1. ELECTION OF DIRECTORS

Board Structure

The Corporation currently has twelve directors. Eleven directors are divided into three classes: three in Class I, four in Class II and four in Class III. Mr. Charles C. Krulak was elected a director of the Corporation on December 7, 2005. Messrs. Robert N. Burt and Robert D. Krebs, both Class III members, notified the Board that they planned to retire and, as a result, would not be standing for re-election at the 2006 annual meeting of shareholders. The terms of office of the two remaining Class III directors expire at the 2006 annual meeting of shareholders. The Corporation would like to publicly thank Messrs. Burt and Krebs, who have served as Directors for 13 years and 19 years, respectively, for their dedication and long service to the Corporation.

The Board of Directors has nominated Messrs. Dustan E. McCoy and Martin H. Richenhagen to stand for election to the Board at the 2006 annual meeting of shareholders. Messrs. Krulak and McCoy will stand for election as Class III directors at the 2006 annual meeting of shareholders for a term of three years. Class III and Class I Election

The four nominees for election as Class III directors and the one nominee for election as a Class I director are listed below. If elected, the nominees for election as Class III directors will serve for a term of three years and until their successors are elected and qualify. Unless you instruct us on the proxy card to vote differently, we will vote signed, returned proxies FOR the election of such nominees. If for any reason any nominee cannot or will not serve as a director, we may vote such proxies for the election of a substitute nominee designated by the Board of Directors.

Vote Required to Elect Class III and Class I Nominees

**CORPORATE GOVERNANCE AND GENERAL INFORMATION
CONCERNING THE BOARD OF DIRECTORS AND ITS COMMITTEES**

Board Governance Adherence to the highest standards of corporate governance practices has been the foundation for conducting the businesses of Phelps Dodge since 1885. Additional information about the Corporation's corporate governance practices, including its Corporate Governance Guidelines, the Charters for the Audit Committee, Compensation and Management Development Committee and the Committee on Directors and Corporate Governance, are published on the Corporation's website at www.phelpsdodge.com. The Phelps Dodge Corporation Code of Business Ethics & Policies (to which every non-bargained domestic and international employee attests annually) and the Code of Ethics for Directors are also available on the Corporation's website. Each of these documents is also available free of charge to any shareholder who requests a copy in writing.

Board Independence The Board of Directors requires that a majority of its members be independent. The Board adopted the following independence standards, which are consistent with criteria established by the New York Stock Exchange, to assist the Board in making these independence determinations.

A Director is independent if the Board has made an affirmative determination that such Director has no material relationship with the Corporation (directly or as a partner, shareholder or officer of an organization that has a relationship with the Corporation). In addition:

A Director who is an employee, or whose immediate family member is an executive officer, of the Corporation is not independent until three years after the end of such employment relationship.

A Director who receives, or whose immediate family member receives, more than \$100,000 during any twelve-month period in direct compensation from the Corporation, other than Director and Committee fees and a pension or other forms of deferred compensation for prior service (provided such compensation is not contingent in any way on continued service), is not independent until three years after he or she ceased to receive more than \$100,000 in any twelve-month period in such compensation.

A Director who is affiliated with or employed by, or whose immediate family member is affiliated with or employed in a professional capacity by, a present or former internal or external auditor of the company is not independent until three years after the end of the affiliation or the auditing relationship.

A Director who is employed, or whose immediate family member is employed, as an executive officer of another company where any of the Corporation's present executives serve on that company's compensation committee is not independent until three years after the end of such service or the employment relationship.

A Director who is a current employee, or whose immediate family member is an executive officer, of a company that has made payments to, or receives payments from, the Corporation for property or services in an amount which, in any single fiscal year, exceeds the greater of \$1 million or 2% of such other company's consolidated gross revenues, in each case is not

Edgar Filing: PHELPS DODGE CORP - Form DEF 14A
independent until three years after falling below such threshold.

5

Table of Contents

The Board has reviewed all material transactions and relationships between each nominee for director and each current director, or any member of his or her immediate family, and the Corporation, its senior management and its independent accounting firm and internal audit firm. Based on this review and in accordance with the independence standards outlined above, the Board of Directors has affirmatively determined that both director nominees and all of the non-employee directors, other than Mr. Post, are independent. As a result, ten of the Corporation's twelve directors are independent.

The Board has determined that Mr. Post is not independent because he is an executive officer of another company that during 2005 received payments from the Corporation in an amount which exceeded the greater of \$1 million or 2% of such other company's consolidated gross revenues. Mr. Post is an executive officer of Pinnacle West Capital Corporation (Pinnacle West) and its subsidiary, Arizona Public Service (APS). Pinnacle West and APS are engaged in the business of supplying electricity to substantial portions of Arizona and other parts of the western United States. The rates charged by Pinnacle West and APS for electricity, which in some cases were fixed by governmental authority, offered economic advantages to the Corporation, in part because of the proximity of APS's generation and transmission facilities to certain of the Corporation's Arizona operations. Because the Corporation's purchases of electricity from Pinnacle West and APS amounted to approximately 2.2% of Pinnacle West's consolidated gross revenues in 2005, Mr. Post does not qualify as an independent director.

Board Meetings

The Board of Directors met 12 times during 2005. Each director attended at least 75% of the combined number of meetings of the Board and of the committees on which such director served. The average attendance for all directors was 94%. The non-management directors meet regularly in executive sessions without management. Executive sessions are presided over by the Chair of the Committee on Directors and Corporate Governance. The Chair of that Committee may, if desired, delegate such responsibility to another independent director, including the Chair of the Committee having jurisdiction over the bulk of the issues to be discussed at an executive session. The Corporation does not require directors to attend the annual meeting of shareholders. The Corporation believes that information concerning the Corporation is readily available from a variety of sources, including from management, and the Board is accessible to shareholders through additional, more effective means. Mr. Whisler was the only director who attended the 2005 annual meeting.

Shareholders and other interested parties who wish to contact our directors may send written correspondence, in care of the Corporate Secretary, to Phelps Dodge Corporation, One North Central Avenue, Phoenix, Arizona 85004. Communications may be directed to our presiding director, our audit Committee chair, or all of our non-management directors.

Communications addressed to directors that discuss business or other matters relevant to the activities of the Board of Directors will be preliminarily reviewed by management and then distributed either in summary form or by delivering a copy of the communication. Communications will be distributed to the director, or group of directors, to whom they are addressed. With respect to other correspondence received by the Corporation that is addressed to one or more directors, the Board has requested that the following items not be distributed to directors, because they generally fall into the purview of management, rather than the Board: junk mail and mass mailings, product and

services complaints, product and services inquiries, resumes and other forms of job inquiries, solicitations for charitable donations, surveys, business solicitations or advertisements.

Board Committees

The Audit Committee comprises Messrs. Johnson, (Mrs.) Knowles, Krebs, Krulak (effective December 2005), Madonna (Chair) and Thompson and met nine times during 2005. The Board of Directors determined that Mr. Madonna (Chair) is an audit committee financial expert (as defined by SEC regulations) and that each member of the Committee is independent, as defined by NYSE regulations, financially literate and possesses financial management expertise. The Committee generally performs the following functions:

Selects, evaluates and makes all decisions concerning the performance, compensation, retention and termination of the Corporation's independent registered public accounting firm;

Assists the Board of Directors with oversight of: (i) the quality and integrity of the Corporation's financial statements; (ii) the Corporation's compliance with legal and regulatory requirements; (iii) the independence and qualifications of the Corporation's independent registered public accounting firm; and (iv) the performance of the Corporation's internal audit function;

Prepares the report of the Audit Committee to be included in the Corporation's proxy statement as required under the rules of the Securities and Exchange Commission; and

Provides an open avenue of communication among the independent accountants, financial and senior management, the internal auditing function, and the Board of Directors.

