.

The Missouri Gaming Commission may waive or reduce the 15-day notice requirement.

The Missouri Act imposes operational requirements on riverboat operators, including a charge of \$2 per gaming customer per two-hour cruise that licensees must pay to the Missouri Gaming Commission, certain minimum payout requirements, a 20% tax on adjusted gross receipts, prohibitions against providing credit to gaming customers (except, subject to certain conditions, for the use of credit and debit cards and the cashing of checks) and a requirement that each licensee reimburse the Missouri Gaming Commission for all costs of any Missouri Gaming Commission staff necessary to protect the public on the licensee's riverboat. Licensees must also submit audited quarterly and annual financial reports to the Missouri Gaming Commission and pay the associated auditing fees. Other areas of operation that are subject to regulation under Missouri rules are the size, denomination and handling of chips and tokens, the surveillance methods and computer monitoring of electronic games, accounting and audit methods and procedures and approval of an extensive internal control system. The Missouri rules also require that all of an operator's chips, tokens, dice, playing cards and electronic gaming devices must be acquired from suppliers licensed by the Missouri Gaming Commission or another person or entity approved by the Missouri Gaming Commission.

The Missouri Act provides for a buy-in limit of \$500 per person per two-hour cruise. Although the Missouri Act provides no limit on the amount of riverboat space that may be used for gaming, the Missouri Gaming Commission can impose space limitations through the adoption of rules and regulations. Additionally, United States Coast Guard safety regulations could affect the amount of riverboat space that may be devoted to gaming. The Missouri Act also includes requirements as to the form of riverboats, which must resemble Missouri's riverboat history to the extent practicable and include certain non-gaming amenities. All licensees currently operating riverboat gaming operations in Missouri are authorized to conduct all or a portion of their operations on a dockside basis, and open and continuous boarding is permitted.

The Missouri Act requires each licensee to post a bond or other security to guarantee that the licensee complies with its statutory obligations. The Missouri Act also gives the Missouri Gaming Commission the authority to require gaming licensees to post a bond or other form of security to the State of Missouri to, among other things, guarantee the completion of an expansion of a gaming facility within a time period determined by the Missouri Gaming Commission.

To promote safety, the Missouri Gaming Commission has required that gaming entertainment barges obtain annual certification from the American Bureau of Shipping.

If the Missouri Gaming Commission decides that a gaming subsidiary violated a gaming law or regulation, the Missouri Gaming Commission could limit, condition, suspend or revoke the license of the gaming subsidiary. In addition, a gaming subsidiary, its parent company and the persons involved could be subject to substantial fines for each separate violation. Limitation, conditioning or suspension of any gaming license could (and revocation of any gaming license would) materially adversely affect Ameristar and our gaming subsidiaries' gaming operations.

Table of Contents

The Missouri Gaming Commission regulates the issuance of excursion liquor licenses, which authorize the licensee to serve, offer for sale, or sell intoxicating liquor aboard any excursion gambling boat, or facility immediately adjacent to and contiguous with the excursion gambling boat, which is owned and operated by the licensee. An excursion liquor license is granted for a one-year term by the Missouri Gaming Commission and is renewable annually. The Missouri Gaming Commission can discipline an excursion liquor licensee for any violation of Missouri law or the Missouri Gaming Commission's rules. Licensees are responsible for the conduct of their business and for any act or conduct of any employee on the premises that is in violation of the Missouri Act or the rules of the Missouri Gaming Commission. Missouri Gaming Commission liquor control regulations also include prohibitions on certain intoxicating liquor promotions and a ban on fees accepted for advertising products. Only Class A licensees can obtain a liquor license from the Missouri Gaming Commission. Class A licenses are licenses granted by the Missouri Gaming Commission to allow the holder to conduct gambling games on an excursion gambling boat and to operate an excursion gambling boat. The sale of alcoholic beverages produced at the Brew Pub at Ameristar Kansas City is subject to licensing, control and regulation by the City of Kansas City, Missouri, Clay County, the State of Missouri and the Division of Alcohol, Tobacco and Firearms of the U.S. Treasury Department.

Iowa

Ameristar's Council Bluffs operations are conducted by our wholly owned subsidiary, Ameristar Casino Council Bluffs, Inc. (ACCBI), and are subject to Chapter 99F of the Iowa Code and the regulations promulgated thereunder. ACCBI's gaming operations are subject to the licensing and regulatory control of the Iowa Racing and Gaming Commission (the Iowa Gaming Commission).

Under Iowa law, wagering on a gambling game is legal when conducted by a licensee on an excursion gambling boat. An excursion gambling boat is an excursion boat or moored barge. Gambling game means any game of chance authorized by the Iowa Gaming Commission. In 2004, the Iowa legislature eliminated the mandatory cruising requirement for an excursion gambling boat, and ACCBI's riverboat is now classified as a permanently moored vessel.

The legislation permitting riverboat gaming in Iowa authorizes the granting of licenses to qualified sponsoring organizations. A qualified sponsoring organization is defined as a person or association that can show to the satisfaction of the Iowa Gaming Commission that the person or association is eligible for exemption from federal income taxation under Section 501(c)(3), (4), (5), (6), (7), (8), (10) or (19) of the Internal Revenue Code (hereinafter not-for-profit corporation). The not-for-profit corporation is permitted to enter into operating agreements with persons qualified to conduct riverboat gaming operations. Such operators must be approved and licensed by the Iowa Gaming Commission. On January 27, 1995, the Iowa Gaming Commission authorized the issuance of a license to conduct gambling games on an excursion gambling boat to Iowa West Racing Association, a not-for-profit corporation organized for the purpose of facilitating riverboat gaming in Council Bluffs (the Association). The Association has entered into a sponsorship agreement with ACCBI authorizing ACCBI to operate riverboat gaming operations in Council Bluffs under the Association's gaming license (the Operator's Contract), and the Iowa Gaming Commission has approved this contract. The term of the Operator's Contract runs until March 31, 2010.

Under Iowa law, a license to conduct gambling games may be issued in a county only if the county electorate has approved such gambling games. Although the electorate of Pottawattamie County, which includes the City of Council Bluffs, most recently reauthorized by referendum in 2002 the gambling games conducted by ACCBI, a reauthorization referendum must be submitted to the electorate in the general election to be held in 2010 and each eight years thereafter. Each such referendum requires the affirmative vote of a majority of the persons voting thereon. In the event a reauthorization referendum is defeated in 2010 or thereafter, the licenses granted to the Association and ACCBI would not be subject to renewal and ACCBI would be required to cease conducting gambling games. After a referendum has been held which defeated a proposal to conduct gambling games on excursion gambling boats, another referendum on a proposal to conduct gambling games on excursion gambling boats may not be held for at least eight years.

Table of Contents

Substantially all of ACCBI's material transactions are subject to review and approval by the Iowa Gaming Commission. Written and oral contracts and business arrangements involving a related party or in which the term exceeds three years or the total value exceeds \$100,000 are agreements that qualify for submission to and approval by the Iowa Gaming Commission (Qualifying Agreements). Qualifying Agreements are limited to: (1) obligations that expense, encumber or lend ACCBI assets to anyone other than a not-for-profit entity or a unit of government for the payment of taxes and utilities; (2) any disposal of ACCBI assets or the provision of goods and services at less than market value to anyone other than a not-for-profit entity or a unit of government; (3) a previously approved Qualifying Agreement, if consideration exceeds the approved amount by the greater of \$100,000 or 25%; and (4) any type of contract, regardless of value or term, where a third party provides electronic access to cash or credit for a patron of the facility. Each Qualifying Agreement must be submitted to the Iowa Gaming Commission within 30 days of execution. Iowa Gaming Commission approval must be obtained prior to implementation, unless the Qualifying Agreement contains a written clause stating that the agreement is subject to Iowa Gaming Commission approval. Qualifying Agreements that are ongoing or open-ended need only be submitted on initiation, unless there is a material change in terms or noncompliance with the requirement that consideration be given to the use of Iowa resources, goods and services. Additionally, contracts negotiated between ACCBI and a related party must be accompanied by economic and qualitative justification.

ACCBI is required to notify the Iowa Gaming Commission of the identity of each director, corporate officer and owner, partner, joint venturer, trustee or any other person who has a beneficial interest of 5% or more, direct or indirect, in ACCBI. The Iowa Gaming Commission may require ACCBI to submit background information on such persons. The Iowa Gaming Commission may require ACCBI to provide a list of persons holding beneficial ownership interests in ACCBI of less than 5%. For purposes of these rules, beneficial interest includes all direct and indirect forms of ownership or control, voting power or investment power held through any contract, lien, lease, partnership, stockholding, syndication, joint venture, understanding, relationship, present or reversionary right, title or interest or otherwise. The Iowa Gaming Commission may suspend or revoke the license of a licensee in which a director, corporate officer or holder of a beneficial interest includes or involves any person or entity which is found to be ineligible as a result of want of character, moral fitness, financial responsibility, professional responsibility or due to failure to meet other criteria employed by the Iowa Gaming Commission.

ACCBI must submit detailed financial, operating and other reports to the Iowa Gaming Commission. ACCBI must file weekly and monthly gaming reports indicating adjusted gross receipts received from gambling games and the total number and amount of money received from admissions. Additionally, ACCBI must file annual financial statements covering all financial activities related to its operations for each fiscal year. ACCBI must also keep detailed records regarding its equity structure and owners.

Iowa has a graduated wagering tax equal to 5% of the first \$1.0 million of annual adjusted gross receipts, 10% of the next \$2.0 million of annual adjusted gross receipts and 22% of annual adjusted gross receipts over \$3.0 million for an excursion gambling boat. In addition, the state charges other fees on a per-customer basis. Additionally, ACCBI pays the City of Council Bluffs a fee equal to \$0.50 per passenger. Under the Operator's Contract, ACCBI also pays the Association a graduated fee equal to 5% of the first \$30 million of annual adjusted gross receipts, 4% of the next \$30 million of annual adjusted gross receipts, 3% of the next \$30 million of annual adjusted gross receipts, 2% of the next \$30 million of annual adjusted gross receipts and 0.5% of the next \$30 million of annual adjusted gross receipts (up to \$150 million of annual adjusted gross receipts).

All persons participating in any capacity at a gaming facility, with the exception of certified law enforcement officers while they are working for the facility as uniformed officers, are required to obtain occupational licenses from the Iowa Gaming Commission. All such licenses must be renewed every two years. The Iowa Gaming Commission has broad discretion to deny or revoke any occupational license.

If the Iowa Gaming Commission decides that a gaming law or regulation has been violated, the Iowa Gaming Commission has the power to assess fines, revoke or suspend licenses or to take any other action as may be reasonable or appropriate to enforce the gaming rules and regulations.

Table of Contents

ACCBI is subject to licensure by the Alcoholic Beverages Division (ABD) of the Iowa Department of Commerce, which administers and enforces the laws of the State of Iowa concerning alcoholic beverages. Additionally, ACCBI is subject to liquor ordinances adopted by local authorities. A local authority may adopt ordinances governing establishments that are located within their jurisdiction. Local ordinances may be more restrictive than state law, but they may not conflict with state law. The ABD and the local authorities have full power to suspend or revoke any license for the serving of alcoholic beverages.

Indiana

Ameristar conducts its Indiana gaming operations through its indirect wholly owned subsidiary, RIH Acquisitions IN, LLC, which owns and operates Resorts East Chicago in East Chicago, Indiana. The ownership and operation of casino facilities in Indiana are subject to extensive state and local regulation, including primarily the licensing and regulatory control of the Indiana Gaming Commission (the Commission). The Commission is given extensive powers and duties for administering, regulating and enforcing riverboat gaming in Indiana.

Pursuant to the Indiana Riverboat Gaming Act, as amended (the Indiana Act), the Commission is authorized to award up to 11 gaming licenses to operate riverboat casinos in the State of Indiana, including five to counties contiguous to Lake Michigan in northern Indiana, five to counties contiguous to the Ohio River in southern Indiana and one to a county contiguous to Patoka Lake in southern Indiana, which was subsequently relocated to French Lick, Indiana. Referenda required by the Indiana Act to authorize the five licenses to be issued for counties contiguous to Lake Michigan have been conducted and gaming has been authorized for the cities of Hammond, East Chicago, and Gary in Lake County, Indiana, and for Michigan City in LaPorte County, Indiana, to the east of Lake County.

The Indiana Act strictly regulates the facilities, persons, associations and practices related to gaming operations pursuant to the police powers of Indiana, including comprehensive law enforcement provisions. The Indiana Act vests the Commission with the power and duties of administering, regulating and enforcing the system of riverboat gaming in Indiana. The Commission s jurisdiction extends to every person, association, corporation, partnership and trust involved in riverboat gaming operations in Indiana.

The Indiana Act requires the owner of a riverboat gaming operation to hold an owner s license issued by the Commission. To obtain an owner s license, the Indiana Act requires extensive disclosure of records and other information concerning an applicant. Applicants for licensure must submit a comprehensive application and personal disclosure forms and undergo an exhaustive background investigation prior to the issuance of a license. The applicant must also disclose the identity of every person holding an ownership interest in the applicant. Any person holding an interest of 5% or more in the applicant must undergo a background investigation and be licensed. The Commission has the authority to request specific information on or license anyone holding an ownership interest.

Each license entitles the licensee to own and operate one riverboat and gaming equipment as part of a gaming operation. In May 2003, the Indiana Act was amended to allow a person to hold up to 100% of up to two individual licenses.

Each initial owner s license runs for a period of five years. Thereafter, the license is subject to renewal on an annual basis upon a determination by the Commission that the licensee continues to be eligible for an owner s license pursuant to the Indiana Act and the rules and regulations adopted thereunder. The Indiana Act requires that a licensed owner undergo a complete investigation every three years. If for any reason the license is terminated, the assets of the riverboat gaming operation cannot be disposed of without the approval of the Commission. Furthermore, the Indiana Act requires that officers, directors and employees of a gaming operation be licensed.

A holder of a gaming license is required to post a bond with the Commission in an amount that the Commission determines will adequately reflect the amount that a local community will expend for infrastructure and other facilities associated with a riverboat operation. A licensee must hold insurance of the type and amount deemed necessary by the Commission.

Table of Contents

The Commission has also promulgated a rule mandating that licensees maintain a cash reserve to protect patrons against defaults in gaming debts. The cash reserve is to be equal to a licensee's average payout for a three-day period based on the riverboat's performance during the prior calendar quarter. The cash reserve can consist of cash on hand, cash maintained in Indiana bank accounts and cash equivalents not otherwise committed or obligated.

The Indiana Act does not limit the maximum bet or per patron loss. Each licensee sets minimum and maximum wagers on its own games. Wagering may not be conducted with money or other negotiable currency. No person under the age of 21 is permitted to wager, and wagers may only be taken from persons present on a licensed riverboat.

The Commission places special emphasis on the participation of minority business enterprises (MBEs) and women business enterprises (WBEs) in the riverboat industry. Each licensee is required to submit annually to the Commission a report that includes the total dollar value of contracts awarded for goods and services and the percentage awarded to MBEs and WBEs, respectively. The Commission has previously required licensees to establish goals of expending 10% of the total dollars spent on the majority of goods and services with MBEs and 5% with WBEs. In 2007, the Commission conducted a disparity study entitled "A Disparity Study for the Commission, May 2007 (the Disparity Study)" to determine whether there existed a gap between the capacity of MBEs and WBEs and the utilization thereof by riverboat casinos in Indiana. The Disparity Study concluded that, with the exception of WBE purchases in the construction area, there was no disparity. As a result, the Commission issued Resolution 2007-58 to mandate that annual goals for expenditures to WBEs for the purchase of construction goods and services shall be set at 10.9%. For expenditures in all other areas, the Commission has taken the position that the capacity percentages set forth in the Disparity Study for MBEs and WBEs, respectively, are goals and targets in which best faith efforts of each licensee are expected. Failure to meet these goals will be scrutinized heavily by the Commission.

A licensee may not lease, hypothecate, borrow money against or lend money against an owner's riverboat gaming license. An ownership interest in an owner's riverboat gaming license may only be transferred in accordance with the regulations promulgated under the Indiana Act.

Indiana state law stipulates a graduated wagering tax with a starting tax rate of 15% and a top rate of 35% for adjusted gross receipts in excess of \$150,000,000. In addition to the wagering tax, an admissions tax of \$3 per turnstile count is assessed. The Indiana Act provides for the suspension or revocation of a license if the wagering and admissions taxes are not timely submitted.

A licensee may enter into debt transactions that total \$1,000,000 or more only with the prior approval of the Commission. Such approval is subject to compliance with requisite procedures and a showing that each person with whom the licensee enters into a debt transaction would be suitable for licensure under the Indiana Act.

The Commission may subject a licensee to fines, suspension or revocation of its license for any act that is in violation of the Indiana Act or the regulations of the Commission or for any other fraudulent act. In addition, the Commission may revoke an owner's license if the Commission determines that the revocation of the license is in the best interests of the State of Indiana.

