PROXY STATEMENT

ANNUAL MEETING OF SHAREHOLDERS

This Proxy Statement is being furnished to all shareholders of record as of March 6, 2015, the record date of the Company, in connection with the solicitation of proxies by the Board of Directors (the "Board") for use at the 2015 Annual Meeting. The Annual Meeting will be held on Thursday, April 23, 2015, at 10:00 a.m. Eastern Daylight Time, at the principal executive offices of the Company, 1000 South Second Street, Sunbury, Pennsylvania 17801.

INFORMATION CONCERNING THE SOLICITATION

The Company is sending an "Important Notice of Availability of Proxy Materials for the Annual Meeting of Shareholders of Weis Markets, Inc." (the "Notice") to its shareholders on or about March 12, 2015. The Company is providing access to its proxy materials over the Internet under rules adopted by the Securities and Exchange Commission (the "SEC"). All shareholders have the ability to access the proxy materials on the website identified in the Notice or to request a printed copy of proxy materials. The Notice provides instructions on how to access the proxy materials over the Internet, and how to request a printed copy of the proxy materials. This Proxy Statement, the form of proxy card, the Notice and the Company's Annual Report on Form 10-K are available at <http://www.weismarkets.com/financial.html>.

Subject to the conditions hereinafter set forth, the shares represented by each proxy executed will be voted at the Annual Meeting, or any adjournments or postponements thereof, in accordance with the specifications therein made. Where there is no contrary choice specified, the proxy will be voted "FOR" each of the proposals as therein specified.

An executed proxy may be revoked by the person signing the same at any time before the authority thereby granted is exercised. The revocation may be exercised at any time before the Annual Meeting by indicating the revocation in writing. This revocation should be directed to the Judge of Elections, Weis Markets, Inc., 1000 South Second Street, Sunbury, Pennsylvania 17801. The proxy may also be revoked by voting in person at the Annual Meeting or by submitting a new proxy with a later date including a proxy given over the Internet or by telephone.

The Company has adopted a procedure called "householding," which the SEC has approved. Under this procedure, the Company is delivering a single copy of the Notice and, if applicable, this Proxy Statement and the Annual Report on Form 10-K to multiple shareholders who share the same address unless the Company has received contrary instructions from one or more of the shareholders. This procedure reduces the Company's printing costs, mailing costs and fees. Shareholders who participate in householding will continue to be able to access and receive separate proxy cards. Upon written or oral request, the Company will deliver promptly a separate copy of the Notice and, if applicable, this Proxy Statement and the Annual Report on Form 10-K to any shareholder at a shared address to which the Company delivered a single copy of any of these documents. To receive a separate copy of the Notice and, if

applicable, this Proxy Statement or the Annual Report on Form 10-K, shareholders may write the Company at its address set forth on page 1, by telephoning 1-866-999-WEIS (9347), or via email at financial_reports@weismarkets.com.

VOTING SECURITIES, RECORD DATE AND VOTING RIGHTS

As of March 6, 2015, the record date for the Annual Meeting, the number of outstanding shares of Common Stock was 26,898,443. The presence, in person or by proxy, of at least 13,449,222 shares will constitute a quorum.

Only holders of Common Stock of the Company of record at the close of business on March 6, 2015 will be entitled to notice of and to vote on all matters at the Annual Meeting and at any adjournment thereof. Each holder of Common Stock will be entitled to one vote for each share of stock so held and to cumulative voting rights in the election of directors. Under cumulative voting, a shareholder, or the shareholder's proxies, may vote the number of shares of stock owned by the shareholder multiplied by the number of directors to be elected, and the shareholder may cast all of such votes for a single director nominee or distribute them among two or more director nominees. If you wish to cumulate your votes, you must vote by using a proxy card rather than voting by telephone or the Internet.

Directors are elected by a plurality vote of all votes cast at the Annual Meeting. The ratification of the appointment of the independent registered public accounting firm (“independent auditors”) requires the affirmative vote of a majority of all votes cast at the Annual Meeting. Abstentions and broker “non-votes” will be treated as present for purposes of determining a quorum, but will not affect the election of directors or other matters submitted to the vote of shareholders. A broker “non-vote” occurs when a shareholder has not provided voting instructions to its broker for a non-routine item because the New York Stock Exchange (“NYSE”) precludes brokers from giving a proxy to vote on a non-routine item. The election of directors (Proposal No. 1) is a non-routine item under the NYSE rules. The ratification of the independent auditors (Proposal No. 2) is a routine matter.

The Company’s by-laws specify that notice of any matter to be brought before an annual meeting by a shareholder must be received at the principal executive offices of the Company no later than the notice deadline described under the caption “Shareholders’ Proposals for Next Annual Meeting.” Management does not intend to bring any other matters before the Annual Meeting, and does not know of any other matter that is eligible for action at the Annual Meeting.

PROPOSAL NO. 1

ELECTION OF DIRECTORS

The Company believes that the proposed nominees for election as directors are willing to be elected as such, and it is intended that the persons named in the accompanying form of proxy or their substitutes will vote for the election of these nominees, unless specifically instructed to the contrary on the form of proxy. However, if any nominee, at the time of the election, is unable or unwilling to serve, or is otherwise unavailable for election, and in consequence other nominees are designated, the persons named in the proxy or their substitutes shall have discretion or authority to vote or refrain from voting in accordance with their judgment on the other nominees.

The Company requires its directors to possess the experience and skills necessary to oversee the management of the Company in the interest of the Company and its shareholders. The Board will consider for nomination a candidate who:

- has the highest personal and professional ethics, integrity and values;
- consistently exercises sound and objective business judgment;
 - has significant appropriate senior management and leadership experience;
- is able and willing to devote the required amount of time to the Company’s affairs, including attendance at Board meetings, Board committee meetings and annual shareholder meetings; and
- will be committed to building sound, long-term Company growth.

When considering a person to be recommended for re-nomination as a director, the Board will consider, among other factors, the attendance, preparedness, participation and candor of the individual as well as the individual’s satisfaction of the above-mentioned criteria. The Board believes the current Board members meet these criteria to effectively serve the Company. The description of each nominee set forth below includes biographical information, on a director by director basis, which highlights the specific experience, background and education of each nominee that led the Board to conclude each director should serve on the Board.

Edgar Filing: WEIS MARKETS INC - Form DEF 14A

The Board recommends a vote “FOR” the election of the nominees named below, each of whom has consented to be named as a nominee and to serve if elected. All of the nominees were elected to the Board at the 2014 Annual Meeting. The following table and accompanying footnotes set forth information about each Board nominee as of March 6, 2015:

Independence of Directors

The Board has determined that Directors Lauth, Silverman and Steele are independent within the meaning of the listing standards of the NYSE. An independent director is defined as a director who has no material relationship with the Company, either directly or as a partner, shareholder or officer of an organization that has a relationship with the Company.

4

Companies listed on the NYSE must comply with certain standards regarding corporate governance, as codified in Section 303A of the Listed Company Manual of the NYSE, with some exceptions. A company of which more than 50% of the voting power is held by an individual, a group or another company is not required by the NYSE to comply with the requirements of Sections 303A.01 Independent Directors, 303A.04 Nominating/Corporate Governance Committee or 303A.05 Compensation Committee. Robert F. Weis, Chairman, and Ellen W. P. Wasserman, his sister, control approximately 53.4% of the voting power. They have agreed to act together for the purpose of voting their shares of Common Stock and thus constitute a group within the meaning of these rules.

As permitted by the NYSE rules, the Company does not have a majority of independent directors. As of March 12, 2015, the Company's Audit Committee and Compensation Committee are comprised of all independent directors.

Board Committees and Meeting Attendance

Board of Directors. The Company's Board held four regular meetings and one special meeting during fiscal 2014. No director attended fewer than 75% of the aggregate meetings of the Board and all Board committees on which the director served. All directors attended the 2014 Annual Meeting.

Under the policies of the Board, directors are expected to attend regular Board meetings, Board committee meetings, the Annual Meeting and any special meetings of the shareholders. Participation is permissible by means of conference telephone or similar communications equipment.