The Compensation and Management Development Committee comprises Messrs. Burt, Dunham (Chair), Franke, Johnson, (Mrs.) Knowles and Parker and met three times during 2005. The Board of Directors determined that each member of the Committee is independent, as defined by NYSE regulations. The Committee generally performs the following functions:

Reviews and approves the compensation of the Corporation's senior officers;

Reviews management recommendations concerning the compensation of other officers and key personnel;

Reviews the Corporation's program for management development; and

The Committee on Directors and Corporate Governance comprises Messrs. Burt, Dunham, Franke (Chair), Krebs, Krulak (effective December 2005), Madonna and Parker and met three times during 2005. The Board of Directors determined that each member of the Committee is independent, as defined by NYSE regulations. The Committee generally performs the following functions:

Makes recommendations concerning the composition of the Board and its Committees and reviews director compensation;

Edgar Filing: PHELPS DODGE CORP - Form DEF 14A

Reviews the qualifications of potential director candidates and recommends to the Board nominees for election as directors; and

Develops and reviews the Board governance policies and makes recommendations concerning the corporate governance program for the Corporation.

Table of Contents

Applications, recommendations or proposed nominees for directors will be referred to the Committee on Directors and Corporate Governance. Applications, recommendations and nominations should be sent to the Assistant General Counsel and Secretary of the Corporation and should include the address and a brief description of the background, professional experience and qualifications of the individual recommended.

The Committee on Directors and Corporate Governance considers candidates for Board membership suggested by its members and other Board members, as well as management and shareholders. There are no differences in the manner in which the Committee on Directors and Corporate Governance evaluates nominees for the Board of Directors based on whether or not the nominee is recommended by a shareholder. The Committee on Directors and Corporate Governance evaluates prospective nominees against a number of standards and qualifications, including the qualifications in the Phelps Dodge Corporate Governance Guidelines under the heading, Membership Criteria for Non-Employee Directors of Phelps Dodge Corporation. The Corporate Governance Guidelines are published on the Corporation's website at www.phelpsdodge.com. The Committee also considers such other factors as it deems appropriate, including the current composition of the Board, the balance of management and independent directors, the need for Audit Committee expertise and the evaluations of other prospective nominees. The Committee then determines whether to interview the prospective nominees, and, if warranted, one or more of the members of the Committee on Directors and Corporate Governance, and others as appropriate, interview such prospective nominees whether in person or by telephone. After completing this evaluation and interview, the Committee on Directors and Corporate Governance makes a recommendation to the full Board of Directors as to the persons who should be nominated by the Board of Directors. The Board of Directors then determines the nominees after considering the recommendation and report of the Committee on Directors and Corporate Governance.

Upon the recommendation of the Committee on Directors and Corporate Governance, Mr. Charles C. Krulak was elected to the Board of Directors on December 7, 2005. Mr. Krulak was selected from a group of several candidates and he was first identified as a candidate to the Committee by a non-management director. Mr. Krulak was reviewed and interviewed by an executive search firm that was retained by the Committee to assist in identifying and evaluating potential director candidates. Mr. Krulak was then interviewed by the Chair of the Committee, and the chairman and chief executive officer of the Corporation prior to his election.

Upon the recommendation of the Committee on Directors and Corporate Governance, Messrs. Dustan E. McCoy and Martin H. Richenhagen were nominated for election to the Board of Directors on April 5, 2006. Messrs. McCoy and Richenhagen were both selected from a group of several candidates and were first identified to the Committee as possible candidates by a search firm retained to search for new director candidates. Both Messrs. McCoy and Richenhagen were interviewed by the Chair of the Committee and the chairman and chief executive officer prior to their nomination.

The Corporation retains an executive search firm to assist it in identifying and evaluating potential director candidates as and when necessary.

Table of Contents

The Environmental, Health and Safety Committee comprises Messrs. Dunham, Johnson, (Mrs.) Knowles, Parker, Post (Chair) and Thompson and met five times in 2005. The Committee generally performs the following functions:

- Reviews the Corporation's environmental, health and safety policies;
- Reviews management's implementation of these policies; and
- Makes reports and recommendations to the Board concerning the results of its reviews.

The Finance Committee comprises Messrs. Burt, Franke, Krebs, Krulak (effective December 2005), Madonna, Post and Thompson (Chair) and met three times during 2005. The Committee generally performs the following functions:

- Reviews the financial affairs of the Corporation and its subsidiaries;
- Recommends to the Board financial policies and actions to accommodate the Corporation's goals and operating strategies while maintaining a sound financial condition; and
- Reviews the funding and management of assets for retirement income plans of the Corporation and its subsidiaries.

Board Compensation Directors who are not salaried employees of the Corporation (non-employee directors) receive compensation for their Board service comprised both of cash and equity components. The Committee on Directors and Corporate Governance reviews director compensation from time to time and recommends appropriate increases and changes in structure. The following compensation structure for directors was approved by the full Board effective July 1, 2004:

Annual Retainer	\$65,000
Annual Committee Chair Retainers	Audit Committee: \$12,500 Compensation and Management Development Committee: \$7,500 Committee on Directors and Corporate Governance: \$5,000 Environmental, Health and Safety Committee: \$3,000 Finance Committee: \$3,000
Attendance Fees	\$1,500 for each Board meeting \$1,500 for each Board committee meeting
Shares of Stock	The foregoing retainers and fees, at the election of the Director, may be received in an equivalent number of the Corporation's common shares in lieu of cash.
Stock Units	Number of stock units equal in value to \$75,000 on date of grant under the Directors Stock Unit Plan described below.

Directors Stock Unit Plan In order to encourage increased stock ownership, the Board of Directors adopted the Corporation's Directors Stock Unit Plan. Pursuant to this plan, effective as of January 1, 2005, each non-employee director receives an annual grant of stock units having a value equal to

\$75,000 on the date of the grant. One unit is equal in value to one share of the Corporation's common stock. While stock units do not confer on a director the right to vote, each stock unit is credited on each dividend payment date with stock units equal to the

Table of Contents

applicable dividend payable on the Corporation's common shares. Upon termination of service as a director, the director is entitled to payment of his or her accumulated stock units in an equivalent number of the Corporation's common shares or in cash.

The Board of Directors approved a Third Amendment to the plan on February 1, 2006. The primary purpose of the amendment was to provide pro-rata awards to new directors upon joining the Board. The Corporation's existing Directors Stock Unit Plan terminates on December 31, 2006. A new plan is presented in this proxy for shareholder consideration which, if approved, will have an effective date of January 1, 2007.

The Corporation also purchases additional D&O liability insurance coverage from Corporate Officers & Directors Assurance Ltd., Starr Excess Liability Insurance International Ltd. and Allied World Assurance Company, Ltd. The following directors served on the Compensation and Management Development Committee during 2005: Messrs. Burt, Dunham (Chair), Franke, Johnson, (Mrs.) Knowles and Parker. SHARE OWNERSHIP OF DIRECTORS AND EXECUTIVE OFFICERS

The following table lists the common share ownership as of March 31, 2006 for our directors and executive officers. On February 1, 2006, the Corporation announced that the Board of Directors had approved a two-for-one split of the Corporation's common stock, to be effected in the form of a 100 percent stock dividend. Common shareholders of record at the close of business on February 17, 2006, received one additional share of common stock for every share they owned as of the date. The additional shares were distributed on March 10, 2006. The share numbers in the table below reflect the effect of this stock dividend. Beneficial Ownership includes shares a director or officer has the power to vote or transfer, and stock options that were exercisable on March 31, 2006 or within 60 days thereafter. On March 31, 2006, the directors and the five named executive officers of the Corporation owned, in the aggregate, 1,004,063, shares of the Corporation's common stock (less than one percent of the shares outstanding). The Corporation's non-employee directors also have interests in stock-based units under Corporation's plans. While these units may not be voted or transferred, they are listed in the table below because they represent a component of the total economic interest of our directors in the Corporation's stock.

