**PROXY STATEMENT
for
2005 Annual Meeting of Shareholders**

GENERAL

This Proxy Statement and form of proxy are furnished in connection with the solicitation of proxies by Frontier Airlines, Inc. ("Frontier") on behalf of its Board of Directors, for the 2005 Annual Meeting of Shareholders, which will be held on Thursday, September 8, 2005 at 9:30 a.m. local time at the Doubletree Hotel, 3203 Quebec Street, Denver, Colorado, and any adjournment of that meeting. This Proxy Statement and form of proxy, together with Frontier's Annual Report on Form 10-K, are being sent to shareholders on or about July 29, 2005.

Frontier will pay the costs of soliciting proxies. In addition to solicitation by mail, Frontier's regular employees may solicit proxies by personal interview, telephone, facsimile, e-mail, or other electronic means. These employees will not receive any additional compensation for soliciting activities. Frontier will reimburse brokers and other nominees their reasonable expenses for soliciting proxies or authorizations from beneficial owners or forwarding proxy material to beneficial owners.

SHARES OUTSTANDING, VOTING RIGHTS AND REVOCABILITY OF PROXY

Shareholders of record at the close of business on July 18, 2005 may vote at the Annual Meeting. On July 18, 2005, 36,172,342 shares of Frontier's common stock were outstanding and entitled to vote at the Annual Meeting. Shareholders of record will have one vote for each share they hold on the matters to be voted on.

The presence of a majority of the total outstanding shares of common stock entitled to vote, in person or by proxy, constitutes a quorum and is necessary to conduct business at the Annual Meeting. Abstentions and broker-dealer non-votes will be counted as "shares present" in determining whether this quorum has been reached. Assuming a quorum exists, the affirmative vote of a majority of the shares represented and entitled to vote at the meeting is necessary to elect directors and to approve other matters subject to vote at the Annual Meeting. Abstentions are counted as shares entitled to vote, and accordingly have the same effect as a vote against a matter.

The manner in which you may vote your shares depends on how your shares are held. If you own shares of record, meaning your shares of common stock are represented by certificates or book entries in your name so that you appear as a shareholder on the records of Frontier's stock transfer agent, Mellon Investor Services LLC, a proxy card for voting these shares is included with this Proxy Statement. If you own shares in street name, meaning that your shares of common stock are held by a bank or brokerage firm, you may instead receive a voting instruction form with this Proxy Statement that you may use to instruct your bank or brokerage firm how to vote your shares.

You may vote via the Internet or by telephone. If you own your shares in street name, however, not all banks and brokerage firms have arranged for Internet or telephone voting. You may also vote your shares by completing, signing, and returning the proxy card. For additional instructions on voting, please see your enclosed proxy card.

Internet and telephone voting are available 24 hours a day, and if you use one of these methods, you do not need to return your proxy card. The deadline for voting through the Internet or by telephone is 11:59 p.m., Eastern Time, on September 7, 2005. The Internet voting procedures are designed to authenticate your identity, allow you to vote your shares, and confirm your instructions

were properly recorded. If you have Internet access, Frontier encourages you to vote by Internet. It is convenient and saves Frontier significant postage and processing costs.

Submitting your proxy will not affect your right to attend the meeting and vote in person. You may vote all your eligible shares in person at the meeting, and your vote will revoke any proxy you previously granted. If you own common stock in street name and want to vote your shares at the meeting, you must obtain a "legal proxy" from the bank or brokerage firm that holds your shares. You should contact your bank or brokerage account representative to learn how to obtain a legal proxy. You may also revoke your proxy by sending written notice to Frontier's Corporate Secretary or by submitting a subsequent proxy before the Annual Meeting. If you own common stock in street name you may change or revoke previously given voting instructions by contacting the bank or brokerage firm holding the shares.

Your proxy authorizes the persons named to vote your shares in the manner you direct. You may vote for all, some, or none of the director nominees or choose to withhold your vote. If you return your proxy without specifying how to vote, the persons named as proxies will vote your shares for the election of directors as described in Proposal 1 Election of Directors. The proxies will use their best judgment regarding other matters that properly come before the meeting. Frontier is not aware of any matters, other than those discussed in this Proxy Statement, which will be presented at the meeting.