Audit Committee. The Audit Committee is comprised of three independent non-employee directors, as required by the NYSE listing standards. The Audit Committee acts independently to review the scope and engagement results of the independent auditors and the adequacy of the Company's internal and financial controls. Information regarding the functions performed by the Audit Committee is set forth in the "Audit Committee Report" included in this Proxy Statement. The Audit Committee is governed by a written charter approved by the Board. A copy of this charter is available on the Company's corporate governance website at

<http://www.weismarkets.com/about-weis/corporate-information/governance> or by request to the Corporate Secretary at the Company's address set forth in "Shareholder or Interested Parties Communications."

The 2014 Audit Committee was comprised of Directors Lauth, Silverman and Steele. Mr. Lauth served as Chairman of the Audit Committee. The Audit Committee held four regular meetings and four special meetings during fiscal 2014.

The Board has determined that all Audit Committee members are financially literate under the listing standards of the NYSE. The Board also determined that all Audit Committee members were "audit committee financial experts" in fiscal 2014 and all Audit Committee members are "audit committee financial experts" in fiscal 2015, as defined in Item 401(h) of Regulation S-K, and all members of the Audit Committee are "independent" for purposes of Section 10A(m)(3) of the Securities Exchange Act of 1934 and the listing standards of the NYSE.

Compensation Committee. The Compensation Committee is currently comprised of three independent non-employee directors. The Compensation Committee is responsible for developing policies and programs, and making recommendations about compensation arrangements for senior management to the Board. The Compensation Committee is governed by a written charter approved by the Board, which is available on the Company's corporate governance website at <http://www.weismarkets.com/about-weis/corporate-information/governance> or by request to the Corporate Secretary at the Company's address set forth in "Shareholder or Interested Parties Communications."

The 2014 Compensation Committee was comprised of Directors Lauth, Silverman and Steele. Mr. Silverman served as Chairman of the Compensation Committee. The Compensation Committee held four meetings during fiscal 2014. The Company's Chairman and the CEO are not members of the Compensation Committee; however, the Compensation Committee seeks input from them regarding the performance of the other executive officers. The Compensation Committee has in the past sought assistance from consulting firms specializing in compensation and benefits and may do so in the future. Any such consulting firm that is hired will be independent under applicable NYSE rules.

Corporate Governance Matters

The Company has adopted Corporate Governance Guidelines which are available on the Company's corporate governance website at <http://www.weismarkets.com/about-weis/corporate-information/governance> or by request to the Corporate Secretary at the Company's address set forth in "Shareholder or Interested Parties Communications."

Board Leadership Structure. The Company separates the roles of Chairman and CEO in recognition of the differences between the two roles. Article V Section 5.5 of the Company's by-laws states that the Chairman shall preside at all meetings of the shareholders and the Board. The by-laws also state that the CEO shall have the general charge and supervision of the business of the Company and shall exercise or perform all the powers and duties usually incident to the office of CEO. The CEO is responsible for the day-to-day leadership and performance of the Company. In the absence of the Chairman, the Vice Chairman shall preside at all meetings of the shareholders and of the Board. The Company believes the current leadership structure is the most appropriate structure at the time of filing.

The Board's Role in Risk Oversight. The Board oversees the management of risks inherent in the operation of the Company's business. It is management's responsibility to manage risk and bring to the Board's attention the most material risks to the Company. The Board has oversight responsibility of the processes established to monitor systems for material risks applicable to the Company. Each of the Board's Committees also oversees the management of Company risks that fall within the Committees' areas of responsibility. In performing this function, each Committee has full access to management, as well as the ability to engage advisors. As part of its responsibilities as set forth in its charter, the Audit Committee is responsible for discussing with management the Company's major financial risk exposures and the steps management has taken to monitor and control those exposures. The Audit Committee gives updates to the Board at its regular meetings, including financial and information technology risks. In connection with its risk management role, the Audit Committee also meets privately with the Company's independent auditors, the Chief Internal Auditor and the Chief Financial Officer quarterly. As part of its responsibilities as set forth in its charter, the Compensation Committee reviews the impact of the Company's executive compensation program and the associated incentives to determine whether they present a significant risk to the Company. Based on this review, the Compensation Committee concluded its compensation policies and procedures are not reasonably likely to have a material adverse effect on the Company.

Code of Business Conduct and Ethics. The Company has adopted a "Code of Business Conduct and Ethics" that applies to all of its directors, officers and employees. Separately, the Company also adopted a "Code of Ethics for CEO and CFO" specific to its chief executive officer, chief financial officer, corporate controller and any person performing similar functions. The Company has made both documents available on its corporate governance website at <http://www.weismarkets.com/about-weis/corporate-information/governance> or by request to the Corporate Secretary at the Company's address set forth in "Shareholder or Interested Parties Communications."

Non-Management Independent Directors. To empower non-management independent directors to serve as a more effective check on management, the non-management independent directors of the Company have met at regularly scheduled executive sessions without management. The 2014 non-management independent directors were Directors Lauth, Silverman and Steele. Dr. Steele presided over the four meetings held during fiscal 2014. Shareholders or interested parties wishing to communicate directly with the non-management independent directors as a group may do

so as set forth in “Shareholder or Interested Parties Communications.”

Board Nominations. Based upon the stock ownership of the principal shareholders, the Company determined it would be better served by having the full Board review nominating and corporate governance issues rather than establishing separate committees. Therefore, there is no nominating committee charter.

If the Board determines there is a need to add or replace a director, the following criteria are considered for each recommended candidate. The candidate (a) has the highest personal and professional ethics, integrity and values; (b) consistently exercises sound and objective business judgment; (c) has significant appropriate senior management and leadership experience; (d) is able and willing to devote the required amount of time to the Company’s affairs, including attendance at Board meetings, Board committee meetings and annual shareholder meetings and (e) will be committed to building sound, long-term Company growth.

The Company does not have a formal policy with respect to considering diversity. However, its Corporate Governance Guidelines state that the Board seeks members from diverse professional and personal backgrounds who combine a broad spectrum of experience and expertise. This assessment will include an individual's qualification as independent, as well as consideration of diversity, age, skills and experience in the context of the needs of the Board. Chosen candidates are extended invitations to join the Board. If a candidate accepts, he or she is formally nominated.

The Board will consider nominees brought to the attention of the Board by an eligible shareholder, a non-management independent director, the CEO, any other executive officer or other appropriate sources. The Company's by-laws require that any shareholder intending to nominate a candidate for election as a director must give written notice, containing specified information, to the Corporate Secretary at the Company's address set forth in "Shareholder or Interested Parties Communications," not later than the notice deadline specified in the by-laws, which is 120 calendar days before the anniversary of the date that the Company's Proxy Statement was released to shareholders in connection with the previous year's Annual Meeting. The notice should include the name and address of both the eligible shareholder and the candidate and the qualifications of the candidate being recommended. A copy of the by-law provision concerning shareholder nominations will be furnished to any shareholder upon written request to the Corporate Secretary at the Company's address set forth in "Shareholder or Interested Parties Communications."

The Board does not have a formal process for identifying and evaluating candidates for director. It is not anticipated that the process for evaluating a nominee would differ based on whether the nominee is recommended by an eligible shareholder.

Board Recommendation and Vote Required

As stated in each nominee's biography above, the six candidates possess all of the experience, qualifications, attributes and skills appropriate for functioning as a board. No notices from shareholders intending to nominate a candidate for election as a director were received with respect to the 2015 Annual Meeting. Therefore, only the six nominees named above, or a substitute nominee of the Board, will be eligible for election at the Annual Meeting. The six candidates receiving the highest numbers of votes cast by the holders of Common Stock voting in person or by proxy will be elected as directors. The Board of Directors recommends a vote "FOR" the election of the six nominees named above.

EXECUTIVE COMPENSATION

COMPENSATION DISCUSSION AND ANALYSIS

Throughout this Proxy Statement, the individuals who served as the Company's CEO and CFO at the end of fiscal 2014, as well as the other individuals included in the "Summary Compensation Table," are referred to as the "Named Officers."

Compensation Philosophy and Objectives

The primary objective of the Company's executive compensation program is to attract and retain qualified executives, which is critical to the ongoing success of the Company. This primary objective is achieved by providing a combination of base salary, annual cash incentives, health and welfare benefits, retirement benefits and perquisites that overall provide a complete compensation package that is competitive with executives at companies of comparable size and position in the retail business, while keeping compensation in line with the financial objectives of the Company.

