Such financial statements generally conform to the presentation reflected in the Company's Form 10-KSB filed with the Securities and Exchange Commission for the year ended December 31, 2001. 4. Agreement with Sheridan Realty Advisors, LLC

Effective January 1, 2000 through December 31, 2001, all of the Company's properties were managed under a Property Management and Advisory Agreement (as

Edgar Filing: AMERIVEST PROPERTIES INC - Form 10QSB

amended on March 12, 2001, the "Agreement") with Sheridan Realty Advisors, LLC ("SRA"), which also managed the day-to-day operations of the Company and assisted and advised the Board of Directors on real estate acquisitions and investment opportunities. Certain senior members of SRA are members of the Company's management team and of the Company's Board of Directors. In accordance with the Agreement, SRA received an administrative fee, a property management and accounting fee, an advisory fee and a capital project fee for these services. The property management and accounting fee was calculated as 5% of gross collected rents, the advisory fee is calculated as 5% of capital deployed for real property acquisitions and the capital project fee is calculated as 3% of the total cost of capital projects in excess of \$100,000.

The Agreement was further amended and restated as of December 31, 2001 to provide for the Company's acquisition of SRA's administrative and property management and accounting services business, along with the elimination of those related fees, effective January 1, 2002. As a result, most of SRA's employees, including three of the Company's senior executives, became employees of the Company and manage the day-to-day operations. The three senior executives also remain employees of SRA. SRA continues to advise the Company with respect to capital markets activity, real estate acquisitions and dispositions and major capital projects. For these services, SRA continues to earn the advisory and capital project fees under the amended and restated Agreement. For accounting purposes, due to the amendment of the Agreement effective January 1, 2002, the advisory and capital project fees are being expensed beginning in 2002.

During 2000, SRA received incentive compensation in the form of five-year warrants to purchase up to 750,000 shares of common stock at \$5.00 per share. Issuance of the warrants was approved by the shareholders at the annual meeting on June 6, 2000. According to the Agreement, 225,000 of these warrants were granted and vested on the approval date. These vested warrants have an estimated fair value of \$73,668, which is being amortized over the life of the Agreement through December 31, 2003. The remaining 525,000 warrants vest in an amount equal to 2.1% of capital deployed for real property acquisitions. As of September 30, 2002, all of the remaining 525,000 warrants vested and have an estimated fair value of \$307,725, which has been capitalized with the related acquisition costs.

5. Stock Offering

On May 9, 2002, the Company's Registration Statement became effective with the Securities and Exchange Commission for an offering of up to 4,140,000 shares of common stock, including 540,000 shares to cover over-allotments, at a price of \$6.05 per share. The Company received \$22,781,538, net of the underwriting commissions and offering expenses, from the sale of all 4,140,000 shares. The proceeds are being used to acquire and refurbish additional properties, for capital improvements to existing properties, including Arrowhead Fountains, Sheridan Center and the Kellogg Building, in an amount up to \$1,500,000, and for general corporate purposes.

6. Acquisitions and Developments

On September 5, 2002, the Company completed the acquisition of the Parkway Centre II office building. Parkway Centre II is located in Plano, Texas and contains 151,988 rentable square feet and is located on 6.4 acres. The aggregate purchase price for Parkway Centre II was \$22,000,000, which was paid through the assumption of the existing \$17,000,000 loan on the property and the balance paid in cash from a portion of the proceeds from the 2002 public offering. In connection with this acquisition, the Company paid an advisory fee to SRA in the amount of \$251,910 in accordance with the Agreement.

On September 6, 2002, the Company purchased 2.55 acres of vacant land, adjacent to Keystone Office Park in Indianapolis, Indiana, from Sheridan Realty

Edgar Filing: AMERIVEST PROPERTIES INC - Form 10QSB

Partners, L.P., a related party, for \$320,000. The purchase price was paid by the issuance of 52,893 shares of common stock (\$6.05 per share). The Company has commenced construction of an 18,000 square foot single-story office building on this site to accommodate existing tenant expansion needs and new tenants. The new building was designed to match the three existing buildings and is expected to be completed in the spring of 2003.

8

The Company has entered into contracts to acquire two office properties within the next 60 days. The properties include a 186,000 square foot building in Denver, Colorado and a 171,000 square foot building in Dallas, Texas. The contracts are subject to a number of contingencies and there is no assurance that these acquisitions will occur.