The Indiana Act provides that the sale of alcoholic beverages at riverboat casinos is subject to licensing, control and regulation pursuant to Title 7.1 of the Indiana Code and the rules adopted by the Indiana Alcohol and Tobacco Commission.

Mississippi

The ownership and operation of casino gaming facilities in the State of Mississippi are subject to extensive state and local regulation, but primarily the licensing and regulatory control of the Mississippi Gaming Commission (the Mississippi Commission).

Table of Contents

The Mississippi Gaming Control Act (the Mississippi Act) is similar to the Nevada Gaming Control Act. The Mississippi Commission has adopted regulations that are also similar in many respects to the Nevada gaming regulations.

The laws, regulations and supervisory procedures of the Mississippi Commission are based upon declarations of public policy that are concerned with, among other things, (1) the prevention of unsavory or unsuitable persons from having direct or indirect involvement with gaming at any time or in any capacity; (2) the establishment and maintenance of responsible accounting practices and procedures; (3) the maintenance of effective controls over the financial practices of licensees, including the establishment of minimum procedures for internal fiscal affairs and the safeguarding of assets and revenues, providing for reliable record keeping and requiring the filing of periodic reports with the Mississippi Commission; (4) the prevention of cheating and fraudulent practices; (5) providing a source of state and local revenues through taxation and licensing fees; and (6) ensuring that gaming licensees, to the extent practicable, employ Mississippi residents. The regulations are subject to amendment and interpretation by the Mississippi Commission. We believe that our compliance with the licensing procedures and regulatory requirements of the Mississippi Commission will not affect the marketability of our securities. Changes in Mississippi laws or regulations may limit or otherwise materially affect the types of gaming that may be conducted and such changes, if enacted, could have an adverse effect on us and our Mississippi gaming operations.

The Mississippi Act provides for legalized gaming in each of the 14 counties that border the Gulf Coast or the Mississippi River, but only if the voters in the county have not voted to prohibit gaming in that county. Currently, gaming is permissible in nine of the 14 eligible counties in the state and gaming operations take place in seven counties. Traditionally, Mississippi law required gaming vessels to be located on the Mississippi River or on navigable waters in eligible counties along the Mississippi River or in the waters lying south of the counties along the Mississippi Gulf Coast. Recently, however, the Mississippi legislature amended the Mississippi Act to permit licensees in the three counties along the Gulf Coast to establish land-based casino operations provided that the gaming areas do not extend more than 800 feet beyond the 19-year mean high water line, except in Harrison County, where the 800-foot limit can be extended as far as the southern boundary of Highway 90.

The Mississippi Act permits unlimited stakes gaming on a 24-hour basis and does not restrict the percentage of space that may be utilized for gaming. The Mississippi Act permits substantially all traditional casino games and gaming devices.

ACI and any subsidiary of ACI that operates a casino in Mississippi (a Mississippi Gaming Subsidiary) are subject to the licensing and regulatory control of the Mississippi Commission. As the sole stockholder of Ameristar Casino Vicksburg, Inc. (ACVI), ACI is registered under the Mississippi Act as a publicly traded corporation (a Registered Corporation). As a Registered Corporation, we are required periodically to submit detailed financial and operating reports to the Mississippi Commission and furnish any other information that the Mississippi Commission may require. If we are unable to continue to satisfy the registration requirements of the Mississippi Act, we and any Mississippi Gaming Subsidiary cannot own or operate gaming facilities in Mississippi. No person may become a stockholder of or receive any percentage of profits from a Mississippi Gaming Subsidiary without first obtaining licenses and approvals from the Mississippi Commission. We have obtained such approvals in connection with our ownership of ACVI.

A Mississippi Gaming Subsidiary must maintain a gaming license from the Mississippi Commission to operate a casino in Mississippi. Such licenses are issued by the Mississippi Commission subject to certain conditions, including continued compliance with all applicable state laws and regulations. There are no limitations on the number of gaming licenses that may be issued in Mississippi. Gaming licenses require the payment of periodic fees and taxes, are not transferable, are issued for a three-year period (and may be continued for two additional three-year periods) and must be renewed periodically thereafter. ACVI most recently was granted a renewal of its gaming license by the Mississippi Commission on January 25, 2006. This license expires on January 24, 2009.

Certain of our officers and employees and the officers, directors and certain key employees of our Mississippi Gaming Subsidiary must be found suitable or approved by the Mississippi Commission. We

Table of Contents

believe that we have obtained, applied for or are in the process of applying for all necessary findings of suitability with respect to such persons affiliated with Ameristar or ACVI, although the Mississippi Commission, in its discretion, may require additional persons to file applications for findings of suitability. In addition, any person having a material relationship or involvement with Ameristar or ACVI may be required to be found suitable, in which case those persons must pay the costs and fees associated with such investigation. The Mississippi Commission may deny an application for a finding of suitability for any cause that it deems reasonable. Changes in certain licensed positions, including changes in any person's corporate position or title, must be reported to the Mississippi Commission. In addition to having authority to deny an application for a finding of suitability, the Mississippi Commission has jurisdiction to disapprove a change in such person's corporate position or title and such changes must be reported to the Mississippi Commission. The Mississippi Commission has the power to require us and any Mississippi Gaming Subsidiary to suspend or dismiss officers, directors and other key employees or sever relationships with other persons who refuse to file appropriate applications or whom the authorities find unsuitable to act in such capacities. Determinations of suitability or questions pertaining to licensing are not subject to judicial review in Mississippi.

At any time, the Mississippi Commission has the power to investigate and require the finding of suitability of any record or beneficial stockholder of Ameristar. The Mississippi Act requires any person who acquires more than 5% of any class of voting securities of a Registered Corporation, as reported to the Securities and Exchange Commission, to report the acquisition to the Mississippi Commission, and such person may be required to be found suitable. Also, any person who becomes a beneficial owner of more than 10% of any class of voting securities of a Registered Corporation, as reported to the Securities and Exchange Commission, must apply for a finding of suitability by the Mississippi Commission and must pay the costs and fees that the Mississippi Commission incurs in conducting the investigation. If a stockholder who must be found suitable is a corporation, partnership or trust, it must submit detailed business and financial information, including a list of beneficial owners.

The Mississippi Commission generally has exercised its discretion to require a finding of suitability of any beneficial owner of more than 5% of any class of voting securities of a Registered Corporation. However, under certain circumstances, an institutional investor, as defined in the Mississippi Commission's regulations, which acquires more than 10% but not more than 15% of the voting securities of a Registered Corporation may apply to the Mississippi Commission for a waiver of such finding of suitability if such institutional investor holds the voting securities for investment purposes only. An institutional investor shall not be deemed to hold voting securities for investment purposes unless the voting securities were acquired and are held in the ordinary course of business as an institutional investor and not for the purpose of causing, directly or indirectly, the election of a majority of the members of the board of directors of the Registered Corporation, any change in the corporate charter, bylaws, management, policies or operations of the Registered Corporation or any of its gaming affiliates, or any other action which the Mississippi Commission finds to be inconsistent with holding the voting securities for investment purposes only. Activities that are not deemed to be inconsistent with holding voting securities for investment purposes include (1) voting on all matters voted on by stockholders; (2) making financial and other inquiries of management of the type normally made by securities analysts for informational purposes and not to cause a change in the Registered Corporation's management, policies or operations; and (3) such other activities as the Mississippi Commission may determine to be consistent with such investment intent.

Any person who fails or refuses to apply for a finding of suitability or a license within 30 days after being ordered to do so by the Mississippi Commission may be found unsuitable. The same restrictions apply to a record owner of our securities if the record owner, after request, fails to identify the beneficial owner. Any person found unsuitable and who holds, directly or indirectly, any beneficial ownership of our securities beyond such time as the Mississippi Commission prescribes may be guilty of a misdemeanor. We may be subject to disciplinary action if, after receiving notice that a person is unsuitable to be a stockholder or to have any other relationship with us or any Mississippi Gaming Subsidiary owned by us, the company involved (1) pays the unsuitable person any dividend or other distribution upon such person's voting securities; (2) recognizes the exercise, directly or indirectly, of any voting rights conferred by securities held by the unsuitable person; (3) pays the unsuitable person any remuneration in any form for services rendered or otherwise, except in certain limited and specific circumstances; or (4) fails to pursue all lawful efforts to require the unsuitable person to divest himself of the securities, including, if necessary, the immediate

Table of Contents

purchase of the securities for cash at fair market value.

We may be required to disclose to the Mississippi Commission, upon request, the identities of the holders of our debt or other securities. In addition, under the Mississippi Act, the Mississippi Commission, in its discretion, may require the holder of any debt security of a Registered Corporation to file an application, be investigated and be found suitable to own the debt security if the Mississippi Commission has reason to believe that the holder's ownership of such debt securities would be inconsistent with the declared policies of the State.

Although the Mississippi Commission generally does not require the individual holders of obligations such as notes to be investigated and found suitable, the Mississippi Commission retains the discretion to do so for any reason, including but not limited to a default, or where the holder of the debt instruments exercises a material influence over the gaming operations of the entity in question. Any holder of debt securities required to apply for a finding of suitability must pay all investigative fees and costs of the Mississippi Commission in connection with such an investigation.

If the Mississippi Commission determines that a person is unsuitable to own a debt security, then the Registered Corporation may be sanctioned, including the loss of its approvals, if without the prior approval of the Mississippi Commission it (1) pays to the unsuitable person any dividend, interest or any distribution whatsoever; (2) recognizes any voting right by the unsuitable person in connection with those securities; (3) pays the unsuitable person remuneration in any form; or (4) makes any payment to the unsuitable person by way of principal, redemption, conversion, exchange, liquidation or similar transaction.

Each Mississippi Gaming Subsidiary must maintain in Mississippi a current ledger with respect to the ownership of its equity securities and we must maintain in Mississippi a current list of our stockholders, which must reflect the record ownership of each outstanding share of any class of our equity securities. The ledger and stockholder lists must be available for inspection by the Mississippi Commission at any time. If any securities are held in trust by an agent or by a nominee, the record holder may be required to disclose the identity of the beneficial owner to the Mississippi Commission. A failure to make such disclosure may be grounds for finding the record holder unsuitable. We must also render maximum assistance in determining the identity of the beneficial owner.

The Mississippi Act requires that the certificates representing securities of a Registered Corporation bear a legend indicating that the securities are subject to the Mississippi Act and the regulations of the Mississippi Commission. We have received from the Mississippi Commission a waiver of this legend requirement. The Mississippi Commission has the power to impose additional restrictions on the holders of our securities at any time.

Substantially all material loans, leases, sales of securities and similar financing transactions by a Registered Corporation or a Mississippi Gaming Subsidiary must be reported to or approved by the Mississippi Commission. A Mississippi Gaming Subsidiary may not make a public offering of its securities, but may pledge or mortgage casino facilities. A Registered Corporation may not make a public offering of its securities without the prior approval of the Mississippi Commission if any part of the proceeds of the offering is to be used to finance the construction, acquisition or operation of gaming facilities in Mississippi or to retire or extend obligations incurred for those purposes. Such approval, if given, does not constitute a recommendation or approval of the investment merits of the securities subject to the offering. We have received a waiver of the prior approval requirement with respect to public offerings and private placements of securities, subject to certain conditions, including the ability of the Mississippi Commission to issue a stop order with respect to any such offering if the staff determines it would be necessary to do so.

Under the regulations of the Mississippi Commission, a Mississippi Gaming Subsidiary may not guarantee a security issued by an affiliated company pursuant to a public offering, or pledge its assets to secure payment or performance of the obligations evidenced by securities issued by an affiliated company, without the prior approval of the Mississippi Commission. A pledge of the stock of a Mississippi Gaming Subsidiary and the foreclosure of such a pledge are ineffective without the prior approval of the Mississippi Commission. Moreover, restrictions on the transfer of an equity security issued by a Mississippi Gaming Subsidiary or its

Table of Contents

holding companies and agreements not to encumber such securities are ineffective without the prior approval of the Mississippi Commission. We have obtained approvals from the Mississippi Commission for such guarantees, pledges and restrictions in connection with offerings of securities, subject to certain restrictions, but we must obtain separate prior approvals from the Mississippi Commission for pledges and stock restrictions imposed in connection with certain financing transactions. Moreover, the regulations of the Mississippi Commission require us to file a Loan to Licensees Report within 30 days following certain financing transactions and the offering of certain debt securities. If the Mississippi Commission were to deem it appropriate, the Mississippi Commission could order any such transaction rescinded.

Changes in control of the Company through merger, consolidation, acquisition of assets, management or consulting agreements or any act or conduct by a person by which he or she obtains control may not occur without the prior approval of the Mississippi Commission. Entities seeking to acquire control of a Registered Corporation must satisfy the Mississippi Commission in a variety of stringent standards prior to assuming control of the Registered Corporation. The Mississippi Commission also may require controlling stockholders, officers, directors and other persons having a material relationship or involvement with the entity proposing to acquire control to be investigated and licensed as part of the approval process relating to the transaction.

The Mississippi legislature has declared that some corporate acquisitions opposed by management, repurchases of voting securities and other corporate defense tactics that affect corporate gaming licensees in Mississippi and Registered Corporations may be injurious to stable and productive corporate gaming. The Mississippi Commission has established a regulatory scheme to ameliorate the potentially adverse effects of these business practices upon Mississippi's gaming industry and to further Mississippi's policy to (1) assure the financial stability of corporate gaming operators and their affiliates; (2) preserve the beneficial aspects of conducting business in the corporate form; and (3) promote a neutral environment for the orderly governance of corporate affairs.

Approvals are, in certain circumstances, required from the Mississippi Commission before a Registered Corporation may make exceptional repurchases of voting securities (such as repurchases which treat holders differently) in excess of the current market price and before a corporate acquisition opposed by management can be consummated. Mississippi's gaming regulations also require prior approval by the Mississippi Commission of a plan of recapitalization proposed by the Registered Corporation's board of directors in response to a tender offer made directly to the Registered Corporation's stockholders for the purpose of acquiring control of the Registered Corporation.

Neither we nor any Mississippi Gaming Subsidiary may engage in gaming activities in Mississippi while also conducting gaming operations outside of Mississippi without approval of the Mississippi Commission. The Mississippi Commission may require determinations that, among other things, there are means for the Mississippi Commission to have access to information concerning the out-of-state gaming operations of us and our affiliates. We previously have obtained a waiver of foreign gaming approval from the Mississippi Commission for operations in other states in which we conduct gaming operations and will be required to obtain the approval or a waiver of such approval from the Mississippi Commission prior to engaging in any additional future gaming operations outside of Mississippi.

If the Mississippi Commission were to determine that we or ACVI had violated a gaming law or regulation, the Mississippi Commission could limit, condition, suspend or revoke our approvals and the license of ACVI, subject to compliance with certain statutory and regulatory procedures. In addition, we, ACVI and the persons involved could be subject to substantial fines for each separate violation. Because of such a violation, the Mississippi Commission could attempt to appoint a supervisor to operate the casino facilities. Limitation, conditioning or suspension of any gaming license or approval or the appointment of a supervisor could (and revocation of any gaming license or approval would) materially adversely affect us, our gaming operations and our results of operations.

License fees and taxes, computed in various ways depending on the type of gaming or activity involved, are payable to the State of Mississippi and to the counties and cities in which a Mississippi Gaming Subsidiary's operations are conducted. Depending upon the particular fee or tax involved, these fees and taxes are payable either monthly, quarterly or annually. Gaming taxes are based upon the following: (1) a percentage

Table of Contents

of the gross gaming revenues received by the casino operation; (2) the number of gaming devices operated by the casino; or (3) the number of table games operated by the casino.

The license fee payable to the State of Mississippi is based upon gaming receipts (generally defined as gross receipts less payouts to customers as winnings) and the current maximum tax rate imposed is 8% of all gaming receipts in excess of \$134,000 per month. The foregoing license fees we pay are allowed as a credit against ACVI's Mississippi income tax liability for the year paid. The gross revenues fee imposed by the City of Vicksburg equals approximately 4% of gaming receipts.

The Mississippi Commission's regulations require as a condition of licensure or license renewal that an existing licensed gaming establishment's plan include adequate parking facilities in close proximity to the casino complex and infrastructure facilities, such as hotels, which amount to at least 100% of the casino cost. The Mississippi Commission's current infrastructure requirement applies to new casinos or acquisitions of closed casinos. Ameristar Vicksburg was grandfathered under a prior version of that regulation that required that the infrastructure investment be equal to only 25% or more of the casino cost.

