ELECTION OF DIRECTORS

The Board of Directors proposes the reelection of the following persons to terms that will expire in 2011:

Name	Age	Position(s) held	Director Since
Andrew S. Dix	37	Director	2007
Carson K. Miller	62	Director	2002
Jeffrey T. Tucker	50	Director	1987

Andrew S. Dix is the publisher of *The Daily Jeffersonian* in Cambridge, Ohio. Prior to joining *The Daily Jeffersonian* in 2006, he was the Advertising Director for *The Alliance Review* from 1998 to 2006. Mr. Dix was appointed to the Board of Directors in December 2007 to fill a vacancy created when the Board increased the number of directors of Camco.

Carson K. Miller is the owner of Marietta Rare Coins & Collectibles, an internet-based business. Dr. Miller retired in 2002 as the President of Washington State Community College in Marietta, Ohio, a position he had held since 1985.

Jeffrey T. Tucker is a Certified Public Accountant and a partner in the accounting firm of Tucker & Tucker, Cambridge, Ohio, a position he has held since 1984.

Under Delaware law and Camco's Bylaws, the three nominees receiving the greatest number of votes will be elected as directors. Abstentions, shares not voted by brokers, and votes withheld are not counted toward the election of directors.

In accordance with Section 3.13 of the Bylaws, nominees for election as directors may be proposed only by the directors or by a stockholder. Camco's Corporate Governance and Nominating Committee recommended to Camco's Board of Directors this year's director nominees. The Corporate Governance and Nominating Committee believes that candidates for director should have certain minimum qualifications, including being able to read and understand basic financial statements, having business experience, and exhibiting high moral character. However, the committee retains the right to modify these minimum qualifications from time to time. The committee has a general process for choosing nominees, which process considers both incumbent directors and new candidates. In evaluating an incumbent director whose term of office is set to expire, the committee reviews such director's overall service to Camco during his or her term, including the number of meetings attended, level of participation, quality of performance and any transactions of such director with Camco during his or her term. If the committee chooses to evaluate new director candidates, the committee uses its network of contacts to compile a list of potential candidates. Then, the committee determines whether such candidates are independent, which determination is based upon applicable securities laws, the rules and regulations of the Securities and Exchange Commission (SEC), the rules of the National Association of Securities Dealers and the advice of counsel, if necessary. Finally, the committee meets to discuss and consider all candidates' qualifications and then chooses the candidates.

The Corporate Governance and Nominating Committee will consider director candidates recommended by stockholders, provided that the stockholder is entitled to vote for directors and has submitted a written nomination to the Secretary of Camco by the 60th day before the first anniversary of the most recent annual meeting of stockholders held for the election of directors. Each written nomination must state the name, age, business and residence address of the nominee, the principal occupation or employment of the nominee, the number of each class of shares of Camco owned either beneficially or of record by each such nominee and the length of time such shares have been owned. The Corporate Governance and Nominating Committee does not intend to alter the manner in which it evaluates candidates, including the minimum criteria set forth above, when evaluating a candidate who was recommended by a stockholder. To date, Camco has not received a stockholder nominee for director.

Camco has not implemented a formal policy regarding director attendance at the annual meeting of stockholders. Typically, the Board of Directors holds a meeting immediately prior to the annual meeting of stockholders, which results in most directors being able to attend the annual meeting. In 2007, all directors attended the annual meeting of stockholders.

INCUMBENT DIRECTORS

The following directors will continue to serve after the Annual Meeting for the terms indicated:

Name	Age	Position(s) held	Director Since	Term Expires
Richard C. Baylor	53	Chairman of the Board President Chief Executive Officer	2001	2009

BOARD MEETINGS, COMMITTEES AND COMPENSATION OF DIRECTORS

The Board of Directors of Camco met four times for regularly scheduled meetings and one time for a strategic planning meeting for fiscal 2008 during the year ended December 31, 2007. Each director attended at least 75% of the aggregate of the total number of the Board of Directors meetings and the total number of meetings held by committees on which such director served during 2007. The Board has determined that each director is independent under Rule 4200(a)(15) of Nasdaq's listing standards, except Mr. Baylor.

The Board of Directors of Camco has a Compensation Committee whose 2007 and 2008 members are Ms. Insley, Messrs. Feick, Mock and Miller. The responsibilities of the Compensation Committee are discussed in the Compensation Discussion and Analysis below. The Compensation Committee met four times during 2007.

The Board of Directors of Camco has an Audit and Risk Management Committee whose 2007 members were Messrs. Tucker, Robert C. Dix, Jr. (retired December 7, 2007), Goodyear and Young. The 2008 members are Messrs. Tucker, A. Dix, Goodyear and Young. The Board of Directors has determined that Mr. Tucker and Mr. Goodyear each qualify as a financial expert and both are independent. The Audit and Risk Management Committee's responsibilities include selecting an independent registered public accounting firm to audit Camco and its subsidiaries, overseeing the audit of Camco's financial statements, and evaluating the accounting firm's performance. A more detailed description of the Audit Committee's functions is set forth in its charter. The Audit and Risk Management Committee met 14 times during 2007.

The Board of Directors of Camco has a Corporate Governance and Nominating Committee whose 2007 members were Ms. Insley, Messrs. Robert C. Dix, Jr. (retired December 7, 2007), Feick and Young. The 2008 members are Ms. Insley, Messrs. Feick and Young. The Corporate Governance and Nominating Committee provides a forum for independent directors to address issues of corporate governance, including the selection of nominees for director, and guides the Board in managing its affairs and operating in a manner that best serves the stockholders of Camco. The Corporate Governance and Nominating Committee met five times during 2007.

The Board of Directors of Camco has an Executive Committee whose 2007 and 2008 members are Messrs. Baylor, Feick and Tucker and Ms. Insley. The Executive Committee provides a forum for exercising the power and authority of the Board of Directors when the Board is not in session, subject to certain limitations. The Executive Committee did not meet during 2007.

The Compensation, Audit and Risk Management, and Corporate Governance and Nominating Committees each operate pursuant to written charters, which are posted on Camco's website at www.camcofinancial.com.

Director Compensation

During 2007, each non-employee director of Camco received a retainer of \$5,000 for service on the Board of Camco and \$1,250 for each Board meeting attended, with one paid absence per year. Each director of Camco is also a director of Advantage Bank. During 2007, each non-employee director received a retainer of \$6,000 for service on the Board of Advantage Bank and \$500 per Board meeting attended, with one paid absence per year. In addition, non-employee directors received a fee of \$300 for each scheduled committee meeting attended. The chair of each committee received an additional fee of \$200 or \$300 per meeting. Per meeting fees are not paid for telephonic meetings.

