INTRODUCTION

We are a totally vertically integrated company that designs, brands, markets and distributes a complete range of fine jewelry. While we specialize in the semi-precious jewelry segment, we also offer high-end pieces set in yellow gold, white gold, platinum or sterling silver and adorned with semi-precious stones, diamonds, pearls and precious stones. We distribute mainly to fine jewelers, department stores, national jewelry chains and electronic and specialty retailers throughout North America and Western Europe. Our product lines incorporate all major categories sought by major retailers, including earrings, necklaces, pendants, rings and bracelets.

We believe that our vertically integrated structure provides significant advantages over our competitors. All profits from value added processes are captured internally, rather than shared with third party manufacturers. This results in very competitive pricing for the retailer and enhanced profits for us. Innovative processes in stone cutting and production further enhance our competitive position.

We employ an international design team and all of our designs and merchandising strategies are proprietary. The exclusive and innovative concepts that we create offer brand potential. Our primary marketing focus has been in North America where we have sold directly to certain high volume customers that need specialized product development services, and through a marketing relationship with International Jewelry Connection (IJC) for those customers that need higher levels of service and training.

We are located at Unit #12, 12/F, Block A, Focal Industrial Centre, 21 Man Lok Street, Hung Hom, Kowloon, Hong Kong, telephone: 011-852-2764-3622.

All Selling Stockholders are executive officers and/or directors. The address of each Selling Stockholder is the same as our address. All shares listed below for sale represent shares issuable upon exercise of options granted under the Plan.

Table of Contents

Name of Selling Stockholder *	Maximum Number of Shares Which May Be Sold Upon Exercise of Options *

* To be updated by prospectus supplements to be filed pursuant to Rule 424(b) of the Securities Act.

METHOD OF SALE

Sales of the shares offered by this prospectus will be made on The Nasdaq National Market, where our common stock is listed for trading, in other markets where our common stock may be traded, or in negotiated transactions. Sales will generally involve payment of customary brokers' commissions by the Selling Stockholders. There is no present plan of distribution.

SEC POSITION REGARDING INDEMNIFICATION

Our Memorandum of Association and Articles of Association provide for indemnification of officers and directors, among other things, in instances in which they acted in good faith and in a manner they reasonably believed to be in, or not opposed to, our best interests and in which, with respect to criminal proceedings, they had no reasonable cause to believe their conduct was unlawful.

Insofar as indemnification for liabilities arising under the Securities Act may be permitted to our directors, officers or persons controlling us under the provisions described above, we have been informed that, in the opinion of the Commission, indemnification is against public policy as expressed in that Act and is therefore unenforceable.

DESCRIPTION OF THE PLAN

Our board of directors and our shareholders have adopted and approved the Plan. Options granted pursuant to the Plan constitute either incentive stock options within the meaning of Section 422 of the Internal Revenue Code of 1986, as amended (the Code), or options which constitute nonqualified options at the time of issuance of such options. The Plan provides that incentive stock options and/or non-qualified stock options may be granted to our officers, directors, employees and advisors selected by our Compensation Committee. A total of 4,000,000 shares of common stock are authorized and reserved for issuance under the Plan, subject to adjustment to reflect changes in our capitalization in the case of a stock split, stock dividend or similar event.

Table of Contents

The Plan is administered by our Compensation Committee, which has the sole authority to interpret the Plan and to make all determinations necessary or advisable for administering the Plan, including but not limited to:

- who shall be granted options under the Plan;
- the term of each option;
- the number of shares covered by such option;
- whether the option shall constitute an incentive option or a nonqualified option;
- the exercise price for the purchase of the shares covered by the option;
- the period during which the option may be exercised;
- whether the right to purchase the number of shares covered by the option shall be fully vested on issuance of the option so that such shares may be purchased in full at one time or whether the right to purchase such shares shall become vested over a period of time so that such shares may only be purchased in installments; and
- the time or times at which the options shall be granted.

Except in the case of disability or death, no option shall be exercisable after an optionee who is an employee ceases to be employed by the Company; provided, however, the Compensation Committee has the right to extend the exercise period following the date of termination of such optionee's employment. If an optionee's employment is terminated by reason of death or disability, the Compensation Committee may extend the option term following the date of termination of the optionee's employment. Upon the exercise of the option, the exercise price must be paid in full either in cash, shares of our common stock or a combination.

If any option to purchase reserved shares shall not be exercised for any reason or if such option to purchase shall terminate as provided by the Plan, such shares which have not been so purchased shall again become available for the purposes of the Plan unless the Plan shall have been terminated.