The sale of alcoholic beverages at Ameristar Vicksburg is subject to licensing, control and regulation by the Alcoholic Beverage Control Division of the Mississippi State Tax Commission (the ABC) and by the City of Vicksburg. Ameristar Vicksburg is located in a designated special resort area, which allows ACVI to serve alcoholic beverages on a 24-hour basis. If ABC regulations are violated, the ABC has the power to limit, condition, suspend or revoke any license for the serving of alcoholic beverages or to place such licensee on probation with or without conditions. Certain officers and managers of ACVI must be investigated by the ABC in connection with ACVI's liquor permit and changes in certain key positions must be approved by the ABC.

Colorado

As prescribed by the Colorado Limited Gaming Act of 1991 (the Colorado Act), the ownership and operation of limited stakes gaming facilities in Colorado are subject to the Colorado Gaming Regulations (the Colorado Regulations) and final authority of the Colorado Limited Gaming Control Commission (the Colorado Commission). The Colorado Act also created the Colorado Division of Gaming within the Colorado Department of Revenue to license, supervise and enforce the conduct of limited stakes gaming in Colorado.

Ameristar Casino Black Hawk, Inc. (ACBHI) holds operator, retail gaming and manufacturer/distributor licenses for Ameristar Casino Black Hawk issued by the Colorado Commission. The Colorado Act requires that applications for renewal of operator, retail gaming and manufacturer/distributor licenses be filed annually with the Commission not less than 120 days prior to the expiration of the current licenses. ACBHI's operator and retail gaming licenses were most recently renewed, and its manufacturer/distributor license was issued, by the Colorado Commission on December 16, 2007.

The Colorado Act declares public policy on limited stakes gaming to be that: (1) the success of limited stakes gaming is dependent upon public confidence and trust that licensed limited stakes gaming is conducted honestly and competitively; the rights of the creditors of licensees are protected; and gaming is free from criminal and corruptive elements; (2) public confidence and trust can be maintained only by strict regulation of all persons, locations, practices, associations and activities related to the operation of licensed gaming establishments and the manufacture or distribution of gaming devices and equipment; (3) all establishments where limited gaming is conducted and where gambling devices are operated, and all manufacturers, sellers and distributors of certain gambling devices and equipment, must therefore be licensed, controlled and assisted to protect the public health, safety, good order and the general welfare of the inhabitants of the state to foster the stability and success of limited stakes gaming and to preserve the economy, policies and free competition in Colorado; and (4) no applicant for a license or other affirmative Colorado Commission approval has any right to a license or to the granting of the approval sought. Having the authority to impose fines, the Colorado Commission has broad discretion to issue, condition, suspend for up to six months, revoke, limit or restrict at any time the following licenses: slot machine manufacturer or distributor, operator, retail gaming, support and key employee gaming licenses. With limited exceptions applicable to licensees that are publicly traded

Table of Contents

entities, no person may sell, lease, purchase, convey or acquire any interest in a retail gaming or operator license or business without the prior approval of the Colorado Commission. Any license issued or other Colorado Commission approval granted pursuant to the Colorado Act is a revocable privilege, and no holder acquires any vested rights therein.

Pursuant to an amendment to the Colorado Constitution (the Colorado Amendment), limited stakes gaming became lawful in the cities of Central City, Black Hawk and Cripple Creek on October 1, 1991. Limited stakes gaming means a maximum single bet of \$5 on slot machines and in the card games of blackjack and poker.

Limited stakes gaming is confined to the commercial districts of these cities as defined by Central City on October 7, 1981, by Black Hawk on May 4, 1978, and by Cripple Creek on December 3, 1973. In addition, the Colorado Amendment restricts limited stakes gaming to structures that conform to the architectural styles and designs that were common to the areas prior to World War I and that conform to the requirements of applicable city ordinances regardless of the age of the structures. Under the Colorado Amendment, no more than 35% of the square footage of any building and no more than 50% of any one floor of any building may be used for limited stakes gaming. Persons under the age of 21 cannot participate in limited stakes gaming. The Colorado Amendment also prohibits limited stakes gaming between the hours of 2:00 a.m. and 8:00 a.m. and allows limited stakes gaming to occur in establishments licensed to sell alcoholic beverages.

The Colorado Amendment requires an annual tax of up to 40% on the total amount wagered less all payouts to players. With respect to games of poker, the tax is calculated based on the sums wagered that are retained by the licensee as compensation, which must be consistent with the minimum and maximum amounts established by the Colorado Commission. Annually the Colorado Commission, as mandated by the Colorado Regulations, conducts rule-making hearings concerning the gaming tax rate and device fee rate for the subsequent gaming year. However, rigid compliance with the Colorado Regulations is not mandatory and shall in no way be construed to limit the time periods or subject matters that the Colorado Commission may consider in determining the various tax rates. Generally, the Colorado Commission receives testimony during its April, May and June meetings prior to making a determination regarding the tax rate for the subsequent year. The current gaming tax rate structure, which has been in effect since 1999, is:

0.25% up to and including \$2 million of the subject amounts;

2% on amounts from \$2 million to \$4 million;

4% on amounts from \$4 million to \$5 million;

11% on amounts from \$5 million to \$10 million;

16% on amounts from \$10 million to \$15 million; and

20% on amounts over \$15 million.

The City of Black Hawk also assesses three monthly device fees that are based on the number of slot machines operated. Those consist of a \$62.50 fee per device, a business improvement district device fee of \$7.42 per device and a transportation device fee of \$6.41 per device.

The Colorado Commission has enacted Rule 4.5, which imposes requirements on publicly traded corporations holding gaming licenses in Colorado and on gaming licenses owned directly or indirectly by a publicly traded corporation, whether through a subsidiary or intermediary company. The term publicly traded corporation includes corporations, firms, limited liability companies, trusts, partnerships and other forms of business organizations. Such requirements automatically apply to any ownership interest held by a publicly traded corporation, holding company or intermediary company thereof, where the ownership interest directly or indirectly is, or will be upon approval of the Colorado Commission, 5% or more of the entire licensee. In any event, if the Colorado Commission determines that a publicly traded corporation or a subsidiary, intermediary company or holding company has the actual ability to exercise influence over a

Table of Contents

licensee, regardless of the percentage of ownership possessed by such entity, the Colorado Commission may require the entity to comply with the disclosure regulations contained in Rule 4.5.

Under Rule 4.5, gaming licensees, affiliated companies and controlling persons commencing a public offering of voting securities must notify the Colorado Commission no later than 10 business days after the initial filing of a registration statement with the Securities and Exchange Commission. Licensed publicly traded corporations are also required to send proxy statements to the Division of Gaming within five days after their distribution. Licensees to whom Rule 4.5 applies must include in their charter documents provisions that restrict the rights of the licensees to issue voting interests or securities except in accordance with the Colorado Act and the Colorado Regulations; limit the rights of persons to transfer voting interests or securities of licensees except in accordance with the Colorado Act and the Colorado Regulations; and provide that holders of voting interests or securities of licensees found unsuitable by the Colorado Commission may, within 60 days of such finding of unsuitability, be required to sell their interests or securities back to the issuer at the lesser of the cash equivalent of the holders' investment or the market price as of the date of the finding of unsuitability. Alternatively, the holders may, within 60 days after the finding of unsuitability, transfer the voting interests or securities to a suitable person, as determined by the Colorado Commission. Until the voting interests or securities are held by suitable persons, the issuer may not pay dividends or interest, the securities may not be voted and may not be included in the voting or securities of the issuer, and the issuer may not pay any remuneration in any form to the holders of the securities.

Pursuant to Rule 4.5, persons who acquire direct or indirect beneficial ownership of (a) 5% or more of any class of voting securities of a publicly traded corporation that is required to include in its articles of incorporation the Rule 4.5 charter language provisions; or (b) 5% or more of the beneficial interest in a gaming licensee directly or indirectly through any class of voting securities of any holding company or intermediary company of a licensee, referred to as qualifying persons, shall notify the Division of Gaming within 10 days of such acquisition, are required to submit all requested information and are subject to a finding of suitability as required by the Division of Gaming or the Colorado Commission. Licensees also must notify any qualifying persons of these requirements. A qualifying person other than an institutional investor whose interest equals 10% or more must apply to the Colorado Commission for a finding of suitability within 45 days after acquiring such securities. Licensees must also notify any qualifying persons of these requirements. Whether or not notified, qualifying persons are responsible for complying with these requirements.

A qualifying person who is an institutional investor under Rule 4.5 and who, individually or in association with others, acquires, directly or indirectly, the beneficial ownership of 15% or more of any class of voting securities must apply to the Colorado Commission for a finding of suitability within 45 days after acquiring such interests.

The Colorado Regulations provide for exemption from the requirements for a finding of suitability when the Colorado Commission finds such action to be consistent with the purposes of the Colorado Act.

Pursuant to Rule 4.5, persons found unsuitable by the Colorado Commission must be removed from any position as an officer, director or employee of a licensee, or from a holding or intermediary company. Such unsuitable persons also are prohibited from any beneficial ownership of the voting securities of any such entities. Licensees, or affiliated entities of licensees, are subject to sanctions for paying dividends or distributions to persons found unsuitable by the Colorado Commission, or for recognizing voting rights of, or paying a salary or any remuneration for services to, unsuitable persons. Licensees or their affiliated entities also may be sanctioned for failing to pursue efforts to require unsuitable persons to relinquish their interest. The Colorado Commission may determine that anyone with a material relationship to, or material involvement with, a licensee or an affiliated company must apply for a finding of suitability or must apply for a key employee license.

The Colorado Regulations require that every officer, director and stockholder of private corporations or equivalent office or ownership holders for non-corporate applicants, and every officer, director or stockholder holding either a 5% or greater interest or controlling interest of a publicly traded corporation or owners of an applicant or licensee, shall be a person of good moral character and submit to a full background investigation conducted by the Division of Gaming and the Colorado Commission. The Colorado Commission may require

Table of Contents

any person having an interest in a license to undergo a full background investigation and pay the cost of investigation in the same manner as an applicant.

The sale of alcoholic beverages in gaming establishments is subject to strict licensing, control and regulation by State and local authorities. Alcoholic beverage licenses are revocable and nontransferable. State and local licensing authorities have full power to limit, condition, suspend for as long as six months or revoke any such licenses.

There are various classes of retail liquor licenses which may be issued under the Colorado Liquor Code. A gaming licensee may sell malt, vinous or spirituous liquors only by the individual drink for consumption on the premises. An application for an alcoholic beverage license in Colorado requires notice, posting and a public hearing before the local liquor licensing authority prior to approval. The Colorado Department of Revenue's Liquor Enforcement Division must also approve the application. ACBHI has been approved for a hotel and restaurant liquor license by both the local Black Hawk licensing authority and the State Division of Liquor Enforcement for Ameristar Black Hawk.

Nevada

The ownership and operation of casino gaming facilities in Nevada are subject to: (1) the Nevada Gaming Control Act and the regulations promulgated thereunder (collectively, the Nevada Act); and (2) various local regulations. Our operations are subject to the licensing and regulatory control of the Nevada Gaming Commission (Nevada Commission), the Nevada State Gaming Control Board (Nevada Board), and the Liquor Board of Elko County. The Nevada Commission, the Nevada Board and the Liquor Board of Elko County are collectively referred to in this section as the Nevada Gaming Authorities.

The laws, regulations and supervisory procedures of the Nevada Gaming Authorities are based upon declarations of public policy which are concerned with, among other things, (1) the prevention of unsavory or unsuitable persons from having a direct or indirect involvement with gaming at any time or in any capacity; (2) the establishment and maintenance of effective controls over the financial practices of licensees, including the establishment of minimum procedures for internal fiscal affairs and the safeguarding of assets and revenues; (3) providing reliable record keeping and requiring the filing of periodic reports with the Nevada Gaming Authorities; (4) the prevention of cheating and fraudulent practices; and (5) providing a source of state and local revenues through taxation and licensing fees. Change in such laws, regulations and procedures could have an adverse effect on our gaming operations.

Cactus Pete's, Inc. (CPI), which owns and operates the Jackpot properties, is required to be licensed by the Nevada Gaming Authorities. The gaming licenses require the periodic payment of fees and taxes and are not transferable. Ameristar is registered by the Nevada Commission as a publicly traded corporation (a Registered Corporation) and has been found suitable to own the stock of CPI, which is a corporate licensee (a Corporate Licensee) under the terms of the Nevada Act. As a Registered Corporation, Ameristar is required periodically to submit detailed financial and operating reports to the Nevada Commission and furnish any other information that the Nevada Commission may require. No person may become a stockholder of, or receive any percentage of profits from, a Corporate Licensee without first obtaining licenses and approvals from the Nevada Gaming Authorities. Ameristar and CPI have obtained from the Nevada Gaming Authorities the various registrations, findings of suitability, approvals, permits and licenses currently required in order to engage in gaming activities in Nevada.

The Nevada Gaming Authorities may investigate any individual who has a material relationship to, or material involvement with, CPI or Ameristar in order to determine whether such individual is suitable or should be licensed as a business associate of a gaming licensee. Officers, directors and certain key employees of CPI must file applications with the Nevada Gaming Authorities and may be required to be licensed or found suitable by the Nevada Gaming Authorities. Officers, directors and key employees of Ameristar who are actively and directly involved in gaming activities of CPI may be required to be reviewed or found suitable by the Nevada Gaming Authorities. The Nevada Gaming Authorities may deny an application for licensing for any cause that they deem reasonable. A finding of suitability is comparable to licensing, and both require submission of detailed personal and financial information followed by a thorough investigation. The applicant

Table of Contents

for licensing or a finding of suitability must pay all the costs of the investigation. Changes in licensed positions must be reported to the Nevada Gaming Authorities, and in addition to their authority to deny an application for a finding of suitability or licensure, the Nevada Gaming Authorities have jurisdiction to disapprove a change in a corporate position.

If the Nevada Gaming Authorities were to find an officer, director or key employee unsuitable for licensing or unsuitable to continue having a relationship with CPI or Ameristar, the companies involved would have to sever all relationships with such person. In addition, the Nevada Commission may require CPI or Ameristar to terminate the employment of any person who refuses to file appropriate applications. Determinations of suitability or of questions pertaining to licensing are not subject to judicial review in Nevada.

CPI and Ameristar are required to submit detailed financial and operating reports to the Nevada Commission. Substantially all material loans, leases, sales of securities and similar financing transactions by Ameristar and CPI must be reported to, or approved by, the Nevada Commission.

If it were determined that the Nevada Act was violated by CPI, the gaming licenses it holds or has applied for could be limited, denied, conditioned, suspended or revoked, subject to compliance with certain statutory and regulatory procedures. In addition, CPI, Ameristar and the persons involved could be subject to substantial fines for each separate violation of the Nevada Act at the discretion of the Nevada Commission. Further, a supervisor could be appointed by the Nevada Commission to operate CPI's gaming properties and, under certain circumstances, earnings generated during the supervisor's appointment (except for the reasonable rental value of the premises) could be forfeited to the State of Nevada. Limitation, conditioning or suspension of any gaming license or the appointment of a supervisor could (and denial or revocation of any gaming license would) materially adversely affect our gaming operations.

Any beneficial holder of Ameristar's voting or non-voting securities, regardless of the number of shares owned, may be required to file an application, be investigated and have his suitability as a beneficial holder of Ameristar's voting securities determined if the Nevada Commission has reason to believe that such ownership would otherwise be inconsistent with the declared policy of the State of Nevada. The applicant must pay all costs of investigation incurred by the Nevada Gaming Authorities in conducting any such investigation.

The Nevada Act requires any person who acquires beneficial ownership of more than 5% of a Registered Corporation's voting securities to report the acquisition to the Nevada Commission. The Nevada Act requires that beneficial owners of more than 10% of a Registered Corporation's voting securities apply to the Nevada Commission for a finding of suitability within 30 days after the Chairman of the Nevada Board mails the written notice requiring such filing. Under certain circumstances, an institutional investor, as defined in the Nevada Act, which acquires more than 10%, but not more than 15%, of a Registered Corporation's voting securities may apply to the Nevada Commission for a waiver of such finding of suitability if such institutional investor holds the voting securities for investment purposes only. An institutional investor shall not be deemed to hold voting securities for investment purposes unless the voting securities were acquired and are held in the ordinary course of business as an institutional investor and not for the purpose of causing, directly or indirectly, the election of a majority of the members of the board of directors of the Registered Corporation, any change in the corporate charter, bylaws, management, policies or operations of the Registered Corporation or any of its gaming affiliates, or any other action which the Nevada Commission finds to be inconsistent with holding the Registered Corporation's voting securities for investment purposes only. An institutional investor that has obtained a waiver may, in certain circumstances, hold up to 19% of a Registered Corporation's voting securities and maintain its waiver for a limited period of time. Activities which are not deemed to be inconsistent with holding voting securities for investment purposes only include (1) voting on all matters voted on by stockholders; (2) making financial and other inquiries of management of the type normally made by securities analysts for informational purposes and not to cause a change in its management, policies or operations; and (3) such other activities as the Nevada Commission may determine to be consistent with such investment intent. If the beneficial holder of voting securities who must be found suitable is a corporation, partnership or trust, it must submit detailed business and financial information, including a list of beneficial owners. The applicant is required to pay all costs of investigation.