7. Mortgage Loans and Notes Payable

On April 4, 2002, the Company drew down the remaining available amount of \$1,030,201 on its loan from US Bank for a total outstanding balance of \$10,500,000. The loan is secured by a mortgage on Sheridan Center.

During the second quarter of 2002, the Company was approved for a \$29,700,000 long-term credit facility with a major life insurance company. This facility will replace the existing short-term, variable rate mortgage loans on Arrowhead Fountains, the Kellogg Building and Sheridan Center and will bear interest at a fixed rate of 7.4%. This refinancing is expected to close in December 2002, however, the loan is subject to a number of contingencies and there is no assurance that this refinancing will actually occur.

In connection with the acquisition of Parkway Centre II, the Company assumed a loan with a principal balance of \$17,000,000 from J.P. Morgan Chase Commercial Mortgage Securities Corporation. The loan bears interest at LIBOR plus 195 basis points, due in monthly installments of interest only, with the principal balance and accrued interest due on August 10, 2004. This loan may be prepaid at any time without penalty.

The Company has a short-term revolving credit line from US Bank in the amount of \$300,000 and a \$1,500,000 short-term unsecured credit line from Sheridan Investments, LLC, a related party. At September 30, 2002, the Company did not have an outstanding balance on either of these lines of credit.

Item 2. Management's Discussion and Analysis of Financial Condition and Results of Operations.

The following discussion and analysis of the consolidated financial condition and results of operations should be read in conjunction with the consolidated financial statements and notes thereto included in this Form 10-QSB and elsewhere.

	66,913	71,184	(4,271)
Net Income	\$ 162,425	\$ 179,662	\$ (17,237)

Rental revenue

The increase in rental revenue is due primarily to the inclusion of the operations of Arrowhead Fountains (acquired in November 2001), the Kellogg Building (acquired in December 2001) and Parkway Centre II (acquired in September 2002), offset by the exclusion of the operations of the Panorama Falls building (80% of which was sold in December 2001).

Property operating expenses

Operating expenses and real estate taxes increased as a result of the above-mentioned transactions.

The decrease in management fees is due to the Company's acquisition of Sheridan Realty Advisors, LLC ("SRA") administrative and property management and accounting services business, along with the elimination of those related fees, effective January 1, 2002. Subsequent to January 1, 2002, management fees decreased and general and administrative expenses increased due to the Company being internally managed versus externally managed in 2001.

General and administrative expenses

The increase in general and administrative expenses is due to the above-mentioned acquisition of SRA's administrative and property management and accounting services business, together with an increase in corporate office staff necessary to manage the Company's continued growth. It is anticipated that

Edgar Filing: AMERIVEST PROPERTIES INC - Form 10QSB

general and administrative expenses will continue to increase as the Company acquires additional assets.

10

Advisory fee

The expense recognized in 2002 represents the advisory fee earned by SRA in connection with the acquisition of Parkway Centre II. These fees were previously capitalized with the related acquisition costs, however, due to the amendment of the Agreement effective January 1, 2002, the advisory and capital project fees are being expensed beginning in 2002.

Interest expense

The increase in interest expense is due to an increase in the average outstanding debt balance for the three-month period ended September 30, 2002 by approximately 62% from the prior year period. The increase in debt is primarily due to the above-mentioned transactions. The effect of the increase in debt level is partially offset by a decrease in interest rates, which resulted in lower interest costs on the Company's variable rate debt.

Depreciation and amortization expense

The increase in depreciation and amortization expense is due to the overall increase in depreciable assets resulting from the above-mentioned transactions.

Interest income

Interest income increased due to higher average outstanding cash balances in interest bearing accounts in 2002.

Equity in loss of unconsolidated affiliate

The equity in loss of unconsolidated affiliate recognized in 2002 represents the Company's share of the net loss of Panorama Falls. The Company sold 80% of its interest in Panorama Falls in December 2001, retaining its current 20% interest.

