ANNUAL MEETING OF SHAREHOLDERS

To Be Held on Tuesday, April 22, 2008

PROXY STATEMENT

General Information

This Proxy Statement has been prepared and is being distributed in connection with the solicitation by the Board of Directors of Republic First Bancorp, Inc. (the “Company”) of proxies in the enclosed form for use at the 2008 Annual Meeting of Shareholders of the Company to be held on Tuesday, April 22, 2008, at 4:00 p.m., Philadelphia time, at the Union League of Philadelphia, Broad & Sansom Streets, Philadelphia, PA 19102 (such meeting and any adjournment(s) or postponement(s) thereof are herein referred to as the “Annual Meeting”). This Proxy Statement is first being given or sent to shareholders of the Company on or about March 14, 2008.

The agenda for the Annual Meeting includes the election of three (3) Class I Directors of the Company, to serve until the 2011 Annual Meeting of Shareholders and until their successors are elected and qualify, such other business as may properly come before the Annual Meeting, and a presentation by management of the Company.

Solicitation of Proxies

Your proxy is being solicited by the Board of Directors of the Company (the “Board”) for use in connection with the Annual Meeting. The cost of such solicitation will be borne by the Company. Proxies may be solicited in person or by mail, telephone, telegram, mailgram or other means by Directors, officers, and employees of the Company. Such persons will not receive any fees for such solicitation. Banks, brokers, nominees, fiduciaries and other custodians will be requested to forward such soliciting material to the beneficial owners of shares held of record by them, and such banks, brokers, nominees, fiduciaries and other custodians may be reimbursed for their expenses.

Voting Securities, Quorum and Required Vote

The record date for voting at the Annual Meeting was the close of business on March 3, 2008 (“the Record Date”). As of the Record Date, there were 10,800,546 outstanding shares of common stock, par value \$0.01 per share, of the Company. Holders of the Company’s common stock are entitled to one vote per share in the election of each Class I Director to be

elected and on any other matters to be voted upon at the Annual Meeting. As of the date hereof, no shares of any other class of the Company's capital stock are issued or outstanding.

The presence in person or by proxy of a majority of the shares of common stock outstanding on the Record Date will constitute a quorum for the purpose of conducting business at the Annual Meeting.

Abstentions and broker non-votes (shares held by brokers on behalf of their customers which may not be voted on certain matters because the brokers have not received specific voting instructions from their customers with respect to such matters) will be counted solely for the purpose of determining whether a quorum is present.

Directors shall be elected by a plurality of the votes of the shares present in person or represented by proxy in the Annual Meeting and entitled to vote on the election of Directors. Any other matters that may properly come before the Annual Meeting will be approved if a majority of the votes cast are voted in favor of the action, unless the question is one upon which a larger or different vote is required by express provision of law or by the Company's Articles of Incorporation or By-laws.

Voting and Revocability of Proxies

Unless contrary instructions are indicated, all shares represented by valid proxies received pursuant to this solicitation (and not revoked before they are voted) will be voted FOR the election of the nominees for Director named herein. As of the date of this Proxy Statement, the Board knows of no business that will be presented for consideration at the Annual Meeting other than the election of the Class I Directors. If any other business properly comes before the Annual Meeting, the persons designated in the enclosed proxy will vote on such business in accordance with their best judgment.

Any shareholder who executes and returns a proxy card may revoke it at any time before it is voted by delivering to Denise Tinney, Corporate Secretary of the Company, at the principal executive offices of the Company at Two Liberty Place, 50 S. 16th Street, Suite 2400, Philadelphia, PA 19102, a later-dated proxy or written notice of revocation, or by attending the Annual Meeting and voting in person.

Shareholder Communications with Directors

Any shareholder may communicate with the Board, or any individual member or members of the Board, by directing his, her or its communication to the Corporate Secretary at Republic First Bancorp, Inc., Two Liberty Place, 50 S. 16th Street, Suite 2400, Philadelphia, PA 19102, together with a request to forward the communication to the intended recipient or recipients. In general, all shareholder communication delivered to the Corporate Secretary for forwarding to the Board or specified Board members will be forwarded in accordance with the shareholder's instructions. The Corporate Secretary, however, may not forward any abusive, threatening or otherwise inappropriate materials.

