Report of Independent Registered Public Accounting Firm

The Plan Administrator

Moog Inc. Savings and Stock Ownership Plan

We have audited the accompanying statements of net assets available for benefits of Moog Inc. Savings and Stock Ownership Plan as of September 30, 2007 and 2006, and the related statements of changes in net assets available for benefits for the years then ended. These financial statements are the responsibility of the Plan's management. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audits in accordance with the standards of the Public Company Accounting Oversight Board (United States). Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. We were not engaged to perform an audit of the Plan's internal control over financial reporting. Our audits included consideration of internal control over financial reporting as a basis for designing audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control over financial reporting. Accordingly, we express no such opinion. An audit also includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements, assessing the accounting principles used and significant estimates made by management, and evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of the Plan at September 30, 2007 and 2006, and the changes in its net assets available for benefits for the years then ended, in conformity with U.S. generally accounting principles.

Our audits were performed for the purpose of forming an opinion on the financial statements taken as a whole. The accompanying supplemental schedule of assets (held at end of year) as of September 30, 2007 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. This supplemental schedule is the responsibility of the Plan's management. The supplemental schedule has been subjected to the auditing procedures applied in our audits of the financial statements and, in our opinion, is fairly stated in all material respects in relation to the financial statements taken as a whole.

Moog Inc. Savings and Stock Ownership Plan  
Notes to Financial Statements  
September 30, 2007 and 2006

**1. Description of Plan**

The following is a brief description of the Moog Inc. Savings and Stock Ownership Plan (the Plan) and is provided for general information purposes only. Participants should refer to the Plan Document and the Summary Plan Description for more complete information.

**General**

The Plan is a defined contribution plan sponsored by Moog Inc. (Company or the Plan Sponsor). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA). The Plan has separate savings and stock ownership components.

**Eligibility**

As of September 30, 2007, all domestic employees of the Company are eligible to participate in the Plan immediately upon hire, except for employees of certain acquired businesses, Fundamental Technology Solutions, Inc., ZEVEX Inc., QuickSet International, Inc., and Moog Techtron Corporation, some of which maintain their own defined contribution plans, and those employees of Flo-Tork Inc. who are covered by a collective bargaining agreement. During the plan years ended September 30, 2007 and 2006, the Company has made employees of certain acquired businesses eligible for the Plan and merged and transferred the assets of their previous plans into the Plan. Effective January 1, 2007, all employees of Flo-Tork Inc. not covered by a collective bargaining agreement became eligible to participate in the Plan. The Flo-Tork Inc. 401(k) Retirement Plan and its assets have not yet been merged and transferred into the Plan as of September 30, 2007.

Effective July 1, 2006, the acquired domestic operations of Moog FCS Inc. became a division of Moog Inc. and therefore its employees became eligible to participate in the Plan. Effective January 1, 2007, the FCS COM, Inc. 401(k) Plan was merged into the Plan and in January 2007, assets of \$294,404 were transferred into the Plan. Effective July 31, 2006, the employees of Curlin Medical Inc. became eligible to participate in the Plan. Prior to becoming eligible for the Plan, employees of Curlin Medical Inc did not have a defined contribution plan and therefore there were no assets to transfer into the Plan.

Effective December 31, 2005, Electro-Tec Corporation was merged into Moog Inc. and therefore its employees became eligible to participate in the Plan. Effective January 1, 2006, the Electro- Tec Corporation Employee Retirement Benefit Plan was merged into the Plan and on January 3, 2006, assets of \$6,678,353 were transferred into the Plan.

**1. Description of Plan (continued)**

**Contributions and Investments**

Each eligible participant may make voluntary pretax contributions to the Plan in the form of a 1% to 20% salary reduction subject to Internal Revenue Code (IRC) limits. Effective January 1, 2008, the Plan was amended to increase the voluntary salary reduction limit to 40% and to permit an automatic deferral of 3% of eligible employee compensation to the Plan, unless the employee elects not to make such a contribution to the Plan. The Plan permits participants age 50 and older to make catch-up contributions as provided by the Economic Growth and Tax Relief Reconciliation Act of 2001. Contributions are directed by the participant among the available investment options. The Plan currently offers ten mutual funds, a stable return fund (comprised of trustee-commingled funds), and Company stock as investment options for participants. In 1994, certain assets of the AlliedSignal Savings Plan (including shares of AlliedSignal common stock) were transferred to the Plan as a result of the Company's acquisition of certain product lines of AlliedSignal Corporation. In December 1999, the AlliedSignal common stock was exchanged for Honeywell International, Inc. (Honeywell) common stock due to the merger of the two companies. Honeywell common stock is not an ongoing investment option for plan participants.

The Company matching contributions (the Company Match) are as follows:

Prior to October 1, 2007, the Company matched 25% of employee contributions invested in Company common stock. The Company Match can be paid in cash or shares of Company common stock, at the Company's discretion. Effective October 1, 2007, the Plan was amended to change the Company Match to be 25% of the first 2% of eligible pay that employees contribute.

The Company Match is invested pursuant to participant allocation elections, which may include Company common stock.

The Plan also provides that the Company may make discretionary contributions; however, for the plan years ended September 30, 2007 and 2006, the Company has not elected to make any discretionary contributions.

Rollovers represent amounts contributed to the Plan by participants from prior employer plans.

Moog Inc. Savings and Stock Ownership Plan  
Notes to Financial Statements (continued)

**1. Description of Plan (continued)**

**Participant Accounts**

Separate accounts are maintained for each plan participant. Each participant's account is credited with the participant's contribution and the Company's matching and discretionary contributions. Plan earnings, losses, and fees of the participant's investment selections are reported in the participant's account as defined by the Plan. Participant accounts are fully and immediately vested. The benefit to which a participant is entitled is the benefit that can be provided from the participant's account. Participants may transfer all or part of their accounts among investment options on a daily basis except that if a participant elects to invest in Company stock those amounts invested generally cannot be transferred into other investments, except as required under ESOP diversification regulations. Transfers to Honeywell common stock are not permitted.