Any person who fails or refuses to apply for a finding of suitability or a license within 30 days after being

Table of Contents

ordered to do so by the Nevada Commission or the Chairman of the Nevada Board may be found unsuitable. The same restrictions apply to a record owner if the record owner, after request, fails to identify the beneficial owner. Any equity security holder found unsuitable and who holds, directly or indirectly, any beneficial ownership of the equity securities of a Registered Corporation beyond such period of time as may be prescribed by the Nevada Commission may be guilty of a criminal offense. Ameristar is subject to disciplinary action if, after it receives notice that a person is unsuitable to be a security holder or to have any other relationship with Ameristar or CPI, Ameristar (1) pays that person any dividend or interest upon voting securities of Ameristar, (2) allows that person to exercise, directly or indirectly, any voting right conferred through securities held by the person, (3) pays remuneration in any form to that person for services rendered or otherwise, or (4) fails to pursue all lawful efforts to require such unsuitable person to relinquish his securities including, if necessary, the immediate purchase of such securities by Ameristar for cash at fair market value. Additionally, the Liquor Board of Elko County has the authority to approve all persons owning or controlling the stock of any corporation controlling a gaming license within its jurisdiction.

The Nevada Commission may, at its discretion, require the holder of any debt security of a Registered Corporation to file applications, be investigated and be found suitable to own the debt security of a Registered Corporation if it has reason to believe that such holder's acquisition of such ownership would otherwise be inconsistent with the declared policy of the State of Nevada. If the Nevada Commission determines that a person is unsuitable to own such security, then pursuant to the Nevada Act, the Registered Corporation can be sanctioned, including the loss of its approvals, if without the prior approval of the Nevada Commission, it (1) pays to the unsuitable person any dividend, interest, or any distribution whatsoever; (2) recognizes any voting right by such unsuitable person in connection with such securities; (3) pays the unsuitable person remuneration in any form; or (4) makes any payment to the unsuitable person by way of principal, redemption, conversion, exchange, liquidation or similar transaction.

Ameristar is required to maintain a current stock ledger in Nevada, which may be examined by the Nevada Gaming Authorities at any time. If any securities are held in trust by an agent or by a nominee, the record holder may be required to disclose the identity of the beneficial owner to the Nevada Gaming Authorities. A failure to make such disclosure may be grounds for finding the record holder unsuitable. Ameristar is also required to render maximum assistance in determining the identity of the beneficial owner. The Nevada Commission has the power to require Ameristar stock certificates to bear a legend indicating that the securities are subject to the Nevada Act. However, to date, the Nevada Commission has not imposed such a requirement on Ameristar.

Ameristar may not make a public offering of its securities without the prior approval of the Nevada Commission if the securities or the proceeds therefrom are intended to be used to construct, acquire or finance gaming facilities in Nevada, or to retire or extend obligations incurred for such purposes. On March 22, 2007, the Nevada Commission granted us approval to make public offerings for a period of two years, subject to specified conditions (the Shelf Approval). The Shelf Approval also applies to any company we wholly own that is a publicly traded corporation or would become a publicly traded corporation pursuant to a public offering (Affiliate). The Shelf Approval also includes approval for CPI to guarantee any security issued by, and to hypothecate its assets to secure the payment or performance of any obligations evidenced by a security issued by, us or an Affiliate in a public offering. The Shelf Approval also includes approval to place restrictions upon the transfer of, and enter into agreements not to encumber the equity securities of, CPI. The Shelf Approval, however, may be rescinded for good cause, without prior notice upon the issuance of an interlocutory stop order by the Chairman of the Nevada Board. The Shelf Approval does not constitute a finding, recommendation or approval by the Nevada Commission or the Nevada Board as to the accuracy or adequacy of the investment merits of the securities offered. Any representation to the contrary is unlawful.

Changes in control of Ameristar through merger, consolidation, stock or asset acquisitions, management or consulting agreements, or any act or conduct by a person whereby he obtains control may not occur without the prior approval of the Nevada Commission. Entities seeking to acquire control of a Registered Corporation must satisfy the Nevada Board and Nevada Commission in a variety of stringent standards prior to assuming control of such Registered Corporation. The Nevada Commission may also require controlling stockholders, officers, directors and other persons having a material relationship or involvement with the entity proposing to acquire control to be investigated and licensed as part of the approval process relating to the transaction.

Table of Contents

The Nevada legislature has declared that some corporate acquisitions opposed by management, repurchases of voting securities and corporate defense tactics affecting Nevada Corporate Licensees, and Registered Corporations that are affiliated with those operations, may be injurious to stable and productive corporate gaming. The Nevada Commission has established a regulatory scheme to ameliorate the potentially adverse effects of these business practices upon Nevada's gaming industry and to further Nevada's policy to (1) assure the financial stability of Corporate Licensees and their affiliates; (2) preserve the beneficial aspects of conducting business in the corporate form; and (3) promote a neutral environment for the orderly governance of corporate affairs. Approvals are, in certain circumstances, required from the Nevada Commission before the Registered Corporation can make exceptional repurchases of voting securities above the current market price thereof and before a corporate acquisition opposed by management can be consummated. The Nevada Act also requires prior approval of a plan of recapitalization proposed by the Registered Corporation's board of directors in response to a tender offer made directly to the Registered Corporation's stockholders for the purposes of acquiring control of the Registered Corporation.

Ameristar has adopted and maintains a Gaming Compliance Program (Program) that has been approved by the Chairman of the Nevada Board. The Program is designed to assist our efforts to maintain compliance with the gaming laws of the various jurisdictions under which we conduct our gaming operations. Under the Program, a Compliance Committee, assisted by a Compliance Officer, conducts reviews of specified types of proposed business and employment transactions and relationships and other matters related to regulatory requirements, and advises the Board of Directors and management accordingly. The Compliance Committee's activities are designed primarily to help assure the suitability of business associations of the Company and its affiliates.

License fees and taxes, computed in various ways depending on the type of gaming or activity involved, are payable to the State of Nevada and to the counties and cities in which the Nevada licensee's respective operations are conducted. Depending upon the particular fee or tax involved, these fees and taxes are payable monthly, quarterly or annually and are based upon: (1) a percentage of the gross revenues received; (2) the number of gaming devices operated; or (3) the number of table games operated. A live entertainment tax is also paid by certain casino operations where entertainment is furnished in connection with admission fees, the selling or serving of food and refreshments, or the selling of merchandise.

Any person who is licensed, required to be licensed, registered, required to be registered or is under common control with such persons (collectively, Licensees), and who proposes to become involved in a gaming venture outside of Nevada, is required to deposit with the Nevada Board, and thereafter maintain, a revolving fund in the amount of \$10,000 to pay the expenses of investigation of the Nevada Board of their participation in such foreign gaming. The revolving fund is subject to increase or decrease at the discretion of the Nevada Commission. Thereafter, Licensees are required to comply with certain reporting requirements imposed by the Nevada Act. Licensees are also subject to disciplinary action by the Nevada Commission if they knowingly violate any laws of the foreign jurisdiction pertaining to the foreign gaming operation, fail to conduct the foreign gaming operation in accordance with the standards of honesty and integrity required of Nevada gaming operations, engage in activities or enters into associations that are harmful to the State of Nevada or its ability to collect gaming taxes and fees or employ, contract with or associate with a person in the foreign operation who has been denied a license or finding of suitability in Nevada on the ground of unsuitability.

Other Jurisdictions

We expect to be subject to rigorous regulatory standards, which may or may not be similar to the foregoing standards, in each jurisdiction in which we may seek to conduct gaming operations in the future. There can be no assurance that statutes or regulations adopted or fees and taxes imposed by other jurisdictions will permit us to operate profitably.

Federal Regulation of Slot Machines

We are required to make annual filings with the U.S. Department of Justice in connection with the sale, distribution or operation of slot machines. All requisite filings for the current year have been made.

Table of Contents

Other Regulations

Our business is subject to various federal, state and local laws and regulations in addition to those discussed above. These laws and regulations include but are not limited to those concerning employees, taxation, zoning and building codes, environmental protection, marketing and advertising, currency transaction reporting and the extension and collection of credit. Such laws and regulations could change or could be interpreted differently in the future, or new laws and regulations could be enacted. Material changes, new laws or regulations or material differences in interpretations by courts or governmental authorities could adversely affect our business.

Web Access to Periodic Reports

Our Internet website address is www.ameristar.com. We make available free of charge through our website our Annual Reports on Form 10-K, Quarterly Reports on Form 10-Q, Current Reports on Form 8-K and all amendments to those reports as soon as reasonably practicable after such material is electronically filed with or furnished to the Securities and Exchange Commission.

Item 1A. Risk Factors

The gaming industry is very competitive and increased competition could have a material adverse effect on our future operations.

The gaming industry is very competitive and we face dynamic competitive pressures in each of our markets. Several of our competitors are larger and have greater financial and other resources. We may choose or be required to take actions in response to competitors that may increase our marketing costs and other operating expenses.

Our operating properties are located in jurisdictions that restrict gaming to certain areas or are adjacent to states that prohibit or restrict gaming operations. These restrictions and prohibitions provide substantial benefits to our business and our ability to attract and retain customers. The legalization or expanded legalization or authorization of gaming within or near a market area of one of our properties could result in a significant increase in competition and have a material adverse effect on our business, financial condition and results of operations. Economic difficulties faced by state governments, as well as the increased acceptance of gaming as a leisure activity, could lead to intensified political pressure for the expansion of legalized gaming.

In April 2007, the Kansas legislature enacted a law that authorizes up to four state-owned and operated land-based casinos and three racetrack slot machine parlors. One casino and one racetrack location are authorized in the greater Kansas City market, within close proximity to Ameristar Kansas City, and several companies have submitted applications to develop and manage the land-based casino. The constitutionality of the Kansas legislation was recently upheld by a Kansas district court, and that ruling is being appealed to the Kansas Supreme Court. If the legislation is found to be constitutional and the new facilities open, we will face significant additional competition at our Kansas City property that would have a material adverse effect on the results of operations of that property.

Our Resorts East Chicago property currently competes with seven other casino gaming facilities in the Chicagoland market. The property's principal competitor is located in Hammond, Indiana, which is closer to and has better access for customers who live in Chicago, Illinois and the Chicago suburbs that are the primary feeder markets for Resorts East Chicago. The Hammond facility is undergoing a major expansion that is expected to open in September 2008. The Illinois legislature continues to consider legislation that would authorize a land-based casino in the City of Chicago and new riverboat casinos in upstate Illinois. Proposed bills have also included the authorization of slot machines at the existing racetracks, including the five in greater Chicago, and an increase in the number of authorized gaming positions at each of the existing Illinois casinos from 1,200 to 2,000. If Illinois materially expands gaming, particularly in downtown Chicago or the south Chicago suburbs, the additional competition will materially adversely affect the financial performance of Resorts East Chicago.

In December 2007, a competitor opened a new casino in downtown St. Louis, approximately 22 miles from Ameristar St. Charles. The Missouri Gaming Commission is currently investigating a gaming license application for another new casino facility being developed by the same competitor in southeastern St. Louis County, approximately 30 miles from Ameristar St. Charles. The southeastern St. Louis County facility is currently expected to open in mid-2009. St. Louis city officials and members of the Missouri Gaming Commission have also stated that they would like to see a currently operating casino in downtown St. Louis, which is owned by the same operator, improved. The additional two new gaming operations in the St. Louis

Table of Contents

market, as well as any upgrade to the existing downtown St. Louis casino, will result in significant additional competition for Ameristar St. Charles. In addition, if legislation is enacted in Illinois to permit the operation of slot machines at racetracks, Ameristar St. Charles would face additional competition from the racetrack near East St. Louis, Illinois.

In February 2008, the Missouri Gaming Commission adopted a resolution to permit the submission of gaming license applications for a potential new riverboat casino in Sugar Creek, Missouri, approximately seven miles from Ameristar Kansas City. If the Commission were to grant a gaming license for this location, the additional competition would materially adversely affect Ameristar Kansas City's business.

In Vicksburg, a \$40 million casino facility with limited amenities is currently under construction and is expected to be completed by the fourth quarter of 2008.

Additionally, a \$200 million casino development project in Vicksburg has received preliminary approval from the Mississippi Gaming Commission, but it is not currently known if or when this development will occur.

There have been discussions in Colorado regarding a possible November 2008 statewide ballot initiative that would allow slot machines at some of the state's racetracks. Two of the racetracks are located in close proximity to Denver, which is the largest market for Ameristar Black Hawk. The legalization of slot machines at these locations would have a material adverse impact on Ameristar Black Hawk's business.

Native American gaming facilities in some instances operate under regulatory and financial requirements that are less stringent than those imposed on state-licensed casinos, which could provide them with a competitive advantage and lead to increased competition in our markets. In December 2007, the NIGC approved the request of the Ponca Tribe of Nebraska to have a five-acre parcel owned by the Tribe in Carter Lake, Iowa, located five miles from Ameristar Council Bluffs, approved for the operation of gaming. The State of Iowa is reportedly contemplating challenging the NIGC's decision in federal court. If the Tribe is allowed to conduct gaming at this location, the additional competition would adversely affect our Council Bluffs business.

From time to time, state legislatures consider legislation that would allow various forms of Native American gaming in close proximity to our properties. Additionally, two federally recognized tribes have asserted land claims in Colorado and are attempting to have land in metropolitan Denver placed in trust by the federal government to be used for casino gaming.

The entry into our current markets of additional competitors could have a material adverse effect on our business, financial condition and results of operations, particularly if a competitor were to obtain a license to operate a gaming facility in a superior location. Furthermore, increases in the popularity of, and competition from, Internet and other account wagering and gaming services, which allow customers to wager on a wide variety of sporting events and play Las Vegas-style casino games from home, could have a material adverse effect on our business, financial condition, operating results and prospects.

If the jurisdictions in which we operate increase gaming taxes and fees, our results could be adversely affected.

State and local authorities raise a significant amount of revenue through taxes and fees on gaming activities. From time to time, legislators and government officials have proposed changes in tax laws, or in the administration of such laws, affecting the gaming industry. Periods of economic downturn and budget deficits, such as are currently being experienced in many states, may intensify the efforts of state and local governments to raise revenues through increases in gaming taxes.

In Colorado, the Colorado Limited Gaming Control Commission has the authority to establish the gaming tax rate on an annual basis, up to a maximum rate of 40% of gross receipts, without further legislative action. The current rate of 20% on gross receipts over \$15 million has been in effect since 1996.

If the jurisdictions in which we operate were to further increase gaming taxes or fees, depending on the

Table of Contents

magnitude of the increase and any offsetting factors (such as the elimination of the buy-in limit in Missouri), our financial condition and results of operations could be materially adversely affected.

Our business is subject to restrictions and limitations imposed by gaming regulatory authorities that could adversely affect us.

The ownership and operation of casino gaming facilities are subject to extensive state and local regulation. The States of Missouri, Iowa, Indiana, Mississippi, Colorado and Nevada and the applicable local authorities require various licenses, findings of suitability, registrations, permits and approvals to be held by us and our subsidiaries. The Missouri Gaming Commission, the Iowa Racing and Gaming Commission, the Indiana Gaming Commission, the Mississippi Gaming Commission, the Colorado Limited Gaming Control Commission and the Nevada Gaming Commission may, among other things, limit, condition, suspend, revoke or not renew a license or approval to own the stock of any of our Missouri, Iowa, Indiana, Mississippi, Colorado or Nevada subsidiaries, respectively, for any cause deemed reasonable by such licensing authority. Our gaming licenses in Missouri need to be renewed every two years, our gaming licenses in Iowa, Indiana and Colorado must be renewed or continued every year, and our gaming license in Mississippi must be renewed every three years. If we violate gaming laws or regulations, substantial fines could be levied against us, our subsidiaries and the persons involved, and we could be forced to forfeit portions of our assets. The suspension, revocation or non-renewal of any of our licenses or the levy on us of substantial fines or forfeiture of assets could have a material adverse effect on our business, financial condition and results of operations.

To date, we have obtained all governmental licenses, findings of suitability, registrations, permits and approvals necessary for the operation of our currently operating gaming activities. However, gaming licenses and related approvals are deemed to be privileges under the laws of all the jurisdictions in which we operate. We cannot assure you that our existing licenses, permits and approvals will be maintained or extended. We also cannot assure you that any new licenses, permits and approvals that may be required in the future will be granted to us.

Financial leverage may impair our financial condition and restrict our operations.