PROPOSAL 1

Election of Directors

The Company's By-laws provide that the Board may consist of not less than five Directors and not more than 25 Directors, classified into three classes, as nearly equal in number as possible, with the specific number of Directors fixed from time to time by resolution of the Board. The members of one class of Directors is elected at each Annual Meeting and each class of Directors serves for approximately three years. The classes of Directors have been designated as "Class I," "Class II" and "Class III."

The Board fixed the number of Directors at eight in November 2007, reducing the number from nine following the resignation of Steven J. Shotz. Currently, the Class I Directors are Harry D. Madonna, William W. Batoff and Louis J. DeCesare; the Class II Directors are Robert J. Coleman, Lyle W. Hall, Jr. and Harris Wildstein, Esq.; and the Class III Directors are Neal I. Rodin and Barry L. Spevak. Mr. Shotz had been a Class III Director.

The incumbent Class II Directors will continue in office until the Company's 2009 Annual Meeting of Shareholders and the incumbent Class III Directors will continue in office until the Company's 2010 Annual Meeting of Shareholders. All Directors will hold office until the Annual Meeting of Shareholders at which their terms expire and until the elections and qualification of their successors.

Upon the recommendation of the Nominating Committee, the Board has nominated Harry D. Madonna, William W. Batoff, and Louis J. DeCesare for reelection as Class I Directors, to serve until the Company's 2011 Annual Meeting of Shareholders and thereafter until their successors are elected and qualify. All of the Director nominees have agreed to stand for election. In the event, however, that one or more director nominees, for any reason, become unavailable for election or service as Directors, the Board may designate a substitute nominee or nominees to replace him or them and the persons designated in the enclosed proxy will vote for the election of such other person or persons as the Board may recommend.

The Company's common stock is listed on the Nasdaq Global Market and we have determined the independence of the members of our Board and committees under the Nasdaq listing standards. The Board determined that under Nasdaq independence standards Messrs. Batoff, Coleman, Hall, Rodin and Spevak, constituting a majority of the members of the Board of Directors, are independent, and that all of the members of the Audit, Nominating and Compensation Committees are independent. The Directors who were determined to be not independent were Messrs. Madonna, DeCesare and Wildstein. Steven J. Shotz, who served as a Director until November, 2007, was determined by the Board to be not independent under Nasdaq listing standards.

Mr. Rodin and Mr. Batoff are brothers-in-law.

Committees of the Board of Directors

The Company's Board of Directors conducts much of its business through Board committees, including a standing Audit Committee, Nominating Committee and Compensation Committee.

Audit Committee. Messrs. Hall (chair), Batoff and Spevak serve as members of the Audit Committee. The Board of Directors has determined that Mr. Hall is an "audit committee financial expert" as that term is defined in Item 407(d)(5) of Regulation S-K, and is "financially sophisticated," as that term is defined under Nasdaq rules. All members of the Audit Committee are independent under Nasdaq listing standards, including the independence criteria applicable to audit committee members. The Audit Committee held four meetings during 2007, and it operates under a written charter approved by the Board. A copy of the Audit Committee's charter is available on the Company's website at www.rfbkonline.com. The purposes of the Audit Committee are to:

- assist the Board in its oversight of the integrity of the Company's financial statements, the Company's compliance with legal and regulatory requirements, the independent auditors' qualifications and independence, the performance of the Company's internal audit function and independent auditors, and the Company's management of market, credit, liquidity and other financial and operational risks;
- decide whether to appoint, retain or terminate the Company's independent auditors and to pre-approve all audit, audit-related and other services, if any, to be provided by the independent auditors; and

- prepare the report required to be prepared by the Audit Committee pursuant to the rules of the Securities and Exchange Commission, or “SEC,” for inclusion in the Company’s annual proxy statement.

Compensation Committee. Messrs. Batoff (chair), Hall, and Rodin serve as members of the Compensation Committee. All members of the Compensation Committee have been determined by the Board to be independent under Nasdaq listing standards, “non-employee directors,” as defined in SEC Rule 16b-3, and “outside directors,” as defined for purposes of Internal Revenue Code Section 162(m). The Compensation Committee held one meeting in 2007. The Compensation Committee operates under a written charter approved by the Board. A copy of the Compensation Committee’s charter is available on the Company’s website at www.rfbkonline.com. The Compensation Committee’s responsibilities include the following.

