**Item 1.01 Entry into a Material Definitive Agreement.**

On September 28, 2007, Transocean Inc. entered into a credit agreement for a one-year, \$15.0 billion senior unsecured bridge loan facility (the Bridge Loan Facility ) with Goldman Sachs Credit Partners L.P., Lehman Brothers Inc. and other lenders. On October 1, 2007, no borrowings were outstanding under the Bridge Loan Facility, and no borrowings are expected to be made under the Bridge Loan Facility until a time that is substantially concurrent with the effectiveness of the merger and reclassification transactions contemplated by the Agreement and Plan of Merger dated as of July 21, 2007 among Transocean, GlobalSantaFe Corporation and Transocean Worldwide Inc. (the Agreement and Plan of Merger ).

Transocean may make borrowings under the Bridge Loan Facility at either (1) a base rate, determined as the greater of (A) the prime loan rate quoted in *The Wall Street Journal* Money Rates Section as the prime rate or (B) the federal funds effective rate plus ½ of 1%, or (2) the reserve adjusted LIBO rate plus the applicable margin, which is based upon Transocean's non-credit enhanced senior unsecured long-term debt rating (a margin of 0.4%, based on its current credit ratings).

The Bridge Loan Facility may be prepaid in whole or in part without premium or penalty. In addition, the Bridge Loan Facility requires mandatory prepayments of outstanding borrowings in an amount equal to 100 percent of the net cash proceeds resulting from any of the following (in each case subject to certain agreed exceptions): (A) the sale or other disposition of any property or assets of Transocean or its subsidiaries above a predetermined threshold; (B) the receipt of certain net insurance or condemnation proceeds; (C) certain issuances of equity securities of Transocean or its subsidiaries; and (D) the incurrence of indebtedness for borrowed money by Transocean or its subsidiaries.

The Bridge Loan Facility contains certain covenants that are applicable during the period in which any borrowings are outstanding, including a maximum leverage ratio and covenants restricting Transocean's ability to pay dividends. Borrowings under the Bridge Loan Facility are subject to acceleration upon the occurrence of events of default.

The obligation of each lender to make loans under the Bridge Loan Facility is subject to the satisfaction of certain conditions, including the execution of satisfactory documentation, the absence of a material adverse effect (as defined in the Agreement and Plan of Merger) and the consummation, or substantially concurrent consummation, of the transactions contemplated by the Agreement and Plan of Merger. There can be no assurance that these conditions will be met.

Transocean will likely seek to refinance the Bridge Loan Facility in whole or in part prior to the expiration of its one-year term. Such refinancing may be effected through borrowings under new bank credit facilities, issuance of debt securities, including convertible debt securities, or through other financing transactions.
