BOARD OF DIRECTORS

Our board of directors has the responsibility for establishing broad corporate policies and for our overall performance, although it is not involved in day-to-day operating details. The board meets regularly throughout the year, including the annual organization meeting following the annual meeting of shareholders, to review significant developments affecting us and to act upon matters requiring board approval. It also holds special meetings as required from time to time when important matters arise requiring board action between scheduled meetings. During the fiscal year ended December 31, 2004, the board met nine times.

We have established an audit committee, which currently consists of Kelvin Wong, Wing Kwan Ted Lai and Po Yee Elsa Yue. Its functions are to:

recommend annually to our board of directors the appointment of our independent public accountants;

discuss and review the scope and the fees of the prospective annual audit and review the results with the independent public accountants;

review and approve non-audit services of the independent public accountants;

review compliance with our existing accounting and financial policies;

review the adequacy of our financial organization; and

review our management's procedures and policies relative to the adequacy of our internal accounting controls and compliance with U.S. federal and state laws relating to financial reporting.

Table of Contents

The audit committee met twice during the fiscal year ended December 31, 2004.

We have established a nominating committee, which currently consists of Andrew N. Bernstein, Kelvin Wong and Po Yee Elsa Yue. Its purpose and functions are to:

assess the size and composition of the board of directors in light of our operating requirements and existing social attitudes and trends;

develop membership qualifications for the board of directors and all board committees;

monitor compliance with board of director and board committee membership criteria;

review and recommend directors for continued service as required based on our evolving needs;

coordinate and assist management and the board of directors in recruiting new members to the board of directors; and

investigate suggestions for candidates for membership on the board of directors and recommend prospective directors, as required, to provide an appropriate balance of knowledge, experience and capability on the board of directors, including stockholder nominations for the board of directors.

The nominating committee was created in 2005; therefore, it did not meet during the fiscal year ended December 31, 2004.

We have established a compensation committee, which currently consists of Andrew N. Bernstein, Kelvin Wong and Wing Kwan Ted Lai. Its purpose and functions are to:

review and approve corporate goals and objectives relevant to the compensation of the chief executive officer and other executive officers;

evaluate the chief executive officer's performance in light of such goals and objectives at least annually and communicate the results to the chief executive officer and the board of directors;

set the chief executive officer's compensation levels based on the foregoing evaluation (including annual salary, bonus, stock options and other direct and indirect benefits), with ratification by the independent directors of the full board of directors; and

set the other executive officers' compensation levels (including annual salary, bonus, stock options and other direct and indirect benefits).

Table of Contents

Each non-employee director is compensated separately for service on the board and is reimbursed for expenses to attend board and committee meetings.

ELECTION OF DIRECTORS

At the meeting, seven directors are to be elected. Each director will be elected for a one-year term or until his successor is elected and qualified.

Shares represented by properly executed proxies will be voted, in the absence of contrary indication or revocation by the shareholder granting such proxy, in favor of the election of the persons named below as directors. The person named as proxy has been designated by management and intends to vote for the election to the board of directors of the persons named below, each of whom now serves as a director. If any nominee is unable to serve as a director, the shares represented by the proxies will be voted, in the absence of contrary indication, for any substitute nominee that management may designate. The 1998 Stock Compensation Plan

Effective June 1, 1998, we adopted and approved the 1998 Stock Compensation Plan, which our shareholders approved on December 9, 1998. The purpose of the plan is to:

encourage ownership of our common stock by our officers, directors, employees and advisors;

provide additional incentive for them to promote our success and our business; and

encourage them to remain in our employ by providing them with an opportunity to benefit from any appreciation of our common stock through the issuance of stock options.

Options constitute either incentive stock options within the meaning of Section 422 of the United States Internal Revenue Code of 1986, as amended, or options which constitute nonqualified options at the time of issuance of such options. The plan provides that incentive stock options and/or nonqualified stock options may be granted to our officers, directors, employees and advisors selected by the compensation committee. A total of 4,000,000 shares of common stock are authorized and reserved for issuance during the term of the plan, which expires in June 2008. The 2003 Stock Compensation Plan

Effective July 1, 2003, we adopted and approved the 2003 Stock Compensation Plan, which our shareholders approved on December 5, 2003. The purpose of the plan is to:

provide additional incentive for them to promote our success and our business; and

encourage them to remain in our employ by providing them with an opportunity to benefit from any appreciation of our common stock through the issuance of stock options.

Options constitute either incentive stock options within the meaning of Section 422 of the United States Internal Revenue Code of 1986, as amended, or options which constitute nonqualified options at the time of issuance of such options. The plan provides that incentive stock options and/or nonqualified stock options may be granted to our officers, directors, employees and advisors selected by the compensation committee. A total of 4,000,000 shares of common stock are authorized and reserved for issuance during the term of the plan, which expires in June 2013. The compensation committee has the sole authority to interpret the plan and make all determinations necessary or advisable for administering the plan. The exercise price for any incentive option or nonqualified option may be less than the fair market value of the shares as of the date of grant. Upon the exercise of the option, the exercise price must be paid in full either in cash, shares of our stock or a combination. If any option is not exercised for any reason, such shares shall again become available for the purposes of the plan.

**ADDITIONAL MATTER TO BE VOTED UPON BY OUR SHAREHOLDERS
THE 2005 STOCK COMPENSATION PLAN PROPOSAL**

On July 1, 2005, we adopted and approved, subject to approval by our shareholders, our 2005 Stock Compensation Plan (the 2005 Plan). We believe that a new plan is necessary since there are only a minimal number of options remaining under our 1998 Plan and our 2003 Plan. We believe that the grant of stock options is accomplishing its purpose, which is to promote our and your interests by providing key employees with an opportunity to acquire a proprietary interest in us and to develop a stronger incentive to put forth maximum effort for our continued success and growth. In addition, the opportunity to acquire a propriety interest in us aids us in attracting and retaining key personnel of outstanding ability.

Options granted under the 2005 Plan will constitute either incentive stock options within the meaning of Section 422 of the United States Internal Revenue Code of 1986, as amended, or options which constitute nonqualified options at the time of issuance of such options. The 2005 Plan provides that incentive stock options and/or nonqualified stock options may be granted to our officers, directors, employees and advisors selected by the compensation committee. A total of 4,000,000 shares of common stock are authorized and reserved for issuance during the term of the 2005 Plan, which expires in June 2015. The compensation committee has the sole authority to interpret the 2005 Plan and make all determinations necessary or advisable for administering the 2005 Plan. The exercise price for any incentive option or nonqualified option may be less than the fair market value of the shares as of the date of grant. Upon the exercise of the option, the exercise price must be paid in full either in cash, shares of our stock or a combination. If any option is not exercised for any reason, such shares shall again become available for the purposes of the 2005 Plan.

As of September 26, 2005, no options had been granted under the 2005 Plan.