- Review and approve on an annual basis the corporate goals and objectives with respect to compensation for the Chief Executive Officer.
- Evaluate at least annually the Chief Executive Officer’s performance in light of established goals and objectives and, based on such evaluation, have sole authority to determine the Chief Executive Officer’s annual compensation.
- Review and make recommendations to the Board of Directors with respect to compensation for other executive officers, incentive-compensation plans and equity-based compensation plans.
 - Review and make recommendations to the Board of Directors with respect to the compensation of Directors.
- Administer, interpret and determine awards pursuant to the Company’s stock-based incentive compensation plans.
- Have the sole authority, in its discretion, to retain and terminate any consulting firm to assist in the evaluation of director, Chief Executive Officer or senior executive compensation, including sole authority to approve the firm’s fees and other retention terms.

The Compensation Committee meets at such times as it determines to be necessary or appropriate, but not less than once a year. The Compensation Committee has the sole authority to establish the compensation of the Chief Executive Officer of the Company and the Bank and may not delegate such authority, except to a subcommittee. It also established the compensation of the President and Chief Operating Officer of the Bank. The Chief Executive Officer has the primary responsibility for determining the amount and form of compensation of the other executive officers of the Company and consults with the Compensation Committee on such matters. The Compensation Committee is empowered to engage independent compensation consultants, but did not do so during 2007. In 2006, however, the Compensation Committee did engage Strategic Compensation Planning, Inc., of Malvern, Pennsylvania, to assist the Compensation Committee in structuring the employment agreements for the Chief Executive Officer of the Company and the Bank and the President and Chief Operating Officer of the Bank. See “Executive Compensation” on page 15 for more information regarding these employment agreements.

The Compensation Committee is also responsible for periodically reviewing the amount and form of director compensation paid to non-employee directors. The Compensation Committee recommends proposed changes in director compensation to the Board as appropriate, from time to time, and any changes in director compensation are approved by the Board.

Nominating Committee. Messrs. Rodin (chair), Hall, and Batoff serve as members of the Nominating Committee. All members of the Nominating Committee have been determined by the Board to be independent under Nasdaq listing standards. The Nominating Committee held one meeting in 2007. The Nominating Committee operates under a written charter approved by the Board. A copy of the Nominating Committee's charter is available on the Company's website at www.rfbkonline.com.

The Nominating Committee oversees the composition and operation of the Company's Board, including identifying individuals qualified to become Board members, recommending to the Board Director nominees for the next Annual Meeting of Shareholders, and filling vacancies occurring between annual shareholder meetings. It identifies Director candidates by considering the recommendations of the Company's Directors, executive officers and shareholders, as well as those of experts and consultants of the Company. The Nominating Committee evaluates candidates it has identified or who have been recommended to it based on the selection criteria provided in the Nominating Committee Charter and other criteria deemed relevant by the Nominating Committee, including each candidate's background and experience, as well as the candidate's ability to act in the best interest of the Company's shareholders, honesty and integrity.

The Nominating Committee evaluates Director candidates recommended by shareholders in the same manner that it evaluates other Director candidates. The procedures for shareholders to recommend Director candidates are described under the heading "Shareholder Proposals and Nominations for the 2009 Annual Meeting" on page 29.

Meetings of the Board and Attendance

During 2007, the Directors held six Board meetings. All of the Directors attended at least 75% of all of the meetings of the Board and the meetings of all committees of the Board on which such Director served.

The Bank encourages all incumbent Directors and nominees for election as Directors to attend the Annual Meeting. All then-serving Directors attended the Bank's 2007 Annual Meeting of Shareholders.

Madonna, who is both a Director and Chief Executive Officer of the Company and the Bank, and to Louis J. DeCesare, who is both a Director and is President and Chief Operating Officer of the Bank, may be found in the section entitled "Director Nominees" at page 4.

Compensation Discussion and Analysis

Overview of the Executive Compensation Program. The Company's executive compensation program includes a number of fixed and variable compensation and benefit components, typical of programs among comparable community banking and financial services companies in our local and regional marketplace.