Table of Contents**SECTION 16(a) BENEFICIAL OWNERSHIP REPORTING COMPLIANCE**

Based on a review of reports filed by our directors, executive officers and beneficial holders of 10% or more of our outstanding shares, and upon representations from those persons, all reports required to be filed by our reporting persons during 2005 were filed on time. During reconciliations performed in connection with the recent stock split, we discovered that several required filings had not been made due to administrative errors. Amended and late forms have since been filed to report the transactions, each of which involved a relatively small number of shares. Based on these amended filings, in 2006 there were: a late filing for a Form 4 transaction in February 2006 for Kalidas V. Madhavpeddi, former Senior Vice President - Asia, late Form 4s due for the period August 2002 through 2004 for exempt acquisitions under our deferred compensation plan by director Mr. Archie W. Dunham, and an amended report including missing holdings on a Form 3 by David C. Naccarati, President - Phelps Dodge Mining Company.

- (a) On February 1, 2006, the Corporation's Board of Directors approved a two-for-one split of the Corporation's common stock, to be effected in the form of a 100 percent stock dividend. The dividend was distributed on March 10, 2006 and the stock started trading on a post-split basis on March 13, 2006. The information in this table is reported as of December 31, 2005, and all shares are denoted on a pre-split basis and do not reflect the effect of the recent stock dividend. Had the stock dividend occurred on or prior to December 31, 2005, the number of securities in column (a) would have been 1,111,174; the weighted average exercise price in column (b) would have been \$29.82; and the number of securities in column (c) would have been 7,647,204.
- (b) Two plans in which members of the Board of Directors may participate and that have not been approved by security holders include provisions that authorize, under certain circumstances, the issuance of equity shares. The Phelps Dodge Corporation Directors Stock Unit Plan, effective as of January 1, 1997, provided for an annual grant of 450 units in each of 1998, 1999 and 2000. Commencing in 2001 and continuing through 2004, the grants were equal in value to \$50,000, increasing to \$75,000 for awards on and after January 1, 2005, with prorated awards permitted with respect to services to be performed in 2006. Commencing in 2001, these grants were based upon the fair market value of a share of Phelps Dodge stock on the day preceding the date of grant. Participants in this plan may elect to receive distributions from this plan in a lump sum or installments, in the form of Phelps Dodge common shares or cash following termination from service as a director. This plan terminates in accordance with its terms on December 31, 2006. Directors may elect, in accordance with the provisions of the Deferred Compensation Plan for the Directors of Phelps Dodge Corporation, effective as of January 1, 1999, to defer the payment of their directors' fees, and if so elected, to receive in the future the payment of those fees in

Phelps Dodge common shares or cash. Participating directors may elect to receive a distribution from this plan, no later than the plan year in which the director reaches age 75, either in cash or in shares of Phelps Dodge common stock or in a specified combination thereof. Based on the nature of these plans, (i) column (b) is not applicable, as there is no exercise price related to the units, and (ii) it is not possible to determine the exact number of equity securities that remain for future issuance under these plans, although the number of shares already issued under these plans since their inception is not material.

Table of Contents**Stock Options**

Each of the executives listed in the Summary Compensation Table was eligible to receive stock option grants during 2005. These grants are a compensatory award, normally made on an annual basis, intended to reward each named executive based on the Corporation's future performance.

The following table contains information with respect to the normal compensatory option grants made to each named executive during 2005 and the hypothetical value at the time of grant based on a variation of the Black-Scholes option pricing model (see footnote (c) below). The Corporation is not aware of any option pricing model that can provide a true assessment of the value of the options. During their lives, the options could have a greater or a lesser value than that shown in the table, and under some circumstances they could have zero value.

The stock option information is reported as of December 31, 2005, and as a result all share and option numbers are denoted on a pre-split basis and do not reflect the effect of the recent stock dividend.

Option Grants in 2005

Arthur R. Miele	6,400	4.8%	\$ 96.19	2/2/15	\$ 227,456

- (a) Stock options expire no later than the tenth anniversary of the date of grant, plus one day. If an employee retires on his or her normal retirement date, or retires early under any pension or retirement plan maintained by the Corporation or any subsidiary, becomes disabled, or dies, his or her exercisable options terminate upon the fifth anniversary of his or her retirement, disability or death or the original expiration date, if earlier. If an optionee's employment terminates for any reason other than retirement, disability or death, his or her exercisable options terminate no later than one month following the termination of his or her employment.

Stock options become exercisable in three substantially equal installments beginning on the first anniversary of the date of grant. Stock options also become exercisable (but not earlier than six months from the date of grant) in certain change of control situations, specifically (i) during the 30-day period following the date of a Merger Consummation or Tender Purchase (as defined in the applicable stock option agreement) and (ii) not later than the date of a termination of employment for a reason other than death, disability, for cause or, under certain circumstances, a voluntary termination of employment by the executive, if such termination occurs within two years following a change in control.

- (b) Illustrates the total number of options granted as a percent of the aggregate number of 2005 options (133,900) (pre-split) granted to all employees.

Table of Contents

(c) The hypothetical present value of the options at the date of grant was determined using a variation of the Black-Scholes option pricing model. The Black-Scholes model is a complicated mathematical formula which is widely used to value options traded on the stock exchanges. However, executive stock options differ from exchange-traded options in several key respects. Executive options are long-term, nontransferable and subject to vesting restrictions, whereas exchange-traded options are short-term and can be exercised or sold immediately in a liquid market. The model used here is adapted to estimate the present value of an executive option and considers a number of factors, including the grant price of the option, the volatility of the Corporation's common shares, the dividend rate, the term of the option, the time it is expected to be outstanding and interest rates. The Black-Scholes values were derived using as assumptions the following financial factors which existed at or about the time that the options were granted: volatility of 0.3983, dividend yield of 1.04%, and an interest rate of 3.76%. In view of the Corporation's historic exercise experience, options were assumed to be outstanding for five years at time of exercise. No downward adjustments were made to the resulting grant-date option values to account for potential forfeiture or non-transferability of the options in question. Because the Black-Scholes model was not developed for executive options and requires the use of assumptions primarily based on conditions in effect at the time of grant (and not over the term of the option), it provides only a theoretical estimate of the value of these options.

- (a) The Retirement Plan provides a member upon retirement at age 65 with a pension for life in a defined amount based upon final average compensation and length of benefit service. Under the Retirement Plan, final average compensation is the highest average annual base salary for any consecutive 36-month period plus the highest average annual incentive compensation for any consecutive 60-month period during a member's last 120 months of employment. Benefit service includes all periods of employment with the Corporation or its participating subsidiaries. Benefits under the Retirement Plan are subject to certain limitations under the Code, and to the extent the result of such limitations would be a benefit less than would otherwise be paid under such Plan, the difference is provided under the Supplemental Retirement Plan. The formula for determining benefits payable under the Retirement Plan takes into account estimated social security benefits payable. The amounts set forth in the table assume maximum social security benefits payable in 2006.

- (b) The expected credited years of benefit service at normal retirement for the Corporation's five current named executive officers as of December 31, 2005 are as follows: Mr. Whisler, 43 years; Mr. Snider, 45 years; Mr. Peru, 42 years; Mr. Colton, 32 years; and Mr. Miele, 38 years. The years of service are based on normal retirement for all executive officers under the Retirement Plan and the applicable provisions of the Supplemental Retirement Plan.

Table of Contents**SEVERANCE AND CHANGE OF CONTROL ARRANGEMENTS****Severance Agreements With Our Executives**

The Corporation has severance agreements (Severance Agreements) with each of its five named executive officers and other members of its senior management under which each such executive will receive a lump sum payment equal to his or her annual base salary in the event the Corporation terminates his or her employment, other than for cause or mandatory retirement, or the executive voluntarily terminates his or her employment because of material reductions in his or her salary or his or her position, duties and responsibilities. The terminated executive will also receive (i) outplacement services at a cost up to a maximum of 15% of his or her base salary and (ii) the cost of continued coverage for a limited period under the Corporation's group health, life insurance and disability plans. All executive officers, as well as certain other key management personnel, have Severance Agreements with the Corporation.