PROPOSAL 1 ELECTION OF DIRECTORS

Eight directors are standing for election or re-election to Frontier's Board of Directors (the "Board"). The nominees for the Board are Samuel D. Addoms, D. Dale Browning, Paul S. Dempsey, Patricia A. Engels, William B. McNamara, B. LaRae Orullian, Jeff S. Potter, and James B. Upchurch. Each of these nominees is currently a member of the Board of Directors and, was elected to the Board of Directors at Frontier's 2004 Annual Meeting of Shareholders. Frontier's Articles of Incorporation and Bylaws authorize the Board to increase or decrease its size. The Board previously fixed the membership of the Board at nine members. In June 2005 Hank Brown announced he would not stand for reelection to the Board. Accordingly, only eight nominees are named and the proxies cannot vote for a greater number of persons than nominated.

Each of these nominees, if elected, will serve a one-year term from the date of election until the next annual meeting of shareholders and thereafter until his or her successor is elected and qualified. If there is a vacancy or addition of members to the Board, Frontier's Bylaws allow the Board to appoint new members to fill the positions.

The Board of Directors recommends a vote "FOR" all nominees. As of the date of this Proxy Statement, the Board is not aware that any nominee is unable or will decline to serve as a director. If a nominee is unable to or declines to serve as a director, the Board will designate a substitute nominee. If you submitted a proxy and a substitute nominee is designated, the proxy holders will vote for the election of the substitute nominee.

Under Frontier's Bylaws, the election of directors requires the affirmative vote of a majority of the shares represented and entitled to vote at the meeting.

Board Meetings, Committees, and Corporate Governance

During the fiscal year ended March 31, 2005, the Board of Directors held a total of 6 meetings and authorized 2 additional actions by written consent in lieu of meeting. All incumbent directors attended at least 75% of the meetings of the full board and the meetings of the committees on which they served.

It is Frontier's policy that each director is expected to attend the annual meeting of shareholders. All eight directors attended last year's annual shareholders meeting.

Independence

Each of the directors other than Mr. Addoms, Chairman of the Board, and Mr. Potter, President and Chief Executive Officer, qualify as "independent" under the NASDAQ rules. The NASDAQ independence definition includes objective measures that disqualify a director from being independent, including whether the director is an employee of the company or has engaged in various types of business dealings with the company. These objective measures assist the Board in making determinations of director independence under the NASDAQ rules. The Board makes a determination regarding the independence of each director annually based on all relevant facts and circumstances. Although a director who is not disqualified under the NASDAQ rules will be presumed to be independent (except for purposes of serving as a member of the Audit Committee), the Board may make an affirmative determination that a director is not independent based on its review of other factors.

Applying these standards and the NASDAQ independence criteria, the Board has made a subjective determination as to each independent director that no relationships exist that in the opinion of the Board would interfere with the exercise of his or her independent judgment in carrying out the responsibilities of a director. In making these determinations, the directors reviewed and discussed information provided by the directors and Frontier with regard to each director's business and personal activities as they may relate to Frontier and its management.

Committees

Frontier's Board of Directors has an Audit Committee, a Compensation Committee, and a Nominating and Corporate Governance Committee.

Audit Committee. During the fiscal year ended March 31, 2005, the members of the Audit Committee were D. Dale Browning (Chair), Hank Brown, and B. LaRae Orullian, each of whom is an "independent director" as currently defined by applicable law and NASDAQ rules. The Audit Committee, which held 4 meetings during fiscal year 2005, is responsible for appointing the independent auditors of Frontier, reviewing all recommendations of Frontier's independent auditors and Frontier's internal auditors, reviewing and approving non-audit services performed by accountants and other consultants retained by Frontier, reviewing Frontier's periodic reports filed with the Securities and Exchange Commission ("SEC") and otherwise overseeing Frontier's financial reporting. The Audit Committee also determines whether management has established a system to promote the accuracy and completeness of Frontier's financial statements and other publicly disclosed information. Additionally, the Audit Committee selects, engages, compensates, and oversees Frontier's independent auditors and pre-approves all services to be performed by them. The roles and responsibilities of the Audit Committee are described in detail in an Audit Committee charter the Board of Directors adopted. A copy of the Audit Committee charter was attached as an exhibit to Frontier's 2004 Proxy Statement.

