This financial statement is the responsibility of the Property's management. Our responsibility is to express an opinion on this financial statement based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statement is free of material misstatement. THE KELLOGG OFFICE BUILDING

NOTES TO STATEMENTS OF REVENUE AND CERTAIN EXPENSES  
DECEMBER 31, 2000

NOTE 1 - BASIS OF PRESENTATION

The accompanying statement of revenue and certain expenses reflect the operations of the Kellogg Office Building (the "Kellogg Building" or the "Property"). The Property consists of one office building located in Littleton, Colorado. The Property contains approximately 113,000 net rentable square feet and is located on approximately 5 acres of land. As of December 31, 2000, the

## Edgar Filing: AMERIVEST PROPERTIES INC - Form 8-K/A

Property had an occupancy percentage of approximately 94%.

The Property was acquired by AmeriVest Properties Inc. and subsidiaries ("AmeriVest") from an unrelated party on December 21, 2001 for \$13,550,000, which was paid with \$9,500,000 from the proceeds of a loan from US Bank National Association and the balance from a portion of the proceeds of the July 2001 public offering. In addition, AmeriVest incurred approximately \$250,000 related acquisition fees and costs, of which, \$203,440 represents the advisory fee due to Sheridan Realty Advisors, LLC in connection with the acquisition per the Property Management and Advisory Agreement.

The accounting records of the Property are maintained on the accrual basis. The accompanying statements of revenue and certain expenses are prepared pursuant to the rules and regulations of the Securities and Exchange Commission, and exclude certain expenses such as interest, depreciation and amortization, professional fees and other costs not directly related to future operations of the Property.

The preparation of financial statements in conformity with accounting principles generally accepted in the United States requires management to make estimates and assumptions that affect the reported amounts of revenue and expenses during the reporting period. The ultimate results could differ from those estimates.

### Interim Information (Unaudited)

-----  
In the opinion of management, the unaudited information as of September 30, 2001 included herein contains all the adjustments necessary, which are of a normal recurring nature, to present fairly the revenue and certain expenses for the nine months ended September 30, 2001. Results of interim periods are not necessarily indicative of results to be expected for the year. Management is not aware of any material factors that would cause the information included herein to not be indicative of future operating results.