As of December 31, 2007, we were required to maintain a leverage ratio, defined as consolidated debt divided by EBITDA, of no more than 6.25:1, and a senior leverage ratio, defined as senior debt divided by EBITDA, of no more than 5.25:1. As of December 31, 2007 and 2006, our leverage ratio was 5.07:1 and 3.33:1, respectively. The senior leverage ratio as of December 31, 2007 and 2006 was 5.07:1 and 3.32:1, respectively. Our total indebtedness increased from \$883.0 million as of December 31, 2006 to \$1.6 billion as of December 31, 2007, primarily due to additional borrowings to fund the acquisition of Resorts East Chicago in September 2007. As we proceed with our ongoing and planned capital improvement projects, we expect our total debt to increase further. Without any change to our senior credit facilities or obtaining subordinated debt, we may exceed the maximum permitted senior leverage ratio in 2008. We anticipate that any amendment to the senior credit facilities would result in an increase in additional costs and/or fees.

The degree to which we are leveraged could have important adverse consequences to our business, including:
Increasing our vulnerability to general adverse economic and industry conditions;

Limiting our ability to obtain additional financing to fund capital expenditures and acquisitions, particularly when the availability of financing in the capital markets is limited as is now the case;

Requiring a substantial portion of our cash flows from operations for the payment of interest on our debt and reducing our ability to use our cash flows to fund working capital, capital expenditures, acquisitions, stock repurchases, dividends and general corporate requirements;

Limiting our flexibility in planning for, or reacting to, changes in our business and the industry in which we operate; and

Table of Contents

Placing us at a competitive disadvantage to less leveraged competitors.

The agreement governing our senior credit facilities contains covenants that may restrict our ability to, among other things, borrow money, pay dividends, make capital expenditures and effect a consolidation, merger or disposal of substantially all of our assets. Although the covenants in our senior credit facilities are subject to various exceptions that are intended to allow us to operate without undue restraint in certain anticipated circumstances, we cannot assure you that these covenants will not adversely affect our ability to finance future operations or capital needs or to engage in other activities that may be in our best interest. In addition, our long-term debt requires us to maintain specified financial ratios and satisfy certain financial condition tests, which may require that we take action to reduce our debt or to act in a manner contrary to our business objectives. A breach of any of these covenants would result in a default under our senior credit facilities. If an event of default under our senior credit facilities occurs, the lenders could elect to declare all amounts outstanding thereunder, together with accrued interest, to be immediately due and payable. In addition, our senior credit facilities are secured by first priority security interests on substantially all of our real and personal property, including the capital stock of our subsidiaries. If we are unable to pay all amounts declared due and payable in the event of a default, the lenders could foreclose on these assets.

We are subject to the risk of rising interest rates.

All of our borrowings under our senior credit facilities bear interest at variable rates. As of December 31, 2007, we had \$1.6 billion outstanding under our senior credit facilities. If short-term interest rates rise, our interest cost will increase, which will adversely affect our net income and available cash.

Many factors, some of which are beyond our control, could adversely affect our ability to successfully complete our construction and development projects as planned.

General Construction Risks – Delays and Cost Overruns. Construction and expansion projects for our properties entail significant risks. These risks include: (1) shortages of materials (including slot machines or other gaming equipment); (2) shortages of skilled labor or work stoppages; (3) unforeseen construction scheduling, engineering, environmental or geological problems; (4) weather interference, floods, hurricanes, fires or other casualty losses; (5) unanticipated cost increases; (6) delays or increased costs in obtaining required governmental permits and approvals; and (7) construction period disruption to existing operations.

Our anticipated costs and construction periods for construction projects are based upon budgets, conceptual design documents and construction schedule estimates prepared by us in consultation with our architects, consultants and contractors. The cost of any construction project undertaken by us may vary significantly from initial expectations, and we may have a limited amount of capital resources to fund cost overruns on any project. If we cannot finance cost overruns on a timely basis, the completion of one or more projects may be delayed until adequate cash flows from operations or other financing is available. The completion date of any of our construction projects could also differ significantly from initial expectations for construction-related or other reasons. We cannot assure you that any project will be completed on time, if at all, or within established budgets. Significant delays or cost overruns on our construction projects could have a material adverse effect on our business, financial condition and results of operations. In this regard, on February 20, 2008, we reported that the cost of our Black Hawk hotel project has increased by approximately \$15 million to \$20 million over our previous budget and the opening has been delayed until the second half of 2009 and that our St. Charles hotel project is now expected to be completed in May 2008, later than originally announced.

From time to time, we may employ fast-track design and construction methods in our construction and development projects. This involves the design of future stages of construction while earlier stages of construction are underway. Although we believe the use of fast-track design and construction methods may reduce the overall construction time, these methods may not always result in such reductions, often involve greater construction costs than otherwise would be incurred and may increase the risk of disputes with contractors, all of which could have a material adverse effect on our business, financial condition and results of operations.

Construction Dependent upon Available Financing and Cash Flows from Operations. The availability of

Table of Contents

funds under our senior credit facilities at any time will be dependent upon, among other factors, the amount of our consolidated earnings before interest, taxes, depreciation and amortization expense (EBITDA) during the preceding four full fiscal quarters. Our future operating performance will be subject to financial, economic, business, competitive, regulatory and other factors, many of which are beyond our control. Accordingly, we cannot assure you that our future consolidated EBITDA and the resulting availability of operating cash flows or borrowing capacity will be sufficient to allow us to undertake or complete current or future construction projects.

As a result of operating risks, including those described in this section, and other risks associated with a new venture, we cannot assure you that, once completed, any development project will increase our operating profits or operating cash flows.

Worsening economic conditions or geopolitical circumstances may adversely affect our business.

We believe our business has been and may continue to be adversely affected by the economic slowdown and high energy prices currently being experienced in the United States, as we are dependent on discretionary spending by our customers. Any worsening of current economic conditions or further significant increases in energy prices could cause fewer people to spend money at our properties and could continue to adversely affect our revenues. Other geopolitical events, such as terrorism or the threat of terrorism, may deter customers from visiting our properties.

We have limited opportunities to develop new properties.

The casino gaming industry has limited new development opportunities. Most jurisdictions in which casino gaming is currently permitted place numerical and/or geographical limitations on the issuance of new gaming licenses. Although a number of jurisdictions in the United States and foreign countries are considering legalizing or expanding casino gaming, in some cases new gaming operations may be restricted to specific locations, such as pari-mutuel racetracks. Moreover, it is not clear whether the tax, land use planning and regulatory structures that may be applicable to any new gaming opportunity would make the development and operation of a casino financially acceptable. We expect that there will be intense competition for any attractive new opportunities that do arise, and many of the companies competing for such opportunities will have greater resources and name recognition than we do. Therefore, we cannot assure you that we will be able to successfully expand our business through new development.

Our business may be adversely affected by legislation prohibiting tobacco smoking.

Legislation in various forms to ban indoor tobacco smoking has recently been enacted or introduced in many states and local jurisdictions, including several of the jurisdictions in which we operate. On January 1, 2008, a statewide smoking ban that includes casino floors went into effect in Colorado. We expect this ban will have some negative impact on business volume at our Black Hawk property, the magnitude of which we cannot yet predict. In January 2008, the City Council of Kansas City, Missouri enacted an ordinance prohibiting smoking in most indoor public places within the City. The ordinance, which goes into effect on March 24, 2008, contains an exemption for casino floors. There will also be a separate proposal on the April 8, 2008 ballot in the City of Kansas City to prohibit smoking in most indoor public places, including restaurants, which also contains an exemption for casino floors. Legislation continues to be considered in Iowa that would ban smoking. In January 2008, a bill was introduced in the Indiana legislature to ban smoking in most indoor public places, excluding casinos and bars. If additional restrictions on smoking are enacted in jurisdictions in which we operate, particularly if such restrictions are not applicable to all competitive facilities in that gaming market, our business could be materially adversely affected.

The Estate of Craig H. Neilsen owns a majority of our common stock and may have interests that differ from those of other holders of our common stock.

Craig H. Neilsen, our founder and former Chairman of the Board and Chief Executive Officer, died in November 2006. At the time of his death, Mr. Neilsen beneficially owned approximately 56% of our outstanding Common Stock. As a result of his death, these shares passed by operation of law to Mr. Neilsen's

Table of Contents

estate (the Estate). The co-executors of the Estate are Ray H. Neilsen, our Co-Chairman of the Board and Senior Vice President, and Gordon R. Kanofsky, our Co-Chairman of the Board and Executive Vice President. Craig H. Neilsen's estate plan provides that 25,000,000 shares of our Common Stock owned by the Estate (or approximately 44% of our shares currently outstanding) will ultimately pass to The Craig H. Neilsen Foundation, a private foundation primarily focused on funding spinal cord injury research and treatment (the Foundation). Messrs. Neilsen and Kanofsky serve as the co-trustees of the Foundation, and they also serve on the Foundation's five-person board of directors. As officers and directors of ACI, executors of the Estate and trustees and directors of the Foundation, Messrs. Neilsen and Kanofsky may be subject to certain conflicts of interest.

In light of their control over a majority of our Common Stock, Messrs. Neilsen and Kanofsky jointly have the ability to elect the entire Board of Directors over time and, except as otherwise provided by law or our Articles of Incorporation, to approve or disapprove other matters that may be submitted to a vote of the stockholders. As a result, actions requiring stockholder approval that may be supported by a majority of the other stockholders, including a merger or sale of our assets or the issuance of a significant number of additional shares of Common Stock to finance acquisitions or other growth opportunities, could be blocked by Messrs. Neilsen and Kanofsky.

In addition, the Estate's ownership affects the liquidity in the market for our Common Stock and sales by the Estate could affect the price of our Common Stock. Messrs. Neilsen and Kanofsky, as co-executors of the Estate, disclosed in a Schedule 13D amendment filed with the Securities and Exchange Commission in October 2007 that, on behalf of the Estate, they will continue to review the Estate's liquidity needs and other factors impacting the Estate's investment in our Common Stock and may evaluate strategic alternatives to the Estate's holdings in the Company, including possible sales of some or all of our Common Stock held by the Estate or one or more transactions that could influence or change control of the Company. Some of the factors influencing the Estate's investment decisions with respect to our Common Stock may not be relevant to other holders of our Common Stock.

A change in control could result in the acceleration of our debt obligations.

Certain changes in control could result in the acceleration of our senior credit facilities. This acceleration could be triggered in the event the Estate or its beneficiaries, including the Foundation, sells a substantial number of shares of our Common Stock, which they might have to do in order to pay estate tax liabilities or satisfy legal requirements applicable to shareholdings by private foundations. We cannot assure you that we would be able to repay any indebtedness that is accelerated as a result of a change in control, and this would likely materially adversely affect our financial condition.

Our business may be materially impacted by an act of terrorism or by additional security requirements that may be imposed on us.

The U.S. Department of Homeland Security has stated that places where large numbers of people congregate, including hotels, are subject to a heightened risk of terrorism. An act of terrorism affecting one of our properties, whether or not covered by insurance, or otherwise affecting the travel and tourism industry in the United States, may have a material adverse effect on our business. Additionally, our business may become subject to increased security measures designed to prevent terrorist acts.

Our business may be adversely affected by our ability to retain and attract key personnel.

We depend on the continued performance of our entire senior executive team. If we lose the services of any of our key executives or our senior property management personnel and cannot replace such persons in a timely manner, it could have an adverse effect on our business.

We have experienced and expect to continue to experience strong competition in hiring and retaining qualified property and corporate management personnel, including competition from numerous Native American gaming facilities that are not subject to the same taxation regimes as we are and therefore may be willing and able to pay higher rates of compensation. We currently have a number of

Table of Contents

vacancies in key corporate and property management positions. If we are unable to successfully recruit and retain qualified management personnel at our properties or at our corporate level, our results of operations could be adversely affected.

As we recruit personnel, we expect successful candidates to exhibit a collaborative, communicative and collegial nature. We also employ a high degree of centralization in a highly decentralized industry. We use multi-faceted recruitment, assessment and interviewing approaches that include several levels of interactions and interviews over a period of time. These factors create risk in attracting management personnel in a timely fashion, as well as hiring candidates we expect to be successful within our company.

Adverse weather conditions or natural disasters in the areas in which we operate could have an adverse effect on our results of operations and financial condition.

Adverse weather conditions, particularly flooding, heavy snowfall and other extreme conditions, as well as natural disasters, can deter our customers from traveling or make it difficult for them to visit our properties. If any of our properties were to experience prolonged adverse weather conditions, or if multiple properties were to simultaneously experience adverse weather conditions, our results of operations and financial condition would be adversely affected.

We have very limited insurance coverage for earthquake damage at our properties. Several of our properties, particularly Ameristar St. Charles, are located near historically active earthquake faults. In the event one of our properties were to sustain significant damage from an earthquake, our business could be materially adversely affected.

Any loss from service of our riverboat and barge facilities for any reason could materially adversely affect us.

Our riverboat and barge facilities could be lost from service due to casualty, mechanical failure, extended or extraordinary maintenance, floods or other severe weather conditions.

The Ameristar Vicksburg site has experienced ongoing geologic instability that requires periodic maintenance and improvements. Although we have reinforced the cofferdam basin in which the vessel is dry-docked on a concrete foundation, further reinforcements may be necessary. We are also monitoring the site to evaluate what further steps may be necessary to stabilize the site to permit operations to continue. A site failure would require Ameristar Vicksburg to limit or cease operations.

The loss of a riverboat or barge facility from service for any period of time likely would adversely affect our operating results and borrowing capacity under our long-term debt facilities in an amount that we are unable to reasonably estimate. It could also result in the occurrence of an event of a default under our credit agreement.

We could face severe penalties and material remediation costs if we fail to comply with applicable environmental regulations.

As is the case with any owner or operator of real property, we are subject to a variety of federal, state and local governmental regulations relating to the use, storage, discharge, emission and disposal of hazardous materials. Failure to comply with environmental laws could result in the imposition of severe penalties or restrictions on operations by government agencies or courts, which could adversely affect our operations. We do not have environmental liability insurance to cover most such events, and the environmental liability insurance coverage we maintain to cover certain events includes significant limitations and exclusions. In addition, if we discover any significant environmental contamination affecting any of our properties, we could face material remediation costs or additional development costs for future expansion activities.

Table of Contents

Item 1B. Unresolved Staff Comments

None.

Item 2. Properties

Ameristar St. Charles. Ameristar St. Charles is located on approximately 58 acres that we own along the west bank of the Missouri River immediately north of Interstate 70. Ameristar St. Charles owns various other real property in the region, including undeveloped land held for possible future wetlands remediation.

Ameristar Kansas City. Ameristar Kansas City is located on approximately 183 acres of property that we own. The site is east of and adjacent to Interstate 435 along the north bank of the Missouri River.

Ameristar Council Bluffs. Ameristar Council Bluffs is located on an approximately 69-acre site along the bank of the Missouri River. We own approximately 46 acres of this site and have rights to use the remaining portion of the site that is owned by the State of Iowa for a term expiring in 2045. We lease approximately one acre of the Ameristar Council Bluffs site to affiliates of Kinseth Hospitality Corporation for the operation of a 188-room limited service Holiday Inn Suites Hotel and a 96-room Hampton Inn Hotel.

Resorts East Chicago. Resorts East Chicago is located on a 28-acre site in East Chicago, Indiana, approximately 25 miles from downtown Chicago, Illinois. We lease the site from the City of East Chicago under a ground lease that expires (after giving effect to our renewal options) in 2086. We own the casino vessel, hotel and other improvements on the site.

Ameristar Vicksburg. Ameristar Vicksburg is located on two parcels, totaling approximately 50 acres, that we own in Vicksburg, Mississippi on either side of Washington Street near Interstate 20. We own or lease various other properties in the vicinity that are not part of our facility, including a service station and convenience store and a recreational vehicle park that we operate.

Ameristar Black Hawk. Ameristar Black Hawk is located on a site of approximately 5.7 acres that we own on the north side of Colorado Highway 119 in Black Hawk, Colorado. We own or lease various other properties in the vicinity that are not part of our facility, including approximately 100 acres of largely hillside land across Richman Street from the casino site, portions of which are currently used for overflow parking and will be used for administrative offices.

The Jackpot Properties. We own approximately 116 acres in or around Jackpot, Nevada, including the 35-acre site of Cactus Petes and the 25-acre site of The Horseshu. The Cactus Petes and Horseshu sites are across from each other on U.S. Highway 93. We also own 288 housing units in Jackpot that support the primary operations of the Jackpot properties.

Other. We lease office and warehouse space in various locations outside of our operating properties, including our corporate offices in Las Vegas, Nevada. We own or lease other real property in various locations in the United States that is used in connection with our business.

Substantially all of our owned and leased real property collateralizes our obligations under our senior credit facilities.

Item 3. Legal Proceedings

From time to time, we are a party to litigation, most of which arises in the ordinary course of business. We are not currently a party to any litigation that management believes would be likely to have a material impact on our financial position, results of operations or cash flows.

Item 4. Submission of Matters to a Vote of Security Holders

None.