The Board of Directors has determined that each member of the Audit Committee meets the experience and independence standards required under the NASDAQ rules and

Rule 10A-3(b)(1)(ii) under the Securities Exchange Act of 1934, as amended (the "Act"). No member of the Audit Committee serves on the audit committee of more than three public companies. The Board of Directors has determined that both D. Dale Browning and B. LaRae Orullian qualify as an "audit committee financial expert," serve on the Audit Committee, and are independent directors.

The Board will continue to monitor the standards for director independence established by applicable law or NASDAQ rules and will ensure Audit Committee members continue to meet those standards. Additional information concerning the composition and role of the Audit Committee is set forth under the caption "Audit Committee Report," which appears below in this Proxy Statement.

Compensation Committee. During the fiscal year ended March 31, 2005, the members of the Compensation Committee were Patricia A. Engels (Chair), Paul S. Dempsey, William B. McNamara, and James B. Upchurch. The Board of Directors has determined that each member is an "independent director" as currently defined by applicable law and NASDAQ rules. The duties of the Compensation Committee include evaluating and recommending to the Board the compensation of Frontier's executive officers. The Compensation Committee, which held 2 formal meetings during fiscal year 2005, also reviews and recommends Company-wide increases for employees and evaluates, recommends for adoption, and administers the Company's benefit plans, including reviewing and granting stock options to eligible employees. The roles and responsibilities of the Compensation Committee are described in detail in a written charter adopted by the Board. Additional information concerning the composition and role of the Compensation Committee is set forth under the caption "Compensation Committee Report," which appears below in this Proxy Statement.

Nominating and Corporate Governance Committee. During the fiscal year ended March 31, 2005, the members of the Nominating Committee were James B. Upchurch (Chair), Paul S. Dempsey, William B. McNamara, and B. LaRae Orullian, each of whom is an "independent director" as currently defined by applicable law and NASDAQ rules. The Nominating Committee met once during fiscal year 2005. The duties of the Nominating and Corporate Governance Committee include identifying and recommending qualified individuals to serve as members of the Board, determining the size of the Board, recommending directors for appointment to Board committees, and evaluating the Board's performance. The roles and responsibilities of the Nominating and Corporate Governance Committee are described in detail in a written charter adopted by the Board. A current copy of the Nominating and Corporate Governance Committee Charter is available on Frontier's website at www.frontierairlines.com. During fiscal year 2005, the Nominating and Corporate Governance Committee assisted the Board of Directors and each of the Board committees in conducting evaluations to assess their effectiveness.

Consideration of Director Nominees

In making its recommendations regarding nominees to serve on the Board of Directors, the Nominating and Corporate Governance Committee reviews an individual's qualifications including a determination as to the independence of the candidate based on the independence requirements described above. If the nominee is being evaluated for re-nomination to the Board of Directors, the Committee will assess the prior performance of the director. The Committee will also periodically review the composition of the Board of Directors in light of its current challenges and needs and determine whether it may be appropriate to add or remove individuals after considering issues of judgment, diversity, age, skills, background and experience.