Comparison of the nine-month period ended September 30, 2002 to the nine-month period ended September 30, 2001

Rental revenue

The increase in rental revenue is due primarily to the inclusion of the operations of Sheridan Plaza at Inverness, LLC (acquired in April 2001) for the full nine months in 2002, Arrowhead Fountains (acquired in November 2001), the Kellogg Building (acquired in December 2001) and Parkway Centre II (acquired in September 2002), offset by the exclusion of the operations of the Giltedge building (sold in June 2001) and the Panorama Falls building (80% of which was sold in December 2001).

Property operating expenses

Operating expenses and real estate taxes increased as a result of the above-mentioned transactions.

The decrease in management fees is due to the aforementioned acquisition of SRA's administrative and property management and accounting services business.

General and administrative expenses

The increase in general and administrative expenses is primarily due to the aforementioned acquisition of SRA's administrative and property management and accounting services business, together with an increase in corporate office staff necessary to manage the Company's continued growth.

Advisory fee

The expense recognized in 2002 represents the advisory fee earned by SRA in connection with the acquisition of Parkway Centre II. These fees were previously capitalized with the related acquisition costs, however, due to the amendment of the Agreement effective January 1, 2002, the advisory and capital project fees are being expensed beginning in 2002.

Impairment of deferred rents receivable

The charge recorded in 2001 represents an impairment of a deferred rent receivable from a significant tenant, Rhythms NetConnections, Inc., which filed for reorganization under Chapter 11 of the U.S. Bankruptcy Code in August 2001. Rhythms no longer occupies any space in any of the Company's buildings.

Interest expense

Edgar Filing: AMERIVEST PROPERTIES INC - Form 10QSB

The increase in interest expense is due to an increase in the average outstanding debt balance for the nine-month period ended September 30, 2002 by approximately 62% from the prior year period. The increase in debt is primarily due to the above-mentioned transactions. The effect of the increase in debt level is partially offset by a decrease in interest rates, which resulted in lower interest costs on the Company's variable rate debt.

Depreciation and amortization expense

The net increase in depreciation and amortization expense is due to the overall increase in depreciable assets resulting from the above-mentioned transactions offset by the accelerated amortization of the Rhythms lease commission recorded during the second quarter of 2001.

Interest income

Interest income increased due to higher average outstanding cash balances in interest bearing accounts in 2002.

Equity in loss of unconsolidated affiliates

The equity in loss of unconsolidated affiliate recognized in 2002 represents the Company's share of the net loss of Panorama Falls. The Company sold 80% of its interest in Panorama Falls in December 2001, retaining its current 20% interest.

The amount recognized in 2001 represents the Company's share of the net loss of Sheridan Investments, LLC (which owned Sheridan Plaza at Inverness, LLC). The original 9.639% interest in Sheridan Investments, LLC was acquired in September 2000. This interest was then used as partial consideration for the acquisition of 100% of Sheridan Plaza at Inverness, LLC in April 2001.

Gain on sale of real estate

The gain recognized in 2001 resulted from the sale of the Giltedge building.

Liquidity And Capital Resources

Liquidity

Net cash from operations for the nine-month period ended September 30, 2002 was approximately \$3.6 million and is the primary source of liquidity to fund distributions, debt service and capital expenditures. The Company also has lines of credit available to assist with such cash needs. In May 2002, the Company completed a public offering of common stock, which raised approximately \$22.8 million, net of commissions and expenses. The proceeds are being used to acquire and refurbish additional properties, for capital improvements to existing properties, including Arrowhead Fountains, Sheridan Center and the Kellogg Building, in an amount up to \$1,500,000, and for general corporate purposes.

The Company has entered into contracts to acquire two office properties within the next 60 days. The properties include a 186,000 square foot building in Denver, Colorado and a 171,000 square foot building in Dallas, Texas. The contracts are subject to a number of contingencies and there is no assurance that these acquisitions will occur.

Edgar Filing: AMERIVEST PROPERTIES INC - Form 10QSB

Management believes that the cash flow from its existing properties and future acquisitions, together with its existing lines of credit, proceeds from the exercise of outstanding convertible securities and future capital transactions, will be sufficient to meet the Company's working capital needs and distribution requirements for the next year and beyond.

The Company desires to acquire additional properties. In order to do so, it will need to raise additional debt and/or equity capital. The Company also intends to obtain credit facilities for short- and long-term borrowing with commercial banks or other financial institutions. The issuance of such securities or increase in debt for additional properties, of which there is no assurance, could adversely affect the amount of cash available to pay dividends to stockholders. The Company has entered into an agreement with a regional investment bank to assist in raising additional equity capital for acquisitions, capital improvements and working capital over the next few months.