Directors may receive equity awards based upon Camco's achievement of certain performance measures. The performance measures are described under "Compensation Discussion and Analysis" below. The maximum equity award potential for non-employee directors is equal to the base retainer and Board per meeting fees, which for 2007 totaled \$22,000 for each non-employee director, except Mr. A. Dix, who was appointed to the Board on December 7, 2007. To determine the number of options to be granted, that amount is multiplied by the percentage of the performance measures met during the year and then divided by the fair market value of Camco's common stock on the date of grant. As a result, for fiscal year 2007 each non-employee director, except for Mr. A. Dix, was eligible to receive option awards based upon the following calculation: $\$22,000 \times 16.76\% = \$3,687.41 / \$8.92 = 413$ options. Mr. A. Dix was eligible for the award of 71 options. However, due to Camco's financial performance in 2007, the Board of Directors elected not to receive the calculated options earned. Therefore, no options were granted to non-employee directors for fiscal year 2007.

The total compensation paid to each director, other than Mr. Baylor, is set forth in the table below:

Name	Fees Earned		Total (\$)
	Or Paid in Cash ⁽¹⁾	All Other Compensation	
Mr. A. Dix	\$ 3,800	\$	\$ 3,800
Mr. R. Dix, Jr. ⁽²⁾	24,850		24,850

Mr. A. Dix

Mr. Baylor does not receive cash compensation for his service as a director. However, he may be eligible for equity awards based on the same formula as non-employee directors, with the assumption that he would have received cash compensation to determine the base for the number of options to be awarded. Mr. Baylor was eligible for the award of 413 options as a director in 2007, but no award of options was made to Mr. Baylor for his service as a director. Awards of stock options for his service as an employee are described under Compensation of Executive Officers below.

Director Stock Ownership Requirements

In accordance with Section 3.13 of the Bylaws, directors must own at least 1,000 shares of Camco's stock during his or her first year of service on the Board. The Board believes that each director who has served on the board of directors for at least five years should, at a minimum, own 5,000 shares of Camco stock or have invested \$75,000 in Camco stock, and maintain this minimum investment throughout his or her service on the board.

COMPENSATION DISCUSSION AND ANALYSIS

This Compensation Discussion and Analysis (CD&A) describes Camco s compensation philosophy and policies for 2007 that applied to Camco s Named Executive Officers (as defined in the Summary Compensation Table on page 14 below). The CD&A explains the structure and rationale associated with each material element of the Named Executive Officers total compensation, and it provides important context for the more detailed disclosure tables and specific compensation amounts provided following the CD&A.

Compensation Philosophy and Objectives

The overall objective of the executive compensation program is to provide competitive levels of compensation that will attract and retain qualified executives and reward individual performance, initiative and achievement, while enhancing overall corporate performance and stockholder value. The program is designed to align senior management compensation with the goals of the Camco business plan by creating strong incentives to manage the business successfully from both a financial and operating perspective. The executive compensation program is structured to accomplish the following specific objectives:

Align the interests of management with the interests of the stockholders;

Retain key personnel critical to Camco s long-term success;

Emphasize formula-based components, such as incentive plans, in order to better focus management efforts in its execution of the business plan;

Clearly motivate management by maintaining pay for performance as an integral component of the overall compensation program by utilizing incentive plans that emphasize corporate success; and

Maintain a corporate environment which encourages stability and a long-term focus for both Camco and its management.

Setting Executive Compensation

Compensation Committee

The Compensation Committee reviews and approves the compensation of the Named Executive Officers (except for Mr. Baylor whose compensation is approved by the full Board of Directors) and reviews performance appraisals for the Named Executive Officers other than the Chief Executive Officer. The Compensation Committee s other responsibilities include recommending the compensation to be paid to directors of Camco and its subsidiaries each year. Each of the members of the Compensation Committee is independent within the meaning of the listing standards of the NASDAQ, is a nonemployee director within the meaning of Rule 16b-3 of the Securities Exchange Act of 1934 and is an outside director within the meaning of Section 162(m) of the Internal Revenue Code of 1986.

Consultants and Benchmarking

The Compensation Committee has historically engaged a compensation consultant to provide input on executive compensation issues. In 2007, the Compensation Committee retained Amalfi Consulting, LLC (formerly the Compensation Group of Clark Consulting), to assist in determining the overall competitiveness of the base salaries of Camco s current executive officers when compared to those of the peer group using compensation and financial performance for the year ended December 31, 2007. Amalfi Consulting is a compensation consulting company specializing in the banking industry and assisted the Compensation Committee with a compensation review of the top executive officer positions. This review was used as reference information for 2008 officer compensation decisions. Camco also utilized information from the America s Community Bankers and Ohio Bankers League compensation surveys in setting salary and cash incentive compensation for 2008. In addition, the compensation study prepared in 2007 by Amalfi Consulting was used as reference information. The Amalfi Consulting study provided total compensation information for 20 peer financial institution holding companies that were similar in size and geographic location to Camco.

These peer holding companies are listed below:

Amalfi Consulting reviewed base salary, annual incentives, equity, and other forms of compensation information available in proxy statements for the peer group. The review included assessing the prevalence of equity plans, executive agreements, and retirement plans such as salary continuation and deferred compensation plans. The Amalfi Consulting review included a review of all documents that have benefits and provisions subject to Section 280G of the Internal Revenue Code to ensure the change of control provisions were within industry standards, the payment provision outcome is consistent with the Compensation Committee's intent, and the provisions were consistent among Mr. Baylor's employment agreement, the change of control agreements for the other Named Executive Officers, the salary continuation agreements for certain Named Executive Officers, and the various stock option and incentive plans.

The Compensation Committee determined as an outcome of the compensation study and in response to the financial performance of Camco in 2007 that the base salaries of the Named Executive Officers would not be increased in 2008. Additionally, the committee determined the cash component of the performance-based incentive plan for 2007 would not be remunerated to the Named Executive Officers even though some of the performance benchmarks in the plan were met during fiscal 2007.

