Qualified Holding

Portugal Telecom, SGPS S.A. (PT) informs that Brandes Investment Partners, L.P. (Brandes) now holds less than 5% of the voting rights corresponding to the share capital of PT.

As informed by Brandes, on 23 August 2010, Brandes clients owned 32,494,734 PT ordinary shares and 12,283,682 PT American Depositary Receipts (representing 12,283,682 PT ordinary shares), which, in total, represent approximately 4.99% of the voting rights corresponding to the share capital of PT (the Shares).

Brandes further informed that such holding is attributed to Brandes as this entity is authorised to exercise the voting rights corresponding to the PT shares it has acquired on behalf of its investment management clients.

This statement is pursuant to the terms and for the purposes of article 17 of the Portuguese Securities Code, following information received from Brandes, with registered office at 11988 El Camino Real, Suite 500, P.O. Box 919048, San Diego, CA 92191-9048, USA.

FORWARD-LOOKING STATEMENTS

This document may contain forward-looking statements. These statements are statements that are not historical facts, and are based on management s current view and estimates of future economic circumstances, industry conditions, company performance and financial results. The words anticipates , believes , estimates , expects , plans and similar expressions, as they relate to the company, are intended to identify forward-looking statements. Statements regarding the declaration or payment of dividends, the implementation of principal operating and financing strategies and capital expenditure plans, the direction of future operations and the factors or trends affecting financial condition, liquidity or results of operations are examples of forward-looking statements. Such statements reflect the current views of management and are subject to a number of risks and uncertainties. There is no guarantee that the expected events, trends or results will actually occur. The statements are based on many assumptions and factors, including general economic and market conditions, industry conditions, and operating factors. Any changes in such assumptions or factors could cause actual results to differ materially from current expectations.