Compensation Committee Discretion

The Compensation Committee has broad discretion to set the compensation paid to the Company's Named Officers, subject to Board approval, as it may determine is in the best interest of the Company and its shareholders. The exercise of discretion is an important feature of the Compensation Committee's philosophy and provides the Compensation Committee with sufficient flexibility to respond to specific circumstances facing the Company.

Use of Comparable Data in Setting Executive Compensation Levels

The Company is engaged in a highly competitive industry. As a result, the Compensation Committee annually examines compensation levels and trends in the labor market as part of its process in establishing compensation for the Company's Named Officers. In 2014, the Compensation Committee made the decision to provide a salary merit increase, ranging from 3% to 18%, to the Named Executive Officers.

The executive management team and the Compensation Committee regularly review publicly available survey data and proxy statements related to general industry executive compensation and peer company compensation programs. Periodically, the Compensation Committee engages consulting firms specializing in compensation and benefits to assist in evaluating the compensation package that the Company provides to its Named Officers. In connection with its consideration of 2014 compensation, the Compensation Committee decided to hire Towers Watson as a compensation consultant, and reviewed the services provided by Towers Watson with respect to executive compensation.

Towers Watson utilized its 2013 Compensation Data Bank (CDB) Retail/Wholesale Executive Compensation Survey to benchmark the total compensation for the Chairman and Vice Chairman. Given the unique nature of the Chairman and the Vice Chairman roles, the survey for such officers was expanded to include data for these two positions from companies with revenues between one and ten billion dollars, with a median of two billion dollars, across all industries within Towers Watson's public company database. A list of the companies included in the survey is attached as Appendix 1 to this proxy statement.

Towers Watson also assessed the competitiveness of the Company's executive compensation program by developing a peer group of 14 public companies of similar size and business profiles to the Company, to benchmark total compensation for the Chief Executive Officer, the Chief Operating Officer, the Executive Vice President of Sales and Merchandising, the Senior Vice President, Chief Financial Officer & Treasurer, and the Senior Vice President of Real Estate and Development. The following companies were included in the Peer Group:

Big Lots Inc.	Ingles Markets, Incorporated	Sprouts Farmers Market, Inc.
Casey's General Stores, Inc.	PetSmart, Inc.	The Fresh Market Inc.
Dollar Tree, Inc.	Roundy's Inc.	The Pantry, Inc.
Fred's, Inc.	Spartan Stores Inc.	Village Super Market, Inc.
Harris Teeter Supermarkets, Inc.	Susser Holdings Corporation	

Towers Watson provided a briefing on current trends within the retail industry with respect to types of long-term incentives offered and eligibility for such programs, and typical practices with respect to the number and relative mix of vehicles (stock options, restricted stock, performance shares, and/or cash-based long-term incentives).

Towers Watson concluded that on average, the Company executives' base salaries were competitive with (within 15% of) market median, except the Chief Financial Officer, who was 24% below median, at the 25th percentile. The

Company's long-term incentive opportunities were below the market median and the program structures of its incentive compensation programs were not similar to market. In general, the Company's total executive compensation program fell below the market median. The Committee considered the Tower Watson reports in its compensation determinations for salaries and incentive awards, and in its modification of certain incentive programs as discussed below.

The Company competes with many larger companies for top executive-level talent, it generally sets compensation for Named Officers at the 75th percentile of compensation paid to similarly situated executives. Variations to the base salary component may occur because of the individual's experience level, job responsibilities and market factors. The Compensation Committee also realizes that a primary difference between the Company's executive compensation program and some of its peers' compensation programs is the absence of an equity-based incentive plan. This fact is strongly considered when evaluating discretionary contributions to the Supplemental Executive Retirement Plan ("SERP") for the Named Officers.

2014 Executive Compensation Components

The Compensation Committee annually evaluates the performance of executive officers with the Chairman and CEO. In performing its evaluations, the Compensation Committee relies upon written and verbal evaluations of each officer's performance for the most recent fiscal year. The CEO meets with the executive officers to discuss their efforts and accomplishments throughout the period from information deemed relevant both internally and in light of the competitive position of the Company in the industry. These evaluations include qualitative factors such as the individual's decision-making responsibilities, the professional experience required to perform given tasks, and their leadership and team-building skills. Although executive compensation is not specifically related to corporate performance, the overall performance of the Company is a consideration in determining executive compensation.

Compensation for Named Officers is comprised of the following:

- Base Salary
- Non-Equity Incentive Plan
- Retirement Plans
- Vice Chairman Incentive Award Plan
- Chief Executive Officer Incentive Award Plan
- Long Term Incentive Plan
- Perquisites

Base Salary: The base salary component of the executive compensation program provides the foundation for a fair and competitive compensation package. Although the Compensation Committee generally intends to set compensation for Named Officers at the 75th percentile of compensation paid to similarly situated executives, the Compensation Committee has the discretion to deviate from the 75th percentile of the compensation surveys as it may determine in its discretion. The determination of base salaries is generally independent of the decisions regarding other elements of compensation, but some of the other elements of the compensation program are dependent on base salary, to the extent they are expressed as percentages of base salary. In setting base salaries, the Compensation Committee considers each Named Officers' job responsibilities, value-added contributions to the Company and tenure.

Based on consideration of the criteria discussed above and the overall financial and operational success of the Company, the Compensation Committee approved a 3.0% increase in base salary for the Chairman, Mr. Robert F. Weis in fiscal 2014. Mr. Jonathan H. Weis was promoted from Vice Chairman to Vice Chairman, President and Chief Executive Officer in February 2014. In connection with his promotion, the Compensation Committee approved a 17.6% increase in base salary. The Chairman and Vice Chairman, President and Chief Executive Officer base salaries were at 86.7% and 98.1%, respectively, of the 75% base salary quartile for similarly situated executives. Upon Mr. Kurt A. Schertle's promotion to Chief Operating Officer in March 2014, the Compensation Committee approved a 5.6% increase in base salary. The base salary of the Chief Operating Officer is at 76.3% of the 75% base salary quartile for similarly situated executives. The Compensation Committee approved a 10.4% and 12.6% increase in base salary for the Senior Vice President, Chief Financial Officer and Treasurer, Mr. Scott F. Frost, and the Senior Vice President of Real Estate and Development, Mr. Harold G. Graber, respectively, in fiscal 2014. The base salaries of Messrs. Frost and Graber were at 76.2% and 70.0%, respectively, of the 75% base salary quartile for similarly situated executives.

Non-Equity Incentive Plan: Since 2002, the Company's executive compensation program includes an annual non-equity incentive plan designed to reward certain key employees, including the Named Officers, for meeting specific financial objectives. The Compensation Committee administers the non-equity incentive plan for management to provide the short-term incentive compensation element of the executive compensation program. This short-term incentive is a cash-based performance incentive program designed to motivate and reward key employees for their contributions to factors and business goals that the Company believes drive its earnings and create shareholder value. Incentive payout targets are established by job level within the Company as a percentage of base salary, and actual payouts are based on achievement of budgeted sales and operating income targets as approved by the Board annually. Prior to implementation of this non-equity incentive plan in 2002, the Compensation Committee hired an independent compensation consulting firm to provide guidance on the basic plan structure. In 2014, Towers Watson was utilized to evaluate the competitiveness of the current non-equity incentive plan as compared to the market place and recommended changes to the plan, which the Board approved. The changes to the plan included (i) adjusting the financial test percentages from 40% based upon budgeted sales and 60% based upon budgeted operating income to 30% and 70%, respectively, (ii) adjusting the applicable percentages for threshold, target and maximum metric hurdles, (iii) using interpolation rather than cliff vesting and (iv) adjusting the target and maximum percentages that the Named Officers can earn under the plan. Actual non-equity incentive plan compensation amounts earned by the Named Officers are reflected in the "Summary Compensation Table" for the year earned. The amounts which each Named Officer could have earned for fiscal 2014 based on performance at the threshold, target and maximum levels are shown in the "Grants of Plan-Based Awards" table below.