The provisions of the Federal Employee Retirement Income Security Act of 1974 do not apply to the Plan. Shares issuable upon exercise of options will not be purchased in open market transactions but will be issued by us from authorized shares. Shares issuable under the Plan may be sold in the open market, without restrictions, as free trading securities. There are no assets administered under the Plan and, accordingly, no investment information is furnished.

No options may be assigned, transferred, hypothecated or pledged by the option holder except by will, the laws of intestate succession or as permitted by the Commission. No person may create a lien on any securities under the Plan, except by operation of law. However, there are no restrictions on the resale of the shares underlying the options.

The Plan will remain in effect until June 30, 2015. Additional information concerning the Plan may be obtained from us at our address and telephone number.

Table of Contents

APPLICABLE SECURITIES LAW RESTRICTIONS

If the optionee is deemed to be an affiliate (as that term is defined under the Securities Act), the resale of the shares purchased upon exercise of options covered hereby may be subject to certain restrictions and requirements, including compliance with the provisions of Rule 144 promulgated under the Securities Act.

In addition to the requirements imposed by the Securities Act, the antifraud provisions of the Exchange Act and the rules thereunder (including Rule 10b-5) are applicable to any sale of shares acquired pursuant to the Plan.

Up to 4,000,000 shares may be issued under the Plan. We have authorized 100,000,000 shares of common stock, of which 17,316,203 shares are outstanding as of July 20, 2006. Shares of common stock outstanding are, and those to be issued upon exercise of options will be, fully paid and nonassessable, and each share of common stock is entitled to one vote at all shareholders meetings. All shares are equal to each other with respect to lien rights, liquidation rights and dividend rights. There are no preemptive rights to purchase additional shares by virtue of the fact that a person is one of our shareholders. Shareholders do not have the right to cumulate their votes for the election of directors.

TAX CONSEQUENCES

We have been advised that the United States federal income tax consequences of the Plan to us and the optionees, and possible exercise of options granted under the Plan, will depend upon future circumstances and possible changes in the tax laws. **The following summary discussion addresses certain United States federal income tax consequences of the Plan. This discussion does not address all of the tax consequences that may be applicable to any particular optionee or to us. In addition, this discussion does not address foreign, state, or local taxes, nor does it address federal taxes other than federal income tax. This discussion is based upon applicable statutes, regulations, case law, administrative interpretations and judicial decisions in effect as of the date of this prospectus.**

The income tax treatment of nonstatutory options is governed by §83 of the Code. This section basically provides that if an option has a readily ascertainable fair market value when granted, then the optionee must recognize ordinary income at the time of grant but not at the time of exercise or disposal; if an option does not have a readily ascertainable fair market value when granted, the optionee must recognize ordinary income at the time of its exercise or disposal of the option but not at the time of its grant. We will receive a corresponding compensation deduction for the amount included by the optionee as income in the same year that the optionee includes such amount as income. Consequently, whether a nonstatutory option has a readily ascertainable fair market value at grant will determine whether the grant or the exercise of the nonstatutory option is the taxable event for the optionee who rendered the services for which the option was granted.

Table of Contents

No tax consequences result from the granting of an incentive stock option or from the exercise of an incentive stock option by the employee. In addition, the employer generally will not be allowed a business expense deduction with respect to an incentive stock option unless the employee disposes of the stock prior to the required holding period. The employee will be taxed at capital gain rates when he sells stock acquired under an incentive stock option plan, provided he has not disposed of the stock for at least two years from the date the option was granted to him and he has held the stock itself at least one year after the stock was transferred to him. If the foregoing holding period rules are not satisfied, the gain that would have been realized at the time the option was exercised is included as ordinary income in the year of the disqualifying sale. For this purpose, the gain is equal to the lesser of (i) the fair market value of the stock on the date of exercise over the option price of the stock, or (ii) the amount realized on disposition over the adjusted basis of the stock. The employer is allowed to deduct a corresponding amount as a business deduction at the same time the employee is required to recognize the ordinary income arising from the early disposition.

Notwithstanding the preceding, when calculating income for alternative minimum tax purposes, the favorable tax treatment of §421(a) is disregarded and the bargain purchase element (that is, the spread between the option price and the fair market value of the option stock at exercise) of the incentive stock option will be considered as part of the taxpayer's alternative minimum taxable income.

Bernstein, Esq., the sole shareholder of Andrew N. Bernstein, P.C., is one of our directors and owns 50,000 shares of our common stock and options to purchase 50,000 shares under our 1998 Plan.