Change of Control Agreements With Our Executives

The Corporation also has agreements with the named executive officers and other members of its senior management team under which each executive will receive, in the event he or she ceases to be employed by the Corporation within two years following a change of control of the Corporation (for a reason other than death, disability, willful misconduct, or under certain circumstances a voluntary termination of employment by the executive), a lump sum equal to (i) three times the executive's highest base salary during that year and the prior two years plus (ii) three times the executive's target bonus under the Annual Incentive Compensation Plan in the year in which the change of control occurs, less (iii) any severance amounts payable under his or her Severance Agreement. These executives also have a 30-day window period beginning immediately after the first anniversary date of the change of control to voluntarily terminate their employment and still receive their change of control benefits. If the payments trigger an excise tax under the Internal Revenue Code, the Corporation will provide the executive with a tax gross-up payment to reimburse the executive for any excise taxes, as well as the presumed income taxes on the gross-up. The Corporation will pay the cost for the terminated executive to receive continued coverage for three years under certain of the Corporation's insured group medical, dental, vision, life insurance and long-term disability plans, and for the cost of continuing executive physicals and financial counseling services for a similarly limited period. These executives are also eligible to receive outplacement services at a cost up to a maximum amount of 15% of their base salary.

A second group of key management personnel receive similar change of control agreements that provide a lump sum benefit equal to two times the executive's highest base salary during that year and the prior two years plus two times the executive's target bonus under the Annual Incentive Compensation Plan in the year in which the change of control occurs, less any severance amounts payable under the Severance Agreement. These agreements do not include a 30-day termination window, nor are the executives eligible for a tax gross-up payment unless the benefits payable due to a change of control are at least 120% of the allowable cap. The Corporation will pay the cost of the group benefits outlined above for a period of two years. All of the other material terms and conditions are substantially the same as those included in the change of control agreements applicable to the senior management team. Except under certain circumstances, all change of control agreements currently expire on December 31, 2007.

Other Change of Control Provisions

Although normal compensatory options granted by the Corporation become exercisable in three or four substantially equal annual installments beginning on the first anniversary of the date of grant, they also become exercisable in certain change of control situations. Specifically, such options are exercisable (but not earlier than six months from the date of grant) for a period of 30 days beginning on the date of the Merger Consummation or Tender Purchase, as defined in the applicable stock option agreement and, in the case of the five named executive officers and certain other key employees, the date of a termination of employment for a

reason other than death, disability, for cause or, under certain circumstances, a voluntary termination of employment by the executive if such termination occurs within two years following a change of control.

Although restrictions on restricted stock shares awarded by the Corporation generally lapse either on the fifth anniversary or incrementally on the third, fourth, and fifth anniversaries of the date of the award, they also lapse when a change of control occurs, provided that the change of control occurs at least six months after the grant date.

The Phelps Dodge Corporation Supplemental Retirement Plan provides for the payment of unreduced benefits to employees who meet liberalized age and length of service requirements and whose employment is terminated by the Corporation or any of its subsidiaries within two years following a change of control of the Corporation. The Phelps Dodge Corporation Supplemental Retirement Plan also provides an additional 36 months of service credit to an executive who, due to his or her termination of employment within two years following a change of control of the Corporation, becomes entitled to receive payments under his or her change of control agreement with the Corporation. The Phelps Dodge Corporation Supplemental Savings Plan obligates the Corporation to transfer an amount equal to the deficiency in the assets of the Plan's trust fund, if any, prior to the day on which a change of control occurs.

**COMPENSATION AND MANAGEMENT DEVELOPMENT COMMITTEE
REPORT ON EXECUTIVE COMPENSATION**

The Committee

The Committee is composed solely of independent directors (currently six) who are not employees of the Corporation. The Committee currently retains Frederic W. Cook & Co., Inc., an independent executive compensation consulting firm, to advise the Committee regarding executive compensation.

Corporate Goals and Compensation Philosophy

The Corporation's goal is to be the leader in the domestic and international mining and manufacturing activities in which it competes while maximizing longer-term shareholder value.

The Committee designs its executive compensation program to ensure the Corporation's ability to attract, retain and motivate the best qualified and highest performing employees. The Committee believes it can align total compensation with shareholder interests and motivate senior managers participating in these programs by:

Emphasizing the relationship between pay and performance to reward managers who maximize the value of the Corporation's stock over the long-term;

Increasing the relative amount of compensation at risk as management responsibilities increase;

Assuring that the elements of variable compensation are linked as directly as practicable to measurable financial, operational and other measurable performance criteria; and

Encouraging stock ownership by executives.

The Corporation's compensation philosophy emphasizes variable compensation both in short-term and long-term incentives. The Corporation targets base salaries at the median of the comparison group (as described below) and similarly-sized general industry companies. Annual total cash (base salary plus annual incentive) is targeted near the 60th percentile of the comparison group and industry data. Total remuneration (total cash plus long-term incentives, including stock options and restricted stock) is targeted between the 50th and 75th percentiles of the comparison group and industry data. The Committee believes that superior performance should result in superior compensation.

Table of Contents**Elements of Executive Compensation**

The executive officers are compensated by salaries, annual cash incentive awards and long-term incentive compensation in the form of stock options and restricted stock grants, with each element focusing on performance. Salaries focus on level of responsibility and individual performance. Annual cash incentives relate to corporate and, where appropriate, division, unit and individual performance. Long-term incentive awards, delivered in the form of stock options and restricted stock, create a long-term alignment with shareholders based on the Corporation's performance and related growth of shareholder value.

The Committee believes that the Corporation competes for its executive talent primarily with similarly-sized industrial companies based in the United States. Accordingly, the Committee compares the compensation for the Corporation's top five executives, at least annually, to the compensation paid to executives holding similar positions at 12 publicly held industrial corporations of a median size, measured by revenues and market capitalization similar to that of the Corporation (referred to as the comparison group). This data is blended with a larger group of companies of similar size to determine an appropriate consensus of market pay values. For other executives, compensation awards are determined based upon market comparisons to similar positions within relevant and similarly-sized industrial companies. The Committee believes that the competitive data used is generally representative of the competitive level of compensation paid to executive officers in companies the size and complexity of the Corporation. Thus, the companies used for comparison purposes to establish the compensation paid to the Corporation's executive officers is a larger group than the companies included in the peer group used in the performance graphs on pages 25 and 26 to compare shareholder returns.

Beginning in 2004, the Committee determined salary increases, incentive compensation awards, and long-term equity grants at the same time, permitting a comprehensive total compensation review in light of the prior year's performance both by the Corporation and by the executive. This total compensation review occurs during the first quarter of each calendar year.

Executive Salaries

Individual salaries for executive officers are established by the Committee based upon the officer's performance, existing general economic and industry conditions and the Corporation's performance during the prior year. Generally, salary adjustments are targeted to advance salaries to competitive levels, over time, for sustained and excellent performance. The Committee believes current salaries for the executive officers were generally below appropriate levels when compared to employees in similar positions in the comparison group and other industrial companies of similar size. The Committee determined that the executives named in the Summary Compensation Table have sustained excellent individual performance, in fortifying the Corporation's financial strength while making significant progress on the company's growth and liability management initiatives, as well as rewarding shareholders. For these reasons, salaries for the named executives have been increased in 2006.

Annual Incentives

The Annual Incentive Compensation Plan (AICP) provides executive officers and certain other officers and managers with compensation based on success in achieving annual corporate, division and, where appropriate, unit goals. Corporate goals are set using measures of return on equity, net operating cash flow return on invested capital, and an operational cost measure. Division and unit goals generally are set using an earnings or cost measure and a net operating cash flow return on invested capital measure. In 2005, the Corporation's return on equity performance and net operating cash flow return on invested capital performance each surpassed the maximum goal. The operational cost measure performance was below the established threshold goal and therefore resulted in no payout. In 2005, certain division and unit performance ranged from below threshold to between threshold and target. Based on these results and an assessment of individual performance, the Committee approved AICP awards for 2005 above the targeted amounts for the listed executives.