Table of Contents**PART II****Item 5. Market for Registrant's Common Equity, Related Stockholder Matters and Issuer Purchases of Equity Securities****(a) Market Information**

Our Common Stock is traded on the Nasdaq Global Select Market under the symbol ASCA. The price per share of common stock presented below represents the highest and lowest sales prices for our Common Stock on the Nasdaq Global Select Market (formerly the Nasdaq National Market) during each calendar quarter indicated.

	High	Low
2007		
First Quarter	\$34.73	\$28.45
Second Quarter	36.03	28.82
Third Quarter	38.00	24.25
Fourth Quarter	32.87	24.46
2006		
First Quarter	\$25.79	\$21.35
Second Quarter	26.57	17.98
Third Quarter	23.22	16.73
Fourth Quarter	33.41	21.66

(b) Holders

As of February 15, 2008, there were approximately 146 holders of record of our Common Stock.

(c) Dividends

We have paid consecutive quarterly dividends on our Common Stock since 2004. Future dividends will depend upon our earnings, financial condition and other factors.

In 2006, we paid quarterly cash dividends of \$0.09375 per share on our Common Stock, for an annual total of \$0.375 per share. In 2007, we paid quarterly cash dividends of \$0.1025 per share, for an annual total of \$0.41 per share. On February 15, 2008, our Board of Directors increased the quarterly cash dividend to \$0.105 per share, commencing with the dividend to be paid on March 14, 2008.

Our senior credit facilities obligate us to comply with certain covenants that place limitations on the payment of dividends. We are limited to paying no more than \$40.0 million annually for dividends under the agreement governing the senior credit facilities. For the years ended December 31, 2007 and 2006, we paid dividends totaling \$23.4 million and \$21.1 million, respectively. See Item 7. Management's Discussion and Analysis of Financial Condition and Results of Operations—Liquidity and Capital Resources and Note 5—Long-term debt of Notes to Consolidated Financial Statements.

Item 7. Management's Discussion and Analysis of Financial Condition and Results of Operations

The following information should be read in conjunction with our Consolidated Financial Statements and the Notes thereto included in this Report. The information in this section and in this Report generally includes forward-looking statements. See Item 1A. Risk Factors.

Overview

We develop, own and operate casinos and related hotel, food and beverage, entertainment and other facilities, with eight properties in operation in Missouri, Iowa, Mississippi, Colorado, Nevada and Indiana. Our portfolio of casinos consists of: Ameristar St. Charles (serving greater St. Louis, Missouri); Ameristar Kansas City (serving the Kansas City, Missouri metropolitan area); Ameristar Council Bluffs (serving Omaha, Nebraska and southwestern Iowa); Resorts East Chicago (serving the Chicagoland area); Ameristar Vicksburg (serving Jackson, Mississippi and Monroe, Louisiana); Ameristar Black Hawk (serving the Denver, Colorado metropolitan area); and Cactus Petes and The Horseshu in Jackpot, Nevada (serving Idaho and the Pacific Northwest). We acquired Resorts East Chicago on September 18, 2007, and its operating results are included only from the acquisition date.

Our financial results are dependent upon the number of patrons that we attract to our properties and the amounts those patrons spend per visit. Management uses various metrics to evaluate these factors. Key metrics include:

Slots handle / Table games drop measurements of gaming volume;

Win / Hold percentages the percentage of handle or drop that is won by the casino and recorded as casino revenue;

Hotel occupancy rate the average percentage of available hotel rooms occupied during a period;

Average daily room rate average price of occupied hotel rooms per day, including those occupied on a complimentary basis;

REVPAR revenue per available room is a summary measure of hotel results that combines average daily room rate and hotel occupancy rate;

Market share share of gross gaming revenues in each of our markets other than Jackpot and our share of gaming devices in the Jackpot market (Nevada does not publish separate gaming revenue statistics for this market);

Fair share percentage a percentage of gross gaming revenues based on the number of gaming positions relative to the total gaming positions in the market;

Admissions the number of patrons who enter our casinos in jurisdictions that record admissions; and

Win per admission the amount of gaming revenues generated per admission.

Our operating results may be affected by, among other things, competitive factors, gaming tax increases, the commencement of new gaming operations, charges associated with debt refinancing or property acquisition and disposition transactions, construction at existing facilities, general public sentiment regarding travel, overall economic conditions affecting the disposable income of our patrons and weather conditions affecting our properties. Consequently, our operating results for any quarter or year are not necessarily comparable and may not be indicative of future periods' results.

Table of Contents

The following significant factors and trends should be considered in analyzing our operating performance:

Ameristar Black Hawk. For seven consecutive quarters, Ameristar Black Hawk has experienced significant growth in business volume and strong financial results following its rebranding in April 2006. Our initial investment to upgrade the property's casino and restaurants, along with our focus on guest service and high quality food and gaming experiences, are key drivers of our continued success at Black Hawk. The property's operating income increased \$9.5 million and the related operating income margin improved 8.8 percentage points over the prior year. Our Black Hawk property's market share has increased by 49.1% since the rebranding, improving from an 11.4% market share to a 17.0% market share for the quarter ended December 31, 2007. Upon their completion scheduled for the second half of 2009, the hotel and spa currently under construction will further position the property as an Ameristar-class facility that offers resort destination amenities and services that we believe are unprecedented in the Denver gaming market. On January 1, 2008, a statewide smoking ban extended to casino floors in Colorado. We expect this ban will have some negative impact on business volume at our Black Hawk property, the magnitude of which we cannot yet predict.

General Economic Conditions. We believe the current softness in the United States economy began to adversely impact several of our markets in mid-2007. Our Vicksburg and Council Bluffs markets contracted 4.3% and 1.5%, respectively, when compared to 2006, and our St. Louis, Kansas City and Chicagoland markets experienced nominal growth over the prior year. The year ended December 31, 2007 represented the first time the Council Bluffs market contracted since our entry into that market in 1996. The Vicksburg market declined in total gaming revenues year-over-year for the first time since 2003. In addition to the general downturn in the economy, the Vicksburg market was negatively affected by the recapture of business by Gulf Coast casinos that have reopened following Hurricane Katrina in 2005.

Acquisition of Resorts East Chicago. On September 18, 2007, we completed the acquisition of Resorts East Chicago, a casino-hotel located in northwest Indiana, serving the Chicagoland area. This acquisition has allowed us to enter the third largest commercial gaming market in the United States, and we believe it will create cash flow diversification and enhance our distribution channels. Following the acquisition, we began making initial improvements to the property, including changing the slot machine mix and layout of games and making enhancements to the food and beverage venues. We currently expect that capital expenditures for these upgrades to the property will be in the range of \$20 million to \$25 million. One-time expenses in connection with the integration, enhancement and rebranding are expected to total between \$5 million and \$7 million, inclusive of the \$2.1 million incurred in 2007. We are beginning to redirect the property's marketing and promotional activities to maximize Resorts East Chicago's revenue and profitability, replicating the strategies that have proven successful at Ameristar's other properties. Upon completion of the property upgrades and the implementation of our operating and marketing programs, we anticipate launching the Ameristar brand in the Chicagoland market no later than the third quarter of 2008. The property's competitiveness in this market is expected to progressively increase as the implementation of our operational and marketing approaches and the facility upgrades are completed. Separately, we are also developing preliminary plans for a major expansion of the facility to significantly enlarge and improve the gaming area, enhance access to the casino, provide additional structured parking and upgrade the non-gaming amenities. The timing and scope of such project will depend on various factors, including legislative developments related to the possible expansion of casino gaming in Illinois.

Capital Investments in Properties. As discussed under Liquidity and Capital Resources, we currently have major capital improvement projects in progress at our St. Charles, Vicksburg and Black Hawk properties. Additionally, we currently expect to commence a major capital improvement project at our Council Bluffs property in 2008, although the timing of this project is dependent on various factors. Upon completion, each of these projects is expected to improve the competitiveness, revenues and operating cash flow of these respective properties. During construction, the operating performance of these properties may be subject to varying

adverse impacts from construction disruption.

Ameristar Kansas City. The ability to execute on an efficient operating model contributed to our Kansas City property achieving 5.2% operating income growth while experiencing a 1.3% decrease in net revenues from the prior year. Ameristar Kansas City's operating income margin increased 1.3 percentage points over the same prior-year period despite softer market conditions, an increase in

43

Table of Contents

adverse weather during the fourth quarter and a major expansion of a competitor's property.

Debt and Interest Expense. During 2007, our net borrowings under our senior credit facility totaled \$763.0 million, of which \$685.0 million was utilized to fund the acquisition of Resorts East Chicago. At December 31, 2007 and 2006, our principal debt outstanding totaled \$1.6 billion and \$0.9 billion, respectively. Our total debt leverage ratio increased from 3.33:1 as of December 31, 2006 to 5.07:1 at December 31, 2007. We expect our net interest expense to increase for the foreseeable future due to the higher debt balance and larger interest rate add-ons primarily resulting from our financing of the East Chicago acquisition. Additionally, as we continue to progress on our major construction projects, we expect that our debt will increase further. When we place those assets in service over the next two years, we will no longer capitalize the interest on the associated debt, which will also cause our net interest expense to rise.

Total Net Revenues	\$ 1,080,523	\$ 1,000,298	\$ 961,358

Year Ended December 31, 2007 Versus Year Ended December 31, 2006***Net Revenues***

Consolidated net revenues for the year ended December 31, 2007 increased \$80.2 million (8.0%) over 2006. The increase was primarily attributable to East Chicago's contribution of \$73.6 million in net revenues following its September 18, 2007 acquisition. Additionally, our Black Hawk and Jackpot properties increased net revenues by 18.7% and 6.6%, respectively, over the prior year. In 2007, slot revenues increased \$4.8 million at the Jackpot properties and our Black Hawk property benefited from a full year of operating results following its April 2006 rebranding. In addition, the Black Hawk property benefited from reduced construction disruption following the completion of the initial phase of our expansion activities in the first quarter of 2006. The increases were partially offset by decreases from 2006 net revenues at our Vicksburg, Council Bluffs and Kansas City properties. Ameristar Vicksburg's 3.5% decline in net revenues was mostly attributable to the business recapture by the Gulf Coast casinos that continued throughout 2007, significant construction-related disruption at the property and general economic weakness in the region. In Council Bluffs, net revenues decreased 1.9% from 2006 primarily due to the opening of a competitor's property in the first quarter of 2006 and the softer market conditions.

Consolidated casino revenues for 2007 increased \$75.1 million over the prior year. Excluding East Chicago's contribution of \$79.7 million, consolidated casino revenues decreased \$4.7 million from 2006. Our Black Hawk and Jackpot properties increased casino revenues while the remaining properties posted declines compared to 2006 primarily as a result of the factors indicated above and improved efficiencies in targeting our promotional activities. For the years ended December 31, 2007 and 2006, promotional allowances as a percentage of casino revenues were 18.5% and 19.5%, respectively.

Operating Income

In 2007, consolidated operating income increased \$2.2 million (1.3%) over 2006, while consolidated operating income margin decreased by 1.0 percentage point from the prior year. The growth in operating income was substantially attributable to Ameristar Black Hawk's strong financial performance and East Chicago's contribution of \$5.4 million. For the year ended December 31, 2007, consolidated operating income and the related margin were negatively impacted by a \$3.9 million increase in impairment losses relating to discontinued expansion projects,

\$2.8 million in St. Charles hotel pre-opening expenses and \$2.1 million in costs associated with the acquisition, integration and rebranding of the East Chicago property. Consolidated operating income was also adversely affected by stock-based compensation expense, which increased from \$7.8 million in 2006 to \$12.0 million in 2007. Additionally, 2007 consolidated operating income was negatively impacted by \$1.5 million in additional property tax expense in the fourth quarter of 2007 for the East Chicago property, which was the result of a significant increase in the assessed valuation of the real property issued by the county assessor in July 2007. While we have appealed the new tax assessment, we expect to continue to recognize significantly higher than anticipated property tax expense at East Chicago in 2008 and future years.

The 2006 financial results included \$1.7 million in costs related to the Ameristar Black Hawk rebranding.

Table of Contents*Interest Expense*

The following table summarizes information related to interest on our long-term debt:

	Years ended December 31,	
	2007	2006
	(Dollars in Thousands)	
Interest cost	\$ 77,621	\$ 58,411
Less: Capitalized interest	(19,879)	(8,120)
Interest expense, net	\$ 57,742	\$ 50,291
Cash paid for interest, net of amounts capitalized	\$ 52,313	\$ 65,675
Weighted-average total debt balance outstanding	\$ 1,107,234	\$ 838,256
Weighted-average interest rate	6.9%	6.8%

For the year ended December 31, 2007, consolidated interest expense, net of amounts capitalized, increased \$7.5 million (14.8%) from 2006. The increase is due primarily to higher weighted-average total debt outstanding and a higher average interest rate following our September 2007 acquisition of Resorts East Chicago.

Income Tax Expense

Our effective income tax rate was 40.4% in 2007 and 39.5% in 2006. The federal income tax statutory rate was 35.0% in both years. The rise in our effective tax rate is mostly attributable to the state income tax impact from the acquisition of Resorts East Chicago.

Net Income

For the year ended December 31, 2007, consolidated net income increased \$9.9 million, or 16.6%, over the year ended December 31, 2006. Diluted earnings per share for 2007 and 2006 were \$1.19 and \$1.04, respectively. We incurred a pre-tax charge in the first quarter of 2006 relating to the loss on redemption of our senior subordinated notes of approximately \$26.3 million that adversely impacted diluted earnings per share by \$0.30.

Table of Contents***Year Ended December 31, 2006 Versus Year Ended December 31, 2005******Net Revenues***

Consolidated net revenues for the year ended December 31, 2006 increased 4.1% over 2005. The growth was primarily attributable to increases over the prior year of 49.4% at Ameristar Black Hawk and 7.3% at Ameristar Vicksburg, partially offset by a 2.4% decrease at Ameristar Council Bluffs. The Black Hawk property benefited from the rebranding and reduced construction disruption following the completion of the initial phase of our expansion activities in the first quarter of 2006. Our Vicksburg property's improved financial performance and the 6.3% growth in the overall Vicksburg market are mostly attributable to the third quarter 2005 closure of the Mississippi Gulf Coast casinos following Hurricane Katrina.

Consolidated casino revenues for 2006 increased \$34.1 million over the prior year, principally due to a \$25.5 million (50.9%) increase in slot revenues at Ameristar Black Hawk, which now features an additional 600 slot machines on its expanded casino floor. We further believe consolidated casino revenues increased in part as a result of the continued successful implementation of our targeted marketing programs, as evidenced by an overall increase in rated play at our properties over 2005. For the years ended December 31, 2006 and 2005, promotional allowances as a percentage of casino revenues remained unchanged at 19.5%. Our strategy to maximize profitability through efficient promotional spending during the second half of 2006 offset the increased promotional spending during the first half of 2006 that was primarily caused by competitive pressures at our Council Bluffs and Missouri properties.

Operating Income

In 2006, consolidated operating income increased \$2.8 million, or 1.7%, over 2005, while consolidated operating income margin decreased by 0.4 percentage point from the prior year. The growth in operating income was substantially attributable to Ameristar Black Hawk's and Ameristar Vicksburg's strong financial performance. Ameristar Black Hawk's 2006 financial results included \$1.7 million in rebranding costs. The financial performance of our Black Hawk and Vicksburg properties was partially offset by the results of our Council Bluffs property, which experienced declines in operating income and the related margin from the prior year as a result of enhanced competition.

Consolidated operating income was adversely affected by the \$7.8 million in stock-based compensation expense we were required to recognize beginning in 2006. Consolidated operating income was also impacted by an \$8.5 million (10.0%) increase in depreciation and amortization expense over 2005, primarily due to \$5.3 million in depreciation expense from the capital improvements placed in service as part of the Ameristar Black Hawk expansion. We anticipate that depreciation expense will continue to rise as a result of our ongoing major capital projects at St. Charles, Black Hawk and Vicksburg. Finally, health benefit costs in 2006 decreased by \$2.9 million (9.7%) compared to the prior year.

Table of Contents*Interest Expense*

The following table summarizes information related to interest on our long-term debt:

	Years ended December 31,	
	2006	2005
	(Dollars in Thousands)	
Interest cost	\$ 58,411	\$ 65,956
Less: Capitalized interest	(8,120)	(5,043)
Interest expense, net	\$ 50,291	\$ 60,913
Cash paid for interest, net of amounts capitalized	\$ 65,675	\$ 54,015
Weighted-average total debt balance outstanding	\$ 838,256	\$ 755,343
Weighted-average interest rate	6.8%	8.6%

For the year ended December 31, 2006, consolidated interest expense, net of amounts capitalized, decreased \$10.6 million (17.4%) from 2005. The decrease is due primarily to a reduced average interest rate resulting from a November 2005 refinancing of our senior secured credit facility and a February 2006 redemption of our senior subordinated notes with borrowings under our new credit facility at substantially lower interest rates. The interest savings resulting from the lower interest rates were partially offset by an increase from 2005 of \$82.9 million in the weighted-average total debt balance outstanding.