Item 4. Description of Securities

Item 5. Interests of Named Experts and Counsel

Andrew N. Bernstein, Esq., the sole shareholder of Andrew N. Bernstein, P.C., serves as one of our directors and owns 50,000 options issued under our 1998 Plan. He received the options in consideration for legal services previously rendered and to be rendered in the future, excluding any services which have been, or may in the future be, rendered relating to capital raising efforts of the Company. Andrew N. Bernstein, P.C. has rendered an opinion in connection with the shares being registered hereunder.

Item 6. Indemnification of Directors and Officers

As in most United States jurisdictions, the board of directors of a British Virgin Islands company is charged with the management and affairs of the company, and subject to any limitations to the contrary in the Memorandum of Association of the Company, the Board of Directors is entrusted with the power to manage the business and affairs of the Company. In most United States jurisdictions, directors owe a fiduciary duty to the company and its shareholders, including a duty of care, pursuant to which directors must properly apprise themselves of all reasonably available information, and a duty of loyalty, pursuant to which they must protect the interests of the company and refrain from conduct that injures the company or its shareholders or that deprives the company or its shareholders of any profit or advantage. Many United States jurisdictions have enacted various statutory provisions which permit the monetary liability of directors to be eliminated or limited. Under British Virgin Islands law, liability of a director to the company is basically limited to cases of willful malfeasance in the performance of his duties or to cases where the director has not acted honestly and in good faith and with a view to the best interests of the company. However, under its Memorandum of Association, the Company is authorized to indemnify any person who is made or threatened to be made a party to a legal or administrative proceeding by virtue of being a director, officer or liquidator of the Company, provided such person acted honestly and in good faith and with a view to the best interests of the Company and, in the case of a criminal proceeding, such person had no reasonable cause to believe that his conduct was unlawful. The Company's Memorandum of Association also permits the Company to indemnify any director, officer or liquidator of the Company who was successful in any proceeding against expenses and judgments, fines and amounts paid in settlement and reasonably incurred in connection with the proceeding, where such person met the standard of conduct described in the preceding sentence.

The Company has provisions in its Memorandum of Association that insure or indemnify, to the full extent allowed by the laws of the Territory of the British Virgin Islands, directors, officers, employees, agents or persons serving in similar capacities in other enterprises at the request of the Company.

Item 7. Exemption from Registration Claimed

Item 9. Undertakings

(a) Rule 415 Offerings.

The undersigned registrant hereby undertakes that it will:

(1) File, during any period in which it offers or sells securities, a post-effective amendment to this Registration Statement to:

- (i) Include any prospectus required by Section 10(a)(3) of the Securities Act of 1933;
- (ii) Reflect in the prospectus any facts or events arising after the effective date of the Registration Statement which, individually or in the aggregate, represent a fundamental change in the information set forth in the Registration Statement; and

(iii) Include any material information with respect to the plan of distribution not previously disclosed in the Registration Statement or any material change to such information in the Registration Statement;

(2) For the purpose of determining any liability under the Securities Act of 1933, treat each such post-effective amendment as a new registration statement relating to the securities offered therein, and the offering of such securities at that time to be the initial bona fide offering thereof; and

(3) Remove from registration by means of a post-effective amendment any of the securities being registered which remain unsold at the termination of the offering.

(b) Filings Incorporating Subsequent Exchange Act documents by reference.

The undersigned registrant hereby undertakes that, for purposes of determining any liability under the Securities Act of 1933, each filing of the registrant's annual report pursuant to section 13(a) or section 15(d) of the Securities Exchange Act of 1934 (and, where applicable, each filing of an employee benefit plan's annual report pursuant to section 15(d) of the Securities Exchange Act of 1934) that is incorporated by reference in the registration statement shall be deemed to be a new registration statement relating to the securities offered therein, and the offering of such securities at that time shall be deemed to be the initial bona fide offering thereof.

(c) Request for acceleration of effective date or filing of registration statement on Form S-8.

Insofar as indemnification for liabilities arising under the Securities Act of 1933, as amended (the "Act"), may be permitted to directors, officers and controlling persons of the registrant pursuant to the foregoing provisions, or otherwise, the registrant has been advised that in the opinion of the Securities and Exchange Commission such indemnification is against public policy as expressed in the Act and is, therefore, unenforceable. In the event that a claim for indemnification against such liabilities (other than the payment by the registrant of expenses incurred or paid by a director, officer or controlling person of the registrant in the successful defense of any action, suit or proceeding) is asserted by such director, officer or controlling person in connection with the securities being registered, the registrant will, unless in the opinion of its counsel the matter has been settled by controlling precedent, submit to a court of appropriate jurisdiction the question whether such indemnification by it is against public policy as expressed in the Act and will be governed by the final adjudication of such issue.