Mr. Robert F. Weis, Mr. Jonathan H. Weis, Mr. Schertle, Mr. Frost and Mr. Graber can earn up to 150%, 180%, 112.5%, 60% and 60%, respectively, of their base salary in the non-equity incentive plan. The incentive targets for Mr. Robert F. Weis, Mr. Jonathan H. Weis, Mr. Schertle, Mr. Frost and Mr. Graber are 100%, 120%, 75%, 40% and 40%, respectively, of their base salary. For fiscal 2014, 30% of the incentive award was based upon achievement of the budgeted total Company sales and 70% of the incentive award was based upon achievement of the budgeted total Company operating income for the Named Officers. Company operating income was defined as U.S. GAAP "Operating Income." Threshold, target and maximum hurdles were established for the budgeted sales category, which allowed each Named Officer to earn 0%, 100% and 150%, respectively, of his total incentive award for achieving the specified results within the sales category. Threshold, target and maximum hurdles were established for the operating income category, which allowed each Named Officer to earn 0%, 100% and 150%, respectively, of his total incentive award for achieving the specified results within the operating income category. For achieving 97% through 103% of the budgeted sales target, the Named Officers can earn 0% to 150% of the sales incentive award. For achieving 95% through 110% of the budgeted operating income, the Named Officers can earn 0% to 150% of the operating income incentive award. The threshold, target and maximum hurdles for sales in fiscal 2014 were equal to a sales result of \$2.7 billion, \$2.8 billion and \$2.9 billion, respectively. The threshold, target and maximum hurdles for the operating income in fiscal 2014 were equal to an operating income result of \$81.7 million, \$86.0 million and \$94.6 million, respectively. The Company achieved 99.48% of the total budgeted sales earning the Named Officers 24.82% of their incentive targets (30% sales multiplied by 82.73% achieved). The Company achieved 98.40% of total budgeted operating income, earning the Named Officers 47.65% of their incentive targets (70% operating income multiplied by 68.08% achieved). The Named Officers earned 72.47% of their total incentive targets in fiscal 2014 (24.82% sales plus 47.65% operating income) based upon total Company performance. In 2013, none of the minimum targets under the plan were met.

Retirement Plans: The Company has a contributory retirement savings plan, the Weis Markets, Inc. Retirement Savings Plan, covering substantially all full-time associates. The Company had a noncontributory profit-sharing plan, the Weis Markets, Inc. Profit Sharing Plan, covering eligible associates which included certain salaried associates, store management and administrative support personnel. Effective December 1, 2009, the Weis Markets, Inc. Profit

Sharing Plan was merged into the Weis Markets, Inc. Retirement Savings Plan (“the Plan”). Both plans are qualified defined contribution plans. The Named Officers along with other highly compensated employees have limited participation in the 401(k) portion of the Plan and are excluded from receiving contributions in the profit sharing portion of the Plan once their annual earnings exceed the limitations imposed by the Internal Revenue Code and the Regulations implemented by the Internal Revenue Service for highly compensated employees. A few of the Named Officers continue to possess an investment account in the profit sharing portion of the Plan, resulting from their tenure with the Company prior to becoming a highly compensated employee.

Supplemental Executive Retirement Plan: Company contributions normally made to the qualified plans for the Named Officers are credited instead to the SERP, an unfunded, nonqualified deferred compensation plan. The SERP account for each Named Officer is credited annually with the amount, if any, that would have been allocated to the participant's qualified plans if he had not been excluded from participation in these qualified plans. Although the SERP is primarily a replacement retirement plan, the Compensation Committee may at any time recommend to the Board discretionary amounts to be credited to the account(s) of one or more SERP participants. Substantial risk of benefit forfeiture does exist for participants in the SERP. The SERP provides the participant with the ability to direct his or her investments into one or more of the investment options made available through the plan.

Contributions to the SERP are determined in the same manner as contributions to participants in the Company's qualified plans except for discretionary contributions. Contribution allocations and earnings for the three components of the SERP are computed as follows:

- a. 401(k) Portion of the Plan: The allocation of the employer 401(k) contribution is equal to 25% of the participant's contribution for the allocation period, up to 4% of the participant's compensation through March 31, 2012 and up to 6% of the participant's compensation, effective April 1, 2012. If a participant is age 50 or older during the calendar year, the participant may make additional contributions called "Catch-up" contributions. The total Catch-up contributions for a calendar year may not exceed the Catch-up dollar limit set by law. The limit was \$5,500 in 2014 and will increase to \$6,000 in 2015. This limit will be indexed upward under federal law. Base salary is the only element of compensation that is used in determining the amount of contributions permitted under the Plan. By law, compensation in excess of \$260,000 in 2014 and \$265,000 in 2015 (as indexed upward under federal law) cannot be counted. SERP participants can defer up to 50% of their base salary in the SERP. Each amount credited to a participant's SERP account for replacement of Company contributions normally made for 401(k) deferrals are invested by the participant in one or more of the investment options made available through the plan, except that amounts are only credited to the SERP account annually rather than quarterly as in the qualified plan.
- b. Profit Sharing Portion of the Plan: The allocation of the employer's contribution to the Plan for each eligible participant is credited based on both flat dollar amounts and in relationship to the participant's compensation for the plan year. By law, compensation in excess of \$260,000 in 2014 and \$265,000 in 2015 (as indexed upward under federal law) cannot be counted. Each amount credited to a participant's SERP account for replacement of Company contributions normally made to the profit sharing plan is invested by the participant in one or more of the investment options made available through the plan.
- c. Discretionary: The Compensation Committee may at any time recommend to the Board discretionary amounts to be credited to the account(s) of one or more SERP participants. Amounts credited to a participant's SERP account for discretionary Company contributions are invested by the participant in one or more of the investment options made available through the plan.

The investment funds made available to the participants are managed by independent investment advisors. For more information regarding the Company's retirement plans, please refer to the "Pension Benefits" and "Nonqualified Deferred Compensation" tables below and Note 6 to the Consolidated Financial Statements in the 2014 Annual Report on Form 10-K.

Deferred Compensation Agreement: The Company maintains an unfunded, nonqualified deferred compensation agreement with Robert F. Weis for the payment of specific amounts of annual retirement benefits to him or his spouse over their lifetime, with a guaranteed payment for their actuarially computed life expectancies. The benefits are determined through actuarial calculations dependent on the age of the recipient, as specified in the plan document, using the 1971 Group Annuity Mortality Table (Plus 5 for Males) and an assumed discount rate of 7.5%. The benefit payable on an annual basis to Robert F. Weis would be \$1,877,238 if he had retired as of the date of this Proxy Statement. For more information regarding this deferred compensation agreement, refer to the “Pension Benefits” table below and Note 6 to the Consolidated Financial Statements in the Company’s 2014 Annual Report on Form 10-K.

Vice Chairman Incentive Award Plan: On November 3, 2011, the Compensation Committee adopted the Company's Vice Chairman Incentive Award Plan, with retroactive effect to July 1, 2011. The Vice Chairman Incentive Award Plan was implemented in connection with the new Employment Agreement the Company entered into with Jonathan H. Weis, Vice Chairman of the Company, on November 3, 2011, with retroactive effect to July 1, 2011. The purposes of the Vice Chairman Incentive Award Plan are to provide a strong financial incentive each year for performance of the Company's Vice Chairman by making a significant percentage of the Vice Chairman's total cash compensation dependent upon the level of corporate performance attained yearly, and to encourage Vice Chairman retention. Mr. Weis may earn a supplemental cash incentive under the Company's Vice Chairman Incentive Award Plan. The Vice Chairman Incentive Award consists of a retention award equal to Mr. Weis's base salary for the fiscal year (although in 2011 (and only 2011), the amount of the retention award was \$334,750) and a profit performance award equal to the base salary for the fiscal year if the "Net Income" of the Company increases by 5% or more from the "Net Income" of the previous fiscal year (although in 2011 (and only 2011) the amount of the profit performance award was \$334,750). "Net Income" is the net income as set forth in the Company's Consolidated Statements of Income, as contained in the audited financial statements of the Company in the Forms 10-K filed by the Company, but in comparing the Net Income for a particular fiscal year (the "Current Year") to the Net Income of the prior fiscal year (the "Prior Year"), the Compensation Committee may take into account, in an objectively determinable manner, certain changes that occur between years, including in particular, changes that are due to the addition or disposition of stores. For the past fiscal year, the Committee did not make any adjustments to the Company's reported net income. The maximum amount of the Vice Chairman Incentive Award payable under the Plan in any fiscal year is limited to \$1,339,000 (although in 2011 (and only 2011) the maximum amount of the Incentive Award was limited to \$669,500). Although the right to receive awards under the plan are measured and determined on an annual basis, the payment of the award is contingent upon Mr. Weis's continued employment with the Company, except in the case of a termination without cause or death. Any awards under the plan were not scheduled to be paid until after December 31, 2016. However, in connection with appointment of the Vice Chairman Jonathan H. Weis as President and Chief Executive Officer on February 11, 2014, the Vice Chairman Incentive Award Plan for Mr. Weis was terminated and replaced with the new Chief Executive Officer Incentive Award Plan described below, and the Compensation Committee approved a current payout of any previously earned awards through December 31, 2013 under the Vice Chairman Incentive Award Plan for Mr. Weis.