Table of Contents

For the 2006 AICP plan year, the metrics will again focus on operational costs, along with measures for net operating cash flow return on invested capital and return on equity.

Long-Term Incentive Compensation

The Committee has historically used the granting of non-qualified stock options and restricted stock as the principal method for providing long-term incentive compensation. In 2005, a combination of restricted stock and stock options were granted to the AICP participants. The executive officers received a larger percentage of the intended long-term value via stock options, while for less senior employees, greater emphasis was placed on restricted stock. Restricted stock grants vest incrementally over a period of three to five years from the award date. The stock options vest ratably over a period of one to three years from the grant date.

Stock Ownership Guidelines

To emphasize the alignment of management and shareholders, the Corporation established stock ownership guidelines for certain officers and management of the Corporation. The guidelines are expressed as a multiple of salary and are then divided by the average 10-year stock price. The ownership targets range from two times salary at the lower end of the organization up to five times salary for the CEO. All of the named executives currently meet their respective ownership guideline levels.

Tax Code Issues

Section 162(m) of the Internal Revenue Code generally places a \$1 million per person limit on the deduction a publicly held corporation may take for compensation paid to its chief executive officer and its four other highest compensated covered employees, excluding for this purpose deferred compensation and, in general, compensation constituting performance-based compensation. In 1998 and 2003, the Corporation obtained shareholder approval for the 1998 and 2003 Stock Option and Restricted Stock Plans, respectively, which continue to exclude the compensation from stock options from the \$1 million deductibility limit. Other elements of the compensation payable to executive officers, such as salary, annual incentive compensation and restricted stock, are not excludable from such limit. For the year 2005, the total compensation subject to Section 162(m) that was awarded to each of Messrs. Whisler, Snider, and Peru exceeded \$1 million. This was due, in part, to the release of restricted stock shares issued three years ago and the Corporation's strong annual incentive performance. This resulted in the loss of a federal income tax deduction with respect to approximately \$2.8 million, \$3.5 million and \$0.4 million, respectively, of their compensation for 2005.

In May 2005, shareholders approved the Phelps Dodge Corporation 2006 Executive Performance Incentive Plan, which will allow annual incentive payments and awards of restricted stock which are granted on the basis of performance to be exempt from section 162(m), so that the Corporation will not lose the tax deduction on awards that exceed \$1 million. This plan will apply to bonuses earned, if any, in 2006, as well as restricted stock shares that may be awarded in 2007 for 2006 performance.

CEO Compensation

The Committee determines the chief executive officer's compensation using the same philosophy and policies as for all executive officers.

Mr. Whisler earned \$941,667 in base salary in 2005. His salary increase was designed to bring his compensation closer to the median of the comparison group and to reflect his personal performance. The Corporation reported at year-end 2005 net cash provided by operating activities of \$1.7 billion. In addition, the debt-to-equity ratio was reduced from 18.3% to 9.6% during 2005; net income of \$1.6 billion was earned, translating to earnings per share of \$15.37; the quarterly dividend of 25 cents per share was increased to 37.5 cents per share beginning in the third quarter, and a special dividend of \$5.00 per share was issued in December 2005. During 2005, the Corporation made a \$250 million pension fund trust contribution, two VEBA trusts were funded with \$200 million for retiree medical and life liabilities and a \$400 million trust was approved, with \$100 million funded, for environmental reclamation liabilities. Mr. Whisler's leadership was

Table of Contents

key to securing the company's future in expansion and growth activities such as Cerro Verde, Safford, and Tenke Fungurume, for which significant progress was made during 2005. Considering the totality of the 2005 achievements and disappointments, the Committee awarded Mr. Whisler an incentive payment of \$1,700,000 for the Company's strong financial performance and significant progress in growth and liability management initiatives, balanced with challenges associated with operating costs and safety performance. The combination of base salary, bonus and long-term incentives place Mr. Whisler's total cash compensation and his total remuneration for 2005 between the 50th and 75th percentile of the peer group of companies and industry data used for compensation purposes. In 2005, Mr. Whisler received an award of 21,900 shares of restricted stock, which will vest incrementally over the third to fifth anniversaries of the award, and 37,500 stock options that vest incrementally over three years from date of grant. The primary basis for the Committee's restricted stock and stock option grants was to provide a significant incentive for Mr. Whisler to enhance long-term shareholder value. The specific basis for the Committee's determination regarding Mr. Whisler's compensation in 2005 included his role in improving the Corporation's financial results in the short-and long-term.

Conclusion

The Committee will continue to evaluate the Corporation's compensation programs to best enable the Corporation to employ and motivate its employees. Such employees, properly motivated, are believed to be key to achieving the Corporation's goal to be the international leader in the mining and manufacturing arenas in which it competes and the related enhancement of shareholder value over the long term.

**2. APPROVAL OF THE PHELPS DODGE CORPORATION
2007 DIRECTORS STOCK UNIT PLAN**

On February 1, 2006, the Board of Directors adopted the Phelps Dodge 2007 Directors Stock Unit Plan (the 2007 Plan) to replace the 1997 Directors Stock Unit Plan (the 1997 Plan), which will expire by its terms on December 31, 2006. The purpose of the 2007 Plan is to enable the Corporation to continue to attract, retain and motivate the best qualified directors for the benefit of the Corporation and its shareholders, and to enhance the long-term mutuality of interest between the Corporation s directors and its shareholders by providing such directors with an economic interest in the Corporation. Implementation of the 2007 Plan is subject to approval of the Corporation s shareholders at the 2006 Annual Meeting of Shareholders.

A copy of the 2007 Plan is attached to this Proxy Statement as Appendix A. A summary of the 2007 Plan is set forth below and is qualified in its entirety by reference to the full text of the 2007 Plan. The 2007 Plan is substantially similar to the 1997 Plan, with the exceptions noted below.

Principal Differences from the 1997 Plan

Pro Rata Awards. Awards under the 2007 Plan are pro-rated based on the director s expected period of service with respect to a calendar year. (Except for awards made with respect to services performed in calendar year 2006, the 1997 Plan does not provide for pro-rated awards.)

Compliance with Section 409A. Changes have been made to the 2007 Plan to comply with Section 409A of the Internal Revenue Code (the Code) and the rules, regulations and interpretive guidance promulgated thereunder (Section 409A). Among other things, the circumstances under which a director may receive a distribution of his or her account balance has been limited to certain permissible events under Section 409A (as further described below).

Awards of Stock Units

An eligible director will generally receive an award of stock units having a value of \$75,000 on the date of each annual meeting of the Corporation s shareholders, subject to such director s continuous service since the immediately preceding January 1. Directors who do not stand for re-election will receive pro-rated awards in respect of the period of service occurring prior to the annual meeting. Directors who commence service after January 1 will also receive pro-rated awards, subject to applicable service requirements.

Determination of Award Amounts

The number of stock units to be awarded will be determined by dividing (i) \$75,000, pro-rated based on a director s expected period of service with respect to a calendar year, by (ii) the fair market value of a share of the Corporation s common stock on the day preceding the grant date.

Vesting and Forfeiture

All stock units are fully vested as of the date of grant. A director will forfeit all of his or her stock units if the Committee on Directors and Corporate Governance (the Committee) determines that his or her termination of service is due to Gross Cause (as defined in the 2007 Plan).

Dividend Equivalents

Dividends in a Form other than Stock. In the event of a dividend payable in a form other than stock, an eligible director will be credited with an additional number of stock units determined by dividing (i) the product of (a) the total number of stock units credited to such director s account on the dividend record date multiplied by (b) the amount of the dividend, by (ii) the fair market value of a share of the Corporation s common stock on the dividend payment date.

Table of Contents

Stock Dividends. In the event of a stock dividend, an eligible director will be credited with an additional number of stock units equal to the product of (i) the total number of stock units credited to such director's account on the dividend record date multiplied by (ii) the number of shares of the Corporation's common stock distributable as a dividend on a share of the Corporation's common stock on the dividend payment date.

