FOR IMMEDIATE RELEASE

COEUR TO LAUNCH TENDER OFFER TO ACQUIRE
ALL OUTSTANDING SHARES OF WHEATON RIVER

CONTINUES TO RECOMMEND ALL WHEATON RIVER SHAREHOLDERS VOTE AGAINST
PROPOSED IAMGOLD TRANSACTION ON GREEN PROXY CARD

RETAINS JP MORGAN AS ADDITIONAL FINANCIAL ADVISOR

Coeur d'Alene, Idaho, June 23, 2004 - Coeur d'Alene Mines Corporation (NYSE:CDE) today announced that it intends to commence a tender offer to acquire all of the outstanding shares of Wheaton River Minerals Ltd. (TSX:WRM, AMEX:WHT) for the same consideration as Coeur's merger proposal announced on June 21, 2004. Coeur's Board of Directors has unanimously authorized the tender offer.

Coeur also announced that it has retained JP Morgan to join CIBC World Markets Inc. as co-financial advisors in connection with Coeur's offer.

Dennis E. Wheeler, Chairman and Chief Executive Officer of Coeur, said, "It is time to make the combination of Coeur and Wheaton River a reality. We have repeatedly tried to negotiate with Wheaton River's Board and recently sent two letters to the Special Committee of independent directors of Wheaton River which have gone unanswered. We continue to believe our offer is superior to the proposed IAMGold plan of arrangement and we have been making our case to Wheaton River shareholders. By voting AGAINST the IAMGold plan of arrangement today and then tendering their shares, Wheaton River shareholders can determine for themselves the future of their company. The question of which company, Coeur or IAMGold, offers more value to Wheaton River will now be decided by the shareholders - the true owners of Wheaton River.

"We strongly recommend that Wheaton River shareholders VOTE AGAINST the proposed IAMGold transaction on the GREEN proxy card. Shareholders should send a strong message that their Board can't ignore - that shareholders want to bring Coeur and Wheaton River together to create a global leader in the precious metals industry. Our combination will create the fourth largest North American precious metals company, enhance Coeur's position as the world's largest primary silver producer, and create a top 10 global gold producer with among the lowest cash costs and one of the highest growth rates in the industry. shareholders will have the unique opportunity to participate in the upside of a combined Coeur-Wheaton River by owning approximately 60% of the combined company (based on Wheaton River's current outstanding shares)," said Mr. Wheeler.

COEUR'S OFFER

Pursuant to the offer, Coeur, through a wholly owned subsidiary, intends to offer to purchase or exchange all outstanding Wheaton common shares for cash or stock.

Under the terms of Coeur's offer, Wheaton River shareholders will be able to elect to receive either:

- (i) C\$5.00 per Wheaton River common share in cash, subject to the maximum cash consideration discussed below; or
- (ii) 0.731 shares of Coeur common stock or 0.731 exchangeable shares of a Canadian subsidiary of Coeur, for each Wheaton River common share tendered.

All Cash Option. The maximum aggregate amount of cash that Coeur will pay to Wheaton River shareholders under Coeur's tender offer is C\$570 million (assuming that all outstanding shares are tendered to the offer). Therefore, elections to receive cash will be subject to proration if Wheaton River shareholders request in the aggregate to receive more than C\$570 million, as adjusted based on the percentage of Wheaton River common shares tendered pursuant to the offer. Based on the number of issued and outstanding Wheaton River common shares on May 27, 2004, if all Wheaton River shareholders elect to receive all cash for their Wheaton River common shares, shareholders will receive C\$1.00 per Wheaton River common share in cash and 0.577 shares of Coeur common stock or 0.577 exchangeable shares of a Canadian subsidiary of Coeur. If less than all Wheaton River shareholders elect the all cash option, Wheaton River shareholders will receive up to C\$5.00 per Wheaton River common share in cash (subject to proration based on the maximum aggregate cash consideration of C\$570 million).