Income Tax Expense

Our effective income tax rate was 39.5% in 2006 and 36.8% in 2005. The federal income tax statutory rate was 35.0% in both years. The rise in our effective tax rate is mostly attributable to increased pre-tax income generated by our properties located in states with higher income tax rates.

Net Income

For the year ended December 31, 2006, consolidated net income decreased \$6.7 million, or 10.1%, from the year ended December 31, 2005. We incurred a pre-tax charge in the first quarter of 2006 relating to the loss on redemption of our senior subordinated notes of approximately \$26.3 million that adversely impacted diluted earnings per share by \$0.30. Additionally, diluted earnings per share for 2006 were negatively impacted by \$0.09 by the adoption of SFAS No. 123(R).

Table of Contents**Liquidity and Capital Resources****Cash Flows Summary**

Our cash flows consisted of the following:

	Years ended December 31,		
	2007	2006	2005
	(Amounts in Thousands)		
Net cash provided by operating activities	\$ 202,746	\$ 169,538	\$ 197,459
Cash flows from investing activities:			
Net cash paid for Resorts East Chicago acquisition	(671,420)		
Capital expenditures	(277,312)	(249,123)	(177,789)
Increase in construction contracts payable	5,582	16,157	4,437
Proceeds from sale of assets	338	1,368	896
Increase in deposits and other non-current assets	(11,475)	(6,083)	(3,393)
Net cash used in investing activities	(954,287)	(237,681)	(175,849)
Cash flows from financing activities:			
Debt borrowings	782,000	485,000	410,000
Principal payments of debt	(19,384)	(384,346)	(396,554)
Premium on early redemption of senior subordinated notes		(20,425)	
Cash dividends paid	(23,389)	(21,068)	(17,425)
Proceeds from stock option exercises	17,448	7,878	7,125
Purchases of treasury stock	(9,660)	(8,014)	
Excess tax benefit from stock option exercises	5,587	4,266	
Debt issuance costs	(3,703)	(153)	(5,134)
Net cash provided by (used in) financing activities	748,899	63,138	(1,988)
Net (decrease) increase in cash and cash equivalents	\$ (2,642)	\$ (5,005)	\$ 19,622

Our business is primarily conducted on a cash basis. Accordingly, operating cash flows tend to follow trends in our operating income. The increase in operating cash flows from 2006 to 2007 was mostly attributable to contributions to consolidated operating income by our East Chicago and Black Hawk properties and positive changes in several of our working capital assets and liabilities. The decline in operating cash flows from 2005 to 2006 was attributable in part to increases in income tax cash payments and debt service payments and the decrease in net income as discussed above.

Capital expenditures during 2007 and 2006 were primarily related to our expansion at Ameristar St. Charles, Ameristar Black Hawk capital improvement projects, our expansion at Ameristar Vicksburg and the acquisition of slot machines. During 2005, capital expenditures mostly related to the Ameristar Black Hawk capital improvement projects, long-lived assets relating to various capital maintenance projects at all our properties, slot purchases, the hotel room renovations at our Council Bluffs and Kansas City properties and the Ameristar St. Charles expansion.

Table of Contents

The following table summarizes our capital spending activity for the years ended December 31, 2007, 2006 and 2005 and our construction in progress as of December 31, 2007:

	Year Ended December 31, 2007	Year Ended December 31, 2006	Year Ended December 31, 2005	Construction in Progress at December 31, 2007
(In Thousands)				
Capital Expenditures by Project				
St. Charles expansion	\$ 138,413	\$ 94,283	\$ 14,577	\$ 228,033
Black Hawk expansion	29,061	21,434	3,910	60,099
Vicksburg expansion	20,727	21,454	4,417	42,692
Council Bluffs and Kansas City hotel renovations		135	19,346	
Other construction projects	29,705	55,870	72,120	19,694
Total construction projects	217,906	193,176	114,370	350,518
Slot machines	14,692	33,294	33,204	
Other fixed asset purchases	44,714	22,653	30,215	10,157
Total capital expenditures	\$ 277,312	\$ 249,123	\$ 177,789	\$ 360,675

At Ameristar St. Charles, we are nearing completion on the construction of a 400-room, all-suite hotel with an indoor/outdoor pool and a 7,000 square-foot, full-service spa and have recently completed the 2,000-space parking garage. We opened the first 100 guest suites of the hotel during January 2008 and had a total of 159 suites in operation as of February 22, 2008. Over each of the next several months, 80 to 100 suites are expected to be added until completion in May 2008. The hotel's well-appointed, oversized suites offer what we believe are the area's most upscale accommodations. The total cost of these ongoing and completed projects is expected to be approximately \$265.0 million.

Additionally, construction work on the roadway project to improve the primary access to Ameristar St. Charles was substantially completed in December 2007. The new boulevard reduces long-standing access constraints to the property by accommodating more traffic at peak periods, as well as upgrading the aesthetics of the approach to the property, including improved lighting and landscaping. Construction disruption impacted business volumes and operating results at Ameristar St. Charles during the fourth quarter of 2007, but we believe this project will provide an important advantage for the property after opening the hotel, particularly in light of a competitor opening a new facility in downtown St. Louis in December 2007.

We organized a transportation development district (TDD) and a community improvement district in St. Charles, Missouri to acquire land and develop and construct improvements for the roadway improvement project. The approximate estimated cost of the project is \$17 million and is being funded by proceeds of \$3.9 million from tax-exempt bonds issued by the TDD and advances to the TDD by the Company, which will be repaid through an additional two percent sales tax on non-gaming revenues at Ameristar St. Charles over a period of 30 years.

We have also added several enhanced amenities to the St. Charles property. HOME, the new 17,500-square-foot nightclub, and Lixx, our new casino circle bar, opened in December 2007. Other enhancements include an improved casino flow and layout. We believe this master plan build-out - the hotel, spa, pool, road improvements, nightclub, casino circle bar and additional upgrades - will further strengthen Ameristar St. Charles' competitive position.

Table of Contents

The \$100 million expansion project at Ameristar Vicksburg is progressing. Both the expanded gaming facility and the new 1,000-space parking garage are expected to open in June 2008. Two new restaurants, a VIP club and retail space are expected to be completed in the third quarter of 2008. A \$12 million renovation to the 149-room hotel was completed in December 2007. We expect the expansion and the recently completed renovation to further strengthen the property's long-standing dominant position in the market.

We continue to evaluate design alternatives for the Council Bluffs expansion project. The current plan includes doubling the casino floor by adding approximately 60,000 square feet to the facility, with a budget of approximately \$100 million and a scheduled completion date in the second half of 2009. By reducing capacity constraints during peak periods and providing an enhanced, more spacious casino experience, we expect this project will increase revenues at the property and grow the market overall. However, the timing of this project is dependent on various factors, including market conditions, our borrowing capacity and possible additional competition in the Council Bluffs market.

The construction of our four-diamond-quality hotel is progressing at Ameristar Black Hawk. Excavation and rock removal was completed in the fourth quarter of 2007. The 33-story tower's 536 well-appointed, oversized rooms will feature upscale furnishings and amenities. The tower will include a versatile meeting and ballroom center and will also have Black Hawk's only full-service spa, an enclosed rooftop swimming pool and indoor/outdoor whirlpool facilities. Once completed, Ameristar Black Hawk will offer destination resort amenities and services that we believe are unprecedented in the Denver gaming market. The hotel's completion date is expected to be the second half of 2009, and the cost of the hotel is now expected to be between \$235 million to \$240 million, representing an increase of \$15 million to \$20 million over the previous budget. The revised cost estimate is mostly attributable to increases in materials costs and unforeseen site conditions that necessitated the relocation of incoming utilities.

The hotel at Cactus Petes is currently undergoing renovation. The project is expected to be completed by Memorial Day 2008 at a cost of approximately \$16 million.

For the years ended December 31, 2007, 2006 and 2005, cash flows provided by, or used in, financing activities were impacted by debt borrowings, principal payments on long-term debt, dividend payments, proceeds from employee stock option exercises and purchases of treasury stock.

Financing cash flows during 2006 were impacted by the February 15, 2006 redemption of our senior subordinated notes with borrowings under our revolving loan facility. Additionally, in November 2005, we borrowed \$400.0 million as a term loan under our new credit facility, of which \$362.2 million was used to repay the principal amount of loans outstanding under our prior senior credit facilities, with the balance being held to provide funding for future capital needs.

During the years ended December 31, 2007, 2006 and 2005, our Board of Directors declared four quarterly cash dividends in the amount of \$0.1025 per share, \$0.09375 per share and \$0.078125 per share, respectively.

During the year ended December 31, 2007, we repurchased 0.4 million shares at a cost of \$9.7 million. For the year ended December 31, 2006, we repurchased 0.4 million shares at a cost of \$8.0 million.

Liquidity

On September 6, 2007, we amended our senior credit facility to increase the total amount of permitted incremental loan commitments from \$400.0 million to \$600.0 million. The amendment also increased the maximum permitted leverage ratio and senior leverage ratio (both as defined in the senior credit facility) for fiscal quarters ending on and after September 30, 2007, raised the interest rate add-on for our term loan by 50 basis points and permitted us to acquire Resorts East Chicago for an amount (including related transaction costs and expenses) not to exceed \$700.0 million, without reducing the amount we could spend for other permitted acquisitions. The incremental loans are subject to the same interest rates and terms of payment as the existing revolving loans.

On September 18, 2007, we acquired all of the outstanding membership interests of RIH Acquisitions IN, LLC (RIH) from Resorts International Holdings, LLC. RIH owns and operates Resorts East Chicago.

Table of Contents

Pursuant to the Purchase Agreement dated as of April 3, 2007, as subsequently amended, the purchase price is subject to a post-closing working capital adjustment as provided in the Purchase Agreement. We paid \$671.4 million, net of cash acquired, for RIH. We financed the purchase of RIH by additional borrowings under our revolving loan facility. We incurred approximately \$4.8 million in acquisition costs that were included in the purchase price and \$3.7 million in capitalized debt issuance costs, which will be amortized to interest expense over the remaining term of the revolving credit facility.

At December 31, 2007, our principal debt outstanding primarily consisted of \$1.3 billion under the revolving loan facility and \$392.0 million under the term loan facility. As of December 31, 2007, the amount of the revolving loan facility available for borrowing was \$142.6 million, after giving effect to \$5.4 million of outstanding letters of credit. All mandatory principal repayments have been made through December 31, 2007.

The agreement governing the senior credit facilities requires us to comply with various affirmative and negative financial and other covenants, including restrictions on the incurrence of additional indebtedness, restrictions on dividend payments and other restrictions and requirements to maintain certain financial ratios and tests. As of December 31, 2007 and 2006, we were in compliance with all applicable covenants.

As of December 31, 2007, in addition to the \$142.6 million available for borrowing under the senior credit facilities, we had \$98.5 million of cash and cash equivalents, approximately \$65.0 million of which were required for daily operations. Our capital expenditures in 2008 are expected to be approximately \$300.0 million. We anticipate spending approximately \$40.0 million on maintenance capital expenditures (including the acquisition of slot machines and other long-lived assets), approximately \$20.0 million in capital expenditures related to the East Chicago property rebranding and approximately \$240.0 million on internal expansion projects. Actual 2008 capital expenditures will depend on the start date of certain projects and the progress of construction through year-end. As described in more detail above, our current major internal expansion projects include: completion of the construction of the 400-room, all-suite hotel with an indoor/outdoor swimming pool and a 7,000 square-foot full-service spa at Ameristar St. Charles; construction of the 536-room, four-diamond-quality hotel with related amenities at Ameristar Black Hawk; the casino expansion project at Ameristar Vicksburg; the planned Council Bluffs casino expansion; and the Cactus Petes hotel renovation project.

Historically, we have funded our daily operations through net cash provided by operating activities and our significant capital expenditures primarily through operating cash flows, bank debt and other debt financing. We believe that our cash flows from operations, cash and cash equivalents and availability under our senior credit facilities will be able to support our operations and liquidity requirements, including all of our currently planned capital expenditures and dividend payments on our Common Stock. However, if our existing sources of cash are insufficient to meet such needs, or if we fail to remain in compliance with the covenants applicable to our senior credit facilities, we will be required to seek additional financing, scale back our capital plans and/or seek an amendment to the senior credit facilities. Any loss from service of our riverboat and barge facilities for any reason could materially adversely affect us, including our ability to fund daily operations and to satisfy debt covenants. Our ability to borrow funds under the senior credit facilities at any time is primarily dependent upon the amount of our EBITDA, as defined for purposes of the senior credit facilities, for the preceding four fiscal quarters.

Table of Contents**Off-Balance Sheet Arrangements**

We do not have any off-balance sheet arrangements as defined in Item 303(a)(4)(ii) of Securities and Exchange Commission Regulation

S-K.

Contractual and Other Commitments

The following table summarizes our material obligations and commitments to make future payments under certain contracts, including long-term debt obligations, capitalized leases, operating leases and certain construction contracts.

Contractual Obligations:	Payments Due by Period (in Thousands)				Total
	2008	2009-2010	2011-2012	After 2012	
Long-term debt instruments	\$ 4,337	\$1,261,027	\$380,416	\$ 172	\$1,645,952
Estimated interest payments on long-term debt ⁽¹⁾	78,382	188,184	40,326		306,892
Operating leases	5,548	7,211	5,896	603	19,258
Material construction contracts	107,780	71,769			179,549
Total	\$196,047	\$1,528,191	\$426,638	\$775	\$2,151,651

(1) Estimated interest payments on long-term debt are based on principal amounts outstanding after giving effect to projected borrowings in 2008 and forecasted LIBOR rates for our senior credit facilities.

Other Commitments:	Amount of Commitment Expiration Per Period (in Thousands)				Total
	2008	2009-2010	2011-2012	After 2012	
Letters of credit	\$5,364	\$	\$	\$	\$5,364

Our cash tax payments for 2008 are expected to be approximately \$50.0 million. As further discussed in Note 4 Federal and state income taxes of Notes to Consolidated Financial Statements, we adopted the provisions of Financial Accounting Standards Board Interpretation No. 48 (FIN 48), on January 1, 2007. We had \$28.9 million of unrecognized tax benefits as of December 31, 2007. Due to the inherent uncertainty of the underlying tax positions, it is not possible to assign the liability as of December 31, 2007 to any particular years in the table.

As noted above, a significant operating use of cash in 2008 is interest payments. Our cash interest payments, excluding capitalized interest, were \$72.2 million, \$73.8 million and \$59.1 million for the years ended December 31, 2007, 2006 and 2005, respectively. Cash interest payments may increase in 2008 as a result of a possible rise in interest rates and an expected increase in the average outstanding debt balance from anticipated borrowings under the \$1.4 billion revolving loan facility to fund our capital improvement projects. For more information, see Note 5 Long-term debt of Notes to Consolidated Financial Statements.

We routinely enter into operational contracts in the ordinary course of our business, including construction contracts for projects that are not material to our business or financial condition as a whole. Our commitments relating to these contracts are recognized as liabilities in our consolidated balance sheets when services are provided with respect to such contracts.

In December 2000, we assumed several agreements with the Missouri 210 Highway Transportation Development District (Development District) that had been entered into in order to assist the Development District in the financing of a highway improvement project in the area around the Ameristar Kansas City property prior to our purchase of that property. In order to pay for the highway improvement project, the Development District issued revenue bonds totaling \$9.0 million in principal amount with scheduled

Table of Contents

maturities from 2006 through 2011. We have issued an irrevocable standby letter of credit with a bank in support of obligations of the Development District for certain principal and interest on the revenue bonds. The amount outstanding under this letter of credit was \$2.6 million as of December 31, 2007 and may be subsequently reduced as principal and interest mature under the revenue bonds. Additionally, we are obligated to pay any shortfall in the event that amounts on deposit are insufficient to cover the obligations under the bonds as well as any costs incurred by the Development District that are not payable from the taxed revenues used to satisfy the bondholders. Through December 31, 2007, we had paid \$2.1 million in shortfalls and other costs. As required by the agreements, we anticipate that we will be reimbursed by the Development District for these shortfall payments from future available cash flow, as defined, and have recorded a corresponding receivable as of December 31, 2007.

At December 31, 2007, we had outstanding letters of credit in the amount of \$5.4 million, which reduced the amount available to borrow under our revolving loan facility. We do not have any other guarantees, contingent commitments or other material liabilities that are not reflected on our consolidated balance sheets. For more information, see Note 5 Long-term debt of Notes to Consolidated Financial Statements.

Critical Accounting Policies and Estimates

Management's discussion and analysis of our results of operations and liquidity and capital resources are based on our consolidated financial statements. To prepare our consolidated financial statements in accordance with accounting principles generally accepted in the United States, we must make estimates and assumptions that affect the amounts reported in the consolidated financial statements. We regularly evaluate these estimates and assumptions, particularly in areas we consider to be critical accounting estimates, where changes in the estimates and assumptions could have a material impact on our results of operations, financial position and, generally to a lesser extent, cash flows. Senior management and the Audit Committee of our Board of Directors have reviewed the disclosures included herein about our critical accounting estimates, and have reviewed the processes to determine those estimates.