CEO Incentive Award Plan: The Chief Executive Officer Incentive Award Plan was implemented in connection with the Amended and Restated Employment Agreement the Company entered into with Jonathan H. Weis, who served as Vice Chairman of the Company since 2004 and currently serves as Vice Chairman, President and Chief Executive Officer. The Amended and Restated Employment Agreement commenced on January 1, 2014 and continues through December 31, 2016. The purposes of the Chief Executive Officer Incentive Award Plan are to provide a strong financial incentive each year for performance of the Company's Chief Executive Officer by making a significant percentage of the Chief Executive Officer's total cash compensation dependent upon the level of corporate performance attained yearly, and to encourage Chief Executive Officer retention. Mr. Weis may earn a supplemental cash incentive for each fiscal year under the Company's Chief Executive Officer Incentive Award Plan consisting of a retention award and a performance award. The retention award is equal to Mr. Weis's annual base salary in effect as of the end of the fiscal year, multiplied by 1.375. The performance award is equal to Mr. Weis's annual base salary in effect as of the end of the fiscal year, contingent upon the achievement of specified performance requirements. One-half of the performance award is based on the ratio of the Company's net sales in comparison to a net sales target for a plan year. The net sales ratio has a "threshold" which must be met in order to qualify for such performance award, a "target" which is the net sales target, and a "maximum" net sales ratio upon which a performance award may be made. For fiscal 2014, the threshold is 97% of the net sales target and the maximum is 103% of the net sales target, with 0% performance achieved at threshold, 100% performance achieved at target and 150% performance achieved at maximum, and with interpolation used to determine the performance achieved between the threshold, target and maximum levels. One-half of the performance award is based on the ratio of the Company's Modified Return On Invested Capital (the "MROIC") in comparison to the MROIC target for a plan

year. The MROIC ratio has a "threshold" which must be met in order to qualify for such performance award, a "target" which is the MROIC target, and a "maximum" MROIC ratio upon which a performance award may be made. For fiscal 2014, the threshold is 98% of the MROIC target and the maximum is 105% of the MROIC target, with 0% performance achievement at threshold, 100% performance achieved at target and 150% performance achieved at maximum, and with interpolation used to determine the performance achieved between the threshold, target and maximum levels. The Compensation Committee retains the right to adjust the target and related threshold and maximum levels at any time in their sole discretion. Actual Chief Executive Officer Incentive Award Plan compensation earned by Mr. Weis for 2014 is reflected in the "Summary Compensation Table" for the year earned. The amounts Mr. Weis could have earned for fiscal 2014 based on performance at the threshold, target and maximum levels are shown in the "Grants of Plan-Based Awards" table below. Although the right to receive awards under the Chief Executive Officer Incentive Award Plan are measured and determined on an annual basis, except in the

12

case of a termination without cause or death, no plan award will be paid to the participant until after December 31, 2016, provided that the participant remains employed as such from January 1, 2014 through December 31, 2016.

Mr. Weis can earn up to 343.8% of his annual base salary at the end of the fiscal year in the Chief Executive Officer Incentive Award Plan. The incentive target for Mr. Weis is 275% of his annual base salary at the end of the fiscal year, being comprised of a retention target of 137.5% and a performance target of 137.5% (68.75% based on net sales and 68.75% based on MROIC). The threshold, target and maximum hurdles for net sales in fiscal 2014 were equal to a net sales result of \$2.7 billion, \$2.8 billion and \$2.9 billion, respectively. The threshold, target and maximum hurdles for MROIC in fiscal 2014 were equal to a result of 9.50%, 9.69% and 10.18%, respectively. The Company achieved 99.48% of the total budgeted net sales earning Mr. Weis 56.88% of his performance incentive target (68.75% net sales multiplied by 82.73% achieved). The Company achieved 102.30% of total budgeted MROIC, earning Mr. Weis 84.55% of his performance incentive target (68.75% MROIC multiplied by 122.98% achieved). Mr. Weis earned 278.93% of his total incentive targets in fiscal 2014 (137.5% retention plus 56.88% net sales plus 84.55% MROIC).

Recoupment Policy: On July 14, 2014, with retroactive effect to January 1, 2014, the Company entered into an Amended and Restated Employment Agreement with Jonathan H. Weis. The Employment Agreement contains a recoupment policy (commonly referred to as a clawback policy), which provides that if the Board determines that Mr. Weis has been incompetent or negligent in the performance of his duties or has engaged in fraud or willful misconduct in a manner that caused or contributed to the need for a material restatement of the Company's financial results, the Board will review all performance-based compensation awarded to or earned by Mr. Weis on the basis of performance during fiscal periods affected by the restatement. If the performance-based compensation would have been lower if it had been based on the restated results, the Board and the Company will, to the extent permitted by law, seek recoupment from Mr. Weis of any portion of such performance-based compensation deemed appropriate.

Long Term Incentive Plan: In 2012, the Compensation Committee adopted the Company's Long Term Incentive Plan, which was effective July 1, 2012. The purposes of the Long Term Incentive Plan are to provide a strong financial incentive each year for performance of the participants by making a significant percentage of their total cash compensation dependent upon the level of corporate performance attained yearly, and to encourage their retention. Messrs. Schertle, Frost and Graber may earn a supplemental cash incentive under the Company's Long Term Incentive Plan. The Long Term Incentive Plan provides an incentive equal to 50% of the participant's base salary (effective at the end of the fiscal year) if, and only if, the "Net Income" of the Company increases by 5% or more from the "Net Income" of the previous fiscal year. "Net Income" is the net income as set forth in the Company's Consolidated Statements of Income, as contained in the audited financial statements of the Company in the Forms 10-K filed by the Company, but in comparing the Net Income for a particular fiscal year (the "Current Year") to the Net Income of the prior fiscal year (the "Prior Year"), the Compensation Committee may take into account, in an objectively determinable manner, certain changes that occur between years, including in particular, changes that are due to the addition or disposition of stores. For the past fiscal year, the Committee did not make any adjustments to the Company's reported net income. Although the right to receive awards under the plan are measured and determined on an annual basis, the payment of the award is contingent upon the participant's continued employment with the Company in an employment position eligible under the plan for the entire term of the plan, except in the case of a termination without cause or due to a long term disability, in which case the participant is entitled to any earned, but unpaid incentive. Any awards under the plan were not scheduled to be paid until after June 30, 2017. However, in

connection with the adoption of a new Long Term Incentive Plan as described below, the existing plan was terminated and replaced with the new plan, and the Compensation Committee approved a current payout of any previously earned awards through December 31, 2013 under the existing plan.