Shareholder Recommendations. The Nominating and Corporate Governance Committee will consider nominees for the Board of Directors that a shareholder submits in writing. The Committee will consider candidates a shareholder recommends in the same manner other candidates are considered. A shareholder wishing to recommend an individual to stand for election as a director at an annual or special meeting of the shareholders must provide written notice of the recommendation,

including (a) the name and address of the shareholder making the recommendation; (b) the information regarding the shareholder's recommended nominee(s) that would be required to be included in Frontier's proxy statement filed under the proxy rules of the SEC if the Board elects to nominate the nominee(s); (c) a representation of the shareholder as to the number of shares of stock of Frontier the shareholder beneficially owns and the shareholder's intent to appear in person or by proxy at the meeting to propose such nomination; (d) the written consent of the nominee(s) to serve as a member of the Board if so nominated and elected; and (e) any additional information the Committee requests. The shareholder notice with appropriate supporting documentation and information should be submitted in writing to the Nominating and Corporate Governance Committee c/o David Sislowski, Corporate Secretary, Frontier Airlines, Inc., 7001 Tower Road, Denver, Colorado 80249.

Each shareholder recommendation will be processed expeditiously upon receipt of the shareholder notice with appropriate supporting documentation and information. If the Nominating and Corporate Governance Committee determines that a shareholder-recommended candidate is suitable for Board membership, it will include the candidate in the pool of candidates to be considered for nomination upon the occurrence of the next Board vacancy or in connection with the next annual meeting of shareholders. Shareholders who are recommending candidates for nomination in connection with the next annual meeting of shareholders should submit their shareholder notice with appropriate supporting documentation and information no later than March 1st of the year of that meeting.

Shareholder Nominations. Shareholders who wish to nominate a person for election as a director (as opposed to making a recommendation to the Nominating and Corporate Governance Committee) must follow the procedures described under "Shareholder Proposals" below.

Corporate Governance

The Board of Directors adopted a Code of Business Conduct and Ethics that applies to all Frontier directors, officers and employees, including the Chief Executive Officer, the Chief Financial Officer, and the Controller. A current copy of the Code of Business Conduct and Ethics is available on Frontier's website at www.frontierairlines.com. Any amendments to, or waivers from, any provision of the Code of Ethics applicable to Frontier's Chief Executive Officer, Chief Financial Officer, Controller or persons performing similar functions will be disclosed by posting the information on Frontier's internet website at www.frontierairlines.com within five business days.

Current copies of the charters of the Audit Committee, the Nominating and Corporate Governance Committee, and the Compensation Committee (collectively the "Committee Charters") are available on Frontier's website at www.frontierairlines.com. Printed copies of the Committee Charters are also available to a shareholder upon request. Requests for printed copies should be addressed to Frontier Airlines, Inc., Corporate Secretary, 7001 Tower Road, Denver, Colorado 80249.

Communicating with Directors

Frontier shareholders may send communications to the Board as a whole or the independent directors as a group. Any shareholder who wishes to communicate with the Board may do so by writing Frontier's Corporate Secretary, 7001 Tower Road, Denver, Colorado 80249. The Corporate Secretary will review all correspondence, and will regularly forward to the Board a summary of all correspondence received and copies of correspondence the Corporate Secretary determines to be of significant importance to the functions of the Board or otherwise requires the Board's attention. The Board may at any time review all correspondence received by the Corporate Secretary that is intended for the Board and request copies of any of the correspondence. Each communication must state the full name of the shareholder and, if the shareholder is not a record holder of Frontier stock, should be accompanied by appropriate evidence of stock ownership (such as an accounting statement showing ownership of Frontier stock).

Director Compensation

Mr. Potter is the only director who is also a Frontier employee. Mr. Potter does not receive any additional compensation for serving as a director. Mr. Addoms retired from Frontier in April 2002 and receives compensation under the terms of his severance agreement as detailed below, but does not otherwise currently receive any additional compensation for serving as a director.

During the fiscal year ending March 31, 2005, each director, other than Mr. Potter and Mr. Addoms, received an annual fee of \$20,000 and, other than Ms. Engels, an option for the purchase of 5,000 shares of Frontier's common stock. Since Ms. Engels was a new member of the Board, she received an initial option for the purchase of 10,000 shares of Frontier's common stock. These options were granted under the terms of the Frontier Airlines 2004 Equity Incentive Plan (the "Incentive Plan") with an exercise price of \$8.50 and an expiration date of September 12, 2014, each vesting in full on the first anniversary of the September 13, 2004 grant date.