The program seeks to provide participating executives with an industry-competitive level of total compensation when their collective and individual performances meet or exceed the goals approved by the Board of Directors, the Compensation Committee or the Chief Executive Officer.

Compensation Philosophy and Program Objectives. We believe that the compensation program for executives should directly support the achievement of annual, longer-term and strategic goals of the business, and, thereby, align the interests of executives with the interests of Company shareholders.

We believe the current program provides sufficient levels of fixed income, in the forms of base salary and health and welfare benefits, to attract high caliber executive talent to the organization. It also provides competitive annual bonus and longer-term incentive opportunities to encourage specific performance and to reward the successful efforts of executives.

The incentive opportunities are based on competitive industry practice, an executive's role in the organization, and performance.

Our current program contains certain deferred post-employment compensation features, provided on a selective basis, to encourage retention through long-term wealth accumulation opportunities and to assure transition support in the event of substantial organization or ownership change. These provisions are designed to support retention of good performers by the organization.

We believe that the features and composition of the current program are consistent with practices of other comparable community banking and financial services organizations in our marketplace and that the program balances the need for competitive pay opportunities at the executive level with shareholders' expectations for reasonable return on their investment.

Program Management. The Compensation Committee of the Board of Directors has primary responsibility for the design and administration of the compensation of the Chief Executive Officer of the Company and the Bank, determines the compensation of the President and Chief Operating Officer of the Bank, and makes recommendations with respect to the compensation program for other executive officers. The Compensation Committee will consider the make-up and administration of the executive compensation program in light of changing organization needs and operating conditions and changing trends in industry practice. The Compensation Committee has the power and authority to retain consultants and, in 2006, retained Strategic Compensation Planning, Inc., of Malvern, PA, to assist the Compensation Committee in structuring the employment agreements for the Chief Executive Officer of the Company and the Bank and the President and Chief Operating Officer of the Bank. See "Executive Compensation" on page 15 for more information regarding these employment agreements.

Role of Executive Management in the Pay Decision Process. The Compensation Committee is responsible for approving compensation of the Chief Executive Officer of the Company and the Bank and approves the compensation of the President Chief Operating Officer of the Bank. It will also make recommendations with respect to the compensation of other executive officers. In formulating its decisions, the Compensation Committee may seek information about the performance of the business, organization staffing requirements and the performance levels of incumbent executives from the Chief Executive Officer. It will also utilize the services of the Company's Chief Financial Officer and other officers of the Company to the extent the Compensation Committee deems appropriate.

Program Review and Pay Decision Process. Annually, the Compensation Committee reviews information on executive compensation levels in the industry and industry program practices, reviews the Company's compensation program, and considers adjustments to the program, salary adjustments and incentive awards. The Compensation Committee will examine the current compensation and benefit levels of incumbent executives in light of their continuing or changing roles in the business and the assessments of their individual performances by the Compensation Committee or the Chief Executive Officer. It will also determine annual bonus compensation, after consideration of Company and individual performance, but which is ultimately discretionary.

The Committee may also be called upon to consider pay related decisions throughout the calendar year as executives are reassigned or promoted and new executives join the organization. In these instances, the Committee will review all aspects of the executive's compensation including base salary level, annual incentive opportunities, longer-term incentive awards, participation in special benefit plans, and employment contract provisions, if applicable.

Pay Decision Factors and Considerations. The following factors typically influence Compensation Committee decisions on pay and benefits for Company executives:

Salary: executive's overall performance during the year ending, changes in organization role and scope of responsibility, current salary in relation to the position's market value, any significant changes in the industry's pay practices for comparable positions.

Annual Bonus Compensation: competitive industry practice with respect to size of awards, actual performance (achievement) against goals and objectives.

Longer-term Incentive Awards: competitive industry practice with respect to size of awards, recent performance of the Company and the individual executive, applicable accounting rules for expensing equity awards, and shareholder concerns about dilution and overhang.

Nonqualified Compensation and Benefits: tax rules on qualified benefit plans, likely replacement income benefits for executives compared to other categories of employees within the organization, competitive industry practice for comparable type and level of executive positions.

Perquisites: the needs of the executive's position, frequency of travel to other Company locations, or to meet with Company clients and prospective clients, and competitive industry practices for comparable executive roles.