**Distributions**

Subject to certain limitations, participants may withdraw all or part of their account balance upon attainment of age 59<sup>1/2</sup>. Distribution of a participant's account balance is also permitted in the event of death, disability, termination of employment, or immediate financial hardship, as defined in the Plan Document. Distributions are required to begin at age 70<sup>1/2</sup>. Distributions are made in cash except for the Company Match and Honeywell common stock, which can be distributed in cash or shares. Effective February 1, 2007, participants had the option to also receive the balances from their contributions in Company stock in either cash or shares. For distributions of Moog Class B Stock from the Company stock funds and matching account balances (for shares purchased after January 1, 1999), the shares of stock will carry a restrictive legend and the Company will have a right of first refusal at the time of sale, transfer, or pledging of those shares.

**Participant Loans**

Loans are limited to the lesser of \$50,000 or one-half of the participant's account balance with a minimum loan of \$1,000, payable over a term not to exceed five years. Interest is charged at a rate established by the Plan and is normally fixed at origination at prime plus 1%.

**Administrative Expenses**

Costs of administering the Plan are borne by the Company, except for loan origination fees and investment management fees, which are paid by the Plan. Loan origination fees are charged to the participant's account balance at the time the loan is processed. Investment management fees are allocated to all participants invested in the fund that charges the fee on a pro rata basis of account balances.

Moog Inc. Savings and Stock Ownership Plan  
Notes to Financial Statements (continued)

**2. Summary of Significant Accounting Policies**

**Basis of Presentation**

The financial statements are presented on the accrual basis of accounting.

**Cash and Cash Equivalents**

All highly liquid investments with an original maturity of three months or less are considered cash equivalents.

**Investments**

Investments in mutual funds, Honeywell, and Company stock are reported at fair value determined by reference to quoted market prices. Purchases and sales of securities are reported on a trade date basis. Loans receivable are valued at the amount loaned, which approximates fair value. The investment in the common collective trust fund (CCT) is reported at fair value and then adjusted to its contract value on the statement of net assets available for benefits because this investment has fully benefit-responsive features. The investment in the CCT at its contract value represents contributions and reinvested income, less any withdrawals plus accrued interest.

**Use of Estimates**

The preparation of financial statements in conformity with U.S. generally accepted accounting principles requires management to make estimates that affect the amounts reported in the financial statements and accompanying notes. Actual results could differ from those estimates.

**Risks and Uncertainties**

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

**2. Summary of Significant Accounting Policies (continued)**

**New Accounting Pronouncement**

In December 2005, the Financial Accounting Standards Board (FASB) issued FASB Staff Position AAG INV-1 and SOP 94-4-1, *Reporting of Fully Benefit-Responsive Investment*

Moog Inc. Savings and Stock Ownership Plan  
Notes to Financial Statements (continued)

*Contracts Held by Certain Investment Companies Subject to the AICPA Investment Company Guide and Defined-Contribution Health and Welfare and Pension Plans* (the FSP). The FSP defines the circumstances in which an investment contract is considered fully benefit-responsive and provides certain reporting and disclosure requirements for fully benefit-responsive investment contracts in defined contribution, health and welfare and pension plans. The financial statement presentation and disclosure provisions of the FSP are effective for financial statements issued for annual periods ending after December 15, 2006, and are required to be applied retroactively to all prior periods presented for comparative purposes. The Plan has adopted the provisions of the FSP at September 30, 2007. As required by the FSP, investments in the accompanying statements of net assets available for benefits include fully benefit-responsive investment contracts recognized at fair value. AICPA Statement of Position 94-4, *Reporting of Investment Contracts Held by Health and Welfare Benefit Plans and Defined Contribution Pension Plans*, as amended, requires fully benefit-responsive investment contracts to be reported at fair value in the Plan's statement of net assets available for benefits with a corresponding adjustment to reflect these investments at contract value. The requirements of the FSP have been applied retroactively to the statement of net assets available for benefits as of September 30, 2006, presented for comparative purposes. Adoption of the FSP had no effect on the statement of changes in net assets available for benefits for any period presented.

### 3. Investments

Net realized and unrealized appreciation in fair value of investments, including investments bought, sold, as well as held during the year is summarized as follows:

	<b>Year Ended September 30</b>	
	<b>2007</b>	<b>2006</b>

Class B	<b>85,830,328</b>	66,364,340

\* Does not represent an investment of 5% or more of the fair value of the Plan's net assets; shown for comparative purposes only.

**4. Income Tax Status**

The Plan has received a determination letter from the Internal Revenue Service dated November 26, 2003, stating that the Plan is qualified under Section 401(a) of the Internal Revenue Code (the Code) and, therefore, the related trust is exempt from taxation. Subsequent to this determination by the Internal Revenue Service, the Plan was amended, and in January 2007, a new determination letter application was submitted. Once qualified, the Plan is required to operate in conformity with the Code to maintain its qualification. The Plan Sponsor believes the Plan is being operated in compliance with the applicable requirements of the Code and, therefore, believes that the Plan, as amended, is qualified and the related trust is tax-exempt.

Moog Inc. Savings and Stock Ownership Plan  
Notes to Financial Statements (continued)

**5. Plan Termination**

Although it has not expressed intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA.

If such termination were to occur, the Company will instruct the trustee to either continue the management of the trust's assets or liquidate the trust and distribute the assets to the participants in accordance with the Plan Document.