The Company's new Long Term Incentive Plan was adopted by the Compensation Committee in 2014 and was effective for fiscal 2014 and continues until December 31, 2016. The purposes of the new Long Term Incentive Plan are to reward incentive eligible associates for their contribution in providing consistent management, growing sales and increasing return on investment while providing the highest level of customer service. Messrs. Schertle, Frost and Graber are entitled to receive a supplemental cash incentive award for each fiscal year under the plan consisting of a retention award and a performance award. The retention award is equal to the participant's base salary, in effect as of the end of the fiscal year, multiplied by the retention incentive target. The performance award is calculated as a percentage of the participant's annual base salary in effect as of the end of the fiscal year, contingent upon the achievement of the specified performance requirements as approved by the Board annually. One-half of the performance award is based on the ratio of the Company's net sales in comparison to a net sales target for a plan year. The net sales ratio has a "threshold" which must be met in order to qualify for such performance award, a "target" which is the net sales target, and a "maximum" net sales ratio upon which a performance award may be made. For fiscal 2014, the threshold is 97% of the net sales target and the maximum is 103% of the net sales target, with 0% performance achieved at threshold, 100% performance achieved at target and 150% performance achieved at maximum, and with interpolation used to determine the performance achieved between the threshold, target and maximum levels. One-half of the performance award is based on the ratio of the Company's Modified Return On Invested Capital (the "MROIC") in comparison to the MROIC target for a plan year. The MROIC ratio has a "threshold" which must be met in order to qualify for such performance award, a "target" which is the MROIC target, and a "maximum" MROIC ratio upon which a performance award may be made. For fiscal 2014, the threshold is 95% of the MROIC target and the maximum is 110% of the MROIC target, with 0% performance achievement at threshold, 100% performance achieved at target and 150% performance achieved at maximum, and with interpolation used to determine the performance achieved between the threshold, target and maximum levels. Actual Long Term Incentive Plan compensation amounts earned by the Named Officers are reflected in the "Summary Compensation Table" for the year earned. The amounts which each Named Officer could have earned for fiscal 2014 based on performance at the threshold, target and maximum levels are shown in the "Grants of Plan-Based Awards" table below. Although the right to receive awards under the plan are measured and determined on an annual basis, the payment of the award is contingent upon the participant's continued employment with the Company in an employment position eligible under the Plan for the entire term of the plan and no plan award will be paid until after December 31, 2016, except in the case of death or reduction in work force, in which case the participant is entitled to any earned but unpaid incentive.

Mr. Schertle, Mr. Frost and Mr. Graber can earn up to 103.1%, 68.8% and 68.8%, respectively, of their annual base salary at the end of the fiscal year in the Long Term Incentive Plan. The incentive target for Mr. Schertle is 75% of his annual base salary at the end of the fiscal year, being comprised of a retention target of 18.75% and a performance target of 56.25% (28.125% based on net sales and 28.125% based on MROIC). The incentive target for Mr. Frost and Mr. Graber is 50% of their annual base salary at the end of the fiscal year, being comprised of a retention target of 12.5% and a performance target of 37.5% (18.75% based on net sales and 18.75% based on MROIC). The threshold, target and maximum hurdles for net sales in fiscal 2014 were equal to a net sales result of \$2.7 billion, \$2.8 billion and \$2.9 billion, respectively. The threshold, target and maximum hurdles for MROIC in fiscal 2014 were equal to a result of 9.21%, 9.69% and 10.66%, respectively. The Company achieved 99.48% of the total budgeted net sales earning Mr. Schertle 23.27% of his performance incentive target (28.125% net sales multiplied by 82.73% achieved) and earning Mr. Frost and Mr. Graber 15.51% of their performance incentive target (18.75% net sales multiplied by 82.73% achieved). The Company achieved 102.30% of total budgeted MROIC, earning Mr. Schertle 31.36% of his performance incentive target (28.125% MROIC multiplied by 111.49% achieved) and earning Mr. Frost and Mr. Graber 20.90% of their performance incentive target (18.75% MROIC multiplied by 111.49% achieved). Mr. Schertle earned 73.38% of his total incentive targets in fiscal 2014 (18.75% retention plus 23.27% net sales plus 31.36% MROIC). Mr. Frost and Mr. Graber earned 48.91% of their total incentive targets in fiscal 2014 (12.50% retention plus 15.51% net sales plus 20.90% MROIC).

Perquisites: The Company provides the Named Officers with perquisites that the Compensation Committee believes are reasonable and consistent with its overall executive compensation program. The Named Officers are provided use of Company automobiles. For security purposes, Mr. Robert F. Weis, Mr. Jonathan H. Weis and Mr. Schertle may use the Company aircraft for business, and for limited personal travel. In addition, the Company pays for tax and advisory services for Mr. Robert F. Weis and Mr. Jonathan H. Weis. The cost to the Company of the use of Company automobiles and the Company aircraft is calculated as prescribed by the Internal Revenue Service and is treated as taxable income to the Named Officers. Please refer to Footnote 3 of the “Summary Compensation Table” for perquisite details.

In addition, a \$25,000 discretionary contribution was made to Mr. Schertle’s SERP account in 2014 upon his promotion to Chief Operating Officer. The 2014 Company contribution amounts to the SERP were estimated for purposes of this table, and the 2013 and 2012 amounts were adjusted to the actual contribution amounts. Pension Benefits

The following table provides information concerning the value of Robert F. Weis’ accumulated benefits under the Company’s nonqualified deferred compensation agreement.

Name	Plan Name	Number of Years Credited Service	Present Value of Accumulated Benefit (\$) ⁽¹⁾	Payments During Last Fiscal Year (\$)
Robert F. Weis	Nonqualified Deferred Compensation Agreement	68	8,820,578	--

- (1) Although the participant is not eligible to receive a lump-sum payment, the pension benefit table is required to show a lump-sum present value based upon applicable interest rate and mortality assumptions.

Nonqualified Deferred Compensation

The Company maintains a SERP for certain of its associates. The SERP is designed to provide retirement benefits and salary deferral opportunities because of limitations imposed by the Internal Revenue Code and the Regulations implemented by the Internal Revenue Service for highly compensated employees. The plan is unfunded and accounted for on an accrual basis. Participants in the plan have limited participation in the 401(k) portion of the Retirement Savings Plan and are excluded from receiving contributions in the qualified profit sharing portion of the Retirement Savings Plan once their annual earnings exceed the IRS limitations. Based upon recommendation from the Compensation Committee, the Board annually determines the amount of the allocation to the SERP.

The allocation among the various plan participants is made in both flat dollar amounts and in relationship to their compensation. Plan participants are 100% vested in their accounts after six years of service with the Company. In accordance with the lump-sum or installment election made by the Named Officer prior to the deferral of compensation, benefits are distributed to the participant during the calendar year following the calendar year in which the participant's termination of service occurs. Substantial risk of benefit forfeiture does exist for participants in the plan. The present value of accumulated benefits is included under "Postretirement benefit obligations" in the Consolidated Balance Sheets within the 2014 Annual Report on Form 10-K.

Potential Payments upon Termination of Employment or Change in Control

The Company has entered into employment agreements with the Chairman, Vice Chairman, President and Chief Executive Officer. These agreements provide for certain benefits for involuntary termination of employment other than for cause, but do not contain a change in control provision.

Chairman of the Board. The Company has an agreement with its Chairman, Robert F. Weis, which provides that in the event his employment terminates for any reason, including but not limited to retirement, disability or death, the Company will continue to provide him and his spouse through December 31, 2023 with medical, dental, accident, disability and life insurance benefits substantially equivalent to those provided to employees. If Mr. Weis had terminated his employment as of December 31, 2014, the estimated cost to the Company of providing these benefits through the date specified in the agreement would have been \$93,554.

Vice Chairman, President and Chief Executive Officer. On July 14, 2014, with retroactive effect to January 1, 2014, the Company entered into an Amended and Restated Employment Agreement with Jonathan H. Weis, who served as Vice Chairman and Secretary of the Company since 2004 and currently serves as Vice Chairman, President and Chief Executive Officer. The Amended and Restated Employment Agreement commenced on January 1, 2014 and continues through December 31, 2016.

Mr. Weis' Employment Agreement provides that if prior to the end of the term, the officer's employment is terminated without cause or the officer terminates his employment for good reason, the officer will be entitled to receive (1) continuation of base salary payments through the end of the term at the rate then in effect and (2) an incentive bonus for the year of termination and any subsequent remaining year of the term equal to the highest incentive bonus received by the officer for any of the two years preceding termination. If prior to the end of the term the officer's employment terminates due to death or disability, the officer (or his spouse or estate) is entitled to receive (1) continuation of base salary payments through the end of the term at 50% of the rate then in effect and (2) in the case of disability, a prorated bonus for the year of termination only in the amount the Company in good faith determines the officer would have received had his employment continued. All salary continuation and incentive bonus payments would be made at the same time as if employment had continued.