Employment Agreements: where they serve Company needs for confidentiality about business practices and plans and preservation of the customer base (noncompetition and nonsolicitation provisions) and competitive industry practices.

Basis for Defining Competitive Compensation Levels and Practices. The types and levels of compensation included in the Company executive compensation program are generally consistent with current features and programming trends among similar size and type organizations in the Company's local and regional marketplace.

The Compensation Committee reviews survey reports on national and regional compensation practice within Company's industry group, focusing on pay levels and practices among Community Banking and Diversified Financial Services institutions based in the Mid-Atlantic Region and specifically the Greater Philadelphia metropolitan marketplace having assets of \$800M to \$1.5B. This range of institutions represents banking companies that are somewhat smaller and somewhat larger than Company. The asset range will be modified from time to time as Company's operating circumstances change.

For the 2008 program planning cycle, the Compensation Committee reviewed executive compensation information from the following institutions in Pennsylvania, Delaware, and New Jersey:

Abington Community Bancorp, Inc.
Greater Community Bancorp, Inc.
Leesport Financial Corp.
Bryn Mawr Bank Corp.
Royal Bancshares of Pennsylvania
First Chester County Corp.

Program Components. There are six (6) elements in the current executive compensation program:

1. Base Salary. Base salary opportunities are targeted at the median level of industry practice for comparable jobs in like size and type community banking and financial service organizations. Within the defined competitive range, an executive's salary level is based initially on his qualifications for the assignment and experience in similar level and type roles. Ongoing, salary adjustments reflect the individual's overall performance of the job against organization expectations and may also reflect changes in industry practices.
2. Health & Welfare Benefits. Executives participate in Company's qualified health & welfare benefits program on the same terms and conditions as all other employees of the Company.
3. Annual Performance Incentives. The Company pays bonus compensation which provides executives with opportunities to earn additional cash compensation in a given year. Bonus compensation is discretionary, but Company and business unit operating results and individual performance contributions are considered. Typical annual performance metrics for Company executives include net income, loan and deposit

growth and net interest margin. The determination of actual bonus amounts is not formulaic, but, rather, the result of a review of achievements by the CEO and the Compensation Committee and the application of prevailing industry practices on annual incentive awards.

4. Longer-term Performance Incentives. Executives are eligible to participate in longer-term incentive award plans established to focus executive efforts on the strategic directions and goals of the business and to reward them for their successes in increasing enterprise value. Awards can result in additional cash compensation or equity grants in the form of stock options or restricted stock. While the size of such awards may increase or decrease based on current business performance, it is the intention of the Compensation Committee to recommend some combination of the available awards at least annually as an incentive to focus executives future efforts on longer-term needs and objectives of the business.

a. Equity Grant Plans. Our Amended and Restated Stock Option and Restricted Stock Plan authorizes us to grant options to purchase shares of common stock to our employees, directors and consultants. We can also grant restricted stock to these same audiences. Our Compensation Committee is the administrator of all stock grant plans. Stock option or restricted stock grants may be made at the commencement of employment and from time to time to meet other specific retention or performance objectives, or for other reasons. Periodic grants of stock options or restricted stock are made at the discretion of the Compensation Committee to eligible employees and, in appropriate circumstances, the Compensation Committee considers the recommendations of the Chief Executive Officer.

b. Deferred Compensation. At the end of the calendar year, named executive officers may receive, at the Compensation Committee's discretion, a contribution equal to some percentage of their base salary or base salary and bonus, usually 10%-25%, into our Deferred Compensation Plan. Contributions vest over three (3) years. Participant accounts are maintained assuming all contributions are invested in shares of the Company's common stock and receipt of the deferred compensation and earnings is deferred to normal retirement.

5. Nonqualified Benefits and Perquisites. We currently do not offer a nonqualified supplemental retirement income plan (SERP) to any of our executives, but may consider establishing such a benefit plan in the future as executive income levels rise and more are facing reduced retirement income benefits from qualified retirement income plans under current Federal regulations. Our Chief Executive Officer, as a former non-employee director, has an account balance in a now frozen retirement income plan for Company Directors.

Perquisites for Company executives are generally limited automobile allowance or use of a Company-provided automobile, and, in a very few instances, a club membership. Typically, these perquisites are provided in instances where such benefits can facilitate the conduct of business with corporate and high net worth clients.