Payment in Respect of Stock Units

Deferral of Payment. A director may elect to defer payment in respect of his or her stock units until the later of (i) the termination of his or her service as a director or (ii) a specified date no later than the fifth anniversary of such termination, and may elect to revise his or her initial deferral election. Any such deferral election, and any revisions thereto, will be subject to Section 409A and such other requirements as the Committee may from time to time establish.

Form of Payment. A director may elect to receive payment in either a lump sum or in installments over a period not to exceed ten (10) years, in the form of cash or in shares of the Corporation's common stock.

Specified Distribution Events. Notwithstanding a director's deferral elections, in the event of a change in the ownership or effective control of the Corporation, or a change in a substantial portion of the assets of the Corporation (as each such event is defined for purposes of Section 409A), such director's account balance shall be distributed to the director in a lump sum cash payment. In the event of the death of a director, such director's account balance will be distributed in a lump sum cash payment to his or her beneficiary or estate.

Amendment and Termination

The Board of Directors may suspend, amend or discontinue the 2007 Plan at any time, provided that no such action may materially and adversely affect the rights of any eligible director without his or her consent except to the extent such action is required to comply with applicable law.

Effective Date

The 2007 Plan will be effective as of January 1, 2007, subject to approval by the Corporation's shareholders at the 2006 annual meeting of shareholders.

Term

The 2007 Plan will terminate as of December 31, 2016, unless extended by the Board or terminated at an earlier date.

The affirmative vote of a majority of the votes cast at the Annual Meeting on this proposal is required for the approval of the 2007 Plan. Thus, a shareholder who does not vote at the Annual Meeting will not affect the outcome of the vote, while shareholders who vote to abstain will in effect be voting against approval of the 2007 Plan. Brokers who hold shares of Common Stock as nominees will have discretionary authority to vote such shares if they have not received voting instructions from the beneficial owners by the required deadline.

OTHER BUSINESS

The Board of Directors is not aware of any other matters to be presented at the annual meeting. If any other matter proper for action at the meeting should be presented, the holders of the accompanying proxy will vote the shares represented by the proxy on such matter in accordance with their best judgment. If any matter not proper for action at the meeting should be presented, the holders of the proxy will vote against consideration of the matter or the proposed action.

VOTING PROCEDURES

All shares represented by the accompanying proxy, if the proxy is duly executed and received by the Corporation at or prior to the annual meeting, will be voted at the meeting in accordance with any instructions specified on such proxy. Where no instruction is specified, the shares may be voted according to the printed instructions on the proxy.

It is the policy of the Corporation that, except under limited circumstances, each shareholder proxy card, ballot and voting tabulation that identifies any shareholder will be kept confidential and that the receipt and tabulation of such votes will be conducted by independent third parties, including the Corporation's transfer agent and its proxy solicitation firm, and not by employees of the Corporation.

The cost of soliciting proxies for the meeting will be borne by the Corporation. The Corporation has retained The Proxy Advisory Group, LLC, 575 Madison Avenue, 10th Floor, New York, NY 10022, to assist in soliciting proxies for a fee estimated at \$8,500 plus reasonable expenses. The Proxy Advisory Group, LLC and some officers and other employees of the Corporation may solicit proxies in person and by telephone or otherwise. The Corporation may also reimburse brokers and others who are record holders of the Corporation's shares for their reasonable expenses incurred in obtaining voting instructions from beneficial owners of such shares.

PROPOSALS FOR 2007

Pursuant to the Corporation's By-Laws and the rules of the Securities and Exchange Commission, shareholders may submit proposals that they believe should be voted on at the annual meeting or may recommend persons for nomination to the Board of Directors. There are several alternatives a shareholder may use and a summary of those alternatives follows.

Under Rule 14a-8 of the Securities Exchange Act of 1934, some shareholder proposals may be eligible to be included in the Phelps Dodge 2007 proxy statement. Shareholder proposals must be submitted, along with proof of ownership of Phelps Dodge stock in accordance with Rule 14a-8(b)(2), to the Corporation's principal executive office, at Phelps Dodge Corporation, Attn: Assistant General Counsel and Secretary, One North Central Avenue, Phoenix, Arizona 85004. All shareholder proposals submitted pursuant to Rule 14a-8 must be received by the Corporation on or before December 15, 2006.

Alternatively, under the Corporation's By-Laws, if a shareholder wishes to appear at the 2007 Annual Shareholders Meeting and submit a proposal or nominate a person as a director candidate, the shareholder

Table of Contents

must provide specific information and meet the required deadlines set forth in the By-Laws and summarized here. These shareholder proposals and director nominations will not appear in the Corporation's proxy statement.

For both shareholder proposals and director nominations, the proposing shareholder must deliver to the Secretary of the Corporation at its principal executive office a notice that includes the shareholder's name, address, and the number of shares of stock the shareholder owns of record and beneficially. If the shareholder holds shares through a nominee or street name holder of record, the shareholder must deliver evidence establishing the shareholder's indirect ownership of and entitlement to vote the shares.

If a shareholder proposes to nominate any person for election as director, the shareholder must also deliver to the Corporation a statement in writing setting forth the name, age and address of the nominated person, the principal occupation or employment of the nominated person, the number of shares of stock owned of record and beneficially by the nominated person, the information regarding the nominated person as required by paragraphs (a), (d), (e) and (f) of Item 401 of Regulation S-K adopted by the Securities and Exchange Commission, and the nominated person's signed consent to serve as director of the Corporation if elected. Director nominations must be received by the Corporation no earlier than the close of business on January 25, 2007 and no later than the close of business on February 24, 2007.

If the shareholder proposes another matter (other than the nomination of a director), the shareholder must also deliver to the Corporation a description of the proposal and the reasons for bringing the proposal before the annual meeting and a statement identifying any material interest the shareholder has in the matter proposed (other than as a shareholder). Proposals must be received by the Corporation no earlier than the close of business on January 26, 2007 and no later than the close of business on February 25, 2007.

If the date of the 2007 annual meeting of shareholders is changed, and the meeting is held before April 26, 2007 or after July 25, 2007, notice of shareholder nominations of directors or proposals that will not appear in the Corporation's proxy statement must be received by the Corporation at its principal executive office no earlier than the close of business on the 120th day prior to the new date of such annual meeting and no later than the close of business on the later of (i) the 90th day prior to the new date of such meeting, and (ii) the 10th day following the day on which a public announcement of the new date of such annual meeting is first made.

The Corporation will not entertain any proposals or nominations at the annual meeting that do not meet these requirements. If you are planning to submit a proposal, please be sure to review the Corporation's By-Laws and current SEC rules that are applicable. If the Corporation does not receive notice by the required deadlines, or if it meets other requirements of the SEC rules, the persons named as proxies in the proxy materials relating to the 2007 Annual Shareholders Meeting will use their discretion in voting the proxies when these matters are raised at the meeting.

ANNUAL REPORT FOR 2005

The annual report of the Corporation for the year 2005, which includes the Corporation's Annual Report on Form 10-K, is being furnished concurrently with this proxy statement to persons who were shareholders of record as of April 6, 2006, the record date for the annual meeting. These materials do not form part of the material for the solicitation of proxies.

Section 3. Units

(a) *Awards to Continuing Directors.* Subject to the requirements of Section 5(a), on the date of each annual meeting of the Corporation's shareholders occurring during the term of the Plan (each, an Annual Meeting Date), each Eligible Director serving as a Director on such date who has been a Director continuously since the preceding January 1 and whose service as a Director is expected to continue following such date shall be awarded that number of Units equal in value to Seventy-Five Thousand Dollars (\$75,000) as of the date of Grant. The number of Units granted in accordance with this Section 3(a) shall be calculated by dividing \$75,000 by the Fair Market Value as of the day immediately preceding the date of Grant. For purposes of this calculation, Unit awards can result in fractional Units being credited to an Eligible Director's Account.