During fiscal year 2005, the Board reviewed director compensation with the assistance of an outside executive compensation consultant. As a result of this review, the Board adopted a revised compensation program for non-employee members of the Board. During the fiscal year ending March 31, 2006, each non-employee director will receive the following: (a) an annual retainer of \$20,000; (b) board meeting fees of \$1,500 per meeting attended in person and \$750 per meeting attended telephonically; and (c) an option for the purchase of 5,000 shares or equivalent restricted stock units of Frontier's common stock under the Incentive Plan. New members of the Board will receive an initial option for the purchase of 10,000 shares or equivalent restricted stock units of Frontier's common stock under the Incentive Plan, prorated for mid-fiscal year appointments. Options or restricted stock units granted to members of the Board will have an exercise price equal to the fair market value of Frontier's common stock on the date of the grants, will have a term of ten years, and will vest on the third anniversary of the date of grant or as otherwise determined by the Board, provided, no options or restricted stock units will vest prior to the first anniversary of the date of grant.

Frontier also reimburses all of its directors for travel and out-of-pocket expenses in connection with their attendance at meetings of the Board and Committees on which they serve, and permits them, their spouses, and dependent children to fly without charge on Frontier's scheduled flights on a stand-by basis.

Samuel D. Addoms Severance Agreement. On April 1, 2002, Frontier entered into a Director Compensation Agreement with Samuel D. Addoms, Chairman of the Board of Directors and former President and Chief Executive Officer of Frontier. The agreement provides that he is entitled to (a) compensation of \$75,000 per year for five years as long as he remains a member of Frontier's Board of Directors, (b) an option to purchase 200,000 shares of Frontier's stock under the 1994 Stock Option Plan at an exercise price of \$17.00 set on April 1, 2002, which become exercisable in three equal installments on April 1, 2002, December 31, 2003, and April 1, 2004, (c) free lifetime air travel on Frontier's airline for Mr. Addoms and his spouse, (d) such group health, life insurance and other benefits for Mr. Addoms and his eligible dependents as are provided to, and for the same rates as, Frontier's officers, during Mr. Addoms' employment by Frontier, and (e) continued employment by Frontier for five years at an annual salary of \$25,000. In connection with this agreement Mr. Addoms agreed not to become employed by or provide consulting services to any air carrier that competes with Frontier for so long as he remains an employee or director of Frontier. This agreement superseded the termination agreement executed by Mr. Addoms and Frontier during the fiscal year ended March 31, 1999.

Option Grants in Last Fiscal Year

During the fiscal year ended March 31, 2005, Frontier granted options to purchase shares of its common stock to and one of the top four executives named above as shown in the following table.

Name	Number of securities underlying options granted	Percent of Total Granted In Fiscal Year	Exercise or Base Price (\$/S)	Expiration Date	Grant Date Present Value (1)
James W. Sullivan, Jr.	30,000	14.29%	\$ 7.77	10/27/14	\$ 166,101

(1)

Calculated using the Black-Scholes method with the following assumptions and adjustments: a risk-free interest rate of 3.34%; a dividend rate of \$0; a volatility factor of the expected market price of Frontier's common stock of 74.5%; and an expected life of 7 years. No downward adjustments were made to the resulting grant-date option values to account for potential forfeiture or non-transferability of the options in question. Because the Black-Scholes model was not developed for executive options and requires the use of assumptions primarily based on conditions in effect at the time of grant (and not over the term of the option), it provides only a theoretical estimate of the value of these options. Frontier is not aware of any option pricing model that can provide a true assessment of the value of the executive stock options. Over their lives, the options could have a greater or a lesser value than that shown in the table, and under some circumstances they could have zero value.

Aggregated Option Exercises in Last Fiscal Year and Fiscal Year End Option Values

Compensation Committee Interlocks and Insider Participation

During the fiscal year ended March 31, 2005, Frontier's Compensation Committee consisted of Patricia A. Engels (Chair), Paul S. Dempsey, William B. McNamara, and James B. Upchurch. There were no interlocking business relationships between Frontier and any member of the Compensation Committee created during the fiscal year.