6. Employment Agreements and Change of Control Agreements. Two (2) executives, our CEO and our President, have employment agreements with Company. As the business grows and more executives are involved in the leadership of the organization, it may be appropriate to extend use of such agreements to other executives.

The CEO and the President have Change of Control severance agreements in their employment contracts with Company. See "Executive Compensation" on page 15 for additional information regarding these agreements.

- a. Post Retirement Income Benefits. When retired, former Company executives are only eligible to receive replacement income benefits from our qualified retirement income plans, the same plans covering other employees of the Company. We do not currently sponsor any type of supplemental retirement income plan for highly compensated employees, although we may consider instituting such a plan in the future.
- b. Severance in the Event of Termination Not for Cause or Change of Control. Two (2) executives, our CEO and our President, have specific severance arrangements in place with the Company in the event of a termination of their employment not related to a Change of Control and in the event of a Change of Control. Under these arrangements, our Chief Executive Officer would receive three times the sum of his then-current base salary plus the average of his bonuses for the prior three years, and our Bank President would receive two times the sum of his then-current base salary plus the average of his bonuses for the prior two years. All outstanding equity grants and other benefit provisions would fully vest. We also maintain a change in control policy which covers our other named executive officers. "Severance and Change in Control Benefits" at page 22.
- c. Tax Gross-up Provision. The employment agreement for our Chief Executive Officer provides for an excise tax liability gross-up payment following a Change of Control if his severance benefits exceed the then current IRS standard under Code Section 4999.

Status of the Program and Likely Practices Going Forward. The general structure of the Company executive compensation program was established several years ago and it has been continuously refined to meet the changing needs of the business and to maintain a competitive posture in the marketplace for executive talent.

Due to the Company's recent financial and operating results for 2007, the Compensation Committee determined not to award any bonus compensation for 2007. The Compensation Committee will evaluate award opportunities for executives, consistent with performance results.

Both stock option grants and deferred compensation contributions are likely to continue with the size of awards tracking with the performance results of the business.

It is possible that some of these future grants may include performance vesting in lieu of the traditional time vesting requirements attached to past grants.

Nonqualified Benefits. The Committee will continue to evaluate the need and effectiveness of a supplemental retirement income plan for certain highly compensated employees, but it has made no decision on this matter as of this time.

Perquisites. We believe the Company's perquisites have always been modest, offering use of a Company vehicle primarily to those executives who travel among Company's branch offices and operations centers and those who frequently meet with clients and prospects offsite. Similarly, club memberships are only provided for those executives who can utilize them in conducting the Company's business.

Employment Agreements. The Compensation Committee has responsibility for review of current and proposed employment agreements and will specifically authorize contract renewals.

Compliance with Sections 162(m) and 409A of the Internal Revenue Code. Section 162(m) of the Internal Revenue Code provides that publicly held corporations may not deduct compensation paid to certain executive officers in excess of \$1,000,000 annually, with certain exemptions for qualified "performance-based" compensation. The Company has obtained shareholder approval of its stock option plan, and compensation earned pursuant to such plans is exempt from the Section 162(m) limit. Since we retain discretion over bonuses and certain amounts contributed to the Deferred Compensation Plan, such amounts will not qualify for the exemption for performance-based compensation. Such amounts have not been at levels that, together with other compensation, approached the \$1,000,000 limit. Due to the relatively conservative amount of annual compensation, the Company believes its compensation policies reflect due consideration of Section 162(m). However, we reserve the right to use our judgment to authorize compensation payments that do not comply with the exemptions in Section 162(m) when we believe that such payments are appropriate and in the best interests of our shareholders, after taking into consideration changing business conditions or the executive officer's performance.

It is also our intention to maintain our executive compensation arrangements in conformity with the requirements of Section 409A of the Internal Revenue Code, which imposes certain restrictions on deferred compensation arrangements. We have been engaged in a process of reviewing and modifying our deferred compensation arrangements since the enactment of Section 409A in 2004 in order to maintain compliance under Section 409A.

Options vest after four years from the date of grant, with no vesting prior to that date.