(b) *Awards to Departing Directors.* Subject to the requirements of Section 5(a), on each Annual Meeting Date, each Eligible Director serving as a Director on such date who has been a Director continuously since the preceding January 1 and whose service as a Director will terminate immediately following such date shall be awarded that number of Units equal in value to the quotient of (1) the product of (A) \$75,000 multiplied by (B) a fraction, the numerator of which shall equal the number of days included in the period commencing as of such January 1 and ending as of the date of such annual meeting and the denominator of which shall equal 365 and (2) the Fair Market Value as of the day preceding the date of Grant. For purposes of this calculation, Unit awards can result in fractional Units being credited to an Eligible Director's Account.

(c) *Awards to Certain Newly-Appointed or Elected Directors.* Notwithstanding the provisions of Section 3(a), an individual who becomes an Eligible Director after January 1 of a calendar year and on or before December 31 of such calendar year shall receive an award of Units, with the number of Units to be awarded to such individual to equal the quotient of (i) the product of (A) \$75,000 multiplied by (B) a fraction, the numerator of which shall equal the anticipated number of days during such calendar year during which such individual is expected to serve as an Eligible Director and the denominator of which shall equal 365 and (ii) the Fair Market Value as of the day preceding the date of Grant; provided that such individual has been a Director continuously from the date he or she became an Eligible Director through the date of Grant. For purposes of the immediately preceding sentence, the date of Grant shall be the earlier to occur of (a) the later of (1) the 30th day following the day on which such individual became an Eligible Director and (2) the Annual Meeting Date occurring during the calendar year in which such individual became an Eligible Director and (b) the last day of the calendar year in which such individual commences service as an Eligible Director. Notwithstanding the provisions of Section 5(a), an initial Participation Agreement with respect to any such award must be executed and delivered to the Committee prior to the date of Grant of such award and no later than the 30th day following the day on which such individual became an Eligible Director. For purposes of this calculation, Unit awards can result in fractional Units being credited to an Eligible Director's Account.

(d) *Certain Awards under the 1997 Directors Stock Unit Plan.* Notwithstanding anything contained in this Plan or the Phelps Dodge Corporation 1997 Directors Stock Unit Plan (the 1997 Plan) to the contrary, Unit awards granted in calendar years 2005 and 2006 under the 1997 Plan shall be governed by the terms of this Plan as if they had been awarded under this Plan.

(e) *Dividend Equivalents.* Whenever a dividend other than a dividend payable in the form of the Corporation's Common Shares is declared with respect to the Corporation's Common Shares, the number of Units credited to an Eligible Director shall be increased by the number of Units determined by dividing (i) the product of (A) the total number of Units standing to such Eligible Director's credit on the related dividend record date and (B) the amount of any cash dividend declared by the Corporation on a Common Share (or, in the case of any dividend distributable in property other than Common Shares, the per share value of such dividend, as determined by the Corporation for purposes of income tax reporting) by (ii) the

Table of Contents

Fair Market Value on the related dividend payment date. In the case of any dividend declared on the Corporation's Common Shares which is payable in Common Shares, each Eligible Director shall be credited with an additional number of Units equal to the product of (i) the total number of Units standing to such Eligible Director's credit on the related dividend record date and (ii) the number of Common Shares (including any fraction thereof) distributable as a dividend on a Common Share.

(f) *Adjustment for Corporate Transactions.* In the event that any recapitalization, reorganization, merger, consolidation, split-up, spin-off, combination, exchange of shares, warrants or rights offering to purchase Common Shares at a price substantially below Fair Market Value, extraordinary cash dividend or other similar event that affects the Common Shares such that an adjustment is required to preserve, or to prevent enlargement of, the benefits or potential benefits made available under the Plan, then the Board shall adjust the number and kind of shares which thereafter may be awarded under the Plan.

Section 4. Vesting and Forfeitures

(a) *Vesting.* All of the Units awarded each year pursuant to Section 3(a) shall be vested as of the date of Grant.

(b) *Forfeitures.* Notwithstanding Section 4(a) to the contrary, if the Committee determines that an Eligible Director's termination of service as a Director is due to Gross Cause, all Units credited to the Eligible Director's Account shall be forfeited, and the Eligible Director will not be entitled to receive any benefits under this Plan.

Section 5. Participation Agreement

(a) *Participation Agreement.* Each Eligible Director, as a condition of receiving a Grant, must enter into a Participation Agreement in such form and at such time as the Committee shall require. The Participation Agreement shall indicate the manner in which distributions are to be made to the Eligible Director, and, if the Eligible Director elects installment payments, the period over which, and the frequency with which, such installments should be made. In the Participation Agreement the Eligible Director may elect to postpone the payments to which the Eligible Director is entitled until the later of (a) a specified date no later than the fifth anniversary of the Eligible Director's Termination or (b) the Eligible Director's Termination. The Participation Agreement also may set forth such other information as the Committee may require. The Participation Agreement of an Eligible Director with respect to a Grant must be executed and delivered to the Committee on or before the December 31 before the date as of which the Eligible Director is scheduled to receive a Grant pursuant to Section 3(a); provided, however, that the Participation Agreement with respect to the initial Grant to an individual who becomes an Eligible Director after such December 31 must be executed and delivered to the Committee prior to the date of such initial Grant and no later than the 30th day following the day on which such individual became an Eligible Director.

(b) *Revised Participation Agreements.* A Participant may file a new Participation Agreement in order to change an election made in a previously filed Participation Agreement. The new election will only be honored if (i) the new Participation Agreement is executed and delivered to the Committee at least 12 months prior to the date as of which the distribution is otherwise scheduled to be made and (ii) the new election provides that the payment with respect to which the election is being made will be deferred for a period of not less than 5 years from the date such distribution is otherwise scheduled to be made. A revised Participation Agreement shall not take effect until 12 months after the date on which such Participation Agreement is executed and delivered to the Committee. The foregoing timing restrictions do not apply to a Participant's election to receive cash or Common Shares.

Section 6. Payment of Benefits

(a) *Payment Upon Termination.* Except as provided in Sections 6(b) or 6(c) below, upon Termination, each Eligible Director shall be entitled to a distribution of the Units credited to the Eligible Director's Account in the manner specified in the Eligible Director's initial Participation Agreement or in any revised

Table of Contents

Participation Agreement meeting the requirements of Section 5(b). Distribution of an Eligible Director's Accounts pursuant to this Section may be made by means of any one of the following methods:

(1) *Lump Sum Cash Payment.* A single lump sum cash payment in an amount equal to (i) the sum of the number of Units credited to the Eligible Director's Account on the effective date of the distribution multiplied by (ii) the Fair Market Value on such date. Such lump sum cash payment shall be made to the Eligible Director on the effective date of the distribution.

(2) *Lump Sum Payment of Common Shares.* A single delivery of a number of Common Shares equal to the number of Units credited to the Eligible Director's Account at the effective date of the distribution. Any fractional Common Shares will be settled in cash based on the Fair Market Value on the effective date of the distribution. Such Common Shares (and any cash in lieu of fractional Common Shares) shall be delivered to the Eligible Director on the effective date of the distribution.

(3) *Cash Installment Payments.* By distribution in substantially equal monthly, quarterly, semiannual or annual cash installments over a fixed period selected by the Eligible Director but not in excess of ten (10) years. The amount of each installment shall equal (i) the number of Units credited to the Eligible Director's Account as of the effective date of the installment payment multiplied by (ii) the Fair Market Value on such date and divided by (iii) the remaining number of payments to be made. The first installment payment shall be made on the effective date of the installment payment and all subsequent installment payments shall be made at the regular interval elected by the Eligible Director in the Eligible Director's Participation Agreement.