Financing

Mortgage loans are collateralized by all properties. The following table details the scheduled maturities of mortgages as of September 30, 2002:

2002	\$ 134,051
2003	23,762,132
2004	26,654,927
2005	488,010
2006	14,579,886
Thereafter	10,833,284

Total	\$76,452,290
	=====

Included in the 2003 maturities is the outstanding balance on the mortgage loan on Panorama Falls in the amount of \$3,405,367. Although the Company sold 80% of its interest in the property, the Company has retained 100% of the loan balance on its balance sheet due to its continued obligation. As an offset, the Company has recorded a receivable for 80% of this amount as due from related party, with the remaining 20% included in the investment in unconsolidated affiliate balance.

As of September 30, 2002, total mortgage loans (including the Panorama Falls loan) consisted of approximately \$26.9 million of fixed rate debt with a weighted-average interest rate of approximately 7.9% and approximately \$49.6 million of variable rate debt with a weighted-average interest rate of approximately 4.2%.

The Company has a short-term revolving credit line from US Bank in the amount of \$300,000 and a \$1,500,000 short-term unsecured credit line from Sheridan Investments, LLC, a related party. At September 30, 2002, the Company did not have an outstanding balance on either of these lines of credit.

13

Inflation

Management believes that inflation should not have a material adverse effect on the Company. The Company's office leases require the tenants to pay increases in operating expenses should any inflationary pressures materialize.

Forward-Looking Statements

Certain statements in this Form 10-QSB that are not historical facts are "forward-looking statements" as that term is defined under the Private Securities Litigation Reform Act of 1995. These forward-looking statements are based on the Company's current expectations, beliefs, assumptions, estimates and projections about the industry and markets in which the Company operates. Words such as "expects," "anticipates," "intends," "plans," "believes," "seeks," "estimates" and variations of such words and similar expressions are intended to identify such forward-looking statements. Information concerning expected investment balances, expected funding sources, planned investments, forecasted dates and revenue and expense growth assumptions are examples of forward-looking statements. These statements are not guarantees of future performance and involve certain risks, uncertainties and assumptions, which are difficult to predict and many of which are beyond the Company's control. Therefore, actual outcomes and results may differ materially from what is expressed, forecasted or implied in such forward-looking statements. The Company undertakes no obligation to update publicly any forward-looking statements, whether as a result of new information, future events or otherwise, except as required by applicable law.

The Company's operating results depend primarily on income from its properties, which are substantially influenced by supply and demand for such properties, operating expense levels, property level operations and the pace and price at which the Company can develop, acquire or dispose of such properties. Capital and credit market conditions, which affect the Company's cost of capital, also influence operating results. See the Company's 2001 Form 10-KSB "Item 1. Business" for a more complete discussion of risk factors that could impact the Company's future financial performance.

Item 3. Controls and Procedures

Within the 90-day period prior to the filing of this report, an evaluation was carried out under the supervision and with participation of AmeriVest's management, including our Chief Executive Officer and Chief Financial Officer, of the effectiveness of our disclosure controls and procedures (as defined in Rule 13a-14(c) and 15-14(c) under the Securities Exchange Act of 1934). Based on their evaluation, our Chief Executive Officer and Chief Financial Officer have concluded that disclosure controls and procedures are effective to ensure that information required to be disclosed by AmeriVest in reports that it files or submits under the Exchange Act is recorded, processed, summarized and reported within the time periods specified in Securities and Exchange Commission rules and forms. Subsequent to the date of their evaluation, there were no significant changes in AmeriVest's internal controls or in other factors that could significantly affect these controls, including any corrective actions with regard to significant deficiencies and material weaknesses.

For accounting purposes, the shares of common stock were valued at \$94,520 (\$5.56 per share). The 17,000 shares of common stock were issued in a transaction exempt from registration under Section 4(2) and the rules there under.

On September 6, 2002, the Company issued 52,893 shares of common stock to Sheridan Realty Partners, L.P., a related party, as consideration for the purchase of 2.55 acres of vacant land adjacent to Keystone Office Park in Indianapolis, Indiana, valued at \$320,000 (\$6.05 per share).