The compensation committee met on December 6, 2006 to authorize the granting of the options in the table shown above. and the grant date was January 2, 2007, the first business day of the year. Options issued to Messieurs Madonna and DeCesare represented the annual grant of options as per their employment contracts. The grant date exercise price was the price as of the most recent close on December 29, 2006, of \$12.95, which was adjusted in April, 2007 for a 10% stock dividend.

In 1992, the Company adopted a supplemental retirement plan for non-employee directors. The plan was frozen in 1992, but the Company continues to maintain the plan for participants who served as non-employee directors in 1992. At that time, Mr. Madonna was a non-employee director and he continues to be a participant in the plan. No other officers of the Company or the Bank participate in the plan. Mr. Madonna's years of credited service were determined based on the same pension plan measurement date that we used in preparing our Consolidated Financial Statements for the year ended December 31, 2007, which are included in the Annual Report and Form 10-K accompanying this Proxy Statement. The present value of accumulated benefit was calculated based upon the actuarial present value of accumulated benefits, calculated as of year end using the assumptions set forth as follows. The plan provides for a retirement benefit of \$25,000 per year for ten years, which payments may begin at the later of actual retirement date or 65 years of age. Since Mr. Madonna has reached 65 years of age, the amount shown as the present value of the accumulated benefit is the amount necessary to fund \$25,000 annual payments over a ten year period. An approximate 4% rate of return was assumed to fully fund those annual distributions over the 10 year period.

Benefit Plans in the Notes to Consolidated Financial Statements, included in the Annual Report and Form 10-K accompanying this Proxy Statement.

Paul Frenkiel	-	22,750	(27,620)	63,785
Paul A. Verdi, Jr.	-	33,000	(40,068)	81,675
Neena Miller	-	28,900	(17,498)	40,093

(1) These amounts are also included in the Summary Compensation Table.

(2) Participant accounts are credited with gains, losses and expenses as if they had been invested in the common stock of the Company.

(3) Company contributions to the Deferred Compensation Plan vest over a three year period. At December 31, 2007, the vested balances for each of the named executive officers was as follows: Mr. Madonna, \$39,816; Mr. DeCesare, \$24,524; Mr. Frenkiel, \$17,001; Mr. Verdi, \$20,435; and Ms. Miller, \$0.

All cash compensation which would otherwise be paid to participants may be voluntarily contributed to the plan by them. Registrant contributions are limited by the amounts specified in the contract for Messieurs Madonna and DeCesare, and contributions for other officers are limited to the percentages set by the compensation committee. Registrant contributions vest after three years after the year in which they were made. At December 31, 2007 amounts vested were: Mr. Madonna \$39,816, Mr. DeCesare \$24,524, Mr. Frenkiel \$17,001, Mr. Verdi \$20,435 and Ms. Miller \$0.

The Company maintains a Deferred Compensation Plan, which permits participants to make contributions up to the amount of the executive's salary subject to applicable limitations under the Internal Revenue Code (the "Code"). In addition, the Company may make discretionary contributions to the plan, typically a percentage of the participant's base salary or annual cash compensation. The value and any earnings on participant accounts are determined by the changes in value of the Company's common stock. The plan permits withdrawals and distributions upon retirement and, subject to applicable limitations under the Code, limited hardship withdrawals.

Severance and Change in Control Benefits

Messrs. Madonna and DeCesare are parties to employment agreements that provide for certain severance and change in control benefits. Upon the occurrence of a change in control (as defined in the agreements), or termination for any reason other than death, resignation by the executive without cause (as defined in the agreements) and termination by the Company or the Bank with good reason (as defined in the agreements), Mr. Madonna would receive a severance payment equal to three times his annual base salary plus three times his average bonus over the prior three years. Upon the occurrence of any of the same type of termination events, Mr. DeCesare would receive a severance payment equal to two times his annual base salary plus two times his average bonus over the prior two years. Mr. Madonna or Mr. DeCesare, as applicable, would receive three years of health and life insurance or cash in an amount equal to the cost of such insurance. Mr. Madonna would receive an automobile. Mr. Madonna would also receive a “gross-up” payment as reimbursement for any additional excise taxes if triggered under section 4999 of the Internal Revenue Code. If a change in control occurred December 31, 2007, or Mr. Madonna’s employment was terminated December 31, 2007 for any reason other than death, resignation by Mr. Madonna without cause or termination by the Company or the Bank with good reason, Mr. Madonna would have received cash severance, life and health insurance benefits, automobile allowances and tax gross ups aggregating approximately \$2.1 million. If a change in control occurred December 31, 2007, or Mr. DeCesare’s employment was terminated December 31, 2007 for any reason other than death, resignation by Mr. DeCesare without cause or termination by the Company or the Bank with good reason, DeCesare would have received cash severance and life and health insurance benefits aggregating approximately \$640,000. At the election of the executive, payments following a change in control are to be made in a lump sum. In all other instances payments are to be made over 36 months, in Mr. Madonna’s case, or 24 months, in Mr. DeCesare’s case.