Mr. Weis' Chief Executive Officer Incentive Award Plan provides that if prior to the end of the term, the officer's employment is terminated without cause, the officer will be entitled to receive a payment based upon the date of the termination, as follows:

If the Without Cause Termination occurs on or between the following dates:	Amount to be Paid (\$)
January 1, 2014 to December 31, 2014	2,500,000
January 1, 2015 to December 31, 2015	3,000,000
January 1, 2016 to December 31, 2016	3,500,000

The amount will be paid in a lump sum cash payment within 2 ½ months from the end of the calendar year in which the termination occurs; provided, however, in the event an amount is conditioned upon a separation from service and not compensation the officer could receive without separating from service, then payment shall be made to the officer who is a "specified employee" under Section 409A of the Code on the first day following the six-month anniversary of the officer's separation from service. Furthermore, the Chief Executive Officer Incentive Award Plan provides that if prior to the end of the term, the officer's employment terminates due to death, the officer's spouse or estate is entitled to receive \$1,000,000, payable within sixty days of the date of death of the officer.

According to the terms of Mr. Weis' Employment Agreement, the officer agrees (1) to at all times maintain the confidentiality of information pertaining to the Company's business, and (2) until four years after termination of employment, not to (A) hire any Company employee or solicit or induce any employee, consultant, vendor or supplier of the Company to terminate or reduce its relationship with the Company or (B) except in the case of a termination by the Company without cause or by the officer for good reason, engage in any business which competes with the Company in the retail grocery business (or in any other business which accounted for more than 2% of the Company's consolidated revenues) in any county in which the Company operates or any contiguous county. The Company's obligations to make payments or provide benefits to the officer under the Employment Agreement would cease upon any violation of these covenants.

The following table shows the benefits Mr. Weis would have received under the Employment Agreement if his employment had terminated for the reasons specified as of December 31, 2014.

Executive Benefits and Payments By Covered Circumstance	Salary Continuation (\$) ⁽¹⁾	Non-Equity Incentive Compensation Plan (\$) ⁽²⁾	Vice Chairman Incentive Award Plan (\$)
Without Cause or Good Reason	1,720,000	1,459,870	2,500,000
Disability	860,000	738,059	--
Death	860,000	738,059	1,000,000

(1) Represents continuation of salary payments through the end of the Employment Agreement term at the rate of 100% in the case of a termination without cause or for good reason and 50% in the case of termination due to disability or death.

(2) In the case of a termination without cause or for good reason, the amount represents the incentive bonus for 2015 through 2016 in an amount equal to the highest incentive bonus received for any of the two years preceding 2014 and the amount earned in 2014 and payable in 2015. In the case of disability or death, the amount shown is the incentive bonus earned in 2014 and payable in 2015.

OTHER INFORMATION CONCERNING THE BOARD OF DIRECTORS

Compensation of Directors

The following table shows the compensation earned by the Company's non-management independent directors for services during fiscal 2014.

Name	DIRECTOR COMPENSATION	
	Fees Earned or Paid in Cash (\$)	Total (\$)
Edward J. Lauth	83,500	83,500
Gerrald B. Silverman	77,500	77,500
Glenn D. Steele Jr.	77,500	77,500

In April 2014, after consulting with Towers Watson, the Board approved new compensation arrangements for non-management independent directors. Effective as of April 2014, directors who are not officers of the Company or any of its subsidiaries receive an annual retainer of \$90,000 paid in quarterly installments during the year. The Chairman of the Audit Committee receives an additional \$6,000 annual retainer fee paid in quarterly installments during the year. Previously, the Company paid non-employee directors a retainer fee of \$10,000 per quarter.

In addition, each non-management independent director is entitled to reimbursement for out-of-pocket expenses to attend meetings. There is no additional remuneration for services rendered by directors serving on committees or for participation in the non-management independent director meetings.

Compensation Committee Interlocks and Insider Participation

Directors Lauth, Silverman and Steele were not officers or employees of the Company, nor have they had any relationship with the Company requiring disclosure under the SEC regulations. None of the Company's Named Officers have served on the board of directors or compensation committee of any other entity, which has or had one or more executive officers who served as a member of the Company's Board or Compensation Committee during fiscal 2014.

Review and Approval of Related Party Transactions

The Company has adopted written "Conflicts of Interest" policies in its Code of Business Conduct and Ethics and in its Code of Ethics for CEO and CFO. According to these policies, a conflict of interest occurs when an individual's private interest interferes, or appears to interfere, in any way with the interests of the Company. In other words, a

conflict situation can arise when an employee takes actions or has interests that may make it difficult to perform his work effectively. Conflicts of interest also arise when an employee, officer or director, or a member of his family, receives improper personal benefits as a result of his position in the Company. Loans to or guarantees of obligations of such persons are likely to pose conflicts of interest, as are transactions of any kind between the Company and any other organization in which such person or any member of their family have an interest.

Under these policies, activities that could give rise to conflicts of interest are prohibited unless specifically approved in advance by the Audit Committee. Because it is not always easy to determine whether a conflict of interest exists, any potential conflicts of interest must be reported immediately to the Executive Committee of the Board. If a member of the Executive Committee of the Board is informed of any potential conflict of interest he must report it immediately to the Audit Committee. The Audit Committee Charter specifically grants the Audit Committee the authority to review and approve all related party transactions. These policies cover all Company officers, directors (or nominee), 5%-or-greater shareholders and immediate family members of these persons.

The Company's Related Party Transaction policy includes the standards included in Section 404(b) of Regulation S-K as well as any other applicable standards under the NYSE rules and regulations. The Related Party Transaction policy provides for pre-approval of certain transactions involving the Company's directors, executives, nominees, beneficial owners of more than 5% of the Company's voting securities and their family members, or an entity in which any of the foregoing persons has more than a 5% beneficial ownership. The policies define "family member" to mean a child, stepchild, parent, stepparent, spouse, sibling, mother-in-law, father-in-law, son-in-law, daughter-in-law, brother-in-law, sister-in-law, or any other person living with the individual (except tenants and employees).

The policy defines “Related Person Transactions” as a transaction, arrangement or relationship (or series of transactions, arrangements or relationships) since the beginning of the Company’s last fiscal year in which the Company (including its subsidiaries) was, or is a participant and the amount exceeded \$120,000, and in which any Related Person had, has or will have a direct or indirect material interest (other than solely as the result of being a director or a less than 10% beneficial owner of another entity).

Certain transactions are deemed to be pre-approved even if the amount exceeds \$120,000:

- transactions in the ordinary course of business involving payment of no more than \$1,000,000 or 2% of the Company’s annual consolidated gross revenues to another company at which the related person is an employee, director or beneficial owner of less than 10% of Common Stock;
- certain charitable contributions that do not exceed \$250,000 (or 5% of the charitable organization’s annual consolidated gross revenues) to an organization in which the related person is an employee or director;
- transactions where the related interest arises solely from the ownership of Weis Markets, Inc. Common Stock and all holders of the common stock receive the same benefits on a pro rata basis;
- compensation to an executive officer or director which has to be reported in the proxy statement or compensation to an executive officer which is not an immediate family member of a related person or the compensation committee; and
- any transaction involving a Related Person where the rates or charges involved are determined by competitive bids; rendering of services as a common or contract carrier, or public utility, at rates or charges fixed in conformity with law or governmental authority; or involving services as a bank depository of funds, transfer agent, registrar, trustee under a trust indenture or similar services.

Transactions that are not pre-approved must be presented to the Audit Committee for approval. If the related person transaction is on-going, the Committee may establish guidelines for management for the relationship which must be reassessed on an annual basis. Transactions will be approved if they are in the best interest of the Company and its shareholders.

No Director will participate in the discussion or approval of a transaction for which he or a family member is a related party, other than to provide material information.

All related person transactions will be disclosed in the Company’s applicable filings as required by applicable laws.