Role of Executives in Compensation Committee Deliberations

The Compensation Committee frequently requests the Chief Executive Officer to be present at Committee meetings to discuss Camco's performance and the performance of individual executives. Occasionally, other executives may attend a Committee meeting to provide pertinent financial, business, operational or legal information. Executives in attendance may provide their insights and suggestions, but only independent Compensation Committee members may vote on decisions regarding executive compensation. The committee will meet in executive session to discuss matters related to the performance and compensation of the Chief Executive Officer.

Compensation Framework

Camco's business consists primarily of the business of Advantage Bank. The financial results of Camco are primarily a function of Advantage Bank's achievement of its goals as set forth in its business plan. Executives are compensated for their contribution to the achievement of these goals, which benefits the stockholders, customers, employees, and the communities in which Camco operates.

Executive compensation consists of the following components:

base salary,

performance-based cash incentive plan,

performance-based equity compensation,

401(k) Salary Savings and Profit Sharing Plans,

executive retirement benefits, and

other compensation, including perquisites.

During 2007, Mr. Baylor, Mr. Nadeau, and Mr. Mark A. Severson, who served as Chief Financial Officer until June 6, 2007, each received 50% of their compensation from Advantage Bank and 50% from Camco. All other Named Executive Officers received all of their compensation from Advantage Bank. The Compensation Committee and Board of Directors met in December 2007 to establish salaries for 2008 and in January 2008 to award cash incentives and stock options for 2007 performance.

Salary. Base salary forms the foundation of the compensation program as it represents income not at risk. The Committee believes that base salary should function as an anchor: large enough that the executive is comfortable remaining in Camco's employ, but not so large as to conflict with the executive's motivation to work diligently to increase stockholder value. An individual's base salary is directly related to his or her position, job responsibilities, accountability, performance and past and potential contribution to Camco and its subsidiaries.

At the end of 2007, Ms. Insley conducted an evaluation of Mr. Baylor's performance during the year and provided this information to the Corporate Governance and Nominating Committee. The Corporate Governance and Nominating Committee provided this evaluation to the Compensation Committee and the full Board. Based upon this evaluation and the peer group and compensation surveys discussed above, the Compensation Committee provided a base salary recommendation for Mr. Baylor to the full Board of Directors. The Board then set Mr. Baylor's 2008 base salary in executive session, without Mr. Baylor present.

Performance evaluations for other Named Executive Officers are conducted by Mr. Baylor. The Compensation Committee meets with Mr. Baylor in December of each year to review these performance evaluations and discuss salary recommendations of the other Named Executive Officers. The Compensation Committee assesses each Named Executive Officer's contribution to Camco, his or her skills and experience, and the on-going potential contribution of each Named Executive Officer. Adjustments to compensation for each Named Executive Officer are then made based upon the performance evaluations, corporate performance, and independent compensation surveys of officers in banks and other public companies, taking into account comparable asset bases and geographic locations. The compensation study prepared in 2007 by Amalfi Consulting includes rankings based on return on average equity, return on average assets, efficiency ratio, asset growth, net interest margin, EPS growth and total return on a company's stock price, among other factors. Compensation data utilized for comparisons is generally annual cash compensation, including base salary, and most forms of cash bonus and annual incentive awards. The Compensation Committee's determinations are presented to the full Board of Directors. The salary of each Named Executive Officer is set forth in the Summary Compensation Table on page 14.

On January 22, 2008, the Board approved Mr. Baylor's salary and the Compensation Committee approved the salaries for the other Named Executive Officers to be effective January 1, 2008. The Compensation Committee and Board of Directors decided not to increase base salaries of Mr. Baylor or the other Named Executive Officers for 2008 due to Camco's financial performance in 2007 during a difficult economic environment.

Performance-Based Cash Incentive Plan. Camco uses annual cash incentives to focus attention on current strategic priorities and drive achievement of short-term corporate objectives. Incentive plan awards for the Named Executive Officers are based on the achievement of corporate performance objectives which are established annually by Camco's Compensation Committee and approved by the Board (excluding Mr. Baylor) at the beginning of each

year. Additional discretionary incentive amounts may also be awarded under the cash incentive plan in recognition of other achievements, such as merger and acquisition activities, which are not part of the established

performance objectives. For 2007, the cash incentive opportunity ranged from 0% to 50% of the Chief Executive Officer's base salary and 0% to 35% of other executive officers' base salaries, subject to the percentage of performance measurements achieved. A cash award is paid if Camco's actual performance results fall between the threshold and maximum annual incentive goals.

The 2007 cash incentive awards were contingent on performance relative to the following four goals:

Corporate Goals Criteria	Annual Cash Incentive Goal Ranges		Goal Weighting	Actual Results	Goal Results
	Threshold	Maximum			
Earnings Per Share	\$0.78	\$ 0.86	50%	\$0.61	0.00%
Net Loan Growth	3.57%	10.75%	20%	0.22%	0.00%
Net Retail Deposit Growth	1.85%	3.29%	20%	3.00%	16.76%
Non-Performing Assets as a % of Average Assets	1.50%	1.00%	10%	2.84%	0.00%
TOTAL			100%		16.76%

After evaluating Camco's 2007 results, the Compensation Committee determined that the annual incentive objectives for 2007 were achieved at the 16.76% level. The cash incentive award for each Named Executive Officer was calculated as follows:

$$\text{Base Salary} \times \text{Goal Results \%} \times \text{Maximum Incentive Potential \%} = \text{Cash Incentive Award}$$

Although a portion of the performance metrics was achieved during 2007, the Compensation Committee and the Board of Directors, in their discretion, decided not to award the 2007 cash incentive earned by the Named Executive Officers due to Camco's 2007 financial performance. The table below shows the maximum incentive award opportunity under the 2007 plan, the actual incentive award earned, and each executive's actual cash incentive award paid.

Executive	Maximum Incentive Award Potential, Percent of Base Salary	Maximum Potential Incentive Award	Incentive Award Results Earned at 16.76% of Goal on Base Salary	Actual Cash Incentive Award Paid
Mr. Baylor	50%	\$131,250	\$ 21,999	\$ -0-
Mr. Rugg	35%	61,670	10,336	-0-
Mr. Nadeau ⁽¹⁾	23%	27,150	4,551	-0-
Mr. Caldwell	30%	43,230	7,246	-0-
Mr. Allison ⁽¹⁾	22%	24,917	4,176	-0-

(1) Maximum potential was pro-rated between activities earned as an executive officer and as a

vice president of
Advantage Bank
during 2007.