The Company has adopted a change in control policy for certain senior officers, including Messrs. Frenkiel and Verdi and Ms. Miller. The policy is not applicable to Messrs. Madonna and DeCesare. The policy provides that upon the occurrence of a change in control or similar transaction that does not receive the approval of the Board required by the policy, particularly a hostile takeover, which is followed by a termination of employment, any officer eligible to receive benefits under the policy would receive a payment equal to two times his or her annual base salary. Had Mr. Frenkiel terminated his employment on December 31, 2007, following a covered change in control, he would have received change in control benefits under the policy equal to approximately \$228,000. Mr. Verdi would have received \$330,000 and Ms. Miller would have received \$289,000.

Certain Relationships and Related Transactions

The Bank has made, and expects to continue to make, loans in the future to our directors and executive officers and their family members, and to firms, corporations, and other entities in which they and their family members maintain interests. None of such loans are, as of the date of this proxy statement, or were at December 31, 2007, nonaccrual, past due, restructured or potential problems, and all of such loans were made in the ordinary course of business, on substantially the same terms, including interest rates and collateral, as those prevailing at the time for comparable loans with persons not related to the Company or the Bank and did not involve more than the normal risk of collectibility or present other unfavorable features.

The Company was formerly the parent corporation and bank holding company of First Bank of Delaware. On January 31, 2005, the Company “spun off” First Bank of Delaware through a pro rata distribution to its shareholders of all of the outstanding shares of stock of First Bank of Delaware. Four of the Company’s Directors, Messrs. Madonna, Batoff, Hall and Wildstein, also serve as Directors of First Bank of Delaware. There are five members of the Board of Directors of First Bank of Delaware. In addition to the common directors, certain executive officers of the Company and the Bank service as executive officers of First Bank of Delaware. Mr. Madonna serves as Chief Executive Officer, Mr. Frenkiel serves as Chief Financial Officer, and Mr. McGarry serves as Executive Vice President and Chief Operations Officer of First Bank of Delaware.

The following agreements between the Company and First Bank of Delaware have remained in force following the spin-off of First Bank of Delaware by the Company in 2005:

- Financial Accounting and Reporting Service Agreement dated July 31, 2004;
- Compliance Services Agreement dated July 31, 2004;
- Operation and Data Processing Services Agreement dated July 31, 2004; and

- Human Resources and Payroll Services Agreement dated July 31, 2004

The agreements set forth above provide for data processing, accounting, human resources and compliance services. All such services are provided by BSC Services Corporation, a subsidiary of First Bank of Delaware. We reimburse BSC Services Corporation for actual costs incurred in connection with the provision of such services. In 2007, we reimbursed BSC \$12.0 million for these services.

All transactions with related persons are approved by the Board of Directors of the Company.

Audit Committee Pre-Approval Procedures

The Audit Committee meets with our independent auditors to approve the annual scope of accounting services to be performed and the related fee estimates. The Audit Committee also meets with the Company's independent auditors, on a quarterly basis, following completion of their quarterly reviews and annual audit and prior to the Company's earnings announcements, to review the results of their auditors' work. During the course of the year, the chairman of the Audit Committee has the authority to pre-approve requests for services that were not approved in the annual pre-approval process. The chairman reports any interim pre-approvals at the following quarterly meeting. At each of the meetings, management and the Company's independent auditors update the Audit Committee with material changes to any service engagement and related fee estimates as compared to amounts previously approved. During fiscal 2007, all audit and non-audit services performed by BMC for the Company were pre-approved by the Audit Committee in accordance with the foregoing procedures.