Property and Equipment

We have significant capital invested in our property and equipment, which represents approximately 84% of our total assets. Judgments are made in determining the estimated useful lives of assets, salvage values to be assigned to assets and if or when an asset has been impaired. The accuracy of these estimates affects the amount of depreciation expense recognized in our financial results and the extent to which we have a gain or loss on the disposal of the asset. We assign lives to our assets based on our standard policy, which we believe is representative of the useful life of each category of assets. We review the carrying value of our property and equipment whenever events and circumstances indicate that the carrying value of an asset may not be recoverable from the estimated future cash flows expected to result from its use and eventual disposition. The factors we consider in performing this assessment include current operating results, trends and prospects, as well as the effect of obsolescence, demand, competition and other economic factors.

Goodwill and Other Intangible Assets

At December 31, 2007, we had approximately \$338.0 million in goodwill and \$232.6 million in other intangible assets on our consolidated balance sheet resulting from our acquisition of Resorts East Chicago in September 2007 and the Missouri properties in December 2000. As required by Statement of Financial Accounting Standards (SFAS) No. 142, we completed our 2007 annual assessment for impairment and determined that no goodwill impairment existed. The assessment requires the use of estimates about future operating results of each reporting unit to determine its estimated fair value. Changes in forecasted operations can materially affect these estimates.

Customer Rewards Programs

Our customer rewards programs allow customers to earn certain point-based cash rewards or complimentary goods and services based on the volume of the customers' gaming activity. Customers can accumulate reward points over time that they may redeem at their discretion under the terms of the programs. The reward credit balance is forfeited if a customer does not earn any reward credits over any subsequent

Table of Contents

12-month period. As a result of the ability of the customer to bank the reward points, we accrue the expense of reward points, after giving effect to estimated forfeitures, as they are earned. At December 31, 2007 and 2006, \$7.4 million and \$7.7 million, respectively, were accrued under the programs. The value of these point-based cash rewards or complimentary goods and services are netted against revenue as a promotional allowance.

Cash Coupons

Our former, current and future gaming customers may be awarded, on a discretionary basis, cash coupons based, in part, on their play volume. The coupons are provided on a discretionary basis to induce future play, are redeemable within a short time period (generally seven days) and are redeemable only on a return visit. There is no ability to renew or extend the offer. We recognize a reduction in revenue as a promotional allowance for these coupons when the coupons are redeemed.

Self-Insurance Reserves

We are self-insured for various levels of general liability, workers compensation and employee medical coverage. Insurance claims and reserves include accruals of estimated settlements for known claims, as well as accrued estimates of incurred but not reported claims. At December 31, 2007 and 2006, our estimated liabilities for unpaid and incurred but not reported claims totaled \$12.1 million and \$10.4 million, respectively. We utilize actuaries who consider historical loss experience and certain unusual claims in estimating these liabilities, based upon statistical data provided by the independent third party administrators of the various programs. We believe the use of this method to account for these liabilities provides a consistent and effective way to measure these highly judgmental accruals; however, changes in health care costs, accident or illness frequency and severity and other factors can materially affect the estimates for these liabilities.

Accounting for Share-Based Compensation

In December 2004, the Financial Accounting Standards Board (FASB) issued SFAS No. 123(R), Share-Based Payment, which requires all share-based payments to employees, including grants of employee stock options, to be recognized in the financial statements based on their fair values. These fair values are calculated by using the Black-Scholes-Merton option pricing formula, which requires estimates for expected volatility, expected dividends, the risk-free interest rate and the term of the option. SFAS No. 123(R) revised SFAS No. 123 and superseded APB Opinion No. 25, Accounting for Stock Issued to Employees. Effective January 1, 2006, we adopted the provisions of SFAS No. 123(R) using the modified prospective application transition method. Under this transition method, the future compensation cost related to all equity instruments granted prior to but not yet vested as of adoption is recognized based on the grant-date fair value, which is estimated in accordance with the original provisions of SFAS No. 123. The grant-date fair value of the awards is generally recognized as expense over the service period. Under the provisions of SFAS No. 123(R), we are required to include an estimate of the number of awards that will be forfeited and update that number based on actual forfeitures. Previously, we had recognized the impact of forfeitures as they occurred. With respect to the determination of the pool of windfall tax benefits, we elected to use the transition election of FASB Staff Position No. FAS 123(R)-3 (the short-cut method) as of the adoption of SFAS No. 123(R).

For the years ended December 31, 2007 and 2006, we recorded stock-based compensation expense of \$12.0 million and \$7.9 million, respectively, as a component of selling, general and administrative expenses in the consolidated statements of income. No such expense was recorded in 2005. As of December 31, 2007, there was approximately \$30.5 million of total unrecognized compensation cost related to unvested share-based compensation arrangements granted under the Company's stock incentive plans. This unrecognized compensation cost is expected to be recognized over a weighted-average period of 3.4 years.

Income Taxes

Our income tax returns are subject to examination by the Internal Revenue Service (IRS) and other tax authorities in the locations where we operate. We assess potentially unfavorable outcomes of such examinations based on the criteria of FIN 48, which we adopted on January 1, 2007. FIN 48 prescribes a minimum recognition threshold a tax position is required to meet before being recognized in the financial statements. As a result, our income tax recognition policy related to uncertain income tax positions is no longer covered by SFAS No. 5. FIN 48 applies to all tax positions related to income taxes subject to SFAS No. 109. FIN 48 utilizes a two-step approach for evaluating tax positions. Recognition (Step I) occurs when we conclude that a tax position, based on its technical merits, is more

likely than not to be sustained upon examination. Measurement (Step II) is only addressed if the position is deemed to be more likely than not to be sustained. Under Step II, the tax benefit is measured as the largest amount of benefit that is more likely than not to be realized upon settlement. FIN 48's use of the term "more likely than not" is consistent with how that term is used in SFAS No. 109 (i.e., the likelihood of occurrence is greater than 50%).

The tax positions failing to qualify for initial recognition are to be recognized in the first subsequent interim period that they meet the "more likely than not" standard. If it is subsequently determined that a previously recognized tax position no longer meets the "more likely than not" standard, it is required that the tax position be derecognized. FIN 48 specifically prohibits the use of a valuation allowance as a substitute for derecognition of tax positions. As applicable, we will recognize accrued penalties and interest related to unrecognized tax benefits in the provision for income taxes.

Table of Contents**Recently Issued Accounting Standards****SFAS No. 157**

In September 2006, the FASB issued SFAS No. 157, Fair Value Measurements, which defines fair value, establishes a framework for measuring fair value in generally accepted accounting principles and expands disclosures about fair value measurements. SFAS No. 157 clarifies how to measure fair value as permitted under other accounting pronouncements, but does not require any new fair value measurements. We adopted SFAS No. 157 as of January 1, 2008. The adoption of SFAS No. 157 is not expected to have a material impact on our financial position, results of operations or cash flows.

SFAS No. 159

In February 2007, the FASB issued SFAS No. 159, The Fair Value Option for Financial Assets and Financial Liabilities Including an Amendment of FASB Statement No. 115. SFAS No. 159 permits entities to choose to measure many financial instruments and certain other items at fair value, with unrealized gains and losses related to these financial instruments reported in earnings at each subsequent reporting date. SFAS No. 159 is effective for fiscal years beginning after November 15, 2007. The adoption of SFAS No. 159 is not expected to have a material impact on our financial position, results of operations or cash flows.

SFAS No. 141(R)

In December 2007, the FASB issued SFAS No. 141 (Revised 2007), Business Combinations (SFAS No. 141(R)). SFAS No. 141(R) will significantly change the accounting for business combinations. Under SFAS No. 141(R), an acquiring entity will be required to recognize all the assets acquired and liabilities assumed in a transaction at the acquisition-date fair value with limited exceptions. SFAS No. 141(R) will change the accounting treatment for certain specific acquisition-related items, including: (1) expensing acquisition-related costs as incurred; (2) valuing noncontrolling interests at fair value at the acquisition date; and (3) expensing restructuring costs associated with an acquired business. SFAS No. 141(R) also includes a substantial number of new disclosure requirements. SFAS No. 141(R) is to be applied prospectively to business combinations for which the acquisition date is on or after January 1, 2009. We expect SFAS No. 141(R) will have an impact on our accounting for future business combinations once adopted but the effect is dependent upon the acquisitions, if any, that are made in the future.

Item 7A. Quantitative and Qualitative Disclosures About Market Risk

Market risk is the risk of loss arising from adverse changes in market rates and prices, such as interest rates, foreign currency exchange rates and commodity prices. Our primary exposure to market risk is interest rate risk associated with our senior credit facilities. As of December 31, 2007, we had \$1.6 billion outstanding under our senior credit facilities, bearing interest at variable rates. The senior credit facilities bear interest equal to LIBOR (in the case of Eurodollar loans) or the prime interest rate (in the case of base rate loans), plus an applicable margin, or add-on. At December 31, 2007, the average interest rate applicable to the senior credit facilities was 7.2%. An increase of one percentage point in the average interest rate applicable to the senior credit facilities outstanding at December 31, 2007 would increase our annual interest cost by approximately \$16.4 million.

Substantially all of our long-term debt is subject to variable interest rates. We continue to monitor interest rate markets and, in order to control interest rate risk, may enter into interest rate collar or swap agreements or other derivative instruments as market conditions warrant. We may also choose to refinance a portion of our variable rate debt through the issuance of long-term fixed-rate debt.

Item 8. Financial Statements and Supplementary Data

The Reports of Independent Registered Public Accounting Firm appear at pages F-2 through F-4 hereof, and our Consolidated Financial Statements and Notes to Consolidated Financial Statements appear at pages F-5 through F-27 hereof.

Item 9. Changes in and Disagreements with Accountants on Accounting and Financial Disclosure

None.

Item 9A. Controls and Procedures

(a) Evaluation of Disclosure Controls and Procedures

We maintain disclosure controls and procedures, as defined in Rules 13a-15(e) and 15d-15(e) promulgated under the Securities Exchange Act of 1934 (the Exchange Act), that are designed to ensure that information required to be disclosed by us in the reports that we file or submit under the Exchange Act is recorded, processed, summarized and reported within the time periods specified in the Securities and Exchange Commission's rules and forms and that such information is accumulated and communicated to our management, including our Chief Executive Officer and President and our Chief Financial Officer, as appropriate, to allow timely decisions regarding required disclosure. We carried out an evaluation, under the supervision and with the participation of our management, including our Chief Executive Officer and President and our Chief Financial Officer, of the effectiveness of the design and operation of our disclosure controls and procedures as of December 31, 2007. Based on the evaluation of these disclosure controls and procedures, the Chief Executive Officer and President and Chief Financial Officer concluded that our disclosure controls and procedures were effective.

(b) Management's Annual Report on Internal Control over Financial Reporting and Report of Independent Registered Public Accounting Firm

The information required to be furnished pursuant to this item is set forth under the captions Management's Annual Report on Internal Control over Financial Reporting and Report of Independent Registered Public Accounting Firm and is included in this Annual Report at pages F-1 through F-3.

(c) Changes in Internal Control over Financial Reporting

As required by Rule 13a-15(d) under the Exchange Act, our management, including our Chief Executive Officer and President and our Chief Financial Officer, has evaluated our internal control over financial reporting to determine whether any changes occurred during the fourth fiscal quarter of 2007 that materially affected, or are reasonably likely to materially affect, our internal control over financial reporting. Based on that evaluation, there was no such change during the fourth fiscal quarter of 2007.

MANAGEMENT'S ANNUAL REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING

Management of Ameristar Casinos, Inc. and subsidiaries (the Company) is responsible for establishing and maintaining adequate internal control over financial reporting, as defined in Rules 13a-15(f) and 15d-15(f) under the Securities Exchange Act of 1934. The Company's internal control over financial reporting is designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles.

The Company's internal control over financial reporting includes those policies and procedures that: (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the Company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the Company are being made only in accordance with authorizations of management and directors of the Company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use or disposition of the Company's assets that could have a material effect on the financial statements. Because of its inherent limitations, internal control over financial reporting may not prevent or detect misstatements. Projections of any evaluation of effectiveness to future periods are subject to the risk that controls may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

In conducting the Company's evaluation of the effectiveness of its internal control over financial reporting, the Company has excluded the Resorts East Chicago acquisition completed on September 18, 2007. The acquisition constituted 7% of total assets as of December 31, 2007 and less than 7% of revenues for the year then ended. Refer to Note 10 of Notes to Consolidated Financial Statements for further discussion of the Resorts East Chicago acquisition and its impact on the Company's consolidated financial statements.

The Company's management assessed the effectiveness of the Company's internal control over financial reporting as of December 31, 2007. In making this assessment, the Company's management used the criteria set forth by the Committee of Sponsoring Organizations of the Treadway Commission (COSO) in *Internal Control - Integrated Framework*. Based on its assessment, management believes that, as of December 31, 2007, the Company's internal control over financial reporting is effective based on those criteria.

The Company's independent registered public accounting firm has audited management's assessment of the effectiveness of the Company's internal control over financial reporting as of December 31, 2007, as stated in their report, appearing on pages F-2 and F-3, which expresses unqualified opinions on management's assessment and on the effectiveness of the Company's internal control over financial reporting as of December 31, 2007.

REPORT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

The Board of Directors and Stockholders of Ameristar Casinos, Inc.:

We have audited Ameristar Casinos, Inc. and its subsidiaries (the Company) internal control over financial reporting as of December 31, 2007, based on criteria established in *Internal Control Integrated Framework* issued by the Committee of Sponsoring Organizations of the Treadway Commission (the COSO criteria). The Company's management is responsible for maintaining effective internal control over financial reporting, and for its assessment of the effectiveness of internal control over financial reporting included in the accompanying Management's Annual Report on Internal Control Over Financial Reporting. Our responsibility is to express an opinion on the Company's internal control over financial reporting based on our audit.

We conducted our audit in accordance with the standards of the Public Company Accounting Oversight Board (United States). Those standards require that we plan and perform the audit to obtain reasonable assurance about whether effective internal control over financial reporting was maintained in all material respects. Our audit included obtaining an understanding of internal control over financial reporting, assessing the risk that a material weakness exists, testing and evaluating the design and operating effectiveness of internal control based on the assessed risk, and performing such other procedures as we considered necessary in the circumstances. We believe that our audit provides a reasonable basis for our opinion.

A company's internal control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorizations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Because of its inherent limitations, internal control over financial reporting may not prevent or detect misstatements. Also, projections of any evaluation of effectiveness to future periods are subject to the risk that controls may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

As indicated in the accompanying Management's Annual Report on Internal Control Over Financial Reporting, management's assessment of and conclusion on the effectiveness of internal control over financial reporting did not include the internal controls of RIH Acquisitions IN, LLC, which is included in the December 31, 2007 consolidated financial statements of the Company and constituted \$705.0 million and \$679.1 million of total and net assets, respectively, as of December 31, 2007 and \$90.0 million and \$0.6 million of revenues and net loss, respectively, for the year then ended. Our audit of internal control over financial reporting of the Company also did not include an evaluation of the internal control over financial reporting of RIH Acquisitions IN, LLC.

In our opinion, the Company maintained, in all material respects, effective internal control over financial reporting as of December 31, 2007, based on the COSO criteria.

F-2

Table of Contents

We also have audited, in accordance with the standards of the Public Company Accounting Oversight Board (United States), the consolidated balance sheets of the Company as of December 31, 2007 and 2006, and the related consolidated statements of income, stockholders' equity, and cash flows for each of the three years in the period ended December 31, 2007 of the Company and our report dated February 28, 2008 expressed an unqualified opinion thereon.

REPORT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

The Board of Directors and Stockholders of Ameristar Casinos, Inc.:

We have audited the accompanying consolidated balance sheets of Ameristar Casinos, Inc. and subsidiaries (the Company) as of December 31, 2007 and 2006, and the related consolidated statements of income, stockholders' equity, and cash flows for each of the three years in the period ended December 31, 2007. These financial statements are the responsibility of the Company's management. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audits in accordance with the standards of the Public Company Accounting Oversight Board (United States). Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the consolidated financial position of the Company at December 31, 2007 and 2006, and the consolidated results of its operations and its cash flows for each of the three years in the period ended December 31, 2007, in conformity with U.S. generally accepted accounting principles.

We also have audited, in accordance with the standards of the Public Company Accounting Oversight Board (United States), the Company's internal control over financial reporting as of December 31, 2007, based on criteria established in *Internal Control - Integrated Framework* issued by the Committee of Sponsoring Organizations of the Treadway Commission and our report dated February 28, 2008 expressed an unqualified opinion thereon.