Currently, the Company does not have any related party transactions to report under “Review and Approval of Related Party Transactions.” If the Company encounters related party transactions, they will be reviewed and approved by the Audit Committee in accordance with the Company’s Code of Business Conduct and Ethics, the Code of Ethics for CEO and CFO, the Audit Committee Charter and the Company’s Related Party Transaction policy.

AUDIT COMMITTEE REPORT

The Audit Committee oversees the Company's financial reporting process on behalf of the Board. Management has the primary responsibility for the financial statements and the reporting process including the systems of internal controls. Management represented to the Audit Committee that the Company's consolidated financial statements were prepared in conformity with accounting principles generally accepted in the United States and the SEC disclosure requirements. In fulfilling its oversight responsibilities, the Audit Committee reviewed the audited financial statements in the 2014 Annual Report on Form 10-K with management including a discussion of the quality, not just the acceptability, of the accounting principles, the reasonableness of significant judgments, and the clarity of disclosures in the financial statements.

The Audit Committee reviewed with Ernst & Young LLP, its independent auditors for fiscal 2014, who are responsible for expressing an opinion on the conformity of those audited financial statements with accounting principles generally accepted in the United States, their judgments as to the quality, not just the acceptability, of the Company's accounting principles and such other matters as are required to be discussed with the Committee in accordance with the standards of the Public Company Accounting Oversight Board (United States). The Audit Committee has received from the independent auditors written disclosures pursuant to Statement on Auditing Standards No. 16, Communication with Audit Committees, and has discussed those matters with the independent auditors. The Audit Committee has also received the written disclosure and the letter from the independent auditors required by applicable requirements of the Public Company Accounting Oversight Board regarding the independent auditors' communications with the Audit Committee concerning independence, and has discussed with the independent auditors their independence.

The Audit Committee discussed with the Company's Chief Internal Auditor and the independent auditors the overall scope and plans for their respective audits. The Audit Committee meets with the Chief Internal Auditor and the independent auditors, with and without management present, to discuss the results of their examinations, their evaluations of the Company's internal controls and the overall quality of the Company's financial reporting. In performance of its oversight function, the Audit Committee also monitored Company management's compliance with the Sarbanes-Oxley Act of 2002 by discussing with management, the Chief Internal Auditor and the independent auditors management's assessment of the effectiveness of the Company's internal control over financial reporting as of December 27, 2014.

In reliance on the reviews and discussions referred to above, the Audit Committee recommended to the Board (and the Board has approved) that the audited financial statements be included in the 2014 Annual Report on Form 10-K for filing with the SEC. The Audit Committee recommended to the Board, the appointment of Ernst & Young LLP as the Company's independent auditors for fiscal 2015, subject to shareholder ratification.

In the tables below, “beneficial ownership” of the Company’s Common Stock is determined in accordance with these regulations and does not necessarily indicate that the person listed as a “beneficial owner” has an economic interest in the shares indicated as “beneficially owned.”

Based solely upon a review of the copies of such reports furnished to the Company and written representations by certain persons that reports on Form 5 were not required, the Company believes that its directors, officers and greater-than-10% beneficial owners complied with all applicable 2014 Section 16(a) filing requirements.

PROPOSAL NO. 2

RATIFICATION OF APPOINTMENT OF

INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

The Audit Committee conducted a competitive process to select a firm to serve as the Company's independent registered public accounting firm for the fiscal year ending December 27, 2014. The Audit Committee invited several firms to participate in this process. As a result of this process, on February 3, 2014, the Audit Committee approved the dismissal of Grant Thornton LLP and the engagement of Ernst & Young LLP as the Company's independent registered public accounting firm with respect to its operations for fiscal 2014, subject to ratification by the holders of Common Stock of the Company. In deciding to engage Ernst & Young LLP, the Audit Committee reviewed auditor independence and existing commercial relationships and concluded that Ernst & Young LLP has no commercial relationships with the Company that would impair its independence. The Board and its Audit Committee recommend that shareholders approve the selection of Ernst & Young LLP as the Company's independent registered public accounting firm for fiscal year ending December 26, 2015 by voting "FOR" proposal number two. If the shareholders do not approve the ratification of Ernst & Young LLP, the selection of such firm as independent auditors for the Company will be reconsidered by the Audit Committee. Even if the selection is ratified, the Audit Committee in its discretion may direct the appointment of a different independent auditor at any time during the year if it determines that such a change would be in the best interest of the Company and its shareholders.

During fiscal years 2012 and 2013 the Company did not consult with Ernst & Young LLP regarding either:

- The application of accounting principles to a specified transaction, either completed or proposed, or the type of audit opinion that might be rendered on the Company's financial statements, nor did Ernst & Young LLP provide written or oral advice to the Company that Ernst & Young LLP concluded was an important factor considered by the Company in reaching a decision as to the accounting, auditing or financial reporting issue; or
- Any matter that was either the subject of a "disagreement" (as defined in Regulation S-K Item 304(a)(1)(v)) or a "reportable event" (as defined in Regulation S-K Item 304(a)(1)(v)).

Grant Thornton LLP continued to serve as the Company's independent registered public accounting firm until the completion of their audit of the Company's consolidated financial statements as of and for the fiscal year ending December 28, 2013 and the effectiveness of internal control over financial reporting as of December 28, 2013, and the issuance of their reports thereon. Grant Thornton LLP issued such reports on March 13, 2014.

Grant Thornton LLP's audit reports on the Company's consolidated financial statements as of and for the fiscal years ended December 28, 2013 and December 29, 2012 did not contain any adverse opinions or disclaimers of opinion and were not qualified or modified as to uncertainty, audit scope or accounting principles. The audit reports of Grant Thornton LLP on the effectiveness of internal control over financial reporting as of December 28, 2013 and December 29, 2012 did not contain any adverse opinions or disclaimers of opinion, nor were they qualified or modified as to uncertainty, audit scope, or accounting principles.

During the fiscal years ended December 28, 2013 and December 29, 2012, and the subsequent interim period through March 13, 2014, there were (i) no disagreements between the Company and Grant Thornton LLP on any matter of accounting principles or practices, financial statement disclosure or auditing scope or procedure, which disagreements, if not resolved to the satisfaction of Grant Thornton LLP, would have caused Grant Thornton LLP to make reference to the subject matter of the disagreement in their reports on the Company's consolidated financial statements for such years, and (ii) no "reportable events" as that term is defined in Item 304(a)(1)(v) of Regulation S-K.

The Company provided Grant Thornton LLP with a copy of its Current Report on Form 8-K and its Current Report on 8-K/A (the "Reports"), in which the Company disclosed the above information prior to the time the Reports were filed with the Securities and Exchange Commission (the "SEC") and requested that Grant Thornton LLP furnish letters addressed to the SEC stating whether or not it agrees with the statements made therein. These letters, dated February 7, 2014 and March 13, 2014, are filed as Exhibit 16.1 to the Reports filed on February 7, 2014 and March 13, 2014, respectively, and are incorporated herein by reference.

Representatives of Ernst & Young LLP are expected to be present at the Annual Meeting with the opportunity to make a statement, if they so desire, and to be available to respond to appropriate questions.

According to its Charter, the Audit Committee, comprised of independent members of the Board, is responsible for approving all audit engagement fees, terms and non-audit engagements with the independent auditors on behalf of the Company. The Audit Committee considered the possible effect of non-audit services on the auditors' independence and approved the type of non-audit services that were rendered. The Company has not adopted a written policy for Audit Committee pre-approval of audit services and non-audit services performed by the independent auditors. In fiscal 2014, all audit and tax fees associated with the independent auditors' services were approved by the Audit Committee.

SHAREHOLDERS' PROPOSALS FOR NEXT ANNUAL MEETING

The Company's by laws require that any shareholder intending to present a proposal for action at an Annual Meeting must give written notice of the proposal, containing specified information, so that it is received by the Company not later than the notice deadline under the by laws. This notice deadline will not be less than 120 calendar days before the date of the Company's Proxy Statement released to shareholders in connection with the previous year's Annual Meeting, or November 13, 2015 for the Company's Annual Meeting in 2016.

The Company may reimburse charges of banks, brokers, other custodians, nominees and fiduciaries to send proxy material to the beneficial owners and to secure their voting instructions, if necessary. It is estimated that such costs will be nominal.