Performance-Based Equity Incentive Plan. Camco uses equity awards to focus attention on strategic priorities and drive achievement of corporate objectives. This element of the executive compensation program is designed to align the interests of the executive with corporate stockholder objectives since the price performance of Camco's common stock directly affects the value of these long-term awards. Stock options are awarded based upon the achievement of performance measures. Camco does not have a formal written policy guiding the timing of equity grants. However, stock options are typically granted near the end of January each year based on the prior year's performance. All options are issued with an exercise price equal to the fair market value of Camco's stock on the date of grant, have a term of ten years, and vest at the rate of 20% on the date of grant and 20% on the anniversary of the date of grant for each of the next four years. The Compensation Committee has the exclusive authority to determine the timing and conditions of vesting.

The performance goals used to determine option awards are the same as those used for awarding cash incentives. For 2007, grants were determined by the Compensation Committee in January 2008 based upon

Camco's goal result achievement at the 16.76% level as described above. Each of the Named Executive Officers has a potential stock option award ranging from 0% to a maximum of between 100% and 200% of the officer's base salary. The value of the options to be awarded is calculated as follows:

$$\text{Base Salary} \times \text{Maximum Award Potential \%} \times \text{Goal Result \%} = \$ \text{ Value of Option Award}$$

Then, to determine the number of options granted to each individual, the dollar value of the option award is divided by the fair market value of Camco's stock on the date of grant. The fair value of Camco's stock on the date of grant is defined as the average of the closing bid and ask prices on that date. The result is the number of shares underlying the option to be awarded to the recipient. The following table summarizes the equity-based incentive compensation awarded to the Named Executive Officers on January 22, 2008, for fiscal year 2007 performance:

Long-Term Incentive Opportunity as Percent of Salary

Executive	Maximum Incentive Award Potential, Percent of Base Salary	Percent of Base Salary at 16.76% of Goal	Number of Stock Options	Exercise or Base Price of Option Awards (\$/Share)
Mr. Baylor	200%	33.52%	9,864	\$ 8.92
Mr. Rugg	150%	25.14%	4,966	8.92
Mr. Nadeau	100%	16.76%	2,348	8.92
Mr. Caldwell	100%	16.76%	2,707	8.92
Mr. Allison	100%	16.76%	2,160	8.92

Camco desires to motivate and reward executives relative to driving superior future performance, so Camco does not currently consider prior equity-based compensation gains as a factor in determining future compensation levels.

401(k) Salary Savings and Profit Sharing Plans. Camco matches the first 5% of each employee's total 401(k) deferral as follows: 100% of the first 3% and 50% of the remaining 2%. An employee is eligible to make elective deferrals and receive matching contributions immediately upon hire. Camco's matching contributions to the 401(k) Salary Savings Plan vest immediately.

Camco also provides a retirement profit sharing contribution to eligible employees' 401(k) Salary Savings Plan accounts. The profit sharing contribution is invested as follows: 50% in Camco common stock and 50% in funds selected by the employee. Each employee of Camco who has contributed one year of service or at least 1,000 hours will be eligible to receive a retirement profit sharing contribution to his or her 401(k) plan account subject to the following vesting schedule:

Years of Full-Time Employment	Percent Vested
1 year	0%
2 years	20%
3 years	40%
4 years	60%
5 years	80%
6 years	100%

The retirement profit sharing contribution is based on Camco's return on average equity (ROAE) ratio for the calendar year. ROAE is calculated by dividing Camco's net earnings by average stockholders' equity each calendar year. Profit sharing contributions are made into employee 401(k) accounts in any year in which the ROAE is 10% or more. For plan years in which the ROAE is 10% or more, the following contribution schedule shall be followed:

ROAE	% of Annual Salary Contributed to Profit Sharing
10% to 10.99%	1%
11% to 11.99%	2%
12% to 12.99%	3%
13% to 13.99%	4%
14% to 14.99%	5%
15% to 15.99%	6%
16% to 16.99%	7%
17% to 17.99%	8%
18% to 18.99%	9%
19% to 19.99%	10%
20% and higher	11%

Profit sharing contributions were not made to employee accounts for 2007 because Camco's ROAE was 4.98%.

Executive Retirement Benefits. Except for Messrs. Nadeau and Allison, Advantage Bank has entered into Salary Continuation Agreements with each of the Named Executive Officers. These agreements provide that upon termination of employment after the executive reaches age 65, he will receive a monthly payment for 15 years. Mr. Rugg is also a participant in the 1996 Salary Continuation Plan. This Plan provides for 180 monthly payments following his retirement at age 65 and other benefits. See the Employment and Change of Control Agreements discussion on page 18.

Except for Mr. Nadeau, each of the Named Executive Officers has entered into an Executive Deferred Compensation Agreement. Under these agreements, the executive may elect to defer annually a stated maximum amount of his salary until a specified date or until he is no longer employed by Camco. See the Non-qualified Deferred Compensation Table and discussion on page 18.

Other Compensation. The Named Executive Officers are eligible to participate in Camco's broad-based employee benefit plans, such as medical, disability and term life insurance programs.

Due to the geographic distance between Camco's office locations, Camco determined it would be beneficial to provide certain Named Executive Officers either a company car or a car allowance. Camco provides a company car for Messrs. Baylor, Allison and Rugg. Camco provides a car allowance to Mr. Caldwell. Camco pays for country club dues for all Named Executive Officers and a social club membership for Mr. Baylor and Mr. Allison.

Flexible payment universal life insurance policies, which are carried on the books of Camco as tax-free earning assets and provide Camco with cost recovery of the benefit provided, have been purchased on the lives of certain employees, including the Named Executive Officers, other than Mr. Nadeau. Upon the death of one of these Named Executive Officers, a beneficiary named by the executive will receive two times the executive's base salary for the 12 months preceding the month in which the executive dies, up to a maximum of \$300,000. The current death benefit for these Named Executive Officers is as follows: Messrs. Baylor, Severson and Rugg - \$300,000; Mr. Caldwell - \$288,200; and Mr. Allison - \$270,000.

Adjustment or Recovery of Awards

Camco has not adopted a formal policy or any employment agreement provisions that enable recovery, or clawback, of incentive awards in the event of misstated or restated financial results. However, Section 304 of the Sarbanes-Oxley Act does provide some ability to recover incentive awards in certain circumstances. If Camco is required to restate its financials due to noncompliance with any financial reporting requirements as a result of misconduct, the Chief Executive Officer and Chief Financial Officer must reimburse Camco for (1) any bonus or other incentive- or equity-based compensation received during the 12 months following the first public issuance of

the non-complying document, and (2) any profits realized from the sale of securities of Camco during those 12 months.

