### ITEM 8.01 OTHER EVENTS

The following information is included in this document as a result of the Company's desire to comply with its policy regarding public disclosure of corporate information. The Company may or may not continue to provide similar information in the future using this format.

#### Forward-looking Statements and Associated Risk Factors

The Company may from time to time make written or oral "forward-looking statements", including statements contained in the Company's filings with the Securities and Exchange Commission, in its reports to stockholders and in other communications by the Company, which are made in good faith by the Company pursuant to the "safe harbor" provisions of the Private Securities Litigation Reform Act of 1995.

These forward-looking statements include statements with respect to the Company's beliefs, plans, objectives, goals, expectations, anticipations, estimates and intentions, that are subject to significant risks and uncertainties and are subject to change based on various factors (some of which are beyond the Company's control). The words "may", "could", "should", "would", "believe", "anticipate", "estimate", "expect", "intend", "plan", and similar expressions are intended to identify forward-looking statements. The following factors, among others, could cause the Company's financial performance to differ materially from that expressed in such forward-looking statements: the strength of the United States economy in general and the strength of the local economies in which the company conducts operations; the effects of, and changes in, trade, monetary and fiscal policies, including interest rate policies of the Board of Governors of the Federal Reserve System (the "FRB"); inflation; interest rates, market and monetary fluctuations; the timely development of competitive new products and services by the Company and the acceptance of such products and services by customers; the willingness of customers to substitute competitors' products and services for the Company's products and services and vice versa; the impact of changes in financial services' laws and regulations (including laws concerning taxes, banking, securities and insurance); technological changes; future acquisitions; the expense savings and revenue enhancements from acquisitions being less than expected; the growth and profitability of the Company's non-interest or fee income being less than expected; unanticipated regulatory or judicial proceedings; changes in consumer spending and saving habits; and the success of the Company at managing the risks involved in the foregoing.

The Company cautions that the foregoing list of important factors is not exclusive. The Company does not undertake to update any forward-looking statement, whether written or oral, that may be made from time to time by or on behalf of the Company.

On June 9, 2005, the Company filed an 8-K with the Securities and Exchange Commission (the "S.E.C.") in which it provided a mid-quarter update of its financial performance and related matters. The Company started this practice in September 2003 and has continued providing similar reports in each subsequent quarter.

Included in the 8-K filed on June 9, 2005 was information relating to year-over-year total deposit growth at May 31, 2005, year-over-year core deposit

Edgar Filing: COMMERCE BANCORP INC /NJ/ - Form 8-K

growth at May 31, 2005, and year-over-year loan growth at May 31, 2005. This information was expressed in terms of percentage growth.

Because of a misleading research note issued, which suggests that the Company has experienced zero deposit growth and zero loan growth in the first two months of the second quarter, the Company is pleased to provide the correct information.

Two Months Ended May 31, 2005 Growth

Total Deposits	-	\$1.4 Billion
Core Deposits	-	\$1.6 Billion
Gross Loans	-	\$574 Million