(4) *Common Shares Installment Payments.* By distribution in substantially equal monthly, quarterly, semiannual or annual installments of Common Shares over a fixed period selected by the Eligible Director but not in excess of ten (10) years. The number of Common Shares to be distributed at each installment shall equal (i) the number of Units credited to the Eligible Director's Account as of the effective date of the installment payment divided by (ii) the remaining number of payments to be made. For purposes of any distribution prior to the final installment, fractional Common Shares will be rounded up to the nearest whole Common Share. However, if the final installment requires the distribution of a fractional Common Share, the fractional Common Share will be settled in cash based on the Fair Market Value on the date immediately preceding the date of distribution. The first installment payment shall be made on the effective date of the installment payment and all subsequent installment payments shall be made at the regular interval elected by the Eligible Director in the Eligible Director's Participation Agreement.

The effective date of any lump sum payment and the effective date of any first installment payment shall be the Eligible Director's date of Termination unless the Eligible Director has elected in the Eligible Director's Participation Agreement to defer the distribution in accordance with Section 5(a). Unless an Eligible Director has affirmatively elected to receive payments in any of the forms permitted by paragraphs (2) through (4), above, the Eligible Director's Accounts shall be distributed in a lump sum cash payment pursuant to paragraph (1).

(a) *Payment Upon Death.* In the event of the death of an Eligible Director prior to full distribution of the Eligible Director's vested Account, the Corporation, regardless of the elections made in the Eligible Director's most recent effective Participation Agreement, shall pay to the beneficiary designated by the Eligible Director on a form provided by the Corporation, or, in the absence of such designation, to the Eligible Director's estate, on the 30th business day following such Eligible Director's death, cash in an aggregate amount equal to the product of (i) the number of Units credited to such Eligible Director's Account on the date of the Eligible Director's death multiplied by (ii) the Fair Market Value on the date of the Eligible Director's death.

(b) *Change of Control.* Notwithstanding the foregoing, upon the occurrence of a Change of Control, and regardless of the elections made in the Eligible Director's most recent effective Participation Agreement, the Corporation shall pay an Eligible Director, on the 30th business day following the date of such Change of Control, cash in an aggregate amount equal to the product of (i) the number of Units credited to such Eligible

Table of Contents

Director's Account at the time of the Change of Control multiplied by (ii) the Fair Market Value on the date of the Change of Control.

(c) *Satisfaction of Corporation's Obligation.* Upon the delivery of a Common Share (or the payment of cash with respect to a whole or fractional Common Share) pursuant to the Plan, the corresponding Unit (or fraction thereof) shall be canceled and be of no further force or effect. Each Eligible Director's Account will be adjusted, as payments are made to the Eligible Director, to reflect the cancellation of Units.

Section 7. Administration

The Plan shall be administered by the Committee. Subject to the provisions of the Plan, the Committee shall have plenary authority to interpret the Plan, to prescribe, amend and rescind rules and regulations relating to it, and to determine the terms and provisions of the awards made pursuant to the Plan and to make all other determinations necessary or advisable for the administration of the Plan; provided, however, that the Plan shall be administered such that the transactions contemplated hereunder will continue to qualify for the exemptive relief available Under Rule 16b-3 of the Exchange Act.

Section 8. Amendment and Termination

The Board may suspend, revise, amend or discontinue the Plan at any time; provided, however, that no such action may materially and adversely affect any rights of an Eligible Director under any Grant made pursuant to the Plan without such Eligible Director's consent, except to the extent such action is required to comply with applicable laws, rules or regulations. Unless the Board otherwise specifies at the time of such termination, a termination of the Plan will not result in a distribution with respect to the Units then credited to an Eligible Director under the Plan.

Section 9. Effective Date of the Plan

The Plan, as amended and restated, shall be effective as of January 1, 2007 and shall terminate as of December 31, 2016 unless extended by the Board or terminated at an earlier date pursuant to Section 8 of the Plan.

Section 10. Governing Law

The Plan shall be construed in all respects under the laws of the State of New York.

Section 11. General Provisions

(a) *Nontransferable Grants.* Grants made under the Plan may not be assigned or transferred, in whole or in part, either directly or by operation of law (except in the event of an Eligible Director's death by will or applicable laws of descent and distribution), including, but not by way of limitation, by execution, levy, garnishment, attachment, pledge, bankruptcy or in any other manner, and no such right or interest of any Eligible Director in the Plan shall be subject to any obligation or liability of such Eligible Director.

(b) *Good Faith Compliance with Section 409A of the Code.* For purposes of good faith compliance with Section 409A of the Code, and for purposes of any applicable transition rule thereunder, this Plan shall be treated as though it were a continuation of the 1997 Plan. Notwithstanding anything else in the Plan, all deferrals hereunder and all deferrals with respect to Unit awards granted in calendar years 2005 and 2006 under the 1997 Plan are intended to comply with Section 409A of the Code.

(c) *No Right to Serve as a Director.* The Plan shall not impose any obligation on the Corporation to retain any Eligible Director as a Director nor shall it impose any obligation on the part of any Eligible Director to remain as a Director of the Corporation.

(d) *No Right to Particular Assets.* Nothing contained in the Plan and no action taken pursuant to the Plan shall create or be construed to create a trust of any kind or any fiduciary relationship between the Corporation and any Eligible Director, the executor, administrator or other personal representative or

Table of Contents

designated beneficiary of such Eligible Director, or any other persons. Any reserves that may be established by the Corporation in connection with Units granted under the Plan shall continue to be treated as the assets of the Corporation for Federal income tax purposes and remain subject to the claims of the Corporation's creditors. To the extent that any Eligible Director or the executor, administrator, or other personal representative of such Eligible Director acquires a right to receive any payment from the Corporation pursuant to the Plan, such right shall be no greater than the right of an unsecured general creditor of the Corporation.

(e) *No Rights as Shareholder.* An Eligible Director shall have no rights as a shareholder of the Corporation with respect to any Units granted pursuant to the Plan unless and until Common Shares are delivered pursuant to Section 6 above.

(f) *Limitations on Liability.* Neither the establishment of the Plan nor any modifications thereof nor the creation of any account under the Plan nor the payment of any benefits shall be construed as giving to any participant or other person any legal or equitable right against the Corporation (or any person connected therewith) except as provided by law or any Plan provision. In no event shall the Corporation or any person connected therewith be liable to any person for the failure of any participant or other person to be entitled to any particular tax consequences with respect to the Plan or any contribution thereto or any distributions therefrom.

(g) *Non-Exclusivity.* The adoption of the Plan by the Board shall not be construed as creating any limitations on the power of the Board to adopt such other compensatory arrangements as it may deem desirable.

(h) *No Limit on Corporate Action.* The existence of the Plan and the Units granted hereunder shall not affect in any way the right or power of the Board or the shareholders of the Corporation to make or authorize any adjustment, recapitalization, reorganization or other change in the Corporation's capital structure or its business, any merger or consolidation of the Corporation, any issue of bonds, debentures, preferred or prior preference stocks ahead of or affecting Common Shares, the dissolution or liquidation of the Corporation or any sale or transfer of all or part of its assets or business, or any other corporate act or proceeding.

(i) *Listing of Common Shares and Related Matters.* If at any time the Board shall determine in its discretion that the listing, registration or qualification of the Common Shares covered by the Plan upon any national securities exchange or under any state or federal law, or the consent or approval of any governmental regulatory body, is necessary or desirable as a condition of, or in connection with, the delivery of Common Shares under the Plan, no Common Shares will be delivered unless and until such listing, registration, qualification, consent or approval shall have been effected or obtained, or otherwise provided for, free of any conditions not acceptable to the Board.

(j) *Severability of Provisions.* If any provision of the Plan shall be held invalid or unenforceable, such invalidity or unenforceability shall not affect any other provisions hereof, and the Plan shall be construed and enforced as if such provision had not been included.

(k) *Incapacity.* Any benefit payable to or for the benefit of a minor, an incompetent person or other person incapable of receipting therefore shall be deemed paid when paid to such person's guardian or to the party providing or reasonably appearing to provide for the care of such person, and such payment shall fully discharge any liability or obligation of the Board, the Corporation and all other parties with respect thereto.

(l) *Headings and Captions.* The headings and captions herein are provided for reference and convenience only, shall not be considered part of the Plan, and shall not be employed in the construction of the Plan.