Tax and Accounting Considerations

Camco takes into account tax and accounting implications in the design of its compensation programs. Under current accounting rules, Camco must expense the grant-date fair value of share-based awards. The grant-date fair value of share-based award is amortized and expensed over the service period or vesting period of the grant.

Section 162(m) of the Internal Revenue Code places a limit on the tax deduction for compensation in excess of \$1 million paid to the chief executive officer and four most highly compensated executive officers of a corporation in a taxable year. All of the compensation Camco paid in 2007 to the Named Executive Officers is expected to be deductible under Section 162(m). The Compensation Committee retains the flexibility, however, to pay non-deductible compensation if it believes doing so is in the best interests of Camco.

Compensation Committee Interlocks and Insider Participation

During 2007, the Compensation Committee Members were Messrs. Feick, Mock and Miller and Ms. Insley. None of these members was a current or former executive officer or employee of Camco or one of its subsidiaries or had a reportable business relationship with Camco or one of its subsidiaries.

COMPENSATION COMMITTEE REPORT

In performing its oversight role, the Compensation Committee has considered and discussed the Compensation Discussion and Analysis with executive management. On March 13, 2008, the Compensation Committee recommended to the Board of Directors that the 2007 CD&A be included in this Proxy Statement.

Respectfully submitted by the 2007 members of the Compensation Committee of the Board of Directors:

Terry Feick (Chair)

(1) The amounts reflect the dollar amount recognized for financial statement reporting purposes for the fiscal year ended December 31, 2007, in accordance with FAS 123(R) of awards pursuant to

the stock option plans and, thus, include amounts from awards granted in and prior to 2007.

Assumptions used in the calculation of these amounts are discussed in Note A-11. Stock Option Plans to Camco's audited financial statements for the fiscal year ended December 31, 2007, which are included in Camco's Annual Report on Form 10-K for the same period.

- (2) The Compensation Committee and Board of Directors decided not to award the 2007 performance-based cash incentive earned by the Named Executive Officers for the reasons discussed in the CD&A above. The values represent the annual incentives earned in the respective fiscal year although it is paid in early part of the following year under the terms of the annual cash incentive plan.
- (3) Camco has Salary Continuation Agreements with Messrs. Baylor, Severson, Rugg

and Caldwell. The amounts listed reflect the 2007 change in the actuarial present value of the accumulated benefits under these agreements. During 2007, there were no above market earnings on deferred compensation agreements where the interest crediting rate exceeded 120% of the Applicable Federal Rate for Section 1274(d) of the Internal Revenue Code; therefore no deferred compensation earnings are included in the table above. Additional information on earnings on deferred compensation agreements is on page 18.

- (4) Mr. Nadeau was appointed to SVP, Treasurer and Chief Financial Officer on July 7, 2007. Mr. Nadeau's base salary is \$135,000.
- (5) Kemper C. Allison was appointed to SVP, Chief Lending Officer in June of 2007. Mr. Allison's base

salary is \$135,000 and he may earn commissions on loan production and other lending activities.

- (6) Mark A. Severson served as SVP, Treasurer and Chief Financial Officer until July 6, 2007. The change in pension value was adjusted due to Mr. Severson's departure to reflect the reversal of \$154,917, which was the unvested amount of his accrued liability. This change is not reflected in the table above.
- (7) The amounts listed include the following benefits and perquisites:

All Other Compensation - Fiscal Year 2007

	401(k) Matching Contribution	Car Allowance	Club Dues	Commissions	Split Dollar Life Insurance	Total
Richard C. Baylor	\$9,671	\$2,083	\$3,112	\$	\$ 321	\$15,187

Kemper C. Allison	4,499	801	4,990			10,290
Mark A. Severson	3,444		2,747		960	7,151

Camco has an employment agreement with Mr. Baylor and Change of Control Agreements with each of Messrs. Nadeau, Allison, Rugg, and Caldwell. The material terms of these agreements are described in detail under the heading Employment and Change of Control Agreements on page 18.

(1) Under the annual cash and equity incentive plans the threshold

awards are \$0.

- (2) Camco granted 185 stock options, at an exercise price of \$12.31, to Mr. Baylor for his service as a director under the 1995 Camco Financial Stock Option Plan, which defines fair market value as the average of the highest and lowest selling price on the date of grant. The remaining 4,402 stock options were granted to Mr. Baylor at an exercise price of \$12.35 for his service as an employee under the Camco 2002 Equity Incentive Plan, which defines fair market value as the average of the closing bid and ask prices on the date of grant. Of the total options granted to Mr. Baylor, 2,304 were incentive options granted to reach the \$100,000 maximum fair value for incentive stock options. The

remaining 2,283 of Mr. Baylor's options granted were non-qualified options. Stock options awarded to the other Named Executive Officers were granted pursuant to the Camco 2002 Equity Incentive Plan. All of these awards were incentive stock options.

- (3) Shares issued on June 7, 2007, were discretionary due to appointment as Chief Financial Officer.
- (4) The January 23, 2007 grants were pro-rated from hire date for previous position held.

Footnotes to Outstanding Equity Awards At Fiscal Year-End Table on Page 16:

* Options were immediately exercisable on grant date

** These options were subject to three year service vesting beginning one year after the date of grant as part of his employment agreement.

(1) Unless otherwise noted, all grants are subject to four year service vesting (20% immediately, and 20% each of the following four years). Unlike the other Named Executive Officers, grants made to Mr. Baylor in 2005, 2006 and 2007 vested 100% immediately; the decision to immediately vest Mr. Baylor's grants was based on an Internal Service Revenue Code 280G assessment and analysis.

Pension Benefits

The following table details post-retirement pension benefit plans for certain of the Named Executive Officers who have salary continuation agreements with Camco.