Report of the Compensation Committee on Executive Compensation

The Compensation Committee is comprised entirely of independent, non-employee directors. The Compensation Committee, in conjunction with the entire Board, determines the salary and total compensation of Frontier's executive officers.

Compensation Philosophy. The Committee desires to create a total executive compensation package that will attract and retain the executive talent necessary to achieve goals consistent with Frontier's business strategy and create maximum shareholder value over time. This compensation philosophy is intended to be the foundation for programs that will accomplish the following goals:

Provide a competitive total compensation package that will attract and retain executive talent with appropriate skill sets and experience.

Motivate Frontier's executives to achieve goals consistent with Frontier's business strategy and reward outstanding results.

Align executive management with shareholder interests.

Recognize individual results and contributions to Frontier's overall business results.

The Compensation Committee retained an independent compensation-consulting firm to examine Frontier's existing compensation levels and evaluate Frontier's compensation against a peer group of low-cost carriers and regional airlines on a size adjusted basis (the "Peer Group"). The Compensation Committee also looked to larger airlines to evaluate certain trends in the airline industry. Based on its review of the relevant data and recommendations made by the independent consultant, the Committee believes the key elements of Frontier's executive compensation should consist of base salary, an annual performance based bonus, and long-term incentives. The Committee further believes that establishing base salaries below the market average, while placing more emphasis on performance based bonuses and long-term incentives that are above the market average, will promote maximum results and enhance shareholder value. Additional information and details on Frontier's executive compensation program are available in the current report on Form 8-K that Frontier filed with the Securities and Exchange Commission on June 13, 2005.

Base Salary. The Compensation Committee targets the base salary levels at below the median for the Peer Group, and weights compensation more heavily towards variable compensation tied to Frontier's profitability. The Compensation Committee determines the base salary for an executive officer based on the responsibilities of the position held, the experience and skills of the individual, the external demand for comparably skilled employees, and the individual's potential impact on Frontier's overall financial and operational performance. Base salary may also be adjusted to reflect the officer's performance and success in achieving specific corporate and individual goals.

Annual Bonus. In May 2004, the Compensation Committee and the Board of Directors adopted Frontier's fiscal year 2005 bonus plan for employees and executive officers. Under the plan, bonuses are awarded based on Frontier's fiscal year pre-tax profits. No bonuses were paid for fiscal year 2005 because Frontier did not achieve the minimum pre-tax profit margin.

On March 10, 2005, the Board adopted an Executive Bonus Plan for the fiscal year ended March 31, 2006, pursuant to which executive officers and internal directors of Frontier have an annual bonus opportunity, payable in cash, based on Frontier's performance during the fiscal year. The annual bonus program is primarily designed to (a) focus on Frontier's profitability no bonus will be paid if Frontier is not profitable; (b) promote annual objectives that drive the creation of long-term value for shareholders; and (c) provide a peer performance adjustment as a balance, given the volatility and unpredictability of the airline industry.

Long-Term Incentives. In the past the Compensation Committee, with concurrence of the Board of Directors, used stock options as the primary tool for providing equity incentives to the executive officers. The Compensation Committee believes strongly that equity compensation is the most effective tool available to ensure that senior executives remain focused on creating long-term value for shareholders. It also recognized that equity incentives serve as a tool for the retention of executive talent. All equity incentives are being granted in accordance with and subject to the Frontier Airlines 2004 Equity Incentive Plan approved by the shareholders of Frontier at its annual meeting held on September 9, 2004.

During 2005 the Compensation Committee reviewed the use of stock option awards and determined that Frontier needed to diversify its long-term equity awards to strengthen the retention component of the awards and reduce the potential for shareholder dilution associated with the stock option awards. Accordingly, Frontier's executive officers have an opportunity to receive a combination of stock appreciation rights, restricted stock units and a cash incentive payment. Frontier's senior managers will receive a combination of restricted stock units and cash incentive payments. The stock appreciation rights are designed to reward the executive for increases in Frontier's stock price. The performance based cash incentive is designed to reinforce strategic business goals. The restricted stock units are designed to retain and attract key contributors. The long-term nature of these awards (three and five-year vesting) is intended to promote long-term growth and stability and align the executives' personal interests with that of the shareholders.