All Share Option. Canadian Wheaton River shareholders who elect to receive stock will receive 0.731 exchangeable shares of a Canadian subsidiary of Coeur for each Wheaton River common share tendered, while non-Canadian Wheaton River shareholders will receive 0.731 shares of Coeur common stock for each Wheaton River common share tendered. Each exchangeable share will be exchangeable at the option of the holder into Coeur common stock on a one-for-one basis.

The following table sets forth possible results of the consideration options:

FORM OF CONSIDERATION -----	MIXTURE OF CONSIDERATION BASED ON SHAREHOLDER ELECTION	
	ALL SHARES OPTION -----	ALL CASH OPTION -----
Cash	-	C\$1.00 per Wheaton River share (1)
Coeur Shares/ Exchangeable Shares	0.731 Coeur common shares or exchangeable shares	0.577 Coeur common shares or exchangeable shares (1)
Total Consideration	C\$4.01 per Wheaton River common share (2)	C\$4.17 per Wheaton River common share (1) (2)

Edgar Filing: WHEATON RIVER MINERALS LTD - Form 425

(1) Based on the number of issued and outstanding Wheaton River common shares on May 27, 2004 and assuming that all shareholders select the all cash option.

(2) Based on the value of Coeur common stock on June 22, 2004 and an exchange rate on that date of C\$1.3578 for each US\$1.00.

Coeur currently contemplates that the transaction will include a new parent holding company to be formed by Coeur. All of the existing shares of Coeur will be converted into a like number of shares of this new holding company. Because this new holding company will replace Coeur as the ultimate parent entity and will have publicly traded stock, this new holding company will issue the shares of common stock under the offer. Accordingly, the description of the issuance of Coeur common stock under the offer refers to the issuance of a like number of shares of this new Coeur holding company.

In addition, under Coeur's offer, it is currently contemplated that warrant and option holders of Wheaton River will be entitled to receive an equivalent value of Coeur warrants and options based on the exchange ratio.

CONDITIONS OF COEUR'S OFFER

The offer will be conditional upon, among other things: (i) the tendering of at least 66 2/3% of the issued and outstanding Wheaton River common shares (on a fully diluted basis); (ii) lawful termination of the amended and restated Wheaton River-IAMGold arrangement agreement dated April 23, 2004; (iii) the approval by Coeur shareholders of certain terms of the transaction, including an amendment to Coeur's certificate of incorporation to increase Coeur's authorized capital, the holding company structure and the issuance of shares of Coeur common stock in the transactions; (iv) receipt of all necessary regulatory approvals; (v) the absence of any Wheaton River material adverse change; as well as other customary conditions. Coeur intends to solicit the requisite shareholder approval as soon as practicable after the Special Meeting.

Based on closing share prices and US\$/C\$ exchange rates on June 22, 2004, Coeur's offer provides Wheaton River shareholders a total value of approximately C\$4.17 for each Wheaton River common share, of which at least C\$1.00 per share (24%) is cash. Coeur's offer represents:

- An increase of approximately 11% over Coeur's initial proposal that was announced on May 27, 2004.
- A premium of 26% (C\$1.04 per share) to Wheaton River's closing share price on May 27, 2004 and a premium of 5% (or C\$0.20 per share) to Wheaton River's closing price on June 22, 2004.
- An opportunity for Wheaton River shareholders to receive 24% of the consideration in cash (based on Coeur's closing share price on June 22, 2004) for their Wheaton River common shares even if all Wheaton River shareholders choose to receive cash.

In contrast, the IAMGold plan of arrangement offers Wheaton River shareholders no cash whatsoever, less growth, significantly less trading liquidity, no operating synergies and no management operational expertise.

A detailed description of the Coeur offer will be included in a preliminary prospectus to be filed with the Securities and Exchange Commission. The time period for the offer will be set forth in the definitive offer which Coeur intends to mail to Wheaton River shareholders. CIBC World Markets Inc. and JP Morgan are serving as dealer managers for the offer. Wheaton River shareholders can get more information about the offer by contacting MacKenzie