Name	Plan Name	Present Value Of Accumulated Benefit (\$)
Richard C. Baylor	2002 Salary Continuation Agreement	\$712,202
Mark A. Severson	2002 Salary Continuation Agreement	135,387
D. Edward Rugg	2002 Salary Continuation Agreement	178,186
	1996 Salary Continuation Agreement	50,622
David S. Caldwell	2002 Salary Continuation Agreement	116,870

Under the 2002 Salary Continuation Agreements, upon termination of employment after the Named Executive Officer reaches age 65, such Named Executive Officer will receive the following annual amounts, divided into 12 monthly payments, for 15 years: Mr. Baylor \$410,100; Mr. Rugg \$98,300; and Mr. Caldwell \$140,900. The normal retirement age is defined as age 65. Mr. Severson resigned on July 6, 2007, and will begin receiving annual payments of \$13,317 in monthly installments in February 2008. The agreements also incorporate a ten-year vesting schedule and include provisions for early termination, termination for cause, disability, death, and change of control. Refer to the post-termination narrative below for more detail. The present value of the accumulated benefit for each officer is the accrual balance as of December 31, 2007. The accrual balance under the 2002 Salary Continuation Agreements is determined using a discount rate of 6.00%.

Under the 1996 Salary Continuation Agreements, upon termination of employment after Mr. Rugg reaches age 65, he will receive \$20,500 annually, in 12 monthly payments, for 15 years. The program also includes provisions for early retirement, termination for cause, disability, death, and change of control. If Mr. Rugg retires after age 55, or after having completed 15 years of full-time service before age 65, the 1996 Salary Continuation Plan provides for a reduced benefit with payment starting at age 65. The early retirement benefit would be \$13,711 annually, divided into 12 monthly payments, for 15 years. Mr. Rugg is currently eligible for this benefit. The present value of the accumulated benefit is the accrual balance as of December 31, 2007. The accrual balance under the 1996 Salary Continuation Agreement is determined using a discount rate of 7.50%.

Non-qualified Deferred Compensation

The following table summarizes contributions to and earnings on non-qualified deferred compensation plans:

Name	Executive Contributions in Fiscal 2007	Aggregate Earnings in Fiscal 2007	Aggregate Balance at December 31, 2007
Richard C. Baylor	\$ 10,000	\$ 7,821	\$ 173,406
Mark A. Severson		2,830	60,853
D. Edward Rugg	30,000	9,913	217,293
Kemper C. Allison	5,000	897	20,966
David S. Caldwell	17,915	6,248	143,656

Each of the Named Executive Officers, except for Mr. Nadeau, has entered into an Executive Deferred Compensation Agreement under which he may elect to defer annually a stated maximum amount of his salary and cash incentives until a specified date or until he is no longer employed by Camco. The maximum annual amount of deferral permitted is as follows: Messrs. Baylor and Rugg - \$30,000; Messrs. Caldwell and Allison \$25,000. The interest accrued in 2007 on each Named Executive Officer's individual plan account balance is provided in the table above. Interest is credited on the deferral amounts at an annual rate equal to 75% of Camco's ROAE rate for the preceding year, not to exceed an ROAE of 20%. The actual interest rate credited for 2007 was 4.85% as Camco's 2006 ROAE was 6.46%. Camco does not make any contributions to the executives' deferred accounts and no withdrawals or distributions have been made from these accounts.

EMPLOYMENT AND CHANGE OF CONTROL AGREEMENTS

Camco has an employment agreement with Mr. Baylor for a term ending January 31, 2011. The agreement provides for a base salary of not less than \$262,500 and a performance review not less often than annually, at which time the Board of Directors may extend the term of the agreement. The agreement also provides for the inclusion of Mr. Baylor in any formally established employee benefit, bonus, pension and profit-sharing plans for which senior management personnel are eligible and provides for vacation and sick leave.

Mr. Baylor's employment is terminable by Camco at any time. In the event of termination by Camco other than for just cause or in connection with a change of control, as defined in the agreement, Mr. Baylor will be entitled to (i) a continuation of salary payments for the remainder of the term of his agreement and (ii) a continuation of health, life and disability insurance benefits substantially equal to those being provided at the date of termination of employment until the earliest to occur the end of the term of the agreement or the date Mr. Baylor becomes employed full-time by another employer. In lieu of monthly payments, Mr. Baylor may choose to receive a lump sum payment equal to the present value of the payments using a discount rate of 5.00% per annum.

The agreement also contains provisions with respect to the occurrence within one year after a change of control of the termination of Mr. Baylor's employment for any reason other than just cause. In the event of any such occurrence, Mr. Baylor will be entitled to payment of an amount equal to three times his average annual compensation for the five taxable years immediately preceding the termination of employment. In addition, Mr. Baylor is entitled to continued coverage under all health, life and disability benefit plans for 36 months. Mr. Baylor is entitled to all directors' fees he would have earned if he had remained a director for a period of 36 months.

Camco has change of control agreements with Messrs. Rugg, Nadeau, Caldwell and Allison. Each agreement is for a term of one year with an expiration date of January 31, 2009, and provides for annual performance reviews by the Board of Directors, at which time the Board of Directors may extend the agreement for an additional one-year period. The agreements provide for an annual salary effective January 1, 2008, as follows: Mr. Rugg-\$176,200, Mr. Nadeau \$135,000, Mr. Caldwell \$144,100, and Mr. Allison \$135,000. These agreements are described in greater detail below.

The Salary Continuation Agreements for Messrs. Baylor, Rugg, and Caldwell discussed above under Pension Benefits have non-compete provisions. These non-compete provisions would not apply following a change of control. In the event of Termination of Employment (meaning that the executive ceases to be employed by Camco for any reason, voluntary or involuntary, other than by reason of a leave of absence approved by Camco), Camco shall not pay any benefits under the Salary Continuation Agreements if the executive engages in, becomes interested in, directly or indirectly, as a sole proprietor, as a partner in a partnership, or as a substantial shareholder in a corporation, or becomes associated with, in the capacity of employee, director, officer, principal, agent, or trustee, any enterprise conducted within a 50 mile radius of the location of any facility of which Camco conducts its business, which enterprise is, or may be deemed to be, competitive with any business carried on by Camco as of the date of termination of the executive's employment or retirement.

The discussion and tables below reflect the amount of compensation to each of the Named Executive Officers of Camco in the event of termination of such executive's employment. The amounts shown are estimates and assume a termination date of December 31, 2007. Amounts do not include compensation and benefits available generally to all of Camco's salaried employees on a non-discriminatory basis. COC refers to a change of control event, as defined by the agreements.