Compensation of the Chief Executive Officer. The philosophy of the Compensation Committee and the Board of Directors is to tie the most significant portion of the Chief Executive Officer's compensation directly to Frontier's success in enhancing shareholder value. The shareholders will benefit through the Chief Executive Officer's leadership in establishing and meeting short-term and medium-term financial and operational goals and his initiative in developing and implementing long-term strategies.

The above-described philosophy guided the Board of Directors in establishing Mr. Potter's compensation. Mr. Potter participates in all programs applicable to Frontier's other senior executives; there are no programs uniquely available to Mr. Potter. Currently, Mr. Potter's base salary is \$295,000 and he participates in the Executive Bonus Plan and the Long Term Incentive Plan, with the same performance levels applicable to other executives. Mr. Potter did not receive any bonus for fiscal year 2005 since Frontier did not achieve the minimum pre-tax profit margin nor did he receive any long-term incentives during fiscal year 2005. The Compensation Committee believes that Mr. Potter's total compensation is below the median level of comparable airlines with which Frontier competes for executive talent. The structure of Mr. Potter's compensation, in the view of the Board of Directors, aligns his interests with the total return to shareholders.

Any proposals received after June 14, 2006 will not be considered at Frontier's 2005 annual meeting.

INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

KPMG LLP has acted as independent public accountants for Frontier continuously since 1994. A representative of KPMG LLP will be present at the Annual Meeting, will have the opportunity to make a statement if he or she desires to do so, and will be available to respond to appropriate questions.

KPMG LLP was selected by the Audit Committee to perform the audit function for fiscal year 2005. No independent registered public accounting firm has yet been selected to perform the audit function for fiscal year 2006. It is expected that the Audit Committee will approve the engagement of an auditor at a meeting to be held in September 2005, or subsequent thereto.

Audit and Non-Audit Fees

The following table presents fees for audit services and other professional services provided by KPMG LLP for fiscal years 2005 and 2004:

	2005	2004
Audit Fees	\$ 843,645	\$ 347,000
Audit-related Fees	\$ 34,400	\$ 127,400
Audit and Audit-related Fees	\$ 878,045	\$ 474,400
Tax Fees	\$ 122,895	\$ 133,600
All other Fees	-0-	-0-
Total Fees	\$ 1,000,940	\$ 608,000

For purposes of the preceding table, the professional fees are classified as follows:

Audit Fees consisted of professional services billed for the audit of the financial statements included in our Form 10-K filings, the review of financial statements included in our Form 10-Q filings, and consents and assistance with and review of documents filed with the SEC. Audit fees for each year shown include amounts billed to us through the date of this proxy statement for that particular year.

Audit-related Fees consisted of professional consultations with respect to accounting issues affecting Frontier's financial statements and the audit of passenger facility chargers collected, withheld, refunded/exchanged, and remitted.

Tax Fees consisted of tax compliance and consultations regarding the tax implications of certain transactions.

Audit Committee Pre-Approval Policies and Procedures

Consistent with SEC rules regarding auditor independence, the Audit Committee pre-approves all audit and permissible non-audit services provided by the independent auditors. Prior to engaging the independent auditors, the Audit Committee reviews a list of audit, audit related, and tax services the independent auditor expects to provide during the fiscal year, as well as the proposed fees for each of these services. The Audit Committee pre-approves the services and the related proposed fees if the services are compatible with maintaining the auditor's independence. During the year, circumstances may arise when it may become necessary to engage the independent auditors for additional services not contemplated in the initial annual proposal. In those instances, the Audit Committee must pre-approve the additional services and related fees before the independent auditors may be engaged to provide the additional services. All services KPMG, LLP performed for Frontier during fiscal year 2005 were approved under the Audit Committee's pre-approval guidelines.