Early Termination / Early Retirement

Under the 2002 Salary Continuation Agreements, Messrs. Baylor, Rugg, and Caldwell are eligible for an early termination benefit. Early termination is defined as the termination of employment (voluntary or involuntary) before normal retirement age (65) for reasons other than death, disability, termination for cause, or following a change of control. These Named Executive Officers will receive payments based on their vested accrual balance starting the month following termination for 15 years. Annual projected benefits under this plan include the following: Mr. Baylor-\$46,352, Mr. Rugg-\$19,344, and Mr. Caldwell-\$6,219. Mr. Rugg has an early retirement benefit under the 1996 Salary Continuation Agreement. Early retirement is defined as attaining age 55 or completing 15 years of service. Mr. Rugg will receive payments based on his vested accrual balance starting the month following age 65 for 15 years if they terminate employment after the early retirement date but before age 65 for reasons other than death or disability. Annual projected benefits under this plan \$13,635. Mr. Severson resigned on July 6, 2007 and will begin receiving annual payments of \$13,317 in monthly installments starting in February 2008 for 15 years under his 2002 Salary Continuation Agreement.

Camco Terminates Employment for Any Reason Other Than Just Cause Without Change of Control (Baylor)

As specified in Mr. Baylor's employment agreement, in the event of termination by Camco other than for just cause and without a change of control, Mr. Baylor will be entitled to (i) a continuation of salary payments for the remainder of the term of his agreement and (ii) a continuation of health, life and disability insurance benefits substantially equal to those being provided at the date of termination of employment until the earliest to occur the end of the term of the agreement or the date Mr. Baylor becomes employed full-time by another employer (we assume payments would occur until the end of the term of the agreement or 36 months). For illustration purposes, in the table we assume an early termination benefit is paid under the 2002 Salary Continuation Agreement.

Camco Terminates Employment for Any Reason Other Than Just Cause After Change of Control (Baylor)

As specified in Mr. Baylor's employment agreement, in the event of the termination of Mr. Baylor's employment for any reason other than just cause within one year after a change of control, Mr. Baylor will be entitled to a payment equal to three times his average annual compensation as defined in Section 280G of the Internal Revenue Code. In addition, Mr. Baylor is entitled to continued coverage under all health, life and disability benefit plans until the earlier of the end of the term of the agreement or the date on which Mr. Baylor is included in another employer's benefit plans as a full-time employee (we assume payments would occur until the end of the term of the agreement or 36 months). Mr. Baylor is entitled to all directors' fees he would have earned if he had remained a director for a period of 36 months (Camco no longer provides director fees for Mr. Baylor). As specified in the 2002 Salary Continuation Agreement, benefits are only payable to the extent they would not create excise tax under the excess parachute rules of Section 280G of the Internal Revenue Code (Section 280G). Under this provision, Mr. Baylor would only receive vested benefits under the plan and not accelerated payments relating to a change of control. Stock options granted under the Camco Financial Corporation 1995 Stock Option and Incentive Plan and the 2002 Equity Incentive Plan accelerate and become immediately exercisable in the event of a change of control. Mr. Baylor's unvested stock options currently do not have any intrinsic value (because the grant price is greater than the December 31, 2007 stock price).

Camco Terminates Employment for Any Reason Other Than Just Cause Prior to or After Change of Control, Voluntary Termination for Good Reason After Change of Control (Nadeau, Rugg, Caldwell, Allison)

As specified in the change of control agreements for Messrs. Nadeau, Rugg, Caldwell, and Allison, if the officer is terminated by Camco for any reason other than just cause, within six months prior to a change of control, or within one year after a change of control, Camco will pay (1) the officer an amount equal to two times his annual compensation and (2) the premiums required to maintain coverage under the health insurance plan in which the officer is a participant immediately prior to the change of control until the earlier of (i) the second anniversary of his termination or (ii) the date the officer is included in another employer's benefit plans. Camco defines annual

compensation as base salary. The officer will also be entitled to payments if he voluntarily terminates his employment within twelve months following a change of control under the general definition of good reason, which is defined in the agreements as (1) the capacity or circumstances in which the officer is employed are changed (including, without limitation, a reduction in responsibilities or authority, or a reduction in salary; (2) the officer is required to move his personal residence, or perform his principal executive functions, more than thirty-five miles from his primary office as of the date of the agreement; or (3) Camco otherwise breaches the agreement. Payments shown in the table above are reduced to the maximum amount which may be paid under Section 280G without triggering excise tax (as applicable). As specified in the 2002 Salary Continuation Agreement, for Messrs. Rugg and Caldwell, benefits are only payable to the extent they would not create excise tax under Section 280G. Under this provision, Mr. Rugg would receive the full change of control benefit, as he is fully vested in this benefit. Mr. Caldwell would receive the full change of control benefit, as this benefit would not trigger excise tax under Section 280G. Under the 1996 Salary Continuation Agreements for Mr. Rugg, benefits are only payable to the extent that they would not create excise tax under Section 280G. He would receive the full change of control benefit, as he is fully vested in this benefit. Stock options granted under the Camco Financial Corporation 2002 Equity Incentive Plan accelerate and become immediately exercisable in the event of a change of control. The Named Executive Officers unvested stock options currently do not have any intrinsic value (because the grant price is greater than the December 31, 2007, stock price).

Voluntary Termination After Change of Control

As specified in the 2002 Salary Continuation Agreements, Messrs. Baylor, Rugg, and Caldwell will receive payments based on 100% of their vested accrual balance starting the month following termination for 15 years. Annual projected benefits under this plan include the following: Mr. Baylor-\$77,254, Mr. Rugg-\$19,344, and Mr. Caldwell-\$12,439. Under the 1996 Salary Continuation Agreement, Mr. Rugg is eligible for a benefit upon a change of control while he is in the active service of the Bank. He will receive a lump sum payment based on 100% of his vested accrual balance after the change of control. The lump sum payment under this plan is \$51,235. Under both the 1996 and 2002 Salary Continuation Agreements, the benefit is only payable up to the amount that would not trigger excise tax under Section 280G.

Disability

Under the 2002 Salary Continuation Agreements, Messrs. Baylor, Rugg, and Caldwell will receive payments based on 100% of their vested accrual balance starting the month following termination for 15 years. Annual projected benefits under this plan include the following: Mr. Baylor-\$77,254, Mr. Rugg-\$19,344, and Mr. Caldwell-\$12,439. Under the 1996 Salary Continuation Agreement, Mr. Rugg will receive payments based on 100% of his vested accrual balance starting the month following termination for 15 years. Annual projected benefits under this plan are \$5,644. Stock options granted under the Camco Financial Corporation 2002 Equity Incentive Plan accelerate and become immediately exercisable. In the event of termination for reason of disability, after completing 15 years of service, each Named Executive Officer has the option to continue the split dollar life insurance policy.

Death

Under the 2002 Salary Continuation Agreements, the beneficiaries of Messrs. Baylor, Rugg, Severson, and Caldwell will receive payments starting the month following death for 15 years. Annual projected benefits under this plan include the following: Mr. Baylor-\$410,000, Mr. Rugg-\$98,300, Mr. Severson-\$13,317, and Mr. Caldwell-\$140,900. Under the 1996 Salary Continuation Agreements, the beneficiaries for Mr. Rugg will receive payments starting the month following death for 15 years. Annual projected benefits under this plan are \$20,500. Stock options granted under the Camco Financial Corporation 2002 Equity Incentive Plan accelerate and become immediately exercisable. The beneficiaries of Messrs. Baylor, Rugg, Caldwell, Severson and Allison will receive the death benefits from the split dollar life insurance policies.

Termination For Cause

If Camco terminates any of the Named Executive Officers for cause, Camco shall have no obligations to the executive after the date of termination.

SECTION 16(a) BENEFICIAL OWNERSHIP REPORTING COMPLIANCE

Section 16(a) of the Securities Exchange Act of 1934 requires Camco's executive officers and directors, and persons who own more than ten percent of Camco's common stock, to file reports of ownership and changes in ownership on Forms 3, 4 and 5 with the Securities and Exchange Commission and to provide Camco with a copy of such form. Based on Camco's review of the copies of such forms it has received, Camco believes that its executive officers and directors complied with all filing requirements applicable to them with respect to transactions during the fiscal year ended December 31, 2007, except that each of Messrs. R. Dix, Feick, Goodyear, Leake, Miller, Mock, Rugg, Speck, Tucker, Young, and Ms. Insley filed one late Form 4 reporting the purchase of stock in the Director Deferred Compensation Plan. Mr. Mock also filed one late Form 4 reporting twelve individual private purchases of Camco stock.

RELATED PERSON TRANSACTIONS

Some of the directors and executive officers of Camco have banking relationships with Advantage Bank. All loans made to directors and executive officers (i) were made in the ordinary course of business; (ii) were made on substantially the same terms, including interest rates and collateral, as those prevailing at the time for comparable loans with persons not related to Camco; and (iii) did not involve more than the normal risk of collectability or present other unfavorable features.

The Board of Directors review all related party transactions. All loans to directors and executive officers are approved by a majority of the independent directors even though such loans are not made on favorable terms. Camco does not make any commercial loans to directors or other executive officers. The Code of Ethics provides that if any director or executive officer has an interest in a transaction involving Camco, it must be reported to the Audit Committee. The Audit Committee will determine if a conflict exists and the disinterested directors will approve or disapprove the transaction.

Advantage Bank engaged Best Property Management to perform property management and renovation services, including building code compliance, for several 1-4 family and multifamily residential properties in Central Ohio, which were foreclosed upon by Advantage Bank, or for which Advantage Bank had deed in lieu of foreclosure. Best Property Management is owned by Charles M. Allison, the brother of Kemper A. Allison who is the Senior Vice President and Chief Lending Officer for Advantage Bank. The total amount paid to Best Property Management during 2007 was approximately \$196,000, which Camco believes reflects competitive market rates for the services provided. Additionally, Charles M. Allison purchased a distressed property from Advantage Bank in 2007 for \$315,000. Advantage Bank financed the purchase and extended additional rehabilitation funds of \$40,000 on the property. The Audit and Risk Management Committee ratified these transactions and the relationship between Advantage Bank and Charles Allison's interests.

AUDIT AND RISK MANAGEMENT COMMITTEE REPORT

The Audit and Risk Management Committee of the Board of Directors of Camco is comprised of four directors, all of whom are considered independent under Rule 4200(a)(15) of Nasdaq's listing standards. The committee is responsible for overseeing Camco's accounting functions and controls, as well as selecting an accounting firm to audit Camco's financial statements. The committee has adopted a charter. The committee has the sole authority to select, compensate, oversee, evaluate and, where appropriate, replace Camco's independent registered public accounting firm. Additionally, the charter requires the committee to review and approve in advance any audit and non-audit services to be provided by the Company's independent registered public accounting firm, other than prohibited non-auditing services. The committee has the sole authority to make these approvals, although such approval has been delegated to the Chairman of the committee, Mr. Tucker. Any actions taken by the chairman are subsequently presented to the committee for ratification. The committee approved all services provided by Plante & Moran, PLLC (Plante Moran) in 2007.

The Audit and Risk Management Committee has developed procedures for the receipt, retention and treatment of complaints received by Camco from shareholders regarding accounting, internal accounting controls or auditing matters and a process for receiving and investigating confidential, anonymous submission of concerns regarding questionable accounting or auditing matters by employees of Camco. These procedures are available on Camco's website: www.camcofinancial.com.

The Audit and Risk Management Committee received and reviewed the report of Plante Moran regarding the results of their audit as well as the written disclosures required by Independence Standards Board Standard No. 1. The Audit and Risk Management Committee determined that the provision by Plante Moran of the services included in the table below under All Other Fees is compatible with maintaining Plante Moran's independence. The committee reviewed the audited financial statements with the management of Camco. A representative of Plante Moran also discussed with the committee the independence of Plante Moran from Camco, as well as the matters required to be discussed by Statement of Auditing Standards No. 114, as may be amended from time to time. Discussions between the committee and the representative of Plante Moran included the following:

Plante Moran's responsibilities in accordance with standards of the Public Company Accounting Oversight Board

The initial selection of, and whether there were any changes in, significant accounting policies or their application

Management's judgments and accounting estimates

Whether there were any significant audit adjustments

Whether there were any disagreements with management

Whether there was any consultation with other accountants

Whether there were any major issues discussed with management prior to Plante Moran's retention

Whether Plante Moran encountered any difficulties in performing the audit

Plante Moran's judgments about the quality of Camco's accounting principles

Plante Moran's responsibilities for information prepared by management that is included in documents containing audited financial statements

Based on its review of the financial statements and its discussions with management and the representative of Plante Moran, the Audit and Risk Management Committee did not become aware of any material misstatements or omissions in the financial statements. Accordingly, the Audit and Risk Management Committee recommended to the Board of Directors that the audited financial statements be included in the Annual Report on Form 10-K for the year ended December 31, 2007.
